Objectives

Each program of the Seminary is committed to the following general objectives:

- to furnish the Seventh-day Adventist Church with competent, highly motivated and consecrated pastors and church workers for service in the worldwide mission of the church
- to equip men and women for the various phases of ministry with sound methods, principles, and procedures of biblical interpretation and scholarship
- to provide a firm basis for an intellectual and spiritual understanding of religion, morality, and ethics as set forth in the Bible (accepted as the propositional word of God) and as understood in Christianity in general and the Adventist Church in particular
- to transmit a belief in the relevance of biblical faith and teaching to modern men and women and to their preparation for the future kingdom
- to develop skills required for effectively proclaiming biblical faith through preaching, teaching, writing, and leadership in corporate worship and all phases of church life
- to teach methods and procedures for leading a congregation or group to accomplish its own task of disseminating the faith by word and deed
- to encourage the development of professional and pastoral skills necessary to create an atmosphere of mutual care within the Christian community in order that harmony and unity may be maintained, the common good fostered, and Christian commitment deepened
- to encourage appreciation for other cultures, sympathetic understanding of customs different from one's own, and responsiveness to change
- to promote personal involvement in the spiritual life of the Seminary community, to aid in the formation of a strong devotional life, to inspire a profound deepening of the student's vocation and commitment to serve God and humanity in harmony with the teachings set forth in Scripture as understood by the Adventist church
- to foster, within the Adventist framework, a stimulating academic and professional environment; to provide the necessary tools required for learning; to emphasize sound method, sharp critical thought, and an eager approach to discovering ultimate truth, thus forming an adequate foundation for lifelong competence and integrity
- to lay the foundations for lasting friendships, productive of mutual assistance and confidence, and to promote professional collegiality that creates a willingness to transcend personal bias and accept counsel from one's peers.

Human Relations

The Seminary affirms that all persons have equal worth as beings created in the image of God. A wide diversity of individuals gives opportunity for every student, staff member, and faculty member to practice Christian love and acceptance. In practical terms, this means that we encourage one another to be respectful of and sensitive to people of every age, gender, or disability; people of every racial, ethnic, cultural, geographical, political, religious, or economic background; and people who are single or married. In classrooms, chapels, and casual conversations, and in our writing, we recognize women and men equally and avoid assumptions or judgments based on group stereotypes. Neither sexual harassment nor racial disparagement is tolerated. Frank discourse not withstanding, we seek to listen, learn, and be enriched as we come to understand and appreciate each other more fully. We affirm our diversity even as we pursue unity.

Faculty

The faculty of the Seminary combine high academic and professional qualifications with a commitment to Jesus Christ and a concern for the proclamation of the gospel. A majority of the faculty have lived and/or worked overseas, served as pastors, and earned advanced degrees in the field of their specialization. The Seminary seeks to be responsive to cultural, ethnic, and national differences in its choice of faculty and staff.

The faculty is involved in research and writing for denominational periodicals and professional/theological journals. Articles authored by faculty appear in the SDA Bible Commentary; SDA Bible Dictionary; SDA Encyclopedia; Theological Dictionary of the Old Testament; The Interpreter's Dictionary of the Bible, Supplementary Volume; Harper's Dictionary of the Bible, rev. ed.; the New International Standard Bible Encyclopedia; and other reference works.

Scholarly Journal

In 1963 the Seminary began publishing a scholarly journal— Andrews University Seminary Studies. This biannual periodical presents the results of research in the fields of biblical archaeology and history of antiquity; Hebrew Bible; New Testament; church history of all periods; historical, biblical, and systematic theology; ethics; history of religions; and missions. Selected research articles on ministry and Christian education may also be included.

Outreach

Extension Programs. The Seminary conducts short-term extension schools in many parts of the world. Two degree programs are offered largely in off-campus settings: (1) the Master of Arts in Pastoral Ministry program, begun in North America in 1984 for experienced pastors in the field who have not earned a previous seminary degree, and (2) the Doctor of Ministry program for experienced pastors who have previously earned an MDiv degree or its equivalent.

Other Enrichment Programs

Guided Tours. Under the auspices of the Seminary, the university offers guided tours for course credit. These courses include CHIS 504, GSEM 678, and CHIS 685.

MDiv Study Tour. The MDiv program organizes an annual Study Tour with the idea of enhancing the evangelistic, witnessing, and church growth skills and preparing participants for mission and ministry around the world, during the Spring break.

Archaeological Field Work. In 1968 under the direction of Siegfried H. Horn, the university initiated an archaeological excavation at the site of Hisban (Heshbon) in the Hashemite Kingdom of Jordan. Excavation continued for five seasons, the last in 1976. In 1984 the Institute of Archaeology expanded its work to a larger region, renaming its consortium the Madaba Plains Project. The project now sponsors excavations at Tall al-'Umayri, Tall Jalul, and other hinterland sites, and conducts an extensive archaeological survey of the entire region.

Mediterranean Study Tour. In the spring the Seminary offers students the opportunity for an extended eight-week study tour during which they will be immersed in the environment and cultures of Biblical lands. From a central base students will take seminary courses while also travelling to visit many of the sites spoken of in Scripture. Many Spring Semester courses will be offered in a half-semester format to allow for easy transition between the study tour and on-campus coursework. Students may contact the Old Testament Department or the New Testament Department for further information.

ASOR Study Center Opportunities. Andrews University is a corporation member of the American Schools of Oriental Research. Seminary and post-graduate students may attend the organization's affiliated institutes—the W. F. Albright Institute of Archaeological Research in Jerusalem and the American Center for Oriental Research in Amman, Jordan. Students also may compete for financial aid and fellowships offered annually by these institutes.

Admission and Evaluation Policies

All applicants must hold a minimum of a baccalaureate degree or its equivalent from an accredited college or university and are subject to the general admission requirements in the Graduate Programs Admission section of this bulletin (see Graduate Academic Policies). Students in MA, PhD, and ThD programs are also subject to the Academic Standards requirements in Graduate Academic Policies. International students should note the Special Admission Requirements on Graduate Academic Policies.

Admission Policy. Admission to the Seventh-day Adventist Theological Seminary is granted irrespective of race, color, national or ethnic origin, gender, or disability. The Seminary is owned and financed by the Seventh-day Adventist Church. It is a community of committed Christians who collectively confess the Christian faith and seek to experience its meaning in worship and practical life. Most of its students are members of the Seventh-day Adventist Church; however, no declaration of confessional allegiance is required for admission. Students who meet academic requirements, whose lifestyle and character are in harmony with the purposes of the Seminary, and who express willingness to cooperate with general university policies may be admitted. Criteria for approving or declining admission to applicants are described in application materials. Admission to the university is a privilege rather than a right and may be withheld or withdrawn by the university at its discretion.

Students are expected to maintain the religious, social, and cultural atmosphere of the Seminary and to order their lives in harmony with its mission and purposes. The seminary community endeavors to maintain an atmosphere of mutual support and acceptance which is congenial to personal adjustment and social development. In the course of their preparation for the ministry, students are called upon to participate in the lives and worship of the surrounding churches. Because of this role, students

are expected to be sensitive to the values of others and exemplary in appearance and actions.

Character Statement and Student Pledge. As part of the admission process, all prospective Seminary students are required to sign and return a character statement form. In addition, Seminary students subscribe to the following declaration of purpose:

I declare it to be my serious intention to devote my life to the Christian ministry or some other form of Christian service, and to this end I pledge myself to rely on divine guidance, to live according to the standards and ideals set forth in the Holy Scriptures, to apply myself faithfully and diligently to the instruction of the Seminary, and to abide by all its requirements.

Psychological Evaluation. Applicants to Seminary programs are required to complete the Seminary's program of psychological evaluation during their first fall semester of residency, or as designated by their programs. All graduating students must comply with the graduation requirements of their respective programs, including exit testing. The cost of the evaluation is the responsibility of the applicant.

Background Check. Applicants to all Seminary programs are required to undergo a criminal background check and to make the results of the check available to the Seminary. The cost of the criminal background check is the responsibility of the applicant. Details about this requirement may be obtained from your program director.

Pre-admission Conduct Disclosure Statement. Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."

Student Lifestyle. Continuance in a seminary program is based not only on academic achievement but also on an ongoing lifestyle reflecting Seventh-day Adventist principles in character and conduct.

English Language Requirements. All students whose first language is not English must demonstrate adequate proficiency in English to succeed in the academic setting. Language proficiency must be met before enrolling full-time in regular course work. Please contact your respective departments director for specific TOEFL, MELAB and IELTS scores.

Time to Apply. Applications to the MDiv program require 4-6 months for processing. PhD and ThD applicants for autumn semester must submit application materials by January 15. A limited number of students may be admitted for the summer term, in which case they would need to submit all application materials by November 30 of the previous year.

Academic Policies Applying to All Programs

Class Loads and Enrollment Status. The number of credits required for full- and part-time enrollment status in seminary programs is listed below.

Program	Full-time	Part-time
MDiv	9–16	6–8
MA in PMin, MA, MA in YYAMin, DMin, PhD, ThD	8–12	4–7

Students may take more credits than indicated above only with approval from the dean. Students who have completed all course work in a master's or doctoral program but have not met all requirements for graduation must register for GSEM 688, GSEM 788, or GSEM 888 and maintain full-time status. Students who are registered for thesis or PhD, ThD, or DMin dissertation credits also maintain full-time status. Doctor of Ministry students registered for GSEM 789 DMin Program Continuation are considered by the university as half-time students.

Minimum GPA for Graduation. The minimum GPAs required for graduation from seminary programs are listed below. Transfer credits are not counted in the GPA.

- 2.75 MDiv
- 2.50 MA in PMin, MA in YYAMin
- 3.00 MA, DMin, PhD, ThD

Students accepted on a provisional basis must achieve the minimum GPA required for their program during the first semester they are enrolled. A student who fails to maintain the minimum GPA required for his/her degree program is placed on academic probation.

Graduating Student Questionnaire. Completion of the graduating student questionnaire (GSQ) is a part of the graduation requirements.

Satisfactory Academic Progress. To qualify for satisfactory academic progress, students must earn the minimum GPA (as above) required for their degree program and meet other standards as listed in the Tuition, Fees, and Other Financial Information section of this bulletin. See Financial Information.

Dual Enrollment. Undergraduate religion/theology students at Andrews University, who at the beginning of a given semester are within 15 credits of graduation and who otherwise meet admission requirements of the Theological Seminary, may apply for permission to take seminary work while completing requirements for the baccalaureate degree. Dual registration is limited to one semester. An undergraduate student may accumulate not more than 12 credits in the Seminary on the basis of dual registration.

Students should request a Dual Enrollment Application at the Academic Records Office and have their credits verified there. The form is then taken to the dean of the Theological Seminary for approval. The signed form is returned to the Academic Records Office and exchanged for a Registration Card on which the actual courses desired are listed. The Registration Card must be signed by the dean of the College of Arts and Sciences, the student's adviser, and the dean of the Theological Seminary. Students dually enrolled may not carry more than 15 credits per term, and seminary credit thus earned may not be used to meet undergraduate requirements.

See Dual Enrollment in School of Graduate Studies & Research for pursuing two graduate degrees simultaneously, or a second undergraduate degree while doing a graduate program.

Student Spouse Discount. Academically qualified spouses of full-time on-campus seminary students may request a discount on tuition of Seminary master's-level courses taken to fulfill the requirements of a Seminary master's degree. The individual requesting the discount must be accepted into a Seminary master's program and must apply for the discount each semester in which his/her spouse is enrolled full-time in the Seminary. (Details are available at the Deans' office.) Discount requests are due by the drop/add date each semester.

Seminary Spouse Class Attendance. Seminary students and spouses of Seminary students may request to informally audit any 500- or 600-level Seminary courses (except seminars) regardless of academic qualifications and without charge, subject to written permission from the instructor, Seminary dean, and available space.

Distance Courses. No more than five distance education (online) courses may be counted toward a student's degree program.

Classes Taken in Other Schools. With the exception of students in Religious Education, students registered in the Seminary who plan to take courses in another school on campus must first obtain permission from the Seminary dean or appropriate program director, as well as the dean of the school where the course will be taken. Religious Education students will follow course plans arranged in consultation with their advisors. MDiv students are charged regular tuition for courses taken outside the Seminary (except see notation under Master of Divinity Program in the Financial information section of the bulletin for information on how to request a 50% tuition reduction for graduate-level courses in the College of Arts & Sciences).

Informal Auditing. Students with a full-time load and a GPA of 3.00 or above may sit in on a Seminary class without registration or a tuition charge on a space-available basis. The appropriate form must be completed. Certain courses are not available for

auditing on any basis. For audited courses to be recorded on the transcript, see the University policy on Audited Classes

Independent Study Courses. Normally, only on-campus students with a GPA of 3.00 or above may register for independent study courses. Because the faculty are not obliged to guide students for Independent Studies, students must first obtain their concurrence. Independent study courses are advanced studies in a particular field and should be taken only after completing basic courses. At registration, students need to submit a copy of the Independent Study Contract Form with the course number from the department and a brief subject added to the course title to appear on the transcript. Requirements for independent study are determined by the guiding faculty member and may include readings, research, writing, and other learning experiences. A maximum of 8 credits may be approved for Independent Study in a degree program, and Independent Study courses normally are graded satisfactory or unsatisfactory. Additional guidelines are found on the contract form.

Directed Reading. Courses designated Directed Reading are for doctoral students. Students must arrange individually with a professor to take courses on this basis. These courses may be graded S/U.

Grade Changes. Grade changes are permitted only in case of computational error and must be made no later than the semester following the one in which the course was taken. A form must be completed by the teacher and signed by the dean before being taken to the Office of Academic Records.

Worship Attendance. Regular and punctual attendance is required at seminary worships and assemblies for faculty, staff and students in residence, except students registered for 7 credits or fewer, and faculty who have assignments off-campus or are on an approved research term. Student requests to be excused from this requirement should be addressed to the deans' office in writing. Regular worship attendance is a graduation requirement for students in residence. For further details, please refer to the "Seminary Worship Attendance Policy" under Student Life at the Seminary website, www.andrews.edu/sem.

Final Exams. The times and dates for final examinations are set by the University and the Seminary at the beginning of every term. Students are expected to adhere to those dates and to integrate them into their planning calendar. The only exceptions to the prescribed dates are illness or dire emergency. Such exceptions must be approved in writing by the Seminary Associate Dean's office. Personal plans, family events, church activities, and the like do not qualify for a change of date.

Residency Requirements. Residency requirements for seminary programs appear in the respective program descriptions.

Time Limits on Degrees. For time limits applying to seminary degree programs, see the respective program descriptions below. Students who violate the respective time limits must petition the dean for an extension of time, giving reasons for the request and submitting plans for completion of the work. Petitions may be granted by the dean and may require additional qualifying or other examinations, additional course work, or both.

Transfer Credit. For limits on credits that may be transferred into the respective seminary programs, see each program description below.

Programs

The Master of Divinity degree program provides basic postgraduate professional preparation for ministry with a broad exposure to all fields of theological study. The program applies biblical, historical, educational, linguistic, theological, philosophical, ethical, missiological, pastoral, and evangelistic instruction to the practical work of the church. Practical field experience is a vital part of this program.

The Master of Arts in Pastoral Ministry degree program offers professional training to mature pastors experienced in ministry. Normally such persons are unable to leave their parish and come to the Seminary campus for extended periods of time. The Seminary provides the major part of this professional training at off-campus centers in North America and various international sites.

The Master of Arts in Youth and Young Adult Ministry degree is a professional program designed to equip men and women with competencies for effective ministry to youth and young adults in local church and para-church settings. The program is focused on discipling, teaching, counseling and evangelizing youth and young adults.

The Master of Arts in Religion provides an opportunity for one year of specialized study beyond the baccalaureate degree. It is offered with these orientations: (1) the research orientation designed for students who plan further graduate work, and (2) the general academic orientation giving students a strong background in a specific area of religious studies.

The Master of Arts: Religious Education is an academic degree designed to develop theory and practice for the discipling and teaching ministry of the church in the home, church, or Christian school setting. The degree also provides a foundation for the PhD in Religious Education.

The Doctor of Ministry is a professional, post-MDiv degree for individuals qualified to pursue advanced study. This degree provides experienced pastors with additional expertise in the areas of pastoral ministry, mission studies, and evangelism and church growth.

The Doctor of Philosophy in Biblical and Ancient Near Eastern Archaeology is an advanced academic degree that prepares teacher-scholars in the fields of Biblical

Archaeology and Ancient Near Eastern Archaeology and Anthropology for church-operated colleges, seminaries and universities around the world.

The Doctor of Philosophy in Religion, based on the Master of Arts in Religion, prepares teacher-scholars in the fields of New Testament Studies, Old Testament Studies, Theological Studies, Adventist Studies, and Mission and Ministry Studies for colleges and seminaries operated by the Seventh-day Adventist Church around the world.

The PhD in Religious Education prepares men and women to be scholars and researchers in specialized teaching and discipling ministries of the home, the church, or the Christian college or university.

The Doctor of Theology degree, based on the Master of Divinity degree, trains teacher-scholars in the fields of biblical studies and theology for service in the Seventh-day Adventist Church. Completion of a seminary program does not guarantee employment.

Masters

Master of Divinity

Master of Divinity (MDiv)

Luis Fernando Ortiz, *Director*

The Master of Divinity is a 92/107 credit program recommended as the basic training for Adventist ministry by the General Conference of Seventh-day Adventists and the North American Division. It is a three-year professional program beginning in the summer or autumn semester of each year.

Conceptual Framework

The theological presuppositions which govern the Master of Divinity program are as follows:

Knowing, Being and Doing represent the three domains of learning that characterize any academic pursuit. Consequently, they are not confined to any one course; rather, they are integral parts of all courses taught in the MDiv program.

Knowing

Knowing refers to the cognitive aspect of the program that provides the theoretical basis of the discipline. Because Christian ministry is an outworking of God's revelation, *knowing* also refers to the endeavor to build theoretical training on a solid scriptural foundation.

"The fear of the Lord is the beginning of wisdom, and the knowledge of the holy is understanding." Proverbs 9:10

"In a knowledge of God all true knowledge and real development have their source." Education, p. 14

Being

Being refers to the experiential aspect of the program that helps students develop the character of a gospel minister. But because the formation of Christ-like character is possible only through the grace of Christ, *being* also refers to the transformation taking place outside the classroom through a personal relationship with the risen Lord. Included in this transformation is the development of qualities such as values, attitudes and spiritual maturity befitting a Seventh-day Adventist minister.

"Let this mind be in you, which was also in Christ Jesus..." Philippians 2:5

"Godliness, godlikeness is the goal to be reached." Education, p. 18.

Doing

Doing refers to the practical aspect of the program that equips students with skills that facilitate application of their theoretical knowledge to real-life situations. But *doing* is more than simply application of knowledge. It is also an important source of feedback that enables students to correct and adjust their knowledge so that they can most effectively serve the church and the wider world under the guidance of the Holy Spirit.

"As my Father has sent me, even so send I you." John 20:21

"[True education] prepares for the joy of service in this world and the higher joy of wider service in the world to come." Education, p. 13.

Integration of knowledge and experience is key to intellectual and spiritual growth. Therefore, only when carefully integrated, with God as the center, can *Knowing, Being* and *Doing* lead to the proper development of a student into a Christian minister. Such integration requires a vigilant and intentional effort on the part of teachers and students alike.

Mission

In harmony with the mission and core values of the Seventh-day Adventist Theological Seminary, the Master of Divinity degree equips spiritually committed men and women

with biblical, theological, and ministerial knowledge and practical skills to prepare them for Christlike servant leadership.

Vision

The MDiv program:

Academic Policies

Residency Requirements

On-campus residency is broken when a student fails to enroll in at least two semesters within one academic year. When this happens, the student must follow the bulletin in force at the time residency is reestablished.

Reapplying to the MDiv Program

Following an absence of two years or more, a student's previous admission status will have lapsed and the student will need to reapply to the program.

Transferred and Earned Credit Term Limits

All Course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree.

Transferring Credits to the MDiv Program

Provided the content of the courses are assessed as comparable to the curriculum of the Andrews University Master of Divinity program, students intending to transfer credits into the Master of Divinity Program should be aware of the following policies:

- A transfer of credits must be made by petition.
- Transfer credits are granted only for courses in which the grade is B or higher.
- A student may transfer a maximum of 46 credits (500 level or above) from an uncompleted graduate-level program.
- Up to 24 credits (500 level or above) may be transferred to the Master of Divinity program from a completed master's-level degree.
- At least 46 credits must be taken in-residence.

Summer Course Load

The 12-week summer session is divided into three 4-week sessions and the normal course load for any of these sessions may not exceed 5 credits. The total amount of course work during the summer session may not exceed 12 credits.

Workshop Credit Limit and Grading Pattern

Master of Divinity students may apply up to 4 workshop credits appropriate to degree requirements. If workshops are taken during the semester breaks, the credits are counted as part of the class load for either the previous or the following semester.

Workshops are graded S/U. Any deviation from this pattern must be approved by the dean prior to the conclusion of the workshop. Students must register at the Academic Records Office for all workshops for which academic credit is desired.

Independent Study Restrictions

Students in the MDiv program are allowed to register for Independent Study only for a compelling reason such as a schedule conflict or the need to take a subject that is not offered (for a maximum of 8 credits during their MDiv program). Normally,

Independent Study cannot be used to meet a core requirement. Students must first seek approval from the MDiv office before arranging with a teacher to do Independent Study.

Reduced Course Load

MDiv students whose cumulative GPA falls below 2.75 will be placed on academic probation and will have their course load reduced to no more than 12 semester credits. MDiv students whose cumulative GPA remains below 2.75 for a second consecutive semester are required to withdraw from the Seminary.

When an incomplete or Deferred Grade (DG) has not been cleared by the end of the following semester, the student's course load must be reduced as follows:

- One I/DG—no reduction
- Two I/DG's—may register for up to 12 credits
- Three I/DG's—may register for up to 10 credits

With more than three I/DG's, the student must withdraw from the program until the I/DG's are cleared. In some cases DG's are allowed to be carried for an extended length of time that is determined by the instructor of the course.

Assessment of Students

Since the MDiv program prepares individuals for professional and pastoral leadership, periodic assessments are made of the students by the faculty in areas other than academic standing. Areas reviewed are students' spiritual growth, lifestyle reflective of the beliefs and practices of the Seventh-day Adventist Church, social/family relations, and developing potential for ministry. As a result of these assessments, students are affirmed in the MDiv program, advised of needed adjustments, or discontinued from the program.

Graduation

The Seminary follows the University graduation procedures and requirements for the conferral of degrees section of this bulletin. A dedication ceremony for graduating seminary students is held on the Sabbath afternoon of graduation weekend, or as announced.

Entrance Requirements

Students are expected to present a broad range of undergraduate general education represented in such studies as accounting, behavioral sciences (including psychology and sociology), communication, education, English, fine arts, health, history, philosophy and computer literacy.

In the area of religion and cognate studies, undergraduate work must include the following minimum requirements. Some of these subjects can be cleared through optional challenge exams.

- Old Testament Introduction and Survey—Two courses; 6 credits
- New Testament Introduction and Survey—Two courses; 6 credits
- Bible Doctrines/Theology—Two courses; 6 credits

- General Church History—Two courses; 6 credits
- History of the SDA Church—One course; 2–3 credits

- Personal Evangelism—One course; 2–3 credits
- Biblical Greek (Intermediate level proficiency)**
- Biblical Hebrew (Intermediate level proficiency)**

In addition to the above, courses in the following areas are strongly recommended: sociology, Christian ethics, missions, philosophy, and apologetics.

**Biblical Hebrew and Biblical Greek Prerequisites

Hebrew and Greek are required at the Intermediate proficiency level. For each language, students may meet this requirement by: (1) passing the Placement Exam in May or August of the year they enroll in Seminary; or (2) by taking the Beginning and Intermediate courses in that language (OTST551/NTST551) and OTST552/NTST552).

The Placement Exam: Based on the score achieved on the exam, the student will be: (1) allowed to enroll in exegesis and theology courses without further language study, (2) required to take only the Intermediate language course, or (3) required to take both the Beginning and Intermediate language courses.

Students are allowed to take the Hebrew and Greek Placement Exams only once, either in May or August of their first year. Students who do not take the placement exam in one or both of these languages at the designated time in May or August will be placed in the Beginning level language course(s) for the language(s) in which they were not examined (OTST551/NTST551).

Instruction sheets designed to help students prepare for the placement examinations are available from the Old Testament and New Testament departments.

The Language Courses: Students may also demonstrate proficiency in Intermediate Hebrew and Intermediate Greek by taking the respective courses at Andrews University and earning a grade of at least C+ for the Hebrew portion of the requirement and C or higher for the Greek portion of the requirement.

Students who take the Intermediate level course (OTST552/NTST552) and do not obtain a grade of C+ for the Hebrew portion of the requirement and C or higher for the Greek portion of the requirement must retake the course without delay until the required grade is obtained. Hebrew and Greek are required at the Intermediate proficiency level as demonstrated by examination rather than a specific number of undergraduate credits.

Biblical Literacy Entrance Exam

All entering students must take the Biblical Literacy Entrance Exam and pass with a score of 80%. This test will be administered to all students before the beginning of fall semester. As an alternative, the student can take the course GSEM 525 - The Bible and Biblical History. If students fail the test or do not take it, they must enroll in the course within their first fall semester. Information on the test including a list of items that must be mastered in order to pass it is available at the MDiv website: www.andrews.edu/sem/mdiv/resources.

Pastoral Ministries and Church Policy Proficiency Examination

Track 1 students may choose to take the Church Policy Proficiency examination. The passing score for this proficiency exam is 80%. If students fail the exam, they must take the class CHMN 552 - Foundations of Pastoral Ministry within the first year of their program. Test can only be taken once.

Track 2 students are not allowed to take the church Policy Proficiency examination and must register for CHMN 552 - Foundations of Pastoral Ministry during their first year of classes.

A final grade of C+ or higher is required to fulfill the course requirements.

Challenge Examinations

MDiv students who can demonstrate adequate preparation gained through study and/or reading prior to entering the MDiv program may petition to challenge the following course: CHIS504-Adventist Heritage.

Students requesting to write a challenge exam should meet the department's schedule and requirements for taking the exam.

The challenge examination for each course is prepared, administered, and graded by the faculty member(s) teaching the course(s) in the Seminary. Students who have received permission to sit for a challenge examination(s) shall take the individual course examination(s) at prescribed times. The passing grade for a challenge examination is B-. Challenge examinations do not earn credit. Challenge exams may not be repeated.

Successfully passing a challenge exam may reduce the number of credits required for the program.

Addressing Deficiencies

Students holding a baccalaureate degree but having insufficient undergraduate preparation in the area of religion/theology and cognate studies will be evaluated to determine their course requirements.

Students with many deficiencies should plan to begin their studies at the Seminary during the summer session (May) as Track 2 students.

Placement exams for Hebrew and Greek must be taken in the first year of your program.

Curriculum

The Master of Divinity curriculum has been designed to meet the various needs of students preparing for pastoral ministry. The MDiv program has two tracks: Track 1, which is designed for students with baccalaureate degrees in theology/religion and Track 2 which is for those who do not.

Students holding a baccalaureate degree in religion or theology (with no undergraduate deficiencies) follow the Track 1 curriculum of 92 credits. Those with deficiencies will take more than 92 credits.

Students holding a baccalaureate degree but having no undergraduate preparation in the area of religion and cognate studies follow the Track 2 curriculum of 107 credits. The Track 2 curriculum of 107 credits requires a minimum of eight semesters to complete.

Program Requirements

MDiv students must meet the following requirements in addition to those required of all graduate students:

- Complete the MDiv curriculum of at least 92 credits. Students lacking adequate undergraduate preparation may have to complete up to 107 credits. The actual number of credits required is based on individual academic evaluation.
- Maintain a GPA of 2.75 or above.
- No U grade or any grade below C- will count towards the MDiv degree.
- Meet the qualitative standards of the MDiv program.

Fees

The registration fee is due August 15 for fall semester, December 15 for spring semester, and May 10 for summer term. Any credits (over 16 for fall and spring semesters or over 12 for the summer) are charged at the regular per-credit master's tuition rate.

MDiv students taking a graduate course in the College of Arts & Sciences in fulfillment of their elective course requirement may request a 50% tuition reduction (up to 9 credits), provided the class is not full and there are a sufficient number of students paying full tuition to warrant the teaching of the course. Directed study, laboratory courses, and study tours are not eligible for reduced tuition. Neither is this discount available for dual enrollment students who have been accepted in a graduate degree program in the College of Arts & Sciences. (Application form is available in the MDiv office.)

A per-credit Recording Fee is charged by the university for Clinical Pastoral Education (CPE), CHMN 557, or Military Chaplaincy Training, CHMN641, credits earned in approved centers not connected with a graduate-level school.

Master of Divinity Track 1 MDiv

MDiv Track 1 program is for students who have a Bachelors degree in Theology. Students who do not have a BA in Theology will need to complete the Track 2 program.

Thesis Option

Students anticipating academic doctoral studies after the completion of their MDiv program are advised to undertake the thesis option as some academic institutions require a master's- level thesis for entry into doctoral programs. Students undertaking the thesis option should plan to take more than seven semesters to complete the program.

The thesis counts as 8 of the general elective credits allowed for the MDiv degree. Students should register for 2 or more thesis credits per term for at least two semesters. Therefore, initial registration for a thesis must be no later than two semesters prior to graduation. Students electing to write an MDiv thesis must apply to the director of the program and must (1) demonstrate superior scholarship over a minimum of two consecutive semesters, normally with a GPA of 3.50 or above; (2) take Research Methods before the thesis is started; and (3) submit a paper of superior quality before permission is granted by the director to begin writing the thesis. The student is guided in thesis preparation by a three-member committee appointed by the director in consultation with the student and department chair in which the subject of the thesis is chosen. The chair of this committee serves as the thesis adviser.

The format of the thesis must conform strictly to the Andrews University Standards for Written Work. Students are strongly urged to consult the dissertation secretary before formatting and printing a thesis.

At least six weeks before graduation, the committee-approved draft of the thesis should be submitted to the dissertation secretary. After appropriate changes have

been made, the corrected copy should be submitted at least four weeks before graduation to the dissertation secretary for approval. Copying on non-acid paper should be completed at least two weeks before graduation. Three copies of the thesis, including a 150-word abstract and an approval sheet, must be submitted to the dissertation secretary. The abstract should contain a short statement of the problem examined, a brief exposition of methods and procedures, and a condensed summary of the findings.

Students obtain a Thesis Completion Form from the dissertation secretary. They must take the form to the Academic Records Office no later than noon on Friday, a week preceding graduation. A fee is charged by the university for binding the three copies of the thesis, two of which are deposited in the library and one in the department in which the student earns the degree.

Students who do not adhere strictly to the deadlines noted above will have their graduation postponed. Thesis candidates must pass an oral examination no later than two weeks before graduation. The candidate is expected to demonstrate mastery of the thesis topic.

Master of Divinity Track 1/Master of Arts in Communication Dual Degree MDiv/MA

Program Description

Andrews University has chosen to establish a collaborative program between the Master of Divinity Degree of the Seventh-day Adventist Theological Seminary and the Department of Communication in the College of Arts and Sciences. Students can potentially complete the two degrees in less than 3½ years; 2 years in the Theological Seminary and 1 to 1½ years in the Department of Communication.

Pastors today are challenged to minister and serve in ever-widening fields and increasingly diverse audience groups, and being able to do so effectively through a variety of mediums is becoming more important than ever before. Likewise, there are benefits to understanding the how and why of communication and what it takes to be an effective communicator on all levels outside of the pulpit. Program Description

Andrews University has formed a collaboration between the Seventh-day Adventist Theological Seminary and the Department of Social Work in the College of Arts & Sciences to prepare students for service in occupations where social work and the pastoral mission of the church intersect. The objectives of this program are to prepare students for various forms of ministry in which clinical and administrative skills in social work and theology are needed; to enable students to integrate both theological and social work knowledge, values and skills into a multifaceted approach to Christian service, thereby enhancing their usefulness as instruments of the Holy Spirit; and to sensitize students to nontraditional ministry opportunities by exposing them to theories and practice skills related to counseling approaches, person-in-environment, social and economic justice, human rights and global perspectives from a Christian worldview. The program is designed to give students an integrated approach to both theology and social work. Students can choose either a dual degree or an emphasis in either Social Work or Christian Ministry.

Since both the MSW and MDiv programs reduce the total credits in order to reduce costs and achieve a more streamlined and efficient program, both degrees must be received simultaneously in order to fulfill the requirements of either degree. In the event that one degree was completed prior to enrollment for the dual degree program, the requirements for the second degree would be met through completion of the requirements shown below.

MSW: MDiv students are required to complete 45 core credit hours for the two-year regular MSW program. Due to the strict requirements of the Council on Social Work Education's accrediting mandates, these core courses must all be taught or co-taught within the department by faculty holding an MSW degree. However, these courses could be co-taught with faculty from the seminary. MDiv/MSW DUAL DEGREE PROGRAM 373 Occasionally, a student who has already earned a BSW from an accredited program may apply to this program. Master of Divinity Track 2/Master of Arts in Communication Dual Degree MDiv/MA

Program Description

Andrews University has chosen to establish a collaborative program between the Master of Divinity Degree of the Seventh-day Adventist Theological Seminary and the Department of Communication in the College of Arts and Sciences. Students can potentially complete the two degrees in less than 3½ years; 2 years in the Theological Seminary and 1 to 1½ years in the Department of Communication.

It will also prepare MDiv students for service in occupations where Communication—and in particular, media-related Communication—intersects with the pastoral mission of the church. Pastors today are challenged to minister and serve in ever-widening fields and increasingly diverse audience groups, and being able to do so effectively through a variety of mediums is becoming more important than ever before. Likewise, there are benefits to understanding the how and why of communication and what it takes to be an effective communicator on all levels outside of the pulpit. Furthermore, this collaboration allows for widened employment opportunities including television and radio, public relations, corporate communications, advertising, management, healthcare communications, and more.

Master of Divinity Track 2/Master of Social Work Dual Degree MDiv/MSW

Please note: Track 2 students must start with MDiv courses. MSW courses are taken in the 3rd and 4th year of the program.

Program Description

Andrews University has formed a collaboration between the Seventh-day Adventist Theological Seminary and the Department of Social Work in the College of Arts & Sciences to prepare students for service in occupations where social work and the pastoral mission of the church intersect. The objectives of this program are to prepare students for various forms of ministry in which clinical and administrative skills in social work and theology are needed; to enable students to integrate both theological and social work knowledge, values and skills into a multifaceted approach to Christian service, thereby enhancing their usefulness as instruments of the Holy Spirit; and to sensitize students to nontraditional ministry opportunities by exposing them to theories and practice skills related to counseling approaches, person-in-environment, social and economic justice, human rights and global perspectives from a Christian worldview. The program is designed to give students an integrated approach to both theology and social work. Students can choose either a dual degree or an emphasis in either Social Work or Christian Ministry.

Since both the MSW and MDiv programs reduce the total credits in order to reduce costs and achieve a more streamlined and efficient program, both degrees must be received simultaneously in order to fulfill the requirements of either degree. In the event that one degree was completed prior to enrollment for the dual degree program, the requirements for the second degree would be met through completion of the requirements shown below.

MSW: MDiv students are required to complete 45 core credit hours for the two-year regular MSW program. Due to the strict requirements of the Council on Social Work Education's accrediting mandates, these core courses must all be taught or co-taught within the department by faculty holding an MSW degree. However, these courses could be co-taught with faculty from the seminary. MDIV/MSW DUAL DEGREE PROGRAM 373 Occasionally, a student who has already earned a BSW from an accredited program may apply to this program. In this case, the student would be placed in the Advanced Standing program, and take either 33 credits (Advanced Standing) or 39 credits (Advanced Standing Plus). Students with an undergraduate GPA of 3.0 or higher are eligible to complete the Advanced Standing Program while those with a lower GPA must complete the Advanced Standing Plus requirements.

Since both the MDiv and MSW programs reduce total credits in order to reduce costs and achieve a more streamlined and efficient program, both degrees must be received simultaneously in order to fulfill the requirements of either degree. Although MDiv students can transfer 11 electives into the MSW program, they can only receive a tuition reduction if they are simultaneously enrolled in the MDiv Program.

Acceptance into one of the programs does not guarantee acceptance into the other. Applicants must meet the admissions requirements for each program, including all required prerequisites for each degree program.

MDiv:

Although MDiv students can transfer 11 electives into the MSW program, they can only receive a tuition reduction if they are simultaneously enrolled in the MDiv program. Students who have already completed an MDiv degree can receive the tuition reduction upon admission into the MSW program.

MSW:

1. Students must maintain a minimum cumulative GPA of 3.0 in social work program courses;
2. No grade of D or F (or U) may count toward the MSW degree.

MAYYAM Dual Degree

Andrews University has formed a collaborative between the Department of Discipleship and Religious Education in the Seminary and the Department of Social Work in the College of Arts & Sciences to prepare students for youth and young adult ministry and social work. Students choosing this program would receive both a master's in Youth and Young Adult Ministry and a master's in Social Work. The objectives of this program are to equip students for various forms of ministry in which clinical and administrative skills in social work and ministry are needed; to enable students to integrate both ministry and social work knowledge, values and skills into a multifaceted approach to Christian service, thereby enhancing their usefulness as instruments of the Holy Spirit; and to sensitize them to nontraditional ministry opportunities by exposing them to theories and practice skills related to counseling approaches, person-in-environment, social and economic justice, human rights and global perspectives from a Christian worldview. The program is designed to give students both master's degrees within three years. The details of the program are as follows:

- The dual degree will consist of 78 credits.
- The student will need to be accepted into both programs.
- There will be shared electives between the two programs:
 - Eight credits for the MA in Youth & Young Adult Ministry; and
 - Ten credits for the Master of Social Work.
- Fieldwork will also be a shared experience, being cross-listed as CHMN660 Field Practicum/SOWK535 Field Experience/ SOWK635 Advanced Field Experience. Nine credit hours will be required for a total of 900 clock hours.
- One course will be cross-listed and be taken in the Department of Social Work: DSRE 503 - Marriage, Family, and Interpersonal Relationships with SOWK 501 - Foundations of Practice I
- GSEM 525 - The Bible and Biblical History will be considered a prerequisite course. If the student passes the Biblical Literacy Exam, that will satisfy the prerequisite. If the student does not pass the exam, they will need to take the one-credit GSEM 525 in addition to the 78 credits for the dual degree.
- Since both, the MSW and MAYYAM programs, reduce the total credits in order to reduce costs and achieve a more streamlined and efficient program, both degrees must be received simultaneously in order to fulfill the requirements of either degree.

See the Seminary section of this bulletin for a complete description of this dual degree.

Master of Youth & Young Adult Ministry/Masters of Science in Community & International Development Dual Degree MAYYAM/CIDP

Dual Degree Program Description

The Dual Degree Program in Community and International Development (CIDP) and Youth and Young Adult Ministry (MAYYAM) allows students to complete two degrees in three years. To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of elective courses. This amounts to a total of 69 credits to fulfill the Dual Degree.

- The MAYYAM program is a 48-credit degree but it will share (use) six elective credits with the CIDP program thereby reducing MAYYAM credits to 42.
- The CIDP program will reduce the required number of credits from 39 to 30 by removing the concentration requirement. In addition, up to two CIDP elective credits can be fulfilled through MAYYAM courses reducing the CIDP credits to 28. Finally, CIDP's 1-credit Practicum requirement will be fulfilled through MAYYAM's required practicum. Reducing the CIDP credits to 27.

Since both the CIDP and MAYYAM programs reduce the total credits in order to reduce costs and achieve a more streamlined and efficient program, both degrees must be received simultaneously in order to fulfill the requirements of either degree.

CIDP Admission Requirements

Acceptance Criteria

Applicants to the regular two-year standing program must meet the following criteria, in addition to other general admission requirements of the Andrews University School of Graduate Studies & Research.

- A bachelor's degree from an accredited college or university.
- An overall undergraduate GPA of 3.00 or 3.50 in 8 or more credits of previously taken graduate courses graded A-F. Students may be admitted provisionally with a GPA of 2.6 or higher. Such students must maintain a GPA of 3.0 or higher during their first 12 graduate credits to continue in the program;
- Completed Graduate Application packet.
- Completed coursework in Accounting, Statistics and Research II. Provisional acceptance may be granted without these courses, and the student would be expected to take them during the first year of enrollment. Credits for prerequisites do not apply toward the MSCID.

The director of the program may request a personal interview or a third reference and/or other information.

GRE

Students who apply for admission to the MSCID program have two options related to the Graduate Record Exam (GRE). For those students who are seeking a graduate scholarship, the GRE must be taken. Scholarship amounts are based on the score achieved on the exam. For students who do not seek a graduate scholarship based on the GRE score, the GRE is not required.

Language Requirements

A reading knowledge of a foreign language is strongly recommended for those planning on graduate work.

Admission Requirements

All applicants must meet the Graduate Programs Admission requirements. Admission to the PhD in Biblical and Ancient Near Eastern Archaeology program is granted to applicants who

- Hold an MA (or its equivalent) from an accredited institution in an appropriate field (Ancient Near Eastern history and/or archaeology, biblical history, anthropology).
- Show high promise of future usefulness to church and/or society.
- Read proficiently required ancient and/or modern languages as noted in the Language Requirements below.
- Minimum GRE score of 288.
- Demonstrate the ability to handle doctoral-level work in English according to the following guidelines:

Applicants for whom English is not a primary language of communication are required to take the TOEFL exam and must achieve the entry level score of 90 for iBT TOEFL exam (equivalent to a paper based ITP TOEFL exam score of 575) for regular admission to the PhD program.

Applicants who have received a bachelor's or higher degree in the past 5 years from an institution where English is the medium of instruction are exempt from the requirement to take the TOEFL exam.

All international students applying to the PhD programs are required to have a language evaluation interview with the program director whether or not they are required to take the TOEFL exam. The content of this interview may include reading and listening comprehension components and writing and speaking components. The interview can be in person or via Skype if the applicant is not in the Berrien Springs area. A proctor will be involved in any reading and writing components of the interview.

Based on the results of the language evaluation interview the applicant may be required to take ESL courses to enhance their English language ability in one or more of the areas covered in the interview (reading, listening, speaking, writing).

For an iBT TOEFL score between 80 and 89 (equivalent to a paper based ITP TOEFL score between 550 and 574), the applicant is eligible to enter the Seminary ESL Bridge program in which the student takes two courses with ESL and one 3 credit course in the PhD program. This is counted as full time student status.

For iBT TOEFL scores below 80 (550 for ITP TOEFL) the applicant is ineligible for the Seminary ESL Bridge program.

For further details regarding the Bridge program and its policies see the ESL website.

- Have 15 prerequisite credits in the chosen area of concentration.
- Have a graduate course in Research Methods (e.g. GSEM 620 - Research Methods)

Admission to Advanced Standing. Advanced standing for the PhD in Biblical and Ancient Near Eastern Archaeology program may be granted for students who have post-MA or post-MDiv work in an approved institution if the work is appropriate to the program, carries grades of B or above, and was taken within six years of each student's first enrollment in the program. Credits earned towards the MA and MDiv degrees are not considered for advanced standing. The director of the program determines the appropriateness and relevance of the work considered for advanced standing and authorizes such standing. The minimum residence requirement cannot be reduced.

Time to Apply. Students who desire to enter the program in the fall semester (the normal entry point) must submit all application materials to the Office of Graduate Admissions, usually by January 15. Some students may be allowed to enter the program in the summer, in which case the application materials must be at the Office

of Graduate Admissions by November 30. The number of students who may enter the program in any given year is limited. Rarely is one accepted who applies late. Students whose applications are late may request consideration for admission in the following year.

Items to Submit. In addition to submitting the items required of all graduate students, applicants to the program must also submit

A 600-word personal statement including their philosophical perspective and the relationship of their values to their responsibilities as a teacher-scholar and leader; an indication of what they hope to accomplish professionally in the future, and a topic for the dissertation if one has already been selected.

A significant research paper (term paper or thesis). This paper should show the applicant's ability to carry out research and to present the results and conclusions of such work with correct English and acceptable style. The topic of this paper should coincide with the area of concentration.

Core Language Requirements. Applicants must demonstrate proficiency in specified ancient and modern foreign languages either by passing language proficiency examinations or by taking specified graduate-level language courses and earning a grade of B or above. The foreign language requirements are listed below.

Biblical Archaeology. An ancient language appropriate to the student's research goals—typically either Biblical Hebrew, Greek, or Latin at the Intermediate Level. Two modern languages relevant to research goals such as French, German, modern Hebrew, modern Arabic, modern Greek.

Ancient Near Eastern Archaeology and Anthropology. An ancient language appropriate to the student's research goals - typically either Biblical Hebrew, Greek, or Latin at the Intermediate Level. Two modern languages relevant to research goals such as French, German, modern Hebrew, modern Arabic, modern Greek, or computer database skills.

Upon approval by the program committee, the Program Director may require additional ancient languages as required by the area of emphasis students choose.

Schedule of Meeting Language Proficiency Requirements. All language prerequisites should be completed before entrance. If that is not possible, students may be required to take a reduced load in order to meet these prerequisites.

Language prerequisites should be met by the end of the third consecutive semester (including summer). Students who fail to meet this schedule cannot take any further regular courses until all the language prerequisites are met.

Because of the amount of study and the length of time usually required in developing prerequisite-level skill in languages, the program committee may require applicants to clear all the language prerequisites prior to admission.

Residence and Course Requirements

In order to fulfill the requirements for the PhD degree, students must

- Complete 64 credits; at least 48 credits of formal course work in lecture, seminars, directed-study and reading courses, and 16 credits for the dissertation:

Area of Concentration 33

Minimum of 12 Units

- Required (6 credits): ANEA 630 - Archaeological Field Work Credits: 1–8
- **And/Or** ANEA 830 - Advanced Archaeological Field Work Credits: 1

- 21 additional units appropriate to the archaeological concentration selected in consultation with the program director.

Area of Cognate 9

Required Courses 6

- GSEM 854 - PhD-ThD Dissertation Proposal Seminar Credits: 3
- DSRE 860 - Teaching Religion in College Credits: 3
 (Students with recognized teaching experience at the college/graduate level may substitute a course in either the emphasis or cognate area for DSRE 860 - Teaching Religion in College.)

Dissertation 16

- GSEM 995 - PhD-ThD Dissertation Credits: 1

Additional Information:

- Take all course work at the Seminary on the 600-, 800-, and 900-levels; some non-seminary graduate courses may be approved by the student's doctoral committee in consultation with the director of the program.

- Take a minimum of 24 credits on the 800- and 900-levels.
- Take at least two semesters of formal full-time study consecutively and in residence, registering each semester for no fewer than 8 credits. At least 33 credits (of the minimum 48) must be taken in residence (residence includes field work if taken from Andrews University).
- Attend doctoral colloquia, Horn Archaeology Lecture Series, worship and assemblies.
- Achieve grades of B (3.00) or better and/or S. Only such grades are counted toward the degree requirements. No more than 15 credits in courses with an S grade may be applied to the program requirements. If students fall below this minimum GPA, they are placed on probation and can regain regular standing only after having again reached the B (3.00) level. The matriculation of students with grades below B may be terminated after review by the program committee. Students who accumulate more than three grades of C or below (2.00 or below) are not allowed to continue in the doctoral program.

Full Course Load. The full-time load for regular course work is 8 to 12 credits per semester. Students with full-sponsorship are expected to take a full load of 12 credits per semester. On-campus students who are registered for GSEM 880, GSEM 888 (non-credit courses) are counted as full-time students. Students who register for GSEM 995 are also counted as full-time students if the work is done on campus and they register for 16 credits in a maximum of six semesters.

Time Limits. Students are required to finish all regular course work and take the comprehensive exams within five years of the initial registration in the program, and to complete all degree requirements within ten years of initial registration. Also, students must complete the dissertation including a formal defense and subsequent revisions in five years or less from the time the comprehensive examinations are passed. The two five-year time limits apply independently, so that shortening one does not lengthen the other.

Dissertation Advisory Committee

- By the time that students register for GSEM 854 - PhD-ThD Dissertation Proposal Seminar, they, in consultation with the program director, should select a tentative dissertation topic and a dissertation advisory committee. The program director appoints as the chair of each student dissertation advisory committee, a faculty member in agreement with the tentative topic. During the same semester, students and their committee chairs should select two additional faculty members to complete the student dissertation advisory committee, so that, where possible, all three members may contribute to the development of the dissertation proposal. All three members of each student dissertation advisory committee must approve the proposal before it is presented to the program committee.
- At least six weeks before the time of the dissertation defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the dissertation committee. One of these persons, the external examiner, is normally a scholar from another graduate institution.

Comprehensive Examinations

Students are required to pass four comprehensive examinations within a three-week period scheduled by the program office. Three of these examinations are set in the principal area of study and one in the cognate area. At least two of these examinations must be in the regular written format, each lasting between four and six hours, up to two of the four examinations may be given in the oral and/or take-home formats at the discretion of the examiner.

The course requirements of 48 credits must be completed before students can take comprehensive examinations.

The comprehensive examinations determine students' proficiencies in the major area of emphasis and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis.

Students' applications to take the comprehensive examinations are also an application for advancement to candidacy, which is granted subject to passing all comprehensive examinations.

Dissertation Proposal

While taking the course GSEM 854 - PhD-ThD Dissertation Proposal Seminar, under the guidance of the course instructor and the chair of the dissertation advisory committee, students begin to work on the dissertation proposal. During the following semesters, but normally not later than the last semester of course work, students should submit a final proposal that is approved by the dissertation advisory committee and prepared for submission to the program committee. The program committee grants final approval for the dissertation topic.

Dissertation

The dissertation prepared by the PhD candidate must

- Make an original contribution to scholarship,
- Demonstrate the candidate's competence to do independent research,

- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature, and
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions and implications of the study.

The chair of each student dissertation advisory committee guides students in the research in consultation with other members of the committee. As a rule, a calendar year or more is needed for dissertation preparation.

The dissertation is normally written in BASOR style and is typically between 250 and 300 pages in length.

Once the dissertation is completed and approved by each student dissertation advisory committee, a date is set for an oral defense.

Consult the doctoral student handbook for more details regarding the various steps to be taken by students during this program.

- The project, which should address a problem or issue directly relevant to the ministry context of the participant, is developed and implemented in an in-ministry situation. Following the fourth module and the proposal approval, the student registers in MSSN 899 DMiss Dissertation for 3 credits for each of the following two semesters. If the dissertation is not completed after one year, the candidate must register for MSSN 888 (DMiss Dissertation Continuation) every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until the time limit has expired.

This paper should show the applicant's ability to carry out research and to present the results and conclusions of such work with correct English and acceptable style. The topic of this paper should be in an area related to mission if possible.

Advanced Standing

The DMiss program is cohort-based. Therefore, it is expected that all students will complete all activities as a cohort. Only in cases where a student has completed extensive mission studies beyond a master's degree would an exception be considered.

Program Objectives

Purpose

The purpose of the DMiss program is to advance theologically competent mission leadership for the global church. Although graduates may be asked to teach missions, this degree is not primarily a teaching degree but a professional one. The emphasis of the degree is on knowledge, skills, and mission research, which result in practical applications for effective mission. This degree is not earned by the mere accumulation of credits. It is conferred on those who demonstrate advanced knowledge in missiological themes and the ability to integrate theology and social science research into actual mission leadership and ministry.

Program Outcomes

Graduates will (1) grow in spiritual disciplines; (2) develop theological and biblical foundations for their ministries and mission practice; (3) conduct research on mission challenges of the church which results in recommended solutions; (4) implement mission strategies which are biblically faithful and culturally appropriate; and (5) demonstrate ability to train others for cross-cultural ministry.

Doctor of Theology, ThD

Program Description

Thomas Shepherd, *Director*

The Doctor of Theology (ThD) program prepares teacher-scholars in interdisciplinary theological fields, primarily for the Seventh-day Adventist Church in its institutions of higher learning around the world.

The ThD program builds on expertise and training developed in approved master's programs. It provides individuals equipped with skills and methods appropriate to genuine scholarship to do original and responsible research, and it promotes the proficient application of sound and valid principles of biblical interpretation and historical research. It seeks to acquaint students with the Judeo-Christian heritage and the findings of various branches of biblical scholarship and communicates the religious and ethical values of that heritage as found in Scripture and as understood by conservative Christians, in general, and the Seventh-day Adventist Church, in particular.

This degree is not earned by the mere accumulation of credits. It is conferred on those who demonstrate clearly and capably, in written and oral form, mature and independent research marked by discriminating analysis, careful evaluation of evidence and theories, and sound interpretation of available data. The ThD is granted only to those who give evidence that they have attained a distinctly superior level of expertise in their principal area of study and the supplementary cognate area.

Degree Concentrations:

There are seven degree concentrations which include:

- Biblical Studies
- Historical/Biblical Studies

Historical/Missiological Studies
Missiological/Biblical Studies

Religious Education
Theology and Christian Philosophy
Area selected from approved graduate-level studies

The cognate must be taken in a department other than the two departments bridged in the field of study. If the field of study does not include New Testament, Old Testament, or Theology and Christian Philosophy then the cognate must come from one of these departments.

Dissertation Proposal:

The student may prepare his/her dissertation proposal by taking GSEM854 PhD-ThD Dissertation Proposal Seminar or by taking up to 3 dissertation credits during the coursework phase. In the case of the first option, the 3 credits of GSEM854 count toward dissertation credits.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology to be employed, a list of tentative chapter and subsection titles, and a preliminary bibliography.

If the dissertation proposal has not been approved by the PhD-ThD Committee by the time comprehensive examinations have been passed the student registers for GSEM 844 - PhD-ThD Dissertation Proposal Preparation (non-credit) until the proposal is approved.

After the dissertation proposal is approved and the student has passed the comprehensive examinations, he/she registers for GSEM 995 - PhD-ThD Dissertation for 1–16 dissertation credits (1-13 credits if GSEM854 is taken) for up to six semesters. If the dissertation is not completed after all 16 dissertation credits have been taken, the candidate must register for GSEM 888 - PhD-ThD Dissertation Continuation every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until the time limit has expired.

- **Dissertation Preparation:**
The dissertation prepared by the ThD candidate must
- Make an original contribution to scholarship.

- Demonstrate the candidate's competence to do independent research.
- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature.
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.
- Not exceed 100,000 words in content and footnotes, excluding bibliography.

Oral Defense of Dissertation:

The oral defense of the dissertation normally cannot be made earlier than 12 months after passing the comprehensive examinations. The date is set and advertised by the director of the ThD program.

At least six weeks before the time of the dissertation defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the doctoral committee. One of these persons, the "external examiner", is normally a scholar from another graduate institution.

The oral defense is conducted by the dissertation defense committee and is held no later than four weeks before the degree is conferred.

To pass the oral defense, the candidates must receive a vote of approval from at least four of the five examiners. The committee votes in one of the following ways:

- Acceptance of the dissertation as presented
- Acceptance of the dissertation subject to minor revisions
- Acceptance of the dissertation subject to major revisions
- Rejection of the dissertation.

Normally, rejection of a dissertation terminates the student's doctoral candidacy, but the PhD-ThD Committee may consider whether to allow him/her to prepare and submit another dissertation and what specific requirements would apply (including possible further course work and additional comprehensive examinations).

After the Defense:

- The student makes all corrections.
- The deadline for dissertations to be submitted to the Dissertation Secretary with the signed approval page is no later than Wednesday, 10 days before graduation. Strict adherence to this deadline is essential or graduation is postponed.

Additional Requirements

Coursework Levels

Take all course work at the Seminary on the 600-, 800-, and 900-levels; some non-seminary graduate courses may be approved by the student's doctoral committee in consultation with the director of the ThD Program.

Take a minimum of 24 credits on the 800- and 900-levels.

Colloquia and Seminary Worship

Attend doctoral colloquia and Seminary worships.

Residency

Take at least two semesters of formal full-time study consecutively and in residence, registering each semester for no fewer than 8 credits. At least 33 credits (of the minimum 48) must be taken in residence.

Comprehensive Examination

- Students are required to pass five comprehensive examinations within a four-week period scheduled by the PhD/ThD office. Four of these examinations are set in the student's field of study with components from both departments and the fifth is in the cognate area.
- The regular course requirements of 48 credits or more must be completed before the student can sit for comprehensive examinations.
- The comprehensive examinations determine a student's proficiency in the field of study and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis.
- Students are expected to demonstrate greater proficiency in their field of study than in their cognate area.
- The student must submit to the PhD/ThD office the comprehensive exam application form and contracts for all comprehensive exams not less than 6 months prior to the date of the first exam. When the comprehensive exams have been successfully completed and the dissertation proposal has been approved by the PhD/ThD Committee, the student is formally advanced to candidacy by the PhD/ThD Committee.

Cognates - 9

Requirements for cognates may be obtained from the PhD/ThD office.

Maintaining Academic Standing

Achieve grades of B (3.00) or better and/or S. Only such grades are credited toward the degree requirements. No more than 15 credits in courses with an S grade may be applied to the program requirements. If the student falls below this minimum GPA, he/she is placed on probation and can regain regular standing only after having again reached the B (3.00) level. The matriculation of a student with grades below B may be terminated after review by the PhD-ThD Committee. A student who accumulates more than three grades of C or below (2.00 or below) is not allowed to continue in the doctoral program.

Admission Requirements

All applicants must meet the Graduate Programs Admission requirements, and the Seminary Admission Requirements. Admission to the ThD program is granted by the PhD-ThD Committee to applicants who

- Hold an MDiv degree (or its equivalent), from an approved seminary or university. The applicant's transcript(s) will be reviewed by the PhD/ThD office for applicability to the program's prerequisites. Additional coursework may be required to make up deficiencies.
- Show high promise of future usefulness to church and society.

- Read proficiently in ancient and/or modern languages as noted in the Language Requirements.
- Minimum GRE score of 288
- Demonstrate the ability to handle doctoral-level work in English according to the following guidelines:

Applicants for whom English is not a primary language of communication are required to take the TOEFL exam and must achieve the entry level score of 90 for iBT TOEFL exam (equivalent to a paper based ITP TOEFL exam score of 575) for regular admission to the ThD program.

Applicants who have received a bachelor's or higher degree in the past 5 years from an institution where English is the medium of instruction are exempt from the requirement to take the TOEFL exam.

All international students applying to the ThD programs are required to have a language evaluation interview with the program director whether or not they are required to take the TOEFL exam. The content of this interview may include reading and listening comprehension components and writing and speaking components. The interview can be in person or via Skype if the applicant is not in the Berrien Springs area. A proctor will be involved in any reading and writing components of the interview.

Based on the results of the language evaluation interview the applicant may be required to take ESL courses to enhance their English language ability in one or more of the areas covered in the interview (reading, listening, speaking, writing).

For an iBT TOEFL score between 80 and 89 (equivalent to a paper based ITP TOEFL score between 550 and 574), the applicant is eligible to enter the Seminary ESL Bridge program in which the student takes two courses with ESL and one 3 credit course in the ThD program. This is counted as full time student status.

For iBT TOEFL scores below 80 (550 for ITP TOEFL) the applicant is ineligible for the Seminary ESL Bridge program.

For further details regarding the Bridge program and its policies see the ESL website.

- Complete and return the Sixteen Personality Factor Questionnaire.
- Depending upon the applicant's academic background, the PhD-ThD Committee may also require proficiency examination(s) before granting admission to the doctoral program.
Have completed GSEM 620 - Research Methods.

Time to Apply. Students who desire to enter the program in the autumn semester (the normal entry point), or, summer semester must submit all application materials to the Office of Graduate Admissions by December 15 of the preceding year. Students may also enter the program in the spring semester, in which case the application materials must all reach the Office of Graduate Admissions by June 15 of the preceding year.

The number of students who may enter the program in any given year is limited. Rarely is one accepted who applies late. Students whose applications are late may request consideration for admission in the following year.

Items to Submit. In addition to submitting the items required of all graduate students, applicants to the PhD-ThD programs must also submit

- A 300-word personal statement including their philosophical perspective, the relationship of their religious concerns and ethical values to their responsibilities as a teacher-scholar and leader in the church; an indication of what they hope to accomplish professionally in the future, and a topic for the dissertation if one has already been selected.
- A significant research paper (30-40 pages in length), normally written during MDiv studies. The topic of this paper should coincide with the area of concentration. This paper should have the following characteristics:
 - A problem in the area of research is described that engages the debate in the secondary literature
 - A clear thesis is stated
 - The case for the thesis is argued succinctly and logically, taking into account the discussion in the secondary literature
 - Conclusions are presented clearly and convincingly
 - The paper is in good English prose without grammatical, syntactical or spelling errors

Dual Enrollment. Dual enrollment in undergraduate or other graduate degree programs is not allowed in the ThD program.

Language Requirements. Applicants must demonstrate proficiency in specified foreign languages either by passing language proficiency examinations or by taking specified graduate level language courses at Andrews University and earning a grade of B or

above. The language requirements for the ThD degree are advanced Hebrew and advanced Greek and reading knowledge of French and German.

When warranted by the student's program, language substitutions may be made with the approval of the student's advisor and the director of the ThD program. Some departments allow up to 6 hours of language requirements to count toward the field of study.

Schedule of Meeting Language Requirements. All language requirements should be completed before entrance. If that is not possible, a student may be required to take a reduced load in order to meet these requirements. Language requirements must be met by the end of the third consecutive semester in the program (including summer). Students who fail to meet this schedule take no further regular course work until all the language requirements are met. Because of the amount of study and the length of time usually required in developing skill in languages, the PhD-ThD Committee may require applicants to clear all the language requirements prior to admission.

Additional Information

Full Course Load. The full-time load for regular course work is 8 to 12 credits per semester. Students with full-sponsorship are expected to take a full load of 12 credits per semester. On-campus students who are registered for GSEM 880, GSEM 844, GSEM 888 (non-credit courses) are counted as full-time students. Students who register for GSEM 995 are also counted as full-time students if the work is done on campus and they register for 16 credits in a maximum of six semesters.

Advanced Standing. Advanced standing may be considered for students having done post-MDiv work in an approved institution if the work is appropriate to the program, carries grades of B or above, and was taken within six years of the students' first enrollment in the ThD Program. Credits earned towards the MDiv degree are not considered for advanced standing. The director of the ThD Program determines the appropriateness, relevance, and currency of the work considered for advanced standing and authorizes such standing. In no case is the minimum residence requirement reduced.

Time Limits. The maximum time limit for completion of the ThD is ten years from first enrollment. Regular course work and the comprehensive exams must be completed within five years of first enrollment. The dissertation must be completed within five years of passing the comprehensive exams.

Dual Enrollment. Dual enrollment in undergraduate or other graduate degree programs is not allowed in the PhD in Religion Program.

Language Requirements. Applicants must demonstrate proficiency in specified foreign languages either by passing language proficiency examinations or by taking specified graduate level language courses at Andrews University and earning a grade of B or above. - Prerequisite: Intermediate OT Hebrew, Intermediate NT Greek, and a relevant modern language other than English (approved by the student's advisor and by the director of the PhD program).

Schedule of Meeting Language Proficiency Requirements. All language prerequisites should be completed before entrance. If that is not possible, a student may be required to take a reduced load in order to meet these prerequisites. Language prerequisites must be met by the end of the third consecutive semester in the program (including summer). Students who fail to meet this schedule take no further regular course work until all the language prerequisites are met. Because of the amount of study and the length of time usually required in developing prerequisite-level skill in languages, the PhD-ThD Committee may require applicants to clear all the language prerequisites prior to admission.

In addition to these prerequisite language requirements, students in any of the six areas may be asked to study other languages. When warranted by the student's program, a language substitution may be made with the approval of the student's advisor and the director of the PhD Program.

Dissertation Committee and Comprehensive Examinations

- The student's dissertation committee is formed by a collaborative process involving the student, the department chair, the professors to serve on the committee, and the PhD director as described in the PhD Handbook.
- At the conclusion of the collaborative process the PhD/ThD committee appoints the student's dissertation.

Comprehensive Examinations

Students are required to pass five comprehensive examinations within a four-week period scheduled by the PhD/ThD office. Four of these examinations are set in the principal area of study and one in the cognate area.

- The regular course requirements of 48 credits or more must be completed before the student can sit for comprehensive examinations.
- The comprehensive examinations determine a student's proficiency in the major area of emphasis and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis.
- Students are expected to demonstrate greater proficiency in the major area of emphasis than in their cognate area.
- The student must submit to the PhD/ThD office the comprehensive exam application form and contracts for all comprehensive exams not less than 6 months prior to the date of the first exam. When the comprehensive exams have been successfully completed and the dissertation proposal has been approved by the PhD/ThD Committee, the student is formally advanced to candidacy by the PhD/ThD Committee.

Dissertation Proposal

The student may prepare his/her dissertation proposal by taking GSEM854 PhD-ThD Dissertation Proposal Seminar or by taking up to 3 dissertation credits during the coursework phase. In the case of the first option, the 3 credits of GSEM854 count toward dissertation credits.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology to be employed, a list of tentative chapter and subsection titles, and a preliminary bibliography.

If the dissertation proposal has not been approved by the PhD-ThD Committee by the time comprehensive examinations have been passed the student registers for GSEM844 (non-credit) until the proposal is approved.

Dissertation Preparation

After the dissertation proposal is approved and the student has passed the comprehensive examinations, he/she registers for GSEM 995 for 1–16 dissertation credits (1-13 credits if GSEM854 is taken) for up to six semesters. If the dissertation is not completed after all 16 dissertation credits have been taken, the candidate must register for GSEM 888 every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until the time limit has expired.

The dissertation prepared by the PhD candidate must

- Make an original contribution to scholarship.
- Demonstrate the candidate's competence to do independent research.
- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature.
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.
- Not exceed 100,000 words in content and footnotes, excluding bibliography.

Oral Defense of Dissertation

The oral defense of the dissertation normally cannot be made earlier than 12 months after passing the comprehensive examinations. The date is set and advertised by the director of the PhD programs.

At least six weeks before the time of the dissertation defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the doctoral committee. One of these persons, the "external examiner," is normally a scholar from another graduate institution.

The oral defense is conducted by the dissertation defense committee and is held no later than four weeks before the degree is conferred.

To pass the oral defense, the candidates must receive a vote of approval from at least four of the five examiners. The committee votes in one of the following ways:

- Acceptance of the dissertation as presented
- Acceptance of the dissertation subject to minor revisions

- Acceptance of the dissertation subject to major revisions
- Rejection of the dissertation.

Normally, rejection of a dissertation terminates the student's doctoral candidacy, but the PhD-ThD Committee may consider whether to allow him/her to prepare and submit another dissertation and what specific requirements would apply (including possible further course work and additional comprehensive examinations).

After the defense:

- The student makes all corrections.
- The deadline for dissertations to be submitted to the Dissertation Secretary with the signed approval page is no later than Wednesday, 10 days before graduation.

Strict adherence to this deadline is essential or graduation is postponed.

Full Course Load. The full-time load for regular course work is 8 to 12 credits per semester. Students with full-sponsorship are expected to take a full load of 12 credits per semester. On-campus students who are registered for GSEM 880, GSEM844, GSEM 888 (non-credit courses) are counted as full-time students. Students who register for GSEM 995 are also counted as full-time students if the work is done on campus and they register for 16 credits in a maximum of six semesters.

Advanced Standing. Advanced standing may be considered for students having done post-MA or post-MDiv work in an approved institution if the work is appropriate to the program, carries grades of B or above, and was taken within six years of the students' first enrollment in the PhD Program. Credits earned towards the MA and MDiv degrees are not considered for advanced standing. The director of the PhD and ThD Programs determines the appropriateness, relevance, and currency of the work considered for advanced standing and authorizes such standing. In no case is the minimum residence requirement reduced.

Time Limits. The maximum time limit for completion of the PhD is ten years from first enrollment. Regular course work and the comprehensive exams must be completed within five years of first enrollment. The dissertation must be completed within five years of passing the comprehensive exams.

Admission Requirements

All applicants must meet the Graduate Programs Admission requirements, and the Seminary Admission Requirements. Admission to the PhD: Religion program is granted by the PhD-ThD Committee to applicants who

- Hold either an MDiv degree (or its equivalent), or an MA in Religion (or its equivalent) from an approved seminary or university. The applicant's transcript(s) will be reviewed by the PhD/ThD office for applicability to the program's prerequisites. Additional coursework may be required to make up deficiencies.
- Show high promise of future usefulness to church and society.
- Read proficiently in ancient and/or modern languages as noted in the Language Requirements.
- Minimum GRE score of 288.
- Demonstrate the ability to handle doctoral-level work in English, according to the following guidelines:

Applicants for whom English is not a primary language of communication are required to take the TOEFL exam and must achieve the entry level score of 90 for iBT TOEFL exam (equivalent to a paper based ITP TOEFL exam score of 575) for regular admission to the PhD program.

Applicants who have received a bachelor's or higher degree in the past 5 years from an institution where English is the medium of instruction are exempt from the requirement to take the TOEFL exam.

All international students applying to the PhD programs are required to have a language evaluation interview with the program director whether or not they are required to take the TOEFL exam. The content of this interview may include reading and listening comprehension components and writing and speaking components. The interview can be in person or via Skype if the applicant is not in the Berrien Springs area. A proctor will be involved in any reading and writing components of the interview.

Based on the results of the language evaluation interview the applicant may be required to take ESL courses to enhance their English language ability in one or more of the areas covered in the interview (reading, listening, speaking, writing).

For an iBT TOEFL score between 80 and 89 (equivalent to a paper based ITP TOEFL score between 550 and 574), the applicant is eligible to enter the Seminary ESL Bridge program in which the student takes two courses with ESL and one 3 credit course in the PhD program. This is counted as full time student status.

For iBT TOEFL scores below 80 (550 for ITP TOEFL) the applicant is ineligible for the Seminary ESL Bridge program.

For further details regarding the Bridge program and its policies see the ESL website.

- Complete and return the Sixteen Personality Factor Questionnaire.
- Have 15 prerequisite credits in the chosen area of concentration.
- Depending upon the applicant's academic background, the PhD-ThD Committee may also require proficiency examination(s) before granting admission to the doctoral program.
- Have completed GSEM 620 - Research Methods.

Time to Apply. Students who desire to enter the program in the autumn semester (the normal entry point), or, summer semester must submit all application materials to the Office of Graduate Admissions by December 15 of the preceding year. Students may also enter the program in the spring semester, in which case the application materials must all reach the Office of Graduate Admissions by June 15 of the preceding year.

The number of students who may enter the program in any given year is limited. Rarely is one accepted who applies late. Students whose applications are late may request consideration for admission in the following year.

Items to Submit. In addition to submitting the items required of all graduate students, applicants to the PhD-ThD programs must also submit

- A 300-word personal statement including their philosophical perspective, the relationship of their religious concerns and ethical values to their responsibilities as a teacher-scholar and leader in the church; an indication of what they hope to accomplish professionally in the future, and a topic for the dissertation if one has already been selected.
- A significant research paper (30-40 pages in length), normally written during MA or MDiv studies. The topic of this paper should coincide with the area of concentration. This paper should have the following characteristics:
 - A problem in the area of research is described that analyzes primary sources and engages the debate in the secondary literature
 - A clear thesis is stated

The case for the thesis is argued succinctly and logically, taking into account the discussion in the current secondary literature
Conclusions are presented clearly and convincingly
The paper is in good English prose without grammatical, syntactical or spelling errors

Dual Enrollment. Dual enrollment in undergraduate or other graduate degree programs is not allowed in the PhD in Religion Program.

Language Requirements. Applicants must demonstrate proficiency in specified foreign languages either by passing language proficiency examinations or by taking specified graduate level language courses at Andrews University and earning a grade of B or above. Languages listed as Prerequisite must be passed by examination or course work before the student is accepted into Regular Status. Languages listed as Required are taken as part of the area of concentration. The language requirements are listed below.

Prerequisite: Intermediate NT Greek, French and German.

Required: CHIS 614 - Readings in Ecclesiastical Latin.

Other languages as needed for research and/or dissertation, such as: Biblical Hebrew, Advanced Greek, Syriac, Coptic, etc.

Up to six hours of language (Ecclesiastical Latin, 3+3=6), or: (Ecclesiastical Latin, 3) + (3 hours of another language) may be included within the program hours.

Schedule of Meeting Language Proficiency Requirements. All language prerequisites should be completed before entrance. If that is not possible, a student may be required to take a reduced load in order to meet these prerequisites. Language prerequisites must be met by the end of the third consecutive semester in the program (including summer). Students who fail to meet this schedule take no further regular course work until all the language prerequisites are met. Because of the amount of study and the length of time usually required in developing prerequisite-level skill in languages, the PhD-ThD Committee may require applicants to clear all the language prerequisites prior to admission.

In addition to these prerequisite language requirements, students in any of the six areas may be asked to study other languages. When warranted by the student's program, a language substitution may be made with the approval of the student's advisor and the director of the PhD Program.

Dissertation Committee and Comprehensive Examinations

- The student's dissertation committee is formed by a collaborative process involving the student, the department chair, the professors to serve on the committee, and the PhD director as described in the PhD Handbook.
- At the conclusion of the collaborative process the PhD/ThD committee appoints the student's dissertation.

Comprehensive Examinations

Students are required to pass five comprehensive examinations within a four-week period scheduled by the PhD/ThD office. Four of these examinations are set in the principal area of study and one in the cognate area.

- The regular course requirements of 48 credits or more must be completed before the student can sit for comprehensive examinations.
- The comprehensive examinations determine a student's proficiency in the major area of emphasis and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis.
- Students are expected to demonstrate greater proficiency in the major area of emphasis than in their cognate area.
- The student must submit to the PhD/ThD office the comprehensive exam application form and contracts for all comprehensive exams not less than 6 months prior to the date of the first exam. When the comprehensive exams have been successfully completed and the dissertation proposal has been approved by the PhD/ThD Committee, the student is formally advanced to candidacy by the PhD/ThD Committee.

Dissertation Proposal

The student may prepare his/her dissertation proposal by taking GSEM854 PhD-ThD Dissertation Proposal Seminar or by taking up to 3 dissertation credits during the coursework phase. In the case of the first option, the 3 credits of GSEM854 count toward dissertation credits.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology to be employed, a list of tentative chapter and subsection titles, and a preliminary bibliography.

If the dissertation proposal has not been approved by the PhD-ThD Committee by the time comprehensive examinations have been passed the student registers for GSEM844 (non-credit) until the proposal is approved.

Dissertation Preparation

After the dissertation proposal is approved and the student has passed the comprehensive examinations, he/she registers for GSEM 995 for 1–16 dissertation credits (1-13 credits if GSEM854 is taken) for up to six semesters. If the dissertation is not completed after all 16 dissertation credits have been taken, the candidate must register for GSEM 888 every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until the time limit has expired.

The dissertation prepared by the PhD candidate must

- Make an original contribution to scholarship.
- Demonstrate the candidate's competence to do independent research.
- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature.
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.
- Not exceed 100,000 words in content and footnotes, excluding bibliography.

Oral Defense of Dissertation

The oral defense of the dissertation normally cannot be made earlier than 12 months after passing the comprehensive examinations. The date is set and advertised by the director of the PhD-ThD programs.

At least six weeks before the time of the dissertation defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the doctoral committee. One of these persons, the "external examiner," is normally a scholar from another graduate institution.

The oral defense is conducted by the dissertation defense committee and is held no later than four weeks before the degree is conferred.

To pass the oral defense, the candidates must receive a vote of approval from at least four of the five examiners. The committee votes in one of the following ways:

- Acceptance of the dissertation as presented
- Acceptance of the dissertation subject to minor revisions
- Acceptance of the dissertation subject to major revisions
- Rejection of the dissertation.

Normally, rejection of a dissertation terminates the student's doctoral candidacy, but the PhD-ThD Committee may consider whether to allow him/her to prepare and submit another dissertation and what specific requirements would apply (including possible further course work and additional comprehensive examinations).

After the defense.

- The student makes all corrections.
- The deadline for dissertations to be submitted to the Dissertation Secretary with the signed approval page is no later than Wednesday, 10 days before graduation.

Strict adherence to this deadline is essential or graduation is postponed.

Applicants who have received a bachelor's or higher degree in the past 5 years from an institution where English is the medium of instruction are exempt from the requirement to take the TOEFL exam.

All international students applying to the PhD programs are required to have a language evaluation interview with the program director whether or not they are required to take the TOEFL exam. The content of this interview may include reading and listening comprehension components and writing and speaking components. The interview can be in person or via Skype if the applicant is not in the Berrien Springs area. A proctor will be involved in any reading and writing components of the interview.

Based on the results of the language evaluation interview the applicant may be required to take ESL courses to enhance their English language ability in one or more of the areas covered in the interview (reading, listening, speaking, writing).

For an iBT TOEFL score between 80 and 89 (equivalent to a paper based ITP TOEFL score between 550 and 574), the applicant is eligible to enter the Seminary ESL Bridge program in which the student takes two courses with ESL and one 3 credit course in the PhD program. This is counted as full time student status.

For iBT TOEFL scores below 80 (550 for ITP TOEFL) the applicant is ineligible for the Seminary ESL Bridge program.

For further details regarding the Bridge program and its policies see the ESL website.

- Complete and return the Sixteen Personality Factor Questionnaire.
- Have 15 prerequisite credits in the chosen area of concentration.
- Depending upon the applicant's academic background, the PhD-ThD Committee may also require proficiency examination(s) before granting admission to the doctoral program.
- Have completed GSEM 620 - Research Methods.

Time to Apply. Students who desire to enter the program in the autumn semester (the normal entry point), or, summer semester must submit all application materials to the Office of Graduate Admissions by December 15 of the preceding year. Students may also enter the program in the spring semester, in which case the application materials must all reach the Office of Graduate Admissions by June 15 of the preceding year.

The number of students who may enter the program in any given year is limited. Rarely is one accepted who applies late. Students whose applications are late may request consideration for admission in the following year.

Items to Submit. In addition to submitting the items required of all graduate students, applicants to the PhD-ThD programs must also submit

- A 300-word personal statement including their philosophical perspective, the relationship of their religious concerns and ethical values to their responsibilities as a teacher-scholar and leader in the church; an indication of what they hope to accomplish professionally in the future, and a topic for the dissertation if one has already been selected.
- A significant research paper (30-40 pages in length), normally written during MA or MDiv studies. The topic of this paper should coincide with the area of concentration. This paper should have the following characteristics:
 - A problem in the area of research is described that analyzes primary sources and engages the debate in the secondary literature
 - A clear thesis is stated

The case for the thesis is argued succinctly and logically, taking into account the discussion in the current secondary literature
Conclusions are presented clearly and convincingly
The paper is in good English prose without grammatical, syntactical or spelling errors

Dual Enrollment. Dual enrollment in undergraduate or other graduate degree programs is not allowed in the PhD in Religion Program.

Language Requirements. Applicants must demonstrate proficiency in specified foreign languages either by passing language proficiency examinations or by taking specified graduate level language courses at Andrews University and earning a grade of B or above. Languages listed as Prerequisite must be passed by examination or course work before the student is accepted into Regular Status. Languages listed as Required are taken as part of the area of concentration. The language requirements are listed below.

- Prerequisite: Advanced Greek (NTST 608 or NTST 696, or a passing score on the New Testament PhD Greek Entrance Exam, Intermediate Hebrew, French and German.

Schedule of Meeting Language Proficiency Requirements. All language prerequisites should be completed before entrance. If that is not possible, a student may be required to take a reduced load in order to meet these prerequisites. Language prerequisites must be met by the end of the third consecutive semester in the program (including summer). Students who fail to meet this schedule take no further regular course work until all the language prerequisites are met. Because of the amount of study and the length of time usually required in developing prerequisite-level skill in languages, the PhD-ThD Committee may require applicants to clear all the language prerequisites prior to admission.

In addition to these prerequisite language requirements, students in any of the six areas may be asked to study other languages. When warranted by the student's program, a language substitution may be made with the approval of the student's advisor and the director of the PhD Program.

Dissertation Committee and Comprehensive Examinations

- The student's dissertation committee is formed by a collaborative process involving the student, the department chair, the professors to serve on the committee, and the PhD director as described in the PhD Handbook.
- At the conclusion of the collaborative process the PhD/ThD committee appoints the student's dissertation.

Comprehensive Examinations

Students are required to pass five comprehensive examinations within a four-week period scheduled by the PhD/ThD office. Four of these examinations are set in the principal area of study and one in the cognate area.

- The regular course requirements of 48 credits or more must be completed before the student can sit for comprehensive examinations.
- The comprehensive examinations determine a student's proficiency in the major area of emphasis and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis.
- Students are expected to demonstrate greater proficiency in the major area of emphasis than in their cognate area.
- The student must submit to the PhD/ThD office the comprehensive exam application form and contracts for all comprehensive exams not less than 6 months prior to the date of the first exam. When the comprehensive exams have been successfully completed and the dissertation proposal has been approved by the PhD/ThD Committee, the student is formally advanced to candidacy by the PhD/ThD Committee.

Dissertation Proposal

The student may prepare his/her dissertation proposal by taking GSEM854 PhD-ThD Dissertation Proposal Seminar or by taking up to 3 dissertation credits during the coursework phase. In the case of the first option, the 3 credits of GSEM854 count toward dissertation credits.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology to be employed, a list of tentative chapter and subsection titles, and a preliminary bibliography.

If the dissertation proposal has not been approved by the PhD/ThD Committee by the time comprehensive examinations have been passed the student registers for GSEM844 (non-credit) until the proposal is approved.

Dissertation Preparation

After the dissertation proposal is approved and the student has passed the comprehensive examinations, he/she registers for GSEM 995 for 1–16 dissertation credits (1-13 credits if GSEM854 is taken) for up to six semesters. If the dissertation is not completed after all 16 dissertation credits have been taken, the candidate must register for GSEM 888 every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until the time limit has expired.

The dissertation prepared by the PhD candidate must

- Make an original contribution to scholarship.
- Demonstrate the candidate's competence to do independent research.
- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature.
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.
- Not exceed 100,000 words in content and footnotes, excluding bibliography.

Oral Defense of Dissertation

The oral defense of the dissertation normally cannot be made earlier than 12 months after passing the comprehensive examinations. The date is set and advertised by the director of the PhD-ThD programs.

At least six weeks before the time of the dissertation defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the doctoral committee. One of these persons, the "external examiner," is normally a scholar from another graduate institution.

The oral defense is conducted by the dissertation defense committee and is held no later than four weeks before the degree is conferred.

To pass the oral defense, the candidates must receive a vote of approval from at least four of the five examiners. The committee votes in one of the following ways:

- Acceptance of the dissertation as presented
- Acceptance of the dissertation subject to minor revisions
- Acceptance of the dissertation subject to major revisions
- Rejection of the dissertation.

Normally, rejection of a dissertation terminates the student's doctoral candidacy, but the PhD-ThD Committee may consider whether to allow him/her to prepare and submit another dissertation and what specific requirements would apply (including possible further course work and additional comprehensive examinations).

After the defense.

- The student makes all corrections.
- The deadline for dissertations to be submitted to the Dissertation Secretary with the signed approval page is no later than Wednesday, 10 days before graduation.

Strict adherence to this deadline is essential or graduation is postponed.

PhD: Religion

The PhD: Religion program builds on expertise and training developed in approved master's programs. It provides individuals equipped with skills and methods appropriate to genuine scholarship to do original and responsible research, and it promotes the proficient application of sound and valid principles of biblical interpretation and historical research. It seeks to acquaint students with the Judeo-Christian heritage and the findings of various branches of biblical scholarship and communicates the religious and ethical values of that heritage as found in Scripture and as understood by conservative Christians, in general, and the Seventh-day Adventist Church, in particular.

This degree is not earned by the mere accumulation of credits. It is conferred on those who demonstrate clearly and capably, in written and oral form, mature and independent research marked by discriminating analysis, careful evaluation of evidence and theories, and sound interpretation of available data. The PhD in Religion is granted only to those who give evidence that they have attained a distinctly superior level of expertise in their principal area of study and the supplementary cognate area. One who holds a PhD in Religion should possess the following competencies:

- Faithfulness to God and Scripture
- Mastery of content relevant to the chosen discipline
- Advanced research and writing capability in the chosen discipline
- Expertise in teaching and other forms of communication

Program Outcomes

- Articulate an integrated theology and philosophy of faithfulness to God and Scripture, objectivity in research, and integrity in relationships.
- Provide evidence of a broad understanding of the content area of the chosen major discipline and competency within the area of the minor discipline.
- Demonstrate ability to propose a delimited topic of original research, carry out the investigation under faculty mentorship, and produce a logical and coherent written report of the study.
- Write scholarly research, make a professional presentation and submit for publication.
- Display teaching ability appropriate for college and university settings.

Program Requirements

In order to fulfill the requirements for the PhD degree, students must

Dissertation 16

- GSEM 995 - PhD-ThD Dissertation Credits: 1 per semester

Residency and Other Requirements:

Residency.

Take at least two semesters of formal full-time study consecutively and in residence, registering each semester for no fewer than 8 credits. At least 33 credits (of the minimum 48) must be taken in residence.

Coursework Levels.

Take all course work at the Seminary on the 600-, 800-, and 900-levels; some non-seminary graduate courses may be approved by the student's doctoral committee in consultation with the director of the PhD Program. Take a minimum of 24 credits on the 800- and 900-levels.

Grade Point Average.

Achieve grades of B (3.00) or better and/or S. Only such grades are credited toward the degree requirements. No more than 15 credits in courses with an S grade may be applied to the program requirements. If the student falls below this minimum GPA, he/she is placed on probation and can regain regular standing only after having again reached the B (3.00) level. The matriculation of a student with grades below B may be terminated after review by the PhD-ThD Committee. A student who accumulates more than three grades of C or below (2.00 or below) is not allowed to continue in the doctoral program.

Full Course Load. The full-time load for regular course work is 8 to 12 credits per semester. Students with full-sponsorship are expected to take a full load of 12 credits per semester. On-campus students who are registered for GSEM 880, GSEM 844, GSEM 888 (non-credit courses) are counted as full-time students. Students who register for GSEM 995 are also counted as full-time students if the work is done on campus and they register for 16 credits in a maximum of six semesters.

Advanced Standing. Advanced standing may be considered for students having done post-MA or post-MDiv work in an approved institution if the work is appropriate to the program, carries grades of B or above, and was taken within six years of the students' first enrollment in the PhD Program. Credits earned towards the MA and MDiv degrees are not considered for advanced standing. The director of the PhD and ThD Programs determines the appropriateness, relevance, and currency of the work considered for advanced standing and authorizes such standing. In no case is the minimum residence requirement reduced.

Students may also enter the program in the spring, in which case the application materials must reach the Office of Graduate Admissions by June 15 of the preceding year.

The number of students who may enter the program in any given year is limited. Rarely is one accepted who applies late. Students whose applications are late may request consideration for admission in the following year.

Items to Submit. In addition to submitting the items required of all graduate students, applicants to the PhD-ThD programs must also submit

- A 300-word personal statement including their philosophical perspective, the relationship of their religious concerns and ethical values to their responsibilities as a teacher-scholar and leader in the church; an indication of what they hope to accomplish professionally in the future, and a topic for the dissertation if one has already been selected.
- A significant research paper (30-40 pages in length), normally written during MA or MDiv studies. The topic of this paper should coincide with the area of concentration. This paper should have the following characteristics:
 - A problem in the area of research is described that analyzes primary sources and engages the debate in the secondary literature
 - A clear thesis is stated
 - The case for the thesis is argued succinctly and logically, taking into account the discussion in the current secondary literature
 - Conclusions are presented clearly and convincingly
 - The paper is in good English prose without grammatical, syntactical or spelling errors

Dual Enrollment. Dual enrollment in undergraduate or other graduate degree programs is not allowed in the PhD in Religion Program.

Language Requirements. Applicants must demonstrate proficiency in specified foreign languages either by passing language proficiency examinations or by taking specified graduate level language courses at Andrews University and earning a grade of B or above. Languages listed as Prerequisite must be passed by examination or course work before the student is accepted into Regular Status. Languages listed as Required are taken as part of the area of concentration. The language requirements are listed below.

Prerequisite: Intermediate Old Testament Hebrew, Intermediate New Testament Greek, German and French.

Schedule of Meeting Language Proficiency Requirements. All language prerequisites should be completed before entrance. If that is not possible, a student may be required to take a reduced load in order to meet these prerequisites. Language prerequisites must be met by the end of the third consecutive semester in the program (including summer). Students who fail to meet this schedule take no further regular course work until all the language prerequisites are met. Because of the amount of study and the length of time usually required in developing prerequisite-level skill in languages, the PhD-ThD Committee may require applicants to clear all the language prerequisites prior to admission.

In addition to these prerequisite language requirements, students in any of the six areas may be asked to study other languages. When warranted by the student's program, a language substitution may be made with the approval of the student's advisor and the director of the PhD Program.

Dissertation Committee and Comprehensive Examinations

- The student's dissertation committee is formed by a collaborative process involving the student, the department chair, the professors to serve on the committee, and the PhD director as described in the PhD Handbook.
- At the conclusion of the collaborative process the PhD/ThD committee appoints the student's dissertation.

Comprehensive Examinations

Students are required to pass five comprehensive examinations within a four-week period scheduled by the PhD/ThD office. Four of these examinations are set in the principal area of study and one in the cognate area.

- The regular course requirements of 48 credits or more must be completed before the student can sit for comprehensive examinations.
- The comprehensive examinations determine a student's proficiency in the major area of emphasis and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis.
- Students are expected to demonstrate greater proficiency in the major area of emphasis than in their cognate area.
- The student must submit to the PhD/ThD office the comprehensive exam application form and contracts for all comprehensive exams not less than 6 months prior to the date of the first exam. When the comprehensive exams have been successfully completed and the dissertation proposal has been approved by the PhD/ThD Committee, the student is formally advanced to candidacy by the PhD/ThD Committee.

Dissertation Proposal

The student may prepare his/her dissertation proposal by taking GSEM854 PhD-ThD Dissertation Proposal Seminar or by taking up to 3 dissertation credits during the coursework phase. In the case of the first option, the 3 credits of GSEM854 count toward dissertation credits.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology to be employed, a list of tentative chapter and subsection titles, and a preliminary bibliography.

If the dissertation proposal has not been approved by the PhD/ThD Committee by the time comprehensive examinations have been passed the student registers for GSEM844 (non-credit) until the proposal is approved.

Dissertation Preparation

After the dissertation proposal is approved and the student has passed the comprehensive examinations, he/she registers for GSEM 995 for 1–16 dissertation credits (1-13 credits if GSEM854 is taken) for up to six semesters. If the dissertation is not completed after all 16 dissertation credits have been taken, the candidate must register for GSEM 888 every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until the time limit has expired.

The dissertation prepared by the PhD candidate must

- Make an original contribution to scholarship.

- Demonstrate the candidate's competence to do independent research.
- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature.
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.
- Not exceed 100,000 words in content and footnotes, excluding bibliography.

Oral Defense of Dissertation

The oral defense of the dissertation normally cannot be made earlier than 12 months after passing the comprehensive examinations. The date is set and advertised by the director of the PhD-ThD programs.

At least six weeks before the time of the dissertation defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the doctoral committee. One of these persons, the "external examiner," is normally a scholar from another graduate institution.

The oral defense is conducted by the dissertation defense committee and is held no later than four weeks before the degree is conferred.

To pass the oral defense, the candidates must receive a vote of approval from at least four of the five examiners. The committee votes in one of the following ways:

- Acceptance of the dissertation as presented
- Acceptance of the dissertation subject to minor revisions
- Acceptance of the dissertation subject to major revisions
- Rejection of the dissertation.

Normally, rejection of a dissertation terminates the student's doctoral candidacy, but the PhD-ThD Committee may consider whether to allow him/her to prepare and submit another dissertation and what specific requirements would apply (including possible further course work and additional comprehensive examinations).

After the defense.

- The student makes all corrections.
- The deadline for dissertations to be submitted to the Dissertation Secretary with the signed approval page is no later than Wednesday, 10 days before graduation.

Strict adherence to this deadline is essential or graduation is postponed.

For more detailed guidelines and scheduling see the PhD in Religion Handbook. A copy may be accessed online at: www.andrews.edu/sem/programs-degrees/phd/phd-handbook.pdf.

Time Limits. All degree requirements must be completed within ten years of first registration for Andrews University doctoral course work. All course work and the comprehensive examination must be completed within six years of first registration. The dissertation must be completed within five years after passing the comprehensive examination. (The student who takes six years to complete course work and pass the comprehensive exam will be allowed four years to complete the dissertation.)

If a break of enrollment occurs and the student is placed on inactive status, he/she must meet the requirements of a bulletin in effect after enrollment resumes.

Progression Through the Program

Course Plan. Upon acceptance into the program, the student is assigned an advisor by the director of the program. Normally within the first 16 credits of study the student and advisor prepare a course plan for completing the degree requirements. This course plan must be approved by the Religious Education Office.

Comprehensive Examination. Early in their program, students should obtain a copy of the *Comprehensive Examination Guidelines* from the Religious Education office.

All prerequisites and regular course requirements of 48 credits or more must be completed before the student sits for the comprehensive examination. The comprehensive examination consists of eight sections, one of which may be given in a takehome format, one of which may be a portfolio presentation, and six of which must be written in a supervised environment. The examination occurs on the dates published in the academic calendar for School of Education doctoral comprehensive examinations. See also the Seminary Calendar.

Formal application to take the comprehensive examination should be made by the beginning of the semester preceding the semester the student intends to take the examination.

For more detailed information regarding the comprehensive examination, see the *Religious Education Doctoral Handbook*.

Advancement to Candidacy. Students should apply for advancement to degree candidacy when they apply to take comprehensive examinations and after they have

- completed all prerequisites;
- removed any English language deficiency;
- completed all course requirements or are registered for them;
- removed all deferred grades, except in DSRE 878 - Advanced Scholarly and Professional Development and DSRE 950 - Synthesis in Religious Education.

The student is advanced to degree candidacy after passing the comprehensive examination.

Dissertation Committee. Before the student registers for EDRM 880 - Dissertation Proposal Development or GSEM 854 - PhD-ThD Dissertation Proposal Seminar, the student—in consultation with his/her advisor—selects a tentative dissertation topic. The program director, in consultation with the student and advisor then appoints a faculty member knowledgeable about the tentative topic to chair the student's dissertation committee. The student, the program director, and the doctoral committee chair collaborate in the selection of two other members to complete the student's dissertation committee. All three members of this dissertation committee must approve the proposal before it is presented to the Proposal Review Committee and the PhD/ThD committee. The appointment of the dissertation committee is subject to approval by the PhD/ThD committee, as are any changes to the committee.

At least six weeks before the dissertation defense, the director, in consultation with the dean of the Seminary, appoints an external examiner.

Dissertation Proposal. No later than the last semester of course work, students must submit to the PhD/ThD Committee a final proposal that is approved by their dissertation committee. Students defend their proposal before the Religious Education Doctoral Committee.

Two types of proposals are acceptable:

- A 10–15 page overview of the major elements of the dissertation.
- The first three chapters in tentative form.

Either format must include a clear statement of the problem, the research question/s, a preliminary survey of relevant literature, and the research methodology.

Dissertation Preparation. The dissertation prepared by the PhD candidate must

- Make an original contribution to scholarship
 - Demonstrate the candidate's competence for independent research
 - Reveal the candidate's familiarity with and proficiency in handling the relevant literature
 - Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.
- See the *Religious Education Doctoral Handbook* for more information on dissertation preparation.

Oral Defense of the Dissertation. The candidate must orally defend his/her dissertation. The defense date is set and announced by the director of the Religious Education Program at least two weeks before the defense. No defenses are scheduled during the final two weeks of a term or during the interim between semesters.

See the *Religious Education Doctoral Handbook* for more information on the oral defense of the dissertation.
