Supervised counseling psychology practicum experience in chosen emphasis must immediately follow completion of GDPC745. Students enroll for a total of 6 academic credits to be completed in two consecutive semesters. Clients will be selected that will provide the most experience with the student's chosen emphasis.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** GDPC 650 and GDPC 745 or equivalent and approval of the supervisor. Limited to students enrolled in the Counseling Psychology program.

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Practicum

**College Code:** CEIS

## GDPC 847 - Child/Family Advanced Emphasis Practicum

**Credits:** 3

Supervised counseling psychology practicum experience in chosen emphasis must immediately follow completion of GDPC745. Students enroll for a total of 6 academic credits to be completed in two consecutive semesters. Clients will be selected that will provide the most experience with the student's chosen emphasis.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** GDPC 650 and GDPC 745 or equivalent and approval of the supervisor. Limited to students enrolled in the Counseling Psychology program.

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Practicum

**College Code:** CEIS

## GDPC 848 - Diversity Advanced Emphasis Practicum

**Credits:** 3

Supervised counseling psychology practicum experience in chosen emphasis must immediately follow completion of GDPC745. Students enroll for a total of 6 academic credits to be completed in two consecutive semesters. Clients will be selected that will provide the most experience with the student's chosen emphasis.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** GDPC 650 and GDPC 745 or equivalent and approval of the supervisor. Limited to students enrolled in the Counseling Psychology program.

**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Practicum  
**College Code:** CEIS

### **GDPC 849 - Health Psychology Advanced Emphasis Practicum**

**Credits:** 3  
Supervised counseling psychology practicum experience in chosen emphasis must immediately follow completion of GDPC745. Students enroll for a total of 6 academic credits to be completed in two consecutive semesters.

**Course/Lab Fee:** Yes  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** GDPC 650 and GDPC 745 or equivalent and approval of the supervisor. Limited to students enrolled in the Counseling Psychology program.  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Practicum  
**College Code:** CEIS

### **GDPC 850 - Doctoral Field Externship**

**Credits:** 1-3  
Students desiring additional clinical experience may register for Field Externship to accumulate clinical hours. Each credit allows students to accumulate hours, of which 40% is direct service to clients. These hours must be completed outside of the ACCC.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Practicum  
**College Code:** CEIS

### **GDPC 870 - Comprehensive Exam Preparation**

**Credits:** 0  
This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CEIS

### **GDPC 878 - Doctoral Practicum Continuation**

**Credits:** 1  
Please see department for details

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Practicum  
**College Code:** CEIS

### **GDPC 899 - Doctoral Dissertation**

**Credits:** 1-16  
A minimum of 14 credits required. Rated as full-time student status. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CEIS

## **Special Education**

### **GDPC 627 - Instructional Design for Special Education**

**Credits:** 3  
This course will focus on the development of Specially Designed Instruction (SDI) for Children with Disabilities as required by IDEA (2004). SDI includes modification and accommodation to program content methodology and delivery.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### **GDPC 641 - Education of Students with Math Disabilities**

**Credits:** 3  
This course will focus on the development of competency in the implementation of evidence-based instructional strategies designed to teach mathematics. Emphasis will be placed on methods supported by research.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CEIS

### **GDPC 656 - Reading and Writing Assessment & Intervention**

**Credits:** 3  
This is an advanced course for diagnosis and remediation or prevention of reading and writing disabilities. Students will be trained on how to administer and interpret different reading and writing assessments that are used with K-12 students and to determine the correct evidence-based intervention through the analysis of data. Students are also required to register for SPED645 P06 which is the 50-hour practicum lab portion of this class (lab graded S/U). Lab fee required.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CEIS

## Mission

The School of Leadership develops a community of scholar practitioners who transform the power of knowledge into service. Its core values include community, service, integrated life and human dignity.

## Undergraduate Minors

### Leadership Minor

The leadership minor readies young leaders to positively impact teams, organizations, and movements. The leadership minor builds on the leadership certificate by diving deeper into the mechanics of leadership, learning to listen well and ask good questions, and creatively addressing complex problems within a team.

The leadership minor can be completed in 20 to 21 credit hours. The minor adds three courses to the foundation of the leadership certificate. As in the certificate, LEAD 101 is offered for 2 or 3 credits to give students flexibility in their

schedule, as well as allowing 3 credit students to delve into strengths identification, an integral component of the leadership program curriculum.

## Total Credits - 20-21

2-3 Credits of LEAD 101 - Fundamentals of Leadership **Credits: 2,3**

or

2-3 Credits of LEAD 301 - Leadership and Mentoring **Credits: 2,3**

LEAD 200 - Leadership Practicum **Credits: 0 \***

LEAD 220 - Creative Problem Solving **Credits: 3**

LEAD 310 - Theories of Leadership **Credits: 3**

LEAD 320 - Introduction to Coaching **Credits: 3**

LEAD 496 - Leadership Capstone **Credits: 1**

2 Credits of LEAD 498 - Leadership Change Project **Credits: 1-3**

## Leadership Electives - 6

Choose 6 credits of electives, which may include Diversity & Inclusion in Leadership, Creative Problem Solving, Theories of Leadership, Introduction to Coaching or other chosen electives from a list of approved cognates. The student must provide justification for its inclusion in their leadership certificate/minor.

**\*Note:** LEAD 200 is required every semester in the program (after completion of LEAD 101 or LEAD 301).

## Maintaining Academic Standing

The following standards are required for successful completion of the certificate program or minor.

### Academic Standards:

- Earn a minimum overall 2.25 GPA.
- Earn a minimum 2.5 GPA in certificate or minor program coursework.
- No course with a grade below C may count toward the certificate or minor program coursework.

### Citizenship Standards:

Program participants placed on suspension or Student Life probation in either of the following categories may be removed from the program:

- Citizenship Probation
- Co-curricular Probation

Failure to meet these standards results in possible removal from the program. Students may reapply.

## Awards and Ceremonies

Each recipient will be recognized in the following ways:

- A celebration ceremony focusing on the student's change project, leadership portfolio and leadership journey.
- The Randall Leadership Medallion, which the student may wear during graduation ceremonies.
- A Leadership Certificate with the Andrews University seal.
- Specific mention or annotation in the University commencement program.
- Notation of Leadership Certificate accomplishment included on transcripts.

## Student Learning Outcomes

Students in this program will:

- Identify and intentionally apply their personal strengths and values to solve problems.
- Identify, define, plan and execute a change project that applies good leadership theory.
- Explain the value and importance of defining and effectively implementing influence, creativity, ideas, knowledge, and skills in the service of God and humanity.
- Practice offering and accepting feedback graciously and responding to failure in order to grow and better understand and apply themselves and their experiences.
- Examine effective team components and processes.

- Apply core leadership theories to write a personal theory of leadership.
- Practice self-assessment and personal reflection, and systems assessment through journals and other evidence.

## Masters

### Educational Leadership MA

E-mail: leader@andrews.edu

The K-12 Educational Leadership master's program is an NCATE-accredited online program designed for post-baccalaureate participants who desire to obtain a degree in educational administration. NCATE is the leading accrediting body for K-12 educational preparation programs. The program was approved by the Higher Learning Commission in 2007 to be delivered on-line.

Those specifically served by this degree are the following:

- Teachers interested in transitioning into educational administration
- Principals of K-8, K-10, K-12 and 9-12 schools
- Aspiring educational leaders

Once accepted into this master's program, students must complete LEAD 630 - Introduction to Leadership where they will be introduced to the philosophy of educational leadership and review the standards that will guide their educational plan. The curriculum consists of a minimum of 34 credits beyond the baccalaureate degree. Many courses are offered as variable credits; therefore, candidates should consider their credit needs when planning their course work and when registering for these courses. There is no comprehensive exam or thesis requirement for the Masters degree program. Instead, there is a program portfolio requirement.

**Delivery:** This program is only offered online with interactive online asynchronous courses that have a few required synchronous sessions (see Global Campus definitions). The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. The program requires an intensive one-week summer orientation (LEAD 630).

### Total Credits - 34

- EDAL 520 - Foundations of Educational Leadership **Credits:** 2,3
- EDAL 560 - K-12 Law **Credits:** 3
- EDAL 565 - Leadership for Seventh-day Adventist Education **Credits:** 2,3
- EDAL 570 - Principles of Educational Supervision **Credits:** 2,3
- EDAL 635 - Human Resources Administration **Credits:** 2,3
- EDAL 645 - K-12 Educational Finance **Credits:** 2,3
- EDAL 663 - Elementary and Secondary School Leadership **Credits:** 2,3
- EDAL 670 - Technology for Leaders **Credits:** 1-3
- EDAL 680 - K-12 Internship: **Credits:** 1-12
- EDFN 500 - Philosophical Foundations for Professionals **Credits:** 2,3
- EDRM 505 - Research Methods **Credits:** 3
- LEAD 525 - Public Relations: Community Partnerships **Credits:** 2,3
- LEAD 630 - Introduction to Leadership **Credits:** 2
- 1 credit of LEAD 675 - Portfolio Development: (Topic)\_\_\_\_\_ **Credits:** 0-3

#### Choose one of the following courses:

- EDCI 547 - Foundations of Curriculum Studies **Credits:** 3
- EDCI 565 - Improving Instruction **Credits:** 2,3

#### Electives

Choose remaining credits from EDAL, EDCI, or LEAD in consultation with academic advisor to total 34.

### Additional Requirements

#### Internship Experience

The internship experience provides significant learning opportunities to synthesize and apply the knowledge and practice and to develop the skills identified in the standards. It requires substantial, sustained, standards-based work in a real setting, planned and guided cooperatively by the institution and school district personnel for graduate credit.

### Admission Requirements

Students who are applying for admission to the Educational Leadership MA program are not required to take the GRE. For those students who are seeking the GRE scholarship, the GRE must be taken. The amount of a potential scholarship is related to the score achieved on the GRE as follows:

GRE Score	Scholarship
320	50% tuition reduction
310	25% tuition reduction
300	10% tuition reduction

### Additional Information

#### Certification & Licensure

Certification and licensure requirements for private/public school administrators vary by state. It is the responsibility of prospective students to check with their own state or local authorities to determine what coursework meets the requirements for private/public school certification in their state.

**NAD Certification:** Those seeking to use this degree for North American Division certification purposes need to have an NAD professional teaching certificate which requires graduate work in two of the following areas: learning theory/style, curriculum, improvement of instruction, education of the exceptional student, trends and issues in education, and multicultural education. As such, those completing this master's degree and wanting NAD administrative endorsement will also need to take additional course work from the areas listed if they have not done so already.

### Student Learning Outcomes

Based on the program's 10 Guiding Standards, graduates will be able to:

- Collaboratively facilitate the development, articulation, implementation, and stewardship of a shared school vision of learning through the collection and use of data to identify school goals, assess organizational effectiveness, and implement school plans to achieve school goals; promote continual and sustainable school improvement; and evaluate school progress and revise school plans supported by school-based stakeholders.
- Sustain a school culture and instructional program conducive to student learning through collaboration, trust, and a personalized learning environment with high expectations for students; create and evaluate a comprehensive, rigorous and coherent curricular and instructional school program; develop and supervise the instructional and leadership capacity of school staff.
- Ensure the management of the school organization, operation, and resources through monitoring and evaluating the school management and operational systems; efficiently use human, fiscal, and technological resources in a school environment; promote and protect the welfare and safety of school students and staff developing school capacity for distributed leadership; and ensure that teacher and organizational time is focused to support high-quality instruction and student learning.
- Collaborate with faculty and community members, responding to diverse community interests and needs, and mobilizing community resources on behalf of the school by collecting and analyzing information pertinent to improvement of the school's educational environment; promote an understanding, appreciation, and use of the diverse cultural, social, and intellectual resources within the school community; build and sustain positive school relationships with families and caregivers; and cultivate productive school relationships with community partners.
- Act with integrity, fairness, and in an ethical manner to ensure a school system of accountability for every student's academic and social success by modeling school principles of self-awareness, reflective practice, transparency, and ethical behavior as related to their roles within the school; safeguard the values of democracy, equity, and diversity within the school; evaluate the potential moral and legal consequences of decision making in the school; and promote social justice within the school to ensure that individual student needs inform all aspects of schooling.
- Understand, respond to, and influence the larger political, social, economic, legal, and cultural context through advocating for school students, families, and caregivers; act to influence local, district, state, and national decisions affecting student learning in a school environment; and anticipate and assess emerging trends and initiatives in order to adapt school-based leadership strategies.

- Participate in a substantial and sustained educational leadership internship experience that has school-based field experiences and clinical internship practice within a school setting and is monitored by a qualified, on-site mentor.
- Understand and comprehensively apply technology to advance student achievement.
- Appreciate the perspectives of others and develop a personal philosophy from which action and service emerge.
- Understand and comprehensively apply research and evaluation for effective decision making.

## Higher Education Administration MA

The Higher Education Administration program seeks to empower diverse scholar-practitioners for service in national and international colleges and universities, committed to Christian values and high professional standards.

Higher Education is one of the fastest growing areas of education in the world today. Graduates at the master's level typically work in administrative and executive positions in student services such as enrollment, admissions, financial services, athletics and residence halls. The curriculum has an international focus that includes visiting international universities to interact with faculty and students of institutions in different countries around the world.

The MA program in Higher Education prepares students for entry-level and mid-management level positions at public and private colleges or universities and community colleges in different areas of student affairs, such as:

- Admissions and enrollment
- Financial services management
- Residence halls administration
- Religious and social activities coordination
- Athletic and recreation administration
- Health services
- International student services
- Other related areas

**Time Limit:** Participants must complete the requirements for the MA within four years from the beginning of the first semester of class work after acceptance into the program, irrespective of admission classification.

**Delivery:** This program is offered on the main campus and in an interactive online asynchronous format (see Global Campus Definitions). The interactive online degree does not require any on-campus time. Participants interact with each other and with instructors throughout all courses via an electronic management platform. The online program requires summer on-campus attendance in the first year. Students are also encouraged to come to campus for graduation.

### Total Credits - 36

EDAL 640 - Higher Education Law **Credits:** 3  
 EDAL 655 - Higher Education Finance **Credits:** 1-3  
 3 credits of EDAL 667 - Leadership in Higher Education **Credits:** 2,3  
 EDAL 674 - Administration of Student Services **Credits:** 3  
 EDAL 675 - College Student Development Theory **Credits:** 3  
 3 credits of EDFN 500 - Philosophical Foundations for Professionals **Credits:** 2,3  
 LEAD 630 - Introduction to Leadership **Credits:** 2  
 LEAD 644 - Leadership and Organizational Dynamics **Credits:** 3  
 LEAD 678 - Global Education Study Tour **Credits:** 3-6  
 2 credit of LEAD 689 - Seminar: (Topic)\_\_\_\_\_ **Credits:** 1-12  
 1 credit of LEAD 680 - Internship **Credits:** 1-12  
 or  
 EDAL 680 - K-12 Internship: **Credits:** 1-12

### Research - 4

EDRM 505 - Research Methods **Credits:** 3  
 1 credit of LEAD 535 - Principles of Academic Writing **Credits:** 1-3

### Electives

As needed, electives are chosen in consultation with academic advisor.

## Additional Requirements

- The degree programs require the completion of a portfolio that documents the participant's work. These portfolios require documentation that evidences a level of mastery appropriate to each degree and can be presented in person or via electronic media. The portfolio must be assessed and approved by a faculty committee. More details on portfolio requirements are provided in the introductory course, LEAD 630, required in all programs. There is no comprehensive exam or thesis requirement for the master's degree program. Instead, there is a program portfolio requirement.
- The curriculum consists of a minimum of 36 credits beyond the baccalaureate degree.
- Many courses are offered as variable credits; therefore, candidates should consider their credit needs when planning their course work and when registering for these courses.
- There is no thesis requirement for the master's degree program.

## Maintaining Active Status

Participants comply with registration guidelines by enrolling in a course at least one semester out of three consecutive semesters until their program is complete. If participants want to remain active and not register for regular course work they will need to register for EDAL 650 Program Continuation at least every third semester. This course has no credit but allows access to faculty advising and access to the Andrews University library. As an alternative to the above, a participant may request to go Inactive. When Active Status is desired, the participant may request reactivation and, if approved, pay the current Reactivation Fee.

## Admission Requirements

### Application Process

Applicants must meet School of Education (College of Education & International Services) admission requirements. Once accepted into this master's program, students must complete LEAD 630 - Introduction to Leadership as an introduction to the philosophy of leadership and review of the standards that will guide their educational plan.

## Graduate Record Examination (GRE)

Students who are applying for admission to the Higher Education Administration MA program are not required to take the GRE. For those students who are seeking the GRE scholarship, the GRE must be taken. The amount of a potential scholarship is related to the score achieved on the GRE as follows:

GRE Score	Scholarship
320	50% tuition reduction
310	25% tuition reduction
300	10% tuition reduction

## Student Learning Outcomes

The Higher Education Administration program is guided by a set of competencies that function as student learning outcomes.

### Competencies of the Program

Higher Education requires theoretical knowledge and practical application in the following core competencies:

**1. Self-Development Competencies:** This cluster of competencies focuses on the self-awareness, intellectual growth, and the personal and professional identity required for inspiring and supporting the development of college students.

- *Philosophical foundations*—Higher Education functions within the context of multiple perspectives and a personal belief system and worldview that influence their practice.
- *Ethics, values, and spirituality*—Higher Education functions from a set of principles and personal values that guide their work, promote healthy behavior, and influence decision making and their relationships with others.
- *Human development and career choice*—Higher Education is committed to continuous learning and personal development, articulating career choices based on assessment of interests, values, skills and abilities resulting from formal education, work experience, community service and volunteer experiences.

**2. Interpersonal Development Competencies:** This cluster of competencies focuses on the interpersonal aspects of Higher Education that promote growth and development of others and challenge students to learn and develop in holistic ways.

- *Effective communication and mentoring*—Higher Education fosters effective communication in all internal and external interactions, to establish and maintain cooperative relationships that are trust-centered, providing empowerment that results in personal and performance improvement toward satisfying mutual objectives.
- *Appreciating diversity*—Higher Education values one's own identity and culture and articulates the advantages and challenges of a diverse society, promoting multicultural awareness and positive regard for differences.
- *Social responsibility*—Higher Education is accountable to others and endeavors to see that family, community, and environmental needs are met in local and in global ways, as appropriate.

**3. Leadership and Organizational Development Competencies:** This cluster of competencies addresses the organizational aspects of Higher Education, focusing on the achievement of goals and programs that make colleges and universities an educational enterprise.

- *Resource development; human and financial*—Higher Education appropriately develops, allocates and manages human and financial resources for promoting change and fostering healthy and strategic outcomes.
- *Legal and policy issues*—Higher Education applies and understands the scope of a legal and policy structure appropriate for their field.
- *Organizational behavior, change, and culture*—Higher Education understands personal, group, and inter-group behaviors, and how they impact the organizational culture and shape the vision and strategy for facilitating the change process.

**4. Research Development Competency:** Research skills are necessary for engaging in organizational development, assessment and evaluation, and other Higher Education projects.

- *Conducting, evaluating and reporting research*—Higher Education understands the logic and processes of scientific inquiry, explains major research methodologies, formulates empirically-driven research problems, selects appropriate research designs, conducts basic data collection and analysis and adequately communicates research findings and implements the findings in the workplace.

## Leadership MA (Concentration Design)

The 36-credit Masters of Arts in Leadership helps individuals develop a leadership mindset and the complex skill-sets needed for leaders in communities and high-performance organizations engaged in today's fast-changing contexts of change. Designed around a distance-delivery model, this MA can be taken by on-campus participants as well as participants at a distance. It is intended to integrate well with other leadership programs in the department or university, and serves as a bridge to both the undergraduate leadership program and the doctoral leadership program.

The participants' program can be adapted to varying personal, organizational, or regional contexts. Recent college graduates transitioning into employment who want to further their leadership development as well as experienced employees who want to target specific areas of leadership for development will find the design of this program flexible to meet their leadership needs.

The overall goal of the MA Leadership program is to develop leaders with a strong sense of personal mission, the ability to work in teams, and experience in leading change that can provide better services and professional solutions in varied local, regional and global situations.

Participants work with their advisors to develop a personalized Leadership & Learning Plan (LLP) integrated with a schedule of courses. The "core + concentration" design allows individuals to work at their own pace to develop a specific set of competencies that are aligned with their area of concentration and specific areas of leadership development. The program requires 36 credits and the completion of a portfolio and research work.

### Program Delivery

The MA in Leadership is typically an interactive online asynchronous program unless it is offered as a cohort-based program in-person. The program is also offered on the main campus for students taking the Social Innovation and Higher Educational Leadership concentrations. The interactive online courses follow fixed enrollment with semester start and end dates (see Global Campus definitions). All participants interact with each other and the instructor throughout all courses. They are also part of a learning group which meets regularly for mutual support and accountability, and to engage in significant sharing and evaluation of learning related to competency development. The online program requires two-week on-campus attendance in the first year, and at least one week of on-campus attendance in subsequent years for the annual Leadership Conference and Roundtable and other planned learning events designed to support participants in specific areas of their program (e.g., research boot camps). These support events are often organized in connection with the Annual Conference. These two requirements may also be met by attending the orientation and annual conference remotely, as approved by the academic advisor. Students are also encouraged to come to campus for graduation.

## Total Credits - 36

### Core - 18

COMM 600 - Leadership Communication **Credits:** 2,3  
EDRM 505 - Research Methods **Credits:** 3  
LEAD 535 - Principles of Academic Writing **Credits:** 1-3  
LEAD 545 - Personal Narrative **Credits:** 1,2  
LEAD 600 - Annual Conference **Credits:** 0  
LEAD 605 - Learning Group **Credits:** 0  
LEAD 630 - Introduction to Leadership **Credits:** 2  
LEAD 635 - Leadership and Learning Plan **Credits:** 2-4  
LEAD 638 - Issues in Leadership Theory **Credits:** 2,3

### Choose from the following courses, as directed by your advisor:

EDFN 500 - Philosophical Foundations for Professionals **Credits:** 2,3  
LEAD 636 - Issues in Leadership Foundations **Credits:** 2,3  
LEAD 680 - Internship **Credits:** 1-12  
LEAD 696 - Leadership Capstone Experience **Credits:** 1,2  
LEAD 698 - MA Research Project **Credits:** 1-3  
LEAD 699 - Thesis **Credits:** 1-6

## Concentration - 18

Participants work with advisors to develop a course plan in one of the 18-credit concentrations:

## Leadership MA, Higher Educational Leadership Concentration

This Higher Education Concentration helps participants develop leadership in working with students and staff in post-secondary environments. In addition to the core requirements for the MA in Leadership (Concentration Design), this concentration requires 18 credits in the following areas:

### Concentration - 18

#### Choose 12 credits from the following:

EDAL 640 - Higher Education Law **Credits:** 3  
EDAL 655 - Higher Education Finance **Credits:** 1-3  
EDAL 667 - Leadership in Higher Education **Credits:** 2,3  
EDAL 674 - Administration of Student Services **Credits:** 3  
EDAL 675 - College Student Development Theory **Credits:** 3  
LEAD 678 - Global Education Study Tour **Credits:** 3-6

#### Choose 6 credits from the following:

LEAD 644 - Leadership and Organizational Dynamics **Credits:** 3  
LEAD 645 - Ethical Leadership & Organizational Integrity **Credits:** 1-3  
LEAD 647 - Creative Critical Thinking and Problem Solving **Credits:** 3  
LEAD 675 - Portfolio Development: (Topic)\_\_\_\_\_ **Credits:** 0-3

## Competencies

A learning community is maintained through the dynamic online courses in higher education and regular meetings with a learning group and an advisor. The participant is to focus their competency development on higher education projects and themes as they are documented in the portfolio.

## Additional Information

For further information, students may contact the coordinator of the Higher Education Administration program.

## Leadership MA, K-12 School Leadership

### Concentration

In addition to the core requirements for the MA in Leadership (concentration design), this concentration requires 18 credits in the following areas. The LLP is signed off by two faculty members and requires participants to show a plan to fulfill five of the 10 standards. This concentration is compatible with the requirements of the North American Division Seventh-day Adventist K-12 Administrator Certificate with endorsement as Principal. However, individuals should work with the union credential specialist to determine a plan that will best fulfill this certification. If approval by the Educational Leadership Consortium Council (ELCC) or the Michigan Department of Education is desired, please contact the director of the Educational Leadership programs for guidance: Dr. Janet Ledesma, jledesma@andrews.edu.

Those taking this concentration should select the Internship option below as their way to complete their research and portfolio options.

### Concentration - 18

This concentration allows the MA in Leadership participant to focus on leadership development in a K-12 school setting. This 18-credit concentration matches the Principalship Certificate (see the Educational Leadership section). The LLP is signed off by two faculty members and requires participants to show a plan to fulfill five of the 10 standards of the educational leadership program. Those in this program experience a learning community through online courses and the required participation in at least 7 online principalship webinars a year.

- EDAL 520 - Foundations of Educational Leadership **Credits:** 2,3
- EDAL 560 - K-12 Law **Credits:** 3
- EDAL 565 - Leadership for Seventh-day Adventist Education **Credits:** 2
- EDAL 570 - Principles of Educational Supervision **Credits:** 2,3
- EDAL 645 - K-12 Educational Finance **Credits:** 2,3
- EDAL 663 - Elementary and Secondary School Leadership **Credits:** 2,3
- EDAL 680 - K-12 Internship: **Credits:** 1-12
- EDCI 547 - Foundations of Curriculum Studies **Credits:** 3
- LEAD 675 - Portfolio Development: (Topic)\_\_\_\_\_ **Credits:** 0-3

## Educational Leadership Standards

- *Vision:* Facilitating the development, articulation, implementation, and stewardship of a school or district vision of learning that is shared and supported by the school community.
- *Instructional Culture:* Promoting a positive school culture, providing an effective instructional program, applying best practice to student learning, and designing comprehensive professional growth plans for staff.
- *Management and Administration:* Managing the organization, operations and resources in a way that promotes a safe, efficient and effective learning environment.
- *Community Collaboration:* Collaborating with families and other community members, responding to diverse community interests and needs, and mobilizing community resources.
- *Ethics:* Acting with integrity, fairness, and in an ethical manner.
- *Law and Politics:* Understanding, responding to, and influencing the larger political, social, economic, legal, and cultural context.
- *Technology:* Understanding and comprehensively applying technology to advance student achievement.
- *Worldview:* Appreciating the perspectives of others and developing a personal philosophy from which action and service emerge.
- *Research:* Understanding and comprehensively applying research and evaluation for effective decision making.
- *Internship:* Leadership is demonstrated in substantial, sustained, standards-based work in a real setting, planned and guided cooperatively by the institution and school personnel.

## Leadership MA, Organizational Leadership

### Concentration

This concentration allows MA in Leadership participants to gain expertise in organizational leadership and leadership development organizations. Those in this concentration participate in the dynamic learning environment of the Leadership program which focuses on organizational change leadership. It offers the participant a community of learning designed to foster authentic leadership. MA participants join and fully participate in a Leadership and Learning Group (LLG) which may consist of leaders from different organizational and even international settings. They attend the Annual Leadership Conference each year they are in the program. Those taking this concentration must select 5 of the 15 competencies of the Leadership Program, complete them at a satisfactory level (Level 3), and document them in a portfolio.

### Concentration - 18

**Choose 18 credits from the following:**

- LEAD 525 - Public Relations: Community Partnerships **Credits:** 2,3
- LEAD 625 - Research Writing Seminar **Credits:** 1,2
- LEAD 637 - Issues in Research **Credits:** 2,3
- LEAD 644 - Leadership and Organizational Dynamics **Credits:** 3
- LEAD 645 - Ethical Leadership & Organizational Integrity **Credits:** 1-3
- LEAD 647 - Creative Critical Thinking and Problem Solving **Credits:** 3
- LEAD 675 - Portfolio Development: (Topic)\_\_\_\_\_ **Credits:** 0-3
- LEAD 678 - Global Education Study Tour **Credits:** 3-6
- LEAD 689 - Seminar: (Topic)\_\_\_\_\_ **Credits:** 1-12

## Leadership MA, Social Innovation Concentration

This concentration allows MA in Leadership (36 credits) participants to gain expertise in leading social innovation towards collective impact. Through a network of community members, organizations, and institutions, participants will gain theory and practice in learning together, aligning, and integrating their actions to achieve community development and systems-level change. Through research, education, and experiential learning, the program is designed to strengthen the capacity of individuals and organizations to develop innovative solutions to complex problems in their local communities and across the globe. See [Leadership MA, Social Innovation Concentration webpage](#) for more information. *Participants choosing the Social Innovation concentration may apply for \$10,000 matching seed grants for their project.*

### Concentration - 18

- 3 credits of LEAD 628 - Creating Collective Impact **Credits:** 1-3
- 3 credits of LEAD 634 - Cultural Intelligence and Inclusive Leadership **Credits:** 1-3
- 3 credits of LEAD 639 - Introduction to Social Innovation **Credits:** 1-3
- 3 credits of LEAD 641 - Leading Social Innovation **Credits:** 1-3
- 3 credits of LEAD 642 - Ministry of Reconciliation through Social Innovation **Credits:** 1-3

**Choose one of the following courses:**

- CIDS 535 - Grant Writing **Credits:** 2
- LEAD 540 - Creativity and Innovation Workshop **Credits:** 1,2
- LEAD 647 - Creative Critical Thinking and Problem Solving **Credits:** 3
- MKTG 680 - Strategic Marketing Management **Credits:** 3

## Additional Requirements

### Portfolio Requirement

The MA in Leadership program requires the development, presentation and successful approval of a portfolio that documents leadership proficiency in a minimum of 5 competencies.

- Students must select competencies required in their concentration that align with the Leadership Program competencies. To facilitate portfolio development, participants must register for one or more of the following courses: EDAL 680, LEAD 680, LEAD 675, or LEAD 696.

## Student Learning Outcomes

The MA in Leadership requires documented theoretical knowledge, practical application, and reflection in a portfolio that selects from among the following core areas:

- Successful participants will demonstrate reflective praxis within their personal development as a leader. This may include areas such as worldview, ethics, values, & spirituality.
- Successful participants will demonstrate reflective praxis in developing interpersonal leadership. This may include areas such as communications, mentor/coaching, & social responsibility.
- Successful participants will demonstrate reflective praxis in developing their leadership within organization(s). This may include areas such as resource development, legal and policy issues, organizational development, creativity, innovation and change, & evaluation and assessment.
- Successful participants will demonstrate growth and maturity in leadership scholarship. This will include areas such as reading, understanding, and evaluating research as well as data collection and analysis.

## Leadership MA (Job Embedded Design)

The job-embedded 36-credit Masters of Arts in Leadership helps individuals in organizations develop a leadership mindset and the complex skill sets needed for leaders in communities and high-performance organizations engaged in today's fast-changing contexts of change. The participant's program can be adapted to varying personal, organizational, and/or regional contexts.

The overall goal of the MA Leadership program is to develop leaders with a strong sense of personal mission, the ability to work in teams, and experience in leading change that can provide better services and professional solutions in varied local, regional and global situations.

The job-embedded design is created with an official Andrews University partner organization to attract a cohort of professionals who want to work together to develop competencies useful for their organization or region. Competencies are developed and documented in a digital or hardcopy portfolio, and presented to a faculty panel.

### Program Delivery

This program is offered both as an interactive online asynchronous program and also as a job-embedded design which includes face-to-face delivery. The online courses typically follow fixed enrollment with semester start and end dates. Participants interact with each other and the instructors throughout the courses. They are also part of a learning group which meets regularly for mutual support and accountability, and to engage in significant sharing and evaluation of learning related to competency development. The program also requires on-campus attendance of a two-week orientation during the summer of their first year of coursework (LEAD 630 and LEAD600). In subsequent years, the online participants attend the on-campus annual Leadership Conference and Roundtable (LEAD 600, typically 3 days). Additionally, participants will have the option of attending other planned learning events designed to support them in specific areas of their program (e.g., research boot camps, innovation workshops, writing retreats, etc.) organized in connection with the Annual Conference. Students are invited to come to the Berrien Springs campus for graduation.

Participants in the job-embedded option usually work in a cohort model with face-to-face or online learning sessions. They work to develop and demonstrate 5-10 leadership competencies. They are required to:

- Create a Leadership and Learning Plan (LLP).
- Attend all the required program modules.
- Participate regularly and actively in a Learning Group.
- Maintain employment throughout the program.
- Complete the development and presentation of a portfolio based on the participant's LLP, documenting satisfactory completion of the required competencies.

### Off-Campus Locations

See approved off-campus location(s) for current programming. To discuss new partnerships, contact the Department of Leadership (leader@andrews.edu or 269-471-6580).

## Total Credits - 36

In consultation with their academic advisor, students will select courses from LEAD, EDAL, or other subject areas to help them meet their competencies.

## Additional Requirements

### Portfolio Requirement

The MA in Leadership program requires the development, presentation and successful approval of a portfolio that documents leadership proficiency in the programs' competencies.

## Student Learning Outcomes

The MA in Leadership requires documented theoretical knowledge, practical application, and reflection in a portfolio that selects from among the following core areas:

- Successful participants will demonstrate reflective praxis within their personal development as a leader. This may include areas such as worldview, ethics, values, & spirituality.
- Successful participants will demonstrate reflective praxis in developing interpersonal leadership. This may include areas such as communications, mentor/coaching, & social responsibility.
- Successful participants will demonstrate reflective praxis in developing their leadership within organization(s). This may include areas such as resource development, legal and policy issues, organizational development, creativity, innovation and change, & evaluation and assessment.
- Successful participants will demonstrate growth and maturity in leadership scholarship. This will include areas such as reading, understanding, and evaluating research as well as data collection and analysis.

## Post-Masters

## Educational Leadership EdD

The Educational Leadership EdD prepares students for professional careers in education as superintendents or elementary and secondary-school administrators. It also prepares leaders for service in many types of agencies and organizations.

Those specifically served by this degree are the following:

- Teachers with master's degrees interested in transitioning into educational administration and securing an additional degree while completing their NAD administration certification and endorsement
- Principals of K-8, K-10, K-12, and 9-12 schools
- Supervisors of instruction
- Superintendents of schools
- Those interested in teaching Educational Administration at the higher education level

**Delivery:** This program is only offered online with interactive online asynchronous courses that have a few required synchronous sessions (see Global Campus definitions). The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. The online program requires summer on-campus attendance in the first year. Students are also encouraged to come to campus for graduation.

## Total Credits - 60

- 2 credits of EDAL 660 - Planning and Operating Educational Facilities **Credits:** 2,3
- 3 credits of EDAL 886 - Advanced K-12 Internship **Credits:** 1-12
- EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits:** 3
- EDRM 611 - Applied Statistical Methods I **Credits:** 3
- EDRM 636 - Program Evaluation **Credits:** 3
- EDRM 712 - Applied Statistical Methods II **Credits:** 3
- 2 credits of LEAD 535 - Principles of Academic Writing **Credits:** 1-3
- LEAD 630 - Introduction to Leadership **Credits:** 2
- 2 credits of LEAD 637 - Issues in Research **Credits:** 2,3
- 1 credit of LEAD 645 - Ethical Leadership & Organizational Integrity **Credits:** 1-3
- 1 credit of LEAD 775 - Advanced Portfolio Development: (Topic)\_\_\_\_\_ **Credits:** 1-12
- LEAD 778 - Global Education Study Tour **Credits:** 3-6

## Dissertation - 16

LEAD 880 - Dissertation Proposal Development **Credits:** 2

14 credits of LEAD 899 - Doctoral Dissertation **Credits:** 1-14

## Cognates - 13

In consultation with academic advisor, choose 13 credits from outside Educational Administration, such as Business, Communication, Social Work, Psychology, Curriculum, Leadership, and/or Research.

## Additional Requirements

- Candidates must complete LEAD 630 - Introduction to Leadership as an introduction to the philosophy of leadership and review of the standards that will guide their educational plan.
- The curriculum requires the completion of a portfolio and a dissertation.
- The portfolio serves as a component of the doctoral comprehensive examination.
- Beginning the semester after registering for LEAD 880 - Dissertation Proposal Development, candidates must register for at least 1 dissertation credit during each semester until their dissertation is successfully defended.
- Many courses are offered as variable credits; therefore, candidates should consider their credit needs when planning their course work and registering for courses.
- The Doctor of Education EdD program requires the submission of a research based article to a peer-reviewed publication.

## Admission Requirements

An Educational Leadership MA degree or equivalent is required for admission. Previous doctoral degree(s), post-masters' academic work, especially research courses, documented competencies, and leadership skills and knowledge advantage these applicants in fulfilling program objectives that may be used toward degree requirements. GRE scores are not required for admission. However, an applicant may choose to take the GRE test and submit scores to Andrews University for consideration in potential scholarship awards.

## Student Learning Outcomes

Based on the program's 10 Guiding Standards, graduates will be able to:

- Collaboratively facilitate the development, articulation, implementation, and stewardship of a shared school vision of learning through the collection and use of data to identify school goals, assess organizational effectiveness, and implement school plans to achieve school goals; promote continual and sustainable school improvement; and evaluate school progress and revise school plans supported by school-based stakeholders.
- Sustain a school culture and instructional program conducive to student learning through collaboration, trust, and a personalized learning environment with high expectations for students; create and evaluate a comprehensive, rigorous and coherent curricular and instructional school program; develop and supervise the instructional and leadership capacity of school staff.
- Ensure the management of the school organization, operation, and resources through monitoring and evaluating the school management and operational systems; efficiently use human, fiscal, and technological resources in a school environment; promote and protect the welfare and safety of school students and staff developing school capacity for distributed leadership; and ensure that teacher and organizational time is focused to support high-quality instruction and student learning.
- Collaborate with faculty and community members, responding to diverse community interests and needs, and mobilizing community resources on behalf of the school by collecting and analyzing information pertinent to improvement of the school's educational environment; promote an understanding, appreciation, and use of the diverse cultural, social, and intellectual resources within the school community; build and sustain positive school relationships with families and caregivers; and cultivate productive school relationships with community partners.
- Act with integrity, fairness, and in an ethical manner to ensure a school system of accountability for every student's academic and social success by modeling school principles of self-awareness, reflective practice, transparency, and ethical behavior as related to their roles within the school; safeguard the values of democracy, equity, and diversity within the school; evaluate the potential moral and legal consequences of decision making in

the school; and promote social justice within the school to ensure that individual student needs inform all aspects of schooling.

- Understand, respond to, and influence the larger political, social, economic, legal, and cultural context through advocating for school students, families, and caregivers; act to influence local, district, state, and national decisions affecting student learning in a school environment; and anticipate and assess emerging trends and initiatives in order to adapt school-based leadership strategies.
- Participate in a substantial and sustained educational leadership internship experience that has school-based field experiences and clinical internship practice within a school setting and is monitored by a qualified, on-site mentor.
- Understand and comprehensively apply technology to advance student achievement.
- Appreciate the perspectives of others and develop a personal philosophy from which action and service emerge.
- Understand and comprehensively apply research and evaluation for effective decision making.

## Educational Leadership EdS

- The Educational Leadership Educational Specialist degree program prepares candidates to serve as principals, supervisors, or superintendents in elementary and/or secondary systems. Those specifically served by this degree are the following:
- Teachers with master's degrees interested in transitioning into educational administration and securing an additional degree while completing their NAD administration certification or endorsement
- Principals of K-8, K-10, K-12, and 9-12 schools
- Supervisors of instruction
- Superintendents of schools

**Delivery:** This program is offered online with interactive online asynchronous courses that have a few required synchronous sessions (see Global Campus Definitions). The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. The online program requires summer on-campus or online attendance in the first year. Students are also encouraged to come to campus for graduation.

## Total Credits - 64

2 credits of EDAL 520 - Foundations of Educational Leadership **Credits:** 2,3

EDAL 560 - K-12 Law **Credits:** 3

EDAL 565 - Leadership for Seventh-day Adventist Education **Credits:** 2

2 credits of EDAL 570 - Principles of Educational Supervision **Credits:** 2,3

2 credits of EDAL 635 - Human Resources Administration **Credits:** 2,3

2 credits of EDAL 645 - K-12 Educational Finance **Credits:** 2,3

2 credits of EDAL 660 - Planning and Operating Educational Facilities **Credits:** 2,3

EDAL 670 - Technology for Leaders **Credits:** 1-3

2 credits of LEAD 637 - Issues in Research **Credits:** 2,3

1 credit of LEAD 645 - Ethical Leadership & Organizational Integrity **Credits:** 1-3

1-3 credits of LEAD 775 - Advanced Portfolio Development: (Topic)\_\_\_\_\_ **Credits:** 1-12

2 credits of EDAL 663 - Elementary and Secondary School Leadership **Credits:** 2,3

### Choose one of the following courses:

EDCI 547 - Foundations of Curriculum Studies **Credits:** 3

2 credits of EDCI 565 - Improving Instruction **Credits:** 2,3

### Electives

As needed, choose in consultation with your advisor.

## Cognates

In consultation with academic advisor, choose 9 credits from outside Educational Administration, such as Business, Communication, Social Work, Psychology, Curriculum, Leadership, Research, or transfer credits.

## Additional Requirements

- At least 24 semester credits must be completed after admission to the EdS program.
- Candidates must complete LEAD 630 - Introduction to Leadership which is an introduction to the philosophy of leadership and review of the standards that will guide their educational plan.
- The curriculum consists of a minimum of 64 credits beyond the baccalaureate degree and requires the completion of both an internship and a portfolio.
- Many courses are offered as variable credits; therefore, candidates should consider their credit needs when planning their course work and registering for courses.
- The portfolio serves as a component of the EdS comprehensive examination.
- There is no thesis requirement for the EdS degree program.

## Admission Requirements

GRE scores are not required for admission. However, an applicant may choose to take the GRE test and submit scores to Andrews University for consideration in potential scholarship awards.

## Student Learning Outcomes

Based on the program's 10 Guiding Standards, graduates will be able to:

- Collaboratively facilitate the development, articulation, implementation, and stewardship of a shared school vision of learning through the collection and use of data to identify school goals, assess organizational effectiveness, and implement school plans to achieve school goals; promote continual and sustainable school improvement; and evaluate school progress and revise school plans supported by school-based stakeholders.
- Sustain a school culture and instructional program conducive to student learning through collaboration, trust, and a personalized learning environment with high expectations for students; create and evaluate a comprehensive, rigorous and coherent curricular and instructional school program; develop and supervise the instructional and leadership capacity of school staff.
- Ensure the management of the school organization, operation, and resources through monitoring and evaluating the school management and operational systems; efficiently use human, fiscal, and technological resources in a school environment; promote and protect the welfare and safety of school students and staff developing school capacity for distributed leadership; and ensure that teacher and organizational time is focused to support high-quality instruction and student learning.
- Collaborate with faculty and community members, responding to diverse community interests and needs, and mobilizing community resources on behalf of the school by collecting and analyzing information pertinent to improvement of the school's educational environment; promote an understanding, appreciation, and use of the diverse cultural, social, and intellectual resources within the school community; build and sustain positive school relationships with families and caregivers; and cultivate productive school relationships with community partners.
- Act with integrity, fairness, and in an ethical manner to ensure a school system of accountability for every student's academic and social success by modeling school principles of self-awareness, reflective practice, transparency, and ethical behavior as related to their roles within the school; safeguard the values of democracy, equity, and diversity within the school; evaluate the potential moral and legal consequences of decision making in the school; and promote social justice within the school to ensure that individual student needs inform all aspects of schooling.
- Understand, respond to, and influence the larger political, social, economic, legal, and cultural context through advocating for school students, families, and caregivers; act to influence local, district, state, and national decisions affecting student learning in a school environment; and anticipate and assess emerging trends and initiatives in order to adapt school-based leadership strategies.
- Participate in a substantial and sustained educational leadership internship experience that has school-based field experiences and clinical internship

practice within a school setting and is monitored by a qualified, on-site mentor.

- Understand and comprehensively apply technology to advance student achievement.
- Appreciate the perspectives of others and develop a personal philosophy from which action and service emerge.
- Understand and comprehensively apply research and evaluation for effective decision making.

## Educational Leadership PhD

The doctoral program in Educational Leadership prepares participants for professional careers in education as superintendents or elementary and secondary-school administrators. The program also prepares leaders for service in many types of agencies and organizations. The PhD degree is more research-oriented than the EdD degree and requires more courses in advanced research methodologies.

Those specifically served by this degree are the following:

- Teachers with master's degrees interested in transitioning into educational administration and securing an additional degree while completing their NAD administration certification and endorsement.
- Principals of K-8, K-10, K-12, and 9-12 schools
- Supervisors of instruction
- Superintendents of schools
- Those interested in teaching Educational Administration at the higher education level

**Delivery:** This program is offered online with interactive online asynchronous courses that have a few required synchronous sessions (see Global Campus definitions). The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. The online program requires summer on-campus attendance in the first year. That requirement may also be met by attending the orientation week in a remote format, as approved by the academic advisor. Students are also encouraged to come to campus for graduation.

- Understand and comprehensively apply technology to advance student achievement.
- Appreciate the perspectives of others and develop a personal philosophy from which action and service emerge.
- Understand and comprehensively apply research and evaluation for effective decision making.

## Higher Education Administration EdD

The Higher Education Administration program seeks to empower diverse scholar-practitioners for service in national and international colleges and universities, committed to Christian values and high professional standards.

Higher Education is one of the fastest growing areas of education in the world today. The program serves those who wish to pursue careers and academic positions in teaching, administration and research in colleges and universities, as well as corporate training or policy making positions at the private and state level. The curriculum has an international focus that includes visiting international universities to interact with faculty and students of institutions in different countries around the world.

Graduates typically work in the following professional areas:

- Research
- Teaching
- Policy leadership
- College administration at all levels
- Community college leadership and management
- Student personnel administration
- Corporate and post-secondary policy analysis

**Time Limit:** Participants must complete the requirements for the EdD within seven years from the beginning of the first semester of class work after acceptance into the doctoral program, irrespective of admission classification.

**Delivery:** This program is offered on the main campus and in an interactive online asynchronous format (see Global Campus Definitions) with minimal face-to-face requirements. Participants interact with each other and with instructors throughout all courses via an electronic management platform. The online program requires summer on-campus attendance in the first year. Students are also encouraged to come to campus for graduation.

## Total Credits - 60

EDAL 640 - Higher Education Law **Credits:** 3  
EDAL 655 - Higher Education Finance **Credits:** 1-3  
EDAL 667 - Leadership in Higher Education **Credits:** 2,3  
EDAL 674 - Administration of Student Services **Credits:** 3  
EDAL 675 - College Student Development Theory **Credits:** 3  
EDAL 676 - Administration of Academic Services **Credits:** 3  
3 credits of EDFN 500 - Philosophical Foundations for Professionals **Credits:** 2,3  
LEAD 600 - Annual Conference **Credits:** 0  
LEAD 630 - Introduction to Leadership **Credits:** 2  
6 credits of LEAD 778 - Global Education Study Tour **Credits:** 3-6  
2 credits of LEAD 789 - Advanced Seminar: (Topic)\_\_\_\_\_ **Credits:** 1-12  
1 credit of LEAD 886 - Advanced Internship **Credits:** 1-12

### Research & Dissertation - 28

EDRM 505 - Research Methods **Credits:** 3  
EDRM 611 - Applied Statistical Methods I **Credits:** 3  
EDRM 636 - Program Evaluation **Credits:** 3  
1 credit of LEAD 535 - Principles of Academic Writing **Credits:** 1-3  
2 credits of LEAD 637 - Issues in Research **Credits:** 2,3

14 credits of LEAD 899 - Doctoral Dissertation **Credits:** 1-14

### Recommended Electives

Electives may be chosen, as needed, in consultation with academic advisor.

EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits:** 3  
EDRM 713 - Applied Statistical Methods III **Credits:** 3

## Additional Requirements

- The degree program requires the completion of a portfolio that documents the participant's work. The portfolio requires documentation that evidences a level of mastery appropriate to the degree and can be presented in person or via electronic media. The portfolio must be assessed and approved by a faculty committee. More details on portfolio requirements are provided in the introductory course, LEAD 630, required in all programs. The portfolio serves as a component of the doctoral comprehensive examination.
- Successful completion of a dissertation is required.
- Beginning the semester after registering for LEAD880, candidates must register for at least 1 dissertation credit during each semester until their dissertation is successfully defended.
- Many courses are offered as variable credits; therefore, candidates should consider their credit needs when planning their course work and registering for courses.
- Submission of a research-based article to a peer-reviewed publication is required.

## Maintaining Active Status

Participants comply with registration guidelines by enrolling in a course at least one semester out of three consecutive semesters until their program is complete. If participants want to remain active and not register for regular course work they will need to register for EDAL 650 Program Continuation at least every third semester. This course has no credit but allows access to faculty advising and access to the Andrews University library. As an alternative to the above, a participant may request to go Inactive. When Active Status is desired, the participant may request reactivation and, if approved, pay the current Reactivation Fee.

## Admission Requirements

- Applicants must meet School of Education (College of Education & International Services) admission requirements for doctoral programs. If they have not previously taken the courses, candidates must complete LEAD 630 - Introduction to Leadership and LEAD 600 - Annual Conference as an introduction to the philosophy of leadership and review of the standards that will guide their educational plan.
- Previous doctoral degree(s), post-masters' academic work, especially research courses, documented competencies, and leadership skills and knowledge advantage these applicants in fulfilling program objectives that may be used toward degree requirements.
- GRE scores are not required for admission. However, an applicant may choose to take the GRE test and submit scores to Andrews University for consideration in potential scholarship awards.

## Student Learning Outcomes

The Higher Education Administration program is guided by a set of competencies that function as student learning outcomes.

### Competencies of the Program

Higher Education requires theoretical knowledge and practical application in the following core competencies:

1. **Self-Development Competencies:** This cluster of competencies focuses on the self-awareness, intellectual growth, and the personal and professional identity required for inspiring and supporting the development of college students.
  - *Philosophical foundations*—Higher Education functions within the context of multiple perspectives and a personal belief system and worldview that influence their practice.
  - *Ethics, values, and spirituality*—Higher Education functions from a set of principles and personal values that guide their work, promote healthy behavior, and influence decision making and their relationships with others.
  - *Human development and career choice*—Higher Education is committed to continuous learning and personal development, articulating career choices based on assessment of interests, values, skills and abilities resulting from formal education, work experience, community service and volunteer experiences.
2. **Interpersonal Development Competencies:** This cluster of competencies focuses on the interpersonal aspects of Higher Education that promote growth and

development of others and challenge students to learn and develop in holistic ways.

- *Effective communication and mentoring*—Higher Education fosters effective communication in all internal and external interactions, to establish and maintain cooperative relationships that are trust-centered, providing empowerment that results in personal and performance improvement toward satisfying mutual objectives.
- *Appreciating diversity*—Higher Education values one's own identity and culture and articulates the advantages and challenges of a diverse society, promoting multicultural awareness and positive regard for differences.
- *Social responsibility*—Higher Education is accountable to others and endeavors to see that family, community, and environmental needs are met in local and in global ways, as appropriate.

3. **Leadership and Organizational Development Competencies:** This cluster of competencies addresses the organizational aspects of Higher Education, focusing on the achievement of goals and programs that make colleges and universities an educational enterprise.

- *Resource development; human and financial*—Higher Education appropriately develops, allocates and manages human and financial resources for promoting change and fostering healthy and strategic outcomes.
- *Legal and policy issues*—Higher Education applies and understands the scope of a legal and policy structure appropriate for their field.
- *Organizational behavior, change, and culture*—Higher Education understands personal, group, and inter-group behaviors, and how they impact the organizational culture and shape the vision and strategy for facilitating the change process.

4. **Research Development Competency:** Research skills are necessary for engaging in organizational development, assessment and evaluation, and other Higher Education projects.

- *Conducting, evaluating and reporting research*—Higher Education understands the logic and processes of scientific inquiry, explains major research methodologies, formulates empirically-driven research problems, selects appropriate research designs, conducts basic data collection and analysis and adequately communicates research findings and implements the findings in the workplace.

## Higher Education Administration EdS

The Higher Education Administration program seeks to empower diverse scholar-practitioners for service in national and international colleges and universities, committed to Christian values and high professional standards.

Higher Education is one of the fastest growing areas of education in the world today. Graduates of this program typically work in administrative and executive positions in student services such as enrollment, admissions, financial services, athletics and residence halls. The curriculum has an international focus that includes visiting international universities to interact with faculty and students of institutions in different countries around the world.

The Educational Specialist program in Higher Education provides advanced graduate education and training of high quality midlevel administrators for postsecondary institutions. It prepares professionals seeking administrative advancement and service to local institutions of higher education. This degree is appropriate for positions such as:

- Deans and assistant deans
- Assistant to the president
- Director and in-service directors
- Department chairperson in selected areas
- Program manager

**Time Limit:** Participants must complete the requirements for the EdS degree within six years from the beginning of the first semester of class work after acceptance into the program, irrespective of admission classification.

**Delivery:** This program is offered on the main campus and in an interactive online asynchronous format (see Global Campus Definitions) with minimal face-to-face

requirements. Participants interact with each other and with instructors throughout all courses via an electronic management platform. The online program requires summer on-campus attendance in the first year. Students are also encouraged to come to campus for graduation.

## Total Credits - 45

- 3 credits of EDFN 500 - Philosophical Foundations for Professionals **Credits:** 2,3
- EDAL 640 - Higher Education Law **Credits:** 3
- EDAL 655 - Higher Education Finance **Credits:** 1-3
- 3 credits of EDAL 667 - Leadership in Higher Education **Credits:** 2,3
- EDAL 674 - Administration of Student Services **Credits:** 3
- EDAL 675 - College Student Development Theory **Credits:** 3
- EDAL 676 - Administration of Academic Services **Credits:** 3
- LEAD 630 - Introduction to Leadership **Credits:** 2
- LEAD 644 - Leadership and Organizational Dynamics **Credits:** 3
- LEAD 778 - Global Education Study Tour **Credits:** 3-6
- LEAD 789 - Advanced Seminar: (Topic)\_\_\_\_\_ **Credits:** 1-12
- 1 credit of LEAD 886 - Advanced Internship **Credits:** 1-12

### Research - 10

- EDRM 505 - Research Methods **Credits:** 3
- EDRM 611 - Applied Statistical Methods I **Credits:** 3
- 1 credit of LEAD 535 - Principles of Academic Writing **Credits:** 1-3
- 3 credits of LEAD 637 - Issues in Research **Credits:** 2,3

### Electives

As needed, electives are chosen in consultation with academic advisor.

## Additional Requirements

- The degree program requires the completion of a portfolio that documents the participant's work. The portfolio requires documentation that evidences a level of mastery appropriate to the degree and can be presented in person or via electronic media. The portfolio must be assessed and approved by a faculty committee. More details on portfolio requirements are provided in the introductory course, LEAD 630, required in all programs. The portfolio serves as a component of the comprehensive examination.
- Many courses are offered as variable credits; therefore, candidates should consider their credit needs when planning their course work and registering for courses.

## Maintaining Active Status

Participants comply with registration guidelines by enrolling in a course at least one semester out of three consecutive semesters until their program is complete. If participants want to remain active and not register for regular course work they will need to register for EDAL 650 Program Continuation at least every third semester. This course has no credit but allows access to faculty advising and access to the Andrews University library. As an alternative to the above, a participant may request to go Inactive. When Active Status is desired, the participant may request reactivation and, if approved, pay the current Reactivation Fee.

## Admission Requirements

Applicants must meet School of Education (College of Education & International Services) admission requirements for doctoral programs. If they have not previously taken the course, candidates must complete LEAD 630 - Introduction to Leadership as an introduction to the philosophy of leadership and review of the standards that will guide their educational plan. GRE scores are not required for admission. However, an applicant may choose to take the GRE test and submit scores to Andrews University for consideration in potential scholarship awards.

## Student Learning Outcomes

The Higher Education Administration program is guided by a set of competencies that function as student learning outcomes.

### Competencies of the Program

**1. Self-Development Competencies:** This cluster of competencies focuses on the self-awareness, intellectual growth, and the personal and professional identity required for inspiring and supporting the development of college students.

- Philosophical foundations**—Higher Education functions within the context of multiple perspectives and a personal belief system and worldview that influence their practice.

- Ethics, values, and spirituality**—Higher Education functions from a set of principles and personal values that guide their work, promote healthy behavior, and influence decision making and their relationships with others.
- Human development and career choice**—Higher Education is committed to continuous learning and personal development, articulating career choices based on assessment of interests, values, skills and abilities resulting from formal education, work experience, community service and volunteer experiences.

**2. Interpersonal Development Competencies:** This cluster of competencies focuses on the interpersonal aspects of Higher Education that promote growth and development of others and challenge students to learn and develop in holistic ways.

- Effective communication and mentoring**—Higher Education fosters effective communication in all internal and external interactions, to establish and maintain cooperative relationships that are trust-centered, providing empowerment that results in personal and performance improvement toward satisfying mutual objectives.
- Appreciating diversity**—Higher Education values one's own identity and culture and articulates the advantages and challenges of a diverse society, promoting multicultural awareness and positive regard for differences.
- Social responsibility**—Higher Education is accountable to others and endeavors to see that family, community, and environmental needs are met in local and in global ways, as appropriate.

**3. Leadership and Organizational Development Competencies:** This cluster of competencies addresses the organizational aspects of Higher Education, focusing on the achievement of goals and programs that make colleges and universities an educational enterprise.

- Resource development; human and financial**—Higher Education appropriately develops, allocates and manages human and financial resources for promoting change and fostering healthy and strategic outcomes.
- Legal and policy issues**—Higher Education applies and understands the scope of a legal and policy structure appropriate for their field.
- Organizational behavior, change, and culture**—Higher Education understands personal, group, and inter-group behaviors, and how they impact the organizational culture and shape the vision and strategy for facilitating the change process.

**4. Research Development Competency:** Research skills are necessary for engaging in organizational development, assessment and evaluation, and other Higher Education projects.

- Conducting, evaluating and reporting research**—Higher Education understands the logic and processes of scientific inquiry, explains major research methodologies, formulates empirically-driven research problems, selects appropriate research designs, conducts basic data collection and analysis and adequately communicates research findings and implements the findings in the workplace.

## Higher Education Administration PhD

The Higher Education Administration program seeks to empower diverse scholar-practitioners for service in national and international colleges and universities, committed to Christian values and high professional standards.

Higher Education is one of the fastest growing areas of education in the world today. Graduates at the master level typically work in administrative and executive positions in student services such as enrollment, admissions, financial services, athletics and residence halls. At the doctoral level, the program serves those who wish to pursue careers and academic positions in teaching and research in colleges and universities, as well as corporate training or policy making positions at the private and state level. The curriculum has an international focus that includes visiting international universities to interact with faculty and students of institutions in different countries around the world.

The doctoral program in Higher Education is designed to prepare experienced practitioners for senior administrative and policy-making positions. The PhD degree is research oriented and requires courses in advanced research methodologies. The submission of a research-based article to a peer-reviewed publication is required. Graduates typically work in the following professional areas:

- Research
- Teaching
- Policy leadership
- College administration at all levels
- Community college leadership and management
- Student personnel administration
- Corporate and post-secondary policy analysis

**Time Limit:** Participants must complete the requirements for the PhD within seven years from the beginning of the first semester of class work after acceptance into the doctoral program, irrespective of admission classification.

**Delivery:** This program is offered on the main campus and in an interactive online asynchronous format (see Global Campus Definitions) with minimal face-to-face requirements. Participants interact with each other and with instructors throughout all courses via an electronic management platform. The online program requires summer on-campus attendance in the first year. Students are also encouraged to come to campus for graduation.

## Total Credits - 61

EDAL 640 - Higher Education Law **Credits:** 3  
 EDAL 655 - Higher Education Finance **Credits:** 1-3  
 3 credits of EDAL 667 - Leadership in Higher Education **Credits:** 2,3  
 EDAL 674 - Administration of Student Services **Credits:** 3  
 EDAL 675 - College Student Development Theory **Credits:** 3  
 EDAL 676 - Administration of Academic Services **Credits:** 3  
 EDUC 870 - Doctoral Comprehensive Exam **Credits:** 0  
 LEAD 630 - Introduction to Leadership **Credits:** 2  
 LEAD 778 - Global Education Study Tour **Credits:** 3-6  
 1 credit of LEAD 789 - Advanced Seminar: (Topic) \_\_\_\_\_ **Credits:** 1-12

### Choose one of the following courses:

EDAL 520 - Foundations of Educational Leadership **Credits:** 2,3  
 LEAD 638 - Issues in Leadership Theory **Credits:** 2,3

### Choose one of the following courses:

EDFN 500 - Philosophical Foundations for Professionals **Credits:** 2,3  
 LEAD 636 - Issues in Leadership Foundations **Credits:** 2,3

### Research & Dissertation - 28

EDRM 505 or equivalent is an expected prerequisite for doctoral-level research.

EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits:** 3  
 EDRM 611 - Applied Statistical Methods I **Credits:** 3  
 EDRM 712 - Applied Statistical Methods II **Credits:** 3  
 1 Credit of LEAD 535 - Principles of Academic Writing **Credits:** 1-3  
 2 Credits of LEAD 637 - Issues in Research **Credits:** 2,3  
 LEAD 880 - Dissertation Proposal Development **Credits:** 3  
 14 Credits of LEAD 899 - Doctoral Dissertation **Credits:** 1-14

### Electives

Choose elective courses from the following list, or equivalent, as approved by program director, to complete the required 61 credits:

EDAL 635 - Human Resources Administration **Credits:** 2,3  
 EDAL 670 - Technology for Leaders **Credits:** 1-3  
 EDCI 606 - Teaching in Higher Education **Credits:** 3  
 LEAD 525 - Public Relations: Community Partnerships **Credits:** 2,3  
 LEAD 540 - Creativity and Innovation Workshop **Credits:** 1,2  
 LEAD 644 - Leadership and Organizational Dynamics **Credits:** 3  
 LEAD 645 - Ethical Leadership & Organizational Integrity **Credits:** 1-3  
 LEAD 647 - Creative Critical Thinking and Problem Solving **Credits:** 3  
 LEAD 775 - Advanced Portfolio Development: (Topic) \_\_\_\_\_ **Credits:** 1-12  
 LEAD 886 - Advanced Internship **Credits:** 1-12

## Additional Requirements

### Portfolio

- The degree program requires the completion of a portfolio that documents the participant's work. The portfolio requires documentation that evidences a level of mastery appropriate to the degree and can be presented in person or via electronic media. The portfolio must be assessed and approved by a

faculty committee. More details on portfolio requirements are provided in the introductory course, LEAD 630, required in all programs. The portfolio serves as a component of the doctoral comprehensive examination.

- Successful completion of a dissertation is required.
- Beginning the semester after registering for LEAD 880, candidates must register for at least 1 dissertation credit during each semester until their dissertation is successfully defended.
- Many courses are offered as variable credits; therefore, candidates should consider their credit needs when planning their course work and registering for courses.
- Submission of a research-based article to a peer-reviewed publication is required.

## Maintaining Active Status

Participants comply with registration guidelines by enrolling in a course at least one semester out of three consecutive semesters until their program is complete. If participants want to remain active and not register for regular course work they will need to register for EDAL 650 Program Continuation at least every third semester. This course has no credit but allows access to faculty advising and access to the Andrews University library. As an alternative to the above, a participant may request to go Inactive. When Active Status is desired, the participant may request reactivation and, if approved, pay the current Reactivation Fee.

## Admission Requirements

- Applicants must meet School of Education (College of Education & International Services) admission requirements for doctoral programs. If they have not previously taken the course, candidates must complete LEAD 630 - Introduction to Leadership as an introduction to the philosophy of leadership and review of the standards that will guide their educational plan. Many courses are offered as variable credits; therefore, candidates should consider their credit needs when planning their course work and registering for courses. The portfolio serves as a component of the doctoral comprehensive examination. Both doctorates require the successful completion of a dissertation.
- Beginning the semester after registering for LEAD 880, candidates must register for at least 1 dissertation credit during each semester until their dissertation is successfully defended.
- Previous doctoral degree(s), post-masters' academic work, especially research courses, documented competencies, and leadership skills and knowledge advantage these applicants in fulfilling program objectives that may be used toward degree requirements.
- GRE scores are not required for admission. However, an applicant may choose to take the GRE test and submit scores to Andrews University for consideration in potential scholarship awards.

## Student Learning Outcomes

### Competencies of the Program

Higher Education requires theoretical knowledge and practical application in the following core competencies:

**1. Self-Development Competencies:** This cluster of competencies focuses on the self-awareness, intellectual growth, and the personal and professional identity required for inspiring and supporting the development of college students.

- *Philosophical foundations*—Higher Education functions within the context of multiple perspectives and a personal belief system and worldview that influence their practice.
- *Ethics, values, and spirituality*—Higher Education functions from a set of principles and personal values that guide their work, promote healthy behavior, and influence decision making and their relationships with others.
- *Human development and career choice*—Higher Education is committed to continuous learning and personal development, articulating career choices based on assessment of interests, values, skills and abilities resulting from formal education, work experience, community service and volunteer experiences.

**2. Interpersonal Development Competencies:** This cluster of competencies focuses on the interpersonal aspects of Higher Education that promote growth and development of others and challenge students to learn and develop in holistic ways.

- *Effective communication and mentoring*—Higher Education fosters effective communication in all internal and external interactions, to establish and maintain cooperative relationships that are trust-centered, providing empowerment that results in personal and performance improvement toward satisfying mutual objectives.
- *Appreciating diversity*—Higher Education values one's own identity and culture and articulates the advantages and challenges of a diverse society, promoting multicultural awareness and positive regard for differences.
- *Social responsibility*—Higher Education is accountable to others and endeavors to see that family, community, and environmental needs are met in local and in global ways, as appropriate.

**3. Leadership and Organizational Development Competencies:** This cluster of competencies addresses the organizational aspects of Higher Education, focusing on the achievement of goals and programs that make colleges and universities an educational enterprise.

- *Resource development; human and financial*—Higher Education appropriately develops, allocates and manages human and financial resources for promoting change and fostering healthy and strategic outcomes.
- *Legal and policy issues*—Higher Education applies and understands the scope of a legal and policy structure appropriate for their field.
- *Organizational behavior, change, and culture*—Higher Education understands personal, group, and inter-group behaviors, and how they impact the organizational culture and shape the vision and strategy for facilitating the change process.

**4. Research Development Competency:** Research skills are necessary for engaging in organizational development, assessment and evaluation, and other Higher Education projects.

- *Conducting, evaluating and reporting research*—Higher Education understands the logic and processes of scientific inquiry, explains major research methodologies, formulates empirically-driven research problems, selects appropriate research designs, conducts basic data collection and analysis and adequately communicates research findings and implements the findings in the workplace.

## Individualized Concentration

Participants seeking to develop a concentration in their doctoral leadership program can do so under the guidance of a qualified faculty advisor with appropriate academic or professional expertise to guide and assess the specialized coursework and the competencies in the area of the desired concentration. Participants need to fulfill the following requirements within their course of study in the Leadership Program:

- A minimum of 12 course credits in the area of the concentration
- Three competencies in the area of the concentration
- A dissertation study and/or publication in the area of the concentration

Concentrations (such as creativity and innovation or health-care leadership) will be noted in the transcript of the participant.

## Leadership DLead

The Doctor of Leadership program is designed for mid-career leaders who want to refine and refresh their leadership practice. In this program, participants will be challenged to explore their foundational beliefs and expand their understanding of what it means to be a leader. Working independently and with other learners, each participant will be asked to reflect on their understanding of theory, demonstrate how those theories may have been represented in their work, and challenge themselves to see how to serve others more authentically. They will explore areas such as purpose and mission, organizational dynamics, creativity and innovation, leadership ethics, the essentials of execution, and leadership research, all with a focus on improving leadership decision-making, inspiring others, and learning to emulate and follow God's leadership.

The program uses a flexible learning structure that is learner-driven, life-embedded, and competency-focused. It employs a learning model that values the power of learning communities and harnesses the benefits of networking with others from a variety of leadership settings. These and many other experiences are encompassed within a learning community and do not require a move of their families or a break in their careers.

The Doctor of Leadership program is designed to be completed in 3-5 years while working full-time. All work is expected to be completed within 7 years. Those who have completed an MA in Leadership from Andrews University are deemed to have met the Core Requirements (14 credits) for the DLead if each of the Core Requirement classes have been taken in their MA in Leadership, or their equivalent. For more information regarding the program, please see the Leadership program website.

### Program Delivery

This program is offered on the main campus and in an interactive online asynchronous format. The job-embedded design is also offered at approved off-campus locations, which includes face-to-face delivery. The online courses typically follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructors throughout the courses (see Global Campus definitions). They are also part of a learning group which meets monthly for mutual support and accountability, and to engage in significant sharing and evaluation of learning related to competency development. The online program also requires on-campus attendance of a two-week orientation during the summer of their first year of coursework (LEAD 630). In subsequent years, the online participants attend the on-campus annual Leadership Conference and Roundtable (LEAD 600, typically 3 days). These two requirements may also be met by attending the orientation and annual conference remotely, as approved by the academic advisor. Additionally, participants will have the option of attending other planned learning events designed to support them in specific areas of their program (e.g., research boot camps, innovation workshops, writing retreats, etc.) organized in connection with the Annual Conference. Students are also encouraged to come to campus for graduation.

## Total Credits - 54

### Core - 14-15

- 2 or 3 credits of LEAD 535 - Principles of Academic Writing **Credits:** 1-3
- 2 credits of LEAD 545 - Personal Narrative **Credits:** 1,2
- LEAD 600 - Annual Conference **Credits:** 0
- LEAD 605 - Learning Group **Credits:** 0
- LEAD 630 - Introduction to Leadership **Credits:** 2
- 2 credits of LEAD 635 - Leadership and Learning Plan **Credits:** 2-4
- 3 credits of LEAD 636 - Issues in Leadership Foundations **Credits:** 2,3
- 3 credits of LEAD 638 - Issues in Leadership Theory **Credits:** 2,3

### Research and Doctoral Project - 20+

DLead participants demonstrate competency in both qualitative and quantitative social science research methods through the research competencies, including a doctoral project with data collection, analysis, and application. Depending on previous documentable research experience and in consultation with their advisor, appropriate research method courses are selected to fulfill the research plan.

- EDRM 505 - Research Methods **Credits:** 3
- 3 credits of LEAD 637 - Issues in Research **Credits:** 2,3
- 3 credits of LEAD 648 - Workshop: (Topic)\_\_\_\_\_ **Credits:** 1-12 LEAD 648 - Workshop: (Topic)\_\_\_\_\_ Topic: Research for Decision-Makers
- 1 credit of LEAD 885 - Leadership Research **Credits:** 1-8
- 1 credit of LEAD 889 - Doctoral Seminar **Credits:** 1-3

### Choose from the following courses as needed to fulfill the research requirements:

- EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits:** 3
- EDRM 611 - Applied Statistical Methods I **Credits:** 3
- EDRM 636 - Program Evaluation **Credits:** 3
- EDRM 704 - Design and Analysis of Educational and Psychological Surveys **Credits:** 3
- LEAD 625 - Research Writing Seminar **Credits:** 1,2

### Doctoral Project - 12

- LEAD 881 - Doctoral Project Proposal Development **Credits:** 2
- 10 credits of LEAD 890 - Doctoral Project **Credits:** 1-10

### Portfolio and Publishing - 2

- LEAD 895 - Doctoral Portfolio **Credits:** 2

Completion of the Doctor of Leadership degree requires the development, documentation, and final presentation of a professional portfolio of the required competencies to a faculty panel. A list of the competencies can be found at the Leadership Program website.

## Publishing Requirement

All Doctor of Leadership participants must submit a research-based article to an appropriate professional publication, in collaboration with their faculty supervisor(s).

## Specialty Concentration (Optional)

Participants seeking to develop a specialty within their doctoral leadership program can do so under the guidance of a qualified faculty advisor with appropriate academic or professional expertise to guide and assess the specialized coursework and the competencies in the area of the desired concentration. Participants must fulfill the following requirements within their course of study in the Leadership Program to receive a specific Specialty Concentration:

- A minimum of 12 credits, 600 level or above, in the area of the concentration.
- Three competencies in the area of the concentration.
- An approved professional publication in the area of the concentration.

Specialties (such as Creativity and Innovation, Healthcare Leadership, etc.) will be noted on the transcript of the participant.

## Maintaining Active Status

In addition to other university requirements, active status in the Leadership program requires the participant to maintain:

- Monthly interaction with Learning Group. Participants register for LEAD 605 (0 credits) each semester.
- Continuous progress. Appropriate progress in fulfilling the LLP.
- Contact with the advisor.
- Continuous registration every semester.
- Yearly registration and attendance at the annual Leadership Conference and Roundtable.
- Satisfactory financial arrangements with the university.
- Employment must be maintained throughout the program.
- Evidence of progress through regular competency evaluations.

## Admission Requirements

- A sample of your best writing (e.g., published article, organizational document, research paper, etc.).
- A successful interview with two or more members of the Leadership faculty.
- Minimum of five years of professional work experience in a leadership setting is expected.
- A Masters degree or equivalent experience is expected for admission.
- GRE scores are not required for admission. However, an applicant may choose to take the GRE test and submit scores to Andrews University for consideration in potential scholarship awards.
- Current, full-time employment or business/ministry owner. This environment must provide a "laboratory" for developing and demonstrating growing expertise in the competency areas and for preparing the portfolio.

These program admission requirements have been designed to be aligned with the Graduate Admissions section of this bulletin. Those interested in applying for this program will also want to read that section as there may be additional admission requirements.

### Applicants must commit to participate in:

- **First year only:** The Leadership Orientation (LEAD 630).
- **Monthly:** Regularly scheduled Learning Group meetings, typically on a monthly basis (LEAD 605).
- **Every summer:** Attending the Annual Leadership Conference & Roundtable event (LEAD 600).
- **Regular online communication:** The participant must be responsible for keeping abreast of program announcements and updates sent by faculty and staff to participants (e.g., e-mail, website, etc.).

## Credit for Prior Learning and Education

### Credit for Prior Learning\*

Applicants with considerable leadership experience may consider discussing options for Academic Credit for Prior Learning. For more information, visit the Credit for Prior Learning section of the bulletin, contact an advisor (or program

faculty), and contact the Andrews University Credit for Prior Learning Coordinator. Applicants may also find significant personal leadership experiences that allow them to fulfill a portion of required competencies.

### Credit for Prior Education\*

Applicants with previous post-masters and/or doctoral coursework may be allowed to use these courses to fulfill a portion of the program requirements.

\*Credit for prior learning and education are granted on a case-by-case basis.

## Student Learning Outcomes

The DLead program requires documented theoretical knowledge, practical application, and reflection in a portfolio that includes the following core areas:

- Successful participants will demonstrate reflective praxis within their personal development as a leader. This will include areas such as worldview, ethics, values, & spirituality.
- Successful participants will demonstrate reflective praxis in developing interpersonal leadership. This will include areas such as communications, mentor/coaching, & social responsibility.
- Successful participants will demonstrate reflective praxis in developing their leadership within organization(s). This will include areas such as resource development, legal and policy issues, organizational development, creativity, innovation and change, & evaluation and assessment.
- Successful participants will demonstrate growth and maturity in leadership scholarship. This will include areas such as reading and evaluating research, participating in both qualitative and quantitative data collection and analysis for improved decision-making, & reporting and publishing their scholarship.

## Leadership EdS

- The Leadership program represents a new concept in graduate education. It is offered by the School of Education (College of Education & International Services) as an international and interdisciplinary collaborative graduate program. It is designed to meet the needs of mid-career leaders and to provide an innovative and highly flexible program allowing self-motivated learners the opportunity to pursue an EdS, EdD or PhD degree in the context of a learning community, without requiring a move of their families or a break in their careers. All work has to be completed within 7 years. The program:
- Is established on the idea of developing expertise and demonstrating competency in several key areas.
- Gives each participant the opportunity to design and carry out a Leadership and Learning Plan (LLP) in order to fulfill competency requirements.
- Allows participants to demonstrate competence through the oral presentation of a portfolio, which includes a written synthesis paper.
- Fosters collaboration and cooperation among its participants.

For more information about the Leadership programs, go to the Department of Leadership webpage at

[https://www.andrews.edu/sed/leadership\\_dept/leadership/index.html](https://www.andrews.edu/sed/leadership_dept/leadership/index.html)

**Delivery:** This program is offered only as an interactive online asynchronous program (see Global Campus Definitions). The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. They are also part of a learning group which meets regularly for mutual support and accountability, and to engage in significant sharing and evaluation of learning related to competency development. The program requires two week on-campus attendance in the first year; and three day on-campus attendance in subsequent years for the annual Leadership Conference and Roundtable and other planned learning events designed to support participants in specific areas of their program (e.g., research boot camps) organized in connection with the Annual Conference. These two requirements may also be met by attending the orientation and annual conference remotely, as approved by the academic advisor. Students are also encouraged to come to campus for graduation.

## Total Credits - 36

2-3 credits of LEAD 535 - Principles of Academic Writing **Credits:** 1-3

LEAD 605 - Learning Group **Credits:** 0

2 credits of LEAD 630 - Introduction to Leadership **Credits:** 2

- 4 credits of LEAD 635 - Leadership and Learning Plan **Credits:** 2-4
- 3 credits of LEAD 636 - Issues in Leadership Foundations **Credits:** 2,3
- 3 credits of LEAD 638 - Issues in Leadership Theory **Credits:** 2,3

## Research

EdS are required to complete an EdS Research project under the supervision of a project committee.

### Research courses required for all EdS participants:

- EDRM 505 - Research Methods **Credits:** 3
- LEAD 637 - Issues in Research **Credits:** 2,3
- LEAD 798 - Advanced Research Project **Credits:** 1-6

### Students may take the following courses as needed to fulfill the research

#### requirements:

- EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits:** 3
- EDRM 611 - Applied Statistical Methods I **Credits:** 3
- 2 Credits of LEAD 625 - Research Writing Seminar **Credits:** 1,2
- EDRM 636 - Program Evaluation **Credits:** 3
- EDRM 704 - Design and Analysis of Educational and Psychological Surveys **Credits:** 3
- EDRM 712 - Applied Statistical Methods II **Credits:** 3
- EDRM 713 - Applied Statistical Methods III **Credits:** 3

## Portfolio Requirement

The EdS in Leadership is earned through the development of at least 15 competencies which are developed by participant in their educational professional context and documented in a portfolio. Participants develop their portfolio throughout the course of their program. When the portfolio has been signed off by their Leadership & Learning Group the participant writes a synthesis paper, and present the portfolio in a formal presentation to a faculty panel. This final process usually takes at least a full semester.

## Additional Requirements

- Participate in the on-campus program orientation.
- Register for LEAD 600 every summer and participate in the on-campus conference and roundtable.
- Register for LEAD 605 - Learning Group every semester and meet regularly with a Leadership and Learning Group for the primary purpose of sharing evidence of ongoing learning in connection with competency development and signing off competencies.
- Maintain employment throughout the program.

## Maintaining Active Status

In order to maintain active status in the Leadership program the participant must:

- Make appropriate progress in fulfilling the LLP.
- Maintain contact with the advisor.
- Register every semester.
- Complete all credits within the seven years of regular program time.
- Attend the annual Leadership Conference.
- Meet financial obligations to the university.
- Maintain employment throughout the program.
- Show evidence of progress through regular competency evaluations by self, LLG and faculty.

## Admission Requirements

Applicants should read the Graduate Admissions Requirements section of this bulletin.

Additional recommendations and interviews may be requested prior to formal admission to the program. Only a limited number of participants are admitted each year, so applicants should apply early.

### Specific Admission Requirements:

- Normally a completed master's degree.
- A sample of your best writing (e.g.: a research paper or a published article).
- A successful interview with one or more members of the Leadership faculty.

- A minimum of five years of professional work experience in a leadership setting for the doctorate or three years for the MA.
- GRE scores are not required for admission. However, an applicant may choose to take the GRE test and submit scores to Andrews University for consideration in potential scholarship awards.
- Full-time in a leadership position in which competencies can be demonstrated. This environment, which is the participant's place of employment, provides the "laboratory" for developing and demonstrating expertise in the competency areas and for preparing the portfolio.

Applicants must commit to participate in:

- The initial Leadership Orientation.
- Regularly scheduled Leadership and Learning Group meetings, typically on a monthly basis but at least seven times a year.
- The Annual Leadership Conference.
- Regular online communication. The participant is responsible for keeping abreast of announcements and program updates presented by faculty and staff via e-mail and the Leadership website.

## Student Learning Outcomes

The Leadership program is guided by a set of competencies that function as student learning outcomes, as follows:

### The Competencies of the Program

Leadership requires theoretical knowledge and practical application in the following core competencies:

**Leadership and the Self:** This cluster of competencies focuses on the self-awareness and the personal and professional identity required when practicing leadership.

- *Philosophical foundations*—Leaders function within the context of multiple perspectives and understands how their own worldview influences their practice.
- *Ethics, values, and spirituality*—Leaders function from a set of principles and standards that guides their work and all their relationships with others.
- *Learning and human development*—Leaders understand the principles of learning and are committed to and practices continuous personal, interpersonal and organizational learning.

**Leadership with Others:** This cluster of competencies focuses on the interpersonal aspects of leadership. Growth and development of others is an essential function of leadership.

- *Effective communication*—Leaders foster effective communication in all internal and external interactions, to establish and maintain cooperative relationships.
- *Mentor/coach*—Leaders promote relationships that are trust-centered, providing the kind of empowerment that results in personal and performance improvement toward satisfying mutual objectives.
- *Social responsibility*—Leaders understand social systems and are accountable to others and endeavor to see that family, community, and environmental needs are met in local and, as appropriate, in global ways.

**Leadership through Organizations:** This cluster of competencies focuses on the organizational aspects of leadership. Leaders sets direction in ways that facilitate achievement of organizational goals.

- *Resource development, human and financial*—Leaders appropriately allocate and manage human and financial resources for healthy and strategic outcomes.
- *Legal and policy issues*—Leaders apply and understand the scope of legal and policy structures appropriate for their field.
- *Organizational behavior, development, and culture*—Leaders understand personal, group, and inter-group behaviors, and how they impact organizational history, needs, and goals.
- *Implementing change*—Leaders work with others in order to collaboratively shape the vision and strategy for change, and are capable of facilitating the change process.
- *Evaluation and assessment*—Leaders use appropriate evaluation and assessment tools to make decisions about programs and plans.

**Leadership and Research:** This cluster of competencies focuses on the need to use data to communicate, persuade, and make decisions, and to contribute to the knowledge base for leadership. Competence in research needs to include

qualitative and quantitative methods. Research skills are often necessary while engaging in organizational development, assessment, and evaluation, and other leadership projects. A research paper for publication in a peer-reviewed journal is required as part of the research competencies, documented by the decision letter from the editor of the journal.

- *Reading and evaluating research*—Leaders critique the adequacy of research reports, conducts literature reviews using electronic sources, and relate research to the body of knowledge in their professional field.
- *Conducting research*—Leaders understand the logic and processes of scientific inquiry, explain major research methodologies, formulate empirically driven research problems, select appropriate research designs, explain standards for data collection, and conduct basic data collection and analysis.
- *Reporting and publishing research*—Leaders adequately communicate research findings and implement the findings in the workplace.

**Individually Chosen Options:** One required. Additional options may be chosen, if needed.

## Leadership PhD

The Leadership PhD program is an online program designed for mid-career leaders who want to take their leadership to a higher level. Guided by faculty experts and embedded in an interdisciplinary learning community of leadership professionals, participants explore the intersection between leadership character, leadership theory, action and experience. Participants are required to engage in testing theory through active experimentation and research. The program is built around the idea that in order to improve leadership practice, developing the inner landscape of leaders is as important as developing the conceptual and practical tools of leadership.

The program uses a flexible learning structure that is learner-driven, life-embedded, and competency-focused. It employs a learning model that values the power of learning communities and harnesses the benefits of networking with others from a variety of leadership settings. These and many other experiences are encompassed within a learning community and do not require a move of their families or a break in their careers.

The Leadership PhD program is designed to be completed in 4-6 years while working full-time. All work is expected to be completed within 7 years. For more information regarding the program, please see the Department of Leadership webpage.

**Program Delivery:** This program is offered only as an interactive online asynchronous program (see Global Campus definitions). The online courses typically follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructors throughout the courses. They are also part of a learning group which meets monthly for mutual support and accountability, and to engage in significant sharing and evaluation of learning related to competency development. The program also requires on-campus attendance of a two-week orientation during the summer of their first year of coursework (LEAD 630). In subsequent years, participants attend the on-campus annual Leadership Conference and Roundtable (LEAD 600, typically 3 days). These two requirements may also be met by attending the orientation and annual conference remotely, as approved by the academic advisor. Additionally, participants will have the option of attending other planned learning events designed to support them in specific areas of their program (e.g., research boot camps, innovation workshops, writing retreats, etc.) organized in connection with the Annual Conference. Students are also encouraged to come to campus for graduation.

## Total Credits - 60

### Core - 14-15

- 2-3 credits of LEAD 535 - Principles of Academic Writing **Credits:** 1-3
- 2 credits of LEAD 545 - Personal Narrative **Credits:** 1,2
- LEAD 600 - Annual Conference **Credits:** 0
- LEAD 605 - Learning Group **Credits:** 0
- LEAD 630 - Introduction to Leadership **Credits:** 2
- 2 credits of LEAD 635 - Leadership and Learning Plan **Credits:** 2-4
- 3 credits of LEAD 636 - Issues in Leadership Foundations **Credits:** 2,3
- 3 credits of LEAD 638 - Issues in Leadership Theory **Credits:** 2,3

### Research and Publishing

PhD participants demonstrate proficiency in qualitative and quantitative social science research methods through the research competencies which includes a

PhD dissertation. Depending on previous documentable research experience and in consultation with their advisor participants select the appropriate research method courses for their course plan.

Throughout the program PhD participants participate in appropriate collaborative scholarly activities leading to the presentation of research at scholarly conferences and the submission of an article manuscript to a peer-reviewed journal.

- EDRM 505 - Research Methods **Credits:** 3
- 3 credits of LEAD 637 - Issues in Research **Credits:** 2,3
- 1 credit of LEAD 885 - Leadership Research **Credits:** 1-8
- 1 credit of LEAD 889 - Doctoral Seminar **Credits:** 1-3

**Students may take the following courses as needed to fulfill the research requirements:**

- EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits:** 3
- EDRM 611 - Applied Statistical Methods I **Credits:** 3
- 2 credits of LEAD 625 - Research Writing Seminar **Credits:** 1,2
- EDRM 636 - Program Evaluation **Credits:** 3
- EDRM 704 - Design and Analysis of Educational and Psychological Surveys **Credits:** 3
- EDRM 712 - Applied Statistical Methods II **Credits:** 3
- EDRM 713 - Applied Statistical Methods III **Credits:** 3

### Dissertation - 16

- LEAD 880 - Dissertation Proposal Development **Credits:** 2
- 14 credits of LEAD 899 - Doctoral Dissertation **Credits:** 1-14

### Portfolio

The PhD in Leadership is earned through the development of at least 15 competencies which are developed by the participant in the context of his or her work and life and documented in a professional portfolio. Participants develop their portfolio throughout the course of their program. When the portfolio has been signed off by their Leadership & Learning Group, the participant registers for LEAD895, writes a synthesis paper, and presents the portfolio in a formal presentation to a faculty panel.

- LEAD 895 - Doctoral Portfolio **Credits:** 2

### Specialty Concentration (Optional) - 12

Participants seeking to develop a concentration in their doctoral leadership program may do so under the guidance of a qualified faculty advisor with appropriate academic or professional expertise to guide and assess the specialized coursework and the competencies in the area of the desired concentration. Participants need to fulfill the following requirements within their course of study in the Leadership Program to receive a specific Specialty Concentration:

- A minimum of 12 course credits in the area of the concentration.
- Three competencies in the area of the concentration.
- A dissertation study and/or publication in the area of the concentration.

Concentrations (such as creativity and innovation or health-care leadership) will be noted in the transcript of the participant.

## Maintaining Active Status

In addition to other university requirements, active status in the Leadership program requires the participant to maintain:

- Monthly interaction with Learning Group. Participants register for LEAD 605 (0 credits) each semester.
- Continuous progress. Appropriate progress in fulfilling the LLP.
- Contact with the advisor.
- Continuous registration every semester.
- Yearly registration and attendance at the annual Leadership Conference and Roundtable.
- Satisfactory financial arrangements with the university.
- Employment must be maintained throughout the program.
- Evidence of progress through regular competency evaluations.

## Admission Requirements

- A sample of your best writing (e.g., published article, organizational document, research paper, etc.).
- A successful interview with two or more members of the Leadership faculty.
- Minimum of five years of professional work experience in a leadership setting is expected.
- A Masters degree or equivalent is expected for admission.
- GRE scores are not required for admission. However, an applicant may choose to take the GRE test and submit scores to Andrews University for consideration in potential scholarship awards.
- Current, full-time employment or business/ministry owner. This environment must provide a "laboratory" for developing and demonstrating growing expertise in the competency areas and for preparing the portfolio.

These program admission requirements have been designed to be aligned with the Graduate Admissions section of this bulletin. Those interested in applying for this program will also want to read that section as there may be additional admission requirements.

### Applicants must commit to participate in:

- **First year only:** The Leadership Orientation (LEAD 630).
- **Monthly:** Regularly scheduled Learning Group meetings, typically on a monthly basis (LEAD 605).
- **Every summer:** Attending the Annual Leadership Conference and Roundtable event (LEAD 600).
- **Regular online communication:** The participant must be responsible for keeping abreast of program announcements and updates sent by faculty and staff to participants (e.g., e-mail, website, etc.).

### Credit for Prior Learning and Education

#### Credit for Prior Learning\*

Applicants with considerable leadership experience may consider discussing options for Academic Credit for Prior Learning. For more information, visit the Credit for Prior Learning section of the bulletin, contact an advisor (or program faculty), and contact the Andrews University Credit for Prior Learning Coordinator. Applicants may also find significant personal leadership experiences that allow them to fulfill a portion of required competencies.

#### Credit for Prior Education\*

Applicants with previous post-masters and/or doctoral coursework may be allowed to use these courses to fulfill a portion of the program requirements.

\*Credit for prior learning and education are granted on a case-by-case basis.

## Student Learning Outcomes

The PhD in Leadership requires documented theoretical knowledge, practical application, and reflection in a portfolio that includes the following core areas:

- Successful participants will demonstrate reflective praxis within their personal development as a leader. This will include areas such as worldview, ethics, values, & spirituality.
- Successful participants will demonstrate reflective praxis in developing interpersonal leadership. This will include areas such as communications, mentor/coaching, & social responsibility.
- Successful participants will demonstrate reflective praxis in developing their leadership within organization(s). This will include areas such as resource development, legal and policy issues, organizational development, creativity, innovation and change, & evaluation and assessment.
- Successful participants will demonstrate growth and maturity in leadership scholarship and develop proficiency in social science research methodologies. This will include areas such as reading and evaluating research, conducting leadership research, & reporting and publishing their scholarship.

## Certificates

### Leadership Certificate

Recipients of the leadership certificate demonstrate growth in emotional and social intelligence, clarification of personal passion, and identification of values and mission. These areas of development will enhance career and graduate school opportunities.

The leadership certificate can be completed in 12 credit hours. LEAD 101 is offered for 2 or 3 credits to give students flexibility in their schedule, as well as allowing 3 credit students to delve into strengths identification, an integral component of the leadership program curriculum.

### Total Credits - 12

2-3 Credits of LEAD 101 - Fundamentals of Leadership **Credits: 2,3**  
**or**

2-3 Credits of LEAD 301 - Leadership and Mentoring **Credits: 2,3**

LEAD 200 - Leadership Practicum **Credits: 0 \***

LEAD 496 - Leadership Capstone **Credits: 1**

2-3 Credits of LEAD 498 - Leadership Change Project **Credits: 1-3**

### Leadership Electives - 6

Choose 6 elective credits, which may include Diversity & Inclusion in Leadership, Creative Problem Solving, Theories of Leadership, Introduction to Coaching or other chosen electives from a list of approved cognates. The student must provide justification for its inclusion in their leadership certificate/minor.

**\*Note:** LEAD 200 is required every semester in the program (after completion of LEAD 101 or LEAD 301).

## Maintaining Academic Standing

The following standards are required for successful completion of the certificate program or minor.

### Academic Standards:

- Earn a minimum overall 2.25 GPA.
- Earn a minimum 2.5 GPA in certificate or minor program coursework.
- No course with a grade below C may count toward the certificate or minor program coursework.

### Citizenship Standards:

Certificate program participants placed on suspension or Student Life probation in either of the following categories may be removed from the program:

- Citizenship Probation
- Co-curricular Probation

Failure to meet these standards results in possible removal from the program. Students may reapply.

## Awards and Ceremonies

Each leadership certificate and minor student will be recognized in the following ways:

- A celebration ceremony focusing on the student's change project, leadership portfolio and leadership journey.
- The Randall Leadership Medallion, which the student may wear during graduation ceremonies.
- A Leadership Certificate with the Andrews University seal.
- Specific mention or annotation in the University commencement program.
- Notation of Leadership Certificate accomplishment included on transcripts.

## Student Learning Outcomes

Students in this program will:

- Identify and intentionally apply their personal strengths and values to solve problems.
- Identify, define, plan and execute a change project that applies good leadership theory.
- Explain the value and importance of defining and effectively implementing influence, creativity, ideas, knowledge, and skills in the service of God and humanity.
- Practice offering and accepting feedback graciously and responding to failure in order to grow and better understand and apply themselves and their experiences.

## Leadership Graduate Certificate

E-mail: leader@andrews.edu

The Graduate Leadership Certificate provides an opportunity for professionals from different fields and disciplines to develop and demonstrate competency in the following areas: leadership and the self, leadership with others, leadership in organizations and leadership in the global environment.

**Delivery:** This program is offered both on campus and online (see Global Campus Definitions). The on campus program uses face to face interactions in class and on campus experiences to help the post-doc develop leadership skills and knowledge. The online program uses online course work to help students improve leadership in their existing place of employment or prepare for a new leadership opportunity. The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. The online program does not require any on campus participation.

**NOTE:** This certificate does not qualify for U.S. federal loans.

### Total Credits - 12

LEAD 615 - Leadership Certificate Plan **Credits:** 0,1

LEAD 696 - Leadership Capstone Experience **Credits:** 1,2

Choose 10 additional credits in consultation with the academic advisor.

## Leadership Postdoctoral Certificate

E-mail: leader@andrews.edu

Postdoctoral certificate studies are arranged by a person who has completed his or her doctoral studies. Individual requests may be granted by the Department of Leadership for scholarly pursuits in research, teaching, administration and/or practicums. Pursuit of specific areas of interest is determined on the basis of availability of senior faculty members. The credits taken will be determined on an individual basis and will be reflected on the transcript in the form of self-directed studies, independent study, or formal courses. Postdoctoral scholars can attend selected courses in the department of leadership either for academic credit or on audit basis. The postdoctoral certificate experience at Andrews is typically funded entirely by the student and his or her sponsoring organization. **NOTE:** This certificate does not qualify for U.S. federal loans.

**Delivery:** This program is offered both on campus and interactive online asynchronous (see Global Campus Definitions). The on campus program uses face to face interactions in class and on campus experiences to help the post-doc develop leadership skills and knowledge. The online program uses interactive online asynchronous course work to help students improve leadership in their existing place of employment or prepare for a new leadership opportunity. The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. The online program does not require any on campus participation.

### Total Credits - 12-15

Postdoctoral scholars will choose 12-15 credits in the form of self-directed studies, independent study, or formal courses, in consultation with academic advisor.

## Principal Graduate Certificate

E-mail: leader@andrews.edu

The Principal Graduate Certificate is an online program designed for post-baccalaureate or post-masters participants who want to enhance their administrative skills. Those served by this certificate are:

- Teachers interested in transitioning into educational administration
- Principals of K-8, K-10, K-12, and 9-12 schools

Certificate credits can be transferred to the Andrews University MA in Educational Leadership. Students may also qualify for certification and/or endorsement by the North American Division.

Students completing certificate programs are not eligible to participate in commencement services.

**Online Delivery:** This program is offered as an interactive online asynchronous program (see Global Campus definitions). The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. Students must attend the initial program orientation in the cohort year the student is admitted to the program.

### Total Credits - 18

2 credits of EDAL 520 - Foundations of Educational Leadership **Credits:** 2,3

EDAL 560 - K-12 Law **Credits:** 3

EDAL 565 - Leadership for Seventh-day Adventist Education **Credits:** 2

2 credits of EDAL 570 - Principles of Educational Supervision **Credits:** 2,3

2 credits of EDAL 645 - K-12 Educational Finance **Credits:** 2,3

2 credits of EDAL 663 - Elementary and Secondary School Leadership **Credits:** 2,3

EDCI 547 - Foundations of Curriculum Studies **Credits:** 3

LEAD 630 - Introduction to Leadership **Credits:** 2

## Superintendent of Schools Graduate Certificate

E-mail: leader@andrews.edu

The Superintendent of Schools Graduate Certificate is an online program designed for post-baccalaureate or post-masters participants who want to enhance their administrative skills. Those served by this certificate are:

- Teachers interested in transitioning into educational administration
- Principals of K-8, K-10, K-12, and 9-12 schools
- Supervisors of instruction
- Superintendents of schools

Certificate credits can be transferred to the Andrews University MA in Educational Leadership. Students may also qualify for certification and/or endorsement by the North American Division.

Students completing certificate programs are not eligible to participate in commencement services.

**Online Delivery:** This program is offered as an interactive online asynchronous program (see Global Campus definitions). The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. Students must attend the initial program orientation in the cohort year the student is admitted to the program.

### Total Credits - 24

To secure the total requirement of 24 credits, students will be required to choose, in consultation with their advisor, 3 credits on at least 2 of the variable-credit courses.

EDAL 560 - K-12 Law **Credits:** 3

EDAL 565 - Leadership for Seventh-day Adventist Education **Credits:** 2

2 credits of EDAL 570 - Principles of Educational Supervision **Credits:** 2,3

2 credits of EDAL 635 - Human Resources Administration **Credits:** 2,3

- 2 credits of EDAL 645 - K–12 Educational Finance **Credits:** 2,3
- 2 credits of EDAL 660 - Planning and Operating Educational Facilities **Credits:** 2,3
- EDCI 547 - Foundations of Curriculum Studies **Credits:** 3
- 2 credits of LEAD 525 - Public Relations: Community Partnerships **Credits:** 2,3
- LEAD 630 - Introduction to Leadership **Credits:** 2

**Choose one of the following courses:**

- 2 credits of EDAL 520 - Foundations of Educational Leadership **Credits:** 2,3
- 2 credits of EDCI 565 - Improving Instruction **Credits:** 2,3

## Supervisor of Instruction Graduate Certificate

E-mail: leader@andrews.edu

The Supervisor of Instruction Graduate Certificate is an online program designed for post-baccalaureate or post-masters participants who want to enhance their administrative skills. Those served by this certificate are:

- Teachers interested in transitioning into educational administration
- Principals of K–8, K–10, K–12, and 9–12 schools
- Supervisors of instruction
- Superintendents of schools

Certificate credits can be transferred to the Andrews University MA in Educational Leadership. Students may also qualify for certification and/or endorsement by the North American Division.

Students completing certificate programs are not eligible to participate in commencement services.

**Online Delivery:** This program is offered as an interactive online asynchronous program (see Global Campus definitions). The online courses follow fixed enrollment with semester start and end dates. Participants interact with each other and with instructor throughout all courses. Students must attend the initial program orientation in the cohort year the student is admitted to the program.

### Total Credits - 18

Also fulfills certificate requirements; must complete a minimum of two graduate courses in curriculum, two in supervision, and one in school administration as listed below:

**School Administration**

- EDAL 520 - Foundations of Educational Leadership **Credits:** 2,3
- EDAL 565 - Leadership for Seventh-day Adventist Education **Credits:** 2
- LEAD 630 - Introduction to Leadership **Credits:** 2

**Curriculum**

- EDCI 547 - Foundations of Curriculum Studies **Credits:** 3
- EDCI 565 - Improving Instruction **Credits:** 2,3
- EDCI 650 - Curriculum Design: \_\_\_\_\_ **Credits:** 3

**Supervision**

- EDAL 570 - Principles of Educational Supervision **Credits:** 2,3
- 1 credit of LEAD 756 - Advanced Studies: (Topic) \_\_\_\_\_ **Credits:** 1-12

## Educational Administration & Leadership

### EDAL 520 - Foundations of Educational Leadership

**Credits:** 2,3  
A basic orientation to the purposes, organization, and administration of educational programs and institutions; the structure and control of school systems; the nature of administration; and the conceptual foundations of educational administration and leadership.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 560 - K–12 Law

**Credits:** 3  
Emphasizes legal issues affecting teachers and educational administrators, including governmental relations, church state issues, teacher employment, student control, and school board operations and procedures.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 565 - Leadership for Seventh-day Adventist Education

**Credits:** 2  
Explores the spiritual climate and leadership practices of administration in Seventh-day Adventist education. Uses scripture, the writings of Ellen White, and other sources to develop a frame of reference for educational leadership and an understanding of the role of the divine in education.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 570 - Principles of Educational Supervision

**Credits:** 2,3  
Designed for principals, superintendents, and instructional supervisors concerned with the improvement of teaching and learning by professional supervision; the role, aims, principles, and practices of instructional supervision; introductory study of supervisory techniques.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 635 - Human Resources Administration

**Credits:** 2,3  
Reviews personnel services; policy for certified and noncertified employees; personnel functions in education; the interpersonal process in educational organizations, communications, and group dynamics for educational administrators.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 640 - Higher Education Law

**Credits:** 3  
Legal aspects of the administration of higher education institutions. Policy issues related to student rights, intellectual property, academic freedom, admission, employee relations, and property use.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 645 - K–12 Educational Finance

**Credits:** 2,3  
Focuses on financial and economic issues affecting educational institutions, including school support, costs of education, sources of revenue, budgeting, and the organization and maintenance of the fiscal and physical resources of educational systems.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 650 - Educational Administration Program Continuation (MA)

**Credits:** 0  
A master's student may register for this title to comply with continuous registration requirements. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable

**Schedule Type:** Independent  
**College Code:** CEIS

### EDAL 655 - Higher Education Finance

**Credits:** 1-3

An overview of issues related to the financing of higher education, including the nature of educational costs, state and federal finance policy, economic perspectives, basic concepts of budgeting, and the implications of financing on college access and affordability. Ethical usage to enhance financial and organizational effectiveness are also discussed.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 660 - Planning and Operating Educational Facilities

**Credits:** 2,3

A survey of the planning, modernization and management of educational facilities including buildings, equipment, and sites. A comprehensive study of educational facilities planning as related to preliminary development plans, long range master planning of educational facilities/campuses, considering educational philosophy and resources.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 663 - Elementary and Secondary School Leadership

**Credits:** 2,3

Explores the role of the elementary and secondary principal; leadership in curriculum implementation and reform; organization of schedules, calendar, and catalogue; staff organization and utilization; attendance program; responsibilities such as assemblies, opening and closing of school, supervision of staff, and operation of school facilities.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 667 - Leadership in Higher Education

**Credits:** 2,3

Focuses on the study of governance of higher education institutions, stressing administrative roles and leadership in visioning distinctive organizational and environmental features of colleges, universities and community colleges, and how these features affect the management of these organizations.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 670 - Technology for Leaders

**Credits:** 1-3

Philosophical basis for technology usage in various leadership settings to enhance organizational effectiveness, survey of contemporary technologies appropriate to most organizational settings and cost benefit analysis of various systems, development of a technology plan for leadership development, ethics of technology usage.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 674 - Administration of Student Services

**Credits:** 3

Overview of student services in higher education and its historical and philosophical foundations, guiding theories, and professional practices. Focuses on administrative structures and processes, and the organization of student services programs in the context of contemporary issues and trends.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 675 - College Student Development Theory

**Credits:** 3

Explores the characteristics of college students and the theories of growth and development for traditional and non-traditional students. Emphasis is placed on understanding the immediate and long-term impact of a college experience.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 676 - Administration of Academic Services

**Credits:** 3

Focuses on the principles academic officers use in dealing with selected administrative functions related to academic departments, degree programs, faculty development, curriculum administration, instructional resources, student development, budget planning, enrollment, and academic personnel.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CEIS

### EDAL 680 - K-12 Internship:

**Credits:** 1-12

A planned internship in leadership at a cooperating organization, institution, school district, or agency. Permission of supervisor and plans required in advance of registration. Fee may apply. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Practicum  
**College Code:** CEIS

### EDAL 685 - Master's Comprehensive Exam Prep

**Credits:** 0

Please see department for details

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CEIS

### EDAL 750 - Educational Administration Program Continuation (EdS/Doctoral)

**Credits:** 0

A doctoral student may register for this title to comply with continuous registration requirements. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CEIS

### EDAL 785 - Comprehensive Examination Preparation (EdS/Doctoral)

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CEIS

### EDAL 886 - Advanced K-12 Internship

**Credits:** 1-12

Under supervision of a faculty member in a educational leadership area. Student interns in responsible positions with specialists/ administrators in cooperating institutions, school systems, or agencies. Permission of instructor required. Fee may apply. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Schedule Type:** Practicum  
**College Code:** CEIS

## EDAL 888 - Dissertation Continuation

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

## Education - General

### EDUC 560 - Degree Reactivation

**Credits:** 0

When participants request reactivation, they will register for Degree Reactivation and pay the associated fee.

**Course/Lab Fee:** Yes

**Grade Mode:** Noncredit (NC,W)

**Schedule Type:** Independent

**College Code:** CEIS

### EDUC 670 - Master's Comprehensive Exam

**Credits:** 0

Please see department for details

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Independent

**College Code:** CEIS

### EDUC 770 - Specialist Comprehensive Exam

**Credits:** 0

Please see department for details

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

### EDUC 870 - Doctoral Comprehensive Exam

**Credits:** 0

Please see department for details

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Independent

## Leadership

### LEAD 101 - Fundamentals of Leadership

**Credits:** 2,3

An exploration of essential personal and interpersonal qualities of a leader. Emphasis is given to team dynamics, problem solving, values identification, strengths discovery and unlocking creativity. Following this course, students may apply to the Undergraduate Leadership Program to pursue a certificate or minor in leadership. Students may receive credit for only LEAD101 or LEAD 301.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CEIS

### LEAD 200 - Leadership Practicum

**Credits:** 0

This zero credit course helps students apply leadership theory. Under the advisement of a coach, they will develop a plan which focuses on one of three areas: Leadership of One, Leadership of Others, and Leadership of Organizations. It will include a growth strategy for expanding the student's knowledge base, engaging in a mentoring relationship, and an individualized leadership growth plan. Required of all certificate and minor students each semester in residence.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**College Code:** CEIS

### LEAD 220 - Creative Problem Solving

**Credits:** 3

This course explores how to proceed when confronted by problems too ambiguous, complex and messy to be addressed directly through technical strategies. It seeks to increase the participants' understanding of creativity and critical thinking to improve their problem-solving skills.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CEIS

### LEAD 230 - Diversity and Inclusion in Leadership

**Credits:** 3

This course will equip students with the tools to manage intercultural conflict, identify and utilize inclusive language, and explore the relationship among diversity, inclusion and the gospel. Emphasis will be given to learning the strategies needed for effective, inclusive leadership in diverse settings, giving special consideration to conversations around religion, gender, orientation, ability, and race/culture.

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** LEAD 101: Fundamentals of Leadership

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CEIS

### LEAD 301 - Leadership and Mentoring

**Credits:** 2,3

In addition to an exploration of essential personal and interpersonal qualities of a leader, this course will place a special focus on mentoring. Emphasis is given to teambuilding, problem solving, strengths discovery and unlocking creativity. Upon completion students may apply to the Undergraduate Leadership Certificate Program. Students may receive credit for only LEAD101 or 301.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** At least junior class standing.

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CEIS

### LEAD 310 - Theories of Leadership

**Credits:** 3

A study of classical and modern theories of leadership, leadership styles, the role of leadership in changing social reality.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CEIS

### LEAD 320 - Introduction to Coaching

**Credits:** 3

This course will equip students with tools and methods for being successful coaches in their context. Students will acquire the skills needed to help others increase performance and develop themselves.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CEIS

### LEAD 330 - Diversity and Inclusion in Leadership

**Credits:** 3

This course will equip students with the tools to manage intercultural conflict, identify and utilize inclusive language, and explore the relationship among diversity, inclusion and the gospel. Emphasis will be given to learning the strategies needed for effective, inclusive leadership in diverse settings, giving special consideration to conversations around religion, gender, orientation, ability, and race/culture.

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** LEAD 101: Fundamentals of Leadership

**Schedule Type:** Lecture

**Term Offering:** Spring  
**College Code:** CEIS

### LEAD 493 - Leadership Social Change Project

**Credits:** 1-3

A leadership project in which the student researches the history of a specific social structure, social action, or social expectation and within this context identifies needed change; creates a plan, attempts the change, and studies the resulting relationships and processes. Both a written and oral presentation of the project is required. Course limited to students in the Undergraduate Leadership Program.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** LEAD 101 or LEAD 301

**Prerequisite/Corequisite:** LEAD 200

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 496 - Leadership Capstone

**Credits:** 1

Students will develop and present a leadership portfolio. This includes a reflection process describing personal growth and increasing theoretical understanding, as well as a focus on professional preparation for pursuing graduate studies or entering the workforce.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** LEAD 101 or LEAD 301, permission of instructor.

**Schedule Type:** Independent

**College Code:** CEIS

### LEAD 497 - Special Projects in Leadership

**Credits:** 1-3

By special permission of the Leadership Program.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 498 - Leadership Change Project

**Credits:** 1-3

A leadership project in which the student identifies needed change; creates a plan, attempts the change, and studies the resulting relationships and processes. Both a written and oral presentation of the project is required. Course limited to students in the Undergraduate Leadership Program.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

### LEAD 499 - Independent Study: Topic

**Credits:** 1-3

Please see department for details

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Advisor and instructor permission required.

**College Code:** CEIS

### LEAD 525 - Public Relations: Community Partnerships

**Credits:** 2,3

Reviews research on public relations and strategies for improving community relationships and strengthening partnerships with community groups.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### LEAD 530 - Educational Marketing

**Credits:** 1,2

Provides the foundation knowledge and skills for understanding, planning, and designing marketing plans for educational institutions. Focuses on elements of marketing such as mission statement, target market, image, position, and the market mix (product, price, place, and promotions).

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 2 credits

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### LEAD 535 - Principles of Academic Writing

**Credits:** 1-3

This course offers an introduction to the art of academic discourse that will prepare students for writing research papers, theses and dissertations. It covers summary, analysis and synthesis, structure and language use, style and formatting, and the concept of writing as both a process and a skill learned best through continual practice.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Equivalency Assessment, Seminar, Interactive Online

**College Code:** CEIS

### LEAD 540 - Creativity and Innovation Workshop

**Credits:** 1,2

This workshop is designed to grow the participant's understanding of both creativity and innovation by engaging in a set of experiences, lectures, discussions, readings, and reflections. Further, the participant will be challenged to find ways of applying these new understandings for practical use in their work and life and to explore ways of achieving personal breakthrough solutions.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 545 - Personal Narrative

**Credits:** 1,2

This course helps you explore, understand and write your life narrative as a leader. As you trace the fingerprints of God in your life you will discover a deeper coherence in what often seems random events. You will also learn how to tell your story to yourself and others and use it as a springboard to connect with your calling.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Interactive Online, Equivalency Assessment

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 600 - Annual Conference

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Summer

**College Code:** CEIS

### LEAD 605 - Learning Group

**Credits:** 0

Please see department for details

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

### LEAD 615 - Leadership Certificate Plan

**Credits:** 0,1

Preparation and submission of a leadership development plan describing a self-designed program of study, building on past experiences and addressing current and future leadership goals.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## LEAD 625 - Research Writing Seminar

**Credits:** 1,2

Mentoring in the technical aspects involved in writing research reports, focusing specifically on the language, structure, style and composition process typically used in research writing. Leading to the submission article in a peer reviewed journal.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Seminar

**College Code:** CEIS

## LEAD 628 - Creating Collective Impact

**Credits:** 1-3

The purpose of this course is to provide an overview of the basic elements of the collective impact approach. The course will include discussion and examples of common agenda, shared measurement, mutually reinforcing activities, continuous communication, and a deep dive into the skills and characteristics of the backbone role. Participants will experience designing, developing, implementing, and assessing programs that ultimately result in positive community impact. By the end of this course, the participants will be able to apply the Logic Model to planning and measuring community-based organizational performance. Implement planning and performance measurement in community-based programs to enhance the organizational ability to deliver its mission.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## LEAD 630 - Introduction to Leadership

**Credits:** 2

Intensive introduction and orientation to the Leadership program. Focus on leadership concepts, principles of research, and skills relating to the completion of the program. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Lecture, Seminar

**College Code:** CEIS

## LEAD 634 - Cultural Intelligence and Inclusive Leadership

**Credits:** 1-3

The purpose of this course is to review the tools needed to reduce apprehension, communicate effectively, and establish genuine trust and acceptance. When managing in a cross-cultural setting, you may face many challenges. How do you avoid pitfalls and cultural faux pas? How can you create opportunities to build relationships and understanding with people that are different? Another dimension for those who want to minister effectively across cultural barriers is the need to learn and understand the culture we live in before we initiate public ministry. The participants of this course will be challenged to identify their own biases, learn to adapt their lifestyles in order to increase their sensitivity towards others and build bridges of communication with those in need who live in their communities.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## LEAD 635 - Leadership and Learning Plan

**Credits:** 2-4

Preparation and submission of LLP to faculty for approval.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** LEAD 630.

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

## LEAD 636 - Issues in Leadership Foundations

**Credits:** 2,3

This course explores the philosophical and spiritual foundations of learning leadership, assisting participants in understanding their own worldview and the perspective of others in the context of their practice.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Equivalency Assessment, Interactive Online

**College Code:** CEIS

## LEAD 637 - Issues in Research

**Credits:** 2,3

This course serves to develop skills in reading and evaluating qualitative and quantitative research writings.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## LEAD 638 - Issues in Leadership Theory

**Credits:** 2,3

A seminar in the study of leadership theory. This course is intended to provide a wide coverage of leadership theory based on sound research principles, with implications for informed practice. The seminar includes concept formation in such areas as organizational development, historical and contemporary views of leadership, power and influence, "followership," ethical leadership and diversity, and applications to problem solving in leadership and administrative settings.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## LEAD 639 - Introduction to Social Innovation

**Credits:** 1-3

The purpose of the course is to introduce the field of Social Innovation and will address how leaders, as social entrepreneurs, can achieve the desired community transformation. This course explores the theory and history of social change, innovation, and ventures. Participants will learn ways to approach social change and innovation, theoretical perspectives of social change and innovation, theory and practice of social entrepreneurship, social advocacy, and social service.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Year Offering:** Annually

**College Code:** CEIS

## LEAD 640 - Creativity and Innovation Laboratory

**Credits:** 1-6

Participants convene a team from their professional context or a related field to reframe a leadership problem through the development of innovative solutions and prototypes. Requires pre-readings and a multi-day intensive learning experience leading to deliverable prototypes. Participants engage in the design process, based on design thinking: empathize, define, ideate, prototype & test.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture, Interactive Online, Workshop

**College Code:** CEIS

## LEAD 641 - Leading Social Innovation

**Credits:** 1-3

This course aims to focus on strategies for leading and executing social innovation. It will review social innovation and organizational theory, leadership perspectives and practices, and organizational change and collaboration. Participants will examine the distinctive leadership challenges inherent in creating social innovation, and participants will discuss principles and practices for the benefits corporation sector.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## LEAD 642 - Ministry of Reconciliation through Social Innovation

**Credits:** 1-3

This course aims to lay a foundation for understanding appropriate goals and strategies for social innovators and organizations in collaboration with churches and ministries to address social challenges. Participants will explore how to live out the restorative justice implications of the Gospel when addressing the social, cultural, political, and spiritual dimensions of the often-complex problems faced by neighborhoods, communities, and societies.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Year Offering:** Annually

**College Code:** CEIS

### LEAD 643 - Emotional and Spiritual Care in Crisis

**Credits:** 3

The course provides the most comprehensive model to help people cope with critical incidents. The participants will obtain three professional certificates in comprehensive crisis intervention and disaster behavioral health from International Critical Incidents Stress Foundation (ICISF, Inc.): 1) Assisting Individuals in Crisis , 2) Group Crisis Intervention and 3) Critical Incidents in Places of Worship - Providing Effective Crisis Support .

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Year Offering:** Annually

**College Code:** CEIS

### LEAD 644 - Leadership and Organizational Dynamics

**Credits:** 3

This course reviews organizational design & behavior within the context of contemporary issues in leadership, administration, international business and higher education. Topics include creativity, innovation, organizational development, organizational change and strategic alignment. The course integrates pertinent research literature with pragmatic challenges and priorities.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### LEAD 645 - Ethical Leadership & Organizational Integrity

**Credits:** 1-3

Explores the dynamics of moral leadership, ethical decision-making and the administrative role in institutional integrity in organizations and schools.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### LEAD 646 - Leadership Communications

**Credits:** 2

A practical class to help students develop their voice for authentic leadership, articulating shared mission and vision, and developing key competencies for effective speaking, writing and multimedia communication.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### LEAD 647 - Creative Critical Thinking and Problem Solving

**Credits:** 3

Helps leaders learn to make better decisions through creative thinking and problem-solving, focusing on the nature and techniques of critical thought and using multiple perspectives to develop creative strategies for confronting ambiguous and complex issues with practical, well-considered solutions.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### LEAD 648 - Workshop: (Topic)\_\_\_\_\_

**Credits:** 1-12

Selected learning experiences.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Permission of instructor required.

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning, Workshop

**College Code:** CEIS

### LEAD 650 - Leadership Program Continuation

**Credits:** 0

After the LLP is approved, the participant may register for this title to maintain active status while clearing DGs (deferred grades) with advisor approval only. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

### LEAD 675 - Portfolio Development: (Topic)\_\_\_\_\_

**Credits:** 0-3

Development of expertise and documentation in a selected competency area including self reflection that describes personal growth and the theoretical knowledge base supporting the competency. The course involves both research-based and project-based assignments.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 678 - Global Education Study Tour

**Credits:** 3-6

International or comparative dimensions of education and leadership through a study tour program with travel to destinations relevant to specific topics of study. Intended to give participants a cross-cultural perspective and a global vision of the challenges of education and leadership around the world. Fee may apply.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning

**College Code:** CEIS

### LEAD 680 - Internship

**Credits:** 1-12

Planned field experience in leadership at cooperating institutions, school systems, or agencies. Permission of instructor required. Fee may apply. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

### LEAD 689 - Seminar: (Topic)\_\_\_\_\_

**Credits:** 1-12

Selected topics offered.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Permission of instructor required.

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning, Seminar

**College Code:** CEIS

### LEAD 690 - Independent Study: (Topic)\_\_\_\_\_

**Credits:** 1-12

Selected topics.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Prerequisite(s):** Permission of advisor and instructor required.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Independent

**College Code:** CEIS

### LEAD 696 - Leadership Capstone Experience

**Credits:** 1,2

Presentation of a portfolio demonstrating the development of selected leadership competencies. Participants will reflect on and evaluate their personal and professional growth, their leadership development, and the lifelong impact of these competencies on their career.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** independent

**College Code:** CEIS

### LEAD 698 - MA Research Project

**Credits:** 1-3

A planned research experience whereby a problem or issue in the workplace relating to leadership is identified by the participant. The process includes the

development of a research proposal, implementation of the research plan, and a written paper using the Andrews University Standards for Written Work.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Independent

**College Code:** CEIS

### LEAD 699 - Thesis

**Credits:** 1-6

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time Status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 756 - Advanced Studies: (Topic)\_\_\_\_\_

**Credits:** 1-12

Advanced studies in leadership. Resulting in the development of a competency. (See Competencies of the Program)

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Permission of instructor required.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Independent, Equivalency Assessment

**College Code:** CEIS

### LEAD 775 - Advanced Portfolio Development: (Topic)\_\_\_\_\_

**Credits:** 1-12

Building upon the knowledge base developed in LEAD 675, the participant continues to develop expertise and documentation in a selected competency area. The course involves both research-based and project-based assignments.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** Permission of instructor required.

**Repeatable:** Repeatable up to 12 credits

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 778 - Global Education Study Tour

**Credits:** 3-6

International or comparative dimensions of education and leadership through a study tour program with travel to destinations relevant to specific topics of study. Intended to give participants a cross-cultural perspective and a global vision of the challenges of education and leadership around the world. Fee may apply.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning

**College Code:** CEIS

### LEAD 789 - Advanced Seminar: (Topic)\_\_\_\_\_

**Credits:** 1-12

Advanced topics in leadership.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Permission of instructor required.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Blended Learning, Seminar

**College Code:** CEIS

### LEAD 798 - Advanced Research Project

**Credits:** 1-6

This project includes the identification of a problem in a professional environment, implementation of a research plan, and a research paper.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 880 - Dissertation Proposal Development

**Credits:** 2

Designing and writing the doctoral dissertation proposal. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** LEAD 535, LEAD 637 and an approved topic and committee prior to registration for this course.

**Repeatable:** Repeatable

**Schedule Type:** Independent, Interactive Online

**Term Offering:** Spring

**College Code:** CEIS

### LEAD 881 - Doctoral Project Proposal Development

**Credits:** 2

This course helps individuals develop the doctoral project proposal. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Schedule Type:** Blended Learning, Interactive Online

**Special Approval:** Instructor permission required.

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### LEAD 885 - Leadership Research

**Credits:** 1-8

Planned research experience dealing with leadership. Students collaborate with a faculty member in research leading to publication.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Equivalency Assessment, Independent

**College Code:** CEIS

### LEAD 886 - Advanced Internship

**Credits:** 1-12

Under supervision of a faculty member in a leadership area. Student interns in responsible positions with specialists/ administrators in cooperating institutions, school systems, or agencies. Permission of instructor required. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**College Code:** CEIS

### LEAD 889 - Doctoral Seminar

**Credits:** 1-3

Engagement in professional development activities appropriate to doctoral-level candidates. Includes critiques of dissertations, dissertation defenses, and professional conference participation.

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar, Interactive Online

**College Code:** CEIS

### LEAD 890 - Doctoral Project

**Credits:** 1-10

This course guides individuals in completing their doctoral project. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 10 credits

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### **LEAD 895 - Doctoral Portfolio**

**Credits:** 2

Preparing and presenting the doctoral portfolio, including the completion of the synthesis paper.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

### **LEAD 899 - Doctoral Dissertation**

**Credits:** 1-14

A minimum of 14 credits required. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

# Global Campus

assocdeanonline@andrews.edu

Global Campus is an administrative and academic unit serving the international, off-campus, and online activities of Andrews University. Global Campus coordinates online learning across all colleges, monitors the quality of the delivery of online courses and degrees, and provides support to faculty and students involved in online learning. Global Campus also supports and oversees the international and off-campus activities of Andrews University, and hosts Griggs International Academy.

## Mission Statement

Global Campus extends access to Adventist education beyond campus, community, and national boundaries. We support our faculty and students around the world by promoting best practices in distance education and by creating a virtual community designed to nurture learning.

Global Campus serves Andrews University by providing leadership, faculty and student support, and professional resources for online learning, off-campus partnerships and educational technology. Global Campus also manages a subset of Andrews University's undergraduate online degrees.

## Core Values

To accomplish our mission, Global Campus is committed to these core values:

- **Excellence:** We view each student as a special creation, endowed by God with individual talents and abilities that we encourage them to develop by providing a quality, academically rigorous Seventh-day Adventist Christian education at all levels.
- **Respect:** We believe that it is our responsibility to uplift one another by demonstrating respect and consideration for all parents, students, and educators through learning that is student-centered and redemptive, and customer service that is helpful and friendly.
- **Integrity:** We recognize that mutual trust rests upon a foundation of honesty and transparency. We are honest and straightforward in our dealings, both business and academic, and expect no less from our parents, students, and faculty.
- **Community:** We believe that a safe learning environment and an accepting community are important to effective learning, especially in distance education. We strive to create a learning community where all participants (parents, students, faculty, and administrators) feel valued and understand that they are part of a team by providing opportunities for constructive interaction, and sharing of experiences.

## History

Griggs University/Griggs International Academy began its work in 1909, when the General Conference of Seventh-day Adventists voted to offer correspondence

courses to meet the needs of its members and workers who were unable to attend a traditional campus-based school or college. GU/GIA was originally called Fireside Correspondence School and was founded by Frederick Griggs, one of the pioneer educational leaders of the Seventh-day Adventist Church.

In 2009, the Seventh-day Adventist Church leadership formed a Commission on Distance Education Models and Structure. The intent of the commission was to conduct an in-depth investigation of current best practices for distance education and make recommendations to the Church on the possibility of using distance education to meet the needs of the worldwide constituency.

In 2010, the Commission brought a recommendation to the General Council and to Niels-Erik Andreassen, president of Andrews University, that ownership of Griggs University be transferred to Andrews University. During the summer of 2010, Andrews University faculty and administration met and deliberated on the impact that ownership of Griggs would make upon the University structure.

At the October 26, 2010, meeting of the Andrews University Board, it was voted to accept the gift of Griggs University and Griggs International Academy.

In 2024, the School of Distance Education was reorganized into the Global Campus, with the Office of Off-Campus Programs and Griggs International Academy merging into the Global Campus. Global Campus is primarily located in Griggs Hall, which used to be the Lake Union Office.

## Online Campus

Global Campus provides support and oversight for all online courses, degrees and programs offered by Andrews University.

## Online Delivery Modes

Andrews University modes and definitions of distance education are based on the United States federal distance education definitions and the Higher Learning Commission definitions of distance education.

**Distance Education Programs** are defined by the total package delivery of learning experiences included in the degree. Distance education includes any learning experiences that are not located at any Andrews campus, such as online courses, dissertations, independent studies, clinicals, etc. Distance programs have limited learning time on campus.

**Distance Education Courses** are defined as courses in which all or the vast majority (typically 75% or more) of the instruction and interaction occurs via electronic communication, correspondence, or equivalent mechanisms, with the faculty and students physically separated from each other.

**Distance Degree Students** are accepted into Distance programs. Distance guest students are admitted to register for courses for transfer or personal development.

Andrews University offers the following types of distance education course formats:

- **Interactive Online Asynchronous** courses use minimal real-time interaction via video, and instead use online tools such as forums, recorded audio, recorded video, and interactive content to deliver primarily asynchronous instruction to students who are separated from the instructor. Learning activities have specified due dates. Regular, substantive, teacher-led, and meaningful interaction both with the instructor and with fellow students is expected. Real-time interaction via video is minimal and either optional, scheduled individually, or scheduled at a time convenient for all students. No additional penalties or extra work are created for missing a live session. There are no on-campus requirements. *(This course type aligns with the federal definition for distance education.)*
- **Interactive Online Synchronous** courses use real-time, two-way live video to deliver primarily synchronous instruction to students who are separated from the instructor. Students engage in regularly scheduled synchronous live video instruction. The course schedule lists the synchronous meeting times so that students can plan. Real-time interaction with the instructor and fellow students is expected. Learning activities have specified due dates. There are no on-campus requirements. These courses may be taught to in-person students at the same time (i.e. dual synchronous). *(This course type aligns with the federal definition for distance education.)*
- **Blended Learning** courses include some time where the faculty and students are physically separated from each other and additional time where the faculty and students are in the same location. Blended learning scenarios include a face-to-face class that has reduced face-to-face time replaced with extended online assignments or a short intense face-to-face time supplemented with online learning activities. The blended learning course

format uses the online activities to ensure that the course meets the credit hour definition requirements. The online portion of this type of course must meet the description of interactive online or real-time online courses listed above. *(This course type aligns with the federal definition for distance education.)*

- **Self-Paced Online** courses are offered where instructional materials and examinations are provided by mail or electronic transmission to students who are separated from the instructor. Interaction between the instructor and the student is limited and is primarily initiated by the student. Self-paced courses may be delivered via paper; via electronic means such as email or a learning management system, or via DVDs, podcasts, streaming or similar one-way media transmission. Self-paced open learning courses are open for registration at any time and must be completed within 180 days of the start date. *(This course type aligns with the federal definition for correspondence courses.)*

## Online and Blended Degrees

Andrews University offers a variety of online and blended degrees. Some programs include minimal on-campus components, some programs are entirely online, and those marked blended have a significant amount of time on campus. See the individual degree pages for more details. All online programs and courses must be approved by Global Campus.

- **College of Arts and Sciences**
  - Liberal Arts, General Studies & Interdisciplinary Studies
  - General Studies AA
    - General Studies AS

  - Religion MA (Specialized Track)
  - Youth & Young Adult Ministry MA - Blended/Hybrid

## Online Courses

- Most Online Undergraduate Courses are open to Andrews University degree-seeking students and guest students not pursuing a degree at Andrews University. Some departments have restricted access to selected online courses for on-campus students.
  - Andrews Core Experience (General Education) courses managed by Global Campus include the following. Note that starting Fall 2024, the university has restricted access to general education for on-campus students. On-campus students are encouraged to take the on-campus courses. If an exception is needed, please visit the Office of Undergraduate Education in Nethery Hall.
    - Arts & Humanities: ARTH 220 or MUHL 214
    - Communication: COMM 104 or COMM 220
    - English Writing: ENGL 115 and ENGL 215
    - History: HIST 117, HIST 118, HIST 204, or HIST 205
    - Mathematics: MATH 165, MATH 168, or STAT 285

- Natural Sciences: BIOL 208
  - Religion: RELT 100 or RELB 210; and many RELB, RELG, RELP, RELT choices.
  - Social Sciences: ANTH 200, PLSC 104, PSYC 101, or SOCI 119
  - Wellness: HLED 135
- Some Online Graduate Courses are also open to guest students not pursuing a degree at Andrews University.

- Graduate Financial Assistance

## Registration and Course Information

See the Course Schedule for available Undergraduate and Graduate online classes.

Online courses are offered in the following learning formats - see definitions above.

### Interactive Online Asynchronous Classes

Interactive online asynchronous classes have fixed start and end dates and fixed assignment and exam due dates. Students pick the time of day to study; there are limited synchronous class attendance times and students need to log in to LearningHub several times a week. These classes are eligible for federal financial aid. *Interactive online asynchronous classes* usually have section numbers of **950-999**. To view all courses of this type, filter the course schedule by *Schedule Type* **interactive online** and by *Instructional Method* **asynchronous** in the Term selected. Registration policies in this bulletin and term-based deadlines apply to interactive online asynchronous courses.

### Interactive Online Synchronous Classes

Interactive Online Synchronous classes also have fixed start and end dates and fixed assignment and exam due dates. Students attend classes at scheduled times through video conferencing. These classes are eligible for federal financial aid. Interactive online synchronous classes usually have section numbers **950-999**. To view all courses of this type, filter the course schedule by *Schedule Type* **interactive online** and by *Instructional Method* **synchronous** in the Term selected. Registration policies in this bulletin and term-based deadlines apply to interactive online synchronous courses.

### Self-Paced Online Classes - for guest students only

Self-paced online classes can be started at any time, are student-paced, and are not eligible for federal financial aid. Students in degree seeking programs eligible for financial aid are not allowed to take them. Self-paced online classes usually have a 901 section number. To view all courses of this type, filter the course schedule by *Schedule Type* **self-paced online**. Registration policies in this bulletin apply to self-paced online courses except than those reflecting specific deadlines. Students have 180 days from the student-selected start date to complete self-paced courses. Registration for self-paced courses follows the Self-Paced Academic Calendar. Note that the start date selected by the student during the registration process determines the term (spring, summer, fall) in which the class is recorded for transcript purposes.

### Registration Holds

There are several types of holds on the registration process. Information about what to do to remove a hold is available when logged in to your student profile page.

- Holds for health, insurance, bookstore, and residence halls do not apply to students registering in online classes or those taught at a location away from the Berrien campus.
- Holds for international deposits and visas do not apply to international students, living outside of the United States, who are only enrolling in classes online or on a campus outside of the United States.
- International graduate students coming to campus for one month or less do not pay the international deposit but will need visas and insurance as listed for on-campus programs.

### Student Responsibility and Contacts

It is always the student's responsibility to:

- Consult this Academic Bulletin and Andrews University webpages to follow current policies and procedures
- Check with their academic advisor that distance courses will fulfill degree requirements
- Check with their financial advisor how the course type will impact their financial plan
- Complete the disability accommodations form and provide documentation if study accommodations are desired

Contact information for academic and financial advisors is available on each student's profile and financial aid SSB [Self Service Banner] pages. Questions about the registration process or holds are best answered by the following enrollment counselors:

- Undergraduate online classes: sdestudents@andrews.edu, text 269-397-4477
- Graduate online classes: graduate@andrews.edu, 269-471-6013

## Global Campus Student Services

### Online Admission Services

#### Degree Students

Admission begins with completing the application at [www.andrews.edu/apply](http://www.andrews.edu/apply). Undergraduate and graduate admission requirements are the same for students studying on-campus or online. Please refer to the Academic Policies sections of the bulletin for more information:

- Undergraduate Academic Policies - see Admission section
- Graduate Academic Policies - see Enrollment and Admission section

#### Guest, Visiting, or Non-Degree Students

Degree admission requirements do not apply to students taking distance courses for personal growth, certification, or to supplement a program of study at another institution. Such students use the same application at [www.andrews.edu/apply](http://www.andrews.edu/apply), identifying themselves as guest or non-degree applicants. Learn more in the guest policy sections:

- Undergraduate Academic Policies - see Guest Students section
- Graduate Academic Policies - see Guest Students section

#### Admission Services

Questions about completing an application or admission status are best addressed to the following contacts:

- Undergraduate Admissions: email [sdestudents@andrews.edu](mailto:sdestudents@andrews.edu) or text 269-397-4477
- Graduate Admissions: email [graduate@andrews.edu](mailto:graduate@andrews.edu) or call 269-471-6013

### Online Financial Services

Fees and tuition for online programs of study are listed in the Financial Information bulletin section, with additional details by program on this webpage.

**Withdrawals and refunds** for *interactive online* part-of- or full-semester classes follow policy for on-campus courses. Self-paced classes follow different withdrawal and refund deadlines. View the Academic Calendar in this Academic Bulletin for each semester for the deadlines to withdraw with full or partial refunds. All withdrawals after the last day to drop or add a course require a drop/add form. Follow instructions on the form and in procedural emails to students enrolled in online classes to send the form to those who must sign before the form can be sent to Academic Records.

#### Federal Financial Aid

Federal financial aid may be available to online degree-seeking students if all of the following conditions are met:

- A student is a U.S. resident, admitted to a program that leads to an associate, bachelor, or graduate degree.
- A minimum of 6 credits are registered for part-time and 12 credits for full-time eligibility.
- Term-based online classes are completed within the semester they are registered.

Federal aid is not available for classes taken as a guest or non-degree student or as a student admitted to a certificate program that is not part of a degree program. If you use Federal financial aid and need to repeat a course, review the Repeating Classes section of the General Academic Policies, then discuss this with your financial advisor before re-registering.

#### Financial Assistance

See the following sections of the bulletin for further information about tuition discounts and scholarships. Note limitations by campus.

- Undergraduate Financial Assistance

- Teacher Professional Development classes and non-credit continuing education: odl@andrews.edu, (269) 471-3482

### Online Student Support

Students studying at a distance can access many services using technology:

- Learn how to apply, clear financially, register, request exams, and successfully complete studies online at [www.andrews.edu/distance/students](http://www.andrews.edu/distance/students)
- In addition to orientation provided through your program department team, use online resources to succeed academically and thrive emotionally, socially, physically, and spiritually while studying online.
- This current Academic Bulletin communicates policies and procedures, and key contact information for all campus services.
- The Andrews Agenda provides weekly news, announcements, and updates.
- Follow, like and share #AUOnlineStudies on Instagram and LinkedIn for online student wellbeing and academic support posts each week.
- The Andrews Directory includes contact information for all current faculty, staff and students.
- Departmental updates are emailed to students registered in specific programs of study. Check your Andrews email regularly.
- Pioneer Memorial Church, New Life, and One Place services are streamed online.
- Videos of chapels and vespers are available through the Andrews University Youtube Channel.
- The Student Association Youtube Channel includes many more videos of student events.
- Listen to Andrews University's classical radio online 24/7 at WAUS.
- Advisors help students connect with resources as needed. All online students are encouraged to communicate with their academic and financial advisors regularly, through email, phone, and video conferencing.
- An online grievance form provides students with tools to formally register a complaint about any aspect of the educational service provided by Andrews University. The procedure for lodging a complaint is outlined online.

### Library Access

Andrews University online students have full and free access to the resources and services of the James White Library via phone, fax, e-mail, or the Internet. Such services include:

- Access to the James White Library Catalog
- Access to the Library's Online Databases which include full-text articles from many thousands of periodicals
- Online Instruction, Tutorials and Research Guides
- Interlibrary Loan and Document Delivery Services
- Reference and Consultation Services
- Download software, such as Grammarly, Endnote, NVIVO, and SPSS for research and writing
- Online access to these services is available through use of the Andrews University username and password supplied during the admission process. Off-campus program students, staff and faculty may apply for Andrews University username and password through the Off-Campus Library Services Web page.

### Proctored Examinations

Most online courses include examinations that are to be taken under supervision:

- Students in the Armed Forces or in a corporation with an education center may take their examinations under the supervision of the entity's education officer.
- Students taking Seminary or Math courses are required to use online proctoring through the Global Campus Testing Center.
- All other students may choose online or local proctoring.

If local proctoring is chosen (as applicable), make arrangements before filling in the exam request form provided within the course space. Proctors must have academic responsibility in a university, college, school, military or workplace continuing education setting, and be available to proctor at their place of work. Instructions will be communicated to the proctor, once approved, and the student notified via email when the exam has been issued. If online proctoring is chosen, students use an online calendar to schedule exam sessions during office hours. Details are provided within the course space, and further information about how

online exams work is available online. Students will need a computer with current browser version, video and audio, and high speed internet to take exams online.

To learn more about proctored exams online, email the Testing Coordinator at [sdeexams@andrews.edu](mailto:sdeexams@andrews.edu), or call 269-471-6566 if help is needed.

### Credit for Prior Learning (CPL)

Credit for prior college level learning that is not documented through academic transcript may be earned through advanced placement, standardized and departmental challenge exams, validation and proficiency assessments. Students may apply for academic credit for prior college level learning through personal achievements and professional expertise. Assessment of portfolios are done on a course-by-course basis, either by Andrews University faculty evaluators or through the Council on Adult and Experiential Learning.

The Director of the Center for Adult Degree Completion serves as the Prior Learning Coordinator for all Andrews University colleges. First discuss prior learning with your academic advisor, then contact the Adult Education Center for coaching in preparing for departmental challenge exams, validation of certification or other documentation, or portfolio preparation. Learn more about the 5 ways to earn credit for prior college-level learning here:

- Undergraduate Academic Policies - see the Credit for Prior Learning section
- Graduate Academic Policies - see the Credit for Prior Learning section
- Credit for Prior Learning procedures and resources webpages

## Global Campus Online Degree Support

Janine Lim, PhD, *Associate Dean*

### Services to All Andrews Online Courses and Degrees

Amy Spears, *DLIT Director and Global Campus Online Course Manager*

Glynis Bradfield, *Director, Center for Adult Degree Completion*

Lileen Coulloudon, *Online Quality Assurance Specialist*

Sheralee Thomas, *Instructional Designer*

Stephanie Wilczynski, *Instructional Designer*

Global Campus provides a wide variety of services for online degrees and courses offered by Andrews University.

- Online degree design, advocacy, coordination, and quality review
- Online degree advising design and training
- Online course development, materials design and conversion, instructional design advice and training, quality review, online teaching standards and training
- Exam design and proctoring services
- Technical and instructional technology support via the Center for Digital Learning and Instructional Technology

### Global Campus Degrees and Courses

A subset of the undergraduate online courses and degrees at Andrews University are managed by Global Campus. The academic departments approve faculty, faculty qualifications, syllabi, and textbooks; and Global Campus handles the student recruitment and advising, faculty contracts, faculty support and training, delivery and editing of the online courses, and the daily operations of the online degrees and courses. See the Center for Adult Degree Completion page for detail.

The courses managed by Global Campus are also available to guest students, either registering directly with Andrews University or through their home institution via the CAREonline Consortium.

A complete list of Global Campus courses can be viewed via this webpage or the Global Campus catalog.

### Global Campus Faculty

Note that some faculty teach both for the Global Campus and their respective academic departments.

 odl@andrews.edu  
<https://www.andrews.edu/distance/continuinged>

Heidi James, *Director*

Andrews University offers Continuing Education courses in both credit and non-credit form. Bringing content through either on-campus departments or third parties, these courses are intended to help adult learners continue their education and gain necessary skills for employment or for personal enrichment.

Our **Partnered Teacher Professional Development** courses are designed for K-12 teachers needing to earn graduate credit. These courses are not part of a typical degree program. It is the student's responsibility to ensure the credits they take work for their particular needs.

New courses are added during the year. Please refer to our website for a complete list and partner contact information.

Third-party partnerships offering graduate credit for teachers are:

EDCI 622: Courses offered in partnership with the Adventist Learning Community.

EDCI 626: Courses offered in partnership with Midwest Teachers Institute.

EDCI 628: Courses offered in partnership with The Connecting Link.

EDCI 629: Courses offered in partnership with Advancement Courses, Inc.

EDCI 631: Courses offered in partnership with PLS 3rd Learning.

EDCI 635: Courses offered in partnership with Virtual Educational Software.

EDCI 639: Courses offered in partnership with EdTechnology Specialists.

EDCI 641: Courses offered in partnership with Learners Edge.

EDCI 649: Courses offered in partnership with Creative Teacher Education Institute

**Our Non-credit** course options are both offered through third-party partnerships as well as various departments on campus. They are intended for students who want to gain general knowledge, learn a new skill, upgrade existing skills, or enrich their understanding about a wide range of topics. Upon successful completion of a course, students will receive a certificate. Upon completion of a series of required classes, some students can earn a non-credit vocational certificate. While non-credit classes do not meet degree requirements, students may request review of such learning and application in life and work, to earn academic credits through the prior learning assessment options coordinated through the Center for Adult Degree Completion.

## Center for Digital Learning and Instructional Technology

Griggs Hall B, Room 123  
 269-471-3960  
[www.andrews.edu/distance/dlit](http://www.andrews.edu/distance/dlit)  
 dlit@andrews.edu

Amy Spears, *Director*

Lorena Bidwell, *Learning Systems Administrator*

Jeff Craig-Davis, *DLIT Operations Coordinator*

The Center for Digital Learning and Instructional Technology provides instructional technology leadership, support and resources to the faculty, staff, and students of Andrews University. DLIT serves main campus, online campus, and off-campus programs.

## Instructional Technology

The Center for Digital Learning and Instructional Technology researches and promotes new instructional technologies. DLIT provides technology support for enterprise level instructional technology tools such as LearningHub, the campus Moodle learning management system called LearningHub; student response systems (iClickers); Panopto, our video streaming and recording service; and Zoom, our webinar and videoconferencing software. In addition, we offer workshops, training and one-on-one consultation for pedagogical use of technology. We work collaboratively with various entities across campus to provide excellent service through processes and procedures to support main campus, online campus, and off-campus students and faculty.

See also online services above.

## **Seminary Online Learning Center**

The Seminary Online Learning Center provides quality video for online courses, continuing education courses, and streaming for various events of the Seventh-day Adventist Theological Seminary. The Seminary Online Learning Center partners with the Center for Digital Learning and Instructional Technology (DLIT) which helps in the development, technical support and design of the online courses.

## **Office of Off-Campus Programs**

See additional information regarding the Office of Off-Campus Programs.

## **Consortium of Adventist Higher Education**

### **Online - CAREonline**

Andrews University participates in CAREonline, the Consortium of Adventist Higher Education Online, which was established by the Adventist Association of Colleges and Universities (AACU) in the summer of 2020. Andrews University offers courses through the shared platform, Acadeum. We are also a member of the Council for Christian Colleges and Universities Online Course Sharing Consortium, also served in the Acadeum platform. In addition to offering courses, Andrews University receives courses, when approved by department chairs, to fill gaps in students' graduation requirements. A printed catalog for SDE-managed courses offered through CAREonline can be requested from Global Campus.

The Consortium of Adventist Colleges and Universities has transitioned into the new CAREonline Consortium. In 1969, Home Study International partnered with Columbia Union College (now Washington Adventist University). In the 1990s, the agreement was expanded to include Andrews University and Oakwood University and branded as the Griggs Consortium. When Griggs University moved to Andrews University in 2011, the Griggs Consortium was rebranded as the Consortium of Adventist Colleges and Universities. This Consortium ended in 2021 and joined the Consortium of Adventist Higher Education Online.

Dianne Staples

### Mission

The Department of Intensive English Programs (DIEP) at Andrews University seeks to provide students with an opportunity to develop the skills needed to:

- Meet life's needs in aural/oral and written communication
- Communicate within the language formalities of an academic institution
- Prepare for college/university entrance

### Methods

- DIEP offers a rigorous academic English program to help students prepare to apply to college/university
- DIEP enhances English skills through a variety of academic, cultural, and professional experiences
- DIEP delivers classes in person and online
- DIEP maintains small class sizes for optimal learning

### Outcomes

- Participants matriculate into undergraduate and graduate programs
- Professionals achieve English language proficiency
- Participants function within the various English language formalities

## Certificates

## ESL Program

The ESL Program develops and assesses college-level academic English language proficiency, and completing the ESL Program gives both undergraduate and graduate students at Andrews the opportunity to meet university English requirements. The ESL Program is offered during Fall semester, Spring semester, and in a six-week Summer semester, which counts as a full semester. ESL classes are offered for credit or for non-credit hours.

### Delivery

The courses for the ESL program are available for on campus and online students. Courses are taught in the interactive online synchronous format to students in-person and online simultaneously (see Global Campus definitions).

### Placement

The DIEP English Placement Test (EPT) is used to place new students into one of four levels in the ESL Program: Beginning, Foundation, Intermediate, and Advanced. The Test of English as a Foreign Language (TOEFL), or any other English language proficiency test accepted by Andrews University, is not required for individuals to be placed into one of the four levels; however, if an individual has an English language proficiency score on record, this score may be used in determining level placement, though the EPT score is the primary level placement indicator.

### Classes

Each of the four levels has core classes in grammar, reading, writing, listening, and speaking. Additional skill-building classes focus on pronunciation, conversation and discussion, academic presentations, and American culture and values.

### DIEP Certificate

The DIEP Certificate is awarded to students who successfully complete the ESL Program, and earning the DIEP Certificate demonstrates completion of university language requirements. To earn the DIEP Certificate, an individual must do all of the following:

- Pass (B- grade or higher) all ESL classes starting at the level in which an individual was initially placed until Advanced is completed (16 credits or non-credit hours per level in Fall and Spring semesters, and 12 credits or non-credit hours per level in Summer semester)
- Pass the required DIEP Speaking Test, which is given as part of the Advanced Listening & Speaking class

Note: The TOEFL (or any English language proficiency test other than the ESL Exit Exam) is not required to complete the ESL Program.

## ESL Program

### Beginning Level

ENSL 110 - Beginning Grammar **Credits:** 0–4  
ENSL 111 - Beginning Reading & Writing **Credits:** 0–4  
ENSL 112 - Beginning Listening & Speaking **Credits:** 0–4  
ENSL 113 - Beginning Reading **Credits:** 0–4  
ENSL 114 - Beginning Writing **Credits:** 0–4

### Foundation Level

ENSL 120 - Foundation Grammar **Credits:** 0–4  
ENSL 121 - Foundation Reading & Writing **Credits:** 0–4  
ENSL 122 - Foundation Listening & Speaking **Credits:** 0–4  
ENSL 127 - Foundation Writing **Credits:** 0–4  
ENSL 128 - Foundation Reading **Credits:** 0–4

### Intermediate Level

ENSL 210 - Intermediate Grammar **Credits:** 0–4  
ENSL 211 - Intermediate Reading & Writing **Credits:** 0–4  
ENSL 212 - Intermediate Listening & Speaking **Credits:** 0–4  
ENSL 214 - Intermediate Reading **Credits:** 0–4  
ENSL 215 - Intermediate Writing **Credits:** 0–4  
ENSL 223 - Pronunciation **Credits:** 0–4

### Advanced Level

ENSL 220 - Advanced Grammar **Credits:** 0–4  
ENSL 221 - Advanced Reading & Writing **Credits:** 0–4  
ENSL 222 - Advanced Listening & Speaking **Credits:** 0–4  
ENSL 225 - American Ways **Credits:** 0–4  
ENSL 227 - Advanced Reading **Credits:** 0–4  
ENSL 228 - Advanced Writing **Credits:** 0–4

### Mixed Level

ENSL 229 - Conversational English I **Credits:** 0-4  
ENSL 230 - Conversational English II **Credits:** 0-4  
ENSL 231 - Great Debates I **Credits:** 0-4  
ENSL 232 - Great Debates II **Credits:** 0-4

### Topics & Individualized Study

ENSL 130 - English for Academic Purposes: Beginning-Advanced **Credits:** 0–16  
ENSL 530 - English for Academic Purposes: Beginning-Advanced **Credits:** 0–16

## Other Programs

### Andrews English Experience

Andrews English Experience is a short intensive English program offered in July and/or January in sessions of two or three weeks on the Andrews campus or on the campus of another institution. Andrews English Experience has a general track open to all learners and professional tracks open to cohorts of ten individuals or more (for each professional track) in specific disciplines or professions (e.g., professional workshops can focus on business English, medical English, English for church leaders, etc.). Core English classes are offered in the mornings for all learners and specialized general track and professional track workshops are offered in the afternoons. Field trips and other cultural activities may be offered as part of Andrews English Experience for an additional cost. The Andrews English Experience Certificate is awarded to all individuals who complete the program.

### International Table Talk, Tutorials, and Community English Workshops

International Table Talk and group tutorials are offered in fall and spring semesters to students enrolled in DIEP classes. In addition, specialized English tutorials, such as a TOEFL preparation workshop, are available for a fee. Finally, community English workshops are offered for a reduced cost throughout the year.

### Language Pathway Program

The Language Pathway Program allows students to take a limited number of degree program courses while completing language proficiency requirements in DIEP. To be eligible for the Language Pathway Program, individuals must have a TOEFL iBT score of 61-79 (or the equivalent on another English language proficiency test accepted by Andrews University) for most degree programs. Degree programs with higher admissions requirements will also have higher requirements for participation in the Language Pathway Program, and not all degree programs at Andrews allow students to participate in the Language Pathway Program.

### English Second Language

#### ENSL 110 - Beginning Grammar

**Credits:** 0–4

Introduction to English grammar with emphasis on basic grammar usage in communicative contexts, both oral and written.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 111 - Beginning Reading & Writing

**Credits:** 0–4

Introduction to reading and writing as connected skills with emphasis on reading and producing texts (sentences and paragraphs) in communicative contexts.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 112 - Beginning Listening & Speaking

**Credits:** 0–4

Introduction to listening and speaking as connected skills with emphasis on effective communication.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 113 - Beginning Reading

**Credits:** 0–4

Introduction to reading in English with emphasis on strategies for developing reading fluency.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 114 - Beginning Writing

**Credits:** 0–4

Introduction to writing in English with emphasis on producing texts (sentences and paragraphs) in communicative contexts.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 120 - Foundation Grammar

**Credits:** 0–4

Development of English grammatical skills necessary for clear communication, both oral and written.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 121 - Foundation Reading & Writing

**Credits:** 0–4

Development of reading and writing as connected skills with emphasis on reading for critical thinking and producing texts (paragraphs) in communicative contexts.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 122 - Foundation Listening & Speaking

**Credits:** 0–4

Development of listening and speaking as connected skills with emphasis on effective communication.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 124 - TED Talks English

**Credits:** 0-4

Focus on developing English language skills by discussing and responding to issues in a variety of disciplines presented in TED Talks. For students at a lower-intermediate English proficiency levels.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CEIS

#### ENSL 127 - Foundation Writing

**Credits:** 0–4

Development of writing in English with emphasis on producing texts (paragraphs) in communicative contexts.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

#### ENSL 128 - Foundation Reading

**Credits:** 0–4

Development of reading skills in English with emphasis on strategies for fostering

reading fluency and critical thinking.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 130 - English for Academic Purposes: Beginning-Advanced

**Credits:** 0–16

Individual and small group study of English as a second language in preparation for undergraduate and graduate study. May include (but not limited to) grammar, writing, reading, listening, and speaking. All international students are required to be in class a minimum of 12 hours per week.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 131 - Andrews English Experience

**Credits:** 0,4

Intensive study of English for 4-week summer intensive English and cultural immersion program, appropriate to proficiency level. May include (but not limited to) grammar, reading, writing, listening, and speaking.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Summer

**College Code:** CEIS

### ENSL 195 - Individualized Study:Beginning-Advanced

**Credits:** 0–16

Individualized study of English as a second language for undergraduate students, appropriate to proficiency level. May include (but not limited to) grammar, reading, writing, listening, and speaking.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 210 - Intermediate Grammar

**Credits:** 0–4

Development of English grammatical skills necessary for accurate usage in a variety of communicative and academic contexts, both oral and written.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 211 - Intermediate Reading & Writing

**Credits:** 0–4

Development of reading and writing as connected skills with emphasis on reading for critical thinking and producing texts (paragraphs and essays) in a variety of communicative and academic contexts.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 212 - Intermediate Listening & Speaking

**Credits:** 0–4

Development of listening and speaking as connected skills with emphasis on effective communication in academic and nonacademic contexts.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 214 - Intermediate Reading

**Credits:** 0–4

Development of reading skills in English with emphasis on strategies for expanding reading fluency and critical thinking.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 215 - Intermediate Writing

**Credits:** 0–4

Development of writing in English with emphasis on producing texts (paragraphs and essays) in a variety of communicative and academic contexts.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 220 - Advanced Grammar

**Credits:** 0–4

Intensive review of English grammar with emphasis on accurate grammar usage in a variety of communicative and academic contexts, both oral and written.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 221 - Advanced Reading & Writing

**Credits:** 0–4

Mastery of reading and writing as connected skills with emphasis on reading for critical thinking and producing texts (essays) using research in a variety of communicative and academic contexts.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 222 - Advanced Listening & Speaking

**Credits:** 0–4

Mastery of listening and speaking as connected skills with emphasis on fluency and effective communication in academic and nonacademic contexts.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 times

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 223 - Pronunciation

**Credits:** 0–4

English pronunciation improvement with emphasis on vowels, consonants, word stress, and intonation patterns. For students at an upper-intermediate level.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 225 - American Ways

**Credits:** 0–4

Focus on reading a variety of academic texts about American history and culture for the purpose of critical thinking and discussion and with emphasis on group presentations, interviews, and interaction with native English speakers. For students at an advanced level.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ENSL 227 - Advanced Reading

**Credits:** 0–4

Mastery of reading skills in English with emphasis on strategies for developing

reading fluency and critical thinking.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CEIS

### ENSL 228 - Advanced Writing

**Credits:** 0-4  
Mastery of writing in English with emphasis on producing texts (essays) using research in a variety of communicative and academic contexts.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CEIS

### ENSL 229 - Conversational English I

**Credits:** 0-4  
Focus on discussion on a variety of non-academic topics with an emphasis on critical thinking and effective communication.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CEIS

### ENSL 230 - Conversational English II

**Credits:** 0-4  
Focus on discussion on a variety of academic and non-academic topics with an emphasis on critical thinking and effective communication.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CEIS

### ENSL 231 - Great Debates I

**Credits:** 0-4  
Focus on discussion on a variety of non-academic topics with an emphasis on critical thinking and effective communication.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CEIS

### ENSL 232 - Great Debates II

**Credits:** 0-4  
Focus on debate and discussion on a variety of academic and non-academic topics with an emphasis on critical thinking and effective communication.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CEIS

### ENSL 530 - English for Academic Purposes: Beginning-Advanced

**Credits:** 0-16  
Study of English as a second language for graduate students, appropriate to proficiency level. May include (but not limited to) grammar, reading, writing, listening, and speaking.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer  
**College Code:** CEIS

### ENSL 531 - Individualized Study: Beginning-Advanced

**Credits:** 0-16  
Individualized study of English as a second language for graduate students, appropriate to proficiency level. May include (but not limited to) grammar, reading, writing, listening, and speaking.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture, Independent  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CEIS

# Center for Adult Degree Completion

Griggs Hall B 132

[www.andrews.edu/distance/adult-degree](http://www.andrews.edu/distance/adult-degree)

Glynis Bradfield, *Director*, [glynisb@andrews.edu](mailto:glynisb@andrews.edu), 269-471-3432, Room 132

Steve Fox, *Testing Coordinator*, [sdeexams@andrews.edu](mailto:sdeexams@andrews.edu), 269-471-6566, Room 130

Lisbeth Pasillas, *Academic Advisor*, [sdestudents@andrews.edu](mailto:sdestudents@andrews.edu), *remote*

The Adult Degree Completion Center serves as the academic department coordinating programs for undergraduate online students 24 years or older. This center also coordinates credit for prior learning for main and online campuses, and student services for students taking any online classes.

- Oversight of the Integrative Studies BS program
- Academic planning and advising of students in Global Campus managed programs
- Recruiting and marketing undergraduate online learning
- Orientation, academic success and recovery support
- Coordination of the Online Testing Center for Griggs International Academy and Andrews University undergraduate and graduate online classes with a proctored exam
- Communicating spiritual, physical, and social wellbeing resources
- Credit for prior learning coordination across levels and colleges

## Programs owned by Global Campus:

- Integrative Studies BS

## Programs managed by Global Campus in partnership with academic departments:

- College of Arts and Sciences
  - Christian Discipleship Certificate
  - Christian Discipleship AA
  - Foundations of Christian Ministry Certificate 1
  - Foundations of Christian Ministry Certificate 2
  - Foundations of Christian Ministry Certificate 3
  - General Studies AA
  - General Studies AS
  - General Studies BA
  - General Studies BS
  - Ministry Certificate (Spanish)
  - Mission and Global Awareness Certificate
  - Religion BA (Distance Ed)
- College of Professions
  - Business AS
  - Business Administration BS

## Bachelors

### Integrative Studies BS

The Integrative Studies program is designed to prepare students to be world changers in an increasingly complex and globally connected world. This degree completion program serves adult learners with 25 or more semester credits. Students complete an integrative core and a career-relevant concentration, gaining skills in interdisciplinary integration.

**Online Delivery:** This degree is offered in a primarily interactive online asynchronous format (see Global Campus definitions). This program does not require any time on campus.

### Total Credits - 120

## Major - 39

### Core - 21

#### Integration Core - 9

ITGS 290 - Becoming Integrative **Credits: 3**

ITGS 310 - Integrative Skills **Credits: 3**

ITGS 490 - Portfolio Seminar **Credits: 3**

#### Contextualized Core - 12

Students apply core learning in one required experiential learning class and complete 9 upper-division credits in disciplines other than the chosen concentration. Personal study goals will guide the selection of new and/or prior learning.

ITGS 390 - Integrative Fieldwork **Credits: 3**

Complete 9 upper division credits in disciplines other than the chosen concentration.

### Concentration - 18

Choose one of the following concentrations. Electives may add additional areas of study, including any Andrews minor or undergraduate certificate.

#### Business

ACCT 121 - Principles of Accounting I **Credits: 3**

BSAD 341 - Business Law **Credits: 3**

BSAD 355 - Principles of Management **Credits: 3**

ECON 225 - Principles of Macroeconomics **Credits: 3**

FNCE 317 - Business Finance **Credits: 3**

MKTG 310 - Principles of Marketing **Credits: 3**

#### Nutrition and Wellness

FDNT 230 - Nutrition **Credits: 3**

FDNT 310 - Nutrition in the Life Cycle **Credits: 3**

FDNT 448 - Nutrition and Wellness **Credits: 3**

HLED 135 - Wellbeing 360° **Credits: 3**

PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits: 3**

#### Choose one of the following:

FTES 325 - Sports Nutrition **Credits: 3**

3-credit upper division health-related class, with advisor approval

#### Psychology

PSYC 101 - Introduction to Psychology **Credits: 3**

PSYC 201 - Human Development **Credits: 3**

PSYC 315 - Organization and Human Resources **Credits: 3**

PSYC 319 - Stress Management **Credits: 3**

PSYC 450 - Social Psychology **Credits: 3**

#### Choose one of the following:

PSYC 204 - Personal, Social and Career Development **Credits: 3**

PSYC 468 - Community Psychology **Credits: 3**

3-credit upper division psychology class, with advisor approval

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admission Requirements

Applicants will meet the undergraduate adult admission requirements and have earned 25 or more transferable higher education semester credits or the equivalent thereof.

## Student Learning Outcomes

- Write and speak effectively about the disciplines studied and their integration in real-world contexts.
- Explain how to approach a real-world problem in an interdisciplinary and ethical manner.
- Articulate and appreciate the benefits of integrative study to self and the world today.
- Apply interdisciplinary critical thinking and problem-solving skills to real-world issues with creativity and consideration of biblical principles.
- Evaluate the integration of Christ-centered multi-disciplinary study with personal faith, life experience, and vocational calling.

- Apply the principles and practices of the chosen disciplines and their integrated study to career, faith, family, and community life and service.

## Integrative Studies

### ITGS 290 - Becoming Integrative

**Credits:** 3

This class introduces integrative thinking and the concepts and methods of interdisciplinary study and work. Students gain a sense of the history, importance, and value of interdisciplinary studies as they learn the developmental process of integrative study and research and integrate trans-disciplinary personal, educational, and vocational goals. While foundational for Integrative Studies majors, this class is open to other degree-completion students with multidisciplinary study and career plans.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** As this is a writing-intensive and self-assessing course, ENGL 115, ENGL 215 or equivalents, and two (or more) classes in each of two or more disciplines are prerequisites.

**Schedule Type:** Interactive Online

**College Code:** CEIS

### ITGS 310 - Integrative Skills

**Credits:** 3

In this core course, integrative studies majors build critical thinking about interdisciplinary real-world contexts. After surveying research methods across disciplines, students explore approaches to integrative research and craft their own small research projects.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online, Self-Paced

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

### ITGS 390 - Integrative Fieldwork

**Credits:** 3

This course allows students to apply and further develop values, traits, and skills fostered in their integrative studies. Through a supervised interdisciplinary problem-solving project or research, students can meaningfully contribute a product or service to the community or organization served. The student is responsible for all arrangements for fieldwork completed in an internship, through current employment, or supervised community service. In addition to 100 hours of fieldwork, students participate in reflexive learning activities online.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory (S,U,I,W)

**Prerequisite(s):** ITGS 290, ITGS 290, and the application process during the previous semester, working with the Integrated Studies Program Director for guidance and registration approval.

**Repeatable:** Repeatable up to 9 credits

**Schedule Type:** Practicum

**College Code:** CEIS

### ITGS 490 - Portfolio Seminar

**Credits:** 3

This class provides students an opportunity to weave together their education, skills, abilities, and professional career experience to create one cohesive narrative in an integrated portfolio. Students will showcase their digital portfolios in a video presentation.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Seminar

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CEIS

# College of Health & Human Services

Emmanuel Rudatsikira, Dean  
Brynja Davis, Associate Dean  
Padma Tadi-Uppala, Assistant Dean  
Deby Andvik, Assistant to the Dean  
269-471-6651  
Fax: 269-471-6292  
chhs-info@andrews.edu  
www.andrews.edu/chhs/

## Mission

To provide excellence in education for healthcare professionals that fosters collaboration, research, and service within a Christ-centered environment.

## Pre-Professional Health Care Programs

The undergraduate programs in the College of Health & Human Services provide an excellent preparation for and bridge into medical school, dental school, and other graduate healthcare and research graduate programs. The knowledge acquired and patient-centered experience of each of our health care professional programs establishes a solid foundation for future professional growth and pursuit of career goals.

## Pre-Professional

### Pre-Professional Program in Chiropractic

#### Pre-Professional Programs

The College of Health & Human Services offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

#### Chiropractic

269-471-6490  
Physical Therapy Building

Entrance requirements for colleges of chiropractic vary. Students are advised to consult the admissions advisor at the chiropractic school to familiarize themselves with the requirements of the school of their choice. The admission requirements of chiropractic schools range from 60 credits to a baccalaureate degree and a minimum GPA of 2.50. For a list of the various schools contact the chiropractic coordinator. For information about the profession and publications check out the website: [www.amerchiro.org](http://www.amerchiro.org).

The courses listed below at a minimum grade level of C with a cumulative GPA of at least 2.5 and 90 semester or 135 quarter credits satisfy the requirements for Palmer College of Chiropractic.

#### Pre-chiropractic Curriculum (semester hours)

Biology (BIOL 165 & BIOL 166 recommended)—8–10  
General Chemistry—3  
Chemistry Elective—3  
Organic and/or Bio Chemistry—6  
General Physics—6  
English Composition and/or Communication Skills — 6  
Introduction to Psychology — 3  
Social Sciences/Humanities — 15

### Pre-Professional Program in Cytotechnology

#### Pre-Professional Programs

The College of Health & Human Services offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

#### Cytotechnology

Karen Reiner, Coordinator  
269-471-3622  
Halenz Hall (Science Complex)

Cytotechnology is a specialty within a broad field of clinical laboratory science. Cytotechnologists aid in the early detection of disease by differentiating normal, atypical, and malignant cells. In recognizing microscopic abnormalities of cells and cellular patterns from the various body sites, the cytotechnologist assists the pathologist in detecting cancer at its earliest and potentially most curable stage. Medical applications of cytologic techniques are constantly expanding, particularly in the diagnosis and management of the cancer patient.

Students pursuing a career in cytotechnology should complete the first two or three years (according to their selection of school for technical education) and then complete the professional courses offered at Loma Linda University or another school. For more information: [www.ascp.org](http://www.ascp.org).

### Pre-Professional Program in Dentistry (Health & Human Services)

Karen Reiner, 269-471-3622 (Science Complex)

Preference is given to applicants who have a broad academic background with a baccalaureate degree. The minimum entrance requirement is 96 semester credits with a 2.70 GPA (C=2.00) in both science and non-science courses, although it is recommended that students should maintain an A/B average in science as well as overall. The Dental Aptitude Test (DAT) must be taken not later than October of the year preceding admission. Minimum entrance requirements for most dental schools follow. For more information, contact the American Dental Education Association: [www.adea.org/](http://www.adea.org/) and the American Dental Association [www.ada.org](http://www.ada.org).

#### Pre-Professional Programs

The College of Health & Human Services offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

#### Required courses for applicants to Loma Linda University:

English Composition—6  
Foundations of Biology—10  
General Chemistry—8  
Organic Chemistry—8  
General Physics—8  
Biochemistry—4

#### Recommended:

Human anatomy, biochemistry, histology, computer science, systems physiology, management and organization, fundamentals of accounting, a survey of calculus, machine shop, and religion.

Total pre-dental credits: 96

### Pre-Professional Program in Health Information Management

#### Pre-Professional Programs

The College of Health & Human Services offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

#### Health Information Management

Health Information Administrator  
Jean Cadet, *Coordinator*  
269-471-3095  
Marsh Hall

Health information management includes the development of information systems to provide optimal user access to medical records and other vital patient data. The health information administrator also manages or consults in maintenance of quality and legal standards for data used in administrative planning, research, health care quality evaluation, and financial reimbursement. For more information: [www.ahima.org](http://www.ahima.org).

### Pre-Professional Program in Medicine (Health & Human Services)

#### Students from Departments within the College of Health & Human Services

Jean Cadet, 269-471-3095 (Marsh Hall)  
Timothy Newkirk, 269-471-3605 (Science Complex)  
Karen Reiner, 269-471-3622 (Science Complex)

Although allopathic (MD) and osteopathic (DO) medicine represent different philosophies of patient care, a physician in either branch of medicine is required to pass the same national board examination to practice.

Students seeking admission to medical schools are encouraged to plan a baccalaureate degree that includes courses which meet the stated entrance requirements of the medical school of their choice as listed in Medical School Admissions Requirements or the websites of the Association of American Medical Colleges: [www.aamc.org](http://www.aamc.org) and the American Association of Colleges of Osteopathic Medicine: [www.aacom.org](http://www.aacom.org). The pre-medical student may choose any major or minor and is encouraged to become acquainted with the main bodies of knowledge as represented by the various academic disciplines.

In light of adequate preparation for the Medical College Admissions Test (MCAT) and changes in medical school requirements, students should incorporate classwork in the following areas into their curriculum:

- Biochemistry
- Sociology
- Psychology
- Statistics

#### **Pre-Professional Programs**

The College of Health & Human Services offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

#### **Required Courses**

**For Applicants to Loma Linda University School of Medicine**

English Composition—6  
Foundations of Biology—10  
General Chemistry—8  
General Physics—8  
Organic Chemistry—8  
Religion—9

Students should maintain an A/B average in science as well as overall.

### **Pre-Professional Program in Occupational Therapy (Health & Human Services) Students from Departments within the College of Health & Human Services**

Dovison Kereri, Coordinator, 269-471-6470, [dovison@andrews.edu](mailto:dovison@andrews.edu)

The occupational therapist helps people cope with psychological or physiological dysfunction.

#### **Pre-Professional Programs**

The College of Health & Human Services offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

#### **Prerequisites for Loma Linda University Admission**

The prerequisites for admission to the MOT program are listed below. Prerequisites must be taken from regionally accredited colleges or universities, and must be completed no later than December prior to our June start date.

#### **Prerequisites:**

Proof of completion of **B.A.** or **B.S. degree** in another field from a regionally accredited college or university, with a minimum GPA of 3.00.

**Human Anatomy with lab** (Courses taken older than five years will not be accepted)

**Human Physiology, with lab** (Courses taken older than five years will not be accepted)

**Statistics** (Courses taken older than five years will not be accepted)

**Human Lifespan Development** (Must cover life cycle from birth to death)

**Medical Terminology** (We will accept some on-line CE courses; please check with your department first for approval)

#### **Observation/Volunteer Service**

**40 hours of observation in occupational therapy settings.** Documentation of observation must be submitted prior to admission consideration. The observation evaluation form can be found at this link: <http://www.llu.edu/assets/alliedhealth/documents/ot/motobforms.pdf>

Note:

**A minimum grade of C is required for transfer credit. C- and D grades are not transferable.**

### **Pre-Professional Program in Physical Therapy**

#### **Pre-Professional Programs**

The College of Health & Human Services offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

#### **Physical Therapy**

Cristina Wilson, Advisor  
269-471-6490  
Physical Therapy Building

Andrews University offers all of the prerequisite courses necessary for admission into the Doctor of Physical Therapy (DPT) program. Students take three years (92 semester credits) of the prerequisite courses at Andrews, or any accredited U.S. college, followed by three years in the DPT program. Please see the physical therapy section of this bulletin for specific course requirements.

### **Pre-Professional Program in Physician Assistant (Health & Human Services) Students from Departments within the College of Health & Human Services**

Karen Reiner, 269-471-3622 (Haughey Hall 217)

Physician assistants (PAs), members of a health-care team, practice medicine with supervision of licensed physicians. PAs perform a wide range of medical duties from basic primary care to high-technology specialty procedures. Professional PA education offered at any one of more than 100 accredited schools is an intensive 2–3 year program. Most PA programs are moving toward requiring a bachelors degree including courses in biology, chemistry, English, humanities/social science, mathematics, and psychology. The level of the science courses varies from program to program; consequently, each school should be consulted about its prerequisite requirements. Acceptance to a professional program typically requires an extensive health-care experience such as nurse assistant, medical/X-ray lab technician, respiratory therapist, paramedic, hospital aide, and emergency medical technician.

The National Directory of PA Programs may be ordered from APAP at 950 N. Washington St., Alexandria, VA 22314 or phone: 800- 708-7581. PA programs and education can be accessed via the web: [www.aapa.org](http://www.aapa.org).

#### **Pre-Professional Programs**

The College of Health & Human Services offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

# Medical Laboratory Sciences

Halenz Hall, Room 218  
269-471-3336  
mls@andrews.edu  
<https://www.andrews.edu/shp/mls/>

## Faculty

Karen A. Reiner, Chair, *MLS Program Director*  
Timothy A. Newkirk, *Clinical Coordinator*  
Melissa Poua, *MLT-BSMLS Program Coordinator*  
Cristy Moss, *MSMLS Program Director*

## Mission

The mission of the Department of Medical Laboratory Sciences, in harmony with Andrews University and the Seventh-day Adventist Church, is to prepare students for Christian service as medical laboratory scientists.

The MLS **department** encourages faculty in professional, educational and spiritual growth.

The MLS **faculty** educates students to develop excellence in the professional skills necessary for a life work of service in quality health care and dedication to improving the human condition.

MLS **graduates** will minister to the needs of others by practicing and promoting standards of excellence as medical laboratory science professionals.

## Bachelors

### Allied Health Administration BS

This degree is designed for health-care professionals seeking to enhance the knowledge they already have and to help them prepare for future career employment requirements. This completion degree features a strong Andrews Core Experience and administrative/business component and provides an academic foundation for health-care administrative positions.

#### Total Credits - 120

#### Major - 65

##### Business/Administration - 27

ACCT 121 - Principles of Accounting I **Credits: 3**  
ACCT 122 - Principles of Accounting II **Credits: 3**  
BSAD 355 - Principles of Management **Credits: 3**  
BSAD 384 - Human Resource Management **Credits: 3**  
ECON 226 - Principles of Microeconomics **Credits: 3**  
MKTG 310 - Principles of Marketing **Credits: 3**  
9 credits of BSAD courses selected in consultation with and approval of the advisor.

##### Practicum - 4

ALHE 480 - Practicum in \_\_\_\_\_ **Credits: 4**

##### Transfer Requirements - 34

Accept from an AS degree or certificate program.

#### Cognates - 9

BHSC 225 - Global Social Issues **Credits: 3 \***  
PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits: 3 \***  
PSYC 101 - Introduction to Psychology **Credits: 3 \***

\*Either of these courses fulfills ACE requirement

### General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

### Admission Requirements

This degree is open only to individuals holding an associate degree or a two-year certificate in an allied-health professional area with earned certification where applicable in such areas as diagnostic ultrasound, nuclear medicine, physician assistant, radiation therapy, radiologic technology, respiratory therapy, and special procedures in radiologic technology. Admission to the program is by permission of the Department of Medical Laboratory Sciences' chair.

### Biomedical Diagnostics BS

The Bachelor of Science in Biomedical Diagnostics provides a comprehensive education in biomedical science, specifically designed to prepare students for graduate studies and careers in medicine, dentistry, other health professions, and biomedical research. Students wishing to complete the Medical Laboratory Science MSMLS accelerated track (bachelors and masters completed in 5 years) must take this program instead of the Medical Laboratory Science BSMLS.

#### Total Credits - 120

#### Major - 51

MLSC 105 - Introduction to Medical Laboratory Science **Credits: 1**  
MLSC 205 - Medical Terminology **Credits: 1**  
MLSC 210 - Fundamentals of Hematology and Hemostasis **Credits: 2**  
MLSC 230 - Fundamentals of Clinical Microbiology **Credits: 3**  
MLSC 240 - Fundamentals of Immunohematology **Credits: 1**  
MLSC 320 - Fundamentals of Immunology **Credits: 3**  
MLSC 350 - Fundamentals of Clinical Chemistry **Credits: 3**  
MLSC 411 - Hematology **Credits: 3**  
MLSC 414 - Body Fluids & Hemostasis **Credits: 3**  
MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics **Credits: 2**  
MLSC 431 - Clinical Bacteriology **Credits: 4**  
MLSC 432 - Specialized Clinical Microbiology **Credits: 2**  
MLSC 441 - Immunohematology **Credits: 3**  
MLSC 442 - Transfusion Medicine **Credits: 3**  
MLSC 451 - Clinical Chemistry I **Credits: 3**  
MLSC 452 - Clinical Chemistry II **Credits: 3**  
MLSC 500 - Foundations for Graduate Study in Medical Laboratory Science **Credits: 1**  
MLSC 501 - Seminar in Medical Laboratory Science **Credits: 1**  
3 credits of MLSC 546 - Integration of Spirituality in Health Care **Credits: 2,3**  
MLSC 570 - Laboratory Management, Regulation & Practice **Credits: 4**  
MLSC 580 - Pathophysiology for Health Professions **Credits: 2**

#### Cognates - 35

##### Biological Science:

**16 semester hours (24 quarter hours) of biological science. Select from (or equivalent courses):**

BIOL 165 - Foundations of Biology **Credits: 4,5**

##### Choose one of the following courses:

BIOL 166 - Foundations of Biology **Credits: 4,5**  
BIOL 221 - Anatomy and Physiology I **Credits: 4**  
BIOL 222 - Anatomy and Physiology II **Credits: 4**

Other upper division biology courses, including MLSC 320 Fundamentals of Immunology, chosen in consultation with academic advisor and approved by Program Director.

##### Chemistry:

**16 semester hours (24 quarter hours) of chemistry (with one semester in organic chemistry or biochemistry). Select from (or equivalent courses):**

CHEM 131 - General Chemistry I **Credits: 4**  
CHEM 132 - General Chemistry II **Credits: 4**

**Complete 8 remaining credits from the following (with at least one semester in organic chemistry or biochemistry):**

- BCHM 421 - Biochemistry I **Credits: 4**
- CHEM 231 - Organic Chemistry I **Credits: 3**
- CHEM 232 - Organic Chemistry II **Credits: 3**
- CHEM 241 - Organic Chemistry Laboratory I **Credits: 1**
- CHEM 242 - Organic Chemistry Laboratory II **Credits: 1**
- Other chemistry courses chosen in consultation with academic advisor and approved by Program Director.

**Mathematics:**

Statistics preferred.\* Students transferring into clinical program—any college-level course equivalent to MATH 165\* or 168\*. MATH 145 will not fulfill the math requirement.

\*Course fulfills ACE requirement

## Undergraduate Electives - 5-8

Students may select courses in consultation with and by the consent of their advisors in a planned program to enhance professional preparation. Pre-medical/pre-dental students must include the following courses:

**Choose one of the following course sequences:**

- PHYS 141 - General Physics I **Credits: 4**
- PHYS 142 - General Physics II **Credits: 4**

or

- PHYS 241 - Physics for Scientists and Engineers I **Credits: 4**
- PHYS 242 - Physics for Scientists and Engineers II **Credits: 4**
- PHYS 271 - Physics for Scientists and Engineers Laboratory I **Credits: 1**
- PHYS 272 - Physics for Scientists and Engineers Laboratory II **Credits: 1**

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

- Students will be able to develop analytical thinking skills applicable to the biomedical diagnostics field.
- Exhibit proficiency in evaluating clinical data and interpreting results, problem-solving, troubleshooting, and using statistical approaches when evaluating data.
- Develop communication skills essential in every potential career path in the biomedical diagnostics field.
- Develop a foundation for graduate studies in Medical Laboratory Science.

## Medical Laboratory Science BSMLS

The BSMLS (MLS Program) prepares students to meet the entry-level competencies necessary to perform the full range of clinical laboratory tests in areas such as Clinical Chemistry, Hematology/Hemostasis, Immunology, Immunohematology/Transfusion Medicine, Microbiology, Urine and Body Fluid Analysis, Laboratory Operations, and other emerging fields in laboratory medicine. MLS graduates have opportunities not only in hospital laboratories but also in industry, research, public health, government, information systems, consulting, reference (private) laboratories, education, and many other fields.

The degree program includes three years of undergraduate (BS pre-clinicals) studies plus one year (3 semesters) of clinical (BSMLS) education. Students who complete the MLS Program are eligible to write the national Board of Certification examination sponsored by the ASCP (American Society for Clinical Pathology).

**Pre-clinical Program:**

The first three years of undergraduate study include Andrews Core Experience, cognate science, and preclinical requirements. Program options feature directed elective course work selected in consultation with the faculty advisor according to the student's career goals and interests.

**Clinical (Professional) Program:**

The year of clinical studies is comprised of lectures and student laboratories on the

Berrien Springs campus and clinical practica at an affiliated hospital or clinical laboratory site.

Refer to the Department of Medical Laboratory Sciences web site for the MLS Program Year Calendar.

**Accreditation:** The Andrews University Program for Medical Laboratory Sciences holds accreditation from the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N River Rd, Suite 720, Rosemont, IL 60018, (773) 714-8880 fax (773) 714-8886, e-mail at info@naacsl, or the Web at www.naacsl.org.

## Total Credits - 120

### Major - 61

- MLSC 105 - Introduction to Medical Laboratory Science **Credits: 1** (May be waived for transfer students)
- MLSC 205 - Medical Terminology **Credits: 1** (May be waived for transfer students)
- MLSC 210 - Fundamentals of Hematology and Hemostasis **Credits: 2**
- MLSC 230 - Fundamentals of Clinical Microbiology **Credits: 3**
- MLSC 240 - Fundamentals of Immunohematology **Credits: 1**
- MLSC 320 - Fundamentals of Immunology **Credits: 3**
- MLSC 350 - Fundamentals of Clinical Chemistry **Credits: 3**
- MLSC 401 - Clinical Year Seminar and Research Methodology **Credits: 1**
- MLSC 405 - Clinical Year Seminar and Research Project **Credits: 1**
- MLSC 411 - Hematology **Credits: 3**
- MLSC 414 - Body Fluids & Hemostasis **Credits: 3**
- MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics **Credits: 2**
- MLSC 431 - Clinical Bacteriology **Credits: 4**
- MLSC 432 - Specialized Clinical Microbiology **Credits: 2**
- MLSC 441 - Immunohematology **Credits: 3**
- MLSC 442 - Transfusion Medicine **Credits: 3**
- MLSC 451 - Clinical Chemistry I **Credits: 3**
- MLSC 452 - Clinical Chemistry II **Credits: 3**
- MLSC 470 - Laboratory Operations & Best Practices **Credits: 2,3**
- MLSC 483 - Comprehensive Review and Written Examination **Credits: 1**

### Practicum - 16

Students work side-by-side with practicing professionals in patient health care during the final portion of the clinical year. Andrews University maintains a number of affiliations with clinical institutions across the country. Student preferences for clinical site assignments are solicited and granted when possible. Final site assignments are made at the discretion of the faculty and in consultation with clinical affiliates. Each student is responsible for providing his/her own transportation for the clinical practica. Independent transportation is a condition for clinical placement; therefore, it is strongly advised that each student has his/her own car for clinicals.

- MLSC 415 - Hematology, Hemostasis, & Body Fluids Practicum **Credits: 3**
- MLSC 423 - Clinical Immunology, Virology, and Molecular Diagnostics Practicum **Credits: 1**
- MLSC 433 - Clinical Microbiology Practicum **Credits: 4**
- MLSC 443 - Clinical Immunohematology Practicum **Credits: 4**
- MLSC 453 - Clinical Chemistry Practicum **Credits: 3**

### Additional Requirements

#### Student Progression in Clinical Year

The clinical year is highly structured and sequential. Enrolled students may not drop a class, audit a class, or earn a grade lower than C- in any class. Students may enter clinical practica only upon satisfactory completion of on-campus course work. Satisfactory completion is defined as a senior-year minimum cumulative GPA of 2.50 and the recommendation of the faculty. A student receiving a cumulative GPA of less than 2.50 may be allowed to advance if the program faculty identifies exceptional circumstances and recommends that the student continue in the program.

Student continuance in the clinical practica is conditional upon acceptable ethical and professional deportment as well as exemplary patient-care practices. The clinical affiliate supervisors and program faculty are final arbiters in determining student continuance.

# Cognates - 35

## Biological Science:

**16 semester hours (24 quarter hours) of biological science. Select from (or equivalent courses):**

BIOL 165 - Foundations of Biology **Credits:** 4,5

## Choose one of the following courses:

PHYS 271 - Physics for Scientists and Engineers Laboratory I **Credits:** 1

PHYS 272 - Physics for Scientists and Engineers Laboratory II **Credits:** 1

# General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

# Admission Requirements

## Application Process

### Clinical Year Admission Requirements

An independent admissions process is required for all students who wish to enter clinical studies. Apply online to the MLS Clinical Year Program (<https://www.andrews.edu/apply/>). Students must complete the application and submit it by January 31 prior to their anticipated clinical-study year.

Applicants' previous course work must include 16 semester credits of biological sciences, 16 semester credits of chemistry, and one college-level course in mathematics.

Admission requires an overall GPA of 2.50. In the admissions process, the GPAs for the cognate sciences, mathematics, and medical laboratory science content courses are computed together. This combined GPA must also be a minimum of 2.50. Preference is given to students with the higher GPAs. Students may only

repeat the fundamentals courses once to be eligible for admission consideration for the program.

Applicants must be able to meet the program's published Essential Functions, which are included in the online application, and express a willingness to comply with the principles, rules, regulations, and policies of both the university and the program as they relate to the ideals and values of the Seventh-day Adventist Church and the medical laboratory science profession.

## Prerequisite Courses

All prerequisite course work, including Andrews Core Experience, cognate science, and pre-clinical courses, must be completed prior to entry into the clinical year. A personal interview may be required at the discretion of the Admissions Committee.

In exceptional circumstances, the Admissions Committee may accept students outside the stated policy.

# Student Learning Outcomes

**Student Learning Outcome 1:** MLS Comprehensive Didactic Competency, sufficient to achieve a passing score in the Board of Certification by the ASCP, in the following scientific content and as defined by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS):

- Clinical Chemistry
- Hematology/Hemostasis
- Immunology
- Immunohematology/Transfusion Medicine
- Microbiology
- Urine and body fluid analysis
- Laboratory Operations

**Student Learning Outcome 2:** Application of MLS Professional Skills

- Achieve Medical Laboratory Scientist entry-level psychomotor, clinical, and professional skills for service to humanity.
- Demonstrate competency to perform a full range of test protocols in the contemporary medical laboratory setting encompassing pre-analytical, analytical, and post-analytical components of laboratory services, including body fluids, chemistry, hematology, immunohematology, immunology, microbiology, molecular diagnostics, urinalysis, and phlebotomy.
- Exhibit proficiency to evaluate clinical data and interpret results, problem solve, troubleshoot, and use statistical approaches when evaluating data.
- Exhibit administrative skills consistent with philosophies of quality assurance, continuous quality improvement, laboratory education, financial resource management, and appropriate composure under stressful conditions.
- Application of safety and governmental regulations and standards as applied to medical laboratory practice.

**Student Learning Outcome 3:** Practice Ethics and Professionalism

- Demonstrate ethical and professional behaviors in both didactic and practicum portions of the Program.
- Model the professional traits of an entry-level healthcare practitioner.
- Display professional conduct, respecting the feelings and needs of others, protecting the confidentiality of patient information, and avoiding personal concerns and biases to interfere with the welfare of patients.
- Demonstrate effective communication skills, including competent written, oral, and visual communication, to ensure accurate and appropriate transfer of information.
- Embrace interprofessional collaborative practice that strengthens the healthcare team and enhances patient outcomes.

# Medical Laboratory Science BSMLS (MLT to BSMLS, Online)

The Medical Laboratory Science BSMLS (MLT to BSMLS, Online) program is a completion program for working MLT certified professionals who are seeking a bachelor's degree in medical laboratory science. This program offers specific courses in immunology, immunohematology, microbiology, clinical chemistry,

urinalysis, hematology, hemostasis, and laboratory operations. Students completing the BSMLS completion program are well-prepared and eligible to write the national Board of Certification examination sponsored by the ASCP (American Society for Clinical Pathology).

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions). The interactive online degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

## Total Credits - 120

### Major - 31

- MLSC 401 - Clinical Year Seminar and Research Methodology **Credits: 1**
- MLSC 405 - Clinical Year Seminar and Research Project **Credits: 1**
- MLSC 411 - Hematology **Credits: 3**
- MLSC 414 - Body Fluids & Hemostasis **Credits: 3**
- MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics **Credits: 2**
- MLSC 431 - Clinical Bacteriology **Credits: 4**
- MLSC 432 - Specialized Clinical Microbiology **Credits: 2**
- MLSC 441 - Immunohematology **Credits: 3**
- MLSC 442 - Transfusion Medicine **Credits: 3**
- MLSC 451 - Clinical Chemistry I **Credits: 3**
- MLSC 452 - Clinical Chemistry II **Credits: 3**
- 2 credits of MLSC 470 - Laboratory Operations & Best Practices **Credits: 2,3**
- MLSC 483 - Comprehensive Review and Written Examination **Credits: 1**

#### Additional Requirements

##### Student Progression in Clinical Program

- The MLT to MLS clinical program for working professional clinical laboratory technicians (CLTs) and medical laboratory technicians (MLTs). The program may be completed in as little as two semesters.
- Students may complete all the course work online with some exceptions: occasionally students will need to take proctored exams at a testing center or other location and any clinical rotations required are completed on-site in laboratories, usually scheduled where the student works. Students may also apply for life experience credit to reduce or eliminate clinical rotation hours.
- All required course work must be completed with a grade no lower than C- and no course with a grade below C- may count towards the degree. Refer to the Academic Calendar for the Add/Drop dates. Continuance in the program is contingent on students meeting the progression criteria as stated and maintaining a minimum cumulative GPA of 2.50. A student receiving a cumulative GPA of less than 2.50 may be allowed to advance if the program faculty identifies exceptional circumstances and recommends that the student continue in the program. The Department of MLS requires a minimum cumulative GPA of 2.5 to graduate with a BSMLS.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admission Requirements

### Clinical Year Admission Requirements

To be eligible for the MLT to MLS (BSMLS completion) program, applicants must meet the following criteria:

- Have an Associate degree\* or 60 semester hours (90 quarter hours) of academic credit\*\* from a college/university accredited by a recognized regional or national accreditation agency with current MLT Certification.
- Must be currently employed by a clinical laboratory.
- Have two years of full time acceptable clinical experience\*\*\* in blood banking, chemistry, hematology, microbiology, immunology, and urinalysis/body fluids in an acceptable laboratory within the last five years.
- Have a minimum overall grade point average (GPA) of 2.50 on a 4.00 scale.
- Have a minimum cognate science and math GPA of 2.50 on a 4.00 scale.
- Have completed:
  - At least 16 semester (24 quarter) credits of biology (must include immunology and microbiology)
  - At least 16 semester (24 quarter) credits of chemistry (must include at least one term of organic chemistry or biochemistry)

- One college-level mathematics course

Applicants must be able to meet the program's published *Essential Functions*, which are included in the online application, and express a willingness to comply with the principles, rules, regulations, and policies of both the university and the program as they relate to the ideals and values of the Seventh-day Adventist Church and the medical laboratory science profession.

*\*Applicants who have completed an AA/AS degree at a regionally accredited institution or completed a state core curriculum (e.g., MTA) will be considered to have met all general education (Andrews Core Experience) requirements except for the Religion requirement.*

*\*\*Students without an associate degree must meet the Andrews Core Experience (ACE) requirements.*

*\*\*\*All laboratory experience credited toward eligibility must have been gained while employed in a laboratory that performs the chemical, physical, or biological examination of human body fluids and tissues and that uses clinical laboratory techniques and methodologies. The experience must have been obtained within the last five years, in each of the following clinical laboratory disciplines: Blood Banking, Microbiology, Chemistry, and Hematology. All work experience is assumed to be full-time. Full-time experience is defined as working an average of 40 hours/week (may be a combination of part-time settings). Where necessary, laboratory experience will be verified. If laboratory experience is deficient, clinical rotations may be required at the end of the program and are completed on-site in laboratories, usually scheduled where the student works.*

#### Prerequisite Courses

All prerequisite course work must be completed prior to entry into the clinical year. A personal interview may be required at the discretion of the Admissions Committee.

In exceptional circumstances, the Admissions Committee may accept students outside the stated policy.

## Additional Information

### Transfer of Credits and Credit for Prior Learning

- Applicants may transfer up to 92 credits from their associate degree programs and other college-level courses completed toward the BSMLS.
- Students may also earn credits for prior learning from applicable MLT experience with a required portfolio submission.
- Electives, additional classes and/or credit for prior learning gained through personal and/or professional development may be required to meet the 124-credit graduation requirement.

## Student Learning Outcomes

**Student Learning Outcome 1:** MLS Comprehensive Didactic Competency, sufficient to achieve a passing score in the Board of Certification by the ASCP, in the following scientific content and as defined by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS):

- Clinical Chemistry
- Hematology/Hemostasis
- Immunology
- Immunohematology/Transfusion Medicine
- Microbiology
- Urine and body fluid analysis
- Laboratory Operations

### Student Learning Outcome 2: Application of MLS Professional Skills

- Achieve Medical Laboratory Scientist entry-level psychomotor, clinical, and professional skills for service to humanity.
- Demonstrate competency to perform a full range of test protocols in the contemporary medical laboratory setting encompassing pre-analytical, analytical, and post-analytical components of laboratory services, including body fluids, chemistry, hematology, immunohematology, immunology, microbiology, molecular diagnostics, urinalysis, and phlebotomy.
- Exhibit proficiency to evaluate clinical data and interpret results, problem solve, troubleshoot, and use statistical approaches when evaluating data.
- Exhibit administrative skills consistent with philosophies of quality assurance, continuous quality improvement, laboratory education, financial resource management, and appropriate composure under stressful conditions.

- Application of safety and governmental regulations and standards as applied to medical laboratory practice.

### Student Learning Outcome 3: Practice Ethics and Professionalism

- Demonstrate ethical and professional behaviors in both didactic and practicum portions of the Program.
- Model the professional traits of an entry-level healthcare practitioner.
- Display professional conduct, respecting the feelings and needs of others, protecting the confidentiality of patient information, and avoiding personal concerns and biases to interfere with the welfare of patients.
- Demonstrate effective communication skills, including competent written, oral, and visual communication, to ensure accurate and appropriate transfer of information.
- Embrace interprofessional collaborative practice that strengthens the healthcare team and enhances patient outcomes.

## Masters

## Medical Laboratory Science MSMLS

The Master of Science in Medical Laboratory Science (MSMLS) degree is a professional degree for individuals seeking to advance in their MLS career. Students may choose from two tracks:

**Track 1:** This traditional track is available to individuals with MLS Certification and it is offered 100% online and in-person. Students choose from two concentrations to further develop technical knowledge and skills beyond that of the baccalaureate level.

**Track 2:** This accelerated track is available in-person only to individuals wishing to complete both a bachelor's and master's degree in a shorter timeframe, allowing them to enter the MLS workforce with advanced qualifications. Students earn a Bachelor of Science in Biomedical Diagnostics at the end of their fourth year and a Master of Science in Medical Laboratory Science at the end of their fifth year. Upon completion of this track, students are also eligible for the MLS Board Certification.

**Online Delivery:** Only Track 1 of this program offers an interactive online asynchronous format option (see Global Campus definitions). The interactive online degree does not require any on-campus time. However, students are encouraged to come to campus for graduation.

## Total Credits - 34-35

### Track 1 (Traditional Program) - 34

This traditional track is available to individuals with MLS Certification and it is offered 100% online and in-person. Students choose from two concentrations to further develop technical knowledge and skills beyond that of the baccalaureate level.

#### Degree Core - 22

- ACCT 505 - Survey of Accounting for Decision Making and Control **Credits:** 2,3
- EDRM 505 - Research Methods **Credits:** 3
- MLSC 500 - Foundations for Graduate Study in Medical Laboratory Science **Credits:** 1
- MLSC 501 - Seminar in Medical Laboratory Science **Credits:** 1
- MLSC 546 - Integration of Spirituality in Health Care **Credits:** 2,3
- MLSC 561 - Laboratory Management: Issues and Strategies **Credits:** 3
- MLSC 562 - Issues in Laboratory Regulations and Practice **Credits:** 3
- MLSC 585 - Applied Studies in Medical Laboratory Science **Credits:** 5

#### Choose one of the following courses:

- BSAD 500 - Survey of Management **Credits:** 2
- BSAD 515 - Organizational Behavior & Leadership **Credits:** 3

#### Concentration - 12

Choose one of the following concentrations:

### Education and Training Concentration

Choose 12 credits in consultation with the MSMLS Program Director or academic advisor.

- EDCI 606 - Teaching in Higher Education **Credits:** 3
- EDCI 610 - Teaching the Adult Learner **Credits:** 2,3
- EDCI 650 - Curriculum Design: \_\_\_\_\_ **Credits:** 3

#### Electives

Select in consultation with an advisor to total 12 credits for the concentration.

- EDAL 667 - Leadership in Higher Education **Credits:** 2,3
- EDCI 545 - Assessment of Learning: **Credits:** 3
- MLSC 690 - Topics: \_\_\_\_\_ **Credits:** 1-4
- NRSJ 658 - Learning Theory and Health Teaching **Credits:** 2

### Global Development Concentration

Choose 12 credits in consultation with the MSMLS Program Director or academic advisor.

- BSAD 530 - Leadership & Management of Not-for-Profit Organizations **Credits:** 3
- BSAD 545 - International Business Management **Credits:** 3
- PBHL 540 - Grant Writing **Credits:** 2

#### Electives

Select in consultation with an advisor to total 12 credits for the concentration.

- BSAD 560 - Intercultural Business Relations **Credits:** 3
- COMM 536 - Issues in Intercultural Communication **Credits:** 2,3
- MLSC 690 - Topics: \_\_\_\_\_ **Credits:** 1-4
- PBHL 545 - Program Planning and Evaluation **Credits:** 2,3

## Track 2 (Accelerated Program) - 35

This accelerated track is available in-person only to individuals wishing to complete both a bachelor's and master's degree in a shorter timeframe allowing them to enter the MLS workforce with advanced qualifications. Students earn a Bachelor of Science in Biomedical Diagnostics at the end of their fourth year and a Master of Science in Medical Laboratory Science at the end of their fifth year. Upon completion of this track, students are also eligible for the MLS Board Certification.

#### Degree Core - 30

- EDRM 505 - Research Methods **Credits:** 3
- MLSC 515 - Hematology & Body Fluids Practicum **Credits:** 2
- MLSC 523 - Molecular Diagnostics Practicum **Credits:** 2
- MLSC 533 - Clinical Microbiology & Immunology Practicum **Credits:** 3
- MLSC 543 - Clinical Immunohematology Practicum **Credits:** 3
- MLSC 546 - Integration of Spirituality in Health Care **Credits:** 2,3
- MLSC 553 - Clinical Chemistry & Diagnostics Practicum **Credits:** 2
- MLSC 583 - Comprehensive Review & Written Examination **Credits:** 2
- MLSC 585 - Applied Studies in Medical Laboratory Science **Credits:** 5
- 2 credits of MLSC 591 - Practicum in: **Credits:** 1-4 (Laboratory Operations)

Choose one of the following courses:

- BSAD 500 - Survey of Management **Credits:** 2
- BSAD 515 - Organizational Behavior & Leadership **Credits:** 3

Choose one of the following courses:

- EDAL 667 - Leadership in Higher Education **Credits:** 2,3
- EDCI 545 - Assessment of Learning: **Credits:** 3
- EDCI 606 - Teaching in Higher Education **Credits:** 3
- EDCI 610 - Teaching the Adult Learner **Credits:** 2,3
- EDCI 650 - Curriculum Design: \_\_\_\_\_ **Credits:** 3

#### Focus Courses - 5

Choose two courses (5 credits) in a relevant area of interest and in consultation with the academic advisor.

## Maintaining Academic Standing

- No grade lower than C is acceptable.
- Maintain a minimum cumulative GPA of 3.00 for the graduate portion of the program.

## Admission Requirements

In addition to the general requirements for admission to a graduate program listed in the graduate admission section of this bulletin, the following are admission requirements for Track 1 and Track 2:

- Applicants must have an overall GPA of at least 3.0 in undergraduate courses and at least 3.0 in the undergraduate life sciences (biology and chemistry), math, and medical laboratory science courses.
- The Graduate Record Examination (GRE) is not required for MSMLS admission but is required for GRE Scholarship consideration.

Track 1 applicants must also meet the following requirements:

- Applicants must hold professional certification and/or licensure in medical laboratory science acceptable to the admissions committee. Certification may be either general or in one of the recognized areas of specialization. Acceptable certification is typically defined as the Board of Certification sponsored by the ASCP (American Society for Clinical Pathology). Individuals lacking professional certification may request to be admitted on a provisional basis while they pursue the MLS National Certification Eligibility Requirements. These clinical courses and their prerequisites require a minimum of four academic semesters. Students must receive MLS professional certification before completing more than 9 graduate credits and must meet the GPA requirements as stated above.
- Individuals with Technologist/Scientist Professional Certification:
  - Provide documentation of professional certification and/or licensure in medical laboratory science acceptable to the admissions committee.
  - Certification may be either general or in one of the recognized areas of specialization.
  - Acceptable certification is typically defined as that offered by the ASCP (American Society for Clinical Pathology) Board of Certification.
- Individuals without Technologist/Scientist Professional Certification:
  - Individuals lacking United States professional certification may request to be admitted on a provisional basis while they either apply to sit for the Board of Certification or pursue the course work required for eligibility to write the Board of Certification.
  - To be eligible for MLS Certification, applicants' previous course work must include 16 semester (24 quarter) credits of biological sciences, 16 semester (24 quarter) credits of chemistry, and one college-level course in mathematics. Deficiencies must be removed prior to admission to the graduate program.
  - These clinical courses and their prerequisites require a minimum of four academic semesters.
  - The courses include MLSC 210, 230, 240, 320, 350, 400, 401, 405, 411, 412, 413, 421, 423, 431, 432, 433, 441, 442, 443, 451, 452, 453, 461, 463, 470, 475, and 483.

## Graduation Requirements

In addition to meeting the general requirements for graduate degree programs, students must meet the following departmental requirements:

- Complete a minimum of 34-35 semester credits (depending on which track is chosen).
- Have the graduate program director approve course selections and course sequencing. Students may substitute alternate courses listed in this Bulletin with the consent of the graduate program director and the approval of the dean of the College of Health & Human Services.

## Student Learning Outcomes

Upon completion of the MSMLS, the medical laboratory scientist will demonstrate advanced knowledge and skills to:

- Apply safety and governmental regulations and standards that pertain to laboratory medicine.
- Demonstrate professional conduct.
- Work collaboratively with patients, the public, and healthcare team members.
- Apply principles and practices of laboratory administration, management, and supervision.
- Utilize educational methodologies and terminology sufficient to train/educate users and providers of laboratory services.

- Advance further knowledge in their area of expertise by utilizing principles and practices of clinical study design, implementation, and dissemination of results.
- Integrate principles of ethics and implement interpersonal skills that are culturally sensitive.
- Apply principles of laboratory medicine in innovative ways to address clinical issues or problems.

## Certificates

### Medical Laboratory Science Certificate

The MLS Certificate Program prepares post-bachelor students to meet the entry-level competencies necessary to perform the full range of clinical laboratory tests in areas such as Clinical Chemistry, Hematology/Hemostasis, Immunology, Immunohematology/Transfusion Medicine, Microbiology, Urine and Body Fluid Analysis, Laboratory Operations, and other emerging fields in laboratory medicine. MLS graduates have opportunities not only in hospital laboratories but also in industry, research, public health, government, information systems, consulting, reference (private) laboratories, education, and many other fields.

Students who complete the MLS Certificate Program are eligible to write the national Board of Certification examination sponsored by the ASCP (American Society for Clinical Pathology).

The MLS Certificate Program is comprised of lectures and student laboratories on the Berrien Springs campus and a clinical practicum in the relevant certificate area at an affiliated hospital or clinical laboratory site.

Refer to the Department of Medical Laboratory Sciences website for the MLS Certificate Program Year Calendar.

Accreditation: The Andrews University Program for Medical Laboratory Sciences holds accreditation from the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N River Rd, Suite 720, Rosemont, IL 60018-5119, (773) 714-8880 fax (773) 714-8886, e-mail at [info@naacls.org](mailto:info@naacls.org) or the Web at [www.naacls.org](http://www.naacls.org).

### Pre-Clinical Courses - 12

- MLSC 210 - Fundamentals of Hematology and Hemostasis **Credits: 2**
- MLSC 230 - Fundamentals of Clinical Microbiology **Credits: 3**
- MLSC 240 - Fundamentals of Immunohematology **Credits: 1**
- MLSC 320 - Fundamentals of Immunology **Credits: 3**
- MLSC 350 - Fundamentals of Clinical Chemistry **Credits: 3**

### Clinical Courses - 32

- MLSC 401 - Clinical Year Seminar and Research Methodology **Credits: 1**
- MLSC 405 - Clinical Year Seminar and Research Project **Credits: 1**
- MLSC 411 - Hematology **Credits: 3**
- MLSC 414 - Body Fluids & Hemostasis **Credits: 3**
- MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics **Credits: 2**
- MLSC 431 - Clinical Bacteriology **Credits: 4**
- MLSC 432 - Specialized Clinical Microbiology **Credits: 2**
- MLSC 441 - Immunohematology **Credits: 3**
- MLSC 442 - Transfusion Medicine **Credits: 3**
- MLSC 451 - Clinical Chemistry I **Credits: 3**
- MLSC 452 - Clinical Chemistry II **Credits: 3**
- MLSC 470 - Laboratory Operations & Best Practices **Credits: 2,3**
- MLSC 483 - Comprehensive Review and Written Examination **Credits: 1**

### Certificate Clinical Courses - 15

- MLSC 415 - Hematology, Hemostasis, & Body Fluids Practicum **Credits: 3**
- MLSC 423 - Clinical Immunology, Virology, and Molecular Diagnostics Practicum **Credits: 1**
- MLSC 433 - Clinical Microbiology Practicum **Credits: 4**
- MLSC 443 - Clinical Immunohematology Practicum **Credits: 4**
- MLSC 453 - Clinical Chemistry Practicum **Credits: 3**

# Technologist in Chemistry

## Certificate

The Technologist in Chemistry Certificate consists of the completion of a structured chemistry curriculum offered within the accredited MLS Program.

Students completing the Technologist in Chemistry Certificate will be eligible for the Technologist in Chemistry (C) Categorical Certification offered by the American Society of Clinical Pathologists (ASCP).

**Delivery:** This certificate program is offered in the interactive online asynchronous format (see Global Campus definitions).

### Certificate Courses - 16-19

MLSC 320 - Fundamentals of Immunology **Credits:** 3 \*

MLSC 350 - Fundamentals of Clinical Chemistry **Credits:** 3

MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics **Credits:** 2

MLSC 451 - Clinical Chemistry I **Credits:** 3

MLSC 452 - Clinical Chemistry II **Credits:** 3

MLSC 453 - Clinical Chemistry Practicum **Credits:** 3

MLSC 470 - Laboratory Operations & Best Practices **Credits:** 2,3 \*\*

\*Required if an equivalent course has not been taken.

\*\* Categoricals register for the 2-credit option of this course.

### Admission Requirements

- Baccalaureate degree from a regionally accredited college/university with a major in biological science or chemistry, **OR** a baccalaureate degree from a regionally accredited college/university with a combination of 30 semester hours (45 quarter hours) in biology and chemistry, which may be obtained within, or in addition to, the baccalaureate degree,
- **AND** successful completion of a structured program in clinical chemistry under the auspices of a NAACLS accredited Medical Laboratory Scientist Program within the last five years.

### Certification Eligibility for C(ASCP)

- Completion of a clinical chemistry structure curriculum.
- Applicants should not apply until after successful completion of the structured program.
- Candidates apply to the Technologist in Chemistry, C(ASCP) via Route 3.

### Student Learning Outcomes

SLO 1: Didactic Competency in Clinical Chemistry and related areas.

- Achieve Medical Laboratory Scientist entry-level didactic competency in the chemistry content and as defined by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS).
- Achieve a passing score in the Technologist in Chemistry Examination by the ASCP.

SLO 2: Application of MLS Professional Skills

- Achieve Medical Laboratory Scientist entry-level psychomotor, clinical, and professional skills for service to humanity.
- Demonstrate competency to perform a full range of test protocols in the contemporary medical laboratory setting encompassing pre-analytical, analytical, and post-analytical components of laboratory services as it pertains to the clinical microbiology scope of practice.
- Exhibit proficiency to evaluate clinical data and interpret results, problem solve, troubleshoot, and use statistical approaches when evaluating data.
- Exhibit administrative skills consistent with philosophies of quality assurance, continuous quality improvement, laboratory education, financial resource management, and appropriate composure under stressful conditions.
- Application of safety and governmental regulations and standards as applied to medical laboratory practice.

SLO 3: Practice Ethics and Professionalism

- Demonstrate ethical and professional behaviors in both didactic and practicum portions of the Program.
- Model the professional traits of an entry-level healthcare practitioner.

# Technologist in Hematology

## Certificate

The Technologist in Hematology Certificate consist of the completion of a structured hematology curriculum offered within the accredited MLS Program.

Students completing the Technologist in Hematology Certificate will be eligible for the Technologist in Hematology (H) Categorical Certification offered by the American Society of Clinical Pathologists (ASCP).

**Delivery:** This certificate program is offered in the interactive online asynchronous format (see Global Campus definitions).

### Certificate Courses - 15-18

MLSC 210 - Fundamentals of Hematology and Hemostasis **Credits:** 2

MLSC 320 - Fundamentals of Immunology **Credits:** 3 \*

MLSC 411 - Hematology **Credits:** 3

MLSC 414 - Body Fluids & Hemostasis **Credits:** 3

MLSC 415 - Hematology, Hemostasis, & Body Fluids Practicum **Credits:** 3

MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics **Credits:** 2

MLSC 470 - Laboratory Operations & Best Practices **Credits:** 2,3 \*\*

\*Required if an equivalent course has not been taken.

\*\*Categoricals register for the 2-credit option of this course.

### Admission Requirements

- Baccalaureate degree from a regionally accredited college/university with a major in biological science or chemistry, **OR** a baccalaureate degree from a regionally accredited college/university with a combination of 30 semester hours (45 quarter hours) in biology and chemistry, which may be obtained within, or in addition to, the baccalaureate degree,
- **AND** successful completion of a structured program in hematology under the auspices of a NAACLS accredited Medical Laboratory Scientist Program within the last five years.

### Certification Eligibility for H(ASCP)

- Completion of a hematology structure curriculum.
- Applicants should not apply until after successful completion of the structured program.
- Candidates apply to the Technologist in Hematology, H(ASCP) via Route 3.

### Student Learning Outcomes

SLO 1: Didactic Competency in Hematology and related areas.

- Achieve Medical Laboratory Scientist entry-level didactic competency in the hematology content and as defined by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS).
- Achieve a passing score in the Technologist in Hematology Examination by the ASCP.

SLO 2: Application of MLS Professional Skills

- Achieve Medical Laboratory Scientist entry-level psychomotor, clinical, and professional skills for service to humanity.
- Demonstrate competency to perform a full range of test protocols in the contemporary medical laboratory setting encompassing pre-analytical, analytical, and post-analytical components of laboratory services as it pertains to the clinical hematology scope of practice.
- Exhibit proficiency to evaluate clinical data and interpret results, problem solve, troubleshoot, and use statistical approaches when evaluating data.

- Exhibit administrative skills consistent with philosophies of quality assurance, continuous quality improvement, laboratory education, financial resource management, and appropriate composure under stressful conditions.
- Application of safety and governmental regulations and standards as applied to medical laboratory practice.

#### SLO 3: Practice Ethics and Professionalism

- Demonstrate ethical and professional behaviors in both didactic and practicum portions of the Program.
- Model the professional traits of an entry-level healthcare practitioner.

## Technologist in Microbiology Certificate

The Technologist in Microbiology Certificate consists of the completion of a structured microbiology curriculum offered within the accredited MLS Program.

Students completing the Technologist in Microbiology Certificate will be eligible for the Technologist in Microbiology (M) Categorical Certification offered by the American Society of Clinical Pathologists (ASCP).

**Delivery:** This certificate program is offered in the interactive online asynchronous format (see Global Campus definitions).

### Certificate Courses - 17-20

- MLSC 230 - Fundamentals of Clinical Microbiology **Credits:** 3 \*
- MLSC 320 - Fundamentals of Immunology **Credits:** 3 \*
- MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics **Credits:** 2
- MLSC 431 - Clinical Bacteriology **Credits:** 4
- MLSC 432 - Specialized Clinical Microbiology **Credits:** 2
- MLSC 433 - Clinical Microbiology Practicum **Credits:** 4
- MLSC 470 - Laboratory Operations & Best Practices **Credits:** 2,3 \*\*

\*Required if an equivalent course has not been taken.

\*\*Categoricals register for the 2-credit option of this course.

### Admission Requirements

- Baccalaureate degree from a regionally accredited college/university with a major in biological science or chemistry, **OR** a baccalaureate degree from a regionally accredited college/university with a combination of 30 semester hours (45 quarter hours) in biology and chemistry, which may be obtained within, or in addition to, the baccalaureate degree,
- **AND** successful completion of a structured program in microbiology under the auspices of a NAACLS accredited Medical Laboratory Scientist Program within the last five years.

### Certification Eligibility for M(ASCP)

- Completion of a microbiology structure curriculum.
- Applicants should not apply until after successful completion of the structured program.
- Candidates apply to the Technologist in Microbiology, M(ASCP) via Route 3.

### Student Learning Outcomes

SLO 1: Didactic Competency in Clinical Microbiology and related areas.

- Achieve Medical Laboratory Scientist entry-level didactic competency in the microbiology content and as defined by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS).
- Achieve a passing score in the Technologist in Microbiology Examination by the ASCP.

SLO 2: Application of MLS Professional Skills

- Achieve Medical Laboratory Scientist entry-level psychomotor, clinical, and professional skills for service to humanity.

- Demonstrate competency to perform a full range of test protocols in the contemporary medical laboratory setting encompassing pre-analytical, analytical, and post-analytical components of laboratory services as it pertains to the clinical microbiology scope of practice.
- Exhibit proficiency to evaluate clinical data and interpret results, problem solve, troubleshoot, and use statistical approaches when evaluating data.
- Exhibit administrative skills consistent with philosophies of quality assurance, continuous quality improvement, laboratory education, financial resource management, and appropriate composure under stressful conditions.
- Application of safety and governmental regulations and standards as applied to medical laboratory practice.

SLO 3: Practice Ethics and Professionalism

- Demonstrate ethical and professional behaviors in both didactic and practicum portions of the Program.
- Model the professional traits of an entry-level healthcare practitioner.

## Other Programs

## MLS National Certification Eligibility Requirements

### Course Requirements

Individuals lacking professional certification may request to be admitted to the Master of Science in Medical Laboratory Science (MSMLS) program on a provisional basis while they pursue the course work required for eligibility to write the national certification examinations. These clinical courses and their prerequisites require a minimum of four academic semesters. The courses include:

- MLSC 210 - Fundamentals of Hematology and Hemostasis **Credits:** 2
- MLSC 230 - Fundamentals of Clinical Microbiology **Credits:** 3
- MLSC 240 - Fundamentals of Immunohematology **Credits:** 1
- MLSC 320 - Fundamentals of Immunology **Credits:** 3
- MLSC 350 - Fundamentals of Clinical Chemistry **Credits:** 3
- MLSC 401 - Clinical Year Seminar and Research Methodology **Credits:** 1
- MLSC 405 - Clinical Year Seminar and Research Project **Credits:** 1
- MLSC 411 - Hematology **Credits:** 3
- MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics **Credits:** 2
- MLSC 423 - Clinical Immunology, Virology, and Molecular Diagnostics Practicum **Credits:** 1
- MLSC 431 - Clinical Bacteriology **Credits:** 4
- MLSC 432 - Specialized Clinical Microbiology **Credits:** 2
- MLSC 433 - Clinical Microbiology Practicum **Credits:** 4
- MLSC 441 - Immunohematology **Credits:** 3
- MLSC 442 - Transfusion Medicine **Credits:** 3
- MLSC 443 - Clinical Immunohematology Practicum **Credits:** 4
- MLSC 451 - Clinical Chemistry I **Credits:** 3
- MLSC 452 - Clinical Chemistry II **Credits:** 3
- MLSC 453 - Clinical Chemistry Practicum **Credits:** 3
- MLSC 483 - Comprehensive Review and Written Examination **Credits:** 1

## Allied Health

ALHE 440 - Topics in \_\_\_\_\_

**Credits:** 1-4

Swing course—Approved 400-499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** permission of program director.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** CHHS

ALHE 480 - Practicum in \_\_\_\_\_

**Credits:** 4

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

with results of hematology assay results.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 210 and permission of program director

**Schedule Type:** Lecture, Lab, Interactive Online

**College Code:** CHHS

### MLSC 414 - Body Fluids & Hemostasis

**Credits:** 3

Overview of the theory and practice in manual procedures for analyzing various body fluids such as serous fluids, synovial fluids, amniotic fluid, and urine. Correlations with normal physiology and selected pathological conditions. Hemostasis systems, their function, interaction, and monitoring; correlation of hemostasis assay results with various disorders; thrombosis and anticoagulant therapy; principles and procedures of routine and special hemostasis assays.

**Lecture/Lab:** Weekly: 3 lectures & a 2-hour lab

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 411 and permission of program director.

**Schedule Type:** Lecture, Lab, Interactive Online

**Term Offering:** Spring

**College Code:** CHHS

### MLSC 415 - Hematology, Hemostasis, & Body Fluids Practicum

**Credits:** 3

Professional health-care laboratory practicum; emphasis in patient-care application of hematology, hemostasis, and body fluids.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** MLSC 411, 414 and permission of program director.

**Schedule Type:** Practicum

**College Code:** CHHS

### MLSC 421 - Clinical Immunology, Virology and Molecular Diagnostics

**Credits:** 2

Theory and application of immunologic/serologic and basic molecular techniques including detection, analyses and epidemiology. Emphasis on correlation of patient conditions with test results for viral and bacterial diseases and cancers.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 320 and permission of program director

**Schedule Type:** Lecture, Lab, Interactive Online

**College Code:** CHHS

### MLSC 423 - Clinical Immunology, Virology, and Molecular Diagnostics Practicum

**Credits:** 1

Professional health-care laboratory practicum: emphasizes patient-care applications of immunology, serology, virology and molecular techniques.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** MLSC 421 and permission of program director

**Schedule Type:** Practicum

**College Code:** CHHS

### MLSC 431 - Clinical Bacteriology

**Credits:** 4

Emphasis on specimen collection, culture, identification and clinical significance of bacterial pathogens. Simulated clinical practice for the separation of normal flora from pathogenic microorganisms encountered in various body sites including the study of antimicrobial susceptibility testing.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 230 and permission of program director

**Schedule Type:** Lecture, Lab, Interactive Online

**College Code:** CHHS

### MLSC 432 - Specialized Clinical Microbiology

**Credits:** 2

Study of mycobacteria, viruses, fungi and parasites associated in human infections. Emphasis on specimen collection and preservation, acid-fast testing, culture and identification procedures.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 431 and permission of program director

**Schedule Type:** Lecture, Lab, Interactive Online

**Term Offering:** Spring

**College Code:** CHHS

### MLSC 433 - Clinical Microbiology Practicum

**Credits:** 4

Professional health-care laboratory practicum; emphasis in patient-care applications of bacteriology, mycology and parasitology.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** MLSC 431, MLSC 432 and permission of program director

**Schedule Type:** Practicum

**College Code:** CHHS

### MLSC 441 - Immunohematology

**Credits:** 3

Blood grouping and typing; blood group systems; compatibility testing; antibody identification; quality control and quality assurance; donor recruitment and selection; component preparation; blood-banking records; grouping and compatibility problem solving; patient clinical state correlations.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 240, MLSC 320 and permission of program director

**Schedule Type:** Lecture, Lab, Interactive Online

**College Code:** CHHS

### MLSC 442 - Transfusion Medicine

**Credits:** 3

In-depth study of immunohematology testing results, clinical patient manifestations, blood component therapy and blood product requirements.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 441 and permission of program director

**Schedule Type:** Lecture, Lab, Interactive Online

**College Code:** CHHS

### MLSC 443 - Clinical Immunohematology Practicum

**Credits:** 4

Professional health-care laboratory practicum; emphasis in patient-care applications of immunohematology.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** MLSC 441, MLSC 442 and permission of program director

**Schedule Type:** Practicum

**College Code:** CHHS

### MLSC 451 - Clinical Chemistry I

**Credits:** 3

Theories, principles, and laboratory applications of Clinical Chemistry, with correlations with normal physiology, selected pathophysiological conditions. Analysis of relevant blood and body fluid constituents.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 350 and permission of program director

**Schedule Type:** Lecture, Lab, Interactive Online

**College Code:** CHHS

### MLSC 452 - Clinical Chemistry II

**Credits:** 3

A continuation of MLSC 451 Clinical Chemistry I. Correlations with normal physiology, pathophysiological conditions of organs and systems, and special Clinical Chemistry topics. Emphasis on case-based analysis of abnormal Clinical Chemistry results.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MLSC 451 and permission of program director

**Schedule Type:** Lecture, Lab, Interactive Online

**College Code:** CHHS

### MLSC 453 - Clinical Chemistry Practicum

**Credits:** 3

Professional health-care laboratory practicum. Emphasis on patient-care applications in clinical chemistry.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** MLSC 451, MLSC 452 and permission of program director

**Schedule Type:** Practicum

**College Code:** CHHS

### MLSC 470 - Laboratory Operations & Best Practices

**Credits:** 2,3

Basic concepts in laboratory operations. Topics include quality assessment/troubleshooting, preanalytical, quality control, Point-of-Care (POCT),

compliance, regulation as it pertains to proficiency testing, competency assessment, accreditation standards, and basic management concepts/principles.

**Lecture/Lab:** Weekly: 2 lectures & a 2-hour lab  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab, Interactive Online  
**Special Approval:** Program director permission required  
**Term Offering:** Spring  
**College Code:** CHHS

### MLSC 478 - Medical Laboratory Science Study Tour

**Credits:** 0  
Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Blended Learning  
**Special Approval:** Instructor permission required.  
**College Code:** CHHS

### MLSC 480 - Pathophysiology for Health Professions

**Credits:** 3  
Study of physiological changes and processes that occur during chronic and acute illnesses. Application of essential concepts of disease processes, such as inflammation, healing, and corresponding markers for disease detection, clinical intervention, monitoring, and prognosis.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** One of the following BIOL 100, BIOL 221, BIOL 222, BIOL 165, BIOL 166, OR permission of the instructor.  
**Schedule Type:** Lecture, Blended Learning, Interactive Online  
**Special Approval:** Instructor permission required  
**Year Offering:** Alternate years (even)  
**Term Offering:** Spring  
**College Code:** CHHS

### MLSC 483 - Comprehensive Review and Written Examination

**Credits:** 1  
A comprehensive review of medical laboratory science concepts and written examination practice to enhance readiness for the Board of Certification examination by the American Society for Clinical Pathology.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal w/DG (A-F,I,W,DG,DN)  
**Schedule Type:** Independent  
**Special Approval:** Program director permission required  
**College Code:** CHHS

### MLSC 490 - Topics in \_\_\_\_\_

**Credits:** 1–4  
An in-depth study of selected topics in the medical laboratory sciences.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Permission of program director  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CHHS

### MLSC 491 - Practicum in:

**Credits:** 1-4  
Professional healthcare laboratory practicum with an emphasis on patient-care applications.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Discipline-specific didactic coursework.  
**Schedule Type:** Practicum  
**Special Approval:** Program director permission required.  
**Year Offering:** Annually  
**College Code:** CHHS

### MLSC 495 - Independent Project

**Credits:** 1–4  
Topics may be from areas relevant to clinical laboratory practice and must be approved by the Program director.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
374

**Prerequisite(s):** Permission of program director  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Independent  
**College Code:** CHHS

### MLSC 496 - Extended Clinical Practicum

**Credits:** 1  
A twelve-week professional health-care laboratory practicum. Emphasis in patient-care applications. Subject areas are to be coordinated with the Clinical Site Education Coordinator and the program director.

**Course/Lab Fee:** Yes  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** Successful completion of the 20-week clinical practica of the clinical-year program and permission of program director  
**Schedule Type:** Practicum  
**College Code:** CHHS

### MLSC 497 - Program Continuation

**Credits:** 0  
Students may register for this non-credit continuation course to maintain active status. Registration does not indicate full-time status.

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### MLSC 500 - Foundations for Graduate Study in Medical Laboratory Science

**Credits:** 1  
Orientation designed for students to refine the skills needed for successful graduate work. Focus on academic and professional proficiencies such as critical thinking, principles of research, and scholarly writing. Written and oral presentation required.

**Course/Lab Fee:** Yes  
Yes, 500–599 courses that qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CHHS

### MLSC 501 - Seminar in Medical Laboratory Science

**Credits:** 1  
Literature review of current laboratory science topics. A service-based activity addressing a relevant issue in laboratory science required.

**Course/Lab Fee:** Yes  
Yes, 500–599 courses that qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online, Seminar  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CHHS

### MLSC 515 - Hematology & Body Fluids Practicum

**Credits:** 2  
Professional healthcare laboratory practicum emphasizes theoretical applications of hematology, hemostasis, and body fluids in patient care.

**Course/Lab Fee:** No  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** MLSC 411, MLSC 414  
**Schedule Type:** Practicum  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### MLSC 523 - Molecular Diagnostics Practicum

**Credits:** 2  
Professional healthcare laboratory practicum emphasizes methodologies and applications of molecular techniques for clinical diagnosis.

**Course/Lab Fee:** No

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** MLSC 421  
**Schedule Type:** Practicum  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### MLSC 533 - Clinical Microbiology & Immunology Practicum

**Credits:** 3  
Professional healthcare laboratory practicum emphasizes theoretical applications of bacteriology, mycology, parasitology, virology, immunology, and serology in patient care.

**Course/Lab Fee:** No  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** MLSC 431, MLSC 432  
**Schedule Type:** Practicum  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### MLSC 543 - Clinical Immunohematology Practicum

**Credits:** 3  
Professional healthcare laboratory practicum with an emphasis on applications of immunohematology and transfusion medicine in patient care.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** MLSC 441, MLSC 442 and permission of program director.  
**Repeatable:** Repeatable  
**Schedule Type:** Practicum  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Spring, Summer  
**College Code:** CHHS

### MLSC 546 - Integration of Spirituality in Health Care

**Credits:** 2,3  
A discussion of spiritual values from a Christian perspective, how faith and Spirituality facilitates the healing process, and how they can be incorporated into patient care. Attention will be given to discerning and addressing the Spiritual needs of patients/clients, family members, and ancillary medical staff in a professional environment.

Yes

**Course Attribute:** Swing course—Approved 500–599 courses qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CHHS

### MLSC 553 - Clinical Chemistry & Diagnostics Practicum

**Credits:** 2  
Professional healthcare laboratory practicum emphasizes theoretical applications of clinical chemistry in patient care.

**Course/Lab Fee:** No  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** MLSC 451, MLSC 452  
**Schedule Type:** Practicum  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### MLSC 561 - Laboratory Management: Issues and Strategies

**Credits:** 3  
An overview of issues and strategies relevant to managing a medical laboratory. Topics include historic perspective of management; organizational structure; management responsibilities and functions; personnel resources; performance improvement; training and evaluation; safety regulations and health compliance; financial matters such as cost/benefit analysis, budgeting, and reimbursement; record keeping and data management; information systems; marketing; and

ethics.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Permission of Graduate Program Director.  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### MLSC 562 - Issues in Laboratory Regulations and Practice

**Credits:** 3  
Clinical laboratories are increasingly regulated by state, federal and other agencies. Applicable regulations will be examined and their impact on laboratory operations evaluated. A selected number of laboratory quality assurance procedures, as specified by CLIA '88 regulations, will be performed in the laboratory.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Statistics and permission of Graduate Program Director.  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### MLSC 570 - Laboratory Management, Regulation & Practice

**Credits:** 4  
An overview of laboratory management concepts, issues, and strategies relevant to managing a medical laboratory.

**Course/Lab Fee:** No  
Yes, 500–599 courses that qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Lab, Lecture/Lab  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### MLSC 580 - Pathophysiology for Health Professions

**Credits:** 2  
Study and application of advanced pathophysiological concepts occurring in acute and chronic manifestations of frequent and rare disorders/conditions such as porphyria, intrahepatic, cholestasis, and inborn errors of metabolism. Analysis of epidemiology risk factors, etiology, pathophysiology, clinical manifestations and diagnostic tests for selected illnesses across the lifespan.

**Course/Lab Fee:** No  
Yes, 500–599 courses that qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### MLSC 583 - Comprehensive Review & Written Examination

**Credits:** 2  
A comprehensive review of medical laboratory science concepts and written examination practice to enhance readiness for the Board of Certification examination by the American Society for Clinical Pathology.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** Completion of MLS Clinical Year courses or equivalent and Program Director permission required.  
**Repeatable:** Repeatable  
**Schedule Type:** Interactive Online  
**Special Approval:** Program director permission required  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CHHS

### MLSC 585 - Applied Studies in Medical Laboratory Science

**Credits:** 5  
Designed in consultation with and coordinated by the area specialty advisor. A proposal, cumulative report, presentation and defense required. Clinical placement depends on clinical site availability.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Certification and/or licensure as a Medical Laboratory Scientist and permission of Graduate Program Director.  
**Schedule Type:** Lab, Interactive Online  
**College Code:** CHHS

## MLSC 591 - Practicum in:

**Credits:** 1-4

Advanced laboratory medicine practicum focused on laboratory operations and procedures that impact patient care.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** Completion of clinical year courses and permission of Program Director.

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**Special Approval:** Program director permission required

**Year Offering:** Annually

**Term Offering:** Spring, Summer

**College Code:** CHHS

## MLSC 595 - Independent Study/Readings/Research Project

**Credits:** 1-4

Topics may be from immunology, immunohematology, clinical chemistry, hematology, microbiology and other areas of patient-care science, clinical laboratory science education, management, or applications specially relevant to clinical laboratories.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Prerequisite(s):** Permission of Graduate Program Director.

**Repeatable:** Repeatable up to 4 credits with different topics

**Schedule Type:** Independent

**College Code:** CHHS

## MLSC 611 - Molecular Diagnostics in Health and Disease I

**Credits:** 3

Biomolecular foundations for clinical applications in molecular pathology, with emphasis on disorders of genetic origin, protein structure, and function.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Permission of Graduate Program Director.

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CHHS

## MLSC 612 - Molecular Diagnostics in Health and Disease II

**Credits:** 3

Clinical applications in molecular pathology with focus on disorders associated with the cell membrane structures, receptors, signaling, and origin of malignancies.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Permission of Graduate Program Director.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## MLSC 621 - Laboratory Applications of Molecular Pathology

**Credits:** 2

Operation of molecular laboratory equipment; extraction, hybridization, and quantification (or quantitation) of nucleic acids. Clinical applications of electrophoresis, nucleic acid amplification, sequencing, and detection techniques.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Permission of Graduate Program Coordinator.

**Schedule Type:** Lab

**College Code:** CHHS

## MLSC 650 - Project Continuation

**Credits:** 0

Students may register for this course while clearing deferred grade (DG) and/or incomplete (I) courses with approval only. Registration for this course indicates full-time status.

**Course/Lab Fee:** Yes

**Grade Mode:** Noncredit (NC,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Program Director Permission Required

**College Code:** CHHS

## MLSC 655 - Program Continuation

**Credits:** 0

Students may register for this non-credit continuation course to maintain active status. For additional information on active status, please refer to the School of

Graduate Studies & Research. Registration does not indicate full-time status.

**Course/Lab Fee:** Yes

**Grade Mode:** Noncredit (NC,W)

**Schedule Type:** Independent

**College Code:** CHHS

## MLSC 678 - Medical Laboratory Science Study Tour

**Credits:** 0

Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes

**Grade Mode:** Noncredit (NC,W)

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning

**College Code:** CHHS

## MLSC 690 - Topics: \_\_\_\_\_

**Credits:** 1-4

An in-depth study of selected topics in medical laboratory sciences.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Prerequisite(s):** Permission of the Graduate Program Director

**Repeatable:** Repeatable

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## PBTC 300 - Clinical Specimen Collection and Processing

**Credits:** 2

Review of anatomy and physiology of circulatory system pertaining to specimen collection. Study of clinical specimen collection techniques, specimen processing and handling, and laboratory operations for phlebotomy.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** One of the following BIOL 100 , BIOL 221 , BIOL 222 , BIOL 165 , BIOL 166 , and permission of the instructor.

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Spring

**College Code:** CHHS

## PBTC 303 - Clinical Specimen Collection and Processing

### Practicum

**Credits:** 3

Professional phlebotomy practicum that involves contact with various patient types, in a variety of clinical scenarios that includes inpatient and outpatient settings.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PBTC 300 or permission of the instructor

**Schedule Type:** Practicum

**College Code:** CHHS

# School of Communication Sciences & Disorders

Bell Hall, Room 114  
269-471-3468  
speech@andrews.edu  
www.andrews.edu/speech/

## Mission

The Andrews University School of Communication Sciences and Disorders provides faith-affirming Christian education. The sequence of experiences focuses on the knowledge and practices for a career in the discipline. Students will:

- Become knowledgeable about human communication and potential disorders
- Uphold the ethical and Christian principles regardless of age, gender or ethnicity
- Be prepared to provide high quality, effective clinical service.

## Bachelors

### Speech-Language Pathology and Audiology BS

This degree can be completed in four years of undergraduate study. The first two years are spent earning Andrews Core Experience credits and completing prerequisite courses in the major, the third and fourth years of study are spent completing the core requirements and electives. 124 credits are needed for graduation from Andrews University. Remaining credits may be earned in a minor area of study or elective courses. Students transferring to Andrews University may complete general education and cognate courses that would then be transferred into and articulated by Andrews University. See "Admission Requirements" below.

**Accelerated Program:** Students interested in earning the Bachelors/Masters in an accelerated program will need to follow the admission requirements as stated below in the section entitled, "Admission Requirements for the 5 Year Track." This track allows eligible students to obtain a Bachelor of Science in Speech-Language Pathology and Audiology and a Master of Science degree in Speech-Language Pathology in 5 years compared to 6. Students must begin this track fall semester of the undergraduate freshmen year at Andrews University.

#### Dual Degree Option:

This program is available as a dual degree with a Spanish BA:

- Speech-Language Pathology and Audiology/Spanish Dual Degree BS/BA

## Total Credits - 120

### Major - 46

- SPPA 234 - Introduction to Speech-Language Pathology and Audiology **Credits: 3**
- SPPA 270 - Preclinical Observation **Credits: 1**
- SPPA 280 - Anatomy and Physiology of Speech and Hearing **Credits: 4**
- SPPA 285 - Applied Phonetics **Credits: 3**
- SPPA 310 - Speech Science **Credits: 3**
- SPPA 321 - Normal Language Development **Credits: 3**
- SPPA 322 - Child Language Disorders **Credits: 3**
- SPPA 331 - Basic Audiology **Credits: 3**
- SPPA 332 - Audiological Procedures **Credits: 3**
- SPPA 340 - Neuroscience of Communication **Credits: 3**
- SPPA 374 - Articulation and Phonology: Development and Disorders **Credits: 3**
- SPPA 448 - Disorders of Voice, Fluency and Swallowing **Credits: 3**

- SPPA 458 - Aural Rehabilitation **Credits: 3**
- SPPA 475 - Evidence-based Clinical Research **Credits: 3**
- SPPA 481 - Clinical Application in Speech-Language Pathology **Credits: 2,3**
- SPPA 482 - Clinical Application in Audiology **Credits: 2,3**

## Cognates - 17

- PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits: 3 \***
- PHYS 225 - Sound and Waves **Credits: 4 \***
- PSYC 201 - Human Development **Credits: 3**
- STAT 285 - Introduction to Applied Statistics **Credits: 3 \***

Choose one of the following courses:

- BIOL 100 - Human Biology **Credits: 4**
- BIOL 110 - Principles of Biology **Credits: 4**
- BIOL 165 - Foundations of Biology **Credits: 4,5**
- BIOL 166 - Foundations of Biology **Credits: 4,5**
- BIOL 221 - Anatomy and Physiology I **Credits: 4**
- BIOL 222 - Anatomy and Physiology II **Credits: 4**
- BIOL 260 - General Microbiology **Credits: 4**

\*Course fulfills ACE requirement

## Electives

### Recommended Courses:

- BHSC 230 - Research Methods I: Statistics for the Behavioral Sciences **Credits: 3**
- BIOL 221 - Anatomy and Physiology I **Credits: 4**
- ENGL 460 - Linguistics **Credits: 3**
- PSYC 101 - Introduction to Psychology **Credits: 3**
- SPPA 498 - Research Project in Speech-Language Pathology and Audiology **Credits: 1-3**

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Requirements

The GPA requirement is 2.75 overall and 3.0 in the major courses with an SPPA acronym. A grade lower than a C in major courses or cognates will not count toward either requirement.

## Admission Requirements (all students)

Following acceptance to Andrews University, students enter the program as a Speech-Language Pathology and Audiology Pre-Professional student. As such, students must take and successfully complete a series of major and cognate courses. During the Spring Semester of the freshman year (for BS/MS) or sophomore year (for BS), students will apply to the BS program. Students must complete the noted courses maintaining an overall GPA of 2.75, a major GPA of 3.0, and no grade lower than a C in major and cognate courses. Students transferring to Andrews University must complete cognate courses in approved biological science, chemistry or physics, statistics, and human development with no grade lower than a C and an overall GPA of 2.75 or greater.

Students entering Andrews as freshmen must take the following courses during the first year of the program:

- SPPA 234 - Introduction to Speech-Language Pathology and Audiology
  - SPPA 270 - Preclinical Observation
  - SPPA 280 - Anatomy and Physiology of Speech and Hearing
  - SPPA 285 - Applied Phonetics
  - SPPA 374 - Articulation and Phonology: Development and Disorders
- At least one of the following cognates:
- BIOL 100, BIOL 110, BIOL 165, BIOL 166, BIOL 221, or BIOL 222
  - PHYS 225
  - PSYC 201
  - STAT 285

## Admission Requirements for the 5 Year Track

Students eligible to begin as the 5 year track student must meet the following criteria:

- High School GPA of 3.5 or higher upon admission to the undergraduate program.
- Math placement score of P3 (ACT of 22-23 / SAT of 510 - 530).
- Students in this program must maintain a 3.3 GPA overall and 3.5 in core courses, those with SPPA Acronym, during the first three undergraduate years.
- Students will begin the program as a Speech-Language Pathology and Audiology Pre-Professional student and must apply to the BS program during their sophomore year.
- At the end of the 4th year (senior year) students will graduate with a BS in Speech-Language Pathology and Audiology.
- Students must complete an application process to the MS program during their senior undergraduate year.
- During the senior year, students will complete the initial courses toward the MS degree.
- Once admitted, students must meet the Speech-Language Pathology MS requirements (Speech-Language Pathology MS).

## Student Learning Outcomes

Graduates of this program will:

- Demonstrate knowledge and application of theoretical and conceptual knowledge of speech, language, and hearing as the components of communication across the lifespan.
- Differentiate between various speech, language, and hearing differences and disorders.
- Demonstrate the ability to present information clearly, logically, and critically both orally and in writing.
- Demonstrate knowledge of ethical standards as they relate to their field of study and interprofessional practice.

## Bachelors Dual Degrees

# Speech-Language Pathology and Audiology/Spanish Dual Degree BS/BA

This program integrates the study of the Spanish language and culture with preparation in the field of Speech-Language Pathology and Audiology. The main goal of this degree is to prepare students to serve in both a medical as well as in an educational setting. Students will participate in clinical practicum/internships in which they will have the opportunity to apply the knowledge acquired in classes. Students are required to attend one of the ACA programs for a full year and should work closely with their AU Spanish advisor prior to studying abroad.

Students who pursue the BS/BA Joint Degree need to complete General Education requirements for BS/BA Degrees and Professional Degrees, and upon completion receive 2 diplomas: BS in Speech-Language Pathology and Audiology, and BA in Spanish Studies.

## Total Credits - 140

## Program Information

Information for the two programs (Speech-Language Pathology and Audiology BS & Spanish BA) follows:

## Speech-Language Pathology and Audiology BS

This degree can be completed in four years of undergraduate study. The first two years are spent earning Andrews Core Experience credits and completing prerequisite courses in the major, the third and fourth years of study are spent completing the core requirements and electives. 124 credits are needed for

graduation from Andrews University. Remaining credits may be earned in a minor area of study or elective courses. Students transferring to Andrews University may complete general education and cognate courses that would then be transferred into and articulated by Andrews University. ### Student Learning Outcomes

Graduates of this program will:

- Demonstrate knowledge and application of theoretical and conceptual knowledge of speech, language, and hearing as the components of communication across the lifespan.
- Differentiate between various speech, language, and hearing differences and disorders.
- Demonstrate the ability to present information clearly, logically, and critically both orally and in writing.
- Demonstrate knowledge of ethical standards as they relate to their field of study and interprofessional practice.

## Spanish BA

The Department of International Languages & Global Studies strives to develop students' knowledge of the Spanish language and culture in a Christian environment. It provides a broad range of educational courses and programs that build the Spanish language competence and enhance the understanding of Spanish

and Latin American literatures and cultures. The department not only helps students develop a global perspective by training them to use their Spanish language skills in a variety of fields, but also to develop critical understanding of world culture in its complexity and diversity, supporting and promoting Christ's appeal to this generation, "And this gospel of the kingdom will be preached in all the world as a witness to all the nations, and then the end will come."

### Dual Degree Option:

This program is available as a dual degree with Speech-Language Pathology and Audiology:

- Spanish/Speech-Language Pathology and Audiology Dual Degree BA/BS

### Total Credits - 120

### Major - 36+

Choose 24 credits from the following courses by advisement:\*

SPAN 171 - Elementary Spanish I Credits: 3

SPAN 172 - Elementary Spanish II Credits: 3

SPAN 275 - Intermediate Spanish Credits: 4 (or ACA equivalent)

SPAN 280 - Spanish Conversation and Composition Credits: 3 (or ACA equivalent)

SPAN 416 - Spanish for Native Speakers Credits: 3

or

SPAN 420 - Advanced Spanish Credits: 3

SPAN 426 - Culture of Spain Credits: 3

or

SPAN 436 - South American Culture Credits: 3

### Electives

Spanish major electives selected in consultation with an advisor from SPAN/GBST/ILGS courses to total 24 credits.

\*All non-native speakers are required to attend a full academic year, excluding summer sessions, in the Adventist Colleges Abroad (ACA) program at Colegio Adventista de Sagunto, Spain, or Universidad Adventista del Plata, Argentina.

### Concentrations - 12

Choose one of the following concentrations:

#### Language, Literature and Culture

SPAN 438 - Mexico and Central American Culture Credits: 3

SPAN 439 - Hispanic Caribbean Culture Credits: 3

SPAN 446 - Spanish and Latin American Drama Credits: 3

SPAN 448 - Spanish and Latin American Literature and Film Credits: 3

#### Translation and Interpretation

SPAN 325 - Spanish for the Medical Professions Credits: 3

SPAN 457 - Spanish Media Translation Credits: 3

Choose one of the following courses:

SPAN 447 - Spanish for Translation Credits: 3

SPAN 449 - Spanish for Interpreters Credits: 3

Choose one of the following courses:

SPAN 470 - Spanish for Business Credits: 3

SPAN 488 - Spanish for International Relations Credits: 3

### General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

### Student Learning Outcomes

- Students will demonstrate an advanced level of proficiency in the target language in speaking, writing, listening and reading consistent with the

Advanced levels as defined by the American Council of the Teaching of Foreign Languages (ACTFL).

- Students will demonstrate full understanding of linguistic concepts related to the target language such as phonetics, semantics, morphology, and syntax.
- Students will demonstrate knowledge of major literary, artistic, and cultural works associated with the target language and its societies. They will analyze and critique the products of the target culture (film, literature, art, popular culture, media, etc.) within their context, including conducting basic research tasks.
- Students will demonstrate knowledge of the diverse components of the cultures associated to the target language. They will recognize and describe the historical, social, economic, and political forces that shape society in the target culture.
- Students will integrate target language proficiencies, intercultural competencies, and critical analysis to perform tasks associated with a globalized work environment, including communications, translation, interpretation, and project completion.
- Students will demonstrate intercultural competence by obtaining knowledge and understanding of other cultures and their products. They will examine the validity of one's own cultural beliefs, behaviors and norms by contrasting and comparing them with those of the target culture.
- Students will value cultural diversity and reinterpret the place of the self as an identity culturally situated in the global context.

## Undergraduate Minors

# Speech-Language Pathology and Audiology Minor

Students in education, communication, and behavioral science find a speech-language pathology and audiology minor helpful for increasing their awareness and understanding of people with speech, language, and hearing impairments. The minor also gives students with another major the necessary background to pursue graduate studies in speech-language pathology or audiology.

## Total Credits - 25

- SPPA 234 - Introduction to Speech-Language Pathology and Audiology **Credits: 3**
- SPPA 270 - Preclinical Observation **Credits: 1**
- SPPA 285 - Applied Phonetics **Credits: 3**
- SPPA 310 - Speech Science **Credits: 3**
- SPPA 321 - Normal Language Development **Credits: 3**
- SPPA 322 - Child Language Disorders **Credits: 3**
- SPPA 331 - Basic Audiology **Credits: 3**
- SPPA 374 - Articulation and Phonology: Development and Disorders **Credits: 3 \***

Choose one of the following courses:

- SPPA 332 - Audiological Procedures **Credits: 3**
- SPPA 340 - Neuroscience of Communication **Credits: 3**
- SPPA 448 - Disorders of Voice, Fluency and Swallowing **Credits: 3**
- SPPA 475 - Evidence-based Clinical Research **Credits: 3**

## Student Learning Outcomes

Graduates of this program will:

- Demonstrate knowledge and application of theoretical and conceptual knowledge of speech, language, and hearing as the components of communication across the lifespan.
- Differentiate between various speech, language, and hearing differences and disorders.
- Demonstrate the ability to present information clearly, logically, and critically both orally and in writing.
- Demonstrate knowledge of ethical standards as they relate to their field of study and interprofessional practice.

## Masters

# Speech-Language Pathology MS

Andrews University's Speech-Language Pathology MS is designed to provide the student with in-depth academic study, the potential for research and extensive clinical experiences in preparation for careers in the diagnosis, evaluation and management of individuals with speech and language disorders. The Master's degree program is accredited by the American Speech-Language-Hearing Association's (ASHA) Council on Academic Accreditation in Audiology and Speech-Language Pathology.

### Admission Options:

In addition to the standard Speech-Language Pathology MS (see admission requirements below), Andrews University offers two other tracks based on prior educational background: 1) Transitional Program and 2) Accelerated Program.

- **Transitional Program (3 Year Track):** Students interested in earning the Bachelors/Masters in a transitional program will need to follow the admission requirements as stated below in the section entitled, "Admission Requirements for the 3 Year Track." This program is designed for students who wish to obtain a master's degree in speech-language pathology, but hold a bachelor's degree in another major area.
- **Accelerated Program (5 Year Track):** Students interested in earning the Bachelors/Masters in an accelerated program will need to follow the admission requirements as stated below in the section entitled, "Admission Requirements for the 5 Year Track." This track allows eligible students to obtain a Bachelor of Science in Speech-Language Pathology and Audiology and a Master of Science degree in Speech-Language Pathology in 5 years compared to 6. Students must begin this track fall semester of the undergraduate freshmen year at Andrews University.

## Total Credits - 60

- SPPA 500 - Orientation for MS in Speech-Language Pathology **Credits: 0 \***
- SPPA 502 - Child Language Disorders: Preschool **Credits: 3 \***
- SPPA 503 - Child Language Disorders: School Age **Credits: 3 \***
- SPPA 520 - Diagnostics in Speech-Language Pathology **Credits: 2 \***
- SPPA 521 - Practicum I: Onsite **Credits: 2 \***
- SPPA 522 - Practicum II: Onsite **Credits: 2 \***
- SPPA 525 - Clinical Professional Seminar in Speech-Language Pathology **Credits: 1 \***
- SPPA 540 - Adult Language Disorders **Credits: 3 \***
- SPPA 544 - Articulation and Phonological Disorders **Credits: 3 \***
- SPPA 545 - Neurological and Communication Disorders **Credits: 3**
- SPPA 550 - Praxis Preparatory Class **Credits: 2**
- SPPA 574 - Research Methods in Speech-Language Pathology **Credits: 3 \***
- SPPA 583 - Voice and Velopharyngeal Disorders **Credits: 3**
- SPPA 608 - Practicum III: Onsite **Credits: 2**
- SPPA 613 - Dysphagia **Credits: 3**
- SPPA 624 - Practicum I: Offsite **Credits: 6**
- SPPA 631 - Motor Speech Disorders **Credits: 3**
- SPPA 646 - Integration of Spirituality in Health Care **Credits: 2**
- SPPA 647 - Fluency **Credits: 3**
- SPPA 663 - Augmentative and Alternative Communication **Credits: 2**
- SPPA 670 - Comprehensive Examination **Credits: 0**
- SPPA 682 - Practicum II: Offsite **Credits: 5**

### Program Options

Each graduate student may choose the Standard Option or Research Option to complete their degree.

#### Standard Option

- SPPA 510 - Counseling for Speech-Language Pathology (Standard Option) **Credits: 2**
- SPPA 530 - Autism Spectrum Disorder Assessment and Intervention **Credits: 2**

#### Research Option

- SPPA 534 - Research Project I **Credits: 2**
- SPPA 634 - Research Project II **Credits: 1**
- SPPA 635 - Research Project III **Credits: 1**

### Program Electives

SPPA 512 - Introduction to American Sign Language: 1A **Credits:** 2

SPPA 514 - Introduction of American Sign Language: 1B **Credits:** 2

SPPA 678 - Study Tour **Credits:** 1–6

SPPA 695 - Independent study **Credits:** 1–4

## Additional Requirements

- All students admitted to the Master's program must maintain a 3.0 grade point average.
- Student will be permitted to earn one "C" while in the program. If a second "C" is earned or the student's grade point average falls below a 3.0, the student will be placed on a remediation plan. Student may also be required to retake the course.
- Complete and pass Comprehensive examination (SPPA 670).
- Pass Praxis Examination aka ASHA examination.

### Clinical Requirements

- The applicant for certification in speech-language pathology must complete a minimum of 400 clock hours of supervised clinical experience in the practice of speech-language pathology. Twenty-five (25) hours must be spent in clinical observation, and 375 hours must be spent in direct client/patient contact. The clinical observation must be completed prior to beginning any practicum experiences.
- At least 325 of the 400 clock hours must be completed while the applicant is engaged in graduate study in a program accredited in speech-language pathology by the Council on Academic Accreditation in Audiology and Speech-Language Pathology. Clinical clock hours will be tracked by the student, advisor, and administrative assistant to insure that the student has had a diverse clinical experience and for accuracy. This program prepares the student for certification.
- Placement sites for Practicum may require vaccine records, drug screening, and fingerprinting separate from the program requirements, the cost of this is the student's responsibility.

## Maintaining Academic Standing

- Student will be permitted to earn one "C" while in the program. If a second "C" is earned or the student's grade point average falls below a 3.0, the student will be placed on a remediation plan. Student may also be required to retake the course.
- Students must meet all essential functions of the School of Communication Sciences and Disorders.
- Students are required to meet with their advisor at least once per semester to discuss course plan and program progress.
- Students will meet all academic and clinical requirements for certification with the American Speech and Hearing Association.
- Students who elect to do a research project must be in good academic and clinical standing prior to securing approval for the thesis topic and before the oral examination.

## Graduation Requirements

- Complete prerequisite course requirements in: statistics, biological science, physics/chemistry and behavioral science.
- Successfully complete all academic and clinical courses that meet all 2020 American Speech and Hearing knowledge standards and outcomes for the Certificate of Clinical Competence
- Complete 400 clock hours of clinical practice with at least 325 hours at the graduate level and 50 clock hours in each of the three types of clinical settings.
- Submit Application of graduation at the beginning of the second to last semester of study.
- Complete and pass Comprehensive examination.
- MS-SLP students will be required to report the Praxis II/ASHA exam scores in order to graduate.
- If the research option is chosen, student must present and receive final approval at least 15 days prior to graduation.

## Admission Requirements

### Application Requirements:

- All applicants must apply through <https://csdcas.liaisoncas.com>
- Submit completed application
- Submit 3 letters of recommendation
- Submit official undergraduate transcripts

### Admission Requirement:

- Must have GPA of 2.75 or higher

### 3-Year Track

#### Prerequisite Courses

Upon admission students will complete one year of undergraduate prerequisite coursework in speech-language pathology. Students must maintain a 3.5 GPA during the prerequisite course completion (with no grade below a B). Prerequisites must be complete within one academic year. After successful completion, students will enter the Master's degree program. The minimum GPA requirement for the MS program is 3.0. Students may be required to complete additional courses in order to meet the standards for certification by the American Speech and Hearing Association. Students must complete courses in statistics, physics, or chemistry and a behavioral science for regular admission to the MS program.

The following courses must be completed during the prerequisite year.

SPPA 234 - Introduction to Speech-Language Pathology and Audiology **Credits:** 3

SPPA 270 - Preclinical Observation **Credits:** 1

SPPA 280 - Anatomy and Physiology of Speech and Hearing **Credits:** 4

SPPA 285 - Applied Phonetics **Credits:** 3

SPPA 310 - Speech Science **Credits:** 3

SPPA 321 - Normal Language Development **Credits:** 3

SPPA 322 - Child Language Disorders **Credits:** 3

SPPA 331 - Basic Audiology **Credits:** 3

SPPA 340 - Neuroscience of Communication **Credits:** 3

SPPA 374 - Articulation and Phonology: Development and Disorders **Credits:** 3

SPPA 448 - Disorders of Voice, Fluency and Swallowing **Credits:** 3

### 5-Year Track

Students eligible to begin as the 5 year track student must meet the following criteria:

- High School GPA of 3.5 or higher upon admission to the undergraduate program.
- Math placement score of P3
- ACT score of 22-23/SAT score of 510-530

Students will begin the program as a BHS student and must apply to the BS program during their sophomore year. At the end of the 4th year, (senior year) students will graduate with a BS in Speech-Language Pathology and Audiology. Students must complete an application process to the MS program during their senior undergraduate year. During the senior year, students will complete the initial courses toward the MS degree.

## Resources

### Student Handbook

Please visit the School of Communication Sciences and Disorders website for the most up-to-date version of the department's Graduate Student Handbook.

## Additional Information

### Accreditation

The Master of Science program in speech-language pathology at Andrews University is a Candidate for Accreditation by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) of the American Speech-Language-Hearing Association. This is a "pre-accreditation" status with the CAA, awarded to developing or emerging programs for a maximum period of five years.

### CONCERNS REGARDING ACCREDITATION BY THE COUNCIL ON ACADEMIC ACCREDITATION (CAA)

Students concerns regarding the Master's program may relate to accreditation standards of the Council on Academic Accreditation (CAA). This accreditation is an assurance that the program is abiding by all required standards for academic

content and following approved procedures in the delivery of this content. In the event of a serious concern, students may contact the CAA directly for information. According to the CAA, complaints about programs must:

- Be against an accredited education program or program in candidacy status in speech-language pathology and/or audiology;
- Relate to the standards for accreditation of education programs in audiology and speech-language pathology;
- Include verification, if the complaint is from a student or faculty/instructional staff member, that the complainant exhausted all institutional grievance and review mechanisms before submitting a complaint to the CAA.

2200 Research Boulevard  
Rockville, MD 20850  
Phone: 800-498-2071 or 301-296-5700  
E-mail: accreditation@asha.org

## Student Learning Outcomes

Graduates of this program will:

- Demonstrate knowledge and application of theoretical and conceptual knowledge of speech, language, and hearing as the components of communication across the lifespan.
- Differentiate between various speech, language, and hearing differences and disorders.
- Demonstrate the ability to present information clearly, logically, and critically both orally and in writing.
- Demonstrate knowledge of ethical standards as they relate to their field of study and interprofessional practice.

# Speech-Language Pathology & Audiology

## SPPA 091 - Speech Support

**Credits:** 1

Andrews University students may register for speech and language evaluation and services. The evaluation and services will be provided by clinical supervisors and student clinicians to address diagnosed speech and language disabilities. Credits are not applicable to degree completion.

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Independent

**College Code:** CHHS

## SPPA 092 - Auditory Support

**Credits:** 1,2

Andrews University students may register for audiological evaluation and/or intervention. The evaluation and intervention will be provided by clinical supervisors and student clinicians to completion of audiological assessments. Credits are not applicable to degree completion.

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Independent

**College Code:** CHHS

## SPPA 234 - Introduction to Speech-Language Pathology and Audiology

**Credits:** 3

An introduction to the professions of speech-language pathology and audiology, this course surveys the possible etiologies and characteristics of various communication problems encountered by clinicians. Language and communication differences in a multicultural society are also examined.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 270 - Preclinical Observation

**Credits:** 1

Students observe and write reports on a total of 25 hours of therapy and/or diagnostic sessions in the areas of speech-language pathology and audiology. They also participate in discussions of procedures used by the professionals during therapeutic interventions.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 280 - Anatomy and Physiology of Speech and Hearing

**Credits:** 4

The study of the anatomy and physiology of respiration, hearing, phonation, articulation, and the central nervous system. Students participate in a gross-anatomy human cadaver lab.

**Lecture/Lab:** Weekly: 3 lectures and a 2-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**College Code:** CHHS

## SPPA 285 - Applied Phonetics

**Credits:** 3

A study of the International Phonetic Alphabet and its application to speech and hearing sciences. Includes an introduction to acoustic theory and spectrographic analysis of speech. Skill is developed in transcription of both normal and disordered speech in children and adults.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 310 - Speech Science

**Credits:** 3

An exploration of the theoretical information regarding speech perception and hearing, using concepts of physics, anatomy, and physiology. Clinical applications and management strategies for specific speech and hearing disorders will also be addressed.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** SPPA 280 , SPPA 285 or departmental permission

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 321 - Normal Language Development

**Credits:** 3

A comprehensive look at the normal development of speech and language in the child; includes the areas of language prerequisite skills, phonology, morphology, semantics, syntax and pragmatics.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** SPPA 234

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 322 - Child Language Disorders

**Credits:** 3

A study of the factors contributing to the development of disordered speech and language. Includes traditional and more recent classification systems and a survey of characteristic disorders. Introduction to methods of evaluation and therapy.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** SPPA 321

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 331 - Basic Audiology

**Credits:** 3

Survey of the normal auditory system and the pathologies that affect its functioning. Includes the physics of sound, standard reference levels, and auditory perception. Methods of administering and interpreting pure tone, speech threshold, and speech recognition tests are presented in classroom and lab settings.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** SPPA 234

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 332 - Audiological Procedures

**Credits:** 3

Continued study of auditory testing with an overview of differential diagnostic

tests in the identification of auditory pathologies. Includes clinical masking and acoustic immittance measures. Techniques are presented for evaluating special populations including infants and young children, industrial, and the pseudo-hypacusic.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** SPPA 331  
**Prerequisite/Corequisite:** SPPA 280  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 340 - Neuroscience of Communication

**Credits:** 3  
An overview of the anatomy and physiology of the central nervous system, particularly the components that control communicative functions. Discussion of the brain's role in human communication will prepare students for advanced study of neurogenic speech and language disorders in children and adults.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** SPPA 234 , SPPA 280  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 374 - Articulation and Phonology: Development and Disorders

**Credits:** 3  
A survey of phonological development, and characteristics of articulation and phonology disorders. Discussion of etiologies, assessment, and management of these disorders is included.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** SPPA 285  
**Prerequisite/Corequisite:** SPPA 234  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 412 - Introduction to American Sign Language: 1A

**Credits:** 3  
The Introduction to American Sign Language 1A (ASL) course is designed to teach grammar, syntax, vocabulary, and conversation skills. It will also give a better understanding of the Deaf culture history, as well as receptive and expressive skills that will enhance an interest and love of American Sign Language. This course is designed for students with little or no previous knowledge of ASL.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### SPPA 414 - Introduction of American Sign Language: 1B

**Credits:** 3  
The Introduction to American Sign Language 1B (ASL) course continues to teach grammar, syntax, vocabulary, and conversation skills. It will also give a better understanding of the Deaf culture history, as well as receptive and expressive skills that will enhance an interest and love of American Sign Language. This course is designed for students to continue their knowledge of ASL.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### SPPA 435 - Communication Development and Disorders for Classroom Teachers

**Credits:** 3  
An overview of normal language acquisition and development, including a survey of typical communication disorders and their impact on students' academic success. Issues such as public laws and policies affecting the communicatively handicapped, language and communication differences in multicultural populations, and collaborative management models are also addressed.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)  
**College Code:** CHHS

### SPPA 446 - Integration of Spirituality in Health Care

**Credits:** 3  
A discussion of spiritual values from a Christian perspective, how faith and spirituality facilitates the healing process, and how they can be incorporated into patient care. Attention will be given to discerning and addressing the spiritual needs of patients/clients, family members, and ancillary medical staff in a professional environment.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 448 - Disorders of Voice, Fluency and Swallowing

**Credits:** 3  
A study of the anatomy and physiology associated with the vocal mechanism and swallowing function, with emphasis on normal and abnormal processes of voice, fluency and swallowing. An overview of assessment and treatment principles of functional, organic and neurological voice pathologies, and dysphagia will be addressed, as well as basic principles of stuttering diagnosis and therapy.  
Prerequisites: SPPA 234 , SPPA 280 , Co-requisite: SPPA 310

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** SPPA 310  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 455 - Adult Neurogenic Disorders

**Credits:** 3  
A study of neuroanatomy, as well as the interaction of language and cognition, and hemispheric specialization. This course also covers the classification, etiology, and assessment of individuals with speech, cognitive-linguistic, and swallowing disorders associated with central nervous system damage. Therapeutic principles are introduced.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** SPPA 234, SPPA 280, SPPA 321.  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 458 - Aural Rehabilitation

**Credits:** 3  
A conceptual approach to the rehabilitation of the hearing-impaired. Methods of management which optimize the use of residual hearing with amplification or other assistive devices are considered for patients from birth to geriatric.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** SPPA 332  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 475 - Evidence-based Clinical Research

**Credits:** 3  
Discussion of principles and evidence-based practices underlying professional communication and clinical management for communication disorders. Instruction in clinical methods and research for speech-language pathology including developing instructional programs, obtaining target behaviors, record keeping, report writing, and application of clinical research principles to therapeutic outcomes.

**Grade Mode:** Normal (A-F, I, W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 478 - Study Tour:

**Credits:** 0  
Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

## SPPA 480 - Topics in \_\_\_\_\_

**Credits:** 1,2

Selected topics in audiology and speech-language pathology. Consult current class schedule for topics offered each year.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 481 - Clinical Application in Speech-Language Pathology

**Credits:** 2,3

Students will apply practical clinical skills of previously studied theories in the assessment, intervention, and documentation of speech-language pathology. Students will conduct direct and simulated patient evaluation and intervention. Direct patient contact hours will be obtained in this course and can be applied toward ASHA certification.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Schedule Type:** Practicum

**College Code:** CHHS

## SPPA 482 - Clinical Application in Audiology

**Credits:** 2,3

Students will apply practical clinical skills of previously studied theories in the assessment, intervention, and documentation of audiology. Students will conduct direct and simulated patient evaluation and intervention. Direct patient contact hours will be obtained in this course and can be applied toward ASHA certification.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Schedule Type:** Practicum

**College Code:** CHHS

## SPPA 495 - Independent Research/Project

**Credits:** 1–4

Arranged on a contract basis with a faculty member.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

## SPPA 498 - Research Project in Speech-Language Pathology and Audiology

**Credits:** 1–3

An independent research project in speech-language pathology and audiology, typically supervised by a faculty member and resulting in a technical report summarizing findings or a submission to a professional conference. Students may repeat or take any combination of departmental independent study or research project courses up to 6 credits with no more than 3 credits per semester. Consult staff before registering.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

## SPPA 500 - Orientation for MS in Speech-Language Pathology

**Credits:** 0

Survey of essential principles and practices underlying the Curriculum and Instruction of MS Program in Speech-Language Pathology. Mandatory for all incoming MS students.

**Course/Lab Fee:** Yes

Swing course—Approved 500–599 courses qualify for undergraduate-level credit

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 502 - Child Language Disorders: Preschool

**Credits:** 3

Anatomical, physiological, psychological, neurological, and environmental factors related to delayed or disordered language. An exploration of language skills and methods of promoting their development or compensation for inadequacies.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

384

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 503 - Child Language Disorders: School Age

**Credits:** 3

Anatomical, physiological, psychological, neurological, and environmental factors related to delayed or disordered language of the school aged child. An exploration of language skills and methods of promoting their development or compensation for inadequacies.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 510 - Counseling for Speech-Language Pathology (Standard Option)

**Credits:** 2

A course addressing the speech-language pathologist's role in counseling patients, students, family members and caregivers. Competencies in effective clinical diagnostics, treatment, information sharing and social/multicultural adjustments, as well as issues specific to swallowing, communication and cognitive disorders are specifically addressed.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 512 - Introduction to American Sign Language: 1A

**Credits:** 2

The Introduction to American Sign Language 1A (ASL) course is designed to teach grammar, syntax, vocabulary, and conversation skills. It will also give a better understanding of the Deaf culture history, as well as receptive and expressive skills that will enhance an interest and love of American Sign Language. This course is designed for students with little or no previous knowledge of ASL

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

## SPPA 514 - Introduction of American Sign Language: 1B

**Credits:** 2

The Introduction to American Sign Language 1B (ASL) course continues to teach grammar, syntax, vocabulary, and conversation skills. It will also give a better understanding of the Deaf culture history, as well as receptive and expressive skills that will enhance an interest and love of American Sign Language. This course is designed for students to continue their knowledge of ASL.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

## SPPA 520 - Diagnostics in Speech-Language Pathology

**Credits:** 2

Principles and practices involved in performing in-depth diagnostic evaluations with individuals exhibiting speech and/or language dysfunction. Students will gain experience in taking case histories, formulating an assessment battery, evaluating patients, writing the diagnostic reports and interpreting the data to parents and/or involved disciplines.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## SPPA 521 - Practicum I: Onsite

**Credits:** 2

Supervised practicum experience in evaluation and treatment of individuals exhibiting speech and/or language dysfunction. Students will gain experience in taking case histories, talking with patients, and writing reports.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Practicum  
**College Code:** CHHS

### SPPA 522 - Practicum II: Onsite

**Credits:** 2  
Supervised practicum experience in evaluation and treatment of individuals exhibiting speech and/or language dysfunction. Students will gain experience in taking case histories, talking with patients, and writing reports.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Practicum  
**College Code:** CHHS

### SPPA 525 - Clinical Professional Seminar in Speech-Language Pathology

**Credits:** 1  
This course addresses selected professional and clinical issues, topics, evidence-based practice techniques, and other content related to the integration of theoretical, academic and clinical expertise necessary in the field of speech-language pathology.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CHHS

### SPPA 530 - Autism Spectrum Disorder Assessment and Intervention

**Credits:** 2  
This course will highlight current research regarding neurodevelopmental issues in autism; the diagnostic criteria used to identify children with ASD; assessment and intervention considerations in communication, social interaction and play; and, the selection and use of appropriate screening and evaluation tools, and intervention strategies with an evidence-based focus.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CHHS

### SPPA 534 - Research Project I

**Credits:** 2  
Prepares students for research and experimental design, critical review of current literature, and analysis of research data in preparation for oral and written research presentation in speech-language pathology.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Independent  
**College Code:** CHHS

### SPPA 540 - Adult Language Disorders

**Credits:** 3  
Study of the neurologic basis for speech, language and cognitive behavior, etiology, symptomatology, assessment, and management of aphasia and right hemisphere disorders. The ethical, cultural and professional issues associated with language disorders are addressed.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CHHS

### SPPA 544 - Articulation and Phonological Disorders

**Credits:** 3  
An advanced study of speech and sound production in children. Discussion will include normal aspects of articulation, phonology and development, identification of articulation disorders, phonological delays and disorders, childhood apraxia of speech, as well as treatment approaches, theory and facilitative strategies.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 545 - Neurological and Communication Disorders

**Credits:** 3  
An exploration of neurocognitive deficits of speech and language, with emphasis in dementia, traumatic brain injury, mild cognitive impairments, health, aging, encephalopathy, and brain cancer. Principle of neuroanatomy and physiology, language implication, cognitive aspects of communication (attention, memory, executive functioning), and multicultural impacts will be investigated. This course will provide practical application with a variety of assessment procedures, evidence-based therapy planning, and documentation guidelines.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Summer  
**College Code:** CHHS

### SPPA 550 - Praxis Preparatory Class

**Credits:** 2  
Preparatory course designed to establish readiness for the Praxis exam in the areas of audiology, basic human communication processes, clinical management, neurogenic disorders, phonological and language disorders, professional issues, and childhood apraxia of speech, as well as treatment approaches, theory and facilitative strategies.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 574 - Research Methods in Speech-Language Pathology

**Credits:** 3  
Research techniques and experimental design schemes, critical reviewing of current literature, oral technical reporting and writing technical supports. The process used in integrating research principles into evidence-based practice.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 580 - Topics in:

**Credits:** 1–6  
Selected topics in speech-language pathology. Consult current class schedule for topics offered each year.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture, Seminar, Practicum  
**College Code:** CHHS

### SPPA 583 - Voice and Velopharyngeal Disorders

**Credits:** 3  
Theory, diagnosis and treatment underlying the articulation, resonance, and phonatory problems associated with voice, velopharyngeal disorders and craniofacial anomalies. Includes discussion of etiologies, technology, and multicultural issues affecting appropriate assessment, diagnosis, and treatment.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 608 - Practicum III: Onsite

**Credits:** 2  
Supervised practicum experience in evaluation and treatment of individuals exhibiting speech and/or language dysfunction. Students will gain experience in taking case histories, talking with patients, and writing reports.

**Course/Lab Fee:** No  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Practicum  
**College Code:** CHHS

### SPPA 613 - Dysphagia

**Credits:** 3  
An exploration of the Speech-Language Pathologist's role in assessment, diagnosis and rehabilitation of various swallowing disorders in children and adults. Includes discussion of ethical and cultural issues, analysis of current literature, and clinical application.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 624 - Practicum I: Offsite

**Credits:** 6  
Offsite supervised practicum experience in evaluation and treatment of individuals exhibiting speech, language, cognitive and/or swallowing dysfunction. Students will gain experience in case histories, report writing, and collaboration in a school and /or healthcare environment.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Practicum  
**College Code:** CHHS

### SPPA 631 - Motor Speech Disorders

**Credits:** 3  
A study of the nature, etiology, and clinical management of motor speech disorders, with primary emphasis on apraxia and the dysarthrias.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 634 - Research Project II

**Credits:** 1  
Prepares students for research and experimental design, critical review of current literature, and analysis of research data in preparation for oral and written research presentations in speech-language pathology.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Independent  
**College Code:** CHHS

### SPPA 635 - Research Project III

**Credits:** 1  
Prepares students for research and experimental design, critical review of current literature, and analysis of research data in preparation for oral and written research presentations in speech-language pathology.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Independent  
**College Code:** CHHS

### SPPA 646 - Integration of Spirituality in Health Care

**Credits:** 2  
A discussion of spiritual values from a Christian perspective, how faith and spirituality facilitates the healing process, and how they can be incorporated into patient care. Attention will be given to discerning and addressing the spiritual needs of patients/clients, family members, and ancillary medical staff in a professional environment. PBHL 646

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 647 - Fluency

**Credits:** 3  
An exploration of etiologies, methods of examination, diagnosis, treatment, and research of fluency disorders. The ethical, cultural and professional issues associated with fluency disorders are also addressed.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### SPPA 663 - Augmentative and Alternative Communication

**Credits:** 2  
Principles of assessment and intervention for individuals requiring augmentative or alternative methods of communication. Discussion will include low and high technology aids and adaptations, symbol systems, vocabulary selection, and procuring funding.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### SPPA 670 - Comprehensive Examination

**Credits:** 0  
During the second to last or last semester of the program students will be required to take a comprehensive examination. Students may be given permission to take the Praxis II/ASHA exam in lieu of the comprehensive exam.

**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Independent  
**College Code:** CHHS

### SPPA 678 - Study Tour

**Credits:** 1–6  
Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Workshop  
**College Code:** CHHS

### SPPA 682 - Practicum II: Offsite

**Credits:** 5  
Offsite supervised practicum experience in evaluation and treatment of individuals exhibiting speech, language, cognitive and/or swallowing dysfunction. Students will gain experience in case histories, report writing, and collaboration in a school and/or healthcare environment.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Practicum  
**College Code:** CHHS

### SPPA 695 - Independent study

**Credits:** 1–4  
Arranged on a contract basis with a faculty member

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Independent  
**College Code:** CHHS

## Mission

The Andrews University School of Nursing, a program based on Seventh-day Adventist precepts and Restoration to the Image of God, provides transformational nursing education which equips students to function as professional nurses in direct care, advanced practice, research, and education. Through the following activities, the School of Nursing encourages students to seek knowledge, affirm faith, and provide changes that impact the world of healthcare:

### Seek Knowledge

- Prepare nurses that provide culturally competent, high-quality, evidence-based patient-centered care.
- Prepare nurses for first-time licensing and certification success.
- Encourage lifelong learning.

### Affirm Faith

- Prepare nurses to practice within the Christian context of "Restoration to the Image of God."
- Promote personal spiritual growth.
- Teach the theoretical underpinning of wellness, illness, and disease within the context of the Great Controversy.

### Change the World

- Teach with service/mission focus, medical evangelism.
- Teach current whole-person nursing care across the life span which addresses wellness and illness.
- Prepare nurse leaders with a mindset for professional and ethical practice, which incorporates communication (all venues), teamwork, and collaboration.

## Vision

To prepare professional nurses to reflect Christian spirituality, caring attitudes, clinical excellence, and cultural competence for service and practice in concert with the four main initiatives from the Institute of Medicine and the Robert Wood Johnson Foundation's report on the Future of Nursing (October 5, 2010):

- Nurses should practice to the full extent of their education and training.
- Nurses should achieve higher levels of education and training through an improved education system that promotes seamless academic progression.
- Nurses should be full partners, with physicians and other health care professionals, in redesigning health care in the United States.
- Effective workforce planning and policymaking require better data collection and information infrastructure.

## Program Accreditation

The Andrews University Nursing program is approved by the Michigan Board of Nursing and holds accreditation from the Accreditation Commission for Education in Nursing\* (ACEN).

## Bachelors

### Nursing BSN (Pre-licensure)

The Bachelor of Science in Nursing program prepares students to successfully pass the National Council Licensure Examination (NCLEX) to become registered nurses. Nursing, one of the most highly demanded professions, is a great way to minister to healthcare needs of individuals, families, and communities. This eight-semester nursing program covers four academic years. The curriculum focuses on the provision of care and the promotion of health for individuals and families. Students gain proficiency through both class (theory) and laboratory (practicum/clinical) experiences in a variety of settings.

Students who enter as Freshmen typically complete the BSN Pre-Licensure program in 4 years. Students who enter as Sophomores typically complete the BSN Pre-Licensure program in 3 years, beginning with NRSNG 216 - Fundamentals of Nursing Theory and Practice.

The Andrews University nursing program is approved by the Michigan Board of Nursing and holds accreditation from the Accreditation Commission for Education in Nursing (ACEN).

## Total Credits - 126

### Major - 65

NRSNG 211 - Nursing Pharmacology I **Credits: 2**  
NRSNG 212 - Nursing Pharmacology II **Credits: 3**  
NRSNG 215 - Introduction to Professional Nursing Concepts **Credits: 1**  
NRSNG 216 - Fundamentals of Nursing Theory and Practice **Credits: 5**  
NRSNG 240 - Psychiatric-Mental Health Nursing **Credits: 4**  
NRSNG 305 - Health Assessment **Credits: 3**  
NRSNG 315 - Pathophysiology **Credits: 3**  
NRSNG 331 - Medical-Surgical I **Credits: 5**  
NRSNG 332 - Medical-Surgical II **Credits: 6**  
NRSNG 366 - Complementary Wellness and Restoration I **Credits: 1**  
NRSNG 408 - Families in Stress and Crisis **Credits: 2**  
NRSNG 414 - Critical Care Nursing **Credits: 3,4**  
NRSNG 416 - Comprehensive Overview **Credits: 2**  
NRSNG 418 - Leadership in Nursing **Credits: 3**  
NRSNG 430 - The Childbearing Family **Credits: 4**  
NRSNG 438 - Intercultural Mission Service in Nursing **Credits: 2**  
NRSNG 440 - The Developing Child **Credits: 4**  
3 credits of NRSNG 445 - Nursing Research **Credits: 3,4**  
NRSNG 450 - Community Nursing **Credits: 4**  
2 credits of NRSNG 466 - Complementary Wellness and Restoration II **Credits: 2,3**  
NRSNG 480 - Senior Nursing Internship **Credits: 3**

### Practicum

**Undergraduate nursing practicum:** In nursing classes with a practicum, a ratio of four clock hours will be required for each semester of clinical credit. For example, a 1-credit clinical course meets for 60 clock hours, a 2-credit clinical course meets for 120 clock hours.

**Undergraduate nursing laboratory:** In nursing classes with laboratory hours, a ratio of two laboratory clock hours will be required for each semester of laboratory credit. For example, a 1-credit laboratory meets for 30 clock hours in the semester. Clinical hours are indicated in the bulletin in the course description.

### Cognates - 31

BIOL 221 - Anatomy and Physiology I **Credits: 4**  
BIOL 222 - Anatomy and Physiology II **Credits: 4**  
BIOL 260 - General Microbiology **Credits: 4**  
CHEM 110 - Introduction to Inorganic Chemistry **Credits: 4** (CHEM 131 may be considered as an acceptable alternative to CHEM 110)  
FDNT 230 - Nutrition **Credits: 3**  
PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits: 3** (take in Junior or Senior year)\*  
PSYC 101 - Introduction to Psychology **Credits: 3**  
PSYC 201 - Human Development **Credits: 3**  
STAT 285 - Introduction to Applied Statistics **Credits: 3**

\*Course fulfills ACE requirement

## Additional Requirements

- A GPA of at least 3.00 overall must be maintained throughout the nursing program, with a grade of C+ or higher in nursing courses and a grade of C or higher for all cognate courses. See the BSN Pre-Licensure Student Handbook for full details on progression criteria.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Maintaining Academic Standing

In order to maintain academic standing, the nursing student should be aware of the following:

- Academic performance alone does not ensure completion of the nursing preparation. Students must also continuously meet acceptable professional ethics, disposition and safety standards as determined by the admissions and progressions committee.
- Nursing courses must be taken in the required sequence.
- Independent study courses cannot replace required nursing courses.
- Students should refer to the Department of Nursing Student Handbook for further guidance on progression policies.

## Admission Requirements

An independent admissions process by the School of Nursing is required for students who wish to enter the pre-licensure professional nursing program. Students are encouraged to apply for entrance into the professional nursing program prior to completion of the spring semester of their freshman year for fall admission. Application for admission may require a minimum of six weeks for processing evaluation. Refer to the student handbook for application deadline information.

### Admission Requirements - Pre-Licensure (Regular Admission)

Admission requirements are as follows:

- All students must complete the **cognate** courses outlined below prior to entering the nursing program.

Course Number	Course Name	Semester Credits
BIOL 221	Anatomy & Physiology I	4
BIOL 222	Anatomy & Physiology II	4
PSYC 101	Introduction to Psychology	3
PSYC 301	Human Development	3
CHEM 110 (preferred, but CHEM 131 considered)	Chemistry	4

- Other requirements:

Requirements	Standard
Minimum overall GPA	3.0
Minimum Nursing GPA	3.0
Minimum combined cognates GPA	3.0
Cognate course grades	C or higher
ATI Test of Essential Academic Skills (TEAS)	Academic Preparedness Level of Proficient or greater (Total score of 58.7% or higher); See handbook for details

TOEFL iBT (for students for whom English is a second language)	84 or higher, with minimum speaking score of 26
Acceptable criminal background check	See handbook for details
Negative urine drug screening	See handbook for details
Clear physical examination report (medical)	See handbook for details
Current BLS healthcare provider certificate	CPR (American Heart Association)

- All nursing students must be accepted into the nursing program by the Andrews University School of Nursing Admissions, Progressions, Retention and Grievance (APRG) Committee before entering into any nursing class.
- Cognates (Anatomy & Physiology, Microbiology, Chemistry, Human Development, Nutrition, Psychology and Statistics) older than five (5) years will not be accepted as credit and will need to be retaken as a class for credit or take a standardized challenge exam, such as the CLEP as approved by the School of Nursing.
- Transfer students who have completed nursing courses will be considered on a case-by-case basis. Nursing courses transferred must not be older than two (2) years from the anticipated program start date.

## Student Learning Outcomes

Students who successfully complete the bachelor's program will:

- Reflect in their nursing care the application of Christian values and formula for health for the purpose of "Restoring humans to the image of God."
- Demonstrate cultural sensitivity using verbal, non-verbal, and written methods.
- Foster open and effective communication using verbal, non-verbal, written, and technological methods.
- Utilize critical thinking, clinical reasoning, judgment, evidence-based practice and research in implementation of the nursing process, while delivering patient-centered care.
- Apply leadership concepts, principles of advocacy and decision making in the provision of quality patient care.
- Demonstrate knowledge, skills and attitude necessary for managing whole person, patient-centered care according to standards outlined by the American Nurses Association, AACN Essentials of Nursing, QSEN and IOM report.
- Function effectively as part of intra and inter-professional teams, fostering open communication, mutual respect, and shared decision-making to achieve quality patient care.
- Demonstrate personal spiritual growth.
- Be prepared to successfully pass the NCLEX examination at the first sitting.

## Nursing BSN (RN to BSN, Online)

For information, contact: [nursing@andrews.edu](mailto:nursing@andrews.edu), 269-471-3311

The RN-BSN Online program provides the RN with an associate degree an opportunity to complete their Bachelor of Science in Nursing degree. The curriculum focuses on the professional and leadership roles of the BSN-prepared nurse. Normally students complete in two years (4 semesters and 2 summers). The program requirements will involve clinical activities that may not be carried out in the student's work unit.

Andrews University recognizes the associate degree as a whole package, leaving a minimum of 32 credit hours to be completed at the university for the bachelor's degree.

Applicants from countries other than U.S. will need to have equivalent transcripts evaluated by Andrews University.

Some general education courses (Andrews Core Experience) may have been fulfilled within the associate degree package. See Andrews Core Experience: AA/AS Degrees.

Additional general education courses needed to complete the BSN requirement can be taken online through the Global Campus.

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions). In the interactive online format, courses have specific start and end dates. The interactive online program does not require any time on campus. Students in the interactive online program are encouraged to come to campus for graduation.

**Accreditation:** The Andrews University nursing program is approved by the Michigan Board of Nursing and holds accreditation from the Accreditation Commission for Education in Nursing (ACEN).

## Total Credits - 120

### Major - 32

- NRSRG 305 - Health Assessment **Credits:** 3
- NRSRG 315 - Pathophysiology **Credits:** 3
- NRSRG 433 - Leadership in Nursing Practice **Credits:** 4
- NRSRG 438 - Intercultural Mission Service in Nursing **Credits:** 2
- NRSRG 443 - Nursing Informatics **Credits:** 3
- 4 Credits of NRSRG 445 - Nursing Research **Credits:** 3,4
- NRSRG 450 - Community Nursing **Credits:** 4
- 3 Credits of NRSRG 466 - Complementary Wellness and Restoration II **Credits:** 2,3

### Electives - 6

See "Transfer of Credits" and "Credit for Prior Learning" in the "Additional Information" section below.

### Cognates - 6

- PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits:** 3
- STAT 285 - Introduction to Applied Statistics **Credits:** 3

### General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

### Additional Requirements

- Minimum cumulative GPA of 2.5 to graduate.
- No course with a grade below C- may count towards the degree.
- An acceptable criminal background check from company recommended by School of Nursing (<https://portal.castlebranch.com/NS39>).
- A urine drug screen is required. Some clinical sites may require different drug screen times. Drug screens are completed by <https://portal.castlebranch.com/NS39>
- Physical examination report that must include:
  - Tuberculin test. See handbook for details.
  - Proof of immunization or serum immunity for MMR1 and MMR2 (measles, mumps, and rubella), T-dap (Tetanus, Diphtheria, Pertussis), and hepatitis B.
  - Proof of immunization or serum immunity for varicella-zoster.
  - Annual flu shots taken October–December.
- All students are required to have BLS Healthcare Provider Cardio-Pulmonary Resuscitation (CPR) certification from the American Heart Association (AHA).

### Additional Information

**ADA Accommodations:** Andrews University accepts and appreciates diversity in its students, including students with learning and other disabilities. Please also see program handbook for additional information.

**Residency:** Students must meet Andrews University residency requirements. Credit for Prior Learning (see below) does not count toward residency.

**Transfer of Credits:** Applicants may transfer up to 92 credits from their associate degree programs and other college-level courses completed.

**Credit for Prior Learning:** Students may also earn credits for prior learning from applicable RN experience with a required portfolio submission. Up to 30 credits may be awarded for active RN licensure and learning through work experience as an RN.

## Progression

RN-BSN nursing students in the online program need to understand that:

- The School of Nursing requires a minimum cumulative GPA of 2.5 to graduate.
- No course with a grade below C- may count towards the degree.
- Requirements for various clinical sites may vary and student must abide by the stated requirements.
- Students may complete the program in 12 to 24 months
- Class and clinical attendance are required: The School of Nursing will uphold University Policy.

Students should refer to the School of Nursing RN-BSN Student Handbook for further guidance on progression policies.

## Admission Requirements

All registered nurses must meet Andrews University entrance requirements and be accepted for admission to the University before being admitted to the nursing program. Application for admission may require a minimum of six weeks for processing evaluation. Admission requirements are as follows:

1. A current United States RN license.
2. Minimal overall GPA of 2.50.

## Student Learning Outcomes

Students who successfully complete the program will:

- Reflect in their nursing care the application of Christian values and formula for health for the purpose of "Restoring humans to the image of God."
- Be culturally aware, sensitive, and appropriate in their nursing practice.
- Foster open and effective communication using verbal, non-verbal, written, and technological methods.
- Utilize critical thinking, clinical reasoning, judgment, evidenced-based practice and research in implementation of the nursing process, while delivering patient-centered care.
- Apply leadership concepts, principles of advocacy and decision making in the provision of quality patient care.
- Function effectively as part of intra and inter-professional teams, fostering open communication, mutual respect, and shared decision-making to achieve quality patient care.

## Post-Masters

### Advanced Practice Registered Nurse DNP (Distance Education)

The Doctor of Nursing Practice (DNP) program is tailored for nurses seeking the highest level of education in nursing practice. This can be pursued through either the Family Nurse Practitioner concentration or the Leadership in Advanced Nursing Practice concentration. The comprehensive DNP core curriculum equips advanced practice nurses with the knowledge and skills necessary to enhance patient outcomes in today's complex healthcare landscape. The program addresses both clinical and non-clinical roles. Following DNP completion, Family Nurse Practitioners (FNPs) must achieve certification through national exams and comply with regulations outlined by their respective state boards of nursing for professional practice.

This DNP program offers two tracks:

- Track 1: MSN to DNP (42-56 credits)
- Track 2: BSN to DNP (51-65 credits)

For additional information about these tracks, refer to the curriculum below.

**Delivery:** This is a fully interactive online program only (see Global Campus definitions). The courses follow fixed enrollment with semester start and

end dates. Participants interact with each other and with instructors throughout all courses. Most courses have a minimum of two synchronous sessions via Zoom. Most of the degree is offered through asynchronous online methods, but students should refer to the DNP Student Handbook for any expected on-campus or synchronous meeting time.

**Accreditation:** The Andrews University nursing program is approved by the Michigan Board of Nursing and holds accreditation from the Accreditation Commission for Education in Nursing (ACEN).

## Total Credits - 42-65

### DNP Core - 26

The DNP core curriculum is a comprehensive and foundational component of the Doctor of Nursing Practice program. This curriculum is designed to provide advanced practice nurses with the essential knowledge, skills, and competencies needed to excel in their roles as healthcare leaders and practitioners. It encompasses a diverse range of subjects, spanning both clinical and non-clinical domains, to ensure a well-rounded education.

- NRSRG 616 - Biostatistics for Clinical Data Management **Credits:** 3
- NRSRG 644 - Research Methods for Evaluation and Outcomes of Advanced Clinical Practice **Credits:** 3
- NRSRG 685 - DNP Advanced Practice Role **Credits:** 2
- NRSRG 700 - Theoretical Foundations for Scholarship in Advanced Practice Nursing **Credits:** 2
- NRSRG 705 - Christian Ethics and Advanced Practice Nursing **Credits:** 2
- NRSRG 710 - Principles of Epidemiology **Credits:** 3
- NRSRG 715 - Organizational Leadership in Health Care Systems **Credits:** 2
- NRSRG 720 - Information Systems and Patient Care Technology for Health Care **Credits:** 2
- NRSRG 730 - Health Care Policy for Advanced Practice Nursing **Credits:** 2
- NRSRG 795 - DNP Comprehensive Examinations **Credits:** 0
- 2 credits of NRSRG 801 - Scholarly Project I **Credits:** 1,2
- 3 credits of NRSRG 802 - Scholarly Project II **Credits:** 1-3

### Tracks - 16-39

Selected at the time of admission based on a student's educational background.

#### Track 1 - MSN to DNP - 16-30

Choose one of the concentrations below.

**NOTE:** Students who have not taken graduate level pharmacology, health assessment, and/or pathophysiology must also take NRSRG 748, 755, 756, and/or 760. (See Admission Requirements).

#### Track 2 - BSN to DNP - 25-39

Students must take the following courses *and* complete one of the concentrations below.

- NRSRG 726 - Interpersonal Dynamics and Cultural Issues in Advanced Practice Nursing **Credits:** 2
- NRSRG 727 - Clinical Health Promotion and Disease Prevention of Populations **Credits:** 2
- NRSRG 770 - Teaching Strategies **Credits:** 3
- NRSRG 775 - Learning Theories and Health Teaching **Credits:** 2

**NOTE:** Students who have not taken graduate level pharmacology, health assessment, and/or pathophysiology must also take NRSRG 748, 755, 756, and/or 760. (See Admission Requirements).

### Concentrations - 16-30

Complete one of the following concentrations:

#### Family Nurse Practitioner Concentration - 30

The Family Nurse Practitioner (FNP) concentration is tailored to prepare advanced practice nurses for a specialized and impactful role in family-centered healthcare. This concentration provides a comprehensive and advanced education that integrates theoretical knowledge with clinical expertise to empower FNPs with the skills needed to deliver high-quality, patient-centered care across the lifespan. Following DNP completion, FNPs must achieve certification through national exams and comply with regulations outlined by their respective state boards of nursing for professional practice.

- NRSRG 741 - Primary Care Management of Infants, Children and Adolescents **Credits:** 2

- NRSRG 742 - Primary Care Management of Infants, Children and Adolescents Practicum **Credits:** 2

- NRSRG 751 - Primary Care Management of Women's Health **Credits:** 2

- NRSRG 752 - Primary Care Management of Women's Health Practicum **Credits:** 2

- NRSRG 763 - Primary Care Management of Adults **Credits:** 3

- NRSRG 764 - Primary Care Management of Adults Practicum **Credits:** 2

- NRSRG 767 - Evidence-based Family Nurse Practitioner Primary Care Management **Credits:** 3

- NRSRG 768 - Evidence-based Family Nurse Practitioner Primary Care Management Practicum **Credits:** 3

- NRSRG 748 - Advanced Pathophysiology Across the Lifespan **Credits:** 3

- NRSRG 760 - Advanced Pharmacology Across the Lifespan **Credits:** 3

- NRSRG 755 - Advanced Health Assessment Across the Lifespan **Credits:** 3

- NRSRG 756 - Advanced Health Assessment Practicum **Credits:** 2

### Leadership in Advanced Nursing Practice Concentration - 16-23

A Leadership in Advanced Nursing Practice concentration builds upon the foundation of advanced nursing practice and provides additional education and training in leadership, management, education, and healthcare systems. Students learn how to lead interprofessional teams, improve patient outcomes, and influence healthcare policy. This concentration focuses on develop nurse leaders who can navigate the complex and dynamic healthcare environment.

All courses will be cross-listed with NRSRG acronym.

- BSAD 515 - Organizational Behavior & Leadership **Credits:** 3

- LEAD 636 - Issues in Leadership Foundations **Credits:** 2,3

- LEAD 647 - Creative Critical Thinking and Problem Solving **Credits:** 3

- NRSRG 719 - Nursing Leadership Practicum **Credits:** 1-3

(Track 1 students must take 11 credits; Track 2 students must take 4 credits.)

### Electives - 4

Choose 4 additional credits from the following courses:

All courses will be cross-listed with NRSRG acronym.

- BSAD 505 - Survey of Operations Management **Credits:** 2

- BSAD 537 - Organization and Management of Healthcare Systems **Credits:** 3

- BSAD 640 - Healthcare Economics & Policy **Credits:** 3

- EDCI 545 - Assessment of Learning: **Credits:** 3

- EDCI 650 - Curriculum Design: \_\_\_\_\_ **Credits:** 3

- FNCE 500 - Survey of Business Finance **Credits:** 2

- LEAD 638 - Issues in Leadership Theory **Credits:** 2,3

- LEAD 644 - Leadership and Organizational Dynamics **Credits:** 3

- LEAD 645 - Ethical Leadership & Organizational Integrity **Credits:** 1-3

- MKTG 680 - Strategic Marketing Management **Credits:** 3

- PBHL 540 - Grant Writing **Credits:** 2

- PBHL 545 - Program Planning and Evaluation **Credits:** 2,3

## Additional Requirements

**Grade Point Average:** In order to graduate, students must have a Grade Point Average (GPA) not lower than 3.25. During the program, students are allowed to receive a B- in one course only, but the GPA must be at least 3.0 when this occurs. Two courses below 3.0 will cause termination of the degree process.

## Graduation Requirements

- Successful completion of all Required Courses with 3.25 GPA.
- Successful completion of Comprehensive Exam.
- Satisfactory completion and defense of the Scholarly Project.
- Satisfactory completion of supervised Clinical/Practicums.
- Satisfactory completion of a Diagnostic Readiness Test for national certification exam.

**Progress Towards Degree:** Cohorts with differing degree options have anticipated completion at differing times within three to five years. Any student dropping out of a cohort may resume with a subsequent cohort but must complete the degree in no more than seven years.

## Admission Requirements

- **Must meet standard admission requirements** for graduate admission at Andrews University.
- Other requirements below:

Requirements	Standard
Minimum overall GPA	3.25
Letters of recommendation	Two: Professional colleague with at least Master's degree Current supervisor
Resume	CV also acceptable
Goal Statement (500 words)	Use these points to develop your goal statement: Identify your area of concentration (family nurse practitioner or leadership role) Describe how the DNP degree within your chosen clinical specialty will assist in achieving your future goals.
Degrees	BSN or MSN from an accredited school (ACEN or CCNE and other acceptable accrediting bodies)
Undergraduate/Graduate courses required with a grade of B or better	Statistics MSN to DNP students: must have graduate level pharmacology, health assessment, and pathophysiology or will be required to complete these as part of their DNP degree.
License	Current unencumbered RN license. MSN to DNP: national certification in a clinical specialty with evidence of practicum hours completed in APRN education.

- Faculty reserve the right to require an interview of applicants based on reasons they identify.

## Student Learning Outcomes

Students who successfully complete the program will:

- Integrate knowledge from nursing, biophysical, social, analytical and organizational sciences into practicing, developing and transforming advanced practice nursing within a spiritual context.
- Integrate organizational and system thinking as well as leadership knowledge in designing, implementing and/or evaluating approaches to quality in care delivery.
- Use clinical scholarship and analytical methods to critically appraise the literature, and develop, implement and evaluate strategies and best practices in providing healthcare.
- Develop leadership in critical analysis, information management, advocacy and education, in shaping healthcare policy at the local, state and national levels.
- Employ consultative, collaborative and leadership skills with intra-professional and inter-professional teams to foster effective communication, enhance health outcomes, and create positive change in complex healthcare delivery systems, and across diverse populations in order to address health disparities.
- Implement evidenced-based strategies in APRN practice for impacting individuals, families, communities, institutions and/or systems, in order to achieve the goals of improved healthcare.
- Transition from entry levels of nursing practice to an increasingly advanced level of nursing practice, while developing higher level clinical, leadership, advocacy, and scholarship, knowledge and skills.

## Nursing

### NRSRG 211 - Nursing Pharmacology I

**Credits:** 2

Beginning nursing knowledge related to pharmacology, medication administration, and related monitoring of therapeutic and non-therapeutic patient response that builds a foundation for safe practice.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** NRSRG 216

**Schedule Type:** Lecture

**College Code:** CHHS

### NRSRG 212 - Nursing Pharmacology II

**Credits:** 3

A continuation of pharmacology principles that examines major classifications of medications. Focuses on uses, dosages, therapeutic and non-therapeutic effects, interactions, and nursing interventions.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 211 or permission of the Department of Nursing.

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CHHS

### NRSRG 215 - Introduction to Professional Nursing Concepts

**Credits:** 1

Introduces students to nursing history, mission, standards, language and critical thinking, and applies principles from the Department of Nursing conceptual framework, "Restoration to the Image of God," along with other key nursing concepts. Must be taken spring semester of freshman year.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CHHS

### NRSRG 216 - Fundamentals of Nursing Theory and Practice

**Credits:** 5

Integrates the nursing process into basic nursing skills, medication administration, and assessment of the adult client; with special emphasis on older adults. Includes 3 credits theory and 2 credits practicum.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 221 , BIOL 222 , PSYC 101 , PSYC 201

**Schedule Type:** Lecture, Lab, Practicum

**College Code:** CHHS

### NRSRG 240 - Psychiatric-Mental Health Nursing

**Credits:** 4

Presents the nurse's role in facilitation of mental health and prevention, assessment and management of mental illness. Includes 3 credits theory and 1 credit practicum.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 211, NRSRG 216, PSYC 101 or permission of the Department of Nursing.

**Schedule Type:** Lecture, Practicum

**Term Offering:** Spring

**College Code:** CHHS

### NRSRG 305 - Health Assessment

**Credits:** 3

Introduces theoretical and practical skills for performing a focused and comprehensive health assessment. Emphasizes data collection for recognition of normal findings and common variations throughout the lifespan, and the use of nursing diagnoses to describe areas needing restoration. Includes 2 credits theory and 1 credit lab.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):**

BIOL 221 ,BIOL 222 , or "per permission of the Department of Nursing"

**Prerequisite/Corequisite:**

NRSRG 216

**Schedule Type:** Lecture, Lab, Interactive Online

**College Code:** CHHS

### NRSRG 315 - Pathophysiology

**Credits:** 3

Explores physiological adaptations and changes that occur due to chronic and acute illnesses. Provides etiology of disease states to use as a basis for nursing interventions.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 221, BIOL 222.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 320 - Professional Nursing Concepts for the RN

**Credits:** 3

Introduces and applies principles from the Department of Nursing conceptual framework, "Restoration to the Image of God," along with other key nursing concepts, and bridges educational preparation and role expectation of the associate degree nurse for functioning at the professional level. Must be taken during the first year of schooling by RN to BS students. (Needs to be taken before 418 and 450.)

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall, Spring, Summer

**College Code:** CHHS

## NRSRG 331 - Medical-Surgical I

**Credits:** 5

Integrates and applies the nursing process to prevent disease, manage, promote, restore or maintain health for adult clients with acute and chronic medical-surgical conditions. Includes 3 credits theory and 2 credits practicum.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 211 , NRSRG 240 , NRSRG 215 , NRSRG 216 , FDNT 230 , NRSRG 305 , NRSRG 315 .

**Schedule Type:** Lecture, Practicum

**College Code:** CHHS

## NRSRG 332 - Medical-Surgical II

**Credits:** 6

Integrates and applies the nursing process to restore health, manage disease, and/or provide end-of-life care for adult clients and their families with acute medical-surgical conditions, in acute and critical-care settings. Includes 4 credits theory and 2 credits practicum.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 212, NRSRG 331.

**Schedule Type:** Lecture, Practicum

**Term Offering:** Spring

**College Code:** CHHS

## NRSRG 366 - Complementary Wellness and Restoration I

**Credits:** 1

Introduces the use of complementary therapies in disease prevention, and health promotion and maintenance towards restoration of clients, families and communities. Specific attention is given to the eight natural laws of health.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Spring

**College Code:** CHHS

## NRSRG 408 - Families in Stress and Crisis

**Credits:** 2

Utilizes family systems and other theories as a basis for understanding family functioning. Prepares the students to be able to assess and intervene with families experiencing stress and/or crises.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** None

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 414 - Critical Care Nursing

**Credits:** 3,4

Focuses on the needs of clients with life-threatening conditions in an acute care setting; which may present in multiple body systems. Special needs of pediatric and elderly clients addressed as well.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 332 for Pre-licensure students,NRSRG 408 ,NRSRG 430 , NRSRG 440.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 416 - Comprehensive Overview

**Credits:** 2

Review of knowledge to serve as preparation of pre-licensure students for the NCLEX.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** NRSRG 430, NRSRG 440.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CHHS

## NRSRG 418 - Leadership in Nursing

**Credits:** 3

Provides opportunity for the student to gain knowledge in nursing leadership. Promotes the utilization of restorative principles in leadership theory and practice. Prepares students for leadership roles in all areas of nursing, and instills the pursuit of lifelong learning and professional development.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 332; NRSRG 320 or per permission of the School of Nursing

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 430 - The Childbearing Family

**Credits:** 4

Emphasizes restorative and evidence-based nursing care of the childbearing family throughout preconception, pregnancy, postpartum, and the neonatal period with an added focus on women's health issues. Includes 3 credits theory and 1 credit practicum.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 332, PSYC 201.

**Schedule Type:** Lecture, Practicum

**Term Offering:** Fall

**College Code:** CHHS

## NRSRG 433 - Leadership in Nursing Practice

**Credits:** 4

Provides opportunity for the student to gain knowledge in nursing leadership. Promotes the utilization of restorative principles in leadership theory and practice. Emphasizes the role development for the professional nurse by exploring trends in leadership and management of human and financial resources. Prepares students for leadership roles in nursing practice. This course includes 3 credits theory and 1 credit internship with a nurse leader.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online, Practicum

**College Code:** CHHS

## NRSRG 438 - Intercultural Mission Service in Nursing

**Credits:** 2

\* Field service credit requirements are met in this class. Prepares students to apply principles of the Andrews University Department of Nursing conceptual framework, "Restoration to the Image of God," while providing Christian nursing care and service in a worldwide context. Course includes principles and preparation for intercultural nursing practice.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** NRSRG 332 , NRSRG 430 , NRSRG 440

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 440 - The Developing Child

**Credits:** 4

Emphasizes an evidence-based nursing practice in both the maintenance and restorative health needs of the growing and developing child, from newborn through adolescence. Includes 3 credits theory and 1 credit practicum.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 332, PSYC 201.

**Schedule Type:** Lecture, Practicum

**Term Offering:** Fall

**College Code:** CHHS

## NRSRG 443 - Nursing Informatics

**Credits:** 3

Nursing Informatics examines the history of healthcare informatics, current issues, basic informatics concepts and health information management systems. The use of technology to help make decisions and to improve the health status of the individual, family, and community will be explored. Students will learn how to apply informatics concepts to a current clinical practice setting by suggesting methods that use technology to improve patient safety and work effectiveness.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### NRSRG 445 - Nursing Research

**Credits:** 3,4

Provides foundational concepts on the research process and steps for utilizing research with the focus being on evidence-based practice. Introduces nursing perspectives related to critical thinking, scientific methods, ethical concerns, and search techniques necessary to the research process.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 331 or NRSRG 320; or permission of the Department of Nursing. (BS - Completion students take the class for 4 credits.)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Spring

**College Code:** CHHS

### NRSRG 450 - Community Nursing

**Credits:** 4

\* Field service credit requirements are met in this class. Focuses on community as the primary client, in contrast with community as the setting for individual care. Students consider factors affecting the wellbeing, function, and/or existence of the community and its response to those problems. Includes 2 credits theory and 2 credits practicum.

**Course/Lab Fee:** Yes

**Course Attribute:** Service course

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 418, NRSRG 430, NRSRG 440; for BS -Completion NRSRG 320, and NRSRG 418.

**Schedule Type:** Lecture, Practicum, Interactive Online

**Term Offering:** Spring

**College Code:** CHHS

### NRSRG 460 - Topics in \_\_\_\_\_

**Credits:** 1-3

Study of selected topics relevant to professional nursing practice. Subject and credits to be announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** CHHS

### NRSRG 466 - Complementary Wellness and Restoration II

**Credits:** 2,3

An in-depth exploration of complementary therapies that can be utilized in conjunction with traditional therapies to assist clients with a chronic illness or high acuity needs towards restoration to the image of God in wellness, health maintenance, and disease management.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** None

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 470 - Global Health Nursing

**Credits:** 3

This course introduces students to concepts related global health issues. It explores the link between global health and socio-economic development. It focuses on measurement of risk factors in vulnerable populations, health status and disease burden within the global context

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 478 - Study Tour:

**Credits:** 0

Travel to selected areas combined with lectures, directed readings, projects and assignments. The amount of credit and the geographic area are designated at the time a study tour is announced. Fee may be required.

**Course/Lab Fee:** Yes

**Grade Mode:** Noncredit (NC,W)

**Schedule Type:** Blended Learning

**College Code:** CHHS

### NRSRG 480 - Senior Nursing Internship

**Credits:** 3

A capstone practicum that integrates nursing skills and knowledge with principles of daily practice. Takes place in acute care settings where the student manages groups of clients in conjunction with a preceptor (120 clock hours). Includes 1 credit seminar and 2 credits practicum.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Corequisite(s):** NRSRG 414, NRSRG 450.

**Prerequisite(s):** NRSRG 418, NRSRG 430, NRSRG 440.

**Schedule Type:** Practicum

**Term Offering:** Spring

**College Code:** CHHS

### NRSRG 495 - Independent Study\_\_\_\_\_

**Credits:** 1

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

### NRSRG 515 - Teaching Strategies

**Credits:** 3

Explores the knowledge and competencies needed to develop and apply evidence based innovative teaching strategies in the classroom and clinical settings. Strategies for distance and web-based learning are also included.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall

**College Code:** CHHS

### NRSRG 616 - Biostatistics for Clinical Data Management

**Credits:** 3

Introduces statistical concepts and analytical methods as applied to data encountered in biomedical sciences. It emphasizes the basic concepts of experimental design, quantitative analysis of data, and statistical references.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 644 - Research Methods for Evaluation and Outcomes of Advanced Clinical Practice

**Credits:** 3

The focus of this course is to provide the knowledge and skills to generate evidence-based knowledge using scientific inquiry to improve outcomes in patient care. The components of research and evaluation processes are explored, culminating in the dissemination of research, evaluation and other evidence-based materials to healthcare professionals.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 616

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 658 - Learning Theory and Health Teaching

**Credits:** 2

Provides advanced practice nurses with evidence based knowledge regarding educational theories and their application in academic and clinical settings for successful instruction and teaching of clients, community, nursing students and other healthcare professionals.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall

**College Code:** CHHS

### NRSRG 660 - Curricular Development

**Credits:** 2

Provides students with knowledge related to analysis, development or design, and redesign or improvement, and evaluation of client, student, or professional nursing curricula. Instruction on principles and procedures for curricular development will be addressed.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall

**College Code:** CHHS

## NRSRG 665 - Nursing Education Outcomes

**Credits:** 3

Students are provided information on methods for assessing overall educational outcomes, such as the individual patient education, classroom instruction, and in providing continuing education units for professional nurses.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** NRSRG 668

**Prerequisite(s):** NRSRG 658, NRSRG 660.

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Spring

**College Code:** CHHS

## NRSRG 668 - Roles in Nursing Education

**Credits:** 2

Explores the various teaching and faculty roles that impinge upon the nurse educator. An understanding of the requirements of scholarship activities such as clinical currency, academic productivity, and teaching expertise are examined.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 658, NRSRG 660.

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Spring

**College Code:** CHHS

## NRSRG 670 - Project Continuation

**Credits:** 0

Students may register for this continuation course while completing their capstone project, clearing deferred grade (DG) and/or incomplete (I) courses, and not enrolled in other program courses. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration which includes library privileges and access to an advisor. Requires advisor approval.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Program Director Permission Required

**College Code:** CHHS

## NRSRG 675 - Program Continuation

**Credits:** 0

Students may register for this non-credit continuation course to maintain active status and while clearing deferred grade (DG) and/or incomplete (I) course. Registration for this course indicates active status, please see active status for additional information. Registration does not indicate full-time status. Requires program approval.

**Course/Lab Fee:** Yes

**Grade Mode:** Noncredit (NC,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Program Director Permission Required

**College Code:** CHHS

## NRSRG 680 - Teaching Practicum

**Credits:** 4

Provides the student with the opportunity to utilize knowledge gained in the nursing-education courses, in a nursing-focused educational experience of their choosing. A total of 300 clock hours are required.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** NRSRG 515, NRSRG 658, NRSRG 660, NRSRG 665, NRSRG 668.

**Schedule Type:** Practicum

**Term Offering:** Summer

**College Code:** CHHS

## NRSRG 685 - DNP Advanced Practice Role

**Credits:** 2

This course explores the various roles of the Doctor of Nursing Practice Family Nurse Practitioner. Areas discussed include patient care, health professional education, health policy, research, leadership and more. Special focus is on Advanced practice.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 690 - Independent Study

**Credits:** 1-3

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

## NRSRG 700 - Theoretical Foundations for Scholarship in Advanced Practice Nursing

**Credits:** 2

Helps students examine theories from the fields of nursing, philosophy, biology, theology, humanities, psychology, sociology, behavior, and health beliefs, along with the Conceptual Framework of the Department of Nursing to build the underpinnings and foundational basis for their advanced practice. In addition, conceptualizations of person, environment, and health are explored as theories are examined.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 705 - Christian Ethics and Advanced Practice Nursing

**Credits:** 2

A study and exploration of ethical problems and dilemmas faced by Advanced Practice nurses in diagnosing, treating, billing, and communicating about care to clients, families, healthcare systems, community, and society as a whole. In addition, it provides strategies for addressing ethical dilemmas based within a Christian context.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 710 - Principles of Epidemiology

**Credits:** 3

Introduces the basic principles and applications of epidemiology. It describes the distribution and determinants of disease in human population; and introduces students to the theory, methods and body of knowledge of epidemiology.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 715 - Organizational Leadership in Health Care Systems

**Credits:** 2

This course introduces the student to the science of complex organizational structures and designs, with an emphasis on leadership within complex health care systems. It focuses on health care environments in various venues such as: professional, organizational, political, government and more.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## NRSRG 719 - Nursing Leadership Practicum

**Credits:** 1-3

This course requires 300 - 825 literal hours of practicum which would provide students with the opportunity to utilize knowledge gained in the DNP core or DNP Leadership courses.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** NRSRG 685

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**Special Approval:** Advisor permission required

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CHHS

## NRSRG 720 - Information Systems and Patient Care Technology for Health Care

**Credits:** 2

This course focuses on information technology and its application in health care settings. Content covered includes theoretical models of nursing informatics and database management, in the context of health care systems.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

## **NRSNG 726 - Interpersonal Dynamics and Cultural Issues in Advanced Practice Nursing**

**Credits:** 2

Provides advanced knowledge related to underlying interpersonal concepts, skills, and practical approaches, specifically for relationship building across various cultures as an advanced practice nurse. It is also important for effective communication in regards to all areas of health care cross culturally.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

## **NRSNG 727 - Clinical Health Promotion and Disease Prevention of Populations**

**Credits:** 2

Explores theories of health promotion and disease prevention at the advanced practice level, with emphasis on patient education, epidemiology, health beliefs, and the eight natural laws of health. The health care provider is provided with tools for directing and managing preventive care of various populations across the lifespan.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

## **NRSNG 730 - Health Care Policy for Advanced Practice Nursing**

**Credits:** 2

This course examines concepts of health care policy and political behavior, and generates strategies for exercising professional leadership in effecting change in health disciplines. The role of the DNP FNP in health politics for the workplace, organization, government and community will be presented.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** NRSNG 685  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

## **NRSNG 741 - Primary Care Management of Infants, Children and Adolescents**

**Credits:** 2

This course provides the future DNP with theory in primary health care settings necessary for the management of primary child health care, including wellness promotion, illness prevention. And treatment of common health problems in children, from newborn through young adulthood. Emphasis is on critical thinking and evidence-based practice to promote wellness lifestyles and reduce illness risks for children and families

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** NRSNG 742  
**Prerequisite(s):** NRSNG 748 , NRSNG 760 , NRSNG 755 , NRSNG 756  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

## **NRSNG 742 - Primary Care Management of Infants, Children and Adolescents Practicum**

**Credits:** 2

This course requires 150 literal hours of practicum. They are to be completed in a primary care pediatric clinic. The focus is for students to integrate assessment data, and apply strategies for diagnosing and managing the well child as well as episodic visits. Students are expected to apply theoretical knowledge gained from the primary care management of adolescents and children class. Students will be expected to pay attention to role development issues, collaborative and independent practice issues, as well as problem-solving.

**Course/Lab Fee:** Yes  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Schedule Type:** Practicum  
**College Code:** CHHS

## **NRSNG 748 - Advanced Pathophysiology Across the Lifespan**

**Credits:** 3

The focus of this course is the application of advanced pathophysiologic concepts for frequently encountered conditions in clinical practice. It provides an in-depth analysis of epidemiology, risk factors, etiology, pathophysiology, clinical manifestations, and laboratory tests for selected acute and chronic illnesses across

the lifespan. This is not an introductory course. It is expected that students already have a basic understanding of anatomy, physiology, pathophysiology, physical assessment, laboratory testing and pharmacology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

## **NRSNG 751 - Primary Care Management of Women's Health**

**Credits:** 2

The focus of this course is the primary care assessment, diagnosis and management of women's health issues, exploration of major health issues concerning women today, with an emphasis on social, cultural, and medical influences at the advanced practice level.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** NRSNG 752  
**Prerequisite(s):** NRSNG 748 , NRSNG 760 , NRSNG 755 , NRSNG 756  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

## **NRSNG 752 - Primary Care Management of Women's Health Practicum**

**Credits:** 2

This course requires 150 literal hours of practicum. They are to be completed at a women's health clinic. The focus is for students to integrate assessment data, and apply strategies for diagnosing and managing women's health. Students are expected to apply theoretical knowledge gained from the primary care management of women. Students will be expected to pay attention to role development issues, collaborative and independent practice issues, as well as problem-solving.

**Course/Lab Fee:** Yes  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Corequisite(s):** NRSNG 741  
**Prerequisite(s):** NRSNG 748, NRSNG 755, NRSNG 756, NRSNG 760  
**Schedule Type:** Practicum  
**College Code:** CHHS

## **NRSNG 755 - Advanced Health Assessment Across the Lifespan**

**Credits:** 3

The focus of this course is the development of advanced health history and physical examination skills across the lifespan. Emphasis is on interview, communication, and psychomotor skill development, with an end goal of facilitating diagnoses of illness and disease. It also includes concepts related to health assessment which supports the basic tenets of health promotion and disease prevention.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** NRSNG 756  
**Prerequisite(s):** NRSNG 748  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

## **NRSNG 756 - Advanced Health Assessment Practicum**

**Credits:** 2

This course requires 150 literal hours of practicum in a primary care setting in which the student solidifies and strengthens their assessment skills and abilities on well and ill patients across the lifespan.

**Course/Lab Fee:** Yes  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Corequisite(s):** NRSNG 755  
**Prerequisite(s):** NRSNG 748, NRSNG 760  
**Schedule Type:** Practicum  
**College Code:** CHHS

## **NRSNG 760 - Advanced Pharmacology Across the Lifespan**

**Credits:** 3

This course is designed to provide students with the knowledge and skills to select drug therapy for patients throughout the lifespan based on efficacy, safety, and cost for the management of select illnesses. The course also provides information about state and federal legal requirements for advanced practice nurse prescriptive authority.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** NRSNG 748

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 763 - Primary Care Management of Adults

**Credits:** 3

The focus of this course is the clinical primary care assessment, diagnosis and management of acute illness of adults at the advanced practice level.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** NRSRG 764

**Prerequisite(s):** NRSRG 748 , NRSRG 760 , NRSRG 755 , NRSRG 756

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 764 - Primary Care Management of Adults Practicum

**Credits:** 2

This course requires 150 literal hours of practicum in a primary care setting specific to adults. The focus is for students to integrate assessment data, and apply strategies for diagnosing and managing acute and chronic illnesses of adult patients. Students are expected to apply theoretical knowledge gained from the primary care management of adults class. Students will be expected to pay attention to role development issues, collaborative and independent practice issues, as well as problem-solving.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Practicum

**Term Offering:** Fall

**College Code:** CHHS

### NRSRG 767 - Evidence-based Family Nurse Practitioner Primary Care Management

**Credits:** 3

This course provides a theoretical approach to advanced practice nursing as an FNP. Students are given knowledge, skills, and abilities related to primary care assessment, diagnosis, and management of acute and chronic illness and disease, as well as health promotion and disease prevention strategies of patient care across the lifespan. Students will examine the limits and boundaries of primary care in this role, juggling all roles and areas. Further, it includes issues related to the scope of practice, billing, and more specific to Family Nurse Practitioners.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** NRSRG 768

**Prerequisite(s):** NRSRG 763 , NRSRG 741 , NRSRG 751

**Schedule Type:** Interactive Online

**College Code:** CHHS

### NRSRG 768 - Evidence-based Family Nurse Practitioner Primary Care Management Practicum

**Credits:** 3

This course requires 225 literal hours of practicum. This will be a combination of a Family Nurse Practitioner primary care site under the preceptorship of a Family Nurse Practitioner as well as other clinical activities that round out the scope of the DNP Essentials. In this practicum, students are to provide comprehensive care to patients across the lifespan that includes: assessment, diagnosis, prevention, and management of care for acute and chronic illness and disease, working towards independent practice, as well as seeking out new experiences that integrate the DNP essentials in the role of the DNP.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Practicum

**College Code:** CHHS

### NRSRG 770 - Teaching Strategies

**Credits:** 3

This course explores the knowledge and competencies needed to develop and apply evidence-based innovative teaching strategies in the classroom and clinical settings. Strategies for distance and web-based learning are also included.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** NRSRG 775

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 775 - Learning Theories and Health Teaching

**Credits:** 2

Provides advanced practice nurses with evidence-based knowledge regarding educational theories and their application in academic and clinical settings for

396

successful instruction and teaching of clients, families, and populations.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 778 - Preparation for DNP Comprehensive Examinations

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Noncredit (NC,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

### NRSRG 780 - Nursing Education Outcomes

**Credits:** 3

Students are provided information on methods for assessing overall educational outcomes, such as the individual patient education, classroom instruction, and in providing continuing education units for professional nurses.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 785 - Curricular Development

**Credits:** 2

Provides students with knowledge related analysis, development or design, and redesign or improvement, and evaluation of client, student, or professional nursing curricula. Instruction on principles and procedures for curricular development will be addressed.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### NRSRG 788 - Preparation for FNP Board Certification Examination and DNP Scholarly Project Presentation

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Noncredit (NC,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

### NRSRG 790 - Nursing Education Practicum

**Credits:** 1-3

This course requires 450 - 675 literal hours of practicum which would provide students with the opportunity to utilize knowledge gained in the nursing education courses, in a nursing higher education setting (i.e. ADN, BSN, MSN, DNP program).

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** NRSRG 770 , NRSRG 775

**Repeatable:** Repeatable up to 9 credits

**Schedule Type:** Practicum

**College Code:** CHHS

### NRSRG 795 - DNP Comprehensive Examinations

**Credits:** 0

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

### NRSRG 801 - Scholarly Project I

**Credits:** 1,2

The purpose of this project is to synthesize knowledge and skills attained in the doctorate program of nursing, in an activity that directly moves research into clinical practice and positively influences patient care. The project culminates with a written scholarly proposal paper related to the development, implementation,

and evaluation of a protocol for specific health care. This course has variable credits, and it is repeatable until the course outcome is achieved.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** NRS 616 , NRS 644

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CHHS

## **NRS 802 - Scholarly Project II**

**Credits:** 1-3

The completion of work begun in Capstone Scholarly Project I. The project culminates with a written scholarly paper related to the development, implementation, and evaluation of a protocol for specific health care; and successful project defense. This course has variable credits, and it is repeatable until the course outcomes are achieved.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** NRS 801

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** CHHS

# School of Population Health, Nutrition & Wellness

## Mission

The mission of the Andrews University School of Population Health, Nutrition & Wellness:

- To prepare public health, nutrition, dietetic, fitness, and wellness professionals for service in their church, society and the world, by inspiring the community at large to affirm the Adventist lifestyle, including the vegetarian diet, benefits of regular exercise, fitness and a balanced life.

## Bachelors

### Exercise Science BS

This program is designed for students pursuing professional degrees in the fields of Fitness and Exercise, Physical Therapy, Strength and Conditioning, Cardiac Rehab, Occupational Therapy, Exercise Physiology, or graduate school. Two concentrations are available. The Pre-Physical Therapy concentration is for students in pursuit of the DPT program at Andrews University. The Fitness concentration is for students looking to enter the fitness field or planning to pursue another graduate field.

### Total Credits - 124-134

### Major - 53-61

#### Core - 27

FTES 110 - Introduction to Exercise Science, Physical Therapy, and Occupational Therapy **Credits: 2**  
FTES 305 - Current Concepts and Applications in Physical Fitness **Credits: 3**  
FTES 325 - Sports Nutrition **Credits: 3**  
FTES 355 - Methods of Fitness Instruction **Credits: 3**  
FTES 410 - Issues in Exercise Science **Credits: 2**  
FTES 465 - Exercise Physiology **Credits: 4**  
FTES 475 - Kinesiology **Credits: 3**  
FTES 497 - Internship **Credits: 2**  
MLSC 205 - Medical Terminology **Credits: 1**  
PHTH 417 - Human Anatomy **Credits: 3**  
PHTH 427 - Human Anatomy Laboratory **Credits: 1**

#### Additional Requirements

Successful completion of the Certified Personal Trainer (CPT) Exam is a prerequisite to FTES 497 Internship for students who are on the fitness track of the program. Students who are completing the Pre-PT track are encouraged to get their CPT credential, but are not required to do so prior to the internship experience.

#### Concentration - 26-34

##### Fitness Concentration - 26

This concentration is designed for students pursuing professional degrees in the fields of Fitness and Exercise, Physical Therapy, Strength and Conditioning, Cardiac Rehab, Occupational Therapy, Exercise Physiology, or graduate school.

FDNT 448 - Nutrition and Wellness **Credits: 3**  
FDNT 498 - Research Methods **Credits: 3**  
FTES 214 - Weight Training & Conditioning **Credits: 3**  
FTES 220 - CPR & AED **Credits: 1**  
FTES 445 - Exercise Testing and Prescription **Credits: 3**  
FTES 490 - Exercise Science Program Review **Credits: 1**  
HLED 411 - Community Health & Fitness I **Credits: 2**  
HLED 412 - Community Health & Fitness II **Credits: 2**  
HLED 445 - Consumer Health **Credits: 2**  
PSYC 471 - Behavior Modification **Credits: 3**  
3 elective credits chosen in consultation with advisor from FDNT, FTES, or HLED

##### Pre-Physical Therapy Concentration - 34

The Exercise Science degree with concentration in pre-Physical Therapy is designed as a pre-professional interim degree for students pursuing a Doctor of Physical Therapy (DPT) degree through the "3+3" track. This degree with concentration prepares the pre-PT student with the prerequisite knowledge required for the DPT degree. Once accepted into the DPT program, the 3+3 track allows students to enter the professional DPT program before completion of the Exercise Science degree with pre-PT concentration. The 3+3 students' senior year is the first two semesters of the DPT program. This program is designed to be completed in eight

semesters. Students successfully completing the appropriate prerequisites, and DPT-1 and DPT-2 of the professional program (34 credits), qualify for the Bachelor of Exercise Science Degree.

PTH 501 - DPT Orientation **Credits:** 0  
PTH 505 - Anatomy **Credits:** 4  
PTH 509 - Principles of Therapeutic Exercise **Credits:** 2  
PTH 510 - PT Assessment Skills **Credits:** 3  
PTH 513 - Health Promotion and Wellness I **Credits:** 1,2  
PTH 515 - Anatomy Laboratory **Credits:** 3  
PTH 516 - Pathokinesiology **Credits:** 3  
PTH 518 - General Medicine **Credits:** 2  
PTH 519 - Principles of Therapeutic Exercise Laboratory **Credits:** 2  
PTH 520 - PT Assessment Skills Laboratory **Credits:** 3  
PTH 526 - Pathokinesiology Laboratory **Credits:** 2  
PTH 528 - General Medicine Laboratory **Credits:** 1  
PTH 530 - Pathophysiology I **Credits:** 2  
PTH 562 - Topics in Comparative Religion **Credits:** 2  
PTH 565 - Neuroscience and Motor Control **Credits:** 3  
PTH 575 - Neuroscience and Motor Control Laboratory **Credits:** 1

### Additional Requirements (Pre-PT)

- An earned minimum grade of "C+" (2.33) or "S" (in a "S/U" course) in each DPT program course. The BS program courses include PTH 501, PTH 505, PTH 509, PTH 510, PTH 513, PTH 515, PTH 516, PTH 518, PTH 519, PTH 520, PTH 526, PTH 528, PTH 530, PTH 562, PTH 565, and PTH 575.
- No more than a cumulative total of five points earned on the grade-point scale throughout the physical therapy program (see DPT Student Handbook).
- Students must be able to perform skills listed in the Technical Standards of Performance and demonstrate professional behaviors as outlined in the DPT Student Handbook.
- Maintain a cumulative GPA of 3.00 or greater in all credits used to meet the Exercise Science degree requirements.
- Undergraduate DPT students entering the graduate phase of the program (PT-3) must have completed all requirements for their bachelor's degree and have their degree conferred.

## Cognates - 40-41

BIOL 221 - Anatomy and Physiology I **Credits:** 4  
BIOL 222 - Anatomy and Physiology II **Credits:** 4  
CHEM 131 - General Chemistry I **Credits:** 4 \*  
CHEM 132 - General Chemistry II **Credits:** 4  
FDNT 230 - Nutrition **Credits:** 3  
PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits:** 3  
PHYS 141 - General Physics I **Credits:** 4  
PHYS 142 - General Physics II **Credits:** 4  
PSYC 101 - Introduction to Psychology **Credits:** 3 \*  
PSYC 201 - Human Development **Credits:** 3  
STAT 285 - Introduction to Applied Statistics **Credits:** 3 \* or MATH 168  
Precalculus **Credits:** 4 \*

\* Course meets ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admission Requirements

### Apply to the Program

To transition into the professional program, students need to apply to the director of Fitness and Exercise Science at the end of their sophomore year in order to register for FTES 305 Current Concepts and Applications in Fitness (a required course for the major).

### Application Deadline

For acceptance to the program applications need to be submitted by the last Friday in March, September, or November for the following semester.

### Acceptance

- Full acceptance into the Exercise Science BS Program requires successful completion of all prerequisite courses and a minimum cumulative GPA of 3.0, and a minimum overall GPA of 2.5 in sciences and FTES courses.

- Students who are in the Fitness Concentration who are not fully accepted into the program by their senior year will be unable to register for HLED 411 Community Health & Fitness which is required for the completion of the program.

### Pre-Physical Therapy Concentration Admission Requirements

An *Early Assurance* option is available for Andrews University freshmen who meet the following criteria:

- Declare pre-PT as the major upon enrollment as a freshman in fall semester
- High school GPA minimum 3.5

Matriculation into the DPT program requires the following criteria:

- Maintain a minimum 3.5 GPA throughout every semester (freshman through acceptance into DPT program)
- Maintain a wholesome lifestyle per the Andrews University Student Handbook
- Exhibit developing professional behavior
- Satisfactory interview
- Graduate Record Exam (GRE): A minimum Verbal and Quantitative score of 142 each is required, and minimum Writing score of 3.0.
- Observation Hours: Students must complete a minimum of 80 observation hours supervised by a licensed physical therapist in at least 3 different settings; at least 20 hours must be in an in-patient acute care or hospital setting.
- Recommendations: At least one reference must be from a physical therapist and another from a professor who taught the student. It is recommended that the third be from an employer/supervisor, clergy, a second physical therapist or health care professional.

Students who meet these *Early Assurance* criteria are guaranteed acceptance into the DPT program, however are still required to apply through PTCAS. Students who lose *Early Assurance* may still apply through PTCAS for the DPT program and will be placed into the applicant pool.

## Student Learning Outcomes

### Domain I: Health and Fitness Assessment

- 1.1: Conduct assessments of cardiovascular, muscular strength, muscular endurance, flexibility, anthropometrics and body composition.
- 1.2: Implement assessment protocols and determine participant's readiness to take part in a fitness assessment.

### Domain II: Exercise Prescription and Implementation

- 2.1: Determine safe and effective exercise programs for healthy populations.
- 2.2: Determine a safe and effective exercise program for a diseased population.
- 2.3: Implement exercise prescriptions using the FITT principle.
- 2.4: Prescribe and implement exercise programs for healthy special populations.

### Domain III: Exercise Counseling and Behavioral Strategies

- 3.1: Optimize adoption and adherence to exercise programs and other healthy behaviors by applying effective communication techniques.
- 3.2: Provide educational resources to support clients in the adoption and maintenance of healthy lifestyle behaviors.
- 3.3: Provide support within the scope of practice of a Health Fitness Specialist and refer to other health professionals as indicated.

### Domain V: Management

- 5.1 Develop and execute a marketing plan to promote programs, services or facilities.
- 5.2 Demonstrate leadership and interpersonal skills

## Nutrition Science & Dietetics, Dietetics Concentration BS

The BS program in Nutrition Science and Dietetics with Dietetics Concentration is recommended for students wishing to become a Registered Dietitian (RD)/Registered Dietitian Nutritionist (RDN), or pursue a career in public health and/or graduate school. This BS also prepares students for dietetics registration eligibility.

**Accreditation:** The Didactic Program in Nutrition Science & Dietetics (DP) at Andrews University is currently accredited by the Accreditation Council for

## Total Credits - 120

## Major - 36

- FDNT 118 - The Profession of Dietetics **Credits:** 1
- FDNT 124 - Food Science **Credits:** 3
- FDNT 310 - Nutrition in the Life Cycle **Credits:** 3
- FDNT 351 - Food Service Management I **Credits:** 3
- FDNT 352 - Food Service Management II **Credits:** 3
- FDNT 421 - Community Nutrition I **Credits:** 2
- FDNT 422 - Community Nutrition II **Credits:** 2
- FDNT 441 - Medical Nutrition Therapy I **Credits:** 3
- FDNT 442 - Medical Nutrition Therapy II **Credits:** 3
- FDNT 448 - Nutrition and Wellness **Credits:** 3
- FDNT 451 - Medical Nutrition Therapy I Lab **Credits:** 1
- FDNT 452 - Medical Nutrition Therapy II Lab **Credits:** 1
- FDNT 460 - Seminar in Nutrition, Wellness and Ellen White's Writings **Credits:** 1
- FDNT 485 - Nutrition and Metabolism **Credits:** 3
- FDNT 490 - Dietetic Program Review **Credits:** 1
- FDNT 498 - Research Methods **Credits:** 3

### Additional Requirements

Graduation is dependent upon the completion of all curriculum requirements for the professional Bachelor of Science in Nutrition Science and Dietetics degree with the maintenance of at least a minimal overall GPA of 3.0 and a minimal GPA of 3.0 in all dietetic courses. No grade below a C- is accepted for prerequisite and cognate courses (or below a C for dietetic courses).

NOTE: Students planning graduate study in nutrition or medical dietetics are recommended to take the following chemistry courses: CHEM 131, CHEM 132, CHEM 231, CHEM 232, CHEM 241, CHEM 242, BCHM 421, BCHM 422.

### Professional Development Portfolio

Students are expected to complete a professional development portfolio during the DP program outlining their goals and accomplishments, including 200 hours of professional dietetic experience (125 hours for students transferring into Andrews University in the junior or senior year). A verification form for completion of the DP program will not be issued until the professional development portfolio has been satisfactorily completed by the student.

### Comprehensive Review Exam

Graduates are provided with a Didactic Program in Nutrition Science and Dietetics Verification Statement, testifying to the fact that they have successfully completed the requirements for a BS degree in Nutrition Science and Dietetics. Students must successfully pass a comprehensive review exam in their senior year before they are eligible to receive a DP verification form.

## Cognates - 12

- BSAD 355 - Principles of Management **Credits:** 3
- BSAD 384 - Human Resource Management **Credits:** 3
- MKTG 310 - Principles of Marketing **Credits:** 3
- PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits:** 3 \*

\*Fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admission Requirements

### Nutrition Science & Dietetics Program (Step 1)

Prospective students enter the **Nutrition Science & Dietetics program** upon acceptance to Andrews University. Students *must apply* to the professional program\* at the end of their sophomore year. The Dietetics Concentration is recommended for students wishing to become a Registered Dietitian/Registered Dietitian Nutritionist or to pursue a career in public health and/or graduate school.

Pre-requisite Courses: two years of the following:

- Introductory professional (e.g., Food Science and Nutrition)
- Sciences (e.g., Intro to Chemistry, Biochemistry, Anatomy & Physiology, and Microbiology)
- Social sciences (e.g., Sociology and Psychology)
- Math (e.g., MATH 145 or higher)
- Andrews Core Experience (ACE)

These courses may be obtained at Andrews University or another accredited college or university, or equivalent institution for international students.

### Professional Program in Nutrition Science & Dietetics (Step 2)

#### Applying to the Program\*

To transition into the professional program, students need to apply to the director of the Didactic Program in Nutrition Science & Dietetics (DP) at the *end of their sophomore year*. Students must apply to the program in order to register for FDNT 351 - Food Service Management I, a required course for the major.

#### Courses

The professional program includes two years of study, including courses in:

- medical nutrition therapy
- food-service management
- nutrition and metabolism
- community nutrition

These courses are to be obtained on the Andrews University campus.

#### Application Deadline

For acceptance to the program, applications need to be submitted to the program director by the last Friday in March, September, or November for the following semester.

#### Acceptance

Full acceptance into the BS Nutrition Science & Dietetics Program requires successful completion of all prerequisite courses and a minimum cumulative GPA of 3.0, and a minimum overall GPA of 2.5 in the sciences and FDNT courses.

Students who are not fully accepted into the program by their senior year will be unable to register for FDNT 441 - Medical Nutrition Therapy I, which is required for the completion of the program.

### Prerequisites - 29

- BCHM 120 - Introduction to Organic and Biological Chemistry **Credits:** 4
- BIOL 221 - Anatomy and Physiology I **Credits:** 4
- BIOL 222 - Anatomy and Physiology II **Credits:** 4
- BIOL 260 - General Microbiology **Credits:** 4
- CHEM 110 - Introduction to Inorganic Chemistry **Credits:** 4
- MATH 165 - College Algebra **Credits:** 3
- PSYC 101 - Introduction to Psychology **Credits:** 3
- SOCI 119 - Principles of Sociology **Credits:** 3

## Additional Information

### Registration Examination Eligibility

Andrews University offers two programs to prepare the student for the registration examination given by the Commission on Dietetic Registration of the Academy of Nutrition and Dietetics (AND).

- The DPD program, which meets the academic requirements for registration eligibility.
- The Dietetic Internship, a post-baccalaureate program, designed to meet the supervised practice requirements for registration eligibility.

### Dietetic Internship

After completion of the BS course work for the Nutrition Science & Dietetics BS, students are eligible to apply for the eight-month accredited Dietetic Internship that must be completed by a dietetic student for registration eligibility. A minimum cumulative GPA of 3.0 and DP (Didactic program in Nutrition Science and Dietetics) GPA of 3.2 is recommended for admission into the program.

This supervised practice provides experiences in three main areas of dietetics—community nutrition, clinical nutrition, and food-service management. The Internship Program is available at several hospitals affiliated with Andrews University. Successful completion of this intensive eight-month supervised practice permits a student to write the national registration exam in dietetics. Students

who successfully complete the internship will be issued an Internship Program verification statement.

Upon passing the registry exam, graduates receive formal recognition as Registered Dietitians (RD). This status is maintained by participating in continuing professional education activities approved by AND. With advanced study or experience, the dietitian may qualify as a specialist in clinical dietetics, food service management, nutrition education, or research.

## Student Learning Outcomes

### **Domain 1: Scientific and Evidence Base of Practice: integration of scientific information and research into practice**

KRDN 1.1: Demonstrate how to locate, interpret, evaluate and use professional literature to make ethical, evidence-based practice decisions.

KRDN 1.2: Select and use current information technologies to locate and apply evidence-based guidelines and protocols.

KRDN 1.3: Apply critical thinking skills.

### **Domain 2: Professional Practice Expectations: Beliefs, values, attitudes and behaviors for the professional dietetics practitioner level of practice.**

KRDN 2.1: Demonstrate effective and professional oral and written communication and documentation.

KRDN 2.2: Describe the governance of nutrition and dietetics practice, such as the Scope of Practice for the Registered Dietitian Nutritionist and the Code of Ethics for the Profession of Nutrition and Dietetics.

KRDN 2.3: Assess the impact of a public policy position on nutrition and dietetics practice.

KRDN 2.4: Discuss the impact of health care policy and different health care delivery systems on food and nutrition services.

KRDN 2.5: Identify and describe the work of interprofessional teams and the roles of others with whom the registered dietitian nutritionist collaborates.

KRDN 2.6: Demonstrate cultural humility, awareness of personal biases and an understanding of cultural differences as they contribute to diversity, equity and inclusion.

KRDN 2.7: Describe contributing factors to health inequity in nutrition and dietetics including structural bias, social inequities, health disparities and discrimination.

KRDN 2.8: Participate in a nutrition and dietetics professional organization and explain the significant role of the organization.

KRDN 2.9 Defend a position on issues impacting the nutrition and dietetics profession.

### **Domain 3: Clinical and Client Services: Development and delivery of information, products and services to individuals, groups and populations**

KRDN 3.1: Use the Nutrition Care Process and clinical workflow elements to assess nutritional parameters, diagnose nutrition related problems, determine appropriate nutrition interventions and develop plans to monitor the effectiveness of these interventions.

KRDN 3.2: Develop an educational session or program/educational strategy for a target population.

KRDN 3.3: Demonstrate counseling and education methods to facilitate behavior change for and enhance wellness for diverse individuals and groups.

KRDN 3.4: Practice routine health screening assessments, including measuring blood pressure and conducting waived point-of-care laboratory testing (such as blood glucose or cholesterol).

KRDN 3.5: Describe concepts of nutritional genomics and how they relate to medical nutrition therapy, health and disease.

KRDN 3.6 Develop nutritionally sound meals, menus and meal plans that promote health and disease management and meet client's/patient's needs.

### **Domain 4: Practice Management and Use of Resources: strategic application of principles of management and systems in the provision of services to individuals and organizations**

KRDN 4.1: Apply management theories to the development of programs or services.

KRDN 4.2: Evaluate a budget/financial management plan and interpret financial data.

KRDN 4.3: Demonstrate an understanding of the regulation system related to billing and coding, what services are reimbursable by third party payers, and how reimbursement may be obtained.

KRDN 4.4: Apply the principles of human resource management to different situations.

KRDN 4.5: Describe safety principles related to food, personnel and consumers.

KRDN 4.6: Explaining the processes involved in delivering quality food and nutrition services.

KRDN 4.7 Evaluate data to be used in decision-making for continuous quality improvement.

### **Domain 5: Leadership and Career Management: Skills, strengths, knowledge and experience relevant to leadership potential and professional growth for the nutrition and dietetics practitioner.**

KRDN 5.1 Perform self-assessment that includes awareness in terms of learning and leadership styles and cultural orientation and develop goals for self-improvement.

KRDN 5.2 Identify and articulate one's skills, strengths, knowledge and experiences relevant to the position desired and career goals.

KRDN 5.3 Practice how to self-advocate for opportunities in a variety of settings (such as asking for needed support, presenting and elevator pitch)

KRDN 5.4 Practice resolving differences or dealing with conflict.

KRDN 5.5 Promote team involvement and recognize the skills of each member.

KRDN 5.6 Demonstrate an understanding of the importance and expectations of a professional in mentoring and precepting others.

## Nutrition Science & Dietetics, Nutrition Science Concentration BS

The BS program in Nutrition Science & Dietetics with Nutrition Science Concentration is designed for students pursuing professional degrees in the fields of Nutrition, Dietetics, Medicine, Dentistry, Public Health, Research and other health-related graduate degrees (e.g., Pre-Med, Pre-Dent). This BS also prepares students for dietetics registration eligibility.

**Accreditation:** The Didactic Program in Nutrition Science & Dietetics (DP) at Andrews University is currently accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics, 120 S Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, 312/899-5400.

## Total Credits - 120

## Major - 36-38

FDNT 118 - The Profession of Dietetics **Credits:** 1

FDNT 124 - Food Science **Credits:** 3

FDNT 310 - Nutrition in the Life Cycle **Credits:** 3

FDNT 351 - Food Service Management I **Credits:** 3

FDNT 352 - Food Service Management II **Credits:** 3

FDNT 421 - Community Nutrition I **Credits:** 2

FDNT 422 - Community Nutrition II **Credits:** 2

FDNT 441 - Medical Nutrition Therapy I **Credits:** 3

FDNT 442 - Medical Nutrition Therapy II **Credits:** 3

FDNT 448 - Nutrition and Wellness **Credits:** 3

FDNT 451 - Medical Nutrition Therapy I Lab **Credits:** 1

FDNT 452 - Medical Nutrition Therapy II Lab **Credits:** 1

FDNT 460 - Seminar in Nutrition, Wellness and Ellen White's Writings **Credits:** 1

FDNT 485 - Nutrition and Metabolism **Credits:** 3

FDNT 490 - Dietetic Program Review **Credits:** 1

FDNT 498 - Research Methods **Credits:** 3

FDNT 499 - Research Project in Nutrition Science & Dietetics **Credits:** 1-3

### **Additional Requirements**

Graduation is dependent upon the completion of all curriculum requirements for the professional Bachelor of Science in Nutrition Science and Dietetics degree with the maintenance of at least a minimal overall GPA of 3.0 and a minimal GPA of 3.0 in all dietetic courses. No grade below a C- is accepted for prerequisite and cognate courses (or below a C for dietetic courses).

**NOTE:** Students planning graduate study in nutrition or medical dietetics are recommended to take the following chemistry courses: CHEM 131, CHEM 132, CHEM 231, CHEM 232, CHEM 241, CHEM 242, BCHM 421, BCHM 422.

### **Professional Development Portfolio**

Students are expected to complete a professional development portfolio during the DP program outlining their goals and accomplishments, including 200 hours of professional dietetic experience (125 hours for students transferring into Andrews University in the junior or senior year). A verification form for completion of the DP program will not be issued until the professional development portfolio has been satisfactorily completed by the student.

### **Comprehensive Review Exam**

Graduates are provided with a Didactic Program in Nutrition Science and Dietetics Verification Statement, testifying to the fact that they have successfully completed the requirements for a BS degree in Nutrition Science and Dietetics. Students must successfully pass a comprehensive review exam in their senior year before they are eligible to receive a DP verification form.

## Cognates - 16

BSAD 355 - Principles of Management **Credits:** 3

BSAD 384 - Human Resource Management **Credits:** 3

MKTG 310 - Principles of Marketing **Credits:** 3

PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits:** 3 \*

PHYS 141 - General Physics I **Credits:** 4

CHEM 241 - Organic Chemistry Laboratory I **Credits:** 1

CHEM 242 - Organic Chemistry Laboratory II **Credits:** 1

FDNT 230 - Nutrition **Credits:** 3

PSYC 101 - Introduction to Psychology **Credits:** 3

MATH 191 - Calculus I **Credits:** 4

SOCI 119 - Principles of Sociology **Credits:** 3

\*Fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admission Requirements

### Nutrition Science & Dietetics Program (Step 1)

Prospective students enter the **Nutrition Science & Dietetics program** upon acceptance to Andrews University. Students *must apply* to the professional program\* at the end of their sophomore year. The Nutrition Science Concentration is recommended for students wishing to pursue professional degrees in the fields of nutrition, medicine, dentistry, research and other health related graduate degrees.

Pre-requisite Courses: two years of the following:

Introductory professional (e.g., Food Science and Nutrition)

Sciences (e.g., General Chemistry, Organic Chemistry, Foundations of Biology, and Physics)

Social sciences (e.g., Sociology and Psychology)

Math (MATH 191 Calculus I)

Andrews Core Experience (ACE)

These courses may be obtained at Andrews University or another accredited college or university, or equivalent institution for international students.

### Professional Program in Nutrition Science & Dietetics (Step 2)

Applying to the Program\*

To transition into the professional program, students need to apply to the director of the Didactic Program in Nutrition Science & Dietetics (DP) at the *end of their sophomore year*. Students must apply to the program in order to register for FDNT 351 Food Service Management, a required course for the major.

Courses

The professional program includes two years of study including courses in:

medical nutrition therapy

food-service management

nutrition and metabolism

community nutrition

These courses are to be obtained on the Andrews University campus.

Application Deadline

For acceptance to the program, applications need to be submitted to the program director by the last Friday in March, September, or November for the following semester.

Acceptance

Full acceptance into the BS Nutrition Science & Dietetics Program requires successful completion of all prerequisite courses and a minimum cumulative GPA of 3.0, and a minimum overall GPA of 2.5 in the sciences and FDNT courses.

Students who are not fully accepted into the program by their senior year will be unable to register for FDNT 441 Medical Nutrition Therapy which is required for the completion of the program.

### Prerequisite Courses - 45

BCHM 421 - Biochemistry I **Credits:** 4

BIOL 165 - Foundations of Biology **Credits:** 4,5

BIOL 166 - Foundations of Biology **Credits:** 4,5

BIOL 260 - General Microbiology **Credits:** 4

CHEM 131 - General Chemistry I **Credits:** 4

CHEM 132 - General Chemistry II **Credits:** 4

CHEM 231 - Organic Chemistry I **Credits:** 3

CHEM 232 - Organic Chemistry II **Credits:** 3

## Additional Information

### Registration Examination Eligibility

Andrews University offers two programs to prepare the student for the registration examination given by the Commission on Dietetic Registration of the Academy of Nutrition and Dietetics (AND).

The DPD program, which meets the academic requirements for registration eligibility.

The Dietetic Internship, a post-baccalaureate program, designed to meet the supervised practice requirements for registration eligibility.

### Dietetic Internship

After completion of the BS course work for the Nutrition Science & Dietetics BS, students are eligible to apply for the an eight-month accredited Dietetic Internship that must be completed by a dietetic student for registration eligibility. A minimum cumulative GPA of 3.0 and DP (Didactic program in Nutrition Science and Dietetics) GPA of 3.2 is recommended for admission into the program.

This supervised practice provides experiences in three main areas of dietetics—community nutrition, clinical nutrition, and food-service management.

The Internship Program is available at several hospitals affiliated with Andrews University. Successful completion of this intensive eight-month supervised practice permits a student to write the national registration exam in dietetics. Students who successfully complete the internship will be issued an Internship Program verification statement.

Upon passing the registry exam, graduates receive formal recognition as Registered Dietitians (RD). This status is maintained by participating in continuing professional education activities approved by AND. With advanced study or experience, the dietitian may qualify as a specialist in clinical dietetics, food service management, nutrition education, or research.

## Student Learning Outcomes

### Domain 1: Scientific and Evidence Base of Practice: integration of scientific information and research into practice

KRDN 1.1: Demonstrate how to locate, interpret, evaluate and use professional literature to make ethical, evidence-based practice decisions.

KRDN 1.2: Select and use current information technologies to locate and apply evidence-based guidelines and protocols.

KRDN 1.3: Apply critical thinking skills.

### Domain 2: Professional Practice Expectations: Beliefs, values, attitudes and behaviors for the professional dietetics practitioner level of practice.

KRDN 2.1: Demonstrate effective and professional oral and written communication and documentation.

KRDN 2.2: Describe the governance of nutrition and dietetics practice, such as the Scope of Practice for the Registered Dietitian Nutritionist and the Code of Ethics for the Profession of Nutrition and Dietetics.

KRDN 2.3: Assess the impact of a public policy position on nutrition and dietetics practice.

KRDN 2.4: Discuss the impact of health care policy and different health care delivery systems on food and nutrition services.

KRDN 2.5: Identify and describe the work of interprofessional teams and the roles of others with whom the registered dietitian nutritionist collaborates.

KRDN 2.6: Demonstrate cultural humility, awareness of personal biases and an understanding of cultural differences as they contribute to diversity, equity an inclusion.

KRDN 2.7: Describe contributing factors to health inequity in nutrition and dietetics including structural bias, social inequities, health disparities and discrimination.

KRDN 2.8: Participate in a nutrition and dietetics professional organization and explain the significant role of the organization.

KRDN 2.9 Defend a position on issues impacting the nutrition and dietetics profession.

### Domain 3: Clinical and Client Services: Development and delivery of information, products and services to individuals, groups and populations

KRDN 3.1: Use the Nutrition Care Process and clinical workflow elements to assess nutritional parameters, diagnose nutrition related problems, determine

appropriate nutrition interventions and develop plans to monitor the effectiveness of these interventions.

KRDN 3.2: Develop an educational session or program/educational strategy for a target population.

KRDN 3.3: Demonstrate counseling and education methods to facilitate behavior change for and enhance wellness for diverse individuals and groups.

KRDN 3.4: Practice routine health screening assessments, including measuring blood pressure and conducting waived point-of-care laboratory testing (such as blood glucose or cholesterol).

KRDN 3.5: Describe concepts of nutritional genomics and how they relate to medical nutrition therapy, health and disease.

KRDN 3.6 Develop nutritionally sound meals, menus and meal plans that promote health and disease management and meet client's/patient's needs.

#### **Domain 4: Practice Management and Use of Resources: strategic application of principles of management and systems in the provision of services to individuals and organizations**

KRDN 4.1: Apply management theories to the development of programs or services.

KRDN 4.2: Evaluate a budget/financial management plan and interpret financial data.

KRDN 4.3: Demonstrate an understanding of the regulation system related to billing and coding, what services are reimbursable by third party payers, and how reimbursement may be obtained.

KRDN 4.4: Apply the principles of human resource management to different situations.

KRDN 4.5: Describe safety principles related to food, personnel and consumers.

KRDN 4.6: Explaining the processes involved in delivering quality food and nutrition services.

KRDN 4.7 Evaluate data to be used in decision-making for continuous quality improvement.

#### **Domain 5: Leadership and Career Management: Skills, strengths, knowledge and experience relevant to leadership potential and professional growth for the nutrition and dietetics practitioner.**

KRDN 5.1 Perform self-assessment that includes awareness in terms of learning and leadership styles and cultural orientation and develop goals for self-improvement.

KRDN 5.2 Identify and articulate one's skills, strengths, knowledge and experiences relevant to the position desired and career goals.

KRDN 5.3 Practice how to self-advocate for opportunities in a variety of settings (such as asking for needed support, presenting and elevator pitch)

KRDN 5.4 Practice resolving differences or dealing with conflict.

KRDN 5.5 Promote team involvement and recognize the skills of each member.

KRDN 5.6 Demonstrate an understanding of the importance and expectations of a professional in mentoring and precepting others.

## **Public Health, Environmental Public Health Concentration BSPH**

Bachelor of Science in Public Health (BSPH) program with Environmental Health concentration is designed for students pursuing a professional degree in the field of Environmental Public Health. This program prepares students for certification as a Registered Environmental Health Specialist (REHS) that qualifies for entry-level positions in the field of environmental health.

The BSPH program in Environmental Health is the first of its kind at the undergraduate level in the Adventist Health School System. It is a rigorous yet flexible science-based applied program that prepares students for careers in public health as well as environmental health fields. This program is recommended for pre-medical, pre-dental students wishing to secure a job while preparing for medical, dental, or physical therapy, physician's assistant and pharmacy schools. This degree provides an excellent foundation for pursuing the online Master of Public Health public (MPH) degree at Andrews University or any MPH degree in general.

Environmental Health is the science and practice of preventing human injury and illness while promoting well-being by a) identifying and evaluating environmental sources and hazardous agents and b) limiting exposures to hazardous physical, chemical, and biological agents in air, water, food and other environmental media or settings that may adversely affect human health.

#### **BSPH Program Mission**

To prepare public health professionals who can plan, manage, evaluate and solve public health problems in the public and private sector. This mission will improve the health and well-being of individuals, communities, and populations, while preparing students to become Christ-centered scholars and global leaders in public health.

#### **Delivery**

Major courses for this program are also available in an interactive online asynchronous format.

#### **Accreditation**

The Bachelor of Science in Public Health at Andrews University is accredited by the Council on Education for Public Health (CEPH), 1010 Wayne Avenue, Suite 220, Silver Spring, MD 20910. [www.ceph.org](http://www.ceph.org)

## **Total Credits - 120**

### **Major - 53-54**

#### **Public Health Core - 33**

FDNT 230 - Nutrition **Credits: 3**

FDNT 498 - Research Methods **Credits: 3**

PBHL 105 - Intro to Public Health **Credits: 3**

PBHL 308 - Environmental Health **Credits: 3**

PBHL 311 - Biostatistics **Credits: 3**

PBHL 315 - Environmental Toxicology **Credits: 3**

PBHL 321 - Epidemiology **Credits: 3**

PBHL 335 - Health Services Administration **Credits: 3**

PBHL 345 - Health Behavior & Chronic Diseases **Credits: 3**

4 credits of PBHL 475 - Experiential Activities **Credits: 2** (Register for two semesters)

2 Credits of PBHL 480 - Seminar in Current Environmental Health Topics **Credits: 1,2**

#### **Concentration - 20-21**

3 Credits of AGRI 345 - Topics in \_\_\_\_\_ **Credits: 1-4** (Environmental Leadership & Sustainability) \*

1 credit of ENGR 475 - Topics in **Credits: 1-4** (Energy & Environment) \*\*

PBHL 320 - Water & Air Quality **Credits: 3**

PBHL 425 - Environmental Risk & Policy **Credits: 3**

PBHL 445 - Environmental Sampling and Analysis **Credits: 4**

#### **Choose two of the following courses:**

3 Credits of PBHL 415 - Bio-terrorism and Preparedness **Credits: 3**

ARCH 336 - Environmental Technology II **Credits: 4**

FDNT 124 - Food Science **Credits: 3**

FDNT 310 - Nutrition in the Life Cycle **Credits: 3**

PSYC 366 - Drugs and Behavior **Credits: 3**

PSYC 471 - Behavior Modification **Credits: 3**

RELT 348 - Christians and the Environment **Credits: 3**

\*May be substituted with HORT 365 Urban Landscape Design or HORT 150 iGrow or any health promotion classes including Fitness courses as suggested by the advisor.

\*\* May be substituted with ARCH 336 - Environmental Technology I or any health promotion classes including Fitness courses as suggested by the advisor.

#### **Additional Requirements**

Graduation is dependent upon the completion of all curriculum requirements for the professional BSPH degree with the maintenance of at least a minimum overall GPA of 2.85 in major and a minimum overall GPA of 2.75. At least 124 semester hours are recommended for graduation.

Students are expected to complete a professional development portfolio during the BSPH program outlining their goals and accomplishments, including experiential activities conducted at both public and private public health agencies and organizations.

#### **Experiential Activity**

All students are required to complete a cumulative, integrative and scholarly (or applied) experience that serves as a capstone to the educational experience. This can also be an inquiry project. These experiences may include, but are not limited to, internships, service learning projects, senior seminars, portfolio projects, research papers or honors thesis. Exposure to local-level public health professionals and/or agencies that engage in public health practice is encouraged.

### **Public Health Cognates - 21**

5 credits of BIOL 165 - Foundations of Biology **Credits: 4,5 \***

5 credits of BIOL 166 - Foundations of Biology **Credits: 4,5 \*\***

CHEM 131 - General Chemistry I **Credits: 4 \*\*\***

PBHL 231 - Public Health Microbiology **Credits: 3**

PBHL 232 - Public Health Microbiology Lab **Credits:** 1

PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits:** 3

\*May be substituted with BIOL 221 Anatomy & Physiology 1

\*\* May be substituted with BIOL 222 Anatomy & Physiology II

\*\*\* May be substituted with CHEM 100 Consumer Chemistry

## Premed Track Cognates - 34

Premed track students should take the premed track cognates in place of Public Health Cognates.

5 Credits of BIOL 165 - Foundations of Biology **Credits:** 4,5

5 Credits of BIOL 166 - Foundations of Biology **Credits:** 4,5

CHEM 131 - General Chemistry I **Credits:** 4

CHEM 132 - General Chemistry II **Credits:** 4

PHYS 142 - General Physics II **Credits:** 4

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admission Requirements

Prospective students enter the **Pre-Public Health (Pre-BSPH)** program upon acceptance to Andrews University. Students *must apply* to the BSPH program at the end of their sophomore year and have completed at least 12 credits of Public Health courses.

## Additional Information

### REHS Credential

A **Professional Credential from National Environmental Health Association (NEHA)** Students in the BSPH program in environmental health are eligible to take the Registered Environmental Health Specialist certification exam. The REHS is the most prevalent NEHA credential and professionals demonstrate competency in an impressive range of environmental health issues, directing and training personnel to respond to routine or emergency environmental situations, as well as educating community members about environmental health concerns. In addition, REHS credential holders are key members in ensuring that communities are in compliance with local, state and federal environmental health regulations. For additional information visit the site below.

- <http://www.neha.org/professional-development/credentials/rehsrs-credential>

## Public Health, Social and Behavioral Sciences Concentration BSPH

Bachelor of Science in Public Health (BSPH) program with Social and Behavioral Sciences concentration is designed for students pursuing a professional degree in the field of Public Health. This program prepares students for public health careers that focus on lifestyles and behaviors in the context of the socio-economic and cultural aspects of individuals.

Our constant interactions with our surroundings require an understanding of the complex relationships between social systems and health in order to improve the health of the public and prevent disease. A holistic approach to medical care is needed to address the conditions in the social system that contribute to illness. Thus, an understanding of the organization and motivation behind social forces and individual lifestyles can be used to improve the lives of individuals and the society as a whole.

The focus of the BS in Public Health program with Social and Behavioral Sciences concentration is to train students as public health professionals who can pursue careers such as Preventive Care, Doctor of Osteopathic Medicine, other health

professions, Research, Policy, Health Promotion, Social Justice and Integrative Health. Careers may also be pursued in business, politics and government, counseling, psychology and mental health, education and even law. The concentration addresses individual lifestyle factors, social and community networks and general socioeconomic, cultural and environmental conditions that impact the health of the public.

### BSPH Program Mission:

To prepare public health professionals who can plan, manage, evaluate and solve public health problems in the public and private sector. This mission will improve the health and well-being of individuals, communities, and populations, while preparing students to become Christ-centered scholars and global leaders in public health.

### Accreditation:

2 Credits of NRS 466 - Complementary Wellness and Restoration II **Credits: 2,3**

### Choose one of the following courses:

FTES 214 - Weight Training & Conditioning **Credits: 3**

### Additional Requirements

A student needs to maintain a cumulative GPA of 2.50 or greater in all credits used to meet the BHS degree requirements.

Students are expected to complete a portfolio during the BHS Wellness program outlining their goals and accomplishments, including required hours of professional experience (based on class standing & previous experience). Successful completion of the portfolio is required for graduation.

The School of Population Health, Nutrition & Wellness offers the option for certification from the American Council on Exercise (ACE) in the following areas: Certified Personal Trainer, Group Fitness Instructor, Lifestyle & Weight Management Consultant, and Advanced Health & Fitness Specialist. The exams for these certifications will be held on-campus. This degree requires BHS Wellness/Fitness students to take the American Council on Exercise (ACE) Health

Coach Certification. This certification exam will serve as the exit examination for BHS Wellness/Fitness students.

## Cognates - 12+

PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits: 3 \***  
PSYC 101 - Introduction to Psychology **Credits: 3 \***

### Choose one of the following courses:

BIOL 260 - General Microbiology **Credits: 4**  
MLSC 230 - Fundamentals of Clinical Microbiology **Credits: 3**  
SPPA 280 - Anatomy and Physiology of Speech and Hearing **Credits: 4**  
Both PHYS 141 - General Physics I **Credits: 4** and PHYS 142 PHYS 142 - General Physics II **Credits: 4**

### Choose one of the following sets:

BIOL 221 - Anatomy and Physiology I **Credits: 4**  
BIOL 222 - Anatomy and Physiology II **Credits: 4**  
or  
BIOL 165 - Foundations of Biology **Credits: 4,5**  
BIOL 166 - Foundations of Biology **Credits: 4,5**  
or  
BIOL 165 - Foundations of Biology **Credits: 4,5**  
BIOL 221 - Anatomy and Physiology I **Credits: 4**  
or  
BIOL 100 - Human Biology **Credits: 4**  
or  
BIOL 221 - Anatomy and Physiology I **Credits: 4**

### Choose from the following sets:

CHEM 110 - Introduction to Inorganic Chemistry **Credits: 4**  
BCHM 120 - Introduction to Organic and Biological Chemistry **Credits: 4**  
or  
CHEM 131 - General Chemistry I **Credits: 4**  
BCHM 120 - Introduction to Organic and Biological Chemistry **Credits: 4**  
or  
PHYS 225 - Sound and Waves **Credits: 4**

\*Course fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Off-Campus Locations

This program is also offered at approved off-campus locations.

## Student Learning Outcomes

**Domain I: Systems Aspects:** focuses on the inter-relationship between elements within a system at the body, organization, community, or global level.

1.1: Apply relevant theories and models to explain the integrated role of physical, social, intellectual, emotional, occupational, and spiritual aspects in the human pursuit and experience of wellness throughout the lifespan.

1.2: Establish collaborative relationships within and across key stakeholders and interdisciplinary teams to promote sustainable health and wellness practices that meet long-term personal, organizational, and/or community goals.

**Domain II: Methodological Aspects:** focuses on the technical aspects of promoting wellness such as building relationships, implementing evidence-based strategies, and providing education.

2.1: Utilize appropriate techniques, such as strengths-based, humanistic, and cognitive-behavioral, to encourage active client participation in their wellness journey.

2.2: Adopt person-centered communication practices with clients, recognizing the influence of personal and cultural values and beliefs in the communicative process and taking into consideration factors such as age, socioeconomic status, spiritual beliefs, and health literacy.

2.3: Provide evidence-based information appropriate to developmental level, health literacy level, learning needs, learning readiness, and cultural values and beliefs to educate clients and the public about health promotion and wellness

2.4: Prescribe and implement health programs for healthy, special populations.

**Domain III: Professional Aspects:** focuses on standards that maintain professionalism within the wellness profession.

- 3.1: Practice in accordance with the limits of scope of practice and code of conduct
- 3.2: Demonstrate commitment to self-care by modeling healthy lifestyle practices in multiple dimensions of wellness

**Domain IV: PROJECT MANAGEMENT Aspects: focuses on logistics such as designing programs, marketing, evaluation, and other components needed to complete and deliver a wellness program.**

- 4.1 Develop and execute a marketing plan to promote programs, services or facilities.
- 4.2 Demonstrate leadership and interpersonal skills
- 4.3: Utilize participatory and strengths-based processes to design programs.

## Undergraduate Minors

### Fitness Education Minor

This minor will provide the opportunity to gain the theoretical and practical knowledge and experience to obtain certification as a personal trainer.

#### Total Credits - 20

- BIOL 221 - Anatomy and Physiology I **Credits: 4**
- BIOL 222 - Anatomy and Physiology II **Credits: 4**
- FDNT 230 - Nutrition **Credits: 3**
- FTES 224 - Introduction to Weight Training & Conditioning **Credits: 3**
- FTES 305 - Current Concepts and Applications in Physical Fitness **Credits: 3**
- FTES 355 - Methods of Fitness Instruction **Credits: 3**

### Certification

#### American College of Sports Medicine (ACSM)

Students taking the Minor in Fitness Education have the option of sitting for the Certified Personal Trainer (CPT) or Group Fitness Instructor Certification (GFI) that is offered through the American College of Sports Medicine (ACSM) or American Council on Exercise (ACE). If student seeks to take an ACE or ACSM National Fitness Certification Exam, it is recommended they also take FTES 465 prior to the exam.

### Student Learning Outcomes

#### Domain I: Health and Fitness Assessment

- 1.1: Conduct assessments of cardiovascular, muscular strength, muscular endurance, flexibility, anthropometrics and body composition.
- 1.2: Implement assessment protocols and determine participant's readiness to take part in a fitness assessment.

#### Domain II: Exercise Prescription and Implementation

- 2.1: Determine safe and effective exercise programs for healthy populations.

#### Domain III: Exercise Counseling and Behavioral Strategies

- 3.3: Provide support within the scope of practice of a Health Fitness Specialist and refer to other health professionals as indicated.

### Health Minor

This minor will provide students with the opportunity to gain insight into the health field. Depending on the electives chosen, students can learn deeper about the fields of nutrition, fitness or wellness.

**Delivery:** This minor is only available to students at Hong Kong Adventist College.

#### Total Credits - 20

- FTES 214 - Weight Training & Conditioning **Credits: 3**
- FDNT 230 - Nutrition **Credits: 3**
- FDNT 240 - Nutrition Laboratory **Credits: 1**
- HLED 120 - Fit for Life **Credits: 1**
- HLED 210 - Philosophy of Health **Credits: 3**
- HLED 445 - Consumer Health **Credits: 2**

#### Electives

9 credits selected from HLED, FDNT, FTES or other health-related courses approved by the program director.

### Certification

American Council on Exercise (ACE) students taking the Minor in Health have the option of sitting for the Health Coach Certification this is offered through the American Council on Exercise (ACE).

### Student Learning Outcomes

**Domain II: Methodological Aspects: focuses on the technical aspects of promoting wellness such as building relationships, implementing evidence-based strategies, and providing education**

- 2.3: Provide evidence-based information appropriate to developmental level, health literacy level, learning needs, learning readiness, and cultural values and beliefs to educate clients and the public about health promotion and wellness.

**Domain III: Professional Aspects: focuses on standards that maintain professionalism within the wellness profession**

- 3.1: Practice in accordance with the limits of scope of practice and code of conduct.

### Nutrition and Wellness Minor

This minor is for students who want to learn more about the field of nutrition and dietetics. The curriculum provides students with a variety of courses that are part of our accredited program in Nutrition Science and Dietetics.

#### Total Credits - 18-19

- FDNT 124 - Food Science **Credits: 3**
- FDNT 230 - Nutrition **Credits: 3**
- FDNT 310 - Nutrition in the Life Cycle **Credits: 3**
- FDNT 448 - Nutrition and Wellness **Credits: 3**
- FDNT 460 - Seminar in Nutrition, Wellness and Ellen White's Writings **Credits: 1**

**Electives:** 5-6 credits selected from the School of Population Health, Nutrition and Wellness approved by the director of the Dietetics program.

- FDNT 351 - Food Service Management I **Credits: 3**
- FDNT 422 - Community Nutrition II **Credits: 2**
- FDNT 485 - Nutrition and Metabolism **Credits: 3**
- FTES 325 - Sports Nutrition **Credits: 3**
- HLED 445 - Consumer Health **Credits: 2**
- PBHL 105 - Intro to Public Health **Credits: 3**

### Student Learning Outcomes

**Domain 1: Scientific and Evidence Base of Practice: integration of scientific information and research into practice**

- KRDN 1.1: Demonstrate how to locate, interpret, evaluate and use professional literature to make ethical, evidence-based practice decisions.
- KRDN 1.3: Apply critical thinking skills.

**Domain 2: Professional Practice Expectations: beliefs, values, attitudes and behaviors for the professional dietitian level of practice**

- KRDN 2.1: Demonstrate effective and professional oral and written communication and documentation.

### Public Health Minor

A minor in Public Health enables students to acquire public health knowledge that complements their career paths. The minor is designed for students going into careers other than public health who can benefit from public health knowledge in the delivery of their services. Public health prepares professionals who can plan, manage, evaluate and solve public health problems in the public and private sector. The field also focuses on lifestyles and behaviors in the context of socio-economic and cultural health aspects of individuals and communities. Environmental health, a branch of public health promotes well-being while limiting exposures to hazardous physical, chemical, and biological agents in air, water food and other environmental media that may adversely affect human health. The mission of public health is to improve the health and well-being of individuals, communities, and populations while preparing students to become Christ centered scholars and global leaders in public health.

#### Total Credits - 18

- PBHL 105 - Intro to Public Health **Credits: 3**

PBHL 311 - Biostatistics **Credits: 3**  
PBHL 321 - Epidemiology **Credits: 3**

### Electives

Students may select any 3 courses from the following:

FDNT 310 - Nutrition in the Life Cycle **Credits: 3**  
PBHL 308 - Environmental Health **Credits: 3**  
PBHL 315 - Environmental Toxicology **Credits: 3**  
PBHL 335 - Health Services Administration **Credits: 3**  
PBHL 345 - Health Behavior & Chronic Diseases **Credits: 3**  
PSYC 319 - Stress Management **Credits: 3**

## Masters

### Healthcare Administration MHA

The School of Population Health, Nutrition & Wellness offers a Master of Healthcare Administration program that prepares healthcare professionals to fulfil the demands of the ever-changing healthcare system and to become managers, administrators, and leaders in various private and government healthcare settings who are devoted to improving health services delivery in the United States and throughout the world. Individuals eligible to enroll in the program are:

- those with at least a bachelor's degree in a health field who are interested in broadening their knowledge and skills for a successful administrative and management careers in the health sector, whether it be hospitals, physicians' offices, long term care institutions such as nursing home, assisted living facilities, and community health centers
- those who hold a bachelor's in another field, but demonstrate a desire to move to the healthcare administration field
- other health professionals such as physicians, nurses, dentists, radiologists, physical therapists, and other related health fields who desire to develop additional skills and knowledge in management and administration, healthcare laws and regulations, and accounting to advance their healthcare career

A total of 42 course credits is required for this degree (including transferred credits), plus 2-5 credits of practicum. This is a two-year online (distance) program based on full-time enrollment. However, part-time enrollment is also permitted, allowing up to a maximum of six years to complete it. Healthcare professionals who have 5 years of active work experience in healthcare management and administration can get up to 12 credits waived for them.

The curriculum includes a Healthcare Administration Practicum and a Capstone Project that integrates the core healthcare management competencies toward a comprehensive strategic plan that incorporates all the elements of a business plan designed specifically for a health care organization.

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions). The interactive online degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

#### Dual Degree Option:

The Healthcare Administration MHA is also available with the following dual degree option:

- Divinity/Healthcare Administration Dual Degree MDiv/MHA

### Total Credits - 42+

#### Foundation Courses - 4

HCAD 500 - Introduction to Public Health **Credits: 3**  
HCAD 535 - Epidemiology for Healthcare Administrators **Credits: 2**

#### Major Courses - 32

HCAD 510 - Healthcare Delivery Systems **Credits: 2**  
HCAD 520 - Accounting Fundamentals in Health-Care Management **Credits: 3**  
HCAD 540 - Quantitative Methods in Healthcare Management **Credits: 2**  
HCAD 550 - Healthcare Quality Management **Credits: 1**  
HCAD 555 - Strategic Planning **Credits: 2**  
HCAD 615 - Organizational Leadership in Health Care Systems **Credits: 2**

HCAD 620 - Information Systems and Patient Care Technology for Health Care **Credits: 2**

HCAD 625 - Healthcare Economics & Policy **Credits: 2**  
HCAD 630 - Healthcare Marketing **Credits: 2**  
HCAD 640 - Healthcare Law and Ethics **Credits: 2**  
HCAD 650 - Healthcare Administration Capstone **Credits: 2**  
HCAD 655 - Reimbursement Systems **Credits: 3**  
HCAD 660 - Managing Human Resources in Healthcare Organizations **Credits: 3**  
3 credits of PBHL 535 - Principles of Health Administration **Credits: 2,3**

#### Electives - 2

Choose one of the following courses:

HCAD 530 - Medical Terminology for Healthcare Managers **Credits: 2**  
PBHL 543 - Introduction to Geographic Information Systems (GIS) **Credits: 1,2**

#### Religion - 2

HCAD 646 - Integration of Spirituality in Health Care **Credits: 2** (MHA/MDiv Dual Degree students must replace this course with DSLE 541 Foundations of Biblical Spirituality)

#### Practical Experience - 2-5

HCAD 670 - Healthcare Administration Practicum **Credits: 2-5** (MHA/MDiv Dual Degree students may reduce this requirement by taking 3 credits of PATH 557 - Practicum in Clinical Pastoral Education)

### Additional Requirements

#### Practicum Requirements

- Students will complete 700 hours of practicum.
- Students who already have a clinical degree or those with relevant experience in healthcare management may require only between 400 and 500 hours of practicum. Each situation will be considered individually.
- Full time students without a clinical degree or healthcare management experience will complete 400 hours of practicum in the first semester and 300 hours in the second semester during the second year.
- Part time students are expected to complete between 100 and 150 hours per semester.
- Students cannot begin practicum until all 500-level courses are completed.
- Any students who are currently working in a healthcare setting and have at least five years' experience in healthcare management may be eligible to replace their practicum hours with a project at their workplace.

### Admission Requirements

Program applicants will need to have at least a Bachelor's degree and satisfy one of the criteria below as described in the Graduate Enrollment and Admissions policy:

- Have an overall GPA of at least 2.60 in undergraduate courses.
- Have a GPA of at least 2.75 on the last 50% of undergraduate courses.
- Have a graduate GPA of at least 3.00 on 8 semester credits or more earned in courses graded A-F.
- Hold a previous master's degree.

### Student Learning Outcomes

Graduates of the program will:

- Understand the U.S. healthcare system and that of some other selected countries.
- Apply legal and government regulations and ethical principles that impact healthcare organizations.
- Utilize fiscal and economic principles needed for growth in healthcare organizations.
- Determine practices required to support, develop, and motivate a diverse healthcare workforce.
- Manage human resources and deliver valuable answers to health services issues.
- Create, implement, and influence health policies that will improve the services provided to patients and health outcomes.
- Develop advanced information systems skills pertinent to the healthcare environment.
- Understand major public health issues and policies.

# Nutrition & Wellness MS

The Nutrition and Wellness Master of Science is designed for students pursuing a career in Nutrition and Dietetics with the goal to become a Registered Dietitian (RD) or a Registered Dietitian Nutritionist (RDN) as credentialed by the Commission on Dietetic Registration (CDR). This program has a unique emphasis on Vegetarian Nutrition.

The Nutrition and Wellness MS provides students with the Dietetic Internship along with a Master's degree so that they are ready for the 2024 CDR requirements to become an RD/RDN. Students must have completed their bachelor's degree from an accredited program in Nutrition & Dietetics and have a verification statement prior to the start of the program or be in their senior year completing a Didactic Program in Dietetics (DPD). Students must apply to the Dietetic Internship through DICAS and be accepted to the internship prior to start of the program or have completed an ACEND accredited dietetic internship.

**Incoming Freshman & Guaranteed Admission to Dietetic Internship (DI):** Incoming freshman can obtain guaranteed admission to the DI by meeting the following criteria: students **must** maintain a 3.3 GPA throughout their four year undergraduate DPD degree *and* have acceptable annual interviews with both DPD and DI Directors.

## Master (MS) Degree Track Options:

Regular Track: 6 semesters\*

Accelerated Track: 4 semesters\*\*

- Students may be able to complete the MS degree in 4 semesters, to accelerate program completion. This must be discussed and approved by the student's advisor prior to the start of the internship.
- Senior level students with a 3.3 GPA or higher (completing the DPD program) may be able to take up to 6 graduate credits in their senior year with permission from their advisor.

## Timeline for Completion:

\*Regular Track: Total time to complete graduate degree = 2 years (24 months)

\*\*Accelerated Track: Total time to complete graduate degree = 1.25 years (15 months)

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions). The interactive online degree does not require any on-campus time.

## Total Credits - 30

FDNT 520 - Vegetarian Nutrition and Disease Prevention **Credits:** 3

FDNT 560 - Health Research Methods **Credits:** 3

FDNT 565 - Current Issues in Nutrition and Wellness **Credits:** 3

FDNT 595 - Dietetic Internship I **Credits:** 6

**NOTE:** Students who submit RDN documentation may fulfill the requirement FDNT 595 - Dietetic Internship I (6 credits) through credit for prior learning, and may replace FDNT 596 - Dietetic Internship II with six elective credits, in consultation with their academic advisor.

FDNT 596 - Dietetic Internship II **Credits:** 6

FDNT 670 - Comprehensive Exam **Credits:** 0

2 credits of FDNT 680 - Research Seminar **Credits:** 2

FTES 510 - Fitness and Health Promotion **Credits:** 2

PBHL 511 - Biostatistics **Credits:** 3

PBHL 646 - Integration of Spirituality in Health Care **Credits:** 2

## Additional Requirements

After completion of the BS course work for the Nutrition Science & Dietetics BS, students are eligible to apply for the eight month accredited Dietetic Internship that must be completed by a dietetic student for registration eligibility. A minimum cumulative GPA of 3.0 and DP (Didactic program in Nutrition Science and Dietetics) GPA of 3.2 is recommended for admission into the program.

This supervised practice provides experiences in three main areas of dietetics—community nutrition, clinical nutrition, and food-service management. The Dietetic Internship is available at several hospitals affiliated with Andrews University. Successful completion of this intensive eight-month supervised practice and

completion of a Master's Degree permits a student to take the registration exam in dietetics.

In the year 2024 students will be required to have a Master's degree prior to sitting for the national board exam required for RD registration (RD exam). The Masters in Science in Nutrition & Wellness will allow students to continue study in the area of nutrition in preparation to become an RD or RDN. A grade of B or higher in each semester of the internship is required for students to graduate from the MS Nutrition and Wellness.

After successfully completing both the MS Nutrition and Wellness Degree and a Dietetic Internship, students will receive an ACEND® Dietetic Internship Verification statement and will be eligible to take the RDN exam.

Upon passing the registration exam, graduates receive formal recognition as a Registered Dietitian Nutritionist (RD). This status is maintained by participating in continuing professional education activities approved by the Commission on Dietetic Registration. With advanced study or experience, the dietitian may qualify as a specialist in clinical dietetics, food service management, nutrition education, or research.

## Admission Requirements

Applicants must hold a baccalaureate degree from a Nutrition and Dietetics program that is accredited in the United States by the Accreditation Council in Education for Nutrition and Dietetics (ACEND), be in the process of completing such a degree and in their senior year, or be a Registered Dietitian Nutritionist (RDN) as credentialed by the Commission on Dietetic Registration (CDR). Students must have an overall GPA of 3.0 or higher for admission into the program.

## Student Learning Outcomes

Graduates of this program will:

- Enhance their knowledge base on the protective role of plant-based diet for chronic diseases of affluent societies.
- Design and/or deliver an evidence-based, theory-based, plant-based dietary lifestyle intervention to prevent a specific chronic disease among a target group of an affluent society (group project).
- Enhance proficiency in using vegetarian diets to prevent common chronic diseases of affluent countries.
- Select quantitative and qualitative data collection methods appropriate for a given public health context.
- Identify health research questions and specific research objectives.
- Plan, develop, implement and evaluate a health and wellness education initiative/program to inform, educate, and motivate people about health.
- Apply descriptive and inferential methodologies according to the type of study design for answering a particular research question.

## Public Health, Health Promotion and Health Education Concentration, MPH

The MPH program, Health Promotion and Health Education concentration, prepares students to function as public health educators and health promotion specialists to promote preventive health measures and educate people about conditions that affect their health. They are trained to assess needs, plan, implement, and evaluate health education programs in the community. Graduates can work in health departments, government, non-governmental organizations, school institutions, and healthcare facilities in the United States and throughout the world. This program can be completed in 16 months for full-time students.

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions) and face-to-face format. The interactive online degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

## Total Credits - 45

### Public Health Core - 28

PBHL 500 - Introduction to Public Health **Credits:** 2

PBHL 510 - Biostatistics SPSS Lab **Credits:** 1  
 PBHL 511 - Biostatistics **Credits:** 3  
 PBHL 521 - Principles of Epidemiology **Credits:** 2,3  
 PBHL 525 - Principles of Environmental Health **Credits:** 3  
 PBHL 531 - Principles of Health Behavior **Credits:** 3  
 PBHL 535 - Principles of Health Administration **Credits:** 2,3  
 PBHL 540 - Grant Writing **Credits:** 2  
 PBHL 545 - Program Planning and Evaluation **Credits:** 2,3  
 PBHL 560 - Qualitative Research in Health Promotion **Credits:** 2  
 PBHL 565 - Quantitative Research Methods **Credits:** 3

Spiritual - 2

PBHL 646 - Integration of Spirituality in Health Care **Credits:** 2

### Electives - 3

Choose 3 elective credits from the following courses:

FDNT 520 - Vegetarian Nutrition and Disease Prevention **Credits:** 3  
 FDNT 553 - Phytotherapy and Pharmacology of Herbs and Spices **Credits:** 2  
 FDNT 565 - Current Issues in Nutrition and Wellness **Credits:** 3  
 FTES 510 - Fitness and Health Promotion **Credits:** 2  
 PBHL 570 - SAS Programming I **Credits:** 2

### Concentration - 12

PBHL 530 - Health Disparities **Credits:** 3  
 PBHL 544 - Community Needs Assessment **Credits:** 3  
 PBHL 554 - Foundation and Techniques of Health Promotion **Credits:** 3  
 PBHL 556 - Principles of Curriculum & Instruction in Health Education **Credits:** 3

## Admission Requirements

- A Bachelor's degree or equivalent, and meet one of the following: a minimum 2.60 overall undergraduate GPA, a 2.75 GPA in your final undergraduate courses, a 3.00 graduate GPA on at least 8 semester credits, or already hold a master's degree.
- Professional resume
- Two letters of recommendation from professionals such as advisors, major professors, and employers
- Statement of purpose
- Minimum TOEFL score of 80 or 6.5 on the IELTS English Proficiency if language of education was not English

## Student Learning Outcomes

Graduates of this program will be able to:

- Evaluate health promotion/education programs
- Design a system-level intervention to address a public health issue
- Write grant proposals related to health promotion and health education
- Deliver disease prevention training that promotes learning in a variety of contexts
- Demonstrate comprehensive knowledge of current health issues to work as competent health educators
- Develop strategies to promote inclusion and equity within public health programs, policies, and systems

## Public Health, Nutrition and Wellness Concentration MPH

The mission of the Master of Public Health (MPH) Program is to prepare highly competent public health professionals to prevent disease and restore health in local, national and global communities. This mission is accomplished through excellence in graduate teaching, and through public health research to develop or implement evidence-based lifestyle solutions to improve health while addressing public health problems from a holistic perspective. We offer a distinctive program with a concentration in Nutrition & Wellness providing a unique emphasis in vegetarian nutrition. See the School of Population Health, Nutrition & Wellness Website for the statement of value and goals of the program.

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions) and face-to-face format. The interactive online

degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

### MPH Dual Degree Option:

The MPH is also available with the following dual degree option:

- Public Health, Nutrition and Wellness Concentration/Divinity Dual Degree MPH/MDiv
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

## Total Credits - 43

### Public Health Foundations - 22

PBHL 500 - Introduction to Public Health **Credits:** 2  
 PBHL 510 - Biostatistics SPSS Lab **Credits:** 1  
 PBHL 511 - Biostatistics **Credits:** 3  
 PBHL 521 - Principles of Epidemiology **Credits:** 2,3  
 PBHL 525 - Principles of Environmental Health **Credits:** 3  
 PBHL 531 - Principles of Health Behavior **Credits:** 3 (MPH/MSW dual degree students, replace this course with SOWK 531 - Human Behavior and the Social Environment I and SOWK 532 - Human Behavior and the Social Environment II)  
 3 credits of PBHL 535 - Principles of Health Administration **Credits:** 2,3  
 2 credits of PBHL 575 - Integrated Learning Experience **Credits:** 1,2  
 PBHL 580 - Applied Practice Experience **Credits:** 2

### Electives - 2

Choose one of the following courses (**Note:** MPH/MSW dual degree students replace this choice with SOWK 630 - Policy for Social Change):

FDNT 553 - Phytotherapy and Pharmacology of Herbs and Spices **Credits:** 2  
 2 credits of PBHL 543 - Introduction to Geographic Information Systems (GIS) **Credits:** 1,2

### Spiritual - 2

PBHL 646 - Integration of Spirituality in Health Care **Credits:** 2

### Concentration

Complete the following concentration:

#### Nutrition & Wellness Concentration - 17

FDNT 520 - Vegetarian Nutrition and Disease Prevention **Credits:** 3  
 FDNT 560 - Health Research Methods **Credits:** 3  
 FDNT 565 - Current Issues in Nutrition and Wellness **Credits:** 3  
 FDNT 680 - Research Seminar **Credits:** 1  
 FTES 510 - Fitness and Health Promotion **Credits:** 2  
 PBHL 540 - Grant Writing **Credits:** 2  
 3 credits of PBHL 545 - Program Planning and Evaluation **Credits:** 2,3  
 (MPH/MSW dual degree students replace this course with SOWK 660 - Advanced Practice Evaluation)

## Additional Requirements

Student is required to demonstrate ability to integrate specific areas of Administration, Epidemiology, Statistics, Environmental Health, Health Behavior, Program Planning and Evaluation, and Nutrition during culminating activities.

Culminating activities include Applied Practice Experience, professional portfolio, and an exit survey at the conclusion of program.

## Certification

The curriculum for the MPH is designed to help prepare students to take the Certified Health Education Specialist Exam (CHES) administered by the National Commission for Health Education Credentialing (NCHEC).

Students will be expected to meet the Seven Areas of Responsibility of a Health Education Specialist.

- Assessing individual and community needs for health education.
- Planning effective health education programs.
- Implementing health education programs.
- Evaluating effectiveness of health education programs.

- Coordinating provision for health education services.

## Admission Requirements

To be eligible for admission to the MPH program, you must have completed a bachelor's degree or equivalent with a grade point average (GPA) of 3.0 or better (on a 4.0 scale). A limited number of students whose background and experience show potential for success but whose GPAs are less than 3.0 may be admitted on a provisional basis. A candidate who has a bachelor's degree but without the prerequisites below may also be admitted on a provisional basis.

For details on applying to the program and admission requirements, go to the School of Graduate Studies website.

### Prerequisites

The candidate is required to have completed the courses listed below at the undergraduate level:

- Biology, Physiology, or Anatomy and Physiology
- Two courses in nutrition:
  - One introductory nutrition course similar to FDNT 230 - Nutrition or equivalent
  - One intermediate level nutrition course similar to FDNT 310 - Nutrition in the Life Cycle or equivalent

## Masters Dual Degrees

## Healthcare Administration/Divinity

### Dual Degree MHA/MDiv

Click here to see the requirements for the Healthcare Administration/Divinity Dual Degree MHA/MDiv program

## Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

The School of Population Health, Nutrition and Wellness in the College of Health and Human Services and the School of Social Work in the College of Arts & Sciences are offering a dual degree combining the Master of Public Health and the Master of Social Work. The goal is to prepare individuals for leadership roles in the field of public health where clinical skills learned in the field of social work strengthen their ability to serve the needs of the community. The objectives of this program are for students to learn from highly competent public health professionals in order to prevent disease and restore health in the local, national, and global communities through the MPH program. In the MSW program, they will learn theories and practice skills related to counseling approaches, person-in-environment, social and economic justice, human rights, and global perspectives from a Christian worldview. This will better equip graduates to meet the needs of the community at multiple levels. Graduates will be equipped to address the mental and physical health problems of individuals, families, groups, and communities through treatment and prevention. In addition, this will enrich their learning experience, expand their employment opportunities, and better equip them for the job market where a wide knowledge base is preferred. The program is designed to give students both master's degrees within four years.

### Total Credits: 76

To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of courses.

Specifically, the School of Social Work will reduce the required number of credits from 56 to 42 by allowing students to replace several MSW courses with MPH courses. The following course substitutions will be made:

- FDNT 560 - Health Research Methods (3 credits) will replace SOWK 561 - Social Work Research I (2 credits)

- PBHL 575 - Integrated Learning Experience (1 credit) and PBHL 580 - Applied Practice Experience (3 credits) will replace SOWK 562 - Social Work Research II (2 credits)

- MSW electives (10 credits) will be fulfilled by taking PBHL 521 - Principles of Epidemiology (3 credits), PBHL 525 - Principles of Environmental Health (3 credits), PBHL 535 - Principles of Health Administration (3 credits), and PBHL 540 - Grant Writing (2 credits)

- SOWK 635 - Advanced Field Experience (5 credits) will take place at a county public health department

The MPH will reduce the required number of credits from 42 to 34 by replacing three MPH courses with MSW courses. The following course substitutions will be made:

- SOWK 531 - Human Behavior and the Social Environment I and SOWK 532 - Human Behavior and the Social Environment II (4 credits) will replace PBHL 531 - Principles of Health Behavior (3 credits)

- SOWK 660 - Advanced Practice Evaluation (3 credits) will replace PBHL 545 - Program Planning and Evaluation (3 credits)

- SOWK 630 - Policy for Social Change (3 credits) will replace the choice of FDNT 553 - Phytotherapy and Pharmacology of Herbs and Spices or PBHL 543 - Introduction to Geographic Information Systems (GIS) (2 credits)

## Program Information

Information for the two programs (Public Health, Nutrition and Wellness Concentration MPH and Social Work MSW) follows:

### Public Health, Nutrition and Wellness

#### Concentration MPH

The mission of the Master of Public Health (MPH) Program is to prepare highly competent public health professionals to prevent disease and restore health in local, national and global communities. This mission is accomplished through excellence in graduate teaching, and through public health research to develop or implement evidence-based lifestyle solutions to improve health while addressing public health problems from a holistic perspective. We offer a distinctive program with a concentration in Nutrition & Wellness providing a unique emphasis in vegetarian nutrition. See the School of Population Health, Nutrition & Wellness Website for the statement of value and goals of the program.

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions) and face-to-face format. The interactive online degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

#### MPH Dual Degree Option:

The MPH is also available with the following dual degree option:

- Public Health, Nutrition and Wellness Concentration/Divinity Dual Degree MPH/MDiv
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

#### Total Credits - 43

#### Public Health Foundations - 22

PBHL 500 - Introduction to Public Health **Credits: 2**

PBHL 510 - Biostatistics SPSS Lab **Credits: 1**

PBHL 511 - Biostatistics **Credits: 3**

PBHL 521 - Principles of Epidemiology **Credits: 2,3**

PBHL 525 - Principles of Environmental Health **Credits: 3**

PBHL 531 - Principles of Health Behavior **Credits: 3** (MPH/MSW dual degree students, replace this course with SOWK 531 - Human Behavior and the Social Environment I and SOWK 532 - Human Behavior and the Social Environment II)

3 credits of PBHL 535 - Principles of Health Administration **Credits: 2,3**

2 credits of PBHL 575 - Integrated Learning Experience **Credits: 1,2**

PBHL 580 - Applied Practice Experience **Credits: 2**

## Electives - 2

Choose one of the following courses (**Note:** MPH/MSW dual degree students replace this choice with SOWK 630 - Policy for Social Change):

FDNT 553 - Phytotherapy and Pharmacology of Herbs and Spices **Credits:** 2  
2 credits of

PBHL 543 - Introduction to Geographic Information Systems (GIS) **Credits:** 1,2

## Spiritual - 2

PBHL 646 - Integration of Spirituality in Health Care **Credits:** 2

## Concentration

Complete the following concentration:

### Nutrition & Wellness Concentration - 17

FDNT 520 - Vegetarian Nutrition and Disease Prevention **Credits:** 3

FDNT 560 - Health Research Methods **Credits:** 3

FDNT 565 - Current Issues in Nutrition and Wellness **Credits:** 3

FDNT 680 - Research Seminar **Credits:** 1

FTES 510 - Fitness and Health Promotion **Credits:** 2

PBHL 540 - Grant Writing **Credits:** 2

3 credits of PBHL 545 - Program Planning and Evaluation **Credits:** 2,3

(MPH/MSW dual degree students replace this course with SOWK 660 - Advanced Practice Evaluation)

## Additional Requirements

Student is required to demonstrate ability to integrate specific areas of Administration, Epidemiology, Statistics, Environmental Health, Health Behavior, Program Planning and Evaluation, and Nutrition during culminating activities.

Culminating activities include Applied Practice Experience, professional portfolio, and an exit survey at the conclusion of program.

## Certification

The curriculum for the MPH is designed to help prepare students to take the Certified Health Education Specialist Exam (CHES) administered by the National Commission for Health Education Credentialing (NCHEC).

Students will be expected to meet the Seven Areas of Responsibility of a Health Education Specialist.

- Assessing individual and community needs for health education.
- Planning effective health education programs.
- Implementing health education programs.
- Evaluating effectiveness of health education programs.
- Coordinating provision for health education services.

## Admission Requirements

To be eligible for admission to the MPH program, you must have completed a bachelor's degree or equivalent with a grade point average (GPA) of 3.0 or better (on a 4.0 scale). A limited number of students whose background and experience show potential for success but whose GPAs are less than 3.0 may be admitted on a provisional basis. A candidate who has a bachelor's degree but without the prerequisites below may also be admitted on a provisional basis.

For details on applying to the program and admission requirements, go to the School of Graduate Studies website.

## Prerequisites

The candidate is required to have completed the courses listed below at the undergraduate level:

- Biology, Physiology, or Anatomy and Physiology
- Two courses in nutrition:
  - One introductory nutrition course similar to FDNT 230 - Nutrition or equivalent
  - One intermediate level nutrition course similar to FDNT 310 - Nutrition in the Life Cycle or equivalent

## Social Work MSW

The Master of Social Work (MSW) degree is a professional degree enabling the graduate to enter practice as an advanced-level practitioner. Graduates are prepared to work in a variety of clinical, administration, and development focus areas. The foundation curriculum for the MSW consists of 9 core competencies that are required for every accredited MSW program: 1) Demonstrate ethical and professional behavior; 2) Engage diversity and difference in practice; 3) Advance human rights and social, economic, and environmental justice; 4) Engage in practice-informed research and research-informed practice; 5) Engage in policy practice; 6) Engage with individuals, families, groups, organizations and communities; 7) Assess and plan with individuals, families, groups, organizations and communities; 8) Intervene with individuals, families, groups, organizations and communities; and 9) Evaluate practice with individuals, families, groups, organizations and communities. In addition, our program has added an additional competency: 10) Demonstrate a Christian social work perspective. The curriculum is designed to teach students the knowledge, values and skills, along with understanding of the cognitive and affective reactions and judgement that accompany these dimensions. Measurement outcomes for these competencies can be found on the first page of the Andrews University School of Social Work website. The Andrews University MSW program is accredited by the Council of Social Work Education through the year 2027.

## Delivery

All tracks of the MSW program are available in the face-to-face format. The Regular Standing and Accelerated Regular Standing tracks are also available in the interactive online synchronous format (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

## Dual Degrees Options

The MSW Dual Degree Programs allow the student to complete two degrees in one additional year, with a tuition reduction of 33% for the MSW credits. To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of elective courses. Specifically, the School of Social Work will reduce the required number of credits by 9-10 credits by allowing students to take their required social work electives in the other graduate program. In addition, approximately 16 credits will be shared between the two programs. The following Dual Degree options are available:

- Business Administration/Social Work Dual Degree MBA/MSW
- Community & International Development/Social Work Dual Degree MSCID/MSW
- Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW
- Divinity/Social Work Dual Degree MDiv/MSW
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

## Curriculum

Core advanced interpersonal practice courses supplemented by optional areas of focus are offered. Students wishing to enroll in core graduate social work courses must be enrolled in the MSW program and/or have the instructor's permission. Students may transfer up to 20% of the credits from one degree into the MSW program. All courses are subject to change based on accreditation needs.

## MSW Social Work Tracks

- Regular Standing (Two Year) Program
- Accelerated Regular Standing (Two Year) Program
- Advanced Standing (One Year) Program
- Advanced Standing Plus (18 Months) Program

## Areas of Focus

Students may choose to specialize in the following focus areas: Human Resources, Mental Health, School Social Work, Marriage & Family, Christian Ministry, International Social Work, and Medical Social Work. Please refer to the School of Social Work website for further information: [www.andrews.edu/cas/socialwork/](http://www.andrews.edu/cas/socialwork/). Students are not required to choose a focus area.

## Additional Requirements

- A minimum cumulative GPA of 3.00 in Social Work Program.
- No grade of D or F (or U) may count toward a graduate degree.
- The maintenance at all times of professional conduct and behaviors appropriate for a social worker according to the National Association of Social Workers' Code of Ethics.

- Defense of the professional degree portfolio as part of SOWK689 Advanced Professional Seminar. This portfolio is a demonstrative collection of professional competencies.
- Other Andrews University degree requirements as presented in the Graduate Academic Information section of this bulletin.

Past experience strengthens all MSW student applications. However, following Council on Social Work Education requirements, no social work course credit can be given for life experience or previous work experience.

#### Admission Requirements

#### English Language Requirements

For those applicants whose native language is not English, the following is required:

- Demonstration of English proficiency by obtaining at least a minimum score on any one of the following exams. Exam must be taken within two years prior to enrollment.
  - TOEFL ITP (paper-based): A minimum score of 550
  - TOEFL iBT (internet-based): 80 with a minimum of 20 on each section
  - IELTS (Academic version ): 6.5
  - PTE (Academic version): 54
- MSW program participates in the Bridge program which allows students who are close to the minimum scores to take 3-6 credits of MSW courses along with ESL courses. Requirements to participate in the Bridge program are below.
  - TOEFL ITP (paper-based): A score of 500-549 (2-3 ESL courses and up to 3-6 credits of regular MSW course work)\* OR  
\*with permission of the department
- Nelson Denny: score of 13
- Personal interview with MSW program director or designee

Applicants who fail to meet any of the above may be admitted only after committee consideration of the specific circumstances. Additional course work in English may be required.

A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

#### Graduate Record Examination (GRE)

Students who are applying for admission to the MSW program are not required to take the GRE.

#### Additional Information

#### Assistantships

Students have the opportunity to apply for graduate assistantships—teaching or research. These assistantships give students the opportunity to develop their expertise. Students interested in becoming social-work educators—especially those with years of clinical experience—may teach undergraduate courses. Research assistantships offer experiences in community consulting, grant writing, and/or conducting research.

#### Resources

#### MSW Student Handbook

The MSW Student Handbook has been designed as the social work student's aid in understanding the program requirements of the School of Social Work as well as relevant policies of Andrews University. Inside the handbook you will find information such as expectations of students, the MSW curriculum, departmental policies, and other relevant information.

#### Field Manual

The Field Manual has been designed as your aid in understanding field education requirements, your role as a student in a field agency, and relevant policies of Andrews University.

You are responsible for the information found in this handbook, so please take the time to familiarize yourself with the handbook and know where to find questions and answers if the need arises.

#### Student Learning Outcomes

Students who complete this program will:

- Demonstrate ethical and professional behavior
- Engage diversity and difference in practice
- Advance human rights and social, economic, and environmental justice
- Engage in practice-informed research and research-informed practice
- Engage in policy practice
- Engage with Individuals, Families, Groups, Organizations, and Communities
- Assess and Plan with Individuals, Families, Groups, and Communities
- Intervene with Individuals, Families, Groups, Organizations, and Communities
- Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities
- Demonstrate a Christian Social Work Perspective

## Public Health/Divinity Dual Degree MPH/MDiv

Click here to see the requirements for the Public Health/Divinity Dual Degree MPH/MDiv

## Certificates

## Culinary Medicine Graduate Certificate

The Culinary Medicine Graduate Certificate prepares individuals with healthcare degrees to understand an evidence-based approach for disease treatment and prevention. Graduates from this program will become specialists in improving eating behaviors by integrating nutritional science with food preparation.

This Certificate is a 12-13 credit program designed for those with a health-related bachelor's degree. For those with a non-health-related degree, prerequisites in nutrition courses such as General Nutrition and/or Nutrition and the Lifecycle are required.

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions). The interactive online program does not require any on-campus time.

## Certificate Courses - 12-13

The curriculum includes a practical application of learning, ending with a culinary medicine conference and leading out in a workshop. Students who complete this certificate will complement their degree and can work as nutrition coaches, lifestyle intervention counselors, and health ministry or healthcare industry leaders.

FDNT 501 - Intro to Culinary Medicine **Credits:** 3

FDNT 541 - Nutrition Therapy for Disease Prevention & Management I **Credits:** 3

FDNT 551 - Nutrition Therapy for Disease Prevention & Management II **Credits:** 3

FDNT 568 - Lifestyle Medicine Workshop **Credits:** 2

Choose one of the following courses:

FDNT 553 - Phytotherapy and Pharmacology of Herbs and Spices **Credits:** 2

FDNT 585 - Topics in \_\_\_\_\_ **Credits:** 1-4 (Culinary Medicine workshop/conference)

## Student Learning Outcomes

Certificate completers will be able to:

- Design, implement and evaluate culinary presentations to a target audience.
- Use effective education to facilitate behavior change.
- Apply leadership skills to achieve desired outcomes.
- Apply evidence-based guidelines, and concepts from systematic reviews of scientific literature.

# Nutrition & Dietetics Graduate Certificate (Dietetic Internship)

The Andrews University Dietetic Internship is a post-baccalaureate, clinical-oriented, full-time supervised practice program that qualifies graduates who complete a Master's Degree to take the examination to become a Registered Dietitian Nutritionist (RDN). This internship has a strong plant-based nutrition component.

The Dietetic Internship is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) and provides hands-on practicum experiences in clinical, food service management and community nutrition. The internship provides 12 graduate credits upon successful completion. All interns must complete a minimum of 1000 supervised practice hours.

Only graduates from an ACEND accredited/approved Didactic Program in Dietetics are eligible for the Dietetic Internship.

**Online Delivery:** This degree is offered in an interactive online asynchronous format (See School of Distance Education definitions).

**Accreditation:** The Dietetic Internship at Andrews University is currently accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics, 120 South Riverside Plaza, Suite 2190, Chicago, IL 60606-6995; 312/899-5400.

## Total Credits - 12

FDNT 595 - Dietetic Internship I **Credits:** 6

FDNT 596 - Dietetic Internship II **Credits:** 6

### Registration Examination Eligibility

At the successful completion of all dietetic internship program requirements, interns who have completed a Master's Degree are eligible for an ACEND verification statement which qualifies them to apply for the Registration Examination for Dietitians to become a Registered Dietitian Nutritionist.

## Admission Requirements

Requirements are as follows to enter the ACEND®-accredited Dietetic Internship program:

- The completion of an ACEND® Didactic Program in Dietetics (DPD).
- A bachelor's degree from a college or university recognized by the US Department of Education (USDE).
- Currently enrolled in a Master's program or have completed a Master's degree.
- A minimum cumulative GPA of 3.0 and a DPD (Didactic Program in Nutrition Science and Dietetics) GPA of 3.2 are recommended for admission into the program.

Students must apply to the internship online through DICAS (Dietetic Internship Centralized Application Services, <https://portal.dicas.org>).

## Foods & Nutrition

### FDNT 118 - The Profession of Dietetics

**Credits:** 1

A discussion of the dietetics profession and the role of the dietitian within the health-care team. Ethical concerns in the practice of dietetics.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CHHS

### FDNT 124 - Food Science

**Credits:** 3

Chemical and physical properties of foods that affect food handling, preparation, and preservation. Lab procedures apply the principles studied to the preparation of foods.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CHHS

### FDNT 230 - Nutrition

**Credits:** 3

A study of the basic principles of nutrition science, the biochemical functions of various nutrients, the changes in physiological needs with age, and the relationship between nutrition and health. Students needing life science general education credit must also register for the lab, FDNT240.

**Lecture/Lab:** Weekly: 3 lectures

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring

**College Code:** CHHS

### FDNT 240 - Nutrition Laboratory

**Credits:** 1

Discovering principles of nutrition science in the laboratory.

**Lecture/Lab:** Weekly: 3-hour lab. Lab required for those students needing life science general education credit.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lab, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring

**College Code:** CHHS

### FDNT 310 - Nutrition in the Life Cycle

**Credits:** 3

Study of the nutritional needs of the healthy person throughout the life cycle. The influence of socioeconomic, cultural, and psychological factors on food and nutritional behavior.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 230.

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall

**College Code:** CHHS

### FDNT 351 - Food Service Management I

**Credits:** 3

Introduction to the systems approach and application of the functions of management to foodservice systems. Principles of menu development, food production, service, delivery, procurement, sanitation, safety, and equipment selection in food service organizations.

**Lecture/Lab:** Weekly: 2-hour lecture and a 3 to 4 hour practicum

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** FDNT 124, BIOL 260

**Prerequisite(s):** MATH 145 or equivalent, and a passing grade of 85% on a departmental math skills test.

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years

**Term Offering:** Fall

**College Code:** CHHS

### FDNT 352 - Food Service Management II

**Credits:** 3

Application of management functions and principles to foodservice organizations. Specific attention to marketing processes, CQI, and integration of foodservice subsystems. Includes the management of human, material, spatial, and financial resources in environmentally responsible ways.

**Lecture/Lab:** Weekly: 2-hour lecture and up to 4-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 351; BSAD 355.

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years

**Term Offering:** Spring

**College Code:** CHHS

## FDNT 415 - Professional Experience

**Credits:** 1–4

A supervised lab experience introducing the student to the role of a professional in the workplace.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 8 credits

**Schedule Type:** Independent

**Term Offering:** Fall, Spring

**College Code:** CHHS

## FDNT 421 - Community Nutrition I

**Credits:** 2

Principles for presenting nutrition information to individuals and groups.

Community assessment and planning a community nutrition program.

**Lecture/Lab:** Weekly: 1 lecture and a 3-hour lab

**Course/Lab Fee:** Yes

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Course Attribute:** Service course

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 310. Fall/Offered alternate years

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years

**Term Offering:** Fall

**College Code:** CHHS

## FDNT 422 - Community Nutrition II

**Credits:** 2

Analysis of local and national nutrition programs and services. Impact of nutrition policies on community health. Implementing and evaluating a community nutrition program.

**Lecture/Lab:** Weekly: 1 lecture and a 3-hour lab

**Course/Lab Fee:** Yes

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Course Attribute:** Service course

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 421.

**Schedule Type:** Lecture, Lab

**Year Offering:** Alternate years

**Term Offering:** Spring

**College Code:** CHHS

## FDNT 440 - Topics in

**Credits:** 1–3

Selected topics in nutrition.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** CHHS

## FDNT 441 - Medical Nutrition Therapy I

**Credits:** 3

Introduction to medical nutrition therapy. Medical terminology for healthcare professionals. Assessment of nutritional status by various methods. Development of nutritional care plans. Theory and techniques of counseling in various settings.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 310, FDNT 485

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall

**College Code:** CHHS

## FDNT 442 - Medical Nutrition Therapy II

**Credits:** 3

Implement medical nutrition therapy through the assessment of nutritional status and development of care plans for a variety of clinical conditions, such as chronic diseases, oncology, nutrition support, and renal disease.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 441.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CHHS

## FDNT 448 - Nutrition and Wellness

**Credits:** 3

The dietary factors associated with the major chronic diseases of Western society.

The use of plant-based diets in health promotion and disease prevention.

Discussion of herbal therapies.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 230.

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CHHS

## FDNT 451 - Medical Nutrition Therapy I Lab

**Credits:** 1

Review of care plans and case studies

**Course/Lab Fee:** Yes

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** FDNT 441

**Schedule Type:** Lab

**Term Offering:** Fall

**College Code:** CHHS

## FDNT 452 - Medical Nutrition Therapy II Lab

**Credits:** 1

Analysis of care plans and care studies.

**Course/Lab Fee:** Yes

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** FDNT 442

**Schedule Type:** Lab

**Term Offering:** Spring

**College Code:** CHHS

## FDNT 460 - Seminar in Nutrition, Wellness and Ellen White's Writings

**Credits:** 1

Review of contemporary issues and/or current literature in nutrition. An analysis of the nutrition and health writings of Ellen G. White to determine the meaning and importance of her writings within their cultural context and provide a comparison to modern day literature.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Seminar

**Term Offering:** Spring

**College Code:** CHHS

## FDNT 469 - International Nutrition

**Credits:** 2,3

A study of world food production, supply, storage, and marketing. Causes and symptoms of nutritional deficiencies in the developing world. Diseases of the affluent. Effects of nutritional deprivation on health and productivity. Effects of social and cultural factors in nutrition.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CHHS

## FDNT 476 - Nutrition and Aging

**Credits:** 2

Physiological changes in aging. Food-selection patterns, nutritional needs, nutritional disorders, and chronic diseases.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FDNT 230.  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CHHS

### FDNT 478 - Study Tour:

**Credits:** 0  
Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes  
Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

### FDNT 485 - Nutrition and Metabolism

**Credits:** 3  
Study of the nutrients and their functions within the living cell and the complex organism. Discussion of the major metabolic pathways.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BCHM 120, FDNT 230.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CHHS

### FDNT 490 - Dietetic Program Review

**Credits:** 1  
A comprehensive review of the major elements of the undergraduate dietetics program (DPD). The senior comprehensive exam will be given at the end of the semester.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FDNT 495 - Independent Study/Readings

**Credits:** 1–3  
**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable up to 4 credits in independent study and 4 credits in readings on nutrition and dietetics  
**Schedule Type:** Independent  
**Special Approval:** Instructor permission required.  
**College Code:** CHHS

### FDNT 497 - Internship

**Credits:** 2  
Supervised field experience in an approved health institution or health promotion program for a total of 200 hours. Application of knowledge and competencies learned in the health program.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Schedule Type:** Practicum  
**College Code:** CHHS

### FDNT 498 - Research Methods

**Credits:** 3  
A study of research methodology, survey methods, and applied statistics as they relate to dietetics.

**Lecture/Lab:** Weekly: 2-hour lecture and a 1-hour lab  
**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### FDNT 499 - Research Project in Nutrition Science & Dietetics

**Credits:** 1–3  
A research project in Nutrition Science & Dietetics supervised by a faculty member and resulting in a technical report summarizing findings or a submission to a professional conference. Students may repeat or take research project courses up

to 6 credits with no more than 3 credits per semester. Recommendation: Consult with faculty before registering.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Special Approval:** Instructor permission required.  
**College Code:** CHHS

### FDNT 501 - Intro to Culinary Medicine

**Credits:** 3  
This course is designed to develop introductory knowledge and skills in Culinary Medicine. Students will apply concepts and techniques of plant-based food preparation to prevent and reverse chronic diseases. Culinary techniques to prepare food that is consistent with low income to moderate budgets, time constraints, and diverse populations are also addressed.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### FDNT 520 - Vegetarian Nutrition and Disease Prevention

**Credits:** 3  
\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. The role of plant-based diets and exercise in health promotion and prevention of major chronic diseases of affluent societies. The impact of complementary nutrition on personal health.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** FDNT 230, FDNT 310  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### FDNT 540 - Maternal and Child Nutrition

**Credits:** 2  
Role of nutrition in human growth and development, with emphasis on prenatal period, infancy, childhood, and adolescence.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FDNT 541 - Nutrition Therapy for Disease Prevention & Management I

**Credits:** 3  
This course explores the pathophysiology of selected chronic diseases that are influenced by diet. Mechanisms underlying plant-based, culinary medicine nutritional approaches for prevention and reversal of chronic diseases will be discussed. Selected evidenced-based prevention and reversal of diabetes, cardiovascular diseases, and weight management are addressed. Students will familiarize themselves with nationally recognized disease reversal and treatment programs that will enable them to effectively communicate with their patients in their professional programs.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### FDNT 545 - Nutrition and Wellness Programs

**Credits:** 2–4  
\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. Development of nutrition and wellness programs for community groups emphasizing health promotion. Includes participation in community assessment, program planning, implementation, and evaluation of a program.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FDNT 448.  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

## FDNT 551 - Nutrition Therapy for Disease Prevention & Management II

**Credits:** 3

This course will explore the pathophysiology of selected chronic diseases that are influenced by diet. Mechanisms underlying plant based, culinary medicine nutritional approaches for prevention and reversal of chronic diseases will be discussed. Selected evidence-based approach to prevent and reverse chronic diseases such as autoimmune diseases, gastrointestinal diseases, Rheumatoid arthritis, Thyroid disorders, cancer, osteoporosis, Healthy aging, and other diet-related diseases from a culinary medicine perspective will be addressed. Strategies to plan and implement culinary medicine programs will be reviewed.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

## FDNT 553 - Phytotherapy and Pharmacology of Herbs and Spices

**Credits:** 2

This course offers a survey of herbs and spices that are used as medicines for common conditions, diseases and illnesses. Cases will be used throughout the lectures to illustrate the application of nonconventional approaches to treat common conditions and diseases. Pharmacological aspects of selected herbs and spices will be briefly discussed. Topics will include overview of complementary and alternative medicine, controversies, cultural practices, efficacy and safety considerations as well as evidence-based research of herbs and spices. The course will include a list of readings, websites, and case studies.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

## FDNT 555 - Advanced Human Nutrition I

**Credits:** 3

Functions and nutritional metabolism of simple and complex carbohydrates, lipids, amino acids, and proteins. Public health applications.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** A course in biochemistry.

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CHHS

## FDNT 556 - Advanced Human Nutrition II

**Credits:** 3

Functions and nutritional metabolism and interactions of fat-soluble and water-soluble vitamins, minerals, and trace minerals. Public health applications.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** A course in biochemistry.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CHHS

## FDNT 560 - Health Research Methods

**Credits:** 3

\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. The study of research methodology, statistical analysis, and the evaluation of research papers.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PBHL 511.

**Schedule Type:** Interactive Online

**College Code:** CHHS

## FDNT 565 - Current Issues in Nutrition and Wellness

**Credits:** 3

\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. Discussion of current issues in nutrition, food safety, public health, and wellness.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 230. FDNT 310.

**Schedule Type:** Interactive Online

**College Code:** CHHS

## FDNT 568 - Lifestyle Medicine Workshop

**Credits:** 2

Students will develop and host a Culinary Medicine workshop on a pre-approved

disease state. This workshop can be completed on the Andrews University campus or a pre-approved site.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Workshop

**College Code:** CHHS

## FDNT 570 - Maternal and Child Health

**Credits:** 3

Preventive health care and conditions necessary for mother and child well-being in developing countries. Community-based interventions for child survival. Management of maternal and child health programs.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## FDNT 585 - Topics in \_\_\_\_\_

**Credits:** 1–4

Selected topics in the areas of nutrition and wellness.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## FDNT 586 - Professional Experience

**Credits:** 1–4

Opportunities for unique supervised practical experiences in various organizations to introduce the student to the role of a professional. A maximum of 4 credits per semester can be taken.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 8 credits

**Schedule Type:** Independent

**College Code:** CHHS

## FDNT 595 - Dietetic Internship I

**Credits:** 6

The Internship Program, during the fall semester, will cover the community and food service rotations. The community rotations will take place in WIC clinics, wellness programs and school lunch programs. Interns will be teaching nutrition classes to members of the community and will learn how to develop wellness activities. During the food service rotations the interns will learn a variety of food service management skills; this rotation will occur in a hospital or university setting. Interns are required to pass 2 online tests in community and food-service areas for the completion of the fall semester. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Practicum

**College Code:** CHHS

## FDNT 596 - Dietetic Internship II

**Credits:** 6

The Internship Program, during the spring semester, will be completely dedicated to the Medical Nutrition Therapy rotations. Interns will learn how to assess and counsel patients with a variety of health conditions. Interns are required to pass a clinical online test and a comprehensive test that will cover the 3 major areas: food service, community and MNT for the completion of the spring semester. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Practicum

**College Code:** CHHS

## FDNT 600 - Research Design

**Credits:** 1

Criteria for the organization, analysis, and reporting of research in nutrition. Preparation of a proposal for a master's thesis or project.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FDNT 498 or equivalent.

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Term Offering:** Spring  
**College Code:** CHHS

### FDNT 648 - Workshop

**Credits:** 1–4  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Workshop  
**College Code:** CHHS

### FDNT 650 - Project Continuation

**Credits:** 0  
Student may register for this title while clearing deferred grade (DG) and/or incomplete (I) courses with advisor approval only. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### FDNT 655 - Program Continuation

**Credits:** 0  
Students may register for this non-credit continuation course to maintain active status. Please refer to Active Status for additional information. Registration does not indicate full-time status.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### FDNT 660 - Thesis Continuation

**Credits:** 0  
Student may register for this title while clearing deferred grade (DG) and/or incomplete (I) courses with advisor approval only. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### FDNT 665 - Preparation for Comprehensive Exams

**Credits:** 0  
Advisor approval required. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### FDNT 670 - Comprehensive Exam

**Credits:** 0  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### FDNT 680 - Research Seminar

**Credits:** 1  
Individual reports and discussion of recent research data. (Repeatable)

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Prerequisite(s):** Consent of instructor required.  
**Repeatable:** Repeatable up to 2 credits  
**Schedule Type:** Seminar, Interactive Online  
**College Code:** CHHS

### FDNT 690 - Independent Study

**Credits:** 1–6  
Individual study and/or research. Consent of instructor required.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CHHS

### FDNT 698 - Research Project

**Credits:** 3  
\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. Provides students with guidelines and supervision for data collection, analysis, project preparation and oral presentation.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### FDNT 699 - Master's Thesis

**Credits:** 3–6  
This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CHHS

## Fitness & Exercise Studies

### FTES 106 - Beginning Basketball

**Credits:** 1  
Instruction in the fundamental skills of shooting, passing, ball-handling, man-to-man defensive play, basic rules, offensive strategy, basic rules and team play.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 107 - Beginning Volleyball

**Credits:** 1  
Instruction in the basic skills of serving, setting, passing and spiking, and the basic instruction on rules, and 2-, 3-, 4-, and 6-person team play.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 110 - Introduction to Exercise Science, Physical Therapy, and Occupational Therapy

**Credits:** 2  
An introduction to the professions of exercise science, physical therapy and occupational therapy with an overview of duties and responsibilities of each profession. Partially fulfills the clinical observation prerequisites for admission to the DPT program. Students must have their own transportation for the clinical observation.

**Lecture/Lab:** Weekly: 1-hour lecture & a 2-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### FTES 114 - Soccer

**Credits:** 1  
Learning the fundamental skills of ball control, passing, blocking and shooting goals. Indoor or outdoor games depending upon the season and weather.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 116 - Weight Control

**Credits:** 1  
Study of the factors involved in weight loss and health improvement using a combination of concepts and applications in physical fitness, healthy nutrition and self-control. Cardiovascular, strength and flexibility exercises will be introduced and practiced throughout this course.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 118 - Badminton

**Credits:** 1  
Analysis and practice of basic strokes, singles and doubles play, strategy and rule interpretations.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 119 - Tennis

**Credits:** 1  
Instruction in the fundamental skills of ground strokes, serving, volleying, team play, basic strategy and rules. Students must supply their own racquet and balls.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CHHS

## FTES 124 - Backpacking

**Credits:** 1  
Students will gain knowledge of outdoor elements like one match and friction fires, orienteering, lightweight backpacking, and many other necessary skills. The class also uses and applies the current leave no trace principles and how they affect everyday life. The class culminates with a four-day backpacking trip that occurs over a long weekend where the skills and adventure of living outdoors are put into practice. The student will be responsible for providing their own backpack. The department will supply all necessary additional gear.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 129 - Beginning Racquetball

**Credits:** 1  
Introduction to basic strokes, singles and doubles play, strategy and rule interpretations. Students must supply their own racquet, balls and eye-guards.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 130 - Special Activities

**Credits:** 1  
Special areas beyond normally offered courses: Cardinal Athletics, personalized fitness activities, horseback riding. Consult the current class schedule for activities offered each year.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**College Code:** CHHS

## FTES 131 - Pilates

**Credits:** 1  
The student will learn the Pilates fundamentals and essential mat work exercises, then work towards mastery of these basic skills. Pilates exercises help to strengthen core muscles and increase flexibility, endurance, posture and body

awareness.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 132 - Cardio Kick

**Credits:** 1  
The student will participate in a high-intensity, cardio workout utilizing kickboxing techniques and aerobic movements. In addition, the student will learn abdominal exercises and whole body strengthening exercises.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 135 - Self-Defense

**Credits:** 1  
The purpose of this class is to provide the student with the appropriate level of knowledge and skills in self-defense. As a result of the class the student will improve his/her general physical fitness and skill performance. Principles, techniques and safe practices of self-defense will be taught.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 138 - Cardio Development

**Credits:** 1  
A study of basic-fitness concepts and principles focused on cardiovascular endurance and flexibility. Students will be required to develop a personalized exercise program for physical fitness based on their current fitness level. Weekly independent workouts are required.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**College Code:** CHHS

## FTES 150 - Swimming

**Credits:** 1  
Designed for multilevel instruction. Three basic levels are incorporated into the class based on a swimming pretest: beginners, intermediate and advanced. No swimming ability necessary.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 205 - Fitness Conditioning

**Credits:** 1  
This class is designed to inspire a lifelong fitness program using dynamic movements and natural body resistance. Will explore ways to gain maximum results using the minimal equipment, such as the new suspension system 'TRX.' All workouts will target the anaerobic zone while strength training.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 210 - Personal Fitness Plan

**Credits:** 1  
A study of basic-fitness concepts and principles in conjunction with a personalized exercise program for physical fitness. Weekly independent workouts are required.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## FTES 214 - Weight Training & Conditioning

**Credits:** 3  
This course is an introduction to basic resistance and weight training. It will inform students about the benefits of including strength training in a fitness regimen and will examine body composition and development, personal fitness program

development, proper lifting techniques, spotting and safety issues. The course will also provide students with many alternative ways to strength train using modern methods and exercises.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### FTES 220 - CPR & AED

**Credits:** 1  
Students will perform hands-on skills training related to CPR, AED, and first aid training. Students will learn preparation skills to respond to breathing and cardiac emergencies. Knowledge and skills to provide care for victims of sudden cardiac arrest will be assessed through a variety of scenarios. The use of an automated external defibrillator (AED) will be covered. Students will learn materials related to first aid training.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### FTES 224 - Introduction to Weight Training & Conditioning

**Credits:** 3  
This course is an introduction to basic resistance and weight training. It will inform students about the benefits of including strength training in a fitness regimen and will examine body composition and development, personal fitness program development, proper lifting techniques, spotting and safety issues. The course will also provide students with many alternative ways to strength train using modern methods and exercises.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F, I, W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### FTES 240 - Gymnics

**Credits:** 0,1  
The student will be a part of a demonstration acrobatic team that will perform for various audiences both spiritual and secular in nature. Students will learn to perform various acrobatics, increase their physical fitness level and learn teamwork. Students will develop tolerance both for others and for themselves as they become a part of the team and will have an opportunity to share what God has done and what He is ready to do again in their lives. Class meets four nights a week for 2 hours throughout the fall and spring semesters of the school year. Registration for this class is contingent upon being selected for the team following tryouts. All students on the team must register each semester. Course can be taken for credit one semester per academic year.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 278 - Study Tour:

**Credits:** 0  
Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

### FTES 300 - Lifeguarding

**Credits:** 1  
Instruction in accident prevention, aquatic facility supervision, and water-rescue techniques. Successful completion results in American Red Cross Lifeguard Training certification. Current first aid and CPR certification included.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Ability to swim 500 yards in 10 minutes or less.  
**Schedule Type:** Lecture, Lab  
**College Code:** CHHS

### FTES 305 - Current Concepts and Applications in Physical Fitness

**Credits:** 3  
A foundational course surveying the current trends and practices in the area of physical fitness. Understanding and critically analyzing the concepts, principles, and guidelines for fitness exercise and related activities.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CHHS

### FTES 325 - Sports Nutrition

**Credits:** 3  
A study of the association between nutrition and exercise performance. Metabolism of carbohydrates, fats, proteins, vitamins, minerals and water and their effect on training. Nutrition assessment of athletes and how to measure body composition. Sport specific nutrition recommendations and the use of ergogenic aids.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FDNT 230  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 330 - Outdoor Adventure

**Credits:** 1  
Instruction in camping and outdoor techniques, open fire cooking, orienteering, backpacking, wilderness first aid and edible wild plants. Department supplies all necessary equipment except backpack. One weekend trip required where students will day hike and live outdoors.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 350 - Water Safety Instructor

**Credits:** 0,1  
Instruction in techniques for teaching American Red Cross swimming courses. Current CPR certification required. Swimming pretest required.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Lab  
**College Code:** CHHS

### FTES 355 - Methods of Fitness Instruction

**Credits:** 3  
A course providing knowledge and practical application for instructing safe and effective exercise programming for apparently healthy individuals. Teaching and evaluating of a variety of individual and group exercise sessions including several different types of physical activities.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FTES 305.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CHHS

### FTES 410 - Issues in Exercise Science

**Credits:** 2  
Addresses a variety of current issues within exercise science in the 21st century related to special populations, weight management, nutrition, appropriate methods and safety.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 440 - Topics In

**Credits:** 1-3  
Selected topics in fitness and exercise science.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 445 - Exercise Testing and Prescription

**Credits:** 3  
The purpose of this course is to provide students with the skills and knowledge necessary for careers in the health/fitness and wellness setting, such as corporate wellness or a personal training facility. Specifically, students will obtain the skills needed to evaluate medical history questionnaires, administer preliminary health screening, administer fitness assessments, assess, design, and implement exercise programs for apparently healthy individuals and special populations, as well as skills needed to instruct various cardiorespiratory, resistance, and flexibility exercises. This course also prepares students for the American College of Sports Medicine Certified Exercise Physiologist Certification.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 465 - Exercise Physiology

**Credits:** 4  
Study of the body's physiological response to exercise.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 221, BIOL 222 or equivalent. Must be a junior or senior to register for this course.  
**Schedule Type:** Lecture, Lab  
**Term Offering:** Spring  
**College Code:** CHHS

### FTES 475 - Kinesiology

**Credits:** 3  
An understanding of how the structure of the humans body determines its function, how movement is produced, and how exercise can maintain, rehabilitate, and improve body structure.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 221, BIOL 222  
**Schedule Type:** Lecture/Lab  
**College Code:** CHHS

### FTES 490 - Exercise Science Program Review

**Credits:** 1  
This course will serve as a review for students to prepare for the American College of Sports Medicine (ACSM) Certified Exercise Physiologist (EP-C) examination, which will serve as an exit exam for Exercise Science majors. Students who pass the exam will be certified personal trainers (CPT) along with being certified to work with individuals with certain chronic illnesses (ie emphysema, arthritis, osteoporosis). The course will assist in portfolio completion and explain graduation requirements.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### FTES 495 - Independent Study/Reading/Research/Project

**Credits:** 1–4  
Independent Study: Directed study in an area of interest resulting in a formal term paper. Independent Readings: Weekly meetings with the instructor for individual assignments and reports. Independent Research: Design and execution of an experiment or causal-comparative research. Independent Project: Practical or creative experience or project in consultation with instructor. Permission required from the instructor and department chair. Thirty hours of involvement required for each credit. Contract of proposed activity required.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Independent  
**Term Offering:** Fall, Spring  
**College Code:** CHHS

### FTES 497 - Internship

**Credits:** 2  
Supervised field experience in an approved health, fitness or wellness facility  
420

engaged in a health promotion program for a total of 90 hours. Application of knowledge and competencies learned in the fitness and wellness program.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Practicum  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CHHS

### FTES 498 - Research Methods

**Credits:** 2  
A study of research methodology, survey methods, and applied statistics as they relate to fitness and exercise science.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Term Offering:** Fall  
**College Code:** CHHS

### FTES 499 - Research Project in Fitness & Exercise Science

**Credits:** 1–3  
A research project in Fitness & Exercise Science supervised by a faculty member and resulting in a technical report summarizing findings or a submission to a professional conference. Students may repeat or take research project courses up to 6 credits with no more than 3 credits per semester. Recommendation: Consult with faculty before registering.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Special Approval:** Instructor permission required.  
**College Code:** CHHS

### FTES 510 - Fitness and Health Promotion

**Credits:** 2  
The role that fitness plays in promoting personal and community health. The challenges involved in achieving personal fitness and weight management.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### FTES 540 - Topics In

**Credits:** 1–3  
Selected topics in fitness and exercise science.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CHHS

## Health Care Administration

### HCAD 500 - Introduction to Public Health

**Credits:** 2  
Provides students with an overview of the field of public health. Major topics include public health competencies, careers in public health, health disparities, cultural competence, and public health ethics, global health, and emerging issues in public health.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### HCAD 510 - Healthcare Delivery Systems

**Credits:** 2  
Assesses current healthcare financial trends; integrated delivery systems in selected countries; managed care, as well as some focus on healthcare operations, including billing, coding, pricing, utilization review, case management, and systems. Assesses and discusses telehealth, challenges to current events, and healthcare system research throughout the world and relative to U.S. healthcare policy.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online

**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

## HCAD 520 - Accounting Fundamentals in Health-Care Management

**Credits:** 3

Provides an overview of essential principles in healthcare accounting including the accounting cycle, balance sheets, financial statements, debt policies, ethics, internal controls, accounting for assets, medical billing/collection regulations and standards, and stockholder equity. Explores fundamentals of managerial accounting topics and tools to assist in making informed health care decisions.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ACCT 121 - Principles of Accounting I or equivalent

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

## HCAD 525 - Introduction to Geographic Information Systems (GIS)

**Credits:** 2

Introduces several useful pieces of analytical GIS functionality with health applications including cartographic standards, table joins, and feature symbolization, and spatial analysis. Each unit includes a lecture, a hands-on exercise using ArcGIS, and the data needed to complete the exercise.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

## HCAD 530 - Medical Terminology for Healthcare Managers

**Credits:** 2

This course provides an in-depth study of medical terms and abbreviations relating to diseases, disorders, and drugs that healthcare managers and administrators should become familiar with.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

## HCAD 535 - Epidemiology for Healthcare Administrators

**Credits:** 2

This course provides a foundation for applied epidemiology, including an overview of basic epidemiological principles, concepts, and procedures used in healthcare. It explains how to calculate and interpret frequency measures and measures of central tendency; demonstrates best practices in organizing, summarizing, and displaying health data; and evaluates how epidemiology is used to support a population health-based approach in healthcare management and service delivery.

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** Basic understanding of the practices of public health and biostatistics.

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

## HCAD 540 - Quantitative Methods in Healthcare Management

**Credits:** 2

Uses quantitative techniques to analyze processes and applies decision-making tools to improve healthcare institutions' practices. Includes forecasting, resource distribution, facility location and layout, workload management, productivity measurement, supply chain and inventory management, quality control and improvement, project management, and queuing theory.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Biostatistics or General Statistics

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Summer

**College Code:** CHHS

## HCAD 550 - Healthcare Quality Management

**Credits:** 1

Covers quality systems that include developing a well-defined mission or vision, establishing measurable strategic quality goals, identifying specific activities to implement goals, and controlling results. Evaluates quality process in health care historically, with emphasis on key strategies for success.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Summer

**College Code:** CHHS

## HCAD 555 - Strategic Planning

**Credits:** 2

Explains the process of strategic planning, and how to analyze internal and external factors related to an organization. Teaches students how to develop the vision, mission, goal statements, and objectives; how to set control mechanisms; manage human resources; marketing; finance; and, impact of business, demographic, cultural, political, and regulatory decisions on long-term success in their planning.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

## HCAD 615 - Organizational Leadership in Health Care Systems

**Credits:** 2

This course introduces the student to the science of complex organizational structures and designs, with an emphasis on leadership within complex health care systems. It focuses on health care environments in various venues such as: professional, organizational, political, government, and more.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

## HCAD 620 - Information Systems and Patient Care Technology for Health Care

**Credits:** 2

This course focuses on information technology and its application in health care settings. Content covered includes theoretical models of nursing informatics and database management, in the context of health care systems.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

## HCAD 625 - Healthcare Economics & Policy

**Credits:** 2

This course is designed to provide students with economic tools and theories that will help them to understand and analyze various issues related to the provision and consumption of healthcare services, as well as the interaction between the three types of agents (consumers, private and public healthcare insurers and providers) in the market of healthcare and how it affects the price setting, costs, demand and supply of healthcare services. It also provides an understanding of the US healthcare system, its functioning, efficiency, and limits, and how it differs from some other healthcare systems. Healthcare policies over time will be analyzed and discussed in the context of their economic impact with particular attention to the Affordable Care Act, as well as the years ahead. Some other specific issues involving physician's shortage and its economic impact, nurses, competition, the pharmaceutical industry will be discussed and analyzed.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

## HCAD 630 - Healthcare Marketing

**Credits:** 2

Explores concepts, theory, and skills of marketing applied health care delivery systems. The role of social media and digital marketing techniques will be

highlighted. A strategic marketing plan for a healthcare service will be the end product.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### HCAD 640 - Healthcare Law and Ethics

**Credits:** 2  
Provides an overview of legal issues that healthcare practitioners and administrators may encounter. Subjects in regulatory compliance, medical malpractice, health-care contracting, employment law will be explored. Students will also consider principles of business ethics, integrity and trustworthiness, interprofessional collaborations for patient's benefits, altruism, and how Christian virtues can nurture moral leadership.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### HCAD 646 - Integration of Spirituality in Health Care

**Credits:** 2  
A discussion of spiritual values from a Christian perspective, how faith and Spirituality facilitate the healing process, and how they can be incorporated into patient care. Attention will be given to discerning and addressing the Spiritual needs of patients/clients, family members, and ancillary medical staff in a professional environment. (TDPT and DScPT students register for PTH 846)

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### HCAD 650 - Healthcare Administration Capstone

**Credits:** 2  
Integrates the core healthcare administration competencies, resulting in a learning experience that combines healthcare perspectives, theories, skills, and tools in the field. Uses case studies, guest lectures, and literature review, develop a comprehensive strategic plan that incorporates all the elements of a business plan designed specifically for a health care organization.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** HCAD 520 - Accounting Fundamentals in Health-Care Management  
HCAD 540 - Quantitative Methods in Healthcare Management  
HCAD 655 - Reimbursement Systems  
HCAD 615 - Organizational Leadership in Health Care Systems  
HCAD 640 - Healthcare Law & Ethics  
PBHL 521 - Principles of Epidemiology  
**Schedule Type:** Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### HCAD 655 - Reimbursement Systems

**Credits:** 3  
This is an introduction to the financial management of healthcare organizations. The course focuses on related topics of planning and financial decision-making. Considers the unique operating environment of healthcare, the analysis methods of appropriate financial management, and communication of financial concepts.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### HCAD 660 - Managing Human Resources in Healthcare

**Organizations**  
**Credits:** 3  
Considers key regulatory procedures and human resource requirements related to healthcare organizations. Analyzes the strategic role of the human resource manager in performing functions of recruitment, hiring, training, career development, and other contemporary processes within the organizational setting and how they produce results in healthcare. Addresses a new paradigm in traditional human resource management practices.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### HCAD 670 - Healthcare Administration Practicum

**Credits:** 2–5  
Offers up to 700 hours of practical learning opportunities in healthcare administration where students can apply their MHA knowledge and skills to fulfill their interests and their organization's needs. Students will register for 2 to 5 credits after consulting with their academic advisor based on their past medical, administrative, and leadership experiences.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Practicum  
**Special Approval:** Advisor permission required  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

## Health Education

### HLED 120 - Fit for Life

**Credits:** 1  
A balanced up-to-date coverage of all critical areas of wellness including physical fitness, nutrition, weight management and stress, as well as the principles of health according to the Bible and Ellen G. White will be studied. Practical tools will be given to help adopt and model healthier lifestyles.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**College Code:** CHHS

### HLED 135 - Wellbeing 360°

**Credits:** 3  
This course will provide lifetime approaches to wholistic wellbeing, knowledge and practice opportunities for transformative change through the lens of the Adventist Health Message. Content will include physical, emotional, spiritual, social, occupational, and financial dimensions; impact factors; and environmental contexts affecting community well being. Experiential activities will be incorporated to discover and apply how to live life to the fullest potential.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Lab  
**College Code:** CHHS

### HLED 210 - Philosophy of Health

**Credits:** 3  
The Biblical basis of health. A study of the historical development and basis of the health message in the Seventh-day Adventist Church. The role of health promotion in current society.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### HLED 380 - Natural Therapies

**Credits:** 3  
The study of simple natural therapeutic remedies, including massage, hydrotherapy and herbal therapies.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### HLED 411 - Community Health & Fitness I

**Credits:** 2  
In this course the Precede/Proceed Planning Model and other relevant health planning models are introduced and discussed. Students will design and evaluate professional health education programs in a variety of settings: school, worksite, medical care, and community. Students will learn to set behavioral and learning objectives as well as determine the appropriate intervention type based on various learning theories and strategies geared for specific populations.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**College Code:** CHHS

## HLED 412 - Community Health & Fitness II

**Credits:** 2

This course reviews the methods and planning of community programs related to obesity prevention and lifestyle interventions conducted in multiple settings (e.g., individual, family, and community settings, as well as policy-level interventions). Topics include physical activity, nutrition, and weight-loss interventions in various populations. This course is intended to further enhance the student's skills in implementing and evaluating lifestyle interventions.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**College Code:** CHHS

## HLED 425 - Health & Fitness Evangelism

**Credits:** 3

Explores the principles and concepts of biblical evangelism and applies those teachings within the context of health and fitness in modern society. A deeper exploration of the practical applications of physical activity from the outset of the Seventh-day Adventist Church and how it applies to the current times. A strategic approach in developing modern methods for health and fitness evangelism to strengthen the "right arm" of the church's effort in ministry.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## HLED 440 - Topics in \_\_\_\_\_

**Credits:** 1-5

Selected topics in health education.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CHHS

## HLED 445 - Consumer Health

**Credits:** 2

An analysis of the various fads in society today, and the methods and techniques used by promoters of healthcare products and services. A study of ways in which consumers are vulnerable to certain health claims and scams, and the protection provided to the consumer by governmental agencies.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## HLED 540 - Topics In

**Credits:** 1-3

Selected topics in health science education.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CHHS

# Public Health

## PBHL 105 - Intro to Public Health

**Credits:** 3

Provides student with an overview of the field of public health. Major topics include: public health competencies, careers in public health, health disparities, cultural competence, and public health ethics. Current hot topics in public health; Public health policy challenges facing United States and the global community.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

## PBHL 231 - Public Health Microbiology

**Credits:** 3

Public Health Microbiology is a sub-discipline of environmental health, which itself is one of the five principle areas of public health. In this course, the student will be

introduced to microorganisms that are relevant to public health. Students will learn both the beneficial and harmful effects of microorganisms. Microorganisms constitute a diverse group of organisms, which are central to the functioning of our ecosystem. Students will be introduced to various groups of microorganisms that include autotrophs and heterotrophs; how they acquire carbon and energy; their growth requirements, how they survive in the ecosystem; and how they cause diseases. Communicating the importance of each disease to the medical community and establishing access to the treatment of each disease will also be discussed. A major emphasis of public health microbiology is on the avoidance of pathogens and infections or on the destruction of pathogenic microorganisms before they can infect the populations.

There are no prerequisites for this course.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Spring  
**College Code:** CHHS

## PBHL 232 - Public Health Microbiology Lab

**Credits:** 1

Public Health Microbiology is a sub-discipline of environmental health, which itself is one of the five principle areas of public health. In this course, the student will be introduced to microorganism that are relevant to public health. Students will learn both the beneficial and harmful effects of microorganisms. Microorganisms constitute a diverse group of organisms, which are central to the functioning of our ecosystem. Students will be introduced to various groups of microorganisms that include autotrophs and heterotrophs; how they acquire carbon and energy; their growth requirements, how they survive in the ecosystem; and how they cause diseases. Communicating the importance of each disease to the medical community and establishing access to the treatment of each disease will also be discussed. A major emphasis of public health microbiology is on the avoidance of pathogens and infections or on the destruction of pathogenic microorganisms before they can infect the populations. The General microbiology lab is adjusted to include public health microbiology labs.

There are no prerequisites for this course.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lab  
**College Code:** CHHS

## PBHL 308 - Environmental Health

**Credits:** 3

Presents concepts, principles, and applications that form the basis of environmental health. Describes environmental health hazards; the sources, and pathways of exposure. Describes methods of control of the principal physical, chemical, biologic, and sociologic factors that impact human health in ambient, indoor and occupational environments. Discusses strategies for preventing or controlling environmental health hazards that pose risk to human health.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## PBHL 311 - Biostatistics

**Credits:** 3

Introduces statistical concepts and analytical methods as applied to data encountered in the discipline of public health. Emphasizes the basic concepts of experimental design, quantitative analysis of data, and statistical inferences. Interprets statistical results from published public health data

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

## PBHL 315 - Environmental Toxicology

**Credits:** 3

Principles and mechanisms of toxicology as applied to environmentally encountered toxic agents. Toxicants of current public health importance and their pathologic effect on representative tissues and organs. Quantitate dose-response relationships; hazard and risk assessment; Determination of toxicity of environmental carcinogens, teratogens, mutagens, pesticides, metals, plastics, and organic solvents.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture  
**College Code:** CHHS

### PBHL 320 - Water & Air Quality

**Credits:** 3  
Principles and processes involved in providing safe and potable water supplies. Sources and characteristics of water and air pollutants & contaminants, and their effects on humans and the environment. Management of municipal liquid waste disposal. Methods used in sampling of pollutants, controls; and abatement of air-quality standards violations. Social and technical factors associated with nonindustrial, and indoor air-quality issues.&nbsp;

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### PBHL 321 - Epidemiology

**Credits:** 3  
Introduces the basic principles and applications of epidemiology. Explains the role of epidemiology as the basic science for public health by discussing uses and applications of epidemiology in public health. Describes the distribution and determinants of disease in human populations. Introduces students to the theory, methods, and body of the knowledge of epidemiology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PBHL 335 - Health Services Administration

**Credits:** 3  
Describes the application of administrative theory to health delivery, policy, and planning. Examines structures and functions of management and their application in public health.

**Grade Mode:** Normal (A-F, I, W)  
**Schedule Type:** Lecture, Blended Learning, Interactive Online  
**College Code:** CHHS

### PBHL 345 - Health Behavior & Chronic Diseases

**Credits:** 3  
Examines the behavioral factors that influence health, with particular emphasis on chronic disease outcomes and lifestyle interventions. Discusses behavioral science theories & models along with principles of health research that determine health behavior.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PBHL 415 - Bio-terrorism and Preparedness

**Credits:** 3  
Examines critical public health considerations and environmental health issues of concern in an emergency, or disaster. Describes public health responsibilities of assessment of water, food, shelter, sanitation in an emergency situation and prevention of communicable diseases. Utilizes case studies to provide practical application of the principles of bioterrorism and emergency preparedness during natural disasters.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PBHL 425 - Environmental Risk & Policy

**Credits:** 3  
This course introduces students to environmental issues and risks confronting us in the present time and how the society, federal agencies and laws address those concerns. The course is organized into five sections, the first section begins with an overview of the recent history of environmentalism, key environmental issues, environmental risks and risk assessment process. The second part of the class will focus on the role of the American political institutions: the Executive, Congress, the federal courts and the states. The third section is devoted to the different approaches and principles relevant to environmental policymaking, including command and control, the precautionary principle, environmental justice, benefit-cost analysis. In the fourth section we will shift our attention to the most significant environmental threats that have shaped and continue to shape US environmental policy: water and air pollution, hazardous substances, the environmental impact of fossil fuels, the battle over public lands, and global climate change. The last portion of the course will be dedicated to assessing recent and current US environmental policy and debating possible future trends.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare

**Credits:** 3  
Addresses religious and spiritual issues of significance for healthcare. Includes a discussion of views of the relationship between health and spirituality from different religious perspectives. Provides an overview of the philosophical and historical background for ethical systems and their significance for current ethical challenges in healthcare. Required course for all majors in the School of Health Professions with the exception of students transferring to AU in their senior year.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PBHL 445 - Environmental Sampling and Analysis

**Credits:** 4  
Practical laboratory experience serves as an introduction to techniques used in measurement and evaluation of environmental health problems. Techniques pertinent to air, water, and food sanitation will be explored. Quantitates occupational stressors and radiological health.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning, Lecture/Lab, Interactive Online  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Spring  
**College Code:** CHHS

### PBHL 470 - Topics in:

**Credits:** 0-4  
Selected topics in Public Health.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CHHS

### PBHL 475 - Experiential Activities

**Credits:** 2  
Students are required to complete a cumulative, integrative and scholarly (or applied) experience that serves as a capstone to the educational experience. Capstone can also be an inquiry project. These experiences may include, but are not limited to: internships, service learning projects, senior seminars, portfolio projects, and research papers or honors thesis. Program should encourage exposure to local-level public health professionals and/or agencies that engage in public health practice.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Practicum, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CHHS

### PBHL 480 - Seminar in Current Environmental Health Topics

**Credits:** 1,2  
Departmental seminar series devoted to topics in current environmental health research as presented by students, faculty, and guest speakers.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar, Interactive Online  
**College Code:** CHHS

### PBHL 495 - Independent Study/Readings

**Credits:** 1–3  
Repeatable up to 4 credits in independent study and 4 credits in readings on public health

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Independent, Interactive Online  
**College Code:** CHHS

### **PBHL 499 - Research Project in Public Health**

**Credits:** 1–3  
A research project in public health supervised by a faculty member and resulting in a technical report summarizing findings or a submission to a professional conference. Students may repeat or take research project courses up to 6 credits with no more than 3 credits per semester. Recommendation: Consult with faculty before registering.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### **PBHL 500 - Introduction to Public Health**

**Credits:** 2  
Provides student with an overview of the field of public health. Major topics include: public health competencies, careers in public health, health disparities, cultural competence, and public health ethics.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### **PBHL 510 - Biostatistics SPSS Lab**

**Credits:** 1  
This course provides an overview of some of the mechanics of SPSS Statistics for data management and basic statistical analyses in preparation for PBHL 511 - Biostatistics. Students will explore the features of the data view, variable view, output and syntax editor windows of SPSS. They will learn the difference between 'numeric' or 'string' variables, how to label variables, specify value labels, import SPSS data sets (e.g. import Excel data to SPSS or SPSS to Excel), input data to create SPSS data sets, create new variables, sort variables and data, split datasets, select cases, merge data, transform data. They will also learn how to check for variable characteristics, such as descriptive statistics (central tendency, variation, skewness), shape of distribution (skewness), and missing values.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PBHL 511 Biostatistics  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### **PBHL 511 - Biostatistics**

**Credits:** 3  
This is an introductory course in applied statistics for students in the health sciences. The course is designed for students with minimal background in mathematics who may or may not pursue further studies in applied statistics. (Prerequisite: MATH 165, STAT 285). In this course, you will be introduced to statistical concepts and analytical methods as applied to data encountered in the biomedical sciences. It emphasizes the basic concepts of experimental design, quantitative analysis of data, and statistical inferences. The class is extended to 12 weeks, with the first 4 weeks focusing specifically on SPSS.

**Lecture/Lab:** Weekly: 3 lectures, 1 lab if registered for 4 credits  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 165, STAT 285  
**Schedule Type:** Lab, Interactive Online  
**College Code:** CHHS

### **PBHL 521 - Principles of Epidemiology**

**Credits:** 2,3  
Introduces the basic principles and applications of epidemiology. Epidemiology is one of the pillars of public health. Describes the distribution and determinants of disease in human populations. Introduces students to the theory, methods, and body of knowledge of epidemiology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### **PBHL 525 - Principles of Environmental Health**

**Credits:** 3  
Presents concepts, principles, and applications that form the basis of environmental health. Describes the sources, pathways of exposure, and methods of control of the principal physical, chemical, biologic, and sociologic factors that impact human health in ambient, indoor and occupational environments.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### **PBHL 526 - Cultural Competence and Minority Health**

**Credits:** 2  
Overview of culture and diversity. Explore the determinants and elimination of health disparities and other topics related to minority health.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### **PBHL 530 - Health Disparities**

**Credits:** 3  
This course examines the historical, ethical, and legal issues influencing health disparities and equity, reviews theories, methods, and applications of health disparities research and practice, and provides health education and promotion strategies to engage diverse populations in interventions.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### **PBHL 531 - Principles of Health Behavior**

**Credits:** 3  
\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. Examines the psycho-social, behavioral, and educational principles that determine health behavior. Describes the philosophical, ethical and theoretical foundations of health education in schools, community, work site and hospital settings.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### **PBHL 535 - Principles of Health Administration**

**Credits:** 2,3  
Describes the application of administrative theory to health delivery, policy, and planning. Examines structures and functions of management and their application in public health.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### **PBHL 540 - Grant Writing**

**Credits:** 2  
Overview of the basic principles and practice of effective health education and health promotion grant writing. Provides guidance for identifying potential funding sources and writing a grant proposal that is ready for submission.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PBHL 545.  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### **PBHL 543 - Introduction to Geographic Information Systems (GIS)**

**Credits:** 1,2  
This course introduces several useful pieces of analytical GIS functionality with health applications including: cartographic standards, table joins, and feature symbolization, and spatial analysis. Each unit includes a lecture, a hands-on exercise using ArcGIS, and the data needed to complete the exercise.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### **PBHL 544 - Community Needs Assessment**

**Credits:** 3  
This course covers methods and approaches to conducting needs assessments, including a) planning, b) primary data collection via surveys, focus groups, and interviews, c) analysis, d) strategy prioritization, and e) action plans.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### PBHL 545 - Program Planning and Evaluation

**Credits:** 2,3  
\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. Introduces principles of program development and evaluation. Develop a health promotion and education program with an evaluation component for community groups. Major topics includes: community needs and assets assessment; program planning, implementation and evaluation of a program.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### PBHL 546 - Adventist Health and Healing

**Credits:** 3  
Overview of the history the Adventist health message. Discussion of key features of the Adventist health message and application to health evangelism.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PBHL 550 - Addictions Prevention and Treatment

**Credits:** 3  
Discuss addictions theory, treatment and prevention programs.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### PBHL 554 - Foundation and Techniques of Health Promotion

**Credits:** 3  
In this course, students learn about 1) the history and principles of health promotion and education, 2) the key issues in health promotion and education within various demographics and communities, and 3) the current health promotion techniques and programs designed to facilitate health behavioral change.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### PBHL 555 - Health Promotion and Education Seminar

**Credits:** 2  
Develop capstone research project

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PBHL 556 - Principles of Curriculum & Instruction in Health Education

**Credits:** 3  
This course highlights methods used in designing health interventions, introduces models for health education strategy selection for specific populations, and explores techniques in behavior modification, classroom instruction, group facilitation, mass communication, and organizational development.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### PBHL 560 - Qualitative Research in Health Promotion

**Credits:** 2  
In this course, students learn various practical techniques and theoretical approaches to qualitative data analysis, including using qualitative data analysis

software (NVivo). Students are expected to conduct their own mini-qualitative studies.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### PBHL 565 - Quantitative Research Methods

**Credits:** 3  
This course familiarizes students with the types of theory-driven quantitative research methods. They will use primary or secondary datasets to analytically investigate theory-driven research questions related to behavioral, social, and cultural factors that contribute to the health and well-being of individuals, communities, and populations. They will learn how to interpret, present data, and communicate findings to a variety of audiences.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PBHL 510, PBHL 511  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CHHS

### PBHL 570 - SAS Programming I

**Credits:** 2  
This course provides an introduction to the SAS programming environment and instructs students in the techniques needed to enter data into a database and to properly organize and edit data into a final dataset that is ready for epidemiologic analysis.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**College Code:** CHHS

### PBHL 575 - Integrated Learning Experience

**Credits:** 1,2  
This course allows students to integrate their learning experience into a practice-based project, a research-based capstone or an essay-based comprehensive exam. The final product of each option will highlight the student's ability to contribute to social changes to positively impact community health. In the practice-based project, the student will apply proven methods to monitor the health status of a community, investigate unusual occurrences of diseases or other conditions and implement preventive control measures based on current understanding of public health sciences. Students may also collect and analyze health data for the purpose of protecting the health of a particular community. In the research-based capstone, the student will test new strategies that are not known to be efficacious or explore novel approaches to public health needs. Thus, the research report will include the design of the study, rigorous monitoring of health outcomes and unexpected consequences to human subjects in the application of new experiments/interventions. The student will collect new data or use secondary data and analyze them for the purpose of generating knowledge. The essay-based comprehensive examination provides students with an opportunity to demonstrate and fully integrate most of their public health skills acquired in the MPH program through the creative design, implementation and evaluation plans of a health and wellness program. This will evaluate the student's ability to integrate knowledge, apply theory to practice, think logically and communicate effectively.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### PBHL 580 - Applied Practice Experience

**Credits:** 2  
The Applied Practice Experience (APE) allows students to develop public health concepts and skills to demonstrate the application of these skills through a practice-based or research-based experience relevant to the students' areas of concentration. In addition, students are expected to meet Foundational and Concentration Competencies throughout this course. 200 hours of practical skills implemented in a professional public health setting is required. The data generated in this experience may be used in the Integrative Learning Experience (ILE) project.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**College Code:** CHHS

### **PBHL 646 - Integration of Spirituality in Health Care**

**Credits:** 2

A discussion of spiritual values from a Christian perspective, how faith and Spirituality facilitates the healing process, and how they can be incorporated into patient care. Attention will be given to discerning and addressing the Spiritual needs of patients/clients, family members, and ancillary medical staff in a professional environment. (DPT and DScPT students register for PTH 646; CSD students register for SPPA 646, MLS students register for MLSC 546).

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### **PBHL 697 - Practice Based Capstone**

**Credits:** 2

\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. The Capstone project is a requirement for graduation for students in the MPH program. It is an opportunity for students to work on public health practice projects that are of interest to them. Completion of the capstone project requires both written and oral components. The capstone is completed in the last semester of the program. The project is done under the direction of a capstone project advisor.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

### **PBHL 698 - Research Based Capstone**

**Credits:** 2

\*May assist students in achieving competencies needed for preparation to complete the Certified Health Education Specialist (CHES) exam. The Capstone project is a requirement for graduation for students in the MPH program. It is an opportunity for students to work on public health practice projects that are of interest to them. Completion of the capstone project requires both written and oral components. The capstone is completed in the last semester of the program. The project is done under the direction of a capstone project advisor.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## Faculty

Kim Ferreira, *Chair, DPT Program Director*  
Bill Scott, *Clinical Education Director*  
Kim Ferreira, *Postprofessional Program Director*  
Michelle Allyn, *Curriculum Coordinator*  
Greg Almeter, *Orthopedic Musculoskeletal Coordinator*  
Gerson De Leon, *Clinical Science Coordinator*  
Nathan Hess, *Behavioral Science Coordinator*  
Sozina Katuli, *DPT Research Coordinator*  
Dovison Kereri, *Postprofessional DScOT Director*  
Elizabeth Oakley, *Postprofessional Research Coordinator, Neuromuscular Coordinator*  
Ryan Orrison, *Foundation Science Coordinator*  
Letrisha Stallard, *General Medicine Coordinator*

## Emeritus

Lee Olson, MPT, DC - Professor of Physical Therapy, Emeritus  
David Village, PT, PhD - Professor of Physical Therapy, Emeritus  
John Carlos, Jr., PT, PhD - Professor of Physical Therapy, Emeritus  
William C. Habenicht, MPH - Professor of Physical Therapy, Emeritus  
Wayne L. Perry, PT, MBA, PhD - Professor of Physical Therapy, Emeritus

## Mission

**PT Mission** - To empower students who dream of becoming excellent physical therapists.

**PT Core Values** - The core values of family-spirit, servant heart and inquisitive mind shape the culture of the department and the way in which we empower our students to become excellent physical therapists.

The School of Rehabilitation Sciences provides a quality physical therapist education within a cooperative learning environment that promotes Christian values. The School provides resources and encourages faculty to continue their educational, professional, and spiritual growth. The physical therapy faculty delivers, within a Christ-centered environment, the knowledge base and clinical skills that will prepare students for contemporary physical therapy practice. Physical therapy graduates will serve Christ as evidenced by their ministering to the needs of others through the delivery of effective professional healthcare. The faculty and graduates comprise a Christian network that is balanced in the development of the spiritual, mental, physical, and social life of its members.

Physical therapy is a health profession dedicated to evaluating, treating, and preventing physical injury and disease. Physical therapists design and implement the necessary therapeutic interventions to promote fitness, health and improve the quality of life in patients. They also become active in consultation, education and research.

Physical therapists work closely with their client's family, physician, and other members of the medical team to help their client return to their home environment and resume activities and relationships of normal daily living.

**Academic Calendar.** Contact the School of Rehabilitation Sciences for academic dates.

## Bachelors

### Physical Therapy BHS (Interim Degree)

The BHS Physical Therapy degree was designed as a pre-professional interim degree for students pursuing a Doctor of Physical Therapy (DPT) degree through the "3+3" track. Starting Fall 2021 the interim degree for Andrews University students on the "3+3" track is Exercise Science BS with a pre-PT concentration. Thus, the BHS-Physical Therapy degree is only available now for pre-PT majors from affiliate schools. The BHS Physical Therapy prepares the pre-PT student with the prerequisite knowledge required for the DPT degree. Once accepted into the DPT program the 3+3 track allows students to enter the professional DPT program before completion of the BHS degree. The 3+3 students' senior year is the first two semesters of the DPT program. This program is designed to be completed in eight semesters. Students successfully completing the appropriate prerequisites, DPT-1 and DPT-2 of the professional program (35 credits) qualify for the Bachelor of Health Science Degree.

### Total Credits - 123

### Major - 35

PTH 501 - DPT Orientation **Credits: 0**  
PTH 505 - Anatomy **Credits: 4**  
PTH 509 - Principles of Therapeutic Exercise **Credits: 2**  
PTH 510 - PT Assessment Skills **Credits: 3**  
PTH 513 - Health Promotion and Wellness I **Credits: 1,2**  
PTH 515 - Anatomy Laboratory **Credits: 3**  
PTH 516 - Pathokinesiology **Credits: 3**  
PTH 518 - General Medicine **Credits: 2**  
PTH 519 - Principles of Therapeutic Exercise Laboratory **Credits: 2**  
PTH 520 - PT Assessment Skills Laboratory **Credits: 3**  
PTH 526 - Pathokinesiology Laboratory **Credits: 2**  
PTH 528 - General Medicine Laboratory **Credits: 1**  
PTH 530 - Pathophysiology I **Credits: 2**  
PTH 562 - Topics in Comparative Religion **Credits: 2**  
PTH 565 - Neuroscience and Motor Control **Credits: 3**  
PTH 575 - Neuroscience and Motor Control Laboratory **Credits: 1**

### Additional Requirements

- An earned minimum grade of "C+" (2.33) or "S" (in a "S/U" course) in each DPT program course. The BHS program courses include PTH 501, PTH 505, PTH 509, PTH 510, PTH513, PTH 515, PTH 516, PTH 518, PTH 519, PTH 520, PTH 526, PTH 528, PTH 530, PTH 562, PTH 565 and PTH 575.
- No more than a cumulative total of five points earned on the grade-point scale throughout the physical therapy program (see DPT Student Handbook).
- Students must be able to perform skills listed in the Technical Standards of Performance and demonstrate professional behaviors as outlined in the DPT Student Handbook.
- Maintain a cumulative GPA of 3.00 or greater in all credits used to meet the BHS degree requirements.
- Undergraduate DPT students entering the graduate phase of the program (PT-3) must have completed all requirements for their bachelor's degree and have their degree conferred.

### Cognates - 44+

BIOL 221 - Anatomy and Physiology I **Credits: 4**  
BIOL 222 - Anatomy and Physiology II **Credits: 4**  
CHEM 131 - General Chemistry I **Credits: 4**  
CHEM 132 - General Chemistry II **Credits: 4**  
MLSC 205 - Medical Terminology **Credits: 1**  
PBHL 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits: 3 \***  
PHYS 141 - General Physics I **Credits: 4**  
PHYS 142 - General Physics II **Credits: 4**  
PSYC 101 - Introduction to Psychology **Credits: 3 \***  
PSYC 201 - Human Development **Credits: 3**  
STAT 285 - Introduction to Applied Statistics **Credits: 3 \***

#### Choose one of the following courses:

- BIOL 100 - Human Biology **Credits:** 4
- BIOL 165 - Foundations of Biology **Credits:** 4,5
- BIOL 260 - General Microbiology **Credits:** 4

#### Choose one of the following courses:

- FTES 465 - Exercise Physiology **Credits:** 4
- FTES 475 - Kinesiology **Credits:** 3
- PHTH 417 - Human Anatomy **Credits:** 3 enrolled concurrently with PHTH 427

\*Course fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Recommended Electives

Some elective course suggestions include business, ethics, leadership, culture and diversity, arts and humanities, nutrition and physical activity courses.

## Admission Requirements

An *Early Assurance* option is available for Andrews University freshmen who meet the following criteria:

- Declare pre-PT as the major upon enrollment freshman fall semester
- High school GPA minimum 3.5
- Maintain a minimum 3.5 GPA throughout every semester (freshman through acceptance into DPT program)
- Maintain a wholesome lifestyle per the Andrews University Student Handbook
- Exhibit developing professional behavior
- Satisfactory interview

Students who meet these *Early Assurance* criteria are guaranteed acceptance into the DPT program, however are still required to apply through PTCAS. Students who lose *Early Assurance* may still apply through PTCAS for the DPT program and will be placed into the applicant pool.

## Student Learning Outcomes

The BHS Physical Therapy degree is an interim degree. Therefore, upon completion of the BHS Physical Therapy degree, graduates who are accepted into the DPT program will continue the DPT coursework and complete the DPT degree.

## Post-Masters

## Occupational Therapy DScOT

The Doctor of Science in Occupational Therapy (DScOT) prepares clinicians to be practice scholars who teach both in higher education and the clinic, to be leaders and agents of change in healthcare, and conduct applied research. This degree combines the scientific study of human occupation, in conjunction with education and leadership to create a holistic view of the relationship between occupations, occupational beings, health, and everyday life experiences. Most of the core courses are taken with other health professions students, creating a rich interdisciplinary perspective. The main focus of the program is to empower clinicians to become educators and leaders who integrate the science of occupational participation and engagement into communities, corporations, and academics. The overarching goal is to develop therapists who have a personal interest and commitment to the growth of the profession, research, and education.

The DScOT is an advanced degree uniquely designed to cater to the needs of master's or doctoral trained occupational therapists. The curriculum is feasible for full-time or part-time students, allowing flexibility to meet each individual's work/life balance needs. The program can be paced from 3 to 5 years. Graduates of the DScOT program are primed for teaching in a university setting, contributing to scholarly research, as well as leading the profession in evidence-based clinical practice.

**Delivery:** This program is delivered in an interactive online asynchronous format (see Global Campus definitions). Some required on-campus intensives are required for students entering with a Bachelor's or Master's degree. Students are encouraged to come to campus for graduation.

## Total Credits - 45-64

Three track options are available and selected at the time of admission based on student's educational background.

### Degree Core - 38

Core courses required for either track.

- EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits:** 3
- OTH 700 - Scholarly Writing & Research **Credits:** 2
- OTH 744 - Principles of Contemporary Leadership **Credits:** 3
- OTH 748 - Education Techniques for Healthcare Professionals **Credits:** 2
- OTH 756 - Occupational Science I **Credits:** 3
- OTH 759 - Emerging Roles and Practice Areas for the Occupational Therapist **Credits:** 2
- OTH 840 - Statistics for Health Sciences **Credits:** 3
- OTH 846 - Integration of Spirituality in Health Care **Credits:** 3
- OTH 854 - Advocacy in Occupational Therapy **Credits:** 3
- OTH 860 - Research Applications **Credits:** 2
- OTH 876 - Occupational Science II **Credits:** 3
- OTH 896 - Occupational Science III **Credits:** 3
- 6 credits of OTH 898 - Dissertation Project **Credits:** 1-6

### Tracks - 7-26

Track 1: OTD to DScOT - 7

Track 1 is for students with an OTD degree, either entry-level or postprofessional.

### Electives - 7

Chosen in consultation with faculty advisor from the following course prefixes: OTH, PTH, EDCl, EDAL, PBHL. All elective courses must be at least 600 level.

Track 2: BS to DScOT - 26

Track 2 is for students with a Bachelor's degree from an ACOTE accredited institution.

- OTH 716 - Clinical Pharmacology **Credits:** 2
- OTH 732 - Clinical Research **Credits:** 2
- OTH 741 - Physiological Basis for Exercise Prescription: Level I **Credits:** 3
- OTH 750 - Professional Communication and Consulting **Credits:** 2
- OTH 764 - Physiological Basis for Exercise Prescription: Level II **Credits:** 3
- OTH 774 - Physiological Basis for Exercise Prescription: Level III **Credits:** 1
- OTH 783 - Applied Research in Occupational Therapy **Credits:** 3
- Electives:** 10 credits chosen in consultation with faculty advisor from the following course prefixes: OTH, PTH, EDCl, EDAL, PBHL. All elective courses must be at least 600 level.

Track 3: MS to DScOT - 17

Track 3 is for students with a Master's degree from an ACOTE accredited institution or a Bachelor's degree from an ACOTE accredited institution and a Master's degree in a related field.

- OTH 741 - Physiological Basis for Exercise Prescription: Level I **Credits:** 3
- OTH 764 - Physiological Basis for Exercise Prescription: Level II **Credits:** 3
- OTH 774 - Physiological Basis for Exercise Prescription: Level III **Credits:** 1
- OTH 783 - Applied Research in Occupational Therapy **Credits:** 3
- Electives:** 7 credits chosen in consultation with faculty advisor from the following course prefixes: OTH, PTH, EDCl, EDAL, PBHL. All elective courses must be at least 600 level.

### Additional Requirements

- A minimum cumulative GPA of 3.00.
- No grade lower than "C" (2.00) in any course.
- A minimum of 80% of credits must be taken at regular tuition for degree conferral.
- Successful completion of the dissertation project, including defense.
- Satisfactory completion of the graduate exit survey.

### Admission Requirements

In order to apply to the program, the applicant must have:

- Graduated from an Accreditation Council for Occupational Therapy Education (ACOTE) or World Federation of Occupational Therapy (WFOT) accredited occupational therapy program with a minimum of a 3.0 GPA. Applicants with a bachelor's degree in occupational therapy must have graduated with a master's degree in a related field with a minimum of a 3.0 GPA.
- A current license to practice occupational therapy.
- A minimum of two years practicing as a full-time occupational therapist.

Applicants must also submit three letters of recommendation addressing their leadership capacity, ability to complete doctoral level work, and ability to work collaboratively towards a common goal. The following are a list of potential references:

- Practicing or retired occupational therapist
- Current supervisor
- Professor
- Current or previous colleague

\*At least one letter of recommendation must be from a practicing/retired occupational therapist.

Additional items to be submitted:

- Current Curriculum Vitae
- Letter of professional summary (1000-word maximum) outlining applicant's
  - professional goals,
  - potential as a leader,
  - past experiences that support their pursuit of this degree,
  - area of interest, and
  - planned use of the degree to further the profession and change the area of healthcare or education for the better.
- All transcripts from applicant's post-secondary education verifying applicant's bachelor's and master's degree and any other post-graduate credits completed. All transcripts must be received directly from the college or university issuing the transcript.
- Copy of current occupational therapist license, certification from the National Board for Certification in Occupational Therapy, and any specialty certificates, if applicable.
- If English is not applicant's first language, applicant must submit score reports from either the iBTTOEFL with a minimum score of 80 or the IELTS with a minimum score of 6.5.

## Physical Therapy DPT

Physical therapists are in high demand in the workforce, the Bureau of Labor Statistics expects the employment of physical therapists to grow by 36% through 2024, which is much faster than the average for occupations. According to the American Physical Therapy Association, "the need for physical therapists is expected to remain strong into the foreseeable future as the US population ages and the demand for physical therapy services grows." The entry-level DPT degree is designed for the student pursuing a first time degree in the field of physical therapy. Once accepted, students may enter the program as a "4+3" with a bachelor's degree or "3+3" student. Students entering the professional phase of the program as a "3+3" student must have completed 92 semester credits of specific college prerequisites. Students taking the appropriate prerequisites will earn a Bachelor of Health Science (BHS) after the first two semesters in the professional program and the DPT degree upon successful completion of the program. A previous bachelor's degree is not required, however applicants holding a bachelor's degree are eligible to apply as well. All core prerequisites must be completed within ten years prior to application. The DPT program is 9 full-time consecutive semesters.

### Program Accreditation

The DPT program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax, Alexandria, VA 22314. After receiving the DPT degree graduates may apply to take the physical therapy licensure exam in the state of their choice.

### Information/Application Process

Please call 1-800-827-2878, e-mail [ptinfo@andrews.edu](mailto:ptinfo@andrews.edu) or visit <http://www.andrews.edu/chhs/pt> for application instructions and admission requirements. Information is available by June of each year. Successful completion of prerequisite courses does not guarantee acceptance into the DPT program.

All applicants applying for admission to the DPT professional entry program must apply via the Physical Therapy Centralized Application Service at [www.PTCAS.org](http://www.PTCAS.org). The soft due date for priority application processing is November 1, with the firm or final due date being December 17.

## Total Credits - 116

Upon successful completion of the professional phase of the program (116 credits) students earn the Doctor of Physical Therapy degree. All coursework scheduled for each semester must be successfully completed prior to advancing to the next semester.

PTH 501 - DPT Orientation	Credits: 0
PTH 505 - Anatomy	Credits: 4
PTH 509 - Principles of Therapeutic Exercise	Credits: 2

## Additional Requirements

- Completion of a bachelor's degree (BHS or other).

- An earned minimum grade of "C+" (2.33) or "S" in each DPT program course.
- Maintain a cumulative DPT program GPA of 3.00.
- No more than a cumulative total of five points earned on the grade-point scale throughout the physical therapy program (see DPT Student Handbook).
- Students must be able to perform skills listed in the Technical Standards of Performance and demonstrate professional behaviors as outlined in the DPT Student Handbook.
- Satisfactory completion of the practical and written comprehensive exams: PTH 670, PTH 770 & PTH 870
- Satisfactory completion of a capstone project and presentation.
- Satisfactory completion of all clinical education experiences and the associated "Clinical Performance Instrument."
- Satisfactory completion of the Professional Development Portfolio (PDP)
- Satisfactory completion of the Graduate Exit Survey.

## Maintaining Academic Standing

- All coursework scheduled for each semester must be successfully completed prior to advancing to the next semester.
- Progressive enrollment in the physical therapist education program requires successful completion of all Physical Therapy program course work including clinical education listed for the previous academic term.
- A student whose cumulative GPA falls below 3.00 in any given academic term is placed on academic probation. Students who do not increase their cumulative GPA to 3.00 during the academic term of probation are normally asked to withdraw.
- Students who receive less than a "C+" (2.33) or a "U" on a "S/U" course or clinical will be given "grade points" equal to the semester credit for the course and be required to remediate per the *DPT Student Handbook*. A student who accumulates six or more points will academically disqualify him/herself from continuing in the program. Student may be required to enroll in and pay tuition for PTH585 Remediation in: as part of their remediation plan determined by DPT Faculty Council.

## Admission Requirements

**Graduate Application:** Students must submit an application and all the required components through Physical Therapy Centralized Applications System (PTCAS)

**GPA:** A minimum science and core PT prerequisite GPA of 3.40 is required, however a minimum of 3.5 is needed to be competitive in the applicant pool. A grade of "C" or better is required for all other courses.

**Clinical Observation:** Students must complete a minimum of 50 observation hours supervised by a licensed physical therapist in at least 3 different settings; at least 20 hours must be in an inpatient hospital setting. Please note that skilled nursing home or extended care facilities do not qualify as an inpatient hospital setting. See PTCAS for a copy of an Observation Hours Verification form.

**Personal Interview:** Applicants who meet eligibility requirements are invited for a personal interview. Phone interviews may be acceptable, though not preferred.

**English Proficiency:** Applicants who have been given any part of their education outside the U.S. or Canada or whose first language is not English must demonstrate English proficiency by providing evidence through one of the following methods. Exceptions may be granted by the School of Rehabilitation Sciences on an individual basis. Test must be taken within one year prior to application. **TOEFL internet-based test (iBT) is preferred.** Official TOEFL scores must be sent directly to PTCAS from Educational Testing Service (ETS). The PTCAS ETS code is 531.

### Minimum Requirements

TOEFL Internet-based test (iBT) (preferred)	111 (minimum of 15 in Reading, 15 in Listening, 18 in Speaking, and 17 in Writing)
TEOFL Paper-based test	640 (minimum of 56 in each section)
IELTS Academic Version	8.0
PTE Academic Version	72

Prerequisite courses for students WITH an earned bachelor's degree:

- A basic statistics or research methods course
- An introductory psychology course
- A course which covers human development throughout the lifespan

- A full sequence of anatomy and physiology with labs, and
- Two additional human biology courses (one must be a 3-semester credit *upper division* course) with labs
- A full sequence of general physics with labs, as required for pre-med students
- A full sequence of general chemistry with labs, as required for pre-med students
- A course in basic medical terminology (may be taken by distance education)

Prerequisite courses for students WITHOUT an earned bachelor's degree:

- Requires a minimum of 92 semester credits, with at least 15 credits being upper-division, including 9 in one content area or a minor. Applicants are considered when a minimum of 5 or more prerequisite science courses have been completed.
- Fulfill general education professional program requirements, noting the following specific requirements:
  - A basic statistics or research methods course
  - An introductory psychology course
  - A course which covers human development throughout the lifespan
  - A full sequence of anatomy and physiology with labs, and
  - Two additional human biology courses with labs (One must be a 3-semester credit *upper division* course; however, the lab is not required.)
  - A full sequence of general physics with labs, as required for pre-med students
  - A full sequence of general chemistry with labs, as required for pre-med students
  - A course in basic medical terminology (may be taken by distance education)
  - PBHL 400 - Fundamentals of Spirituality & Ethics in Healthcare (**NOTE:** Not required for transfer students who are entering straight into the +3 part of the program.)

## Student Learning Outcomes

In accordance with the School of Rehabilitation Sciences mission and program goals, DPT graduates will:

- Model behavior which reflects Christian values, including an understanding of the role of prayer and faith in the complete healing process.
- Demonstrate in-depth knowledge of the basic and clinical sciences relevant to physical therapy, both in their fundamental context and in its application within professional clinical practice.
- Provide primary care to patients/clients within the scope of physical therapy practice.
- Demonstrate entry-level competency in clinical skills necessary to perform a comprehensive physical therapy examination, and evaluation, establish a differential diagnosis, determine an appropriate prognosis, and establish intervention and/or prevention activities.
- Understand and value the capabilities of other health care providers and determine the need for referral to those individuals.
- Participate in practice management including delegation and supervision of support personnel, financial management, business planning, marketing and public relations activities.
- Possess the critical inquiry skills necessary to evaluate professional knowledge and competencies in relation to evidence-informed physical therapy practice.
- Demonstrate legal and ethical behavior consistent with professional standards.
- Demonstrate sensitivity to individual and cultural differences when engaged in physical therapy practice.
- Demonstrate professional behavior.

## Physical Therapy DPT (Transitional)

The transitional Doctor of Physical Therapy (t-DPT) is designed to provide advanced learning for practicing physical therapists. The t-DPT student will enhance their skills in medical screening, differential diagnosis, clinical leadership and administration, imaging and laboratory science, therapeutic exercise prescription, education and research.

This degree transitions the clinician to the academic standard of the entry-level DPT graduate and truly trains the clinician to become a direct access practitioner.

**Delivery:** The program is available via two modes of delivery: 1) on campus and 2) interactive online.

- **On Campus:** This program is delivered on-campus and is designed for the international student with a bachelor's or master's degree in physical therapy from their country of origin. It is a full-time program that can be completed in 18-24 months over five semesters.
- **Interactive Online:** This program is delivered mostly asynchronous online with some required short intensive on-campus attendance periodically throughout the curriculum. All of the courses follow fixed enrollment with specific start and end dates. Participants interact with each other and with instructor throughout all courses. Students are encouraged to come to campus for graduation. (See Global Campus for specific policies on online education.)

## Total Credits - 35-38

### Degree Core - 22

PTH 700 - Scholarly Writing & Research **Credits:** 2  
PTH 701 - tDPT Orientation **Credits:** 0  
PTH 716 - Clinical Pharmacology **Credits:** 2  
PTH 741 - Physiological Basis for Exercise Prescription: Level I **Credits:** 3  
PTH 744 - Principles of Contemporary Leadership **Credits:** 3  
PTH 748 - Educational Techniques for Health Care Professionals **Credits:** 2  
PTH 830 - Medical Diagnostics **Credits:** 2  
3 Credits of PTH 846 - Integration of Spirituality in Health Care **Credits:** 2,3

### Research Curriculum

PTH 732 - Clinical Research **Credits:** 2  
PTH 840 - Statistics for Health Sciences **Credits:** 3

### Requirements based on Delivery Options

#### On-Campus - 16

2 credits of PTH 647 - Differential Diagnosis **Credits:** 2  
PTH 685 - Integrated Clinical Practicum **Credits:** 1-2  
PTH 702 - Transition to DPT **Credits:** 3  
PTH 703 - Transition to DPT Laboratory **Credits:** 2  
PTH 770 - Practical Comprehensive Examination **Credits:** 0  
PTH 780 - Advanced Clinical Practicum **Credits:** 1,2  
3 credits of PTH 799 - Research Project (topic) **Credits:** 1-4  
PTH 870 - Written Comprehensive Examination II **Credits:** 0

#### Program Elective - 2

Choose two credits in consultation with advisor

#### Interactive Online - 13

PTH 750 - Professional Communication & Consulting **Credits:** 2  
PTH 835 - Holistic Care in Physical Therapy **Credits:** 2  
PTH 836 - Medical Screening & Clinical Differential Diagnosis **Credits:** 2  
3 credits of PTH 799 - Research Project (topic) **Credits:** 1-4

#### Electives - 4

Choose 4 credits in consultation with advisor

## Additional Requirements

- A minimum of 80% of credits must be taken at regular tuition for degree conferral for distance tDPT. On-campus tDPT students must take 100% of credits at block tuition rate for degree conferral.
- No grade lower than "C" (2.00) in any course.
- A minimum cumulative GPA of 3.00.
- Successful completion of the research project and presentation.
- On-Campus delivery: Satisfactory completion of the practical and written comprehensive exams: PTH770 & PTH 870
- On-Campus delivery: Satisfactory completion of PTH680 Clinical Practicum and the associated Clinical Performance Instrument
- Satisfactory completion of the Graduate exit survey.
- Fully satisfy professional course content, credit and requirements as outlined in the student's individualized FCCPT Education Credential Review.

## Admission Requirements

- Students must have graduated from an approved school of physical therapy and be licensed to practice physical therapy in their country of origin or country in which they live.
- Students must have the equivalent of a four-year US bachelor's degree, and at least one year of experience working as a physical therapist is preferred prior to starting the program.
- Students must submit graduate application.
- Students must submit an original copy of all academic transcripts from any institution where classes were taken. In addition, if the transcripts are not written in English, a copy in the original language as well as the English translation are required.
- Students must submit a copy of physical therapy license. If license is not in English a translated copy must be submitted as well.
- Students must submit a minimum of three satisfactory recommendations: one from a currently practicing physical therapist, one from a medical doctor or supervisor, and one from another person familiar with the candidate.
- Internationally trained physical therapists must complete the Foreign Credentialing Commission on Physical Therapy (FCCPT) Education Credential Review application prior to starting the on-campus tDPT program.
- English Proficiency - Students whose language of education is not English must submit a minimum TOEFL score of 80.

## Student Learning Outcomes

Graduates of the t-DPT Program will:

- Model personal behavior which accurately reflects Christian values, including an understanding of the role of prayer and faith in the complete healing process.
- Continue to serve as a member of the physical therapy profession, promoting the delivery of safe, ethical, effective patient care while upholding the standards of the profession.
- Demonstrate in-depth knowledge of the basic and clinical sciences relevant to physical therapy, both in their fundamental context and in its application within professional physical therapy clinical practice.
- Demonstrate entry-level competency in clinical skills necessary to perform a comprehensive physical therapy examination and evaluation, establish a differential diagnosis, determine an appropriate prognosis establish intervention and/or prevention activities, and provide health and wellness programming.
- Provide "primary care" to clients/patients within the scope of physical therapy practice.
- Demonstrate expressive and receptive communication skills necessary to display an appreciation of individual differences when delivering physical therapy care and when interacting with clients/patients, healthcare team members and others.
- Possess the critical inquiry skills necessary to evaluate his/her professional knowledge and competencies in relation to evidence-informed physical therapy practice, along with evaluating current research, theory and techniques so as to design a professional development plan necessary to integrate new knowledge into effective patient care.
- Possess leadership skills necessary to serve as a leader in their physical therapy practice setting and community healthcare network.
- Value the capabilities of other health care providers and possess the critical thinking skills necessary to determine the need for referral to those individuals.
- Participate in research and the advancement of physical therapy at the community, state or national level.

## Physical Therapy DScPT (Distance Education)

The Doctor of Science in Physical Therapy (DScPT) degree represents the highest clinical specialty doctorate in the world. This unique degree is designed to enhance the skills of the physical therapist clinician and educator. Working with our partner ASPIRE, and respecting the importance of fundamental principles of orthopedic manual therapy, each graduate will be recognized as a Certified Orthopedic Manual Therapist (COMT).

In addition to the COMT, the student will choose a concentration in Higher Education Teaching, Orthopedic Manual Therapy, or Women's Health. The Higher Education Teaching concentration prepares the student to teach in higher education, including DPT and Postprofessional PT programs. In the Orthopedic Manual Therapy concentration, our partnership with ASPIRE provides students the opportunity to gain the designation of SMT (Spinal Manipulative Therapist) and be ready to practice as a master clinician. The Women's Health concentration prepares the student to meet the underserved, complex physical therapy needs of women. Dual concentrations may be available.

For the student who already possesses a DPT degree from a CAPTE accredited program and a FAAOMPT or manual therapy certification from another approved institution the DScPT degree is available without a concentration.

The DScPT is an advanced degree uniquely designed to cater to the needs of bachelors, masters, or doctoral trained physical therapists. The curriculum is feasible for full-time or part-time students, allowing flexibility to meet each individual's work/life balance needs. The program can be paced from 3 to 7 years. Graduates of the DScPT program are primed for teaching in a University setting, contributing to scholarly research, as well as leading the profession in evidence based clinical practice.

The DScPT program offers five tracks:

- Track 1: DPT with FAAOMPT/Manual Therapy Certification to DScPT (35 credits)
- Track 2: BS/Master's to DScPT (64 credits)
- Track 3: DPT to DScPT (45 credits)
- Track 4: BS/Master's with NAIOMT CMPT or COMT from other approved organizations to DScPT (59 credits)
- Track 5: DPT with NAIOMT CMPT or COMT from other approved organizations to DScPT (40 credits)

**Delivery:** The program is a combination of didactic and supervised clinical experience, using a blend of interactive online courses, intensive hands-on short courses and clinical practice hours. This program is delivered mostly in an interactive online asynchronous format, with some required on-campus intensives (see Global Campus definitions). The format of this degree program, the distinguished faculty and the diverse background and practice of the students provides a rich experience and outstanding opportunity to flourish as master clinicians.

## Total Credits - 35-64

### Degree Core - 19

- PTH 700 - Scholarly Writing & Research **Credits:** 2
- PTH 744 - Principles of Contemporary Leadership **Credits:** 3
- PTH 840 - Statistics for Health Sciences **Credits:** 3
- PTH 846 - Integration of Spirituality in Health Care **Credits:** 2,3
- PTH 860 - Research Applications **Credits:** 2
- PTH 898 - Dissertation Project **Credits:** 1-10

### Tracks - 16-45

Selected at the time of admission based on your a student's educational background.

Track 1: DPT with FAAOMPT or Manual Therapy Certification to DScPT - 16

Track 1 is for students with a DPT degree who already have FAAOMPT or manual therapy certification from another approved institution.

- PTH 893 - Spinal Segmental Manipulation **Credits:** 3

### Electives - 13

Physical Therapy electives selected in consultation with advisor from PTH courses to total 35 credits for Track 1 students.

Track 2: BS/Master's to DScPT - 45

Track 2 is for students with a BS or Master's degree.

- PTH 716 - Clinical Pharmacology **Credits:** 2
- PTH 732 - Clinical Research **Credits:** 2
- PTH 741 - Physiological Basis for Exercise Prescription: Level I **Credits:** 3
- PTH 748 - Educational Techniques for Health Care Professionals **Credits:** 2
- PTH 830 - Medical Diagnostics **Credits:** 2
- PTH 835 - Holistic Care in Physical Therapy **Credits:** 2

- PTH 836 - Medical Screening & Clinical Differential Diagnosis **Credits:** 2
- PTH 841 - Gateway to Musculoskeletal Therapy: Lumbopelvic & Cervical **Credits:** 3
- PTH 842 - Upper Quadrant Evaluation and Management **Credits:** 3
- PTH 843 - Lower Quadrant Evaluation and Management **Credits:** 3
- PTH 844 - Integrated Evaluation and Management: Thorax **Credits:** 2
- PTH 845 - COMT Practical Comprehensive Examination **Credits:** 0
- 1 credit of PTH 850 - Supervised Clinical Practice **Credits:** 1-4 (concentration in manual therapy skills)

### Electives - 4

Physical Therapy electives selected in consultation with advisor from PTH courses to total 64 credits for Track 2 students.

### Choose one of the following concentrations:

- Higher Education Teaching - 14
- Orthopaedic Manual Therapy - 14
- Women's Health - 14

Track 3: DPT to DScPT - 26

Track 3 is for students with a DPT degree.

- PTH 841 - Gateway to Musculoskeletal Therapy: Lumbopelvic & Cervical **Credits:** 3
- PTH 842 - Upper Quadrant Evaluation and Management **Credits:** 3
- PTH 843 - Lower Quadrant Evaluation and Management **Credits:** 3
- PTH 844 - Integrated Evaluation and Management: Thorax **Credits:** 2
- PTH 845 - COMT Practical Comprehensive Examination **Credits:** 0
- 1 credit of PTH 850 - Supervised Clinical Practice **Credits:** 1-4

### Choose one of the following concentrations:

- Higher Education Teaching - 14
- Orthopaedic Manual Therapy - 14
- Women's Health - 14

Track 4: BS/Master's with NAIOMT CMPT or COMT from other approved organizations to DScPT - 40

Track 4 is for students with a BS or Master's degree with NAIOMT CMPT or COMT from other approved organizations.

- PTH 716 - Clinical Pharmacology **Credits:** 2
- PTH 732 - Clinical Research **Credits:** 2
- PTH 741 - Physiological Basis for Exercise Prescription: Level I **Credits:** 3
- PTH 748 - Educational Techniques for Health Care Professionals **Credits:** 2
- PTH 830 - Medical Diagnostics **Credits:** 2
- PTH 835 - Holistic Care in Physical Therapy **Credits:** 2
- PTH 836 - Medical Screening & Clinical Differential Diagnosis **Credits:** 2

### Electives - 11

Physical Therapy electives selected in consultation with advisor to total 64 credits.

### Choose one of the following concentrations:

- Higher Education Teaching - 14
- Orthopaedic Manual Therapy - 14
- Women's Health - 14

Track 5: DPT with NAIOMT CMPT or COMT from other approved organizations to DScPT - 21

Track 5 is for students with a DPT degree with NAIOMT CMPT or COMT from other approved organizations.

### Electives - 7

Physical Therapy electives selected in consultation with advisor to total 64 credits.

### Choose one of the following concentrations:

- Higher Education Teaching - 14
- Orthopaedic Manual Therapy - 14
- Women's Health - 14

## Concentrations

### Higher Education Teaching Concentration

This concentration provides training for current or aspiring college teachers who have limited to no specific training in the craft of teaching at the university level. Upon completion of the concentration, you will be well-equipped to seek a

position as a faculty member in institutions of higher education, particularly in entry-level and postprofessional physical therapy programs. Students in Tracks 2-5 can choose this concentration.

PTH 748 - Educational Techniques for Health Care Professionals **Credits:** 2

PTH 806 - Teaching in Higher Education **Credits:** 3

PTH 810 - Effective Assessment of Learning **Credits:** 3

PTH 820 - Accreditation in Physical Therapy Programs **Credits:** 3

PTH 825 - Course Design **Credits:** 3

NOTE: Students on the 64-credit track will need to take an additional 2 elective credits.

### Orthopedic Manual Therapy Concentration

This concentration prepares the student to gain advanced skills in advanced manual therapy techniques. Students in Tracks 2-5 can choose this concentration.

3 credits of PTH 850 - Supervised Clinical Practice **Credits:** 1-4 (Concentration in advanced manual therapy skills)

PTH 891 - Integrated Evaluation and Management: Lower Quadrant **Credits:** 3

PTH 892 - Integrated Evaluation and Management: Upper Quadrant **Credits:** 3

PTH 893 - Spinal Segmental Manipulation **Credits:** 3

PTH 894 - Integrated Advanced Clinical Reasoning **Credits:** 2

PTH 895 - SMT Exam: Spinal Manipulative Therapist Exam **Credits:** 0

### Women's Health Concentration

This concentration prepares the student to meet the underserved, complex physical therapy needs of women. Students in Tracks 2-5 can choose this concentration.

PTH 705 - Lifespan Considerations in Women's Health **Credits:** 1

PTH 707 - Principles of Contemporary Leadership in Women's Health **Credits:** 3

PTH 713 - Women, Health and Human Rights **Credits:** 1

PTH 714 - Pregnancy and Postpartum **Credits:** 2

PTH 723 - Pain Science and Persistent Pelvic Pain in Women's Health **Credits:** 2

PTH 724 - Surgical and Oncological Considerations in Women's Health **Credits:** 1

PTH 755 - Female Sexual Health and Function **Credits:** 1

PTH 775 - Advanced Gastrointestinal Health and Dysfunction **Credits:** 2

PTH 855 - Supervised Clinical Practice: Women's Health **Credits:** 1

## Additional Requirements

- A minimum cumulative GPA of 3.00.
- No grade lower than "C" (2.00) in any course.
- A minimum of 80% of credits must be taken at regular tuition for degree conferral.
- COMT certification through ASPIRE is required for Tracks 2 and 3 (completed by registering for and passing PTH 845 - COMT Practical Comprehensive Examination).
- **For candidates completing the Orthopedic Manual Therapy Concentration:** Spinal Manipulative Therapist Certification through ASPIRE or equivalent certification from another approved program. Completed by registering for and passing PTH 895 - SMT Exam: Spinal Manipulative Therapist Exam. PTH 850 - Supervised Clinical Practice (3 credit) must be concentrated in advanced manual therapy skills. PTH 898 - Dissertation Project (6 credits) must be focused on an area of orthopedic manual therapy.
- **For candidates completing the Women's Health Concentration:** PTH 855 - Supervised Clinical Practice: Women's Health (1 credit) must be concentrated in women's health (*for example clients with a diagnosis of obstetrical trauma/pregnancy/Post-Partum, Urinary Incontinence, Pelvic Organ Prolapse, Gastrointestinal, Breast Cancer, Gynecologic Cancers, Pelvic Pain*). PTH 898 - Dissertation Project (6 credits) must be focused on an area of women's health.
- Successful completion of the dissertation project and presentation.
- Satisfactory completion of the Graduate exit survey.

## Admission Requirements

- Applicants must have graduated from an approved school of physical therapy and be licensed to practice physical therapy in United States or Canada.
- Applicants must have the equivalent of a four-year U.S. bachelor's degree. Applicants with a bachelor's degree must have a minimum of two years of experience working in an orthopedic setting as a physical therapist prior to applying.
- Applicants must submit graduate application and all the required components

- Applicants must submit an original copy of all academic transcripts from any institution where classes were taken. In addition, if the transcripts are not written in English, a copy in the original language as well as the English translation are required.
- Applicants must submit a copy of physical therapy license. If license is not in English a translated copy must be submitted as well.
- Applicants must submit a minimum of three satisfactory recommendations: one from a currently practicing physical therapist, one from a medical doctor or supervisor, and one from another person familiar with the candidate.
- English Proficiency - Applicants whose language of education is not English must submit a minimum TOEFL score of 80 or 6.5 on the IELTS.
- Applicants for Track 1: Proof of FAAOMPT is required.
- Applicants for Tracks 4 and 5: Proof of COMT certification through ASPIRE or equivalent certification from another approved program is required.
- Applicants for the Women's Health concentration: Prior learning is required in the following content areas:
  - Basic anatomy, physiology, evaluation, and intervention for urogenital and colorectal conditions (including prolapse).
  - Pelvic pain (neurological, musculoskeletal, and centrally-mediated) and basic female sexual function.
  - Satisfactory completion of content areas include prior training and certification or certificate of completion and lab skills checklist in one or more of the following categories:
    - Herman & Wallace Pelvic Rehabilitation Institute : Level 1, 2a and 2b
    - APTA/Section On Women's Health: Pelvic 1 and 2
    - Other courses with similar content upon approval of admissions committee
    - Portfolio review with rubric if greater than 1,500 clinical hours in women's health. If less, above courses will be required. (Must include a statement or letter speaking to skill competence from a colleague or a supervisor)
    - Practical examination utilized if necessary.

## Student Learning Outcomes

Graduates of the DScPT Program will:

- Possess the critical inquiry skills necessary to evaluate professional knowledge and competencies in relation to evidence-based physical therapy practice
- Be an active contributor to the body of knowledge regarding evidenced base practice, clinical research and/or publishable quality case studies.
- Function as a direct access provider of physical therapy care with advanced clinical skills.
- Possess the leadership skills necessary to serve as a leader in their physical therapy academic and/or practice setting, and community healthcare network.
- Value the capabilities of other health care providers and possess the critical thinking skills necessary to determine the need for referral to those individuals.
- Participate in the advancement of physical therapy at the community, state or national level.
- DScPT graduates with a concentration in **Higher Education Teaching** will also:
  - Apply principles of effective teaching in course and lesson design for all learners.
  - Demonstrate understanding of faculty responsibilities, including service, in various institutional settings.
  - Demonstrate an understanding of the role of accreditation in higher education.
  - Create professional portfolio including individual faculty components required for accreditation.
- DScPT graduates with a concentration in **Orthopaedic** will also:
  - Attain nationally recognized certification in orthopedic manual and manipulative physical therapy
  - Be prepared to serve as an orthopedic clinical specialist in their physical therapy practice setting and community healthcare network as well as faculty in entry-level physical therapist education programs.
- DScPT graduates with a concentration in **Women's Health** will also:
  - Serve as a women's health clinical specialist and/or women's health clinical specialist educator in their physical therapy practice setting, community healthcare network, global healthcare community, and in entry-level physical therapist programs.

- Demonstrate and execute leadership in women's health within organizations and institutions, including identifying and strategically addressing individual and population level women's health needs.

## Occupational Therapy

### OTH 420 - Topics in Comparative Religion

**Credits:** 3

This course surveys the major religious traditions of the world. Study includes an overview of origins; major philosophical and theological underpinnings; typical aspects of worship and ethics; and major social, cultural, and political influences. Study is done from a consciously Christian framework.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CHHS

### OTH 500 - Introduction to Occupational Science

**Credits:** 3

Introduction to occupational science by reviewing occupation and its relationship to occupational therapy. Students will examine the contributions of occupational science to occupational therapy, including human occupation or activity. Students will study activities people do in their everyday lives and how those occupations influence and are influenced by health and well-being. The course will explore the relationship between occupation and development, and how occupation changes over the course of life. It will cover how people organize their daily occupations and the personal and socio-cultural implications of occupation.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CHHS

### OTH 501 - Foundations of Occupational Therapy Practice

**Credits:** 3

This course lays a foundation for the students to understand the history, philosophy, theoretical foundations of occupational therapy and key terminology used in the profession including but not limited to OT Framework, role and meaning of occupation, occupational science, ethics, documentation, and task/activity analysis.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

### OTH 505 - Anatomy

**Credits:** 4

A comprehensive study of human anatomy with emphasis on the nervous, skeletal, muscle, and circulatory systems. Introduction to basic embryology and its relation to anatomy and the clinical sciences concludes the course. Provides a solid morphological basis for a synthesis of anatomy, physiology, and the occupational/physical therapy clinical sciences.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** OTH 515

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

### OTH 515 - Anatomy Laboratory

**Credits:** 3

Dissection and identification of structures in the cadaver supplemented with the study of charts, models, prosected materials and radiographs are utilized to identify anatomical landmarks and configurations.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** OTH 505

**Schedule Type:** Lab

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

### OTH 516 - Movement and Occupational Performance

**Credits:** 3

An analysis of human movement and its relationship to occupational performance. Students will learn information on the interrelationships between human structural design and functional capabilities of the human body for use in the enactment of occupational performance. The anatomical principles, neuromotor control, and kinesiology principles will be highlighted in relation to their influence on human movement and functional performance.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

### OTH 520 - Human Development and Occupation

**Credits:** 3

This course will examine the human physical, cognitive, emotional, and psychosocial development. The course places emphasis on diversity and quality of life as they relate to lifestyle choices and meaningful occupations. Human development will be examined from the sociocultural and socioeconomic contexts.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

### OTH 530 - Pathophysiology I

**Credits:** 2

Sequence studying disease processes affecting major body systems and the resulting anatomical and pathophysiological changes. Clinical presentations and treatment of patients with those disease processes are presented, as well as diagnostic tests and laboratory values used to identify pathological conditions.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** OTH 505 and OTH 515

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

### OTH 553 - Clinical Reasoning I

**Credits:** 1

This course introduces students to critical thinking and decision-making. The course provides a systematic approach to clinical reasoning. The course will utilize case studies and reflection to promote integrating knowledge and application of task analysis, influences of sociocultural and socioeconomic factors, theoretical concepts, assessments and screens, and development of occupation-based intervention plans in the occupational therapy practice areas of pediatrics, introductory neuroscience, physical dysfunction, and mental health.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CHHS

### OTH 562 - Topics in Comparative Religion

**Credits:** 2

This course surveys the major religious traditions of the world. Study includes an overview of origins; major philosophical and theological underpinnings; typical aspects of worship and ethics; and major social, cultural, and political influences. Study is done from a consciously Christian framework.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)**Schedule Type:** Lecture**Year Offering:** Annually**Term Offering:** Spring**College Code:** CHHS**OTH 565 - Neuroscience and Motor Control****Credits:** 3

An examination of the basic anatomy and function of the central and peripheral nervous system with an emphasis on those structures involved in the control of human movement. Students are introduced to terminology and concepts associated with normal and abnormal function of selected areas of the neuraxis. This course provides the foundation for the neurology sequence.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)**Corequisite(s):** OTH 575**Schedule Type:** Lecture**Year Offering:** Annually**Term Offering:** Spring**College Code:** CHHS**OTH 575 - Neuroscience and Motor Control Laboratory****Credits:** 1

Study of the prosected central and peripheral nervous tissues, models and charts. Imaging will be used to compare normal to abnormal CNS presentation. Portions of lab will concentrate on making connections between neurologic structures and their role in controlling human movement.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Grade Mode:** Normal (A-F,I,W)**Corequisite(s):** OTH 565**Schedule Type:** Lab**Year Offering:** Annually**Term Offering:** Spring**College Code:** CHHS**OTH 700 - Scholarly Writing & Research****Credits:** 2

This course is dedicated to the development of doctoral quality writing skills through guided practice of writing a literature review for a scientific paper in preparation for publishing work. This is also a degree orientation course, which includes introduction to the degree(s), being oriented to the James White Library, including endnote training and instruction to the AOTA Occupational Therapy Practice Framework: Domain & Process. This course is available on-campus and interactive online.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS**OTH 710 - Grant Writing****Credits:** 2

Overview of the basic principles and practice of effective health education and health promotion grant writing. Provides guidance for identifying potential funding sources and writing a grant proposal that is ready for submission.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS**OTH 716 - Clinical Pharmacology****Credits:** 2

Develops a non-prescriptive knowledge of specific medications including indications, contraindications, precautions, adverse reactions, and dosage, especially as related to physiological effects of occupational therapy interventions.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS**OTH 732 - Clinical Research****Credits:** 2

This course provides an introduction to clinical research methods. Course content includes: formulating a research question, defining variables, designing the study, instrumentation, validity and reliability of measurement and design, data collection procedures, basic data analysis, and ethical and legal responsibilities of the researcher. This course is available on-campus and interactive online.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS**OTH 741 - Physiological Basis for Exercise Prescription: Level I****Credits:** 3

Using the system of Medical Exercise Therapy founded by Odvar Holten, this course covers the physiological basis for exercise prescription specifically related to the healing process. Testing strategies, formulas for exercise dosing and equipment conducive to this approach will be presented along with computer software developed to assist dosage and patient tracking.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Recommended:** OTH 764 Physiological Basis for Exercise Prescription: Level II

OTH 774 Physiological Basis for Exercise Prescription: Level III

**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS**OTH 744 - Principles of Contemporary Leadership****Credits:** 3

Theory and application of complexity sciences to organizational management; exploration of key leadership roles and changing paradigm; presentation of methods to maximize personal and professional life. This course is available on-campus and interactive online.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS**OTH 748 - Education Techniques for Healthcare Professionals****Credits:** 2

Examines and applies educational theory to skills utilized by the occupational therapist in the classroom, community, and clinical facility. Topics include the educational role of the occupational therapist, the taxonomies of learning, learning styles, multiple intelligence, and education technology. This course is available as on-campus and interactive online.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS**OTH 750 - Professional Communication and Consulting****Credits:** 2

An introduction to the integration of the occupational therapist as consultant. Discussion will include applying occupational therapy consultation services to individuals, business, schools, government agencies and/or other organizations.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS**OTH 756 - Occupational Science I****Credits:** 3

This course delves deeper into the underlying models, theories, philosophies, and framework of the occupational therapy profession. Students will apply these constructs to clients across the life-span and in various settings.

**Course/Lab Fee:** No**Grade Mode:** Normal (A-F,I,W)**Recommended:** OTH876 Occupational Science II

OTH896 Occupational Science III

**Schedule Type:** Lecture, Interactive Online**College Code:** CHHS

## OTH 759 - Emerging Roles and Practice Areas for the Occupational Therapist

**Credits:** 2

Non-traditional and emerging roles and practice areas for occupational therapists will be examined and explored in conjunction with the evolving healthcare system and academic opportunities. Students will have the opportunity to implement an evidence-based project into an emerging area of practice.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## OTH 764 - Physiological Basis for Exercise Prescription: Level II

**Credits:** 3

Advanced clinical reasoning and application for precision therapeutic exercise design, dosing, and delivery. Topics: hand-held dynamometry, exercise design, optimal improvement, 4 outcome domains, lower quadrant, spine

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** OTH741 Physiological Basis for Exercise Prescription: Level I

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## OTH 774 - Physiological Basis for Exercise Prescription: Level III

**Credits:** 1

Mastery of the application of precision therapeutic exercise design, dosing, and delivery is demonstrated through a comprehensive theoretical exam and a lab-based oral practical with clinical discussion derived from case studies submitted by the student. Upon satisfactory completion, Certified Manual Exercise Therapist (CMET) credential is awarded.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** OTH741 Physiological Basis for Exercise Prescription: Level I  
OTH764 Physiological Basis for Exercise Prescription: Level II

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## OTH 783 - Applied Research in Occupational Therapy

**Credits:** 3

Students will develop and execute an applied research project related to occupational therapy. This project has the possibility to be expanded into a dissertation project.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** OTH700, OTH732, OTH840

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## OTH 800 - Teaching Practicum

**Credits:** 2

This course provides students with a semester-long supervised teaching experience. Students will be paired with an experienced teacher (mentor) in their field of rehabilitation expertise and will participate in their mentor's course in activities such as developing instructional materials, teaching selected portions of the course, and preparing and grading assessments.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** OTH744, OTH748, OTH756, OTH759, OTH783, OTH854, OTH876, OTH896.

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**College Code:** CHHS

## OTH 840 - Statistics for Health Sciences

**Credits:** 3

This course is designed to prepare students to match research questions with study design, perform the appropriate statistical analysis, and report results. Students use SPSS to run descriptive and inferential statistics including measures of central tendency and variability of a frequency distribution as well as tests of difference or relationship: t-tests, ANOVAs, correlations, regression analysis, Chi-square and non-parametric equivalents. This course is available as on-campus and interactive online.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** CHHS

## OTH 846 - Integration of Spirituality in Health Care

**Credits:** 3

A discussion of individual spiritual values; spiritual values from a Christian perspective; how faith and spirituality facilitate the healing process, and how these can be incorporated into patient care. Attention will be given to discerning/addressing the spiritual needs of the patients/clients, family members and ancillary medical staff in a professional environment. This course is only available interactive online.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## OTH 854 - Advocacy in Occupational Therapy

**Credits:** 3

Reviews the historical impact of major legislation on occupational therapy practice. Investigates current trends and challenges in the occupational therapy profession and explores the importance of professional advocacy. Students will examine legal, moral, ethical and public policy challenges occupational therapists face in a variety of settings including administration, academics, clinical practice and research.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## OTH 860 - Research Applications

**Credits:** 2

This course is designed to further develop the researchers' skills through the application of the research process. Principles of evidence-based practice will be applied utilizing critical thinking to analyze and interpret published research. Through the development of a research question, the learner will apply the skills needed to write and progress through the various steps of the research process, including basic skills of data collection, analysis, interpretation and principles of effective dissemination of research findings.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Interactive Online

**College Code:** CHHS

## OTH 876 - Occupational Science II

**Credits:** 3

This course examines the science of participation and performance of persons in their environments incorporating theories and research.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** OTH756 Occupational Science I

**Recommended:** OTH896 Occupational Science III

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## OTH 896 - Occupational Science III

**Credits:** 3

This course examines the science of participation and performance of populations and communities incorporating theories and research.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** OTH756 Occupational Science I

OTH876 Occupational Science II

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## OTH 898 - Dissertation Project

**Credits:** 1-6

Serves as an essential outcome component to augment the professional development and new learning that occurs in didactic course work of the post-professional doctoral degree and demonstrates the ability of the DScOT to make significant contributions to the profession and/or serve as a change agent in the field of occupational therapy.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CHHS

## Physical Therapy

### PHTH 417 - Human Anatomy

**Credits:** 3  
Comprehensive study of human anatomy covering all systems of head, neck, trunk, and extremities. A solid morphological basis for a synthesis of anatomy, physiology, and clinical sciences provided. Dissection and identification of structures in the cadaver, and the study of charts, models, and prosected materials.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PHTH 427  
**Prerequisite(s):** BIOL 221, BIOL 222 or BIOL 165, BIOL 166 or equivalent. See instructor for additional requirements.  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PHTH 420 - Topics in Comparative Religion

**Credits:** 3  
This course surveys the major religious traditions of the world. Study includes an overview of origins; major philosophical and theological underpinnings; typical aspects of worship and ethics; and major social, cultural, and political influences. Study is done from a consciously Christian framework.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### PHTH 427 - Human Anatomy Laboratory

**Credits:** 1  
Study of the prosected extremity, head and neck anatomy, and dissection of the abdominal and thoracic organ systems.

**Course/Lab Fee:** Yes  
Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PHTH 417  
**Prerequisite(s):** same as for PHTH 417 .  
**Schedule Type:** Lab  
**College Code:** CHHS

### PHTH 480 - Physical Therapy Clinical Experience

**Credits:** 0–5  
A course which provides hands-on, patient contact experiences in a variety of settings. The clinical experiences are coordinated to correspond to the requirements of the physical therapy program. As a facilitator, the clinical instructor will assist in developing the student's clinical thinking skills. The student is expected to become independent with the evaluation and treatment of noncomplex patients within that practice setting. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students  
**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable up to 5 credits  
**Schedule Type:** Practicum  
**College Code:** CHHS

### PTH 501 - DPT Orientation

**Credits:** 0  
This orientation course reviews the principle and practices underlying the Curriculum and Instruction of the DPT Program. This course also facilitates bonding with cohort classmates to enrich the students' experience in the DPT program and assists the student and cohort in emulating the core values of the School. Students will learn and apply the concepts of Strengths, Emotional Intelligence, GRIT and

Metacognitive Learning Strategies. Mandatory for all incoming DPT students.

**Course/Lab Fee:** No  
Yes, 500–599 courses that qualify for undergraduate-level credit  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CHHS

### PTH 505 - Anatomy

**Credits:** 4  
A comprehensive study of human anatomy with emphasis on the nervous, skeletal, muscle, and circulatory systems. Introduction to basic embryology and its relation to anatomy and the clinical sciences concludes the course. Provides a solid morphological basis for a synthesis of anatomy, physiology, and the physical therapy clinical sciences. Co requisite: PTH410.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 515  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 509 - Principles of Therapeutic Exercise

**Credits:** 2  
This course is designed to provide the student with fundamental principles of therapeutic exercise to develop and implement exercise interventions associated with specific impairments and assess patient responses during exercise and in response to training over time. Discussion of specific pathological conditions in relation to exercise testing and prescription and the process of clinical decision-making will be presented.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH519  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 510 - PT Assessment Skills

**Credits:** 3  
Introduction to assessment principles and examination skills utilized in all areas of physical therapy. The PT Guide to Physical Therapy Practice is referenced for the basic skills required in the assessment, intervention and documentation guidelines. Co requisite: PTH425.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 520  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 513 - Health Promotion and Wellness I

**Credits:** 1,2  
Analysis and application of prevention, health promotion, wellness and fitness for individuals, groups and communities. Examination and application of education theory and skills. An exploration of the role of the physical therapist in teaching, learning and leadership in the classroom, clinical setting and community.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 515 - Anatomy Laboratory

**Credits:** 3  
Dissection and identification of structures in the cadaver supplemented with the study of charts, models, prosected materials and radiographs are utilized to identify anatomical landmarks and configurations. Co requisite: PTH400.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 505  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 516 - Pathokinesiology

**Credits:** 3  
The study of human movement including an introduction to the basic concepts of biomechanics with an emphasis on human joint/muscle structures and function,

advancing to analysis of body mechanics, normal gait analysis, and pathological movement analysis. Joint abnormalities will be identified using radiographs, related to the resultant movement dysfunction. Prerequisites: PTH400 and 410. Co requisite: PTH426.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 505, PTH 515  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 518 - General Medicine

**Credits:** 2  
Physical therapy management of patients in general medicine, acute care, and subacute care settings with emphasis on examination, evaluation, establishment of prognosis, and intervention with relevant factors. Management of pain and physical complications after medical/surgical treatment. Management of special populations, including wound/burn care and pelvic health care.

**Course/Lab Fee:** No  
Yes, 500–599 courses that qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 528  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### PTH 519 - Principles of Therapeutic Exercise Laboratory

**Credits:** 2  
Practical demonstration and experience with responses to exercise, testing procedures, and exercise prescription, focusing on activities appropriate for clinical situations. Tests and interventions noted in the Physical Therapy Guide to Practice are highlighted.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH509 .  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 520 - PT Assessment Skills Laboratory

**Credits:** 3  
Basic examination skills including surface palpation of specific underlying muscle and bone structures, joint motion (goniometry), manual procedures for testing muscle strength, sensation, vital signs, limb girth and volumetric measurement will be practiced. Clinical application in basic physical therapy care procedures will be introduced. Co requisite: PTH415.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 510  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 525 - Therapeutic Interventions

**Credits:** 3  
Basic principles, physiologic effects, indications and contraindications, application and usage of equipment, and intervention rationale for hydrotherapy, thermal agents, wound care, massage, electrotherapy and mechanotherapy (traction) and other therapeutic interventions.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 535  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 526 - Pathokinesiology Laboratory

**Credits:** 2  
Biomechanical and observational analysis of normal and abnormal human movement. Integration of basic examination skills with gait and movement analysis.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 505, PTH 515  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 528 - General Medicine Laboratory

**Credits:** 1  
Practice in examination and evaluation modified for the acute-care and sub acute environment. Applications include functional examination procedures, following precaution and safety procedures of hospital equipment, pelvic health exercises, modification of interventions for acute care, and appropriate documentation for inpatient physical therapy.

**Course/Lab Fee:** No  
Yes, 500–599 courses that qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 518  
**Schedule Type:** Lab  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### PTH 530 - Pathophysiology I

**Credits:** 2  
Sequence studying disease processes affecting major body systems and the resulting anatomical and pathophysiological changes. Clinical presentations and treatment of patients with those disease processes are presented, as well as diagnostic tests and laboratory values used to identify pathological conditions.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PTH 505 and PTH 515  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 535 - Therapeutic Interventions Laboratory

**Credits:** 2  
Supervised practicum includes patient positioning and application of the therapy to obtain desired physiological response. Techniques of hydrotherapy, thermal agents, wound care, and massage, as well as specific electrotherapy and mechanotherapy treatments and assessment of physiological responses to those treatments.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 525  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 562 - Topics in Comparative Religion

**Credits:** 2  
This course surveys the major religious traditions of the world. Study includes an overview of origins; major philosophical and theological underpinnings; typical aspects of worship and ethics; and major social, cultural, and political influences. Study is done from a consciously Christian framework.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 565 - Neuroscience and Motor Control

**Credits:** 3  
An examination of the basic anatomy and function of the central and peripheral nervous system with an emphasis on those structures involved in the control of human movement. Students are introduced to terminology and concepts associated with normal and abnormal function of selected areas of the neuraxis. This course provides the foundation for the neurology sequence.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 575  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 575 - Neuroscience and Motor Control Laboratory

**Credits:** 1  
Study of the prosected central and peripheral nervous tissues, models and charts. Imaging will be used to compare normal to abnormal CNS presentation. Portions of lab will concentrate on making connections between neurologic structures and their role in controlling human movement.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 565

**Schedule Type:** Lab

**College Code:** CHHS

### PTH 585 - Remediation in:

**Credits:** 1

Remediation of selected topics in Physical Therapy. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** No

Yes, 500–599 courses that qualify for undergraduate-level credit

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture/Lab

**Special Approval:** Instructor permission required

**College Code:** CHHS

### PTH 595 - Independent Study/Readings/Research/Projects

**Credits:** 1–4

Permission of the department chair required prior to registration for all independent work.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable up to 8 credits

**Schedule Type:** Independent

**College Code:** CHHS

### PTH 613 - Health Promotion and Wellness II

**Credits:** 1,2

Advanced evaluation and application of personal and interpersonal principles of leadership, prevention, health promotion, wellness and fitness for individuals, groups and communities. Synthesis of the role of Physical Therapists in teaching, learning and leadership through design and integration of a community assessment and prevention of disability service project.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PTH513 Health Promotion & Wellness I

**Schedule Type:** Lecture

**College Code:** CHHS

### PTH 626 - Prosthetics & Orthotics

**Credits:** 2

Study of orthotics and prosthetics including the evaluation, application, and management of individuals with limb loss and limb impairment requiring orthotic and/or prosthetic intervention. Application of these devices in physical therapy to maximize functional independence.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**College Code:** CHHS

### PTH 670 - Written Comprehensive Exam I

**Credits:** 0

Assesses the student physical therapist's ability to understand and apply concepts from the foundational and introductory clinical sciences to the practice of physical therapy.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Independent

**College Code:** CHHS

### PTH 707 - Principles of Contemporary Leadership in Women's Health

**Credits:** 3

This course serves as a foundational exploration of personal and organizational leadership to empower women at various stages of their healthcare careers to succeed in leadership positions, transforming organizations and positively impacting health outcomes. The following topics in women's leadership are included: theory and application of complexity sciences to organizational management; examination and application of leadership styles; developing talent in others to expand opportunities for women's growth; dynamic and persuasive communication; harnessing social media to promote healthcare leadership goals; emotional intelligence; building and leading teams; and negotiating difficult conversations. Additional content focused specifically on the needs of women and their relevance to leadership in women's health include: Epidemiology; Population

health-focused screening; Telehealth/Digital health; Health Policy; Global WH issues; Nutrition; and Self-care.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Interactive Online

**College Code:** CHHS

### PTH 713 - Women, Health and Human Rights

**Credits:** 1

This course provides fundamental instruction in human rights, the human right to health, and explores the meaning of applying a human rights framework to healthcare. It further applies these concepts to the experience of women and girls, addressing gender equity, gender-based violence, maternal health, and education.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

### PTH 855 - Supervised Clinical Practice: Women's Health

**Credits:** 1

Advanced supervised clinical practice; must be concentrated in women's health (for example clients with a diagnosis of obstetrical trauma/pregnancy/Post-Partum, Urinary Incontinence, Pelvic Organ Prolapse, Gastrointestinal, Breast Cancer, Gynecologic Cancers, Pelvic Pain ). Supervision must be provided by an experienced women's health clinician (WCS or PRPC, preferred) and may include an experienced practitioner with > one domain of content expertise (Ex: female sexual health, pelvic pain specialist). The objective of this course is for students to seek supplemental and deeper knowledge in one or more areas of practice and does not require broad exposure to all aspects of practice. A minimum of 30 hours is required.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** PTH 705, PTH 707, PTH 713, PTH 714, PTH 723, PTH 724, PTH 755, PTH 775

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**Term Offering:** Fall, Spring, Summer

**College Code:** CHHS

### PTH 881 - Clinical Education I

**Credits:** 4

Advanced full-time clinical experience (8-10 weeks each) in a variety of professional practice settings. One of the internships must be in outpatient orthopedics, inpatient, and a neurology setting. Thirty-six to forty hours per week.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Practicum

**College Code:** CHHS

### PTH 882 - Clinical Education II

**Credits:** 4

Advanced full-time clinical experience (8-10 weeks each) in a variety of professional practice settings. One of the internships must be in outpatient orthopedics, inpatient, and a neurology setting. Thirty-six to forty hours per week.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Practicum

**College Code:** CHHS

### PTH 883 - Clinical Education III

**Credits:** 5

Advanced full-time clinical experience (8-10 weeks each) in a variety of professional practice settings. One of the internships must be in outpatient orthopedics, inpatient, and a neurology setting. Thirty-six to forty hours per week.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Practicum

**College Code:** CHHS

### PTH 884 - Clinical Education IV

**Credits:** 5

Advanced full-time clinical experience (8-10 weeks each) in a variety of professional practice settings. One of the internships must be in outpatient orthopedics, inpatient, and a neurology setting. Thirty-six to forty hours per week. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Schedule Type:** Practicum  
**College Code:** CHHS

### PTH 885 - Clinical Education 1

**Credits:** 6  
Advanced full-time clinical experience (12-14 weeks each) in a variety of physical therapy practice settings involving patients/clients with diseases and conditions representative of those typically seen across the lifespan and continuum of care. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** PTH680 Clinical Practicum  
**Schedule Type:** Practicum  
**College Code:** CHHS

### PTH 886 - Clinical Education 2

**Credits:** 6  
Advanced full-time clinical experience (12-14 weeks each) in a variety of physical therapy practice settings involving patients/clients with diseases and conditions representative of those typically seen across the lifespan and continuum of care. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** PTH680 Clinical Practicum

PTH885 Clinical Education 1  
**Schedule Type:** Practicum  
**College Code:** CHHS

### PTH 887 - Clinical Education 3

**Credits:** 6  
Advanced full-time clinical experience (12-14 weeks each) in a variety of physical therapy practice settings involving patients/clients with diseases and conditions representative of those typically seen across the lifespan and continuum of care. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** PTH680 Clinical Practicum

PTH885 Clinical Education 1

PTH886 Clinical Education 2  
**Schedule Type:** Practicum  
**College Code:** CHHS

## Physical Therapy (Professional & Post-Professional)

### PTH 507 - Applied Clinical Anatomy & Kinesiology

**Credits:** 3  
Lecture/lab course studying regional anatomy and biomechanics as they relate to normal movement and the potential development of movement dysfunctions. Correlations between pathomechanics, clinical presentation of pathology and decision making for therapeutic interventions will be drawn.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 540 - Pathophysiology II

**Credits:** 2  
Sequence studying disease processes affecting major body systems (not covered in PTH 530 – Pathophysiology I) and the resulting anatomical and pathophysiological changes. Clinical presentations and treatment of patients with those disease processes considered, as well as diagnostic tests and laboratory values used to identify pathological conditions.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PTH 530  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 542 - Physiological Basis for Exercise Prescription: Level II

**Credits:** 2  
Expanding on the knowledge presented in Level I, this course will go into more complex scenarios of patient impairments and more in depth spinal rehabilitation including advanced computer software training.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 545 - Advanced Clinical Physiology

**Credits:** 3  
The review of human physiological function of the major body systems with clinical application to musculoskeletal, cardiovascular and pulmonary conditions. Detailed information on exercise physiology will be discussed along with clinical applications among patients with compromised health.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 580 - Introduction to Orthopedic Physical Therapy

**Credits:** 1  
Medical lectures covering selected topics in orthopedics, including common orthopedic diseases and the use of diagnostic testing and imaging in the orthopedic field. History taking, the subjective examination and cervical and lumbar scanning exams are taught.

Swing course—Approved 500–599 courses qualify for undergraduate-level credit  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 589 - Professional Seminar

**Credits:** 1,2  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Seminar  
**College Code:** CHHS

### PTH 601 - Orthopedics I

**Credits:** 2  
Presentation of fundamental physical therapy knowledge in the assessment and intervention of a patient with both acute and chronic conditions of the extremities. Screening of the cervical and lumbar spine prior to tests is covered, progressing to complete assessment and treatment of extremity joint pathologies. Diagnostic tests and results pertinent to the orthopedic patient are related to a physical therapy differential diagnosis.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 611.  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 602 - Orthopedics II

**Credits:** 2  
A continuation of the presentation of information regarding orthopedic pathology of the spine with emphasis on treatment techniques for the different pathologies from a physician and physical therapist's perspective. A decision making model focusing on a differential diagnosis is incorporated throughout the course.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 612.  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 606 - Pharmacology in Physical Therapy

**Credits:** 1  
Introduction to the general principles of pharmacology including pharmacokinetics and the development of a non-prescriptive knowledge of drug nomenclature, classification and medications specifically impacting physical therapy practice.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CHHS

## PTH 611 - Orthopedics I Laboratory

**Credits:** 2

Clinical application and practice in the special techniques to assess and treat acute and chronic orthopedic pathologies of the extremities and spine.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 601

**Schedule Type:** Lab

**College Code:** CHHS

## PTH 612 - Orthopedics II Laboratory

**Credits:** 2

Designed for practice of the special techniques required in the assessment of intervention of acute and chronic orthopedic pathologies of the cervical, thoracic, and lumbar spine.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 602.

**Schedule Type:** Lab

**College Code:** CHHS

## PTH 616 - Scholarly Inquiry and Dissemination I

**Credits:** 1

Introduction to the principles and practice of research including: research and null hypothesis, research questions, research design, research ethics and IRB protocol, sampling, validity and reliability, methodology, hypothesis testing and critical evaluation of physical therapy literature. Knowledge of the concepts needed for writing a graduate research proposal is interwoven throughout this course to prepare students for the Capstone Project.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## PTH 617 - Scholarly Inquiry and Dissemination II

**Credits:** 1

Application of the principles and practice of research, including designs, IRB, ethics, hypothesis testing and critical evaluation of clinical literature as they relate to preparation of the Capstone Research Project. Preparation and development of a graduate research proposal is interwoven throughout this course.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## PTH 622 - Research Statistics

**Credits:** 1

Fundamental procedures in collecting, summarizing, presenting, analyzing, and interpreting statistical data. Statistical tests applied to medical specialties.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 632.

**Schedule Type:** Lecture

**College Code:** CHHS

## PTH 625 - Cardiopulmonary

**Credits:** 2

Lectures covering selected topics in cardiopulmonary medicine, focusing on clinical presentation, diagnostic tests, and medical and physical therapy interventions.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 635.

**Schedule Type:** Lecture

**College Code:** CHHS

## PTH 627 - Orthotics and Prosthetics

**Credits:** 1

Prosthetic management of amputees, management of patients with disabilities requiring orthotic intervention, and application/management of traction and orthotic devices.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 637.

**Schedule Type:** Lecture

**College Code:** CHHS

## PTH 632 - Research Statistics Laboratory

**Credits:** 1

Practice in the computation of statistical data using appropriate formulas. Practical

applications of techniques in research and statistical computations including probability, normal distribution, Chi Square, correlations, and linear regressions.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 622.

**Schedule Type:** Lab

**College Code:** CHHS

## PTH 635 - Cardiopulmonary Laboratory

**Credits:** 1

Emphasis on physical therapy assessment and intervention with cardiac and pulmonary patients. Practice of relevant techniques, such as stress testing, percussion, pulmonary function tests and breathing techniques, as well as other techniques identified in the Physical Therapy Guide to Practice.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 625.

**Schedule Type:** Lab

**College Code:** CHHS

## PTH 637 - Orthotics and Prosthetics Laboratory

**Credits:** 1

Practice of the physical therapy techniques required in the application of orthotic and prosthetic devices. Special attention given to gait and function. Selected topics such as wheelchair modifications, miscellaneous ortho-rehab apparatus, and other assistive/adaptive devices included.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 627.

**Schedule Type:** Lab

**College Code:** CHHS

## PTH 640 - Pediatrics

**Credits:** 2

An overview of embryologic development, followed by normal infant/child development to 5 years of age with an emphasis on motor development. Identification of assessment techniques for infants and children with normal and abnormal development. Description of various pediatric pathologies encountered in physical therapy with appropriate corresponding assessment and treatment approaches.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** PTH 650

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CHHS

## PTH 645 - PT Administration

**Credits:** 3

A study of the organizational structures, operations, and financing of healthcare delivery institutions and an examination of the organization and interrelationship of their professional and support elements. Application of current health care management strategies and theory are related to the acute-care facility and independent practice.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

## PTH 646 - Integration of Spirituality in Health Care

**Credits:** 2,3

A discussion of spiritual values from a Christian perspective, how faith and spirituality facilitate the healing process, and how these can be incorporated into patient care. Attention will be given to discerning and addressing the spiritual needs of patients/clients, family members, and ancillary medical staff in a professional environment.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CHHS

## PTH 647 - Differential Diagnosis

**Credits:** 2

Analysis of the clinical decision-making process, with special focus on clinical guidelines, Physical Therapy Guide to Practice, and differential diagnosis. Differential diagnosis is addressed through comparison of systemic signs and symptoms, as well as appropriate diagnostic tests which may indicate involvement of a problem outside of the scope of PT practice. For students in the DScPT

program, additional collaborative learning experiences include case study presentations and compilations of additional resources for use in the clinic.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### PTH 650 - Pediatrics Laboratory

**Credits:** 2  
Designed to evaluate and assess pediatric patients utilizing typical development standardized exams and observational skills. Establish a family-centered treatment plan for appropriate physical therapy interventions for children with impairments or disabilities.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 640  
**Schedule Type:** Lab  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CHHS

### PTH 651 - Neurology I

**Credits:** 2  
Review of basic neurophysiological mechanisms specific to nervous system dysfunction, related to clinical concepts in treatment of conditions affecting the nervous system, such as spinal cord injury, head injury, stroke, and selected peripheral pathologies. Emphasis on comparing and contrasting facilitation techniques.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 661.  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 652 - Neurology II

**Credits:** 2  
Continuation of PTH 651 - Neurology I, focusing on assessment and intervention with selected neurologic conditions. Common treatment techniques are compared with rationale for use of each.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 662.  
**Prerequisite(s):** PTH 651.  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 655 - Program Continuation

**Credits:** 0  
Students may register for this non-credit continuation course while clearing deferred grade (DG), incomplete (I) courses and/or deficiencies noted in the Foreign Credentialing Commission on Physical Therapy (FCCPT) Education Credential Review. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration. Requires program approval.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### PTH 661 - Neurology I Laboratory

**Credits:** 2  
Clinical application, rehabilitation practice, and techniques applied to nervous system dysfunction. Intervention techniques for conditions affecting the nervous system, such as spinal cord injury, head injury, stroke, and selected peripheral pathologies.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 651.  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 662 - Neurology II Laboratory

**Credits:** 2  
Clinical application, rehabilitation practice, and techniques applied to basic physiological and neurophysiological mechanisms specific to nervous system dysfunction. Focus on techniques appropriate for use with neurologic patients and evaluation of patient response to treatment.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 652.  
**Prerequisite(s):** PTH 661.  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 680 - Clinical Practicum

**Credits:** 1  
Practice of the knowledge and skills developed in the classroom and lab in a patient-care setting for DPT students. Students work under the direct supervision of a clinical instructor who is a licensed physical therapist clinician. The practicum consists of integrated physical therapy and interprofessional experiences on campus and in facilities affiliated with Andrews University.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Practicum  
**College Code:** CHHS

### PTH 685 - Integrated Clinical Practicum

**Credits:** 1-2  
Practice of the knowledge and skills developed in the classroom and lab in a patient-care setting for transitional DPT students. Students work under the direct supervision of a clinical instructor who is a licensed physical therapist. The practicum consists of physical therapy and interprofessional experiences on campus and in facilities affiliated with Andrews University. Forty (40) clinical hours per credit hour.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Practicum  
**College Code:** CHHS

### PTH 697 - Independent Learning Contract

**Credits:** 2  
The student, working with their advisor and following degree/course guidelines, will develop an independent 40-hour learning contract with a qualified clinical specialist to facilitate intensive focused clinical training in a field of study of their choosing.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### PTH 700 - Scholarly Writing & Research

**Credits:** 2  
This course is dedicated to the development of doctoral quality writing skills through guided practice of writing a literature review for a scientific paper in preparation for publishing work. This is a degree orientation course, which includes introduction to the degree(s), being oriented to the James White Library, including endnote training and instruction to the APTA Guide to Physical Therapy Practice.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning, Interactive Online  
**College Code:** CHHS

### PTH 701 - tDPT Orientation

**Credits:** 0  
The orientation course reviews the principles and practices underlying the Curriculum and Instruction of the tDPT program for on campus and off campus students. Proficiency testing of evaluation and treatment required for on-campus tDPT students. Required for all incoming tDPT students.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Seminar  
**College Code:** CHHS

### PTH 702 - Transition to DPT

**Credits:** 3  
Explores the role of the autonomous, Doctor of Physical Therapy in the United States.

Prepares the student to become a direct access Practitioner of choice through application of the examination, evaluation, diagnosis and prognosis, intervention

and outcomes, elements of the American Physical Therapy Association Patient Client Management Model. Study of the organizational structures, operations and financing of healthcare delivery in the United States.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 703 - Transition to DPT Laboratory

**Credits:** 2  
Practical application of Examination and treatment techniques including basic orthopedic and neurological tests and screening, and identification of need for referral. Students will demonstrate proficiency in patient handling, evaluation skills including history taking, review of systems, systems review and examination skills. Interventions, documentation, and billing needed for today's DPT will be covered.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 705 - Lifespan Considerations in Women's Health

**Credits:** 1  
Pertinent physiological, psychosocial, and biological milestones will be addressed through childhood, adolescence, early-, middle- and late adulthood. This will lead to improved understanding of normal development and aging, as well as special considerations for wellness, athletes and emerging health conditions for various life stages.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### PTH 708 - Post Operative Management of Common Orthopedic Surgeries

**Credits:** 2  
This course covers the surgical techniques, guidelines for acute postoperative management and principles needed to safely design a rehabilitation program which will enable the patient to return to their previous level of function.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Term Offering:** fall  
**College Code:** CHHS

### PTH 709 - Evidence Based Orthopedic Clinical Practice: A Research Review

**Credits:** 2  
This course covers an up-to-date understanding of evidence supporting the evaluation and treatment of orthopedic pathologies. Keys to a working knowledge of contemporary research methodology and design along with the ability to analyze results of published studies from the perspective of statistical analysis will be presented.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Term Offering:** Spring  
**College Code:** CHHS

### PTH 711 - Musculoskeletal Clinical Reasoning

**Credits:** 1  
A course intended to enhance the skills associated with clinical reasoning within the Physical Therapy setting. It will address the thought process that enters into every aspect of patient care in the practice of physical therapy, from the history to the physical exam; the differential diagnosis to the development of the prognosis; the plan of intervention to the eventual discharge.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** Corerequisite: PTH 721.  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 712 - Neuromuscular Clinical Reasoning

**Credits:** 1  
A continuation of PTH 711 Musculoskeletal Clinical Reasoning.

**Grade Mode:** Normal (A-F,I,W)  
444

**Corequisite(s):** PTH 722.  
**Prerequisite(s):** PTH 711.  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 714 - Pregnancy and Postpartum

**Credits:** 2  
Biopsychosocial case-based approach to maternal health for the physical therapist, from preconception through postpartum for low- and high- risk populations. Course will include current evidence and practice guidelines, physical examination, integrative interventions and wellness. 2-3 days on-campus to include additional lecture, lab, and small group work

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

### PTH 716 - Clinical Pharmacology

**Credits:** 2  
Develops a non-prescriptive knowledge of specific medications including indications, contraindications, precautions, adverse reactions, and dosage, especially as related to physiological effects of physical therapy interventions.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### PTH 721 - Musculoskeletal Clinical Reasoning Laboratory

**Credits:** 1  
A continuation of PTH 711. Labs are designed to reinforce specific skills (evaluative or therapeutic) applicable to each lecture topic.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 711.  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 722 - Neuromuscular Clinical Reasoning Laboratory

**Credits:** 1  
A continuation of PTH 721 Neuromuscular Clinical Reasoning Laboratory.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PTH 712.  
**Prerequisite(s):** PTH 721.  
**Schedule Type:** Lab  
**College Code:** CHHS

### PTH 723 - Pain Science and Persistent Pelvic Pain in Women's Health

**Credits:** 2  
Differential diagnosis and intervention of complex pelvic pain syndromes. The current evidence in pain science application to the pelvic region including examination, differential diagnosis of peripheral vs. central mediated pain algorithms and intervention techniques specific to this population. Includes 1 day on-campus lab

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab, Interactive Online  
**College Code:** CHHS

### PTH 724 - Surgical and Oncological Considerations in Women's Health

**Credits:** 1  
Anatomical and physiological changes leading to and resulting from surgery specific to females due to oncological and other diagnoses. Presentation of the pre and post-operative course of common women's health conditions including the examination and intervention of post-surgical sequela including tissue changes, lymphedema and wellness.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### PTH 726 - Geriatrics

**Credits:** 2  
Study of the unique characteristics of the geriatric patient, especially the physiological, psychological and social aspects, related to special needs in the physical therapy assessment, plan of care, and intervention.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 732 - Clinical Research

**Credits:** 2

This course provides an introduction to clinical research methods. Course content includes: formulating a research question, defining variables, designing the study, instrumentation, validity and reliability of measurement and design, data collection procedures, basic data analysis, and ethical and legal responsibilities of the researcher.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning, Interactive Online  
**College Code:** CHHS

### PTH 736 - Psychosocial Issues in Healthcare

**Credits:** 3

An introduction to psychosocial responses to illness and disability, especially the interpersonal relationships between the therapist, the family and the patient. Common psychiatric disorders are discussed along with their clinical diagnosis, treatment regimes, projected outcomes and methods for handling these responses in clinical situations.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 741 - Physiological Basis for Exercise Prescription: Level I

**Credits:** 3

Using the system of Medical Exercise Therapy founded by Odvar Holten, this course covers the physiological basis for exercise prescription specifically related to the healing process. Testing strategies, formulas for exercise dosing and equipment conducive to this approach will be presented along with computer software developed to assist dosage and patient tracking.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

### PTH 743 - Health Promotion and Wellness

**Credits:** 3

An exploration of the role of the physical therapist in teaching, learning and leadership in the classroom, clinical setting and community. Examination and application of education theory and skills. Analysis and application of prevention, health promotion, wellness and fitness for individuals, groups and communities. Identification of personal strengths and preferred leadership styles, and applications of personal and interpersonal principles of leadership. Synthesis of the role of Physical Therapist's in teaching, learning and leadership through design and integration of a community assessment and prevention of disability service project.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CHHS

### PTH 744 - Principles of Contemporary Leadership

**Credits:** 3

Theory and application of complexity sciences to organizational management; exploration of key leadership roles and changing paradigms; presentation of methods to maximize personal and professional life.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### PTH 748 - Educational Techniques for Health Care Professionals

**Credits:** 2

Examines and applies educational theory to skills utilized by the physical therapist in the classroom, community, and clinical facility. Topics include the educational role of the physical therapist, the taxonomies of learning, learning styles, multiple intelligence, and educational technology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning, Interactive Online  
**College Code:** CHHS

### PTH 750 - Professional Communication & Consulting

**Credits:** 2

An introduction to the integration of the physical therapist as consultant. Discussion will include applying physical therapy consultation services to individuals, business, schools, government agencies and/or other organizations.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning, Interactive Online  
**College Code:** CHHS

### PTH 753 - Level I Clinical Reasoning Tutorial

**Credits:** 1

Learn how to effectively and safely examine the lumbopelvic and cervical spine utilizing case based instruction. Enhance your ability to recognize clinical presentation that may indicate serious pathology, and gain the confidence to ensure your patient is within the scope of physical therapy practice. Through critical thinking combined with evidenced base practice techniques, apply the knowledge of pain science and behaviors, with biomechanics, anatomy and physiology to develop the proper evaluation and management techniques to restore optimal function in your patients.

**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### PTH 755 - Female Sexual Health and Function

**Credits:** 1

This course adopts an evidence-based and sex-positive approach to the understanding of female sexual health and function and exploring the role of the physical therapist in meaningful care related to this topic.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### PTH 763 - Level II Lower Clinical Reasoning Tutorial

**Credits:** 1

Learn how to effectively and safely examine the lumbar spine, functional hip, knee and talocalcral and subtalar joint utilizing case based instruction. Enhance your ability to recognize clinical presentation that may indicate serious pathology, and gain the confidence to ensure your patient is within the scope of physical therapy practice. Through critical thinking combined with evidenced base practice techniques, apply the knowledge of functional biomechanics, anatomy and physiology to develop the proper evaluation and management techniques to restore optimal function in your patients. Specific lumbar traction as well as lower extremity manipulations will be introduced, in case based questions, requiring proper acknowledgement of indications and contraindications to manual techniques.

**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### PTH 764 - Physiological Basis for Exercise Prescription: Level II

**Credits:** 3

Advanced clinical reasoning and application for precision therapeutic exercise design, dosing, and delivery. Topics: hand-held dynamometry, exercise design, optimal improvement, 4 outcome domains, lower quadrant, spine

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PTH 741  
**Schedule Type:** Lecture/Lab, Interactive Online  
**College Code:** CHHS

### PTH 765 - Ethical & Legal Issues in Healthcare

**Credits:** 1

Contemporary ethical issues are explored, including the relationships among peers, superiors, subordinates, institutions, clients, and patients. Illustrations include actual cases related to Christian biblical principles.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CHHS

### PTH 768 - Professional Compendium

**Credits:** 1

Exploration and application of practical skills for DPT professionals; includes preparation of a professional portfolio, interviewing practice, personal financial literacy and planning, evaluating continuing education options, and preparation for

professional licensure examination.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CHHS

### PTH 770 - Practical Comprehensive Examination

**Credits:** 0

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

### PTH 773 - Level II Upper Clinical Reasoning Tutorial

**Credits:** 1

Learn how to effectively and safely examine the cervical spine, functional shoulder, elbow and hand utilizing case based instruction. Enhance your ability to recognize clinical presentation that may indicate serious pathology, and gain the confidence to ensure your patient is within the scope of physical therapy practice. Through critical thinking combined with evidenced base practice techniques, apply the knowledge of functional biomechanics, anatomy and physiology to develop the proper evaluation and management techniques to restore optimal function in your patients. Specific cervical joint mobilization as well as upper extremity manipulations will be introduced, in case based questions, requiring proper acknowledgement of indications and contraindications to manual techniques.

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

### PTH 774 - Physiological Basis for Exercise Prescription: Level III

**Credits:** 1

Mastery of the application of precision therapeutic exercise design, dosing, and delivery is demonstrated through a comprehensive theoretical exam and a lab-based oral practical with clinical discussion derived from case studies submitted by the student. Upon satisfactory completion, Certified Manual Exercise Therapist (CMET) credential is awarded.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Prerequisite PTH 741 ,PTH 764 Physiological Basis for Exercise Prescription: Level II

**Schedule Type:** Independent

**College Code:** CHHS

### PTH 775 - Advanced Gastrointestinal Health and Dysfunction

**Credits:** 2

A comprehensive approach to gastrointestinal disorders including bowel and digestion dysfunction. This approach allows for the consideration of management of multiple factors including nutritional, psychosocial, medical-surgical decisions, and physical therapy examination/intervention advanced intervention. A multifactorial approach can often lead to improved management of this complex patient as a varied intervention approach may be required to be successful. A comprehensive understanding of the physiology and symptom manifestation can improve the ability to develop a comprehensive intervention strategy tailored to each patient's needs throughout the episode of care. Includes 1 day on-campus lab.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** CHHS

### PTH 780 - Advanced Clinical Practicum

**Credits:** 1,2

Advanced practice of skills developed and applied during the Integrated Clinical Practicum, in an off-campus physical therapy practice setting affiliated with Andrews University. Students work under the direct supervision of a clinical instructor who is a licensed physical therapist. This experience can be full or part time as determined after consultation between student and Advisor/Program Director. Eighty (80) clinical hours per credit hour.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** PTH685 Integrated Clinical Practicum

**Repeatable:** Repeatable up to 4 credits

**Schedule Type:** Practicum

**College Code:** CHHS

### PTH 788 - Research Project Continuation

**Credits:** 0

Students register for this continuation course while completing their capstone

project and not enrolled in other program courses. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration which includes library privileges and access to an advisor. Requires advisor approval.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CHHS

### PTH 790 - Topics in \_\_\_\_\_

**Credits:** 1–12

Selected topics in physical therapy.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Specific prerequisites may be required for some subject areas.

**Repeatable:** Repeatable

**Schedule Type:** Lecture, Independent, Interactive Online

**College Code:** CHHS

### PTH 799 - Research Project (topic)

**Credits:** 1–4

Provides students with guidelines and supervision for data collection, analysis, capstone project preparation and oral presentation.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 4 credits

**Schedule Type:** Independent

**College Code:** CHHS

### PTH 806 - Teaching in Higher Education

**Credits:** 3

This course is designed to provide foundational skills and strategies to graduate students and newly hired university faculty. The course provides opportunities for exploration and practice of several instructional approaches, assessment practices, and innovation in the higher education classroom. This course offers the opportunity for participants to discuss current and relevant issues related to the profession.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

### PTH 810 - Effective Assessment of Learning

**Credits:** 3

Exploration and application of effective assessment practices and technology tools for measuring and documenting student learning and development.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

### PTH 818 - Clinical Screening & Differential Diagnosis

**Credits:** 3

Knowledge and clinical skills designed for screening patients for medical conditions. Differential diagnosis is addressed through comparison of systematic signs and symptoms. Appropriate diagnostic tests which may indicate involvement of a problem outside the scope of PT practice are addressed. Enhances professional communication with other healthcare practitioners included in the referral process.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** CHHS

### PTH 820 - Accreditation in Physical Therapy Programs

**Credits:** 3

Exploration of the history and purpose of accreditation in physical therapy programs. Study and application of the accrediting agency requirements for physical therapy programs. Participants will have the opportunity to prepare documents required of faculty by each relevant accrediting body.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

## PTH 825 - Course Design

**Credits:** 3

The study of specific curriculum design models to aid with the analysis, development, and improvement of curriculum at specific educational levels. Includes development of a curriculum unit and a semester-long course for adult learners.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

## PTH 830 - Medical Diagnostics

**Credits:** 2

Addresses imaging, body chemistry values and data derived from musculoskeletal, neurologic, vascular, cardiac and pulmonary testing with the purpose of understanding the disease process. Application of knowledge will determine differential diagnoses.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Interactive Online

**College Code:** CHHS

## PTH 834 - Lifestyle Medicine and Pain Management

**Credits:** 2

This course will prepare the student to demonstrate critical awareness of the role of health promotion, wellness and prevention in pain management, through a lifestyle medicine approach. Components of lifestyle medicine include nutrition, exercise, the use of water, sunshine, temperance, fresh air, rest, and trust in God. Additionally, the student will demonstrate an understanding of other interventions and modalities, such as taping, electrophysical modalities, hydrotherapy and ultrasound to enhance the stage of healing in order to optimize rehabilitation of the neuromuscular system.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** CHHS

## PTH 835 - Holistic Care in Physical Therapy

**Credits:** 2

This course will give the physical therapist a method of analysis and a wealth of practical information to evaluate more than just mechanical factors that affect pain, symptoms and disease progression. Application of this material will allow the therapist to be more effective with the same number of physical therapy visits. This course will provide the knowledge and skill needed to bring confidence in treating more complex patients and patients that do not respond to mechanical treatment only. Course content includes functional medicine, chronic pain physiology, traumatic brain injury and post-Concussion Syndrome, and other challenging dysfunctions physical therapists treat in the complex patient.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, , Interactive Online, Lecture/Lab

**College Code:** CHHS

## PTH 836 - Medical Screening & Clinical Differential Diagnosis

**Credits:** 2

Knowledge and clinical skills designed for screening patients for medical conditions. Differential diagnosis is addressed through comparison of systematic signs and symptoms.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning, Interactive Online

**College Code:** CHHS

## PTH 840 - Statistics for Health Sciences

**Credits:** 3

This course is designed to prepare students to match research questions with study design, perform the appropriate statistical analysis, and report results. Students use SPSS to run descriptive and inferential statistics including measures of central tendency and variability of a frequency distribution as well as tests of difference or relationship: t-tests, ANOVAs, correlations, regression analysis, Chi-square and non-parametric equivalents.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** CHHS

## PTH 841 - Gateway to Musculoskeletal Therapy: Lumbopelvic & Cervical

**Credits:** 3

Application of clinical reasoning and differential diagnosis through formulating illness scripts based upon a comprehensive musculoskeletal examination of the lumbar and cervical spines. Evaluation to determine the appropriateness of physical therapy, need for a referral for signs and symptoms of serious pathology and generation of a provisional differential diagnosis of lumbar and cervical spinal dysfunction. Appraisal and application of pain science, including acute and chronic nociceptive mechanisms through clinical scenarios. Introduction to intervention techniques and management of common spinal pathologies, including soft tissue techniques and joint articulation techniques. Introduction to neuromuscular reeducation and therapeutic exercises to reinforce manual therapy treatment. Exploration of Dr. James Cyriax principles, including selective tissue tensioning examination. Course format: blended learning with on-campus lab intensives and online requirements.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** CHHS

## PTH 842 - Upper Quadrant Evaluation and Management

**Credits:** 3

Application of safe and effective comprehensive biomechanical musculoskeletal examination and evaluation of the upper quadrant (cervical spine, upper thoracic, shoulder, elbow, wrist, and hand). Heavy emphasis on biomechanics, introduced by Michael MacConnail and functional anatomy. Development of diagnosis and prognosis through clinical reasoning, recognition of signs and symptoms of upper extremity pathology, formulation of differential diagnosis, demonstration of ruling out serious pathology which may mimic upper extremity musculoskeletal dysfunction. Demonstration of appropriate interventions, of the upper quadrant, utilized by the physical therapist including joint articulation stability and mobility techniques, manipulation, neuromuscular reeducation, and therapeutic exercises prescription. Course format: blended learning with on-campus lab intensives and online requirements.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** CHHS

## PTH 843 - Lower Quadrant Evaluation and Management

**Credits:** 3

Application of safe and effective comprehensive biomechanical musculoskeletal examination and evaluation of the lower quadrant (lower thoracic and lumbar spines, hip, knee, ankle and subtalar joint). Development of diagnosis and prognosis through clinical reasoning, recognition of signs and symptoms of lower extremity pathology, formulation of differential diagnosis, demonstration of ruling out serious pathology which may mimic upper extremity musculoskeletal dysfunction. Introduction to lumbar spine locking techniques to navigate complex lumbar pathologies. Demonstration of appropriate interventions, of the lower quadrant, utilized by the physical therapist including joint articulation stability and mobility techniques, specific lumbopelvic stabilization and graded mobilization techniques,

manipulation, neuromuscular reeducation and therapeutic exercises prescription. Course format: blended learning with on-campus lab intensives and online requirements.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** CHHS

## PTH 844 - Integrated Evaluation and Management: Thorax

**Credits:** 2

Investigation of the visceral and biomechanical functions served by the thorax. Appreciation of the interplay between thoracic biomechanical and visceral problems. Analysis of essential normal function of the thoracic region for musculoskeletal health of the entire axial and appendicular skeleton. Comprehensive examination of the ribs and thoracic spine. Demonstration of interventions including mobilization and manipulative techniques, neuromuscular and therapeutic exercise prescription. Course format: blended learning with on-campus lab intensives and online requirements.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning  
**College Code:** CHHS

### PTH 845 - COMT Practical Comprehensive Examination

**Credits:** 0  
This oral practical comprehensive examination requires the participant to demonstrate proficiency in clinical reasoning and differential diagnosis, including proper screening for serious pathology. Testing content includes examination, evaluation, and management techniques: cervical, thoracic, lumbar and sacroiliac scanning examinations, Cyriax's STTT principles, localized spinal stability testing and appropriately graded mobilizations followed by neuromuscular reeducation and therapeutic exercise techniques for all spinal involvement. Additionally, surface anatomy and deep friction massage techniques to localized structures may be assessed, as well as peripheral joint stability, specific graded mobilizations and manipulations followed with the proper instruction of neuromuscular and therapeutic exercise prescription. Course format: On-campus practical examination.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Prerequisite(s):** Successful completion of PTH841, PTH842, PTH843, PTH844, and one (1) credit of PTH850 Supervised Clinical Practice  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### PTH 846 - Integration of Spirituality in Health Care

**Credits:** 2,3  
This course provides a discussion of personal spiritual values including how faith and spirituality facilitate the healing process and how these values can be incorporated into patient care. Attention will be given to discerning and addressing the spiritual needs of the patients/clients, family members, and ancillary medical staff in a professional environment. Information is presented from a Christian perspective with the intent to understand worldviews.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning, Interactive Online  
**College Code:** CHHS

### PTH 850 - Supervised Clinical Practice

**Credits:** 1-4  
Using a 3-to1 model, students will apply hands-on advanced manual therapy techniques on patients/clients under the supervision of an approved, certified manual therapy clinical instructor, or FAAOMPT. These hours can be split into increments as agreed upon by the student and CI, however, no less than 15 hours (1 semester credit) can be registered for at any given time.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** Successful completion of PTH841, PTH842, PTH843, PTH844  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Practicum  
**College Code:** CHHS

### PTH 860 - Research Applications

**Credits:** 2  
This course is designed to further develop the researchers' skills through the application of the research process. Principles of evidence-based practice will be applied utilizing critical thinking to analyze and interpret published research. Through the development of a research question, the learner will apply the skills needed to write and progress through the various steps of the research process, including basic skills of data collection, analysis, interpretation and principles of effective dissemination of research findings.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning, Interactive Online  
**College Code:** CHHS

### PTH 870 - Written Comprehensive Examination II

**Credits:** 0  
Assesses the student physical therapist's entry level preparedness to apply the concepts of the clinical sciences to safe and effective patient-centered care in the practice of physical therapy.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### PTH 875 - Advanced Neuromuscular Reeducation and Therapeutic Exercise

**Credits:** 2  
Study of neuromuscular reeducation, of the orthopaedic manual therapy patient, utilizing functional anatomy to explain the neurophysiological principles behind rehabilitating the sacroiliac joint, lumbar, thoracic and cervical spine. Focus on muscle testing strategies, formulas for exercise dosing and equipment conducive to specific therapeutic exercise.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**College Code:** CHHS

### PTH 880 - PT Seminar

**Credits:** 1  
Application of advanced skills from previous or new learning experiences relative to contemporary issues in physical therapy.

**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Seminar  
**College Code:** CHHS

### PTH 890 - Independent Study

**Credits:** 1-4  
Individualized study and/or research in a specialized area under the guidance of an instructor. Permission from the department chair required prior to registration.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable up to 8 credits  
**Schedule Type:** Independent  
**College Code:** CHHS

### PTH 891 - Integrated Evaluation and Management: Lower Quadrant

**Credits:** 3  
Examination of the regional interdependence of the lower quadrant. Development of global comprehensive advanced biomechanical musculoskeletal examination and evaluation skills, of the lower quadrant, utilized by the physical therapist in the clinical setting. This course builds on skills learned in previous courses to deepen the clinician's understanding of the kinetic chain interdependence. Integration of examination and evaluation to formulate the causal or contributory role of remote dysfunctions. Topics include: gait analysis, psoas pyramid, detailed foot musculoskeletal assessment and management, sacroiliac joint assessment and management, integration of the individual lower quadrant and lumbar/sacroiliac joint examinations into a larger regional diagnosis picture for examination and management. Course format: blended learning with on-campus lab intensives and online requirements.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

### PTH 892 - Integrated Evaluation and Management: Upper Quadrant

**Credits:** 3  
Examination of the regional interdependence of the upper quadrant. Development of global comprehensive advanced biomechanical musculoskeletal examination and evaluation skills, of the upper quadrant, utilized by the physical therapist in the clinical setting. This course builds on skills learned in previous courses to deepen the clinician's understanding of the kinetic chain interdependence. Integration of examination and evaluation to formulate the causal or contributory role of remote dysfunctions. Topics include: Differential diagnosis of trigeminal sources of pain, TMJ, the functional hand, integration of the individual upper quadrant and cervical joint examinations into a larger regional diagnosis picture for examination and management. Course format: blended learning with on-campus lab intensives and online requirements.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

### PTH 893 - Spinal Segmental Manipulation

**Credits:** 3  
Development of global comprehensive biomechanical musculoskeletal examination and evaluation skills, of the axial spine, utilized by the physical therapist in the clinical setting. Appraisal of spinal thrust indications and

contraindications, development of a differential diagnosis of spinal pathology appropriate for manipulations, creation of adaptations techniques. Course format: blended learning with on-campus lab intensives and online requirements.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

### **PTH 894 - Integrated Advanced Clinical Reasoning**

**Credits:** 2

Development of a global comprehensive biomechanical musculoskeletal examination and evaluation of the entire body, incorporating regional interdependence, by the physical therapist in the clinical setting. Mastery of advanced clinical reasoning and differential diagnosis skills using a case-based approach. Formulation of evaluation, diagnosis, prognosis and intervention while valuing regional interdependence in complex musculoskeletal dysfunctions. Course format: blended learning with on-campus lab intensives and online requirements.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** CHHS

### **PTH 895 - SMT Exam: Spinal Manipulative Therapist Exam**

**Credits:** 0

This oral practical comprehensive examination requires the participant to demonstrate proficiency in clinical reasoning and differential diagnosis, including proper screening for serious pathology. Examination focuses on clinical reasoning and the quadrant inter-relationships. Testing content includes joint mobilization/ manipulation (thrust) and soft tissue techniques to all parts of appendicular/extremity and axial/spinal skeleton, in addition to shoulder and pelvic girdles, as well as temporomandibular joint. The participant will defend each technique in terms of safety, specificity and grade and will articulate to the panel the neuromuscular reeducation and therapeutic exercises utilized to enhance the patient's prognosis. Course format: On-campus practical examination.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Prerequisite(s):** Successful completion of PTH845, PTH891, PTH892, PTH893, PTH894 and three (3) credits of PTH850 Supervised Clinical Practice  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

### **PTH 898 - Dissertation Project**

**Credits:** 1–10

Serves as an essential outcome component to augment the professional development and new learning that occurs in didactic course work of the post-professional doctoral degree and demonstrates the ability of the DPT/DScPT to make significant contributions to the profession and/or serve as a change agent in the field of physical therapy.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CHHS

# College of Professions

## College of Professions Structure

The College of Professions, formed in 2019, is comprised of the following schools and departments:

- Department of Aviation
- Department of Computing
- School of Architecture & Interior Design
- School of Business Administration
  - Department of Accounting, Economic & Finance
  - Department of Management & Marketing

## Mission

The College of Professions educates and prepares ethical and competent professionals through experiential learning to meet the expectations of an ever-changing global environment.

## Vision

Cultivating impactful, ethically-driven world leaders.

## Values

The College of Professions adheres to six core values:

## Integrity

Remaining consistent, honoring the principles, policies, and procedures, while maintaining high quality standards, whatever the circumstances.

## Individualized Consideration

Providing specialized opportunities and attention, utilizing community and institutional resources, to support every student based on their personalized level of need.

## Lifelong Learning

Pursuing continuous, voluntary, and self-motivated acquisition of knowledge, providing pathways for innovation, and elevating citizenship through excellence for students, faculty and staff alike.

## Teamwork

Pursuing a collaborative and cohesive effort from multiple individuals to achieve common goals involving interdependence through defined individual roles, responsibility, and trust.

## Relevant Experience

Equipping students with access to relevant experience within the context of their chosen field.

## Critical Thinking

Cultivating a culture of excellence that promotes the discerning evaluation of professional situations; embraced by students, faculty and staff alike.

## College of Professions Programs

### Department of Aviation

#### Associate of Technology

- Aviation, Flight Concentration AT
- Aviation, Maintenance Concentration AT

### Bachelor of Technology

- Aviation, Aviation Management - Flight Concentration BT
- Aviation, Aviation Management - Maintenance Concentration BT
- Aviation, Flight and Maintenance Concentration BT
- Aviation, Flight Concentration BT
- Aviation, Individualized Concentration BT
- Aviation, Maintenance Concentration BT

### Certificates

- Aircraft Maintenance Certificate
- Aviation Flight Certificate
- FAA Certification

### Minors

- Aviation Flight Minor
- Aviation Maintenance Minor

## Department of Computing

### Bachelor of Science

- Computer Science BS
- Computing BS
- Cybersecurity BS
- Data Science BS

### Minors

- Computing Minor
- Cybersecurity Minor
- Data Analytics Minor
- Data Science Minor
- Information Technology Minor

## School of Architecture and Interior Design

### Associates

- Architecture AS

### Bachelors

- Architectural Studies BS (Non-Professional)
- Architecture BSA (Professional Degree Track)
- Interior Design BID

### Undergraduate Minors

- Architectural Studies Minor

### Masters

- Architecture MArch (3 1/2 Year Track)
- Architecture MArch (5 1/2 Year Track)

## School of Business Administration

### Associate of Science

- Business AS

### Bachelor of Science

- Business Administration BS

### Bachelor of Business Administration

- Accounting BBA
- Accounting Analytics BBA
- Finance BBA
- Information Systems BBA

- International Business BBA
- International Business/Language Dual Degree BBA/BA
- Management BBA
- Marketing BBA
- Supply Chain Management BBA

## Mission

Andrews University's Department of Aviation develops aviation professionals, empowered to engage and lead in the adventure of the aviation industry and Christ's worldwide mission.

## Programs

For the aviation professional, the most competitive aviation program emphasizes both flight and maintenance. Therefore, the Department of Aviation strongly recommends completing a degree with both Flight and Aviation Maintenance emphases. Students wishing to enter a non-flying aviation career, may limit their specialization to Aviation Maintenance. Three programs are available: A four-year Bachelor in Aviation, a two-year Associate in Aviation, and a FAA certificate program. Students may select from available emphases for their area of study.

The Airpark is located about one mile from the central campus. Students should plan to arrange their own transportation to and from the airport.

## Associates

## Aviation, Flight Concentration AT

The AT in Aviation Flight prepares the individual for a career as a professional pilot. It provides the training to be eligible for the 1250-hour restricted ATP license. The

degree requires the completion of the Commercial Pilot Certificate with single and multi-engine ratings.

## Total Credits - 64

## Major - 46

#### Flight

- AFLT 110 - Basic Aircraft Systems **Credits: 3**
- AFLT 115 - Private Pilot Ground School **Credits: 5**
- AFLT 121 - Flight Training 1 **Credits: 3**
- AFLT 122 - Flight Training 2 **Credits: 3**
- AFLT 215 - Instrument Pilot Ground School **Credits: 5**
- AFLT 220 - Meteorology **Credits: 3**
- AFLT 226 - Flight Training 3 **Credits: 3**
- AFLT 227 - Flight Training 4 **Credits: 3**
- AFLT 305 - Commercial Pilot Ground School **Credits: 5**
- AFLT 321 - Flight Training 5 **Credits: 3**
- AFLT 322 - Flight Training 6 **Credits: 3**
- AFLT 323 - Flight Training 7 **Credits: 3**
- AFLT 324 - Flight Training 8 **Credits: 3**
- AFLT 426 - Multiengine Flight Training **Credits: 1**

## Maintaining Academic Standing

- Students must maintain minimum GPA of 2.5 in all aviation coursework and 2.25 cumulative overall.

## Graduation Requirements

- A Private Pilot Certificate, Instrument Rating, and a Commercial Certificate in Single-Engine Ratings and Commercial Certificate in Multi-Engine Ratings are required for AT flight option.

## Admission Requirements

- 1st Class FAA medical with Student Pilot Certificate is required prior to entry into the Flight program, or petition the department for a waiver.
- Flight students are required to produce proof of citizenship (passport or birth certificate) as well as a US/state government issued photo identification.

**Contact the Department of Aviation no later than July 15 to start the application process for TSA.**

- For ALL NON-U.S. CITIZENS planning to receive flight training as part of their degree program, an additional government application to the Transportation Security Administration (TSA), which includes an FBI background check, is required for each flight class. Students must receive department authorization before starting the TSA application process. **TSA AUTHORISATION IS REQUIRED BEFORE ANY FLIGHT CLASSES CAN BE STARTED.**
- TSA approval must be completed by the first week of the semester or the student must withdraw from all flight classes.
- International Students - A TOEFL score of 550 or equivalent must be on file before admission to the flight program. See the university bulletin section English Language Requirements for equivalent scores.
- Status as an aviation major is provisional until the student demonstrates satisfactory academic and performance skills. In order to proceed in the Flight program all students must successfully pass AFLT 122 and the Private Pilot Ground School as well as complete the private pilot written and flight check ride before being accepted into regular status in the flight program.
- Students are required to have an iPad (see Department of Aviation Charges).
- Credit by exam will only be approved for new students transferring in with previous FAA certificates subject to departmental approval.
- In addition to tuition, flight lab fees apply to all flight training courses (see Department of Aviation Charges).

## Resources

#### Student Handbook

A handbook for flight and maintenance students outlining policies, operational guidelines, and general information is available from the department office or is

online at the department website. Students are responsible for all policies outlined in the Department of Aviation Handbook.

## Student Learning Outcomes

The Department of Aviation is committed to the education and training of its students and strives to prepare them for productive careers in the aviation industry. The following are the Associate of Technology in Aviation Flight degree educational goals:

- Demonstrates an understanding of aircraft performance and design, systems, and operations.
- Exhibits an understanding of aviation safety and human factors.
- Demonstrates knowledge of safe operations within the national airspace, system.
- Demonstrates an understanding of meteorology and environmental issues.
- Obtains the appropriate Federal Aviation Administration certifications.

## Aviation, Maintenance

### Concentration AT

The AT degree in Aviation Maintenance prepares the student for work in the aviation industry as an aircraft maintenance technician. This degree requires the completion of the Airframe and Powerplant certificates. This degree can be completed in two years and one summer semester.

### Total Credits - 73

### Major - 52

- AVMT 108 - Applied Science for Aerospace Technicians **Credits: 4**
- AVMT 114 - Aircraft Basic Electricity **Credits: 2**
- AVMT 116 - Federal Regulations, Publications, Forms and Records **Credits: 2**
- AVMT 120 - Materials and Processes for Aircraft Structures **Credits: 4**
- AVMT 204 - Aircraft Electrical Systems **Credits: 2**
- AVMT 206 - Powerplant Electrical Systems **Credits: 4**
- AVMT 210 - Aircraft Systems **Credits: 4**
- AVMT 220 - Aircraft Fuels and Fuel Systems **Credits: 2**
- AVMT 226 - Engine Fuel Metering Systems **Credits: 2**
- AVMT 237 - Aircraft Hydraulic, Pneumatic, and Landing Gear Systems **Credits: 4**
- AVMT 304 - Aircraft Metal Structures **Credits: 4**

- AVMT 316 - Reciprocating Engine Systems and Overhaul **Credits: 7**

## Maintaining Academic Standing

- Students must maintain minimum GPA of 2.5 in all aviation coursework and 2.25 cumulative overall.

## Graduation Requirements

- An Aviation Maintenance Certificate with both Airframe and Powerplant ratings is required for graduation.

## Admission Requirements

- Admission into the maintenance program starts in the fall semester only.
- Status as an aviation major is provisional until the student demonstrates satisfactory academic and performance skills. Maintenance majors must successfully pass all general classes before continuing on to the Airframe or Powerplant.
- Students are required to have a Windows-compatible PC laptop (see Department of Aviation Charges).
- Required US/state government issued photo identification.

- International Students - A TOEFL score of 550 or equivalent must be on file before admission to the maintenance program can begin. See the university bulletin section English Language Requirements for equivalent scores.
- Credit by exam will only be approved for new students transferring in with previous FAA certificates subject to departmental approval.
- In addition to tuition, lab fees apply to all maintenance training courses (see Department of Aviation Charges).

## Resources

### Student Handbook

A handbook for flight and maintenance students outlining policies, operational guidelines, and general information is available from the department office or is online at the department website. Students are responsible for all policies outlined in the Department of Aviation Handbook.

## Student Learning Outcomes

The Department of Aviation is committed to the education and training of its students and strives to prepare them for productive careers in the aviation industry. The following are the Associate of Technology in Aviation Maintenance degree educational goals:

- Effectively apply technical knowledge, problem-solving techniques and hands-on skills in aviation maintenance support.
- Be active in ongoing professional development, professional growth and increasing professional responsibility.
- Work effectively in teams.
- Work within the accepted standards of professional integrity and conduct.
- Obtain the appropriate Federal Aviation Administration certifications.

## Bachelors

### Aviation, Aviation Management - Flight Concentration BT

The BT in Aviation, Aviation Management - Flight Concentration prepares the individual for a career as a professional pilot. It provides the training to be eligible for the 1000-hour restricted ATP license. It is the recommended track for the student that wants to become an airline pilot or corporate pilot and is also interested in advancing into a management position. The degree requires the completion of the Commercial Pilot Certificate with single and multi-engine ratings.

**Delivery:** This degree is offered as blended program, with the major courses offered on campus (or transferred in), and the general education and electives offered both on campus and online. The online courses are available in an interactive online asynchronous format (see Global Campus definitions). On campus time is determined in conversation with your advisor.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Maintaining Academic Standing

- Students must maintain a minimum GPA of 2.5 in all aviation coursework and 2.25 cumulative overall.

## Graduation Requirements

- A Private Pilot Certificate, Instrument Rating, Commercial Certificate with Single-Engine Rating and Multi-Engine Rating are required for graduation.

## Admission Requirements

- 1st Class FAA medical with Student Pilot Certificate is required prior to entry into the Flight program, or petition the department for a waiver.
- Flight students are required to produce proof of citizenship (passport or birth certificate) as well as US/state government issued photo identification.
- TSA clearance must be finalized before starting all flying classes.

**Contact the Department of Aviation no later than July 15 to start the application process for TSA**

- For ALL NON-U.S. CITIZENS planning to receive flight training as part of their degree program, an additional government application to the Transportation Security Administration (TSA), which includes an FBI background check, is required for each flight class. Students must receive department authorization before starting the TSA application process. **TSA AUTHORISATION IS REQUIRED BEFORE ANY FLIGHT CLASSES CAN BE STARTED.**
- TSA application must be started and the fee must be paid before the **end of June** so that the application process can be completed before school starts.
- International Students - A TOEFL score of 550 or equivalent must be on file before admission to the flight program. See the university bulletin section English Language Requirements for equivalent scores.
- Status as an aviation major is provisional until the student demonstrates satisfactory academic and performance skills. In order to proceed in the Flight program all students must successfully pass AFLT 122 and the Private Pilot Ground School as well as complete the private pilot written and flight check ride before being accepted in to regular status in the flight program.
- Students are required to have an iPad (see Department of Aviation Charges).
- Credit by exam will only be approved for new students transferring in with previous FAA certificates subject to departmental approval.
- In addition to tuition, flight lab fees apply to all flight training courses (see Department of Aviation Charges).

## Resources

### Student Handbook

A handbook for flight and maintenance students outlining policies, operational guidelines, and general information is available from the department office or is online at the department website. Students are responsible for all policies outlined in the Department of Aviation Handbook.

## Student Learning Outcomes

The Department of Aviation is committed to the education and training of its students and strives to prepare them for productive careers in the aviation industry. The following are the Bachelor of Technology in Aviation Management – Flight degree educational goals:

- Demonstrates an understanding of aircraft performance and design, systems, and operations.
- Exhibits an understanding of aviation safety and human factors.
- Demonstrates knowledge of safe operations within the national airspace system.
- Demonstrates an understanding of meteorology and environmental issues.
- Obtains the appropriate Federal Aviation Administration certifications.
- Students will be able to identify the major theory and concepts of business across business functional areas.
- Students will be able to incorporate relevant quantitative and qualitative data in the analysis.
- Students will be able to identify relevant business theories in analyzing business issues and apply appropriate theories in addressing business problems.
- Students will be able to deliver oral presentations clearly, confidently, and in an organized format, and present their written thoughts in a coherent narrative to articulate complex ideas.
- Students will be able to identify Christian perspectives when approaching business issues and understand the Judeo-Christian foundation of personal and professional integrity, accountability, and experience positive spiritual growth.

## Aviation, Aviation Management - Maintenance Concentration BT

The BT in Aviation Management – Maintenance Concentration prepares the student for work in the aviation industry as an aircraft maintenance technician and adds the business skills necessary to advance into a management position in the company or to operate their own aviation business in the future. This degree requires the completion of the Mechanics certificate with the Airframe and Powerplant ratings.

**Delivery:** This degree is offered as blended program, with the major courses offered on campus (or transferred in), and the general education and electives offered both on campus and online. The online courses are available in an interactive online asynchronous format (see Global Campus definitions). On campus time is determined in conversation with your advisor.

## Aviation, Individualized Concentration BT

The BT in Aviation, Individual Studies is aimed at the aviation professional that has been working in the aviation industry and need to complete a degree for advancement in their field. It allows a specialized degree to be designed based on the applicant's life experience.

**Delivery:** This degree is offered as a blended program, with the major courses offered on campus (or transferred in), and the general education and electives offered online. The online courses are available in an interactive online format (see School of Distance Education and International Partnerships Definitions). On campus time is determined in conversation with your advisor.

### Total Credits - 120

### Major - 60

The program is negotiated with an academic advisor for review and approval by the department faculty and the Academic Policies and Curriculum Committee of the school.

### General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Maintaining Academic Standing

- Students must maintain minimum GPA of 2.5 in all aviation coursework and 2.25 cumulative overall.

## Graduation Requirements

- A minimum of 20 of the 60 major credits, and 30 credits of the total 124 credits, must be earned through Andrews University

## Admission Requirements

### On-Campus Program:

- Students must apply prior to their junior year.

### Online Program:

- Students must have 5 or more years of employment as an FAA certified airman.
- Students must have 25 or more semester credits to transfer in.
- Students must complete a program orientation on campus within the first year.

## Aviation, Maintenance Concentration BT

The BT degree in Aviation, Maintenance Concentration prepares the student for work in the aviation industry as an aircraft maintenance technician with the ability to advance into a shop leadership position in the future. This degree requires the completion of the Mechanics certificate with the Airframe and Powerplant ratings. This degree may be completed either on campus or through the university's distance education program.

**Online Delivery:** This degree is offered as a blended program, with the major courses offered on campus (or transferred in), and the general education and electives offered online. The online courses are available in an interactive online format (see Global Campus Definitions). On campus time is determined in conversation with your advisor.

## Aviation Flight Minor

### Total Credits - 21

AFLT 110 - Basic Aircraft Systems **Credits:** 3

AFLT 115 - Private Pilot Ground School **Credits:** 5

AFLT 121 - Flight Training 1 **Credits:** 3

AFLT 122 - Flight Training 2 **Credits:** 3

Remaining 7 AFLT credits to be selected in consultation with adviser.

## Graduation Requirements

- A Private Pilot Certificate is required.

## Aviation Maintenance Minor

### Total Credits - 32

#### General - 12

AVMT 108 - Applied Science for Aerospace Technicians **Credits:** 4

AVMT 114 - Aircraft Basic Electricity **Credits:** 2

AVMT 116 - Federal Regulations, Publications, Forms and Records **Credits:** 2

AVMT 120 - Materials and Processes for Aircraft Structures **Credits:** 4

#### Focus Areas - 20

Students must choose either the Airframe Rating or Powerplant Rating courses to complete the minor.

#### Airframe Rating - 20

AVMT 204 - Aircraft Electrical Systems **Credits:** 2

AVMT 210 - Aircraft Systems **Credits:** 4

AVMT 220 - Aircraft Fuels and Fuel Systems **Credits:** 2

AVMT 237 - Aircraft Hydraulic, Pneumatic, and Landing Gear Systems **Credits:** 4

AVMT 304 - Aircraft Metal Structures **Credits:** 4

AVMT 306 - Aircraft Non-metal Structures **Credits:** 2

AVMT 308 - Aircraft Assembly, Rigging and Inspections **Credits:** 2

#### Powerplant Rating - 20

AVMT 206 - Powerplant Electrical Systems **Credits:** 4

AVMT 226 - Engine Fuel Metering Systems **Credits:** 2

AVMT 310 - Gas Turbine Engines **Credits:** 4

AVMT 314 - Aircraft Propellers and Engine Inspections **Credits:** 3

AVMT 316 - Reciprocating Engine Systems and Overhaul **Credits:** 7

## Graduation Requirements

- An Aircraft Maintenance Certificate with either the Airframe or Powerplant Rating is required.

## Certificates

## Aircraft Maintenance Certificate

This certificate program is aimed to meet the needs of several target groups:

Group 1. Students who are not ready for an expensive college degree. These students are currently looking for a community college or technical school program. They want to gain a mechanic's certificate and have no intentions of advancement in the industry into leadership positions. These student want only the basic FAA training and licenses. They need an approved program that is eligible for government funding.

Group 2. Adult students who are seeking new careers. They typically already have a degree and desire only the FAA training.

Group 3. Student who are eligible for VA benefits and want a maintenance career. They need a 14 CFR part 147 approved program but do not want to complete a traditional degree.

Group 4. International students who are often sponsored by their local government. Their government is often only willing to pay for the professional certifications and not the associated degree. These students would usually go to a technical school, but, first they must learn to read and speak English. We are uniquely positioned for this student because of our ESL programs. These students can come to one school to study English and then transition into the aviation program. We have an excellent reputation in the international market partly because the governments are already familiar with our Adventist school system.

This will be a two-year program but without the additional requirements of the AT degree. It will meet the requirements of the FAA Aircraft Maintenance Certificate with the Airframe and Powerplant ratings. It will be taught on campus simultaneously with the degree-seeking maintenance classes.

## Total Credits - 52

- AVMT 108 - Applied Science for Aerospace Technicians **Credits:** 4
- AVMT 114 - Aircraft Basic Electricity **Credits:** 2
- AVMT 116 - Federal Regulations, Publications, Forms and Records **Credits:** 2
- AVMT 120 - Materials and Processes for Aircraft Structures **Credits:** 4
- AVMT 204 - Aircraft Electrical Systems **Credits:** 2
- AVMT 206 - Powerplant Electrical Systems **Credits:** 4
- AVMT 210 - Aircraft Systems **Credits:** 4
- AVMT 220 - Aircraft Fuels and Fuel Systems **Credits:** 2
- AVMT 226 - Engine Fuel Metering Systems **Credits:** 2
- AVMT 237 - Aircraft Hydraulic, Pneumatic, and Landing Gear Systems **Credits:** 4
- AVMT 304 - Aircraft Metal Structures **Credits:** 4
- AVMT 306 - Aircraft Non-metal Structures **Credits:** 2
- AVMT 308 - Aircraft Assembly, Rigging and Inspections **Credits:** 2
- AVMT 310 - Gas Turbine Engines **Credits:** 4
- AVMT 314 - Aircraft Propellers and Engine Inspections **Credits:** 3
- AVMT 316 - Reciprocating Engine Systems and Overhaul **Credits:** 7

## Student Learning Outcomes

- The student will be able to pass the 15 external FAA required tests for the Aircraft Maintenance Certificate.

## Aviation Flight Certificate

This certificate program is aimed to meet the needs of several target groups:

Group 1. Students who are not ready for an expensive college degree. These students are generally looking for a local flight school. They want to gain pilot's licenses and have no intentions of advancement in the industry into leadership positions. These students want only the basic FAA training and licenses. They need an approved program that is eligible for government funding.

Group 2. Adult students who are seeking new careers. They typically already have a degree and desire only the FAA training.

Group 3. Students who are eligible for VA benefits and want a flight career. They need a 14 CFR part 141 approved program.

Group 4. International students who are often sponsored by their local government. Their government is often only willing to pay for the professional certifications and not the associated degree. These students would usually go to a professional flight school, but first they must learn to read and speak English. We are uniquely positioned for this student group because of our ESL programs. These students can come to one school to study English and then transition into the aviation program. We have an excellent reputation in the international market partly because the governments are already familiar with our Adventist school system.

This will be a two-year program but without the additional requirements of the AT degree. It will meet the requirements of the FAA Commercial Pilot Certificate with Single and Multi-engine ratings. It will be taught on campus simultaneously with the degree-seeking Flight classes.

## Total Credits - 37

- AFLT 115 - Private Pilot Ground School **Credits:** 5
- AFLT 121 - Flight Training 1 **Credits:** 3
- AFLT 122 - Flight Training 2 **Credits:** 3
- AFLT 215 - Instrument Pilot Ground School **Credits:** 5
- AFLT 226 - Flight Training 3 **Credits:** 3
- AFLT 227 - Flight Training 4 **Credits:** 3
- AFLT 305 - Commercial Pilot Ground School **Credits:** 5
- AFLT 321 - Flight Training 5 **Credits:** 3
- AFLT 322 - Flight Training 6 **Credits:** 3
- AFLT 323 - Flight Training 7 **Credits:** 3
- AFLT 324 - Flight Training 8 **Credits:** 3
- AFLT 426 - Multiengine Flight Training **Credits:** 1

## Student Learning Outcomes

- The student will be able to pass the required FAA tests for the commercial pilot's certificate with the single and multi-engine ratings.

## FAA Certification

**FAA-Approved Instruction.** The Department of Aviation operates a Flight School under 14CFR Part 61 and Part 141, as well as an Airframe and Powerplant Maintenance Technician School approved by the FAA under Title 14 CFR, Part 147.

**FAA Flight Certification Programs.** Qualifying students may take flight instruction for the following levels of certification:

- Private Pilot\*
- Instrument Rating\*
- Commercial Pilot\*
- Flight Instructor
- Multi-Engine Rating
- Multi-Engine Flight Instructor
- Instrument Flight Instructor
- Airline Transport Pilot

\*14CFR Part 141 programs

**FAA Aviation Maintenance Certification Programs.** Students may earn the following FAA approved certificates from the department's Part 147 Aviation Maintenance Technician School:

- Airframe
- Powerplant

## Aviation Flight

### AFLT 104 - Introduction to Aviation

**Credits:** 1-4

Acquaints students with the history and opportunities in aviation, such as mission flying, flight instruction, aircraft maintenance, avionics, sales, safety, and aerodynamics of flight.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 4 credits

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CPS

### AFLT 107 - Community Student Flight/Ground School

**Credits:** 0

This class is for non-university guest students or non-aviation majors wanting to take aviation ground school of flight classes for non-academic credit. Current aviation majors are not eligible for this class.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CP

### AFLT 110 - Basic Aircraft Systems

**Credits:** 3

The study of small aircraft systems, including: reciprocating engines, propellers and prop governors; fuel, electrical, hydraulic, pressurization, pneumatic and de-icing systems, flight controls, aircraft structures, weight and balance, and aircraft instrument systems. Also included will be pilot maintenance and a brief introduction of the FAA requirements for maintenance, inspections and recordkeeping.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

### AFLT 115 - Private Pilot Ground School

**Credits:** 5

Ground training to prepare students for the FAA private pilot airplane knowledge test. Topics include aerodynamics, weight and balance, Federal Aviation

Regulations, navigation, meteorology, aircraft systems and performance.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Equivalency Assessment

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

### AFLT 121 - Flight Training 1

**Credits:** 3

This course is the first part of the private pilot flight training and includes the flight training up through solo flight. Student MUST have a Pilot Medical Certificate/Student Pilot Certificate, obtained through an Aviation Medical Examiner, prior to registering for the course.

**Lecture/Lab:** Weekly: two 1-hour lectures and three 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** The student must be currently enrolled in AFLT 115 or have passed the private pilot knowledge test.

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 122 - Flight Training 2

**Credits:** 3

This course is the last half of the flight training in preparation for taking the FAA Private Pilot Practical Exam. The FAA Medical and Student Pilot Certificate required in AFLT121 must be valid.

**Lecture/Lab:** Weekly: two 1-hour lectures and two 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 121 and have passed the FAA Private pilot knowledge test.

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 215 - Instrument Pilot Ground School

**Credits:** 5

Ground training to prepare the student for the FAA instrument rating airplane knowledge test. Topics include Federal Aviation Regulations, meteorology, instrument flight charts, flight planning, instrument approaches, use of navigation equipment, and FAA publications relating to instrument flight.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** AFLT 226

**Prerequisite(s):** AFLT 115

**Schedule Type:** Lecture, Equivalency Assessment

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

### AFLT 220 - Meteorology

**Credits:** 3

Meteorology provides students with a comprehensive study of the principles of meteorology while simultaneously providing classroom and laboratory applications focused on current weather situations. It provides real experiences demonstrating the value of computers and electronic access to time sensitive data and information.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years

**Term Offering:** Spring

**College Code:** CPS

### AFLT 226 - Flight Training 3

**Credits:** 3

This course is the introduction to attitude instrument flight in preparation for taking the FAA Instrument Rating. Weekly: One 1-hour lecture and two 2-hour flight blocks. The FAA Medical is required.

**Lecture/Lab:** Weekly: one 1-hour lecture and two 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Flight Training

**Term Offering:** Spring

**College Code:** CPS

### AFLT 227 - Flight Training 4

**Credits:** 3

This course completes the preparation for taking the FAA Instrument Pilot Rating Practical Exam. The FAA Medical is required. A valid instrument Airplane Written exam must be on file prior to starting this course.

**Lecture/Lab:** Weekly: two 1-hour lectures and three 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 226 and have passed the FAA Instrument knowledge test.

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 230 - Aerodynamics

**Credits:** 3

The study of aerodynamic principles used in aircraft. Designed for a better understanding of basic design and devices used to improve aircraft performance.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years

**Term Offering:** Fall

**College Code:** CPS

### AFLT 300 - Aviation Safety Management

**Credits:** 3

The study of physiological and psychological factors related to flight safety, emphasizing cause-and-effect of airplane accidents and their prevention. Includes a systems approach to safety program development and management.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Private Pilots License

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

### AFLT 303 - Drone Build

**Credits:** 3

In this hands-on class you will learn how drones are designed and built from the ground up. We will be attempting to solve the "last mile conundrum" using drone technology. In this class you will get to build a drone prototype whose primary mission is to deliver life saving medical aid to remote locations in Africa. You will learn everything from electronics to airframe design. This class will also build your experience and skills in assembling a ground station used for conducting autonomous flight missions.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

### AFLT 305 - Commercial Pilot Ground School

**Credits:** 5

Ground training to prepare the student for the FAA commercial-pilot airplane knowledge test. Topics include advanced navigation, FAR Parts 61, 91, and 135 for air taxi, complex aircraft systems, weight and balance, and performance charts.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** AFLT 321

**Prerequisite(s):** AFLT 215 , AFLT 226

**Schedule Type:** Lecture, Equivalency Assessment

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

### AFLT 310 - Advanced Systems

**Credits:** 3

The study of transport category aircraft systems, including: turbine engines, APUs, fuel, electrical, hydraulic, pneumatic, environmental control, emergency oxygen, pressurization, de-icing systems, and advanced avionics systems. Particular emphasis will be placed on preparing for airline systems ground school.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 305.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

## AFLT 321 - Flight Training 5

**Credits:** 3

This course is the introduction to commercial airplane flight introducing commercial pilot maneuvers, and building night and cross-country experience. The FAA Medical is required.

**Lecture/Lab:** Weekly: two 1-hour lectures and three 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 227

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

## AFLT 322 - Flight Training 6

**Credits:** 3

This course continues the commercial pilot training covering, upset training, tail wheel and building additional night and cross-country experience with the emphasis on solo flight. The FAA Medical is required.

**Lecture/Lab:** Weekly: two 1-hour lectures and three 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 321 and have passed the FAA Single Engine Land Commercial knowledge test.

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

## AFLT 323 - Flight Training 7

**Credits:** 3

This course continues the student for the Commercial Pilot Rating. Complex aircraft operations are introduced and additional experience in cross-county and commercial pilot maneuvers are included. The FAA Medical is required.

**Lecture/Lab:** Weekly: two 1-hour lectures and three 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 322 and have passed the FAA Single Engine Land Commercial knowledge test.

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

## AFLT 324 - Flight Training 8

**Credits:** 3

This course completes the preparation for taking the FAA Commercial Airplane Land Pilot Rating Practical Exam and the Certified Flight Instructor Rating. Final refinement of commercial maneuvers, including right seat proficiency is included. The FAA Medical is required.

**Lecture/Lab:** Weekly: two 1-hour lectures and three 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 323 and have passed the FAA Single Engine Land Commercial knowledge test.

**Schedule Type:** Flight Training

**Term Offering:** Spring, Summer

**College Code:** CPS

## AFLT 335 - Aerodynamics

**Credits:** 3

The study of aerodynamic principles used in aircraft. Designed for a better understanding of basic design and devices used to improve aircraft performance.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 115

**Schedule Type:** Lecture

**Year Offering:** Alternate years

**Term Offering:** Spring

**College Code:** CPS

## AFLT 340 - Airspace and Air Traffic Control

**Credits:** 3

Examines how instrument flight operations function within the FAA air traffic 460

control system. Study of air traffic controller roles, procedures, and regulatory requirements for instrument operations in the terminal and enroute air traffic environment.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** AFLT 227, AFLT 321, AFLT 220 (may be taken concurrently)

**Schedule Type:** Lecture

**College Code:** CPS

## AFLT 345 - Special Flight Instruction

**Credits:** 1-3

Instruction tailored to the individual needs of students pursuing the professional pilot course sequence. Develop skills to progress efficiently in normal course sequence.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Flight Training

**Special Approval:** Department permission required.

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

## AFLT 355 - Flight Instructor Ground School

**Credits:** 2

Ground training to prepare the student for the FAA flight instructor airplane knowledge test. Topics include techniques of teaching, analysis of maneuvers, and lesson planning.

**Lecture/Lab:** Weekly: 2 lectures and a 2-hour lab

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

## AFLT 356 - Flight Instructor Flight Training

**Credits:** 1,2

Flight and ground training to prepare the student for the FAA flight instructor airplane practical test. Topics include the performance, teaching, and analysis of flight maneuvers required for the private and commercial airplane pilot (2 cr. for initial CFI; 1 cr. for CFI add-on).

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 355, FAA written tests passed: Fundamentals of Instruction, Flight Instructor-Airplane, FAA commercial pilots license with an instrument rating.

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

## AFLT 364 - Basic and Advanced Ground Instructor

**Credits:** 2

Prepares the student for the FAA basic and advanced ground instructor knowledge test. Topics include techniques of teaching aerodynamics, aircraft performance, aircraft systems, weight and balance, meteorology, navigation, and regulations.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

## AFLT 365 - Instrument Flight Instructor Ground School

**Credits:** 2

Prepares the student for the FAA instrument flight instructor knowledge test. Topics include techniques of teaching instrument flight, analysis of instrument maneuvers, instrument approaches, enroute operations, regulations, and lesson planning.

**Lecture/Lab:** Weekly: 2 lectures and a 2-hour lab

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** AFLT 366

**Prerequisite(s):** AFLT 355

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

## AFLT 366 - Instrument Flight Instructor Flight Training

**Credits:** 1,2

Flight and ground training to prepare the student for the FAA instrument flight instructor airplane practical test. Topics include the performance, teaching, and

analysis of attitude instruments, instrument approaches, and enroute operations. (2 cr. for initial; 1 cr. for add-on.)

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 356 , FAA written test passed - Flight Instructor - Instrument

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 410 - Aviation Law

**Credits:** 3

Legal principles governing the aviation industry, historical precedents, regulatory statutes, standards, contracts, liability and insurance. Current developments and court decisions.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Commercial Pilot or Maintenance Certificates.

**Schedule Type:** Lecture

**College Code:** CPS

### AFLT 415 - Basic Physiology for Pilots

**Credits:** 3

Flight Physiology Effects of high altitude flight on the human body, flying and health, first aid and survival. Attention will also be given to information processing and perception in flight.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FAA Commercial Pilot or Maintenance Certificates

**Schedule Type:** Lecture

**College Code:** CPS

### AFLT 416 - Turbine Transition

**Credits:** 2

Ground and simulator training to prepare the student to work in a multiple crew aircraft operating under FAR Part 121 and 135. Topics include crew checklist usage and standard operating procedures (SOPs).

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 426 - Multiengine Flight Training

**Credits:** 1

Flight instruction in a multi-engine aircraft in preparation for the FAA multi-engine rating. The FAA Medical is required.

**Lecture/Lab:** Weekly: one 1-hour lecture and two 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FAA Single Engine Land Commercial

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 427 - Multiengine Flight

**Credits:** 1

30 hours of additional experience in multiengine aircraft with a focus on cross country and instrument experience. The FAA Medical is required.

**Lecture/Lab:** Weekly: two 2-hour flight blocks

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FAA Single Engine Land Commercial

**Repeatable:** Repeatable

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 430 - Crew Resource Management

**Credits:** 3

Study of the effective use of resources available to the crew to achieve safe and efficient flight operations. Areas include human factors, communication, conflict resolution, leadership, teamwork, and situational awareness as applied to flight operations.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FAA Commercial Pilots Certificate and an Instrument Rating or by permission of the instructor.

**Schedule Type:** Flight Training

**Term Offering:** Spring

**College Code:** CPS

### AFLT 467 - Multi-Engine Flight Instructor

**Credits:** 1,2

Flight and ground training to prepare the student for the FAA multi-engine airplane flight instructor practical test. Topics include the performance, teaching, and analysis of maneuvers and procedures for the multi-engine airplane (2 cr. for initial CFI; 1 cr. for CFI add-on).

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Commercial Pilots Certificate with Multengine Rating, CFI or CFII.

**Schedule Type:** Flight Training

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 469 - Instrument Ground Instructor

**Credits:** 2

Prepares the student for the FAA instrument ground instructor knowledge test. Topics include the techniques of teaching advanced weather theory, weather reports and forecasts, instrument procedures and regulations, approaches, and enroute operations.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** AFLT 355 , AFLT 364 or CFI

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CPS

### AFLT 474 - Techniques of Mission Flying

**Credits:** 3

Develops special piloting skills required in remote undeveloped bush operations. Topics include pilotage, dead reckoning, GPS navigation, low-level operations, terrain flying, mountain passes and canyons, cargo drops, short fields, uphill and downhill operations on primitive airstrips, maximum performance techniques, and precision airplane control.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Commercial Pilots Certificate

**Schedule Type:** Flight Training

**Term Offering:** Spring

**College Code:** CPS

## Aviation

### AVIA 125 - Drone School

**Credits:** 3

Fulfills the requirements for the successfully passing the Part 107 exam, safety, and small unmanned aerial flight training. This allows students to be certified UAS operators and work professionally industrial, real estate, photography, marketing, videography, agricultural, land management, and remote sensing application.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CPS

### AVIA 140 - Welding Technology

**Credits:** 2

Oxyacetylene and electric welding processes including oxyacetylene welding, cutting, and brazing; basic shielded metal arc welding and basic gas metal arc welding. A limited amount of out-of-position welding will be stressed.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Fall

**College Code:** CPS

### AVIA 200 - Aviation Forum

**Credits:** 0

A bi-weekly seminar giving instruction in Aviation Safety and Operational Control. Required of all aviation majors. Students must register for this class each semester in residence.

**Course/Lab Fee:** Yes  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring  
**College Code:** CPS

### AVIA 250 - Machine Shop

**Credits:** 3,4  
Basic set-up and operation of lathes, milling machines, grinders, drilling machines, and shapers; safety, machine maintenance, off-hand grinding, drill sharpening, layout, and inspection emphasized.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Term Offering:** Spring  
**College Code:** CPS

### AVIA 275 - Topics in \_\_\_\_\_

**Credits:** 1-4  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CPS

### AVIA 296 - Independent Study

**Credits:** 1-3  
Enables students to pursue topics in aviation not offered in other scheduled courses.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Prerequisite(s):** Permission of the department.  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Independent  
**College Code:** CPS

### AVIA 395 - Practicum

**Credits:** 1-4  
Lab or on-the-job experience to build skills in a specific area of technology.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** Permission of department.  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Practicum  
**College Code:** CPS

### AVIA 460 - Program Continuation

**Credits:** 0  
Aviation students may register for this title while clearing deferred grade (DG) and/or incomplete (I) classes, or working to complete practical tests in the flight and/or maintenance programs. This course qualifies for full-time status, requiring a minimum of 540 hours of work per semester of registration. .

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Prerequisite(s):** Permission of advisor and department chair.  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CPS

### AVIA 476 - Topics in \_\_\_\_\_

**Credits:** 1-4  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CPS

### AVIA 495 - Independent Study

**Credits:** 1-3  
Enables students to pursue topics in aviation not offered in other scheduled courses.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Prerequisite(s):** Permission of the department.  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Independent  
**College Code:** CPS

# Aviation Maintenance

## AVMT 108 - Applied Science for Aerospace Technicians

**Credits:** 4  
Applies the sciences of mathematics and physics to the aerodynamics of flight, maintenance, weight and balance and various maintenance problems that the aircraft maintenance technician could encounter. Includes the study and use of drawings and basic ground operations. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Studio  
**Term Offering:** Fall  
**College Code:** CPS

## AVMT 114 - Aircraft Basic Electricity

**Credits:** 2  
A study of the fundamental basics of electricity and electronics; including electrical diagrams, calculations, sources of electrical power, direct and alternating current, aircraft storage batteries, capacitance and inductance, binary code and the basics of solid state logic. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Studio  
**Term Offering:** Fall  
**College Code:** CPS

## AVMT 116 - Federal Regulations, Publications, Forms and Records

**Credits:** 2  
Study of the federal regulations and manufacturer publications as they apply to aircraft design, maintenance, inspections, forms and records, and the certification and privileges/limitations of the aviation maintenance technicians. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Studio  
**Term Offering:** Fall  
**College Code:** CPS

## AVMT 120 - Materials and Processes for Aircraft Structures

**Credits:** 4  
Includes hand and power tool usage, aircraft hardware and materials, precision measurements, corrosion control, nondestructive testing, and fluid lines and fittings. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Studio  
**Term Offering:** Fall  
**College Code:** CPS

## AVMT 204 - Aircraft Electrical Systems

**Credits:** 2  
Practical study of aircraft electrical systems, including installation practices, repair, troubleshooting, service, and inspections. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Studio  
**Term Offering:** Spring  
**College Code:** CPS

## AVMT 206 - Powerplant Electrical Systems

**Credits:** 4  
A study of engine ignition and engine electrical systems: starter, generators, alternators, auxiliary electrical power units and their control circuits, engine instruments, and engine fire protection suppression systems. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Studio  
**Term Offering:** Spring  
**College Code:** CPS

## AVMT 210 - Aircraft Systems

### Credits: 4

An in-depth study into the inspection, repair, checking, servicing and troubleshooting of the following aircraft systems; ice-and rain detection, cabin atmosphere (pressurization, heating, cooling, and oxygen), position warning systems, navigation and communication systems, and aircraft instruments and their use in trouble-shooting of aircraft systems. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CPS

## AVMT 220 - Aircraft Fuels and Fuel Systems

### Credits: 2

A study of the various types and handling of fuels used in aircraft. Includes a study of aircraft fuel systems, fuel metering methods and the inspection, checking, servicing, troubleshooting, repair and overhaul of fuel systems and their components, and fire detection and protection. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CPS

## AVMT 226 - Engine Fuel Metering Systems

### Credits: 2

A study of the engine side of the fuel systems (firewall forward). Includes an in-depth study of fuel-metering devices used on aircraft engines (carburetors, pressure carburetors, direct and continuous fuel-injection systems). Service, maintenance, repair and trouble-shooting of each different system type is covered in detail. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CPS

## AVMT 237 - Aircraft Hydraulic, Pneumatic, and Landing Gear Systems

### Credits: 4

Operation and maintenance of aircraft hydraulic systems, pneumatic systems, landing-gear systems, and the inspection, checking, servicing, trouble-shooting, and repair of these systems and system components. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CPS

## AVMT 304 - Aircraft Metal Structures

### Credits: 4

A study and application of the processes used in the fabrication and repair of aircraft metal structures. Welding theory and practice with emphasis on weld-quality identification. Riveted, aircraft, aluminum, sheet-metal structures including the fabrication and repair of such structures. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Year Offering:** Alternate years

**Term Offering:** Fall

**College Code:** CPS

## AVMT 306 - Aircraft Non-metal Structures

### Credits: 2

A study of wood and fabric as used in the construction of aircraft and a study of the methods, tooling, inspection, processes, and repair of composite aircraft structures. Includes the application, identification, and functions of aircraft protective finishes. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CPS

## AVMT 308 - Aircraft Assembly, Rigging and Inspections

### Credits: 2

Study of the nomenclature and design features of both fixed-wing and rotor-wing aircraft and the assembly, alignment of aircraft structures, and rigging and balancing of control system. A detailed inspection of the entire aircraft or rotorcraft is covered as it applies to the airframe 100-hour and other required inspection. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CPS

## AVMT 310 - Gas Turbine Engines

### Credits: 4

Principles and theory of jet-engine propulsion, design, types of, and associated systems. Maintenance, overhaul, installation-removal, repair, trimming, and troubleshooting of turbine engines. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Year Offering:** Alternate years

**Term Offering:** Fall

**College Code:** CPS

## AVMT 314 - Aircraft Propellers and Engine Inspections

### Credits: 3

Theory and limited work on propellers, both wood and metal. Encompasses fixed, adjustable, controllable, feathering, reversible, and the control of the latter by mechanical, hydromatic, or electrical control systems. The inspection practice of performing the 100-hour inspection on aircraft engines and propellers. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CPS

## AVMT 316 - Reciprocating Engine Systems and Overhaul

### Credits: 7

A study of reciprocating engine theory, overhaul methods, and practices and the installation of reciprocating engines. Also includes a study of the following engine systems: exhaust, cooling, induction, and lubrication. FAA 14CFR part 147 approved classes.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CPS

# Center for Innovation & Entrepreneurship

## Contact Information

Art & Design Center, Office #111  
269-471-3262  
innovate@andrews.edu  
www.andrews.edu/innovation

## Faculty

Matias Soto, Director, Professor of Engineering

## Adjunct Faculty

Liz Muhlenbeck, Associate Professor of Management  
Jay Brand, Professor of Leadership & Higher Education  
Joel Raveloharimisy, Associate Professor of Community & Int'l Development  
Douglas Taylor, Assistant Professor of Graphic Design

## Mission

We exist to help students, faculty, staff, and the surrounding business community ideate, create and launch ideas that will change the world.

## Vision

To establish Andrews University and the surrounding community as a hub for initiatives, projects, ministries, non-profit organizations, and business that aim to change the world.

## Certificates

### Graduate Innovation & Entrepreneurship Certificate

The Graduate Innovation and Entrepreneurship Certificate (I&E Certificate) is a 16-credit sequence to actively lay a foundation, build a core, shape and polish a student's capacity for Innovation and Entrepreneurship (I&E) through engagement in advanced projects and ancillary coursework. It is open to master's level students enrolled on the main campus of Andrews University.

The program requires 10 credits of core courses and is complemented by 6 credits from one of three focus area tracks: Non-Profit Innovation, Humanitarian and Development Innovation, and Product-Market Innovation. Completion involves a capstone course that is a practical implementation of a project or launch of a business, non-profit organization, or ministry. This program is designed to be of special interest to traditional and non-traditional students who have ambitions for establishing a startup company developing or offering an innovative product, process, ministry, organization, or service.

### Total Credits - 16

### Required Courses - 10

INEN 500 - Graduate Seminar **Credits:** 1  
INEN 540 - Innovative Business Models **Credits:** 3  
CIDS 575 - Topics: **Credits:** 1-6 (Innovation Theory and Practice)

Choose one of the following:

CIDS 698 - Research Project **Credits:** 2,3  
INEN 690 - Capstone Project **Credits:** 3  
LEAD 698 - MA Research Project **Credits:** 1-3

### Focus Area - 6

Students must choose one of the following focus areas:

#### Not-For-Profit Innovation

Choose 6 credits from the following courses:

BSAD 530 - Leadership & Management of Not-for-Profit Organizations **Credits:** 3  
MKTG 540 - Marketing Management in Not-for-Profit Organizations **Credits:** 3  
LEAD 628 - Creating Collective Impact **Credits:** 1-3  
LEAD 641 - Leading Social Innovation **Credits:** 1-3

#### Humanitarian and Development Innovation

Choose 6 credits from the following courses:

CIDS 534 - Fundraising **Credits:** 3  
CIDS 535 - Grant Writing **Credits:** 2  
CIDS 673 - Project Cycle Management **Credits:** 3

#### Product-Market Innovation

Choose 6 credits from the following courses:

INEN 520 - Minimum Viable Product **Credits:** 3  
INEN 650 - Graduate Business Accelerator **Credits:** 3  
MKTG 680 - Strategic Marketing Management **Credits:** 3

## Student Learning Outcomes

- Evaluate users' unmet needs using design thinking methodologies.
- Develop creative solutions to unmet needs using a customer-centric approach and iterate based on customer discovery and validation data.
- Implement creative solutions that can have an impact through a business venture, non-profit organization, or ministry.
- Demonstrate ability to function in an interdisciplinary team by engaging with other students in the Certificate program.
- Demonstrate competence in engaging diverse perspectives and effective communication when interacting with customers.

## Interdisciplinary Innovation and Entrepreneurship Certificate

The Innovation and Entrepreneurship Certificate (I&E Certificate) is a 15-credit sequence to actively lay a foundation, build a core, shape and polish a student's capacity for Innovation and Entrepreneurship (I&E) through engagement in advanced projects and ancillary coursework in the Andrews Interdisciplinary Institute of Innovation and Entrepreneurship (AIIE). This program complements any major and can be completed in 4 to 9 semesters. Completion involves a capstone course that is a practical implementation of a project or launch of a business. This program is designed to be of special interest to traditional and non-traditional students who have ambitions for establishing a startup company developing or offering an innovative product, process, ministry, organization, or service.

### Total Credits - 15

### Pre-I&E - 3

Courses available before formal acceptance into the I&E Certificate program.

INEN 221 - Introduction to Innovation & Entrepreneurship - Foundations of Play **Credits:** 3  
INEN 300 - I & E Seminar **Credits:** 0

### Capstone - 3

A capstone that integrates all Interdisciplinary project work into a successful point of launch.

INEN 455 - Advanced Project - The Launch **Credits:** 2,3

## Skill and Knowledge Development and Application - 6

Courses that will give students opportunities to develop and apply the knowledge and skills necessary for a successful launch.

INEN 225 - Prototyping and Tinkering **Credits:** 3  
INEN 309 - The Implementation Tool Box **Credits:** 3

## Elective - 3

Three credits of electives to be chosen in consultation with and approved by student's primary I&E advisor.

# Innovation & Entrepreneurship

## INEN 221 - Introduction to Innovation & Entrepreneurship - Foundations of Play

**Credits:** 3

An introductory course developing skills needed for creativity, innovation, problem solving, and entrepreneurship. Students play, tinker, and try new ideas with like-minded people. They will create a project proposal that demonstrates "spark" suitable for application for formal admission into the I&E Certificate program. Upon completion of this course, students will implement design thinking principles, uncover forces that drive economic and social vitality, develop an innovative and viable solution-based model, and recognize the difference between ideas and opportunities.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CPS

## INEN 225 - Prototyping and Tinkering

**Credits:** 3

Students grow ideas through advance play in a creative maker-space. I&E players learn a variety of prototyping approaches and techniques ranging from the quick and dirty, useful for the brainstorming stage, to more precise and sophisticated, best for final design presentation. Upon completion of this course, students will experiment with prototyping processes and reflect on successes and failures, apply discipline-specific methods of prototyping, and demonstrate the use of design thinking in model-making through an iterative process.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CPS

## INEN 300 - I & E Seminar

**Credits:** 0

A required weekly seminar that incorporates rich discussion, selected readings, and guest speakers addressing topics in innovation and entrepreneurship. Students in this learning community connect with entrepreneurs and faculty across campus to gain access to new ideas and opportunities, learn from a cross-section of experts and problem-solvers, and exchange ideas with their peers. Students in the I&E Certificate program register for this course for a minimum of two semesters, but continuation is strongly recommended until completion of the project. Upon completion, students will have made significant connections with faculty, entrepreneurs, experts, and peers and used ensuing ideas and opportunities to develop their project.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Seminar

**Term Offering:** Fall, Spring

**College Code:** CP

## INEN 309 - The Implementation Tool Box

**Credits:** 3

Students apply the knowledge and skills used in previous I&E courses to the planning process required for new venture development. They explore the legal, regulatory, and ethical issues faced by innovators and entrepreneurs as well as what it takes to be an effective member of a new venture team. Upon completion of this course, students will develop a business plan or philanthropic proposal and present a needs analysis with regards to social innovation, patents, copyrights, funding, and venture capital.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CPS

## INEN 340 - Topics in \_\_\_\_\_

**Credits:** 3

Current topics in Innovation & Entrepreneurship

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required.

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CP

## INEN 455 - Advanced Project - The Launch

**Credits:** 2,3

A practicum that focuses on the actual launch of the project with a mentor. Upon completion of the course, students, under the mentorship of an appropriate expert, will demonstrate the steps required to launch the proposed idea.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Independent

**Term Offering:** Fall, Spring

**College Code:** CP

## INEN 500 - Graduate Seminar

**Credits:** 1

A required weekly seminar that incorporates rich discussion, selected readings, and guest speakers addressing topics in innovation and entrepreneurship. Students in this learning community connect with entrepreneurs and faculty across campus to gain access to new ideas and opportunities, learn from a cross-section of experts and problem-solvers, and exchange ideas with their peers. Students in the Graduate I&E Certificate program register for this course for one semester. Upon completion, students will have made significant connections with faculty, entrepreneurs, experts, and peers and used ensuing ideas and opportunities to develop their project.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Seminar

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INEN 520 - Minimum Viable Product

**Credits:** 3

Students grow ideas through advance prototyping in a creative maker-space. I&E players learn a variety of prototyping approaches and techniques ranging from the quick and dirty, useful for the brainstorming stage, to more precise and sophisticated, best for final design presentation. The focus of this course is for the student to develop a minimum viable product (MVP) that can be used for customer discovery and customer validation in future courses. Upon completion of this course, students will experiment with prototyping processes and reflect on successes and failures, apply discipline-specific methods of prototyping, and demonstrate the use of design thinking in prototyping through an iterative process.

**Lecture/Lab:** Weekly: one 1-hour lecture and two 1-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** CIDS 5XX, INEN 5XX

**Schedule Type:** Lecture, Lab

**Special Approval:** Advisor permission required

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INEN 540 - Innovative Business Models

**Credits:** 3

Students apply the knowledge and skills used in previous I&E courses to the planning process required for new venture development. The course is focused on developing a new business model based on a unmet need in the market and a proposed solution. The different aspects of a new business model are explored and created, such as value proposition, customer segments, revenue model, cost structure, marketing channels, among others. Students explore the legal, regulatory, and ethical issues faced by innovators and entrepreneurs. Upon completion of this course, students will develop a business plan or philanthropic proposal and be ready to engage in customer discovery activities in the following capstone course.

**Lecture/Lab:** Weekly: 2 lectures

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** CIDS 5XX

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

### **INEN 650 - Graduate Business Accelerator**

**Credits:** 3

Students go through several learning modules and mentorship sessions and apply learning to grow an already developed new venture. The learning modules are focused on team creation and growth, market research, customer discovery, competitive analysis, revenue/financial modeling and fundraising, business formation, customer acquisition, and pitch coaching. The learning approach is through lectures, practical application of learning, reflection moments, and group and one-on-one mentorship. Upon completion of this course, students will validate their business model through an MVP and real-life customers.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

### **INEN 690 - Capstone Project**

**Credits:** 3

A practicum that focuses on the actual launch of the project with a mentor. Focus is placed on validating the proposed business model and a minimum viable product (MVP) through different strategies that engage in customer discovery activities. Upon completion of the course, students, under the mentorship of an appropriate expert, will demonstrate the steps required to launch the proposed idea.

**Course/Lab Fee:** No

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Corequisite(s):** INEN 5XX

**Prerequisite(s):** CIDS 5XX, INEN 5XX

**Schedule Type:** Independent

**Special Approval:** Advisor permission required

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

# Computing

Haughey Hall, Room #312

## Faculty

William Wolfer, *Chair*, Assistant Professor of Computer Science  
Betty Gibson, Assistant Professor of Information Systems  
Olivia Spence, Assistant Professor of Computer Science  
Roy Villafane, Associate Professor of Computer Science  
Ackley Will, Associate Professor of Computer Science

## Mission

The Department of Computing aspires to be a place of choice for students interested in computing-related careers where dedicated students and faculty grow together to reach their God-given potential for service to society and the church.

## Bachelors

## Computer Science BS

Computer Science prepares students to design and implement innovative computing solutions to real world problems. Areas of study include (but are not limited to) algorithms, software engineering, artificial intelligence, robotics, databases, data science, virtual and augmented reality, theory of computation, networks, web and mobile application development. The program emphasizes both theory and practical applications of computing. A degree in Computer Science prepares students for employment in developing and maintaining commercial applications and for graduate studies.

## Total Credits - 120

## Major - 60

### Core - 45

CPTR 151 - Computer Science I **Credits: 3**  
CPTR 152 - Computer Science II **Credits: 3**  
CPTR 230 - Data Science Fundamentals **Credits: 3**  
CPTR 247 - Web Application Development **Credits: 3**  
CPTR 251 - Server Application Development **Credits: 3**  
CPTR 252 - Mobile Application Development **Credits: 3**  
CPTR 276 - Data Structures and Algorithms **Credits: 3**  
CPTR 425 - Programming Languages **Credits: 3**  
CPTR 435 - Machine Learning **Credits: 3**  
CPTR 437 - Formal Theory of Computation **Credits: 3**  
CPTR 440 - Operating Systems **Credits: 3**  
CPTR 450 - Networking **Credits: 3**  
CPTR 460 - Software Engineering **Credits: 3**  
CPTR 467 - Database Systems **Credits: 3**  
CPTR 487 - Artificial Intelligence **Credits: 3**

### Electives - 15

Choose 15 credits in consultation with academic advisor from CPTR and CBSC courses.

## Cognates

ENGR 385 - Microprocessor Systems **Credits: 4**

### Math

MATH 191 - Calculus I **Credits: 4**  
MATH 192 - Calculus II **Credits: 4**  
MATH 215 - Introduction to Linear Algebra **Credits: 3**  
MATH 355 - Foundations of Advanced Mathematics **Credits: 3**

## Statistics

Choose at least one of the following courses:

STAT 285 - Introduction to Applied Statistics **Credits: 3**  
STAT 340 - Probability Theory with Statistical Applications **Credits: 3**

## Sciences

Choose at least one of the following courses:

BIOL 165 - Foundations of Biology **Credits: 4,5**  
BIOL 166 - Foundations of Biology **Credits: 4,5**  
CHEM 131 - General Chemistry I **Credits: 4**  
CHEM 132 - General Chemistry II **Credits: 4**  
PHYS 141 - General Physics I **Credits: 4**  
PHYS 142 - General Physics II **Credits: 4**  
PHYS 241 - Physics for Scientists and Engineers I **Credits: 4 and PHYS 271 - Physics for Scientists and Engineers Laboratory I Credits: 1**  
PHYS 242 - Physics for Scientists and Engineers II **Credits: 4 and PHYS 272 - Physics for Scientists and Engineers Laboratory II Credits: 1**

## Additional Requirements

No grade lower than C- may be counted toward major or cognate requirements.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

Graduates of this program will possess the ability to:

- Design and develop different types applications while adhering to current software development best practices. (software development)
- Design and implement data structures, algorithms, and data management systems to store, manage, access, and process data. (data management)
- Design and analyze efficient algorithms to solve given problems. (algorithm design and analysis)
- Understand capabilities, tradeoffs, and limitations of algorithms, computational models, programming languages, operating systems and computing technology. (capabilities and limits of computing)
- Consider the concerns and impact of software and computing innovations on individuals and society. Experience spiritual growth that informs social and professional interactions. (faith and ethics)

## Computing BS

Computing is an extensive area of study with multiple areas of specialization. The Computing BS program prepares students to function as professionals. The student must choose one of the following concentrations: The Applied Computer Science concentration is a professionally focused area of Computer Science. The Cybersecurity concentration enables students to effectively protect various aspects of computer systems. Data Analytics is a focused concentration on the functional aspects of synthesizing actionable knowledge from a variety of data sources. Information Technology is concerned with the application of available hardware, software and other computer systems and associated components to support organizations.

## Total Credits - 120

## Major - 45

## Computing Core - 15

CPTR 151 - Computer Science I **Credits: 3**  
CPTR 152 - Computer Science II **Credits: 3**  
CPTR 230 - Data Science Fundamentals **Credits: 3**  
CPTR 320 - Software Development and Operations **Credits: 3**  
CPTR 467 - Database Systems **Credits: 3**

## Concentrations - 30

Students must choose one of the following concentrations:

### Applied Computer Science Concentration - 30

CPTR 247 - Web Application Development **Credits:** 3  
CPTR 251 - Server Application Development **Credits:** 3  
CPTR 252 - Mobile Application Development **Credits:** 3  
CPTR 276 - Data Structures and Algorithms **Credits:** 3  
CPTR 435 - Machine Learning **Credits:** 3  
CPTR 460 - Software Engineering **Credits:** 3  
CPTR 487 - Artificial Intelligence **Credits:** 3

### Applied Computer Science Electives - 9

Choose 9 credits in consultation with academic advisor from CPTR courses.

### Cybersecurity Concentration - 30

CBSC 101 - Cybersecurity **Credits:** 3  
CBSC 250 - Server and Client Security **Credits:** 3  
CBSC 275 - Cloud Computing Security **Credits:** 3  
CBSC 310 - Network Security **Credits:** 3  
CBSC 470 - Forensics **Credits:** 3  
CBSC 480 - Cybersecurity Implementation Evaluation **Credits:** 3  
CPTR 450 - Networking **Credits:** 3

### Cybersecurity Electives - 9

Choose 9 credits in consultation with academic advisor from CPTR courses.

### Data Analytics Concentration - 30

CPTR 235 - Data Analytics Fundamentals **Credits:** 3  
CPTR 236 - Data Visualization **Credits:** 3  
CPTR 330 - Text and Media Analytics **Credits:** 3  
CPTR 435 - Machine Learning **Credits:** 3  
CPTR 476 - Data Analytics Development and Integration **Credits:** 3  
CPTR 487 - Artificial Intelligence **Credits:** 3  
STAT 285 - Introduction to Applied Statistics **Credits:** 3

### Data Analytics Electives - 9

Choose 9 credits in consultation with academic advisor from CPTR courses.

### Information Technology Concentration - 30

CBSC 101 - Cybersecurity **Credits:** 3  
CBSC 250 - Server and Client Security **Credits:** 3  
CBSC 310 - Network Security **Credits:** 3  
CPTR 115 - Information Technology **Credits:** 3  
CPTR 445 - Computer Systems Analysis and Implementation **Credits:** 3  
CPTR 450 - Networking **Credits:** 3  
INFS 447 - Project Management **Credits:** 3

### Information Technology Electives - 9

Choose 9 credits in consultation with academic advisor from CPTR or CBSC courses.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

### Applied Computer Science Concentration

Graduates of the Applied Computer Science concentration of Computing BS will possess the following abilities:

- Design and develop different types of software applications using current software development best practices.
- Analyze computing problems that can be solved using existing software, and select appropriate approaches, tools and methods to implement a software solution.
- Effectively use data structures, algorithms, and data management systems in computer programs to store, manage, access, and process data.
- Demonstrate understanding of capabilities, tradeoffs, and limitations of algorithms, programming languages, operating systems and other related computing technology.

### Cybersecurity Concentration

Graduates of the Cybersecurity concentration of Computing BS will possess the following abilities:

- Analyze the cybersecurity exposure profile of an organization.
- Develop effective cybersecurity plans for an organization.
- Implement technical aspects of a cybersecurity solution, including planning, management, and incident mitigation.

### Data Analytics Concentration

Graduates of the Data Analytics concentration of Computing BS will possess the following abilities:

- Manage data ingestion tasks, such as collection, cleaning, and transfer, from different sources into an accessible system for analysis.
- Demonstrate understanding of issues and solutions for storing, managing, and analyzing data sets.
- Apply current methods to understand, visualize, identify, and communicate trends in data.
- Use appropriate tools, algorithms, and mathematical models to perform desired analysis, with consideration of related limitations.

### Information Technology Concentration

Graduates of the Information Technology concentration of Computing BS will possess the following abilities:

- Analyze the computing needs of an organization.
- Design a computing technology solution consisting of computer software and hardware to satisfy the relevant identified organization technology needs and goals, ranging in scope from limited in technology and organizational unit application, to comprehensive.
- Implement a designed or planned computing technology solution with the identified computer software and hardware, including deployment and management of the solution.

## Cybersecurity BS

The BS Cybersecurity program enables graduates to function as professionals who can manage and implement computing and related systems that are well protected against intrusion, destructive, and other attacks. Graduates have comprehensive technical understanding of the underlying computing technology that is being secured, including both applied and theoretical aspects. They also possess a practical understanding of various attack methods. Their abilities also include relevant functional abilities in areas such as legal concerns, business environment, social impact, and ethics.

## Total Credits - 120

## Major - 54

### Core - 39

CBSC 101 - Cybersecurity **Credits:** 3  
CBSC 250 - Server and Client Security **Credits:** 3  
CBSC 275 - Cloud Computing Security **Credits:** 3  
CBSC 310 - Network Security **Credits:** 3  
CBSC 365 - Legal Issues in Cybersecurity **Credits:** 3  
CBSC 460 - Risk Management & Mitigation **Credits:** 3  
CBSC 470 - Forensics **Credits:** 3  
CBSC 480 - Cybersecurity Implementation Evaluation **Credits:** 3  
CPTR 151 - Computer Science I **Credits:** 3  
CPTR 152 - Computer Science II **Credits:** 3  
CPTR 230 - Data Science Fundamentals **Credits:** 3  
INFS 310 - Applied Networks and Telecommunications **Credits:** 3  
INFS 318 - Business Systems Analysis and Design **Credits:** 3

### Electives - 15

Choose 15 credits from among the following courses.

CPTR 276 - Data Structures and Algorithms **Credits:** 3  
CPTR 420 - Data Visualization and Mining **Credits:** 3  
CPTR 425 - Programming Languages **Credits:** 3  
CPTR 435 - Machine Learning **Credits:** 3

CPTR 440 - Operating Systems **Credits:** 3  
CPTR 460 - Software Engineering **Credits:** 3  
INFS 428 - Database Systems Design and Development **Credits:** 3

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

Graduates of the program will be able to:

- Analyze cybersecurity exposure profile of an organization
- Develop effective cybersecurity plans for an organization
- Implement and manage technical aspects of cybersecurity plans, from planning to implementation and incident mitigation
- Provide legal, social, ethical, and other non-technical solutions as part of a cybersecurity plan

## Data Science BS

Data Scientists provide insight and predictions from data. They work in research labs, startups, corporations, universities, governments, and nonprofits. A degree in data science provides students with skills for acquiring, managing, visualizing, mining, and modeling data. Students in this program learn tools and techniques for working with Big Data and using machine learning for making predictions. They consider implications of decisions made with data for human rights and privacy from an appropriate ethical, legal, and Christian framework. The program consists of a core set of data science, computer science, mathematics, and statistics courses and the choice of a minor or certificate where students learn discipline-specific techniques and issues.

The Data Science BS program is shared between the Department of Mathematics in the College of Arts and Sciences and the Department of Computing in the College of Professions.

## Total Credits - 120

### Major - 50

CPTR 151 - Computer Science I **Credits:** 3  
CPTR 152 - Computer Science II **Credits:** 3  
CPTR 230 - Data Science Fundamentals **Credits:** 3  
CPTR 236 - Data Visualization **Credits:** 3  
CPTR 276 - Data Structures and Algorithms **Credits:** 3  
CPTR 330 - Text and Media Analytics **Credits:** 3  
CPTR 435 - Machine Learning **Credits:** 3  
CPTR 467 - Database Systems **Credits:** 3  
CPTR 487 - Artificial Intelligence **Credits:** 3  
MATH 191 - Calculus I **Credits:** 4  
MATH 192 - Calculus II **Credits:** 4  
MATH 215 - Introduction to Linear Algebra **Credits:** 3  
MATH 389 - Mathematics Colloquium **Credits:** 0,1 (2 semesters)  
MATH 426 - Mathematical Modeling **Credits:** 3  
STAT 340 - Probability Theory with Statistical Applications **Credits:** 3  
STAT 440 - Mathematical Statistics **Credits:** 3

Choose one of the following courses in consultation with an advisor:

STAT 285 - Introduction to Applied Statistics **Credits:** 3  
MATH 240 - Calculus III **Credits:** 4  
MATH 286 - Differential Equations **Credits:** 3

### Cognates - 3

Choose one of the following courses that addresses ethics:

HONS 380 - Topic in Bioethics & Christian Faith **Credits:** 3  
HONS 415H - Thinking Theologically: Christian Life and Faith **Credits:** 3  
RELT 340 - Religion and Ethics in Modern Society **Credits:** 3  
RELT 385 - Bioethics and Christian Faith **Credits:** 3

## Application Area - 12+

Completion of a minor (or second major) in any area or an Innovation & Entrepreneurship Certificate. See [https://www.andrews.edu/cp/computing/data\\_science.html](https://www.andrews.edu/cp/computing/data_science.html) for recommended courses in common areas such as Accounting, Behavioral Sciences, Biology, Finance, Marketing, Physics, and Public Health.

## Additional Requirements

No grade lower than C- may be counted toward major, cognate, or application area requirements.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

Graduates of this program will:

- Know how to collect, clean, anonymize, and manage data from different sources in a convenient system for analysis.
- Understand issues and solutions for storing, managing, and analyzing large-scale data sets.
- Apply techniques to understand, visualize, identify, and communicate trends in data.
- Identify appropriate tools, algorithms, mathematical techniques and models to perform desired analysis; understanding limitations and pitfalls.

## Undergraduate Minors

### Computing Minor

The Computer Science minor prepares students to develop software solutions to real world problems. Students have the opportunity to acquire knowledge and skills in a variety of theoretical and applied areas of Computer Science. Areas include (but are not limited to) algorithms, data science, artificial intelligence, software engineering, web/mobile development, virtual and augmented reality, databases, and networks.

### Total Credits - 18

CPTR 151 - Computer Science I **Credits:** 3  
CPTR 152 - Computer Science II **Credits:** 3  
CPTR 276 - Data Structures and Algorithms **Credits:** 3

#### Electives

A minimum of 9 credits chosen from CPTR courses in consultation with a CS academic advisor.

#### Additional Requirements

No course grade below a C- may apply to a major or minor in Computing. All prerequisites for CPTR courses must be passed with a minimum grade of C- before entry into the class it is required for.

## Student Learning Outcomes

Students who complete this minor will be able to:

- Design and develop complex, efficient algorithms and programs while adhering to current software development best practices.
- Develop knowledge and skills in theoretical and applied areas of Computer Science.

## Cybersecurity Minor

The Cybersecurity minor enables graduates to function as professionals who can manage computing and related systems that are protected against intrusion, destructive, and other attacks. Graduates have a technical applied understanding

of the underlying computing technology that is being secured. They also possess a practical understanding of various attack methods.

## Minor - 18

- CBSC 101 - Cybersecurity **Credits:** 3
- CBSC 250 - Server and Client Security **Credits:** 3
- CBSC 275 - Cloud Computing Security **Credits:** 3
- CBSC 310 - Network Security **Credits:** 3
- CPTR 151 - Computer Science I **Credits:** 3
- CPTR 450 - Networking **Credits:** 3

## Data Analytics Minor

Data Analysts provide insight and predictions from data. They work in research labs, startups, corporations, universities, governments, and nonprofits. A minor in Data Analytics provides students with skills for acquiring, managing, and visualizing data. Students in this program learn tools and techniques for working with data and making predictions. They consider implications of decisions made with data for human rights and privacy from an appropriate ethical, legal, and Christian framework.

## Minor - 18

- CPTR 151 - Computer Science I **Credits:** 3
- CPTR 235 - Data Analytics Fundamentals **Credits:** 3
- CPTR 236 - Data Visualization **Credits:** 3
- CPTR 330 - Text and Media Analytics **Credits:** 3
- CPTR 476 - Data Analytics Development and Integration **Credits:** 3
- STAT 285 - Introduction to Applied Statistics **Credits:** 3

## Data Science Minor

A minor in Data Science introduces students to the skills for acquiring, managing, visualizing, mining, and modeling data. Students learn some tools and techniques for working with Big Data and using machine learning for making predictions.

## Total Credits - 18

- CPTR 151 - Computer Science I **Credits:** 3
- CPTR 230 - Data Science Fundamentals **Credits:** 3
- CPTR 435 - Machine Learning **Credits:** 3

### Choose one of the following courses:

- STAT 285 - Introduction to Applied Statistics **Credits:** 3
- STAT 340 - Probability Theory with Statistical Applications **Credits:** 3

### Choose one of the following courses:

- CPTR 350 - Big Data Management **Credits:** 3
- CPTR 467 - Database Systems **Credits:** 3

### Choose one of the following courses:

- CPTR 420 - Data Visualization and Mining **Credits:** 3
- MATH 426 - Mathematical Modeling **Credits:** 3

## Student Learning Outcomes

- Know how to collect, clean, anonymize, and manage data from different sources in a convenient system for analysis.
- Understand issues and solutions for storing, managing, and analyzing large-scale data sets.
- Apply techniques to understand, visualize, identify, and communicate trends in data.
- Identify appropriate tools, algorithms, mathematical techniques and models to perform desired analysis; understanding limitations and pitfalls.
- Know what questions can be asked within an appropriate ethical, legal, and Christian framework.
- Respect individual rights and privacy when collecting and handling human data.
- Consider the implications of decisions made using data.

## Information Systems Minor

The minor in Information Systems is designed to supplement a student's course of study. It equips the graduate with a toolkit for applying technology to enhance any major field. The IS minor also prepares the graduate for liaising with non-technical personnel on the job.

## Total Credits - 18

- INFS 130 - Management of Information Systems **Credits:** 3
- INFS 225 - Introduction to Data Analytics **Credits:** 3
- INFS 300 - Organization IT Design, Deployment and Management **Credits:** 3
- INFS 310 - Applied Networks and Telecommunications **Credits:** 3
- INFS 318 - Business Systems Analysis and Design **Credits:** 3

## Electives

Choose any remaining INFS courses for a total of 3 credits.

## Student Learning Outcomes

The student who completes a minor in Information Systems will be able to:

- Identify problems and apply suitable technology skills to develop solutions.
- Communicate information systems concepts in written and verbal forms
- Integrate technology-based solutions into a user environment.
- Articulate that their understanding of Christian Principles and ethics relate positively to their professional careers.

## Information Technology Minor

The Information Technology minor enables graduates to function as professionals who can manage computing and related systems. Graduates have a technical applied understanding of the underlying computing technology. They also possess a practical understanding of various attack methods. They can provide insight in the decision process for selecting from available hardware, software and other computer systems and associated components to support organizations.

## Total Credits - 18

- CBSC 101 - Cybersecurity **Credits:** 3
- CPTR 115 - Information Technology **Credits:** 3
- CPTR 151 - Computer Science I **Credits:** 3
- CPTR 320 - Software Development and Operations **Credits:** 3
- CPTR 445 - Computer Systems Analysis and Implementation **Credits:** 3
- CPTR 450 - Networking **Credits:** 3

## Computing & Software Engineering

### CPTR 115 - Information Technology

**Credits:** 3

Introduction to areas of study in Information Technology. Management of software ranging in deployment from service to endpoints. Data storage environments and devices. Current and emerging communication network approaches. Hardware evaluation, including processors, networks, storage, peripherals, and others associated with computational systems. Use of IT automation and orchestration tools.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

### CPTR 151 - Computer Science I

**Credits:** 3

An introduction to programming methodology using a high level language, advanced operating system usage, problem-solving, algorithm development, control structures, arrays, program style, design correctness and documentation techniques, as well as a brief overview of computer systems and computer history.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab  
**Term Offering:** Fall, Spring  
**College Code:** CPS

## CPTR 152 - Computer Science II

**Credits:** 3

A continuation of CPTR151. Examines program specifications, design, coding, correctness, and style with additional coverage of pointers and arrays, and an in-depth study of recursion and data structures. Includes files, lists, stacks, queues, trees, graphs, and an overview of computer ethics.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 151  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring  
**College Code:** CPS

## CPTR 220 - Topics in \_\_\_\_\_

**Credits:** 1-4

Selected topics of current interest in computing.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CP

## CPTR 230 - Data Science Fundamentals

**Credits:** 3

Introduction to the data science process: asking data-driven questions, data acquisition, cleaning, management, and analysis. Programming and analysis techniques for summarizing data. Introduction to common languages and tools used in data science.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 151 Computer Science I  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CPS

## CPTR 235 - Data Analytics Fundamentals

**Credits:** 3

Introduction to the process of data analysis with the use of current tools. Coverage of data extraction, loading, transformation, summarization, and presentation. Usage of tools and tool features that require only minimal amounts of computer programming.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CP

## CPTR 236 - Data Visualization

**Credits:** 3

Representation of results of knowledge discovery processed used in the analysis of data. Fixed and static representations such as reports, graphs, and charts. Dynamic representations with interactive tools allowing limited exploration of results, and partial contributing data and summaries where relevant.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CP

## CPTR 245 - Discrete Structures

**Credits:** 3

Formal mathematical structures and methods used in developing computing solutions are introduced. Their application in computer science is emphasized.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 168 or MPE score of P4 or higher  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CPS

## CPTR 246 - User Application Development

**Credits:** 3

Methods and technologies used for developing applications proving interfaces to end users. Coverage of application types such as web, mobile, and desktop. Includes application concerns related to interfacing with a server component and networking. Aspects covered include user interfaces, programming languages used for developing applications in various environments, related libraries and frameworks, and markup languages. Content adjusted based on current trends.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 151  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

## CPTR 247 - Web Application Development

**Credits:** 3

A study of techniques and concepts used for developing web client applications. Aspects covered include programming languages used for developing applications in web browsers, related libraries and frameworks, and markup languages. Content adjusted based on current trends.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 151  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

## CPTR 251 - Server Application Development

**Credits:** 3

A study of techniques and concepts used for developing service applications. Aspects covered include the internet, web, databases, networking and object-oriented. Content adjusted based on current trends.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CP

## CPTR 252 - Mobile Application Development

**Credits:** 3

A study of techniques and concepts used for developing applications for mobile devices.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CP

## CPTR 276 - Data Structures and Algorithms

**Credits:** 3

A study of techniques for the design and analysis and implementation of data structures and algorithms commonly used in computing. Includes introductions to asymptotic notation, sorting, search trees, hash tables, and graphs.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 152  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CPS

## CPTR 285 - Systems Programming

**Credits:** 3

Organization of programs and data; program analysis, pointers, manual memory management, system calls, introduction to threads, embedded programming.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 151  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CPS

## CPTR 295 - Directed Computer Language Study

**Credits:** 1-3

Directed study of computer language in consultation with the instructor. Normally,

the language is not included in other courses taught by the department. A programming project may be required.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Prerequisite(s):** CPTR 152 or equivalent.

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CPS

### CPTR 310 - Database Application Programming

**Credits:** 3

A study of basic database principles and web applications using technologies such as PHP, MySQL, Three Tier Architectures, scripting languages and data manipulation. Manipulating databases using SQL. Sessions, authentication and security.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 151

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

### CPTR 320 - Software Development and Operations

**Credits:** 3

Application of current methods in various areas of computing for the combined processes of software development and software operations. Includes topics such as source control, continuous integration, continuous deployment, automation of deployment, security, version migration, virtual machines and containers, and configuration management.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 151

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

### CPTR 325 - Media Application Development

**Credits:** 3

Methods and technologies used for developing applications of various modalities of human-computer interaction. Includes text, images, audio, video, tact, and other modalities. Covers technologies and environment using the modalities such as virtual reality, augmented reality, mobile devices, simulations, and games. Content adjusted based on current trends.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 151

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

### CPTR 330 - Text and Media Analytics

**Credits:** 3

Analysis of text, audio, video, and other semi-structured and unstructured data. Use of existing methods and models from machine learning, computer vision, natural language processing, and related areas.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CP

### CPTR 345 - Virtual and Augmented Reality

**Credits:** 3

Provides an introduction to the development of virtual and augmented reality applications.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 151

**Schedule Type:** Lecture

**College Code:** CPS

### CPTR 350 - Big Data Management

**Credits:** 3

Covers tools, languages and strategies for storing, accessing and fusing data from a variety of sources.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 230 Data Science Fundamentals

472

OR

CPTR 276 Data Structures and Algorithms

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

### CPTR 410 - Data Mining

**Credits:** 3

Automated and semi-automated discovery of interesting knowledge, patterns, generalizations, and other relevant summarized information from large amounts of data. Apply algorithmic methods for the data exploration process, instead of manual methods. Use approaches such as sequential pattern mining, cluster detection, association rule learning, and classification.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CP

### CPTR 416 - Internet Technologies

**Credits:** 3

A study of current technologies and their effects, including web server software, e-commerce, various scripting languages, human-computer interaction, perception, and related issues.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 152

**Schedule Type:** Lecture

**Year Offering:** Even years

**Term Offering:** Fall

**College Code:** CPS

### CPTR 420 - Data Visualization and Mining

**Credits:** 3

Covers tools and techniques for understanding trends in large data sets.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 230 Data Science Fundamentals

OR

CPTR 276 Data Structures and Algorithms

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

### CPTR 425 - Programming Languages

**Credits:** 3

Survey of current programming languages, including structure, runtime systems, the specification of syntax, and semantics. Definition of syntax for formal languages with emphasis on context-free languages. Techniques for scanning and parsing programming languages.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 152

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

### CPTR 427 - Object-Oriented Design and Programming

**Credits:** 3

Emphasizes the study of object-oriented analysis and design methodologies and the application of these to the development of advanced software. Includes survey of object-oriented programming languages and environments.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 152.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

### CPTR 430 - Analysis of Algorithms

**Credits:** 3

An introduction to the design and analysis of advanced algorithms. Topics include asymptotic complexity bounds, graph and tree algorithms, and algorithmic strategies (such as greedy, divide-and-conquer and dynamic programming).

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 245 or MATH 355, CPTR 276

**Schedule Type:** Lecture  
**College Code:** CPS

### CPTR 435 - Machine Learning

**Credits:** 3  
Provides an introduction to designing software systems that can learn from data. Topics include supervised and unsupervised learning techniques, classification vs. regression, model evaluation, generalization issues (e.g. bias-variance tradeoff, overfitting) and current best practices. Applies machine learning to a variety of data sets and covers popular tools used for machine learning on large data sets.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 152  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CPTR 436 - Numerical Methods and Analysis

**Credits:** 3  
A study of common numerical techniques applicable on a computer. Includes interpolation, extrapolation, approximation techniques, numerical methods for linear problems, root finding, function fitting, numerical integration, location of extremes, efficiency of numerical algorithms, and minimization of computational error.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 152 and MATH 215  
**Schedule Type:** Lecture  
**College Code:** CPS

### CPTR 437 - Formal Theory of Computation

**Credits:** 3  
Study of the various classes of formal languages, their grammars, properties and recognizing machines. Turing machines. Computability.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 245 or MATH 355, CPTR 276  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CPS

### CPTR 440 - Operating Systems

**Credits:** 3  
Study of computer operating system concepts and functionality. Process management, including asynchronous concurrent processes and deadlock. Storage management, job and process scheduling, concurrency and multiprocessing, disk scheduling and file systems. Performance and security.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 152  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CPTR 445 - Computer Systems Analysis and Implementation

**Credits:** 3  
Comprehensive analysis of an organization or unit, and associated technical implementation of an Information Technology solution. Assessment of current and desired environment. Development of a plan to achieve service and other goals. Deployment of the software, hardware, policies, and other aspects of the solution. Maintenance of the solution, including support for evolving needs. Use of current software and other tools in all phases.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 115, CPTR 151  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CPTR 450 - Networking

**Credits:** 3  
Concepts applicable to using, designing, and developing for computer networks. Application of computing algorithms and solutions using networked computers and devices. Study topics such as physical transmission media, protocols and associated layers, TCP/IP, application programming interfaces and frameworks, sockets, and security.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 151  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CPTR 460 - Software Engineering

**Credits:** 3  
Surveys basic software engineering topics associated with the processes, documents, and products of the entire software life cycle. Topics include software evolution, project organization, and management, feasibility studies, product definition, design, implementation, and testing issues, and the role of the software engineer within the life cycle.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 152, CPTR 467  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CPTR 465 - Computer Architecture

**Credits:** 3  
Focus on hardware aspects of computing and logical concepts. Includes data representation for numbers and other data types, Boolean algebra, digital logic circuit representations of basic computational building blocks, CPU components, interrupt schemes and buses. Relevance of supporting concepts is discussed, including system software, assemblers, assembly language programming and operating systems.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 152, ENGR 385  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CPS

### CPTR 467 - Database Systems

**Credits:** 3  
Study of issues relevant to the use and creation of database management system software. Indexing, buffering and other internal and physical database design issues. Relational model and query languages. Functional dependencies and normalization. Modeling using Entity-Relationship and other relevant paradigms. Transactions, query optimization, and non-relational database models. Design and software development using databases.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 151  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CPTR 475 - Topics in \_\_\_\_\_

**Credits:** 1–4  
Selected topics of current interest in computing such as Robotics, advanced languages, or others.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 151  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CPS

### CPTR 476 - Data Analytics Development and Integration

**Credits:** 3  
Implementation of complete data analysis pipelines. Interfacing with data sources. Presentation of analysis results to end users. Integration of all stages of the data analytics process. Development of electronic reports, dashboards, and other artifacts. Focus on the automation of the process and delivery of complete systems to all users involved.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CP

### CPTR 485 - Computer Graphics

**Credits:** 3  
Introduction to computer graphics focusing on the algorithms and data structures

for the modeling and shading of 3-d images. Topics include basic OpenGL programming, mesh generation, shading, raytracing, radiosity methods, procedural textures, and fractal methods.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 276  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CPS

### CPTR 487 - Artificial Intelligence

**Credits:** 3  
Study of current trends in Artificial Intelligence. Includes topics such as symbolic and numeric processing, intelligent search methods, problem representation, machine learning, logic and inference, probabilistic reasoning, constraint satisfaction, sequential decision problems, reinforcement learning, and social implications.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CPTR 152  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CPTR 490 - Research

**Credits:** 0–6  
Students will either assist a faculty member in an ongoing research project or develop a project of their own with the help and approval of the faculty member in their areas of interest or study. This course is for students who have a reasonably established knowledge of computing at the college level. A minimum of 3 hours work per week is required for each credit earned and a written paper is required.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CPS

### CPTR 493 - Practicum

**Credits:** 0–6  
This course facilitates a professional experience for the student. It functions with the consent and advice of the computer science program faculty. Opportunities and venues vary, and must include designing and implementing an innovative and novel computing solution. Three primary approaches are undergraduate research, professional internship, or a major design project. A minimum of 3 hours of work per week per credit is required.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite/Corequisite:** CPTR 460  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Practicum  
**College Code:** CPS

### CPTR 495 - Independent Study

**Credits:** 1–3  
Directed study of material of special interest chosen in consultation with the instructor. No more than 6 credits may be earned in CPTR495.

**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CPS

### CPTR 496 - Special Projects

**Credits:** 1–3  
Project chosen in consultation with instructor. No more than 6 credits may be earned in CPTR 496.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CPS

## Cybersecurity

### CBSC 101 - Cybersecurity

**Credits:** 3  
Introduction to various areas of study in cybersecurity. Covers both technical and

non-technical concerns, including legal and ethical. Technical implementation of basic cybersecurity plans, including configuration options for existing software and hardware, as well as external tools.

**Lecture/Lab:** Weekly: 3 lectures  
**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CBSC 250 - Server and Client Security

**Credits:** 3  
Security of servers and devices. Operating system configuration options to prevent intrusion. Protection mechanisms such as discretionary access control, mandatory access control, role-based authorization, and encryption. Additional software and hardware solutions available for security beyond the operating system. Application of corresponding mechanisms to client and device security.

**Lecture/Lab:** Weekly: 3 lectures  
**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CBSC 275 - Cloud Computing Security

**Credits:** 3  
Cloud compute, storage, network, and other security concerns. Implementation and use of security technical policies and methods, such as encryption of data at rest, and hardware security modules. Levels of trust for cloud provider systems. Consequences on data compliance depending on chosen tools.

**Lecture/Lab:** Weekly: 3 lectures  
**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CBSC 310 - Network Security

**Credits:** 3  
Security of computer networks. Firewalls, intrusion detection systems, intrusion prevention systems. Client network security, firewalls in clients.

**Lecture/Lab:** Weekly: 3 lectures  
**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CBSC 365 - Legal Issues in Cybersecurity

**Credits:** 3  
Legal requirements, exposure, and other aspects related to law and compliance. Global information security. International law. Ethics, and issues with types of hacking. Human issues, including trust of IT staff and organization employees.

**Lecture/Lab:** Weekly: 3 lectures  
**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### CBSC 460 - Risk Management & Mitigation

**Credits:** 3  
Available options for analysis of different levels of permissible risk exposure, with associated resource requirements. Selecting among risk avoidance, transfer, reduction, and acceptance. Insurance issues. Ranking risk probability vs. consequence, and appropriate actions. Data backup policies. Disaster recovery. Mitigating results of malware, viruses, ransomware, and other attacks.

**Lecture/Lab:** Weekly: 3 lectures  
**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

## CBSC 470 - Forensics

**Credits:** 3

Tools used in the management of forensic evidence while meeting compliance targets. Gathering of evidence, technical and legal aspects, chain of custody, appropriate format for use in court.

**Lecture/Lab:** Weekly: 3 lectures

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

## CBSC 480 - Cybersecurity Implementation Evaluation

**Credits:** 3

Technical tools used in the evaluation of selected mitigations for security. Penetration testing, fuzzing attacks, social engineering attacks. Implement defensive systems against malware, and establish incident response plans.

**Lecture/Lab:** Weekly: 3 lectures

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

# Information Systems

## INFS 130 - Management of Information Systems

**Credits:** 3

In this course, students will be introduced to the business and enterprise technology ecosystems and organizational information systems through lectures and in-classroom activities. The lab will introduce students to a variety of enterprise tools like applied analytical applications, collaborative technology, and data visualization systems.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

## INFS 225 - Introduction to Data Analytics

**Credits:** 3

This course introduces students to the concepts and techniques of data analytics. Multiple analytics software including spreadsheets, mining tools, tableau, SQL and BI will be used for acquiring, preparing, analyzing, interpreting, and visualizing different types of data. Other relevant tools will be demonstrated.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INFS 245 - Analytics for Business Applications

**Credits:** 3

This course explores larger structured and unstructured data with particular application to business scenarios. Students will apply appropriate tools to determine trends, build models, and make predictions from the data. Cloud systems will be included

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INFS225

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INFS 265 - Drone Flight, Data Gathering, Analysis and Certification Support

**Credits:** 3

Fulfills the requirements for successfully passing the Part 107 exam, safety, and small unmanned aerial flight training. This allows students to be certified UAS operators and work professionally in industrial, real estate, photography, marketing, videography, agricultural, land management, and remote sensing applications.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

## INFS 300 - Organization IT Design, Deployment and Management

**Credits:** 3

This course is the IT "boot camp" and it covers hands-on and applied understanding of organization technology. It covers the basics of hardware and software, electronics, software programming, IoT development, and computer network architectures.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INFS 310 - Applied Networks and Telecommunications

**Credits:** 3

This course looks at data communications and networking for the enterprise. It covers layered models, connectivity options, security and protocols for Local Area Networks and Wide Area Networks. Through lectures and hands-on sessions, students learn to design, implement and troubleshoot communication options within an organization.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INFS 130 or INFS 300

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

## INFS 318 - Business Systems Analysis and Design

**Credits:** 3

Provides an understanding of the system development, modification, decision process, and choices in business process development and reengineering methodology. Emphasizes integration with users and user systems. Encourages interpersonal skill development, operations and maintenance of the system, and covers quality and decision theory, information theory, and practice.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INFS 225

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

## INFS 330 - Introduction to Web Development

**Credits:** 3

This course focuses on the tools used for designing and building professional websites. Emphasis will be on client-side tools such as HyperText Markup Language (HTML), Cascading Style Sheets (CSS), JavaScript, and other emerging technologies.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CPTR 151

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INFS 360 - Drone Maintenance & Management

**Credits:** 3

A practical study of drone or UAV (Unmanned Aerial Vehicles) electronics, flight controllers, materials, and ground systems technologies. A multitude of different autopilots will be examined and applied to autonomous flight.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INFS 380 - Applied Decision Support (DSS) and Expert Systems

(EX)

**Credits:** 3

This course explores the use of AI and BI tools in providing information to assist management with making decisions and planning

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Spring

**College Code:** CP

## INFS 385 - Business Automation, Robotics and Society

**Credits:** 3

This course explores the use automation and robotics in organizational operations and its impact to society. It covers industry deployed automation systems and robotics to solve business problems, their role in risk management, and deskilling. Through case studies and lectures the students will learn how to apply these new systems and understand the ethical and other ramifications of their deployment.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years (odd)

**Term Offering:** Fall

**College Code:** CP

## INFS 397 - Topics in \_\_\_\_\_

**Credits:** 1-3

Intensive study of selected topics of current interest in the sub-discipline area noted and not ordinarily covered in depth in other courses.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required.

**College Code:** CPS

## INFS 428 - Database Systems Design and Development

**Credits:** 3

Covers information systems design, theory, and implementation within a database management system environment. Students extend their knowledge of the design process acquired in earlier courses by modeling data according to the organization's business rules. Relational database software will be used to implement the design. Data mining, non-relational databases, and other methods of data storage and use within the enterprise will also be introduced.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INFS 318 or CPTR 230

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INFS 447 - Project Management

**Credits:** 3

Covers the factors necessary for successful management of system development or enhancement projects. Both technical and behavioral aspects of project management are discussed. Focus is on management of development for enterprise-level systems.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INFS 318

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

## INFS 450 - Ecommerce Design and Development

**Credits:** 3

This course explores the modern ecommerce industries and the marketing strategies that have evolved to support this economic powerhouse. Students will learn through a hands-on approach exploring the industry standard on setting up an ecommerce platform through Shopify, Wix, and WordPress. Students will also implement, PayPal, Stripe, SEO and social media marketing tools to deploy analytics from sales leads to conversions.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INFS 130 Management of Information Systems AND

INFS 245 Analytics for Business Applications

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

## INFS 457 - Certification Support

**Credits:** 3

Provides background and support necessary for students to pursue various software certification exams.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INFS 470 - Disruptive Technology and Digital Transformation Management

**Credits:** 3

Disruptive technologies are changing the ecosystem of modern business operations. In this class students will explore how these emerging technologies systems are affecting business in the areas of logistics, analytics, organizational diversion, new product development, and digital transformation.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INFS130 Management of Information Systems

**Schedule Type:** Lecture

**Year Offering:** Alternate years (odd)

**Term Offering:** Fall

**College Code:** CP

## INFS 490 - Information Systems Consulting

**Credits:** 3

This course provides an opportunity for highly motivated students to gain exposure to the skills and tools to succeed in the consulting industry. Students learn through a dynamic process by working in small teams to define client problems, collect and analyze data, prescribe solution proposals, and implement recommendations. In addition, students will be able to hone their skills in project management, presentation delivery, storytelling, and stakeholder engagement.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** (INFS 130 Management of Information Systems AND INFS 318 Business Systems Analysis and Design AND (INFS 447 OR BSAD447 Project Management))

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Spring

**College Code:** CP

## INFS 497 - Advanced Topics in \_\_\_\_\_

**Credits:** 3

Topics of current interest in the sub-discipline area noted not ordinarily covered in depth in other courses.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required.

**College Code:** CPS

## INFS 510 - Management Information Systems

**Credits:** 3

Covers current issues that effective managers must address as their organizations grow increasingly dependent on information technologies. Topics include hardware, software, telecommunications, networking and the management challenges involving these technologies. Extensive use of case studies. Word processing and spreadsheet skills are assumed.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Year Offering:** Alternate Years

**Term Offering:** Summer

**College Code:** CPS

# School of Architecture & Interior Design

## Architecture & Interior Design Faculty

Lionel Johnson, *Chair*  
Tamara Karr, *Library Director*  
Stella Diane Abijuru  
Jussara Bauermann  
Enrique Bernal  
Tom Hurst  
Mark Moreno  
Christopher Perry  
Jessica Perry  
Rhonda Root  
Zayda Steinke  
Kristin von Maur

Carey Carscallen, *Professor Emeritus*  
Kathleen Demsky, *Professor Emerita*  
Llewellyn Seibold, *Professor Emeritus*

### Mission

The faculty promote stewardship, rigorous scholarship and creative problem solving in their disciplines, and encourage students to:

- Shape places that foster whole human health;
- Explore time-honored and innovative solutions in their works;
- Seek joy, beauty, and moderation in a lifelong pursuit of learning;
- Serve mankind in accord with a professional and Christian vocation.

All this for the glory of God until the risen Christ comes again.

### Academic Calendar 2024–2025

May 25, 2024 Deadline for application to BSA professional degree track. (Currently enrolled students and transfer students seeking studio placement.)

### Master of Architecture (3½-Year Track) Application Deadlines

Sept 15, 2024 For January 2025 admission  
Feb 15, 2025 For summer or fall admission

### Resources

**Architecture Resource Center (ARC).** The ARC provides an extensive range of materials including around 30,000 books, 100 journals, and a media collection. An added dimension to resource materials are multiple special collections. The ARC maintains a relationship with the Environmental Design Research Association and houses an internationally recognized collection of books and materials in the area of environmental psychology and design. In addition, the ARC holds the Senseman Rare Book Collection of over 800 rare and out-of-print books and photos. There are also smaller historical collections such as the Thomas H. Logan, Randall L. Wagner, Special, Roberth Thornberry, Emma Watson, and Vernon Watson Collections.

**Student Handbook.** A handbook for School of Architecture & Interior Design students outlining policies, operational guidelines, and general information is available from the School office. Students are responsible for all policies outlined in the *School of Architecture & Interior Design Student Handbook*.

### Program Accreditation

In the United States, most registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. The National Architectural Accrediting Board (NAAB), which is the sole agency authorized to accredit professional degree programs in architecture offered by institutions with U.S. regional accreditation, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. A program may be granted an eight-year term, an eight-year term with conditions, or a two-year term of continuing accreditation, or a three-year term of initial accreditation, depending on the extent of its conformance with established education standards.

Doctor of Architecture and Master of Architecture degree programs may require a non-accredited undergraduate degree in architecture for admission. However, the non-accredited degree is not, by itself, recognized as an accredited degree.

Andrews University School of Architecture & Interior Design offers the following NAAB-accredited degree programs:

- M.Arch. (pre-professional degree—138 undergraduate credits + 30 graduate credits)
- M.Arch. (non-pre-professional degree + 72 undergraduate prerequisite credits + 30 graduate credits)

Next accreditation visit for all programs: 2026

(*The National Architectural Accrediting Board, Inc., 2020 Conditions for Accreditation*)

## Associates

### Architecture AS

The Associate of Science in Architecture program is a nonprofessional degree program (2 years) that teaches technical skills in drafting, building information modeling (BIM), specifications, construction documents, and physical model making. Students who choose this program may seek advanced degrees and/or employment as non-licensed architectural technicians or other entry-level positions in architecture, engineering and construction industries (AEC), arts, real estate, and other fields.

### Total Credits - 65

#### Major - 34

ARCH 126 - Drawing and Graphics Studio **Credits: 3**  
ARCH 150 - Introduction to Architecture and Design **Credits: 3**  
ARCH 165 - Architectural Digital Representation I **Credits: 3**  
ARCH 201 - Construction I **Credits: 3**  
ARCH 202 - Construction II **Credits: 3**  
ARCH 215 - Introduction to Design Studio **Credits: 5**  
ARCH 247 - Architecture as Craft Studio **Credits: 5**  
ARCH 265 - Architectural Digital Representation II **Credits: 3**  
ARCH 315 - History of Architecture I **Credits: 3**  
ARCH 316 - History of Architecture II **Credits: 3**

### Interior Design AS

The Interior Design AS students will immerse themselves in the world of interior design. Students will explore the profession of interior design, learn about the design process, gain hands-on knowledge about interior construction, utilize both hand drawing and computer-aided design to communicate design ideas. The skills taught in this program will prepare students to secure work in the interior design industry.

### Total Credits - 62

#### Core - 31

INT 126 - Drawing & Graphics Studio **Credits: 3**  
INT 150 - Introduction to Interior Design **Credits: 3**  
INT 165 - Interior Digital Representation I **Credits: 3**  
INT 235 - Materials for Interiors **Credits: 3**  
INT 240 - Construction for Interiors **Credits: 3**  
INT 255 - Interior Design Studio I **Credits: 5**  
INT 256 - Interior Design Studio II **Credits: 5**  
INT 265 - Interior Digital Representation II **Credits: 3**  
INT 315 - History and Theory of Interiors **Credits: 3**

#### Cognate - 3

This course fills the ACE requirement for Arts & Humanities.

ART 104 - Drawing I **Credits: 3**

## General Education (Andrews Core Experience)

Students must fulfill all Associate's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

Graduates of this program will be able to:

- Evaluate the form, space and order of an interior environment.
- Classify interior design solutions, material selections and construction techniques.
- Conduct design research and interpret information to provide a decision-making framework for interior solutions.
- Utilize written, verbal and graphic presentation skills to thoughtfully communicate design.
- Design interior spaces that reflect empathy, creative thinking and innovative problem solving.

## Bachelors

## Architectural Studies BS (Non-Professional)

The Bachelor of Science in Architectural Studies is a nonprofessional degree. Students who elect this degree do not proceed into the professional program track. In this program, Architectural Studies is declared as a major and upon successful completion, receives an undergraduate degree. Students who elect for this degree may seek advanced degrees or employment in the construction industry, the arts, business, and other fields.

### Total Credits - 120

### Major - 38

- ARCH 126 - Drawing and Graphics Studio **Credits:** 3
- ARCH 150 - Introduction to Architecture and Design **Credits:** 3
- ARCH 215 - Introduction to Design Studio **Credits:** 5
- ARCH 315 - History of Architecture I **Credits:** 3
- ARCH 316 - History of Architecture II **Credits:** 3

### Electives

A minimum of 21 elective credits from courses with ARCH and INT acronyms of which 9 must be upper division.

### Cognates - 6

- ART 104 - Drawing I **Credits:** 3
- DSGN 130 - Introduction to Digital Media **Credits:** 3

### Additional Electives

Additional elective credits may be chosen from course acronyms ARCH, ART, ARTH, DSGN, HORT, INT, PHTO, and other courses upon consultation with and approval from the academic advisor.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Understand the relationship between building and landscape.
- Understand the fundamental design concepts involved in a variety of architectural languages.

- Gain introductory knowledge of conventional building systems.
- Understand a global view for the historical architecture and architects as a connection to understanding global and cultural diversity.
- Develop a vocabulary of words, images, concepts, and ideas rooted in the study of architectural precedents and form.

## Architecture BSA (Professional Degree Track)

The professional degree program consists of a pre-professional Bachelor of Science in Architecture and then a Master of Architecture. When earned sequentially, the degree track results in the accredited professional education.

### Total Credits - 138

### Major - 93

- ARCH 126 - Drawing and Graphics Studio **Credits:** 3
- ARCH 150 - Introduction to Architecture and Design **Credits:** 3
- ARCH 201 - Construction I **Credits:** 3
- ARCH 202 - Construction II **Credits:** 3
- ARCH 205 - Structures I **Credits:** 4
- ARCH 215 - Introduction to Design Studio **Credits:** 5
- ARCH 247 - Architecture as Craft Studio **Credits:** 5
- ARCH 305 - Structures II **Credits:** 4
- ARCH 315 - History of Architecture I **Credits:** 3
- ARCH 316 - History of Architecture II **Credits:** 3
- ARCH 318 - Background Building Studio **Credits:** 5
- ARCH 320 - Placemaking Studio **Credits:** 5
- ARCH 330 - Analytical Summer Abroad **Credits:** 6
- ARCH 335 - Environmental Technology I **Credits:** 4
- ARCH 336 - Environmental Technology II **Credits:** 4
- ARCH 370 - Person-Environment Theory **Credits:** 3
- ARCH 434 - Urban Studies **Credits:** 3
- ARCH 435 - Introduction to Building Information Modeling **Credits:** 3
- ARCH 441 - Comprehensive Building Design Studio **Credits:** 5
- ARCH 442 - Integrative Design Studio **Credits:** 5
- ARCH 449 - Integrative Design I **Credits:** 2
- ARCH 459 - Design Theory **Credits:** 3
- ARCH 469 - Integrative Design II **Credits:** 2

### Electives

A minimum of 7 credits of architecture electives at the undergraduate level. Elective must be selected from ARCH, BSCM, and INT courses. Selection of electives outside of school offerings requires the approval of the school faculty.

### Cognates - 11

- ART 104 - Drawing I **Credits:** 3 \*
- PHYS 141 - General Physics I **Credits:** 4 \*
- MATH 168 - Precalculus **Credits:** 4 \*

\*Course fulfills ACE requirement

## Additional Requirements

### Continued Undergraduate Enrollment Requirements

Year	Enrollment Requirement(s)
Pre-Professional Year One	2.5 Cumulative GPA
Pre-Professional Year Two	Application and \$40 fee Cumulative GPA of 2.75 Portfolio Three letters of recommendation (two must be from academic sources) Letter of Intent Official transcripts (transfer students only) Acceptance into Professional Degree Track

### Analytical Summer Abroad

Each student is required to attend the Analytical Summer Abroad (ARCH330). This program is usually five weeks in duration. Students completing Professional Track Year One should make plans accordingly. For further information, consult the School of Architecture & Interior Design.

### Undergraduate Electives - 5

Courses must be non-ARCH courses.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Maintaining Academic Standing

Students are required to complete the BSA in a specific path sequence. Please see the attached chronological listing of courses by year with academic requirements.

Academic standards apply to the BS, BSA, BID and BSCM. A grade of C- or higher is required in order to continue in the design studio sequence. A grade of less than C- requires a student to repeat that studio before advancing in the studio sequence. Faculty approval is required for any studio course to be repeated. This includes ART 104, ARCH 126, ARCH 215, ARCH 247, ARCH 318, ARCH 320, ARCH 441, ARCH 442; INT 341, INT 342, INT 441, INT 442.)

Students accepted to the BSA Professional Degree Track are expected to maintain a minimum cumulative GPA requirement of 2.75 for acceptance into the Master of Architecture year (see Graduate-Year Enrollment requirements). Students whose cumulative GPA falls below this minimum requirement are not allowed to continue to the Master of Architecture Year (graduate-year) but may be eligible to receive the Bachelor of Science in Architecture (BSA), the pre-professional component of the professional Master of Architecture. The BSA alone is not an NAAB-accredited degree. A minimum cumulative GPA of 2.25 is required to receive the BSA.

## Admission Requirements

### Application Process

#### *BSA Professional Degree Track, BID or BSCM*

Students seeking to pursue the \*BSA Professional Degree Track, BID or BSCM must first submit an Andrews University undergraduate application for acceptance to the University. Students admitted to the University on regular standing are eligible to begin Pre-Professional Year One, which is a common first-year experience between these programs.

Upon completion of Pre-Professional Year One students must:

- Declare their degree program choice (BSA Professional Degree Track, BID or BSCM) and
- Have a minimum cumulative GPA of 2.5

Upon completion of Pre-Professional Year Two students must apply for acceptance to their respective programs. The application packet may be obtained from the School and must be submitted directly to the School by the application deadline. Minimum requirements to be considered for admission to these programs are outlined under each program curricula.

\* Students taking the BSA Professional Degree Track who plan to pursue the Master of Architecture must meet the standards outlined under Graduate-Year Enrollment.

### Transfer Students

Transfer applicants who have no previous work in architectural/ interior design must complete the foundation years (pre-professional years one and two) and then make formal application to their program choice.

Advanced Standing. Transfer students from another architecture program may apply for advanced standing (third or fourth year) in their program choice. Transfer students applying for advanced standing are required to submit both the university application and the School of Architecture & Interior Design application. Please contact the School for specific information.

Tentative placement into the design sequence is made after the Admissions Committee has evaluated the student's submissions. After one term, the student is given final placement in the design sequence and, on the basis of transfer-course

evaluations, receives credit for previous academic work towards the Andrews University degree.

The School does not accept applications to the Master of Architecture year only.

Summer Studio. In some cases, completion of the Summer Studio program is best for transfer students. Prior to application, students must have a transcript analysis done by the School to determine eligibility for the program. It is expected that students pursuing the summer studio option will have completed the majority of Andrews Core Experience courses normally required in Pre-Professional Year One.

Application to the Summer Studio is made by filling out an Andrews University Undergraduate Application. Students applying to this program, in addition to applying to Andrews University, must also contact the School of Architecture & Interior Design directly to confirm their reservation for the class.

### Graduate Year Admission

In addition to meeting the General Minimum Admission Requirements for graduate degree programs, the following School requirements apply to the graduate phase of this program.

- Completion of a baccalaureate degree—BSA: Architecture.
- Successful completion of all undergraduate coursework with a minimum cumulative GPA of 2.75.
- Completion of the Graduate Record Exam (GRE). The GRE must be taken AND scores reported prior to beginning the M.Arch. year.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Build abstract relationships and understand the impact of ideas based on the study and analysis of multiple theoretical, social, political, economic, cultural, and environmental contexts.
- Use a diverse range of skills to think about and convey architectural ideas, including writing, investigating, speaking, drawing, and modeling.
- Comprehend the technical aspects of design, systems, and materials, and be able to apply that comprehension to architectural solutions.
- Synthesize a wide range of variables into an integrated design solution.
- Understand business principles for the practice of architecture, including management, advocacy, and the need to act legally, ethically, and critically for the good of the client, society, and the public.

## Architecture BSA (Professional Degree Track) - Chronological

Required Path Sequence for BSA outlined below.

### Total Credits —138

### Pre-Professional Year One

#### Andrews Core Experience—23

ART 104 - Drawing I **Credits:** 3

COMM 104 - Communication Skills **Credits:** 3

ENGL 115 - College Writing I **Credits:** 3

History Choice (see list Andrews Core Experience: Bachelor's Degrees)  
**Credits:** 3

MATH 168 - Precalculus **Credits:** 4

PE Elective **Credits:** 1

RELT 100 - God and Human Life **Credits:** 3

Social Science Choice (see list Andrews Core Experience: Bachelor's Degrees)  
**Credits:** 3

#### Undergraduate Electives - 3

#### Architecture Core—6

ARCH 126 - Drawing and Graphics Studio **Credits:** 3

ARCH 150 - Introduction to Architecture and Design **Credits:** 3

### Continued Undergraduate Enrollment Requirements

- 2.5 Cumulative GPA

## Pre-Professional Year Two

### Andrews Core Experience—8

- PHYS 141 - General Physics I **Credits: 4**
- PE Elective Credits: 1
- Religion Elective Credits: 3

### Undergraduate Electives—2

### Architecture Core—22

- ARCH 201 - Construction I **Credits: 3**
- ARCH 202 - Construction II **Credits: 3**
- ARCH 215 - Introduction to Design Studio **Credits: 5**
- ARCH 247 - Architecture as Craft Studio **Credits: 5**
- ARCH 315 - History of Architecture I **Credits: 3**
- ARCH 316 - History of Architecture II **Credits: 3**

### Continued Undergraduate Enrollment Requirements

- Application and \$40 fee
- Cumulative GPA of 2.75
- Portfolio
- Three letters of recommendation (two must be from academic sources)
- Letter of Intent
- Official transcripts (transfer students only)
- Acceptance into Professional Degree Track

## Professional Track Years One & Two

### Andrews Core Experience—9

- ENGL 215 - College Writing II **Credits: 3**
- Religion electives Credits: 6

### Architecture Core—58

- ARCH 205 - Structures I **Credits: 4**
- ARCH 305 - Structures II **Credits: 4**
- ARCH 318 - Background Building Studio **Credits: 5**
- ARCH 320 - Placemaking Studio **Credits: 5**
- ARCH 330 - Analytical Summer Abroad **Credits: 6**
- ARCH 335 - Environmental Technology I **Credits: 4**
- ARCH 336 - Environmental Technology II **Credits: 4**
- ARCH 370 - Person-Environment Theory **Credits: 3**
- ARCH 434 - Urban Studies **Credits: 3**
- ARCH 435 - Introduction to Building Information Modeling **Credits: 3**
- ARCH 441 - Comprehensive Building Design Studio **Credits: 5**
- ARCH 442 - Integrative Design Studio **Credits: 5**
- ARCH 449 - Integrative Design I **Credits: 2**
- ARCH 459 - Design Theory **Credits: 3**
- ARCH 469 - Integrative Design II **Credits: 2**

### Architecture Electives —7

A minimum of 7 credits of architecture electives at the undergraduate level. Elective must be selected from ARCH, BSCM, and INT courses. Selection of electives outside of School offerings requires the approval of the School faculty.

## Major: Additional Requirements

### Analytical Summer Abroad

Each student is required to attend the Analytical Summer Abroad Program (ARCH330). This program is usually five weeks in duration. Students completing Professional Track Year One should make plans accordingly. For further information, consult the School of Architecture & Interior Design.

## Andrews Core Experience

Students must take all courses designated in the Andrews Core Experience: Bachelor's Degrees while noting the following approved course substitutions. If a student changes to another degree program, these course substitutions will no longer apply even if already completed.

### Fine Arts and Humanities

- ART 104 - Drawing I **Credits: 3**

### Life and Physical Sciences

- PHYS 141 - General Physics I **Credits: 4**

### Mathematics

- MATH 168 - Precalculus **Credits: 4**

### Service and Computer Literacy

- Covered in core curriculum.

### Social Sciences

- ARCH 370 - Person-Environment Theory **Credits: 3**  
(BSCM: follow professional degree requirements)

## Interior Design BID

The Bachelor of Interior Design degree is a four-year course of study. This program prepares students with knowledge and skills that allow them to be eligible to sit for the National Council for Interior Design Qualification (NCIDQ) certification examination. This degree includes academic studios, workshops, lectures, hands-on experiences, field trips, and opportunities for internships and domestic and international travel.

## Total Credits - 120

## Major - 71

- ARCH 335 - Environmental Technology I **Credits: 4**
- ARCH 336 - Environmental Technology II **Credits: 4**
- INT 126 - Drawing & Graphics Studio **Credits: 3**
- INT 150 - Introduction to Interior Design **Credits: 3**
- INT 165 - Interior Digital Representation I **Credits: 3**
- INT 200 - Color Theory for Interiors **Credits: 3**
- INT 230 - Textiles for Interiors **Credits: 3**
- INT 235 - Materials for Interiors **Credits: 3**
- INT 240 - Construction for Interiors **Credits: 3**
- INT 255 - Interior Design Studio I **Credits: 5**
- INT 256 - Interior Design Studio II **Credits: 5**
- INT 265 - Interior Digital Representation II **Credits: 3**
- INT 315 - History and Theory of Interiors **Credits: 3**
- INT 355 - Interior Design Studio III **Credits: 5**
- INT 356 - Interior Design Studio IV **Credits: 5**
- INT 435 - Professional Practice **Credits: 3**
- INT 440 - Lighting for Interiors **Credits: 3**
- INT 455 - Interior Design Studio V **Credits: 5**
- INT 456 - Interior Design Studio VI **Credits: 5**

### Electives

A minimum of 6 credits of electives at the undergraduate level. Electives must be selected from INT or ARCH courses. Selection of electives outside of school offerings requires the approval of the school faculty.

## Cognates - 3

- ART 104 - Drawing I **Credits: 3 \***

\*Fulfills ACE requirement

## Maintaining Academic Standing

A grade of C- or higher is required in order to continue in the design studio sequence. A grade of less than C- requires a student to repeat that studio before advancing in the studio sequence. Faculty approval is required for any studio course to be repeated. (This includes ART 104, INT 126, INT 250, INT 255, INT 350, INT 355, INT 450, INT 455.)

## Transfer Students

Transfer applicants who have no previous work in interior design or architecture must complete year one courses.

Advanced Standing. Transfer students from another interior design or architecture program may apply for advanced standing (entering the program at year two, three or four). Transfer students applying for advanced standing are required to submit both the university application and the School of Architecture & Interior Design application including required portfolio. Please contact the School for specific information.

Placement into the design sequence is made after the Admissions Committee has evaluated the student's submissions.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Evaluate the form, space and order of an interior environment.
- Classify what constitutes quality interior design solutions, material selections and construction techniques.
- Conduct project-centric design research and interpret information to provide a framework for designing quality interior spaces.
- Utilize written, verbal and graphic presentation skills to thoughtfully communicate design.
- Design interior spaces that reflect empathy, creative thinking and innovative problem solving.
- Implement a finished design solution via processes such as construction, fabrication, installation or the ordering and expediting of goods.

## Interior Design BID - Chronological

Required Path Sequence for BID outlined below.

### Total Credits - 132

### Pre-Professional Year One

#### Andrews Core Experience-23

- ART 104 - Drawing I **Credits: 3**
- COMM 104 - Communication Skills **Credits: 3**
- ENGL 115 - College Writing I **Credits: 3**
- History Choice (see Andrews Core Experience: Bachelor's Degrees) **Credits: 3**
- MATH 168 - Precalculus **Credits: 4**
- PE Elective **Credit: 1**
- RELT 100 - God and Human Life **Credits: 3**
- Social Science Choice (see Andrews Core Experience: Bachelor's Degrees) **Credits: 3**

#### Undergraduate Electives - 3

#### Core-6

- ARCH 126 - Drawing and Graphics Studio **Credits: 3**
- ARCH 150 - Introduction to Architecture and Design **Credits: 3**

#### Continued Undergraduate Enrollment Requirements

- 2.5 Cumulative GPA

### Pre-Professional Year Two

#### Andrews Core Experience-8

- PHYS 141 - General Physics I **Credits: 4**
- PE Elective **Credits: 1**
- Religion Elective **Credits: 3**

#### Core-24

- ARCH 201 - Construction I **Credits: 3**
- ARCH 202 - Construction II **Credits: 3**
- ARCH 215 - Introduction to Design Studio **Credits: 5**
- ARCH 247 - Architecture as Craft Studio **Credits: 5**
- ARCH 485 - Special Topics in \_\_\_\_\_ **Credits: 1-4**

Must be ARCH485 Special Topics: Introduction to CAD **Credits: 2**

- INT 200 - Color Theory for Interiors **Credits: 3**

INT 315 - History and Theory of Interiors **Credits: 3**

#### Continued Undergraduate Enrollment Requirements

- Application and \$40 fee
- Cumulative GPA of 2.75
- Portfolio
- Three letters of recommendation (two must be from academic sources)
- Letter of Intent
- Official transcripts (transfer students only)
- Acceptance into Professional Degree

## Professional Years One & Two

#### Andrews Core Experience-9

- ENGL 215 - College Writing II **Credits: 3**
- Religion electives **Credits: 6**

#### Core - 56

- ARCH 330 - Analytical Summer Abroad **Credits: 6**
- ARCH 335 - Environmental Technology I **Credits: 4**
- ARCH 336 - Environmental Technology II **Credits: 4**
- ARCH 370 - Person-Environment Theory **Credits: 3**
- ARCH 435 - Introduction to Building Information Modeling **Credits: 3**
- ARCH 445 - Furniture Design **Credits: 2**
- INT 300 - Materials & Methods **Credits: 2**
- INT 420 - Textiles **Credits: 3**
- INT 435 - Professional Practice **Credits: 3**

#### Interior Design Electives - 4

A minimum of 4 credits of interior design electives at the undergraduate level. Elective must be selected from ARCH, BSCM, and INT courses. Selection of electives outside of School offerings requires the approval of the School faculty.

## Major: Additional Requirements

#### Analytical Summer Abroad

Each student is required to attend the Analytical Summer Abroad Program (ARCH330). This program is usually five weeks in duration. Students completing Professional Year One should make plans accordingly. For further information, consult the School of Architecture & Interior Design.

## Andrews Core Experience

Students must take all courses designated in the Andrews Core Experience: Bachelor's Degrees while noting the following approved course substitutions. If a student changes to another degree program, these course substitutions will no longer apply even if already completed.

#### Fine Arts and Humanities

- ART 104 - Drawing I **Credits: 3**

#### Life and Physical Sciences

- PHYS 141 - General Physics I **Credits: 4**

#### Mathematics

- MATH 168 - Precalculus **Credits: 4**

#### Service and Computer Literacy

Covered in core curriculum.

#### Social Sciences

- ARCH 370 - Person-Environment Theory **Credits: 3**  
(BSCM: follow professional degree requirements)

## Undergraduate Minors

## Architectural Studies Minor

The Architectural Studies Minor is an excellent way to be introduced to the profession of architecture and architectural thinking. For those interested in

gaining a cursory understanding of architectural principles this minor would be an excellent choice.

## Total Credits - 20

- ARCH 126 - Drawing and Graphics Studio **Credits:** 3
- ARCH 150 - Introduction to Architecture and Design **Credits:** 3
- ARCH 215 - Introduction to Design Studio **Credits:** 5
- Choose 9 additional credits from courses with ARCH or INT acronyms, including 6 upper division credits.

## Student Learning Outcomes

At the end of the program, students should:

- Be familiar with the concepts necessary to evaluate and think about the qualities of a place.
- Be able to recognize and be conversant in the vocabulary common to the profession of architecture.
- Understand information portrayed in architectural drawings and models.
- Understand architecture as a disciplined body of thought and practice that has significant historical and cultural value.

## Interior Design Studies Minor

The Interior Design Studies Minor provides foundational knowledge that can be used to secure employment in an interior design related field through a focus on technical skills, conceptual knowledge, construction concepts and materials education. This program complements any major and can be fit into any degree and is designed to increase and inform interest in Interior Design.

## Required Courses - 18

- INT 150 - Introduction to Interior Design **Credits:** 3
- INT 235 - Materials for Interiors **Credits:** 3
- INT 240 - Construction for Interiors **Credits:** 3
- INT 315 - History and Theory of Interiors **Credits:** 3
- Choose 6 additional credits with a minimum of 3 upper division credits from courses with INT acronym.

## Masters

## Architecture MArch (3 1/2 Year Track)

The 3½-year professional degree program is designed for students who have previously earned an undergraduate degree in an unrelated area of study. Under this program, the student spends the first 2½ years completing undergraduate prerequisite architectural core courses. The final year is similar to the final year of the Master of Architecture 5½-year degree which results in the accredited professional degree. Please see the Academic Calendar for application deadlines.

## Total Credits - 102

## Prerequisites - 72

- ARCH 150 - Introduction to Architecture and Design **Credits:** 3
- ARCH 201 - Construction I **Credits:** 3
- ARCH 202 - Construction II **Credits:** 3
- ARCH 205 - Structures I **Credits:** 4
- ARCH 247 - Architecture as Craft Studio **Credits:** 5
- ARCH 305 - Structures II **Credits:** 4
- ARCH 315 - History of Architecture I **Credits:** 3
- ARCH 316 - History of Architecture II **Credits:** 3
- ARCH 318 - Background Building Studio **Credits:** 5
- ARCH 320 - Placemaking Studio **Credits:** 5
- ARCH 335 - Environmental Technology I **Credits:** 4

- ARCH 336 - Environmental Technology II **Credits:** 4
- ARCH 370 - Person-Environment Theory **Credits:** 3
- ARCH 434 - Urban Studies **Credits:** 3
- ARCH 435 - Introduction to Building Information Modeling **Credits:** 3
- ARCH 441 - Comprehensive Building Design Studio **Credits:** 5
- ARCH 442 - Integrative Design Studio **Credits:** 5
- ARCH 449 - Integrative Design I **Credits:** 2
- ARCH 459 - Design Theory **Credits:** 3
- ARCH 469 - Integrative Design II **Credits:** 2

## Graduate Program - 30

- ARCH 521 - Urban Design Studio **Credits:** 6
- ARCH 522 - Visiting Critic/Topic Studio **Credits:** 6
- ARCH 536 - Professional Practice I **Credits:** 2
- ARCH 537 - Professional Practice II **Credits:** 2

## Electives

A minimum of 14 credits of electives must be selected from ARCH, BSCM and INT courses.

## Maintaining Academic Standing

- No grade lower than C (2.00) in any course in the graduate portion of the program.
- A student whose cumulative graduate GPA falls below 3.0 in any given term is placed on academic probation. A student is normally disqualified if they do not increase their graduate GPA to 3.0 during the academic term of probation.
- A minimum cumulative GPA of 3.0 is required to receive the Master of Architecture degree.

## Admission Requirements

Application must be made online to the School of Graduate Studies & Research. In addition to meeting the application requirements of the School of Graduate Studies & Research, applicants should:

- Hold an undergraduate degree.
- Have a minimum cumulative undergraduate GPA of 3.0.
- Submit an online application.
- Submit a portfolio of work (this work need not be architectural in nature, it may include writing samples, drawings, photography, etc.) Original work will not be accepted.
- The following prerequisite courses may be required at the discretion of the Admissions Committee:
  - ARCH 126 - Drawing and Graphics Studio
  - ART 104 - Drawing I
  - MATH 168 - Precalculus
  - PHYS 141 - General Physics I
- Upon acceptance, graduate standards of scholarship apply to all coursework.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Build abstract relationships and understand the impact of ideas based on the study and analysis of multiple theoretical, social, political, economic, cultural, and environmental contexts.
- Use a diverse range of skills to think about and convey architectural ideas, including writing, investigating, speaking, drawing, and modeling.
- Comprehend the technical aspects of design, systems, and materials, and be able to apply that comprehension to architectural solutions.
- Synthesize a wide range of variables into an integrated design solution.
- Understand business principles for the practice of architecture, including management, advocacy, and the need to act legally, ethically, and critically for the good of the client, society, and the public.

# Architecture MArch (5 1/2 Year Track)

The professional degree program consists of a pre-professional Bachelor of Science in Architecture and then a Master of Architecture. When earned sequentially, the degree track results in the accredited professional education.

## Total Credits - 30

- ARCH 521 - Urban Design Studio **Credits:** 6
- ARCH 522 - Visiting Critic/Topic Studio **Credits:** 6
- ARCH 536 - Professional Practice I **Credits:** 2
- ARCH 537 - Professional Practice II **Credits:** 2

### Electives

A minimum of 14 credits of architecture electives at the graduate level. Elective must be selected from ARCH, BSCM and INT courses. Selection of electives outside of school offerings requires the approval of the school faculty.

## Maintaining Academic Standing

- No grade lower than C (2.00) in any course in the graduate portion of the program.
- A student whose cumulative graduate GPA falls below 3.0 in any given term is placed on academic probation. A student is normally disqualified if they do not increase their graduate GPA to 3.0 during the academic term of probation.
- A minimum cumulative GPA of 3.0 is required to receive the Master of Architecture.

## Admission Requirements

### Application Process

In addition to meeting the General Minimum Admission Requirements for graduate degree programs, the following School requirements apply to the graduate phase of this program.

- Completion of a baccalaureate degree—BSA: Architecture.
- Successful completion of all undergraduate coursework with a minimum cumulative GPA of 2.75.
- Completion of the Graduate Record Exam (GRE) is recommended. The GRE should be taken AND scores reported prior to beginning the M.Arch. year

## Student Learning Outcomes

At the end of the program, students should be able to:

- Build abstract relationships and understand the impact of ideas based on the study and analysis of multiple theoretical, social, political, economic, cultural, and environmental contexts.
- Use a diverse range of skills to think about and convey architectural ideas, including writing, investigating, speaking, drawing, and modeling.
- Comprehend the technical aspects of design, systems, and materials, and be able to apply that comprehension to architectural solutions.
- Synthesize a wide range of variables into an integrated design solution.
- Understand business principles for the practice of architecture, including management, advocacy, and the need to act legally, ethically, and critically for the good of the client, society, and the public.

## Certificates

### Interior Design Certificate

Students choosing this 12-credit Interior Design Certificate as a stand-alone program, or as an add-on to their current studies, can immerse themselves in the world of interior design. Certificate students will explore the profession of interior design, learn about the design process, and gain hands-on knowledge about interior construction. The skills taught in this program can assist in gaining entry

level employment in a field related to interior design, it can allow students to explore an area of personal interest, or it can be utilized by students in related majors to concentrate in this specific area to enhance future career opportunities.

## Core - 6

- INT 150 - Introduction to Interior Design **Credits:** 3
- INT 240 - Construction for Interiors **Credits:** 3

## Elective - 6

Six credits of electives from INT courses to be chosen in consultation with and approved by student's primary Interior Design advisor.

## Student Learning Outcomes

Graduates of this program will be able to:

- Evaluate an interior space.
- Classify interior design solutions, material selections and construction techniques.
- Conduct design research and interpret information to provide a decision-making framework for interior solutions.
- Utilize written and verbal communication skills to thoughtfully discuss design.

## Architecture

### ARCH 126 - Drawing and Graphics Studio

**Credits:** 3

Introduction to freehand drawing and architectural drawing graphic conventions. Exercises include freehand and drafted drawings of building plans, sections, and elevations, and an introduction to three-dimensional representation.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Studio

**Term Offering:** Spring, Summer

**College Code:** CP

### ARCH 150 - Introduction to Architecture and Design

**Credits:** 3

Emphasis on design concepts, professional vocabulary, historical appreciation, contemporary issues, and values that are important to the mission of the School of Architecture & Interior Design. Open to all students.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CP

### ARCH 165 - Architectural Digital Representation I

**Credits:** 3

Introduction to foundational digital media for architecture design. Includes 2-D documentation, 3-D modeling, renderings, and techniques.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

### ARCH 201 - Construction I

**Credits:** 3

An overview of site work, foundation, and structural systems as well as an investigation into the structural and material properties, assembly methods and detailing primarily for wood and masonry construction systems.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CP

## ARCH 202 - Construction II

**Credits:** 3

An investigation into the structural and material properties, assembly methods and detailing primarily for steel and concrete construction systems as well as an introduction to cost estimating.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 201.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CP

## ARCH 205 - Structures I

**Credits:** 4

Structural theory: statics by analytical and graphical solutions. Determinations of loads, resolution of force systems, and equilibrium analysis. Structural properties of shape (centroids, moment of inertia) and materials (stress, stiffness, modulus of elasticity). Shear and bending moments, deflection, column theory, introductory awareness of structural system behavior. Analysis and design of wood structures (joists, girders, columns). Introduction to the structural design process.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 168 & PHYS 141.

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CP

## ARCH 215 - Introduction to Design Studio

**Credits:** 5

Introduction to formal composition, architectural typology and principles of building context in the design of buildings and artifacts with simple program elements. Minimum cumulative GPA of 2.5.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 126.

**Schedule Type:** Studio

**Term Offering:** Fall

**College Code:** CP

## ARCH 247 - Architecture as Craft Studio

**Credits:** 5

Design projects focusing on the materiality of architecture and the logic of construction.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 215

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CP

## ARCH 265 - Architectural Digital Representation II

**Credits:** 3

Introduction to foundational digital media for architecture design. Includes 2-D documentation, 3-D modeling, renderings, and techniques.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

## ARCH 299 - Independent Study

**Credits:** 1-4

Study of special topics not currently offered by the School of Architecture, Art & Design. In consultation with a professor, the student researches a selected area, filing a copy of the completed project report in the School of Architecture, Art & Design office. A minimum of 30 hours of work required for each credit. May be repeated for a total of 6 credits.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Independent

**College Code:** CP

## ARCH 305 - Structures II

**Credits:** 4

Structural problems in steel analysis and principles of concrete and masonry,

lateral loads due to wind and seismic forces.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 205.

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CP

## ARCH 315 - History of Architecture I

**Credits:** 3

Chronological overview of the history of architecture from prehistory through the 14th century (Gothic). Emphasis is on the vocabulary and design of buildings, their symbolic relationships, and their meaning in a cultural and human context.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGL 115.

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CP

## ARCH 316 - History of Architecture II

**Credits:** 3

Chronological overview of the history of architecture from the 15th century (Renaissance) to today. Emphasis is on the vocabulary and design of buildings, their symbolic relationships, and their meaning in a cultural and human context.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGL 115.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CP

## ARCH 318 - Background Building Studio

**Credits:** 5

Design of a commercial and/or residential building(s) of increased programmatic complexity, in the physical and cultural setting of a traditional small town or urban neighborhood.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 320.

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CP

## ARCH 320 - Placemaking Studio

**Credits:** 5

The design of buildings as it relates to landscape and to human experience with increased complexity of program and form.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 247, admission to the Professional Degree Track.

**Schedule Type:** Studio

**Term Offering:** Fall

**College Code:** CP

## ARCH 330 - Analytical Summer Abroad

**Credits:** 6

A course focusing upon study, analysis, and documentation of buildings, spaces, and/or gardens in another country. Venues may change from year to year.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 318.

**Schedule Type:** Blended Learning

**Term Offering:** Summer

**College Code:** CP

## ARCH 335 - Environmental Technology I

**Credits:** 4

Introduction to environmentally, energy-conscious design concepts with the primary focus on climate and site analysis. An overview of standard evaluation methods for thermal performance in both design development and qualitative building evaluations covers heat loss/gain, thermal and solar envelope, HVAC system selection and layout. Principles of water conservation, collection and supply, and the treatment and disposal of liquid and solid wastes.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall  
**College Code:** CP

### ARCH 336 - Environmental Technology II

**Credits:** 4

Principles of design for fire safety and code compliance. Principles of electricity and a brief survey of electrical systems and wiring design. The design and location requirements of elevators and moving stairways and walks. A qualitative overview of lighting and acoustics and their integration into the design of buildings with introductory quantitative methods.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PHYS 141.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CP

### ARCH 370 - Person-Environment Theory

**Credits:** 3

Studies in the relationship between people and the environment, including a consideration of towns, cities, gardens, buildings, and artifacts, as well as the cultural and natural landscape.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ARCH 320.  
**Schedule Type:** Lecture  
**College Code:** CP

### ARCH 390 - Special Topics in \_\_\_\_\_

**Credits:** 1-4

Based on selected topics of current interest in architecture offered by the School of Architecture & Interior Design. May be repeated in different topic areas.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** CP

### ARCH 395 - Community Project in Architecture

**Credits:** 1-6

"Hands-on" involvement in humanitarian and/ or service oriented projects in an on-site work environment. Work initiated by students requires prior approval of faculty.

**Course Attribute:** Service course  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CP

### ARCH 424 - Islamic Architecture

**Credits:** 2,3

A focused view on the period of architectural history known as Islamic Architecture. Covers the beginnings of Islamic period from 600 CE to the present time, looking at Islamic buildings from all parts of the world.

Swing course—Approved 400-499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ARCH 315 & ARCH 316.  
**Schedule Type:** Lecture  
**College Code:** CP

### ARCH 425 - Architecture of Ancient Americas

**Credits:** 2,3

A focused view of the architectural history that covers ancient North, Central and South Americas. Covers the vernacular architecture and art of the Native American cultures.

Swing course—Approved 400-499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ARCH 315 & ARCH 316.  
**Schedule Type:** Lecture  
**College Code:** CP

### ARCH 426 - Far Eastern Architecture

**Credits:** 2,3

A focused view of the architectural history that covers ancient Far East. Covers the vernacular architecture and art from India to China, Japan and the Southeast Asian cultures.

Swing course—Approved 400-499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ARCH 315 & ARCH 316.  
**Schedule Type:** Lecture  
**College Code:** CP

### ARCH 434 - Urban Studies

**Credits:** 3

A broad survey, both typological and historical, of the physical characteristics of cities and their development, with an emphasis upon urban form as a cooperative human artifact embodying particular cultural values and ideas.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ENGL 115.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CP

### ARCH 435 - Introduction to Building Information Modeling

**Credits:** 3

An introduction to Building Information Modeling (BIM) using Autodesk REVIT software.

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** ARCH 441, ARCH 449.  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CP

### ARCH 441 - Comprehensive Building Design Studio

**Credits:** 5

Design of a public and/or civic building in the physical and cultural setting of a small town or urban neighborhood.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** ARCH 435, ARCH 449.  
**Prerequisite(s):** ARCH 205, ARCH 318, ARCH 330;  
**Schedule Type:** Studio  
**Term Offering:** Fall  
**College Code:** CP

### ARCH 442 - Integrative Design Studio

**Credits:** 5

Comprehensive building design project: site design, building design, and development of architectural detail (including integration of materials and structural and environmental systems).

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** ARCH 469  
**Prerequisite(s):** ARCH 441.  
**Schedule Type:** Studio  
**Term Offering:** Spring  
**College Code:** CP

### ARCH 445 - Furniture Design

**Credits:** 2

An exploratory course that prepares individuals to apply technical knowledge and skills to prepare and execute furniture design projects from assemblage to finish. Incorporates the safe use of a variety of hand and power tools and machinery. Projects vary according to the individual skill level of the student. May be repeated for up to 4 credits.

Swing course—Approved 400-499 courses qualify for graduate-level credit for graduate students  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CP

## ARCH 449 - Integrative Design I

**Credits:** 2

An introduction to the pre-design activities of programming and project budgeting; and an investigation into the design implications of building codes, accessibility standards, and zoning ordinances for a concurrent studio project.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** ARCH 435, ARCH 441

**Prerequisite(s):** ARCH 205

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CP

## ARCH 459 - Design Theory

**Credits:** 3

A survey and analysis of architectural thought, including readings from both historical and contemporary sources.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 315.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CP

## ARCH 469 - Integrative Design II

**Credits:** 2

The application of the principles of architectural detailing, building data evaluation, materials specifications, and comparative cost analysis for a concurrent studio project.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** ARCH 442

**Prerequisite(s):** ARCH 449

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CP

## ARCH 480 - Architectural Community Service

**Credits:** 1–3

Design of community service or architectural mission projects. May also include pre-construction management work associated with mission projects. Work initiated by students requires prior approval of faculty.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 247.

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Lecture

**College Code:** CP

## ARCH 485 - Special Topics in \_\_\_\_\_

**Credits:** 1–4

Based on selected topics of current interest in architecture offered by the School of Architecture & Interior Design. May be repeated in different topic areas.

**Course/Lab Fee:** Yes

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** CP

## ARCH 496 - Cooperative Work Experience

**Credits:** 1–6

Supervised work with an architecture or construction firm. 120 hours of work is required for each credit. May be repeated up to 6 credits.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** 3rd year standing and application one semester in advance of the planned work. Graded on S/U basis.

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Practicum

**College Code:** CP

## ARCH 499 - Independent Research

**Credits:** 1–4

Study of special topics not currently offered by the School of Architecture & Interior Design. In consultation with a professor, the student researches a selected area, filing a copy of the completed project report in the School of Architecture & Interior Design office. A minimum of 45 hours of work required for each credit. May be repeated for a total of 6 credits.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Independent

**College Code:** CP

## ARCH 521 - Urban Design Studio

**Credits:** 6

Urban design proposal for a small town (or parts thereof), urban neighborhood, or college campus.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Completion of BSA and Acceptance to Master of Architecture degree year.

**Schedule Type:** Studio

**Term Offering:** Fall

**College Code:** CP

## ARCH 522 - Visiting Critic/Topic Studio

**Credits:** 6

Design project(s) to be determined by Visiting Critic and regular faculty. Topic of studio varies.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Completion of BSA and Acceptance to Master of Architecture degree year.

**Schedule Type:** Studio

**Term Offering:** Spring

**College Code:** CP

## ARCH 530 - Analytical Summer Abroad

**Credits:** 3–6

A course focusing upon study, analysis, and documentation of buildings, spaces, and/or gardens in another country. Venues may change from year to year.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 318.

**Schedule Type:** Blended Learning

**Term Offering:** Summer

**College Code:** CP

## ARCH 536 - Professional Practice I

**Credits:** 2

Lectures and seminars focusing on Judeo-Christian values and social responsibilities in the profession. Studies introduce conventional practice methods and career planning for present and future. Topical areas include the role of the architect, organization and management of the firm, and project administration.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CP

## ARCH 537 - Professional Practice II

**Credits:** 2

Lectures and seminars focusing on Judeo-Christian values and social responsibilities in the profession. Studies introduce conventional practice methods and career planning for present and future. Topical areas include the role of the architect, organization and management of the firm, and project administration.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 536

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CP

## ARCH 585 - Special Topics in \_\_\_\_\_

**Credits:** 1–7

Based on selected topics of current interest in architecture offered by the School

of Architecture & Interior Design. May be repeated in different topic areas.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** CP

### ARCH 594 - Practicum

**Credits:** 7  
Experience under the supervision of a professional practitioner that meets the requirements of the Andrews University School of Architecture & Interior Design. May be for a for-profit or not-for-profit organization.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** Acceptance to Master of Architecture degree year and Acceptance to Practicum Program.  
**Schedule Type:** Practicum  
**College Code:** CP

### ARCH 595 - Community Project in Architecture

**Credits:** 1–6  
"Hands-on" involvement in humanitarian and/ or service oriented projects in an on-site work environment. Work initiated by students requires prior approval of faculty.

**Course Attribute:** Service course  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CP

### ARCH 599 - Independent Research

**Credits:** 1–4  
Study of special topics not currently offered by the School of Architecture & Interior Design. In consultation with a professor, the student researches a selected area, filing a copy of the completed project report in the School of Architecture & Interior Design office. A minimum of 60 hours of work required for each credit. May be repeated for a total of 6 credits.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CP

## Interior Design

### INT 126 - Drawing & Graphics Studio

**Credits:** 3  
Introduction to freehand drawing and architectural drawing graphic conventions. Exercises include freehand and drafted drawings of building plans, sections, and elevations, and an introduction to three-dimensional representation.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ART 104  
**Schedule Type:** Studio  
**Year Offering:** Annually  
**Term Offering:** Spring, Summer  
**College Code:** CP

### INT 150 - Introduction to Interior Design

**Credits:** 3  
Emphasis on historical context, concepts used to create interior spaces, design vocabulary, scope of work included in the profession, professional associates, notable designers, and architectural styles. Includes exploration of interior design as a problem-solving process and classification of quality design solutions. Open to all students.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CP

### INT 165 - Interior Digital Representation I

**Credits:** 3  
Introduction to foundational digital media for interior design. Includes 2-D and 3-D documentation, renderings, and techniques.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CP

### INT 200 - Color Theory for Interiors

**Credits:** 3  
This course introduces students to the aesthetic, historical, perceptual, scientific, and psychological aspects of color and light and the implication of color principles and theories to interior design. Students will explore color through experimentation, observation and evaluation. Relevant design projects will be analyzed for their use of color theory.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### INT 230 - Textiles for Interiors

**Credits:** 3  
This course introduces students to the technical and aesthetic aspects of textiles and their use in interior design. Emphasis is placed on history, product knowledge, specifications, technology, safety, testing, and terminology. New textiles and fibers and their application and performance will be studied.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**Year Offering:** Annually  
**College Code:** CP

### INT 235 - Materials for Interiors

**Credits:** 3  
Builds a foundational understanding of non-textile materials used in interior finishing. Students will learn how to utilize materials for designs and how to convey material selections to clients, architects, subcontractors, and suppliers.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### INT 240 - Construction for Interiors

**Credits:** 3  
Provides a foundational understanding of interior construction. Students will learn how to convey design solutions to contractors, subcontractors, suppliers and clients.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Recommended:** INT 165 or ARCH 165  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**College Code:** CP

### INT 255 - Interior Design Studio I

**Credits:** 5  
Focus on the foundational skills needed to complete a design project. Projects will utilize small-scale spaces and emphasis will be placed on utilizing interior design principles including balance, harmony, contrast, etc.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** INT 126  
**Schedule Type:** Studio  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CP

## INT 256 - Interior Design Studio II

**Credits:** 5

Residential design projects focusing on the materiality of interior design and the logic of construction. Emphasis on adjacency and space planning.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INT 255

**Schedule Type:** Studio

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## INT 265 - Interior Digital Representation II

**Credits:** 3

Introduction to foundational digital media for interior design. Includes 2-D documentation, 3-D modeling, renderings, and techniques.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

## INT 300 - Materials & Methods

**Credits:** 2

In this course students will examine non-textile based materials, available resources, and methods of production, construction and installation. Through a study of current product applications, they will learn how to select, specify and apply appropriate materials and finishes on the basis of aesthetics, material cost, environmental impact and performance.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CP

## INT 315 - History and Theory of Interiors

**Credits:** 3

This course is a survey of interior design throughout history. Emphasis is given to the historical, theoretical and cultural influences that have affected the design of the interior environment from antiquity through present-day.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** HIST 117, HIST 118, ENGL 115.

**Schedule Type:** Lecture

**College Code:** CP

## INT 355 - Interior Design Studio III

**Credits:** 5

Projects of moderate complexity with emphasis on codes, regulations and guidelines to promote the health, safety and welfare of those utilizing the spaces.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INT 255

**Schedule Type:** Studio

**Year Offering:** Annually

**College Code:** CP

## INT 356 - Interior Design Studio IV

**Credits:** 5

Projects of moderate complexity with emphasis on lighting and materiality.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INT 355

**Schedule Type:** Studio

**Year Offering:** Annually

**College Code:** CP

## INT 420 - Textiles

**Credits:** 3

This course introduces students to the technical and aesthetic aspects of textiles and their use in interior design. Emphasis is placed on product knowledge, specifications, technology, safety, testing, and terminology. New textiles and fibers and their application and performance will be studied.

Swing course—Approved 400–499 courses qualify for graduate-level credit for graduate students

488

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CP

## INT 435 - Professional Practice

**Credits:** 3

This course explores standard business procedures commonly associated with the practice of interior design. Students will study various types of design practices, financial management and compensation, ethical practices, professional development, legal liability, and issues related to licensing and certification. The management of a typical interior design project will be studied, including writing proposals and contracts, specifications, bidding procedures, budgets, construction schedules, contractor negotiations and collaboration, and project administration.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CP

## INT 440 - Lighting for Interiors

**Credits:** 3

Explore the elements that comprise a successful lighting design for interior environments including: appropriate lighting choices for a space based on its conditions; lighting sources, fixtures and systems that can be utilized to create dynamic lighting solutions; functional and safety concerns; aesthetics; how lighting impacts color and material rendition; lighting design principles and techniques to enhance client satisfaction.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 336

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

## INT 448 - Furniture: Design/Make

**Credits:** 2-4

An exploratory course that prepares individuals to apply technical knowledge and skills to prepare and execute furniture design projects from assemblage to finish. Incorporates the safe use of a variety of hand and power tools and machinery. Projects vary according to the individual skill level of the student.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

## INT 455 - Interior Design Studio V

**Credits:** 5

Large-scale multi-use project with on integration of building systems with lighting, millworks, finishes and furnishings.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INT 355

**Schedule Type:** Studio

**Year Offering:** Annually

**College Code:** CP

## INT 456 - Interior Design Studio VI

**Credits:** 5

Collaborative design project with emphasis on coordination and documentation.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** INT 455

**Schedule Type:** Studio

**Year Offering:** Annually

**College Code:** CP

## INT 460 - Kitchen and Bath Design

**Credits:** 3

Explore elements that comprise successful kitchen and bath designs including: appropriate choices for a space based on its conditions; cabinetry (construction, components and finishes); fixtures and appliances; functional and safety concerns; aesthetics; counters, backsplashes, flooring and materials; lighting solutions; and storage solutions.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ARCH 320 or INT 355

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CP

### **INT 485 - Special Topics in \_\_\_\_\_**

**Credits:** 1-4

Based on selected topics of current interest in interior design offered by the School of Architecture & Interior Design. May be repeated in different topic areas.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture, Blended Learning

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CP

### **INT 496 - Cooperative Work Experience**

**Credits:** 1-6

Supervised work with an interior design firm or supervised interior design work in another setting approved by the instructor. Ninety hours of work is required for each credit. May be repeated up to 6 credits.

**Grade Mode:** Satisfactory (S,U,I,W)

**Prerequisite(s):** Second-year standing and application one semester in advance of the planned work.

**Repeatable:** Repeatable to 6 credits

**Schedule Type:** Practicum

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CP

### **INT 499 - Independent Research**

**Credits:** 1-4

Study of special topics not currently offered by the School of Architecture & Interior Design. In consultation with a professor, the student researches a selected area, filing a copy of the completed project report in the School of Architecture & Interior Design office. A minimum of 45 hours of work required for each credit. May be repeated for a total of 6 credits.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable to 6 credits

**Schedule Type:** Independent

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CP

### Mission

The Department of Accounting, Economics & Finance offers majors that are intellectually stimulating, professionally challenging, and rewarding. We endeavor to provide the best preparation possible for careers in business, government, academia, and the church.

The faculty seeks to provide students with training and education which will qualify them for employment in a multicultural and global environment. A Christian education encourages an awareness of moral and ethical responsibilities in one's personal and professional life. It is in this context that the department holds up Jesus Christ as the best model for personal responsibility and development and seeks to encourage its students to follow His example.

### Faculty

Carmelita Troy, *Program Coordinator*, Associate Professor of Accounting  
Betty Gibson, Assistant Professor of Information Systems  
Williams Peprah, Associate Professor of Finance  
Armand Poblete, Instructor of Information Systems  
Lucile Sabas, Associate Professor of Economics  
Quentin Sahly, Assistant Professor of Accounting  
Ann Gibson, Emeritus Professor of Accounting

### Adjunct Faculty

Bari Courts  
Jimmie Flores  
Delynne Shepard  
Paul Smith  
Robert Neely  
Satyanarayana Ramella  
Jim Temple

## Bachelors

### Accounting Analytics BBA

This degree combines accounting and analytics to help accounting students develop a working proficiency in data management, cleaning, and visualization. With an emphasis on applications, this degree is geared towards students seeking careers outside of public accounting.

### Total Credits - 120

### Business Core - 39

ACCT 121 - Principles of Accounting I **Credits: 3**  
ACCT 122 - Principles of Accounting II **Credits: 3**  
BSAD 341 - Business Law **Credits: 3**  
BSAD 355 - Principles of Management **Credits: 3**  
BSAD 365 - International Environment of Business **Credits: 3**  
BSAD 475 - Operations Management **Credits: 3**  
BSAD 494 - Business Strategy and Decisions **Credits: 3**  
ECON 225 - Principles of Macroeconomics **Credits: 3**  
ECON 226 - Principles of Microeconomics **Credits: 3**

FNCE 317 - Business Finance **Credits: 3**  
INFS 130 - Management of Information Systems **Credits: 3**  
INFS 225 - Introduction to Data Analytics **Credits: 3**  
MKTG 310 - Principles of Marketing **Credits: 3**

### Major Requirements - 21

ACCT 321 - Intermediate Accounting I **Credits: 3**  
ACCT 322 - Intermediate Accounting II **Credits: 3**  
ACCT 328 - Intermediate Managerial Accounting/Data Analytics **Credits: 3**  
ACCT 425 - Data Analytics for Accounting **Credits: 3**  
ACCT 476 - Accounting Information Systems **Credits: 3**  
CPTR 236 - Data Visualization **Credits: 3**  
CPTR 350 - Big Data Management **Credits: 3**

### Major Electives - 6

Choose six credits from the following (maximum of one elective course can be in Accounting):

ACCT 456 - Advanced Accounting **Credits: 3**  
ACCT 465 - Auditing **Credits: 3**  
CPTR 435 - Machine Learning **Credits: 3**  
INFS 360 - Drone Maintenance & Management **Credits: 3**  
INFS 380 - Applied Decision Support (DSS) and Expert Systems (EX) **Credits: 3**  
INFS 428 - Database Systems Design and Development **Credits: 3**  
INFS 470 - Disruptive Technology and Digital Transformation Management **Credits: 3**

### General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

### Student Learning Outcomes

#### Program Outcomes

- Students will be able to apply the major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to implement the elements of a high performing team.
- Students will be able to employ decision-support tools in organization problem-solving.
- Students will be able to apply the strategic planning process to formulate innovative solutions to complex business problems.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

#### Major Outcomes

- Students will be able to explain how the required and elective Accounting major courses integrated with the other functional areas of business.
- Students will be able to explain the major concepts, theory, and practice of their required major courses: Intermediate Accounting, Managerial Accounting, Data Analytics, Accounting Information Systems, Data Visualization and Big Data Management.
- Students in Accounting Analytics will be able to articulate that their understanding of Christian principles and ethics related positively to their professional careers.
- Students will be able to explain how the rigor and content of their Accounting Analytic courses adequately prepared them for their careers in business.

### Accounting BBA

Accounting is concerned primarily with (1) measuring income, expenditures, and wealth generated by a business enterprise, and (2) communicating information about the financial condition of economic organizations and the results of their financial activities. Thus, accounting is the language of business—the backbone of the free enterprise system.

The accounting major is designed to meet the needs of students preparing for accounting careers in business, government, not-for-profit organizations, or public accounting.

Students may desire to secure, through state examination, the status of Certified Public Accountant (CPA) or that of Certified Management Accountant (CMA). The CPA exam is not required for practice as an accountant and the BBA in Accounting does not insure that a student will pass the CPA. However, if a student decides to sit for the CPA exam, they should consult their state's Board of Public Accountancy before planning their accounting program. Each state has its own rules, regulations, and specific course requirements. Assistance may be obtained from the Accounting faculty. This program is designed to meet the educational requirements to take the CPA examination in Michigan. 150 credit hours are required for CPA certification.

This program is available at the main campus and at Middle East University.

## Total Credits - 120

### Business Core - 39

ACCT 121 - Principles of Accounting I **Credits: 3**  
ACCT 122 - Principles of Accounting II **Credits: 3**  
BSAD 341 - Business Law **Credits: 3**  
BSAD 355 - Principles of Management **Credits: 3**  
BSAD 365 - International Environment of Business **Credits: 3**  
BSAD 475 - Operations Management **Credits: 3**  
BSAD 494 - Business Strategy and Decisions **Credits: 3**  
ECON 225 - Principles of Macroeconomics **Credits: 3**  
ECON 226 - Principles of Microeconomics **Credits: 3**  
FNCE 317 - Business Finance **Credits: 3**  
INFS 130 - Management of Information Systems **Credits: 3**  
INFS 225 - Introduction to Data Analytics **Credits: 3**  
MKTG 310 - Principles of Marketing **Credits: 3**

### Major - 27

ACCT 321 - Intermediate Accounting I **Credits: 3**  
ACCT 322 - Intermediate Accounting II **Credits: 3**  
ACCT 328 - Intermediate Managerial Accounting/Data Analytics **Credits: 3**  
ACCT 360 - Introduction to Taxation **Credits: 3**  
ACCT 456 - Advanced Accounting **Credits: 3**  
ACCT 465 - Auditing **Credits: 3**  
ACCT 476 - Accounting Information Systems **Credits: 3**

#### Electives

Choose 2 courses from the following:

ACCT 455 - Accounting for Not-for-Profit Organizations **Credits: 3**  
ACCT 470 - Internship in Accounting/Auditing **Credits: 1-3**  
ACCT 385 - Topics in \_\_\_\_\_ **Credits: 3**  
FNCE 397 - Investments **Credits: 3**

#### Additional Requirements

Students must complete the business core courses (39 credits) and the major required and elective courses (27 credits) with a minimum overall GPA of 2.33. However, students must receive a minimum of a "C-" grade in each course. Courses where a grade less than a "C-" is received will not apply towards the business core or major requirements.

All accounting majors must obtain a C (2.00) minimum grade in ACCT 121 and ACCT 122.

### Cognates - 12

MATH 166 - College Algebra for Business **Credits: 3 \***  
STAT 285 - Introduction to Applied Statistics **Credits: 3**

#### Choose one of the following courses:

PSYC 101 - Introduction to Psychology **Credits: 3 \***  
SOCI 119 - Principles of Sociology **Credits: 3 \***

#### Choose one of the following courses:

RELT 340 - Religion and Ethics in Modern Society **Credits: 3 \***  
RELT 390 - Christian Business Ethics **Credits: 3 \***

\*Course fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Requirements

#### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e. lower division) as transfer work to replace 300-400 level courses (i.e. upper division).

#### Residence Requirement

Students must complete in residence in the School of Business Administration at Andrews University a minimum of 50% (33 credits) of the course work for the BBA degree (66 credits=39 credits in the BBA core + 27 credits in BBA required/elective major courses).

## Student Learning Outcomes

#### Program Outcomes

- Students will be able to apply the major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to implement the elements of a high performing team.
- Students will be able to employ decision-support tools in organization problem-solving.
- Students will be able to apply the strategic planning process to formulate innovative solutions to complex business problems.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

#### Major Outcomes

- Students will be able to explain how the required and elective Accounting major courses integrated with the other functional areas of business.
- Students will be able to explain the major concepts, theory, and practice of their required Accounting major courses: Intermediate Accounting, Individual Taxation, Advanced Accounting, and Auditing.
- Students in Accounting will be able to articulate that their understanding of Christian principles and ethics related positively to their professional careers.
- Students will be able to explain that the rigor and content of their Accounting courses adequately prepared them for their careers in business.

## Finance BBA

The finance major is designed to prepare students for careers in financial management. Through a carefully coordinated sequence of courses, the program covers many of the factors that influence financial decision making and provides specific tools for analyzing and interpreting financial data. Students will acquire skills that will help them launch a career in the areas of corporate finance, investments, banking, and financial planning.

## Total Credits - 120

MKTG 310 - Principles of Marketing **Credits: 3**

## Major - 24

ACCT 321 - Intermediate Accounting I **Credits:** 3

FNCE 397 - Investments **Credits:** 3

FNCE 410 - Intermediate Business Finance **Credits:** 3

FNCE 426 - International Finance **Credits:** 3

### Electives

A minimum of 4 courses, for a total of 12 or more credits, from the following:

ACCT 322 - Intermediate Accounting II **Credits:** 3

ECON 328 - Money and Banking **Credits:** 3

ECON 330 - Health Economics **Credits:** 3

ECON 335 - Intermediate Macroeconomics **Credits:** 3

ECON 415 - Introduction to Econometrics **Credits:** 3

ECON 440 - Public Finance **Credits:** 3

FNCE 330 - Financial Planning **Credits:** 3

FNCE 394 - Futures and Options Markets **Credits:** 3

FNCE 429 - Portfolio Theory **Credits:** 3

FNCE 430 - Finance Seminar **Credits:** 3

FNCE 435 - Internship in Finance/Investments **Credits:** 1–3

### Additional Requirements

Students must complete the business core courses (39 credits) and the major required and elective courses (24 credits) with a minimum overall GPA of 2.33. However, students must receive a minimum of a "C-" grade in each course. Courses where a grade less than a "C-" is received will not apply towards the business core or major requirements.

All finance majors must obtain a C (2.00) minimum grade in ACCT 121, ACCT 122, and FNCE 317.

FNCE 206 is not available for credit towards a finance major.

## Cognates - 12

MATH 166 - College Algebra for Business **Credits:** 3 \*

STAT 285 - Introduction to Applied Statistics **Credits:** 3 \*

### Choose one of the following courses:

RELT 340 - Religion and Ethics in Modern Society **Credits:** 3 \*

RELT 390 - Christian Business Ethics **Credits:** 3 \*

### Choose one of the following courses:

PSYC 101 - Introduction to Psychology **Credits:** 3 \*

SOCI 119 - Principles of Sociology **Credits:** 3 \*

\*Fulfills ACE requirement.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Requirements

### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e., lower division) as transfer work to replace 300-400 level courses (i.e., upper division).

### Residence Requirement

Students must complete in residence in the School of Business Administration at Andrews University a minimum of 50% (31.5 credits) of the course work for the BBA degree (63 credits = 39 credits in the BBA core + 24 credits in BBA required/elective major courses).

## Student Learning Outcomes

### Program Outcomes

- Students will be able to apply the major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.

- Students will be able to implement the elements of a high performing team.
- Students will be able to employ decision-support tools in organization problem-solving.
- Students will be able to apply the strategic planning process to formulate innovative solutions to complex business problems.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

### Major Outcomes

- Students will be able to explain how the required and elective Finance major courses integrated with the other functional areas of business.
- Students will be able to explain the major concepts, theory and practice of their required Finance major courses: Intermediate Accounting, Investments, Intermediate Business Finance.
- Students in Finance will be able to articulate that their understanding of Christian principles and ethics related positively to their professional careers.
- Students will be able to explain that the rigor and content of their Finance major courses adequately prepared them for their careers in Finance.

## Information Systems BBA

Information Systems (IS) combines computer hardware, software and telecommunication networks with people who use them. It is the link between the technical specialist and specialists in the field where the technology is applied. Communication skills and a good understanding of management, organizational behavior and business practices are critical in designing and maintaining successful information systems.

The Information Systems major is designed to produce graduates equipped with the ability to integrate information systems into the business environment, to explore methods of leveraging business functions through information systems, and to function in entry-level, information systems positions with a basis for continued career growth. The curriculum reflects input from both industry and universities and responds to industry requests for increased emphasis in technical orientation and improved skills for managers in strategic uses of information systems.

## Total Credits - 120

### Business Core - 39

ACCT 121 - Principles of Accounting I **Credits:** 3

ACCT 122 - Principles of Accounting II **Credits:** 3

BSAD 341 - Business Law **Credits:** 3

BSAD 355 - Principles of Management **Credits:** 3

BSAD 365 - International Environment of Business **Credits:** 3

BSAD 475 - Operations Management **Credits:** 3

BSAD 494 - Business Strategy and Decisions **Credits:** 3

ECON 225 - Principles of Macroeconomics **Credits:** 3

ECON 226 - Principles of Microeconomics **Credits:** 3

FNCE 317 - Business Finance **Credits:** 3

MKTG 310 - Principles of Marketing **Credits:** 3

INFS 130 - Management of Information Systems **Credits:** 3

INFS 225 - Introduction to Data Analytics **Credits:** 3

### Major - 24

CPTR 151 - Computer Science I **Credits:** 3

INFS 245 - Analytics for Business Applications **Credits:** 3

INFS 300 - Organization IT Design, Deployment and Management **Credits:** 3

INFS 310 - Applied Networks and Telecommunications **Credits:** 3

INFS 318 - Business Systems Analysis and Design **Credits:** 3

INFS 428 - Database Systems Design and Development **Credits:** 3

### Electives

Choose six credits from the following:

BSAD 487 - Internship in \_\_\_\_\_ **Credits:** 1–3

CPTR 230 - Data Science Fundamentals **Credits:** 3

INFS 265 - Drone Flight, Data Gathering, Analysis and Certification Support **Credits:** 3

INFS 330 - Introduction to Web Development **Credits:** 3

INFS 360 - Drone Maintenance & Management **Credits:** 3

INFS 380 - Applied Decision Support (DSS) and Expert Systems (EX) **Credits:** 3

INFS 385 - Business Automation, Robotics and Society **Credits:** 3

INFS 397 - Topics in \_\_\_\_\_ **Credits:** 1–3  
INFS 447 - Project Management **Credits:** 3  
INFS 450 - Ecommerce Design and Development **Credits:** 3  
INFS 457 - Certification Support **Credits:** 3  
INFS 470 - Disruptive Technology and Digital Transformation Management **Credits:** 3  
INFS 490 - Information Systems Consulting **Credits:** 3

## Cognates - 12

MATH 166 - College Algebra for Business **Credits:** 3 \*  
STAT 285 - Introduction to Applied Statistics **Credits:** 3

### Choose one of the following courses:

PSYC 101 - Introduction to Psychology **Credits:** 3 \*  
SOC 119 - Principles of Sociology **Credits:** 3 \*

### Choose one of the following courses:

RELT 340 - Religion and Ethics in Modern Society **Credits:** 3 \*  
RELT 390 - Christian Business Ethics **Credits:** 3 \*

\*Course fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Requirements

### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e. lower division) as transfer work to replace 300-400 level courses (i.e. upper division).

### Residence Requirement

Students must complete in residence in the School of Business Administration at Andrews University a minimum of 50% (31.5 credits) of the course work for the BBA degree (63 credits = 39 credits in the BBA core + 24 credits in BBA required/elective major courses).

## Maintaining Academic Standing

Students must complete the required and elective major courses (24 credits) with a minimum GPA of 2.33 (C+). The GPA is figured including all courses attempted—even those in which a D is received and which, therefore, do not apply towards the 24 credits of the major.

All information systems majors must obtain a C minimum grade in ACCT 122.

## Off-Campus Locations

This program is also offered at approved off-campus locations.

## Student Learning Outcomes

### Program Outcomes

Graduates of this program will be able to:

- Identify the major theory and concepts of business across business functional areas.
- Incorporate relevant quantitative and qualitative data in the analysis.
- Identify relevant business theories in analyzing business issues and apply appropriate theories in addressing business problems.
- Deliver oral presentations clearly, confidently, and in an organized format, and present their written thoughts in a coherent narrative to articulate complex ideas.
- Identify Christian perspectives when approaching business issues and understand the Judea-Christian foundation of personal and professional integrity, accountability, and experience positive spiritual growth.

### Major Outcomes

Graduates of this program will be able to:

- Demonstrate the major concepts, theory, and practice of their specific Concentration in Information Systems.
- Demonstrate that the rigor and content of their Information Systems courses adequately prepared them for their careers in business.
- Articulate that their understanding of Christian Principles and ethics related positively to their professional careers.

## International Business BBA

This major enables students to acquire a knowledge base that develops their capacity to work for an organization that operates in a global setting. Students who complete an International Business BBA will have skills necessary to work in a variety of industries and positions such as an international financial analyst, foreign exchange consultant, customs broker, international product/brand manager, foreign sales representative, or an international management consultant.

This program is available on the main campus and in Vietnam.

### Dual Degree Option (available to main campus students only):

This program is available as a dual degree with the Language for International Trade BA:

- Language/International Business Dual Degree BA/BBA

## Total Credits - 120

### Business Core - 39

ACCT 121 - Principles of Accounting I **Credits:** 3  
ACCT 122 - Principles of Accounting II **Credits:** 3  
BSAD 341 - Business Law **Credits:** 3  
BSAD 355 - Principles of Management **Credits:** 3  
BSAD 365 - International Environment of Business **Credits:** 3  
BSAD 475 - Operations Management **Credits:** 3  
BSAD 494 - Business Strategy and Decisions **Credits:** 3  
ECON 225 - Principles of Macroeconomics **Credits:** 3  
ECON 226 - Principles of Microeconomics **Credits:** 3  
FNCE 317 - Business Finance **Credits:** 3  
INFS 130 - Management of Information Systems **Credits:** 3  
INFS 225 - Introduction to Data Analytics **Credits:** 3  
MKTG 310 - Principles of Marketing **Credits:** 3

### Major - 24

Take the following required courses:

BSAD 467 - International Management **Credits:** 3  
ECON 454 - International Economics **Credits:** 3  
FNCE 426 - International Finance **Credits:** 3  
MKTG 465 - International Marketing **Credits:** 3

### Concentrations - 12

Students may select a concentration that suits their special area of interest, or take any combination of the courses listed below to meet the degree requirements. Choose a minimum of 12 credits from the following:

#### Economics Concentration

BHSC 225 - Global Social Issues **Credits:** 3  
BSAD 471 - Internship in International \_\_\_\_\_ **Credits:** 3  
ECON 328 - Money and Banking **Credits:** 3  
ECON 415 - Introduction to Econometrics **Credits:** 3  
ECON 427 - Economic Development **Credits:** 3  
ECON 455 - Advanced International Economics **Credits:** 3

#### Finance/Accounting Concentration

ACCT 321 - Intermediate Accounting I **Credits:** 3  
ACCT 328 - Intermediate Managerial Accounting/Data Analytics **Credits:** 3  
BSAD 471 - Internship in International \_\_\_\_\_ **Credits:** 3  
FNCE 397 - Investments **Credits:** 3  
FNCE 330 - Financial Planning **Credits:** 3

### Management Concentration

BSAD 345 - Business and Society **Credits: 3**

BSAD 410 - Entrepreneurship **Credits: 3**

BSAD 450 - Multicultural Business Relations **Credits: 3**

BSAD 470 - Quality Management **Credits: 3**

BSAD 471 - Internship in International \_\_\_\_\_ **Credits: 3**

Student may take one of the following courses: PLSC 230 - International Relations **Credits: 3**

PLSC 365 - American Foreign Relations **Credits: 3**

### Marketing Concentration

BSAD 450 - Multicultural Business Relations **Credits: 3**

BSAD 471 - Internship in International \_\_\_\_\_ **Credits: 3**

MKTG 320 - Consumer Behavior **Credits: 3**

MKTG 335 - Digital Marketing **Credits: 3**

MKTG 368 - Integrated Marketing Communication **Credits: 3**

MKTG 440 - Marketing Strategy **Credits: 3**

MKTG 456 - Marketing Research **Credits: 3**

### Global Environment Concentration

BSAD 345 - Business and Society **Credits: 3**

BSAD 450 - Multicultural Business Relations **Credits: 3**

BSAD 471 - Internship in International \_\_\_\_\_ **Credits: 3**

ECON 427 - Economic Development **Credits: 3**

PLSC 230 - International Relations **Credits: 3**

PLSC 365 - American Foreign Relations **Credits: 3**

### Internship (International Focus)

International students will have their internship in a multinational company and do not need to go abroad if they do not want to or are not able to. US students will need at least one semester of international experience, including their internship.

BSAD 471 - Internship in International \_\_\_\_\_ **Credits: 3**

## Cognates - 12

3 credits of MATH 166 - College Algebra for Business **Credits: 3 \***

STAT 285 - Introduction to Applied Statistics **Credits: 3**

### Choose one of the following courses:

PSYC 101 - Introduction to Psychology **Credits: 3 \***

SOCI 119 - Principles of Sociology **Credits: 3 \***

### Choose one of the following courses:

RELT 340 - Religion and Ethics in Modern Society **Credits: 3 \***

RELT 390 - Christian Business Ethics **Credits: 3 \***

\*Course fulfills ACE requirement

## Recommended ACE Electives

The following courses should be taken as part of the ACE electives.

BHSC 225 - Global Social Issues **Credits: 3**

ANTH 200 - Cultural Anthropology **Credits: 3**

MUHL 250 - Music to Change the World **Credits: 3**

## Additional Requirements

Students must complete the business core courses (39 credits) and the major required and elective courses (24 credits) with a minimum overall GPA of 2.33. However, students must receive a minimum of a "C-" grade in each course. Courses where a grade less than a "C-" is received will not apply towards the business core or major requirements.

All International Business students must earn at least a "C" letter grade in the following courses: ACCT 121 and ACCT 122.

### Residence Requirement

Students must complete in residence in the School of Business Administration at Andrews University a minimum of 50% (31.5 credits) of the course work for the BBA degree (63 credits = 39 credits in the BBA core + 24 credits in BBA required/elective major courses).

### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e., lower division) as transfer work to replace 300-400 level courses (i.e., upper division).

## Student Learning Outcomes

### Program Outcomes

- Students will be able to apply the major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to implement the elements of a high performing team.
- Students will be able to employ decision-support tools in organization problem-solving.
- Students will be able to apply the strategic planning process to formulate innovative solutions to complex business problems.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

### Major Outcomes

- Students will be able to explain how their courses in their Concentration in International Business integrated with the other functional areas of business.
- Students in International Business will be able to articulate that their understanding of Christian principles and ethics related positively to their professional careers.
- Students will be able to explain that the rigor and content of their International Business courses adequately prepared them for their careers in business.

## Bachelors Dual Degrees

## International Business/Language Dual Degree BBA/BA

This program prepares students for international careers with business and language skills, providing practical, on-site, work experience and an academic background in international affairs. Students receive two separate but integrated degrees: a Bachelor of Business Administration with a major in international business and a Bachelor of Arts in language for international trade.

## Total Credits - 146

## Business Core - 39

ACCT 121 - Principles of Accounting I **Credits: 3**

ACCT 122 - Principles of Accounting II **Credits: 3**

BSAD 341 - Business Law **Credits: 3**

BSAD 355 - Principles of Management **Credits: 3**

BSAD 365 - International Environment of Business **Credits: 3**

BSAD 475 - Operations Management **Credits: 3**

BSAD 494 - Business Strategy and Decisions **Credits: 3**

ECON 225 - Principles of Macroeconomics **Credits: 3**

ECON 226 - Principles of Microeconomics **Credits: 3**

FNCE 317 - Business Finance **Credits: 3**

INFS 130 - Management of Information Systems **Credits: 3**

INFS 225 - Introduction to Data Analytics **Credits: 3**

MKTG 310 - Principles of Marketing **Credits: 3**

## Business Major - 24

### Business Core - 15

BSAD 450 - Multicultural Business Relations **Credits: 3**

BSAD 467 - International Management **Credits: 3**

ECON 454 - International Economics **Credits: 3**

FNCE 426 - International Finance **Credits: 3**

MKTG 465 - International Marketing **Credits: 3**

### Business Electives - 9

Students may select electives in one academic discipline that suits their special area of interest, or take any combination of the elective courses listed below to meet the degree requirements. Choose a minimum of 3 courses, for a total of 9 or more credits, from the following:

### Economics Electives - 0-9

ECON 325 - Economic Thought **Credits:** 3  
ECON 328 - Money and Banking **Credits:** 3  
ECON 330 - Health Economics **Credits:** 3  
ECON 415 - Introduction to Econometrics **Credits:** 3  
ECON 427 - Economic Development **Credits:** 3

### Finance/Accounting Electives - 0-9

ACCT 321 - Intermediate Accounting I **Credits:** 3  
FNCE 206 - Personal Finance **Credits:** 2,3  
FNCE 397 - Investments **Credits:** 3  
FNCE 410 - Intermediate Business Finance **Credits:** 3  
FNCE 429 - Portfolio Theory **Credits:** 3

### Management Electives - 0-9

BSAD 345 - Business and Society **Credits:** 3  
BSAD 380 - Healthcare Foundations **Credits:** 3  
BSAD 384 - Human Resource Management **Credits:** 3  
BSAD 410 - Entrepreneurship **Credits:** 3  
BSAD 470 - Quality Management **Credits:** 3

### Marketing Electives - 0-9

BSAD 487 - Internship in \_\_\_\_\_ **Credits:** 1-3 (with international focus)  
MKTG 320 - Consumer Behavior **Credits:** 3  
MKTG 368 - Integrated Marketing Communication **Credits:** 3  
MKTG 440 - Marketing Strategy **Credits:** 3  
MKTG 456 - Marketing Research **Credits:** 3

### Business Major Graduation Requirements

Students must complete the business core courses (39 credits) and the major required and elective courses (27 credits) with a minimum overall GPA of 2.33. However, students must receive a minimum of a "C-" grade in each course. Courses where a grade less than a "C-" is received will not apply towards the business core or major requirements.

All International Business students must earn at least a "C" letter grade in the following courses: ACCT 121 and ACCT 122.

## Language Major - 30

Students may choose to do a concentration in either French or Spanish. Prior knowledge of each respective language at the elementary level is assumed.

### French

All majors are required to attend a full academic year, excluding summer sessions, at the Adventist University of France, Collonges, France.

### Adventist Colleges Abroad - 9

FREN 321  
FREN 341  
FREN 351  
FREN 361

### Andrews University Language Courses - 21

FREN 275 - Intermediate French **Credits:** 4  
FREN 280 - French Conversation and Composition **Credits:** 3  
FREN 415 - Advanced French Communication **Credits:** 3  
FREN 430 - Contemporary French Culture and Society **Credits:** 3  
FREN 460 - French for Business **Credits:** 3  
ILGS 490 - Internship **Credits:** 3 (BSAD 487 may be taken in place of ILGS 490.)  
Remaining FREN/ILGS credits to complete 30 credits.

**Note:** Language proficiency exit exam required.

### Spanish

All majors are required to attend a full academic year, excluding summer sessions, at Colegio Adventista de Sagunto, Spain, or Universidad Adventista del Plata, Argentina.

### Adventist Colleges Abroad - 6

Choose one course in each of the following sets:

### Advanced Grammar

SPAN 351, 352, 353, 451, 452, 453

### Advanced Composition

SPAN 361, 362, 363, 461, 462, 463

### Advanced Conversation

SPAN 371, 372, 373, 471, 472, 473

### Andrews University Language Courses - 24

SPAN 275 - Intermediate Spanish **Credits:** 4  
SPAN 280 - Spanish Conversation and Composition **Credits:** 3  
SPAN 470 - Spanish for Business **Credits:** 3  
SPAN 488 - Spanish for International Relations **Credits:** 3  
ILGS 490 - Internship **Credits:** 3 (BSAD 487 may be taken in place of ILGS 490.)

### Choose one of the following courses:

SPAN 416 - Spanish for Native Speakers **Credits:** 3  
SPAN 420 - Advanced Spanish **Credits:** 3

### Choose one of the following courses:

SPAN 426 - Culture of Spain **Credits:** 3  
SPAN 436 - South American Culture **Credits:** 3

Remaining SPAN/ILGS credits to complete 30 credits.

**Note:** Language proficiency exit exam required.

## Cognates - 9

MATH 166 - College Algebra for Business **Credits:** 3  
STAT 285 - Introduction to Applied Statistics **Credits:** 3

### Choose one of the following courses:

RELT 340 - Religion and Ethics in Modern Society **Credits:** 3  
RELT 390 - Christian Business Ethics **Credits:** 3

## Additional Requirements

### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e., lower division) as transfer work to replace 300-400 level courses (i.e., upper division).

### Residence Requirement

Students must complete in residence in the School of Business Administration at Andrews University a minimum of 50% (31.5 credits) of the course work for the BBA degree (63 credits = 39 credits in the BBA core + 24 credits in BBA required/elective major courses).

## Student Learning Outcomes

- Students will demonstrate an advanced level of proficiency in the target language in speaking, writing, listening and reading consistent with the Advanced levels as defined by the American Council of the Teaching of Foreign Languages (ACTFL).
- Students will demonstrate full understanding of linguistic concepts related to the target language such as phonetics, semantics, morphology, and syntax.
- Students will use their skills to translate specific terminology and concepts of the business world from and to the target language and English.
- Students will apply their knowledge of the target language and culture to business decisions in intercultural settings.
- Students will provide linguistics, culture, and business advice on decisions involving the target language and culture.
- Students will integrate their knowledge of both business and the target language in the work setting.
- Students will be able to identify the major theory and concepts of business across business functional areas.
- Students will be able to incorporate relevant quantitative and qualitative data in the analysis.
- Students will be able to identify relevant business theories in analyzing business issues and apply appropriate theories in addressing business problems.

- Students will be able to deliver oral presentations clearly, confidently, and in an organized format, and present their written thoughts in a coherent narrative to articulate complex ideas.
- Students will be able to identify Christian perspectives when approaching business issues and understand the Judea-Christian foundation of personal and professional integrity, accountability, and experience positive spiritual growth.
- Students will be able to explain how their International Business courses integrated with the other functional areas of business.
- Students will be able to articulate that their understanding of Christian principles and ethics related positively to their professional careers.
- Students will be able to explain that the rigor and content of their International Business courses adequately prepared them for their careers in business.

## Undergraduate Minors

### Accounting Minor

The minor in Accounting helps the student to develop a robust foundation in accounting and financial reporting. The accounting minor opens opportunities for employment in entry-level areas of accounting, such as bookkeeping or junior accountants in business, not-for-profit, and other entities. The accounting minor is a practical area to complement a major in other areas of business and also to non-business majors. Students with a minor in accounting are better prepared to eventually move into administration and middle-management positions where they need to understand and interpret financial reports and make decisions based on financial data and financial performance.

#### Total Credits - 18

ACCT 121 - Principles of Accounting I **Credits: 3**

ACCT 122 - Principles of Accounting II **Credits: 3**

ACCT 321 - Intermediate Accounting I **Credits: 3**

ACCT 322 - Intermediate Accounting II **Credits: 3**

**Note:** A minimum of a "C" letter grade must be earned in ACCT 121 , ACCT 122 .

#### Electives

Choose 2 of the following courses:

ACCT 455 - Accounting for Not-for-Profit Organizations **Credits: 3**

ACCT 456 - Advanced Accounting **Credits: 3**

ACCT 465 - Auditing **Credits: 3**

ACCT 476 - Accounting Information Systems **Credits: 3**

### Student Learning Outcomes

- Students will be able to understand generally accepted accounting principles and the practice of financial accounting.
- Students will be able to perform accounting functions based on generally accepted accounting principles.
- Students will be able to analyze and interpret business performance through the use of financial ratios.

### Economics Minor

The minor in economics offers a program which is devoted primarily to the study of the economic principles, tools, theory and institutions that affect business activity. It helps students to understand economic units' decision making process, as well as some major economic issues in our society and to analyze economic policy and decisions made at the government level. The economics minor also grounds the student deeply in a liberal arts education, offers opportunities for electives, and gives them a foundation to pursue a major in Economics or Finance.

#### Total Credits - 18

ECON 225 - Principles of Macroeconomics **Credits: 3**

ECON 226 - Principles of Microeconomics **Credits: 3**

ECON 334 - Intermediate Microeconomics **Credits: 3**

ECON 335 - Intermediate Macroeconomics **Credits: 3**

**NOTE:** A minimum of a "C" letter grade must be earned in ECON 225, ECON 226.

#### Electives

A minimum of 6 credits of ECON electives at the 300 or 400 level.

### Student Learning Outcomes

- Students will be able to understand the major concepts and issues at the macro and micro economics levels.
- Students will be able to integrate economic knowledge and make appropriate decisions supported by relevant analysis.
- Students will demonstrate effective communication skills.
- Students will be able to understand the value of a holistic, integrated Christian world-view and the importance of personal and professional integrity.
- Students will be able to understand the ethical ramifications of economic decisions.

### Finance Minor

A student with a finance minor completes 18 credits in both finance and possibly economics. The extent of the additional course work provides a more complete background in finance compared to a business student without the finance minor. This additional program of study provides information relevant to investing in securities, personal finance, options, international business finance, portfolio risk, and banking. These areas will allow a student to begin an entry-level position in the realm of finance, as well as a better understanding of personal finance.

Career possibilities include financial analyst/manager and banking. The content of the coursework provides material rich in applications of finance, and supplements the coursework taken in the students' major. The minor in finance stresses issues in data and decision-making with data commonly seen in actual firms. The minor may additionally stimulate a student to pursue a graduate degree in business, or finance specifically. This preparation in the finance minor can be seen to open up career paths not otherwise possible. Many corporate executives have a strong college background in finance and their studies facilitate enhanced career options.

#### Total Credits - 18

FNCE 317 - Business Finance **Credits: 3** **NOTE:** A minimum of a "C" letter grade must be earned in FNCE 317.

FNCE 397 - Investments **Credits: 3**

#### Choose one of the following:

**Both** ACCT 121 - Principles of Accounting I **Credits: 3** and ACCT 122 - Principles of Accounting II

ACCT 205 - Accounting for Decision Making and Control **Credits: 3**

#### Electives

Choose 3 courses from the following:

ECON 328 - Money and Banking **Credits: 3**

ECON 415 - Introduction to Econometrics **Credits: 3**

FNCE 330 - Financial Planning **Credits: 3**

FNCE 394 - Futures and Options Markets **Credits: 3**

FNCE 426 - International Finance **Credits: 3**

FNCE 429 - Portfolio Theory **Credits: 3**

### Student Learning Outcomes

- Students will be able to explain how the required and elective Finance minor courses integrated with the other functional areas of business or a non-business major.
- Students will be able to explain the basic concepts, theory and practice of their required Finance minor courses.
- Students will be able to explain that the content of their Finance minor courses adequately prepared them for entry-level careers in Finance.

# Accounting

## ACCT 121 - Principles of Accounting I

**Credits:** 3

Emphasis upon understanding the accounting cycle and the content and preparation of financial statements. Labs are designed to further address, through practice and implementation, the content of this course.

**Lecture/Lab:** Weekly: 2 lectures and 1 lab

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Interactive Online, Self-Paced

**Term Offering:** Fall

**College Code:** CPS

## ACCT 122 - Principles of Accounting II

**Credits:** 3

Studies fundamental concepts of cost and managerial accounting. Labs are designed to further address, through practice and implementation, the content of this course. A grade of C or higher is needed in ACCT 121 for admission to ACCT122.

**Lecture/Lab:** Weekly: two 75-minute lectures and one 75-minute lab

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ACCT 121 with a grade of C or higher

**Schedule Type:** Lecture, Lab, Interactive Online, Self-Paced

**Term Offering:** Spring

**College Code:** CPS

## ACCT 205 - Accounting for Decision Making and Control

**Credits:** 3

Accounting and financial analysis overview course focusing on financial reporting, internal controls and fraud prevention, cost management, budgeting, forecasting, and performance evaluation, with applications to financial management in health-care and other not-for-profit organizations. Labs are designed to further address, through practice and implementation, the content of this course. This course may not be used to satisfy requirements for an undergraduate business degree.

**Lecture/Lab:** Weekly: one 3-hour lecture and one 75-minute lab

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Fall, Spring

**College Code:** CPS

## ACCT 321 - Intermediate Accounting I

**Credits:** 3

Theory, research and application of generally accepted accounting principles in problemsolving, classification of transactions, asset and liability valuation, income determination, and the presentation and analysis of financial statements. Introduction to related International Financial Reporting Standards. Students may not enroll in ACCT 321 unless they have obtained a grade of C or higher in ACCT 121, ACCT 122.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ACCT 122

**Prerequisite/Corequisite:** INFS 215

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

## ACCT 322 - Intermediate Accounting II

**Credits:** 3

A continuation of ACCT 321. Theory, research and application of generally accepted accounting principles in problem-solving, classification of transactions, asset, liability and equity valuation, presentation and analysis of financial statements, and disclosure requirements. Introduction to related International Financial Reporting Standards. Students may not enroll in ACCT 322 unless they have obtained a grade of C or higher in ACCT 121, ACCT 122, and ACCT 321.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ACCT 122, ACCT 321

**Prerequisite/Corequisite:** INFS 215

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

## ACCT 328 - Intermediate Managerial Accounting/Data Analytics

**Credits:** 3

Study of cost determination, accumulation, and allocation procedures using data

analytics and visualization tools. Preparation and utilization of financial information for internal management purposes. The course covers costs systems, cost-volume-profit analysis, budgeting, performance evaluation and control. Students may not enroll in ACCT 328 unless they have obtained a grade of C or higher in ACCT 122.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Students must take ACCT122 and obtain a grade of C or higher

**Schedule Type:** Lecture

**Year Offering:** Alternate years (odd)

**Term Offering:** Spring

**College Code:** CP

## ACCT 360 - Introduction to Taxation

**Credits:** 3

An introductory study of federal taxation. Students learn methods of taxation and federal tax procedures as they relate to the taxation of individuals, corporations, partnerships, and tax-exempt organizations. The course also covers tax compliance and planning. Students may not enroll in ACCT 365 unless they have obtained a grade of C or higher in ACCT 121, ACCT 122.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ACCT 122

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

## ACCT 385 - Topics in \_\_\_\_\_

**Credits:** 3

Current topics in Accounting and Auditing.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Prerequisite: ACCT 121 & ACCT 122

**Recommended:** Recommended: INFS 215

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required.

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CP

## ACCT 425 - Data Analytics for Accounting

**Credits:** 3

This course introduces students to data analytic thinking and terminology and practical applications of data analytics tools and techniques, to build a framework for helping organizations operate more effectively. Using tools like Excel and Tableau, students learn descriptive, diagnostic, predictive and prescriptive analysis relating to financial and managerial accounting and auditing.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ACCT 322, INFS 225

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CP

## ACCT 455 - Accounting for Not-for-Profit Organizations

**Credits:** 3

The study of the fundamental accounting systems used by government, hospitals, colleges and universities, and other not-for-profit organizations. Topics include the budgeting process, and the analysis and interpretation of governmental and not-for-profit financial statements.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** ACCT 322

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

## ACCT 456 - Advanced Accounting

**Credits:** 3

Study of accounting for business combinations and the preparation of consolidated financial statements; foreign currency financial statements; accounting for foreign currency transactions and hedging; partnership accounting and SEC reporting.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** ACCT 322

**Schedule Type:** Lecture

**Term Offering:** Spring  
**College Code:** CPS

### ACCT 465 - Auditing

**Credits:** 3  
This course introduces students to the assurance profession, the basic concepts of auditing, and how those concepts may be applied in different scenarios. Professional auditing standards are emphasized, including the selection and application of auditing procedures required to perform a quality audit, while considering and analyzing the risks present in accounting and financial reporting systems. The course examines the auditor's professional decision-making process, how to identify a problem, research and apply the appropriate auditing standards and accounting principles, and resolve audit issues in the context of the professional code of ethics.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ACCT 322  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CPS

### ACCT 470 - Internship in Accounting/Auditing

**Credits:** 1-3  
A program of supervised accounting and/or auditing experience, approved in advance by program coordinator. Student must have at least a 2.67 cumulative GPA. A minimum of 75 hours of accounting/auditing work experience is required for each credit hour. Full arrangements for a structured program must be made prior to the start of the internship. Open only to accounting and finance majors.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** ACCT 321  
**Repeatable:** Repeatable up to 3 credit hours  
**Schedule Type:** Practicum  
**Special Approval:** Instructor permission required.

**College Code:** CPS

### ACCT 476 - Accounting Information Systems

**Credits:** 3  
The study of accounting as an information system, its objectives, internal controls, ethics, documentation of an accounting information system (AIS), and the impact of information technology on AIS. Completion of manual and computerized practice-sets is required.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ACCT 122 and junior class standing.  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Spring  
**College Code:** CPS

### ACCT 490 - Independent Readings/Study in \_\_\_\_\_

**Credits:** 1-3  
Individually directed study or readings under the guidance of the instructor. Oral and reading reports may be required.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ACCT 321, ACCT 322; minimum cumulative GPA of 2.75 and minimum GPA of 3.00 in accounting courses  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**Special Approval:** Instructor, Department Chair and Dean permission required  
**College Code:** CPS

### ACCT 505 - Survey of Accounting for Decision Making and Control

**Credits:** 2,3  
Accounting and financial analysis overview course focusing on financial reporting, internal controls and fraud prevention, cost management, budgeting, forecasting, and performance evaluation, with applications to financial management in health-care and other not-for-profit organizations. Labs are designed to further address, through practice and implementation, the content of this course. This course is a foundation course for the MBA program, and is part of the core for the Medical Laboratory Sciences and Community and International Development graduate degree programs. Course grade not included in the MBA GPA calculation.

**Lecture/Lab:** Weekly: 1 lecture and one 75-minute lab  
**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture  
**College Code:** CP

### ACCT 515 - Data Analytics for Managers

**Credits:** 3  
Application of Big Data tools to make business decisions. Topics addressed include: ask the right questions, find and cleanse the data, examine and analyze Big Data and interpret results. This introductory course, from an accounting perspective, uses Excel analytics tools and data visualization software to assist in making business decisions.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ACCT505  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CP

### ACCT 586 - Tax Research

**Credits:** 3  
Study of the legislative, administrative, and judicial sources of tax law, as well as the resources and techniques used to find a competent and professional conclusion to a tax problem. Extensive research of tax issues and presentation of research is required.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ACCT 365  
**Recommended:** ACCT 467  
**Schedule Type:** Lecture  
**College Code:** CPS

### ACCT 595 - Topics In \_\_\_\_\_

**Credits:** 3  
Current topics in Accounting and Auditing.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ACCT 121 & ACCT 122, Or ACCT 505  
**Recommended:** INFS 215  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Lecture  
**Special Approval:** Instructor permission required

**College Code:** CP

### ACCT 610 - Managerial Accounting

**Credits:** 3  
The use of accounting data in decision making. Special attention is given to cost analysis and control, cost allocation, budgeting, and motivational aspects of accounting.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ACCT 122 or ACCT 205 or ACCT 505  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Fall  
**College Code:** CPS

### ACCT 615 - Accounting Theory

**Credits:** 3  
An examination of the standard-setting process and selected accounting research, and analysis of major problem areas of financial accounting. A research paper is required.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Equivalent of 1 year of intermediate accounting.  
**Schedule Type:** Lecture  
**College Code:** CPS

### ACCT 620 - Financial Statement Analysis

**Credits:** 3  
This course develops the skills necessary to interpret and use financial statement information effectively to assess profitability and risk, and provides a framework for business analysis and valuation. Requirements include research and written analysis of financial statements, SEC filings, and other public disclosures.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ACCT 122 or ACCT 205 or ACCT 505  
**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall  
**College Code:** CPS

### ACCT 625 - Financial Analysis and Reporting

**Credits:** 3

Develops business leaders' financial-statement literacy. Topics include: understanding the nature of business transactions; identification of relevant economic events for reporting; determination of appropriate financial measures for those events; analysis of the effects of those events in organization's performance and financial condition. Not available for MBA program.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CPS

## Economics

### ECON 208 - Principles of Economics

**Credits:** 3

This course is designed to offer non-economics major students a broad understanding of the world around them at both a microeconomic and a macroeconomic level. Firm decision-making tools and consumer choice mechanisms will be studied. More specifically, the role of the market and its structures will be analyzed through the theory of supply and demand, including price and quantity determination, price elasticity, and the role of government in regulating market size and in addressing market failures. Production function, profit maximization conditions, and the basics of firm behavior will help the student to understand some aspects of the firm decision-making process. At a macroeconomic level, several aggregate variables will be studied, including GDP, the consumer price index, the monetary system, and economic policies implementation. This course may not be used to satisfy requirements for an undergraduate business degree.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CPS

### ECON 225 - Principles of Macroeconomics

**Credits:** 3

Analysis of some major statistics of a national economy in the long and the short run, such as aggregate income and expenditures, economic growth, inflation, and unemployment, as well as the monetary system and money supply.

**Course Attribute:** Fulfills the General Education Social Sciences requirement

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**Term Offering:** Fall  
**College Code:** CP

### ECON 226 - Principles of Microeconomics

**Credits:** 3

Use of the mainstream economic schools of thought to explain how economic units (consumers and producers) make decisions. The role of the market in organizing economic activity is widely explained as well as the way resources are allocated in an economy through the price mechanism. Concepts like elasticities and profit maximization are computed and analyzed. Algebra used extensively.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**Term Offering:** Spring  
**College Code:** CP

### ECON 320 - U.S. Economic History

**Credits:** 3

A survey of the United States' growth and transformation into an industrialized nation. Economic analysis is used to explain the sources and consequences of U.S. economic change. Topics covered include the rise of the corporation, the emergence of a national market, financial development, slavery, government regulation, transportation, the Great Depression, and rapid post- World War II growth.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CPS

### ECON 321 - Indian Economic History

**Credits:** 3

A study of Indian Economics in two parts. In the first part, emphasis will be on the study of Economics from ancient times to Indian Independence. The second part will be devoted to the Economic progress of India since Independence, with special emphasis on the five-year plans and their requirements. Only offered for students enrolled at Spicer Memorial College.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CPS

### ECON 325 - Economic Thought

**Credits:** 3

The development of economic thinking from late medieval times to the present. Survey begins with the Mercantilists, extends through Adam Smith to 20th century thinkers such as Joan Robinson, Milton Friedman, and John M. Keynes.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ECON 225 , ECON 226  
**Schedule Type:** Lecture  
**College Code:** CPS

### ECON 328 - Money and Banking

**Credits:** 3

Commercial banking and the process of money creation, the operation and controls of the Federal Reserve System, money and credit in circulation, and the effect of monetary policies. Some contemporary financial crises (and crisis management) are analyzed, along with their origins and consequences on the financial and banking system.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ECON 225, ECON 226  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Fall  
**College Code:** CPS

### ECON 330 - Health Economics

**Credits:** 3

An application of economic principles to the health-care industry. Demand for and supply of health-care services are analyzed to determine their effect on cost. Examines the impact of insurance, technology, and regulation on the industry.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ECON 226  
**Schedule Type:** Lecture  
**Year Offering:** Alternate Years  
**College Code:** CPS

### ECON 334 - Intermediate Microeconomics

**Credits:** 3

Theoretical analysis of consumer behavior, and decision making, using the utility function. The firm's decision making process is also analyzed in different market structures, based on profit maximization and costs of production. Welfare economics and game theory are introduced. Students may not enroll in ECON334 unless they have obtained a grade of C or higher in ECON 226 .

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ECON 226  
**Prerequisite/Corequisite:** MATH 191 or MATH 182  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Spring  
**College Code:** CPS

### ECON 335 - Intermediate Macroeconomics

**Credits:** 3

The classical theory and growth theory in the long run are analyzed as well as the business cycle theory. Determinants of aggregate income are studied, along with other aggregate variables like the unemployment rate, the interest rate and inflation and its impact on the economy. Students may not enroll in ECON335 unless they have obtained a grade of C or higher in ECON 225 .

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ECON 225  
**Prerequisite/Corequisite:** ECON 226  
**Schedule Type:** Lecture  
**Year Offering:** Even years

**Term Offering:** Spring  
**College Code:** CPS

### ECON 367 - Labor Economics and Relations

**Credits:** 3  
An analysis of the labor market focusing on labor demand, supply, wage differentials, human capital, discrimination, and unions.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** CPS

### ECON 415 - Introduction to Econometrics

**Credits:** 3  
Topics include probability sampling, hypothesis testing, regression techniques, and problems of multicollinearity, heteroscedasticity, and auto-correlation.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** STAT 285 or STAT 340, MATH 191 or MATH 182  
**Schedule Type:** Lecture  
**Year Offering:** Even years  
**Term Offering:** Fall  
**College Code:** CPS

### ECON 427 - Economic Development

**Credits:** 3  
A study of the problem of poverty in the world and theories about the growth of developing countries. The effects of population growth, trade and aid, alternative strategies for expansion, and challenges facing these countries are evaluated.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ECON 225, ECON 226  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Fall  
**College Code:** CPS

### ECON 440 - Public Finance

**Credits:** 3  
The course integrates economic theory with applications in the field of public finance. Focuses on detailed microeconomic analysis of government functions, expenditures, and finance. Recent public finance issues are discussed.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ECON 225, ECON 334  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Spring  
**College Code:** CPS

### ECON 454 - International Economics

**Credits:** 3  
A description and theoretical analysis of international trade, balance-of-payments accounts, the mechanisms of international economic adjustment, the theory of comparative advantage, and economic integration.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ECON 225, ECON 226  
**Schedule Type:** Lecture  
**Year Offering:** Even years  
**Term Offering:** Fall  
**College Code:** CPS

### ECON 455 - Advanced International Economics

**Credits:** 3  
Welcome to Advanced International Economics, an exploration of the intricate world of global economics, policy challenges, and strategic decision-making in an interconnected world. This course is designed for students who have a foundational understanding of international economics and are eager to delve deeper into the complex issues facing economies in the era of globalization. After studying the fundamental principles, theories, and policies that govern international economic interactions and trade in ECON 454 (International Economics), in this course, students will gain a comprehensive understanding of the global economy, and its impact on nations, businesses, and individuals. They will also study the impact of international trade on an economy's performance through the analysis of the balance of payments. Through case studies, simulations, and policy debates, students will critically engage with the multifaceted aspects of international economics. The relationship between the trade balance and some other aggregates (the exchange rate, the interest rate).

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ECON 454  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Fall  
**College Code:** CP

### ECON 490 - Independent Readings/Study in \_\_\_\_\_

**Credits:** 1–3  
Individually directed study or readings under the guidance of the instructor. Oral and reading reports may be required.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ECON 225, ECON 226; minimum cumulative GPA of 2.75 and minimum GPA of 3.00 in economics courses  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**Special Approval:** Instructor, Department Chair and Dean permission required  
**College Code:** CPS

### ECON 508 - Survey of Economics

**Credits:** 2  
This course is designed to offer non-economics major students a broad understanding of the world around them at both a microeconomic and a macroeconomic level. Firm decision-making tools and consumer choice mechanisms will be studied. More specifically, the role of the market and its structures will be analyzed through the theory of supply and demand, including price and quantity determination, price elasticity, and the role of government in regulating market size and in addressing market failures. Production function, profit maximization conditions, and the basics of firm behavior will help the student to understand some aspects of the firm decision-making process. At a macroeconomic level, several aggregate variables will be studied, including GDP, the consumer price index, the monetary system, and economic policies implementation. A foundation course for the MBA. Grade not included in the MBA GPA calculation.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Spring  
**College Code:** CPS

### ECON 525 - International Macroeconomics

**Credits:** 3  
The study of global macroeconomic issues facing firms, including the structure of the exchange rate regime. In this context, the forecast of a floating exchange rate and the impact of monetary policies, the interest rate and the inflation rate on the exchange rate setting are studied and analyzed. Within the context of competing economic theories, the course considers domestic policies, international trade and payment issues, economic growth, international institutions and the spread of regional crises, and the impact of stabilization policies on firms. Development of a spreadsheet model of an economy is required.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ECON 225 or ECON 208 or ECON 508  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Fall  
**College Code:** CPS

### ECON 530 - Managerial Economics

**Credits:** 3  
The use of microeconomic theory and optimization techniques as tools of management decision making within a business firm are studied. Statistical analyses such as regression techniques will be utilized. While microeconomics serves as a foundation, emphasis on quantitative approaches also requires knowledge of basic calculus and statistics.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** ECON 226 or ECON 208 or ECON 508, and STAT 285  
**Recommended:** Calculus  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Summer  
**College Code:** CPS

### ECON 715 - Applied Econometrics

**Credits:** 3  
This course is designed to expose students to econometric techniques used in economics and finance research. The major focus will be on time-series and panel data. The course will include regressions, ANOVA analysis and inferences techniques; as well as critiquing empirical research papers. An empirical research

project using econometric techniques will be required.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Year Offering:** Annually  
**College Code:** CP

## Finance

### FNCE 206 - Personal Finance

**Credits:** 2,3  
Study of personal financial management. Emphasizes the principles of stewardship. The course covers household budgeting; use and cost of credit; life, property and umbrella insurance; individual taxation, housing; estate planning; savings; and investing. Not available for credit towards a finance major.

**Course Attribute:** Fulfills the General Education Social Sciences requirement  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring  
**College Code:** CPS

### FNCE 317 - Business Finance

**Credits:** 3  
A managerial approach to financial analysis, planning, and control. Management of working capital, long-term assets, and long-term financing.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ACCT122, MATH 166 or higher math course.  
**Prerequisite/Corequisite:** ACCT 122, MATH 165 or higher math course  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring  
**College Code:** CP

### FNCE 330 - Financial Planning

**Credits:** 3  
An integrative approach to personal financial planning incorporating time value of money, financial statements, federal taxation, risk management and insurance concepts. Emphasis will be placed on developing a framework for formulating sound financial plans.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FNCE 317.  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Fall  
**College Code:** CPS

### FNCE 394 - Futures and Options Markets

**Credits:** 3  
The theory of futures pricing and options pricing, and the application of the theory to develop a framework for analyzing hedging and investment decisions using futures and options. Attention to practical considerations in the use of these investments.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FNCE 317.  
**Schedule Type:** Lecture  
**Year Offering:** Even years  
**Term Offering:** Fall  
**College Code:** CPS

### FNCE 397 - Investments

**Credits:** 3  
The techniques, vehicles, and strategies for implementing investment goals in light of risk-return tradeoffs. Key factors that determine the composition of the individual or institutional portfolios emphasized.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FNCE 317  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CP

### FNCE 410 - Intermediate Business Finance

**Credits:** 3  
A study of more advanced topics in corporate finance and an application of

previously covered topics with the use of cases.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FNCE 317.  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CP

### FNCE 426 - International Finance

**Credits:** 3  
The financial management of international enterprises. Short- and long-term capital sources and uses. Capital budgeting in changing foreign exchange conditions. Exchange exposure coverage, taxation impacts, and global-risk diversification.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FNCE 317  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (even)  
**Term Offering:** Spring  
**College Code:** CP

### FNCE 429 - Portfolio Theory

**Credits:** 3  
Theories and techniques for management of portfolios; emphasis on the portfolio manager's role in diversification and meeting investors' goals, and a review of empirical literature.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FNCE 317.  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Spring  
**College Code:** CPS

### FNCE 430 - Finance Seminar

**Credits:** 3  
A survey of contemporary issues in financial markets, with an emphasis on financial market innovations, financial system stability, and the role of government. The class is taught in a seminar setting and relies on extensive selected reading from current trade books and periodicals.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FNCE 317, ECON 225, ECON 226.  
**Schedule Type:** Seminar  
**College Code:** CPS

### FNCE 435 - Internship in Finance/Investments

**Credits:** 1-3  
A program of supervised finance and/or investments experience, approved in advanced by the academic advisor for finance and the AEF program coordinator. Student must have at least a 2.67 cumulative GPA. A minimum of 75 hours of finance/investments work experience is required for each credit hour. Full arrangements for a structured program must be made prior to the start of the internship.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Prerequisite(s):** FNCE 317  
**Repeatable:** Repeatable up to 3 credit hours  
**Schedule Type:** Practicum  
**Special Approval:** Instructor permission required.

**College Code:** CPS

### FNCE 490 - Independent Readings/Study in \_\_\_\_\_

**Credits:** 1-3  
Individually directed study or readings under the guidance of the instructor. Oral and reading reports may be required.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** FNCE 317; minimum cumulative GPA of 2.75 and minimum GPA of 3.00 in finance courses  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**Special Approval:** Instructor, Department Chair and Dean permission required  
**College Code:** CPS

### FNCE 500 - Survey of Business Finance

**Credits:** 2  
A managerial approach to financial analysis, planning and control. Management of

working capital, long-term assets, and long-term financing. A foundation course for the MBA and other graduate programs. Grade not included in the MBA GPA calculation.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** ACCT 122 or ACCT 205 or ACCT 505, and MATH 166

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall

**College Code:** CPS

## **FNCE 526 - International Financial Management**

**Credits:** 3

The financial management of international enterprises and global portfolio analysis. Short- and long-term capital sources and uses. Capital budgeting in changing foreign exchange conditions. Exchange exposure coverage and taxation impacts. Research paper/presentation or case analyses are required.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FNCE 317 or FNCE 500.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CPS

## **FNCE 675 - Financial Management**

**Credits:** 3

An advanced study of major topics in corporate financial management. These topics include valuation of financial assets, investment in long-term assets, capital structure, dividend policy, working capital management, and other specialized topics, such as risk management.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FNCE 317 or FNCE 500.

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Spring

**College Code:** CPS

## **FNCE 680 - Investment Management**

**Credits:** 3

Study of security risk-and-return concepts, security analysis, and concepts of market efficiency. Emphasizes equity investments, bonds, options, future, and international securities. Case analyses are required. Application of concepts in an investment portfolio simulation.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FNCE 317 or FNCE 500

**Schedule Type:** Lecture, Interactive Online

**Year Offering:** Alternate Years

**Term Offering:** Summer

**College Code:** CPS

## **FNCE 810 - Advanced Corporate Finance**

**Credits:** 3

This course responds to the need of developing an objective framework to analyze and evaluate the opportunities and risks of the rapid financial developments in today's global economy. It will study the major decision-making areas of managerial finance and some selected topics in financial theory. It reviews the theory and empirical evidence related to the investment and financing policies of the firm and attempts to develop decision-making ability in these areas. Some areas like mergers and acquisitions, corporate reorganizations, financial planning, and some other selected topics will be covered. Pricing of selected financial instruments and corporate liabilities, and dividend policy will be covered if not covered in FNCE 675.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## Administration:

## Graduate Business

## Administration

### Masters

### Business Administration MBA

With the appropriate business background, the Professional MBA at Andrews University can be completed in three semesters. However, the MBA is also designed for students with any bachelor's degree. Students who enter the program without prior coursework in business will take a two-year (5-semester) degree program, which will include prerequisites. Prerequisites in the common body of knowledge are required to bring the student up to the minimum expectations of our graduate faculty. These courses provide an introduction to the broad field of business administration and may not be used to satisfy program requirements.

The graduate courses in the MBA itself, which approximate three semesters of work, are divided into two groups, required and elective; 21 credits are in courses required of all students, and 12 credits are in elective courses. These advanced courses emphasize the understanding of administrative processes in resolving problems faced by business executives. These courses also help the student view the business enterprise as an integrated unit operating in a complex economic, political, and social system.

**Mission:** The mission of the Professional MBA program is to prepare students from many cultural backgrounds for responsible positions in domestic and international business, in government, and in not-for-profit organizations. The program emphasizes the integration of business principles with Christian principles and philosophy to prepare students for leadership roles which require clear and critical thinking, wise judgment, effective communication, integrity in all actions, and recognition of opportunities for service.

**Delivery:** The Master of Business Administration is available in three modes of delivery:

- Main Campus
- Interactive Online Synchronous
- International Sites: Vietnam National University, Middle East University, National Economics University (Viet Nam)

The interactive online option for the MBA degree program is designed for completion of all courses online. Most courses are offered in the interactive online synchronous format (see Global Campus definitions). The final course(s) may be taken online or on campus in the last summer semester culminating with graduation exercises (usually the first weekend in August).

**Dual Degree Option:**

This program is also available as a dual degree with Social Work MSW:

- Business Administration/Social Work Dual Degree MBA/MSW

### Total Credits - 33

ACCT 610 - Managerial Accounting **Credits:** 3  
BSAD 515 - Organizational Behavior & Leadership **Credits:** 3  
BSAD 620 - Christian Ethics, Service & Society **Credits:** 3 (MBA/MSW Dual Degree students replace this course with 1 credit of BSAD 556 and SOWK 515.)  
BSAD 689 - Strategic Management **Credits:** 3 (Capstone Course)  
ECON 530 - Managerial Economics **Credits:** 3  
FNCE 675 - Financial Management **Credits:** 3  
MKTG 680 - Strategic Marketing Management **Credits:** 3

### Electives

Choose 4 courses (numbered 510 and above) from the following acronyms: ACCT, BSAD, ECON, FNCE, INFS, MKTG. (MBA/MSW Dual Degree students must choose either SOWK 630 or SOWK 660.) Students may fulfill elective credits by taking either the Healthcare Administration concentration or the Accounting/Finance concentration.

### Healthcare Administration Concentration

The Healthcare Administration concentration prepares students seeking careers in management, clinical management and consulting with the knowledge needed to address the challenges and opportunities within the diverse industry of healthcare. Coursework covers the broad spectrum of health services administration skills, including healthcare management, ethics, finance, and policy. (The courses in this concentration may be taken instead of 4 elective courses.) Student pursuing the healthcare concentration need to start in the fall semester by taking BSAD 537.

BSAD 537 - Organization and Management of Healthcare Systems **Credits:** 3  
BSAD 625 - Healthcare Law & Ethics **Credits:** 3  
BSAD 640 - Healthcare Economics & Policy **Credits:** 3  
BSAD 645 - Reimbursement Systems **Credits:** 3

### Accounting/Finance Concentration

The Accounting/Finance concentration is designed to prepare students for management-level careers in the business arena. The concentration focuses on the skills needed to analyze and evaluate the risks and rewards associated with enterprise- and project-level business opportunities and improved decision-making using accounting and finance tools. (The courses in this concentration may be taken instead of 4 elective courses.)

Choose 12 credits from the following courses:

ACCT 515 - Data Analytics for Managers **Credits:** 3  
ACCT 620 - Financial Statement Analysis **Credits:** 3  
BSAD 643 - Quantitative Methods in Business Decisions **Credits:** 3  
FNCE 526 - International Financial Management **Credits:** 3  
FNCE 680 - Investment Management **Credits:** 3

### Admission Requirements

In addition to the general admission requirements under Graduate Academic Policies, note also the requirements listed below.

### Prerequisite Courses

These prerequisite courses may be waived for students with appropriate undergraduate course work from an accredited institution. If the prerequisite courses are more than five years old or the grades earned are below C, students may be required to repeat these courses.

These courses must be taken prior to starting the MBA program. Students may take up to three courses concurrently with the MBA, by permission only, on a provisional status, during the first two semesters of their MBA program.

The following courses constitute the prerequisites for the MBA degree:

BSAD 505 - Survey of Operations Management **Credits:** 2  
**Or**  
BSAD 475 - Operations Management **Credits:** 3  
  
BSAD 506 - Survey of Business Law **Credits:** 2  
**Or**  
BSAD 341 - Business Law **Credits:** 3  
  
FNCE 500 - Survey of Business Finance **Credits:** 2  
**Or**  
FNCE 317 - Business Finance **Credits:** 3  
  
STAT 285 - Introduction to Applied Statistics **Credits:** 3

### Choose one of the following:

ACCT 505 - Survey of Accounting for Decision Making and Control **Credits:** 2,3  
ACCT 205 - Accounting for Decision Making and Control **Credits:** 3  
Both ACCT 121 - Principles of Accounting I **Credits:** 3 and ACCT 122 - Principles of Accounting II **Credits:** 3

### Choose one of the following:

ECON 508 - Survey of Economics **Credits:** 2  
ECON 208 - Principles of Economics **Credits:** 3

Both ECON 225 - Principles of Macroeconomics **Credits: 3** and ECON 226 - Principles of Microeconomics **Credits: 3**

Competency in computers is assumed.

### Graduate Management Admission Test (GMAT)

The GMAT admission requirements must be met for regular admission status. The student may not enroll for any graduate-level business credits (courses assigned as 515 or above) before the GMAT requirement is met. If the student chooses to waive the GMAT based on number 2 below, this must be done within the first semester of the MBA program.

Admission GMAT requirements can be obtained by **ONE** of the following:

Attain formula score of 1,000 points, calculated by taking the undergraduate cumulative GPA X 200 + GMAT score  $\geq$  1,000.

**OR**

Five years of documented and approved related work experience and earned a grade of at least B- in statistics and a grade of at least B- in college algebra.

**OR**

Previously earned an on-campus Andrews University undergraduate business degree with a cumulative GPA  $\geq$  3.0 and earned a grade of at least B- in statistics and a grade of at least B- in college algebra.

**OR**

Previously earned degree with a cumulative GPA  $\geq$  3.25 from a U. S. accredited institution.

### Professional Resume

All applicants must submit a separate, attached copy of their complete professional resume with their application. Completing the "Professional History" section within the application will not be considered sufficient for acceptance to School of Business Administration graduate programs.

### Provisional Status

Students admitted under provisional status (due to lack of prerequisites, GMAT, etc.) must make regular progress toward achieving regular enrollment status and toward completion of their selected graduate degree. If insufficient progress is made, provisional status will be revoked after four enrolled semesters (or before they reach 9 credit hours of graduate level course work).

Regular admission status must be met no later than the semester before the last semester in which the student expects to enroll, prior to graduation.

## Additional Information

### Accreditation

The Master of Business Administration degree (both on-campus and interactive online delivery) is accredited by the International Accreditation Council for Business Education (IACBE), located in Lenexa, Kansas.

## Student Learning Outcomes

- Students will be able to integrate knowledge of major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to demonstrate collaborative team skills in order to deliver transformative solutions.
- Students will be able to evaluate complex data in order to solve advanced business problems.
- Students will be able to implement leadership theory through the strategic management process.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

## Organizational Management MSA

A Master of Science in Administration program is designed to prepare students for leadership in organizational management in various industry-specific settings.

The MSA degree in Organizational Management is for students seeking management roles in industry, church or other not-for-profit organizations. Offered by the School of Business Administration, the program blends business management and leadership principles to create a well-rounded degree experience with a capstone practicum. We offer a distinctive program with the option of adding one of the two concentrations: human resource management and nonprofit. An option for a general MSA is also available.

This MSA degree can be completed on-campus or online.

**Online Delivery:** Most courses are offered in the interactive online synchronous format and taught to on-campus students simultaneously (see Global Campus online delivery definitions). Online students are encouraged to come to campus for graduation.

## Total Credits - 34

### Business Core - 16

ACCT 505 - Survey of Accounting for Decision Making and Control **Credits: 2,3**  
BSAD 515 - Organizational Behavior & Leadership **Credits: 3**  
BSAD 620 - Christian Ethics, Service & Society **Credits: 3**  
BSAD 670 - Management of Human Resources **Credits: 3**  
FNCE 500 - Survey of Business Finance **Credits: 2**  
BSAD 695 - Practicum **Credits: 3**

### Business Electives - 6

Choose six credits from the following courses:

ACCT 515 - Data Analytics for Managers **Credits: 3**  
BSAD 560 - Intercultural Business Relations **Credits: 3**  
BSAD 594 - Business Research **Credits: 3**  
BSAD 615 - Management of Quality **Credits: 3**  
MKTG 680 - Strategic Marketing Management **Credits: 3**

### General MSA - 12

Students may choose to take a concentration or complete 12 general MSA credits:

Select 2 courses with the following prefixes: ACCT, BSAD, FNCE, INFS, or MKTG (BSAD 689 excluded)  
Select 2 courses with the following prefixes: CIDS, LEAD, PATH or MSSN

### Concentration

Students may choose to take a concentration, which fulfills the 12 credits from the General MSA section.

#### Human Resources Concentration - 12

BSAD 565 - Human Capital & Workforce Development **Credits: 3**  
BSAD 675 - Negotiation and Conflict Management Strategies **Credits: 3**

#### Select 6 credits from the following courses:

ANTH 517 - Cultural and Developmental Anthropology **Credits: 2**  
CIDS 575 - Topics: **Credits: 1-6** (Innovation Theory and Practice)  
CIDS 673 - Project Cycle Management **Credits: 3**  
LEAD 540 - Creativity and Innovation Workshop **Credits: 1,2**  
LEAD 647 - Creative Critical Thinking and Problem Solving **Credits: 3**  
GDPC 614 - Human Development **Credits: 3**  
GDPC 630 - Personality Assessment **Credits: 3**  
GDPC 638 - Group Processes **Credits: 3**  
GDPC 644 - Psychological Testing **Credits: 3**

#### Nonprofit Concentration - 12

BSAD 530 - Leadership & Management of Not-for-Profit Organizations **Credits: 3**  
MKTG 540 - Marketing Management in Not-for-Profit Organizations **Credits: 3**

#### Select 2 courses from the following:

CIDS 535 - Grant Writing **Credits: 2**  
CIDS 673 - Project Cycle Management **Credits: 3**  
CIDS 568 - Community Change **Credits: 3**  
LEAD 628 - Creating Collective Impact **Credits: 1-3**  
LEAD 634 - Cultural Intelligence and Inclusive Leadership **Credits: 1-3**  
LEAD 639 - Introduction to Social Innovation **Credits: 1-3**  
LEAD 641 - Leading Social Innovation **Credits: 1-3**

## Additional Requirements

All graduate students are expected to maintain a 3.00 GPA in all graduate courses that apply to the degree requirements.

No grade of D or F (or U) may be used to satisfy degree requirements; however, these grades are included when computing the cumulative GPA and, if they occur in courses normally meeting degree requirements, the degree GPA.

## Admission Requirements

See general admission requirements under Graduate Academic Policies.

### Professional Resume

All applicants must submit a separate, attached copy of their complete professional resume with their application. Completing the "Professional History" section within the application will not be considered sufficient for acceptance to School of Business Administration graduate programs.

## Maintaining Academic Standing

Students admitted under provisional status (due to lack of prerequisites, GMAT, etc.) must make regular progress toward achieving regular enrollment status and toward completion of their selected graduate degree. If insufficient progress is made, provisional status will be revoked after four enrolled semesters.

Regular admission status must be met no later than the semester before the last semester in which the student expects to enroll, prior to graduation.

## Student Learning Outcomes

- Students will be able to demonstrate competence in the application of business principles and practices to the administration of church and church-related organizations.
- Students will be able to apply professional communication skills, both oral and written.
- Students will be able to demonstrate their technological, quantitative and computer skills in analyzing and resolving administrative problems.
- Students will be able to articulate an administrators' ethical and diversity responsibilities with a Christian viewpoint to its stakeholders.

swinfo@andrews.edu  
www.andrews.edu/socialwork

### Program Description

Andrews University has chosen to explore a collaboration between the School of Business Administration and the School of Social Work in the College of Arts & Sciences to prepare students for service in occupations where social work and an MBA intersect. Social workers, particularly those in the areas of administration and development social work, may have an interest in administrative work. In such situations, the MBA could equip them with a complementary skill set. Likewise, MBA students may find themselves in situations where social work skills in counseling and therapy would be useful, especially if they work in the not-for-profit sector. In addition, the MBA/MSW collaborative allows for a greater breadth of employment opportunities for students.

Since both the MSW and MBA programs reduce the total credits in order to reduce costs and achieve a more streamlined and efficient program, both degrees must be received simultaneously in order to fulfill the requirements of either degree. In the

event that a student decides to drop out of the dual degree program, the requirements for the single degree must be completed in their entirety.

## Total Credits - 74

The MBA is a 33-credit degree, but it will share 5 credits with the MSW program, accepting 3 MSW credits as an elective (SOWK 630 or SOWK 660 which are taken under the MSW core), plus 2 MSW credits as part of the MBA ethics requirement (SOWK 515 from the MSW core). Likewise, the MSW is a 56 credit degree, but it will share 10 credits with the MBA program and accept 10 MBA credits as electives. This reduces the total credits for both degrees from 89 to 74.

## Program Information

Information for the two programs (Business Administration MBA and Social Work MSW) follows:

### Business Administration MBA

With the appropriate business background, the Professional MBA at Andrews University can be completed in three semesters. However, the MBA is also designed for students with any bachelor's degree. Students who enter the program without prior coursework in business will take a two-year (5-semester) degree program, which will include prerequisites. Prerequisites in the common body of knowledge are required to bring the student up to the minimum expectations of our graduate faculty. These courses provide an introduction to the broad field of business administration and may not be used to satisfy program requirements.

The graduate courses in the MBA itself, which approximate three semesters of work, are divided into two groups, required and elective; 21 credits are in courses required of all students, and 12 credits are in elective courses. These advanced courses emphasize the understanding of administrative processes in resolving problems faced by business executives. These courses also help the student view the business enterprise as an integrated unit operating in a complex economic, political, and social system.

**Mission:** The mission of the Professional MBA program is to prepare students from many cultural backgrounds for responsible positions in domestic and international business, in government, and in not-for-profit organizations. The program emphasizes the integration of business principles with Christian principles and philosophy to prepare students for leadership roles which require clear and critical thinking, wise judgment, effective communication, integrity in all actions, and recognition of opportunities for service.

**Delivery:** The Master of Business Administration is available in three modes of delivery:

- Main Campus
- Interactive Online Synchronous
- International Sites: Vietnam National University, Middle East University, National Economics University (Viet Nam)

The interactive online option for the MBA degree program is designed for completion of all courses online. Most courses are offered in the interactive online synchronous format (see Global Campus definitions). The final course(s) may be taken online or on campus in the last summer semester culminating with graduation exercises (usually the first weekend in August).

### Dual Degree Option:

This program is also available as a dual degree with Social Work MSW:

- Business Administration/Social Work Dual Degree MBA/MSW

### Total Credits - 33

ACCT 610 - Managerial Accounting **Credits:** 3  
BSAD 515 - Organizational Behavior & Leadership **Credits:** 3  
BSAD 620 - Christian Ethics, Service & Society **Credits:** 3 (MBA/MSW Dual Degree students replace this course with 1 credit of BSAD 556 and SOWK 515.)  
BSAD 689 - Strategic Management **Credits:** 3 (Capstone Course)  
ECON 530 - Managerial Economics **Credits:** 3  
FNCE 675 - Financial Management **Credits:** 3  
MKTG 680 - Strategic Marketing Management **Credits:** 3

## Electives

Choose 4 courses (numbered 510 and above) from the following acronyms: ACCT, BSAD, ECON, FNCE, INFS, MKTG. (MBA/MSW Dual Degree students must choose either SOWK 630 or SOWK 660.) Students may fulfill elective credits by taking either the Healthcare Administration concentration or the Accounting/Finance concentration.

### Healthcare Administration Concentration

The Healthcare Administration concentration prepares students seeking careers in management, clinical management and consulting with the knowledge needed to address the challenges and opportunities within the diverse industry of healthcare. Coursework covers the broad spectrum of health services administration skills, including healthcare management, ethics, finance, and policy. (The courses in this concentration may be taken instead of 4 elective courses.) Student pursuing the healthcare concentration need to start in the fall semester by taking BSAD 537.

BSAD 537 - Organization and Management of Healthcare Systems **Credits: 3**

BSAD 625 - Healthcare Law & Ethics **Credits: 3**

BSAD 640 - Healthcare Economics & Policy **Credits: 3**

BSAD 645 - Reimbursement Systems **Credits: 3**

### Accounting/Finance Concentration

The Accounting/Finance concentration is designed to prepare students for management-level careers in the business arena. The concentration focuses on the skills needed to analyze and evaluate the risks and rewards associated with enterprise- and project-level business opportunities and improved decision-making using accounting and finance tools. (The courses in this concentration may be taken instead of 4 elective courses.)

Choose 12 credits from the following courses:

ACCT 515 - Data Analytics for Managers **Credits: 3**

ACCT 620 - Financial Statement Analysis **Credits: 3**

BSAD 643 - Quantitative Methods in Business Decisions **Credits: 3**

FNCE 526 - International Financial Management **Credits: 3**

FNCE 680 - Investment Management **Credits: 3**

### Admission Requirements

In addition to the general admission requirements under Graduate Academic Policies, note also the requirements listed below.

### Prerequisite Courses

These prerequisite courses may be waived for students with appropriate undergraduate course work from an accredited institution. If the prerequisite courses are more than five years old or the grades earned are below C, students may be required to repeat these courses.

These courses must be taken prior to starting the MBA program. Students may take up to three courses concurrently with the MBA, by permission only, on a provisional status, during the first two semesters of their MBA program.

The following courses constitute the prerequisites for the MBA degree:

BSAD 505 - Survey of Operations Management **Credits: 2**

Or

BSAD 475 - Operations Management **Credits: 3**

BSAD 506 - Survey of Business Law **Credits: 2**

Or

BSAD 341 - Business Law **Credits: 3**

FNCE 500 - Survey of Business Finance **Credits: 2**

Or

FNCE 317 - Business Finance **Credits: 3**

STAT 285 - Introduction to Applied Statistics **Credits: 3**

**Choose one of the following:**

ACCT 505 - Survey of Accounting for Decision Making and Control **Credits: 2,3**

ACCT 205 - Accounting for Decision Making and Control **Credits: 3**

Both ACCT 121 - Principles of Accounting I **Credits: 3** and ACCT 122 - Principles of Accounting II **Credits: 3**

**Choose one of the following:**

ECON 508 - Survey of Economics **Credits: 2**

ECON 208 - Principles of Economics **Credits: 3**

Both ECON 225 - Principles of Macroeconomics **Credits: 3** and ECON 226 - Principles of Microeconomics **Credits: 3**

Competency in computers is assumed.

### Graduate Management Admission Test (GMAT)

The GMAT admission requirements must be met for regular admission status. The student may not enroll for any graduate-level business credits (courses assigned as 515 or above) before the GMAT requirement is met. If the student chooses to waive the GMAT based on number 2 below, this must be done within the first semester of the MBA program.

Admission GMAT requirements can be obtained by **ONE** of the following:

Attain formula score of 1,000 points, calculated by taking the undergraduate cumulative GPA X 200 + GMAT score  $\geq$  1,000.

OR

Five years of documented and approved related work experience and earned a grade of at least B- in statistics and a grade of at least B- in college algebra.

OR

Previously earned an on-campus Andrews University undergraduate business degree with a cumulative GPA  $\geq$  3.0 and earned a grade of at least B- in statistics and a grade of at least B- in college algebra.

OR

Previously earned degree with a cumulative GPA  $\geq$  3.25 from a U. S. accredited institution.

### Professional Resume

All applicants must submit a separate, attached copy of their complete professional resume with their application. Completing the "Professional History" section within the application will not be considered sufficient for acceptance to School of Business Administration graduate programs.

### Provisional Status

Students admitted under provisional status (due to lack of prerequisites, GMAT, etc.) must make regular progress toward achieving regular enrollment status and toward completion of their selected graduate degree. If insufficient progress is made, provisional status will be revoked after four enrolled semesters (or before they reach 9 credit hours of graduate level course work).

Regular admission status must be met no later than the semester before the last semester in which the student expects to enroll, prior to graduation.

### Additional Information

#### Accreditation

The Master of Business Administration degree (both on-campus and interactive online delivery) is accredited by the International Accreditation Council for Business Education (IACBE), located in Lenexa, Kansas.

#### Student Learning Outcomes

- Students will be able to integrate knowledge of major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to demonstrate collaborative team skills in order to deliver transformative solutions.
- Students will be able to evaluate complex data in order to solve advanced business problems.
- Students will be able to implement leadership theory through the strategic management process.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

## Social Work MSW

The Master of Social Work (MSW) degree is a professional degree enabling the graduate to enter practice as an advanced-level practitioner. Graduates are prepared to work in a variety of clinical, administration, and development focus areas. The foundation curriculum for the MSW consists of 9 core competencies

that are required for every accredited MSW program: 1) Demonstrate ethical and professional behavior; 2) Engage diversity and difference in practice; 3) Advance human rights and social, economic, and environmental justice; 4) Engage in practice-informed research and research-informed practice; 5) Engage in policy practice; 6) Engage with individuals, families, groups, organizations and communities; 7) Assess and plan with individuals, families, groups, organizations and communities; 8) Intervene with individuals, families, groups, organizations and communities; and 9) Evaluate practice with individuals, families, groups, organizations and communities. In addition, our program has added an additional competency: 10) Demonstrate a Christian social work perspective. The curriculum is designed to teach students the knowledge, values and skills, along with understanding of the cognitive and affective reactions and judgement that accompany these dimensions. Measurement outcomes for these competencies can be found on the first page of the Andrews University School of Social Work website. The Andrews University MSW program is accredited by the Council of Social Work Education through the year 2027.

### Delivery

All tracks of the MSW program are available in the face-to-face format. The Regular Standing and Accelerated Regular Standing tracks are also available in the interactive online synchronous format (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

### Dual Degrees Options

The MSW Dual Degree Programs allow the student to complete two degrees in one additional year, with a tuition reduction of 33% for the MSW credits. To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of elective courses. Specifically, the School of Social Work will reduce the required number of credits by 9-10 credits by allowing students to take their required social work electives in the other graduate program. In addition, approximately 16 credits will be shared between the two programs. The following Dual Degree options are available:

- Business Administration/Social Work Dual Degree MBA/MSW
- Community & International Development/Social Work Dual Degree MSCID/MSW
- Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW
- Divinity/Social Work Dual Degree MDiv/MSW
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

### Curriculum

Core advanced interpersonal practice courses supplemented by optional areas of focus are offered. Students wishing to enroll in core graduate social work courses must be enrolled in the MSW program and/or have the instructor's permission. Students may transfer up to 20% of the credits from one degree into the MSW program. All courses are subject to change based on accreditation needs.

### MSW Social Work Tracks

- Regular Standing (Two Year) Program
- Accelerated Regular Standing (Two Year) Program
- Advanced Standing (One Year) Program
- Advanced Standing Plus (18 Months) Program

### Areas of Focus

Students may choose to specialize in the following focus areas: Human Resources, Mental Health, School Social Work, Marriage & Family, Christian Ministry, International Social Work, and Medical Social Work. Please refer to the School of Social Work website for further information: [www.andrews.edu/cas/socialwork/](http://www.andrews.edu/cas/socialwork/). Students are not required to choose a focus area.

### Additional Requirements

- A minimum cumulative GPA of 3.00 in Social Work Program.
- No grade of D or F (or U) may count toward a graduate degree.
- The maintenance at all times of professional conduct and behaviors appropriate for a social worker according to the National Association of Social Workers' Code of Ethics.
- Defense of the professional degree portfolio as part of SOWK689 Advanced Professional Seminar. This portfolio is a demonstrative collection of professional competencies.
- Other Andrews University degree requirements as presented in the Graduate Academic Information section of this bulletin.

Past experience strengthens all MSW student applications. However, following Council on Social Work Education requirements, no social work course credit can be given for life experience or previous work experience.

### Admission Requirements

#### English Language Requirements

For those applicants whose native language is not English, the following is required:

- Demonstration of English proficiency by obtaining at least a minimum score on any one of the following exams. Exam must be taken within two years prior to enrollment.
  - TOEFL ITP (paper-based): A minimum score of 550
  - TOEFL iBT (internet-based): 80 with a minimum of 20 on each section
  - IELTS (Academic version): 6.5
  - PTE (Academic version): 54
- MSW program participates in the Bridge program which allows students who are close to the minimum scores to take 3-6 credits of MSW courses along with ESL courses. Requirements to participate in the Bridge program are below.
  - TOEFL ITP (paper-based): A score of 500-549 (2-3 ESL courses and up to 3-6 credits of regular MSW course work)\* OR  
\*with permission of the department
- Nelson Denny: score of 13
- Personal interview with MSW program director or designee

Applicants who fail to meet any of the above may be admitted only after committee consideration of the specific circumstances. Additional course work in English may be required.

A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

#### Graduate Record Examination (GRE)

Students who are applying for admission to the MSW program are not required to take the GRE.

### Additional Information

#### Assistantships

Students have the opportunity to apply for graduate assistantships—teaching or research. These assistantships give students the opportunity to develop their expertise. Students interested in becoming social-work educators—especially those with years of clinical experience—may teach undergraduate courses. Research assistantships offer experiences in community consulting, grant writing, and/or conducting research.

### Resources

#### MSW Student Handbook

The MSW Student Handbook has been designed as the social work student's aid in understanding the program requirements of the School of Social Work as well as relevant policies of Andrews University. Inside the handbook you will find information such as expectations of students, the MSW curriculum, departmental policies, and other relevant information.

#### Field Manual

The Field Manual has been designed as your aid in understanding field education requirements, your role as a student in a field agency, and relevant policies of Andrews University.

You are responsible for the information found in this handbook, so please take the time to familiarize yourself with the handbook and know where to find questions and answers if the need arises.

#### Student Learning Outcomes

Students who complete this program will:

- Demonstrate ethical and professional behavior
- Engage diversity and difference in practice
- Advance human rights and social, economic, and environmental justice
- Engage in practice-informed research and research-informed practice
- Engage in policy practice

- Engage with Individuals, Families, Groups, Organizations, and Communities
- Assess and Plan with Individuals, Families, Groups, and Communities
- Intervene with Individuals, Families, Groups, Organizations, and Communities
- Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities
- Demonstrate a Christian Social Work Perspective

## Post-Masters

# Business Administration PhD

The PhD in Business Administration brings opportunities to students from around the world who are focused on Christian education to develop their research capabilities and create business knowledge, contributing to theory on an ongoing basis. Andrews University provides graduates of the program with the opportunity to contribute to business and economic development on a worldwide basis both in academia and in industry.

Our program is designed as a full-time degree program, with three years residency requirement, and dissertation extending into an additional one or two years. Participants who pursue the degree on a part-time basis will need to work with their advisor on selecting an appropriate sequencing of classes.

The doctoral program in Business Administration is designed to prepare experienced practitioners for senior administrative and educational positions. The PhD degree is research oriented and requires courses in advanced research methodologies.

### Objectives of the Program:

We offer the following objectives of offering the PhD in Business Administration:

- To provide students with the theory and practice to contribute to the field of business, both in teaching and research.
- To provide graduates who will display Christian principles alongside business concepts.
- To advance the field of business for the benefit of Christians found in society generally.
- To help in meeting the objectives of the Seventh Day Adventist Church.
- To contribute to the knowledge in their field through participation in original research, culminating in the defense of a dissertation.

### Time Limit

Participants will need to complete the requirements for the PhD within seven years from the beginning of the first semester of class work after acceptance into the doctoral program, irrespective of admission classification.

### Delivery

This program is offered on the main campus and in an interactive online synchronous format (see Global Campus definitions) with minimal face-to-face requirements. Participants interact with each other and with instructors throughout all courses via an electronic management platform. Students are encouraged to come to campus for graduation.

## Total Credits - 60

### Business - 18

- BSAD 620 - Christian Ethics, Service & Society **Credits: 3**
- BSAD 743 - Quantitative Methods for Decisions with Optimization Models **Credits: 3**
- BSAD 789 - Strategic Management **Credits: 3**
- BSAD 815 - Organizational Theory and Development **Credits: 3**
- ECON 740 - Advanced Economic Theory **Credits: 3**
- FNCE 810 - Advanced Corporate Finance **Credits: 3**

### Research and Publishing - 15

- BSAD 843 - Quantitative Research Methods - Structural Equation Modeling **Credits: 3**
- ECON 715 - Applied Econometrics **Credits: 3**
- EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits: 3**
- EDRM 712 - Applied Statistical Methods II **Credits: 3**

EDRM 713 - Applied Statistical Methods III **Credits: 3**

### Business Technology - 3

Choose one of the following courses:

- BSAD 715 - Data for Business Intelligence **Credits: 3**
- BSAD 720 - Artificial Intelligence Applications (in Business) **Credits: 3**

### Additional Learning - 6

Choose 6 credits from the following: Teacher Training, Leadership Cognate or Innovation Discipline.

### Teacher Training - 6

- EDCI 605 - Design & Development of Online Courses **Credits: 2,3**
- EDCI 606 - Teaching in Higher Education **Credits: 3**

### Leadership Cognate

- BSAD 730 - Leadership and Corporate Governance **Credits: 3**

### Innovative Discipline

- INEN 710 - Fostering Creativity in the Workplace **Credits: 3**

### Dissertation - 12

- BSAD 899 - Doctoral Dissertation **Credits: 1-15**

### Electives - 6

Choose 6 credits in one of the content areas below:

- Finance
- Marketing
- Management

## Admission Requirements

- Applicants to the program must meet the requirements set by the University for graduate programs.
- The applicant must submit a personal statement regarding expectations and commitment about graduate study.
- The applicant must have an earned bachelor's degree in business or another field, and a master's degree; if the master's degree is not in business administration, additional coursework is required.
- The applicant should:
  - Have a GPA of 3.5/4.00 or higher
  - Submit a personal statement
  - Complete an interview with a program faculty member
  - Score an accumulated point value of 1200 points from a metric calculation as defined by the School of Business, if s/he is not qualified for the GMAT waivers. Contact the School of Business for more information on the GMAT waivers. The metric calculation is as follows:  $(\text{GPA} \times 200) + \text{GMAT} = 1200$ .

The Admission Committee will base its acceptance decision on the combined factors listed above.

## Student Learning Outcomes

- Students will contribute to the body of knowledge through appropriate communication channels.
- Students will be able to demonstrate advanced competencies in their field through analysis of existing theories to draw data-supported conclusions.
- Students will be able to execute a plan to complete a dissertation in their field, integrating divergent perspectives.
- Students will evaluate the impact of global, ethical and social responsibilities of business within a Christian (Adventist) perspective.

## Business Administration

### BSAD 565 - Human Capital & Workforce Development **Credits: 3**

This course is designed to teach students how to assess and develop an organization's human assets. It explores organizational learning and the various ways training and development activities contribute to learning. Students study human resources trends and their interaction with increasing demands on

workforce productivity, including competition, globalization, technological complexities, regulation, and dynamic labor markets. The course covers topics such as learning strategy development, training needs assessment, program design, techniques, evaluation strategies, and career development practices. It integrates advanced talent management and development skills with strategic workforce planning, addressing gaps in employee competencies, planning talent development strategies, and forecasting workforce needs.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CP

### BSAD 675 - Negotiation and Conflict Management Strategies

**Credits:** 3  
This course equips managers with essential negotiation skills for complex contemporary organizations. Participants learn to navigate changing structures, temporary task forces, and interdepartmental cooperation while dealing with critical negotiation situations in organizations. The course covers distributive and integrative bargaining strategies, power dynamics, and cultural and gender influences on negotiation. Furthermore, the course focuses on conflict management, teaching methods to handle disputes productively and build long-term positive relationships. Students gain insights into conflict resolution strategies, negotiation techniques, and effective communication skills.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CP

### BSAD 695 - Practicum

**Credits:** 3  
The Practicum in Business Management provides students with supervised hands-on experience to apply their acquired knowledge and skills, whether in paid or unpaid roles across various settings. It focuses on enhancing personal and interpersonal skills for workplace and societal success. This involves documenting their experience and writing a final report. Students also refine their reading, writing, computing, communication, and reasoning abilities for application within the business environment, drawing upon a broad knowledge base, including legal, managerial, marketing, financial, ethical, and international dimensions, to make sound business decisions.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Practicum  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CP

### BSAD 715 - Data for Business Intelligence

**Credits:** 3  
The purpose of this course is equipping the students with skills, tools, techniques and analytical ability to apprehend, manage, generate and warehouse data within and organization. It will familiarize students to business intelligence concepts and provide them with the knowledge to analyze and comprehend the benefits of business intelligence and data science to organizations of all sizes in the perspectives of creating values.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CP

### BSAD 720 - Artificial Intelligence Applications (in Business)

**Credits:** 3  
This course presents elements of understanding and analysis of artificial intelligence. It studies its relationship between human resources and artificial intelligence and the opportunities, benefits, limits, and challenges of using artificial intelligence within the company. It will develop a theoretical analysis of how AI induces new organizational and societal challenges but also, how can an organization manage to optimize the advantages of working with AI.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture

**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CP

### BSAD 730 - Leadership and Corporate Governance

**Credits:** 3  
This course is designed to provide students with the theory, the tools, and practices that will help them execute plans that will design the Corporate Governance framework, for an efficient use of resources and to equally require accountability for the stewardship of those resources. This course addresses the relationships and responsibilities of and among directors, senior management, institutional investors, and other stakeholders such as auditors (external and internal), suppliers, customers, employees, regulators, society as a whole, etc. The student will gain a perspective of the historical development of Corporate Governance especially in response to significant events affecting the integrity of capital markets and resulting in new legislation and/or regulatory requirements.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CP

### BSAD 743 - Quantitative Methods for Decisions with Optimization Models

**Credits:** 3  
The course catalog describes this class served as management consulting course as: "Study of quantitative tools for the analysis of problems arising in the management of organization, and the application of these tools in the decision of real business problems. Case study writings with primary data collection, case analysis with management tools from the MBA foundation courses and management consulting presentation are required.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CP

### BSAD 789 - Strategic Management

**Credits:** 3  
The goal of this interdisciplinary course is to enable students to develop and/or fine tune skills in the analysis of strategic and organizational problems and issues.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CP

### BSAD 815 - Organizational Theory and Development

**Credits:** 3  
This course addresses the theory and design of organizations. It prepares Ph.D. students to be competent in relevant deliberations and reflections related to group and organizational theories by thinking, and engaging in discussion. The course will assist them in constructing applicable documents that will illustrate his or her understanding of the individual and collective avenues of organizational members. Key concepts include management (fundamentals, culture, ethics, environment, decision-making, learning, conflict, and communication), planning (strategic management, systems thinking), organizing (theory, structure, design, technologies, and change) and monitoring (performance management, measurement, and effectiveness).

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Summer  
**College Code:** CP

### BSAD 843 - Quantitative Research Methods - Structural Equation Modeling

**Credits:** 3  
This course develops the techniques of the Structural Equation Modeling (SEM) research process as applied to business practices. SEM Research experiences is gained in defining research problems, hypotheses, literature review, IRB, methodology, modeling and the data collection, analysis, and interpretation. This course is designed to build top statistics competency through Structural Equation Modeling (SEM) and train students to analyze SEM research publications with research evaluation methods. It will cover multivariate analysis, confirmatory

factorial analysis, exploratory factorial analysis, experimental designs, longitudinal study, primary and secondary data.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 285 and BSAD 691

**Schedule Type:** Lecture, Interactive Online

**Year Offering:** Annually

**College Code:** CP

## Economics

### ECON 740 - Advanced Economic Theory

**Credits:** 3

This course is designed to prepare graduate students to expand their understanding of modern economic theory and the way it relates to business. During this course students will develop analytical skills in solving and constructing economic models. The advanced topics covered will include topics such as: theories of consumption and savings, overlapping generation's models, and optimal fiscal policy, real-business-cycle theory, inflation and monetary policy, decision making in uncertainty. The course provides an introduction to the mathematical tools required to understand the scientific literature in this field. It provides an overview of the evolution of growth theory over the last 50 years. It also builds a connection between these theoretical exercises and the actual policies followed by developing/developed countries and introduces the students to the most recent topics under debate in this literature.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## Innovation & Entrepreneurship

### INEN 710 - Fostering Creativity in the Workplace

**Credits:** 3

The purpose of this course is to provide tools and help develop mindsets that will foster the generation, management, and creation of emulation of new creative and innovative ideas. It will teach students how to help their teams be creative, how to evaluate the ideas that are generated, and how to present new ideas so that they are appreciated. This course will allow the student to be more open, more flexible and have an inclusive mind so that ideas and ingenuity do not get lost.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Summer

**College Code:** CP

## Associates

### Business AS

The Associate of Science degree prepares students for entry-level job opportunities in the business field. The degree is designed for the student who cannot stay in college for a four-year degree or who wishes to interrupt his/her program for a period of time and return to college to complete a four-year baccalaureate degree.

This AS degree can be completed on-campus, at Hong Kong Adventist College (HKAC), or online. Program requirements are the same for both the main campus and online options.

**Main Campus and HKAC:** All courses for this program are available on the main campus and at Hong Kong Adventist College. Campus course formats include lectures, labs, and more interactive learning experiences.

**Online:** All course requirements can also be completed online, with no time required on the main campus. Online courses are offered primarily in an interactive online asynchronous format (see Global Campus online delivery definitions).

## Total Credits - 60

### Major - 28

ACCT 121 - Principles of Accounting I **Credits: 3**  
ACCT 122 - Principles of Accounting II **Credits: 3**

\*Course fulfills ACE requirement

## Additional Information

### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e. lower division) as transfer work to replace 300-400 level courses (i.e. upper division).

## Student Learning Outcomes

- Students will be able to identify the basic theory and concepts of business across business functional areas.
- Students will be able to identify relevant business theories in analyzing business issues.
- Students will be able to explain that the content of their business courses adequately prepared them for entry-level careers in business.

## Bachelors

### Business Administration BS

The program caters specifically to pre-medical, pre-dental, pre-law or other pre-professional students who desire a business emphasis that will benefit them in their chosen career.

This four-year degree includes the business core and courses required by the pre-professional program. Courses need to be selected in consultation with an advisor from the School of Business Administration and an advisor from the specific pre-professional program.

### Delivery

This program is offered both on-campus and in an interactive online asynchronous format (see Global Campus Definitions). The online degree does not require any on-campus time. Online students are encouraged to come on campus for graduation.

## Total Credits - 120

### Major - 39

ACCT 121 - Principles of Accounting I **Credits: 3**  
ACCT 122 - Principles of Accounting II **Credits: 3**  
BSAD 341 - Business Law **Credits: 3**

### General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

### Additional Information

#### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e. lower division) as transfer work to replace 300-400 level courses (i.e. upper division).

### Student Learning Outcomes

- Students will be able to apply the major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to implement the elements of a high performing team.
- Students will be able to employ decision-support tools in organization problem-solving.
- Students will be able to apply the strategic planning process to formulate innovative solutions to complex business problems.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

## Management BBA

The BBA in Management degree is a broad-based discipline which integrates knowledge and skills in the areas of planning, organizing, leading, and controlling to enhance organizational performance and sustainability. It provides students an opportunity to gain experience by applying the latest management theory to real-world problems both inside and outside the classroom and to prepare them to work with people in for-profit and not-for-profit organizations including the worldwide Seventh-day Adventist Church. The program endeavors to promote intellectual, spiritual, physical, and social development built upon a solid foundation of ethics and cross-cultural understanding. Its strong emphasis on

ethical and moral development based on the teachings of the Bible differentiates this program from those offered by other secular tertiary academic institutions.

The management curriculum is broad enough to prepare students for a variety of career opportunities. Many management graduates enter into an internship or training program where they can integrate their general business skills with specific job opportunities. The program provides a background of professional education for general management or human resources careers in retail, manufacturing, banking, healthcare, public service, and other fields where sound management skills are needed. Some examples of entry-level jobs available for management graduates are management trainee, program analyst, project manager, data analyst, business analyst, business operations associate, and human resource officer. Moreover, the program provides graduates with the necessary tools to pursue graduate-level studies in management and other business-related fields.

## Total Credits - 120

### Business Core - 39

ACCT 121 - Principles of Accounting I **Credits: 3**  
ACCT 122 - Principles of Accounting II **Credits: 3**

BSAD 470 - Quality Management **Credits: 3**

#### Electives

Choose a minimum of 6 credits of electives as follows:

##### Group A electives

Choose between 3 and 6 credits of BSAD courses not previously applied.

##### Group B electives

Up to 3 credits of Electives may be selected from ACCT, ECON, FNCE, INFS or MKTG courses.

#### Additional Requirements

Students must complete the business core courses (39 credits) and the major required and elective courses (24 credits) with a minimum overall GPA of 2.33. However, students must receive a minimum of a "C-" grade in each course. Courses where a grade less than a "C-" is received will not apply towards the business core or major requirements.

All management majors must obtain a C (2.00) minimum grade in BSAD 355.

### Cognates - 12

MATH 166 - College Algebra for Business **Credits: 3 \***  
STAT 285 - Introduction to Applied Statistics **Credits: 3 \***

RELT 390 - Christian Business Ethics **Credits: 3 \***

\*Course fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Requirements

### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e., lower division) as transfer work to replace 300-400 level courses (i.e., upper division).

### Residence Requirement

Students must complete in residence in the School of Business Administration at Andrews University a minimum of 50% (31.5 credits) of the course work for the BBA degree (63 credits = 39 credits in the BBA core + 24 credits in BBA required/elective major courses).

## Student Learning Outcomes

### Program Outcomes

- Students will be able to apply the major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to implement the elements of a high performing team.
- Students will be able to employ decision-support tools in organization problem-solving.
- Students will be able to apply the strategic planning process to formulate innovative solutions to complex business problems.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

### Major Outcomes

- Students will be able to explain how the required and elective Management major courses integrated with the other functional areas of business.
- Students will be able to explain the major concepts, theory, and practice of their required Management major courses: Business & Society, Human Resource Management, Entrepreneurship, Motivation and Work Behavior, International Management, and Quality Management.
- Students in Management will be able to articulate that their understanding of Christian principles and ethics related positively to their professional careers.
- Students will be able to explain that the rigor and content of their Management major courses adequately prepared them for their careers in Management.

## Marketing BBA

Enhanced by technology, organizations from every area of business are driven by marketing and its concepts. Marketing monitors and investigates the changing needs of businesses and non-profit organizations. Marketers create a product/service designed to meet these needs, including determining the price, distribution pattern and promotional plan. Marketing provides a well-rounded business education for those considering opening their own business or for careers in areas such as social media, advertising and promotion, retail or marketing management, sales, international business, or marketing research (digital analytics, etc.), currently one of the fastest growing job opportunities in business. The marketing curriculum helps students attain strong marketing skills, understand non-profit organizations and develop social media campaigns, marketing strategies and policies.

Choose 3 additional appropriate upper division elective credits approved by advisor.

### Additional Requirements

Students must complete the business core courses (39 credits) and the major required and elective courses (24 credits) with a minimum overall GPA of 2.33. However, students must receive a minimum of a "C-" grade in each course. Courses where a grade less than a "C-" is received will not apply towards the business core or major requirements.

All marketing majors must obtain a C (2.00) minimum grade in MKTG 310.

## Cognates - 12

MATH 166 - College Algebra for Business **Credits:** 3 \*  
STAT 285 - Introduction to Applied Statistics **Credits:** 3

#### Choose one of the following courses:

PSYC 101 - Introduction to Psychology **Credits:** 3 \*  
SOC 119 - Principles of Sociology **Credits:** 3 \*

#### Choose one of the following courses:

RELT 340 - Religion and Ethics in Modern Society **Credits:** 3 \*  
RELT 390 - Christian Business Ethics **Credits:** 3 \*

\*Course fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Requirements

### Transfer Credits

The School of Business Administration does not accept 100-200 level courses (i.e., lower division) as transfer work to replace 300-400 level courses (i.e., upper division)

### Residence Requirement

Students must complete in residence in the School of Business Administration at Andrews University a minimum of 50% (31.5 credits) of the course work for the BBA degree (63 credits = 39 credits in the BBA core + 24 credits in BBA required/elective major courses).

# Student Learning Outcomes

## Program Outcomes

- Students will be able to apply the major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to implement the elements of a high performing team.
- Students will be able to employ decision-support tools in organization problem-solving.
- Students will be able to apply the strategic planning process to formulate innovative solutions to complex business problems.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

## Major Outcomes

- Students will be able to explain how the required and elective courses in their Marketing major integrated with the other functional areas of business.
- Students will be able to explain the major concepts, theory, and practice of their required Marketing major courses: Consumer Behavior, Advertising and Promotion, Marketing Management, and Marketing Research.
- Students in Marketing will be able to articulate that their understanding of Christian principles and ethics related positively to their professional careers.
- Students will be able to explain that the rigor and content of their Marketing major courses adequately prepared them for their careers in Marketing.

# Supply Chain Management BBA

A Bachelor of Business Administration in Supply Chain Management (SCM) will prepare students to plan and control all activities along the supply chain which is a network of organizations that produce, move, store, and transform materials into finished products for eventual consumption by the final consumer. Supply chain management keeps track of products from raw materials to the point when the finished goods reach the customer, including planning and forecasting; purchasing; product assembly; moving; and storage. The program will provide students with practical, relevant, and important skills required in the diverse field of supply chain management.

## Total Credits - 120

## Business Core - 39

- ACCT 121 - Principles of Accounting I **Credits: 3**
- ACCT 122 - Principles of Accounting II **Credits: 3**
- BSAD 341 - Business Law **Credits: 3**
- BSAD 355 - Principles of Management **Credits: 3**
- BSAD 365 - International Environment of Business **Credits: 3**
- BSAD 475 - Operations Management **Credits: 3**
- BSAD 494 - Business Strategy and Decisions **Credits: 3**
- ECON 225 - Principles of Macroeconomics **Credits: 3**
- ECON 226 - Principles of Microeconomics **Credits: 3**
- FNCE 317 - Business Finance **Credits: 3**
- INFS 130 - Management of Information Systems **Credits: 3**
- INFS 225 - Introduction to Data Analytics **Credits: 3**
- MKTG 310 - Principles of Marketing **Credits: 3**

## Major Requirements - 18

- BSAD 447 - Project Management **Credits: 3**
- BSAD 470 - Quality Management **Credits: 3**
- BSAD 425 - Logistics Management **Credits: 3**
- BSAD 335 - Supply Chain Management **Credits: 3**
- BSAD 420 - Inventory Control **Credits: 3**
- INFS 380 - Applied Decision Support (DSS) and Expert Systems (EX) **Credits: 3**

## Major Electives - 6

Choose 2 from the following:

- ACCT 328 - Intermediate Managerial Accounting/Data Analytics **Credits: 3**
- ACCT 476 - Accounting Information Systems **Credits: 3**
- BSAD 467 - International Management **Credits: 3**

- BSAD 487 - Internship in \_\_\_\_\_ **Credits: 1-3**
- FNCE 330 - Financial Planning **Credits: 3**
- FNCE 426 - International Finance **Credits: 3**
- INFS 318 - Business Systems Analysis and Design **Credits: 3**
- INFS 428 - Database Systems Design and Development **Credits: 3**

## Program Outcomes

- Students will be able to apply the major business theories and concepts to inform decision-making.
- Students will be able to communicate complex ideas.
- Students will be able to implement the elements of a high performing team.
- Students will be able to employ decision-support tools in organization problem-solving.
- Students will be able to apply the strategic planning process to formulate innovative solutions to complex business problems.
- Students will apply a Christian (Adventist) perspective to evaluating the social and ethical responsibilities of business.

# Undergraduate Minors

## Business Administration Minor

The Business Administration minor is designed for students who wish to supplement their major coursework with a background in business principles. With a minor in Business Administration, students are given the opportunity to obtain entry-level jobs in business or can continue on at Andrews University to complete a Master of Business Administration (MBA) after completion of their undergraduate degree. Students who are planning to continue their education with a MBA, are encouraged to take specific electives in order to complete the required prerequisites.

## Total Credits - 18

- ACCT 205 - Accounting for Decision Making and Control **Credits: 3**
- BSAD 355 - Principles of Management **Credits: 3**
- ECON 208 - Principles of Economics **Credits: 3**
- MKTG 310 - Principles of Marketing **Credits: 3**

## Electives

Choose 6 credits from the following courses (students who are interested in pursuing the MBA after completion of their undergraduate degree should consider taking BSAD 341, BSAD 475, and FNCE 317):

- BSAD 210 - Small Business Management **Credits: 3**
- BSAD 341 - Business Law **Credits: 3**
- BSAD 365 - International Environment of Business **Credits: 3**
- BSAD 475 - Operations Management **Credits: 3**
- 3 credits of FNCE 206 - Personal Finance **Credits: 2,3**
- FNCE 317 - Business Finance **Credits: 3**
- INFS 130 - Management of Information Systems **Credits: 3**
- INFS 225 - Introduction to Data Analytics **Credits: 3**

# Student Learning Outcomes

- Students will be able to explain how the required and elective Business Administration minor courses integrated with the other functional areas of business or a non-business major.
- Students will be able to explain the basic concepts, theory and practice of their required Business Administration minor courses.
- Students will be able to explain that the content of their Business Administration minor courses adequately prepared them for entry-level careers in business.

# Management Minor

The Management minor is designed to give students a broad understanding of basic business concepts and introduce them to the theories and tools that managers use to plan, organize, lead, and monitor people and processes in for-profit and not-for-profit organizations. It provides an opportunity for students to

develop essential management skills in entrepreneurship, creativity and innovation, teamwork, leadership, and other topics to be able to operate in complex business environments. This minor puts strong emphasis on ethical and moral development based on the teachings of the Bible.

Some popular outcomes of minoring in management are entry-level careers in entrepreneurship, consulting or pursuing a Master of Business Administration (MBA). Coupling the Management minor with a non-management major can help students understand how to adapt and apply management theory to practice to create quality results in the world of work.

## Total Credits - 18

BSAD 345 - Business and Society **Credits:** 3  
BSAD 355 - Principles of Management **Credits:** 3  
BSAD 384 - Human Resource Management **Credits:** 3  
BSAD 410 - Entrepreneurship **Credits:** 3  
MKTG 310 - Principles of Marketing **Credits:** 3

**NOTE:** A minimum of a "C" letter grade must be earned in BSAD 355.

### Electives

Choose one course for 3 credits from any courses in the School of Business Administration.

## Student Learning Outcomes

- Students will be able to identify relevant business theories in analyzing business issues and apply appropriate theories in addressing business issues.
- Students will be able to deliver oral presentations clearly, confidently, and in an organized format, and present their written thoughts in a coherent narrative to articulate complex ideas.
- Students will be able to identify Christian perspectives when approaching business issues and understand the Judeo-Christian foundation of personal and professional integrity, ethics, accountability, and experience positive Christian growth.

## Marketing Minor

No matter what field is pursued, businesses are driven by marketing and its concepts thus often underlies any work experience. This minor investigates the changing needs of businesses and non-profit organizations. Marketers create a product/service designed to meet these needs including determining the price, distribution pattern and promotional plan. The marketing minor helps strengthen students' entry into the job market by attaining strong marketing skills and understanding the underlying marketing concepts employed in any business environment.

## Total Credits - 18

MKTG 310 - Principles of Marketing **Credits:** 3  
MKTG 320 - Consumer Behavior **Credits:** 3  
MKTG 368 - Integrated Marketing Communication **Credits:** 3  
MKTG 440 - Marketing Strategy **Credits:** 3

**NOTE:** A minimum of a "C" letter grade must be earned in MKTG 310.

### Electives

Choose two courses from the following:

MKTG 325 - Marketing for Social Change **Credits:** 3  
MKTG 335 - Digital Marketing **Credits:** 3  
MKTG 370 - Brand Management **Credits:** 3  
MKTG 450 - eCommerce Marketing **Credits:** 3  
MKTG 456 - Marketing Research **Credits:** 3 (with statistics background)  
MKTG 465 - International Marketing **Credits:** 3  
BSAD 410 - Entrepreneurship **Credits:** 3

## Student Learning Outcomes

- Students will be able to explain the major concepts, theory, and practice of their required Marketing minor courses: Principles of Marketing, Consumer Behavior, Integrated Marketing Communication, and Marketing Management.

- Students in the Marketing minor will be able to articulate that their understanding of Christian principles and ethics relate positively to their professional careers.
- Students will be able to develop and execute a marketing campaign including developing, pricing, promoting and distributing a product or service.
- Students will be able to explain social media in the field of marketing.

## Business Administration

### BSAD 104 - Introduction to Business

**Credits:** 1

An introduction to the role of business in modern society. Includes a survey approach to the functional areas of business and how they relate to the overall organization. Overview of topics includes basic principles and career opportunities within each field of business. Students will learn how to write a resume and compile a portfolio. Does not apply towards management major during junior and senior years.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

### BSAD 209 - Sustainable Business Planning

**Credits:** 1

This course is designed to develop proficiencies in a range of skills required to guide students in the analysis and development of sustainable business planning. Students will explore and utilize practical tools that will enable them to solve problems and execute projects as external or internal consultants or as individual contributors or leaders within organizations in order to analyze the viability of projects early in the planning process.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CP

### BSAD 210 - Small Business Management

**Credits:** 3

Examines the principles and challenges of operating a small business. Topics include establishing a new business, providing physical facilities, financing, marketing, and management of the small business. Does not apply towards a management major during junior and senior years.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall

**College Code:** CPS

### BSAD 297 - Special Topics in: \_\_\_\_\_

**Credits:** 1-3

Study of selected topics of current interest in the sub-discipline area noted and not ordinarily covered in-depth in other courses.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required.

**College Code:** CPS

### BSAD 309 - Consulting Project Planning

**Credits:** 1

This course introduces students to the core elements of consulting, including establishing trust with clients, managing clients expectations, clearly defining the consulting problem, planning a consulting intervention, and managing a consulting intervention. Students also learn how to market consulting businesses.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CP

### BSAD 335 - Supply Chain Management

**Credits:** 3

An integrated approach to planning, implementing, and controlling the flow of information, materials and services from raw material and component suppliers through the manufacturing of the finished product for ultimate distribution to the

end customer.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BSAD 355

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Fall

**College Code:** CP

### BSAD 341 - Business Law

**Credits:** 3

Introduction to general legal principles concerning business organizations, property laws, employment regulation, agency laws, business torts and crimes, constitutional law, regulation of negotiable instruments and contracts, and the Uniform Commercial Code.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring

**College Code:** CPS

### BSAD 345 - Business and Society

**Credits:** 3

Examines the social, political, and legal environments surrounding business today. Attention is given to corporate social responsibility, ethical decision-making processes, stakeholder management, and long-term corporate sustainability.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

### BSAD 354 - Career Development

**Credits:** 1

This course provides practical, useful, and realistic advice to help students prepare for internships and job searches. A comprehensive step-by-step guide helps students plan for their future and breaks the daunting prospect of marketing themselves to prospective employers into a manageable process. It equips the student with the tools needed to gain a competitive advantage in the workplace, reach career potential, and stand out in a crowd.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

### BSAD 355 - Principles of Management

**Credits:** 3

Introduction to the philosophy of management which presents an overview of organizational behavior. Emphases include the functions of management (planning, organizing, leading, and controlling), group and team dynamics, organizational structure, strategic planning, managing within a global environment, human resource functions, motivation, and management control systems.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring

**College Code:** CPS

### BSAD 365 - International Environment of Business

**Credits:** 3

A survey of the global environment in which business is conducted. Topics include globalization and the multinational corporation, international trade and investment, international monetary system, strategy and structure of international business, and international business functions.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CPS

### BSAD 380 - Healthcare Foundations

**Credits:** 3

This course surveys the many healthcare entities (public & private), how they interact and the issues that impact today's complex healthcare environment. Important topics include the medical care system, utilization and distribution of health services, cost and health care financing, public health factors, evaluation of

domestic and global health policy, supply of the medical workforce, long-term care, mental health, assessment and assurance of quality, and the pharmaceutical industry.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

### BSAD 384 - Human Resource Management

**Credits:** 3

A survey of the objectives and issues associated with personnel management in organizations. Topics include equal opportunity and the legal environment, recruitment and selection, performance appraisal, employee development, compensation planning, and employee relations.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** BSAD 355

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

### BSAD 397 - Topics in \_\_\_\_\_

**Credits:** 1–3

Intensive study of selected topics of current interest in the sub-discipline area noted and not ordinarily covered in depth in other courses.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required.

**College Code:** CPS

### BSAD 410 - Entrepreneurship

**Credits:** 3

An introduction to the creative and innovative managerial processes of successful entrepreneurship. Emphasis is on the creation, assessment, development, and operation of new and emerging ventures, including home-based businesses, franchises, and existing business purchases. Addresses entrepreneurial profiles and elements required to write a business plan.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** BSAD 355 and MKTG 310

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

### BSAD 420 - Inventory Control

**Credits:** 3

Using data science to manage inventory in uncertain environments, setting inventory levels based on customer service requirements, and calculating inventory for products that have short sales cycles. Understanding the process by which goods are tracked throughout the entire supply chain, from purchasing to production to end sales.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BSAD 335

**Schedule Type:** Lecture

**Year Offering:** Alternate years (odd)

**Term Offering:** Fall

**College Code:** CP

### BSAD 425 - Logistics Management

**Credits:** 3

Study of the supply chain process that plans, implements, and controls the efficient, effective flow and storage of goods, services, and related information from the point of origin to the point of consumption to meet customer requirements.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BSAD 335

**Schedule Type:** Lecture

**Year Offering:** Alternate years (odd)

**Term Offering:** Spring

**College Code:** CP

## BSAD 436 - Organizational Behavior

**Credits:** 3

Examines the impact of individual, group, and organizational factors on employee motivation, performance, and satisfaction. Topics include social perception and diversity, appreciation of individual differences, motivation and satisfaction, effective groups and teams, conflict and negotiation, communication, leadership, power and politics, effective organizational design, and organizational change and learning.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** BSAD 355

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

## BSAD 438 - Workshop

**Credits:** 0

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Workshop

**College Code:** CPS

## BSAD 447 - Project Management

**Credits:** 3

Covers the factors necessary for successful management of system development or enhancement projects. Both technical and behavioral aspects of project management are discussed. Focus is on management of development for enterprise-level systems.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CP

## BSAD 450 - Multicultural Business Relations

**Credits:** 3

A study of globalization and the increasing ethnic and cultural diversity in the workplace. The course will enable students to plan how to communicate and work more effectively with people from another culture, at home or abroad. Communication, negotiation, principles and practices of management in a cross-cultural context are the focus of study. The course will also cover how legal, economic, technological, and other factors may influence cross-cultural communication.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

## BSAD 467 - International Management

**Credits:** 3

This course helps students develop a global perspective in dealing with dynamic management issues in both foreign and diverse domestic environments. Among the subjects considered are the decision process in making investments abroad, relationships with host governments, and organizational and operating problems of the multinational corporation including setting strategic goals, personnel management, planning, communication, sustainability, and control.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** BSAD 355

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CPS

## BSAD 470 - Quality Management

**Credits:** 3

Examines the history, theory and management of quality improvement efforts in business organizations. Topics include a review of quality theory, principles, and practices; quality design and assurance of goods and services; quality implementation using quality tools and statistical process control for continuous improvement; and strategy development for organizational change and transformation.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** BSAD 355

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CPS

## BSAD 471 - Internship in International \_\_\_\_\_

**Credits:** 3

A program of business experience in an international setting. International students will have their internship in a multinational company and would not have to go abroad if they do not want/able to. US students will need at least one semester of international experience, including their internship. Student must be a Junior and have at least a B- cumulative GPA. 75 hours of work experience is required per credit. Full arrangements for a structured program must be made in advance.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable with different topics (Areas)

**Schedule Type:** Practicum

**Special Approval:** Instructor permission required

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CP

## BSAD 475 - Operations Management

**Credits:** 3

Analysis of problems and issues faced by production/operations managers in manufacturing and service industries. Concepts and techniques include quality management with SPSS statistical analysis, supply chain design, procurement, LINDO linear programming, logistics operation, product development, operations scheduling, queues, process analysis, inventory control, forecasting, and project management.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 280 - Only for Pre-Med students

**Prerequisite/Corequisite:** STAT 285

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall, Spring

**College Code:** CP

## BSAD 487 - Internship in \_\_\_\_\_

**Credits:** 1-3

A program of business experience. Student must be a Junior and have at least a B- cumulative GPA. 75 hours of work experience is required per credit. Full arrangements for a structured program must be made in advance.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 3 credit hours per major or minor

**Schedule Type:** Practicum

**Special Approval:** Instructor permission required.

**College Code:** CPS

## BSAD 494 - Business Strategy and Decisions

**Credits:** 3

The goal of this integrative and interdisciplinary course is to enable students to draw together all the concepts and theories from business core courses and develop a strategic plan for a business case via the analysis of strategic and organizational problems and issues.

This is a Capstone Course, it is recommended for students to take FNCE317 prior to enrolling in BSAD494.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** FNCE317

BSAD 355 previously completed. All other core BBA courses must be completed or concurrently enrolled.

**Schedule Type:** Lecture, Interactive Online

**Year Offering:** Annually

**Term Offering:** Spring

**College Code:** CP

## BSAD 497 - Advanced Topics in \_\_\_\_\_

**Credits:** 1-3

Topics of current interest in the sub-discipline area noted not ordinarily covered in depth in other courses.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**Special Approval:** Instructor permission required.

**College Code:** CPS

## BSAD 498 - Independent Readings/Study in \_\_\_\_\_

**Credits:** 1–3

Directed study or readings under the guidance of the instructor. Oral and reading reports may be required.

**Grade Mode:** Satisfactory (S,U,I,W)

**Prerequisite(s):** Previous upper-division work in the discipline; minimum cumulative GPA of 2.75 and minimum GPA of 3.00 in business subjects

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Dean permission required.

**College Code:** CPS

## BSAD 499 - Independent Research in \_\_\_\_\_

**Credits:** 1–3

Study under the supervision of the instructor.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** Previous upper division work in the discipline; minimum cumulative GPA of 2.75 and a minimum GPA of 3.00 in business subjects.

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Dean permission required.

**College Code:** CPS

## BSAD 500 - Survey of Management

**Credits:** 2

Introduction to the philosophy of management science which presents an overview of organizational behavior. Emphases include the functions of management (planning, organizing, leading, and controlling), group and team dynamics, organizational structure, strategic planning, managing within a global environment, human resource functions, motivation, and management control systems. Not available for MBA program.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CPS

## BSAD 505 - Survey of Operations Management

**Credits:** 2

Analysis of problems and issues faced by production/operations managers in manufacturing and service industries. Concepts and techniques include quality management with SPSS statistical analysis, supply chain design, procurement, LINDO linear programming, logistics operation, product development, operations scheduling, queues, process analysis, inventory control, forecasting, and project management. A foundation course for the MBA and other graduate programs. Grade not included in the MBA GPA calculation.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** STAT 285

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall, Spring

**College Code:** CPS

## BSAD 506 - Survey of Business Law

**Credits:** 2

Introduction to general legal principles concerning business organizations, property laws, employment regulation, agency laws, business torts and crimes, constitutional law, regulation of negotiable instruments and contracts, and the Uniform Commercial Code. A foundation course for the MBA and other graduate programs. Grade not included in the MBA GPA calculation.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall, Spring

**College Code:** CPS

## BSAD 515 - Organizational Behavior & Leadership

**Credits:** 3

Application of behavioral sciences to management. The examination of contemporary theories and principles of human behavior. Topics include perception, personality, attitudes, emotions, motivation, leadership, decision-making, communication, group processes, diversity, organizational change, self-awareness, and stress management. A research paper and case analyses are required.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Fall

**College Code:** CPS

## BSAD 526 - Emergency Management

**Credits:** 3

Study of the ideas and concepts of emergency management. Expands basic principles covered in FEMA Independent Study (IS) modules, giving attention to leadership issues in managing change and making sound policy decisions and communicating during crisis incidents. Includes attention to specific hazards, laws, and standards of state government and federal requirements. Relationships between community preparedness and local emergency management programs will be emphasized. Emphasis will be given to the Integrated Command Systems (ICS) and Emergency Operations Center models of emergency management operations. Required course for Michigan PEM certification. Includes satisfactory completion of FEMA-provided modules in Professional Development Series.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** SOWK 401 or IS modules IS-100 and IS-244

**Schedule Type:** Lecture

**College Code:** CPS

## BSAD 530 - Leadership & Management of Not-for-Profit Organizations

**Credits:** 3

Issues facing managers in third-sector organizations. Studies of the mission and objectives pursued, strategic leadership and board composition, organizational structure and operation, marketing and fund-raising, financial management, training and motivation of volunteers, assessment of stakeholder satisfaction and overall operating effectiveness. A major field project and a library research project are required.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Spring

**College Code:** CPS

## BSAD 537 - Organization and Management of Healthcare Systems

**Credits:** 3

Provides an overview of the various levels of healthcare delivery, complex system relationships, and explores the issues pertaining to the triple-bottom line of cost, quality and access within the provision of medical services. Students evaluate the challenges of managing a healthcare organization through the use of best practices, evidence-based management techniques, and organizational analysis.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CPS

## BSAD 545 - International Business Management

**Credits:** 3

Understanding the global enterprise and how management concepts, principles, and practice transcend national boundaries. Focus on global strategies, the importance of cultural differences to organizational effectiveness, management of people in international organizations, personnel selection and repatriation, political risks, ethics and social responsibility.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate Years

**Term Offering:** Summer

**College Code:** CPS

## BSAD 555 - Careers and Personal Branding

**Credits:** 1

This course provides practical, useful, and realistic advice to help students prepare for internships and job searches. A comprehensive step-by-step guide helps students plan for their future and breaks the daunting prospect of marketing themselves to prospective employers into a manageable process. It equips the student with the tools needed to gain a competitive advantage in the workplace, reach career potential, and stand out in a crowd. A focus on portfolio develop and personal branding ensure the student has the tools prepared for an effective job search.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CP

## BSAD 556 - Topics in \_\_\_\_\_

**Credits:** 1–3

Topics of current interest in the business area not ordinarily covered in-depth in regular courses.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 15 credits

**Schedule Type:** Lecture, Interactive Online

**College Code:** CPS

## BSAD 560 - Intercultural Business Relations

**Credits:** 3

Study of the role of culture in business, aims to develop skills in cross-cultural communication and negotiations; and prepares the student for the increasing cultural diversity in the workplace. A research paper and a project are required.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate Years

**Term Offering:** Summer

**College Code:** CPS

## BSAD 587 - Internship in \_\_\_\_\_

**Credits:** 1–3

A program of business experience. 75 hours of work experience is required per credit. Full arrangements for a structured program must be made in advance.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Practicum

**Special Approval:** Instructor permission required.

**College Code:** CPS

## BSAD 594 - Business Research

**Credits:** 3

A course to develop the techniques of the research process as applied to business practices. Research experiences is gained in defining research problems, hypotheses, literature review, IRB, methodology, modeling and the data collection, analysis, and interpretation.

**Lecture/Lab:** Weekly: 3 lectures & a 3-hour lab

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 285 Statistics

**Recommended:** MATH 285 Statistics

**Repeatable:** Repeatable up to 6 credits with different topics

**Schedule Type:** Lecture, Blended Learning, Interactive Online

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CP

## BSAD 615 - Management of Quality

**Credits:** 3

Provides a strategic and structured approach to the design and development of quality programs in manufacturing and service organizations. Addresses the analytical and behavioral aspects of quality and its strategic importance to organizational success.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** BSAD 515

**Schedule Type:** Lecture, Interactive Online

**Year Offering:** Alternate Years

**Term Offering:** Summer

**College Code:** CPS

## BSAD 620 - Christian Ethics, Service & Society

**Credits:** 3

An exploration of the interrelationship among business, government and society. Stakeholder management, the analysis of the legal and regulatory environment, and the responsiveness of business in its service to society. A study of ethical problems encountered in business and the management of moral dilemmas.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Spring

**College Code:** CPS

## BSAD 625 - Healthcare Law & Ethics

**Credits:** 3

Overview of the key legal and related ethical topics relevant to the continuous evolution of the healthcare system. With the use of case studies, students will evaluate government regulation of health care, contracts, medical malpractice, legal and ethical issues related to the provision of care, privileging, medical decision making, mental health, tax exemption, antitrust, fraud and health information management.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CPS

## BSAD 640 - Healthcare Economics & Policy

**Credits:** 3

This course is designed to provide students with economic tools and theories that will help them to understand and analyze various issues related to the provision and consumption of healthcare services, as well as the interaction between the three types of agents (consumers, private and public healthcare insurers and providers) in the market of healthcare and how it affects the price setting, costs, demand and supply of healthcare services. It also provides an understanding of the US healthcare system, in its functioning, efficiency and limits and how it differs from some other healthcare systems. Healthcare policies overtime will be analyzed and discussed in the context of their economic impact with a particular attention to the Affordable Care Act, as well as the years ahead. Some other specific issues involving physician's shortage and its economic impact, nurses, competition, the pharmaceutical industry will be discussed and analyzed.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CPS

## BSAD 643 - Quantitative Methods in Business Decisions

**Credits:** 3

Study of quantitative tools for the analysis of problems arising in the management of organizations, and the application of these tools in the decision-making process of real business problems.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BSAD 475 or BSAD 505 or instructor permission

**Schedule Type:** Lecture, Interactive Online

**Term Offering:** Spring

**College Code:** CPS

## BSAD 645 - Reimbursement Systems

**Credits:** 3

Introduction to the financial management of healthcare organizations. Course focuses on related topics of planning and financial decision making. Considers the unique operating environment of healthcare, the analysis methods of appropriate financial management, and communication of financial concepts.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CP

## BSAD 648 - Workshop

**Credits:** 1–4

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Workshop

**College Code:** CPS

## BSAD 650 - MBA Extension Program Continuation

**Credits:** 0

**Grade Mode:** Noncredit (NC,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CPS

## BSAD 670 - Management of Human Resources

**Credits:** 3

Topics may include human resources planning, job analysis and design, recruitment, screening and selection, training and career development, performance evaluation, compensation and rewards, affirmative action, discipline, unions, grievances, and conflict resolution. Emphasis on cases, projects, and research.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** BSAD 515 or permission of instructor

**Schedule Type:** Lecture  
**College Code:** CPS

## BSAD 689 - Strategic Management

**Credits:** 3  
Requires that students integrate relevant knowledge gleaned from previous core business-course experiences. Extensive case work and library research are demanded. Students work with a real organization to develop a comprehensive strategic plan.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Assumes that the student has completed all MBA core requirements or is currently enrolled in the remaining courses  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Summer  
**College Code:** CPS

## BSAD 690 - Independent Readings

**Credits:** 1–3  
Designed for the individual needs of a student. Oral/written reports may be required.

**Grade Mode:** Satisfactory (S,U,I,W)  
**Prerequisite(s):** Completion of 24 graduate business credits with a cumulative GPA of at least 3.25  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Special Approval:** Dean permission required.  
**College Code:** CPS

## BSAD 694 - Independent Research

**Credits:** 2,3  
Designed to fit the individual needs of the student.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Prerequisite(s):** Completion of 24 graduate business credits with a cumulative GPA of at least 3.25  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Special Approval:** Dean permission required.  
**College Code:** CPS

## BSAD 899 - Doctoral Dissertation

**Credits:** 1–15  
15 credits are required. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration. Dissertation course credits are designed for the student to advance in the demonstration and writing of the thesis presented in his/her proposal. The Dissertation course includes two modules. The first covers the development of the first three chapters in the Andrews doctoral dissertation framework and the completion of the IRB process. The second module includes the last two chapters and defense of the dissertation.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Independent  
**Year Offering:** Annually  
**College Code:** CP

# Marketing

## MKTG 310 - Principles of Marketing

**Credits:** 3  
A general survey of the four major marketing areas using the underpinnings of Christian values and ethical principles in a dynamic, highly competitive, global economy. The course assesses marketing concepts, strategies, and tactics that create value for consumers and organizations through integrated production and distribution of goods.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**Term Offering:** Fall, Spring  
**College Code:** CPS

## MKTG 320 - Consumer Behavior

**Credits:** 3  
An integration of the various disciplines in the behavioral sciences with marketing theory to understand, explain, and predict consumer decisions. Explores both the theoretical and practical implications of individual behavioral variables, group  
520

influences, and consumer decision processes.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** MKTG 310  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CPS

## MKTG 325 - Marketing for Social Change

**Credits:** 3  
Examines social marketing to address social issues relating to health, environment, well-being, and community. Students consider the most effective ways to influence a target market to voluntarily accept, reject, modify, or abandon a behavior for the benefit of individuals, groups, or society as a whole.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MKTG 310  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Fall  
**College Code:** CP

## MKTG 335 - Digital Marketing

**Credits:** 3  
Digital marketing explores the emerging business models, rules, tactics, and strategies associated with the Internet and its impact on the elements of marketing. As marketers operate in an ever-changing online environment, students will acquire a foundational understanding of digital marketing channels and how successful marketing campaigns use content creation and sharing, analytics, and search engine optimization to optimize social media campaigns that engage their audience.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MKTG 310  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Spring  
**College Code:** CP

## MKTG 340 - Content Marketing

**Credits:** 3  
Content marketing presents the core strategies content marketers use to acquire and retain customers. Students will learn how to develop, organize and implement a content marketing strategy, analyze and measure the effectiveness of content marketing, write compelling copy, use a strategic framework when writing, and build a professional brand and authority through content marketing, by amplifying the brand's reach, trust, reputation, and credibility. By the end of the course, students will be fully prepared to present their complete strategy to brand stakeholders.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MKTG310  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Fall  
**College Code:** CP

## MKTG 368 - Integrated Marketing Communication

**Credits:** 3  
Focuses on the role of ethical planning and managing in integrated marketing communication systems within an organization. Explores the nature and types of promotion, including advertising, sales promotion, internet marketing and social media, public relations, direct marketing, and personal selling. Also discusses the steps in developing an advertising campaign and various measurements assessing advertising effectiveness.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MKTG 310.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CPS

## MKTG 370 - Brand Management

**Credits:** 3  
Explores brand management and examines how profitable brand strategies are created for the purpose of identifying and filling customer needs. This course exposes students to the contemporary challenges of managing a product portfolio by formulating strategies for innovating, building, leveraging, and defending brand positions in today's marketing environment.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MKTG 310  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (even)  
**Term Offering:** Spring  
**College Code:** CPS

### **MKTG 440 - Marketing Strategy**

**Credits:** 3  
An integrative capstone course for marketing majors. Emphasizes process by which marketing managers seek solutions to marketing problems and considers marketing opportunities. Field studies provide students with opportunities to apply knowledge gained in marketing course work to concrete situations. Assumes completion of majority of courses in marketing major.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MKTG 310, MKTG 320, MKTG 368 and MKTG 456, or permission of instructor.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CP

### **MKTG 450 - eCommerce Marketing**

**Credits:** 3  
Designed to help students increase awareness of the e-Commerce process, understand the changes in customer needs, demographics, and shopping behaviors, assess the emerging technologies which have a dramatic effect on retail operations, and analyze the strategic long-term plans which retailers are using for creating advantages in this rapidly changing environment.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** MKTG 310  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (even)  
**Term Offering:** Fall  
**College Code:** CP

### **MKTG 456 - Marketing Research**

**Credits:** 3  
Focuses on the systematic collection of business and marketing-related data to provide information to decision makers. Emphasis on translating management problems into research questions, developing a research design to address these questions, and analyzing research results with recommendations to management.

**Course Attribute:** Service course  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** STAT 285, MKTG 310.  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CPS

### **MKTG 465 - International Marketing**

**Credits:** 3  
Marketing problems arising from various degrees of foreign involvement. Includes marketing research, project planning and development, pricing, promotion, distribution, and organization. Emphasis on management of these marketing functions in a multinational context where the parameters differ from those in domestic marketing.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MKTG 310.  
**Schedule Type:** Lecture  
**Year Offering:** Alternate Years (even)  
**Term Offering:** Fall  
**College Code:** CP

### **MKTG 500 - Survey of Marketing**

**Credits:** 2  
A general survey of the four major marketing areas using the underpinnings of Christian values and ethical principles in a dynamic, highly competitive, global economy. The course assesses marketing concepts, strategies, and tactics that create value for consumers and organizations through integrated production and distribution of goods. Not available for the MBA program.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring  
**College Code:** CPS

### **MKTG 540 - Marketing Management in Not-for-Profit Organizations**

**Credits:** 3  
Examines the meaning and role of marketing concepts and tools agencies, foundations, and churches. The role of activities such as marketing research, product development, pricing, advertising, publicity, personal selling, and marketing control are examined in the non-profit sector.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Spring  
**College Code:** CPS

### **MKTG 680 - Strategic Marketing Management**

**Credits:** 3  
Designed to help students think like a marketing strategist to recognize marketing problems, analytically evaluate possible alternatives, and creatively institute strategic solutions. Analysis of contemporary marketing problems, currently corporate marketing strategies and case analysis are used to achieve course objectives.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Spring  
**College Code:** CPS

# Seventh-day Adventist Theological Seminary

Jiri Moskala, *Dean*  
Wagner Kuhn, *Associate Dean*

## Seminary Mission Statement

We serve the Seventh-day Adventist Church by preparing effective leaders to proclaim the everlasting gospel and make disciples of all people in anticipation of Christ's soon return.

## Seminary Vision Statement

The Seventh-day Adventist Theological Seminary prepares spiritual leaders to impact the world for Christ. We are a culturally diverse learning and worshipping community that nurtures excellence, provides theological leadership, and shares our ministry and resources around the world.

## Core Values

### Faithfulness with expectation

- Being faithful in our relationship to Christ as Savior and Lord
- Being faithful to God and his revelation as expressed in his Word
- Being faithful in our quest for truth and beauty through a teachable and steadfast spirit
- Being faithful to the Seventh-day Adventist Church and God's prophetic leading in our story.

### Christ-likeness with humility

- Cultivating a Christ-like integrity which reflects the character of God
- Submitting our whole selves, mind, body and spirit to God
- Living a passionate and authentic life of obedience and service.

### Respect with justice

- Being Christians who are global in vision, sensitive to diversity, and competent in inter-cultural relationships
- Respecting all persons by exhibiting love, compassion and caring, and recognizing everyone's unique giftedness and creative potential
- Working for fairness, and advocating for justice for those without power or voice.

### Community with joy

- Worshiping with joy and keeping the Sabbath holy
- Nurturing a community of healing, grace, restoration and renewal
- Developing a sense of collegiality and friendship in our work as brothers and sisters in Christ.

### Discipleship with wholeness

- Embracing the ongoing transformation by the Spirit in our own life of faith and learning
- Seeking to see in one another the Spirit's work of restoring the image of our Maker
- Mentoring others in knowing and following their call and vocation.

### Service with passion

- Leading with a servant's heart to equip others for service
- Striving with passion to reach the lost, serve the poor, and grow the church
- Valuing creation and our call to be stewards in all areas of life.

### Accreditation and Authorization

All seminary degree programs are accredited by The Association of Theological Schools in the United States and Canada.

## Objectives

Each program of the Seminary is committed to the following general objectives:

- to furnish the Seventh-day Adventist Church with competent, highly motivated and consecrated pastors and church workers for service in the worldwide mission of the church
- to equip men and women for the various phases of ministry with sound methods, principles, and procedures of biblical interpretation and scholarship
- to provide a firm basis for an intellectual and spiritual understanding of religion, morality, and ethics as set forth in the Bible (accepted as the propositional word of God) and as understood in Christianity in general and the Adventist Church in particular
- to transmit a belief in the relevance of biblical faith and teaching to modern men and women and to their preparation for the future kingdom
- to develop skills required for effectively proclaiming biblical faith through preaching, teaching, writing, and leadership in corporate worship and all phases of church life
- to teach methods and procedures for leading a congregation or group to accomplish its own task of disseminating the faith by word and deed
- to encourage the development of professional and pastoral skills necessary to create an atmosphere of mutual care within the Christian community in order that harmony and unity may be maintained, the common good fostered, and Christian commitment deepened
- to encourage appreciation for other cultures, sympathetic understanding of customs different from one's own, and responsiveness to change
- to promote personal involvement in the spiritual life of the Seminary community, to aid in the formation of a strong devotional life, to inspire a profound deepening of the student's vocation and commitment to serve God and humanity in harmony with the teachings set forth in Scripture as understood by the Adventist church
- to foster, within the Adventist framework, a stimulating academic and professional environment; to provide the necessary tools required for learning; to emphasize sound method, sharp critical thought, and an eager approach to discovering ultimate truth, thus forming an adequate foundation for lifelong competence and integrity
- to lay the foundations for lasting friendships, productive of mutual assistance and confidence, and to promote professional collegiality that creates a willingness to transcend personal bias and accept counsel from one's peers.

## Human Relations

The Seminary affirms that all persons have equal worth as beings created in the image of God. A wide diversity of individuals gives opportunity for every student, staff member, and faculty member to practice Christian love and acceptance. In practical terms, this means that we encourage one another to be respectful of and sensitive to people of every age, gender, or disability; people of every racial, ethnic, cultural, geographical, political, religious, or economic background; and people who are single or married. In classrooms, chapels, and casual conversations, and in our writing, we recognize women and men equally and avoid assumptions or judgments based on group stereotypes. Neither sexual harassment nor racial disparagement is tolerated. Frank discourse notwithstanding, we seek to listen, learn, and be enriched as we come to understand and appreciate each other more fully. We affirm our diversity even as we pursue unity.

## Faculty

The faculty of the Seminary combine high academic and professional qualifications with a commitment to Jesus Christ and a concern for the proclamation of the gospel. A majority of the faculty have lived and/or worked overseas, served as pastors, and earned advanced degrees in the field of their specialization. The Seminary seeks to be responsive to cultural, ethnic, and national differences in its choice of faculty and staff.

The faculty is involved in research and writing for denominational periodicals and professional/theological journals. Articles authored by faculty appear in the SDA Bible Commentary; SDA Bible Dictionary; SDA Encyclopedia; Theological Dictionary of the Old Testament; The Interpreter's Dictionary of the Bible, Supplementary Volume; Harper's Dictionary of the Bible, rev. ed.; the New International Standard Bible Encyclopedia; and other reference works.

## Scholarly Journal

In 1963 the Seminary began publishing a scholarly journal— Andrews University Seminary Studies. This biannual periodical presents the results of research in the fields of biblical archaeology and history of antiquity; Hebrew Bible; New Testament; church history of all periods; historical, biblical, and systematic theology; ethics; history of religions; and missions. Selected research articles on ministry and Christian education may also be included.

## Outreach

**Extension Programs.** The Seminary conducts short-term extension schools in many parts of the world. Two degree programs are offered largely in off-campus settings: (1) the Master of Arts in Pastoral Ministry program, begun in North America in 1984 for experienced pastors in the field who have not earned a previous seminary degree, and (2) the Doctor of Ministry program for experienced pastors who have previously earned an MDiv degree or its equivalent.

Andrews University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Andrews University to offer specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

## Seminary Online Learning Center

Seminary Hall, Room N307  
Phone: 269-471-3962 Fax: 269-471-6202  
solc@andrews.edu  
www.andrews.edu/sem/solc/

Helena R. Gregor, *Director*

The Seminary Online Learning Center offers a variety of distance education courses at the graduate level. All distance courses are on-line.

**Course Offerings.** For a list of current offerings, see the Center website: [www.andrews.edu/sem/solc/](http://www.andrews.edu/sem/solc/).

**Registration Procedure.** To register for a course, please go to the Registration Central, and add an online class just like any other on-campus course. For more information, please contact us at the Seminary Online Learning Center.

## Other Enrichment Programs

**Guided Tours.** Under the auspices of the Seminary, the university offers guided tours for course credit. These courses include CHIS 504, GSEM 678, and CHIS 685.

**MDiv Study Tour.** The MDiv program organizes an annual Study Tour with the idea of enhancing the evangelistic, witnessing, and church growth skills and preparing participants for mission and ministry around the world, during the Spring break.

**Archaeological Field Work.** In 1968 under the direction of Siegfried H. Horn, the university initiated an archaeological excavation at the site of Hisban (Heshbon) in the Hashemite Kingdom of Jordan. Excavation continued for five seasons, the last in 1976. In 1984 the Institute of Archaeology expanded its work to a larger region, renaming its consortium the Madaba Plains Project. The project now sponsors excavations at Tall al-'Umayri, Tall Jalul, and other hinterland sites, and conducts an extensive archaeological survey of the entire region.

**Mediterranean Study Tour.** In the spring the Seminary offers students the opportunity for an extended eight-week study tour during which they will be immersed in the environment and cultures of Biblical lands. From a central base students will take seminary courses while also travelling to visit many of the sites spoken of in Scripture. Many Spring Semester courses will be offered in a half-semester format to allow for easy transition between the study tour and on-campus coursework. Students may contact the Old Testament Department or the New Testament Department for further information.

**ASOR Study Center Opportunities.** Andrews University is a corporation member of the American Schools of Oriental Research. Seminary and post-graduate students may attend the organization's affiliated institutes—the W. F. Albright Institute of Archaeological Research in Jerusalem and the American Center for Oriental Research in Amman, Jordan. Students also may compete for financial aid and fellowships offered annually by these institutes.

## Admission and Evaluation Policies

All applicants must hold a minimum of a baccalaureate degree or its equivalent from an accredited college or university and are subject to the general admission requirements in the Graduate Programs Admission section of this bulletin (see Graduate Academic Policies). Students in MA, PhD, and ThD programs are also subject to the Academic Standards requirements in Graduate Academic Policies. International students should note the Special Admission Requirements on Graduate Academic Policies.

**Admission Policy.** Admission to the Seventh-day Adventist Theological Seminary is granted irrespective of race, color, national or ethnic origin, gender, or disability.

The Seminary is owned and financed by the Seventh-day Adventist Church. It is a community of committed Christians who collectively confess the Christian faith and seek to experience its meaning in worship and practical life. Most of its students are members of the Seventh-day Adventist Church; however, no declaration of confessional allegiance is required for admission. Students who meet academic requirements, whose lifestyle and character are in harmony with the purposes of the Seminary, and who express willingness to cooperate with general university policies may be admitted. Criteria for approving or declining admission to applicants are described in application materials. Admission to the university is a privilege rather than a right and may be withheld or withdrawn by the university at its discretion.

Students are expected to maintain the religious, social, and cultural atmosphere of the Seminary and to order their lives in harmony with its mission and purposes. The seminary community endeavors to maintain an atmosphere of mutual support and acceptance which is congenial to personal adjustment and social development. In the course of their preparation for the ministry, students are called upon to participate in the lives and worship of the surrounding churches. Because of this role, students are expected to be sensitive to the values of others and exemplary in appearance and actions.

**Character Statement and Student Pledge.** As part of the admission process, all prospective Seminary students are required to sign and return a character statement form. In addition, Seminary students subscribe to the following declaration of purpose:

I declare it to be my serious intention to devote my life to the Christian ministry or some other form of Christian service, and to this end I pledge myself to rely on divine guidance, to live according to the standards and ideals set forth in the Holy Scriptures, to apply myself faithfully and diligently to the instruction of the Seminary, and to abide by all its requirements.

**Psychological Evaluation.** Applicants to Seminary programs are required to complete the Seminary's program of psychological evaluation during their first fall semester of residency, or as designated by their programs. All graduating students must comply with the graduation requirements of their respective programs, including exit testing. The cost of the evaluation is the responsibility of the applicant.

**Criminal Background Check.** Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.

Andrews University has selected the same company used by the North American Division - Sterling Volunteers (SV) - to administer their background checks. There is a standard fee charged by Sterling Volunteers for this service. (If you have previously completed a background check within the past three years through SV, please login to your SV profile and share your Background Check with Andrews University.)

**Pre-admission Conduct Disclosure Statement.** Applicants to all Seminary programs are required to complete and submit the "Pre-Admission Conduct Disclosure Statement."

**Seminary Code of Conduct.** Applicants to all Seminary programs are required to sign and submit the "Seminary Code of Conduct."

**Student Lifestyle.** Continuance in a seminary program is based not only on academic achievement but also on an ongoing lifestyle reflecting Seventh-day Adventist principles in character and conduct.

**English Language Requirements.** All students whose first language is not English must demonstrate adequate proficiency in English to succeed in the academic setting. Language proficiency must be met before enrolling full-time in regular course work. Please contact your respective departments director for specific TOEFL, and IELTS scores.

**Time to Apply.** Applications to the MDiv program require 4-6 months for processing.

PhD and ThD applicants for autumn semester must submit application materials by January 15. A limited number of students may be admitted for the summer term, in which case they would need to submit all application materials by November 30 of the previous year.

**Minimum GPA for Admission.** The minimum GPAs required for admission to seminary programs are listed below. Transfer credits are not counted in the GPA.

- 2.50 MDiv, MA in PMin, MA in YYAMin
- 2.75 MA (Religious Education)
- 3.00 MA (Religion)
- 3.25 DMin
- 3.50 PhD, ThD

**Recommendation Forms and Statement of Purpose.** Applicants to all seminary programs need to have three recommendation forms sent directly to the Office of Graduate Admissions. The forms should be completed by persons well acquainted with the applicant's abilities and recent experience. The length of the statement of purpose and the kind of recommendations needed are listed on this page.

### Master of Divinity Program

- Recommendations
  - Church board where the applicant is a member.
  - College teacher or advisor.
  - Church administrator, pastor, or recent employer.
- Statement of Purpose—350 words plus an autobiographical history based on questions provided in the admission package.

### Master of Arts in Pastoral Ministry

- Recommendations
  - A Conference administrator
  - A colleague in ministry or a local pastor if applicant is a layperson
  - A local church elder
- Statement of purpose—350 words plus a career history.

### Master of Arts in Youth and Young Adult Ministry

- Recommendations
  - College teacher
  - Pastor or a second college teacher
  - Church administrator or recent employer
- Statement of Purpose—350 words plus a career history.

### Master of Arts in Religion

- Recommendations
  - College teacher
  - College teacher
  - Church administrator or recent employer
- Statement of Purpose—500 words

### Master of Arts in Religious Education

- Recommendations
  - College teacher
  - Pastor or second college teacher
  - Church administrator or recent employer
- Statement of Purpose—500 words

### Doctor of Ministry

- Recommendations
  - Conference administrator
  - Colleague in ministry
  - Lay person
- Statement of Purpose—1,500–2,500 words plus a career history.

### Doctor of Philosophy in Biblical and Ancient Near Eastern Archaeology

- Recommendations
  - Adviser/teacher in applicant's MA or MDiv program
  - Teacher in applicant's MA or MDiv program
  - Teacher in applicant's MA or MDiv program
- Statement of purpose—600 words

### Doctor of Philosophy in Religious Education

- Recommendations
  - Adviser/teacher in applicant's MA or MDiv program
  - Teacher in applicant's MA or MDiv program

- Administrator of applicant's employing organization or most recent employer if not currently employed.

- Statement of purpose—600 words

### Doctor of Philosophy/Theology

- Recommendations
  - Adviser/teacher in applicant's MA or MDiv program
  - Teacher in applicant's MA or MDiv program
  - Church administrator of applicant's employing organization (or most recent denominational employer if not currently church employed)
- Statement of purpose—600 words

**Balanced Financial Plan.** All students applying for admission to the on-campus programs of the Seminary must submit a balanced financial plan detailing how their expenses will be covered. Listed below is the length of plan required for Seminary degree programs:

- MA: Religion 2 years
- MA: Religious Education 2 years
- MA: Youth & Young Adult Ministry 2 years
- Master of Divinity 2-3 years
- Doctor of Ministry
- PhD/ThD programs 3 years\*  
\*or letter of sponsorship required

**Graduate Record Examinations.** Students applying to the professional ministerial degree programs (Master of Divinity, Master of Arts in Pastoral Ministry, Master of Arts in Youth & Young Adult Ministry, and Doctor of Ministry) should provide transcripts of the Graduate Record Examination (GRE) General Test only when requested. Applicants to seminary academic graduate programs must request that a transcript of the GRE examination (taken within the past five years) be sent directly to the Office of Graduate Admissions.

**Orientation.** All new students are required to attend and register for the fall orientation program. Students who begin in the summer have a short orientation on the day before summer school begins. The main orientation session takes place the week before autumn semester classes begin. New students starting either in the summer or autumn terms are required to attend this main session. See the Seminary calendar, for specific dates for these orientation events.

**Psychological Evaluation.** Students from all Seminary programs are required to complete the Seminary's program of psychological evaluation during their first fall semester of residency, or as designated by their programs. All graduating students must comply with the graduation requirements of their respective programs, including exit testing.

### Academic Policies Applying to All Programs

**Class Loads and Enrollment Status.** The number of credits required for full- and part-time enrollment status in seminary programs is listed below.

Program	Full-time	Half-time
MDiv	9–14	5–8
MA in PMin, MA, MA in YYAMin, DMin, PhD, ThD	8–12	4–7

Students may take more credits than indicated above only with approval from the dean. Students who have completed all course work in a master's or doctoral program but have not met all requirements for graduation must register for GSEM 688, GSEM 788, or GSEM 888 and maintain full-time status. Students who are registered for thesis or PhD, ThD, or DMin dissertation credits also maintain full-time status. Doctor of Ministry students registered for GSEM 789 DMin Program Continuation are considered by the university as half-time students.

**Minimum GPA for Graduation.** The minimum GPAs required for graduation from seminary programs are listed below. Transfer credits are not counted in the GPA.

- 2.75 MDiv
- 2.50 MA in PMin, MA in YYAMin
- 3.00 MA, DMin, PhD, ThD

Students accepted on a provisional basis must achieve the minimum GPA required for their program during the first semester they are enrolled. A student who fails to maintain the minimum GPA required for his/her degree program is placed on academic probation.

**Graduating Student Questionnaire.** Completion of the graduating student questionnaire (GSQ) is a part of the graduation requirements.

**Satisfactory Academic Progress.** To qualify for satisfactory academic progress, students must earn the minimum GPA (as above) required for their degree program and meet other standards as listed in the Tuition, Fees, and Other Financial Information section of this bulletin. See Financial Information.

**Dual Enrollment.** Undergraduate religion/theology students at Andrews University, who at the beginning of a given semester are within 15 credits of graduation and who otherwise meet admission requirements of the Theological Seminary, may apply for permission to take seminary work while completing requirements for the baccalaureate degree. Dual registration is limited to one semester. An undergraduate student may accumulate not more than 12 credits in the Seminary on the basis of dual registration.

Students should request a Dual Enrollment Application at the Academic Records Office and have their credits verified there. The form is then taken to the dean of the Theological Seminary for approval. The signed form is returned to the Academic Records Office and exchanged for a Registration Card on which the actual courses desired are listed. The Registration Card must be signed by the dean of the College of Arts and Sciences, the student's adviser, and the dean of the Theological Seminary. Students dually enrolled may not carry more than 15 credits per term, and seminary credit thus earned may not be used to meet undergraduate requirements.

See Dual Enrollment in Graduate Academic Policies for pursuing two graduate degrees simultaneously, or a second undergraduate degree while doing a graduate program.

**Student Spouse Discount.** Academically qualified spouses of full-time on-campus seminary students may request a discount on tuition of Seminary master's-level courses taken to fulfill the requirements of a Seminary master's degree. The individual requesting the discount must be accepted into a Seminary master's program and must apply for the discount each semester in which his/her spouse is enrolled full-time in the Seminary. (Details are available at the Deans' office.) Discount requests are due by the drop/add date each semester.

**Seminary Spouse Class Attendance.** Seminary students and spouses of Seminary students may request to informally audit any 500- or 600-level Seminary courses (except seminars) regardless of academic qualifications and without charge, subject to written permission from the instructor, Seminary dean, and available space.

**Classes Taken in Other Schools.** With the exception of students in Religious Education, students registered in the Seminary who plan to take courses in another school on campus must first obtain permission from the Seminary dean or appropriate program director, as well as the dean of the school where the course will be taken. Religious Education students will follow course plans arranged in consultation with their advisors. MDiv students are charged regular tuition for courses taken outside the Seminary (except see notation under Master of Divinity Program in the Financial Information section of the bulletin for information on how to request a 50% tuition reduction for graduate-level courses in the College of Arts & Sciences).

**Informal Auditing.** Students with a full-time load and a GPA of 3.00 or above may sit in on a Seminary class without registration or a tuition charge on a space-available basis. The appropriate form must be completed. Certain courses are not available for auditing on any basis. For audited courses to be recorded on the transcript, see the University policy on Audited Classes

**Independent Study Courses.** Normally, only on-campus students with a GPA of 3.00 or above may register for independent study courses. Because the faculty are not obliged to guide students for Independent Studies, students must first obtain their concurrence. Independent study courses are advanced studies in a particular field and should be taken only after completing basic courses. At registration, students need to submit a copy of the Independent Study Contract Form with the course number from the department and a brief subject added to the course title to appear on the transcript. Requirements for independent study are determined by the guiding faculty member and may include readings, research, writing, and other learning experiences. A maximum of 8 credits may be approved for Independent Study in a degree program, and Independent Study courses normally are graded satisfactory or unsatisfactory. Additional guidelines are found on the contract form.

**Directed Reading.** Courses designated Directed Reading are for doctoral students. Students must arrange individually with a professor to take courses on this basis. These courses may be graded S/U.

**Grade Changes.** Grade changes are permitted only in case of computational error and must be made no later than the semester following the one in which the course was taken. A form must be completed by the teacher and signed by the dean before being taken to the Office of Academic Records.

**Worship Attendance.** Regular and punctual attendance is required at seminary worship services and assemblies for faculty, staff and students in residence, except students registered for 7 credits or fewer, and faculty who have assignments off-campus or are on an approved research term. Student requests to be excused from this requirement should be addressed to the deans' office in writing. Regular worship attendance is a graduation requirement for students in residence. For further details, please refer to the "Seminary Worship Attendance Policy" under Student Life at the Seminary website (<https://www.andrews.edu/sem/resources/pdf/seminary-worship-attendance-policy.pdf>).

**Summit on Abuse.** The annual "End It Now - NAD Summit on Abuse" is required of all students in the Master of Divinity, Master of Arts (Discipleship in Lifespan Education), and Master of Arts (Religion) Specialized.

**Final Exams.** The times and dates for final examinations are set by the University and the Seminary at the beginning of every term. Students are expected to adhere to those dates and to integrate them into their planning calendar. The only exceptions to the prescribed dates are illness or dire emergency. Such exceptions must be approved in writing by the Seminary Associate Dean's office. Personal plans, family events, church activities, and the like do not qualify for a change of date.

**Residency Requirements.** Residency requirements for seminary programs appear in the respective program descriptions.

**Time Limits on Degrees.** For time limits applying to seminary degree programs, see the respective program descriptions below. Students who violate the respective time limits must petition the dean for an extension of time, giving reasons for the request and submitting plans for completion of the work. Petitions may be granted by the dean and may require additional qualifying or other examinations, additional course work, or both.

**Transfer Credit.** A maximum of 20% of required program credits may be transferred into Seminary master's programs. (Additional fees for such transfers may be assessed for certain programs). For limits on credits that may be transferred into the respective seminary doctoral programs, see each program description below.

Students wishing to transfer credits into a Seminary program must, within their first two semesters of study in a Seminary Program:

- Submit to their program office a syllabus (in English) for each class they wish to transfer
- Submit their official transcript to the Graduate Enrollment Office if requested, any supporting documentation

Once all documents are received, the program office will process the transfers.

## Programs

The Master of Divinity degree program provides basic postgraduate professional preparation for ministry with a broad exposure to all fields of theological study. The program applies biblical, historical, educational, linguistic, theological, philosophical, ethical, missiological, pastoral, and evangelistic instruction to the practical work of the church. Practical field experience is a vital part of this program.

The Master of Arts in Pastoral Ministry degree program offers professional training to mature pastors experienced in ministry. Normally such persons are unable to leave their parish and come to the Seminary campus for extended periods of time. The Seminary provides the major part of this professional training at off-campus centers in North America and various international sites.

The Master of Arts in Youth and Young Adult Ministry degree is a professional program designed to equip men and women with competencies for effective ministry to youth and young adults in local church and para-church settings. The program is focused on discipling, teaching, counseling and evangelizing youth and young adults.

The Master of Arts in Religion provides an opportunity for one year of specialized study beyond the baccalaureate degree. It is offered with these orientations: (1) the research orientation designed for students who plan further graduate work, and (2) the general academic orientation giving students a strong background in a specific area of religious studies.

The Master of Arts: Religious Education is an academic degree designed to develop theory and practice for the discipling and teaching ministry of the church in the home, church, or Christian school setting. The degree also provides a foundation for the PhD in Religious Education.

The Doctor of Ministry is a professional, post-MDiv degree for individuals qualified to pursue advanced study. This degree provides experienced pastors with additional expertise in the areas of pastoral ministry, evangelism and church growth, chaplaincy, and organizational leadership.

The Doctor of Philosophy in Biblical and Ancient Near Eastern Archaeology is an advanced academic degree that prepares teacher-scholars in the fields of Biblical Archaeology and Ancient Near Eastern Archaeology and Anthropology for church-operated colleges, seminaries and universities around the world.

The Doctor of Philosophy in Religion, based on the Master of Arts in Religion, prepares teacher-scholars in the fields of New Testament Studies, Old Testament Studies, Theological Studies, Adventist Studies, and Mission and Ministry Studies for colleges and seminaries operated by the Seventh-day Adventist Church around the world.

The PhD in Religious Education prepares men and women to be scholars and researchers in specialized teaching and discipling ministries of the home, the church, or the Christian college or university.

The Doctor of Theology degree, based on the Master of Divinity degree, trains teacher-scholars in the fields of biblical studies and theology for service in the Seventh-day Adventist Church. Completion of a seminary program does not guarantee employment.

## Masters

# Discipleship and Lifespan Education MA

The MA in Discipleship and Lifespan Education is a 48-credit degree designed to prepare leaders to understand, facilitate, and train others in the process of discipleship—a lifelong journey of learning to follow Jesus and become more like Him while also training other leaders.

### Mission:

The MA in Discipleship and Lifespan Education prepares individuals to become competent in discipling leaders and training others in one or more phases of spiritual, mental, emotional, and relational development across the lifespan.

### Vision:

The MA in Discipleship and Lifespan Education serves the church by equipping and discipling individuals to address the developmental needs of its new and current members as well as the surrounding communities.

### Goals:

All students graduating from the MA in Discipleship and Lifespan Education will be competent pastor-teachers in the field of discipleship.

Students will have growing expertise as pastor-teachers in at least one of the following areas of human development: family ministry and campus chaplaincy ministry.

Students who teach at the elementary or academy level will become competent in discipling students to a love relationship with God and in understanding the Biblical narrative.

### MA in Discipleship and Lifespan Education (Professional) Concentrations:

- Campus Chaplaincy (Main Campus and Online)
- Family Life Education (Main Campus)

### MA in Discipleship and Lifespan Education (Academic) Concentrations:

- Bible Teaching (Online)
- Religious Education (Main Campus)

### MA Discipleship and Lifespan Education Dual Degree Options:

The MA (DSLE) is also available with the following dual degree option:

- Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW

**Online Delivery:** The concentrations available online include some interactive online courses that are offered synchronously (via Zoom), and some interactive online courses are offered asynchronously (see Global Campus definitions).

**Practicum:** A field practicum can be arranged in the location of the student's residence.

**Electives:** Students in the MA (DSLE)/MSW Dual Degree program may fulfill 8 elective credits with MSW courses.)

## Total Credits - 48-53

### Professional Core - 25

- 2 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3 (Bible Teaching Concentration students must replace this course with GDPC 525 - Psychology and Education of Exceptional Children.)
- 3 credits of DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits:** 2,3
- 2 credits of DSLE 534 - Ministry to Youth and Young Adults **Credits:** 2,3 (Academic Concentration students can choose this course or 2 credits of DSLE 607 Intergenerational Ministry)
- 3 credits of DSLE 541 - Foundations of Biblical Spirituality **Credits:** 2,3
- 2 credits of DSLE 607 - Intergenerational Ministry **Credits:** 2 (Academic Concentration students can choose this course or 2 credits DSLE 534 Ministry to Youth and Young Adults)
- 3 credits of DSLE 610 - Teaching for Discipleship **Credits:** 2,3
- 2 credits of PATH 526 - Conflict Management **Credits:** 2,3 or PATH 543 Christian Leadership in a Changing World **Credits:** 2,3 (not required for Bible Teaching Concentration)
- 2 credits of a MSSN World Missions course
- 4 credits of NTST/OTST courses (Bible Teaching Concentration students take NT/OT courses in their concentration)
- 2 credits of a THST course (Bible Teaching Concentration students must take THST 616 - Doctrine of God)

## Concentrations - 23-31

Students must choose one of the following concentrations:

### Bible Teaching Concentration - 31

The Bible Teaching concentration prepares K-12 teachers who do not have a religion/theology background to teach Bible classes, while those with a strong religion/theology background but no educational background are given advanced standing and introduced to principles of pedagogy/andragogy.

### Prerequisite Courses

The following courses are prerequisites for the Bible Teaching Concentration:

- HLED 120 - Fit for Life or Health Principles course from Adventist Learning Community
- RELT 225 - Doctrines of the Adventist Faith

### Advanced Standing

Advanced standing may be obtained for up to 12 credits of religion and theology and up to 5 credits of education or religious education for a combined maximum total of 12 credits. These credits are dependent upon a background of advanced theological or educational study or prior extensive undergraduate studies in religion, theology, religious education, or education as well as the particular MA (Discipleship in Lifespan Education) focus area chosen. Advanced standing is calculated at the time of admission as follows:

- 18 or more credits of undergraduate religion or theology credit may qualify for advanced standing of up to 12 credits in appropriate areas of the course plan. Advanced standing based on less than 18 credits of prior undergraduate studies is prorated at a two-thirds ratio.
- 8 or more credits of undergraduate education or religious education may qualify for advanced standing of up to 5 credits in appropriate areas of the course plan. Advanced standing based on less than 8 credits of prior undergraduate studies is prorated at a two-thirds ratio.

## Concentration Courses - 31

- 1.5 credits of CHIS 570 - History of the Seventh-day Adventist Church **Credits:** 1.5,2
- 1.5 credits of CHIS 571 - The Life and Writings of Ellen G. White **Credits:** 1.5,2
- 3 credits of DSLE 605 - Foundations in Discipleship & Lifespan Education **Credits:** 2,3
- 2 credits of DSLE 606 - Philosophical Foundations for Professionals **Credits:** 2,3
- DSLE 616 - Collaborative Ministry: Partnering in Discipleship and Mission **Credits:** 2
- DSLE 620 - Scholarly and Professional Development **Credits:** 0
- 2 credits of DSLE 633 - K-12 Faith Development & Bible Methods **Credits:** 2,3
- 1 credit of DSLE 676 - Topics: \_\_\_\_\_ **Credits:** 1-3 (Integration of Faith & Learning)
- EDTE 508 - Principles of Teaching and Learning **Credits:** 3
- EDTE 517 - Teaching Reading in the Secondary Content Areas **Credits:** 3
- EDTE 524 - Classroom Testing and Evaluation **Credits:** 2
- 3 credits of EDTE 576 - Methods for Integrating Instructional Technology **Credits:** 2,3
- GDPG 514 - Psychology of Learning **Credits:** 3
- GSEM 680 - Master's Comprehensive Exam **Credits:** 0
- 2 credits of NTST 539 - Studies in Revelation **Credits:** 2,3
- 2 credits of OTST 546 - Studies in Daniel (English) **Credits:** 2,3
- 2 credits of OTST 566 - Studies in the Pentateuch (English) **Credits:** 2,3

**Thesis Option:** may add an additional 3 credits

GSEM 697 - Thesis for MA Degree **Credits:** 1-10

### Additional Degree Requirements for Religious Education and Bible Teaching Concentrations

Must maintain a minimum GPA of 3.00 in order to graduate. Courses with a grade below B- do not count toward the degree.

**Degree Completion:** Candidates for the Bible Teaching Concentration may exercise one of the following two options to complete their degree:

- Comprehensive Examinations: Must pass comprehensive examinations arranged through the departmental administrative assistant. The one-day exams entail a three-hour morning session and a two-hour afternoon session.
- Thesis: Prepare a thesis (minimum 3 credits). A two-member faculty committee guides the student in developing the project and evaluates the defense. Students who complete a thesis are exempt from writing comprehensive examinations but are required to make a portfolio presentation. The thesis may add 3 credits to the 48 credit degree requirements, making a total of 51 credits.

### Denominational Teacher Certification

The Basic Teaching Certificate for denominational certification may be issued to the candidate presenting a Verification of Eligibility form from Andrews University. The certificate is issued by the union conference where the candidate takes his/her first teaching position. Requirements for this certificate may be completed by taking additional courses along with the MA (DSLE) with the Bible Teacher Concentration. The Bible Teaching focus builds credit toward Denominational Certification but additional courses and a teaching practicum are required. More information about preparing to teach religion in Adventist schools is available from the University Certification Registrar in the School of Education.

## Campus Chaplaincy Concentration - 23

The Campus Chaplaincy Concentration is designed for those youth and young adult specialists who see themselves ministering as chaplains on either public or private campuses. This concentration has been approved for credentialing by the Adventist Chaplaincy Ministries of the North American Division of Seventh-day Adventists.

- 2 credits of DSLE 507 - Introduction to Chaplaincy Ministry **Credits:** 2
- 2 credits of DSLE 615 - Collaborative Ministry: School, Church, Community **Credits:** 2,3
- DSLE 620 - Scholarly and Professional Development **Credits:** 0
- 3 credits of DSLE 662 - Field Practicum: Professional **Credits:** 1-6
- DSLE 664 - Advanced Campus Ministry **Credits:** 3
- 2 credits of DSLE 669 - Reaching the Secular Mind **Credits:** 2,3
- PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3
- PATH 643 - Trauma & Advanced Crisis Intervention **Credits:** 2
- Electives: Choose 6 elective credits in consultation with advisor

### Additional Degree Requirements for Campus Chaplaincy Concentration

The Campus Chaplaincy concentration is awarded upon successful completion of a minimum of 48 semester credits with a cumulative GPA of 2.5 or better. A minimum of 24 semester credits are to be taken at the Theological Seminary or at an authorized extension center. The course work for the MA (Discipleship in Lifespan Education) is designed to be completed by full-time students in two years.

### Elective Courses

Students in the MA (DSLE) can utilize their elective credits to tailor a program to their specific ministry needs. They can take up to 6 credits in DSLE 690 - Independent Study.

### Transfer Credits

A maximum of 9 transfer graduate credits, when applicable, may be transferred into the MA (DSLE) program from other institutions or from other master's programs within the Seminary upon approval of the dean. Credits approved under the Credit Through Learning in Professional Experience provision (see below) are considered part of the maximum of 9 transfer credits.

### Credit Through Learning in Professional Experience

In place of DSRE 662 - Field Practicum: Professional, some students may be eligible to receive up to three credits for professional experience when approved by the dean, using the following criteria:

- Applicants must have completed at least 18 credits toward the MA degree with a minimum GPA of 2.50.
- The applicant must submit a Professional Experience Portfolio, including (1) an up-to-date curriculum vita, (2) a description of ministerial experiences, (3) a reflection-learning paper in which the applicant analyzes his/her professional skills and ministries and demonstrates how learning based on the reflection-reaction process occurred, and (4) supporting letters from administrative and pastoral supervisors which identify and document a variety of professional experiences.
- The applicant must submit the completed Professional Experience Portfolio to the program director and the Department of Discipleship and Lifespan Education no later than the semester prior to graduation. For details, contact the director of the MA (DSLE) program.

### Additional Information

Graduates of the Campus Chaplaincy Concentration receive calls for ministry. However, completion of the program does not guarantee employment in Adventist ministry or any other church employment.

Students who seek to serve in general pastoral or church leadership positions should consider, as an alternative, the Master of Divinity program as stipulated by North American Division policy (L 05 05 and L 05 15).

### CPE Unit

In addition to completing the 48-credit professional Discipleship in Lifespan Education with an emphasis in Campus Chaplaincy, an individual wishing to be employed as a campus chaplain should complete 1 unit of Clinical Pastoral Education (CPE) - Community Based Option (8 months). In international settings where CPE units are not available, supervised internship in campus ministry must be arranged in accordance with established curricula guidelines and with qualified mentoring.

## Family Life Education Concentration - 23

The Family Life Education concentration prepares students to engage in family education ministries both within the church and in other professional settings and to apply for certification as Family Life Educators by the National Council on Family Relations (NCFR). Advanced standing is generally not given for the Family Life Education concentration.

### Prerequisite Course:

GDPG 614 - Human Development **Credits:** 3

### Concentration Courses:

- 3 credits of DSLE 635 - Christian Perspectives on Professional Ethics **Credits:** 2,3
- DSLE 652 - Personal and Family Finance **Credits:** 3
- DSLE 655 - Families in Society **Credits:** 3
- 3 credits of DSLE 657 - Social Policy **Credits:** 2,3
- DSLE 658 - Internal Dynamics of Families **Credits:** 3
- DSLE 659 - Human Sexuality **Credits:** 3
- 2 credits of DSLE 662 - Field Practicum: Professional **Credits:** 1-6 (taken after completion of 24 credits)
- DSLE 679 - Parenting Education and Guidance **Credits:** 3

## Additional Degree Requirements for Family Life Education Concentration

The Family Life Education concentration is awarded upon successful completion of a minimum of 48 semester credits with a cumulative GPA of 2.5 or better. A minimum of 24 semester credits are to be taken at the Theological Seminary or at an authorized extension center. The course work for the MA (Discipleship in Lifespan Education) is designed to be completed by full-time students in two years.

### Elective Courses

Students in the MA (DSLE) can utilize their elective credits to tailor a program to their specific ministry needs. They can take up to 6 credits in DSLE 690 - Independent Study.

### Transfer Credits

A maximum of 9 transfer graduate credits, when applicable, may be transferred into the MA (DSLE) program from other institutions or from other master's programs within the Seminary upon approval of the dean. Credits approved under the Credit Through Learning in Professional Experience provision (see below) are considered part of the maximum of 9 transfer credits.

### Credit Through Learning in Professional Experience

In place of DSLE 662 - Field Practicum: Professional, some students may be eligible to receive up to three credits for professional experience when approved by the dean, using the following criteria:

- Applicants must have completed at least 18 credits toward the MA degree with a minimum GPA of 2.50.
- The applicant must submit a Professional Experience Portfolio, including (1) an up-to-date curriculum vita, (2) a description of ministerial experiences, (3) a reflection-learning paper in which the applicant analyzes his/her professional skills and ministries and demonstrates how learning based on the reflection-reaction process occurred, and (4) supporting letters from administrative and pastoral supervisors which identify and document a variety of professional experiences.
- The applicant must submit the completed Professional Experience Portfolio to the program director and the Department of Discipleship and Lifespan Education no later than the semester prior to graduation. For details, contact the director of the MA (DSLE) program.

### Additional Information

#### Family Life Certification

The Family Life Education focus will allow the student to obtain the NCFR certification. If student is not seeking NCFR certification, more credits toward the degree can be from Advanced Standing when applicable (up to a maximum of 9 credits only, as specified in the degree requirements section)

#### Certification in Family Life Education

While completion of the MA (Discipleship in Lifespan Education) with a concentration in Family Life Education does not of itself qualify an individual as a Certified Family Life Educator (CFLE) through NCFR, the courses offered through the MA (Discipleship in Lifespan Education) meet all of the requirements needed to apply for CFLE credentials. Applications must be made directly to NCFR within 5 years of completion of any courses that are submitted for CFLE certification, documenting that each course has been successfully completed in the 10 designated NCFR content areas (for provisional certification), and (for full certification) that a practicum has also been completed. The NCFR content areas, and corresponding program course acronyms are:

Families and Individuals in Societal Contexts: DSLE 655 - Families in Society

**Credits: 3**

Internal Dynamics of Families: DSLE 658 - Internal Dynamics of Families **Credits:**

3

Human Growth/Development across the Life Span: GDPC 614 - Human

Development **Credits: 3 (or equivalent\*)**

Interpersonal Relationships: DSLE 503 - Marriage, Family, and Interpersonal

Relationships **Credits: 2,3**

Family Resource Management: DSLE 652 - Personal and Family Finance **Credits:**

3

Parenting Education and Guidance:

DSLE 679 - Parenting Education and Guidance **Credits: 3**

Family Law and Public Policy: DSLE 657 - Social Policy **Credits: 2,3**

Professional Ethics and Practice: DSLE 635 - Christian Perspectives on

Professional Ethics **Credits: 2,3**

Family Life Education and Methodology: DSLE 610 - Teaching for Discipleship

**Credits: 2,3**

For further information, go to <https://www.ncfr.org/cfle-certification/become-certified/cfle-course-checklists-school>

\*A course that substitutes for GDPC 614 will require a syllabus to be submitted and to indicate whether the course was taken at the UG or Graduate level

## Religious Education Concentration - 25

The Religious Education Concentration is designed for students who see themselves as pursuing a PhD (Discipleship in Lifespan Education) or a similar doctoral degree. Since this concentration is designed to lead to a doctorate, it is academic in nature and, as such, requires that the student take courses in education and research as well as complete a comprehensive examination. This flexible concentration allows students to focus their studies on an area of interest that may prepare them for advanced doctoral study. Religious Education seeks to integrate biblical foundations and educational research in order to understand and facilitate the process of discipleship, the life-long journey of learning to follow Jesus and become more like Him.

### Concentration Courses - 10

3 credits of DSLE 605 - Foundations in Discipleship & Lifespan Education **Credits:** 2,3

2 credits of DSLE 606 - Philosophical Foundations for Professionals **Credits:** 2,3

DSLE 620 - Scholarly and Professional Development **Credits:** 0

2 credits of DSLE 681 - Field Practicum: Academic **Credits:** 1-6

3 credits of EDRM 505 - Research Methods **Credits:** 3 or GSEM 520 &nbsp;-

Methods in Biblical & Theological Research **Credits:** 2

GSEM 680 - Master's Comprehensive Exam **Credits:** 0

**Thesis Option:** additional 3 credits

GSEM 697 - Thesis for MA Degree **Credits:** 1-10

### Concentration Electives for Customization - 15

Choose from the following elective courses (other courses may be substituted in consultation with advisor):

DSLE 608 - Youth and Young Adults in Contemporary Culture **Credits:** 2,3

DSLE 619 - Religious Experience in Adolescence **Credits:** 2,3

DSLE 630 - Fostering Spiritual Growth **Credits:** 2,3

DSLE 636 - Discipling Youth **Credits:** 2,3

DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3

DSLE 658 - Internal Dynamics of Families **Credits:** 3

DSLE 659 - Human Sexuality **Credits:** 3

DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3

DSLE 679 - Parenting Education and Guidance **Credits:** 3

MSSN 546 - Mission in Cultural and Religious Context **Credits:** 3

MSSN 584 - Preparation for Cross-Cultural Workers **Credits:** 2-4

MSSN 615 - Anthropology for Mission and Ministry **Credits:** 2,3

### Additional Degree Requirements for Religious Education Concentration

Must maintain a minimum GPA of 3.00 in order to graduate. Courses with a grade below B- do not count toward the degree.

Degree Completion: Candidates for the Religious Education Concentration may exercise one of the following two options to complete their degree:

Comprehensive Examinations: Must pass comprehensive examinations arranged through the departmental administrative assistant. The one-day exams entail a three-hour morning session and a two-hour afternoon session.

Thesis: Prepare a thesis (minimum 3 credits). A two-member faculty committee guides the student in developing the project and evaluates the defense. Students who complete a thesis are exempt from writing comprehensive examinations but are required to make a portfolio presentation. The thesis may add 3 credits to the 48 credit degree requirements, making a total of 51 credits.

## Admission Requirements

Applicants to the MA (DSLE) program should read the general admission requirements of the Seventh-day Adventist Theological Seminary. Applicants to the Campus Chaplaincy, and Family Life Education Concentrations must also meet the qualifications listed below:

- Hold a baccalaureate degree
- Have a minimum GPA of 2.5
- Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church, and show promise of usefulness for ministry through personal maturity and adequate experience in the Church. (Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.)

- Submit an autobiographical history and statement of purpose reflecting the applicant's family, religious development, sense of calling to ministry, experience in church work, and future goals in relationship to the concentration to which they are applying.
- Interview with a representative of the MA (DSLE) program, if required, either by personal contact, telephone, or e-mail.
- Demonstrate a solid background in Old and New Testament knowledge through a department review of prior transcripts OR take OTST 500 Survey of the Old Testament and NTST 520 Introduction to the New Testament within the first year of enrollment.

Applicants to the Religious Education and Bible Teaching Concentrations are based on the student's meeting the general admission requirements for all graduate students as outlined in the School of Graduate Studies & Research, and the general Seminary admission requirements Seventh-day Adventist Theological Seminary. In addition, students must have earned a baccalaureate degree or equivalent and have a minimum GPA of 2.75 for admission. Official scores from the Graduate Record Examination (GRE) General Test taken within the last five years should be submitted to the Office of Graduate Enrollment Management.

#### English Language Requirement

For those applicants whose native language is not English, the following is required:

- TOEFL - score of 550 (paper based) or score of 85 (computer based with a minimum of 20 on each section: written, verbal and comprehension) and
- A personal interview with the program director or designee

Applicants who fail to meet any of the above may be admitted only after departmental consideration of the specific circumstances. Additional coursework in English may be required. A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

#### Criminal Background Check

- Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.
- Andrews University has selected the same company used by the North American Division-Sterling Volunteers (SV)- to administer their background checks. There is a standard fee charged by Sterling Volunteers for this service. (If you have previously completed a background check within the past three year through SV, please login to your SV profile and share your Background Check with Andrews University.)
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."

#### Policy for Applicants to MA in Discipleship and Lifespan Education Program Who Hold Degrees from Unaccredited Schools or Lack Baccalaureate Degrees

Purpose of this policy/protocol: To streamline the admission process and to create standardized admission requirements for students that hold degrees from unaccredited schools or lack baccalaureate degrees. As per 2020 ATS guidelines, and as part of the SDATS application process, the following procedure will be followed.

Applicants who hold degrees from unaccredited schools will submit the following:

- A 12 to 15-page research paper on a biblical/theological or education/teaching topic that demonstrates solid and academic-level research and writing skills.
- A resume documenting at least 3-years of teaching/education/ministry/pastoral leadership and work experience.
- A statement of purpose including the call to ministry showing authentic biblical spirituality.
- Three recommendations.
- Official transcripts showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.
- A petition letter from an education/church administrator (usually conference youth director of president/ministerial) requesting/endorsing the applicant's admission to the program.
- Interview: Applicants will be interviewed by one or two Admission Committee members or one of the Deans education/ministry, life experience, goals, and distinctive doctrines and theology.

In addition to all requirements above, applicants who lack baccalaureate degrees must also:

- Submit official transcripts showing the completion of a minimum of 60 undergraduate credits or an associate degree with a minimum 2.5 GPA.
- Additional Credits: For students accepted into the MA DSLE (Academic Concentrations) program, between 6 and 10 additional credits minimum (as per the recommendation of the MA DSLE director) are required.
- Be at least 35 years of age.
- If required, the applicant will be interviewed by the program director or the Seminary dean.

Students requesting consideration under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Master's Admissions Committee only those cases that fall outside of this policy/protocol.

## Additional Information

Students who seek to serve in general pastoral or church leadership positions should consider, as an alternative, the Master of Divinity program as stipulated by North American Division policy (L 05 05 and L 05 15).

#### CPE Unit

In addition to completing the 48-credit Campus Chaplaincy Concentration, an individual wishing to be employed as a campus chaplain should complete 1 unit of Clinical Pastoral Education (CPE) - Community Based Option (8 months). In international settings where CPE units are not available, supervised internship in campus ministry must be arranged in accordance with established curricula guidelines and with qualified mentoring.

#### Seminary Worship Attendance

Regular and punctual attendance is required at seminary worship and assemblies for faculty, staff, and students in residence, except students registered for 7 credits or fewer, and faculty who have assignments off-campus or are on an approved research term. Student requests to be excused from this requirement should be addressed to the dean's office in writing. Regular worship attendance is a graduation requirement for students in residence. For further details, please refer to the "Seminary Worship Attendance Policy" under Student Life at the Seminary website, [www.andrews.edu/sem/studentresources](http://www.andrews.edu/sem/studentresources).

## Program Learning Outcomes

PLO1: Demonstrate competence at an advanced level in critical thinking, training and education, teamwork, and engaging diverse perspectives related to discipleship across the lifespan. (*Transferrable Skills*, GIO 1)

PLO2: Achieve a comprehensive and critically-aware knowledge of methods of discipleship and practices with appropriate specializations in youth and young adult ministry, family life education, campus chaplaincy, religious education, and Bible teaching. (*Knowledge*, GIO 2)

PLO3: Critique from a Seventh-day Adventist perspective key ideas, techniques, or methods in the field of discipleship in lifespan education. (*Faith Development*, GIO 3)

PLO4: Be prepared to train leaders at all levels of the church in diverse settings and communities using advanced skills and knowledge of discipleship across the lifespan in a manner consistent with both professional and Seventh-day Adventist Christian thought and practice. (*Faith Integration*, GIO 4)

## Divinity MDiv

E-mail: [mdiv@andrews.edu](mailto:mdiv@andrews.edu)

The Master of Divinity (MDiv) is a 78-credit professional program strongly recommended as the graduate training for Adventist ministry by the General Conference of Seventh-day Adventists and the North American Division. It requires two and a half years of full-time study (including summers) for full-time students. Additional semesters may be required for students lacking prerequisites (including biblical languages), or for those who take less than 14 credits in the Fall and Spring semesters, and 12 during the summer.

#### Concentration Options

Students may - if desired - select one of the MDiv concentrations:

- Chaplaincy
- Marriage and Family Life Ministry
- Urban Ministry
- Youth and Young Adult Ministry

#### MDiv Dual Degree Options

The MDiv may also be taken in conjunction with one of the following dual degree options:

- Divinity/Community and International Development Dual Degree MDiv/MSCID
- Divinity/Healthcare Administration Dual Degree MDiv/MHA
- Divinity/Public Health Dual Degree MDiv/MPH
- Divinity/Social Work Dual Degree MDiv/MSW

#### Mission

In harmony with the mission and core values of the Seventh-day Adventist Theological Seminary, the Master of Divinity degree equips called, committed men and women with practical biblical, theological, and ministerial knowledge and skills to prepare them for Christlike service as leaders and equippers.

#### Vision

We envision the Master of Divinity community as a relationally healthy and diverse family focused on developing balanced and spiritually mature ministry leaders who are committed to equipping people in accomplishing God's mission and the prophetic calling of the Seventh-day Adventist Church.

## Prerequisites

Students who enter the Master of Divinity program who have not previously taken a Religion or Theology degree at the undergraduate level must fulfill the following prerequisites, all of which may be taken either at the Seventh-day Adventist Theological Seminary or at the undergraduate level. Each student's transcript will be evaluated to ensure the completion of all required prerequisite courses.

Current Greek and Biblical Hebrew language intermediate level proficiency must be demonstrated by passing placement exams or by passing both the beginning and intermediate level classes of each language at the Seminary.

At least 3 credits of combined Christian Church History taken at the undergraduate level will satisfy this prerequisite. Otherwise, students will take CHIS 506 and CHIS 507 as needed.

2 credits of CHIS 506 - Church History to 1500 **Credits:** 2,3

2 credits of CHIS 507 - Church History 1500 to Present **Credits:** 2,3

At least 3 credits of combined Adventist history and Life & Writings of Ellen G. White.

1.5 credits of CHIS 570 - History of the Seventh-day Adventist Church **Credits:** 1.5,2

1.5 credits of CHIS 571 - The Life and Writings of Ellen G. White **Credits:** 1.5,2

NTST 520 - Introduction to the New Testament **Credits:** 2

NTST 530 - Introduction to Revelation **Credits:** 2

OR

NTST 539 - Studies in Revelation **Credits:** 2,3

The Revelation requirement is a prerequisite and may be met in the following ways:

If the student has taken an undergraduate Revelation course in the last 10 years at an institution whose syllabus has been approved by the Seminary, then they will not be required to meet the Revelation requirement in the Seminary. Students may submit a syllabus for evaluation if their undergraduate school is not on the list of approved schools. If approved, their school will be added to the list, and their requirement will be waived.

Students who **have not taken** an undergraduate Revelation course, or whose **undergraduate courses do not qualify**, must take one of the following courses:

NTST530 Intro to Revelation

NTST539 Studies in Revelation (online)

If a student's undergraduate course is more than 10 years old or if their undergraduate syllabus is denied by the NTST department, they may take **NTST 648 Revelation** to fulfill their Revelation prerequisite. By so doing, they fulfill the Revelation prerequisite as well as the core New Testament exegesis requirement.

2 credits of NTST 551 - Beginning Greek **Credits:** 0,2 (Passed at C- or higher or score 45% or higher on the Greek Placement Exam - May, August)

3 credits of NTST 552 - Intermediate Greek **Credits:** 0,3 (Passed at C or higher or score 60% or higher on the Greek Placement Exam - May, August)

**NOTE:** Any student who wishes to take a biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

2 credits of OTST 500 - Survey of the Old Testament **Credits:** 2,3

3 credits of OTST 551 - Biblical Hebrew I **Credits:** 0,3 (Passed at a minimum of C+ or score 75% or higher on the Beginner Hebrew Placement Exam - May, August)

2 credits of OTST 552 - Biblical Hebrew II **Credits:** 0,2,3 (Passed at a minimum of C+ or score 75% or higher on the Intermediate Hebrew Placement Exam - May, August)

**NOTE:** Any student who wishes to take a Biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

2 credits of OTST 565 - Survey of the Pentateuch **Credits:** 2,3

2 credits of PATH 505 - Biblical Preaching **Credits:** 2

2 credits of PATH 536 - Personal Evangelistic Ministry **Credits:** 2,3

2 credits of PATH 552 - Foundations of Pastoral Ministry **Credits:** 2

**NOTE:** Students who have passed a basic course in pastoral ministry from an accredited Seventh-day Adventist undergraduate institution, or who have been Conference-employed as pastors for two years or more will be exempted from PATH 552, provided their hiring/sponsoring organization can provide proof of at least two years of pastoral employment via their service record. Exemptions to this rule will be granted on a case by case basis as determined by the Practical and Applied Theology (PATH) Department Chairperson.

3 credits of THST 521 - Christian Theology I **Credits:** 2,3

3 credits of THST 522 - Christian Theology II **Credits:** 2,3

## Total Credits - 78

### Interdisciplinary - 5

GSEM 505 - Colloquium: \_\_\_\_\_ **Credits:** 0

**Brief (4.5 hour) colloquia on a variety of ministry topics will be offered each semester for MDiv students.**

Full-time (9 credits or more) students must attend at least one colloquia session per Fall/Spring semester that they are in the MDiv program.

2 credits of GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3

3 credits of GSEM 628 - Great Controversy, Covenant, Law, and Sabbath **Credits:** 2,3

### Church History - 7

2 credits of CHIS 624 - Issues in Ellen G. White Studies **Credits:** 2,3

3 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3

### Choose one of the following courses (CHIS list) for 2 credits:

CHIS 600 - The Early Church to A.D. 604 **Credits:** 2,3

CHIS 609 - The Church in the Middle Ages **Credits:** 2,3

CHIS 620 - Seminar in Christian Biography **Credits:** 2,3

CHIS 625 - Seminar in Church-State Thought **Credits:** 2,3

CHIS 629 - History of Christian Spirituality **Credits:** 2,3

CHIS 630 - History of Jewish Experience **Credits:** 2,3

CHIS 634 - Reformation Theology **Credits:** 2,3

CHIS 635 - History of the African American Churches **Credits:** 2,3

CHIS 640 - Reformation: \_\_\_\_\_ **Credits:** 2,3

CHIS 650 - English Reformation and Rise of Puritanism **Credits:** 2,3

CHIS 654 - Seminar in English Reformation and Puritan Theology **Credits:** 3

CHIS 655 - Wesley and Methodism **Credits:** 2,3

CHIS 657 - Seminar in Reformation Theology **Credits:** 3

CHIS 659 - Seminar in the History of Selected Christian Doctrines **Credits:** 3

CHIS 660 - History of Religion in America **Credits:** 2,3

CHIS 664 - History of American Religious Thought **Credits:** 2,3

CHIS 665 - Modern Church History **Credits:** 2,3

CHIS 668 - History of Religious Liberty **Credits:** 2,3

CHIS 670 - Seminar in History of the Seventh-day Adventist Church **Credits:** 2,3

CHIS 673 - Development of Seventh-day Adventist Lifestyle **Credits: 2,3**  
CHIS 675 - Seminar in the Development of Seventh-day Adventist Lifestyle **Credits: 2,3**  
CHIS 680 - History of Sabbath and Sunday **Credits: 2,3**  
CHIS 682 - Seminar in Church History **Credits: 3**  
CHIS 683 - The Pastor, Church and Civil Law **Credits: 2, 3**  
CHIS 684 - Seminar in History of Sabbath and Sunday **Credits: 3**  
CHIS 685 - Studies in Church History **Credits: 2,3**  
CHIS 686 - Development of Prophetic Interpretation **Credits: 2,3**  
CHIS 687 - Seminar in Development of Prophetic Interpretation **Credits: 2,3**  
CHIS 688 - Contemporary Trends **Credits: 2,3**  
CHIS 689 - History of Worship and Liturgy **Credits: 2, 3**  
CHIS 690 - Independent Study **Credits: 1-3**

#### **Discipleship and Lifespan Education - 9**

3 credits of DSLE 541 - Foundations of Biblical Spirituality **Credits: 2,3** (Must be taken first semester in Program.) (MDiv/MHA Dual Degree students: this course replaces HCAD 646 Integration of Spirituality in Health Care)  
2 credits of DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits: 2,3** (MDiv/MSW Dual Degree students must replace this course with SOWK 501)  
2 credits of DSLE 534 - Ministry to Youth and Young Adults **Credits: 2,3**  
2 credits of DSLE 615 - Collaborative Ministry: School, Church, Community **Credits: 2,3**

#### **New Testament - 8**

**Choose one of the following New Testament Exegesis courses for 3 credits (NTST List A)**

**- Intermediate Greek proficiency required:**

NTST 645 - Hebrews **Credits: 2,3**  
NTST 646 - Topics in New Testament Exegesis **Credits: 2,3**  
NTST 648 - Revelation **Credits: 2,3**  
NTST 653 - Advanced Studies in the General Epistles **Credits: 2,3**  
NTST 655 - Advanced Studies in the Gospels **Credits: 2,3**  
NTST 658 - Advanced Studies in the Pauline Writings **Credits: 2,3**  
NTST 678 - Seminar in Greek Exegesis **Credits: 2,3**

**Choose one of the following New Testament Theology courses for 3 credits (NTST List B)**

**- Intermediate Greek proficiency required:**

NTST 613 - Love, Marriage and Divorce **Credits: 2,3**  
NTST 614 - Suffering, Death and Resurrection **Credits: 2,3**  
NTST 616 - Theology of Luke-Acts **Credits: 2,3**  
NTST 623 - New Testament Theology of Prayer **Credits: 2,3**  
NTST 627 - New Testament Theology of Salvation **Credits: 2,3**  
NTST 628 - The Holy Spirit in the New Testament **Credits: 2,3**  
NTST 629 - New Testament Ecclesiology **Credits: 2,3**  
NTST 630 - Theology of the Synoptic Gospels **Credits: 2,3**  
NTST 633 - Social Issues in the New Testament **Credits: 2,3**  
NTST 634 - Theology of the Pauline Epistles **Credits: 2,3**  
NTST 641 - Theology of the Johannine Writings **Credits: 2,3**  
NTST 647 - Eschatology **Credits: 2,3**  
NTST 667 - Topics in New Testament Theology **Credits: 2,3**  
NTST 668 - New Testament Ethics **Credits: 2,3**  
NTST 676 - Jesus in Recent Scholarship **Credits: 2,3**  
NTST 679 - Seminar in New Testament Theology and Ethics **Credits: 2,3**

**Choose one of the following New Testament Background courses for 2 credits (NTST List C)**

**- Intermediate Greek proficiency required:**

NTST 515 - New Testament Backgrounds **Credits: 2,3**  
NTST 606 - New Testament Textual Criticism and Canon Formation **Credits: 2,3**  
NTST 615 - New Testament Archaeology **Credits: 2,3**  
NTST 626 - Seminar in Classical Jewish Literature **Credits: 2,3**  
NTST 635 - Intertestamental Literature **Credits: 2,3**  
NTST 636 - Jerusalem in the Time of Jesus **Credits: 2,3**  
NTST 654 - Second Century Christianity **Credits: 2,3**  
NTST 680 - Greco-Roman World **Credits: 2,3**  
NTST 684 - Judaism and the New Testament **Credits: 2,3**  
NTST 689 - Seminar in New Testament Backgrounds **Credits: 2,3**  
NTST 695 - Topics in New Testament Backgrounds **Credits: 2,3**

#### **Old Testament - 8**

2 credits of OTST 674 - Daniel **Credits: 2,3**

**Choose one of the following Old Testament Exegesis courses for 2 credits (OTST List A)**

**- Intermediate Hebrew proficiency required:**

OTST 625 - Biblical Hebrew III **Credits: 3** (MDiv students must make arrangements with the professor if they wish to use OTST625 as an OT Exegesis course. An exegetical paper will be required. This course is offered strictly as 3 credits.)

OTST 628 - Methods of OT Exegesis **Credits: 2,3**  
OTST 639 - Studies in Old Testament Exegesis **Credits: 2,3**  
OTST 664 - Pentateuch **Credits: 2,3**  
OTST 666 - Historical Books **Credits: 2,3**  
OTST 668 - Psalms/Wisdom Literature **Credits: 2,3**  
OTST 675 - Minor Prophets **Credits: 2,3**  
OTST 680 - Seminar in Old Testament Exegesis **Credits: 2,3**  
OTST 686 - Major Prophets **Credits: 2,3**

**Choose one of the following Old Testament Theology courses for 2 credits (OTST List B) - Intermediate Hebrew proficiency required:**

OTST 619 - Theology of the Old Testament **Credits: 2,3**  
OTST 620 - Seminar in Old Testament Theology **Credits: 2,3**  
OTST 627 - Jewish Life and Thought **Credits: 2,3**  
OTST 685 - Principles of Hermeneutics **Credits: 2,3**

**Choose one of the following archaeology courses:**

2 credits of OTST 510 - Archaeology and the Bible **Credits: 2,3**  
or

**Students who have taken an undergraduate course in biblical archaeology may replace OTST 510 with a 2-credit advanced archaeology course from the following list (OTST List C):**

ANEA 615 - Seminar in Archaeology and History of Antiquity **Credits: 2,3**  
NTST 615 - New Testament Archaeology **Credits: 2,3**  
OTST 604 - History of the Ancient Near East **Credits: 2,3**  
OTST 635 - History of Israel **Credits: 2,3**

#### **Practical and Applied Theology - 19**

2 credits of PATH 523 - Worship: Word and Music **Credits: 2,3**  
PATH 539 - Church Growth and the Equipping Leader **Credits: 3**  
2 credits of PATH 543 - Christian Leadership in a Changing World **Credits: 2,3** (MDiv/MHA Dual Degree students: this course may fulfill MHA Core Elective)  
2 credits of PATH 555 - Pastoral Counseling **Credits: 2,3** (MDiv/MSW Dual Degree Students must replace this course with SOWK 601)  
PATH 560 - Advanced Ministerial Development **Credits: 2** (AMD for Dual Degree **Students:** If student is in a dual degree, they may substitute this course with the appropriate practicum course in their corresponding dual degree. MDiv/MSW Dual Degree students must take SOWK 510 . MDiv/MSCID students may take AMD or CIDS 680.) (Urban Context required for Urban Ministry Concentration students)  
3 credits of PATH 562 - Field Evangelism **Credits: 3-6** (Urban Context required for Urban Ministry Concentration students)  
PATH 567 - Health & Lifestyle Transformation **Credits: 1** (MDiv/MPH Dual Degree students, replace this course with FDNT 520 - Vegetarian Nutrition and Disease Prevention **Credits: 3**)

**Choose one of the following Advanced Preaching courses (PATH list) for 2 credits:**

PATH 600 - Preaching from the New Testament **Credits: 2,3**  
PATH 601 - Preaching Biblical Prophecies **Credits: 2,3**  
PATH 603 - Evangelistic Preaching **Credits: 2,3**  
PATH 607 - Preaching from the Old Testament **Credits: 2,3**  
PATH 609 - Media Ministry **Credits: 2,3**  
PATH 627 - Black Preaching **Credits: 2,3**  
PATH 632 - Contextualized Preaching: \_\_\_\_\_ **Credits: 2,3**  
PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial required for Urban Ministry Concentration PATH 632 Contextualized Preaching: Youth required for Youth and Young Adult Ministry concentration.  
PATH 633 - Preaching the OT/NT for Maximum Impact **Credits: 2,3**  
PATH 634 - Field Evangelistic Preaching & Practicum **Credits: 2,3**  
PATH 637 - Seminar in Preaching **Credits: 2,3**

**Choose one of the following NADEI courses (NADEI list) for 2 credits:**

PATH 604 - Mobilizing for Evangelistic Ministry **Credits: 2,3**  
PATH 606 - Mission-Shaped Church Planting **Credits: 2,3**  
PATH 656 - Evangelistic Small Groups **Credits: 2,3**

#### **Theology - 13**

3 credits of THST 611 - Revelation, Inspiration and Hermeneutics **Credits: 2,3**  
2 credits of THST 635 - Issues in Origins **Credits: 2,3**

**Choose one of the following Systematic Theology courses for 3 credits (THST List A):**

- THST 615 - Doctrine of the Church **Credits:** 2,3  
THST 616 - Doctrine of God **Credits:** 2,3  
THST 617 - The Works of God **Credits:** 2,3  
THST 618 - The Works of Christ **Credits:** 2,3  
THST 619 - Principles and Methods of Theology **Credits:** 2,3  
THST 630 - Doctrine of Christ **Credits:** 2,3  
THST 637 - Biblical Eschatology **Credits:** 2,3  
THST 639 - Doctrine of the Holy Spirit **Credits:** 2,3  
THST 640 - Doctrine of Salvation **Credits:** 2,3  
THST 647 - Human Nature and Destiny **Credits:** 2,3  
THST 649 - Seminar in Theological  
Issues: \_\_\_\_\_ **Credits:** 2,3  
THST 678 - Science and Religion **Credits:** 2,3

**Choose one of the following Historical Theology courses for 2 credits (THST List B):**

- THST 623 - Contemporary Adventist Theological Issues **Credits:** 2,3  
THST 624 - Protestant Theological Heritage **Credits:** 2,3  
THST 625 - Early Christian Theology **Credits:** 2,3  
THST 626 - Modern Christian Theology **Credits:** 2,3  
THST 627 - Roman Catholic Life & Thought **Credits:** 2,3  
THST 628 - Contemporary Theology **Credits:** 2,3  
THST 629 - History and Theology of Ecumenism **Credits:** 2,3  
THST 656 - Seminar in Historical  
Theology: \_\_\_\_\_ **Credits:** 2,3  
THST 667 - Postmodernism and the Church **Credits:** 2,3  
THST 676 - History of Philosophy **Credits:** 2,3

**Choose one of the following Ethics courses:**

- 3 credits of THST 605 - Principles of Christian Ethics **Credits:** 2,3

or

**Students who have taken an undergraduate course in Ethics may replace THST 605**

**with a 3-credit advanced ethics course from the following list (THST List C):**

- THST 622 - Foundations of Philosophical Ethics **Credits:** 3  
THST 633 - Ethics and the Good Life **Credits:** 2,3  
THST 634 - Christian Social Ethics **Credits:** 2,3  
THST 643 - Christian Professional Ethics **Credits:** 2,3 (MDiv/MSW Dual Degree  
students must replace this course with SOWK 515)  
THST 644 - Theological Ethics **Credits:** 2,3  
THST 659 - Seminar in Philosophy, Theology, and  
Ethics: \_\_\_\_\_ **Credits:** 2,3  
THST 660 - Church and Society **Credits:** 2,3  
PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3

**World Mission - 6**

- MSSN 546 - Mission in Cultural and Religious Context **Credits:** 3

**Choose one of the following Mission courses for 3 credits (MSSN List):** (NOTE: MSSN 546 is prerequisite to all other Mission courses.)

- MSSN 505 - Christian Responses to Human Needs **Credits:** 2,3  
MSSN 561 - Christian Witness and World Religions **Credits:** 3  
MSSN 610 - Theology of Mission **Credits:** 3  
MSSN 615 - Anthropology for Mission and Ministry **Credits:** 2,3  
MSSN 618 - Mission to the Cities **Credits:** 3  
MSSN 630 - Cross-Cultural Leadership Development **Credits:** 2,3  
MSSN 632 - Diversity, Cultural Intelligence, and Leadership **Credits:** 2,3  
MSSN 635 - Contemporary Issues in Mission **Credits:** 2,3  
MSSN 660 - Witnessing to People of Another Religion **Credits:** 2,3  
MSSN 676 - History of Christian Mission **Credits:** 2,3  
MSSN 685 - Strategies for World Mission **Credits:** 2,3  
MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6

**General Electives - 3**

- Students will take 3 credits of general electives.
- Electives may not be used to satisfy prerequisites and/or deficiencies.
- Up to 3 credits in relevant courses offered by other schools of the university on the graduate level may be included in the general electives, including up to 3 appropriate workshop credits.
- Transfer credit petitions from other schools/colleges within Andrews University or from any other University must be done in consultation with the MDiv Office.

**Thesis Option**

Students anticipating academic doctoral studies after the completion of their MDiv program are advised to undertake the thesis option as some academic institutions require a master's-level thesis for entry into doctoral programs.

The thesis counts as 6 general elective credits allowed for the MDiv degree. Students should register for 2 or more thesis credits per term for at least two semesters. Therefore, initial registration for a thesis must be no later than two semesters prior to graduation. Students electing to write an MDiv thesis must apply to the director of the program and must (1) demonstrate superior scholarship over a minimum of two consecutive semesters, normally with a GPA of 3.50 or above; (2) take Research Methods before the thesis is started; and (3) submit a paper of superior quality before permission is granted by the director to begin writing the thesis. The student is guided in thesis preparation by a three-member committee appointed by the director in consultation with the student and department chair in which the subject of the thesis is chosen. The chair of this committee serves as the thesis advisor.

The format of the thesis must conform strictly to the Andrews University Standards for Written Work. Students are strongly urged to consult the dissertation secretary before formatting and printing a thesis.

At least six weeks before graduation, the committee-approved draft of the thesis should be submitted to the dissertation secretary. After appropriate changes have been made, the corrected copy should be submitted at least four weeks before graduation to the dissertation secretary for approval. Copying on non-acid paper should be completed at least two weeks before graduation. Three copies of the thesis, including a 150-word abstract and an approval sheet, must be submitted to the dissertation secretary. The abstract should contain a short statement of the problem examined, a brief exposition of methods and procedures, and a condensed summary of the findings.

Students obtain a Thesis Completion Form from the dissertation secretary. They must take the form to the Academic Records Office no later than noon on Friday, a week preceding graduation. A fee is charged by the university for binding the three copies of the thesis, two of which are deposited in the library and one in the department in which the student earns the degree.

Students who do not adhere strictly to the deadlines noted above will have their graduation postponed. Thesis candidates must pass an oral examination no later than two weeks before graduation. The candidate is expected to demonstrate mastery of the thesis topic.

**Concentrations**

**Note:** Dual degree students who choose to complete a concentration will increase their total credits required by 12.

**Chaplaincy Concentration - 12**

Chaplaincy is a highly qualified and dynamic expression of ministry based on the Bible and supported by the Seventh-day Adventist Church. The chaplaincy concentration provides the basic training and preparation for service beyond the church borders in various chaplaincy ministries, such as in healthcare, military, campus, prison, police and fire departments, community, and corporate settings. It also prepares pastors and church leaders to advance in their caregiving and empathic ministry skills for an immediate impact in the church and the surrounding communities.

PATH 507 - Introduction to Chaplaincy Ministry **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

PATH 516 - Death & Grief in Contemporary Society **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3 (**Prerequisite:** Undergraduate Ethics course or THST 605)

PATH 643 - Trauma & Advanced Crisis Intervention **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

3 Credits of Clinical Pastoral Education taken in one of the following courses: PATH 554 - Clinical Pastoral Education (CPE) **Credits:** 3-8  
Students taking CPE at the CPE Seminary Chaplaincy Study Center must register for PATH 554 Clinical Pastoral Education for 3 credits (with the possibility of up to 8 credits). Credits / Units: 3

OR

PATH 557 - Practicum in Clinical Pastoral Education (CPE): \_\_\_\_\_  
**Credits:** 2-8 (MDiv/MHA Dual Degree students: Taking 3 credits of PATH 554 or PATH 557 may reduce required credits and hours for HCAD 670)

If a student wishes to receive CPE credit for units already earned, a per-credit recording fee is charged by the university for PATH 557 Practicum in Clinical Pastoral Education (CPE), or PATH 641 Practicum in Military Chaplaincy. (Application form is available in the PATH office.) If a student wishes to register for their CPE units concurrently with other full semester courses, the registration will be part of their MDiv load, and there will be no recording fee assessed.

Students doing Military Chaplaincy can take PATH 641 Practicum in Military Chaplaincy instead of or in addition to PATH 554 or PATH 557.

**Marriage and Family Life Ministry Concentration - 12**

Healthy, spirit-filled marriages and families are the backbone of Christian life and most clearly reflect the character of Christ in our churches and in the world. When marriages and families are broken, our churches suffer. The Concentration on Marriage and Family Life Ministry is designed to prepare MDiv students to equip their churches to be vibrant and healthy in the way they foster relationships in their individual families as well as in church and the community. Students who take this concentration will be better equipped to educate their congregations in areas of family life. They will also be better prepared to address the family issues that will come to them for counseling. Pastors with these courses will be able to create healthy churches and more positively impact their communities for Christ.

In addition to the core MDiv requirement DSLE 503 - Marriage, Family, and Interpersonal Relationships for 2 credits, students who choose this concentration will take 12 credits in the following courses:

**Choose one of the following courses:**

3 credits of DSLE 635 - Christian Perspectives on Professional Ethics **Credits:** 2,3  
DSLE 659 - Human Sexuality **Credits:** 3

**Choose one of the following courses:**

DSLE 655 - Families in Society **Credits:** 3  
DSLE 658 - Internal Dynamics of Families **Credits:** 3

**Choose one of the following courses:**

3 credits of DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3  
DSLE 679 - Parenting Education and Guidance **Credits:** 3

**Choose one 3-credit course from the following:**

DSLE 610 - Teaching for Discipleship **Credits:** 2,3  
DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3  
DSLE 651 - Foundations of Biblical Counseling **Credits:** 2,3  
DSLE 652 - Personal and Family Finance **Credits:** 3  
DSLE 657 - Social Policy **Credits:** 2,3

**Urban Ministry Concentration - 18**

The Urban Ministry concentration is designed for students who want to learn how to make a decisive impact in the cities and to be prepared for the specific challenges of mission and ministry in the urban context.

**Online Delivery:** The Urban Ministry concentration is available online with some interactive online courses offered synchronously (via Zoom), and some interactive online courses are offered asynchronously (see Global Campus definitions). Due to grant funding, this online delivery is limited only to select students with special permission.

**MDiv Core Requirements - Contextualized to the Urban Ministry Concentration**

It is suggested that the student take the following topics or contexts to fulfill the core requirements in the main body of the MDiv Program.

PATH 560 - Advanced Ministerial Development **Credits:** 2 (Urban Context)  
PATH 562 - Field Evangelism **Credits:** 3-6 (with an Urban Context)

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial in fulfillment of the requirement for an Advanced Preaching Core Elective (PATH list).

PATH 632 - Contextualized Preaching: \_\_\_\_\_ **Credits:** 2,3  
(with an Urban Context)

Take the following MSSN Core elective:

MSSN 618 - Mission to the Cities **Credits:** 3

**Concentration Courses**

3 credits of MSSN 625 - Creating Collective Impact and Project Management **Credits:** 2,3

3 credits of MSSN 632 - Diversity, Cultural Intelligence, and Leadership **Credits:** 2,3

3 credits of MSSN 644 - Ministry of Reconciliation through Social Innovation **Credits:** 2,3

MSSN 667 - Urban Ministry Project **Credits:** 3

One credit of MSSN 655 - ICISF Certification for Crisis Intervention **Credits:** 1

3 credits of PATH 554 - Clinical Pastoral Education (CPE) **Credits:** 3-8 (with an Urban Context)

Choose one of the following:

DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3

DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3

DSLE 669 - Reaching the Secular Mind **Credits:** 2,3

MSSN 645 - Ministry among Immigrants **Credits:** 2,3

MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6 (Reaching Post-Moderns)

PATH 553 - The Church and Social Issues **Credits:** 2,3

**Youth and Young Adult Ministry Concentration - 12**

A Youth and Young Adult Ministry (YYAM) Concentration is available for students wishing to gain specialized skills and knowledge for service in pastoral and administrative leadership to address the needs of youth and young adults. The MDiv with the YYAM Concentration requires a total of 84 credits.

In addition to the core MDiv requirement DSLE 534 - Ministry to Youth and Young Adults for 2 credits, students who choose this concentration will take 12 credits in the following courses:

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Youth in fulfillment of the Christian Ministry requirement for an Advanced Preaching Core Elective (PATH list).

2 credits of DSLE 564 - Discipling Young Adults **Credits:** 2,3

2 credits of DSLE 607 - Intergenerational Ministry **Credits:** 2

2 credits of DSLE 608 - Youth and Young Adults in Contemporary Culture **Credits:** 2,3

2 credits of DSLE 636 - Discipling Youth **Credits:** 2,3

2 credits of DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3

**Choose at least 2 credits from the following courses:**

DSLE 610 - Teaching for Discipleship **Credits:** 2,3

DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3

DSLE 630 - Fostering Spiritual Growth **Credits:** 2,3

DSLE 651 - Foundations of Biblical Counseling **Credits:** 2,3

DSLE 664 - Advanced Campus Ministry **Credits:** 3 \*

DSLE 669 - Reaching the Secular Mind **Credits:** 2,3

DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3

\*Students wishing to pursue campus chaplaincy should register for DSLE 664 Advanced Campus Ministry as their choice of core elective.

**Additional Requirements**

MDiv students must meet the following requirements in addition to those required of all graduate students:

- Complete the MDiv curriculum of at least 78 credits. Students lacking adequate undergraduate preparation will be required to complete additional prerequisite credits. The additional credits required are based on individual academic evaluation.
- MDiv students taking 9 credits or more are required to attend at least 1 colloquium per semester during their stay at Andrews.
- Maintain a GPA of 2.75 or above.
- Meet the qualitative standards of the MDiv program.
- No U (Unsatisfactory) grade or any grade below C- will count towards the MDiv degree.

**Academic Probation**

MDiv students whose cumulative GPA falls below 2.75 will be placed on academic probation and will have their course load reduced to no more than 10 semester credits. MDiv students whose cumulative GPA remains below 2.75 for a second consecutive semester will be required to meet with the MDiv program director and will enter into a probation contract, have regular meetings with their academic advisor, and fulfill other requirements as needed. Following that, should their GPA not improve, they may be asked to withdraw from the program.

When an incomplete or Deferred Grade has not been cleared by the end of the following semester, the student's course load must be reduced as follows:

One Incomplete/DGs—no reduction

Two Incompletes/DGs—may register for no more than 10 credits

Three Incompletes/DGs—may register for no more than 9 credits

With more than three I/DGs, the student must cease taking classes until the Incompletes/DGs are cleared.

**Evaluation of Students**

Since the MDiv program prepares individuals for professional and pastoral leadership, periodic assessments are made of the students by the faculty in areas other than academic standing. Areas reviewed are students' spiritual growth,

lifestyle reflective of the beliefs and practices of the Seventh-day Adventist Church, social/family relations, and developing potential for ministry. As a result of these assessments, students are affirmed in the MDiv program, advised of needed adjustments, or discontinued from the program.

## Readiness for Ministry

The MDiv program is dedicated to preparing every graduate for success in ministry. Godly and effective practice of ministry requires not only intellectual readiness, but also spiritual, physical, emotional, and social maturity. The MDiv Readiness for Ministry process helps seminarians evaluate their ministerial gifting and calling, discover and address strengths and weaknesses, and identify and pursue avenues of ministry appropriate to their giftedness. The program includes small-group mentoring as well as periodic assessments of the seminarian's readiness for ministry, by the faculty, staff, and ministry supervisors.

Areas to be reviewed include spiritual commitment, character, social and relational skills, and general aptitude for ministry. On the basis of these assessments, the seminarian and his/her mentor will, at a minimum, receive feedback in the middle of their first year, and again shortly before graduation. If a significant issue arises that, at the discretion of the Seminary, seriously impairs the seminarian's potential for ministry, appropriate action will be taken. This may include: referring the seminarian to the program director for guidance, remediation, and/or other appropriate action, counsel regarding alternate programs of ministry within the University or elsewhere, or dismissing the seminarian from the MDiv program. As part of the admissions process, every MDiv applicant is required to sign an agreement to participate in this process. This agreement includes permission, which seminarians can withdraw later in the program, to share the final readiness for ministry profile available with prospective employers.

## Maintaining Active Status

**Residency Requirements:** Students must maintain active status by enrolling for at least two semesters within one academic year. When this fails to happen, the student must follow the bulletin in force at the time active status is reestablished.

Following an absence of two years or more, a student's previous admission status will have lapsed and the student will need to reapply to the program.

## Additional Information

### Hybrid Course Delivery Options

MDiv students may take a portion of their degree credits off-campus as advised by the MDiv office. The Hybrid delivery method utilizes various delivery methods to assist students in completing their MDiv degree. These options include:

- Interactive online asynchronous classes offered by the Seminary. (see Global Campus definitions).
- Dual mode (by zoom) synchronous classes.
- One week intensives at seminary extension sites in Unions throughout the United States and Canada (offered by the MA Pastoral Ministry English track). Certain classes in the MAPM program cannot be used by MDiv students. Advising is necessary prior to registration.
- Summer Session intensive courses on the main Andrews University campus
- Full semester, on-campus courses

For financial information regarding hybrid studies, please click here.

Students interested in the Hybrid delivery method must obtain approval and instructions on specific class options, costs and how to sign up for this option from the MDiv program office before beginning off-campus studies.

### Transferred and Earned Credit Term Limits

All course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree.

### Transferring Credits to the MDiv Program

Provided the content of the courses is assessed as comparable to the curriculum of the Andrews University Master of Divinity program, students intending to transfer credits into the Master of Divinity Program should be aware of the following policies:

- Transfer requests must be made by the student within the first two semesters of the student's MDiv studies.
- Transfer credits are granted only for courses in which the grade is B or higher.
- For each course being requested in transfer, a course syllabus must be obtained and presented to the MDiv Program office, preferably in electronic format, and in English.

- An official transcript from the school being transferred from must have been sent to Andrews University, and be in the student's record.
- A student may transfer a maximum of 39 credits (graduate level) from an uncompleted graduate-level program.
- Up to 24 credits (graduate level) may be transferred to the Master of Divinity program from a completed master's-level degree.
- At least 39 credits must be taken in residence.

### MDiv Core Course Replacement Policy

MDiv core courses provide graduate level understanding considered by the seminary and the church to be essential for the pastor. Occasionally, an MDiv student may have already taken as part of their undergraduate degree, in addition to the required prerequisites for the MDiv program, an advanced college course in which they mastered the learning outcomes for the course at a graduate level. In such cases, a proposal to take an alternate course within the same discipline (department), at an equivalent or higher level, may be considered. To request the validation of a course, the student must submit to the MDiv office, within their first semester, a **portfolio** containing the following items:

- The **Seminary Prior Learning Validation Form**, initiated and signed by the student.
  - The **course syllabus** from the advanced-level undergraduate course evidencing that all the Course Learning Outcomes (CLOs) of the MDiv core course have been taught appropriately at a level of rigor equivalent to the MDiv graduate course;
- A **transcript** demonstrating that the student earned a B grade or higher in the undergraduate advanced-level course;
- An essay, normally to be followed by an interview by the department chair/faculty member responsible for the course, describing how each of the CLOs were taught, learned, and subsequently put into use at a graduate level of learning.

### MAPM to MDiv Completion

For the transfer of credits between the MAPM and the MDiv programs at Andrews University, the following stipulations will be in place:

- MAPM students will be allowed to transfer qualified courses of up to two-thirds of the MDiv's total amount of credits.
- Students requesting admission to the MDiv program must submit a complete graduate application including standard requirements such as statement of purpose, minimum GPA and recommendations.
- Courses with a passing grade of C- or higher will be accepted to transfer between the programs.

### MDiv Spanish Language Cohort

The MDiv Spanish Language Cohort will serve Hispanic pastors who already have an MAPM and would like to complete an MDiv degree. Intensive courses will be offered in Spanish at the Florida Conference site in the Fall and Spring semesters and on the main campus during the final summer for each cohort. This will allow those who have the MAPM to advance to the MDiv and later on to Doctoral studies if so desired.

### Andrews University MDiv & BA Theology Accelerated Program Collaboration

Students in the BA Theology degree at Andrews University are encouraged to enter the MDiv program following the completion of their undergraduate studies. A collaboration has been established that shares a total of 15 credits that will be counted toward both degrees and may reduce the student's time in the MDiv by approximately one semester. Six credits will be completed at the Seminary level and 9 credits at the undergraduate level.

UNDERGRADUATE THEOLOGY COURSE	SEMINARY COURSE	TAKEN AT
REL 350 Evangelism (3)	PATH 562 Field Evangelism (3)	Undergraduate
REL 480 Practicum Capstone (1)	PATH 560 Advanced Min Development (2)	Undergraduate
REL 301 Marriage & Family (3)	DSLE 503 Marriage, Family and Interpersonal Relationships (2)	Undergraduate
REL 315 Christian Discipleship (3)	DSLE 541 Found of Biblical Spirituality (3)	Seminary
REL Elective: REL 335 Foundations of Youth Ministry (3)	DSLE 534 Ministry to Youth & Young Adults (2)	Seminary
RELB 335 Acts and the Epistles (3)	MDiv Elective (3)	Undergraduate
	TOTAL CREDITS: 15	

### Summer Course Load

The 12-week summer semester is divided into three 4-week sessions. The total amount of coursework during the summer session may not exceed 12 credits. Students taking a biblical language during a summer session may not take other courses during that session.

### Workshop Credit Limit and Grading Pattern

Master of Divinity students may apply up to 4 workshop credits appropriate to degree requirements. If workshops are taken during the semester breaks, the credits are counted as part of the class load for either the previous or the following semester.

Workshops are graded S/U. Any deviation from this pattern must be approved by the dean prior to the conclusion of the workshop. Students must register at the Academic Records Office for all workshops for which academic credit is desired.

### Independent Study Restrictions

Students in the MDiv program are allowed to register for Independent Study only for a compelling reason such as a schedule conflict or the need to take a subject that is not offered in any given semester (for a maximum of 8 credits during their MDiv program). Independent study is only available to students on the main campus. Normally, Independent Study cannot be used to meet a core requirement. Students must first seek approval from the MDiv office before arranging with a teacher to do Independent Study.

### Fees

For a detailed list of charges, please click here.

MDiv students taking a graduate course in the College of Arts & Sciences in fulfillment of an elective course requirement may request a 50% tuition reduction (up to 9 credits cumulative), provided the class is not full and there are a sufficient number of students paying full tuition to warrant the teaching of the course. Directed study, laboratory courses, and study tours are not eligible for reduced tuition. Neither is this discount available for dual enrollment students who have been accepted in a graduate degree program in the College of Arts & Sciences. (Application form is available in the MDiv office.)

## Graduation

The Seminary follows the University graduation procedures and requirements for the conferral of degrees. A dedication ceremony for graduating seminary students is held on the afternoon prior to graduation or as announced.

## Admission Requirements

All MDiv applicants must meet the Graduate Programs Admission Requirements applicable to all graduate students and the general seminary requirements.

- Hold a baccalaureate degree: A four-year degree from an accredited United States institution, or its equivalent from an institution outside the U.S.
- Minimum of 2.5 Undergraduate GPA.
- Normally hold membership in the Seventh-day Adventist Church given that the MDiv program is specifically designed for Adventist ministers and is sponsored and financed by the Adventist church.
- Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church and show promise of usefulness for Adventist ministry through personal maturity and adequate experience in the Church. Maintain a modest pastoral social media presence - one that projects a professional demeanor and Christian values. Click here to see the Seminary Code of Conduct.
- Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.
- Submit an autobiographical history and a 350+ word statement of purpose reflecting the applicant's family and spiritual development, sense of calling to ministry, experience in church work, years as a baptized Adventist member, if ordained or commissioned as a pastor, including date, and future goals in relation to the MDiv program.
- If married, the spouse of the applicant is also asked to complete a statement in regard to his or her feelings and relationship to the partner's aspirations for future ministry.
- Criminal Background Check. Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the

North American Division for all volunteers and employees who work with children.

Andrews University has selected the same company used by the North American Division - Sterling Volunteers (SV) - to administer your background check. There is a standard fee charged by Sterling Volunteers for this service. Please click here to complete this step. (If you have previously completed a background check with Sterling Volunteers please e-mail your status report to SemTest@andrews.edu.)

With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and stored in a completely secure environment. If you have any questions or concerns about Sterling Volunteers' security measures or payments, feel free to contact them at TheAdvocates@sterlingvolunteers.com or 855-326-1860, Option 1.

- An interview with a representative of the MDiv program may be required, either by personal contact, telephone, or video.
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."
- Recommendations:
  - Pastor or Church board from the church where the applicant is a member.
  - Conference administrator, chair or primary professor of undergraduate department, or church elder.
  - General Recommendation from: College teacher or advisor, recent employer, or other non-family members.
  - Given that applying and obtaining pertinent documents for admission can be a long process, the student must start the application process at least 4-6 months before the desired starting semester. See University deadlines for individual semesters here.

### Policy for Applicants to the MDiv Program who hold degrees from Unaccredited Schools or Lack Baccalaureate Degrees

**Purpose of this policy/protocol:** To streamline the admission process and to create standardized admission requirements for students that hold degrees from unaccredited schools or lack baccalaureate degrees. As per 2020 ATS guidelines, and as part of the SDATS application process, the following procedure will be followed:

#### Unaccredited Schools

Applicants who hold degrees from unaccredited schools will submit the following:

- A 12 to 15-page research paper on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills.
- A resume documenting ministry/pastoral leadership and work experience.
- A statement of purpose including their call to pastoral ministry showing authentic biblical spirituality.
- 3 recommendations
- Official transcripts showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.
- A petition letter from a church administrator (usually conference president or ministerial director) requesting/endorsing the applicant's admission to the program.
- Interview: Applicants will be interviewed by the program director or one of the Deans. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, distinctive doctrines and theology.

#### Lack of Baccalaureate Degree

For applicants who lack baccalaureate degrees, in addition to all requirements above, they must also:

- Submit official transcripts showing the completion of a minimum of 60 undergraduate (semester) credits or an associate degree with a minimum 2.5 GPA.
- Take all necessary MDiv prerequisites
- Be at least 35 years of age.

Students requesting admission under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

# Placement Examinations

## Biblical Hebrew and Biblical Greek Prerequisites

Hebrew and Greek are required at the Intermediate proficiency level. Language Proficiency must be demonstrated within the first two years in seminary. Undergraduate credits alone do not demonstrate current proficiency in a language.

### Option 1: Language Courses

- Students may demonstrate proficiency in Biblical Hebrew by passing Hebrew I (OTST 551) and earning a grade of at least C+ in Hebrew II (OTST 552).
- Students may demonstrate proficiency in Greek by passing Beginning Greek with a C- or higher *OR* score 45% or higher on the Greek Placement Exam and earning a grade of at least C in intermediate Greek (NTST 552) *OR* score 60% or higher on the Greek Placement Exam.

### Option 2: Placement Exam

Students also have the option of demonstrating proficiency in a biblical language by passing the corresponding placement exam. Placement exams may be taken only once for each language. Any student who wishes to take a placement exam must take at least one of them in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken by September of their second year in seminary. Placement exams must be taken at the regular May or August dates set by the seminary.

Preparation materials designed to help students prepare for the placement examinations are available from the Old Testament (otst@andrews.edu) and New Testament (ntst@andrews.edu) departments.

Based on the score achieved on the exam, the student will be assigned to do one of the following as soon as possible: (1) Take both the beginning and intermediate language courses, (2) take the Intermediate language course, or (3) enroll in exegesis and theology courses without further language study necessary.

Students who do not pass the exam and do not obtain the required grade in the course must retake the course without delay until the required grade is achieved.

# International Student Information

## English Language Requirements

All students whose first language is not English must demonstrate adequate proficiency in English to succeed in the academic setting. Language proficiency requirements must be met before enrolling full-time in regular coursework.

Following are the English proficiency tests approved by the University and the required passing scores:

- TOEFL Paper-based - 565
- TOEFL Internet-based - 85
- Duolingo - 110
- IELTS - 6.5
- PTE – 58

## Advanced Standing

In accordance with ATS Standard 3.13, the Seminary may approve incoming MDiv students from outside North America to receive advanced standing. Advanced standing is credit given for advanced/upper-division courses taken at the undergraduate level. In order to qualify for advanced standing, students must:

- Hold a 4-year Bachelor of Theology (BTh) degree or its equivalent from an accredited institution.
- Have graduated from an AAA-accredited institution outside of North America.

## Criteria for Validation of Courses

Up to 18 credits of advanced standing may be granted. Each course to be considered for application toward advanced standing must:

- Have been taken **within 10 years** of the projected graduation date;
- Be an **upper-division/advanced-level** course that:
  - Contributes to the MDiv program learning outcomes;
  - Have an **earned grade equivalent of "B" or higher.**

**Curricular Practical Training (CPT)** - required for students on an F-1 visa taking off-campus practicums.

To qualify for CPT, the following requirements must be met:

- The specified training must have a clear start and end date.
- The F-1 student must have been enrolled for a full academic year before starting CPT (an exception is given for graduate programs requiring training in the first year of study).
- The F-1 student must be registered for a full course of study during CPT (if the CPT is in Fall or Spring semester) and the specified training should be reflected in the course load.

## Clinical Pastoral Education (CPE)

- A Clinical Pastoral Education (CPE) unit taken during a student's MDiv studies will count as full-time study, as it requires 400 practicum and instructor contact hours. The MDiv Chaplaincy and Urban Ministry Concentrations require a CPE unit to be registered for 3 credits, and those 3 credits registered in PATH557 Clinical Pastoral Education (Clinical) or PATH554 Clinical Pastoral Education (Urban) will satisfy as full-time study.

# Student Learning Outcomes

A graduate from this program:

- Models spiritual humility, maturity and integrity grounded in a living experience with God in joyful assurance of His salvation, nurtured by the sanctifying presence and power of the Holy Spirit. (Character)
- Manifests the practices of a Biblical scholar-theologian engaging the Bible, Christian/Adventist heritage and professional resources with theological maturity for personal growth and for facilitating the theological competence of others. (Scholarship)
- Demonstrates personal commitment, passion and essential skills for discipleship and evangelism, while equipping members to carry out ministry within the scope of the local and global mission of the Seventh-day Adventist church. (Discipleship & Evangelism)
- Exercises creative and visionary leadership as a minister and servant of Christ, discerning the needs, spiritual gifts and potential of others, in order to equip and engage in their God-given ministries. (Leadership)
- Facilitates enriching corporate worship that brings diverse peoples into the transforming presence of God. (Worship)
- Engages the abilities of self and others to strategically steward personal and corporate resources including time, health, finances, property and service in areas of spiritual giftedness. (Administration/Management)
- Models effective relationships with people of diverse cultures, backgrounds, character, and persuasions, reflecting the wisdom, compassion, and discernment of Jesus through the work of the Spirit. (Relationships)

# Pastoral Ministry MAPM (English Track)

The Master of Arts in Pastoral Ministry is primarily for experienced pastors over the age of 35 whose ministerial functions and employment responsibilities make it impossible to engage in an extended study program at the Seminary. The program is also open to tuition-paying lay people who want to prepare for ministry or want to be more effective in their role as a leader in their local congregation. The goals of our program are to deepen the understanding, reflection, and skills of the pastors in the core qualities of character, evangelism/ discipleship, leadership, management, relationship, scholarship, and worship. While admission to the program is similar for all groups of applicants, the curriculum reflects emphases for English or Hispanic ministry tracks (for details, see below). The program can be completed in 4 years. A full course load is 6 credits per semester.

This program is offered at designated locations within each Union of the North American Division of Seventh-day Adventists. For more information visit <http://www.andrews.edu/inministry/>.

The MAPM prepares students for some advanced degrees. If a student later wishes to pursue other advanced degrees in the seminary, they may need to do additional coursework on the masters level. (See the admission requirements under the advanced degrees.)

## Mission Statement

The MAPM offers effective graduate education for experienced English and Spanish-speaking NAD pastors who seek a deeper walk with God, a greater knowledge in the practice of ministry and a continuing commitment to the message and mission of the Seventh-day Adventist faith.

## Total Credits - 48

**NOTE:** All courses in this program are to be taken for **3 credits**.

### Practical and Applied Theology - 12

PATH 523 - Worship: Word and Music **Credits:** 2,3 (This course is only offered in the summer on campus and is recommended to be taken with DSLE 541- *Foundations of Biblical Spirituality* during the first year of the program.)

PATH 543 - Christian Leadership in a Changing World **Credits:** 2,3

PATH 637 - Seminar in Preaching **Credits:** 2,3

PATH 539 - Church Growth and the Equipping Leader **Credits:** 3

### Church History - 6

CHIS 505 - Survey of Church History **Credits:** 3

CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3 (No prerequisite courses required for MAPM students.)

### Discipleship and Lifespan Education - 9

DSLE 534 - Ministry to Youth and Young Adults **Credits:** 2,3

DSLE 541 - Foundations of Biblical Spirituality **Credits:** 2,3 (This course is only offered during the summer on campus and is recommended to be taken with PATH 523-*Worship: Word & Music* during the first year of the program.)

### Choose one of the following courses:

DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits:** 2,3

PATH 555 - Pastoral Counseling **Credits:** 2,3

### New Testament - 6

NTST 567 - Theology of the New Testament (English) **Credits:** 2,3 (topic options)

### Choose one of the following courses:

NTST 535 - Studies in the Pauline Writings **Credits:** 2,3

NTST 536 - Studies in the Gospels **Credits:** 2,3

NTST 537 - Studies in Acts and General Epistles **Credits:** 2,3

NTST 538 - Studies in Hebrews **Credits:** 2,3

NTST 539 - Studies in Revelation **Credits:** 2,3

### Old Testament - 6

#### Choose one of the following courses:

ANEA 510 - Archaeology and the Bible **Credits:** 2,3

### Theology and Christian Philosophy - 6

GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3

Choose one course in systematic theology (topic options) or historical theology (topic options).

### World Mission - 3

MSSN 546 - Mission in Cultural and Religious Context **Credits:** 3

## Additional Requirements

The MA in Pastoral Ministry degree is awarded upon completion of a minimum of 48 credits of formal course work.

- Course work in North America is offered off campus twice annually in two one-week intensives, normally at Adventist institutions. Students should expect pre- and post-class assignments as part of the total academic requirements of each course. The intensives generate the equivalent of 6–12 credits annually.
- All students must participate in supervised ministerial experience as part of their degree requirements.
- Attendance of at least 6 credits on the Andrews University campus (or approved complete degree site) during the first year of the program is required. This residency requirement is offered as an approved exception to the Association of Theological Schools larger residency expectation stated in Degree Program Standard B, section B.3.1.3.
- Lay people must take two additional courses which are currently only offered online:

PATH 552-*Foundations of Pastoral Ministry* (2 cr) and

## Maintaining Academic Standing

- Students failing to maintain a minimum GPA of 2.50 are placed on probation. Any student remaining on probation for the equivalent of two years (maximum of 18 credits) must withdraw from the program.
- Only grades of a C- or above will count towards the 48-credit requirement.
- Following an absence of two years or more, a student's previous admission status will have lapsed and the student must reapply to the program.
- Course work should be completed within six years of beginning the program. Credits older than ten years will not be applied toward the degree. In some cases, provision may be made to update the courses.

## Admission Requirements

Admission to the MA in Pastoral Ministry is based on the following requirements in addition to the general admission requirements for all graduate students and the general Seminary admission requirements:

- Hold a BA degree or equivalent from an accredited institution with a minimum GPA of 2.5.
- Provide evidence of three years of successful pastoral leadership/ministry experience.
- Be recommended by the local conference administration, a pastoral colleague and a local church leader/elder.
- Complete the Mentoring Agreement Form (retrieve from the Ministerial Mentoring Experience page).
- Be over the age of 35. (Exceptions by petition only.)
- Complete a Criminal Background Check.

Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.

Andrews University has selected the same company used by the North American Division - Sterling Volunteers - to administer your background check. There is a standard fee charged by Sterling Volunteers for this service. Please click here to complete this step. (If you have previously completed a background check with Sterling Volunteers please email your status report to SemTest@andrews.edu.)

With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and is stored in a completely secure environment. If you have any questions or concerns about Sterling Volunteers' security measures or payments, feel free to contact them at TheAdvocates@sterlingvolunteers.com or 855-326-1860, Option 1.

- An interview with a representative of the MAPM program may be required, either by personal contact, telephone, or video.
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."

### Policy for Applicants Who Hold Degrees from Unaccredited Schools or Lack Baccalaureate Degrees:

#### Unaccredited Schools

Applicants who hold degrees from unaccredited schools will submit the following:

- A **research paper:** 12-15 pages on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills.
- A **resume** documenting at least 3-years of ministry/pastoral leadership and work experience.
- A **statement of purpose** including their call to pastoral ministry showing authentic biblical spirituality.
- **Three recommendations** (as indicated above)
- **Official transcripts** showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.
- A **letter of petition** from a church administrator (usually conference president or ministerial director) requesting/endorsing the applicant's admission to the program

- **Interview:** Applicants will be interviewed by the program director or one of the Deans. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, distinctive doctrines and theology.
- **Additional credits:** For students accepted into the MAPM program, an additional **6 credits** will be required as per the recommendation of the MAPM director.

#### *Lack of Baccalaureate Degree*

For applicants who lack baccalaureate degrees, in addition to all requirements above, they must also:

- Submit **official transcripts** showing the completion of a minimum of **60 undergraduate credits** (semester) or an **associate degree** with a minimum 2.5 GPA.
- **Additional Credits:** For students accepted into the MAPM program, an additional **14 credits** will be required as per the recommendation of the MAPM director.
- If required, the applicant will be interviewed by the program director or Seminary Dean.

Students requesting consideration under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

## Additional Information

### Transferred and Earned Term Credit Limits

- All course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree. In some cases, provision may be made to update the courses.
- All graduate courses taken at the SDATS with a C- grade or above are eligible to be transferred to the MAPM program.
- Upon approval by the dean, a maximum of 24 graduate credits may be transferred from approved seminaries or universities.
- A maximum of 8 credits may be transferred from another conferred degree upon approval by the dean.

### Reapplying to the Pastoral Ministry MAPM Program

- Following an absence of two years or more, a student's previous admission status will have lapsed and the student will need to reapply to the program and pay all the admission fees. Students will be accepted under the current bulletin.

## Note for Washington State citizens:

Andrews University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Andrews University to offer specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430 or by email at [degreeauthorization@wsac.wa.gov](mailto:degreeauthorization@wsac.wa.gov).

The transferability of credits earned at Andrews University is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Andrews University will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Andrews University to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Andrews University will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned.

The Washington Student Achievement Council (WSAC) has authority to investigate student complaints against specific schools. WSAC may not be able to investigate every student complaint. Visit <https://www.wsac.wa.gov/student-complaints> for information regarding the WSAC complaint process.

## Student Learning Outcomes

Graduates will be able to:

- Deliver effective biblically-based sermons.
- Demonstrate proper biblical interpretation skills.
- Understand the historical-theological development of the Seventh-day Adventist Church.
- Train church members for evangelism.
- Demonstrate an understanding of how to empower church members for leadership.
- Reach specific social groups.

## Pastoral Ministry MAPM (Hispanic Track)

E-mail: [ihm@andrews.edu](mailto:ihm@andrews.edu)

The Master of Arts in Pastoral Ministry is intended for experienced pastors over the age of 35 whose ministerial functions and employment responsibilities make it impossible to engage in an extended study program at the Seminary. The goals of our program are to deepen the understanding, reflection, and skills of the pastors in the core qualities of character, evangelism/ discipleship, leadership, management, relationship, scholarship, and worship. While admission to the program is similar for all groups of applicants, the curriculum reflects emphases for English or Hispanic ministry tracks (for details, see below).

This program is offered at designated locations within each Union of the North American Division of Seventh-day Adventists. For more information visit the following site: [MAPM Pastoral Ministry](#).

The MAPM is not designed to prepare students for advanced degrees. If a student later wishes to pursue an advanced degree in the seminary, they will need to do additional coursework on the master's level. (See the admission requirements under the advanced degrees.)

**Mission Statement:** The MAPM offers effective graduate education for experienced English and Spanish-speaking NAD pastors who seek a deeper walk with God, a greater knowledge in the practice of ministry and a continuing commitment to the message and mission of the Seventh-day Adventist faith.

## Total Credits - 48

**NOTE:** All courses in this program are to be taken for 3 credits.

### Practical and Applied Theology - 15

- PATH 538 - Bilingual Ministry **Credits:** 2,3
- PATH 539 - Church Growth and the Equipping Leader **Credits:** 3
- PATH 543 - Christian Leadership in a Changing World **Credits:** 2,3
- PATH 637 - Seminar in Preaching **Credits:** 2,3

#### Choose one of the following courses:

- PATH 514 - Public Evangelism (Hispanic) **Credits:** 2,3
- PATH 517 - Topics in Ministry **Credits:** 2,3
- PATH 525 - Hispanic-American Culture and Challenges **Credits:** 2,3
- PATH 604 - Mobilizing for Evangelistic Ministry **Credits:** 2,3
- PATH 606 - Mission-Shaped Church Planting **Credits:** 2,3
- PATH 656 - Evangelistic Small Groups **Credits:** 2,3

### Church History - 6

- CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3

#### Choose one of the following courses:

- CHIS 567 - Hispanic-American Church History **Credits:** 2,3
- CHIS 659 - Seminar in the History of Selected Christian Doctrines **Credits:** 3
- CHIS 680 - History of Sabbath and Sunday **Credits:** 2,3

### Discipleship & Lifespan Education - 6

- DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits:** 2,3

#### Choose one of the following courses:

- DSLE 534 - Ministry to Youth and Young Adults **Credits:** 2,3
- DSLE 541 - Foundations of Biblical Spirituality **Credits:** 2,3
- DSLE 610 - Teaching for Discipleship **Credits:** 2,3

### General Seminary - 3

3 credits of GSEM 620 - Research Methods **Credits:** 2,3

### New Testament - 3

Choose one of the following courses:

NTST 535 - Studies in the Pauline Writings **Credits:** 2,3

NTST 536 - Studies in the Gospels **Credits:** 2,3

NTST 537 - Studies in Acts and General Epistles **Credits:** 2,3

NTST 538 - Studies in Hebrews **Credits:** 2,3

NTST 539 - Studies in Revelation **Credits:** 2,3

### Old Testament - 3

Choose one of the following courses:

OTST 566 - Studies in the Pentateuch (English) **Credits:** 2,3

OTST 556 - Studies in Prophets (English) **Credits:** 2,3

OTST 546 - Studies in Daniel (English) **Credits:** 2,3

### Theology - 3

Choose one of the following courses:

THST 616 - Doctrine of God **Credits:** 2,3

THST 630 - Doctrine of Christ **Credits:** 2,3

THST 640 - Doctrine of Salvation **Credits:** 2,3

THST 647 - Human Nature and Destiny **Credits:** 2,3

### World Mission - 3

MSSN 546 - Mission in Cultural and Religious Context **Credits:** 3

### Electives - 6

Choose any courses offered in the Seminary with the following prefixes (courses cannot be repeated): CHIS, DSLE, MSSN (MSSN 505 - Christian Responses to Human Needs is recommended), NTST, OTST, PATH, THST.

## Additional Requirements

The MA in Pastoral Ministry degree is awarded upon completion of a minimum of 48 credits of formal course work.

- Course work in North America is offered off campus twice annually in two one-week intensives, normally at Adventist institutions. Students should expect pre- and post-class assignments as part of the total academic requirements of each course. The intensives generate the equivalent of 6–12 credits annually.
- All students must participate in supervised ministerial experience as part of their degree requirements.
- Attendance of at least 6 credits on the Andrews University campus (or approved complete degree site) during the first year of the program is required. This residency requirement is offered as an approved exception to the Association of Theological Schools larger residency expectation stated in Degree Program Standard B, section B.3.1.3.

## Academic Standing

- Students failing to maintain a minimum GPA of 2.50 are placed on probation. Any student remaining on probation for the equivalent of two years (maximum of 18 credits) must withdraw from the program.
- Only grades of a C- or above will count towards the 48-credit requirement.
- Following an absence of one year or more, a student's previous admission status will have lapsed and the student must reapply to the program.
- Course work should be completed within six years of beginning the program. Credits older than ten years will not be applied toward the degree.

## Admission Requirements

Admission to the MA in Pastoral Ministry is based on the following requirements in addition to the general admission requirements for all graduate students and the general Seminary admission requirements:

- Hold a BA degree or equivalent from an accredited institution with a minimum GPA of 2.5.
- Provide evidence of successful pastoral leadership during the past three years.
- Be recommended by the local conference administration, a pastoral colleague and a local church leader/elder.
- Complete the Mentoring Agreement Form (retrieve from the Experiencia de Tutoría Ministerial).

- Be over the age of 35. (Exceptions by petition only.)
- **Criminal Background Check.** Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children. Andrews University has selected the same company used by the North American Division - Sterling Volunteers - to administer your background check. (If you have previously completed a background check with Sterling Volunteers please email your status report to SemTest@andrews.edu.) With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and is stored in a completely secure environment. If you have any questions or concerns about Sterling Volunteers' security measures or payments, feel free to contact them at TheAdvocates@sterlingvolunteers.com or 855-326-1860, Option 1.
- An interview with a representative of the MAPM program may be required, either by personal contact, telephone, or video.
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."

### Policy for Applicants Who Hold Degrees from Unaccredited Schools or Lack Baccalaureate Degrees:

#### Unaccredited Schools

Applicants who hold degrees from unaccredited schools will submit the following:

- A **research paper:** 12-15 pages on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills.
- A **resume** documenting at least 3-years of ministry/pastoral leadership and work experience.
- A **statement of purpose** including their call to pastoral ministry showing authentic biblical spirituality.
- **Three recommendations** (as indicated above)
- **Official transcripts** showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.
- A **letter of petition** from a church administrator (usually conference president or ministerial director) requesting/endorsing the applicant's admission to the program
- **Interview:** Applicants will be interviewed by the program director or one of the Deans. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, distinctive doctrines and theology.
- **Additional credits:** For students accepted into the MAPM program, an additional **6 credits** will be required as per the recommendation of the MAPM director.

#### Lack of Baccalaureate Degree

For applicants who lack baccalaureate degrees, in addition to all requirements above, they must also:

- Submit **official transcripts** showing the completion of a minimum of **60 undergraduate credits** (semester) or an **associate degree** with a minimum 2.5 GPA.
- **Additional Credits:** For students accepted into the MAPM program, an additional **14 credits** will be required as per the recommendation of the MAPM director.
- If required, the applicant will be interviewed by the program director or Seminary Dean.

Students requesting consideration under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

## Additional Information

### Transferred and Earned Term Credit Limits

- All course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree. In some cases, provision may be made to update the courses.

- All graduate courses taken at the SDATS with a C- grade or above are eligible to be transferred to the MAPM program.
- Upon approval by the dean, a maximum of 24 graduate credits may be transferred from approved seminaries or universities.
- A maximum of 8 credits may be transferred from another conferred degree upon approval by the dean.

#### Reapplying to the Pastoral Ministry MAPM Program

- Following an absence of one year or more, a student's previous admission status will have lapsed and the student will need to reapply to the program and pay all the admission fees. Students will be accepted under the current bulletin.

## Note for Washington State citizens:

Andrews University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Andrews University to offer specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430 or by email at [degreeauthorization@wsac.wa.gov](mailto:degreeauthorization@wsac.wa.gov).

The transferability of credits earned at Andrews University is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Andrews University will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Andrews University to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Andrews University will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned.

The Washington Student Achievement Council (WSAC) has authority to investigate student complaints against specific schools. WSAC may not be able to investigate every student complaint. Visit <https://www.wsac.wa.gov/student-complaints> for information regarding the WSAC complaint process.

## Student Learning Outcomes

- Deliver effective biblically-based sermons.
- Demonstrate proper biblical interpretation skills.
- Understand the historical-theological development of the Adventist Church.
- Capable of training church members for evangelism.
- Demonstrate an understanding of how to empower church members for leadership.
- Capable of reaching specific social groups.

## Religion MA

The Master of Arts (Religion) is an academic program generally involving two years of study beyond the baccalaureate degree. The purpose of the program is to prepare students to serve as teachers and church workers in the areas of biblical studies, theology, religion, and Christian ministry.

#### Mission

The Master of Arts (Religion) Specialized Track prepares students for further study in a specialized theology-related discipline and the Interdisciplinary Track prepares students to serve at an advanced level as multi-disciplinary church workers.

#### Vision

Master of Arts (Religion) graduates proclaim the gospel and make disciples by valuing and articulating biblical, theological, historical, and missiological knowledge in terms of Seventh-day Adventist history, beliefs, and practice.

**Certification for Teaching:** Students who plan to teach religion in a Seventh-day Adventist academy or in a secondary school are urged to consult as early in the program as possible with the director of the MA program and the School of

Education (College of Education & International Services) regarding qualifying for SDA teaching credentials.

**Delivery:** The Master of Arts (Religion) is available in three modes of delivery. Based on the delivery mode selected there are different admission and degree requirements.

- Religion MA (Specialized Track): Main Campus and Interactive Online
- Religion MA (Interdisciplinary Track: International Sites)
- Religion MA (Interdisciplinary Track: Online)

## Religion MA (Interdisciplinary Track: International Sites)

The Religion MA (Interdisciplinary Track) is offered online and at international sites. It provides a solid biblical and theological foundation in terms of biblical knowledge and theological disciplines, critical thinking, and research abilities from which to pursue interdisciplinary collaboration in terms of research and learning with non-theological disciplines. It contributes to the preparation of pastors, teachers, and administrators with a solid understanding of Adventist history, beliefs, and practices, and the ability to think critically and collaboratively in matters of religion. The program requires a thesis/project or comprehensive exams and may reflect context-sensitive needs in its curriculum.

Sites may choose to offer a concentration in consultation with the program director. If sites choose not to offer a concentration, they must offer the equivalent number of credits as electives.

The international sites degree does not require any time on the Michigan campus of Andrews University.

International Sites:

Site Location	Institution Name	Language of Instruction
Hong Kong	Hong Kong Adventist College/Chinese Adventist Seminary	Chinese/English
Poland	Polish Senior College of Theology & Humanities	Polish/English/Russian
Romania	Universitatea Adventus din Cernica (Adventus University of Cernica)	English/Romanian
Russia	Zaoksky Adventist University	Russian
Taiwan	Taiwan Adventist College (TAC)	Chinese
Thailand	Asia-Pacific International University	English
Ukraine	Ukrainian Adventist Center of Higher Education	Russian/Ukrainian

## Total Credits - 38+

#### Core - 24-30

- CHIS 574 - History of Seventh-day Adventist Theology **Credits:** 2
- 2 credits of CHIS 624 - Issues in Ellen G. White Studies **Credits:** 2,3
- GSEM 520 - Methods in Biblical & Theological Research **Credits:** 2
- 2 credits of GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3
- 2 credits of NTST 536 - Studies in the Gospels **Credits:** 2,3
- 2 credits of NTST 539 - Studies in Revelation **Credits:** 2,3
- 2 credits of OTST 546 - Studies in Daniel (English) **Credits:** 2,3
- 2 credits of OTST 566 - Studies in the Pentateuch (English) **Credits:** 2,3

#### Choose one of the following courses:

- GSEM 680 - Master's Comprehensive Exam **Credits:** 0
- 6 credits of GSEM 695 - Research Project **Credits:** 2,3
- 6 credits of GSEM 697 - Thesis for MA Degree **Credits:** 1-10

#### Choose one of the following courses:

- 2 credits of ANEA 510 - Archaeology and the Bible **Credits:** 2,3
- 2 credits of OTST 556 - Studies in Prophets (English) **Credits:** 2,3

#### Choose one of the following courses:

- 2 credits of NTST 535 - Studies in the Pauline Writings **Credits:** 2,3

- 2 credits of NTST 537 - Studies in Acts and General Epistles **Credits:** 2,3
- 2 credits of NTST 538 - Studies in Hebrews **Credits:** 2,3

**Choose one of the following courses:**

- 2 credits of THST 615 - Doctrine of the Church **Credits:** 2,3
- 2 credits of THST 616 - Doctrine of God **Credits:** 2,3

**Choose one of the following courses:**

- 2 credits of THST 540 - Doctrine of Salvation **Credits:** 2,3
- 2 credits of THST 618 - The Works of Christ **Credits:** 2,3

**Electives - 0-14**

Choose 0-14 credits of electives in consultation with the Program Director to total 38 credits for the program. The number of required electives will vary depending upon the student's choice of capstone assessment. Electives may be chosen from any courses offered by the Seminary with the following prefixes: CHIS, DSLE, GSEM, MSSN, NTST, OTST, PATH, and THST.

Sites which choose to offer a concentration must offer an additional 0-2 elective credits depending upon whether students complete an MA thesis/project (6 credits) or a comprehensive examination (0 credits).

Sites which do not choose to offer a concentration must offer between 8 and 14 elective credits depending upon whether students complete an MA thesis/project (6 credits) or a comprehensive examination (0 credits).

**Independent Study.** Independent study credits are not accepted as part of the MA (Religion) degree offered at international sites.

**Online courses** may be taken by off-campus students with the Program Director's approval. Tuition and fees for online courses will be charged in accordance with the online program fees of the current bulletin.

**Concentration - 12**

One of the following concentrations may be selected by the site:

- Christian Leadership Concentration
- Global Mission Concentration
- Jewish/Christian Studies Concentration

## Christian Leadership Concentration

This concentration addresses the theory and theology that supports the practice of leadership in the Seventh-day Adventist organizational context. Specific elements will address the theory and theology of conflict management, church growth, stewardship of resources, organizational structure, authority flow, and change management. Historical perspectives are examined relative to organizational development. Case study research and reporting will address the research component expected in this academic concentration.

This concentration is available online and at International off-campus locations. In addition to the core requirements for the MA Religion (Interdisciplinary), this concentration requires credits in the following areas:

**Concentration - 12**

All courses are to be taken for 2 credits

- PATH 517 - Topics in Ministry **Credits:** 2,3
- PATH 526 - Conflict Management **Credits:** 2,3
- PATH 543 - Christian Leadership in a Changing World **Credits:** 2,3

**Choose remaining 6 credits from the following courses:**

- PATH 539 - Church Growth and the Equipping Leader **Credits:** 3
- DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits:** 2,3
- DSLE 541 - Foundations of Biblical Spirituality **Credits:** 2,3

Course substitutions must be approved by Program Director before the class is taken.

## Global Mission Concentration

The Global Mission Concentration equips practitioners, leaders, and trainers who minister in cross-cultural mission situations and contexts through focused study and research in theological, missiological, and social-science fields of study. In

addition to the core requirements for the MA Religion (Interdisciplinary), this concentration requires credits in the following areas:

**Concentration - 12**

All courses are to be taken for 2 credits.

- MSSN 635 - Contemporary Issues in Mission **Credits:** 2,3
- MSSN 676 - History of Christian Mission **Credits:** 2,3
- MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6 Mission in Cultural and Religious Context
- MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6 Theology of Mission

**Choose two of the following courses:**

- MSSN 505 - Christian Responses to Human Needs **Credits:** 2,3
- MSSN 615 - Anthropology for Mission and Ministry **Credits:** 2,3
- MSSN 660 - Witnessing to People of Another Religion **Credits:** 2,3
- MSSN 685 - Strategies for World Mission **Credits:** 2,3
- MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6 Mission in a Secular, Postmodern, and Urban Context

## Jewish/Christian Studies Concentration

The Jewish-Christian Studies concentration exposes students to the large corpus of Jewish literature and rabbinic thought which undergird the New Testament and provides them with tools to evaluate Christian doctrine and apologetics alongside historical developments in Judaism and Jewish-Christian Relations. From this foundation, graduates will be equipped to dialogue with Jewish leaders and communities with a genuine appreciation for the significant contribution of Judaism to Christianity and a passion for building bridges of understanding and cooperation between their respective communities.

This concentration is offered only at the main campus. In addition to the core requirements for the MA Religion (Interdisciplinary), this concentration requires credits in the following areas:

**Concentration - 12**

All courses are to be taken for 2 credits.

- CHIS 630 - History of Jewish Experience **Credits:** 2,3
- NTST 626 - Seminar in Classical Jewish Literature **Credits:** 2,3
- OTST 626 - Seminar in Classical Jewish Literature **Credits:** 2,3
- OTST 627 - Jewish Life and Thought **Credits:** 2,3

**Choose one of the following courses:**

- MSSN 650 - Introduction to a World Religion **Credits:** 2,3
- MSSN 660 - Witnessing to People of Another Religion **Credits:** 2,3

**Choose one of the following courses:**

- NTST 650 - Great Controversy, Covenant, Law and Sabbath **Credits:** 2,3
- OTST 610 - The Great Controversy, Covenant, Law, Sabbath **Credits:** 2,3

## Additional Requirements

In addition to the scholarship standards in the Graduate Programs Academic Information section of this bulletin, students must fulfill the following requirements for both the research and the general academic orientation options:

- Cumulative GPA of 3.00 or above. (Only 2 credit courses can be used to meet these requirements.)
- **Research Requirements.** An MA thesis/project (6 credits) or comprehensive exams (0 credits) are to be completed and defended. A student who has chosen to do a thesis/project and has registered for GSEM697 Master Thesis or GSEM695 Research Project but has not finished the thesis/project, must register for GSEM 688 Master's Degree Continuation (0 Credits) until the thesis/project has been approved.

## Graduation Requirements

**Transfer Credits:** A maximum of 6 semester hours of credit with a B (3.00) or above may be transferred from an approved seminary or university if applicable to the student's program. Transfer courses must have been completed within the six-year time limit.

**Time Limits:** A student must complete the requirements for the MA (Religion) degree and graduate within six years of first enrolling in the program regardless of admission classification.

## Admission Requirements

Admission to the MA (Religion) International program is based on the general admission requirements for all graduate students and the general Seminary admission requirements. Applicant must hold a baccalaureate degree or its equivalent, preferably with a major in religion or theology with a minimum undergraduate GPA of 3.00 or above.

In addition to the General and Seminary Admission requirements specified above, applicants must meet the following:

Applicants will submit the following:

- **A 12 to 15-page research paper** on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills (only for students who hold degrees from unaccredited schools, e.g., non-state and non-AAA accredited).
- **A resumé** documenting education and work experience and the applicant's stability and maturity in interpersonal relationships and an authentic, vibrant biblical spirituality.
- **A statement of purpose**, including the call to pastoral ministry for MAR Interdisciplinary students.
- **At least 3 letters of recommendations.**
- **Official transcripts** showing the completion of an undergraduate (baccalaureate) degree with a minimum 3.0 GPA.
- **Interview:** If required, applicant who **hold degrees from unaccredited schools** will be interviewed by the program director or the Seminary dean. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, and theology, etc.
- **Accredited Prerequisites:** For applications who **hold degrees from unaccredited schools** to be accepted into the MAR Specialized program, an additional **12 undergraduate prerequisite credits** (as per recommendation of the MAR director) from an accredited institution are required.
- **Pre-Admission Conduct Disclosure Statement:** Applicants to all Seminary programs are required to complete and submit to the Seminary.

Students requesting consideration under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

**Prerequisites.** Applicants must provide a transcript showing that they have taken the following courses at the undergraduate level with an average GPA of 3.00 or better (on a 4.00 system). Prerequisites do not count as part of the 38 credits required for the MA (Religion) degree.

Prerequisites may be taken at any accredited educational institution. Students needing to take prerequisite courses, after applying to the MA Religion program, may submit courses by providing an official transcript showing that the course(s) taken meet the Transfer Credit Policy and the MA Religion prerequisite requirements to fulfill the course or language prerequisites.

Prerequisites must be completed within the first year of entering the program.

Church History - 2 credits  
New Testament Studies - 2 credits  
Old Testament Studies - 2 credits  
Theological Studies - 2 credits  
Adventist Studies – 4 credits  
Total prerequisite credits – 12

**Language Requirements.** The applicant must meet the English proficiency requirements of the School of Graduate Studies and Research, if the program will be completed online or if the language of instruction is English.

**Preparation for the Andrews PhD Religion program.** Students completing the MA Religion International Interdisciplinary Track will need to do additional coursework in an area of specialization before they can be accepted into the Andrews PhD Religion program. They will also have to show proficiency at the intermediate level

in Greek, Hebrew, and a modern research language. Additional languages may be required depending on the area of specialization chosen for the PhD dissertation.

## Student Learning Outcomes

Graduates of this program will:

- Demonstrate competence at an advanced level in critical thinking and research methods. (Transferrable Skills, GIO 1)
- Achieve a comprehensive and critically-aware knowledge of Christian beliefs and practices with appropriate specializations in biblical and theological studies, religious history, and practical theology. (Knowledge, GIO 2)
- Critique from a Seventh-day Adventist perspective key ideas, techniques or methods in the field of religious studies. (Faith Development, GIO 3)
- Autonomously use advanced knowledge in a manner consistent with Seventh-day Adventist thought and practice to address complex interpretative, theological or pastoral problems for diverse communities. (Faith Integration, GIO 4)

## Religion MA (Interdisciplinary Track: Online)

The Religion MA (Interdisciplinary Track) is offered online. It provides a solid biblical and theological foundation in terms of biblical knowledge and theological disciplines, critical thinking, and research abilities from which to pursue interdisciplinary collaboration in terms of research and learning with non-theological disciplines. It contributes to the preparation of pastors, teachers, and administrators with a solid understanding of Adventist history, beliefs, and practices, and the ability to think critically and collaboratively in matters of religion. The program requires a thesis/project or comprehensive exams and may reflect context-sensitive needs in its curriculum.

Students may choose to take the Christian Leadership concentration in consultation with the program director. If students choose not to take the Christian Leadership concentration, they must take the equivalent number of credits as electives.

Religion MA (Interdisciplinary Track: Online) degree does not require any time on the Michigan campus of Andrews University.

**Online Delivery:** Language of instruction is English. This program is offered in an interactive online asynchronous format (see Global Campus definitions). The interactive online degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

## Total Credits - 38

### Core - 24-30

CHIS 574 - History of Seventh-day Adventist Theology **Credits:** 2  
2 credits of CHIS 624 - Issues in Ellen G. White Studies **Credits:** 2,3  
GSEM 520 - Methods in Biblical & Theological Research **Credits:** 2  
2 credits of GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3  
2 credits of NTST 536 - Studies in the Gospels **Credits:** 2,3  
2 credits of NTST 538 - Studies in Hebrews **Credits:** 2,3  
2 credits of NTST 539 - Studies in Revelation **Credits:** 2,3  
2 credits of OTST 546 - Studies in Daniel (English) **Credits:** 2,3  
2 credits of OTST 556 - Studies in Prophets (English) **Credits:** 2,3  
2 credits of OTST 566 - Studies in the Pentateuch (English) **Credits:** 2,3  
2 credits of THST 540 - Doctrine of Salvation **Credits:** 2,3  
2 credits of THST 616 - Doctrine of God **Credits:** 2,3

### Choose one of the following options:

GSEM 680 - Master's Comprehensive Exam **Credits:** 0  
6 credits of GSEM 695 - Research Project **Credits:** 2,3  
6 credits of GSEM 697 - Thesis for MA Degree **Credits:** 1-10

### Electives - 0-14

Choose 0-14 credits of electives in consultation with the Program Director to total 38 credits for the program. The number of required electives will vary depending upon the student's choice of capstone assessment. Electives may be chosen from any online courses offered by the Seminary with the following prefixes: CHIS, DSLE, GSEM, MSSN, NTST, OTST, PATH, and THST.

Students who choose the Christian Leadership concentration must take an additional 0 to 2 elective credits depending upon whether they complete an MA thesis/project (6 credits) or a comprehensive examination (0 credits).

Students who do not choose the Christian Leadership concentration must complete between 8 and 14 elective credits depending upon whether they complete an MA thesis/project (6 credits) or a comprehensive examination (0 credits).

### Concentration - 12

Students in the Interdisciplinary Track: Online may choose in consultation with the Program Director the following concentration:

- Christian Leadership Concentration

## Christian Leadership Concentration

This concentration addresses the theory and theology that supports the practice of leadership in the Seventh-day Adventist organizational context. Specific elements will address the theory and theology of conflict management, church growth, stewardship of resources, organizational structure, authority flow, and change management. Historical perspectives are examined relative to organizational development. Case study research and reporting will address the research component expected in this academic concentration.

This concentration is available online and at International off-campus locations. In addition to the core requirements for the MA Religion (Interdisciplinary), this concentration requires credits in the following areas:

### Concentration - 12

All courses are to be taken for 2 credits

PATH 517 - Topics in Ministry **Credits:** 2,3  
PATH 526 - Conflict Management **Credits:** 2,3  
PATH 543 - Christian Leadership in a Changing World **Credits:** 2,3

#### Choose remaining 6 credits from the following courses:

PATH 539 - Church Growth and the Equipping Leader **Credits:** 3  
DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits:** 2,3  
DSLE 541 - Foundations of Biblical Spirituality **Credits:** 2,3

Course substitutions must be approved by Program Director before the class is taken.

## Additional Degree Requirements

In addition to the scholarship standards in the Graduate Programs Academic Information section of this bulletin, students must fulfill the following requirements for both the research and the general academic orientation options:

- Cumulative GPA of 3.00 or above. (Only 2 credit courses can be used to meet these requirements.)

**Research Requirement:** An MA thesis/project (6 credits) or comprehensive exams (0 credits) are to be completed and defended.

A student who has chosen to do a thesis/project and has registered for 6 credits of GSEM 697 Master Thesis/GSEM 695 Research Project but has not finished the thesis/project, must register for GSEM 688 Master's Degree Continuation (0 Credits) until the thesis/project has been approved.

## Graduation Requirements

**Transfer Credits:** A maximum of 6 semester hours of credit with a B (3.00) or above may be transferred from an approved seminary or university if applicable to the student's program. Transfer courses must have been completed within the six-year time limit.

**Time Limits:** A student must complete the requirements for the MA (Religion) degree and graduate within six years of first enrolling in the program regardless of admission classification.

## Admission Requirements

Admission to the MA (Religion) International program is based on the general admission requirements for all graduate students and the general Seminary admission requirements. Applicant must hold a baccalaureate degree or its equivalent, preferably with a major in religion or theology with a minimum undergraduate GPA of 3.00 or above.

In addition to the General and Seminary Admission requirements specified above, applicants must meet the following:

- Applicants will submit the following:
  - **A 12- to 15-page research paper** on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills (only for students who hold degrees from unaccredited schools, e.g., non-state and non-AAA accredited).
  - **A resumé** documenting education and work experience and the applicant's stability and maturity in interpersonal relationships and an authentic, vibrant biblical spirituality.
  - **A statement of purpose**, including the call to pastoral ministry for MAR Interdisciplinary students.
  - **At least 3 letters of recommendations.**
  - **Official transcripts** showing the completion of an undergraduate (baccalaureate) degree with a minimum 3.0 GPA.
- **Interview:** If required, applicant who **hold degrees from unaccredited schools** will be interviewed by the program director or the Seminary dean. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, and theology, etc.
- **Accredited Prerequisites:** For applications who **hold degrees from unaccredited schools** to be accepted into the MAR Specialized program, an additional **12 undergraduate prerequisite credits** (as per recommendation of the MAR director) from an accredited institution are required.
- **Criminal Background Check:** Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children. Andrews University has selected the same company used by the North American Division - Sterling Volunteers - to administer your background check. There is a standard fee charged by Sterling Volunteers for this service. Please click here to complete this step. (If you have previously completed a background check with Sterling Volunteers, please email your status report to SemTest@andrews.edu.) With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and is stored in a completely secure environment. If you have any questions or concerns about Sterling Volunteers' security measures or payments, feel free to contact them at TheAdvocates@sterlingvolunteers.com or 855-326-1860, Option 1.
- **Pre-Admission Conduct Disclosure Statement:** Applicants to all Seminary programs are required to complete and submit to the Seminary.

Students requesting consideration under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

**Prerequisites.** Applicants must provide a transcript showing that they have taken the following courses at the undergraduate level with an average GPA of 3.00 or better (on a 4.00 system). Prerequisites do not count as part of the 38 credits required for the MA (Religion) degree.

Prerequisites may be taken at any accredited educational institution. Students needing to take prerequisite courses, after applying to the MA Religion program, may submit courses by providing an official transcript showing that the course(s) taken meet the Transfer Credit Policy (see below) and the MA Religion prerequisite requirements to fulfill the course or language prerequisites.

Church History - 2 credits  
New Testament Studies - 2 credits  
Old Testament Studies - 2 credits  
Theological Studies - 2 credits  
Adventist & Ellen White Studies - 4 credits  
Total prerequisite credits – 12

**Language Requirements.** The applicant must meet the English proficiency requirements of the School of Graduate Studies and Research, if the program will be completed online or if the language of instruction is English.

**Preparation for the Andrews PhD Religion program.** Students completing the MA Religion Interactive Online Interdisciplinary Track will need to do additional coursework in an area of specialization before they can be accepted into the Andrews PhD Religion program. They will also have to show proficiency at the intermediate level in Greek, Hebrew, and a modern research language. Additional languages may be required depending on the area of specialization chosen for the PhD dissertation.

## Program and Course Learning Outcomes

- PLO1: Demonstrate competence at an advanced level in critical thinking and research methods. (*Transferable Skills*, GIO 1)
- PLO2: Achieve a comprehensive and critically aware knowledge of Christian beliefs and practices with appropriate specializations in biblical and theological studies, religious history, and practical theology. (*Knowledge*, GIO 2)
- PLO3: Critique from a Seventh-day Adventist perspective key ideas, techniques, or methods in the field of religious studies. (*Faith Development*, GIO 3)
- PLO4: Autonomously use advanced knowledge in a manner consistent with Seventh-day Adventist thought and practice to address complex interpretative, theological, or pastoral problems for diverse communities. (*Faith Integration*, GIO 4)

## Religion MA (Specialized Track)

The Religion MA (Specialized Track) program specifically provides students with the opportunity to increase their knowledge of biblical and theological disciplines, develop skills in research, and prepare them for future doctoral studies. The Specialized track contributes to the preparation of teachers and church workers with a solid understanding of Adventist history, beliefs, and practices, and the ability to think critically and creatively in matters of religion.

**Delivery:** The Religion MA (Specialized Track) is offered on the Andrews University main campus as well as online with some interactive online courses offered synchronously (via Zoom) and some offered asynchronously (see Global Campus definitions). Students are encouraged to come to campus for graduation.

## Total Credits - 38

### Core - 20

- 3 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3
- 3 credits of GSEM 620 - Research Methods **Credits:** 2,3 (Should be taken the first time the course is offered after enrolling in the program.)
- 5 credits of GSEM 697 - Thesis for MA Degree **Credits:** 1-10
- Choose a 3-credit Old Testament exegesis course (600-level OTST).
- Choose a 3-credit New Testament exegesis course (600-level NTST).

Choose a 3-credit course from the following courses:

- THST 611 - Revelation, Inspiration and Hermeneutics **Credits:** 2,3
- THST 619 - Principles and Methods of Theology **Credits:** 2,3

### Concentration - 18

Students must select their area of concentration within the first semester of starting courses. The director of the MA in Religion program, in cooperation with department chairs, assigns academic advisers in the student's area of specialization. Concentration options for the MA Religion are:

- Archaeology and History of Antiquity Concentration
- Biblical and Cognate Languages Concentration
- Church History Concentration
- Intertestamental (Jewish) Studies Concentration
- Mission Studies Concentration
- New Testament Concentration
- Old Testament Concentration

- Theological Studies Concentration

## Archaeology and History of Antiquity Concentration

The authors of the books of the Bible and their first audiences lived in ancient near eastern historical, social, and cultural contexts. Therefore, the biblical messages are richly illuminated by exploration of these background contexts and light that is shed on them by archaeological discoveries of material remains and texts in the Middle Eastern and Mediterranean regions. This concentration equips students with knowledge and methodological tools to understand existing discoveries and to uncover additional relevant data through the study of archaeology and the history of antiquity that includes not only classwork and library research but also by participation in archaeological fieldwork and laboratory analysis of artifacts. The concentration covers time periods from the Stone Age through the Islamic periods and includes elements such as material culture, historical geography, biblical chronology, ethnography, and political and social dynamics through history.

This concentration requires 18 credits, in addition to the core requirements for the MA Religion (Specialized).

### Concentration - 18

- 3 credits of ANEA 510 - Archaeology and the Bible **Credits:** 2,3
- 3 credits of ANEA 604 - History of the Ancient Near East **Credits:** 2,3
- 3 credits of ANEA 614 - Archaeology of Palestine **Credits:** 2,3

\*NTST615 may be substituted for ANEA614 if, ANEA614 is not available during the semesters a student is completing their coursework.

### Choose remaining 9 credits from the following courses:\*\*

- ANEA 605 - Seminar in Old Testament History **Credits:** 2,3
- ANEA 615 - Seminar in Archaeology and History of Antiquity **Credits:** 2,3
- ANEA 630 - Archaeological Field Work **Credits:** 1-8
- ANEA 635 - History of Israel **Credits:** 2,3
- ANEA 690 - Independent Study **Credits:** 1-3
- ANEA 695 - Directed Studies **Credits:** 3
- GSEM 670 - Guided Study Tour of the Bible Lands **Credits:** 1-4
- NTST 615 - New Testament Archaeology **Credits:** 2,3
- NTST 635 - Intertestamental Literature **Credits:** 2,3
- NTST 680 - Greco-Roman World **Credits:** 2,3
- NTST 684 - Judaism and the New Testament **Credits:** 2,3
- NTST 689 - Seminar in New Testament Backgrounds **Credits:** 2,3
- NTST 690 - Independent Study **Credits:** 1-4
- NTST 695 - Topics in New Testament Backgrounds **Credits:** 2,3

Course substitutions must be approved by Program Director before the class is taken.

\*\*Courses must be taken for 3 credits each

## Biblical and Cognate Languages Concentration

Specific concepts regarding God and salvation have come to human beings primarily in the form of scriptures, i.e., inspired canonical texts in the Hebrew, Aramaic, and Greek languages. Translations of the Bible are readily available, but every such version is somewhat affected by the interpretive perspective of the translator and limitations of correspondence between biblical and modern languages. To gain a sharper and deeper comprehension of the Bible, especially in view of the many and varying interpretations of it, it is necessary to access the sacred texts in their original languages. This requires knowledge of the languages (grammar, syntax, semantics) and other elements of exegetical methodology for studying literature written in these languages. Texts in other ancient near eastern languages, especially those of the Semitic group to which Hebrew and Aramaic belong (i.e., cognate languages such as Akkadian and Ugaritic), also illuminate our linguistic, cultural (including religious), and historical understanding of biblical texts.

This concentration requires 18 credits in addition to the core requirements for the MA Religion (Specialized).

### Concentration - 18

- OTST 625 - Biblical Hebrew III **Credits:** 3

### Choose one of the following courses:\*\*

- NTST 608 - Advanced Greek Grammar and Syntax **Credits:** 2,3
- NTST 678 - Seminar in Greek Exegesis **Credits:** 2,3
- NTST 696 - Seminar in Hellenistic Greek **Credits:** 2,3

**Choose remaining 12 credits from the following courses:\*\***

- ANEA 612 - Ancient Near Eastern Languages **Credits:** 3
- NTST 606 - New Testament Textual Criticism and Canon Formation **Credits:** 2,3
- NTST 618 - Syriac **Credits:** 2,3
- NTST 626 - Seminar in Classical Jewish Literature **Credits:** 2,3
- NTST 646 - Topics in New Testament Exegesis **Credits:** 2,3
- NTST 665 - Coptic **Credits:** 2,3
- NTST 690 - Independent Study **Credits:** 1–4
- OTST 545 - Daniel **Credits:** 2,3
- OTST 565 - Survey of the Pentateuch **Credits:** 2,3
- OTST 626 - Seminar in Classical Jewish Literature **Credits:** 2,3
- OTST 639 - Studies in Old Testament Exegesis **Credits:** 2,3
- OTST 654 - Biblical Aramaic **Credits:** 2,3
- OTST 658 - Seminar in Ancient Near Eastern Languages **Credits:** 3
- OTST 659 - Studies in Old Testament Issues **Credits:** 2,3
- OTST 660 - Readings in the Septuagint **Credits:** 2,3
- OTST 680 - Seminar in Old Testament Exegesis **Credits:** 2,3
- OTST 685 - Principles of Hermeneutics **Credits:** 2,3
- OTST 690 - Independent Study **Credits:** 1–3
- OTST 695 - Directed Studies **Credits:** 1–3

Course substitutions must be approved by Program Director before the class is taken.

\*\*Courses must be taken for 3 credits each

## Church History Concentration

In completing the CH concentration students will gain insight of SDA theological perspective and the organization's contribution to church history as a whole.

In addition to the core requirements for the MA Religion (Specialized), this concentration requires 18 credits in the following areas:

### Concentration - 18

- CHIS 612 - Introduction to Ecclesiastical Latin **Credits:** 3
  - CHIS 614 - Readings in Ecclesiastical Latin **Credits:** 3
- 9 credits of CHIS courses

**Choose remaining 3 credits from the following courses:\*\***

- GSEM 678 - Church History Study Tour **Credits:** 1–8
- MSSN 676 - History of Christian Mission **Credits:** 2,3
- THST 624 - Protestant Theological Heritage **Credits:** 2,3
- THST 625 - Early Christian Theology **Credits:** 2,3
- THST 628 - Contemporary Theology **Credits:** 2,3

Course substitutions must be approved by Program Director before the class is taken.

\*\*Courses must be taken for 3 credits each

## Intertestamental (Jewish) Studies Concentration

In-depth study of primary documents, languages, material culture, and secondary literature pertaining to the intertestamental period.

This concentration requires 18 credits in addition to the core requirements for the MA Religion (Specialized).

### Concentration - 18

- NTST 525 - Revelation **Credits:** 2
- NTST 635 - Intertestamental Literature **Credits:** 2,3

**Choose one of the following courses:**

- NTST 684 - Judaism and the New Testament **Credits:** 2,3
- NTST 689 - Seminar in New Testament Backgrounds **Credits:** 2,3

**Choose remaining credits from the following courses:\*\***

- NTST 615 - New Testament Archaeology **Credits:** 2,3
- NTST 618 - Syriac **Credits:** 2,3
- NTST 626 - Seminar in Classical Jewish Literature **Credits:** 2,3
- NTST 680 - Greco-Roman World **Credits:** 2,3
- NTST 690 - Independent Study **Credits:** 1–4
- NTST 696 - Seminar in Hellenistic Greek **Credits:** 2,3
- ANEA 614 - Archaeology of Palestine **Credits:** 2,3
- OTST 625 - Biblical Hebrew III **Credits:** 3
- OTST 626 - Seminar in Classical Jewish Literature **Credits:** 2,3
- OTST 627 - Jewish Life and Thought **Credits:** 2,3
- OTST 654 - Biblical Aramaic **Credits:** 2,3

OTST 659 - Studies in Old Testament Issues **Credits:** 2,3

OTST 690 - Independent Study **Credits:** 1–3

OTST 695 - Directed Studies **Credits:** 1–3

Course substitutions must be approved by Program Director before the class is taken.

\*\*Courses must be taken for 3 credits each

## Mission Studies Concentration

The Mission Studies Concentration equips practitioners, teachers, and leaders who minister in cross-cultural mission situations and contexts through focused study and research in theological, missiological, and social-science fields of study.

This concentration requires 18 credits in addition to the core requirements for the MA Religion (Specialized).

### Concentration - 18

MSSN 546 - Mission in Cultural and Religious Context **Credits:** 3

MSSN 561 - Christian Witness and World Religions **Credits:** 3

**Choose one of the following courses:**

MSSN 610 - Theology of Mission **Credits:** 3

MSSN 676 - History of Christian Mission **Credits:** 2,3 \*\*

**Choose remaining 9 credits from MSSN:\*\***

Course substitutions must be approved by Program Director before the class is taken.

\*\*Courses must be taken for 3 credits each

## New Testament Concentration

In-depth study of the contents and backgrounds of the New Testament with various exegetical tools while acquiring an advanced knowledge of the secondary literature.

This concentration requires 18 credits in addition to the core requirements for the MA Religion (Specialized).

### Concentration - 18

3 credits in New Testament Theology

3 credits in New Testament Exegesis

**Choose one of the following courses:\*\***

NTST 608 - Advanced Greek Grammar and Syntax **Credits:** 2,3

NTST 678 - Seminar in Greek Exegesis **Credits:** 2,3

NTST 696 - Seminar in Hellenistic Greek **Credits:** 2,3

**Choose one of the following courses:\*\***

NTST 615 - New Testament Archaeology **Credits:** 2,3

NTST 635 - Intertestamental Literature **Credits:** 2,3

NTST 654 - Second Century Christianity **Credits:** 2,3

NTST 680 - Greco-Roman World **Credits:** 2,3

NTST 684 - Judaism and the New Testament **Credits:** 2,3

NTST 689 - Seminar in New Testament Backgrounds **Credits:** 2,3

**Choose remaining 6 credits from the following courses:\*\***

NTST courses

GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3

GSEM 670 - Guided Study Tour of the Bible Lands **Credits:** 1–4

\*\*Courses must be taken for 3 credits each

## Old Testament Concentration

This concentration enhances the student's ability to understand, research, and teach the Old Testament through development of exegetical tools that facilitate detailed and accurate analysis of biblical texts in their original Hebrew, against their ancient near eastern background, and exegetically controlled theological reflection on those texts to reach viable conclusions. Exegetical tools include a thorough knowledge of Hebrew grammar, syntax, and word-study (semantic/lexicographical) methodology; ability to identify and take into account literary genres, structures, rhetorical strategies, and themes; proficiency in identifying and wisely utilizing relevant secondary resources, distinguishing between solid data and scholarly interpretations; and acquaintance with ancient near eastern material, textual, cultural, geographic, and historic information that sheds light on the Bible in various ways.

This concentration requires 18 credits in addition to the core requirements for the MA Religion (Specialized).

## Concentration - 18

OTST 625 - Biblical Hebrew III **Credits:** 3  
6 credits in Old Testament Exegesis  
3 credits in ANEA

**Choose remaining 6 credits from the following courses:\*\***

GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3

GSEM 670 - Guided Study Tour of the Bible Lands **Credits:** 1-4

\*\*Courses must be taken for 3 credits each

## Theological Studies Concentration

In addition to the core requirements for the MA Religion (Specialized), this concentration requires 18 credits in the following areas:

### Concentration - 18

3 credits of Systematic Theology  
3 credits of Historical Theology  
3 credits of Ethics and Philosophy

**Choose remaining 9 credits from the following:**

GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3

THST courses

**Distance Courses.** Online courses must be approved by the MA Religion director before the course begins. These courses must cover appropriate content with sufficient rigor to meet the academic expectations of the MA Religion degree.

## Additional Requirements

- Cumulative GPA of 3.00 or above. [Only 3-credit courses may be used to meet these requirements.]
- In addition to the scholarship standards in the School of Graduate Studies section of this bulletin, students must fulfill the requirements listed above.
- Research Requirements: An MA thesis with a total of 5 credits must be defended and completed. Thesis cannot be started until all language requirements are completed. A student who has registered the required 5 thesis course credits but has not finished the thesis must register for GSEM 688 - Masters Degree Continuation, 0 credits, until the thesis has been approved/completed.

## Graduation Requirements

**Transfer Credits.** A maximum of 6 masters level semester hours of coursework, with a B (3.00) or above, may be transferred from an approved seminary or university if applicable to the student's program. Transfer courses must have been completed within the six-year time limit.

**Time Limits.** A student must complete the requirements for the MA (Religion) degree and graduate within six years of first enrolling in the program regardless of admission classification.

## Admission Requirements

Admission to the Religion MA (Specialized) program is based on the general admission requirements for all graduate students and the general Seminary admission requirements. Applicants must hold a baccalaureate degree or its equivalent, preferably with a major in religion or theology with a minimum undergraduate GPA of 3.00 or above.

In addition to the General and Seminary Admission requirements specified above, applicants must meet the following:

Applicants will submit the following:

- **A 12 to 15-page research paper** on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills (only for students who hold degrees from unaccredited schools, e.g., non-state and non-AAA accredited).

- **A resumé** documenting education and work experience and the applicant's stability and maturity in interpersonal relationships and an authentic, vibrant biblical spirituality.
- **A statement of purpose**, including the call to pastoral ministry for MAR Interdisciplinary students.
- **At least 3 letters of recommendations.**
- **Official transcripts** showing the completion of an undergraduate (baccalaureate) degree with a minimum 3.0 GPA.
- **Interview:** If required, applicant who **hold degrees from unaccredited schools** will be interviewed by the program director or the Seminary dean. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, and theology, etc.
- **Accredited Prerequisites:** For applications who **hold degrees from unaccredited schools** to be accepted into the MAR Specialized program, an additional **12 undergraduate prerequisite credits** (as per recommendation of the MAR director) from an accredited institution are required.
- **Criminal Background Check:** Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children. Andrews University has selected the same company used by the North American Division - Sterling Volunteers - to administer your background check. There is a standard fee charged by Sterling Volunteers for this service. Please click here to complete this step. (If you have previously completed a background check with Sterling Volunteers please email your status report to SemTest@andrews.edu.) With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and is stored in a completely secure environment. - **Pre-Admission Conduct Disclosure Statement:** Applicants to all Seminary programs are required to complete and submit to the Seminary.

Students requesting consideration under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

### Prerequisites

Applicants must provide a transcript showing that they have taken the following courses at the undergraduate level with an average GPA of 3.00 or better (on a 4.00 system). Prerequisites do not count as part of the 38 credits required for the MA (Religion) degree.

Prerequisites may be taken at any accredited educational institution. Students needing to take prerequisite courses, after applying to the MA Religion program, may submit courses by providing an official transcript showing that the course(s) taken meet the Transfer Credit Policy (see below) and the MA Religion prerequisite requirements to fulfill the course or language prerequisites.

Prerequisites must be completed within the first year of entering the program.

Church History - 2 credits  
New Testament Studies - 2 credits  
Old Testament Studies - 2 credits  
Theological Studies - 2 credits  
Adventist Studies - 4 credits  
Total prerequisite credits - 12

### Language Requirements

The applicant must demonstrate proficiency, in languages other than English, or show a plan for acquiring language proficiency as determined by the selected area of concentration. Proficiency is defined as the reading knowledge of a language at the intermediate level. Examinations are generally required to demonstrate proficiency. Language proficiency courses do not apply toward the 38 credits of the MA degree requirements.

Applicant must demonstrate Biblical Greek and Hebrew proficiency at the intermediate level. Students who have already taken Greek or Hebrew at the undergraduate level must take the placement exam and show that they have an intermediate level of competency in both languages. If the appropriate score(s) are not earned, the student will have to retake the language courses at Andrews.

Biblical language proficiency must be demonstrated before registration of exegesis courses.

#### Registering for Greek and Hebrew Placement Exams

A student who passes the Hebrew or Greek placement exam must register for the zero credit section of the course in order for their academic transcript to show a grade of "P" for passing, which is the designation for Challenge by Examination. No entry shall be made on the transcript if the student fails the examination. However, a student who fails the examination will be required to take the prerequisite course for credit. Placement exams must be taken the first year of starting the program and can only be taken once.

Students will register for placement exam(s) as follow:

- NTST 551 - Beginner Greek Placement Exam, 0 credits, must receive a score of 45% or higher to pass.
- NTST 552 - Intermediate Greek Placement Exam, 0 credits, must receive a score of 60% or higher to pass.
- OTST 551 - Beginner Hebrew Placement Exam, 0 credits, must receive a score of 85% or higher in Part 1 of the exam to pass.
- OTST 552 - Intermediate Hebrew Placement Exam, 0 credits, must receive a score of 85% or higher in Parts 1 and 2 of the exam to pass.

Students who choose to demonstrate proficiency in Hebrew and/or Greek by taking the courses at Andrews may use the credits to fulfill course Prerequisite Elective requirements.

#### Modern Language

A modern language of French or German must generally be completed by examination and/or course work (FREN 505, GRMN 505). Exceptions to this rule are listed under areas of Concentration. This is in addition to the minimum 38 program credits. Other modern research languages may be considered by the program director if the language is relevant to the topic of the thesis/project. Modern language deficiencies must be completed before registering for the MA thesis/project.

## Student Learning Outcomes

Graduates of this program will:

- Demonstrate competence at an advanced level in critical thinking and research methods. (Transferrable Skills, GIO 1)
- Achieve a comprehensive and critically-aware knowledge of Christian beliefs and practices with appropriate specializations in biblical and theological studies, religious history, and practical theology. (Knowledge, GIO 2)
- Critique from a Seventh-day Adventist perspective key ideas, techniques or methods in the field of religious studies. (Faith Development, GIO 3)
- Autonomously use advanced knowledge in a manner consistent with Seventh-day Adventist thought and practice to address complex interpretative, theological or pastoral problems for diverse communities. (Faith Integration, GIO 4)

## Youth & Young Adult Ministry MA

The MA in Youth and Young Adult Ministry is a 48-credit degree designed to prepare leaders to disciple youth and young adults. It also equips them to be competent in training others in the lifelong journey of following Jesus and becoming more like Him.

#### Mission:

The MA in Youth and Young Adult Ministry prepares individuals to become competent in discipling and training others in one or more phases of youth and young adults' spiritual, mental, emotional, and relational development.

#### Vision:

The MA in Youth and Young Adult Ministry serves the Church by equipping and discipling individuals to address the spiritual and developmental needs of youth and young adults both in the church and in the surrounding communities.

#### Goals:

All students graduating from the MA in Youth and Young Adult Ministry will be competent pastor-teachers in youth ministry.

Students will have growing expertise as pastor-teachers in the following area of human development: youth and young adult ministry.

**Delivery:** Main Campus, online, and hybrid

**Online Delivery:** Available online, including some interactive online courses offered synchronously (via Zoom), and some interactive online courses are delivered asynchronously (see Global Campus definitions).

**Hybrid Delivery:** This program is available at the Andrews campus (2 years) or in a hybrid delivery format (3 years). The hybrid delivery format is designed for pastors and youth workers whom because of their employment situation cannot attend on campus full-time because of their employment situation. Students take seven classes throughout the school year to complete in three years. In each spring semester, students attend intensives on campus for two weeks. Five classes each year are taken in the interactive online format (some synchronous and some asynchronous (see Global Campus definitions). Students are also encouraged to come to campus for graduation.

**Practicum:** A field practicum can be arranged in the location of the student's residence.

**Electives:** Students in the MAYYAM/MSW Dual Degree program may fulfill 8 elective credits with MSW courses.

## Total Credits - 48

#### Other Requirements

GSEM 505 Colloquium **Credits: 0**

**(4.5 hour) Colloquia on a variety of ministry topics will be offered each semester for all on-campus students.**

On-Campus MA students will take 1 colloquium per Fall/Spring semester for the remaining semesters of their in-campus program

## Core Courses - 25

- 2 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits: 2,3**
- 3 credits of DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits: 2,3**
- 2 credits of DSLE 534 - Ministry to Youth and Young Adults **Credits: 2,3**
- 3 credits of DSLE 541 - Foundations of Biblical Spirituality **Credits: 2,3**
- 2 credits of DSLE 607 - Intergenerational Ministry **Credits: 2**
- 3 credits of DSLE 610 - Teaching for Discipleship **Credits: 2,3**
- 2 credits of PATH 526 - Conflict Management **Credits: 2,3**
- 2 credits of THST 615 - Doctrine of the Church **Credits: 2,3**
- 2 credits of a MSSN World Missions course
- 4 credits of NTST/OTST courses

## Youth & Young Adult Ministry Courses - 17

- 2 credits of DSLE 564 - Discipling Young Adults **Credits: 2,3**
- 2 credits of DSLE 608 - Youth and Young Adults in Contemporary Culture **Credits: 2,3**
- 2 credits of DSLE 615 - Collaborative Ministry: School, Church, Community **Credits: 2,3**
- 2 credits of DSLE 626 - Discipling At-Risk Youth **Credits: 2,3**
- 2 credits of DSLE 636 - Discipling Youth **Credits: 2,3**
- 2 credits of DSLE 656 - Counseling Youth and Young Adults **Credits: 2,3**
- 3 credits of DSLE 662 - Field Practicum: Professional **Credits: 1-6** (take after 24 credits)
- 2 credits of PATH 632 - Contextualized Preaching: \_\_\_\_\_ **Credits: 2,3** (for Youth & Young Adult Ministry)

## Degree Electives - 6

Choose courses from the following to total 6 credits:

- DSLE 651 - Foundations of Biblical Counseling **Credits: 2,3**
- DSLE 678 - Spiritual Nurture of Children **Credits: 2,3**
- PATH 553 - The Church and Social Issues **Credits: 2,3**
- PATH 555 - Pastoral Counseling **Credits: 2,3**

## Admission Requirements

Applicants to the Youth and Young Adult Ministry MA program should read the general admission requirements of the Seventh-day Adventist Theological Seminary. Applicants must also meet the qualifications listed below:

- Hold a baccalaureate degree
- Have a minimum GPA of 2.5
- Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church, and show promise of usefulness for ministry through personal maturity and adequate experience in the Church. (Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.)
- Submit an autobiographical history and statement of purpose reflecting the applicant's family, religious development, sense of calling to ministry, experience in church work, and future goals in relationship to the concentration to which they are applying.
- Interview with a representative of the YYAM MA program, if required, either by personal contact, telephone, or e-mail.
- Demonstrate a solid background in Old and New Testament knowledge through a department review of prior transcripts OR take OTST 500 Survey of the Old Testament and NTST 520 Introduction to the New Testament within the first year of enrollment.

### English Language Requirement

For those applicants whose native language is not English, the following is required:

- TOEFL - score of 550 (paper based) or score of 85 (computer based with a minimum of 20 on each section: written, verbal and comprehension) and
- A personal interview with the program director or designee

Applicants who fail to meet any of the above may be admitted only after departmental consideration of the specific circumstances. Additional coursework in English may be required. A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

### Criminal Background Check

- Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.
- Andrews University has selected the same company used by the North American Division-Sterling Volunteers (SV)- to administer their background checks. There is a standard fee charged by Sterling Volunteers for this service. (If you have previously completed a background check within the past three year through SV, please login to your SV profile and share your Background Check with Andrews University.)
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."

### Policy for Applicants to Youth and Young Adult Ministry MA Program Who Hold Degrees from Unaccredited Schools or Lack Baccalaureate Degrees

Purpose of this policy/protocol: To streamline the admission process and to create standardized admission requirements for students that hold degrees from unaccredited schools or lack baccalaureate degrees. As per 2020 ATS guidelines, and as part of the SDATS application process, the following procedure will be followed.

Applicants who hold degrees from unaccredited schools will submit the following:

- A 12 to 15-page research paper on a biblical/theological or education/teaching topic that demonstrates solid and academic-level research and writing skills.
- A resume documenting at least 3-years of teaching/education/ministry/pastoral leadership and work experience.
- A statement of purpose including the call to ministry showing authentic biblical spirituality.
- Three recommendations.
- Official transcripts showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.

- A petition letter from an education/church administrator (usually conference youth director of president/ministerial) requesting/endorsing the applicant's admission to the program.
- Interview: Applicants will be interviewed by one or two Admission Committee members or one of the Deans education/ministry, life experience, goals, and distinctive doctrines and theology.

In addition to all requirements above, applicants who lack baccalaureate degrees must also:

- Submit official transcripts showing the completion of a minimum of 60 undergraduate credits or an associate degree with a minimum 2.5 GPA.
- Be at least 35 years of age.
- If required, the applicant will be interviewed by the program director or the Seminary dean.

Students requesting consideration under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Master's Admissions Committee only those cases that fall outside of this policy/protocol.

## Additional Information

Students who seek to serve in general pastoral or church leadership positions should consider, as an alternative, the Master of Divinity program as stipulated by North American Division policy (L 05 05 and L 05 15).

### Seminary Worship Attendance

Regular and punctual attendance is required at seminary worships and assemblies for faculty, staff, and students in residence, except students registered for 7 credits or fewer, and faculty who have assignments off-campus or are on an approved research term. Student requests to be excused from this requirement should be addressed to the dean's office in writing. Regular worship attendance is a graduation requirement for students in residence. For further details, please refer to the "Seminary Worship Attendance Policy" under Student Life at the Seminary website, [www.andrews.edu/sem/studentresources](http://www.andrews.edu/sem/studentresources).

## Program Learning Outcomes

PL01: Demonstrate competence at an advanced level in critical thinking, training and education, teamwork, and engaging diverse perspectives related to discipleship across the lifespan. (*Transferrable Skills*, GIO 1)

PL02: Achieve a comprehensive and critically-aware knowledge of methods of discipleship and practices with appropriate specializations in youth and young adult ministry, family life education, campus chaplaincy, religious education, and Bible teaching. (*Knowledge*, GIO 2)

PL03: Critique from a Seventh-day Adventist perspective key ideas, techniques, or methods in the field of discipleship in lifespan education. (*Faith Development*, GIO 3)

PL04: Be prepared to train leaders at all levels of the church in diverse settings and communities using advanced skills and knowledge of discipleship across the lifespan in a manner consistent with both professional and Seventh-day Adventist Christian thought and practice. (*Faith Integration*, GIO 4)

## Masters Dual Degrees

## Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW

The Dual Degree Program in Discipleship and Lifespan Education, Family Life Education Concentration and Social Work allows the student to complete two degrees in 3 years, with a tuition reduction of 33% for the MSW credits. For

seminary credits, the student may apply for the Discipleship and Lifespan Education MA program tuition discount.

## Total Credits - 80

To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of elective courses. Specifically, the Social Work department will reduce the required number of credits from 56 to 46 by allowing students to take their required electives in the Seminary. Sixteen credits will be shared between the two programs.

The Discipleship and Lifespan Education, Family Life Education Concentration MA is a 48-credit degree, but it will share 16 credits with the MSW program and accept 3 MSW credits as electives, thereby reducing the Discipleship and Lifespan Education, Family Life Education Concentration MA credits to 45.

The following courses constitute credits shared between the two programs:

SOWK 515 - Christian Perspectives on Professional Ethics **Credits: 2** or DSLE 635 - Christian Perspectives on Professional Ethics **Credits: 2,3**

SOWK 550 - Social Policy **Credits: 2,3** or DSLE 657 - Social Policy **Credits: 2,3**

SOWK 659 - Human Sexuality **Credits: 3** or DSLE 659 - Human Sexuality **Credits: 3**

SOWK 561 - Social Work Research I **Credits: 2** and SOWK 562 - Social Work Research II **Credits: 2**  
or EDRM 505 - Research Methods **Credits: 3**

SOWK 535 - Generalist Field Experience **Credits: 1-5** and SOWK 635 - Advanced Field Experience **Credits: 1-5** (these two courses include 1 credit Leadership requirement)

**replace** DSLE 662 - Field Practicum: Professional **Credits: 1-6**

SOWK 689 - Advanced Professional Seminar **Credits: .5**

**replaces** DSLE 620 - Scholarly and Professional Development **Credits: 0**

## Program Information

Information for the two programs (Discipleship and Lifespan Education, Family Life Education Concentration MA and Social Work MSW) follows:

## Discipleship and Lifespan Education MA

The MA in Discipleship and Lifespan Education is a 48-credit degree designed to prepare leaders to understand, facilitate, and train others in the process of discipleship—a lifelong journey of learning to follow Jesus and become more like Him while also training other leaders.

### Mission:

The MA in Discipleship and Lifespan Education prepares individuals to become competent in discipling leaders and training others in one or more phases of spiritual, mental, emotional, and relational development across the lifespan.

### Vision:

The MA in Discipleship and Lifespan Education serves the church by equipping and discipling individuals to address the developmental needs of its new and current members as well as the surrounding communities.

### Goals:

All students graduating from the MA in Discipleship and Lifespan Education will be competent pastor-teachers in the field of discipleship.

Students will have growing expertise as pastor-teachers in at least one of the following areas of human development: family ministry and campus chaplaincy ministry.

Students who teach at the elementary or academy level will become competent in discipling students to a love relationship with God and in understanding the Biblical narrative.

### MA in Discipleship and Lifespan Education (Professional) Concentrations:

- Campus Chaplaincy (Main Campus and Online)
- Family Life Education (Main Campus)

### MA in Discipleship and Lifespan Education (Academic) Concentrations:

- Bible Teaching (Online)
- Religious Education (Main Campus)

### MA Discipleship and Lifespan Education Dual Degree Options:

The MA (DSLE) is also available with the following dual degree option:

- Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW

**Online Delivery:** The concentrations available online include some interactive online courses that are offered synchronously (via Zoom), and some interactive online courses are offered asynchronously (see Global Campus definitions).

**Practicum:** A field practicum can be arranged in the location of the student's residence.

**Electives:** Students in the MA (DSLE)/MSW Dual Degree program may fulfill 8 elective credits with MSW courses.)

### Total Credits - 48-53

#### Professional Core - 25

- 2 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits: 2,3** (Bible Teaching Concentration students must replace this course with GDPC 525 - Psychology and Education of Exceptional Children.)
- 3 credits of DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits: 2,3**
- 2 credits of DSLE 534 - Ministry to Youth and Young Adults **Credits: 2,3** (Academic Concentration students can choose this course or 2 credits of DSLE 607 Intergenerational Ministry)
- 3 credits of DSLE 541 - Foundations of Biblical Spirituality **Credits: 2,3**
- 2 credits of DSLE 607 - Intergenerational Ministry **Credits: 2** (Academic Concentration students can choose this course or 2 credits DSLE 534 Ministry to Youth and Young Adults)
- 3 credits of DSLE 610 - Teaching for Discipleship **Credits: 2,3**
- 2 credits of PATH 526 - Conflict Management **Credits: 2,3** or PATH 543 Christian Leadership in a Changing World **Credits 2,3** (not required for Bible Teaching Concentration)
- 2 credits of a MSSN World Missions course
- 4 credits of NTST/OTST courses (Bible Teaching Concentration students take NT/OT courses in their concentration)
- 2 credits of a THST course (Bible Teaching Concentration students must take THST 616 - Doctrine of God)

#### Concentrations - 23-31

Students must choose one of the following concentrations:

#### Bible Teaching Concentration - 31

The Bible Teaching concentration prepares K-12 teachers who do not have a religion/theology background to teach Bible classes, while those with a strong religion/theology background but no educational background are given advanced standing and introduced to principles of pedagogy/andragogy.

#### Prerequisite Courses

The following courses are prerequisites for the Bible Teaching Concentration:

HLED 120 - Fit for Life or Health Principles course from Adventist Learning Community

RELT 225 - Doctrines of the Adventist Faith

#### Advanced Standing

Advanced standing may be obtained for up to 12 credits of religion and theology and up to 5 credits of education or religious education for a combined maximum total of 12 credits. These credits are dependent upon a background of advanced theological or educational study or prior extensive undergraduate studies in religion, theology, religious education, or education as well as the particular MA (Discipleship in Lifespan Education) focus area chosen. Advanced standing is calculated at the time of admission as follows:

18 or more credits of undergraduate religion or theology credit may qualify for advanced standing of up to 12 credits in appropriate areas of the course plan. Advanced standing based on less than 18 credits of prior undergraduate studies is prorated at a two-thirds ratio.

8 or more credits of undergraduate education or religious education may qualify for advanced standing of up to 5 credits in appropriate areas of the course plan. Advanced standing based on less than 8 credits of prior undergraduate studies is prorated at a two-thirds ratio.

#### Concentration Courses - 31

1.5 credits of CHIS 570 - History of the Seventh-day Adventist Church **Credits:** 1.5,2

1.5 credits of CHIS 571 - The Life and Writings of Ellen G. White **Credits:** 1.5,2

3 credits of DSLE 605 - Foundations in Discipleship & Lifespan Education **Credits:** 2,3

2 credits of DSLE 606 - Philosophical Foundations for Professionals **Credits:** 2,3

DSLE 616 - Collaborative Ministry: Partnering in Discipleship and Mission **Credits:** 2

DSLE 620 - Scholarly and Professional Development **Credits:** 0

2 credits of DSLE 633 - K-12 Faith Development & Bible Methods **Credits:** 2,3

1 credit of DSLE 676 - Topics: \_\_\_\_\_ **Credits:** 1-3 (Integration of Faith & Learning)

EDTE 508 - Principles of Teaching and Learning **Credits:** 3

EDTE 517 - Teaching Reading in the Secondary Content Areas **Credits:** 3

EDTE 524 - Classroom Testing and Evaluation **Credits:** 2

3 credits of EDTE 576 - Methods for Integrating Instructional Technology **Credits:** 2,3

GDPC 514 - Psychology of Learning **Credits:** 3

GSEM 680 - Master's Comprehensive Exam **Credits:** 0

2 credits of NTST 539 - Studies in Revelation **Credits:** 2,3

2 credits of OTST 546 - Studies in Daniel (English) **Credits:** 2,3

2 credits of OTST 566 - Studies in the Pentateuch (English) **Credits:** 2,3

**Thesis Option:** may add an additional 3 credits

GSEM 697 - Thesis for MA Degree **Credits:** 1-10

#### Additional Degree Requirements for Religious Education and Bible Teaching Concentrations

Must maintain a minimum GPA of 3.00 in order to graduate. Courses with a grade below B- do not count toward the degree.

**Degree Completion:** Candidates for the Bible Teaching Concentration may exercise one of the following two options to complete their degree:

- Comprehensive Examinations: Must pass comprehensive examinations arranged through the departmental administrative assistant. The one-day exams entail a three-hour morning session and a two-hour afternoon session.
- Thesis: Prepare a thesis (minimum 3 credits). A two-member faculty committee guides the student in developing the project and evaluates the defense. Students who complete a thesis are exempt from writing comprehensive examinations but are required to make a portfolio presentation. The thesis may add 3 credits to the 48 credit degree requirements, making a total of 51 credits.

#### Denominational Teacher Certification

The Basic Teaching Certificate for denominational certification may be issued to the candidate presenting a Verification of Eligibility form from Andrews University. The certificate is issued by the union conference where the candidate takes his/her first teaching position. Requirements for this certificate may be completed by taking additional courses along with the MA (DSLE) with the Bible Teacher Concentration. The Bible Teaching focus builds credit toward Denominational Certification but additional courses and a teaching practicum are required. More information about preparing to teach religion in Adventist schools is available from the University Certification Registrar in the School of Education.

#### Campus Chaplaincy Concentration - 23

The Campus Chaplaincy Concentration is designed for those youth and young adult specialists who see themselves ministering as chaplains on either public or private campuses. This concentration has been approved for credentialing by the Adventist Chaplaincy Ministries of the North American Division of Seventh-day Adventists.

2 credits of DSLE 507 - Introduction to Chaplaincy Ministry **Credits:** 2

2 credits of DSLE 615 - Collaborative Ministry: School, Church, Community **Credits:** 2,3

DSLE 620 - Scholarly and Professional Development **Credits:** 0

3 credits of DSLE 662 - Field Practicum: Professional **Credits:** 1-6

DSLE 664 - Advanced Campus Ministry **Credits:** 3

2 credits of DSLE 669 - Reaching the Secular Mind **Credits:** 2,3

PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3

PATH 643 - Trauma & Advanced Crisis Intervention **Credits:** 2

Electives: Choose 6 elective credits in consultation with advisor

#### Additional Degree Requirements for Campus Chaplaincy Concentration

The Campus Chaplaincy concentration is awarded upon successful completion of a minimum of 48 semester credits with a cumulative GPA of 2.5 or better. A minimum of 24 semester credits are to be taken at the Theological Seminary or at an authorized extension center. The course work for the MA (Discipleship in Lifespan Education) is designed to be completed by full-time students in two years.

##### Elective Courses

Students in the MA (DSLE) can utilize their elective credits to tailor a program to their specific ministry needs. They can take up to 6 credits in DSLE 690 - Independent Study.

##### Transfer Credits

A maximum of 9 transfer graduate credits, when applicable, may be transferred into the MA (DSLE) program from other institutions or from other master's programs within the Seminary upon approval of the dean. Credits approved under the Credit Through Learning in Professional Experience provision (see below) are considered part of the maximum of 9 transfer credits.

##### Credit Through Learning in Professional Experience

In place of DSLE 662 - Field Practicum: Professional, some students may be eligible to receive up to three credits for professional experience when approved by the dean, using the following criteria:

- Applicants must have completed at least 18 credits toward the MA degree with a minimum GPA of 2.50.
- The applicant must submit a Professional Experience Portfolio, including (1) an up-to-date curriculum vita, (2) a description of ministerial experiences, (3) a reflection-learning paper in which the applicant analyzes his/her professional skills and ministries and demonstrates how learning based on the reflection-reaction process occurred, and (4) supporting letters from administrative and pastoral supervisors which identify and document a variety of professional experiences.
- The applicant must submit the completed Professional Experience Portfolio to the program director and the Department of Discipleship and Lifespan Education no later than the semester prior to graduation. For details, contact the director of the MA (DSLE) program.

#### Additional Information

Graduates of the Campus Chaplaincy Concentration receive calls for ministry. However, completion of the program does not guarantee employment in Adventist ministry or any other church employment.

Students who seek to serve in general pastoral or church leadership positions should consider, as an alternative, the Master of Divinity program as stipulated by North American Division policy (L 05 05 and L 05 15).

##### CPE Unit

In addition to completing the 48-credit professional Discipleship in Lifespan Education with an emphasis in Campus Chaplaincy, an individual wishing to be employed as a campus chaplain should complete 1 unit of Clinical Pastoral Education (CPE) - Community Based Option (8 months). In international settings where CPE units are not available, supervised internship in campus ministry must be arranged in accordance with established curricula guidelines and with qualified mentoring.

#### Family Life Concentration - 23

The Family Life Education concentration prepares students to engage in family education ministries both within the church and in other professional settings and to apply for certification as Family Life Educators by the National Council on Family Relations (NCFR). Advanced standing is generally not given for the Family Life Education concentration.

##### Prerequisite Course:

GDPC 614 - Human Development **Credits:** 3

##### Concentration Courses:

3 credits of DSLE 635 - Christian Perspectives on Professional Ethics **Credits:** 2,3

DSLE 652 - Personal and Family Finance **Credits:** 3  
DSLE 655 - Families in Society **Credits:** 3  
3 credits of DSLE 657 - Social Policy **Credits:** 2,3  
DSLE 658 - Internal Dynamics of Families **Credits:** 3  
DSLE 659 - Human Sexuality **Credits:** 3  
2 credits of DSLE 662 - Field Practicum: Professional **Credits:** 1-6 (taken after completion of 24 credits)  
DSLE 679 - Parenting Education and Guidance **Credits:** 3

### **Additional Degree Requirements for Family Life Education Concentration**

The Family Life Education concentration is awarded upon successful completion of a minimum of 48 semester credits with a cumulative GPA of 2.5 or better. A minimum of 24 semester credits are to be taken at the Theological Seminary or at an authorized extension center. The course work for the MA (Discipleship in Lifespan Education) is designed to be completed by full-time students in two years.

#### **Elective Courses**

Students in the MA (DSLE) can utilize their elective credits to tailor a program to their specific ministry needs. They can take up to 6 credits in DSLE 690 - Independent Study.

#### **Transfer Credits**

A maximum of 9 transfer graduate credits, when applicable, may be transferred into the MA (DSLE) program from other institutions or from other master's programs within the Seminary upon approval of the dean. Credits approved under the Credit Through Learning in Professional Experience provision (see below) are considered part of the maximum of 9 transfer credits.

#### **Credit Through Learning in Professional Experience**

In place of DSLE 662 - Field Practicum: Professional, some students may be eligible to receive up to three credits for professional experience when approved by the dean, using the following criteria:

- Applicants must have completed at least 18 credits toward the MA degree with a minimum GPA of 2.50.
- The applicant must submit a Professional Experience Portfolio, including (1) an up-to-date curriculum vita, (2) a description of ministerial experiences, (3) a reflection-learning paper in which the applicant analyzes his/her professional skills and ministries and demonstrates how learning based on the reflection-reaction process occurred, and (4) supporting letters from administrative and pastoral supervisors which identify and document a variety of professional experiences.
- The applicant must submit the completed Professional Experience Portfolio to the program director and the Department of Discipleship and Lifespan Education no later than the semester prior to graduation. For details, contact the director of the MA (DSLE) program.

### **Additional Information**

#### **Family Life Certification**

The Family Life Education focus will allow the student to obtain the NCFR certification. If student is not seeking NCFR certification, more credits toward the degree can be from Advanced Standing when applicable (up to a maximum of 9 credits only, as specified in the degree requirements section)

#### **Certification in Family Life Education**

While completion of the MA (Discipleship in Lifespan Education) with a concentration in Family Life Education does not of itself qualify an individual as a Certified Family Life Educator (CFLE) through NCFR, the courses offered through the MA (Discipleship in Lifespan Education) meet all of the requirements needed to apply for CFLE credentials. Applications must be made directly to NCFR within 5 years of completion of any courses that are submitted for CFLE certification, documenting that each course has been successfully completed in the 10 designated NCFR content areas (for provisional certification), and (for full certification) that a practicum has also been completed. The NCFR content areas, and corresponding program course acronyms are:

Families and Individuals in Societal Contexts: DSLE 655 - Families in Society **Credits:** 3  
Internal Dynamics of Families: DSLE 658 - Internal Dynamics of Families **Credits:** 3  
Human Growth/Development across the Life Span: GDPC 614 - Human Development **Credits:** 3 (or equivalent\*)  
Interpersonal Relationships: DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits:** 2,3

Family Resource Management: DSLE 652 - Personal and Family Finance **Credits:** 3

Parenting Education and Guidance:

DSLE 679 - Parenting Education and Guidance **Credits:** 3  
Family Law and Public Policy: DSLE 657 - Social Policy **Credits:** 2,3  
Professional Ethics and Practice: DSLE 635 - Christian Perspectives on Professional Ethics **Credits:** 2,3  
Family Life Education and Methodology: DSLE 610 - Teaching for Discipleship **Credits:** 2,3

For further information, go to <https://www.ncfr.org/cfle-certification/become-certified/cfle-course-checklists-school>

\*A course that substitutes for GDPC 614 will require a syllabus to be submitted and to indicate whether the course was taken at the UG or Graduate level

### **Religious Education Concentration - 25**

The Religious Education Concentration is designed for students who see themselves as pursuing a PhD (Discipleship in Lifespan Education) or a similar doctoral degree. Since this concentration is designed to lead to a doctorate, it is academic in nature and, as such, requires that the student take courses in education and research as well as complete a comprehensive examination. This flexible concentration allows students to focus their studies on an area of interest that may prepare them for advanced doctoral study. Religious Education seeks to integrate biblical foundations and educational research in order to understand and facilitate the process of discipleship, the life-long journey of learning to follow Jesus and become more like Him.

### **Concentration Courses - 10**

3 credits of DSLE 605 - Foundations in Discipleship & Lifespan Education **Credits:** 2,3  
2 credits of DSLE 606 - Philosophical Foundations for Professionals **Credits:** 2,3  
DSLE 620 - Scholarly and Professional Development **Credits:** 0  
2 credits of DSLE 681 - Field Practicum: Academic **Credits:** 1-6  
3 credits of EDRM 505 - Research Methods **Credits:** 3 or GSEM 520 &nbsp;Methods in Biblical & Theological Research **Credits:** 2  
GSEM 680 - Master's Comprehensive Exam **Credits:** 0

**Thesis Option:** additional 3 credits

GSEM 697 - Thesis for MA Degree **Credits:** 1-10

### **Concentration Electives for Customization - 15**

Choose from the following elective courses (other courses may be substituted in consultation with advisor):

DSLE 608 - Youth and Young Adults in Contemporary Culture **Credits:** 2,3  
DSLE 619 - Religious Experience in Adolescence **Credits:** 2,3  
DSLE 630 - Fostering Spiritual Growth **Credits:** 2,3  
DSLE 636 - Discipling Youth **Credits:** 2,3  
DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3  
DSLE 658 - Internal Dynamics of Families **Credits:** 3  
DSLE 659 - Human Sexuality **Credits:** 3  
DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3  
DSLE 679 - Parenting Education and Guidance **Credits:** 3  
MSSN 546 - Mission in Cultural and Religious Context **Credits:** 3  
MSSN 584 - Preparation for Cross-Cultural Workers **Credits:** 2-4  
MSSN 615 - Anthropology for Mission and Ministry **Credits:** 2,3

### **Additional Degree Requirements for Religious Education Concentration**

Must maintain a minimum GPA of 3.00 in order to graduate. Courses with a grade below B- do not count toward the degree.

Degree Completion: Candidates for the Religious Education Concentration may exercise one of the following two options to complete their degree:

Comprehensive Examinations: Must pass comprehensive examinations arranged through the departmental administrative assistant. The one-day exams entail a three-hour morning session and a two-hour afternoon session.

Thesis: Prepare a thesis (minimum 3 credits). A two-member faculty committee guides the student in developing the project and evaluates the defense. Students who complete a thesis are exempt from writing comprehensive examinations but are required to make a portfolio presentation. The thesis may add 3 credits to the 48 credit degree requirements, making a total of 51 credits.

### Admission Requirements

Applicants to the MA (DSLE) program should read the general admission requirements of the Seventh-day Adventist Theological Seminary. Applicants to the Campus Chaplaincy, and Family Life Education Concentrations must also meet the qualifications listed below:

- Hold a baccalaureate degree
- Have a minimum GPA of 2.5
- Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church, and show promise of usefulness for ministry through personal maturity and adequate experience in the Church. (Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.)
- Submit an autobiographical history and statement of purpose reflecting the applicant's family, religious development, sense of calling to ministry, experience in church work, and future goals in relationship to the concentration to which they are applying.
- Interview with a representative of the MA (DSLE) program, if required, either by personal contact, telephone, or e-mail.
- Demonstrate a solid background in Old and New Testament knowledge through a department review of prior transcripts OR take OTST 500 Survey of the Old Testament and NTST 520 Introduction to the New Testament within the first year of enrollment.

Applicants to the Religious Education and Bible Teaching Concentrations are based on the student's meeting the general admission requirements for all graduate students as outlined in the School of Graduate Studies & Research, and the general Seminary admission requirements Seventh-day Adventist Theological Seminary. In addition, students must have earned a baccalaureate degree or equivalent and have a minimum GPA of 2.75 for admission. Official scores from the Graduate Record Examination (GRE) General Test taken within the last five years should be submitted to the Office of Graduate Enrollment Management.

### English Language Requirement

For those applicants whose native language is not English, the following is required:

- TOEFL - score of 550 (paper based) or score of 85 (computer based with a minimum of 20 on each section: written, verbal and comprehension) and
- A personal interview with the program director or designee

Applicants who fail to meet any of the above may be admitted only after departmental consideration of the specific circumstances. Additional coursework in English may be required. A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

### Criminal Background Check

- Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.
- Andrews University has selected the same company used by the North American Division-Sterling Volunteers (SV)- to administer their background checks. There is a standard fee charged by Sterling Volunteers for this service. (If you have previously completed a background check within the past three year through SV, please login to your SV profile and share your Background Check with Andrews University.)
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."

### Policy for Applicants to MA in Discipleship and Lifespan Education Program Who Hold Degrees from Unaccredited Schools or Lack Baccalaureate Degrees

Purpose of this policy/protocol: To streamline the admission process and to create standardized admission requirements for students that hold degrees from unaccredited schools or lack baccalaureate degrees. As per 2020 ATS guidelines, and as part of the SDATS application process, the following procedure will be followed.

Applicants who hold degrees from unaccredited schools will submit the following:

- A 12 to 15-page research paper on a biblical/theological or education/teaching topic that demonstrates solid and academic-level research and writing skills.
- A resume documenting at least 3-years of teaching/education/ministry/pastoral leadership and work experience.
- A statement of purpose including the call to ministry showing authentic biblical spirituality.
- Three recommendations.
- Official transcripts showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.
- A petition letter from an education/church administrator (usually conference youth director of president/ministerial) requesting/endorsing the applicant's admission to the program.
- Interview: Applicants will be interviewed by one or two Admission Committee members or one of the Deans education/ministry, life experience, goals, and distinctive doctrines and theology.

In addition to all requirements above, applicants who lack baccalaureate degrees must also:

- Submit official transcripts showing the completion of a minimum of 60 undergraduate credits or an associate degree with a minimum 2.5 GPA.
- Additional Credits: For students accepted into the MA DSLE (Academic Concentrations) program, between 6 and 10 additional credits minimum (as per the recommendation of the MA DSLE director) are required.
- Be at least 35 years of age.
- If required, the applicant will be interviewed by the program director or the Seminary dean.

Students requesting consideration under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Master's Admissions Committee only those cases that fall outside of this policy/protocol.

### Additional Information

Students who seek to serve in general pastoral or church leadership positions should consider, as an alternative, the Master of Divinity program as stipulated by North American Division policy (L 05 05 and L 05 15).

### CPE Unit

In addition to completing the 48-credit Campus Chaplaincy Concentration, an individual wishing to be employed as a campus chaplain should complete 1 unit of Clinical Pastoral Education (CPE) - Community Based Option (8 months). In international settings where CPE units are not available, supervised internship in campus ministry must be arranged in accordance with established curricula guidelines and with qualified mentoring.

### Seminary Worship Attendance

Regular and punctual attendance is required at seminary worships and assemblies for faculty, staff, and students in residence, except students registered for 7 credits or fewer, and faculty who have assignments off-campus or are on an approved research term. Student requests to be excused from this requirement should be addressed to the dean's office in writing. Regular worship attendance is a graduation requirement for students in residence. For further details, please refer to the "Seminary Worship Attendance Policy" under Student Life at the Seminary website, [www.andrews.edu/sem/studentresources](http://www.andrews.edu/sem/studentresources).

### Program Learning Outcomes

PLO1: Demonstrate competence at an advanced level in critical thinking, training and education, teamwork, and engaging diverse perspectives related to discipleship across the lifespan. (*Transferrable Skills*, GIO 1)

PLO2: Achieve a comprehensive and critically-aware knowledge of methods of discipleship and practices with appropriate specializations in youth and young adult ministry, family life education, campus chaplaincy, religious education, and Bible teaching. (*Knowledge*, GIO 2)

PLO3: Critique from a Seventh-day Adventist perspective key ideas, techniques, or methods in the field of discipleship in lifespan education. (*Faith Development*, GIO 3)

PL04: Be prepared to train leaders at all levels of the church in diverse settings and communities using advanced skills and knowledge of discipleship across the lifespan in a manner consistent with both professional and Seventh-day Adventist Christian thought and practice. (*Faith Integration*, GIO 4)

## Social Work MSW

The Master of Social Work (MSW) degree is a professional degree enabling the graduate to enter practice as an advanced-level practitioner. Graduates are prepared to work in a variety of clinical, administration, and development focus areas. The foundation curriculum for the MSW consists of 9 core competencies that are required for every accredited MSW program: 1) Demonstrate ethical and professional behavior; 2) Engage diversity and difference in practice; 3) Advance human rights and social, economic, and environmental justice; 4) Engage in practice-informed research and research-informed practice; 5) Engage in policy practice; 6) Engage with individuals, families, groups, organizations and communities; 7) Assess and plan with individuals, families, groups, organizations and communities; 8) Intervene with individuals, families, groups, organizations and communities; and 9) Evaluate practice with individuals, families, groups, organizations and communities. In addition, our program has added an additional competency: 10) Demonstrate a Christian social work perspective. The curriculum is designed to teach students the knowledge, values and skills, along with understanding of the cognitive and affective reactions and judgement that accompany these dimensions. Measurement outcomes for these competencies can be found on the first page of the Andrews University School of Social Work website. The Andrews University MSW program is accredited by the Council of Social Work Education through the year 2027.

### Delivery

All tracks of the MSW program are available in the face-to-face format. The Regular Standing and Accelerated Regular Standing tracks are also available in the interactive online synchronous format (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

### Dual Degrees Options

The MSW Dual Degree Programs allow the student to complete two degrees in one additional year, with a tuition reduction of 33% for the MSW credits. To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of elective courses. Specifically, the School of Social Work will reduce the required number of credits by 9-10 credits by allowing students to take their required social work electives in the other graduate program. In addition, approximately 16 credits will be shared between the two programs. The following Dual Degree options are available:

- Business Administration/Social Work Dual Degree MBA/MSW
- Community & International Development/Social Work Dual Degree MSCID/MSW
- Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW
- Divinity/Social Work Dual Degree MDiv/MSW
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

### Curriculum

Core advanced interpersonal practice courses supplemented by optional areas of focus are offered. Students wishing to enroll in core graduate social work courses must be enrolled in the MSW program and/or have the instructor's permission. Students may transfer up to 20% of the credits from one degree into the MSW program. All courses are subject to change based on accreditation needs.

### MSW Social Work Tracks

- Regular Standing (Two Year) Program
- Accelerated Regular Standing (Two Year) Program
- Advanced Standing (One Year) Program
- Advanced Standing Plus (18 Months) Program

### Areas of Focus

Students may choose to specialize in the following focus areas: Human Resources, Mental Health, School Social Work, Marriage & Family, Christian Ministry, International Social Work, and Medical Social Work. Please refer to the School of Social Work website for further information: [www.andrews.edu/cas/socialwork/](http://www.andrews.edu/cas/socialwork/). Students are not required to choose a focus area.

### Additional Requirements

- A minimum cumulative GPA of 3.00 in Social Work Program.

- No grade of D or F (or U) may count toward a graduate degree.
- The maintenance at all times of professional conduct and behaviors appropriate for a social worker according to the National Association of Social Workers' Code of Ethics.
- Defense of the professional degree portfolio as part of SOWK689 Advanced Professional Seminar. This portfolio is a demonstrative collection of professional competencies.
- Other Andrews University degree requirements as presented in the Graduate Academic Information section of this bulletin.

Past experience strengthens all MSW student applications. However, following Council on Social Work Education requirements, no social work course credit can be given for life experience or previous work experience.

### Admission Requirements

#### English Language Requirements

For those applicants whose native language is not English, the following is required:

- Demonstration of English proficiency by obtaining at least a minimum score on any one of the following exams. Exam must be taken within two years prior to enrollment.
  - TOEFL ITP (paper-based): A minimum score of 550
  - TOEFL iBT (internet-based): 80 with a minimum of 20 on each section
  - IELTS (Academic version): 6.5
  - PTE (Academic version): 54
- MSW program participates in the Bridge program which allows students who are close to the minimum scores to take 3-6 credits of MSW courses along with ESL courses. Requirements to participate in the Bridge program are below.
  - TOEFL ITP (paper-based): A score of 500-549 (2-3 ESL courses and up to 3-6 credits of regular MSW course work)\* OR  
\*with permission of the department
- Nelson Denny: score of 13
- Personal interview with MSW program director or designee

Applicants who fail to meet any of the above may be admitted only after committee consideration of the specific circumstances. Additional course work in English may be required.

A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

#### Graduate Record Examination (GRE)

Students who are applying for admission to the MSW program are not required to take the GRE.

#### Additional Information

#### Assistantships

Students have the opportunity to apply for graduate assistantships—teaching or research. These assistantships give students the opportunity to develop their expertise. Students interested in becoming social-work educators—especially those with years of clinical experience—may teach undergraduate courses. Research assistantships offer experiences in community consulting, grant writing, and/or conducting research.

#### Resources

#### MSW Student Handbook

The MSW Student Handbook has been designed as the social work student's aid in understanding the program requirements of the School of Social Work as well as relevant policies of Andrews University. Inside the handbook you will find information such as expectations of students, the MSW curriculum, departmental policies, and other relevant information.

#### Field Manual

The Field Manual has been designed as your aid in understanding field education requirements, your role as a student in a field agency, and relevant policies of Andrews University.

You are responsible for the information found in this handbook, so please take the time to familiarize yourself with the handbook and know where to find questions and answers if the need arises.

## Student Learning Outcomes

Students who complete this program will:

- Demonstrate ethical and professional behavior
- Engage diversity and difference in practice
- Advance human rights and social, economic, and environmental justice
- Engage in practice-informed research and research-informed practice
- Engage in policy practice
- Engage with Individuals, Families, Groups, Organizations, and Communities
- Assess and Plan with Individuals, Families, Groups, and Communities
- Intervene with Individuals, Families, Groups, Organizations, and Communities
- Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities
- Demonstrate a Christian Social Work Perspective

# Divinity/Community and International Development Dual Degree MDiv/MSCID

Andrews University has formed a collaborative program between the Master of Divinity Program of the Seventh-day Adventist Theological Seminary and the Community and International Development Program in the College of Arts & Sciences. Students can potentially complete the two degrees in 3 years; 2 years in the Theological Seminary and 1 year in the Community and International Development Program.

The objectives of this program are to prepare students to better follow Christ's model for ministry by equipping pastors, evangelists and missionaries with important tools, skills and knowledge in order to address the socio and economic needs of their churches and community.

Students who receive this degree will have a more holistic view of the Church's mission and their community. They will receive practical training in:

- Finding innovated approaches to improving quality of life of church and community members.
- Addressing urban issues that affect the church: poverty, economic crisis, unemployment, etc.
- Assessing the needs of the community they will serve.
- Fundraising and grant writing.
- Program management.
- Managing humanitarian crises and programs.
- Program design, monitoring and evaluations.
- Analyze, evaluate and design and execute policy that affect constituents and local community.
- Advocacy.
- Research (design, analysis and recommendations).

Students will receive 6 months of Field experience. This increases their job readiness and marketability. CID/Seminary based dual degree students will have two options:

- A six-month supervised internship abroad or in a local community full time, utilizing knowledge and skills from both degrees. This is the regular standard for the degree.
- Work 6 months in the church and community selected for TFE assignment. Students will be expected to identify humanitarian needs and issues in their churches and surrounding community and provide a feasible solution.

The knowledge and skills provided will allow students to more confidently address issues in their church and community. Student will be able to use both biblical and research/professional based answers to respond to social and economic issues in their community. An understanding of the humanitarian field and its expectations will increase the legitimacy of programs they implement and chances of receiving funding.

A CID degree will allow students to be more marketable to other fields outside of the church and improve their chances for employment. CID degree holders have a wide range of potential career paths in which the spiritual and physical contributions could be greatly beneficial. These roles generally fall into the following categories (not including exclusively pastoral roles):

- **Practitioner:** Project management and implementation in the field.
- **Policy/Advisory:** Research, evaluation, lessons learned and developing policy recommendations to use within the organization and to advocate outside of the organization.
- **Advocacy & Outreach:** Ministry, campaigning, lobbying, fundraising, media, communications.
- **Support:** Human resources, finance, logistics, IT, etc.

Since the MSCID and MDiv programs share certain cognate courses to achieve a more streamlined and efficient program, both degrees must be conferred simultaneously in order to fulfill the requirements of each degree. In the event that one degree was completed prior to enrollment for the dual degree program, the cognate requirements for the other degree will be adjusted as shown below. A dual student cannot march in graduation or March-without-Completion if both halves of the dual degree are not completed.

## Total Credits: 95

Graduation requirements consist of the satisfactory completion of 95 semester credits with an overall grade point average of 3.0 for the MSCID program, and 2.75 or higher for the MDiv program. 65 credits are MDiv credits, and 30 credits are Master of Community and International Development credits.

65 MDiv credits plus 23-24 MSCID credits, plus 7 shared credits (see courses below) = 95 credits

- MSSN 546 - Mission in Cultural and Religious Context (3 Cr)
- PATH 543 - Christian Leadership in a Changing World (2 Cr)
- PATH 560 - Advanced Ministerial Development (2 Cr)

**NOTE:** If dual degree students choose to complete an MDiv concentration, it will increase their total credits required by 12.

## Program Information

Information for the two programs (Divinity MDiv and Community & International Development MSCID) follows:

## Divinity MDiv

E-mail: [mdiv@andrews.edu](mailto:mdiv@andrews.edu)

The Master of Divinity (MDiv) is a 78-credit professional program strongly recommended as the graduate training for Adventist ministry by the General Conference of Seventh-day Adventists and the North American Division. It requires two and a half years of full-time study (including summers) for full-time students. Additional semesters may be required for students lacking prerequisites (including biblical languages), or for those who take less than 14 credits in the Fall and Spring semesters, and 12 during the summer.

### Concentration Options

Students may - if desired - select one of the MDiv concentrations:

- Chaplaincy
- Marriage and Family Life Ministry
- Urban Ministry
- Youth and Young Adult Ministry

### MDiv Dual Degree Options

The MDiv may also be taken in conjunction with one of the following dual degree options:

- Divinity/Community and International Development Dual Degree MDiv/MSCID
- Divinity/Healthcare Administration Dual Degree MDiv/MHA
- Divinity/Public Health Dual Degree MDiv/MPH
- Divinity/Social Work Dual Degree MDiv/MSW

## Mission

In harmony with the mission and core values of the Seventh-day Adventist Theological Seminary, the Master of Divinity degree equips called, committed men and women with practical biblical, theological, and ministerial knowledge and skills to prepare them for Christlike service as leaders and equippers.

## Vision

We envision the Master of Divinity community as a relationally healthy and diverse family focused on developing balanced and spiritually mature ministry leaders who are committed to equipping people in accomplishing God's mission and the prophetic calling of the Seventh-day Adventist Church.

## Prerequisites

Students who enter the Master of Divinity program who have not previously taken a Religion or Theology degree at the undergraduate level must fulfill the following prerequisites, all of which may be taken either at the Seventh-day Adventist Theological Seminary or at the undergraduate level. Each student's transcript will be evaluated to ensure the completion of all required prerequisite courses.

Current Greek and Biblical Hebrew language intermediate level proficiency must be demonstrated by passing placement exams or by passing both the beginning and intermediate level classes of each language at the Seminary.

At least 3 credits of combined Christian Church History taken at the undergraduate level will satisfy this prerequisite. Otherwise, students will take CHIS 506 and CHIS 507 as needed.

- 2 credits of CHIS 506 - Church History to 1500 **Credits:** 2,3
- 2 credits of CHIS 507 - Church History 1500 to Present **Credits:** 2,3

At least 3 credits of combined Adventist history and Life & Writings of Ellen G. White.

- 1.5 credits of CHIS 570 - History of the Seventh-day Adventist Church **Credits:** 1.5,2
- 1.5 credits of CHIS 571 - The Life and Writings of Ellen G. White **Credits:** 1.5,2

NTST 520 - Introduction to the New Testament **Credits:** 2

NTST 530 - Introduction to Revelation **Credits:** 2

OR

NTST 539 - Studies in Revelation **Credits:** 2,3

The Revelation requirement is a prerequisite and may be met in the following ways:

If the student has taken an undergraduate Revelation course in the last 10 years at an institution whose syllabus has been approved by the Seminary, then they will not be required to meet the Revelation requirement in the Seminary. Students may submit a syllabus for evaluation if their undergraduate school is not on the list of approved schools. If approved, their school will be added to the list, and their requirement will be waived.

Students who **have not taken** an undergraduate Revelation course, or whose **undergraduate courses do not qualify**, must take one of the following courses:

- NTST530 Intro to Revelation
- NTST539 Studies in Revelation (online)

If a student's undergraduate course is more than 10 years old or if their undergraduate syllabus is denied by the NTST department, they may take **NTST 648 Revelation** to fulfill their Revelation prerequisite. By so doing, they fulfill the Revelation prerequisite as well as the core New Testament exegesis requirement.

- 2 credits of NTST 551 - Beginning Greek **Credits:** 0,2 (Passed at C- or higher or score 45% or higher on the Greek Placement Exam - May, August)
- 3 credits of NTST 552 - Intermediate Greek **Credits:** 0,3 (Passed at C or higher or score 60% or higher on the Greek Placement Exam - May, August)

**NOTE:** Any student who wishes to take a biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

- 2 credits of OTST 500 - Survey of the Old Testament **Credits:** 2,3
- 3 credits of OTST 551 - Biblical Hebrew I **Credits:** 0,3 (Passed at a minimum of C+ or score 75% or higher on the Beginner Hebrew Placement Exam - May, August)

- 2 credits of OTST 552 - Biblical Hebrew II **Credits:** 0,2,3 (Passed at a minimum of C+ or score 75% or higher on the Intermediate Hebrew Placement Exam - May, August)

**NOTE:** Any student who wishes to take a Biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

- 2 credits of OTST 565 - Survey of the Pentateuch **Credits:** 2,3
- 2 credits of PATH 505 - Biblical Preaching **Credits:** 2
- 2 credits of PATH 536 - Personal Evangelistic Ministry **Credits:** 2,3
- 2 credits of PATH 552 - Foundations of Pastoral Ministry **Credits:** 2

**NOTE:** Students who have passed a basic course in pastoral ministry from an accredited Seventh-day Adventist undergraduate institution, or who have been Conference-employed as pastors for two years or more will be exempted from PATH 552, provided their hiring/sponsoring organization can provide proof of at least two years of pastoral employment via their service record. Exemptions to this rule will be granted on a case by case basis as determined by the Practical and Applied Theology (PATH) Department Chairperson.

- 3 credits of THST 521 - Christian Theology I **Credits:** 2,3
- 3 credits of THST 522 - Christian Theology II **Credits:** 2,3

## Total Credits - 78

### Interdisciplinary - 5

GSEM 505 - Colloquium: \_\_\_\_\_ **Credits:** 0

**Brief (4.5 hour) colloquia on a variety of ministry topics will be offered each semester for MDiv students.**

Full-time (9 credits or more) students must attend at least one colloquia session per Fall/Spring semester that they are in the MDiv program.

- 2 credits of GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3
- 3 credits of GSEM 628 - Great Controversy, Covenant, Law, and Sabbath **Credits:** 2,3

### Church History - 7

- 2 credits of CHIS 624 - Issues in Ellen G. White Studies **Credits:** 2,3
- 3 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3

### Choose one of the following courses (CHIS list) for 2 credits:

- CHIS 600 - The Early Church to A.D. 604 **Credits:** 2,3
- CHIS 609 - The Church in the Middle Ages **Credits:** 2,3
- CHIS 620 - Seminar in Christian Biography **Credits:** 2,3
- CHIS 625 - Seminar in Church-State Thought **Credits:** 2,3
- CHIS 629 - History of Christian Spirituality **Credits:** 2,3
- CHIS 630 - History of Jewish Experience **Credits:** 2,3
- CHIS 634 - Reformation Theology **Credits:** 2,3
- CHIS 635 - History of the African American Churches **Credits:** 2,3
- CHIS 640 - Reformation: \_\_\_\_\_ **Credits:** 2,3
- CHIS 650 - English Reformation and Rise of Puritanism **Credits:** 2,3
- CHIS 654 - Seminar in English Reformation and Puritan Theology **Credits:** 3
- CHIS 655 - Wesley and Methodism **Credits:** 2,3
- CHIS 657 - Seminar in Reformation Theology **Credits:** 3
- CHIS 659 - Seminar in the History of Selected Christian Doctrines **Credits:** 3
- CHIS 660 - History of Religion in America **Credits:** 2,3
- CHIS 664 - History of American Religious Thought **Credits:** 2,3
- CHIS 665 - Modern Church History **Credits:** 2,3
- CHIS 668 - History of Religious Liberty **Credits:** 2,3
- CHIS 670 - Seminar in History of the Seventh-day Adventist Church **Credits:** 2,3
- CHIS 673 - Development of Seventh-day Adventist Lifestyle **Credits:** 2,3
- CHIS 675 - Seminar in the Development of Seventh-day Adventist Lifestyle **Credits:** 2,3
- CHIS 680 - History of Sabbath and Sunday **Credits:** 2,3
- CHIS 682 - Seminar in Church History **Credits:** 3
- CHIS 683 - The Pastor, Church and Civil Law **Credits:** 2, 3
- CHIS 684 - Seminar in History of Sabbath and Sunday **Credits:** 3
- CHIS 685 - Studies in Church History **Credits:** 2,3
- CHIS 686 - Development of Prophetic Interpretation **Credits:** 2,3
- CHIS 687 - Seminar in Development of Prophetic Interpretation **Credits:** 2,3
- CHIS 688 - Contemporary Trends **Credits:** 2,3
- CHIS 689 - History of Worship and Liturgy **Credits:** 2, 3
- CHIS 690 - Independent Study **Credits:** 1-3

## Discipleship and Lifespan Education - 9

- 3 credits of DSLE 541 - Foundations of Biblical Spirituality **Credits: 2,3** (Must be taken first semester in Program.) (MDiv/MHA Dual Degree students: this course replaces HCAD 646 Integration of Spirituality in Health Care)
- 2 credits of DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits: 2,3** (MDiv/MSW Dual Degree students must replace this course with SOWK 501)
- 2 credits of DSLE 534 - Ministry to Youth and Young Adults **Credits: 2,3**
- 2 credits of DSLE 615 - Collaborative Ministry: School, Church, Community **Credits: 2,3**

## New Testament - 8

Choose one of the following New Testament Exegesis courses for 3 credits (NTST List A)

- Intermediate Greek proficiency required:

- NTST 645 - Hebrews **Credits: 2,3**
- NTST 646 - Topics in New Testament Exegesis **Credits: 2,3**
- NTST 648 - Revelation **Credits: 2,3**
- NTST 653 - Advanced Studies in the General Epistles **Credits: 2,3**
- NTST 655 - Advanced Studies in the Gospels **Credits: 2,3**
- NTST 658 - Advanced Studies in the Pauline Writings **Credits: 2,3**
- NTST 678 - Seminar in Greek Exegesis **Credits: 2,3**

Choose one of the following New Testament Theology courses for 3 credits (NTST List B)

- Intermediate Greek proficiency required:

- NTST 613 - Love, Marriage and Divorce **Credits: 2,3**
- NTST 614 - Suffering, Death and Resurrection **Credits: 2,3**
- NTST 616 - Theology of Luke-Acts **Credits: 2,3**
- NTST 623 - New Testament Theology of Prayer **Credits: 2,3**
- NTST 627 - New Testament Theology of Salvation **Credits: 2,3**
- NTST 628 - The Holy Spirit in the New Testament **Credits: 2,3**
- NTST 629 - New Testament Ecclesiology **Credits: 2,3**
- NTST 630 - Theology of the Synoptic Gospels **Credits: 2,3**
- NTST 633 - Social Issues in the New Testament **Credits: 2,3**
- NTST 634 - Theology of the Pauline Epistles **Credits: 2,3**
- NTST 641 - Theology of the Johannine Writings **Credits: 2,3**
- NTST 647 - Eschatology **Credits: 2,3**
- NTST 667 - Topics in New Testament Theology **Credits: 2,3**
- NTST 668 - New Testament Ethics **Credits: 2,3**
- NTST 676 - Jesus in Recent Scholarship **Credits: 2,3**
- NTST 679 - Seminar in New Testament Theology and Ethics **Credits: 2,3**

Choose one of the following New Testament Background courses for 2 credits (NTST List C)

- Intermediate Greek proficiency required:

- NTST 515 - New Testament Backgrounds **Credits: 2,3**
- NTST 606 - New Testament Textual Criticism and Canon Formation **Credits: 2,3**
- NTST 615 - New Testament Archaeology **Credits: 2,3**
- NTST 626 - Seminar in Classical Jewish Literature **Credits: 2,3**
- NTST 635 - Intertestamental Literature **Credits: 2,3**
- NTST 636 - Jerusalem in the Time of Jesus **Credits: 2,3**
- NTST 654 - Second Century Christianity **Credits: 2,3**
- NTST 680 - Greco-Roman World **Credits: 2,3**
- NTST 684 - Judaism and the New Testament **Credits: 2,3**
- NTST 689 - Seminar in New Testament Backgrounds **Credits: 2,3**
- NTST 695 - Topics in New Testament Backgrounds **Credits: 2,3**

## Old Testament - 8

- 2 credits of OTST 674 - Daniel **Credits: 2,3**

Choose one of the following Old Testament Exegesis courses for 2 credits (OTST List A)

- Intermediate Hebrew proficiency required:

- OTST 625 - Biblical Hebrew III **Credits: 3** (MDiv students must make arrangements with the professor if they wish to use OTST625 as an OT Exegesis course. An exegetical paper will be required. This course is offered strictly as 3 credits.)
- OTST 628 - Methods of OT Exegesis **Credits: 2,3**
- OTST 639 - Studies in Old Testament Exegesis **Credits: 2,3**
- OTST 664 - Pentateuch **Credits: 2,3**
- OTST 666 - Historical Books **Credits: 2,3**
- OTST 668 - Psalms/Wisdom Literature **Credits: 2,3**
- OTST 675 - Minor Prophets **Credits: 2,3**
- OTST 680 - Seminar in Old Testament Exegesis **Credits: 2,3**
- OTST 686 - Major Prophets **Credits: 2,3**

Choose one of the following Old Testament Theology courses for 2 credits (OTST List B)

- Intermediate Hebrew proficiency required:

- OTST 619 - Theology of the Old Testament **Credits: 2,3**
- OTST 620 - Seminar in Old Testament Theology **Credits: 2,3**

OTST 627 - Jewish Life and Thought **Credits: 2,3**

OTST 685 - Principles of Hermeneutics **Credits: 2,3**

Choose one of the following archaeology courses:

2 credits of OTST 510 - Archaeology and the Bible **Credits: 2,3**

or

**Students who have taken an undergraduate course in biblical archaeology may replace OTST 510 with a 2-credit advanced archaeology course from the following list (OTST List C):**

ANEA 615 - Seminar in Archaeology and History of Antiquity **Credits: 2,3**

NTST 615 - New Testament Archaeology **Credits: 2,3**

OTST 604 - History of the Ancient Near East **Credits: 2,3**

OTST 635 - History of Israel **Credits: 2,3**

Practical and Applied Theology - 19

2 credits of PATH 523 - Worship: Word and Music **Credits: 2,3**

PATH 539 - Church Growth and the Equipping Leader **Credits: 3**

2 credits of PATH 543 - Christian Leadership in a Changing World **Credits: 2,3**  
(MDiv/MHA Dual Degree students: this course may fulfill MHA Core Elective)

2 credits of PATH 555 - Pastoral Counseling **Credits: 2,3** (MDiv/MSW Dual Degree Students must replace this course with SOWK 601)

PATH 560 - Advanced Ministerial Development **Credits: 2** (AMD for Dual Degree Students: If student is in a dual degree, they may substitute this course with the appropriate practicum course in their corresponding dual degree. MDiv/MSW Dual Degree students must take SOWK 510. MDiv/MSCID students may take AMD or CIDS 680.) (Urban Context required for Urban Ministry Concentration students)

3 credits of PATH 562 - Field Evangelism **Credits: 3-6** (Urban Context required for Urban Ministry Concentration students)

PATH 567 - Health & Lifestyle Transformation **Credits: 1** (MDiv/MPH Dual Degree students, replace this course with FDNT 520 - Vegetarian Nutrition and Disease Prevention **Credits: 3**)

Choose one of the following Advanced Preaching courses (PATH list) for 2 credits:

PATH 600 - Preaching from the New Testament **Credits: 2,3**

PATH 601 - Preaching Biblical Prophecies **Credits: 2,3**

PATH 603 - Evangelistic Preaching **Credits: 2,3**

PATH 607 - Preaching from the Old Testament **Credits: 2,3**

PATH 609 - Media Ministry **Credits: 2,3**

PATH 627 - Black Preaching **Credits: 2,3**

PATH 632 - Contextualized Preaching: \_\_\_\_\_ **Credits: 2,3**  
PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial required for Urban Ministry Concentration  
PATH 632 Contextualized Preaching: Youth required for Youth and Young Adult Ministry concentration.

PATH 633 - Preaching the OT/NT for Maximum Impact **Credits: 2,3**

PATH 634 - Field Evangelistic Preaching & Practicum **Credits: 2,3**

PATH 637 - Seminar in Preaching **Credits: 2,3**

Choose one of the following NADEI courses (NADEI list) for 2 credits:

PATH 604 - Mobilizing for Evangelistic Ministry **Credits: 2,3**

PATH 606 - Mission-Shaped Church Planting **Credits: 2,3**

PATH 656 - Evangelistic Small Groups **Credits: 2,3**

Theology - 13

3 credits of THST 611 - Revelation, Inspiration and Hermeneutics **Credits: 2,3**

2 credits of THST 635 - Issues in Origins **Credits: 2,3**

Choose one of the following Systematic Theology courses for 3 credits (THST List A):

THST 615 - Doctrine of the Church **Credits: 2,3**

THST 616 - Doctrine of God **Credits: 2,3**

THST 617 - The Works of God **Credits: 2,3**

THST 618 - The Works of Christ **Credits: 2,3**

THST 619 - Principles and Methods of Theology **Credits: 2,3**

THST 630 - Doctrine of Christ **Credits: 2,3**

THST 637 - Biblical Eschatology **Credits: 2,3**

THST 639 - Doctrine of the Holy Spirit **Credits: 2,3**

THST 640 - Doctrine of Salvation **Credits: 2,3**

THST 647 - Human Nature and Destiny **Credits: 2,3**

THST 649 - Seminar in Theological

Issues: \_\_\_\_\_ **Credits: 2,3**

THST 678 - Science and Religion **Credits: 2,3**

**Choose one of the following Historical Theology courses for 2 credits (THST List B):**

- THST 623 - Contemporary Adventist Theological Issues **Credits:** 2,3  
THST 624 - Protestant Theological Heritage **Credits:** 2,3  
THST 625 - Early Christian Theology **Credits:** 2,3  
THST 626 - Modern Christian Theology **Credits:** 2,3  
THST 627 - Roman Catholic Life & Thought **Credits:** 2,3  
THST 628 - Contemporary Theology **Credits:** 2,3  
THST 629 - History and Theology of Ecumenism **Credits:** 2,3  
THST 656 - Seminar in Historical  
Theology: \_\_\_\_\_ **Credits:** 2,3  
THST 667 - Postmodernism and the Church **Credits:** 2,3  
THST 676 - History of Philosophy **Credits:** 2,3

**Choose one of the following Ethics courses:**

- 3 credits of THST 605 - Principles of Christian Ethics **Credits:** 2,3

or

**Students who have taken an undergraduate course in Ethics may replace THST 605 with a 3-credit advanced ethics course from the following list (THST List C):**

- THST 622 - Foundations of Philosophical Ethics **Credits:** 3  
THST 633 - Ethics and the Good Life **Credits:** 2,3  
THST 634 - Christian Social Ethics **Credits:** 2,3  
THST 643 - Christian Professional Ethics **Credits:** 2,3 (MDiv/MSW Dual Degree students must replace this course with SOWK 515)  
THST 644 - Theological Ethics **Credits:** 2,3  
THST 659 - Seminar in Philosophy, Theology, and  
Ethics: \_\_\_\_\_ **Credits:** 2,3  
THST 660 - Church and Society **Credits:** 2,3  
PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3

**World Mission - 6**

- MSSN 546 - Mission in Cultural and Religious Context **Credits:** 3

**Choose one of the following Mission courses for 3 credits (MSSN List):** (NOTE: MSSN 546 is prerequisite to all other Mission courses.)

- MSSN 505 - Christian Responses to Human Needs **Credits:** 2,3  
MSSN 561 - Christian Witness and World Religions **Credits:** 3  
MSSN 610 - Theology of Mission **Credits:** 3  
MSSN 615 - Anthropology for Mission and Ministry **Credits:** 2,3  
MSSN 618 - Mission to the Cities **Credits:** 3  
MSSN 630 - Cross-Cultural Leadership Development **Credits:** 2,3  
MSSN 632 - Diversity, Cultural Intelligence, and Leadership **Credits:** 2,3  
MSSN 635 - Contemporary Issues in Mission **Credits:** 2,3  
MSSN 660 - Witnessing to People of Another Religion **Credits:** 2,3  
MSSN 676 - History of Christian Mission **Credits:** 2,3  
MSSN 685 - Strategies for World Mission **Credits:** 2,3  
MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6

**General Electives - 3**

- Students will take 3 credits of general electives.
- Electives may not be used to satisfy prerequisites and/or deficiencies.
- Up to 3 credits in relevant courses offered by other schools of the university on the graduate level may be included in the general electives, including up to 3 appropriate workshop credits.
- Transfer credit petitions from other schools/colleges within Andrews University or from any other University must be done in consultation with the MDiv Office.

**Thesis Option**

Students anticipating academic doctoral studies after the completion of their MDiv program are advised to undertake the thesis option as some academic institutions require a master's-level thesis for entry into doctoral programs.

The thesis counts as 6 general elective credits allowed for the MDiv degree. Students should register for 2 or more thesis credits per term for at least two semesters. Therefore, initial registration for a thesis must be no later than two semesters prior to graduation. Students electing to write an MDiv thesis must apply to the director of the program and must (1) demonstrate superior scholarship over a minimum of two consecutive semesters, normally with a GPA of 3.50 or above; (2) take Research Methods before the thesis is started; and (3) submit a paper of superior quality before permission is granted by the director to begin writing the thesis. The student is guided in thesis preparation by a three-member committee appointed by the director in consultation with the student and department chair in which the subject of the thesis is chosen. The chair of this committee serves as the thesis advisor.

The format of the thesis must conform strictly to the Andrews University Standards for Written Work. Students are strongly urged to consult the dissertation secretary before formatting and printing a thesis.

At least six weeks before graduation, the committee-approved draft of the thesis should be submitted to the dissertation secretary. After appropriate changes have been made, the corrected copy should be submitted at least four weeks before graduation to the dissertation secretary for approval. Copying on non-acid paper should be completed at least two weeks before graduation. Three copies of the thesis, including a 150-word abstract and an approval sheet, must be submitted to the dissertation secretary. The abstract should contain a short statement of the problem examined, a brief exposition of methods and procedures, and a condensed summary of the findings.

Students obtain a Thesis Completion Form from the dissertation secretary. They must take the form to the Academic Records Office no later than noon on Friday, a week preceding graduation. A fee is charged by the university for binding the three copies of the thesis, two of which are deposited in the library and one in the department in which the student earns the degree.

Students who do not adhere strictly to the deadlines noted above will have their graduation postponed. Thesis candidates must pass an oral examination no later than two weeks before graduation. The candidate is expected to demonstrate mastery of the thesis topic.

**Concentrations**

**Note:** Dual degree students who choose to complete a concentration will increase their total credits required by 12.

**Chaplaincy Concentration - 12**

Chaplaincy is a highly qualified and dynamic expression of ministry based on the Bible and supported by the Seventh-day Adventist Church. The chaplaincy concentration provides the basic training and preparation for service beyond the church borders in various chaplaincy ministries, such as in healthcare, military, campus, prison, police and fire departments, community, and corporate settings. It also prepares pastors and church leaders to advance in their caregiving and empathic ministry skills for an immediate impact in the church and the surrounding communities.

PATH 507 - Introduction to Chaplaincy Ministry **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

PATH 516 - Death & Grief in Contemporary Society **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3 (**Prerequisite:** Undergraduate Ethics course or THST 605)

PATH 643 - Trauma & Advanced Crisis Intervention **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

3 Credits of Clinical Pastoral Education taken in one of the following courses: PATH 554 - Clinical Pastoral Education (CPE) **Credits:** 3-8

Students taking CPE at the CPE Seminary Chaplaincy Study Center must register for PATH 554 Clinical Pastoral Education for 3 credits (with the possibility of up to 8 credits). **Credits / Units:** 3

OR

PATH 557 - Practicum in Clinical Pastoral Education (CPE): \_\_\_\_\_  
**Credits:** 2-8 (MDiv/MHA Dual Degree students: Taking 3 credits of PATH 554 or PATH 557 may reduce required credits and hours for HCAD 670)

If a student wishes to receive CPE credit for units already earned, a per-credit recording fee is charged by the university for PATH 557 Practicum in Clinical Pastoral Education (CPE), or PATH 641 Practicum in Military Chaplaincy. (Application form is available in the PATH office.) If a student wishes to register for their CPE units concurrently with other full semester courses, the registration will be part of their MDiv load, and there will be no recording fee assessed.

Students doing Military Chaplaincy can take PATH 641 Practicum in Military Chaplaincy instead of or in addition to PATH 554 or PATH 557.

PATH 641 - Practicum in Military Chaplaincy **Credits:** 2-8

**Marriage and Family Life Ministry Concentration - 12**

Healthy, spirit-filled marriages and families are the backbone of Christian life and most clearly reflect the character of Christ in our churches and in the world. When marriages and families are broken, our churches suffer. The Concentration on Marriage and Family Life Ministry is designed to prepare MDiv students to equip their churches to be vibrant and healthy in the way they foster relationships in their individual families as well as in church and the community. Students who take this concentration will be better equipped to educate their congregations in areas of family life. They will also be better prepared to address the family issues that

will come to them for counseling. Pastors with these courses will be able to create healthy churches and more positively impact their communities for Christ.

In addition to the core MDiv requirement DSLE 503 - Marriage, Family, and Interpersonal Relationships for 2 credits, students who choose this concentration will take 12 credits in the following courses:

**Choose one of the following courses:**

3 credits of DSLE 635 - Christian Perspectives on Professional Ethics **Credits:** 2,3  
DSLE 659 - Human Sexuality **Credits:** 3

**Choose one of the following courses:**

DSLE 655 - Families in Society **Credits:** 3  
DSLE 658 - Internal Dynamics of Families **Credits:** 3

**Choose one of the following courses:**

3 credits of DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3  
DSLE 679 - Parenting Education and Guidance **Credits:** 3

**Choose one 3-credit course from the following:**

DSLE 610 - Teaching for Discipleship **Credits:** 2,3  
DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3  
DSLE 651 - Foundations of Biblical Counseling **Credits:** 2,3  
DSLE 652 - Personal and Family Finance **Credits:** 3  
DSLE 657 - Social Policy **Credits:** 2,3

**Urban Ministry Concentration - 18**

The Urban Ministry concentration is designed for students who want to learn how to make a decisive impact in the cities and to be prepared for the specific challenges of mission and ministry in the urban context.

**Online Delivery:** The Urban Ministry concentration is available online with some interactive online courses offered synchronously (via Zoom), and some interactive online courses are offered asynchronously (see Global Campus definitions). Due to grant funding, this online delivery is limited only to select students with special permission.

**MDiv Core Requirements - Contextualized to the Urban Ministry Concentration**

It is suggested that the student take the following topics or contexts to fulfill the core requirements in the main body of the MDiv Program.

PATH 560 - Advanced Ministerial Development **Credits:** 2 (Urban Context)  
PATH 562 - Field Evangelism **Credits:** 3-6 (with an Urban Context)

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial in fulfillment of the requirement for an Advanced Preaching Core Elective (PATH list).

PATH 632 - Contextualized Preaching: \_\_\_\_\_ **Credits:** 2,3  
(with an Urban Context)

Take the following MASN Core elective:

MASN 618 - Mission to the Cities **Credits:** 3

**Concentration Courses**

3 credits of MASN 625 - Creating Collective Impact and Project Management **Credits:** 2,3

3 credits of MASN 632 - Diversity, Cultural Intelligence, and Leadership **Credits:** 2,3

3 credits of MASN 644 - Ministry of Reconciliation through Social Innovation **Credits:** 2,3

MASN 667 - Urban Ministry Project **Credits:** 3

One credit of MASN 655 - ICISF Certification for Crisis Intervention **Credits:** 1

3 credits of PATH 554 - Clinical Pastoral Education (CPE) **Credits:** 3-8 (with an Urban Context)

Choose one of the following:

DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3  
DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3  
DSLE 669 - Reaching the Secular Mind **Credits:** 2,3  
MASN 645 - Ministry among Immigrants **Credits:** 2,3  
MASN 695 - Topics \_\_\_\_\_ **Credits:** 1-6 (Reaching Post-Moderns)  
PATH 553 - The Church and Social Issues **Credits:** 2,3

**Youth and Young Adult Ministry Concentration - 12**

A Youth and Young Adult Ministry (YYAM) Concentration is available for students wishing to gain specialized skills and knowledge for service in pastoral and

administrative leadership to address the needs of youth and young adults. The MDiv with the YYAM Concentration requires a total of 84 credits.

In addition to the core MDiv requirement DSLE 534 - Ministry to Youth and Young Adults for 2 credits, students who choose this concentration will take 12 credits in the following courses:

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Youth in fulfillment of the Christian Ministry requirement for an Advanced Preaching Core Elective (PATH list).

2 credits of DSLE 564 - Discipling Young Adults **Credits:** 2,3  
2 credits of DSLE 607 - Intergenerational Ministry **Credits:** 2  
2 credits of DSLE 608 - Youth and Young Adults in Contemporary Culture **Credits:** 2,3  
2 credits of DSLE 636 - Discipling Youth **Credits:** 2,3  
2 credits of DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3

**Choose at least 2 credits from the following courses:**

DSLE 610 - Teaching for Discipleship **Credits:** 2,3  
DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3  
DSLE 630 - Fostering Spiritual Growth **Credits:** 2,3  
DSLE 651 - Foundations of Biblical Counseling **Credits:** 2,3  
DSLE 664 - Advanced Campus Ministry **Credits:** 3 \*  
DSLE 669 - Reaching the Secular Mind **Credits:** 2,3  
DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3

\*Students wishing to pursue campus chaplaincy should register for DSLE 664 Advanced Campus Ministry as their choice of core elective.

## Additional Requirements

MDiv students must meet the following requirements in addition to those required of all graduate students:

- Complete the MDiv curriculum of at least 78 credits. Students lacking adequate undergraduate preparation will be required to complete additional prerequisite credits. The additional credits required are based on individual academic evaluation.
- MDiv students taking 9 credits or more are required to attend at least 1 colloquium per semester during their stay at Andrews.
- Maintain a GPA of 2.75 or above.
- Meet the qualitative standards of the MDiv program.
- No U (Unsatisfactory) grade or any grade below C- will count towards the MDiv degree.

**Academic Probation**

MDiv students whose cumulative GPA falls below 2.75 will be placed on academic probation and will have their course load reduced to no more than 10 semester credits. MDiv students whose cumulative GPA remains below 2.75 for a second consecutive semester will be required to meet with the MDiv program director and will enter into a probation contract, have regular meetings with their academic advisor, and fulfill other requirements as needed. Following that, should their GPA not improve, they may be asked to withdraw from the program.

When an incomplete or Deferred Grade has not been cleared by the end of the following semester, the student's course load must be reduced as follows:

One Incomplete/DGs—no reduction  
Two Incompletes/DGs—may register for no more than 10 credits  
Three Incompletes/DGs—may register for no more than 9 credits

With more than three I/DGs, the student must cease taking classes until the Incompletes/DGs are cleared.

**Evaluation of Students**

Since the MDiv program prepares individuals for professional and pastoral leadership, periodic assessments are made of the students by the faculty in areas other than academic standing. Areas reviewed are students' spiritual growth, lifestyle reflective of the beliefs and practices of the Seventh-day Adventist Church, social/family relations, and developing potential for ministry. As a result of these assessments, students are affirmed in the MDiv program, advised of needed adjustments, or discontinued from the program.

## Readiness for Ministry

The MDiv program is dedicated to preparing every graduate for success in ministry. Godly and effective practice of ministry requires not only intellectual readiness, but also spiritual, physical, emotional, and social maturity. The MDiv Readiness for Ministry process helps seminarians evaluate their ministerial gifting and calling, discover and address strengths and weaknesses, and identify and pursue avenues of ministry appropriate to their giftedness. The program includes small-group mentoring as well as periodic assessments of the seminarian's readiness for ministry, by the faculty, staff, and ministry supervisors.

Areas to be reviewed include spiritual commitment, character, social and relational skills, and general aptitude for ministry. On the basis of these assessments, the seminarian and his/her mentor will, at a minimum, receive feedback in the middle of their first year, and again shortly before graduation. If a significant issue arises that, at the discretion of the Seminary, seriously impairs the seminarian's potential for ministry, appropriate action will be taken. This may include: referring the seminarian to the program director for guidance, remediation, and/or other appropriate action, counsel regarding alternate programs of ministry within the University or elsewhere, or dismissing the seminarian from the MDiv program. As part of the admissions process, every MDiv applicant is required to sign an agreement to participate in this process. This agreement includes permission, which seminarians can withdraw later in the program, to share the final readiness for ministry profile available with prospective employers.

## Maintaining Active Status

**Residency Requirements:** Students must maintain active status by enrolling for at least two semesters within one academic year. When this fails to happen, the student must follow the bulletin in force at the time active status is reestablished.

Following an absence of two years or more, a student's previous admission status will have lapsed and the student will need to reapply to the program.

## Additional Information

### Hybrid Course Delivery Options

MDiv students may take a portion of their degree credits off-campus as advised by the MDiv office. The Hybrid delivery method utilizes various delivery methods to assist students in completing their MDiv degree. These options include:

- Interactive online asynchronous classes offered by the Seminary. (see Global Campus definitions).
- Dual mode (by zoom) synchronous classes.
- One week intensives at seminary extension sites in Unions throughout the United States and Canada (offered by the MA Pastoral Ministry English track). Certain classes in the MAPM program cannot be used by MDiv students. Advising is necessary prior to registration.
- Summer Session intensive courses on the main Andrews University campus
- Full semester, on-campus courses

For financial information regarding hybrid studies, please click [here](#).

Students interested in the Hybrid delivery method must obtain approval and instructions on specific class options, costs and how to sign up for this option from the MDiv program office before beginning off-campus studies.

### Transferred and Earned Credit Term Limits

All course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree.

### Transferring Credits to the MDiv Program

Provided the content of the courses is assessed as comparable to the curriculum of the Andrews University Master of Divinity program, students intending to transfer credits into the Master of Divinity Program should be aware of the following policies:

- Transfer requests must be made by the student within the first two semesters of the student's MDiv studies.
- Transfer credits are granted only for courses in which the grade is B or higher.
- For each course being requested in transfer, a course syllabus must be obtained and presented to the MDiv Program office, preferably in electronic format, and in English.
- An official transcript from the school being transferred from must have been sent to Andrews University, and be in the student's record.

- A student may transfer a maximum of 39 credits (graduate level) from an uncompleted graduate-level program.
- Up to 24 credits (graduate level) may be transferred to the Master of Divinity program from a completed master's-level degree.
- At least 39 credits must be taken in residence.

### MDiv Core Course Replacement Policy

MDiv core courses provide graduate level understanding considered by the seminary and the church to be essential for the pastor. Occasionally, an MDiv student may have already taken as part of their undergraduate degree, in addition to the required prerequisites for the MDiv program, an advanced college course in which they mastered the learning outcomes for the course at a graduate level. In such cases, a proposal to take an alternate course within the same discipline (department), at an equivalent or higher level, may be considered. To request the validation of a course, the student must submit to the MDiv office, within their first semester, a **portfolio** containing the following items:

- The **Seminary Prior Learning Validation Form**, initiated and signed by the student.
- The **course syllabus** from the advanced-level undergraduate course evidencing that all the Course Learning Outcomes (CLOs) of the MDiv core course have been taught appropriately at a level of rigor equivalent to the MDiv graduate course;
- A **transcript** demonstrating that the student earned a B grade or higher in the undergraduate advanced-level course;
- An essay, normally to be followed by an interview by the department chair/faculty member responsible for the course, describing how each of the CLOs were taught, learned, and subsequently put into use at a graduate level of learning.

### MAPM to MDiv Completion

For the transfer of credits between the MAPM and the MDiv programs at Andrews University, the following stipulations will be in place:

- MAPM students will be allowed to transfer qualified courses of up to two-thirds of the MDiv's total amount of credits.
- Students requesting admission to the MDiv program must submit a complete graduate application including standard requirements such as statement of purpose, minimum GPA and recommendations.
- Courses with a passing grade of C- or higher will be accepted to transfer between the programs.

### MDiv Spanish Language Cohort

The MDiv Spanish Language Cohort will serve Hispanic pastors who already have an MAPM and would like to complete an MDiv degree. Intensive courses will be offered in Spanish at the Florida Conference site in the Fall and Spring semesters and on the main campus during the final summer for each cohort. This will allow those who have the MAPM to advance to the MDiv and later on to Doctoral studies if so desired.

### Andrews University MDiv & BA Theology Accelerated Program Collaboration

Students in the BA Theology degree at Andrews University are encouraged to enter the MDiv program following the completion of their undergraduate studies. A collaboration has been established that shares a total of 15 credits that will be counted toward both degrees and may reduce the student's time in the MDiv by approximately one semester. Six credits will be completed at the Seminary level and 9 credits at the undergraduate level.

UNDERGRADUATE THEOLOGY COURSE	SEMINARY COURSE	TAKEN AT
REL 350 Evangelism (3)	PATH 562 Field Evangelism (3)	Undergraduate
REL 480 Practicum Capstone (1)	PATH 560 Advanced Min Development (2)	Undergraduate
REL 301 Marriage & Family (3)	DSLE 503 Marriage, Family and Interpersonal Relationships (2)	Undergraduate
RELT 315 Christian Discipleship (3)	DSLE 541 Found of Biblical Spirituality (3)	Seminary
REL Elective: REL 335 Foundations of Youth Ministry (3)	DSLE 534 Ministry to Youth & Young Adults (2)	Seminary
RELB 335 Acts and the Epistles (3)	MDiv Elective (3)	Undergraduate
	TOTAL CREDITS: 15	

### Summer Course Load

The 12-week summer semester is divided into three 4-week sessions. The total amount of coursework during the summer session may not exceed 12 credits.

Students taking a biblical language during a summer session may not take other courses during that session.

#### Workshop Credit Limit and Grading Pattern

Master of Divinity students may apply up to 4 workshop credits appropriate to degree requirements. If workshops are taken during the semester breaks, the credits are counted as part of the class load for either the previous or the following semester.

Workshops are graded S/U. Any deviation from this pattern must be approved by the dean prior to the conclusion of the workshop. Students must register at the Academic Records Office for all workshops for which academic credit is desired.

#### Independent Study Restrictions

Students in the MDiv program are allowed to register for Independent Study only for a compelling reason such as a schedule conflict or the need to take a subject that is not offered in any given semester (for a maximum of 8 credits during their MDiv program). Independent study is only available to students on the main campus. Normally, Independent Study cannot be used to meet a core requirement. Students must first seek approval from the MDiv office before arranging with a teacher to do Independent Study.

#### Fees

For a detailed list of charges, please click here.

MDiv students taking a graduate course in the College of Arts & Sciences in fulfillment of an elective course requirement may request a 50% tuition reduction (up to 9 credits cumulative), provided the class is not full and there are a sufficient number of students paying full tuition to warrant the teaching of the course. Directed study, laboratory courses, and study tours are not eligible for reduced tuition. Neither is this discount available for dual enrollment students who have been accepted in a graduate degree program in the College of Arts & Sciences. (Application form is available in the MDiv office.)

## Graduation

The Seminary follows the University graduation procedures and requirements for the conferral of degrees. A dedication ceremony for graduating seminary students is held on the afternoon prior to graduation or as announced.

## Admission Requirements

All MDiv applicants must meet the Graduate Programs Admission Requirements applicable to all graduate students and the general seminary requirements.

- Hold a baccalaureate degree: A four-year degree from an accredited United States institution, or its equivalent from an institution outside the U.S.
- Minimum of 2.5 Undergraduate GPA.
- Normally hold membership in the Seventh-day Adventist Church given that the MDiv program is specifically designed for Adventist ministers and is sponsored and financed by the Adventist church.
- Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church and show promise of usefulness for Adventist ministry through personal maturity and adequate experience in the Church. Maintain a modest pastoral social media presence - one that projects a professional demeanor and Christian values. Click here to see the Seminary Code of Conduct.
- Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.
- Submit an autobiographical history and a 350+ word statement of purpose reflecting the applicant's family and spiritual development, sense of calling to ministry, experience in church work, years as a baptized Adventist member, if ordained or commissioned as a pastor, including date, and future goals in relation to the MDiv program.
- If married, the spouse of the applicant is also asked to complete a statement in regard to his or her feelings and relationship to the partner's aspirations for future ministry.
- Criminal Background Check. Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.

Andrews University has selected the same company used by the North American Division - Sterling Volunteers (SV) - to administer your background check. There is a standard fee charged by Sterling Volunteers for this service. Please click here to complete this step. (If you have previously completed a background check with Sterling Volunteers please e-mail your status report to SemTest@andrews.edu.)

With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and stored in a completely secure environment. If you have any questions or concerns about Sterling Volunteers' security measures or payments, feel free to contact them at TheAdvocates@sterlingvolunteers.com or 855-326-1860, Option 1.

- An interview with a representative of the MDiv program may be required, either by personal contact, telephone, or video.
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."
- Recommendations:
  - Pastor or Church board from the church where the applicant is a member.
  - Conference administrator, chair or primary professor of undergraduate department, or church elder.
  - General Recommendation from: College teacher or advisor, recent employer, or other non-family members.
  - Given that applying and obtaining pertinent documents for admission can be a long process, the student must start the application process at least 4-6 months before the desired starting semester. See University deadlines for individual semesters here.

#### Policy for Applicants to the MDiv Program who hold degrees from Unaccredited Schools or Lack Baccalaureate Degrees

**Purpose of this policy/protocol:** To streamline the admission process and to create standardized admission requirements for students that hold degrees from unaccredited schools or lack baccalaureate degrees. As per 2020 ATS guidelines, and as part of the SDATS application process, the following procedure will be followed:

#### Unaccredited Schools

Applicants who hold degrees from unaccredited schools will submit the following:

- A 12 to 15-page research paper on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills.
- A resume documenting ministry/pastoral leadership and work experience.
- A statement of purpose including their call to pastoral ministry showing authentic biblical spirituality.
- 3 recommendations
- Official transcripts showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.
- A petition letter from a church administrator (usually conference president or ministerial director) requesting/endorsing the applicant's admission to the program.
- Interview: Applicants will be interviewed by the program director or one of the Deans. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, distinctive doctrines and theology.

#### Lack of Baccalaureate Degree

For applicants who lack baccalaureate degrees, in addition to all requirements above, they must also:

- Submit official transcripts showing the completion of a minimum of 60 undergraduate (semester) credits or an associate degree with a minimum 2.5 GPA.
- Take all necessary MDiv prerequisites
- Be at least 35 years of age.

Students requesting admission under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

## Placement Examinations

### Biblical Hebrew and Biblical Greek Prerequisites

Hebrew and Greek are required at the Intermediate proficiency level. Language Proficiency must be demonstrated within the first two years in seminary. Undergraduate credits alone do not demonstrate current proficiency in a language.

#### Option 1: Language Courses

- Students may demonstrate proficiency in Biblical Hebrew by passing Hebrew I (OTST 551) and earning a grade of at least C+ in Hebrew II (OTST 552).
- Students may demonstrate proficiency in Greek by passing Beginning Greek with a C- or higher OR score 45% or higher on the Greek Placement Exam and earning a grade of at least C in intermediate Greek (NTST 552) OR score 60% or higher on the Greek Placement Exam.

#### Option 2: Placement Exam

Students also have the option of demonstrating proficiency in a biblical language by passing the corresponding placement exam. Placement exams may be taken only once for each language. Any student who wishes to take a placement exam must take at least one of them in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken by September of their second year in seminary. Placement exams must be taken at the regular May or August dates set by the seminary.

Preparation materials designed to help students prepare for the placement examinations are available from the Old Testament (otst@andrews.edu) and New Testament (ntst@andrews.edu) departments.

Based on the score achieved on the exam, the student will be assigned to do one of the following as soon as possible: (1) Take both the beginning and intermediate language courses, (2) take the Intermediate language course, or (3) enroll in exegesis and theology courses without further language study necessary.

Students who do not pass the exam and do not obtain the required grade in the course must retake the course without delay until the required grade is achieved.

## International Student Information

### English Language Requirements

All students whose first language is not English must demonstrate adequate proficiency in English to succeed in the academic setting. Language proficiency requirements must be met before enrolling full-time in regular coursework.

Following are the English proficiency tests approved by the University and the required passing scores:

- TOEFL Paper-based - 565
- TOEFL Internet-based - 85
- Duolingo - 110
- IELTS - 6.5
- PTE – 58

### Advanced Standing

In accordance with ATS Standard 3.13, the Seminary may approve incoming MDiv students from outside North America to receive advanced standing. Advanced standing is credit given for advanced/upper-division courses taken at the undergraduate level. In order to qualify for advanced standing, students must:

- Hold a 4-year Bachelor of Theology (BTh) degree or its equivalent from an accredited institution.
- Have graduated from an AAA-accredited institution outside of North America.

### Criteria for Validation of Courses

Up to 18 credits of advanced standing may be granted. Each course to be considered for application toward advanced standing must:

- Have been taken **within 10 years** of the projected graduation date;
- Be an **upper-division/advanced-level** course that:
  - Contributes to the MDiv program learning outcomes;
  - Have an earned grade equivalent of **"B" or higher**.

**Curricular Practical Training (CPT)** - required for students on an F-1 visa taking off-campus practicums.

To qualify for CPT, the following requirements must be met:

- The specified training must have a clear start and end date.
- The F-1 student must have been enrolled for a full academic year before starting CPT (an exception is given for graduate programs requiring training in the first year of study).
- The F-1 student must be registered for a full course of study during CPT (if the CPT is in Fall or Spring semester) and the specified training should be reflected in the course load.

### Clinical Pastoral Education (CPE)

- A Clinical Pastoral Education (CPE) unit taken during a student's MDiv studies will count as full-time study, as it requires 400 practicum and instructor contact hours. The MDiv Chaplaincy and Urban Ministry Concentrations require a CPE unit to be registered for 3 credits, and those 3 credits registered in PATH557 Clinical Pastoral Education (Clinical) or PATH554 Clinical Pastoral Education (Urban) will satisfy as full-time study.

## Student Learning Outcomes

A graduate from this program:

- Models spiritual humility, maturity and integrity grounded in a living experience with God in joyful assurance of His salvation, nurtured by the sanctifying presence and power of the Holy Spirit. (Character)
- Manifests the practices of a Biblical scholar-theologian engaging the Bible, Christian/Adventist heritage and professional resources with theological maturity for personal growth and for facilitating the theological competence of others. (Scholarship)
- Demonstrates personal commitment, passion and essential skills for discipleship and evangelism, while equipping members to carry out ministry within the scope of the local and global mission of the Seventh-day Adventist church. (Discipleship & Evangelism)
- Exercises creative and visionary leadership as a minister and servant of Christ, discerning the needs, spiritual gifts and potential of others, in order to equip and engage in their God-given ministries. (Leadership)
- Facilitates enriching corporate worship that brings diverse peoples into the transforming presence of God. (Worship)
- Engages the abilities of self and others to strategically steward personal and corporate resources including time, health, finances, property and service in areas of spiritual giftedness. (Administration/Management)
- Models effective relationships with people of diverse cultures, backgrounds, character, and persuasions, reflecting the wisdom, compassion, and discernment of Jesus through the work of the Spirit. (Relationships)

## Community and International Development MSCID

The Community and International Development program offers interdisciplinary study in the humanitarian and development field at the graduate level. This unique approach equips students with the skills needed to identify and respond to social and economic challenges across the globe. Program concentration options offer in depth training - preparing students for professional service in academia, policy, advocacy, project management, and administration.

In order to receive a Masters in Community and International Development, students will complete 30 credits of required coursework. Up to 6 credits may be transferred from another accredited/recognized institution and applied towards the 30 required credits according to the criteria listed in the official Andrews University Graduate Transfer Policy.

**Delivery:** This degree is offered in both an on-campus and as an interactive online synchronous program. Most courses are taught in-person and online simultaneously (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

### MSCID Dual Degree Options:

The MSCID is also available with the following dual degree options:

- Community and International Development/Divinity Dual Degree MSCID/MDiv
- Community and International Development/Social Work Dual Degree MSCID/MSW

## Total Credits - 30

### Foundations - 18

CIDS 632 - Portfolio Development Seminar **Credits: 1**

CIDS 680 - Field Practicum **Credits: 1**

CIDS 698 - Research Project **Credits: 2,3**

#### Choose one of the following options:

##### Option 1:

SOCI 533 - Research Methods III: Advanced Research Design-Experimental and Survey **Credits: 2**

SOCI 534 - Research Methods IV: Advanced Statistical Analysis & SPSS **Credits: 2**

##### Option 2:

EDRM 605 - Qualitative Research Methods in Education and Psychology

**Credits: 3**

##### Option 3:

EDRM 611 - Applied Statistical Methods I **Credits: 3**

#### Choose from the following courses to equal 18 total credits in Foundations:

CIDS 535 - Grant Writing **Credits: 2**

CIDS 575 - Topics: **Credits: 1-6**

CIDS 623 - Humanitarian and Development Practice **Credits: 1-3**

CIDS 663 - Political Economy Analysis **Credits: 3**

CIDS 673 - Project Cycle Management **Credits: 3**

### Program Electives - 12

Choose 12 credits from the following options in consultation with the program advisor:

ANTH 517 - Cultural and Developmental Anthropology **Credits: 2**

BSAD 515 - Organizational Behavior & Leadership **Credits: 3**

BSAD 530 - Leadership & Management of Not-for-Profit Organizations  
**Credits: 3**

BSAD 670 - Management of Human Resources **Credits: 3**

CIDS 520 - Development Theory and Practice **Credits: 3**

CIDS 524 - Humanitarian Studies: Theory and Practice **Credits: 3**

CIDS 526 - Global Health & Development **Credits: 3**

CIDS 554 - Poverty Analysis & Reduction Strategies **Credits: 3**

CIDS 568 - Community Change **Credits: 3**

CIDS 575 - Topics: **Credits: 1-6**

CIDS 640 - Human Rights and Global Development **Credits: 3**

CIDS 675 - Institutions in Development **Credits: 3**

CIDS 697 - Portfolio Project **Credits: 2**

FNCE 675 - Financial Management **Credits: 3**

MSSN 546 - Mission in Cultural and Religious Context **Credits: 3** (only available to MSCID/MDiv Dual Degree Students)

PSYC 525 - Disaster Psychology **Credits: 2**

SOCI 508 - Emergency Preparedness **Credits: 2**

SOCI 514 - Migrant & Refugee Issues **Credits: 2,3**

SOCI 549 - Disaster Response and Emergency Operations **Credits: 2**

SOCI 555 - Emergency Planning **Credits: 2**

SOCI 578 - Principles and Practice of Hazards Mitigation **Credits: 3**

SOWK 630 - Policy for Social Change **Credits: 3** (only available to MSCID/MSW Dual Degree Students)

### Assistantships

Students may have the opportunity to apply for graduate assistantships within the Community and International Development Program. Please apply in the CIDP Office.

### Additional Information

The schools and departments regulate policies that govern the elective courses offered as part of the concentration package and some may not be available. Some elective courses may require prerequisites and should be discussed in advance with the program director/advisor for guidance in completing the concentration.

The Field Practicum and Research Project/Thesis will necessarily be related to the area of concentration in order to provide students with an in-depth understanding of the chosen area, and with the possibility of applying course work in practice.

Students are required to undertake a 720-hour internship (approximately 6 months at 30 hours per week) through a field placement with a domestic, national, or international organization/project. Internships are based on prior approval and advice from the program director. Arrangements for the internship will be made by the program director/advisor pending availability and feasibility of the placement proposed by the student.

### Admission Requirements

All applicants must meet the following criteria, in addition to general admission requirements of the Andrews University School of Graduate Studies & Research:

- A Bachelor's Degree from an accredited college or university.
- An overall undergraduate GPA of 3.0 in 8 or more credits of previously taken graduate courses graded A-F. Students may be admitted provisionally with a GPA of 2.6 or higher. Such students must maintain a GPA of 3.0 or higher during their first 12 graduate credits to continue in the program.
- Completed Graduate Application packet.
- Completed coursework in Statistics and Research. Provisional acceptance may be granted without these courses with the expectation that the student will take them during the first year of enrollment. Credits for these prerequisites will not apply toward the MSCID.

The director of the program may request a personal interview or a third reference and/or other information.

Students who apply for admission to the MSCID program have two options related to the Graduate Record Exam (GRE). For those students who are seeking a graduate scholarship, the GRE must be taken. Scholarship amounts are based on the score achieved on the exam. For students who do not seek a graduate scholarship based on the GRE score, the exam is not required.

A reading knowledge of a foreign language is strongly recommended for those planning on graduate work.

## Divinity/Healthcare Administration Dual Degree MDiv/MHA

Andrews University has formed a collaboration between the Seventh-day Adventist Theological Seminary and the School of Population Health, Nutrition and Wellness in the College of Health and Human Services to prepare students for service in occupations where Healthcare Administration and the pastoral mission of the church intersect.

The objectives of this program are:

- to prepare students for various forms of ministry in which clinical and administrative skills in Healthcare Administration and theology are needed
- to enable students to integrate both theological and healthcare management knowledge, values and skills into a multifaceted approach to Christian service, thereby enhancing their usefulness as instruments of the Holy Spirit
- to sensitize students to nontraditional ministry opportunities by exposing them to theories and practice skills related to health services management, and global perspectives from a Christian worldview.

The program is designed to give students an integrated approach to both theology and healthcare administration. Graduates from this program, besides being able to work in a pastoral setting, can become healthcare managers, administrators, chaplains, and leaders in various private and government healthcare settings.

Since both the MHA and MDiv programs share certain cognate courses to achieve a more streamlined and efficient program, both degrees must be conferred simultaneously in order to fulfill the requirements of either degree. In the event that one degree was completed prior to enrollment for the dual degree program, the cognate requirements for the other degree will be adjusted as shown below. A dual degree student cannot march in graduation or march without completion if both halves of the dual degree are not completed.

Completion of the dual degree requires strict adherence to the MHA course sequence and curriculum design as students will travel as a cohort through each program. If in the United States, international students need to take courses concurrently with MDiv courses to maintain their Student Visa status.

The dual degree program can be completed in approximately 4 years of continuous study (year-round), plus an additional year for students who need to complete

prerequisites. It includes 111 semester credits, plus any necessary prerequisites. The MDiv program is on-campus with a variety of delivery methods. The MHA program is 100% online. However, the MHA practicum needs to be completed in an approved healthcare setting.

## Total Credits - 111

Both the Divinity MDiv and the Healthcare Administration MHA programs are waiving 6 credits, for a total reduction of 12 credits overall. With no reductions, the two degrees completed separately would require a total of 123 credits. Divinity/Healthcare Administration Dual Degree MDiv/MHA students will be required to complete only 111 credits.

The Divinity MDiv program is sharing 6 credits of general electives with the MHA program (78-6=72).

The Healthcare Administration MHA program is reduced by 6 credits as follows (45-6=39):

- HCAD 646 - Integration of Spirituality in Health Care is replaced by DSLE 541 - Foundations of Biblical Spirituality. Dual Degree students will take DSLE 541.
- The MHA Core Elective requirement will be met by taking one of the following MDiv courses for 2 credits:
  - PATH 507 - Introduction to Chaplaincy Ministry (Chaplaincy students must choose a course outside of that concentration)
  - PATH 516 - Death & Grief in Contemporary Society (Chaplaincy students must choose a course outside of that concentration)
  - PATH 543 - Christian Leadership in a Changing World
  - PATH 643 - Trauma & Advanced Crisis Intervention (Chaplaincy students must choose a course outside of that concentration)
  - PATH 661 - Mental Health & Ministry: \_\_\_\_\_
- HCAD 670 - Healthcare Administration Practicum: MDiv students who have completed at least one ACPE-accredited unit of CPE and have registered for 3 credits of PATH 557 - Practicum in Clinical Pastoral Education (CPE): \_\_\_\_\_ will have the required hours for HCAD 670 - Healthcare Administration Practicum reduced from 700 to 400, and the required credits reduced from 5 to 3. Students who have not registered for PATH 557 will do the full 5-credit practicum (HCAD 670) for 700 hours. MDiv students who have worked in healthcare settings as medical professionals may also have this practicum reduced by the MHA advisor, determined on an individual basis.

## Program Information

Information for the two programs (Divinity MDiv and Healthcare Administration MHA) follows:

## Divinity MDiv

E-mail: [mdiv@andrews.edu](mailto:mdiv@andrews.edu)

The Master of Divinity (MDiv) is a 78-credit professional program strongly recommended as the graduate training for Adventist ministry by the General Conference of Seventh-day Adventists and the North American Division. It requires two and a half years of full-time study (including summers) for full-time students. Additional semesters may be required for students lacking prerequisites (including biblical languages), or for those who take less than 14 credits in the Fall and Spring semesters, and 12 during the summer.

### Concentration Options

Students may - if desired - select one of the MDiv concentrations:

- Chaplaincy
- Marriage and Family Life Ministry
- Urban Ministry
- Youth and Young Adult Ministry

### MDiv Dual Degree Options

The MDiv may also be taken in conjunction with one of the following dual degree options:

- Divinity/Community and International Development Dual Degree MDiv/MSCID
- Divinity/Healthcare Administration Dual Degree MDiv/MHA
- Divinity/Public Health Dual Degree MDiv/MPH

- Divinity/Social Work Dual Degree MDiv/MSW

### Mission

In harmony with the mission and core values of the Seventh-day Adventist Theological Seminary, the Master of Divinity degree equips called, committed men and women with practical biblical, theological, and ministerial knowledge and skills to prepare them for Christlike service as leaders and equippers.

### Vision

We envision the Master of Divinity community as a relationally healthy and diverse family focused on developing balanced and spiritually mature ministry leaders who are committed to equipping people in accomplishing God's mission and the prophetic calling of the Seventh-day Adventist Church.

## Prerequisites

Students who enter the Master of Divinity program who have not previously taken a Religion or Theology degree at the undergraduate level must fulfill the following prerequisites, all of which may be taken either at the Seventh-day Adventist Theological Seminary or at the undergraduate level. Each student's transcript will be evaluated to ensure the completion of all required prerequisite courses.

Current Greek and Biblical Hebrew language intermediate level proficiency must be demonstrated by passing placement exams or by passing both the beginning and intermediate level classes of each language at the Seminary.

At least 3 credits of combined Christian Church History taken at the undergraduate level will satisfy this prerequisite. Otherwise, students will take CHIS 506 and CHIS 507 as needed.

2 credits of CHIS 506 - Church History to 1500 **Credits:** 2,3

2 credits of CHIS 507 - Church History 1500 to Present **Credits:** 2,3

At least 3 credits of combined Adventist history and Life & Writings of Ellen G. White.

1.5 credits of CHIS 570 - History of the Seventh-day Adventist Church **Credits:** 1.5,2

1.5 credits of CHIS 571 - The Life and Writings of Ellen G. White **Credits:** 1.5,2

NTST 520 - Introduction to the New Testament **Credits:** 2

NTST 530 - Introduction to Revelation **Credits:** 2

OR

NTST 539 - Studies in Revelation **Credits:** 2,3

The Revelation requirement is a prerequisite and may be met in the following ways:

If the student has taken an undergraduate Revelation course in the last 10 years at an institution whose syllabus has been approved by the Seminary, then they will not be required to meet the Revelation requirement in the Seminary. Students may submit a syllabus for evaluation if their undergraduate school is not on the list of approved schools. If approved, their school will be added to the list, and their requirement will be waived.

Students who **have not taken** an undergraduate Revelation course, or whose **undergraduate courses do not qualify**, must take one of the following courses:

NTST530 Intro to Revelation

NTST539 Studies in Revelation (online)

If a student's undergraduate course is more than 10 years old or if their undergraduate syllabus is denied by the NTST department, they may take **NTST 648 Revelation** to fulfill their Revelation prerequisite. By so doing, they fulfill the Revelation prerequisite as well as the core New Testament exegesis requirement.

2 credits of NTST 551 - Beginning Greek **Credits:** 0,2 (Passed at C- or higher or score 45% or higher on the Greek Placement Exam - May, August)

3 credits of NTST 552 - Intermediate Greek **Credits:** 0,3 (Passed at C or higher or score 60% or higher on the Greek Placement Exam - May, August)

**NOTE:** Any student who wishes to take a biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

2 credits of OTST 500 - Survey of the Old Testament **Credits:** 2,3

3 credits of OTST 551 - Biblical Hebrew I **Credits:** 0,3 (Passed at a minimum of C+ or score 75% or higher on the Beginner Hebrew Placement Exam - May, August)

2 credits of OTST 552 - Biblical Hebrew II **Credits:** 0,2,3 (Passed at a minimum of C+ or score 75% or higher on the Intermediate Hebrew Placement Exam - May, August)

**NOTE:** Any student who wishes to take a Biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

2 credits of OTST 565 - Survey of the Pentateuch **Credits:** 2,3

2 credits of PATH 505 - Biblical Preaching **Credits:** 2

2 credits of PATH 536 - Personal Evangelistic Ministry **Credits:** 2,3

2 credits of PATH 552 - Foundations of Pastoral Ministry **Credits:** 2

**NOTE:** Students who have passed a basic course in pastoral ministry from an accredited Seventh-day Adventist undergraduate institution, or who have been Conference-employed as pastors for two years or more will be exempted from PATH 552, provided their hiring/sponsoring organization can provide proof of at least two years of pastoral employment via their service record. Exemptions to this rule will be granted on a case by case basis as determined by the Practical and Applied Theology (PATH) Department Chairperson.

3 credits of THST 521 - Christian Theology I **Credits:** 2,3

3 credits of THST 522 - Christian Theology II **Credits:** 2,3

## Total Credits - 78

### Interdisciplinary - 5

GSEM 505 - Colloquium: \_\_\_\_\_ **Credits:** 0

**Brief (4.5 hour) colloquia on a variety of ministry topics will be offered each semester for MDiv students.**

Full-time (9 credits or more) students must attend at least one colloquia session per Fall/Spring semester that they are in the MDiv program.

2 credits of GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3

3 credits of GSEM 628 - Great Controversy, Covenant, Law, and Sabbath **Credits:** 2,3

### Church History - 7

2 credits of CHIS 624 - Issues in Ellen G. White Studies **Credits:** 2,3

3 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3

### Choose one of the following courses (CHIS list) for 2 credits:

CHIS 600 - The Early Church to A.D. 604 **Credits:** 2,3

CHIS 609 - The Church in the Middle Ages **Credits:** 2,3

CHIS 620 - Seminar in Christian Biography **Credits:** 2,3

CHIS 625 - Seminar in Church-State Thought **Credits:** 2,3

CHIS 629 - History of Christian Spirituality **Credits:** 2,3

CHIS 630 - History of Jewish Experience **Credits:** 2,3

CHIS 634 - Reformation Theology **Credits:** 2,3

CHIS 635 - History of the African American Churches **Credits:** 2,3

CHIS 640 - Reformation: \_\_\_\_\_ **Credits:** 2,3

CHIS 650 - English Reformation and Rise of Puritanism **Credits:** 2,3

CHIS 654 - Seminar in English Reformation and Puritan Theology **Credits:** 3

CHIS 655 - Wesley and Methodism **Credits:** 2,3

CHIS 657 - Seminar in Reformation Theology **Credits:** 3

CHIS 659 - Seminar in the History of Selected Christian Doctrines **Credits:** 3

CHIS 660 - History of Religion in America **Credits:** 2,3

CHIS 664 - History of American Religious Thought **Credits:** 2,3

CHIS 665 - Modern Church History **Credits:** 2,3

CHIS 668 - History of Religious Liberty **Credits:** 2,3

CHIS 670 - Seminar in History of the Seventh-day Adventist Church **Credits:** 2,3

CHIS 673 - Development of Seventh-day Adventist Lifestyle **Credits:** 2,3

CHIS 675 - Seminar in the Development of Seventh-day Adventist Lifestyle **Credits:** 2,3

CHIS 680 - History of Sabbath and Sunday **Credits:** 2,3

CHIS 682 - Seminar in Church History **Credits:** 3

CHIS 683 - The Pastor, Church and Civil Law **Credits:** 2, 3

CHIS 684 - Seminar in History of Sabbath and Sunday **Credits:** 3

CHIS 685 - Studies in Church History **Credits:** 2,3

CHIS 686 - Development of Prophetic Interpretation **Credits:** 2,3

CHIS 687 - Seminar in Development of Prophetic Interpretation **Credits:** 2,3

CHIS 688 - Contemporary Trends **Credits:** 2,3

CHIS 689 - History of Worship and Liturgy **Credits:** 2, 3

CHIS 690 - Independent Study **Credits:** 1-3

### Discipleship and Lifespan Education - 9

3 credits of DSLE 541 - Foundations of Biblical Spirituality **Credits:** 2,3 (Must be taken first semester in Program.) (MDiv/MHA Dual Degree students: this course replaces HCAD 646 Integration of Spirituality in Health Care)

2 credits of DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits:** 2,3 (MDiv/MSW Dual Degree students must replace this course with SOWK 501)

2 credits of DSLE 534 - Ministry to Youth and Young Adults **Credits:** 2,3

2 credits of DSLE 615 - Collaborative Ministry: School, Church, Community **Credits:** 2,3

### New Testament - 8

#### Choose one of the following New Testament Exegesis courses for 3 credits (NTST List A)

##### - Intermediate Greek proficiency required:

NTST 645 - Hebrews **Credits:** 2,3

NTST 646 - Topics in New Testament Exegesis **Credits:** 2,3

NTST 648 - Revelation **Credits:** 2,3

NTST 653 - Advanced Studies in the General Epistles **Credits:** 2,3

NTST 655 - Advanced Studies in the Gospels **Credits:** 2,3

NTST 658 - Advanced Studies in the Pauline Writings **Credits:** 2,3

NTST 678 - Seminar in Greek Exegesis **Credits:** 2,3

#### Choose one of the following New Testament Theology courses for 3 credits (NTST List B)

##### - Intermediate Greek proficiency required:

NTST 613 - Love, Marriage and Divorce **Credits:** 2,3

NTST 614 - Suffering, Death and Resurrection **Credits:** 2,3

NTST 616 - Theology of Luke-Acts **Credits:** 2,3

NTST 623 - New Testament Theology of Prayer **Credits:** 2,3

NTST 627 - New Testament Theology of Salvation **Credits:** 2,3

NTST 628 - The Holy Spirit in the New Testament **Credits:** 2,3

NTST 629 - New Testament Ecclesiology **Credits:** 2,3

NTST 630 - Theology of the Synoptic Gospels **Credits:** 2,3

NTST 633 - Social Issues in the New Testament **Credits:** 2,3

NTST 634 - Theology of the Pauline Epistles **Credits:** 2,3

NTST 641 - Theology of the Johannine Writings **Credits:** 2,3

NTST 647 - Eschatology **Credits:** 2,3

NTST 667 - Topics in New Testament Theology **Credits:** 2,3

NTST 668 - New Testament Ethics **Credits:** 2,3

NTST 676 - Jesus in Recent Scholarship **Credits:** 2,3

NTST 679 - Seminar in New Testament Theology and Ethics **Credits:** 2,3

#### Choose one of the following New Testament Background courses for 2 credits (NTST List C)

##### - Intermediate Greek proficiency required:

NTST 515 - New Testament Backgrounds **Credits:** 2,3

NTST 606 - New Testament Textual Criticism and Canon Formation **Credits:** 2,3

NTST 615 - New Testament Archaeology **Credits:** 2,3

NTST 626 - Seminar in Classical Jewish Literature **Credits:** 2,3

NTST 635 - Intertestamental Literature **Credits:** 2,3

NTST 636 - Jerusalem in the Time of Jesus **Credits:** 2,3

NTST 654 - Second Century Christianity **Credits:** 2,3

NTST 680 - Greco-Roman World **Credits:** 2,3

NTST 684 - Judaism and the New Testament **Credits:** 2,3

NTST 689 - Seminar in New Testament Backgrounds **Credits:** 2,3

NTST 695 - Topics in New Testament Backgrounds **Credits:** 2,3

### Old Testament - 8

2 credits of OTST 674 - Daniel **Credits:** 2,3

#### Choose one of the following Old Testament Exegesis courses for 2 credits (OTST List A)

##### - Intermediate Hebrew proficiency required:

OTST 625 - Biblical Hebrew III **Credits:** 3 (MDiv students must make arrangements with the professor if they wish to use OTST625 as an OT Exegesis course. An exegetical paper will be required. This course is offered strictly as 3 credits.)

OTST 628 - Methods of OT Exegesis **Credits:** 2,3

OTST 639 - Studies in Old Testament Exegesis **Credits:** 2,3

OTST 664 - Pentateuch **Credits:** 2,3

OTST 666 - Historical Books **Credits:** 2,3

OTST 668 - Psalms/Wisdom Literature **Credits:** 2,3

OTST 675 - Minor Prophets **Credits:** 2,3

OTST 680 - Seminar in Old Testament Exegesis **Credits:** 2,3

OTST 686 - Major Prophets **Credits:** 2,3

#### Choose one of the following Old Testament Theology courses for 2 credits (OTST List B)

##### - Intermediate Hebrew proficiency required:

OTST 619 - Theology of the Old Testament **Credits:** 2,3

OTST 620 - Seminar in Old Testament Theology **Credits:** 2,3

OTST 627 - Jewish Life and Thought **Credits:** 2,3  
OTST 685 - Principles of Hermeneutics **Credits:** 2,3

**Choose one of the following archaeology courses:**

2 credits of OTST 510 - Archaeology and the Bible **Credits:** 2,3  
or

**Students who have taken an undergraduate course in biblical archaeology may replace OTST 510 with a 2-credit advanced archaeology course from the following list (OTST List C):**

ANEA 615 - Seminar in Archaeology and History of Antiquity **Credits:** 2,3  
NTST 615 - New Testament Archaeology **Credits:** 2,3  
OTST 604 - History of the Ancient Near East **Credits:** 2,3  
OTST 635 - History of Israel **Credits:** 2,3

**Practical and Applied Theology - 19**

2 credits of PATH 523 - Worship: Word and Music **Credits:** 2,3  
PATH 539 - Church Growth and the Equipping Leader **Credits:** 3  
2 credits of PATH 543 - Christian Leadership in a Changing World **Credits:** 2,3  
(MDiv/MHA Dual Degree students: this course may fulfill MHA Core Elective)  
2 credits of PATH 555 - Pastoral Counseling **Credits:** 2,3 (MDiv/MSW Dual Degree Students must replace this course with SOWK 601)  
PATH 560 - Advanced Ministerial Development **Credits:** 2 (AMD for Dual Degree **Students:** If student is in a dual degree, they may substitute this course with the appropriate practicum course in their corresponding dual degree. MDiv/MSW Dual Degree students must take SOWK 510. MDiv/MSCID students may take AMD or CIDS 680.) (Urban Context required for Urban Ministry Concentration students)  
3 credits of PATH 562 - Field Evangelism **Credits:** 3-6 (Urban Context required for Urban Ministry Concentration students)  
PATH 567 - Health & Lifestyle Transformation **Credits:** 1 (MDiv/MPH Dual Degree students, replace this course with FDNT 520 - Vegetarian Nutrition and Disease Prevention **Credits:** 3)

**Choose one of the following Advanced Preaching courses (PATH list) for 2 credits:**

PATH 600 - Preaching from the New Testament **Credits:** 2,3  
PATH 601 - Preaching Biblical Prophecies **Credits:** 2,3  
PATH 603 - Evangelistic Preaching **Credits:** 2,3  
PATH 607 - Preaching from the Old Testament **Credits:** 2,3  
PATH 609 - Media Ministry **Credits:** 2,3  
PATH 627 - Black Preaching **Credits:** 2,3  
PATH 632 - Contextualized Preaching: \_\_\_\_\_ **Credits:** 2,3  
PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial required for Urban Ministry Concentration  
PATH 632 Contextualized Preaching: Youth required for Youth and Young Adult Ministry concentration.  
PATH 633 - Preaching the OT/NT for Maximum Impact **Credits:** 2,3  
PATH 634 - Field Evangelistic Preaching & Practicum **Credits:** 2,3  
PATH 637 - Seminar in Preaching **Credits:** 2,3

**Choose one of the following NADEI courses (NADEI list) for 2 credits:**

PATH 604 - Mobilizing for Evangelistic Ministry **Credits:** 2,3  
PATH 606 - Mission-Shaped Church Planting **Credits:** 2,3  
PATH 656 - Evangelistic Small Groups **Credits:** 2,3

**Theology - 13**

3 credits of THST 611 - Revelation, Inspiration and Hermeneutics **Credits:** 2,3  
2 credits of THST 635 - Issues in Origins **Credits:** 2,3

**Choose one of the following Systematic Theology courses for 3 credits (THST List A):**

THST 615 - Doctrine of the Church **Credits:** 2,3  
THST 616 - Doctrine of God **Credits:** 2,3  
THST 617 - The Works of God **Credits:** 2,3  
THST 618 - The Works of Christ **Credits:** 2,3  
THST 619 - Principles and Methods of Theology **Credits:** 2,3  
THST 630 - Doctrine of Christ **Credits:** 2,3  
THST 637 - Biblical Eschatology **Credits:** 2,3  
THST 639 - Doctrine of the Holy Spirit **Credits:** 2,3  
THST 640 - Doctrine of Salvation **Credits:** 2,3  
THST 647 - Human Nature and Destiny **Credits:** 2,3  
THST 649 - Seminar in Theological Issues: \_\_\_\_\_ **Credits:** 2,3  
THST 678 - Science and Religion **Credits:** 2,3

**Choose one of the following Historical Theology courses for 2 credits (THST List B):**

THST 623 - Contemporary Adventist Theological Issues **Credits:** 2,3  
THST 624 - Protestant Theological Heritage **Credits:** 2,3  
THST 625 - Early Christian Theology **Credits:** 2,3  
THST 626 - Modern Christian Theology **Credits:** 2,3  
THST 627 - Roman Catholic Life & Thought **Credits:** 2,3  
THST 628 - Contemporary Theology **Credits:** 2,3  
THST 629 - History and Theology of Ecumenism **Credits:** 2,3  
THST 656 - Seminar in Historical Theology: \_\_\_\_\_ **Credits:** 2,3  
THST 667 - Postmodernism and the Church **Credits:** 2,3  
THST 676 - History of Philosophy **Credits:** 2,3

**Choose one of the following Ethics courses:**

3 credits of THST 605 - Principles of Christian Ethics **Credits:** 2,3

or

**Students who have taken an undergraduate course in Ethics may replace THST 605 with a 3-credit advanced ethics course from the following list (THST List C):**

THST 622 - Foundations of Philosophical Ethics **Credits:** 3  
THST 633 - Ethics and the Good Life **Credits:** 2,3  
THST 634 - Christian Social Ethics **Credits:** 2,3  
THST 643 - Christian Professional Ethics **Credits:** 2,3 (MDiv/MSW Dual Degree students must replace this course with SOWK 515)  
THST 644 - Theological Ethics **Credits:** 2,3  
THST 659 - Seminar in Philosophy, Theology, and Ethics: \_\_\_\_\_ **Credits:** 2,3  
THST 660 - Church and Society **Credits:** 2,3  
PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3

**World Mission - 6**

MSSN 546 - Mission in Cultural and Religious Context **Credits:** 3

**Choose one of the following Mission courses for 3 credits (MSSN List):** (NOTE: MSSN 546 is prerequisite to all other Mission courses.)

MSSN 505 - Christian Responses to Human Needs **Credits:** 2,3  
MSSN 561 - Christian Witness and World Religions **Credits:** 3  
MSSN 610 - Theology of Mission **Credits:** 3  
MSSN 615 - Anthropology for Mission and Ministry **Credits:** 2,3  
MSSN 618 - Mission to the Cities **Credits:** 3  
MSSN 630 - Cross-Cultural Leadership Development **Credits:** 2,3  
MSSN 632 - Diversity, Cultural Intelligence, and Leadership **Credits:** 2,3  
MSSN 635 - Contemporary Issues in Mission **Credits:** 2,3  
MSSN 660 - Witnessing to People of Another Religion **Credits:** 2,3  
MSSN 676 - History of Christian Mission **Credits:** 2,3  
MSSN 685 - Strategies for World Mission **Credits:** 2,3  
MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6

**General Electives - 3**

- Students will take 3 credits of general electives.
- Electives may not be used to satisfy prerequisites and/or deficiencies.
- Up to 3 credits in relevant courses offered by other schools of the university on the graduate level may be included in the general electives, including up to 3 appropriate workshop credits.
- Transfer credit petitions from other schools/colleges within Andrews University or from any other University must be done in consultation with the MDiv Office.

**Thesis Option**

Students anticipating academic doctoral studies after the completion of their MDiv program are advised to undertake the thesis option as some academic institutions require a master's-level thesis for entry into doctoral programs.

The thesis counts as 6 general elective credits allowed for the MDiv degree. Students should register for 2 or more thesis credits per term for at least two semesters. Therefore, initial registration for a thesis must be no later than two semesters prior to graduation. Students electing to write an MDiv thesis must apply to the director of the program and must (1) demonstrate superior scholarship over a minimum of two consecutive semesters, normally with a GPA of 3.50 or above; (2) take Research Methods before the thesis is started; and (3) submit a paper of superior quality before permission is granted by the director to begin writing the thesis. The student is guided in thesis preparation by a three-member committee appointed by the director in consultation with the student and department chair in which the subject of the thesis is chosen. The chair of this committee serves as the thesis advisor.

The format of the thesis must conform strictly to the Andrews University Standards for Written Work. Students are strongly urged to consult the dissertation secretary before formatting and printing a thesis.

At least six weeks before graduation, the committee-approved draft of the thesis should be submitted to the dissertation secretary. After appropriate changes have been made, the corrected copy should be submitted at least four weeks before graduation to the dissertation secretary for approval. Copying on non-acid paper should be completed at least two weeks before graduation. Three copies of the thesis, including a 150-word abstract and an approval sheet, must be submitted to the dissertation secretary. The abstract should contain a short statement of the problem examined, a brief exposition of methods and procedures, and a condensed summary of the findings.

Students obtain a Thesis Completion Form from the dissertation secretary. They must take the form to the Academic Records Office no later than noon on Friday, a week preceding graduation. A fee is charged by the university for binding the three copies of the thesis, two of which are deposited in the library and one in the department in which the student earns the degree.

Students who do not adhere strictly to the deadlines noted above will have their graduation postponed. Thesis candidates must pass an oral examination no later than two weeks before graduation. The candidate is expected to demonstrate mastery of the thesis topic.

### Concentrations

**Note:** Dual degree students who choose to complete a concentration will increase their total credits required by 12.

#### Chaplaincy Concentration - 12

Chaplaincy is a highly qualified and dynamic expression of ministry based on the Bible and supported by the Seventh-day Adventist Church. The chaplaincy concentration provides the basic training and preparation for service beyond the church borders in various chaplaincy ministries, such as in healthcare, military, campus, prison, police and fire departments, community, and corporate settings. It also prepares pastors and church leaders to advance in their caregiving and empathic ministry skills for an immediate impact in the church and the surrounding communities.

PATH 507 - Introduction to Chaplaincy Ministry **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

PATH 516 - Death & Grief in Contemporary Society **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3 (**Prerequisite:** Undergraduate Ethics course or THST 605)

PATH 643 - Trauma & Advanced Crisis Intervention **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

3 Credits of Clinical Pastoral Education taken in one of the following courses: PATH 554 - Clinical Pastoral Education (CPE) **Credits:** 3-8  
Students taking CPE at the CPE Seminary Chaplaincy Study Center must register for PATH 554 Clinical Pastoral Education for 3 credits (with the possibility of up to 8 credits). Credits / Units: 3

OR

PATH 557 - Practicum in Clinical Pastoral Education (CPE): \_\_\_\_\_  
**Credits:** 2-8 (MDiv/MHA Dual Degree students: Taking 3 credits of PATH 554 or PATH 557 may reduce required credits and hours for HCAD 670)

If a student wishes to receive CPE credit for units already earned, a per-credit recording fee is charged by the university for PATH 557 Practicum in Clinical Pastoral Education (CPE), or PATH 641 Practicum in Military Chaplaincy. (Application form is available in the PATH office.) If a student wishes to register for their CPE units concurrently with other full semester courses, the registration will be part of their MDiv load, and there will be no recording fee assessed.

Students doing Military Chaplaincy can take PATH 641 Practicum in Military Chaplaincy instead of or in addition to PATH 554 or PATH 557.

PATH 641 - Practicum in Military Chaplaincy **Credits:** 2-8

#### Marriage and Family Life Ministry Concentration - 12

Healthy, spirit-filled marriages and families are the backbone of Christian life and most clearly reflect the character of Christ in our churches and in the world. When marriages and families are broken, our churches suffer. The Concentration on Marriage and Family Life Ministry is designed to prepare MDiv students to equip their churches to be vibrant and healthy in the way they foster relationships in their individual families as well as in church and the community. Students who take this concentration will be better equipped to educate their congregations in areas of family life. They will also be better prepared to address the family issues that will come to them for counseling. Pastors with these courses will be able to create healthy churches and more positively impact their communities for Christ.

In addition to the core MDiv requirement DSLE 503 - Marriage, Family, and Interpersonal Relationships for 2 credits, students who choose this concentration will take 12 credits in the following courses:

#### Choose one of the following courses:

3 credits of DSLE 635 - Christian Perspectives on Professional Ethics **Credits:** 2,3  
DSLE 659 - Human Sexuality **Credits:** 3

#### Choose one of the following courses:

DSLE 655 - Families in Society **Credits:** 3  
DSLE 658 - Internal Dynamics of Families **Credits:** 3

#### Choose one of the following courses:

3 credits of DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3  
DSLE 679 - Parenting Education and Guidance **Credits:** 3

#### Choose one 3-credit course from the following:

DSLE 610 - Teaching for Discipleship **Credits:** 2,3  
DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3  
DSLE 651 - Foundations of Biblical Counseling **Credits:** 2,3  
DSLE 652 - Personal and Family Finance **Credits:** 3  
DSLE 657 - Social Policy **Credits:** 2,3

#### Urban Ministry Concentration - 18

The Urban Ministry concentration is designed for students who want to learn how to make a decisive impact in the cities and to be prepared for the specific challenges of mission and ministry in the urban context.

**Online Delivery:** The Urban Ministry concentration is available online with some interactive online courses offered synchronously (via Zoom), and some interactive online courses are offered asynchronously (see Global Campus definitions). Due to grant funding, this online delivery is limited only to select students with special permission.

#### MDiv Core Requirements - Contextualized to the Urban Ministry Concentration

It is suggested that the student take the following topics or contexts to fulfill the core requirements in the main body of the MDiv Program.

PATH 560 - Advanced Ministerial Development **Credits:** 2 (Urban Context)

PATH 562 - Field Evangelism **Credits:** 3-6 (with an Urban Context)

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial in fulfillment of the requirement for an Advanced Preaching Core Elective (PATH list).

PATH 632 - Contextualized Preaching: \_\_\_\_\_ **Credits:** 2,3  
(with an Urban Context)

Take the following MSSN Core elective:

MSSN 618 - Mission to the Cities **Credits:** 3

#### Concentration Courses

3 credits of MSSN 625 - Creating Collective Impact and Project Management **Credits:** 2,3

3 credits of MSSN 632 - Diversity, Cultural Intelligence, and Leadership **Credits:** 2,3

3 credits of MSSN 644 - Ministry of Reconciliation through Social Innovation **Credits:** 2,3

MSSN 667 - Urban Ministry Project **Credits:** 3

One credit of MSSN 655 - ICISF Certification for Crisis Intervention **Credits:** 1

3 credits of PATH 554 - Clinical Pastoral Education (CPE) **Credits:** 3-8 (with an Urban Context)

Choose one of the following:

DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3

DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3

DSLE 669 - Reaching the Secular Mind **Credits:** 2,3

MSSN 645 - Ministry among Immigrants **Credits:** 2,3

MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6 (Reaching Post-Moderns)

PATH 553 - The Church and Social Issues **Credits:** 2,3

#### Youth and Young Adult Ministry Concentration - 12

A Youth and Young Adult Ministry (YYAM) Concentration is available for students wishing to gain specialized skills and knowledge for service in pastoral and administrative leadership to address the needs of youth and young adults. The MDiv with the YYAM Concentration requires a total of 84 credits.

In addition to the core MDiv requirement DSLE 534 - Ministry to Youth and Young Adults for 2 credits, students who choose this concentration will take 12 credits in the following courses:

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Youth in fulfillment of the Christian Ministry requirement for an Advanced Preaching Core Elective (PATH list).

- 2 credits of DSLE 564 - Discipling Young Adults **Credits:** 2,3
- 2 credits of DSLE 607 - Intergenerational Ministry **Credits:** 2
- 2 credits of DSLE 608 - Youth and Young Adults in Contemporary Culture **Credits:** 2,3
- 2 credits of DSLE 636 - Discipling Youth **Credits:** 2,3
- 2 credits of DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3

**Choose at least 2 credits from the following courses:**

- DSLE 610 - Teaching for Discipleship **Credits:** 2,3
- DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3
- DSLE 630 - Fostering Spiritual Growth **Credits:** 2,3
- DSLE 651 - Foundations of Biblical Counseling **Credits:** 2,3
- DSLE 664 - Advanced Campus Ministry **Credits:** 3 \*
- DSLE 669 - Reaching the Secular Mind **Credits:** 2,3
- DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3

\*Students wishing to pursue campus chaplaincy should register for DSLE 664 Advanced Campus Ministry as their choice of core elective.

## Additional Requirements

MDiv students must meet the following requirements in addition to those required of all graduate students:

- Complete the MDiv curriculum of at least 78 credits. Students lacking adequate undergraduate preparation will be required to complete additional prerequisite credits. The additional credits required are based on individual academic evaluation.
- MDiv students taking 9 credits or more are required to attend at least 1 colloquium per semester during their stay at Andrews.
- Maintain a GPA of 2.75 or above.
- Meet the qualitative standards of the MDiv program.
- No U (Unsatisfactory) grade or any grade below C- will count towards the MDiv degree.

### Academic Probation

MDiv students whose cumulative GPA falls below 2.75 will be placed on academic probation and will have their course load reduced to no more than 10 semester credits. MDiv students whose cumulative GPA remains below 2.75 for a second consecutive semester will be required to meet with the MDiv program director and will enter into a probation contract, have regular meetings with their academic advisor, and fulfill other requirements as needed. Following that, should their GPA not improve, they may be asked to withdraw from the program.

When an incomplete or Deferred Grade has not been cleared by the end of the following semester, the student's course load must be reduced as follows:

- One Incomplete/DGs—no reduction
- Two Incompletes/DGs—may register for no more than 10 credits
- Three Incompletes/DGs—may register for no more than 9 credits

With more than three I/DGs, the student must cease taking classes until the Incompletes/DGs are cleared.

### Evaluation of Students

Since the MDiv program prepares individuals for professional and pastoral leadership, periodic assessments are made of the students by the faculty in areas other than academic standing. Areas reviewed are students' spiritual growth, lifestyle reflective of the beliefs and practices of the Seventh-day Adventist Church, social/family relations, and developing potential for ministry. As a result of these assessments, students are affirmed in the MDiv program, advised of needed adjustments, or discontinued from the program.

## Readiness for Ministry

The MDiv program is dedicated to preparing every graduate for success in ministry. Godly and effective practice of ministry requires not only intellectual readiness, but also spiritual, physical, emotional, and social maturity. The MDiv Readiness for Ministry process helps seminarians evaluate their ministerial gifting and calling,

discover and address strengths and weaknesses, and identify and pursue avenues of ministry appropriate to their giftedness. The program includes small-group mentoring as well as periodic assessments of the seminarian's readiness for ministry, by the faculty, staff, and ministry supervisors.

Areas to be reviewed include spiritual commitment, character, social and relational skills, and general aptitude for ministry. On the basis of these assessments, the seminarian and his/her mentor will, at a minimum, receive feedback in the middle of their first year, and again shortly before graduation. If a significant issue arises that, at the discretion of the Seminary, seriously impairs the seminarian's potential for ministry, appropriate action will be taken. This may include: referring the seminarian to the program director for guidance, remediation, and/or other appropriate action, counsel regarding alternate programs of ministry within the University or elsewhere, or dismissing the seminarian from the MDiv program. As part of the admissions process, every MDiv applicant is required to sign an agreement to participate in this process. This agreement includes permission, which seminarians can withdraw later in the program, to share the final readiness for ministry profile available with prospective employers.

## Maintaining Active Status

**Residency Requirements:** Students must maintain active status by enrolling for at least two semesters within one academic year. When this fails to happen, the student must follow the bulletin in force at the time active status is reestablished.

Following an absence of two years or more, a student's previous admission status will have lapsed and the student will need to reapply to the program.

## Additional Information

### Hybrid Course Delivery Options

MDiv students may take a portion of their degree credits off-campus as advised by the MDiv office. The Hybrid delivery method utilizes various delivery methods to assist students in completing their MDiv degree. These options include:

- Interactive online asynchronous classes offered by the Seminary. (see Global Campus definitions).
- Dual mode (by zoom) synchronous classes.
- One week intensives at seminary extension sites in Unions throughout the United States and Canada (offered by the MA Pastoral Ministry English track). Certain classes in the MAPM program cannot be used by MDiv students. Advising is necessary prior to registration.
- Summer Session intensive courses on the main Andrews University campus
- Full semester, on-campus courses

For financial information regarding hybrid studies, please click here.

Students interested in the Hybrid delivery method must obtain approval and instructions on specific class options, costs and how to sign up for this option from the MDiv program office before beginning off-campus studies.

### Transferred and Earned Credit Term Limits

All course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree.

### Transferring Credits to the MDiv Program

Provided the content of the courses is assessed as comparable to the curriculum of the Andrews University Master of Divinity program, students intending to transfer credits into the Master of Divinity Program should be aware of the following policies:

- Transfer requests must be made by the student within the first two semesters of the student's MDiv studies.
- Transfer credits are granted only for courses in which the grade is B or higher.
- For each course being requested in transfer, a course syllabus must be obtained and presented to the MDiv Program office, preferably in electronic format, and in English.
- An official transcript from the school being transferred from must have been sent to Andrews University, and be in the student's record.
- A student may transfer a maximum of 39 credits (graduate level) from an uncompleted graduate-level program.
- Up to 24 credits (graduate level) may be transferred to the Master of Divinity program from a completed master's-level degree.
- At least 39 credits must be taken in residence.

### MDiv Core Course Replacement Policy

MDiv core courses provide graduate level understanding considered by the seminary and the church to be essential for the pastor. Occasionally, an MDiv student may have already taken as part of their undergraduate degree, in addition to the required prerequisites for the MDiv program, an advanced college course in which they mastered the learning outcomes for the course at a graduate level. In such cases, a proposal to take an alternate course within the same discipline (department), at an equivalent or higher level, may be considered. To request the validation of a course, the student must submit to the MDiv office, within their first semester, a **portfolio** containing the following items:

- The **Seminary Prior Learning Validation Form**, initiated and signed by the student.
- The **course syllabus** from the advanced-level undergraduate course evidencing that all the Course Learning Outcomes (CLOs) of the MDiv core course have been taught appropriately at a level of rigor equivalent to the MDiv graduate course;
- A **transcript** demonstrating that the student earned a B grade or higher in the undergraduate advanced-level course;
- An essay, normally to be followed by an interview by the department chair/faculty member responsible for the course, describing how each of the CLOs were taught, learned, and subsequently put into use at a graduate level of learning.

### MAPM to MDiv Completion

For the transfer of credits between the MAPM and the MDiv programs at Andrews University, the following stipulations will be in place:

- MAPM students will be allowed to transfer qualified courses of up to two-thirds of the MDiv's total amount of credits.
- Students requesting admission to the MDiv program must submit a complete graduate application including standard requirements such as statement of purpose, minimum GPA and recommendations.
- Courses with a passing grade of C- or higher will be accepted to transfer between the programs.

### MDiv Spanish Language Cohort

The MDiv Spanish Language Cohort will serve Hispanic pastors who already have an MAPM and would like to complete an MDiv degree. Intensive courses will be offered in Spanish at the Florida Conference site in the Fall and Spring semesters and on the main campus during the final summer for each cohort. This will allow those who have the MAPM to advance to the MDiv and later on to Doctoral studies if so desired.

### Andrews University MDiv & BA Theology Accelerated Program Collaboration

Students in the BA Theology degree at Andrews University are encouraged to enter the MDiv program following the completion of their undergraduate studies. A collaboration has been established that shares a total of 15 credits that will be counted toward both degrees and may reduce the student's time in the MDiv by approximately one semester. Six credits will be completed at the Seminary level and 9 credits at the undergraduate level.

UNDERGRADUATE THEOLOGY COURSE	SEMINARY COURSE	TAKEN AT
RELP 350 Evangelism (3)	PATH 562 Field Evangelism (3)	Undergraduate
RELP 480 Practicum Capstone (1)	PATH 560 Advanced Min Development (2)	Undergraduate
RELP 301 Marriage & Family (3)	DSLE 503 Marriage, Family and Interpersonal Relationships (2)	Undergraduate
RELT 315 Christian Discipleship (3)	DSLE 541 Found of Biblical Spirituality (3)	Seminary
RELP Elective: RELP 335 Foundations of Youth Ministry (3)	DSLE 534 Ministry to Youth & Young Adults (2)	Seminary
RELB 335 Acts and the Epistles (3)	MDiv Elective (3)	Undergraduate
	TOTAL CREDITS: 15	

### Summer Course Load

The 12-week summer semester is divided into three 4-week sessions. The total amount of coursework during the summer session may not exceed 12 credits. Students taking a biblical language during a summer session may not take other courses during that session.

### Workshop Credit Limit and Grading Pattern

Master of Divinity students may apply up to 4 workshop credits appropriate to degree requirements. If workshops are taken during the semester breaks, the

credits are counted as part of the class load for either the previous or the following semester.

Workshops are graded S/U. Any deviation from this pattern must be approved by the dean prior to the conclusion of the workshop. Students must register at the Academic Records Office for all workshops for which academic credit is desired.

### Independent Study Restrictions

Students in the MDiv program are allowed to register for Independent Study only for a compelling reason such as a schedule conflict or the need to take a subject that is not offered in any given semester (for a maximum of 8 credits during their MDiv program). Independent study is only available to students on the main campus. Normally, Independent Study cannot be used to meet a core requirement. Students must first seek approval from the MDiv office before arranging with a teacher to do Independent Study.

### Fees

For a detailed list of charges, please click here.

MDiv students taking a graduate course in the College of Arts & Sciences in fulfillment of an elective course requirement may request a 50% tuition reduction (up to 9 credits cumulative), provided the class is not full and there are a sufficient number of students paying full tuition to warrant the teaching of the course. Directed study, laboratory courses, and study tours are not eligible for reduced tuition. Neither is this discount available for dual enrollment students who have been accepted in a graduate degree program in the College of Arts & Sciences. (Application form is available in the MDiv office.)

## Graduation

The Seminary follows the University graduation procedures and requirements for the conferral of degrees. A dedication ceremony for graduating seminary students is held on the afternoon prior to graduation or as announced.

## Admission Requirements

All MDiv applicants must meet the Graduate Programs Admission Requirements applicable to all graduate students and the general seminary requirements.

- Hold a baccalaureate degree: A four-year degree from an accredited United States institution, or its equivalent from an institution outside the U.S.
- Minimum of 2.5 Undergraduate GPA.
- Normally hold membership in the Seventh-day Adventist Church given that the MDiv program is specifically designed for Adventist ministers and is sponsored and financed by the Adventist church.
- Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church and show promise of usefulness for Adventist ministry through personal maturity and adequate experience in the Church. Maintain a modest pastoral social media presence - one that projects a professional demeanor and Christian values. Click here to see the Seminary Code of Conduct.
- Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.
- Submit an autobiographical history and a 350+ word statement of purpose reflecting the applicant's family and spiritual development, sense of calling to ministry, experience in church work, years as a baptized Adventist member, if ordained or commissioned as a pastor, including date, and future goals in relation to the MDiv program.
- If married, the spouse of the applicant is also asked to complete a statement in regard to his or her feelings and relationship to the partner's aspirations for future ministry.
- Criminal Background Check. Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.

Andrews University has selected the same company used by the North American Division - Sterling Volunteers (SV) - to administer your background check. There is a standard fee charged by Sterling Volunteers for this service. Please click here to complete this step. (If you have previously completed a background check with Sterling Volunteers please e-mail your status report to SemTest@andrews.edu.)

With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and stored in a completely secure environment. If you have any questions or concerns about Sterling Volunteers' security measures or payments, feel free to contact them at [TheAdvocates@sterlingvolunteers.com](mailto:TheAdvocates@sterlingvolunteers.com) or 855-326-1860, Option 1.

- An interview with a representative of the MDiv program may be required, either by personal contact, telephone, or video.
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."
- Recommendations:
  - Pastor or Church board from the church where the applicant is a member.
  - Conference administrator, chair or primary professor of undergraduate department, or church elder.
  - General Recommendation from: College teacher or advisor, recent employer, or other non-family members.
  - Given that applying and obtaining pertinent documents for admission can be a long process, the student must start the application process at least 4-6 months before the desired starting semester. See University deadlines for individual semesters here.

#### **Policy for Applicants to the MDiv Program who hold degrees from Unaccredited Schools or Lack Baccalaureate Degrees**

**Purpose of this policy/protocol:** To streamline the admission process and to create standardized admission requirements for students that hold degrees from unaccredited schools or lack baccalaureate degrees. As per 2020 ATS guidelines, and as part of the SDATS application process, the following procedure will be followed:

#### **Unaccredited Schools**

Applicants who hold degrees from unaccredited schools will submit the following:

- A 12 to 15-page research paper on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills.
- A resume documenting ministry/pastoral leadership and work experience.
- A statement of purpose including their call to pastoral ministry showing authentic biblical spirituality.
- 3 recommendations
- Official transcripts showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.
- A petition letter from a church administrator (usually conference president or ministerial director) requesting/endorsing the applicant's admission to the program.
- Interview: Applicants will be interviewed by the program director or one of the Deans. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, distinctive doctrines and theology.

#### **Lack of Baccalaureate Degree**

For applicants who lack baccalaureate degrees, in addition to all requirements above, they must also:

- Submit official transcripts showing the completion of a minimum of 60 undergraduate (semester) credits or an associate degree with a minimum 2.5 GPA.
- Take all necessary MDiv prerequisites
- Be at least 35 years of age.

Students requesting admission under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

## **Placement Examinations**

#### **Biblical Hebrew and Biblical Greek Prerequisites**

Hebrew and Greek are required at the Intermediate proficiency level. Language Proficiency must be demonstrated within the first two years in seminary. Undergraduate credits alone do not demonstrate current proficiency in a language.

#### **Option 1: Language Courses**

- Students may demonstrate proficiency in Biblical Hebrew by passing Hebrew I (OTST 551) and earning a grade of at least C+ in Hebrew II (OTST 552).
- Students may demonstrate proficiency in Greek by passing Beginning Greek with a C- or higher *OR* score 45% or higher on the Greek Placement Exam and earning a grade of at least C in intermediate Greek (NTST 552) *OR* score 60% or higher on the Greek Placement Exam.

#### **Option 2: Placement Exam**

Students also have the option of demonstrating proficiency in a biblical language by passing the corresponding placement exam. Placement exams may be taken only once for each language. Any student who wishes to take a placement exam must take at least one of them in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken by September of their second year in seminary. Placement exams must be taken at the regular May or August dates set by the seminary.

Preparation materials designed to help students prepare for the placement examinations are available from the Old Testament ([otst@andrews.edu](mailto:otst@andrews.edu)) and New Testament ([ntst@andrews.edu](mailto:ntst@andrews.edu)) departments.

Based on the score achieved on the exam, the student will be assigned to do one of the following as soon as possible: (1) Take both the beginning and intermediate language courses, (2) take the Intermediate language course, or (3) enroll in exegesis and theology courses without further language study necessary.

Students who do not pass the exam and do not obtain the required grade in the course must retake the course without delay until the required grade is achieved.

## **International Student Information**

#### **English Language Requirements**

All students whose first language is not English must demonstrate adequate proficiency in English to succeed in the academic setting. Language proficiency requirements must be met before enrolling full-time in regular coursework.

Following are the English proficiency tests approved by the University and the required passing scores:

- TOEFL Paper-based - 565
- TOEFL Internet-based - 85
- Duolingo - 110
- IELTS - 6.5
- PTE – 58

#### **Advanced Standing**

In accordance with ATS Standard 3.13, the Seminary may approve incoming MDiv students from outside North America to receive advanced standing. Advanced standing is credit given for advanced/upper-division courses taken at the undergraduate level. In order to qualify for advanced standing, students must:

- Hold a 4-year Bachelor of Theology (BTh) degree or its equivalent from an accredited institution.
- Have graduated from an AAA-accredited institution outside of North America.

#### **Criteria for Validation of Courses**

Up to 18 credits of advanced standing may be granted. Each course to be considered for application toward advanced standing must:

- Have been taken **within 10 years** of the projected graduation date;
- Be an **upper-division/advanced-level** course that:
  - Contributes to the MDiv program learning outcomes;
  - Have an **earned grade equivalent of "B" or higher**.

**Curricular Practical Training (CPT)** - required for students on an F-1 visa taking off-campus practicums.

To qualify for CPT, the following requirements must be met:

- The specified training must have a clear start and end date.
- The F-1 student must have been enrolled for a full academic year before starting CPT (an exception is given for graduate programs requiring training in the first year of study).

- The F-1 student must be registered for a full course of study during CPT (if the CPT is in Fall or Spring semester) and the specified training should be reflected in the course load.

#### Clinical Pastoral Education (CPE)

- A Clinical Pastoral Education (CPE) unit taken during a student's MDiv studies will count as full-time study, as it requires 400 practicum and instructor contact hours. The MDiv Chaplaincy and Urban Ministry Concentrations require a CPE unit to be registered for 3 credits, and those 3 credits registered in PATH557 Clinical Pastoral Education (Clinical) or PATH554 Clinical Pastoral Education (Urban) will satisfy as full-time study.

## Student Learning Outcomes

A graduate from this program:

- Models spiritual humility, maturity and integrity grounded in a living experience with God in joyful assurance of His salvation, nurtured by the sanctifying presence and power of the Holy Spirit. (Character)
- Manifests the practices of a Biblical scholar-theologian engaging the Bible, Christian/Adventist heritage and professional resources with theological maturity for personal growth and for facilitating the theological competence of others. (Scholarship)
- Demonstrates personal commitment, passion and essential skills for discipleship and evangelism, while equipping members to carry out ministry within the scope of the local and global mission of the Seventh-day Adventist church. (Discipleship & Evangelism)
- Exercises creative and visionary leadership as a minister and servant of Christ, discerning the needs, spiritual gifts and potential of others, in order to equip and engage in their God-given ministries. (Leadership)
- Facilitates enriching corporate worship that brings diverse peoples into the transforming presence of God. (Worship)
- Engages the abilities of self and others to strategically steward personal and corporate resources including time, health, finances, property and service in areas of spiritual giftedness. (Administration/Management)
- Models effective relationships with people of diverse cultures, backgrounds, character, and persuasions, reflecting the wisdom, compassion, and discernment of Jesus through the work of the Spirit. (Relationships)

## Healthcare Administration MHA

The School of Population Health, Nutrition & Wellness offers a Master of Healthcare Administration program that prepares healthcare professionals to fulfil the demands of the ever-changing healthcare system and to become managers, administrators, and leaders in various private and government healthcare settings who are devoted to improving health services delivery in the United States and throughout the world. Individuals eligible to enroll in the program are:

- those with at least a bachelor's degree in a health field who are interested in broadening their knowledge and skills for a successful administrative and management careers in the health sector, whether it be hospitals, physicians' offices, long term care institutions such as nursing home, assisted living facilities, and community health centers
- those who hold a bachelor's in another field, but demonstrate a desire to move to the healthcare administration field
- other health professionals such as physicians, nurses, dentists, radiologists, physical therapists, and other related health fields who desire to develop additional skills and knowledge in management and administration, healthcare laws and regulations, and accounting to advance their healthcare career

A total of 42 course credits is required for this degree (including transferred credits), plus 2-5 credits of practicum. This is a two-year online (distance) program based on full-time enrollment. However, part-time enrollment is also permitted, allowing up to a maximum of six years to complete it. Healthcare professionals who have 5 years of active work experience in healthcare management and administration can get up to 12 credits waived for them.

The curriculum includes a Healthcare Administration Practicum and a Capstone Project that integrates the core healthcare management competencies toward a comprehensive strategic plan that incorporates all the elements of a business plan designed specifically for a health care organization.

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions). The interactive online degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

#### Dual Degree Option:

The Healthcare Administration MHA is also available with the following dual degree option:

- Divinity/Healthcare Administration Dual Degree MDiv/MHA

### Total Credits - 42+

#### Foundation Courses - 4

- HCAD 500 - Introduction to Public Health **Credits:** 2
- HCAD 535 - Epidemiology for Healthcare Administrators **Credits:** 2

#### Major Courses - 32

- HCAD 510 - Healthcare Delivery Systems **Credits:** 2
- HCAD 520 - Accounting Fundamentals in Health-Care Management **Credits:** 3
- HCAD 540 - Quantitative Methods in Healthcare Management **Credits:** 2
- HCAD 550 - Healthcare Quality Management **Credits:** 1
- HCAD 555 - Strategic Planning **Credits:** 2
- HCAD 615 - Organizational Leadership in Health Care Systems **Credits:** 2
- HCAD 620 - Information Systems and Patient Care Technology for Health Care **Credits:** 2
- HCAD 625 - Healthcare Economics & Policy **Credits:** 2
- HCAD 630 - Healthcare Marketing **Credits:** 2
- HCAD 640 - Healthcare Law and Ethics **Credits:** 2
- HCAD 650 - Healthcare Administration Capstone **Credits:** 2
- HCAD 655 - Reimbursement Systems **Credits:** 3
- HCAD 660 - Managing Human Resources in Healthcare Organizations **Credits:** 3
- 3 credits of PBHL 535 - Principles of Health Administration **Credits:** 2,3

#### Electives - 2

Choose one of the following courses:

- HCAD 530 - Medical Terminology for Healthcare Managers **Credits:** 2
- PBHL 543 - Introduction to Geographic Information Systems (GIS) **Credits:** 1,2

#### Religion - 2

- HCAD 646 - Integration of Spirituality in Health Care **Credits:** 2 (MHA/MDiv Dual Degree students must replace this course with DSLE 541 Foundations of Biblical Spirituality)

#### Practical Experience - 2-5

- HCAD 670 - Healthcare Administration Practicum **Credits:** 2-5 (MHA/MDiv Dual Degree students may reduce this requirement by taking 3 credits of PATH 557 - Practicum in Clinical Pastoral Education)

### Additional Requirements

#### Practicum Requirements

- Students will complete 700 hours of practicum.
- Students who already have a clinical degree or those with relevant experience in healthcare management may require only between 400 and 500 hours of practicum. Each situation will be considered individually.
- Full time students without a clinical degree or healthcare management experience will complete 400 hours of practicum in the first semester and 300 hours in the second semester during the second year.
- Part time students are expected to complete between 100 and 150 hours per semester.
- Students cannot begin practicum until all 500-level courses are completed.
- Any students who are currently working in a healthcare setting and have at least five years' experience in healthcare management may be eligible to replace their practicum hours with a project at their workplace.

#### Admission Requirements

Program applicants will need to have at least a Bachelor's degree and satisfy one of the criteria below as described in the Graduate Enrollment and Admissions policy:

- Have an overall GPA of at least 2.60 in undergraduate courses.
- Have a GPA of at least 2.75 on the last 50% of undergraduate courses.

- Have a graduate GPA of at least 3.00 on 8 semester credits or more earned in courses graded A–F.
- Hold a previous master's degree.

### Student Learning Outcomes

Graduates of the program will:

- Understand the U.S. healthcare system and that of some other selected countries.
- Apply legal and government regulations and ethical principles that impact healthcare organizations.
- Utilize fiscal and economic principles needed for growth in healthcare organizations.
- Determine practices required to support, develop, and motivate a diverse healthcare workforce.
- Manage human resources and deliver valuable answers to health services issues.
- Create, implement, and influence health policies that will improve the services provided to patients and health outcomes.
- Develop advanced information systems skills pertinent to the healthcare environment.
- Understand major public health issues and policies.

## Divinity/Public Health Dual Degree MDiv/MPH

Andrews University has formed a collaborative program between the Master of Divinity Program of the Seventh-day Adventist Theological Seminary and the School of Population Health, Nutrition and Wellness in the College of Health & Human Services. Students can potentially complete the two degrees (MDiv/MPH, Nutrition and Wellness Concentration) in 4 years or less; 2 years in the Theological Seminary and 2 years in the Department of Public Health, Nutrition and Wellness. The MDiv is available on campus while the MPH courses are in an online format.

This dual degree is designed to prepare students for various forms of ministry in which public health skills and theology are needed. Likewise, it will also enable students to integrate both theological and public health knowledge, values and skills into a multifaceted approach to Christian service, thereby enhancing their usefulness as instruments of the Holy Spirit. Furthermore, it will sensitize students to nontraditional ministry opportunities by exposing them to theories and practice skills related to prevention, nutrition, wellness, environmental health, and health behaviors.

Since the MDiv and MPH programs share certain cognate courses to achieve a more streamlined and efficient program, the MDiv degree must be conferred simultaneously with the MPH in order to fulfill the requirements of both degrees. In the event that the MPH was completed prior to enrollment in the MDiv, the cognate requirements for the MDiv will be adjusted as shown below. A dual student cannot march in graduation or March-without-Completion if both halves of the dual degree are not completed.

Completion of the dual degree requires strict adherence to course sequence and curriculum design as students will travel as a cohort through each program.

If in the United States, International Students need to take courses concurrently with MDiv courses to maintain their Student Visa status.

### Total Credits: 113

Graduation requirements consist of the satisfactory completion of 113 semester credits with an overall grade point average of 2.75 or better in the MDiv and 3.0 or better in the MPH. 71 credits are MDiv credits, and 42 credits are Master of Public Health credits. 7 of those credits are shared between the MDiv and the MPH programs:

- FDNT 520 Vegetarian Nutrition and Disease Prevention (3 Cr) replaces PATH 567 Health & Lifestyle Transformation (1 Cr)

- 6 credits of MDiv electives are 6 MPH concentration credits

## Program Information

Information for the two programs (Divinity MDiv and Public Health MPH) follows:

### Divinity MDiv

E-mail: [mdiv@andrews.edu](mailto:mdiv@andrews.edu)

The Master of Divinity (MDiv) is a 78-credit professional program strongly recommended as the graduate training for Adventist ministry by the General Conference of Seventh-day Adventists and the North American Division. It requires two and a half years of full-time study (including summers) for full-time students. Additional semesters may be required for students lacking prerequisites (including biblical languages), or for those who take less than 14 credits in the Fall and Spring semesters, and 12 during the summer.

#### Concentration Options

Students may - if desired - select one of the MDiv concentrations:

- Chaplaincy
- Marriage and Family Life Ministry
- Urban Ministry
- Youth and Young Adult Ministry

#### MDiv Dual Degree Options

The MDiv may also be taken in conjunction with one of the following dual degree options:

- Divinity/Community and International Development Dual Degree MDiv/MSCID
- Divinity/Healthcare Administration Dual Degree MDiv/MHA
- Divinity/Public Health Dual Degree MDiv/MPH
- Divinity/Social Work Dual Degree MDiv/MSW

#### Mission

In harmony with the mission and core values of the Seventh-day Adventist Theological Seminary, the Master of Divinity degree equips called, committed men and women with practical biblical, theological, and ministerial knowledge and skills to prepare them for Christlike service as leaders and equippers.

#### Vision

We envision the Master of Divinity community as a relationally healthy and diverse family focused on developing balanced and spiritually mature ministry leaders who are committed to equipping people in accomplishing God's mission and the prophetic calling of the Seventh-day Adventist Church.

### Prerequisites

Students who enter the Master of Divinity program who have not previously taken a Religion or Theology degree at the undergraduate level must fulfill the following prerequisites, all of which may be taken either at the Seventh-day Adventist Theological Seminary or at the undergraduate level. Each student's transcript will be evaluated to ensure the completion of all required prerequisite courses.

Current Greek and Biblical Hebrew language intermediate level proficiency must be demonstrated by passing placement exams or by passing both the beginning and intermediate level classes of each language at the Seminary.

At least 3 credits of combined Christian Church History taken at the undergraduate level will satisfy this prerequisite. Otherwise, students will take CHIS 506 and CHIS 507 as needed.

2 credits of CHIS 506 - Church History to 1500 **Credits:** 2,3

2 credits of CHIS 507 - Church History 1500 to Present **Credits:** 2,3

At least 3 credits of combined Adventist history and Life & Writings of Ellen G. White.

1.5 credits of CHIS 570 - History of the Seventh-day Adventist Church **Credits:** 1.5,2

1.5 credits of CHIS 571 - The Life and Writings of Ellen G. White **Credits:** 1.5,2

NTST 520 - Introduction to the New Testament **Credits:** 2

NTST 530 - Introduction to Revelation **Credits:** 2

OR

NTST 539 - Studies in Revelation **Credits:** 2,3

The Revelation requirement is a prerequisite and may be met in the following ways:

If the student has taken an undergraduate Revelation course in the last 10 years at an institution whose syllabus has been approved by the Seminary, then they will not be required to meet the Revelation requirement in the Seminary. Students may submit a syllabus for evaluation if their undergraduate school is not on the list of approved schools. If approved, their school will be added to the list, and their requirement will be waived.

Students who **have not taken** an undergraduate Revelation course, or whose **undergraduate courses do not qualify**, must take one of the following courses:

NTST530 Intro to Revelation

NTST539 Studies in Revelation (online)

If a student's undergraduate course is more than 10 years old or if their undergraduate syllabus is denied by the NTST department, they may take **NTST 648 Revelation** to fulfill their Revelation prerequisite. By so doing, they fulfill the Revelation prerequisite as well as the core New Testament exegesis requirement.

2 credits of NTST 551 - Beginning Greek **Credits: 0,2** (Passed at C- or higher or score 45% or higher on the Greek Placement Exam - May, August)

3 credits of NTST 552 - Intermediate Greek **Credits: 0,3** (Passed at C or higher or score 60% or higher on the Greek Placement Exam - May, August)

**NOTE:** Any student who wishes to take a biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

2 credits of OTST 500 - Survey of the Old Testament **Credits: 2,3**

3 credits of OTST 551 - Biblical Hebrew I **Credits: 0,3** (Passed at a minimum of C+ or score 75% or higher on the Beginner Hebrew Placement Exam - May, August)

2 credits of OTST 552 - Biblical Hebrew II **Credits: 0,2,3** (Passed at a minimum of C+ or score 75% or higher on the Intermediate Hebrew Placement Exam - May, August)

**NOTE:** Any student who wishes to take a Biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

2 credits of OTST 565 - Survey of the Pentateuch **Credits: 2,3**

2 credits of PATH 505 - Biblical Preaching **Credits: 2**

2 credits of PATH 536 - Personal Evangelistic Ministry **Credits: 2,3**

2 credits of PATH 552 - Foundations of Pastoral Ministry **Credits: 2**

**NOTE:** Students who have passed a basic course in pastoral ministry from an accredited Seventh-day Adventist undergraduate institution, or who have been Conference-employed as pastors for two years or more will be exempted from PATH 552, provided their hiring/sponsoring organization can provide proof of at least two years of pastoral employment via their service record. Exemptions to this rule will be granted on a case by case basis as determined by the Practical and Applied Theology (PATH) Department Chairperson.

3 credits of THST 521 - Christian Theology I **Credits: 2,3**

3 credits of THST 522 - Christian Theology II **Credits: 2,3**

## Total Credits - 78

### Interdisciplinary - 5

GSEM 505 - Colloquium: \_\_\_\_\_ **Credits: 0**

**Brief (4.5 hour) colloquia on a variety of ministry topics will be offered each semester for MDiv students.**

Full-time (9 credits or more) students must attend at least one colloquia session per Fall/Spring semester that they are in the MDiv program.

2 credits of GSEM 530 - Doctrine of the Sanctuary **Credits: 2,3**

3 credits of GSEM 628 - Great Controversy, Covenant, Law, and Sabbath **Credits: 2,3**

### Church History - 7

2 credits of CHIS 624 - Issues in Ellen G. White Studies **Credits: 2,3**

3 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits: 2,3**

### Choose one of the following courses (CHIS list) for 2 credits:

CHIS 600 - The Early Church to A.D. 604 **Credits: 2,3**

CHIS 609 - The Church in the Middle Ages **Credits: 2,3**

CHIS 620 - Seminar in Christian Biography **Credits: 2,3**

CHIS 625 - Seminar in Church-State Thought **Credits: 2,3**

CHIS 629 - History of Christian Spirituality **Credits: 2,3**

CHIS 630 - History of Jewish Experience **Credits: 2,3**

CHIS 634 - Reformation Theology **Credits: 2,3**

CHIS 635 - History of the African American Churches **Credits: 2,3**

CHIS 640 - Reformation: \_\_\_\_\_ **Credits: 2,3**

CHIS 650 - English Reformation and Rise of Puritanism **Credits: 2,3**

CHIS 654 - Seminar in English Reformation and Puritan Theology **Credits: 3**

CHIS 655 - Wesley and Methodism **Credits: 2,3**

CHIS 657 - Seminar in Reformation Theology **Credits: 3**

CHIS 659 - Seminar in the History of Selected Christian Doctrines **Credits: 3**

CHIS 660 - History of Religion in America **Credits: 2,3**

CHIS 664 - History of American Religious Thought **Credits: 2,3**

CHIS 665 - Modern Church History **Credits: 2,3**

CHIS 668 - History of Religious Liberty **Credits: 2,3**

CHIS 670 - Seminar in History of the Seventh-day Adventist Church **Credits: 2,3**

CHIS 673 - Development of Seventh-day Adventist Lifestyle **Credits: 2,3**

CHIS 675 - Seminar in the Development of Seventh-day Adventist Lifestyle **Credits: 2,3**

CHIS 680 - History of Sabbath and Sunday **Credits: 2,3**

CHIS 682 - Seminar in Church History **Credits: 3**

CHIS 683 - The Pastor, Church and Civil Law **Credits: 2, 3**

CHIS 684 - Seminar in History of Sabbath and Sunday **Credits: 3**

CHIS 685 - Studies in Church History **Credits: 2,3**

CHIS 686 - Development of Prophetic Interpretation **Credits: 2,3**

CHIS 687 - Seminar in Development of Prophetic Interpretation **Credits: 2,3**

CHIS 688 - Contemporary Trends **Credits: 2,3**

CHIS 689 - History of Worship and Liturgy **Credits: 2, 3**

CHIS 690 - Independent Study **Credits: 1-3**

### Discipleship and Lifespan Education - 9

3 credits of DSLE 541 - Foundations of Biblical Spirituality **Credits: 2,3** (Must be taken first semester in Program.) (MDiv/MHA Dual Degree students: this course replaces HCAD 646 Integration of Spirituality in Health Care)

2 credits of DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits: 2,3** (MDiv/MSW Dual Degree students must replace this course with SOWK 501)

2 credits of DSLE 534 - Ministry to Youth and Young Adults **Credits: 2,3**

2 credits of DSLE 615 - Collaborative Ministry: School, Church, Community **Credits: 2,3**

### New Testament - 8

**Choose one of the following New Testament Exegesis courses for 3 credits (NTST List A)**

**- Intermediate Greek proficiency required:**

NTST 645 - Hebrews **Credits: 2,3**

NTST 646 - Topics in New Testament Exegesis **Credits: 2,3**

NTST 648 - Revelation **Credits: 2,3**

NTST 653 - Advanced Studies in the General Epistles **Credits: 2,3**

NTST 655 - Advanced Studies in the Gospels **Credits: 2,3**

NTST 658 - Advanced Studies in the Pauline Writings **Credits: 2,3**

NTST 678 - Seminar in Greek Exegesis **Credits: 2,3**

**Choose one of the following New Testament Theology courses for 3 credits (NTST List B)**

**- Intermediate Greek proficiency required:**

NTST 613 - Love, Marriage and Divorce **Credits: 2,3**

NTST 614 - Suffering, Death and Resurrection **Credits: 2,3**

NTST 616 - Theology of Luke-Acts **Credits: 2,3**

NTST 623 - New Testament Theology of Prayer **Credits: 2,3**

NTST 627 - New Testament Theology of Salvation **Credits: 2,3**

NTST 628 - The Holy Spirit in the New Testament **Credits: 2,3**

NTST 629 - New Testament Ecclesiology **Credits: 2,3**

NTST 630 - Theology of the Synoptic Gospels **Credits: 2,3**

NTST 633 - Social Issues in the New Testament **Credits: 2,3**

NTST 634 - Theology of the Pauline Epistles **Credits: 2,3**

NTST 641 - Theology of the Johannine Writings **Credits: 2,3**

NTST 647 - Eschatology **Credits: 2,3**

NTST 667 - Topics in New Testament Theology **Credits: 2,3**

NTST 668 - New Testament Ethics **Credits: 2,3**

NTST 676 - Jesus in Recent Scholarship **Credits: 2,3**

NTST 679 - Seminar in New Testament Theology and Ethics **Credits: 2,3**

**Choose one of the following New Testament Background courses for 2 credits (NTST List C) - Intermediate Greek proficiency required:**

- NTST 515 - New Testament Backgrounds Credits: 2,3
- NTST 606 - New Testament Textual Criticism and Canon Formation Credits: 2,3
- NTST 615 - New Testament Archaeology Credits: 2,3
- NTST 626 - Seminar in Classical Jewish Literature Credits: 2,3
- NTST 635 - Intertestamental Literature Credits: 2,3
- NTST 636 - Jerusalem in the Time of Jesus Credits: 2,3
- NTST 654 - Second Century Christianity Credits: 2,3
- NTST 680 - Greco-Roman World Credits: 2,3
- NTST 684 - Judaism and the New Testament Credits: 2,3
- NTST 689 - Seminar in New Testament Backgrounds Credits: 2,3
- NTST 695 - Topics in New Testament Backgrounds Credits: 2,3

**Old Testament - 8**

2 credits of OTST 674 - Daniel Credits: 2,3

**Choose one of the following Old Testament Exegesis courses for 2 credits (OTST List A)**

**- Intermediate Hebrew proficiency required:**

- OTST 625 - Biblical Hebrew III Credits: 3 (MDiv students must make arrangements with the professor if they wish to use OTST625 as an OT Exegesis course. An exegetical paper will be required. This course is offered strictly as 3 credits.)
- OTST 628 - Methods of OT Exegesis Credits: 2,3
- OTST 639 - Studies in Old Testament Exegesis Credits: 2,3
- OTST 664 - Pentateuch Credits: 2,3
- OTST 666 - Historical Books Credits: 2,3
- OTST 668 - Psalms/Wisdom Literature Credits: 2,3
- OTST 675 - Minor Prophets Credits: 2,3
- OTST 680 - Seminar in Old Testament Exegesis Credits: 2,3
- OTST 686 - Major Prophets Credits: 2,3

**Choose one of the following Old Testament Theology courses for 2 credits (OTST List B)**

**- Intermediate Hebrew proficiency required:**

- OTST 619 - Theology of the Old Testament Credits: 2,3
- OTST 620 - Seminar in Old Testament Theology Credits: 2,3
- OTST 627 - Jewish Life and Thought Credits: 2,3
- OTST 685 - Principles of Hermeneutics Credits: 2,3

**Choose one of the following archaeology courses:**

2 credits of OTST 510 - Archaeology and the Bible Credits: 2,3  
or

**Students who have taken an undergraduate course in biblical archaeology may replace OTST 510 with a 2-credit advanced archaeology course from the following list (OTST List C):**

- ANEA 615 - Seminar in Archaeology and History of Antiquity Credits: 2,3
- NTST 615 - New Testament Archaeology Credits: 2,3
- OTST 604 - History of the Ancient Near East Credits: 2,3
- OTST 635 - History of Israel Credits: 2,3

**Practical and Applied Theology - 19**

- 2 credits of PATH 523 - Worship: Word and Music Credits: 2,3
- PATH 539 - Church Growth and the Equipping Leader Credits: 3
- 2 credits of PATH 543 - Christian Leadership in a Changing World Credits: 2,3 (MDiv/MHA Dual Degree students: this course may fulfill MHA Core Elective)
- 2 credits of PATH 555 - Pastoral Counseling Credits: 2,3 (MDiv/MSW Dual Degree Students must replace this course with SOWK 601)
- PATH 560 - Advanced Ministerial Development Credits: 2 (AMD for Dual Degree Students: If student is in a dual degree, they may substitute this course with the appropriate practicum course in their corresponding dual degree. MDiv/MSW Dual Degree students must take SOWK 510. MDiv/MSCID students may take AMD or CIDS 680.) (Urban Context required for Urban Ministry Concentration students)
- 3 credits of PATH 562 - Field Evangelism Credits: 3-6 (Urban Context required for Urban Ministry Concentration students)
- PATH 567 - Health & Lifestyle Transformation Credits: 1 (MDiv/MPH Dual Degree students, replace this course with FDNT 520 - Vegetarian Nutrition and Disease Prevention Credits: 3)

**Choose one of the following Advanced Preaching courses (PATH list) for 2 credits:**

- PATH 600 - Preaching from the New Testament Credits: 2,3
- PATH 601 - Preaching Biblical Prophecies Credits: 2,3
- PATH 603 - Evangelistic Preaching Credits: 2,3
- PATH 607 - Preaching from the Old Testament Credits: 2,3
- PATH 609 - Media Ministry Credits: 2,3

PATH 627 - Black Preaching Credits: 2,3

PATH 632 - Contextualized Preaching: \_\_\_\_\_ Credits: 2,3  
PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial required for Urban Ministry Concentration  
PATH 632 Contextualized Preaching: Youth required for Youth and Young Adult Ministry concentration.

PATH 633 - Preaching the OT/NT for Maximum Impact Credits: 2,3

PATH 634 - Field Evangelistic Preaching & Practicum Credits: 2,3

PATH 637 - Seminar in Preaching Credits: 2,3

**Choose one of the following NADEI courses (NADEI list) for 2 credits:**

- PATH 604 - Mobilizing for Evangelistic Ministry Credits: 2,3
- PATH 606 - Mission-Shaped Church Planting Credits: 2,3
- PATH 656 - Evangelistic Small Groups Credits: 2,3

**Theology - 13**

3 credits of THST 611 - Revelation, Inspiration and Hermeneutics Credits: 2,3

2 credits of THST 635 - Issues in Origins Credits: 2,3

**Choose one of the following Systematic Theology courses for 3 credits (THST List A):**

- THST 615 - Doctrine of the Church Credits: 2,3
- THST 616 - Doctrine of God Credits: 2,3
- THST 617 - The Works of God Credits: 2,3
- THST 618 - The Works of Christ Credits: 2,3
- THST 619 - Principles and Methods of Theology Credits: 2,3
- THST 630 - Doctrine of Christ Credits: 2,3
- THST 637 - Biblical Eschatology Credits: 2,3
- THST 639 - Doctrine of the Holy Spirit Credits: 2,3
- THST 640 - Doctrine of Salvation Credits: 2,3
- THST 647 - Human Nature and Destiny Credits: 2,3
- THST 649 - Seminar in Theological Issues: \_\_\_\_\_ Credits: 2,3
- THST 678 - Science and Religion Credits: 2,3

**Choose one of the following Historical Theology courses for 2 credits (THST List B):**

- THST 623 - Contemporary Adventist Theological Issues Credits: 2,3
- THST 624 - Protestant Theological Heritage Credits: 2,3
- THST 625 - Early Christian Theology Credits: 2,3
- THST 626 - Modern Christian Theology Credits: 2,3
- THST 627 - Roman Catholic Life & Thought Credits: 2,3
- THST 628 - Contemporary Theology Credits: 2,3
- THST 629 - History and Theology of Ecumenism Credits: 2,3
- THST 656 - Seminar in Historical Theology: \_\_\_\_\_ Credits: 2,3
- THST 667 - Postmodernism and the Church Credits: 2,3
- THST 676 - History of Philosophy Credits: 2,3

**Choose one of the following Ethics courses:**

3 credits of THST 605 - Principles of Christian Ethics Credits: 2,3

or

**Students who have taken an undergraduate course in Ethics may replace THST 605 with a 3-credit advanced ethics course from the following list (THST List C):**

- THST 622 - Foundations of Philosophical Ethics Credits: 3
- THST 633 - Ethics and the Good Life Credits: 2,3
- THST 634 - Christian Social Ethics Credits: 2,3
- THST 643 - Christian Professional Ethics Credits: 2,3 (MDiv/MSW Dual Degree students must replace this course with SOWK 515)
- THST 644 - Theological Ethics Credits: 2,3
- THST 659 - Seminar in Philosophy, Theology, and Ethics: \_\_\_\_\_ Credits: 2,3
- THST 660 - Church and Society Credits: 2,3
- PATH 549 - Philosophy & Ethics of Chaplaincy Credits: 3

**World Mission - 6**

MSSN 546 - Mission in Cultural and Religious Context Credits: 3

**Choose one of the following Mission courses for 3 credits (MSSN List):** (NOTE: MSSN 546 is prerequisite to all other Mission courses.)

- MSSN 505 - Christian Responses to Human Needs Credits: 2,3
- MSSN 561 - Christian Witness and World Religions Credits: 3
- MSSN 610 - Theology of Mission Credits: 3
- MSSN 615 - Anthropology for Mission and Ministry Credits: 2,3
- MSSN 618 - Mission to the Cities Credits: 3
- MSSN 630 - Cross-Cultural Leadership Development Credits: 2,3
- MSSN 632 - Diversity, Cultural Intelligence, and Leadership Credits: 2,3
- MSSN 635 - Contemporary Issues in Mission Credits: 2,3

MSSN 660 - Witnessing to People of Another Religion **Credits:** 2,3

MSSN 676 - History of Christian Mission **Credits:** 2,3

MSSN 685 - Strategies for World Mission **Credits:** 2,3

MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6

### General Electives - 3

- Students will take 3 credits of general electives.
- Electives may not be used to satisfy prerequisites and/or deficiencies.
- Up to 3 credits in relevant courses offered by other schools of the university on the graduate level may be included in the general electives, including up to 3 appropriate workshop credits.
- Transfer credit petitions from other schools/colleges within Andrews University or from any other University must be done in consultation with the MDiv Office.

### Thesis Option

Students anticipating academic doctoral studies after the completion of their MDiv program are advised to undertake the thesis option as some academic institutions require a master's-level thesis for entry into doctoral programs.

The thesis counts as 6 general elective credits allowed for the MDiv degree. Students should register for 2 or more thesis credits per term for at least two semesters. Therefore, initial registration for a thesis must be no later than two semesters prior to graduation. Students electing to write an MDiv thesis must apply to the director of the program and must (1) demonstrate superior scholarship over a minimum of two consecutive semesters, normally with a GPA of 3.50 or above; (2) take Research Methods before the thesis is started; and (3) submit a paper of superior quality before permission is granted by the director to begin writing the thesis. The student is guided in thesis preparation by a three-member committee appointed by the director in consultation with the student and department chair in which the subject of the thesis is chosen. The chair of this committee serves as the thesis advisor.

The format of the thesis must conform strictly to the Andrews University Standards for Written Work. Students are strongly urged to consult the dissertation secretary before formatting and printing a thesis.

At least six weeks before graduation, the committee-approved draft of the thesis should be submitted to the dissertation secretary. After appropriate changes have been made, the corrected copy should be submitted at least four weeks before graduation to the dissertation secretary for approval. Copying on non-acid paper should be completed at least two weeks before graduation. Three copies of the thesis, including a 150-word abstract and an approval sheet, must be submitted to the dissertation secretary. The abstract should contain a short statement of the problem examined, a brief exposition of methods and procedures, and a condensed summary of the findings.

Students obtain a Thesis Completion Form from the dissertation secretary. They must take the form to the Academic Records Office no later than noon on Friday, a week preceding graduation. A fee is charged by the university for binding the three copies of the thesis, two of which are deposited in the library and one in the department in which the student earns the degree.

Students who do not adhere strictly to the deadlines noted above will have their graduation postponed. Thesis candidates must pass an oral examination no later than two weeks before graduation. The candidate is expected to demonstrate mastery of the thesis topic.

### Concentrations

**Note:** Dual degree students who choose to complete a concentration will increase their total credits required by 12.

#### Chaplaincy Concentration - 12

Chaplaincy is a highly qualified and dynamic expression of ministry based on the Bible and supported by the Seventh-day Adventist Church. The chaplaincy concentration provides the basic training and preparation for service beyond the church borders in various chaplaincy ministries, such as in healthcare, military, campus, prison, police and fire departments, community, and corporate settings. It also prepares pastors and church leaders to advance in their caregiving and empathic ministry skills for an immediate impact in the church and the surrounding communities.

PATH 507 - Introduction to Chaplaincy Ministry **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

PATH 516 - Death & Grief in Contemporary Society **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

PATH 549 - Philosophy & Ethics of Chaplaincy **Credits:** 3 (**Prerequisite:** Undergraduate Ethics course or THST 605)

PATH 643 - Trauma & Advanced Crisis Intervention **Credits:** 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)

3 Credits of Clinical Pastoral Education taken in one of the following courses: PATH 554 - Clinical Pastoral Education (CPE) **Credits:** 3-8  
Students taking CPE at the CPE Seminary Chaplaincy Study Center must register for PATH 554 Clinical Pastoral Education for 3 credits (with the possibility of up to 8 credits). Credits / Units: 3

OR

PATH 557 - Practicum in Clinical Pastoral Education (CPE): \_\_\_\_\_  
**Credits:** 2-8 (MDiv/MHA Dual Degree students: Taking 3 credits of PATH 554 or PATH 557 may reduce required credits and hours for HCAD 670)

If a student wishes to receive CPE credit for units already earned, a per-credit recording fee is charged by the university for PATH 557 Practicum in Clinical Pastoral Education (CPE), or PATH 641 Practicum in Military Chaplaincy. (Application form is available in the PATH office.) If a student wishes to register for their CPE units concurrently with other full semester courses, the registration will be part of their MDiv load, and there will be no recording fee assessed.

Students doing Military Chaplaincy can take PATH 641 Practicum in Military Chaplaincy instead of or in addition to PATH 554 or PATH 557.

PATH 641 - Practicum in Military Chaplaincy **Credits:** 2-8

#### Marriage and Family Life Ministry Concentration - 12

Healthy, spirit-filled marriages and families are the backbone of Christian life and most clearly reflect the character of Christ in our churches and in the world. When marriages and families are broken, our churches suffer. The Concentration on Marriage and Family Life Ministry is designed to prepare MDiv students to equip their churches to be vibrant and healthy in the way they foster relationships in their individual families as well as in church and the community. Students who take this concentration will be better equipped to educate their congregations in areas of family life. They will also be better prepared to address the family issues that will come to them for counseling. Pastors with these courses will be able to create healthy churches and more positively impact their communities for Christ.

In addition to the core MDiv requirement DSLE 503 - Marriage, Family, and Interpersonal Relationships for 2 credits, students who choose this concentration will take 12 credits in the following courses:

#### Choose one of the following courses:

3 credits of DSLE 635 - Christian Perspectives on Professional Ethics **Credits:** 2,3  
DSLE 659 - Human Sexuality **Credits:** 3

#### Choose one of the following courses:

DSLE 655 - Families in Society **Credits:** 3  
DSLE 658 - Internal Dynamics of Families **Credits:** 3

#### Choose one of the following courses:

3 credits of DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3  
DSLE 679 - Parenting Education and Guidance **Credits:** 3

#### Choose one 3-credit course from the following:

DSLE 610 - Teaching for Discipleship **Credits:** 2,3  
DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3  
DSLE 651 - Foundations of Biblical Counseling **Credits:** 2,3  
DSLE 652 - Personal and Family Finance **Credits:** 3  
DSLE 657 - Social Policy **Credits:** 2,3

#### Urban Ministry Concentration - 18

The Urban Ministry concentration is designed for students who want to learn how to make a decisive impact in the cities and to be prepared for the specific challenges of mission and ministry in the urban context.

**Online Delivery:** The Urban Ministry concentration is available online with some interactive online courses offered synchronously (via Zoom), and some interactive online courses are offered asynchronously (see Global Campus definitions). Due to grant funding, this online delivery is limited only to select students with special permission.

#### MDiv Core Requirements - Contextualized to the Urban Ministry Concentration

It is suggested that the student take the following topics or contexts to fulfill the core requirements in the main body of the MDiv Program.

PATH 560 - Advanced Ministerial Development **Credits:** 2 (Urban Context)

PATH 562 - Field Evangelism **Credits:** 3-6 (with an Urban Context)

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial in fulfillment of the requirement for an Advanced Preaching Core Elective (PATH list).

PATH 632 - Contextualized Preaching: \_\_\_\_\_ Credits: 2,3  
(with an Urban Context)

Take the following MSSN Core elective:

MSSN 618 - Mission to the Cities Credits: 3

### Concentration Courses

3 credits of MSSN 625 - Creating Collective Impact and Project Management  
Credits: 2,3

3 credits of MSSN 632 - Diversity, Cultural Intelligence, and Leadership Credits: 2,3

3 credits of MSSN 644 - Ministry of Reconciliation through Social Innovation  
Credits: 2,3

MSSN 667 - Urban Ministry Project Credits: 3

One credit of MSSN 655 - ICISF Certification for Crisis Intervention Credits: 1

3 credits of PATH 554 - Clinical Pastoral Education (CPE) Credits: 3-8 (with an Urban Context)

Choose one of the following:

DSLE 626 - Discipling At-Risk Youth Credits: 2,3

DSLE 656 - Counseling Youth and Young Adults Credits: 2,3

DSLE 669 - Reaching the Secular Mind Credits: 2,3

MSSN 645 - Ministry among Immigrants Credits: 2,3

MSSN 695 - Topics \_\_\_\_\_ Credits: 1-6 (Reaching Post-Moderns)

PATH 553 - The Church and Social Issues Credits: 2,3

### Youth and Young Adult Ministry Concentration - 12

A Youth and Young Adult Ministry (YYAM) Concentration is available for students wishing to gain specialized skills and knowledge for service in pastoral and administrative leadership to address the needs of youth and young adults. The MDiv with the YYAM Concentration requires a total of 84 credits.

In addition to the core MDiv requirement DSLE 534 - Ministry to Youth and Young Adults for 2 credits, students who choose this concentration will take 12 credits in the following courses:

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Youth in fulfillment of the Christian Ministry requirement for an Advanced Preaching Core Elective (PATH list).

2 credits of DSLE 564 - Discipling Young Adults Credits: 2,3

2 credits of DSLE 607 - Intergenerational Ministry Credits: 2

2 credits of DSLE 608 - Youth and Young Adults in Contemporary Culture Credits: 2,3

2 credits of DSLE 636 - Discipling Youth Credits: 2,3

2 credits of DSLE 656 - Counseling Youth and Young Adults Credits: 2,3

Choose at least 2 credits from the following courses:

DSLE 610 - Teaching for Discipleship Credits: 2,3

DSLE 626 - Discipling At-Risk Youth Credits: 2,3

DSLE 630 - Fostering Spiritual Growth Credits: 2,3

DSLE 651 - Foundations of Biblical Counseling Credits: 2,3

DSLE 664 - Advanced Campus Ministry Credits: 3 \*

DSLE 669 - Reaching the Secular Mind Credits: 2,3

DSLE 678 - Spiritual Nurture of Children Credits: 2,3

\*Students wishing to pursue campus chaplaincy should register for DSLE 664 Advanced Campus Ministry as their choice of core elective.

## Additional Requirements

MDiv students must meet the following requirements in addition to those required of all graduate students:

- Complete the MDiv curriculum of at least 78 credits. Students lacking adequate undergraduate preparation will be required to complete additional prerequisite credits. The additional credits required are based on individual academic evaluation.
- MDiv students taking 9 credits or more are required to attend at least 1 colloquium per semester during their stay at Andrews.
- Maintain a GPA of 2.75 or above.
- Meet the qualitative standards of the MDiv program.
- No U (Unsatisfactory) grade or any grade below C- will count towards the MDiv degree.

### Academic Probation

MDiv students whose cumulative GPA falls below 2.75 will be placed on academic probation and will have their course load reduced to no more than 10 semester credits. MDiv students whose cumulative GPA remains below 2.75 for a second consecutive semester will be required to meet with the MDiv program director and will enter into a probation contract, have regular meetings with their academic advisor, and fulfill other requirements as needed. Following that, should their GPA not improve, they may be asked to withdraw from the program.

When an incomplete or Deferred Grade has not been cleared by the end of the following semester, the student's course load must be reduced as follows:

One Incomplete/DGs—no reduction

Two Incompletes/DGs—may register for no more than 10 credits

Three Incompletes/DGs—may register for no more than 9 credits

With more than three I/DGs, the student must cease taking classes until the Incompletes/DGs are cleared.

### Evaluation of Students

Since the MDiv program prepares individuals for professional and pastoral leadership, periodic assessments are made of the students by the faculty in areas other than academic standing. Areas reviewed are students' spiritual growth, lifestyle reflective of the beliefs and practices of the Seventh-day Adventist Church, social/family relations, and developing potential for ministry. As a result of these assessments, students are affirmed in the MDiv program, advised of needed adjustments, or discontinued from the program.

## Readiness for Ministry

The MDiv program is dedicated to preparing every graduate for success in ministry. Godly and effective practice of ministry requires not only intellectual readiness, but also spiritual, physical, emotional, and social maturity. The MDiv Readiness for Ministry process helps seminarians evaluate their ministerial gifting and calling, discover and address strengths and weaknesses, and identify and pursue avenues of ministry appropriate to their giftedness. The program includes small-group mentoring as well as periodic assessments of the seminarian's readiness for ministry, by the faculty, staff, and ministry supervisors.

Areas to be reviewed include spiritual commitment, character, social and relational skills, and general aptitude for ministry. On the basis of these assessments, the seminarian and his/her mentor will, at a minimum, receive feedback in the middle of their first year, and again shortly before graduation. If a significant issue arises that, at the discretion of the Seminary, seriously impairs the seminarian's potential for ministry, appropriate action will be taken. This may include: referring the seminarian to the program director for guidance, remediation, and/or other appropriate action, counsel regarding alternate programs of ministry within the University or elsewhere, or dismissing the seminarian from the MDiv program. As part of the admissions process, every MDiv applicant is required to sign an agreement to participate in this process. This agreement includes permission, which seminarians can withdraw later in the program, to share the final readiness for ministry profile available with prospective employers.

## Maintaining Active Status

**Residency Requirements:** Students must maintain active status by enrolling for at least two semesters within one academic year. When this fails to happen, the student must follow the bulletin in force at the time active status is reestablished.

Following an absence of two years or more, a student's previous admission status will have lapsed and the student will need to reapply to the program.

## Additional Information

### Hybrid Course Delivery Options

MDiv students may take a portion of their degree credits off-campus as advised by the MDiv office. The Hybrid delivery method utilizes various delivery methods to assist students in completing their MDiv degree. These options include:

- Interactive online asynchronous classes offered by the Seminary. (see Global Campus definitions).
- Dual mode (by zoom) synchronous classes.
- One week intensives at seminary extension sites in Unions throughout the United States and Canada (offered by the MA Pastoral Ministry English track). Certain classes in the MAPM program cannot be used by MDiv students. Advising is necessary prior to registration.
- Summer Session intensive courses on the main Andrews University campus

- Full semester, on-campus courses

For financial information regarding hybrid studies, please click here.

Students interested in the Hybrid delivery method must obtain approval and instructions on specific class options, costs and how to sign up for this option from the MDiv program office before beginning off-campus studies.

#### Transferred and Earned Credit Term Limits

All course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree.

#### Transferring Credits to the MDiv Program

Provided the content of the courses is assessed as comparable to the curriculum of the Andrews University Master of Divinity program, students intending to transfer credits into the Master of Divinity Program should be aware of the following policies:

- Transfer requests must be made by the student within the first two semesters of the student's MDiv studies.
- Transfer credits are granted only for courses in which the grade is B or higher.
- For each course being requested in transfer, a course syllabus must be obtained and presented to the MDiv Program office, preferably in electronic format, and in English.
- An official transcript from the school being transferred from must have been sent to Andrews University, and be in the student's record.
- A student may transfer a maximum of 39 credits (graduate level) from an uncompleted graduate-level program.
- Up to 24 credits (graduate level) may be transferred to the Master of Divinity program from a completed master's-level degree.
- At least 39 credits must be taken in residence.

#### MDiv Core Course Replacement Policy

MDiv core courses provide graduate level understanding considered by the seminary and the church to be essential for the pastor. Occasionally, an MDiv student may have already taken as part of their undergraduate degree, in addition to the required prerequisites for the MDiv program, an advanced college course in which they mastered the learning outcomes for the course at a graduate level. In such cases, a proposal to take an alternate course within the same discipline (department), at an equivalent or higher level, may be considered. To request the validation of a course, the student must submit to the MDiv office, within their first semester, a **portfolio** containing the following items:

- The **Seminary Prior Learning Validation Form**, initiated and signed by the student.
- The **course syllabus** from the advanced-level undergraduate course evidencing that all the Course Learning Outcomes (CLOs) of the MDiv core course have been taught appropriately at a level of rigor equivalent to the MDiv graduate course;
- A **transcript** demonstrating that the student earned a B grade or higher in the undergraduate advanced-level course;
- An essay, normally to be followed by an interview by the department chair/faculty member responsible for the course, describing how each of the CLOs were taught, learned, and subsequently put into use at a graduate level of learning.

#### MAPM to MDiv Completion

For the transfer of credits between the MAPM and the MDiv programs at Andrews University, the following stipulations will be in place:

- MAPM students will be allowed to transfer qualified courses of up to two-thirds of the MDiv's total amount of credits.
- Students requesting admission to the MDiv program must submit a complete graduate application including standard requirements such as statement of purpose, minimum GPA and recommendations.
- Courses with a passing grade of C- or higher will be accepted to transfer between the programs.

#### MDiv Spanish Language Cohort

The MDiv Spanish Language Cohort will serve Hispanic pastors who already have an MAPM and would like to complete an MDiv degree. Intensive courses will be offered in Spanish at the Florida Conference site in the Fall and Spring semesters and on the main campus during the final summer for each cohort. This will allow those who have the MAPM to advance to the MDiv and later on to Doctoral studies if so desired.

#### Andrews University MDiv & BA Theology Accelerated Program Collaboration

Students in the BA Theology degree at Andrews University are encouraged to enter the MDiv program following the completion of their undergraduate studies. A collaboration has been established that shares a total of 15 credits that will be counted toward both degrees and may reduce the student's time in the MDiv by approximately one semester. Six credits will be completed at the Seminary level and 9 credits at the undergraduate level.

UNDERGRADUATE THEOLOGY COURSE	SEMINARY COURSE	TAKEN AT
REL 350 Evangelism (3)	PATH 562 Field Evangelism (3)	Undergraduate
REL 480 Practicum Capstone (1)	PATH 560 Advanced Min Development (2)	Undergraduate
REL 301 Marriage & Family (3)	DSLE 503 Marriage, Family and Interpersonal Relationships (2)	Undergraduate
RELT 315 Christian Discipleship (3)	DSLE 541 Found of Biblical Spirituality (3)	Seminary
REL Elective: REL 335 Foundations of Youth Ministry (3)	DSLE 534 Ministry to Youth & Young Adults (2)	Seminary
RELB 335 Acts and the Epistles (3)	MDiv Elective (3)	Undergraduate
TOTAL CREDITS: 15		

#### Summer Course Load

The 12-week summer semester is divided into three 4-week sessions. The total amount of coursework during the summer session may not exceed 12 credits. Students taking a biblical language during a summer session may not take other courses during that session.

#### Workshop Credit Limit and Grading Pattern

Master of Divinity students may apply up to 4 workshop credits appropriate to degree requirements. If workshops are taken during the semester breaks, the credits are counted as part of the class load for either the previous or the following semester.

Workshops are graded S/U. Any deviation from this pattern must be approved by the dean prior to the conclusion of the workshop. Students must register at the Academic Records Office for all workshops for which academic credit is desired.

#### Independent Study Restrictions

Students in the MDiv program are allowed to register for Independent Study only for a compelling reason such as a schedule conflict or the need to take a subject that is not offered in any given semester (for a maximum of 8 credits during their MDiv program). Independent study is only available to students on the main campus. Normally, Independent Study cannot be used to meet a core requirement. Students must first seek approval from the MDiv office before arranging with a teacher to do Independent Study.

#### Fees

For a detailed list of charges, please click here.

MDiv students taking a graduate course in the College of Arts & Sciences in fulfillment of an elective course requirement may request a 50% tuition reduction (up to 9 credits cumulative), provided the class is not full and there are a sufficient number of students paying full tuition to warrant the teaching of the course. Directed study, laboratory courses, and study tours are not eligible for reduced tuition. Neither is this discount available for dual enrollment students who have been accepted in a graduate degree program in the College of Arts & Sciences. (Application form is available in the MDiv office.)

## Graduation

The Seminary follows the University graduation procedures and requirements for the conferral of degrees. A dedication ceremony for graduating seminary students is held on the afternoon prior to graduation or as announced.

## Admission Requirements

All MDiv applicants must meet the Graduate Programs Admission Requirements applicable to all graduate students and the general seminary requirements.

- Hold a baccalaureate degree: A four-year degree from an accredited United States institution, or its equivalent from an institution outside the U.S.
- Minimum of 2.5 Undergraduate GPA.

- Normally hold membership in the Seventh-day Adventist Church given that the MDiv program is specifically designed for Adventist ministers and is sponsored and financed by the Adventist church.
- Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church and show promise of usefulness for Adventist ministry through personal maturity and adequate experience in the Church. Maintain a modest pastoral social media presence - one that projects a professional demeanor and Christian values. Click here to see the Seminary Code of Conduct.
- Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.
- Submit an autobiographical history and a 350+ word statement of purpose reflecting the applicant's family and spiritual development, sense of calling to ministry, experience in church work, years as a baptized Adventist member, if ordained or commissioned as a pastor, including date, and future goals in relation to the MDiv program.
- If married, the spouse of the applicant is also asked to complete a statement in regard to his or her feelings and relationship to the partner's aspirations for future ministry.
- Criminal Background Check. Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.

Andrews University has selected the same company used by the North American Division - Sterling Volunteers (SV) - to administer your background check. There is a standard fee charged by Sterling Volunteers for this service. Please click here to complete this step. (If you have previously completed a background check with Sterling Volunteers please e-mail your status report to SemTest@andrews.edu.)

With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and stored in a completely secure environment. If you have any questions or concerns about Sterling Volunteers' security measures or payments, feel free to contact them at TheAdvocates@sterlingvolunteers.com or 855-326-1860, Option 1.

- An interview with a representative of the MDiv program may be required, either by personal contact, telephone, or video.
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."
- Recommendations:
  - Pastor or Church board from the church where the applicant is a member.
  - Conference administrator, chair or primary professor of undergraduate department, or church elder.
  - General Recommendation from: College teacher or advisor, recent employer, or other non-family members.
  - Given that applying and obtaining pertinent documents for admission can be a long process, the student must start the application process at least 4-6 months before the desired starting semester. See University deadlines for individual semesters here.

#### Policy for Applicants to the MDiv Program who hold degrees from Unaccredited Schools or Lack Baccalaureate Degrees

**Purpose of this policy/protocol:** To streamline the admission process and to create standardized admission requirements for students that hold degrees from unaccredited schools or lack baccalaureate degrees. As per 2020 ATS guidelines, and as part of the SDATS application process, the following procedure will be followed:

#### Unaccredited Schools

Applicants who hold degrees from unaccredited schools will submit the following:

- A 12 to 15-page research paper on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills.
- A resume documenting ministry/pastoral leadership and work experience.
- A statement of purpose including their call to pastoral ministry showing authentic biblical spirituality.
- 3 recommendations
- Official transcripts showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.

- A petition letter from a church administrator (usually conference president or ministerial director) requesting/endorsing the applicant's admission to the program.
- Interview: Applicants will be interviewed by the program director or one of the Deans. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, distinctive doctrines and theology.

#### Lack of Baccalaureate Degree

For applicants who lack baccalaureate degrees, in addition to all requirements above, they must also:

- Submit official transcripts showing the completion of a minimum of 60 undergraduate (semester) credits or an associate degree with a minimum 2.5 GPA.
- Take all necessary MDiv prerequisites
- Be at least 35 years of age.

Students requesting admission under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

## Placement Examinations

#### Biblical Hebrew and Biblical Greek Prerequisites

Hebrew and Greek are required at the Intermediate proficiency level. Language Proficiency must be demonstrated within the first two years in seminary. Undergraduate credits alone do not demonstrate current proficiency in a language.

#### Option 1: Language Courses

- Students may demonstrate proficiency in Biblical Hebrew by passing Hebrew I (OTST 551) and earning a grade of at least C+ in Hebrew II (OTST 552).
- Students may demonstrate proficiency in Greek by passing Beginning Greek with a C- or higher *OR* score 45% or higher on the Greek Placement Exam and earning a grade of at least C in intermediate Greek (NTST 552) *OR* score 60% or higher on the Greek Placement Exam.

#### Option 2: Placement Exam

Students also have the option of demonstrating proficiency in a biblical language by passing the corresponding placement exam. Placement exams may be taken only once for each language. Any student who wishes to take a placement exam must take at least one of them in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken by September of their second year in seminary. Placement exams must be taken at the regular May or August dates set by the seminary.

Preparation materials designed to help students prepare for the placement examinations are available from the Old Testament (otst@andrews.edu) and New Testament (ntst@andrews.edu) departments.

Based on the score achieved on the exam, the student will be assigned to do one of the following as soon as possible: (1) Take both the beginning and intermediate language courses, (2) take the Intermediate language course, or (3) enroll in exegesis and theology courses without further language study necessary.

Students who do not pass the exam and do not obtain the required grade in the course must retake the course without delay until the required grade is achieved.

## International Student Information

#### English Language Requirements

All students whose first language is not English must demonstrate adequate proficiency in English to succeed in the academic setting. Language proficiency requirements must be met before enrolling full-time in regular coursework.

Following are the English proficiency tests approved by the University and the required passing scores:

- TOEFL Paper-based - 565
- TOEFL Internet-based - 85
- Duolingo - 110
- IELTS - 6.5
- PTE - 58

### Advanced Standing

In accordance with ATS Standard 3.13, the Seminary may approve incoming MDiv students from outside North America to receive advanced standing. Advanced standing is credit given for advanced/upper-division courses taken at the undergraduate level. In order to qualify for advanced standing, students must:

- Hold a 4-year Bachelor of Theology (BTh) degree or its equivalent from an accredited institution.
- Have graduated from an AAA-accredited institution outside of North America.

### Criteria for Validation of Courses

Up to 18 credits of advanced standing may be granted. Each course to be considered for application toward advanced standing must:

- Have been taken **within 10 years** of the projected graduation date;
- Be an **upper-division/advanced-level** course that:
  - Contributes to the MDiv program learning outcomes;
  - Have an earned grade equivalent of **"B" or higher**.

**Curricular Practical Training (CPT)** - required for students on an F-1 visa taking off-campus practicums.

To qualify for CPT, the following requirements must be met:

- The specified training must have a clear start and end date.
- The F-1 student must have been enrolled for a full academic year before starting CPT (an exception is given for graduate programs requiring training in the first year of study).
- The F-1 student must be registered for a full course of study during CPT (if the CPT is in Fall or Spring semester) and the specified training should be reflected in the course load.

### Clinical Pastoral Education (CPE)

- A Clinical Pastoral Education (CPE) unit taken during a student's MDiv studies will count as full-time study, as it requires 400 practicum and instructor contact hours. The MDiv Chaplaincy and Urban Ministry Concentrations require a CPE unit to be registered for 3 credits, and those 3 credits registered in PATH557 Clinical Pastoral Education (Clinical) or PATH554 Clinical Pastoral Education (Urban) will satisfy as full-time study.

## Student Learning Outcomes

A graduate from this program:

- Models spiritual humility, maturity and integrity grounded in a living experience with God in joyful assurance of His salvation, nurtured by the sanctifying presence and power of the Holy Spirit. (Character)
- Manifests the practices of a Biblical scholar-theologian engaging the Bible, Christian/Adventist heritage and professional resources with theological maturity for personal growth and for facilitating the theological competence of others. (Scholarship)
- Demonstrates personal commitment, passion and essential skills for discipleship and evangelism, while equipping members to carry out ministry within the scope of the local and global mission of the Seventh-day Adventist church. (Discipleship & Evangelism)
- Exercises creative and visionary leadership as a minister and servant of Christ, discerning the needs, spiritual gifts and potential of others, in order to equip and engage in their God-given ministries. (Leadership)
- Facilitates enriching corporate worship that brings diverse peoples into the transforming presence of God. (Worship)
- Engages the abilities of self and others to strategically steward personal and corporate resources including time, health, finances, property and service in areas of spiritual giftedness. (Administration/Management)
- Models effective relationships with people of diverse cultures, backgrounds, character, and persuasions, reflecting the wisdom, compassion, and discernment of Jesus through the work of the Spirit. (Relationships)

## Public Health, Nutrition and Wellness Concentration MPH

The mission of the Master of Public Health (MPH) Program is to prepare highly competent public health professionals to prevent disease and restore health in local, national and global communities. This mission is accomplished through excellence in graduate teaching, and through public health research to develop or implement evidence-based lifestyle solutions to improve health while addressing public health problems from a wholistic perspective. We offer a distinctive program with a concentration in Nutrition & Wellness providing a unique emphasis in vegetarian nutrition. See the School of Population Health, Nutrition & Wellness Website for the statement of value and goals of the program.

**Delivery:** This program is offered in an interactive online asynchronous format (see Global Campus definitions) and face-to-face format. The interactive online degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

### MPH Dual Degree Option:

The MPH is also available with the following dual degree option:

- Public Health, Nutrition and Wellness Concentration/Divinity Dual Degree MPH/MDiv
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

### Total Credits - 43

#### Public Health Foundations - 22

PBHL 500 - Introduction to Public Health **Credits: 2**

PBHL 510 - Biostatistics SPSS Lab **Credits: 1**

PBHL 511 - Biostatistics **Credits: 3**

PBHL 521 - Principles of Epidemiology **Credits: 2,3**

PBHL 525 - Principles of Environmental Health **Credits: 3**

PBHL 531 - Principles of Health Behavior **Credits: 3** (MPH/MSW dual degree students, replace this course with SOWK 531 - Human Behavior and the Social Environment I and SOWK 532 - Human Behavior and the Social Environment II)

3 credits of PBHL 535 - Principles of Health Administration **Credits: 2,3**

2 credits of PBHL 575 - Integrated Learning Experience **Credits: 1,2**

PBHL 580 - Applied Practice Experience **Credits: 2**

#### Electives - 2

Choose one of the following courses (**Note:** MPH/MSW dual degree students replace this choice with SOWK 630 - Policy for Social Change):

FDNT 553 - Phytotherapy and Pharmacology of Herbs and Spices **Credits: 2**

2 credits of PBHL 543 - Introduction to Geographic Information Systems (GIS) **Credits: 1,2**

#### Spiritual - 2

PBHL 646 - Integration of Spirituality in Health Care **Credits: 2**

#### Concentration

Complete the following concentration:

#### Nutrition & Wellness Concentration - 17

FDNT 520 - Vegetarian Nutrition and Disease Prevention **Credits: 3**

FDNT 560 - Health Research Methods **Credits: 3**

FDNT 565 - Current Issues in Nutrition and Wellness **Credits: 3**

FDNT 680 - Research Seminar **Credits: 1**

FTES 510 - Fitness and Health Promotion **Credits: 2**

PBHL 540 - Grant Writing **Credits: 2**

3 credits of PBHL 545 - Program Planning and Evaluation **Credits: 2,3**

(MPH/MSW dual degree students replace this course with SOWK 660 - Advanced Practice Evaluation)

#### Additional Requirements

Student is required to demonstrate ability to integrate specific areas of Administration, Epidemiology, Statistics, Environmental Health, Health Behavior, Program Planning and Evaluation, and Nutrition during culminating activities.

Culminating activities include Applied Practice Experience, professional portfolio, and an exit survey at the conclusion of program.

## Certification

The curriculum for the MPH is designed to help prepare students to take the Certified Health Education Specialist Exam (CHES) administered by the National Commission for Health Education Credentialing (NCHEC).

Students will be expected to meet the Seven Areas of Responsibility of a Health Education Specialist.

- Assessing individual and community needs for health education.
- Planning effective health education programs.
- Implementing health education programs.
- Evaluating effectiveness of health education programs.
- Coordinating provision for health education services.

## Admission Requirements

To be eligible for admission to the MPH program, you must have completed a bachelor's degree or equivalent with a grade point average (GPA) of 3.0 or better (on a 4.0 scale). A limited number of students whose background and experience show potential for success but whose GPAs are less than 3.0 may be admitted on a provisional basis. A candidate who has a bachelor's degree but without the prerequisites below may also be admitted on a provisional basis.

For details on applying to the program and admission requirements, go to the School of Graduate Studies website.

## Prerequisites

The candidate is required to have completed the courses listed below at the undergraduate level:

- Biology, Physiology, or Anatomy and Physiology
- Two courses in nutrition:
  - One introductory nutrition course similar to FDNT 230 - Nutrition or equivalent
  - One intermediate level nutrition course similar to FDNT 310 - Nutrition in the Life Cycle or equivalent

# Divinity/Social Work Dual Degree MDiv/MSW

Andrews University has formed a collaboration between the Seventh-day Adventist Theological Seminary and the Department of Social Work in the College of Arts & Sciences to prepare students for service in occupations where social work and the pastoral mission of the church intersect.

The objectives of this program are to prepare students for various forms of ministry in which clinical and administrative skills in social work and theology are needed; to enable students to integrate both theological and social work knowledge, values and skills into a multifaceted approach to Christian service, thereby enhancing their usefulness as instruments of the Holy Spirit; and to sensitize students to nontraditional ministry opportunities by exposing them to theories and practice skills related to counseling approaches, person-in-environment, social and economic justice, human rights and global perspectives from a Christian worldview. The program is designed to give students an integrated approach to both theology and social work. Students can choose either a dual degree or an emphasis in either Social Work or Christian Ministry.

Since both the MSW and MDiv programs share certain cognate courses to achieve a more streamlined and efficient program, both degrees must be conferred simultaneously in order to fulfill the requirements of either degree. In the event that one degree was completed prior to enrollment for the dual degree program, the cognate requirements for the other degree will be adjusted as shown below. A dual student cannot march in graduation or march-without-completion if both halves of the dual degree are not completed.

## Total Credits - 111

**MDiv:** Graduation requirements consist of the satisfactory completion of 111 semester credits with an overall grade point average of 2.75 or better. 65 credits are MDiv credits, and 46 credits are social work credits.

11.5 credits of MSW core courses replace 9 credits of equivalent MDiv core courses. In addition the 6 credits of electives for each program are merged.

SOWK 501 Foundations of Practice I (4 credits) replaces DSLE 503 Marriage, Family, and Interpersonal Relationships (2 credits)

SOWK 510 /535 Generalist Field Experience/Seminar 2.5 credits replaces PATH 560 Advanced Ministerial Development (2 credits)

SOWK 601 Advanced Practice I (3 credits) replaces PATH 555 Pastoral Counseling (2 credits)

SOWK 515 Christian Perspectives on Professional Ethics (2 credits) replaces THST 643 Christian Professional Ethics (3 credits)

**MSW:** MDiv students are required to complete 46 core credit hours of the two-year regular MSW program. Due to the strict requirements of the Council on Social Work Education's accrediting mandates, these core courses must all be taught or co-taught within the department by faculty holding an MSW degree. However, these courses could be co-taught with faculty from the seminary. Occasionally, a student who has already earned a BSW from an accredited program may apply to this program. In this case, the student would be placed in the Advanced Standing program, and take either 33 credits (Advanced Standing) or 39 credits (Advanced Standing Plus). Students with an undergraduate GPA of 3.0 or higher are eligible to complete the Advanced Standing Program while those with a lower GPA must complete the Advanced Standing Plus requirements.

## Program Information

Information for the two programs (Divinity MDiv and Social Work MSW) follows:

## Divinity MDiv

E-mail: [mdiv@andrews.edu](mailto:mdiv@andrews.edu)

The Master of Divinity (MDiv) is a 78-credit professional program strongly recommended as the graduate training for Adventist ministry by the General Conference of Seventh-day Adventists and the North American Division. It requires two and a half years of full-time study (including summers) for full-time students. Additional semesters may be required for students lacking prerequisites (including biblical languages), or for those who take less than 14 credits in the Fall and Spring semesters, and 12 during the summer.

### Concentration Options

Students may - if desired - select one of the MDiv concentrations:

- Chaplaincy
- Marriage and Family Life Ministry
- Urban Ministry
- Youth and Young Adult Ministry

### MDiv Dual Degree Options

The MDiv may also be taken in conjunction with one of the following dual degree options:

- Divinity/Community and International Development Dual Degree MDiv/MSCID
- Divinity/Healthcare Administration Dual Degree MDiv/MHA
- Divinity/Public Health Dual Degree MDiv/MPH
- Divinity/Social Work Dual Degree MDiv/MSW

### Mission

In harmony with the mission and core values of the Seventh-day Adventist Theological Seminary, the Master of Divinity degree equips called, committed men and women with practical biblical, theological, and ministerial knowledge and skills to prepare them for Christlike service as leaders and equippers.

### Vision

We envision the Master of Divinity community as a relationally healthy and diverse family focused on developing balanced and spiritually mature ministry leaders who are committed to equipping people in accomplishing God's mission and the prophetic calling of the Seventh-day Adventist Church.

## Prerequisites

Students who enter the Master of Divinity program who have not previously taken a Religion or Theology degree at the undergraduate level must fulfill the following prerequisites, all of which may be taken either at the Seventh-day Adventist Theological Seminary or at the undergraduate level. Each student's transcript will be evaluated to ensure the completion of all required prerequisite courses.

Current Greek and Biblical Hebrew language intermediate level proficiency must be demonstrated by passing placement exams or by passing both the beginning and intermediate level classes of each language at the Seminary.

At least 3 credits of combined Christian Church History taken at the undergraduate level will satisfy this prerequisite. Otherwise, students will take CHIS 506 and CHIS 507 as needed.

2 credits of CHIS 506 - Church History to 1500 **Credits:** 2,3

2 credits of CHIS 507 - Church History 1500 to Present **Credits:** 2,3

At least 3 credits of combined Adventist history and Life & Writings of Ellen G. White.

1.5 credits of CHIS 570 - History of the Seventh-day Adventist Church **Credits:** 1.5,2

1.5 credits of CHIS 571 - The Life and Writings of Ellen G. White **Credits:** 1.5,2

NTST 520 - Introduction to the New Testament **Credits:** 2

NTST 530 - Introduction to Revelation **Credits:** 2

OR

NTST 539 - Studies in Revelation **Credits:** 2,3

The Revelation requirement is a prerequisite and may be met in the following ways:

If the student has taken an undergraduate Revelation course in the last 10 years at an institution whose syllabus has been approved by the Seminary, then they will not be required to meet the Revelation requirement in the Seminary. Students may submit a syllabus for evaluation if their undergraduate school is not on the list of approved schools. If approved, their school will be added to the list, and their requirement will be waived.

Students who **have not taken** an undergraduate Revelation course, or whose **undergraduate courses do not qualify**, must take one of the following courses:

NTST530 Intro to Revelation

NTST539 Studies in Revelation (online)

If a student's undergraduate course is more than 10 years old or if their undergraduate syllabus is denied by the NTST department, they may take **NTST 648 Revelation** to fulfill their Revelation prerequisite. By so doing, they fulfill the Revelation prerequisite as well as the core New Testament exegesis requirement.

2 credits of NTST 551 - Beginning Greek **Credits:** 0,2 (Passed at C- or higher or score 45% or higher on the Greek Placement Exam - May, August)

3 credits of NTST 552 - Intermediate Greek **Credits:** 0,3 (Passed at C or higher or score 60% or higher on the Greek Placement Exam - May, August)

**NOTE:** Any student who wishes to take a biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

2 credits of OTST 500 - Survey of the Old Testament **Credits:** 2,3

3 credits of OTST 551 - Biblical Hebrew I **Credits:** 0,3 (Passed at a minimum of C+ or score 75% or higher on the Beginner Hebrew Placement Exam - May, August)

2 credits of OTST 552 - Biblical Hebrew II **Credits:** 0,2,3 (Passed at a minimum of C+ or score 75% or higher on the Intermediate Hebrew Placement Exam - May, August)

**NOTE:** Any student who wishes to take a Biblical language placement exam must take at least one of the exams in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken before the start of their second year in seminary.

2 credits of OTST 565 - Survey of the Pentateuch **Credits:** 2,3

2 credits of PATH 505 - Biblical Preaching **Credits:** 2

2 credits of PATH 536 - Personal Evangelistic Ministry **Credits:** 2,3

2 credits of PATH 552 - Foundations of Pastoral Ministry **Credits:** 2

**NOTE:** Students who have passed a basic course in pastoral ministry from an accredited Seventh-day Adventist undergraduate institution, or who have been Conference-employed as pastors for two years or more will be exempted from PATH 552, provided their hiring/sponsoring organization can provide proof of at least two years of pastoral employment via their service record. Exemptions to this rule will be granted on a case by case basis as determined by the Practical and Applied Theology (PATH) Department Chairperson.

3 credits of THST 521 - Christian Theology I **Credits:** 2,3

3 credits of THST 522 - Christian Theology II **Credits:** 2,3

## Total Credits - 78

### Interdisciplinary - 5

GSEM 505 - Colloquium: \_\_\_\_\_ **Credits:** 0

**Brief (4.5 hour) colloquia on a variety of ministry topics will be offered each semester for MDiv students.**

Full-time (9 credits or more) students must attend at least one colloquia session per Fall/Spring semester that they are in the MDiv program.

2 credits of GSEM 530 - Doctrine of the Sanctuary **Credits:** 2,3

3 credits of GSEM 628 - Great Controversy, Covenant, Law, and Sabbath **Credits:** 2,3

### Church History - 7

2 credits of CHIS 624 - Issues in Ellen G. White Studies **Credits:** 2,3

3 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3

### Choose one of the following courses (CHIS list) for 2 credits:

CHIS 600 - The Early Church to A.D. 604 **Credits:** 2,3

CHIS 609 - The Church in the Middle Ages **Credits:** 2,3

CHIS 620 - Seminar in Christian Biography **Credits:** 2,3

CHIS 625 - Seminar in Church-State Thought **Credits:** 2,3

CHIS 629 - History of Christian Spirituality **Credits:** 2,3

CHIS 630 - History of Jewish Experience **Credits:** 2,3

CHIS 634 - Reformation Theology **Credits:** 2,3

CHIS 635 - History of the African American Churches **Credits:** 2,3

CHIS 640 - Reformation: \_\_\_\_\_ **Credits:** 2,3

CHIS 650 - English Reformation and Rise of Puritanism **Credits:** 2,3

CHIS 654 - Seminar in English Reformation and Puritan Theology **Credits:** 3

CHIS 655 - Wesley and Methodism **Credits:** 2,3

CHIS 657 - Seminar in Reformation Theology **Credits:** 3

CHIS 659 - Seminar in the History of Selected Christian Doctrines **Credits:** 3

CHIS 660 - History of Religion in America **Credits:** 2,3

CHIS 664 - History of American Religious Thought **Credits:** 2,3

CHIS 665 - Modern Church History **Credits:** 2,3

CHIS 668 - History of Religious Liberty **Credits:** 2,3

CHIS 670 - Seminar in History of the Seventh-day Adventist Church **Credits:** 2,3

CHIS 673 - Development of Seventh-day Adventist Lifestyle **Credits:** 2,3

CHIS 675 - Seminar in the Development of Seventh-day Adventist Lifestyle **Credits:** 2,3

CHIS 680 - History of Sabbath and Sunday **Credits:** 2,3

CHIS 682 - Seminar in Church History **Credits:** 3

CHIS 683 - The Pastor, Church and Civil Law **Credits:** 2, 3

CHIS 684 - Seminar in History of Sabbath and Sunday **Credits:** 3

CHIS 685 - Studies in Church History **Credits:** 2,3

CHIS 686 - Development of Prophetic Interpretation **Credits:** 2,3

CHIS 687 - Seminar in Development of Prophetic Interpretation **Credits:** 2,3

CHIS 688 - Contemporary Trends **Credits:** 2,3

CHIS 689 - History of Worship and Liturgy **Credits:** 2, 3

CHIS 690 - Independent Study **Credits:** 1-3

### Discipleship and Lifespan Education - 9

3 credits of DSLE 541 - Foundations of Biblical Spirituality **Credits:** 2,3 (Must be taken first semester in Program.) (MDiv/MHA Dual Degree students: this course replaces HCAD 646 Integration of Spirituality in Health Care)

2 credits of DSLE 503 - Marriage, Family, and Interpersonal Relationships **Credits:** 2,3 (MDiv/MSW Dual Degree students must replace this course with SOWK 501)

2 credits of DSLE 534 - Ministry to Youth and Young Adults **Credits:** 2,3

2 credits of DSLE 615 - Collaborative Ministry: School, Church, Community **Credits:** 2,3

### New Testament - 8

**Choose one of the following New Testament Exegesis courses for 3 credits (NTST List A) - Intermediate Greek proficiency required:**

NTST 645 - Hebrews **Credits:** 2,3

NTST 646 - Topics in New Testament Exegesis **Credits:** 2,3

NTST 648 - Revelation **Credits:** 2,3

NTST 653 - Advanced Studies in the General Epistles **Credits:** 2,3

NTST 655 - Advanced Studies in the Gospels **Credits:** 2,3

NTST 658 - Advanced Studies in the Pauline Writings **Credits:** 2,3

NTST 678 - Seminar in Greek Exegesis **Credits:** 2,3

Choose one of the following New Testament Theology courses for 3 credits (NTST List B) - Intermediate Greek proficiency required:

- NTST 613 - Love, Marriage and Divorce Credits: 2,3
- NTST 614 - Suffering, Death and Resurrection Credits: 2,3
- NTST 616 - Theology of Luke-Acts Credits: 2,3
- NTST 623 - New Testament Theology of Prayer Credits: 2,3
- NTST 627 - New Testament Theology of Salvation Credits: 2,3
- NTST 628 - The Holy Spirit in the New Testament Credits: 2,3
- NTST 629 - New Testament Ecclesiology Credits: 2,3
- NTST 630 - Theology of the Synoptic Gospels Credits: 2,3
- NTST 633 - Social Issues in the New Testament Credits: 2,3
- NTST 634 - Theology of the Pauline Epistles Credits: 2,3
- NTST 641 - Theology of the Johannine Writings Credits: 2,3
- NTST 647 - Eschatology Credits: 2,3
- NTST 667 - Topics in New Testament Theology Credits: 2,3
- NTST 668 - New Testament Ethics Credits: 2,3
- NTST 676 - Jesus in Recent Scholarship Credits: 2,3
- NTST 679 - Seminar in New Testament Theology and Ethics Credits: 2,3

Choose one of the following New Testament Background courses for 2 credits (NTST List C) - Intermediate Greek proficiency required:

- NTST 515 - New Testament Backgrounds Credits: 2,3
- NTST 606 - New Testament Textual Criticism and Canon Formation Credits: 2,3
- NTST 615 - New Testament Archaeology Credits: 2,3
- NTST 626 - Seminar in Classical Jewish Literature Credits: 2,3
- NTST 635 - Intertestamental Literature Credits: 2,3
- NTST 636 - Jerusalem in the Time of Jesus Credits: 2,3
- NTST 654 - Second Century Christianity Credits: 2,3
- NTST 680 - Greco-Roman World Credits: 2,3
- NTST 684 - Judaism and the New Testament Credits: 2,3
- NTST 689 - Seminar in New Testament Backgrounds Credits: 2,3
- NTST 695 - Topics in New Testament Backgrounds Credits: 2,3

#### Old Testament - 8

2 credits of OTST 674 - Daniel Credits: 2,3

Choose one of the following Old Testament Exegesis courses for 2 credits (OTST List A) - Intermediate Hebrew proficiency required:

- OTST 625 - Biblical Hebrew III Credits: 3 (MDiv students must make arrangements with the professor if they wish to use OTST625 as an OT Exegesis course. An exegetical paper will be required. This course is offered strictly as 3 credits.)
- OTST 628 - Methods of OT Exegesis Credits: 2,3
- OTST 639 - Studies in Old Testament Exegesis Credits: 2,3
- OTST 664 - Pentateuch Credits: 2,3
- OTST 666 - Historical Books Credits: 2,3
- OTST 668 - Psalms/Wisdom Literature Credits: 2,3
- OTST 675 - Minor Prophets Credits: 2,3
- OTST 680 - Seminar in Old Testament Exegesis Credits: 2,3
- OTST 686 - Major Prophets Credits: 2,3

Choose one of the following Old Testament Theology courses for 2 credits (OTST List B) - Intermediate Hebrew proficiency required:

- OTST 619 - Theology of the Old Testament Credits: 2,3
- OTST 620 - Seminar in Old Testament Theology Credits: 2,3
- OTST 627 - Jewish Life and Thought Credits: 2,3
- OTST 685 - Principles of Hermeneutics Credits: 2,3

Choose one of the following archaeology courses:

2 credits of OTST 510 - Archaeology and the Bible Credits: 2,3  
or

Students who have taken an undergraduate course in biblical archaeology may replace OTST 510 with a 2-credit advanced archaeology course from the following list (OTST List C):

- ANEA 615 - Seminar in Archaeology and History of Antiquity Credits: 2,3
- NTST 615 - New Testament Archaeology Credits: 2,3
- OTST 604 - History of the Ancient Near East Credits: 2,3
- OTST 635 - History of Israel Credits: 2,3

#### Practical and Applied Theology - 19

- 2 credits of PATH 523 - Worship: Word and Music Credits: 2,3
- PATH 539 - Church Growth and the Equipping Leader Credits: 3
- 2 credits of PATH 543 - Christian Leadership in a Changing World Credits: 2,3 (MDiv/MHA Dual Degree students: this course may fulfill MHA Core Elective)
- 2 credits of PATH 555 - Pastoral Counseling Credits: 2,3 (MDiv/MSW Dual Degree Students must replace this course with SOWK 601)

- PATH 560 - Advanced Ministerial Development Credits: 2 (AMD for Dual Degree Students: If student is in a dual degree, they may substitute this course with the appropriate practicum course in their corresponding dual degree. MDiv/MSW Dual Degree students must take SOWK 510 . MDiv/MSCID students may take AMD or CIDS 680.) (Urban Context required for Urban Ministry Concentration students)
- 3 credits of PATH 562 - Field Evangelism Credits: 3-6 (Urban Context required for Urban Ministry Concentration students)
- PATH 567 - Health & Lifestyle Transformation Credits: 1 (MDiv/MPH Dual Degree students, replace this course with FDNT 520 - Vegetarian Nutrition and Disease Prevention Credits: 3)

Choose one of the following Advanced Preaching courses (PATH list) for 2 credits:

- PATH 600 - Preaching from the New Testament Credits: 2,3
- PATH 601 - Preaching Biblical Prophecies Credits: 2,3
- PATH 603 - Evangelistic Preaching Credits: 2,3
- PATH 607 - Preaching from the Old Testament Credits: 2,3
- PATH 609 - Media Ministry Credits: 2,3
- PATH 627 - Black Preaching Credits: 2,3
- PATH 632 - Contextualized Preaching: \_\_\_\_\_ Credits: 2,3
- PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial required for Urban Ministry Concentration
- PATH 632 Contextualized Preaching: Youth required for Youth and Young Adult Ministry concentration.
- PATH 633 - Preaching the OT/NT for Maximum Impact Credits: 2,3
- PATH 634 - Field Evangelistic Preaching & Practicum Credits: 2,3
- PATH 637 - Seminar in Preaching Credits: 2,3

Choose one of the following NADEI courses (NADEI list) for 2 credits:

- PATH 604 - Mobilizing for Evangelistic Ministry Credits: 2,3
- PATH 606 - Mission-Shaped Church Planting Credits: 2,3
- PATH 656 - Evangelistic Small Groups Credits: 2,3

#### Theology - 13

- 3 credits of THST 611 - Revelation, Inspiration and Hermeneutics Credits: 2,3
- 2 credits of THST 635 - Issues in Origins Credits: 2,3

Choose one of the following Systematic Theology courses for 3 credits (THST List A):

- THST 615 - Doctrine of the Church Credits: 2,3
- THST 616 - Doctrine of God Credits: 2,3
- THST 617 - The Works of God Credits: 2,3
- THST 618 - The Works of Christ Credits: 2,3
- THST 619 - Principles and Methods of Theology Credits: 2,3
- THST 630 - Doctrine of Christ Credits: 2,3
- THST 637 - Biblical Eschatology Credits: 2,3
- THST 639 - Doctrine of the Holy Spirit Credits: 2,3
- THST 640 - Doctrine of Salvation Credits: 2,3
- THST 647 - Human Nature and Destiny Credits: 2,3
- THST 649 - Seminar in Theological Issues: \_\_\_\_\_ Credits: 2,3
- THST 678 - Science and Religion Credits: 2,3

Choose one of the following Historical Theology courses for 2 credits (THST List B):

- THST 623 - Contemporary Adventist Theological Issues Credits: 2,3
- THST 624 - Protestant Theological Heritage Credits: 2,3
- THST 625 - Early Christian Theology Credits: 2,3
- THST 626 - Modern Christian Theology Credits: 2,3
- THST 627 - Roman Catholic Life & Thought Credits: 2,3
- THST 628 - Contemporary Theology Credits: 2,3
- THST 629 - History and Theology of Ecumenism Credits: 2,3
- THST 656 - Seminar in Historical Theology: \_\_\_\_\_ Credits: 2,3
- THST 667 - Postmodernism and the Church Credits: 2,3
- THST 676 - History of Philosophy Credits: 2,3

Choose one of the following Ethics courses:

- 3 credits of THST 605 - Principles of Christian Ethics Credits: 2,3
- or

Students who have taken an undergraduate course in Ethics may replace THST 605 with a 3-credit advanced ethics course from the following list (THST List C):

- THST 622 - Foundations of Philosophical Ethics Credits: 3
- THST 633 - Ethics and the Good Life Credits: 2,3
- THST 634 - Christian Social Ethics Credits: 2,3
- THST 643 - Christian Professional Ethics Credits: 2,3 (MDiv/MSW Dual Degree students must replace this course with SOWK 515)
- THST 644 - Theological Ethics Credits: 2,3

THST 659 - Seminar in Philosophy, Theology, and Ethics: \_\_\_\_\_ Credits: 2,3  
THST 660 - Church and Society Credits: 2,3  
PATH 549 - Philosophy & Ethics of Chaplaincy Credits: 3

### World Mission - 6

MSSN 546 - Mission in Cultural and Religious Context Credits: 3

**Choose one of the following Mission courses for 3 credits (MSSN List):** (NOTE: MSSN 546 is prerequisite to all other Mission courses.)

MSSN 505 - Christian Responses to Human Needs Credits: 2,3  
MSSN 561 - Christian Witness and World Religions Credits: 3  
MSSN 610 - Theology of Mission Credits: 3  
MSSN 615 - Anthropology for Mission and Ministry Credits: 2,3  
MSSN 618 - Mission to the Cities Credits: 3  
MSSN 630 - Cross-Cultural Leadership Development Credits: 2,3  
MSSN 632 - Diversity, Cultural Intelligence, and Leadership Credits: 2,3  
MSSN 635 - Contemporary Issues in Mission Credits: 2,3  
MSSN 660 - Witnessing to People of Another Religion Credits: 2,3  
MSSN 676 - History of Christian Mission Credits: 2,3  
MSSN 685 - Strategies for World Mission Credits: 2,3  
MSSN 695 - Topics \_\_\_\_\_ Credits: 1-6

### General Electives - 3

- Students will take 3 credits of general electives.
- Electives may not be used to satisfy prerequisites and/or deficiencies.
- Up to 3 credits in relevant courses offered by other schools of the university on the graduate level may be included in the general electives, including up to 3 appropriate workshop credits.
- Transfer credit petitions from other schools/colleges within Andrews University or from any other University must be done in consultation with the MDiv Office.

### Thesis Option

Students anticipating academic doctoral studies after the completion of their MDiv program are advised to undertake the thesis option as some academic institutions require a master's-level thesis for entry into doctoral programs.

The thesis counts as 6 general elective credits allowed for the MDiv degree. Students should register for 2 or more thesis credits per term for at least two semesters. Therefore, initial registration for a thesis must be no later than two semesters prior to graduation. Students electing to write an MDiv thesis must apply to the director of the program and must (1) demonstrate superior scholarship over a minimum of two consecutive semesters, normally with a GPA of 3.50 or above; (2) take Research Methods before the thesis is started; and (3) submit a paper of superior quality before permission is granted by the director to begin writing the thesis. The student is guided in thesis preparation by a three-member committee appointed by the director in consultation with the student and department chair in which the subject of the thesis is chosen. The chair of this committee serves as the thesis advisor.

The format of the thesis must conform strictly to the Andrews University Standards for Written Work. Students are strongly urged to consult the dissertation secretary before formatting and printing a thesis.

At least six weeks before graduation, the committee-approved draft of the thesis should be submitted to the dissertation secretary. After appropriate changes have been made, the corrected copy should be submitted at least four weeks before graduation to the dissertation secretary for approval. Copying on non-acid paper should be completed at least two weeks before graduation. Three copies of the thesis, including a 150-word abstract and an approval sheet, must be submitted to the dissertation secretary. The abstract should contain a short statement of the problem examined, a brief exposition of methods and procedures, and a condensed summary of the findings.

Students obtain a Thesis Completion Form from the dissertation secretary. They must take the form to the Academic Records Office no later than noon on Friday, a week preceding graduation. A fee is charged by the university for binding the three copies of the thesis, two of which are deposited in the library and one in the department in which the student earns the degree.

Students who do not adhere strictly to the deadlines noted above will have their graduation postponed. Thesis candidates must pass an oral examination no later than two weeks before graduation. The candidate is expected to demonstrate mastery of the thesis topic.

### Concentrations

**Note:** Dual degree students who choose to complete a concentration will increase their total credits required by 12.

#### Chaplaincy Concentration - 12

Chaplaincy is a highly qualified and dynamic expression of ministry based on the Bible and supported by the Seventh-day Adventist Church. The chaplaincy concentration provides the basic training and preparation for service beyond the church borders in various chaplaincy ministries, such as in healthcare, military, campus, prison, police and fire departments, community, and corporate settings. It also prepares pastors and church leaders to advance in their caregiving and empathic ministry skills for an immediate impact in the church and the surrounding communities.

PATH 507 - Introduction to Chaplaincy Ministry Credits: 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)  
PATH 516 - Death & Grief in Contemporary Society Credits: 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)  
PATH 549 - Philosophy & Ethics of Chaplaincy Credits: 3 (**Prerequisite:** Undergraduate Ethics course or THST 605)  
PATH 643 - Trauma & Advanced Crisis Intervention Credits: 2 (MDiv/MHA Dual Degree students: This course may fulfill MHA Core Elective)  
3 Credits of Clinical Pastoral Education taken in one of the following courses: PATH 554 - Clinical Pastoral Education (CPE) Credits: 3-8  
Students taking CPE at the CPE Seminary Chaplaincy Study Center must register for PATH 554 Clinical Pastoral Education for 3 credits (with the possibility of up to 8 credits). Credits / Units: 3  
OR  
PATH 557 - Practicum in Clinical Pastoral Education (CPE): \_\_\_\_\_  
Credits: 2-8 (MDiv/MHA Dual Degree students: Taking 3 credits of PATH 554 or PATH 557 may reduce required credits and hours for HCAD 670)

If a student wishes to receive CPE credit for units already earned, a per-credit recording fee is charged by the university for PATH 557 Practicum in Clinical Pastoral Education (CPE), or PATH 641 Practicum in Military Chaplaincy. (Application form is available in the PATH office.) If a student wishes to register for their CPE units concurrently with other full semester courses, the registration will be part of their MDiv load, and there will be no recording fee assessed.

Students doing Military Chaplaincy can take PATH 641 Practicum in Military Chaplaincy instead of or in addition to PATH 554 or PATH 557.

PATH 641 - Practicum in Military Chaplaincy Credits: 2-8

#### Marriage and Family Life Ministry Concentration - 12

Healthy, spirit-filled marriages and families are the backbone of Christian life and most clearly reflect the character of Christ in our churches and in the world. When marriages and families are broken, our churches suffer. The Concentration on Marriage and Family Life Ministry is designed to prepare MDiv students to equip their churches to be vibrant and healthy in the way they foster relationships in their individual families as well as in church and the community. Students who take this concentration will be better equipped to educate their congregations in areas of family life. They will also be better prepared to address the family issues that will come to them for counseling. Pastors with these courses will be able to create healthy churches and more positively impact their communities for Christ.

In addition to the core MDiv requirement DSLE 503 - Marriage, Family, and Interpersonal Relationships for 2 credits, students who choose this concentration will take 12 credits in the following courses:

#### Choose one of the following courses:

3 credits of DSLE 635 - Christian Perspectives on Professional Ethics Credits: 2,3  
DSLE 659 - Human Sexuality Credits: 3

#### Choose one of the following courses:

DSLE 655 - Families in Society Credits: 3  
DSLE 658 - Internal Dynamics of Families Credits: 3

#### Choose one of the following courses:

3 credits of DSLE 678 - Spiritual Nurture of Children Credits: 2,3  
DSLE 679 - Parenting Education and Guidance Credits: 3

#### Choose one 3-credit course from the following:

DSLE 610 - Teaching for Discipleship Credits: 2,3  
DSLE 626 - Discipling At-Risk Youth Credits: 2,3  
DSLE 651 - Foundations of Biblical Counseling Credits: 2,3  
DSLE 652 - Personal and Family Finance Credits: 3  
DSLE 657 - Social Policy Credits: 2,3

## Urban Ministry Concentration - 18

The Urban Ministry concentration is designed for students who want to learn how to make a decisive impact in the cities and to be prepared for the specific challenges of mission and ministry in the urban context.

**Online Delivery:** The Urban Ministry concentration is available online with some interactive online courses offered synchronously (via Zoom), and some interactive online courses are offered asynchronously (see Global Campus definitions). Due to grant funding, this online delivery is limited only to select students with special permission.

### MDiv Core Requirements - Contextualized to the Urban Ministry Concentration

It is suggested that the student take the following topics or contexts to fulfill the core requirements in the main body of the MDiv Program.

PATH 560 - Advanced Ministerial Development **Credits:** 2 (Urban Context)

PATH 562 - Field Evangelism **Credits:** 3-6 (with an Urban Context)

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Multi-Ethnic, Multi-Racial in fulfillment of the requirement for an Advanced Preaching Core Elective (PATH list).

PATH 632 - Contextualized Preaching: \_\_\_\_\_ **Credits:** 2,3  
(with an Urban Context)

Take the following MSSN Core elective:

MSSN 618 - Mission to the Cities **Credits:** 3

### Concentration Courses

3 credits of MSSN 625 - Creating Collective Impact and Project Management  
**Credits:** 2,3

3 credits of MSSN 632 - Diversity, Cultural Intelligence, and Leadership **Credits:** 2,3

3 credits of MSSN 644 - Ministry of Reconciliation through Social Innovation  
**Credits:** 2,3

MSSN 667 - Urban Ministry Project **Credits:** 3

One credit of MSSN 655 - ICISF Certification for Crisis Intervention **Credits:** 1

3 credits of PATH 554 - Clinical Pastoral Education (CPE) **Credits:** 3-8 (with an Urban Context)

Choose one of the following:

DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3

DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3

DSLE 669 - Reaching the Secular Mind **Credits:** 2,3

MSSN 645 - Ministry among Immigrants **Credits:** 2,3

MSSN 695 - Topics \_\_\_\_\_ **Credits:** 1-6 (Reaching Post-Moderns)

PATH 553 - The Church and Social Issues **Credits:** 2,3

## Youth and Young Adult Ministry Concentration - 12

A Youth and Young Adult Ministry (YYAM) Concentration is available for students wishing to gain specialized skills and knowledge for service in pastoral and administrative leadership to address the needs of youth and young adults. The MDiv with the YYAM Concentration requires a total of 84 credits.

In addition to the core MDiv requirement DSLE 534 - Ministry to Youth and Young Adults for 2 credits, students who choose this concentration will take 12 credits in the following courses:

Students who choose this concentration should select 2 credits of PATH 632 Contextualized Preaching: Youth in fulfillment of the Christian Ministry requirement for an Advanced Preaching Core Elective (PATH list).

2 credits of DSLE 564 - Discipling Young Adults **Credits:** 2,3

2 credits of DSLE 607 - Intergenerational Ministry **Credits:** 2

2 credits of DSLE 608 - Youth and Young Adults in Contemporary Culture **Credits:** 2,3

2 credits of DSLE 636 - Discipling Youth **Credits:** 2,3

2 credits of DSLE 656 - Counseling Youth and Young Adults **Credits:** 2,3

**Choose at least 2 credits from the following courses:**

DSLE 610 - Teaching for Discipleship **Credits:** 2,3

DSLE 626 - Discipling At-Risk Youth **Credits:** 2,3

DSLE 630 - Fostering Spiritual Growth **Credits:** 2,3

DSLE 651 - Foundations of Biblical Counseling **Credits:** 2,3

DSLE 664 - Advanced Campus Ministry **Credits:** 3 \*

DSLE 669 - Reaching the Secular Mind **Credits:** 2,3

DSLE 678 - Spiritual Nurture of Children **Credits:** 2,3

\*Students wishing to pursue campus chaplaincy should register for DSLE 664 Advanced Campus Ministry as their choice of core elective.

## Additional Requirements

MDiv students must meet the following requirements in addition to those required of all graduate students:

- Complete the MDiv curriculum of at least 78 credits. Students lacking adequate undergraduate preparation will be required to complete additional prerequisite credits. The additional credits required are based on individual academic evaluation.
- MDiv students taking 9 credits or more are required to attend at least 1 colloquium per semester during their stay at Andrews.
- Maintain a GPA of 2.75 or above.
- Meet the qualitative standards of the MDiv program.
- No U (Unsatisfactory) grade or any grade below C- will count towards the MDiv degree.

### Academic Probation

MDiv students whose cumulative GPA falls below 2.75 will be placed on academic probation and will have their course load reduced to no more than 10 semester credits. MDiv students whose cumulative GPA remains below 2.75 for a second consecutive semester will be required to meet with the MDiv program director and will enter into a probation contract, have regular meetings with their academic advisor, and fulfill other requirements as needed. Following that, should their GPA not improve, they may be asked to withdraw from the program.

When an incomplete or Deferred Grade has not been cleared by the end of the following semester, the student's course load must be reduced as follows:

One Incomplete/DGs—no reduction

Two Incompletes/DGs—may register for no more than 10 credits

Three Incompletes/DGs—may register for no more than 9 credits

With more than three I/DGs, the student must cease taking classes until the Incompletes/DGs are cleared.

### Evaluation of Students

Since the MDiv program prepares individuals for professional and pastoral leadership, periodic assessments are made of the students by the faculty in areas other than academic standing. Areas reviewed are students' spiritual growth, lifestyle reflective of the beliefs and practices of the Seventh-day Adventist Church, social/family relations, and developing potential for ministry. As a result of these assessments, students are affirmed in the MDiv program, advised of needed adjustments, or discontinued from the program.

## Readiness for Ministry

The MDiv program is dedicated to preparing every graduate for success in ministry. Godly and effective practice of ministry requires not only intellectual readiness, but also spiritual, physical, emotional, and social maturity. The MDiv Readiness for Ministry process helps seminarians evaluate their ministerial gifting and calling, discover and address strengths and weaknesses, and identify and pursue avenues of ministry appropriate to their giftedness. The program includes small-group mentoring as well as periodic assessments of the seminarian's readiness for ministry, by the faculty, staff, and ministry supervisors.

Areas to be reviewed include spiritual commitment, character, social and relational skills, and general aptitude for ministry. On the basis of these assessments, the seminarian and his/her mentor will, at a minimum, receive feedback in the middle of their first year, and again shortly before graduation. If a significant issue arises that, at the discretion of the Seminary, seriously impairs the seminarian's potential for ministry, appropriate action will be taken. This may include: referring the seminarian to the program director for guidance, remediation, and/or other appropriate action, counsel regarding alternate programs of ministry within the University or elsewhere, or dismissing the seminarian from the MDiv program. As part of the admissions process, every MDiv applicant is required to sign an agreement to participate in this process. This agreement includes permission, which seminarians can withdraw later in the program, to share the final readiness for ministry profile available with prospective employers.

## Maintaining Active Status

**Residency Requirements:** Students must maintain active status by enrolling for at least two semesters within one academic year. When this fails to happen, the student must follow the bulletin in force at the time active status is reestablished.

Following an absence of two years or more, a student's previous admission status will have lapsed and the student will need to reapply to the program.

## Additional Information

### Hybrid Course Delivery Options

MDiv students may take a portion of their degree credits off-campus as advised by the MDiv office. The Hybrid delivery method utilizes various delivery methods to assist students in completing their MDiv degree. These options include:

- Interactive online asynchronous classes offered by the Seminary. (see Global Campus definitions).
- Dual mode (by zoom) synchronous classes.
- One week intensives at seminary extension sites in Unions throughout the United States and Canada (offered by the MA Pastoral Ministry English track). Certain classes in the MAPM program cannot be used by MDiv students. Advising is necessary prior to registration.
- Summer Session intensive courses on the main Andrews University campus
- Full semester, on-campus courses

For financial information regarding hybrid studies, please click here.

Students interested in the Hybrid delivery method must obtain approval and instructions on specific class options, costs and how to sign up for this option from the MDiv program office before beginning off-campus studies.

### Transferred and Earned Credit Term Limits

All course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree.

### Transferring Credits to the MDiv Program

Provided the content of the courses is assessed as comparable to the curriculum of the Andrews University Master of Divinity program, students intending to transfer credits into the Master of Divinity Program should be aware of the following policies:

- Transfer requests must be made by the student within the first two semesters of the student's MDiv studies.
- Transfer credits are granted only for courses in which the grade is B or higher.
- For each course being requested in transfer, a course syllabus must be obtained and presented to the MDiv Program office, preferably in electronic format, and in English.
- An official transcript from the school being transferred from must have been sent to Andrews University, and be in the student's record.
- A student may transfer a maximum of 39 credits (graduate level) from an uncompleted graduate-level program.
- Up to 24 credits (graduate level) may be transferred to the Master of Divinity program from a completed master's-level degree.
- At least 39 credits must be taken in residence.

### MDiv Core Course Replacement Policy

MDiv core courses provide graduate level understanding considered by the seminary and the church to be essential for the pastor. Occasionally, an MDiv student may have already taken as part of their undergraduate degree, in addition to the required prerequisites for the MDiv program, an advanced college course in which they mastered the learning outcomes for the course at a graduate level. In such cases, a proposal to take an alternate course within the same discipline (department), at an equivalent or higher level, may be considered. To request the validation of a course, the student must submit to the MDiv office, within their first semester, a **portfolio** containing the following items:

- The **Seminary Prior Learning Validation Form**, initiated and signed by the student.
- The **course syllabus** from the advanced-level undergraduate course evidencing that all the Course Learning Outcomes (CLOs) of the MDiv core course have been taught appropriately at a level of rigor equivalent to the MDiv graduate course;
- A **transcript** demonstrating that the student earned a B grade or higher in the undergraduate advanced-level course;
- An **essay**, normally to be followed by an interview by the department chair/faculty member responsible for the course, describing how each of the CLOs were taught, learned, and subsequently put into use at a graduate level of learning.

### MAPM to MDiv Completion

For the transfer of credits between the MAPM and the MDiv programs at Andrews University, the following stipulations will be in place:

- MAPM students will be allowed to transfer qualified courses of up to two-thirds of the MDiv's total amount of credits.
- Students requesting admission to the MDiv program must submit a complete graduate application including standard requirements such as statement of purpose, minimum GPA and recommendations.
- Courses with a passing grade of C- or higher will be accepted to transfer between the programs.

### MDiv Spanish Language Cohort

The MDiv Spanish Language Cohort will serve Hispanic pastors who already have an MAPM and would like to complete an MDiv degree. Intensive courses will be offered in Spanish at the Florida Conference site in the Fall and Spring semesters and on the main campus during the final summer for each cohort. This will allow those who have the MAPM to advance to the MDiv and later on to Doctoral studies if so desired.

### Andrews University MDiv & BA Theology Accelerated Program Collaboration

Students in the BA Theology degree at Andrews University are encouraged to enter the MDiv program following the completion of their undergraduate studies.

A collaboration has been established that shares a total of 15 credits that will be counted toward both degrees and may reduce the student's time in the MDiv by approximately one semester. Six credits will be completed at the Seminary level and 9 credits at the undergraduate level.

### UNDERGRADUATE THEOLOGY COURSE

UNDERGRADUATE THEOLOGY COURSE	SEMINARY COURSE	TAKEN AT
RELP 350 Evangelism (3)	PATH 562 Field Evangelism (3)	Undergraduate
RELP 480 Practicum Capstone (1)	PATH 560 Advanced Min Development (2)	Undergraduate
RELP 301 Marriage & Family (3)	DSLE 503 Marriage, Family and Interpersonal Relationships (2)	Undergraduate
RELT 315 Christian Discipleship (3)	DSLE 541 Found of Biblical Spirituality (3)	Seminary
RELP Elective: RELP 335 Foundations of Youth Ministry (3)	DSLE 534 Ministry to Youth & Young Adults (2)	Seminary
RELB 335 Acts and the Epistles (3)	MDiv Elective (3)	Undergraduate
	TOTAL CREDITS: 15	

### Summer Course Load

The 12-week summer semester is divided into three 4-week sessions. The total amount of coursework during the summer session may not exceed 12 credits. Students taking a biblical language during a summer session may not take other courses during that session.

### Workshop Credit Limit and Grading Pattern

Master of Divinity students may apply up to 4 workshop credits appropriate to degree requirements. If workshops are taken during the semester breaks, the credits are counted as part of the class load for either the previous or the following semester.

Workshops are graded S/U. Any deviation from this pattern must be approved by the dean prior to the conclusion of the workshop. Students must register at the Academic Records Office for all workshops for which academic credit is desired.

### Independent Study Restrictions

Students in the MDiv program are allowed to register for Independent Study only for a compelling reason such as a schedule conflict or the need to take a subject that is not offered in any given semester (for a maximum of 8 credits during their MDiv program). Independent study is only available to students on the main campus. Normally, Independent Study cannot be used to meet a core requirement. Students must first seek approval from the MDiv office before arranging with a teacher to do Independent Study.

### Fees

For a detailed list of charges, please click here.

MDiv students taking a graduate course in the College of Arts & Sciences in fulfillment of an elective course requirement may request a 50% tuition reduction (up to 9 credits cumulative), provided the class is not full and there are a sufficient number of students paying full tuition to warrant the teaching of the course. Directed study, laboratory courses, and study tours are not eligible for reduced tuition. Neither is this discount available for dual enrollment students who have

been accepted in a graduate degree program in the College of Arts & Sciences. (Application form is available in the MDiv office.)

## Graduation

The Seminary follows the University graduation procedures and requirements for the conferral of degrees. A dedication ceremony for graduating seminary students is held on the afternoon prior to graduation or as announced.

## Admission Requirements

All MDiv applicants must meet the Graduate Programs Admission Requirements applicable to all graduate students and the general seminary requirements.

- Hold a baccalaureate degree: A four-year degree from an accredited United States institution, or its equivalent from an institution outside the U.S.
- Minimum of 2.5 Undergraduate GPA.
- Normally hold membership in the Seventh-day Adventist Church given that the MDiv program is specifically designed for Adventist ministers and is sponsored and financed by the Adventist church.
- Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church and show promise of usefulness for Adventist ministry through personal maturity and adequate experience in the Church. Maintain a modest pastoral social media presence - one that projects a professional demeanor and Christian values. Click here to see the Seminary Code of Conduct.
- Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.
- Submit an autobiographical history and a 350+ word statement of purpose reflecting the applicant's family and spiritual development, sense of calling to ministry, experience in church work, years as a baptized Adventist member, if ordained or commissioned as a pastor, including date, and future goals in relation to the MDiv program.
- If married, the spouse of the applicant is also asked to complete a statement in regard to his or her feelings and relationship to the partner's aspirations for future ministry.
- Criminal Background Check. Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children.

Andrews University has selected the same company used by the North American Division - Sterling Volunteers (SV) - to administer your background check. There is a standard fee charged by Sterling Volunteers for this service. Please click here to complete this step. (If you have previously completed a background check with Sterling Volunteers please e-mail your status report to SemTest@andrews.edu.)

With Sterling Volunteers, you can rest assured that your information is safe. All data is encrypted and stored in a completely secure environment. If you have any questions or concerns about Sterling Volunteers' security measures or payments, feel free to contact them at TheAdvocates@sterlingvolunteers.com or 855-326-1860, Option 1.

- An interview with a representative of the MDiv program may be required, either by personal contact, telephone, or video.
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."
- Recommendations:
  - Pastor or Church board from the church where the applicant is a member.
  - Conference administrator, chair or primary professor of undergraduate department, or church elder.
  - General Recommendation from: College teacher or advisor, recent employer, or other non-family members.
- Given that applying and obtaining pertinent documents for admission can be a long process, the student must start the application process at least 4-6 months before the desired starting semester. See University deadlines for individual semesters here.

**Policy for Applicants to the MDiv Program who hold degrees from Unaccredited Schools or Lack Baccalaureate Degrees**

**Purpose of this policy/protocol:** To streamline the admission process and to create standardized admission requirements for students that hold degrees from unaccredited schools or lack baccalaureate degrees. As per 2020 ATS guidelines, and as part of the SDATS application process, the following procedure will be followed:

### Unaccredited Schools

Applicants who hold degrees from unaccredited schools will submit the following:

- A 12 to 15-page research paper on a biblical/theological or ministerial topic that demonstrates solid academic-level research and writing skills.
- A resume documenting ministry/pastoral leadership and work experience.
- A statement of purpose including their call to pastoral ministry showing authentic biblical spirituality.
- 3 recommendations
- Official transcripts showing the completion of an undergraduate (baccalaureate) degree with a minimum 2.5 GPA.
- A petition letter from a church administrator (usually conference president or ministerial director) requesting/endorsing the applicant's admission to the program.
- Interview: Applicants will be interviewed by the program director or one of the Deans. The interview will address key elements of the applicant's life, including his or her philosophy of ministry, life experience, goals, distinctive doctrines and theology.

### Lack of Baccalaureate Degree

For applicants who lack baccalaureate degrees, in addition to all requirements above, they must also:

- Submit official transcripts showing the completion of a minimum of 60 undergraduate (semester) credits or an associate degree with a minimum 2.5 GPA.
- Take all necessary MDiv prerequisites
- Be at least 35 years of age.

Students requesting admission under these exceptions must submit a complete graduate application prior to being considered for admission.

Students who meet the above requirements will be processed by the program's office, taking to the Masters Admissions Committee only those cases that fall outside of this policy/protocol.

## Placement Examinations

### Biblical Hebrew and Biblical Greek Prerequisites

Hebrew and Greek are required at the intermediate proficiency level. Language Proficiency must be demonstrated within the first two years in seminary. Undergraduate credits alone do not demonstrate current proficiency in a language.

### Option 1: Language Courses

- Students may demonstrate proficiency in Biblical Hebrew by passing Hebrew I (OTST 551) and earning a grade of at least C+ in Hebrew II (OTST 552).
- Students may demonstrate proficiency in Greek by passing Beginning Greek with a C- or higher OR score 45% or higher on the Greek Placement Exam and earning a grade of at least C in intermediate Greek (NTST 552) OR score 60% or higher on the Greek Placement Exam.

### Option 2: Placement Exam

Students also have the option of demonstrating proficiency in a biblical language by passing the corresponding placement exam. Placement exams may be taken only once for each language. Any student who wishes to take a placement exam must take at least one of them in May or August of the year they enroll in seminary. If the student wishes to take the exam for the second language it must be taken by September of their second year in seminary. Placement exams must be taken at the regular May or August dates set by the seminary.

Preparation materials designed to help students prepare for the placement examinations are available from the Old Testament (otst@andrews.edu) and New Testament (ntst@andrews.edu) departments.

Based on the score achieved on the exam, the student will be assigned to do one of the following as soon as possible: (1) Take both the beginning and intermediate language courses, (2) take the intermediate language course, or (3) enroll in exegesis and theology courses without further language study necessary.

Students who do not pass the exam and do not obtain the required grade in the course must retake the course without delay until the required grade is achieved.

# International Student Information

## English Language Requirements

All students whose first language is not English must demonstrate adequate proficiency in English to succeed in the academic setting. Language proficiency requirements must be met before enrolling full-time in regular coursework.

Following are the English proficiency tests approved by the University and the required passing scores:

- TOEFL Paper-based - 565
- TOEFL Internet-based - 85
- Duolingo - 110
- IELTS - 6.5
- PTE – 58

## Advanced Standing

In accordance with ATS Standard 3.13, the Seminary may approve incoming MDiv students from outside North America to receive advanced standing. Advanced standing is credit given for advanced/upper-division courses taken at the undergraduate level. In order to qualify for advanced standing, students must:

- Hold a 4-year Bachelor of Theology (BTh) degree or its equivalent from an accredited institution.
- Have graduated from an AAA-accredited institution outside of North America.

## Criteria for Validation of Courses

Up to 18 credits of advanced standing may be granted. Each course to be considered for application toward advanced standing must:

- Have been taken **within 10 years** of the projected graduation date;
- Be an **upper-division/advanced-level** course that:
  - Contributes to the MDiv program learning outcomes;
  - Have an earned grade **equivalent of "B" or higher.**

**Curricular Practical Training (CPT)** - required for students on an F-1 visa taking off-campus practicums.

To qualify for CPT, the following requirements must be met:

- The specified training must have a clear start and end date.
- The F-1 student must have been enrolled for a full academic year before starting CPT (an exception is given for graduate programs requiring training in the first year of study).
- The F-1 student must be registered for a full course of study during CPT (if the CPT is in Fall or Spring semester) and the specified training should be reflected in the course load.

## Clinical Pastoral Education (CPE)

- A Clinical Pastoral Education (CPE) unit taken during a student's MDiv studies will count as full-time study, as it requires 400 practicum and instructor contact hours. The MDiv Chaplaincy and Urban Ministry Concentrations require a CPE unit to be registered for 3 credits, and those 3 credits registered in PATH557 Clinical Pastoral Education (Clinical) or PATH554 Clinical Pastoral Education (Urban) will satisfy as full-time study.

# Student Learning Outcomes

A graduate from this program:

- Models spiritual humility, maturity and integrity grounded in a living experience with God in joyful assurance of His salvation, nurtured by the sanctifying presence and power of the Holy Spirit. (Character)
- Manifests the practices of a Biblical scholar-theologian engaging the Bible, Christian/Adventist heritage and professional resources with theological maturity for personal growth and for facilitating the theological competence of others. (Scholarship)
- Demonstrates personal commitment, passion and essential skills for discipleship and evangelism, while equipping members to carry out ministry within the scope of the local and global mission of the Seventh-day Adventist church. (Discipleship & Evangelism)
- Exercises creative and visionary leadership as a minister and servant of Christ, discerning the needs, spiritual gifts and potential of others, in order to equip and engage in their God-given ministries. (Leadership)

- Facilitates enriching corporate worship that brings diverse peoples into the transforming presence of God. (Worship)
- Engages the abilities of self and others to strategically steward personal and corporate resources including time, health, finances, property and service in areas of spiritual giftedness. (Administration/Management)
- Models effective relationships with people of diverse cultures, backgrounds, character, and persuasions, reflecting the wisdom, compassion, and discernment of Jesus through the work of the Spirit. (Relationships)

# Social Work MSW

The Master of Social Work (MSW) degree is a professional degree enabling the graduate to enter practice as an advanced-level practitioner. Graduates are prepared to work in a variety of clinical, administration, and development focus areas. The foundation curriculum for the MSW consists of 9 core competencies that are required for every accredited MSW program: 1) Demonstrate ethical and professional behavior; 2) Engage diversity and difference in practice; 3) Advance human rights and social, economic, and environmental justice; 4) Engage in practice-informed research and research-informed practice; 5) Engage in policy practice; 6) Engage with individuals, families, groups, organizations and communities; 7) Assess and plan with individuals, families, groups, organizations and communities; 8) Intervene with individuals, families, groups, organizations and communities; and 9) Evaluate practice with individuals, families, groups, organizations and communities. In addition, our program has added an additional competency: 10) Demonstrate a Christian social work perspective. The curriculum is designed to teach students the knowledge, values and skills, along with understanding of the cognitive and affective reactions and judgement that accompany these dimensions. Measurement outcomes for these competencies can be found on the first page of the Andrews University School of Social Work website. The Andrews University MSW program is accredited by the Council of Social Work Education through the year 2027.

## Delivery

All tracks of the MSW program are available in the face-to-face format. The Regular Standing and Accelerated Regular Standing tracks are also available in the interactive online synchronous format (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

## Dual Degrees Options

The MSW Dual Degree Programs allow the student to complete two degrees in one additional year, with a tuition reduction of 33% for the MSW credits. To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of elective courses. Specifically, the School of Social Work will reduce the required number of credits by 9-10 credits by allowing students to take their required social work electives in the other graduate program. In addition, approximately 16 credits will be shared between the two programs. The following Dual Degree options are available:

- Business Administration/Social Work Dual Degree MBA/MSW
- Community & International Development/Social Work Dual Degree MSCID/MSW
- Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW
- Divinity/Social Work Dual Degree MDiv/MSW
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

## Curriculum

Core advanced interpersonal practice courses supplemented by optional areas of focus are offered. Students wishing to enroll in core graduate social work courses must be enrolled in the MSW program and/or have the instructor's permission. Students may transfer up to 20% of the credits from one degree into the MSW program. All courses are subject to change based on accreditation needs.

## MSW Social Work Tracks

- Regular Standing (Two Year) Program
- Accelerated Regular Standing (Two Year) Program
- Advanced Standing (One Year) Program
- Advanced Standing Plus (18 Months) Program

## Areas of Focus

Students may choose to specialize in the following focus areas: Human Resources, Mental Health, School Social Work, Marriage & Family, Christian Ministry,

International Social Work, and Medical Social Work. Please refer to the School of Social Work website for further information: [www.andrews.edu/cas/socialwork/](http://www.andrews.edu/cas/socialwork/). Students are not required to choose a focus area.

#### Additional Requirements

- A minimum cumulative GPA of 3.00 in Social Work Program.
- No grade of D or F (or U) may count toward a graduate degree.
- The maintenance at all times of professional conduct and behaviors appropriate for a social worker according to the National Association of Social Workers' Code of Ethics.
- Defense of the professional degree portfolio as part of SOWK689 Advanced Professional Seminar. This portfolio is a demonstrative collection of professional competencies.
- Other Andrews University degree requirements as presented in the Graduate Academic Information section of this bulletin.

Past experience strengthens all MSW student applications. However, following Council on Social Work Education requirements, no social work course credit can be given for life experience or previous work experience.

#### Admission Requirements

##### English Language Requirements

For those applicants whose native language is not English, the following is required:

- Demonstration of English proficiency by obtaining at least a minimum score on any one of the following exams. Exam must be taken within two years prior to enrollment.
  - TOEFL ITP (paper-based): A minimum score of 550
  - TOEFL iBT (internet-based): 80 with a minimum of 20 on each section
  - IELTS (Academic version): 6.5
  - PTE (Academic version): 54
- MSW program participates in the Bridge program which allows students who are close to the minimum scores to take 3-6 credits of MSW courses along with ESL courses. Requirements to participate in the Bridge program are below.
  - TOEFL ITP (paper-based): A score of 500-549 (2-3 ESL courses and up to 3-6 credits of regular MSW course work)\* OR  
\*with permission of the department
- Nelson Denny: score of 13
- Personal interview with MSW program director or designee

Applicants who fail to meet any of the above may be admitted only after committee consideration of the specific circumstances. Additional course work in English may be required.

A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

##### Graduate Record Examination (GRE)

Students who are applying for admission to the MSW program are not required to take the GRE.

#### Additional Information

##### Assistantships

Students have the opportunity to apply for graduate assistantships—teaching or research. These assistantships give students the opportunity to develop their expertise. Students interested in becoming social-work educators—especially those with years of clinical experience—may teach undergraduate courses. Research assistantships offer experiences in community consulting, grant writing, and/or conducting research.

#### Resources

##### MSW Student Handbook

The MSW Student Handbook has been designed as the social work student's aid in understanding the program requirements of the School of Social Work as well as relevant policies of Andrews University. Inside the handbook you will find information such as expectations of students, the MSW curriculum, departmental policies, and other relevant information.

#### Field Manual

The Field Manual has been designed as your aid in understanding field education requirements, your role as a student in a field agency, and relevant policies of Andrews University.

You are responsible for the information found in this handbook, so please take the time to familiarize yourself with the handbook and know where to find questions and answers if the need arises.

#### Student Learning Outcomes

Students who complete this program will:

- Demonstrate ethical and professional behavior
- Engage diversity and difference in practice
- Advance human rights and social, economic, and environmental justice
- Engage in practice-informed research and research-informed practice
- Engage in policy practice
- Engage with Individuals, Families, Groups, Organizations, and Communities
- Assess and Plan with Individuals, Families, Groups, and Communities
- Intervene with Individuals, Families, Groups, Organizations, and Communities
- Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities
- Demonstrate a Christian Social Work Perspective

## Post-Masters

## Biblical and Ancient Near Eastern Archaeology PhD

Randall W. Younker, Director

E-mail: [phd@andrews.edu](mailto:phd@andrews.edu)

The Doctor of Philosophy in Biblical and Ancient Near Eastern Archaeology is an academic program that prepares students for teaching positions and/or research in institutions of higher education.

In order to fulfill the requirements for the PhD degree, students must complete 64 credits; at least 48 credits of formal course work in lecture, seminars, directed-study and reading courses, and 16 credits for the dissertation. Students typically complete the program in 6 years.

#### Focus Areas

When students apply to this PhD program they may select one of two focus areas: Biblical Archaeology or Ancient Near Eastern Archaeology. The areas of specialized study for these focus areas are listed below:

##### Ancient Near Eastern Archaeology

- ANE History
- ANE Archaeology
- ANE Languages
- Fieldwork, Method and Theory

##### Biblical Archaeology

- Biblical History
- Biblical Archaeology
- ANE Languages
- Fieldwork, Method and Theory

Each area of study is to be supplemented with one of the cognate areas listed below.

- Old Testament
- New Testament
- Church History
- Theology and Christian Philosophy

- World Mission
- Biblical Archaeology (if the major focus area is Ancient Near Eastern Archaeology)
- Ancient Near Eastern Archaeology (if the major focus area is Biblical Archaeology)
- Ancient Near Eastern Languages

## Total Credits - 64

DSLE 860 - Teaching Religion in College **Credits:** 3

Choose 12 credits of ANEA courses in consultation with advisor

**Choose 12 credits of fieldwork from the following:**

ANEA 630 - Archaeological Field Work **Credits:** 1–8

ANEA 830 - Advanced Archaeological Field Work **Credits:** 1–9

**Dissertation - 16**

**Choose from the following courses to total 16 credits:**

GSEM 854 - PhD-ThD Dissertation Proposal Seminar **Credits:** 3

GSEM 995 - PhD-ThD Dissertation **Credits:** 1–12

## Focus Areas - 12

### Ancient Near Eastern Archaeology

**Choose from the following courses:**

ANEA 810 - Near Eastern Archaeology **Credits:** 3

3 credits of ANEA 885 - Topics in: **Credits:** 1–3 (History of the Ancient Near East)

3 credits of ANEA 885 - Topics in: **Credits:** 1-3 (Ancient Near Eastern Languages)

6 credits of ANEA 890 - Directed Reading in History and Archaeology Studies **Credits:** 1–6 (an ANE Archaeology Topic)

3 credits of ANEA 895 - Independent Study in: **Credits:** 1–3 (an ANE Archaeology Topic)

### Biblical Archaeology

**Choose from the following courses:**

3 credits of ANEA 885 - Topics in: **Credits:** 1–3 (Paleo-Christian Archaeology)

3 credits of ANEA 885 - Topics in: **Credits:** 1-3 (Old Testament History)

3 credits of ANEA 885 - Topics in: **Credits:** 1-3 (Archaeology of Palestine)

6 credits of ANEA 890 - Directed Reading in History and Archaeology Studies **Credits:** 1–6 (Biblical Archaeology)

3 credits of ANEA 895 - Independent Study in: **Credits:** 1–3 (a Biblical Archaeology topic)

## Cognates - 9

Choose 9 credits in consultation with your advisor and/or the relevant department.

## Additional Requirements

- Achieve grades of B (3.00) or better and/or S. Only such grades are counted toward the degree requirements. No more than 15 credits in courses with an S grade may be applied to the program requirements. If students fall below this minimum GPA, they are placed on probation and can regain regular standing only after having again reached the B (3.00) level. The matriculation of students with grades below B may be terminated after review by the program committee. Students who accumulate more than three grades of C or below (2.00 or below) are not allowed to continue in the doctoral program.
- Take all course work at the Seminary on the 600-, 800-, and 900-levels; some non-seminary graduate courses may be approved by the student's doctoral committee in consultation with the director of the program.
- Take a minimum of 24 credits on the 800- and 900-levels.
- Take at least two semesters of formal full-time study consecutively and in residence, registering each semester for no fewer than 8 credits. At least 33 credits (of the minimum 48) must be taken in residence (residence includes field work if taken from Andrews University).
- Attend doctoral colloquia, Horn Archaeology Lecture Series, worships and assemblies.

**Full Course Load.** The full-time load for regular course work is 8 to 12 credits per semester. Students with full-sponsorship are expected to take a full load of 12 credits per semester. On-campus students who are registered for GSEM 880, GSEM 888 (non-credit courses) are counted as full-time students. Students who register for GSEM 995 are also counted as full-time students if the work is done on campus and they register for 16 credits in a maximum of six semesters.

**Time Limits.** Students are required to finish all regular course work and take the comprehensive exams within five years of the initial registration in the program, and to complete all degree requirements within ten years of initial registration. Also, students must complete the dissertation including a formal defense and subsequent revisions in five years or less from the time the comprehensive examinations are passed. The two five-year time limits apply independently, so that shortening one does not lengthen the other.

### Dissertation Advisory Committee

- By the time that students register for GSEM 854 - PhD-ThD Dissertation Proposal Seminar, they, in consultation with the program director, should select a tentative dissertation topic and a dissertation advisory committee. The program director appoints as the chair of each student dissertation advisory committee, a faculty member in agreement with the tentative topic. During the same semester, students and their committee chairs should select two additional faculty members to complete the student dissertation advisory committee, so that, where possible, all three members may contribute to the development of the dissertation proposal. All three members of each student dissertation advisory committee must approve the proposal before it is presented to the program committee.
- At least six weeks before the time of the dissertation defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the dissertation committee. One of these persons, the external examiner, is normally a scholar from another graduate institution.

### Comprehensive Examinations

Students are required to pass four comprehensive examinations within a three-week period scheduled by the program office. Three of these examinations are set in the principal area of study and one in the cognate area. At least two of these examinations must be in the regular written format, each lasting between four and six hours, up to two of the four examinations may be given in the oral and/or take-home formats at the discretion of the examiner.

The course requirements of 48 credits must be completed before students can take comprehensive examinations.

The comprehensive examinations determine students' proficiencies in the major area of emphasis and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis.

Students' applications to take the comprehensive examinations are also an application for advancement to candidacy, which is granted subject to passing all comprehensive examinations.

### Dissertation Proposal

The student may prepare his/her dissertation proposal by taking GSEM 854 or by taking up to 3 dissertation credits during the coursework phase. In the case of the first option, the 3 credits of GSEM 854 count toward dissertation credits.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology to be employed, a list of tentative chapter and subsection titles, and a preliminary bibliography.

If the dissertation proposal has not been approved by the PhD/ThD Committee by the time comprehensive examinations have been passed the student registers for GSEM 844 (non-credit) until the proposal is approved.

### Dissertation

After the dissertation proposal is approved and the student has passed the comprehensive examinations, he/she registers for GSEM 995 for 1–16 dissertation credits (1-13 credits if GSEM 854 is taken) for up to six semesters. If the dissertation is not completed after all 16 dissertation credits have been taken, the candidate must register for GSEM 888 every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until the time limit has expired.

The dissertation prepared by the PhD candidate must

- Make an original contribution to scholarship,
- Demonstrate the candidate's competence to do independent research,

- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature, and
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions and implications of the study.

The chair of each student dissertation advisory committee guides students in the research in consultation with other members of the committee. As a rule, a calendar year or more is needed for dissertation preparation.

The dissertation is normally written in BASOR style and is typically between 250 and 300 pages in length.

Once the dissertation is completed and approved by each student dissertation advisory committee, a date is set for an oral defense.

Consult the doctoral student handbook for more details regarding the various steps to be taken by students during this program.

## Admission Requirements

All applicants must meet the Graduate Programs Admission requirements. Admission to the PhD in Biblical and Ancient Near Eastern Archaeology program is granted to applicants who

- Hold an MA (or its equivalent) from an accredited institution in an appropriate field (Ancient Near Eastern history and/or archaeology, biblical history, anthropology).
- Show high promise of future usefulness to church and/or society.
- Read proficiently required ancient and modern languages as noted in the Language Requirements below.
- Minimum GRE score of 288.
- Demonstrate the ability to handle doctoral-level work in English according to the following guidelines:
- Applicants for whom English is not a primary language of communication are required to take the TOEFL exam and must achieve the entry level score of 90 for iBT TOEFL exam (equivalent to a paper based ITP TOEFL exam score of 575) for regular admission to the PhD program.
- Applicants who have received a bachelor's or higher degree in the past 5 years from an institution where English is the medium of instruction are exempt from the requirement to take the TOEFL exam.
- All international students applying to the PhD programs are required to have a language evaluation interview with the program director whether or not they are required to take the TOEFL exam. The content of this interview may include reading and listening comprehension components and writing and speaking components. The interview can be in person or via Skype if the applicant is not in the Berrien Springs area. A proctor will be involved in any reading and writing components of the interview.
- Based on the results of the language evaluation interview the applicant may be required to take ESL courses to enhance their English language ability in one or more of the areas covered in the interview (reading, listening, speaking, writing).
- For an iBT TOEFL score between 80 and 89 (equivalent to a paper based ITP TOEFL score between 550 and 574), the applicant is eligible to enter the Seminary ESL Bridge program in which the student takes two courses with ESL and one 3 credit course in the PhD program. This is counted as full time student status.
- For iBT TOEFL scores below 80 (550 for ITP TOEFL) the applicant is ineligible for the Seminary ESL Bridge program.
- For further details regarding the Bridge program and its policies see the ESL website.
- Have 15 prerequisite credits in the chosen focus area.
- Have a graduate course in Research Methods (e.g., ANEA 640 - Research, Method and Theory in Archaeology); this requirement can be met by taking ANEA 840 - Advanced Research, Method and Theory in Archaeology as part of the doctoral course load.

**Admission to Advanced Standing.** Advanced standing for the PhD in Biblical and Ancient Near Eastern Archaeology program may be granted for students who have post-MA or post-MDiv work in an approved institution if the work is appropriate to the program, carries grades of B or above, and was taken within six years of each student's first enrollment in the program. Credits earned towards the MA and MDiv degrees are not considered for advanced standing. The director of the program determines the appropriateness and relevance of the work considered for advanced standing and authorizes such standing. The minimum residence requirement cannot be reduced.

**Time to Apply.** Students may apply at any time. However, it is recommended that those who desire to enter the program in the fall semester (the normal entry point) should submit all application materials to the Office of Graduate Admissions, usually by January 15. It is recommended that students who desire to enter the program in the summer, should submit their application materials to the Office of Graduate Admissions by November 30. If these normal deadlines are not met the student may have to wait until the next term for admission.

**Items to Submit.** In addition to submitting the items required of all graduate students, applicants to the program must also submit

- A 600-word personal statement including their philosophical perspective and the relationship of their values to their responsibilities as a teacher-scholar and leader; an indication of what they hope to accomplish professionally in the future, and a topic for the dissertation if one has already been selected.
- A significant research paper (term paper or thesis). This paper should show the applicant's ability to carry out research and to present the results and conclusions of such work with correct English and acceptable style. The topic of this paper should coincide with the area of concentration.

**Core Language Requirements.** Applicants must demonstrate proficiency in specified ancient and modern foreign languages either by passing language proficiency examinations or by taking specified graduate-level language courses and earning a grade of B or above. The foreign language requirements are listed below.

- Biblical Archaeology. An ancient language appropriate to the student's research goals—typically Biblical Hebrew, Greek, or Latin at the Intermediate Level. Two modern languages relevant to research goals such as French, German, Italian, modern Hebrew, modern Arabic, modern Greek.
- Ancient Near Eastern Archaeology. An ancient language appropriate to the student's research goals - typically Biblical Hebrew, Greek, or Latin at the Intermediate Level. Two modern languages relevant to research goals such as French, German, Italian, modern Hebrew, modern Arabic, modern Greek, or computer database skills.

Upon approval by the program committee, the Program Director may require additional ancient languages as required by the area of emphasis students choose.

**Schedule of Meeting Language Proficiency Requirements.** All language prerequisites should be completed before entrance. If that is not possible, students may be required to take a reduced load in order to meet these prerequisites.

Language prerequisites should be met by the end of the third consecutive semester (including summer). Students who fail to meet this schedule cannot take any further regular courses until all the language prerequisites are met.

Because of the amount of study and the length of time usually required in developing prerequisite-level skill in languages, the program committee may require applicants to clear all the language prerequisites prior to admission.

## Program Outcomes

- Knows the history, methods and theories of archaeology.
- Knows the material culture and history of the Biblical and ancient Near Eastern and Mediterranean world.
- Applies knowledge of the material remains to an understanding of Biblical and ancient Near Eastern contexts.
- Demonstrates the skills to conduct all phases of field work, including follow-up analyses and presentation and publication of finding.

## Discipleship in Lifespan Education PhD

Discipleship in Lifespan Education (DSLE) is the study of individuals' spiritual, cognitive, and affective development from infancy to old age. Studies in DSLE focus on the interconnected nature of the spiritual, cognitive, and affective elements as best practice for discipleship and transformation.

The DSLE (PhD) is a 64-credit interdisciplinary academic program that prepares ministry specialists, teacher-scholars, and educational leaders primarily - but not exclusively - for service in Seventh-day Adventist institutions of higher learning, the church, and the larger community. The core curriculum is structured around the competencies in Discipleship in Lifespan Education defined in the program framework. Students also select an area of specialization for intense study and

research, generally using social science research methodologies. The focus areas are:

- Christian Formation and Discipleship
- Theological Curriculum and Instruction
- Customized Option

The program completion estimate is 6 years. In order to fulfill the requirements for the degree, students must complete 64 credits, including at least 48 of course work in lecture, seminar, independent study, and reading courses, pass comprehensive exams, complete a dissertation sequence of 16 credits, and successfully defend the dissertation.

**Mission:** The Discipleship in Lifespan Education PhD equips individuals for research, practice, and teaching in settings where faith formation and spiritual growth across the lifespan are primary concerns.

**Vision:** Discipleship in Lifespan Education PhD graduates fulfill the teaching and discipling mandates of the gospel commission, preparing a people who live victoriously in this world as followers of Jesus while eagerly anticipating the soon-return of their Savior.

**Primary Goals:** Discipleship in Lifespan Education is a field of study that seeks to integrate biblical foundations, educational research, and the educational philosophy and practice of Ellen G. White (Adventist pioneer). In particular, the PhD (Discipleship in Lifespan Education) is designed to prepare leaders to train other leaders to:

- Facilitate the process of personal discipleship, the life-long journey of learning to follow Jesus and become more like Him;
- Engage pastor-teacher skills for transformational teaching and discipling, including and understanding of psychology important to ministry;
- Engage pastor-teacher skills for teaching the theory and practice of discipleship in formal and non-formal ministry/educational settings;
- Develop social science research skills, and conduct and report research that informs theory and contributes to practice in a select field of discipleship in lifespan education or specialized ministry.

## Total Credits - 64

## Core - 28

### Christian Apologist - 6

DSLE 850 - Theological Foundations of Christian Teaching **Credits:** 3  
GSEM 915 - Biblical and Theological Hermeneutics **Credits:** 3

### Pastor-Teacher - 6

Choose one of the following courses:

3 credits of GDPC 604 - Human Sexuality and Sex Therapy **Credits:** 2,3  
GDPC 620 - History and Systems of Psychology **Credits:** 3  
GDPC 635 - Theories and Techniques of Counseling **Credits:** 3

Choose one of the following courses:

3 credits of DSLE 610 - Teaching for Discipleship **Credits:** 2,3  
DSLE 860 - Teaching Religion in College **Credits:** 3 (cross-listed with GSEM 860)  
EDCI 650 - Curriculum Design: \_\_\_\_\_ **Credits:** 3  
EDCI 750 - Course Design: \_\_\_\_\_ **Credits:** 3

### Servant Leader - 2

Choose one 2-credit course or a total of 2 credits from the following courses:

EDAL 667 - Leadership in Higher Education **Credits:** 2,3  
EDCI 620 - Facilitating Change in Learning Organizations **Credits:** 3  
LEAD 635 - Leadership and Learning Plan **Credits:** 2-4  
PATH 712 - Transformational Leadership **Credits:** 4,5

### Researcher- Evaluator - 9

EDRM 605 - Qualitative Research Methods in Education and Psychology **Credits:** 3  
EDRM 611 - Applied Statistical Methods I **Credits:** 3  
EDRM 712 - Applied Statistical Methods II **Credits:** 3

### Maturing Christian - 3

DSLE 830 - Advanced Fostering Spiritual Growth **Credits:** 3

### Lifelong Scholar - 2

590

DSLE 878 - Advanced Scholarly and Professional Development **Credits:** 0

DSLE 950 - Synthesis in Discipleship in Lifespan Education **Credits:** 2

## Dissertation Sequence - 16

Choose one of the following courses:

EDRM 880 - Dissertation Proposal Development **Credits:** 2

LEAD 880 - Dissertation Proposal Development **Credits:** 2

**Complete the following sequence to fulfill the dissertation credits:**

1 credit of DSLE 887 - Applied Research **Credits:** 1-3

1-3 credits of DSLE 994 - Dissertation: Literature Review **Credits:** 1-3

9-13 credits of DSLE 995 - Doctoral Dissertation **Credits:** 1-13

**Note:** Prior to the approval of their dissertation proposals, students must show competency in the proposed methodologies for their research. The research project from the course DSLE 887 - Applied Research is an appropriate way to demonstrate this competency, for example, by conducting a pilot study.

## Focus Areas - 20

Choose one of the following focus areas:

- Christian Formation and Discipleship
- Theological Curriculum and Instruction
- Customized option (students design individualized courses of study)

### Christian Formation and Discipleship - 20

CHIS 940 - Seminar: **Credits:** 3

DSLE 930 - Seminar: \_\_\_\_\_ **Credits:** 3 (Seminar in New Testament Spirituality)

GDPC 616 - Psychology of Religious Experience **Credits:** 3

MSSN 830 - Seminar in Strategies and Development in Mission **Credits:** 3

2-3 credits of OTST 885 - Topics in: **Credits:** 1-3

THST 814 - Seminar in Philosophy, Theology and

Ethics: \_\_\_\_\_ **Credits:** 3

2-3 credits of CHIS, DSLE, EDCI, EDFN, MSSN, NTST, OTST, PATH, or THST in consultation with advisor

### Theological Curriculum and Instruction - 20

**Language Prerequisite:** Depending on the area of study, either complete NTST 552 Intermediate Greek, OTST 552 Biblical Hebrew II, or pass a qualifying examination at the intermediate level in Greek or Hebrew.

Choose 9 credits from one of the following areas:

ANEA Biblical Archeology & History of Antiquity  
CHIS Church History  
MSSN Mission  
NTST New Testament  
OTST Old Testament  
PATH Practical and Applied Theology  
THST Theology or Christian Philosophy

Choose 5 credits from Curriculum & Instruction (DSLE, EDCI, EDFN, EDTE).

Choose 6 credits from Christian Formation & Discipleship focus.

### Customized Option - 20

Students may design an individualized course of study if the following conditions are met:

- Academic area must be appropriate to Discipleship in Lifespan Education.
- Graduate courses on the topic must be available at Andrews University.
- Andrews University faculty with expertise in the topic must be available for advising.
- 6 credits need to be taken from Christian Formation & Discipleship focus.

Options for the customized course of study include, among others, such areas as:

- Family life education
- Youth, young adults, and adult research
- Spiritual nurture of children
- Spiritual nurture of youth and young adults
- Campus ministry research

- Campus spiritual leadership
- History of education
- Church music and worship
- Educational philosophy
- Formal/non-formal learning
- Holistic education/physical education
- Intercultural studies/world religions
- Lifespan Education
- Discipleship and transformation

The following are research methodologies that are available to be taken within the Customized option or as additional courses:

EDRM 636 - Program Evaluation **Credits:** 3

EDRM 704 - Design and Analysis of Educational and Psychological Surveys **Credits:** 3

EDRM 713 - Applied Statistical Methods III **Credits:** 3

HIST 650 - Historical Method and Research **Credits:** 3

## Additional Requirements

**Course Plan.** Upon acceptance into the program, the student is assigned an advisor by the director of the program. Normally within the first 16 credits of study the student and advisor prepare a course plan for completing the degree requirements. The course plan identifies the courses required to be completed prior to taking the comprehensive examination and receiving approval for advancement to candidacy.

### Coursework Levels and Transfer Credits

- All course work taken at the Seminary should be at the 800- or 900-levels; course work taken at the School of Education (College of Education & International Services) should be appropriate for doctoral level study.
- At least 51% of the student's course work should be designed specifically for doctoral students.
- Up to 9 transfer credits at the 600 (Masters) level may be approved if the coursework is done at the doctoral level, the credits have not been applied to another degree, a grade of B or above is achieved, and the credits were taken within six years of the student's first enrollment in the PhD program.
- Transfer of credits may be considered for students having done post-master's work in an approved institution if the work is appropriate to the program, carries grades of B or above, and was taken within six years of the students' first enrollment in the PhD (Discipleship in Lifespan Education) program.
- Credits earned toward completed MA or MDiv degrees are not considered for transfer. The director of the PhD (Discipleship in Lifespan Education) program in consultation with the student's advisor determines the appropriateness, relevance, and currency of the work considered for the transfer of credits and authorizes such transfers. In no case is the minimum residence requirement reduced.

### Academic Standards

A student must achieve grades of B (3.00) or better and/or S. Only such grades are credited toward the degree requirements. No more than 15 credits in courses with an S grade may be applied to the program requirements. If the student falls below the minimum GPA of 3.0, he/she is placed on probation and can regain regular standing only after having again reached the B (3.00) level. A student with grades below B may be terminated after review by the PhD/ThD Committee. A student who accumulates more than three grades of C or below (2.00 or below) is not allowed to continue in the doctoral program.

**Seminary Worship.** Attend seminary worships.

**Residency.** At least 33 credits (of the minimum 48 course work credits) must be taken in residence.

**Time Limits.** All degree requirements must be completed within ten years of first enrollment for Andrews University doctoral course work. All course work and the comprehensive examination must be completed within five years of first enrollment. The dissertation must be completed within five years of passing the comprehensive examination, but without extending beyond the 10-year limit.

If the student has not graduated by ten years from first enrollment, not counting any voted leave of absence, they must register for GSEM 888 Doctoral Degree Continuation, and pay the continuation fee, for fall and spring semesters every academic year until the dissertation has been defended and received post-defense

approval. If a student misses two consecutive continuation fee payments they will be automatically dropped from the program.

**Full-time Status.** The full-time load for regular course work is 8 to 12 credits per semester. Students who are registered for GSEM 844, GSEM 880, GSEM 885, or GSEM 888 (zero-credit courses) are counted as full-time students. Students who register for DSLE 995 are also counted as full-time students.

**Comprehensive Examination.** Early in their program, students should obtain a copy of the *PhD (Discipleship in Lifespan Education) Handbook* from the Discipleship in Lifespan Education Program office.

All prerequisites and regular course requirements of 48 credits or more must be completed before the student sits for the comprehensive examination (exceptions are noted below). The comprehensive examination consists of five sections, one of which may be given in a take-home or oral format, one of which is a portfolio presentation, and at least three of which must be written in a supervised environment. Examination dates are arranged through the administrative assistant for the Discipleship and Lifespan Education Department.

Formal application to take the comprehensive examination should be made by the beginning of the semester preceding the semester the student intends to take the examination.

For more detailed information regarding the comprehensive examination, see the *Discipleship in Lifespan Education Doctoral Handbook*.

**Advancement to Candidacy.** Students should apply for advancement to degree candidacy at the same time they apply to take comprehensive examinations and after they have

- completed all prerequisites;
- removed any English language deficiency;
- completed all course requirements or are registered for them.

The student is advanced to degree candidacy after passing the comprehensive examination.

**Dissertation Committee.** Before the student registers for EDRM 880 - Dissertation Proposal Development or GSEM 854 - PhD-ThD Dissertation Proposal Seminar, the student in consultation with his/her advisor selects a tentative dissertation topic. The program director, in consultation with the student and advisor then appoints a faculty member knowledgeable about the tentative topic to chair the student's dissertation committee. The student, the program director, and the doctoral committee chair collaborate in the selection of at least two other members to complete the student's dissertation committee. All members of this dissertation committee must approve the proposal before it is presented to the Proposal Review Committee and the PhD/ThD committee. The appointment of the dissertation committee is subject to approval by the PhD/ThD committee, as are any changes to the committee.

**Dissertation Proposal.** No later than the last semester of course work, students must submit a proposal for review and approval to the Seminary Proposal Review Committee and the PhD/ThD Committee.

Two types of proposals are acceptable depending on the nature of the dissertation:

- A 10–15 page overview of the major elements of the dissertation.
- The first three chapters in draft or outline form.

Either format must include a clear statement of the problem, the research question/s, a preliminary survey of relevant literature, and the research methodology.

**Dissertation Preparation.** The dissertation prepared by the PhD candidate must

- Make an original contribution to scholarship
- Demonstrate the candidate's competence for independent research
- Reveal the candidate's familiarity with and proficiency in handling the relevant literature
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.

See the *Discipleship in Lifespan Education Doctoral Handbook* for more information on dissertation preparation.

**Oral Defense of the Dissertation.** The candidate must orally defend his/her dissertation. At least six weeks before the dissertation defense, the director, in consultation with the dean of the Seminary, appoints an external examiner. The defense date is set and announced by the director of the Discipleship in Lifespan Education Program at least two weeks before the defense. No defenses are scheduled during the final two weeks of a term or during the interim between semesters.

See the *Discipleship in Lifespan Education Doctoral Handbook* for more information on the oral defense of the dissertation.

## Admission Requirements

Admission to the PhD (Discipleship in Lifespan Education) program is granted by the Seminary PhD-ThD Committee.

In addition to meeting the general admission requirements listed in the Graduate Programs Admission section and in the Seminary Admission Requirements, applicants must:

- Hold an MA (Discipleship in Lifespan Education); an MDiv; an MA (Religion); or an MA degree in fields related to religion, education, or appropriate areas of social science.
- Have 28 credits in religion (16 of which may be on the undergraduate level).
- Have 16 undergraduate or graduate credits in education or discipleship in lifespan education.
- Address all deficiencies. (Deficiencies will be identified at the time of admission based on evaluation of degree transcripts to ensure adequate coverage of significant areas of religion and education. These deficiencies will be addressed by including prerequisites in the student's course plan. See **Specific Prerequisites** below.)
- Show promise of future usefulness to church and society.
- Demonstrate the ability to handle doctoral-level work in English. For regular admission, a TOEFL score of 80 for iBT TOEFL exam (equivalent to a paper based ITP TOEFL exam score of 550) is required of all PhD (Discipleship in Lifespan Education) program applicants whose native language is other than English, and who have not completed a bachelors or masters degree in an English based program.
  - For an iBT TOEFL score below 80 (equivalent to a paper based ITP TOEFL score below 550), the applicant may be eligible to enter the AU ESL Pathway program.
  - For further details regarding the Bridge program and its policies, see the ESL website and the Academic Policies in the Bulletin.

**Time to Apply.** While early applications are recommended, the deadlines for application to the PhD (Discipleship in Lifespan Education) program are as follows:

- For North American students: three months prior to the anticipated starting date.
- For non-North American students: six months prior to the anticipated starting date.

**Items to Submit.** In addition to submitting the items required of all graduate students, applicants to the PhD (Discipleship in Lifespan Education) must also submit

- A 600-word statement of purpose, which includes their mission statement, a description of the journey that created a desire to pursue doctoral studies, and a vision of the professional accomplishments they foresee.
- A 200-300 word description of their tentative area of interest for dissertation research and an explanation of this choice.
- A current Curriculum Vitae.
- A significant research paper (term paper, thesis, or research report), normally written during the master's level studies. This paper should give evidence of the applicant's ability to carry out research and to present the results and conclusions of such work in standard English and in an acceptable style.

**Bulletin Requirements.** A student may choose to meet the requirements of any bulletin in force after acceptance into the doctoral program, as long as he/she maintains active status. If a break of enrollment occurs and the student is placed on inactive status, he/she must meet the requirements of a bulletin in effect after enrollment resumes.

**Specific Prerequisites.** Students entering the PhD (Discipleship in Lifespan Education) program must have basic skills in biblical exegetical research as

evidenced in GSEM 520 Methods in Biblical and Theological Research or its equivalent. They must also have basic skills in educational research methodologies as evidenced by EDRM 505 - Research Methods or its equivalent, and completion of DSLE 605 - Foundations in Discipleship & Lifespan Education, DSLE 606 - Philosophical Foundations for Professionals, and DSLE 541 - Foundations of Biblical Spirituality. These courses must be completed before the student is advanced from provisional to regular status in the program. Students taking the Theological Curriculum and Instruction focus must meet specified biblical language requirements.

## Program Learning Outcomes

The Conceptual Framework for the PhD (Discipleship in Lifespan Education) identifies six (6) areas of competency, each focused on a major program learning outcome. The competencies identify a range of skills that can be used in scholarship and ministry in the candidate's chosen area of emphasis.

**The PhD (Discipleship in Lifespan Education) Graduate will be:**

- *An Apologist* who develops and effectively articulates a Christian philosophy of education and discipleship.
- *A Pastor-Teacher* who uses and teaches appropriate methodologies for discipling across the lifespan.
- *A Servant-Leader* who models the principles of servant leadership in the church, school, and broader community.
- *An Evaluator/Researcher* who conducts research and analyzes and reports findings.
- *A Maturing Christian* who exhibits a growing maturity in understanding and portraying the love of Christ.
- *A Lifelong Learner* who demonstrates personal and professional development.
- *An Area Expert* who synthesizes all relevant core competencies, making them applicable to the focus area and teaches others to do likewise.

## Intercultural Studies DIS

The Intercultural Studies DIS program equips practitioners, leaders, and trainers who minister in cross-cultural mission and ministry situations through focused study and research in theological and social science fields of study. For more detailed guidelines and program structures see the DIS Handbook. A copy may be accessed online at: [www.andrews.edu/sem/dis/handbook](http://www.andrews.edu/sem/dis/handbook)

## Total Credits - 48

In order to fulfill the requirements for the DIS degree, students must register for 48 MASN credits at the 800 level by completing 42 credits of formal course work and 6 credits for the dissertation.

### Research - 6

MASN 840 - Research Methods in Mission and Ministry **Credits:** 2,3  
MASN 854 - Research Design in Mission **Credits:** 3

### Intercultural Studies, Mission, and Ministry - 36

36 credits of MASN 800 level courses

### Dissertation - 6

6 credits of MASN 899 - Doctor of Intercultural Studies Dissertation **Credits:** 1-6

## Additional Requirements

### Dissertation

#### Dissertation Proposal

Proposals for the dissertation will be accepted following the completion of the second module. Under the guidance of the Program Director and the student's dissertation advisor, the student will write a proposal. The final proposal must be approved by the student's advisors, the proposal committee and the DIS Program Committee.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology to be employed, a list of tentative chapters and subsection titles, and a preliminary bibliography. This will be submitted with the completed form found at: [www.andrews.edu/sem/dis/dissertationmanual](http://www.andrews.edu/sem/dis/dissertationmanual)

Following the fourth module and the proposal approval, the student registers for MSSN 899 DIS Dissertation for 2 credits for each of the following three semesters. If the dissertation is not completed after one year, the candidate must register for MSSN 888 (DIS Dissertation Continuation) every semester, and pay a continuation fee until the dissertation is completed and the defense is held, or until the time limit has expired.

#### Dissertation Preparation

The dissertation prepared by the DIS candidate must:

- Demonstrate the candidate's competence to do independent research.
- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature.
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.

#### Oral Defense of the DIS Dissertation

The date is set and advertised by the director of the DIS program. The oral defense is conducted by the dissertation defense committee and is held no later than four weeks before the degree is conferred. To pass the oral defense, candidates must receive a vote of approval from at least three of the four examiners. The committee votes in one of the following ways:

- Acceptance of the dissertation as presented.
- Acceptance of the dissertation subject to minor revisions.
- Acceptance of the dissertation subject to major revisions.
- Rejection of the dissertation.

Normally, rejection of a dissertation terminates the student's doctoral candidacy, but the DIS Program Committee may consider whether to allow him/her to prepare and submit another dissertation and what specific requirements would apply, including possible further course work.

#### After Defense

- The student makes all corrections
- The deadline for dissertations to be submitted to the Dissertation Secretary with the signed approval page is no later than Wednesday, 10 days before graduation. Strict adherence to this deadline is essential or graduation is postponed. For more detailed guidelines and schedules see the DIS Handbook ([www.andrews.edu/sem/dis/handbook](http://www.andrews.edu/sem/dis/handbook)).

## Maintaining Academic Standing

#### Time Limits

Since the program is module-based, the student is expected to finish all modules as scheduled. All degree requirements, including the dissertation must be finished within ten years of initial registration.

## Admission Requirements

All applicants must meet the general admission requirements listed in the Graduate Programs Admission and in the Seminary Admission Requirements (<http://bulletin.andrews.edu>). Admission to the DIS program is granted by the DIS Committee to applicants who:

- Hold the MDiv degree or its educational equivalent, or other advanced master's-level degrees in the related cognate discipline with a GPA of at least 3.3 on a 4-point scale.
- Have taken MSSN 546 Mission in Cultural and Religious Context (3 semester credits) or its equivalent.
- Pass the TOEFL test for English proficiency with a minimum TOEFL score of 85 (iBT) or 565 (paper based) if Secondary and Undergraduate schooling was not in English or if requested by the DIS Program Committee.
- Be competent in at least one modern language other than English.
- Have significant work experience (typically three years or more) in a cross-cultural ministry context.
- Show high promise of future usefulness in the mission of the church.
- Have recommendations, which include at least one church leader from a cross-cultural/mission setting.

#### Application Process

Application for the DIS program should be submitted at least 6 months before the start date for classes.

- In addition to submitting the items required of all graduate students, applicants to the DIS program must also submit:
- Write a 1200-1500 word personal statement with the following headings:
  - My Philosophy of Mission and Cross-cultural Engagement
  - Religious, Cultural, and Ethical Considerations in Mission
  - My Personal Aspirations in Cross-cultural Mission
  - How the DIS Will Contribute to My Ministry
  - My Experience in Cross-cultural Ministry
- A significant research paper (term paper or thesis), normally written during MA or MDiv studies. This paper should show the applicant's ability to carry out research and to present the results and conclusions of such work with correct English and acceptable style. The topic of this paper should be in an area related to mission if possible.

#### Transfer Credits

The DIS program is module-based. Therefore, it is expected that all students will complete all activities as a module. Only in cases where a student has completed extensive mission studies beyond a master's degree would an exception be considered.

## Student Learning Outcomes

The purpose of the DIS program is to advance theologically competent intercultural and mission leadership for the global church. Although graduates may be asked to teach intercultural studies and mission, this degree is not primarily a teaching degree but a professional one. The emphasis of the degree is on knowledge, skills, and mission research, which result in practical applications for effective intercultural ministry. This degree is not earned by the mere accumulation of credits. It is conferred on those who demonstrate advanced knowledge of missiological themes and the ability to integrate theology and social science research into actual contextual mission leadership and ministry.

Graduates will:

- Grow in spiritual disciplines and cross-cultural competence.
- Develop theological and biblical foundations for their intercultural ministries and mission practice.
- Conduct research on cross-cultural mission challenges of the church which results in recommended solutions.
- Implement mission-contextual strategies that are biblically faithful and culturally appropriate.
- Demonstrate ability to train others for cross-cultural work and ministry.

## Ministry DMin

E-mail: [dmin@andrews.edu](mailto:dmin@andrews.edu)

The Doctor of Ministry program is a professional doctoral degree for those who seek advanced competencies in specific areas of ministry (see Concentration Options below). The standard time limit to complete the degree requirements is six years.

#### Delivery

The program is delivered in a cohort-based format. Students join specific concentrations and journey together through the program. In order to make the program accessible to ministry professionals, the professor contact portions of the course modules are offered as intensives at various North American and international sites. For information on where courses are offered, see the Program Planner on the program website. Cohorts with less than 12 course credits delivered in residency are offered as an approved exception to the Association of Theological Schools' larger residency expectation stated in Standard E, section E.3.1.1. Course modules are taught by select seminary faculty and guest presenters who are effective practitioners and experienced professionals in the field. Teaching methodology combines appropriate methods and technology with collegial dialogue to encourage a creative learning environment. NOTE: The Global Mission Leadership concentration can be completed online.

#### Concentration Options

Chaplaincy (with ACPE Certified Educator option), Discipleship (English/Spanish), Discipleship and Mission for Worldview Transformation (currently inactive), Equipping Women for Effective Leadership, Family Ministry (English/Spanish), Global Mission Leadership (can be completed via interactive online synchronous delivery - see Global Campus definitions), Growing and Multiplying Churches, Intergenerational Church, Leadership (English/Spanish), Mass Media for Ministry,

Multiethnic/Multicultural Mission and Ministry, Preaching, Strategic Coaching for Life and Leadership, and Urban Ministry (English/Spanish).

#### Mission

The Doctor of Ministry program develops spiritually transformed ministers with advanced professional competencies for worldwide church leadership.

#### Vision

Changing the people who change the world.

## Total Credits - 32

#### Core - 15

GSEM 706 - Spiritual and Theological Foundations for Ministry **Credits:** 4–8

GSEM 788 - DMin Professional Dissertation Continuation **Credits:** 0

GSEM 789 - DMin Program Continuation **Credits:** 0

GSEM 790 - DMin Professional Dissertation Seminar **Credits:** 2 \*

GSEM 793 - DMin Research Methods Seminar **Credits:** 2 \*

7 credits of GSEM 796 - DMin Professional Dissertation **Credits:** 2,3 \*

\*Students taking the Chaplaincy concentration (ACPE Certified Educator option) must take the following courses instead of GSEM 790, GSEM 793, and GSEM 796:

7 credits of GSEM 785 - DMin Professional Portfolio

4 credits of PATH 739 - Advanced Clinical Pastoral Education (2 credits each in years 3 and 4)

## Concentration Modules - 17

Complete one of the following Concentration Modules.

- Chaplaincy (ACPE Certified Education option available)
- Discipleship (English/Spanish)
- Equipping Women for Effective Leadership
- Family Ministry (English/Spanish)
- Global Mission Leadership
- Growing and Multiplying Churches (English/Spanish)
- Intergenerational Church
- Leadership (English/Spanish)
- Mass Media for Ministry
- Multiethnic/Multicultural Mission and Ministry
- Preaching
- Strategic Coaching for Life and Leadership
- Urban Ministry (English/Spanish)

## Chaplaincy Concentration (ACPE Certified Educator option available)

The Chaplaincy Concentration prepares participants with advanced skills for excellence in chaplaincy ministries. Participants in the ACPE Certified Educator option complete their DMin concomitantly with the ACPE competency-based certification process.

#### Required Modules

PATH 761 - Wholistic Healthcare Ministry **Credits:** 4

PATH 787 - Theory and Research in Chaplaincy **Credits:** 4

PATH 788 - Professional Practice in Chaplaincy **Credits:** 4,5

Choose one of the following:

PATH 773 - Health Care Leadership **Credits:** 5

PATH 786 - Clinical Issues in Care and Counseling **Credits:** 5

ACPE Certified Educator courses to replace core courses:

GSEM 785 - DMin Professional Portfolio **Credits:** 2,3

PATH 739 - Advanced Clinical Pastoral Education **Credits:** 2,3 \*

\*ACPE Certified Educator option participants take PATH 739 - Advanced Clinical Pastoral Education in place of GSEM 790 and GSEM 793 in years 2 and 3, and complete a Professional Portfolio according to ACPE portfolio guidelines to fulfil the GSEM 785 - DMin Professional Portfolio requirement, in place of GSEM 796. These participants are not required to complete a DMin project and dissertation.

594

## Discipleship Concentration (English/Spanish)

#### Required Modules

DSLE 705 - Theological and Historical Perspectives on Discipleship **Credits:** 4

DSLE 708 - Mentoring and Coaching for Discipleship **Credits:** 4,5

DSLE 709 - Constructs of Corporate Ministry for Discipleship **Credits:** 5

Choose elective course(s) to make total of 17 credits in consultation with academic advisor

## Equipping Women for Effective Leadership Concentration

Equipping Women for Effective Leadership is designed to prepare women for the specialized ministry of senior leadership in the church.

#### Required Modules - 17

PATH 712 - Transformational Leadership **Credits:** 4,5

PATH 777 - Organizational Leadership **Credits:** 4

PATH 781 - Advanced Administrative Practices **Credits:** 5

PATH 782 - Gender and Leadership **Credits:** 4

## Family Ministry Concentration (English/Spanish)

#### Required Modules

DSLE 747 - Ministry to Families in Context **Credits:** 4,5

DSLE 758 - Internal Dynamics of Families **Credits:** 4,5

DSLE 748 - Family Dynamics and Sexuality **Credits:** 4,5

DSLE 749 - Family as a Center for Discipleship **Credits:** 5

## Global Mission Leadership Concentration

This concentration can be completed online.

#### Required Modules

MSSN 731 - Cultural and Religious Analysis—I **Credits:** 4

MSSN 732 - Cultural and Religious Analysis—II **Credits:** 4

MSSN 741 - Mission Strategy Development I **Credits:** 4

MSSN 742 - Mission Strategy Development II **Credits:** 4

Choose elective course(s) to make total of 17 credits in consultation with academic advisor

## Growing and Multiplying Churches Concentration

The Growing and Multiplying Churches Concentration helps participants create a culture of evangelism, reach specific people groups, foster a vision for change and renewal, empower for evangelism through coaching, and increase evangelistic effectiveness.

#### Required Modules - 17

PATH 742 - Church Multiplication **Credits:** 5

PATH 763 - Effective Strategic Growth **Credits:** 4

PATH 779 - Leading Growth **Credits:** 4,5

3 credits of MSSN 795 - Topics in \_\_\_\_\_ (Emphasis) **Credits:** 1–4 (Discipleship & Worldview Transformation)

## Intergenerational Church Concentration

The Intergenerational Church concentration intends to provide a significant and terminal professional doctoral experience for those who lead churches to include all ages and to give purposeful attention to the similarities among and differences between different generations. This includes the expected seasons of life each generation experiences as well as unique changes when new generations emerge. The focus for the Intergenerational Church concentration will be on local church mission and ministry.

This concentration is available at US off-campus locations.

## Required Modules

PATH 707 - The Church in Intergenerational Contexts **Credits:** 4  
PATH 751 - Relational Dynamics and the Intergenerational Church **Credits:** 4  
PATH 762 - The Challenge of 2nd and 3rd Generations **Credits:** 4  
PATH 783 - Hearing and Responding to God Throughout Life **Credits:** 5

## Leadership Concentration (English/Spanish)

### Required Modules - 17

4 credits of PATH 712 - Transformational Leadership **Credits:** 4,5  
PATH 747 - Christian Leadership **Credits:** 4  
4 credits of PATH 760 - Advanced Leadership Competencies **Credits:** 4,5  
PATH 780 - Leading and Managing the Church Organization **Credits:** 5

### Languages

This concentration is now also taught in Spanish.

## Mass Media for Ministry Concentration

The *Mass Media for Ministry* concentration aims to provide students with the necessary tools for a current understanding of mass media theories and practices, and the use of media to enlarge the mission and ministry of the 21<sup>st</sup> century church.

### Required Modules - 17

PATH 721 - Mass Media Effectiveness and Distribution for Local Church **Credits:** 5  
PATH 722 - Communication and Media Ministries Foundations **Credits:** 4  
PATH 732 - Media Development & Equipping Local Leaders **Credits:** 4  
PATH 734 - Organizational Communication and Mass Media Assessment **Credits:** 4

## Multiethnic/Multicultural Mission and Ministry Concentration

### Required Modules

PATH 723 - Sociological Foundations for Intercultural Mission & Ministry **Credits:** 4  
PATH 731 - Principles and Practices in Intercultural Mission and Ministry **Credits:** 4,5  
PATH 712 - Transformational Leadership **Credits:** 4,5  
Choose elective course(s) to make total of 17 credits in consultation with academic advisor.

## Preaching Concentration

### Required Modules

PATH 743 - Prophetic Preaching in the Worship Context **Credits:** 4  
PATH 744 - A History of Preaching **Credits:** 4  
PATH 748 - Preaching the Literary Forms of the Bible **Credits:** 5  
Choose elective course(s) to make total of 17 credits in consultation with academic advisor.

## Strategic Coaching for Life and Leadership Concentration

The modality of coaching is a powerful tool to assist pastors in moving from being an "advice-giver" to helping parishioners identify their own solutions. Self-discovery combined with the accountability provided through coaching is a dynamic combination to accomplish any goal.

The Life Coaching segment of this concentration will focus on eight domains of intentional living (health, vocation, family, intellectual, financial, emotional, relational, and spiritual). Cohort participants will be challenged to model strategic living in their own lives, while inspiring congregants to join them on that path.

The Leadership segment of this concentration will again focus first on the cohort participant and their strategic leadership within their context.

## Required Modules

PATH 725 - Competencies of a Christian Coach **Credits:** 4  
PATH 726 - Identifying and Developing Your Coaching Niche **Credits:** 5  
PATH 727 - Strategic Leadership Coaching **Credits:** 4  
PATH 728 - Coaching for Intentional Living **Credits:** 4

## Urban Ministry Concentration (English/Spanish)

The Urban Ministry Concentration prepares students for specific challenges of mission and ministry in an urban context. It is designed to foster compassionate vision for people, vision for incarnational mission in the city, appreciation of diversity, commitment to empower people, and courage to challenge the status quo.

### Required Modules - 17

PATH 774 - The Church in the City **Credits:** 4  
PATH 776 - Urban Church Leadership and Management **Credits:** 5  
PATH 778 - Church Growth and Discipleship in the Urban Church **Credits:** 4,5  
3 credits of MASN 795 - Topics in \_\_\_\_\_ (Emphasis) **Credits:** 1-4 (Urban Context for Mission and Ministry)

## Additional Requirements

In addition to the requirements listed in Academic Policies Applying to all Programs, students must fulfill the following requirements for the DMin degree:

**DMin Professional Dissertation and Defense Requirements.** Students are required to complete a professional dissertation and pass a professional dissertation defense. An exception is that those who take Chaplaincy for ACPE will complete a portfolio in place of a dissertation. Registration is required for the following courses according to cohort curriculum schedule: GSEM 788, 790, and 793. For a detailed outline of the DMin professional dissertation and defense process, see Guidelines for Professional Dissertation and Professional Portfolio on program website. The Doctor of Ministry program's Advancement to Candidacy document lists the steps required of participants to continue on the track toward professional dissertation completion and graduation.

**Time Limits.** DMin students must complete all courses and modules and pass a professional dissertation defense within six years from the time they begin course work. In special circumstances and upon written request, an extension may be granted for one year. There is a minimum threshold of dissertation work that must be completed before a request for an extension will be considered. A higher tuition amount will be charged per semester in an extension year: see <http://www.andrews.edu/sem/dmin/about/costs/#feesfor> for the current rates.

**Transferred and Earned Credit Term Limits.** All course credits applied towards degree requirements should be earned within 10 years of the awarding of the degree.

## Admission Requirements

To be considered for admission to the Doctor of Ministry program, applicants must meet the following requirements.

- Hold the Master of Divinity degree or its equivalent.
- Have a GPA of at least 3.25.
- Demonstrate high professional and personal potential for the gospel ministry.
- Have an equivalent of at least three years of experience in ministry subsequent to the first graduate theological or ministry degree.
- Supply satisfactory recommendations.
- Submit an academic paper of at least 10 pages either from a master's class, a publication, or newly created.
- Applicants from other faiths may be accepted into the program, provided they meet admission requirements and represent high moral integrity with character, lifestyle, and spiritual commitment reflective of the ideals of the Seventh-day Adventist Church.
- Applicants for the Chaplaincy-ACPE Certified Educator concentration must satisfy admission requirements for both the Andrews University DMin program and the ACPE Certified Educator Candidate Process at an ACPE Accredited Center. These admission processes are separate.

**Admission Procedure.** Applicants must submit those items specified in the Graduate Academic Policies and in the Admission and Evaluation Policies for Seminary admission requirements.

## Additional Information

### Student Financial Plans

See the DMin website (<http://www.andrews.edu/sem/dmin/about/costs/>) or contact the DMin office for further information.

## Student Learning Outcomes

The Doctor of Ministry program seeks to develop the person, knowledge, and practice of its students. While the program is structured around certain areas of concentration, there are learning outcomes and educational objectives we expect for all students.

### DMin Program Learning Outcomes

Graduates will be able to:

- Critically reflect on, articulate, and apply biblically based principles and values for excellence in mission and ministry.
- Conduct research and implement an intervention in response to ministry challenges and trends in a global context, related to the primary field of service.
- Integrate knowledge and skills acquired into an effective ministry practice and evaluate the resultant impact on one's personal experience and ministry.

### Primary Educational Objectives

#### Being

- Seek deeper Christ-like biblical spirituality.
- Experience enrichment of personal and family life.
- Intensify commitment to ministry.
- Develop an Adventist perspective of discipleship, evangelism, mission, and ministry.

#### Knowing

- Acquire exceptional theoretical knowledge that contributes to advanced ministry.
- Foster a holistic view of society and its needs.
- Articulate theological and theoretical understandings that advance global ministry.
- Understand the biblical model of servant leadership.

#### Doing

- Enhance the ability to evaluate ministerial practices through theological reflection.
- Use appropriate tools to analyze the needs of churches and communities.
- Refine skills that facilitate more effective ministry.
- Reinforce habits of study that contribute to lifelong learning.

## Religion PhD

The Doctor of Philosophy (PhD) Religion program prepares teacher-scholars in focused theological fields of study, primarily for the Seventh-day Adventist Church in its institutions of higher learning around the world.

The PhD Religion program builds on expertise and training developed in approved master's programs. It provides individuals equipped with skills and methods appropriate to genuine scholarship to do original and responsible research, and it promotes the proficient application of sound and valid principles of biblical interpretation and historical research. It acquaints students with the Judeo-Christian heritage and the findings of various branches of biblical scholarship and communicates the religious and ethical values of that heritage as found in Scripture and as understood by conservative Christians, in general, and the Seventh-day Adventist Church, in particular.

In order to fulfill the requirements for the PhD degree, students must register for 64 credits by completing 48 or more credits of formal course work in lecture, seminars, directed-study and reading courses, and 16 credits for the dissertation.

This degree is not earned by the mere accumulation of credits. It is conferred on those who demonstrate clearly and capably, in written and oral form, mature and independent research marked by discriminating analysis, careful evaluation of evidence and theories, and sound interpretation of available data. The PhD in

Religion is granted only to those who give evidence that they have attained a distinctly superior level of expertise in their principal area of study and the supplementary cognate area. One who holds a PhD in Religion will possess the following competencies:

- Faithfulness to God and Scripture within the church and the community of scholars
- Mastery of content relevant to the chosen discipline
- Advanced research and writing capability in the chosen discipline
- Ability to produce scholarly presentations and publications
- Expertise in teaching and other forms of communication

### Concentration

When students apply to this PhD program they may select from the following concentrations:

- Adventist Studies
- Church History
- New Testament
- Old Testament
- Theological Studies
- World Mission

Each area of study is to be supplemented with one of the cognate areas listed below. The cognate must be taken in a department other than the one which offers the concentration.

- Adventist Studies
- Biblical Archaeology and History of Antiquity
- Church History
- Discipleship in Lifespan Education
- New Testament
- Old Testament
- Practical and Applied Theology
- Theology and Christian Philosophy
- World Mission
- Area selected from approved graduate-level studies

## Total Credits - 64

GSEM 810 - PhD-ThD Colloquium **Credits:** 0

GSEM 860 - Teaching Religion in College **Credits:** 3

GSEM 880 - Preparation for PhD-ThD Comprehensive Examinations **Credits:** 0

GSEM 885 - PhD-ThD Comprehensive Exams **Credits:** 0

GSEM 915 - Biblical and Theological Hermeneutics **Credits:** 3

### Dissertation - 16

**Choose from the following courses to total 16 credits:**

GSEM 854 - PhD-ThD Dissertation Proposal Seminar **Credits:** 3

GSEM 995 - PhD-ThD Dissertation **Credits:** 1-12

### Concentration - 33

**Choose from one of the following:**

#### Adventist Studies Concentration - 33

CHIS 814 - Historical Research and Historiography **Credits:** 3

30 other credits in Adventist Studies

#### Areas of Specialization

- Development of Adventist lifestyle
- Development of Adventist theology
- General Adventist history

#### Church History Concentration - 33

CHIS 814 - Historical Research and Historiography **Credits:** 3

CHIS 828 - Readings in Ecclesiastical Latin **Credits:** 3

27 other credits in Church History

Other languages as needed for research and/or dissertation, such as: Biblical Hebrew, Advanced Greek, Syriac, Coptic, etc.

Up to six hours of language (Ecclesiastical Latin, 3 + 3 = 6), or; (Ecclesiastical Latin, 3) + (3 hours of another language) may be included within the program hours.

#### Areas of Specialization

- Early Christianity and the Middle Ages
- Reformation
- Modern Church, American Church, and Adventist Studies
- History of Theological and Prophetic Studies
- Church and State

#### New Testament Concentration - 33

30 credits in New Testament Studies

#### Choose from one of the following:

NTST 808 - Advanced Greek Grammar and Syntax **Credits:** 3

NTST 835 - Seminar in Hellenistic Greek **Credits:** 3

#### Areas of Specialization

- Development of the Christian community in the first and second centuries
- History and praxis of New Testament exegesis and theology
- Intertestamental and New Testament backgrounds, both Jewish and Graeco-Roman
- Language and literature: text, canon, critical introduction, and cognate literature

#### Old Testament Concentration - 33

OTST 854 - Biblical Aramaic **Credits:** 3

OTST 860 - Readings in the Septuagint **Credits:** 3

27 other credits in Old Testament Studies

#### Areas of Specialization

- Archaeology (periods, sites, methodology, and field work) and history of antiquity (Israel and the Ancient Near Eastern languages)
- Exegesis and theology (Pentateuch, Former Prophets, Latter Prophets, and Writings)
- Language and literature (Biblical Hebrew and Aramaic, other Ancient Near Eastern languages); LXX and other ancient versions; and Old Testament textual criticism

#### Theological Studies Concentration - 33

33 credits in Theological Studies

#### Areas of Specialization

- Christian ethics, comprising ethical theory and professional, personal, and social ethics
- Historical theology, examining the origin and development of theological concepts and trends
- Philosophical theology
- Systematic theology, embracing the biblical and doctrinal aspects of theological thought

#### World Mission Concentration - 33

33 credits in World Mission

#### Areas of Specialization

- Analysis of the biblical, theological, and theoretical basis for mission
- Evangelization of unreached people groups and urban population clusters
- Cross-cultural leadership development for effective church growth, ministry, and evangelistic strategies
- Study of world religions, secularism, and post-modernism as a missionary challenge

## Cognate - 9

Requirements for cognates may be obtained from the PhD/ThD office.

## Additional Requirements

Achieve grades of B (3.00) or better and/or S. Only such grades are credited toward the degree requirements. No more than 15 credits in courses with an S grade may be applied to the program requirements. If the student falls below the minimum GPA of 3.0, he/she is placed on probation and can regain regular standing only

after having again reached the B (3.00) level. The matriculation of a student with grades below B may be terminated after review by the PhD/ThD Committee. A student who accumulates more than three grades of C or below (2.00 or below) is not allowed to continue in the doctoral program.

#### Residency

Take at least two semesters of formal full-time study consecutively and in residence, registering each semester for no fewer than 6 credits. At least 33 credits (of the minimum 48 course work credits) must be taken in residence.

#### Coursework Levels

- Take all course work at the Seminary on the 800 & 900 levels; some non-seminary graduate courses may be approved by the student's doctoral committee in consultation with the director of the PhD/ThD program.
- Up to 9 Transfer credits at the 600 level may be approved if the work is done at the doctoral level, the credits do not apply to another degree, and a grade of B minimum is achieved.

#### Seminary Worship

Attend seminary worships.

#### Full Course Load

The full-time load for regular course work is 8 to 12 credits per semester. International students must take a minimum of 8 credits per semester for two semesters per year in order to be considered full time. Students with full-sponsorship are expected to take a full load of 12 credits per semester. On-campus students who are registered for GSEM 880, GSEM 844, GSEM 888, GSEM 885 (non-credit courses) are counted as full-time students. Students who register for GSEM 995 are also counted as full-time students if the work is done on campus and they register for 16 credits in a maximum of six semesters.

#### Transfer of Credits

Transfer of credits may be considered for students having done post-MA or post-MDiv work in an approved institution if the work is appropriate to the program, carries grades of B or above, and was taken within six years of the students' first enrollment in the PhD/ThD program.

Credits earned toward the MA and MDiv degrees are not considered for transfer. The director of the PhD/ThD program determines the appropriateness, relevance, and currency of the work considered for the transfer of credits and authorizes such transfers. In no case is the minimum residence requirement reduced.

#### Time Limits

The maximum time limit for completion of the PhD/ThD is ten years from first enrollment. Regular course work and the comprehensive exams must be completed within five years of first enrollment. The dissertation must be completed within five years of passing the comprehensive exams. When the ten-year time limit expires, the student must request and obtain the approval of an extension from the PhD/ThD Committee to continue working on their dissertation. If the student has not graduated by ten years from first enrollment, not counting any voted leave of absence, they must register for GSEM 888 Doctoral Degree Continuation, and pay the continuation fee, fall and spring semesters every academic year until the dissertation has been defended and received post-defense approval. If a student misses two consecutive continuation fee payments they will be automatically dropped from the program.

#### Dissertation Proposal

The student may prepare his/her dissertation proposal by taking GSEM 854 or by taking up to 3 dissertation credits during the coursework phase. In the case of the first option, the 3 credits of GSEM 854 count toward dissertation credits.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology to be employed, a list of tentative chapter and subsection titles, and a preliminary bibliography.

If the dissertation proposal has not been approved by the PhD/ThD Committee by the time comprehensive examinations have been passed the student registers for GSEM 888 every semester, and pay a continuation fee until the dissertation proposal is completed and the review is held.

- The student's dissertation committee is formed by a collaborative process involving the student, the department chair, the professors to serve on the committee, and the PhD director as described in the PhD/ThD student handbook.
- At the conclusion of the collaborate process the PhD/ThD committee appoints the student's dissertation committee.

**Comprehensive Examinations**

The comprehensive examinations determine a student's proficiency in the major area of emphasis and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis. Students are expected to demonstrate greater proficiency in the major area of emphasis than in the cognate area. Students are required to pass five comprehensive examinations within a four week period scheduled by the PhD/ThD office. Four of these examinations are set in the principal area of study and one in the cognate area.

- All 48 credits of coursework must be completed a minimum of 6 months prior to taking the comprehensive exams.
- The student's comprehensive exam schedule and all comprehensive exam contracts must be approved a minimum of 6 months prior to taking the comprehensive exams.
- The student must clear all DG grades a minimum of 3 months prior to taking the comprehensive exams.
- The comprehensive exams will be offered three times per year (Fall, Spring and Summer semesters).
- When the comprehensive exams have been successfully completed and the dissertation proposal has been approved by the PhD/ThD committee, the student is formally advanced to candidacy by the PhD/ThD committee.
- During semesters of preparation for comprehensive exams the student registers for:
  - GSEM 880 - Preparation for PhD-ThD Comprehensive Examinations Credits: 0
- During the semester in which the student takes the Comprehensive exams the student registers for:
  - GSEM 885 - PhD-ThD Comprehensive Exams

Below is a table that indicates what months the student has to accomplish the above requirements in order to take the exams at the appointed time. The PhD/ThD office will abide by these deadlines.

Table of Dates for Comprehensive Exams			
	Fall Comps	Spring Comps	Summer Comps
Complete Coursework	April	July	December
Turn in Schedule & Contracts	April	July	December
Clear DG's	June	September	March
Take Exams	October/November	January/February	July/August

\*Comprehensive exams are scheduled by the PhD/ThD office. Check with the office for the starting dates for the exams.

**Dissertation**

After the dissertation proposal is approved and the student has passed the comprehensive examinations, he/she registers for GSEM 995 for 1-16 dissertation credits (1-13 credits if GSEM 854 is taken) for up to six semesters. If the dissertation is not completed after all 16 dissertation credits have been taken, the candidate must register for GSEM 888 every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until time has expired.

The dissertation prepared by the student must:

- Make an original contribution to scholarship.
- Demonstrate the candidate's competence to do independent research.
- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature.
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.
- Not exceed 100,000 words in content and footnotes, excluding bibliography.

**Oral Defense of Dissertation**

The oral defense of the dissertation normally cannot be made earlier than 12 months after passing the comprehensive examinations. The date is set and advertised by the director of the PhD/ThD programs.

At least six weeks before the time of the defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the doctoral committee. One of those persons, the "external examiner", is normally a scholar from another graduate institution.

The oral defense is conducted by the dissertation defense committee and is held no later than four weeks before the degree is conferred.

To pass the oral defense, the candidate must receive a vote of approval from at least four of the five examiners. The committee votes in one of the following ways:

- Acceptance of the dissertation as presented
- Acceptance of the dissertation subject to minor revisions
- Acceptance of the dissertation subject to major revisions
- Rejection of the dissertation

Normally, rejection of a dissertation terminates the student's doctoral candidacy, but the PhD-ThD Committee may consider whether to allow him/her to prepare and submit another dissertation and what specific requirements would apply (including possible further course work and additional comprehensive examinations).

**After the Defense**

- The student makes all corrections
- The deadline for dissertations to be submitted to the Dissertation Secretary with the signed approved page is no later than Wednesday, 10 days before graduation.

Strict adherence to this deadline is essential or graduation is postponed.

For more detailed guidelines and scheduling see the PhD/ThD student handbook. A copy may be accessed on-line at: <http://www.andrews.edu/sem/programs-degrees/phd/phd-handbook.pdf>

**Admission Requirements**

All applicants must meet the Graduate Programs Admission requirements, and the Seminary Admission Requirements. Admission to the PhD: Religion program is granted by the PhD-ThD Committee to applicants who:

- Hold either an MDiv degree (or its equivalent), or an MA in Religion (or its equivalent) from an approved seminary or university. The applicant's transcript(s) will be reviewed by the PhD/Thd office for applicability to the program's prerequisites. Additional coursework may be required to make up deficiencies.
- Show high promise of future usefulness to church and society.
- Read proficiently in ancient and/or modern languages as noted in the Languages Requirements.
- Minimum GRE score of 288
- Demonstrate the ability to handle doctoral-level work in English according to the following guidelines:
  - Applicants for whom English is not a primary language of communication are required to take the TOEFL exam and must achieve the entry level score of 90 for iBT TOEFL exam (equivalent to a paper based ITP TOEFL exam score of 575) for regular admission to the PhD program.
  - Applicants who have received a bachelor's or higher degree in the past 5 years from an institution where English is the medium of instruction are exempt from the requirement to take the TOEFL exam.
  - All international students applying to the PhD programs are required to have a language evaluation interview with the program director whether or not they are required to take the TOEFL exam. The content of this interview may include reading and listening comprehension components and writing and speaking components. The interview can be in person or via Skype if the applicant is not in the Berrien Springs area. A proctor will be involved in any reading and writing components of the interview.
  - Based on the results of the language evaluation interview the applicant may be required to take ESL courses to enhance their English language ability in one or more of the areas covered in the interview (reading, listening, speaking, writing).
  - For an iBT TOEFL score between 80 and 89 (equivalent to a paper based ITP TOEFL score between 550 and 574), the applicant is eligible to enter the Seminary ESL Bridge program in which the student takes two courses with ESL and one 3 credit course in the PhD program. This is counted as full time student status.
  - For iBT TOEFL scores below 80 (550 for ITP TOEFL) the applicant is ineligible for the Seminary ESL Bridge program.
  - For further details regarding the Bridge program and its policies see the ESL website.
- Have 15 prerequisite credits in the chosen area of concentration, or 12 credits in the chosen area of concentration from an Andrews University MA Religion Specialized Track (or its equivalent).

- Depending upon the applicant's academic background, the PhD-ThD Committee may also require proficiency examination(s) before granting admission to the doctoral program.
- Have completed GSEM 620.
- Criminal Background Check. Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or Canada) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children. Andrews University has selected the same company used by North American Division - Sterling Volunteers (SV) - to administer this service (if you have previously completed a background check within the past three years through SV, please login to your SV profile and share your Background Check with Andrews University).

Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."

**Time to Apply.** Students who desire to enter the program in the autumn semester (the normal entry point), or, summer semester must submit all application materials to the Office of Graduate Admissions by December 15 of the preceding year. Students may also enter the program in the spring semester, in which case the application materials must all reach the Office of Graduate Admissions by June 15 of the preceding year.

The number of students who may enter the program in any given year is limited. Rarely is one accepted who applies late. Students whose applications are late may request consideration for admission in the following year.

**Items to Submit.** In addition to submitting the items required of all graduate students, applicants to the PhD-ThD programs must also submit

- A 300-word personal statement including their philosophical perspective, the relationship of their religious concerns and ethical values to their responsibilities as a teacher-scholar and leader in the church; an indication of what they hope to accomplish professionally in the future, and a topic for the dissertation if one has already been selected.
- A significant research paper (30-40 pages in length), normally written during MA or MDiv studies. The topic of this paper should coincide with the area of concentration. This paper should have the following characteristics:
  - A problem in the area of research is described that analyzes primary sources and engages the debate in the secondary literature
  - A clear thesis is stated
  - The case for the thesis is argued succinctly and logically, taking into account the discussion in the current secondary literature
  - Conclusions are presented clearly and convincingly
  - The paper is in good English prose without grammatical, syntactical or spelling errors.

**Dual Enrollment.** Dual enrollment in undergraduate or other graduate degree programs is not allowed in the PhD in Religion Program.

**Languages Requirements.** Applicants must demonstrate proficiency in specified foreign languages either by passing language proficiency examinations or by taking specified graduate level language courses at Andrews University and earning a grade of B or above. Languages listed as Prerequisite must be passed by examination or course work before the student is accepted into Regular Status. Languages listed as Required are taken as part of the area of concentration. The language requirements are listed below.

- Prerequisite: Intermediate OT Hebrew, Intermediate NT Greek, Reading German, and Reading French. (Exception: Students taking the Adventist Studies, Church History, or World Mission concentrations require one modern language: Reading German, Reading French, or another modern language other than English as approved by the student's advisor and by the director of the PhD program.)

**Schedule of Meeting Language Proficiency Requirements.** All language prerequisites should be completed before entrance. If that is not possible, a student may be required to take a reduced load in order to meet these prerequisites. Language prerequisites must be met by the end of the third consecutive semester in the program (including summer). Students who fail to meet this schedule take no further regular course work until all the language prerequisites are met. Because of the amount of study and the length of time usually required in developing prerequisite-level skill in languages, the PhD-ThD Committee may require applicants to clear all the language prerequisites prior to admission.

In addition to these prerequisite language requirements, students in any of the six areas may be asked to study other languages. When warranted by the student's program, a language substitution may be made with the approval of the student's advisor and the director of the PhD program.

## Student Learning Outcomes

Graduates of this program will be able to:

- Articulate an integrated theology and philosophy of faithfulness to God and Scripture, objectivity in research, and integrity in relationships.
- Provide evidence of a broad understanding of the content area of the chosen major discipline and competency within the area of the minor discipline.
- Demonstrate ability to propose a delimited topic of original research, carry out the investigation under faculty mentorship, and produce a logical and coherent written report of the study.
- Write scholarly research, make a professional presentation and submit for publication.
- Display teaching ability appropriate for college and university settings.

## Theology ThD

The Doctor of Theology (ThD) program prepares teacher-scholars in interdisciplinary theological fields, primarily for the Seventh-day Adventist Church in its institutions of higher learning around the world.

The ThD program builds on expertise and training developed in approved master's programs. It provides individuals equipped with skills and methods appropriate to genuine scholarship to do original and responsible research, and it promotes the proficient application of sound and valid principles of biblical interpretation and historical research. It seeks to acquaint students with the Judeo-Christian heritage and the findings of various branches of biblical scholarship and communicates the religious and ethical values of that heritage as found in Scripture and as understood by conservative Christians, in general, and the Seventh-day Adventist Church, in particular.

This degree is not earned by the mere accumulation of credits. It is conferred on those who demonstrate clearly and capably, in written and oral form, mature and independent research marked by discriminating analysis, careful evaluation of evidence and theories, and sound interpretation of available data. The ThD is granted only to those who give evidence that they have attained a distinctly superior level of expertise in their principal area of study and the supplementary cognate area.

### Concentrations

The ThD Interdisciplinary Concentration consists of two of the following six areas:

- Adventist Studies
- Church History
- New Testament
- Old Testament
- Theology and Christian Philosophy
- World Mission

Each field of study is to be supplemented with one of the cognate areas listed below:

- Adventist Studies
- Biblical Archaeology and History of Antiquity
- Church History
- Discipleship in Lifespan Education
- New Testament
- Old Testament
- Practical and Applied Theology
- Theology and Christian Philosophy
- World Mission
- Area selected from approved graduate-level studies

The cognate must be taken in a department other than the two departments bridged in the field of study. If the field of study does not include New Testament, Old Testament, or Theology and Christian Philosophy then the cognate must come from one of these departments.

In order to fulfill the requirements for the ThD degree, students must register for 64 credits by completing 48 or more credits of formal course work in lecture, seminar, directed-study, and reading courses, and 16 credits for the dissertation.

## Total Credits - 64

### Core - 6

- GSEM 860 - Teaching Religion in College **Credits:** 3
- GSEM 880 - Preparation for PhD-ThD Comprehensive Examinations **Credits:** 0
- GSEM 915 - Biblical and Theological Hermeneutics **Credits:** 3

### Dissertation - 16

- GSEM 854 - PhD-ThD Dissertation Proposal Seminar **Credits:** 3
- GSEM 995 - PhD-ThD Dissertation **Credits:** 1–12

### Concentration - 33

For this interdisciplinary concentration, the student chooses two of the following areas of concentration, taking classes from two departments. The 33 credits are divided between the two departments with a minimum of 12 credits in an area. Additional language requirements may be part of the coursework set by departments jointly:

- Adventist Studies
- Church History
- New Testament
- Old Testament
- Theology and Christian Philosophy
- World Mission

## Cognates - 9

The concentration is supplemented with one of the cognate areas listed below. The cognate must be taken in a department other than the two which make up the concentration. If the concentration does not include Old Testament, New Testament or Theology as one of the departments of the concentration, then one of those must be taken as the cognate.

- Adventist Studies
- Biblical Archaeology and History of Antiquity
- Christian Ministry
- Church History
- New Testament
- Old Testament
- Religious Education
- Theology and Christian Philosophy
- World Mission
- Area selected from approved graduate-level studies

Requirements for cognates may be obtained from the PhD/ThD office.

## Additional Requirements

Achieve grades of B (3.00) or better and/or S. Only such grades are credited toward the degree requirements. No more than 15 credits in courses with an S grade may be applied to the program requirements. If the student falls below the minimum GPA of 3.00, he/she is placed on probation and can regain regular standing only after having again reached the B (3.00) level. The matriculation of a student with grades below B may be terminated after review by the PhD-ThD Committee. A student who accumulates more than three grades of C or below (2.00 or below) is not allowed to continue in the doctoral program.

### Coursework Levels

Take all course work at the Seminary on the 600-, 800-, and 900-levels; some non-seminary graduate courses may be approved by the student's doctoral committee in consultation with the director of the ThD Program.

Take a minimum of 24 credits on the 800- and 900-levels.

### Colloquia and Seminary Worship

Attend doctoral colloquia and Seminary worships.

### Residency

Take at least two semesters of formal full-time study consecutively and in residence, registering each semester for no fewer than 8 credits. At least 33 credits (of the minimum 48 coursework credits) must be taken in residence.

### Time Limits

The maximum time limit for completion of the ThD is ten years from first enrollment. Regular course work and the comprehensive exams must be completed within five years of first enrollment. The dissertation must be completed within five years of passing the comprehensive exams. When the ten-year time limit expires, the student must request and obtain the approval of an extension from the PhD/ThD Committee to continue working on their dissertation. If the student has not graduated by ten years from first enrollment, not counting any voted leave of absence, they must register for GSEM 888 Doctoral Degree Continuation, and pay the continuation fee for fall and spring semesters every academic year until the dissertation has been defended and received post-defense approval. If a student misses two consecutive continuation fee payments they will be automatically dropped from the program.

### Comprehensive Examination

The comprehensive examinations determine a student's proficiency in the major area of emphasis and in the cognate area of study, familiarity with pertinent literature, and skills in criticism and analysis. Students are expected to demonstrate greater proficiency in the major area of emphasis than in the cognate area. Students are required to pass five comprehensive examinations within a four week period scheduled by the PhD/ThD office. Four of these examinations are set in the principal area of study and one in the cognate area.

- All 48 credits of coursework must be completed a minimum of 6 months prior to taking the comprehensive exams.
- The student's comprehensive exam schedule and all comprehensive exam contracts must be approved a minimum of 6 months prior to taking the comprehensive exams.
- The student must clear all DG grades a minimum of 3 months prior to taking the comprehensive exams.
- the comprehensive exams will be offered three times a year (Fall, Spring, and Summer semesters).
- When the comprehensive exams have been successfully completed and the dissertation proposal has been approved by the PhD/ThD committee, the student is formally advanced to candidacy by the PhD/ThD committee.
- During semesters of preparation for comprehensive exams and the semester of the exams the student registers for:
- GSEM 880 GSEM 880 - Preparation for PhD-ThD Comprehensive Examinations

Below is a table that indicates what months the student has to accomplish the above requirements in order to take the exams at the appointed time. The PhD/ThD office will abide by these deadlines.

Table of Dates for Comprehensive Exams

	Fall Comps	Spring Comps	Summer Comps
<b>Complete Coursework</b>	April	July	December
<b>Turn in Schedule &amp; Contracts</b>	April	July	December
<b>Clear DG's</b>	June	September	March
<b>Take Exams</b>	October/November	January/February	July/August

\*Comprehensive exams are scheduled by the PhD/ThD office. Check with the office for the starting dates for the exams.

### Dissertation Committee and Defense

The student's dissertation committee is formed by a collaborative process involving the student, the department chair, the professors to serve on the committee, and the PhD director as described in the PhD/ThD Student Handbook.

At the conclusion of the collaborative process the PhD/ThD committee appoints the student's dissertation committee.

### Dissertation Proposal

The student may prepare his/her dissertation proposal by taking GSEM854 PhD-ThD Dissertation Proposal Seminar or by taking up to 3 dissertation credits during the coursework phase. In the case of the first option, the 3 credits of GSEM854 count toward dissertation credits.

The proposal must contain a basic survey of pertinent literature, a clear statement of the problem, a succinct purpose statement, a description of the methodology or

be employed, a list of tentative chapter and subsection titles, and a preliminary bibliography.

If the dissertation proposal has not been approved by the PhD-ThD Committee by the time comprehensive examinations have been passed the student registers for GSEM 844 - PhD-ThD Dissertation Proposal Preparation (non-credit) until the proposal is approved.

After the dissertation proposal is approved and the student has passed the comprehensive examinations, he/she registers for GSEM 995 - PhD-ThD Dissertation for 1–16 dissertation credits (1-13 credits if GSEM854 is taken) for up to six semesters. If the dissertation is not completed after all 16 dissertation credits have been taken, the candidate must register for GSEM 888 - PhD-ThD Dissertation Continuation every semester, and pay a continuation fee until the dissertation is completed and the defense held, or until the time limit has expired.

#### Dissertation Preparation

The dissertation prepared by the ThD candidate must:

- Make an original contribution to scholarship.
- Demonstrate the candidate's competence to do independent research.
- Reveal the candidate's familiarity with and proficiency in handling the pertinent literature.
- Present a logically organized, methodologically sound, and readable account of the investigation, findings, conclusions, and implications of the study.
- Not exceed 100,000 words in content and footnotes, excluding bibliography.

#### Oral Defense of Dissertation

The oral defense of the dissertation normally cannot be made earlier than 12 months after passing the comprehensive examinations. The date is set and advertised by the director of the ThD program.

At least six weeks before the time of the dissertation defense, the program director, in consultation with the dean of the Seminary, appoints two additional members to the doctoral committee. One of these persons, the "external examiner", is normally a scholar from another graduate institution.

The oral defense is conducted by the dissertation defense committee and is held no later than four weeks before the degree is conferred.

To pass the oral defense, the candidates must receive a vote of approval from at least four of the five examiners. The committee votes in one of the following ways:

- Acceptance of the dissertation as presented
- Acceptance of the dissertation subject to minor revisions
- Acceptance of the dissertation subject to major revisions
- Rejection of the dissertation.

Normally, rejection of a dissertation terminates the student's doctoral candidacy, but the PhD-ThD Committee may consider whether to allow him/her to prepare and submit another dissertation and what specific requirements would apply (including possible further course work and additional comprehensive examinations).

#### After the Defense

- The student makes all corrections.
- The deadline for dissertations to be submitted to the Dissertation Secretary with the signed approval page is no later than Wednesday, 10 days before graduation. Strict adherence to this deadline is essential or graduation is postponed.

For more detailed guidelines and scheduling see the PhD/ThD Student Handbook. A copy may be accessed online at: [www.andrews.edu/sem/programs-degrees/phd/phd-handbook.pdf](http://www.andrews.edu/sem/programs-degrees/phd/phd-handbook.pdf)

## Admission Requirements

All applicants must meet the Graduate Programs Admission requirements, and the Seminary Admission Requirements. Admission to the ThD program is granted by the PhD-ThD Committee to applicants who:

- Hold an MDiv degree (or its equivalent), from an approved seminary or university. The applicant's transcript(s) will be reviewed by the PhD/ThD office for applicability to the program's prerequisites. Additional coursework may be required to make up deficiencies.
- Show high promise of future usefulness to church and society.

- Read proficiently in ancient and/or modern languages as noted in the Languages Requirements.
- Minimum GRE score of 288
- Demonstrate the ability to handle doctoral-level work in English according to the following guidelines:
  - Applicants for whom English is not a primary language of communication are required to take the TOEFL exam and must achieve the entry level score of 90 for iBT TOEFL exam (equivalent to a paper based ITP TOEFL exam score of 575) for regular admission to the ThD program.
  - Applicants who have received a bachelor's or higher degree in the past 5 years from an institution where English is the medium of instruction are exempt from the requirement to take the TOEFL exam.
  - All international students applying to the ThD programs are required to have a language evaluation interview with the program director whether or not they are required to take the TOEFL exam. The content of this interview may include reading and listening comprehension components and writing and speaking components. The interview can be in person or via Skype if the applicant is not in the Berrien Springs area. A proctor will be involved in any reading and writing components of the interview.
  - Based on the results of the language evaluation interview the applicant may be required to take ESL courses to enhance their English language ability in one or more of the areas covered in the interview (reading, listening, speaking, writing).
  - For an iBT TOEFL score between 80 and 89 (equivalent to a paper based ITP TOEFL score between 550 and 574), the applicant is eligible to enter the Seminary ESL Bridge program in which the student takes two courses with ESL and one or two 3 credit courses in the ThD program. This is counted as full time student status.
  - For iBT TOEFL scores below 80 (550 for ITP TOEFL) the applicant is ineligible for the Seminary ESL Bridge program.
  - For further details regarding the Bridge program and its policies see the ESL website.
- Depending upon the applicant's academic background, the PhD-ThD Committee may also require proficiency examination(s) before granting admission to the doctoral program.
- Have completed GSEM 620 - Research Methods.
- Criminal Background Check. Because seminary students will, during and/or after their studies, be working in positions of trust, applicants who have lived in North America (US or CN) for 6 months or more are required to complete a Criminal Background Check before being accepted to the seminary. This is a regular requirement for many areas of leadership and is required by the North American Division for all volunteers and employees who work with children. Andrews University has selected the same company used by the North American Division - Sterling Volunteers (SV) - to administer their background checks. There is a standard fee charged by Sterling Volunteers for this service. (If you have previously completed a background check within the past three years through SV, please login to your SV profile and share your Background Check with Andrews University.)
- Applicants to all Seminary programs are required to complete and submit to the Seminary the "Pre-Admission Conduct Disclosure Statement."

#### Time to Apply

Students who desire to enter the program in the autumn semester (the normal entry point), or, summer semester must submit all application materials to the Office of Graduate Admissions by December 15 of the preceding year. Students may also enter the program in the spring semester, in which case the application materials must all reach the Office of Graduate Admissions by June 15 of the preceding year.

The number of students who may enter the program in any given year is limited. Rarely is one accepted who applies late. Students whose applications are late may request consideration for admission in the following year.

#### Items to Submit

In addition to submitting the items required of all graduate students, applicants to the PhD-ThD programs must also submit

- A 300-word personal statement including their philosophical perspective, the relationship of their religious concerns and ethical values to their responsibilities as a teacher-scholar and leader in the church; an indication of what they hope to accomplish professionally in the future, and a topic for the dissertation if one has already been selected.
- A significant research paper (30-40 pages in length), normally written during MDiv studies. The topic of this paper should coincide with the area of concentration. This paper should have the following characteristics:

- A problem in the area of research is described that engages the debate in the secondary literature
- A clear thesis is stated
- The case for the thesis is argued succinctly and logically, taking into account the discussion in the secondary literature
- Conclusions are presented clearly and convincingly
- The paper is in good English prose without grammatical, syntactical or spelling errors

#### Dual Enrollment

Dual enrollment in undergraduate or other graduate degree programs is not allowed in the ThD program.

#### Languages Requirements

Applicants must demonstrate proficiency in specified foreign languages either by passing language proficiency examinations or by taking specified graduate level language courses at Andrews University and earning a grade of B or above. The language requirements for the ThD degree are advanced Hebrew and advanced Greek and reading knowledge of French and German.

When warranted by the student's program, language substitutions may be made with the approval of the student's advisor and the director of the ThD program. Some departments allow up to 6 hours of language requirements to count toward the field of study.

#### Schedule of Meeting Language Requirements

All language requirements should be completed before entrance. If that is not possible, a student may be required to take a reduced load in order to meet these requirements. Language requirements must be met by the end of the third consecutive semester in the program (including summer). Students who fail to meet this schedule take no further regular course work until all the language requirements are met. Because of the amount of study and the length of time usually required in developing skill in languages, the PhD-ThD Committee may require applicants to clear all the language requirements prior to admission.

#### Advanced Standing

Advanced standing may be considered for students having done post-MDiv work in an approved institution if the work is appropriate to the program, carries grades of B or above, and was taken within six years of the students' first enrollment in the ThD Program. Credits earned towards the MDiv degree are not considered for advanced standing. The director of the ThD Program determines the appropriateness, relevance, and currency of the work considered for advanced standing and authorizes such standing. In no case is the minimum residence requirement reduced.

## Additional Information

#### Full Course Load

The full-time load for regular course work is 8 to 12 credits per semester. Students with full-sponsorship are expected to take a full load of 12 credits per semester. On-campus students who are registered for GSEM 880, GSEM 844, GSEM 888 (non-credit courses) are counted as full-time students. Students who register for GSEM 995 are also counted as full-time students if the work is done on campus and they register for 16 credits in a maximum of six semesters.

## Student Learning Outcomes

#### Competencies

- One who holds a ThD in Religion should possess the following competencies:
- Faithfulness to God and Scripture
- Mastery of content relevant to the chosen discipline
- Advanced research and writing capability in the chosen discipline
- Expertise in teaching and other forms of communication

#### Outcomes

Graduates of this program will be able to:

- Articulate an integrated theology and philosophy of faithfulness to God and Scripture, objectivity in research, and integrity in relationships.
- Provide evidence of an integrated understanding of two major content areas and competency within the area of the minor discipline.
- Demonstrate ability to propose a delimited topic of original research that integrates the knowledge base of two major content areas, carry out the investigation under faculty mentorship, and produce a logical and coherent written report of the study.
- Write scholarly research, make a professional presentation and submit for publication.

- Display teaching ability appropriate for college and university settings.

## Certificates

### Ellen G. White and Adventist Studies Graduate Certificate

The Ellen G. White and Adventist Studies Graduate Certificate is an academic program requiring three years of study on an annual intensive basis beyond the master's level or at least concurrent enrollment in a master's program. The purpose of the certificate is to prepare active teachers at Seventh-day Adventist colleges and universities who do not have a doctoral emphasis, doctoral cognate, or master's degree in Adventist Studies to competently provide education in the areas of Ellen G. White studies and Adventist history. Additionally, the program will support the educational competence of Ellen G. White/Seventh-day Adventist (EGWSDA) research center directors and division or union archive directors. The certificate requires 18 credits of prescribed 600-level course work.

**Delivery:** This program is offered at selected off-campus international sites as well as in an interactive online format using both asynchronous and synchronous courses. (See Global Campus definitions).

#### Total Credits - 18

- 3 credits of CHIS 624 - Issues in Ellen G. White Studies **Credits:** 2,3
- 3 credits of CHIS 628 - Historical Research and Historiography **Credits:** 2, 3
- CHIS 645 - Seminar in Adventist Studies **Credits:** 3
- CHIS 672 - Teaching Adventist History & Life and Writings of EGW **Credits:** 3
- 3 credits of CHIS 674 - Development of Seventh-day Adventist Theology **Credits:** 2,3

#### Choose one of the following courses:

- 3 credits of CHIS 685 - Studies in Church History **Credits:** 2,3 (Ellen White and Adventist Research)
- 3 credits of CHIS 696 - Topics in Adventist Studies \_\_\_\_\_ **Credits:** 2,3 (Fundamentals of Archival Practice) **NOTE:** CHIS 696 is to be taken only by directors of EGW SDA Research Centers and division or union archive directors.

## Student Learning Outcomes

Completers will be able to:

- Conduct effective research that demonstrates competence in Ellen G. White studies and in Adventist theology and history.
- Articulate a biblical and theologically sound understanding of the prophetic gift as manifested through Ellen G. White.
- Practice hermeneutics in the interpretation of the writings of Ellen G. White that are both biblically grounded and according to her intent.
- Demonstrate understanding of the content, central issues, and processes relating to Ellen G. White and Adventist History.
- Have increased competence in the area of archival and Adventist heritage leadership (For research center directors and division and union archivists).

## Seminary Fellowship, Post-Doctoral Certificate

Wagner Kuhn, Director

This one- to two-year postdoctoral fellowship is available to individuals who have completed their PhD or ThD degree or their doctoral equivalent. It is especially offered for those who would like to experience participating in a Seventh-day Adventist academic community based on Seventh-day Adventist educational values.

#### Research Areas Available:

- Adventist Studies
- Apocryphal and Pseudepigraphical Literature
- Biblical and Ancient Languages
- Biblical Archaeology
- Biblical Spirituality
- Christian Ethics
- Christian Philosophy
- Church History
- Doctrines and Theology
- Historical Theology
- Judaism and Rabbinic Studies
- Leadership
- Literary Criticism
- Mission
- New Testament Studies
- New Testament Backgrounds
- Old Testament Studies
- Preaching
- World Religions

## Total Credits - 12

GSEM 898 - Postdoctoral Research Project **Credits:** 4,5

GSEM 990 - Postdoctoral Seminar **Credits:** 3,4

4 credits of electives chosen in consultation with advisor as needed

## Additional Requirements

- The postdoctoral studies will be research based.
- The fellowship will last one to two years. If needed, an extension for one additional year may be granted with the approval of the faculty of the mentoring Department, the Program Director, and the Seminary Dean.
- Each postdoctoral fellow will be assigned his/her mentor who will be appointed by the Program Director, Department Chair, and Seminary Dean.
- Each semester the postdoctoral fellow is in residence, he/she must register and participate in GSEM 990 Postdoctoral Seminar and GSEM 898 Postdoctoral Research Project.
- At the end of the fellowship, the postdoctoral fellow will be required to present a publishable study in the form of article(s), monograph, or book approved by the faculty of the mentoring Department, Program Director, and Seminary Dean.
- The postdoctoral fellow may be invited to participate in faculty meetings or doctoral club activities.
- The fellow will be encouraged to audit classes in their field of expertise.
- Each department will be limited to mentoring two fellow participants at a time.
- The mentor must agree to the additional mentoring load.

## Admission Requirements

An application to the Seminary Fellowship, Post-Doctoral Certificate must contain the following items:

- Official transcript of doctoral studies.
- Copy of the diploma granted (if the doctorate is not finished at the time of application, it must be submitted before the fellowship will start).
- Current curriculum vitae.
- Description of the area of concentration with a proposed research project.
- Three letters of recommendation: (a) one from the members of the fellow's doctoral committee, (b) one from his/her teachers, and (c) one from the sponsoring organization.
- The applicant may also include a signed statement from an SDA Theological Seminary faculty member indicating his/her willingness to mentor the fellow and guide his/her research project.

#### Acceptance into the Program

- The fellowship appointment will begin in either January or August of each academic year.
- The fellow will be accepted into the program after the approval of the application by the faculty of the mentoring Department, the Program Director, and the Seminary Dean.
- Upon acceptance into the program, the fellow will receive an Andrews University identification card and will have full access to the James White Library.

## Additional Information

#### Financial Responsibilities

- The fellow will be charged doctoral-rate tuition for the doctoral seminar credits taken each semester. A 50% discount on tuition will be given to the postdoctoral fellow.
- The SDA Theological Seminary has no financial obligations toward the postdoctoral fellow and appointment does not imply any actual employment or working relationship.
- The postdoctoral fellow must be able to pay for his/her expenses or have a sponsoring organization (Division, Union, University, or College) to cover his/her costs.
- The fellow will be required to either purchase Andrews University health insurance or provide evidence of health insurance coverage viable within the United States.

#### Certification of Completion

A valid Andrews University diploma will be issued upon the successful completion of the postdoctoral program.

## Student Learning Outcomes

Upon completion of the Seminary Fellowship, Post-Doctoral Certificate program, fellows will be able to:

- Demonstrate ability to do original academic research, carry out the investigation under faculty mentorship, and produce a logical and coherent written report of the study. This involves written and scholarly research, professional presentation(s), and submission for publication.

## Seminary - General

### GSEM 501 - New Student Orientation

**Credits:** 0

Required for all incoming MDiv students. This class introduces students to the MDiv program and covers topics such as degree requirements, how to succeed in the program, Seminary code of conduct, and campus resources. Information on the date of the Orientation is sent out to students once accepted.

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Independent, Seminar

**College Code:** SEM

### GSEM 505 - Colloquium: \_\_\_\_\_

**Credits:** 0

Colloquia on a variety of topics offered every semester for MDiv students. (On-campus MDiv students are required to participate in five colloquia before graduation.)

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** SEM

### GSEM 515 - Introduction to Biblical Hermeneutics

**Credits:** 3

An introduction to biblical presuppositions and principles for interpreting and understanding Scripture and applying its message as illustrated in selected passages from the Old and New Testaments.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Interactive Online

**College Code:** SEM

## GSEM 520 - Methods in Biblical & Theological Research

**Credits:** 2

An exploration of the methods, principles, and tools for studying Scripture through biblical exegesis and through studies in biblical and systematic theology. Includes attention to library research and research writing.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** An NTST, OTST or THST course.

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## GSEM 528 - Nutrition and Health Promotion

**Credits:** 2,3

Health promotion and Adventist lifestyle, with primary focus on the influence of diet on the development of chronic diseases such as heart disease, hypertension, diabetes, and cancer.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## GSEM 530 - Doctrine of the Sanctuary

**Credits:** 2,3

A study of the earthly and heavenly sanctuaries with special emphasis on the books of Genesis, Leviticus, Daniel, Hebrews and Revelation. Team taught by members of various departments.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## GSEM 588 - MA (Pastoral Ministry) Program Continuation

**Credits:** 0

Allows off-campus MAPM students during their coursework phase to maintain active status and to have access to the James White Library electronic resources. This course qualifies for half-time status, requiring a minimum of 240 hours of work per semester of registration.

**Course Attribute:** Half-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

## GSEM 620 - Research Methods

**Credits:** 2,3

An introduction to research techniques and tools. A research paper is required.

**Lecture/Lab:** Lab Required

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass Essential Computer Skills Test.

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## GSEM 625 - Religious Liberty Issues and Advocacy

**Credits:** 3,4

A survey of religious liberty principles and cases from an Adventist perspective with an emphasis on the contemporary U.S. setting, including a review of major historical developments and a look at trends shaping the future.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## GSEM 627 - Issues in Daniel and Revelation

**Credits:** 3

Hermeneutics and exegesis of Daniel and Revelation in the original languages, focusing on issues pertaining to use of these books in evangelistic preaching. Daniel 7-9 and Revelation 10-14 receive particular attention. Must have met the intermediate level Greek and Hebrew requirements.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** OTST 552 or equivalent

**Prerequisite/Corequisite:** Must have passed NTST 551 either by passing the placement exam or the course or be enrolled in NTST 551.

**Schedule Type:** Lecture

**College Code:** SEM

## GSEM 628 - Great Controversy, Covenant, Law, and Sabbath

**Credits:** 2,3

An exegetical, historical, and theological survey of the themes of Covenant, Law, and the Sabbath in Scripture and Christian History within the Great Controversy worldview.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** SEM

## GSEM 648 - Workshop

**Credits:** 1-4

Selected topics

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning, Workshop

**College Code:** SEM

## GSEM 660 - Portfolio

**Credits:** 0

Using the approved guidelines, students document personal development; the integration of theory and practice; engagement in ministry within a local congregation; participation in evangelistic outreach; and community involvement.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Independent

**College Code:** SEM

## GSEM 670 - Guided Study Tour of the Bible Lands

**Credits:** 1-4

The principal sites of historical and archaeological interest in the countries of the Bible surrounding the eastern Mediterranean, including Egypt, Sinai, Lebanon, Syria, Iraq, and Jordan. Weekly: 2 or 3 lectures.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning

**College Code:** SEM

## GSEM 675 - Study Tour:

**Credits:** 0

Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning

**College Code:** SEM

## GSEM 678 - Church History Study Tour

**Credits:** 1-8

Provides a variety of guided study tours to places of interest in general Christian and denominational history.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable with different sites or eras

**Schedule Type:** Blended Learning

**College Code:** SEM

## GSEM 680 - Master's Comprehensive Exam

**Credits:** 0

Note: This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 685 - General Seminary Topic:**

**Credits:** 2,3

Study of an interdisciplinary theme. Topic announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture, Blended Learning, Interactive Online

**College Code:** SEM

### **GSEM 688 - Master's Degree Continuation**

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 690 - Independent Study:**

**Credits:** 1-3

Research dealing with issues in the field of General Seminary topics. For specifics of individual classes, see course descriptions.

**Course/Lab Fee:** No

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Advisor permission required

**College Code:** SEM

### **GSEM 695 - Research Project**

**Credits:** 2,3

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 697 - Thesis for MA Degree**

**Credits:** 1-10

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 698 - Thesis for Master of Divinity Degree**

**Credits:** 2-8

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 700 - DMin Program Orientation**

**Credits:** 0

Registration for accepted students preparing for their first module intensive. This course qualifies for half-time status, requiring a minimum of 240 hours of work per semester of registration.

**Course Attribute:** Half-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 706 - Spiritual and Theological Foundations for Ministry**

**Credits:** 4-8

This is a foundational module required of all DMin students. The module builds the spiritual and theological basis from which the practice of ministry and mission grows and seeks to lead the student into a self reflection and examination of life and belief.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** SEM

### **GSEM 785 - DMin Professional Portfolio**

**Credits:** 2,3

A DMin portfolio is a professional project that integrates theological reflection, competency-based learning, and practical ministry. The portfolio contributes to the enhancement of ministry in the healthcare environment and to the growth and development of the ministry professional. The portfolio development follows the guidelines for development as outlined in the ACPE Certification Manual.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 788 - DMin Professional Dissertation Continuation**

**Credits:** 0

Persons who have completed all registrations of module and professional dissertation credits required for the DMin degree maintain their enrollment status by registration for DMin Professional Dissertation Continuation each subsequent semester until completing or leaving the program. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 789 - DMin Program Continuation**

**Credits:** 0

Program participants register in semesters between module intensives for DMin Program Continuation to maintain current student status in all semesters. This course qualifies for half-time status, requiring a minimum of 240 hours of work per semester of registration.

**Course Attribute:** Half-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **GSEM 790 - DMin Professional Dissertation Seminar**

**Credits:** 2

Forming the professional dissertation proposal and issues related to completing the dissertation successfully. Areas of focus include academic writing, literature review, critical thinking, experiential learning, reading and evaluating research reports, an effective work plan for completion of the dissertation, and other dissertation-related topics.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Seminar

**College Code:** SEM

### **GSEM 793 - DMin Research Methods Seminar**

**Credits:** 2

Forming the action plan for successfully implementing and evaluating the DMin professional dissertation. Areas of focus include action research, research design and methods, descriptive statistics, methods of evaluating the project, IRB approval, and other project-related topics.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** SEM

### **GSEM 796 - DMin Professional Dissertation**

**Credits:** 2,3

The DMin professional dissertation integrates theological reflection, scholarly research and practical ministry. The professional dissertation contributes to the enhancement of ministry in the church and to the growth and development of the ministry professional. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** No

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 7 credits

**Schedule Type:** Independent

**College Code:** SEM

## GSEM 797 - Independent Study

**Credits:** 1–8

Available to students by permission of the program committee. A minimum of one meeting per month with the supervising professor is generally required.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

## GSEM 810 - PhD-ThD Colloquium

**Credits:** 0

Attendance at PhD-ThD scholarly colloquia to enhance understanding of the SDA theology, identity, and philosophy of scholarship, promote interdisciplinary knowledge and foster the PhD-ThD learning community. Four semesters of S credit required.

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** SEM

## GSEM 844 - PhD-ThD Dissertation Proposal Preparation

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

## GSEM 850 - Research Seminar

**Credits:** 2

An introduction to research methods and tools.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## GSEM 854 - PhD-ThD Dissertation Proposal Seminar

**Credits:** 3

Advanced research techniques and tools, with preparation of a tentative proposal, or pre-proposal, for a dissertation in the field of religion.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## GSEM 860 - Teaching Religion in College

**Credits:** 3

Furnishes PhD and ThD students with insights into the practice of using basic techniques, tools and procedures for meaningful instruction in the field of religion.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## GSEM 880 - Preparation for PhD-ThD Comprehensive

### Examinations

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

## GSEM 885 - PhD-ThD Comprehensive Exams

**Credits:** 0

Taken in the semester comprehensive exams are taken. May be repeated one time only. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory (S,U,I,W)

**Prerequisite(s):** GSEM 880 Preparation for PhD-ThD Comprehensive Exam

**Schedule Type:** Independent

**Term Offering:** Fall, Spring, Summer

**College Code:** SEM

## GSEM 888 - PhD-ThD Dissertation Continuation

**Credits:** 0

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/o 'I' (S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

## GSEM 898 - Postdoctoral Research Project

**Credits:** 4,5

Research project for a postdoctoral fellow in the area of his/her expertise. This research is guided by the assigned mentor. Qualifies for 5 credits.

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

## GSEM 915 - Biblical and Theological Hermeneutics

**Credits:** 3

Examination and critique of hermeneutical systems, their presuppositions, principles, and methodologies with the goal of developing sound principles of biblical and theological interpretation from a high view of Scripture. Application to selected biblical texts and theological issues.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Seminar

**College Code:** SEM

## GSEM 990 - Postdoctoral Seminar

**Credits:** 3,4

A postdoctoral seminar in the area of the fellow's expertise.

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## GSEM 995 - PhD-ThD Dissertation

**Credits:** 1–12

May take 1-12 credits to qualify for full-time status requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 16 credits

**Schedule Type:** Independent

**College Code:** SEM

#### **Church History Mission Statement**

Prepare and inspire students for the service of the church, through instruction on the providential history of Christianity and the Seventh-day Adventist Church, and promote these principles among church leaders, and in dialogue with other Adventist and Christian scholars.

## Church History

### **CHIS 504 - Adventist History and Life and Writings of Ellen G. White**

**Credits:** 3

This overview class will examine the history of Adventism from the Millerite period to the present, including aspects of organization with key people and events. The second part of the class will introduce the prophetic gift as manifested in Scripture and through the history of Ellen G. White's life, writings, and ministry in the Seventh-day Adventist Church.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Prerequisite to CHIS 624 and CHIS 674.

**Schedule Type:** Lecture

**College Code:** SEM

### **CHIS 505 - Survey of Church History**

**Credits:** 3

Early Church, Rise of the Papacy, Great Schism, Eastern Orthodoxy, Crusades, Medieval Church, Continental Reformation and Counter Reformation, English Reformation, English Puritanism, Enlightenment, Pietism, Methodism, American denominationalism, and recent developments. Does not apply toward the CHIS requirements for the MDiv program.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **CHIS 506 - Church History to 1500**

**Credits:** 2,3

Early Church; rise of the Papacy; Great Schism; Crusades; Medieval Church; and pre-Reformation to 1500. Intended for students without a college course in church history. CHIS 506 and CHIS 507 should be taken sequentially.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### **CHIS 507 - Church History 1500 to Present**

**Credits:** 2,3

Continental Reformation and Counter Reformation; English Reformation; Elizabethan Settlement; English Puritanism; Enlightenment; Pietism; Methodism; American denominationalism; Eastern Orthodoxy; and recent developments. Intended for students without a college course in church history. CHIS 506 and CHIS 507 should be taken sequentially.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### **CHIS 567 - Hispanic-American Church History**

**Credits:** 2,3

The Christian Church in Hispanic North America, in the wider context of Spanish and Latin American church history since the 16th century.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **CHIS 570 - History of the Seventh-day Adventist Church**

**Credits:** 1.5,2

This overview class will examine the history of Adventism from the Millerite period to the present including aspects of organization with key people and events.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** For the MDiv program, this course, along with CHIS 571, is a prerequisite for CHIS 624 and CHIS 674.

**Schedule Type:** Lecture, Blended Learning, Interactive Online

**College Code:** SEM

### **CHIS 571 - The Life and Writings of Ellen G. White**

**Credits:** 1.5,2

Introduction to the prophetic gift as manifested in Scripture and through the history of Ellen G. White's life, writings, and ministry in the Seventh-day Adventist Church.

**Course Attribute:** Adventist Studies

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning, Interactive Online

**College Code:** SEM

### **CHIS 574 - History of Seventh-day Adventist Theology**

**Credits:** 2

Origin and subsequent development of characteristic Seventh-day Adventist teachings in such areas as the Sabbath, sanctuary, atonement, covenants, creation, conditional immortality, worship, typology, eschatology, Christology, and righteousness by faith.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### **CHIS 600 - The Early Church to A.D. 604**

**Credits:** 2,3

The message and mission of the church; experiences, attitudes, and practices of early Christians, selected for their usefulness to a modern pastor.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### **CHIS 609 - The Church in the Middle Ages**

**Credits:** 2,3

Rise of the papacy; the evangelization of Europe; the great schism, investiture controversy, crusades, and conciliarism; religious authority, predestination, justification, church and state, church and sacrament, faith and reason.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **CHIS 612 - Introduction to Ecclesiastical Latin**

**Credits:** 3

Grammar, syntax and working vocabulary of Ecclesiastical Latin.

**Course Attribute:** Language and Literature

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **CHIS 614 - Readings in Ecclesiastical Latin**

**Credits:** 3

Study of advanced Latin syntax, vocabulary and grammar, as well as reading and analysis of primary sources in Ecclesiastical Latin, selected for their significance to the history of theology.

**Course Attribute:** Language and Literature

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHIS 612 or equivalent.

**Schedule Type:** Lecture

**College Code:** SEM

### **CHIS 620 - Seminar in Christian Biography**

**Credits:** 2,3

A study of the lives and contributions of selected preachers and other church leaders from ancient times to the present.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Entrance to 600-level seminars normally requires completion of a related course with superior grade and in some instances (e.g., when enrollment is restricted) may also require the professor's permission.

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 624 - Issues in Ellen G. White Studies

**Credits:** 2,3

The foundational interpretive issues and correct research methods relating to Ellen G. White's prophetic ministry with attention to key issues that impact the Seventh-day Adventist Church.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHIS 570, CHIS 571, or equivalent

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## CHIS 625 - Seminar in Church-State Thought

**Credits:** 2,3

A seminar that examines religious toleration and freedom and the relationship of church and state through the reading of primary sources. Includes classic writers such as Augustine, Aquinas, Calvin, Williams, Bayler, Locke, Jefferson, and Mill, and contemporary authors such as Neuhaus and Carter.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 628 - Historical Research and Historiography

**Credits:** 2, 3

An examination of the methods of historical investigation and presentation.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 629 - History of Christian Spirituality

**Credits:** 2,3

History and practice of Christian spirituality, from the Early Church through the Modern Church and Adventism, supported by reading and discussion of selected spiritual writers.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 630 - History of Jewish Experience

**Credits:** 2,3

The history of the Jewish people, religion, literature, and culture since biblical times, with emphasis on relationships to Christianity.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 634 - Reformation Theology

**Credits:** 2,3

Teachings of the leading Reformers on justification, predestination, law and grace, the church, the sacraments, church-state relationships, and other topics; a comparison of these positions with Seventh-day Adventist teachings.

**Course Attribute:** Theology

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 635 - History of the African American Churches

**Credits:** 2,3

An investigation of the African-American experience within the Christian church, with particular focus given to the Seventh-day Adventist Church. Study is given to such critical issues as Regional Conferences.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 638 - History of the Great Controversy, Covenant, Law, Sabbath

**Credits:** 2,3

The historical development of theological thought concerning the great controversy, covenant, law, and Sabbath and their interrelationships since the early church, with particular attention to aspects that have influenced the Seventh-day Adventist Church.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 640 - Reformation: \_\_\_\_\_

**Credits:** 2,3

Careers and contributions of selected major reformers and the course of their movements.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different reformers or movements

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 645 - Seminar in Adventist Studies

**Credits:** 3

Research into special topics in Adventist Studies.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 650 - English Reformation and Rise of Puritanism

**Credits:** 2,3

Developments in the 16th and 17th centuries; the Elizabethan Settlement; the Puritan movement and its relation to authority, the kingdom of God, preaching, and the Sabbath; leading Reformers and Puritans and their legacy for today.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 654 - Seminar in English Reformation and Puritan Theology

**Credits:** 3

Theological documents of the English Reformation and Puritanism, with particular attention to those aspects which influenced Seventh-day Adventist doctrine.

**Course Attribute:** Theology

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Entrance to 600-level seminars normally requires completion of a related course with superior grade and in some instances (e.g., when enrollment is restricted) may also require the professor's permission.

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 655 - Wesley and Methodism

**Credits:** 2,3

Topics in the historical development of Methodism and Wesleyan theology.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 657 - Seminar in Reformation Theology

**Credits:** 3

Selected topics from Lutheran, Reformed, Swiss, Radical, and Counter-Reformation theologies.

**Course Attribute:** Theology

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 659 - Seminar in the History of Selected Christian Doctrines

**Credits:** 3

The history of concepts characteristic of Seventh-day Adventism, such as the Sabbath, sanctuary, conditional immortality, and pre-millennial historicist eschatology, as taught through the centuries, with principal emphasis on their development outside of Seventh-day Adventism.

**Course Attribute:** Theology

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 660 - History of Religion in America

**Credits:** 2,3

The development of religion in America from colonial times to the present. Emphasis on the role of religion in American culture and on such issues as revivalism, the social concerns of the churches, and the evolution of major denominational families.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 664 - History of American Religious Thought

**Credits:** 2,3

Special attention given to the evolution of Calvinistic and Arminian thought, millennial schemes in the 19th and early 20th centuries, and the fundamentalist-modernist controversy. Intellectual developments that influenced the development of Seventh-day Adventism are emphasized.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 665 - Modern Church History

**Credits:** 2,3

The Pietistic movement, evangelical awakenings, the Enlightenment, the rise of the modern missionary impulse, the Oxford Movement, the Vatican Councils, and related phenomena, in the context of their times. Factors that influenced the rise of Seventh-day Adventism are emphasized.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 668 - History of Religious Liberty

**Credits:** 2,3

Religious oppression and freedom in the history of Western civilization with special attention to developments in British Colonial America and the United States; Sunday closing laws and labor unionism as threats to religious freedom; government aid to education; current developments as they occur.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 670 - Seminar in History of the Seventh-day Adventist Church

**Credits:** 2,3

Research into specific areas of denominational history employing source materials in the Adventist Heritage Center and Ellen G. White Research Center.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHIS 504, or CHIS 674. Entrance to 600-level seminars normally requires completion of a related course with superior grade and in some instances (e.g., when enrollment is restricted) may also require the professor's permission.

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 672 - Teaching Adventist History & Life and Writings of EGW

**Credits:** 3

This overview class will prepare teachers to examine and present the history of Adventism from the Millerite period to the present including aspects of organization with key people and events. The second part of the class will also prepare teachers to introduce the prophetic gift as manifested in Scripture and through the history of Ellen G. White's life, writings and ministry in the Seventh-day Adventist Church.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 673 - Development of Seventh-day Adventist Lifestyle

**Credits:** 2,3

The historical development of Seventh-day Adventist practice and attitude in such areas as healthful living, military service, Sabbath observance, literature evangelism, labor unions, recreation, dress, political activity, marriage, minorities, and education.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 674 - Development of Seventh-day Adventist Theology

**Credits:** 2,3

The origins, development, and integration of the Adventist theological foundations starting from the Second Advent Awakening and Millerite movement to the present, emphasizing such doctrines as the Sabbath, sanctuary, Three Angels' Message, conditional immortality, Trinity, Christology, and righteousness by faith.

**Course/Lab Fee:** No

**Course Attribute:** Theology

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHIS 570 and CHIS 571, or equivalent.

**Prerequisite/Corequisite:** CHIS 570, CHIS 571, or equivalent

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## CHIS 675 - Seminar in the Development of Seventh-day Adventist Lifestyle

**Credits:** 2,3

The historical development of Seventh-day Adventist practices and attitudes in relation to such matters as healthful living, military service, Sabbath observance, worship, labor unions, recreation, amusement, entertainment, sports, dress and adornment, music, theater, drama, marriage, divorce, minorities, education, reform, and the nearness of the second advent.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Entrance to 600-level seminars normally requires completion of a related course with superior grade and in some instances (e.g., when enrollment is restricted) may also require the professor's permission.

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 680 - History of Sabbath and Sunday

**Credits:** 2,3

A historical and theological study of the extensive primary sources and issues concerning Sabbath and Sunday, with due attention to related matters.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 682 - Seminar in Church History

**Credits:** 3

Research into special topics in Christian history from the Early Church period through post-Reformation times.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** Entrance to 600-level seminars normally requires completion of a related course with superior grade and in some instances (e.g., when enrollment is restricted) may also require the professor's permission.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 683 - The Pastor, Church and Civil Law

**Credits:** 2, 3

An introduction to legal issues affecting the pastor and the church, including an overview of the history of religious liberty in America, as well as matters relating to church operations, employment, and minimizing exposure to legal liability.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## CHIS 684 - Seminar in History of Sabbath and Sunday

**Credits:** 3

Analysis of documents and issues not covered in CHIS 680.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Entrance to 600-level seminars normally requires completion of a related course with superior grade and in some instances (e.g., when enrollment is restricted) may also require the professor's permission.

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## CHIS 685 - Studies in Church History

**Credits:** 2,3  
Topics announced in advance.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 686 - Development of Prophetic Interpretation

**Credits:** 2,3  
The historical development of the understanding of apocalyptic prophecies in Daniel, Revelation, the Gospels, and the Epistles, since the first century. The origin, development and impact of historicism, preterism, futurism, dispensationalism, and millennialism.

**Course Attribute:** Theology  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 687 - Seminar in Development of Prophetic Interpretation

**Credits:** 2,3  
A study of topics in the history of prophetic interpretation, with attention to aspects which have influenced Seventh-day Adventists.

**Course Attribute:** Theology  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Entrance to 600-level seminars normally requires completion of a related course with superior grade and in some instances (e.g., when enrollment is restricted) may also require the professor's permission.  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

## CHIS 688 - Contemporary Trends

**Credits:** 2,3  
Selected topics involving recent developments in such areas as church and state relations, tensions between science and religion, challenge and opportunity in a technological society, the appeal of non-Christian religions, dialogue and debate in the ecumenical movement, and Christian versus non-Christian secularism.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 689 - History of Worship and Liturgy

**Credits:** 2, 3  
From an Adventist perspective, investigate the development of Christian worship and liturgy in the early church, middle ages, Reformation, post-Reformation, and contemporary movements.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 690 - Independent Study

**Credits:** 1-3  
Restricted to advanced students. Selected problems in the field of church history. See general guidelines under Academic Policies Applying to All Programs.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

## CHIS 695 - Topics in Church History

**Credits:** 2,3  
Selected themes. Can be used only by preapproval from the student's program director and the teacher.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 696 - Topics in Adventist Studies \_\_\_\_\_

**Credits:** 2,3  
Selected themes. Can be used only by preapproval from the student's program director and the teacher.

director and the teacher.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture, Blended Learning, Interactive Online  
**College Code:** SEM

## CHIS 814 - Historical Research and Historiography

**Credits:** 3  
An examination of the methods of historical investigation and presentation.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 828 - Readings in Ecclesiastical Latin

**Credits:** 3  
Study of advanced Latin syntax, vocabulary and grammar, as well as reading and analysis of primary sources in Ecclesiastical Latin, selected for their significance to the history of theology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 880 - Topics in Church History:

**Credits:** 1-3  
Classroom setting research dealing with selected problems in the field of Church History.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 885 - Topics in Adventist Studies:

**Credits:** 1-3  
Classroom setting research dealing with selected problems in the field of Adventist Studies.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** SEM

## CHIS 890 - Directed Reading in Church History

**Credits:** 1-6  
Guided readings in selected literature.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

## CHIS 891 - Independent Study Church History:

**Credits:** 1-3  
Research on an individual basis dealing with selected problems in the field of Church History.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

## CHIS 892 - Independent Study Adventist Studies:

**Credits:** 1-3  
Research on an individual basis dealing with selected problems in the field of Adventist Studies.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Independent  
**College Code:** SEM

## CHIS 895 - Directed Reading in Adventist Studies

**Credits:** 1-6  
Guided readings in selected literature.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable

**Schedule Type:** Independent  
**College Code:** SEM

### CHIS 940 - Seminar:

**Credits:** 3  
Selected issues in Church History.

**Course Attribute:** Theology  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### CHIS 944 - Seminar in Adventist Studies:

**Credits:** 3  
Selected issues in Adventist Studies.

**Course Attribute:** Theology  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### CHIS 974 - Seminar in Development of Seventh-day Adventist Doctrines

**Credits:** 3  
The development of such doctrines as the Sabbath, sanctuary, atonement, righteousness by faith, conditionalism, and premillennialism within the Seventh-day Adventist Church.

**Course Attribute:** Theology  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

## Discipleship & Lifespan Education

### DSLE 503 - Marriage, Family, and Interpersonal Relationships

**Credits:** 2,3  
Current issues in marriage and family are discussed, and available resources are explored. The dynamics of interpersonal relationships are examined and students are challenged to emulate Christ's example as they interact with persons from all segments of society. (Relates to NCFR Content Area #5 - Interpersonal Relationships.)

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### DSLE 507 - Introduction to Chaplaincy Ministry

**Credits:** 2  
Describes various models of chaplaincy and how they mold the chaplain's roles as spiritual care providers in institutions to inform and/or expand their own chaplaincy style. Explores ethical and diversity issues within chaplaincy. Envisions the place of chaplaincy within the Adventist Church in the future. Challenges students to grow in biblical spirituality.

**Course/Lab Fee:** No  
**Course Attribute:** Chaplaincy  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 534 - Ministry to Youth and Young Adults

**Credits:** 2,3  
Designed to acquaint students with the opportunities for ministry to and with young people in the church, school and home. The biblical principles of youth ministry leadership, within the context of the church community, are given primary emphasis.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 541 - Foundations of Biblical Spirituality

**Credits:** 2,3  
Study and practice of Biblical spirituality designed to lead students to growth in their personal spiritual lives.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### DSLE 542 - Advanced Foundations of Biblical Spirituality

**Credits:** 2,3  
In-depth study and practice of specific issues and activities of the spiritual life.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** DSLE 541.  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 543 - Assessment and Treatment of Victims of Violence

**Credits:** 2  
Examination of assessment issues, approaches, and barriers to effective treatment when working with victims of domestic violence, adult survivors of sexual abuse, victims of rape, incest survivors, and child sexual-assault victims. Interpretation of assessment findings included. Short- and long- term therapy options including specific techniques are explored. Prerequisites: SOWK401 and 402 or SOWK501 or permission of instructor.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 546 - Marriage and Family

**Credits:** 2,3  
Examination and development of pastoral tools for pre-marriage and marriage counseling. Includes study of theological, psychological, and sociological principles and applications for the life cycle of the family.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 547 - Understanding Trauma

**Credits:** 2  
Students understand the basics of psychological trauma and its impact on the lives of individuals, families and communities with an emphasis on adverse childhood experiences (ACEs). Students will learn to identify the various types of trauma, methods to support healing, and how to advocate for trauma recovery in communities and organizations.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 564 - Discipling Young Adults

**Credits:** 2,3  
Formulation of a comprehensive plan for discipling young adults. Treats topics such as: small groups, sexuality, dating; music and other issues.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** DSLE 534.  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### DSLE 568 - Treatment of Substance Abuse

**Credits:** 2  
An overview of treatment techniques and basic prevention strategies including specific training in assessment and therapeutic techniques, examining the relationship between etiology and treatment. Treatment evaluation discussed. At-risk, vulnerable populations receive special consideration.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 605 - Foundations in Discipleship & Lifespan Education

**Credits:** 2,3  
Focuses on current and historical theoretical approaches to Christian education and discipleship across the lifespan. An introduction to procedures needed to implement, maintain and evaluate religious/spiritual learning in the church and school.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Spring  
**College Code:** SEM

### DSLE 606 - Philosophical Foundations for Professionals

**Credits:** 2,3  
Examines philosophical and theological bases of major worldviews and critiques the impact of naturalism and post-modernism on religion, education, religious education, and psychology from a Christian perspective. Preferably taken in the first year of any Religious Education program.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### DSLE 607 - Intergenerational Ministry

**Credits:** 2  
This course examines the diversity and challenges of ministering to multiple generations in the same church family. Participants explore ways to bridge the generation gaps and how to help older adults find ways of ministering in the local congregation through mentoring, intergenerational relationships, and other older adult opportunities.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### DSLE 608 - Youth and Young Adults in Contemporary Culture

**Credits:** 2,3  
A study of current developments in youth culture and the influence of youth culture on young people both in the church and the community. Students formulate a strategic response relevant to Seventh-day Adventist ministry to youth.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 610 - Teaching for Discipleship

**Credits:** 2,3  
Educational strategies based on current research in learning theory and human development, and family life education, enhancing skills in planning learning events for church, community and school. Instruction and assessment focused on transformation of behavior and values, taking into account the teaching and discipling mandate of the Gospel Commission. Meets three hours per week. (Relates to NCFR Content Area #10 - Family Life Education Methodology)

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 615 - Collaborative Ministry: School, Church, Community

**Credits:** 2,3  
Participation of the pastor in the development, promotion and support of Adventist education and schools as creative centers for community life and learning. Fostering discipleship as a catalyst for community engagement with secular society.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 616 - Collaborative Ministry: Partnering in Discipleship and Mission

**Credits:** 2  
Helping educators and pastors to collaborate together in the development, promotion and support of Adventist education and schools as creative centers for community life and learning. Fostering discipling as a catalyst for community engagement with secular society.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Interactive Online  
**Term Offering:** Fall  
**College Code:** SEM

### DSLE 619 - Religious Experience in Adolescence

**Credits:** 2,3  
A survey of the literature on the tasks of adolescence with particular emphasis on how this developmental stage impacts acceptance of or alienation from religion. An investigation into how adolescents develop and experience faith and the various influences—such as parents, peers, church, school and media.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 620 - Scholarly and Professional Development

**Credits:** 0  
Students develop sustainable habits of scholarship including attendance at planned seminars and professional conferences, reading scholarly journals and maintaining a vibrant spiritual life. DG will be given until portfolio is presented as part of comprehensive examination (or thesis defense).

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### DSLE 626 - Discipling At-Risk Youth

**Credits:** 2,3  
This course addresses the theory, practice and application of helping skills to at-risk youth. Emphasis is placed on biblical solutions to real life secular problems. Students will experience and develop effective social skills to work with at-risk youth, focusing on prevention, redirection and restoration skills.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

## DSLE 630 - Fostering Spiritual Growth

**Credits:** 2,3

Explores spiritual growth from both a theological and social science perspective. Evaluates models for answering, What is spiritual growth? and What is involved in facilitating it? Explores the role of all church ministries in fostering spiritual growth.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## DSLE 633 - K-12 Faith Development & Bible Methods

**Credits:** 2,3

A holistic approach to Bible teaching, including biblical discipleship and best practice in education. Elementary and secondary school Bible curriculum by grades and by units with special emphasis on growth of knowledge and holistic faith development, appropriate teaching and learning strategies, and materials. Fifteen hours field experience required. Satisfies SDA certification requirements for Bible methods.

**Course/Lab Fee:** Yes

**Course Attribute:** Bible Teaching

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Interactive Online

**Year Offering:** Annually

**Term Offering:** Spring, Summer

**College Code:** SEM

## DSLE 635 - Christian Perspectives on Professional Ethics

**Credits:** 2,3

Students will examine their personal beliefs and values in relation to ethical and diversity issues. Students will also apply professional Codes of Ethics to practice dilemmas they may face in the fields of social work and family life using a Christian theological framework. (Relates to NCFR Content Area #9 - Professional Ethics & Practice.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## DSLE 636 - Discipling Youth

**Credits:** 2,3

Formulation of a comprehensive plan for discipling youth. Areas of emphasis can include but are not limited to: campus chaplaincy, childhood, adolescence, African American, Hispanic, and youth evangelism.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** DSLE 534 or permission of professor.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## DSLE 648 - Workshop: \_\_\_\_\_

**Credits:** 1-3

Examination and application of principles and strategies in Religious Education.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Workshop

**College Code:** SEM

## DSLE 651 - Foundations of Biblical Counseling

**Credits:** 2,3

Equips students to apply biblical principles of counseling concepts and psychological insights to human challenges in the emotional, spiritual, cognitive, and behavioral aspects of life.

**Course/Lab Fee:** No

**Course Attribute:** Pastoral Care

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## DSLE 652 - Personal and Family Finance

**Credits:** 3

Designed to explore the management of personal and family finances and to help

the student understand and teach household budgeting, the use and cost of credit, life, property and umbrella insurance, savings and investing. This course emphasizes the principles of stewardship; the recognition that our financial assets are God-given to not only satisfy our needs and wants, but to also be a blessing to others. (Relates to NCFR Content Area #6 - Family Resource Management.)

**Course/Lab Fee:** Yes

**Course Attribute:** Finance

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** SEM

## DSLE 655 - Families in Society

**Credits:** 3

An introduction to family-life education and the mission and methods of family ministry within a leadership perspective. Also explores family relationships to other entities, such as educational, government, religious, healthcare and occupational institutions in society. (Relates to NCFR Content Area #1 -Families & Individuals in Societal Contexts.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## DSLE 656 - Counseling Youth and Young Adults

**Credits:** 2,3

Application of counseling theories and techniques to counselees in their teens and twenties. Students engage in actual counseling experiences and submit reports for self and instructor critiques.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHMN 550 recommended for MDiv students.

**Schedule Type:** Lecture

**College Code:** SEM

## DSLE 657 - Social Policy

**Credits:** 2,3

Develops basic knowledge and skills for policy analysis, formulation and critical challenge within local and international contexts. Examines the determining factors affecting public policy in the United States as compared with other systems. Provides framework for analysis of social problems and policies, as they impact development and social service practice, particularly with families. (Relates to NCFR Content Area #8 - Family Law and Public Policy.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## DSLE 658 - Internal Dynamics of Families

**Credits:** 3

A study of family systems theory and its application to key issues in internal family dynamics. (Relates to NCFR Content Area #2 –Internal Dynamics of Families.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## DSLE 659 - Human Sexuality

**Credits:** 3

An understanding of the development and main tenets of interpersonal relationships, and a study of the character and quality of human social conduct. Also examines human sexuality, and studies the physiological, psychological, emotional and social aspects of sexual development and the Christian's response to this God-given gift. (Relates to NCFR Content Area #4 - Human Sexuality.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## DSLE 661 - Wholistic Health and Aging

**Credits:** 2

This course goes from theory to practice in developing an older adult ministry, examining the physical, mental health, emotion and spiritual aspects of aging. The unique challenges in each of these areas will be presented along with concrete

suggestions for ministry to the needs of this growing population.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### DSLE 662 - Field Practicum: Professional

**Credits:** 1-6  
Can only be done after the student has completed 24 credits in the MA in DSLE program. Practical training in a variety of field activities. An individual contract is developed between the student and a seminary faculty member that includes field supervision of that work, and the writing of a final product or report. Guidelines are available.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Practicum  
**College Code:** SEM

### DSLE 664 - Advanced Campus Ministry

**Credits:** 3  
Examines the vision, goals and implementation strategies for campus ministry through an understanding of organizational behavior, and mobilization of student leadership. Group strategies, relationship building and networking, and working with Adventist resources are emphasized. Breakout sessions focus on public and Christian campuses to meet needs of professionals in both settings.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### DSLE 669 - Reaching the Secular Mind

**Credits:** 2,3  
Describes popular worldviews found in academic settings and explores strategies for Christian young adults to maintain their own faith and to present the gospel in terms understandable to the unchurched. Includes a consideration of how to plan informal learning events that focus on behavior and value changes.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 670 - Reaching Out: Institutional Settings; Families and Caregivers for Seniors

**Credits:** 2  
Opportunities to serve the aging already abound, including the elderly living in our own neighborhoods and throughout our communities. The vast majority (90+%) live in their own homes or with their own families; 2/3 of those over 85 live in their own homes or with their families. 85% of those with dementia live in the communities (not in institutions). Further, loneliness in seniors is widely recognized as "an epidemic": "1.4 million elderly report feeling lonely", "while 80 years and older say that up to 80 per cent of the time they feel lonely". This course provides an overview of this situation, a profile of those in our communities, and considers how we might respond.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### DSLE 675 - Ministry to Children

**Credits:** 2,3  
Designed to acquaint students with the opportunities for ministry to and with children in the church, school and home. The biblical principles of child leadership, within the context of the church community, are given primary emphasis.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** SEM

### DSLE 676 - Topics: \_\_\_\_\_

**Credits:** 1-3  
Themes to be covered are announced in the current class schedule.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### DSLE 677 - Ministry to Older Adults

**Credits:** 2  
This survey course is designed to acquaint students with the opportunities for ministry to older adults in the church, institutions and home. It also explores the emotions, experiences, and needs of the senior adult. The biblical principles of senior ministry leadership, within the context of the church community, are given primary emphasis. Topics: Designing an older adult ministry program in church, outreach to older adults in the community, discipling older adults, assessing an older adult ministry program for effectiveness, senior ministry leadership, older adult ministry models in the NAD and Globally.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### DSLE 678 - Spiritual Nurture of Children

**Credits:** 2,3  
Examines the spiritual needs of children and young adolescents in light of their physical, social, emotional, and mental development. Considers the nurturing roles of parents and teachers in the church and day school. Practicum activity required.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 679 - Parenting Education and Guidance

**Credits:** 3  
Examines the changing roles and responsibilities of parents; child-rearing practices, including spiritual nurture of children; safety and protection for children; diverse parenting situations; and decision-making about parenthood. Examines the dynamics and needs in the changing nature of parent/child relationships. Develops skills in parenting education, integrating a Christocentric purview. (Relates to NCFR Content Area #7 - Parent Education and Guidance.)

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 681 - Field Practicum: Academic

**Credits:** 1-6  
Supervised discipleship in lifespan education experience in a chosen area of specialty, such as Bible Teaching and Religious Education. Permission of advisor and practicum supervisor required.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Practicum  
**College Code:** SEM

### DSLE 685 - Cultural Concerns, Global Aging, Diversity and Gender

**Credits:** 2  
This course aims to help prepare us to exercise what the Bible calls "true religion" (Ja 1:27), honoring the aged among us as we honor our parents (Ex 20; Lev 19:32; Mat 15; Eph 6; 1 Tim 5). Honor, understood biblically, is holistic and integrated, just as human beings are holistically integrated with their histories, cultures, languages, families, religions, and personal life stages. To engage positively and wisely we must acknowledge these real differences in our neighborhoods and institutions of care and learn to express our care with understanding and respect. We will look together at some of the barriers and opportunities for more sensitive, compassionate, and fruitful ministries of care.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### DSLE 688 - MA (Discipleship in Lifespan Education) Program Continuation

**Credits:** 0  
Allows off-campus master's students during their coursework phase to maintain active status and to have access to the James White Library electronic resources.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)

**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### DSLE 690 - Independent Study: \_\_\_\_\_

**Credits:** 1-3

**Course/Lab Fee:** No  
**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Prerequisite(s):** Permission of advisor and instructor required.  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** SEM

### DSLE 699 - Thesis

**Credits:** 1-3  
Master's thesis.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 3 credits  
**Schedule Type:** Independent  
**College Code:** SEM

### DSLE 705 - Theological and Historical Perspectives on Discipleship

**Credits:** 4  
Examines the biblical and theological basis for discipleship, spiritual life, and Christian experience as well as how this theology has been understood and experienced in the history of the church and the lives of believers. Critiques contemporary forms of spirituality to enable students to discern truth from counterfeit.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**Term Offering:** Spring  
**College Code:** SEM

### DSLE 707 - The Personal Practice of Discipleship and Biblical Spirituality

**Credits:** 8  
Covers a historical view of those devotional practices outlined in Scripture, Ellen White and significant devotional writers that lead to Christian formation. Provides a praxis model of reflection upon and engagement with those spiritual practices and patterns of life that define who we are as disciples of Jesus.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**Term Offering:** Spring  
**College Code:** SEM

### DSLE 708 - Mentoring and Coaching for Discipleship

**Credits:** 4,5  
This course will equip participants for assisting in the Christian formation and discipling of others through spiritual mentoring and coaching. It will develop an understanding of how the age, temperament and developmental stage of a mentoree helps to determine the most effective model for discipling.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### DSLE 709 - Constructs of Corporate Ministry for Discipleship

**Credits:** 5  
Explores constructs of corporate ministry that will enhance growth in Christian formation and discipleship within the context of the church and wider community. A corporate life of mission and ministry to others through loving and maturing relationships will be developed.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**Term Offering:** Spring  
**College Code:** SEM

### DSLE 710 - Current Issues in Youth and Young Adult Ministry

**Credits:** 4  
Students study selected issues in youth and young adult ministry, including adolescent development, inter-generational relationships, and the challenges of popular culture. They learn how to build specialized approaches in youth ministry. Selected issues in youth and young adult ministry, including adolescent development, inter-generational relationships, loss and reclamation of youth and young adults, Adventist education, popular culture, emergent church, and the call and mission of young people for God's kingdom and the church. Building specialized approaches in youth and young adult ministry.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 720 - Professional Development

**Credits:** 1,2  
Represents student initiatives for developing sustainable habits of scholarship including such things as attendance at special-event lectures, and professional conferences, reading professional or scholarly journals; and maintaining a vibrant spiritual life. DG will be given until experiences are documented in the portfolio.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Each summer two intensives in the Family Ministry Concentration are offered. GDPC 614 Human Development or equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 721 - Perspectives on Youth and Young Adult Ministry Leadership Strategies

**Credits:** 5  
This module will explore the various leadership roles and functions involved in youth and young adult ministry. It includes: youth and young adult ministry leadership principles, planning and leading major events, implementing change, leadership in youth evangelism, developing people helping skills, life cycle of a youth and young adult ministry.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 747 - Ministry to Families in Context

**Credits:** 4,5  
Provides an introduction to family ministry and the challenges of ministry to contemporary families based on an understanding of their religious, social, educational, occupational, and governmental/legal contexts. Marriage as the core social institution of the family will be emphasized as will current family and public policy.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**Term Offering:** Summer  
**College Code:** SEM

### DSLE 748 - Family Dynamics and Sexuality

**Credits:** 4,5  
This module addresses ministry to families based on an understanding of family systems, the family-life cycle, human-relationship processes and human sexuality.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### DSLE 749 - Family as a Center for Discipleship

**Credits:** 5  
Considers the mission of the home to foster discipleship—within the marriage relationship and in the parenting of children, with the wider family circle of relatives, and with friends and neighbors in the community. Special emphasis will be placed on the dynamics of parent-child relationships and parenting responsibilities with a particular emphasis on transmitting a heritage of faith to the next generation.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning  
**Term Offering:** Summer  
**College Code:** SEM

### DSLE 755 - Families in Society

**Credits:** 2  
An exploration of issues germane to family life education, and the mission and methods of family ministry within a leadership perspective.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** GDPC 614 Human Development or equivalent.  
**Schedule Type:** Lecture  
**Term Offering:** Summer  
**College Code:** SEM

### DSLE 757 - Family Law and Public Policy

**Credits:** 3  
An exploration of issues which identify social problems affecting families and how family law and public policies relate to social services for children and families.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** GDPC 614 Human Development or equivalent.  
**Schedule Type:** Lecture  
**Term Offering:** Summer  
**College Code:** SEM

### DSLE 758 - Internal Dynamics of Families

**Credits:** 4,5  
A study of family-systems theory with applications to issues in internal family dynamics and in congregational dynamics as a family system.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### DSLE 759 - Human Sexuality

**Credits:** 2,3  
An understanding of, and skill development in, interpersonal relationships and a study of human social conduct with emphasis on congregational life. Also studies the physiological, psychological, emotional, and social aspects of human sexuality and the Christian response to this God-given gift. Examines measures for preventing clergy sexual misconduct.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** GDPC 614 Human Development or equivalent.  
**Schedule Type:** Lecture  
**Term Offering:** Summer  
**College Code:** SEM

### DSLE 765 - Advanced Youth and Young Adult Ministry

**Credits:** 5  
Builds on knowledge of youth and young adult ministry and advances to a greater depth in such areas as: understanding youth culture, youth evangelism, small groups in youth and young adult ministry, sexuality, music, camping, short-term missions, risk management, contemporary worship, and youth as the present and future of the church.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 779 - Parenting Education and Guidance

**Credits:** 3  
Examines the changing roles and responsibilities of parents; child-rearing practices, including spiritual nurture of children; safety and protection for children; diverse parenting situations; decision making about parenthood. Develop skills in parenting education, integrating a Christocentric purview.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** GDPC 614 Human Development or equivalent.  
**Schedule Type:** Lecture  
**Term Offering:** Summer  
**College Code:** SEM

### DSLE 830 - Advanced Fostering Spiritual Growth

**Credits:** 3  
Examines the contributions of theology and the social sciences to a theoretical understanding of how the spiritual life is formed in the individual and considers strategies to foster spiritual growth.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 840 - Nonformal Learning

**Credits:** 3  
A philosophical and practical approach toward teaching strategies in diverse cultural, non-formal settings, with consideration given to literacy issues in the developing world.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 850 - Theological Foundations of Christian Teaching

**Credits:** 3  
Theistic assumptions and biblical models that identify the goals of Christian education and undergird a theology of Christian teaching applicable to discipling and teaching ministries.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 860 - Teaching Religion in College

**Credits:** 3  
Furnishes PhD in Religious Education students with insights into the practice of using basic techniques, tools and procedures for meaningful religious education.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 870 - Advanced Studies: \_\_\_\_\_

**Credits:** 1-4  
Individual or group studies in a specific area of Religious Education designed to meet program competencies.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Special Approval:** Advisor or instructor permission required.

**College Code:** SEM

### DSLE 878 - Advanced Scholarly and Professional Development

**Credits:** 0  
Represents student initiatives for developing sustainable habits of scholarship and includes such things as attendance at colloquia, special-event lectures, and professional conferences; presentation of scholarly papers; and teaching experiences.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 880 - PhD (Discipleship in Lifespan Education) Program Continuation

**Credits:** 0  
Allows off-campus doctoral students during their coursework phase to maintain active status and to have access to the James White Library electronic resources.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable

**Schedule Type:** Independent  
**College Code:** SEM

### DSLE 885 - Field Practicum: \_\_\_\_\_

**Credits:** 1-5  
Supervised religious education experience for the advanced student's chosen area of specialty such as family life, children's ministry, youth ministry, academy or college teaching, editorial work, etc. Permission of advisor and practicum supervisor required.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Practicum  
**College Code:** SEM

### DSLE 887 - Applied Research

**Credits:** 1-3  
A planned research experience dealing with a research question in the area of religious education. The student identifies a faculty member or members with whom to engage in collaborative research study leading to joint publication. Project to support competency for dissertation research.

**Course/Lab Fee:** No  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### DSLE 890 - Directed Reading

**Credits:** 1-6  
**Course/Lab Fee:** No  
**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### DSLE 930 - Seminar: \_\_\_\_\_

**Credits:** 3  
Group study in specified areas of Religious Education.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**Special Approval:** Advisor or instructor permission required.  
**College Code:** SEM

### DSLE 950 - Synthesis in Discipleship in Lifespan Education

**Credits:** 2  
A capstone course in which students synthesize their learning experiences by examining the structure of the discipline, discussing its major issues, and reviewing its basic literature. Students make portfolio presentations to demonstrate program competencies. Preferably taken in the last semester of course work.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### DSLE 994 - Dissertation: Literature Review

**Credits:** 1-3  
These credits qualify as part of the dissertation sequence for candidates whose dissertations require extensive research in related fields of literature. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** No  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable up to 3 credits  
**Schedule Type:** Independent  
**College Code:** SEM

### DSLE 995 - Doctoral Dissertation

**Credits:** 1-13  
Dissertation credits should be registered for while working on the dissertation. Doctoral candidates may not register for a cumulative total of more than 4 dissertation credits until they have successfully completed EDRM 880 or GSEM

854, and their dissertation proposal has been approved. One credit qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** No  
**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 14 credits  
**Schedule Type:** Independent  
**College Code:** SEM

## New Testament

The mission of the New Testament Department of the Seventh-day Adventist Theological Seminary is to treasure and promote the knowledge, understanding, and life-application of the New Testament and the good news about Jesus Christ, the Son of God.

The department seeks to do this through teaching, preaching, lecturing, research, and writing. Its horizon includes biblical languages, interpretation, theology, backgrounds, archaeology, and the origins of the Christian movement.

## New Testament Studies

### NTST 515 - New Testament Backgrounds

**Credits:** 2,3  
The political, cultural, and religious situation in the New Testament world, with an introduction to the major primary sources.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### NTST 520 - Introduction to the New Testament

**Credits:** 2  
An introduction and survey of the New Testament.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### NTST 525 - Revelation

**Credits:** 2  
An exegetical approach to the book of Revelation, with special emphasis on selected passages.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite/Corequisite:** Must have met the beginning Greek requirement or be enrolled in NTST 551.  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### NTST 530 - Introduction to Revelation

**Credits:** 2  
An introduction and survey of the book of Revelation.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

## NTST 535 - Studies in the Pauline Writings

**Credits:** 2,3

Study of selected letters of Paul. Greek not required. Not applicable to MDiv credit.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 536 - Studies in the Gospels

**Credits:** 2,3

Study of a selected book or books of the Gospels. Greek not required. Not applicable to MDiv credit.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## NTST 537 - Studies in Acts and General Epistles

**Credits:** 2,3

Study of a selected book or books from either Acts or the General Epistles. Greek not required. Not applicable to MDiv credit.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 538 - Studies in Hebrews

**Credits:** 2,3

Study of Hebrews. Greek not required. Not applicable to MDiv credit.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## NTST 539 - Studies in Revelation

**Credits:** 2,3

Study of Revelation. Greek not required. Not applicable to MDiv credit.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## NTST 551 - Beginning Greek

**Credits:** 0,2

An introduction to the grammar and syntax of New Testament Greek for students without a working knowledge of the language. Students taking this course during the summer may not take other classes during the same session.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## NTST 552 - Intermediate Greek

**Credits:** 0,3

Completes the coverage of grammar and syntax and includes extensive reading in the Greek New Testament. Students taking this course during the summer may not take other classes during the same session.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must have passed NTST 551 either by passing the placement exam or the course

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## NTST 567 - Theology of the New Testament (English)

**Credits:** 2,3

Study of selected NT topics. The subject cannot be repeated with the other 500-level course number. Does not presuppose Greek proficiency nor count toward MDiv core requirements or emphases, nor the MA major or minor in New Testament.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

618

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 606 - New Testament Textual Criticism and Canon

### Formation

**Credits:** 2,3

Development and history of the New Testament canon, text and translations.

Meets the New Testament Backgrounds course requirement for the MDiv.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 608 - Advanced Greek Grammar and Syntax

**Credits:** 2,3

An intense and rigorous course to give students high proficiency in the Koine Greek of the New Testament and cognate literature.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 613 - Love, Marriage and Divorce

**Credits:** 2,3

In-depth historical-grammatical study of the New Testament theology of love, sexual expression, marriage and divorce in the teachings of Jesus and the apostles.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 614 - Suffering, Death and Resurrection

**Credits:** 2,3

In-depth historical-grammatical study of the New Testament theology of suffering, death and resurrection in the teachings of Jesus and the apostles.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 615 - New Testament Archaeology

**Credits:** 2,3

A study of the archaeological evidence that contributes to a better understanding of the political, religious, and cultural context in which the New Testament was written.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 616 - Theology of Luke-Acts

**Credits:** 2,3

In-depth study of selected themes in Luke-Acts.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 618 - Syriac

**Credits:** 2,3

Basic elements of grammar and syntax with a practical vocabulary; attaining proficiency in reading to enable continued independent study; comparisons with Hebrew for a better understanding of biblical Hebrew in its Semitic setting.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 623 - New Testament Theology of Prayer

**Credits:** 2,3

In-depth historical-grammatical study of the prayers in the New Testament ranging

from Jesus' prayers to prayers in Acts and the Epistles and the theology of prayer as expressed by various New Testament writers.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 626 - Seminar in Classical Jewish Literature

**Credits:** 2,3

Reading in classical religious texts of Judaism. Sources include liturgical, Hellenistic, Rabbinic, and medieval texts. Identical to OTST 626.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Required languages vary according to the subject matter.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**College Code:** SEM

### NTST 627 - New Testament Theology of Salvation

**Credits:** 2,3

In-depth historical-grammatical study of the concepts of sin and salvation in the New Testament.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 628 - The Holy Spirit in the New Testament

**Credits:** 2,3

In-depth historical-grammatical study of the person and the work of the Holy Spirit in the New Testament.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 629 - New Testament Ecclesiology

**Credits:** 2,3

A comprehensive study of the nature, structure, ministry and activities of the church in New Testament times.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 630 - Theology of the Synoptic Gospels

**Credits:** 2,3

In-depth study of selected themes in the synoptic gospels.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 633 - Social Issues in the New Testament

**Credits:** 2,3

In-depth study of selected New Testament passages regarding the involvement of individual believers and the church in addressing human need.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 634 - Theology of the Pauline Epistles

**Credits:** 2,3

In-depth study of selected themes in the Pauline Epistles.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 635 - Intertestamental Literature

**Credits:** 2,3

Selected studies in the Old Testament, Apocrypha, Pseudepigrapha, and the Dead Sea Scrolls in the context of the history and culture of Judaism of the Intertestamental Period and their relationships to the Old and New Testaments. Particular topics announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 636 - Jerusalem in the Time of Jesus

**Credits:** 2,3

A study of the geography, history, culture and archaeology of the city of Jerusalem focused particularly on the time of Jesus and the events surrounding his crucifixion.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 641 - Theology of the Johannine Writings

**Credits:** 2,3

In-depth study of selected themes in the Johannine Writings.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 644 - Readings in the Septuagint

**Credits:** 2,3

Readings of selected passages in the Septuagint and learning how to use the apparatus in the standard editions of the Septuagint. Identical to OTST 660 - Readings in the Septuagint.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 - Intermediate Greek either by passing the placement exam or by earning at least a C in the course. Must pass OTST 552 - Biblical Hebrew II either by passing the placement exam or by earning at least a C+ in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 645 - Hebrews

**Credits:** 2,3

In-depth study of Hebrews.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### NTST 646 - Topics in New Testament Exegesis

**Credits:** 2,3

Studies in hermeneutical principles and procedures requisite to New Testament interpretation and/or in various sections of the New Testament.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 647 - Eschatology

**Credits:** 2,3

A study of nature and method of NT eschatology with a Christ-centered emphasis, an overview of the eschatology of the OT and Intertestamental period as the primary backgrounds to NT eschatology, and an intensive study of the key NT texts.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 648 - Revelation

**Credits:** 2,3

In-depth study of selected key chapters of Revelation.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** GSEM 511 or GSEM 627. Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 650 - Great Controversy, Covenant, Law and Sabbath

**Credits:** 2,3

Study of key New Testament passages on the Great Controversy, covenant law and Sabbath in their canonical and theological contexts.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 653 - Advanced Studies in the General Epistles

**Credits:** 2,3

The epistle(s) chosen from among James, 1 Peter, 2 Peter, Jude, and 13 John announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 654 - Second Century Christianity

**Credits:** 2,3

A study of the line of development from the writings and communities of the New Testament to the literature and movements of the post-apostolic period.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 655 - Advanced Studies in the Gospels

**Credits:** 2,3

The Gospel(s) to be studied are announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 658 - Advanced Studies in the Pauline Writings

**Credits:** 2,3

The letter(s) of Paul to be studied are announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 either by passing the placement exam or by earning at least a C in the course.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 665 - Coptic

**Credits:** 2,3

Basic elements of Coptic grammar and syntax, readings in the Coptic New Testament and other Coptic literature.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 667 - Topics in New Testament Theology

**Credits:** 2,3

A study of selected themes in New Testament theology or of the structure of New Testament theology as a whole. Topics announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 by passing the placement exam or by earning at least a C in the course

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 668 - New Testament Ethics

**Credits:** 2,3

A study of the ethical teachings of the New Testament, their relation to New Testament theology, and their implications for contemporary Christian living.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 by passing the placement exam or by earning at least a C in the course

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 676 - Jesus in Recent Scholarship

**Credits:** 2,3

Advanced studies in the person and proclamation of Jesus and the ways Jesus has been understood in various, significant 'lives' of Jesus, including current Jewish assessments. Seeks to give a biblical answer to Jesus' question, "Who do you say that I am?"

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 by passing the placement exam or by earning at least a C in the course

**Schedule Type:** Lecture

**College Code:** SEM

## NTST 677 - Seminar in New Testament Issues

**Credits:** 2,3

Topics announced in the Class Schedule.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**Special Approval:** Admission for non-doctoral students by permission of professor.

**College Code:** SEM

## NTST 678 - Seminar in Greek Exegesis

**Credits:** 2,3

Particular books or passages to be exegeted are announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 by passing the placement exam or by earning at least a C in the course

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**Special Approval:** Admission for non-doctoral students by permission of professor.

**College Code:** SEM

## NTST 679 - Seminar in New Testament Theology and Ethics

**Credits:** 2,3

An examination of one or more major theological or ethical themes of the New Testament. Particular themes announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 by passing the placement exam or by earning at least a C in the course

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**Special Approval:** Admission for non-doctoral students by permission of professor.

**College Code:** SEM

## NTST 680 - Greco-Roman World

**Credits:** 2,3

Aspects of the culture, history, and religion of the Greco-Roman world bearing on New Testament interpretation.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 684 - Judaism and the New Testament

**Credits:** 2,3

A study of the Jewish background of the New Testament, including the contemporary history, culture, religion, and literature.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 689 - Seminar in New Testament Backgrounds

**Credits:** 2,3

Particular topics announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**College Code:** SEM

### NTST 690 - Independent Study

**Credits:** 1-4

Research on an individual basis dealing with problems in the field of the New Testament. Only open to students who have completed core New Testament requirements. See Seventh-day Adventist Theological Seminary.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### NTST 695 - Topics in New Testament Backgrounds

**Credits:** 2,3

Course deals with selected themes.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 696 - Seminar in Hellenistic Greek

**Credits:** 2,3

Selected readings in and analysis of various sources such as the Greek New Testament, Septuagint, papyri, Josephus, Philo, Apostolic Fathers, or related texts.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 by passing the placement exam or by earning at least a C in the course

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**Special Approval:** Admission for non-doctoral students by permission of professor.

**College Code:** SEM

### NTST 808 - Advanced Greek Grammar and Syntax

**Credits:** 3

An intense and rigorous course to give students high proficiency in the Koine Greek of the New Testament and cognate literature.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST552 either by passing the placement exam or by earning at least a B+ in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 835 - Seminar in Hellenistic Greek

**Credits:** 3

Selected readings in and analysis of various sources such as the Greek New Testament, Septuagint, papyri, Josephus, Philo, Apostolic Fathers, or related texts.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST552 by passing the placement exam or by earning at least a B+ in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 844 - Readings in the Septuagint

**Credits:** 2,3

Readings of selected passages in the Septuagint and learning how to use the apparatus in the standard editions of the Septuagint.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST552 Intermediate Greek either by passing the placement exam or by earning at least a C in the course. Must pass OTST 552 Biblical Hebrew II either by passing the placement exam or by earning at least a C+ in the course.

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 885 - Topics in

**Credits:** 1-3

Classroom setting research dealing with selected problems in the field of New Testament.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** SEM

### NTST 890 - Directed Reading in New Testament Studies

**Credits:** 1-8

Guided readings in selected literature.

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Independent

**College Code:** SEM

### NTST 897 - Independent Study:

**Credits:** 1-3

Research on an individual basis dealing with selected problems in the field of New Testament.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### NTST 920 - Seminar in New Testament Backgrounds

**Credits:** 2,3

Particular topics announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**College Code:** SEM

### NTST 940 - Seminar in New Testament Exegesis and Hermeneutics:

**Credits:** 3

Exegesis in New Testament books or passages and/or studies in particular topics such as the history of New Testament exegesis and hermeneutics.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 by passing the placement exam or by earning at least a B in the course

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**College Code:** SEM

### NTST 945 - Seminar in Biblical Theology

**Credits:** 2,3

Major theological themes and thought patterns of the Bible with special attention to such subjects as the unity of the Bible, the relation between the testaments, and biblical authority. Identical to OTST 945.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Must pass NTST 552 by passing the placement exam or by earning at least a B in the course

**Repeatable:** Repeatable with different topics

**Schedule Type:** Seminar

**College Code:** SEM

Gerald A. Klingbeil, *Research Professor*

## Old Testament Studies

### ANEA 510 - Archaeology and the Bible

**Credits:** 2,3

The assembling of archaeological and ancient textual material which, interpreted from the philosophical viewpoint of the Bible, emphasizes the accuracy and authenticity of the Scriptures. A study of cultures, customs, languages, and rituals that throw light on the statements of God's Word.

**Course Attribute:** History and Archaeology

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### ANEA 600 - The Early Church to A.D. 604

**Credits:** 2,3

The message and mission of the church; experiences, attitudes, and practices of early Christians, selected for their usefulness to a modern pastor.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### ANEA 604 - History of the Ancient Near East

**Credits:** 2,3

An introduction to the history of the Ancient Near East up to the time of Alexander the Great. Topics alternate between the history of Egypt and the history of Mesopotamia. Emphasis on the intersection with biblical history. Students may take each topic once.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### ANEA 605 - Seminar in Old Testament History

**Credits:** 2,3

Individual research on specific problems for advanced students in Old Testament history.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ANEA 635 or ANEA 604 or equivalent.

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

### ANEA 612 - Ancient Near Eastern Languages

**Credits:** 3

Basic elements of grammar and syntax, with a practical vocabulary, for one of the following languages: Sumerian, Akkadian, Egyptian, Ugaritic, Hittite, Syriac, and Coptic. Language announced in advance.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** OTST 552 and NTST552 or their equivalent.

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** SEM

### ANEA 613 - Paleo-Christian Archaeology

**Credits:** 2,3

A study of the archaeological evidence that contributes to a better understanding of the cultural, political, and religious context from the beginnings of early Christianity into the Byzantine period.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### ANEA 614 - Archaeology of Palestine

**Credits:** 2,3

An introduction to the principles, methods, and results of archaeological research in Palestine, especially in how they impact biblical studies.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### ANEA 615 - Seminar in Archaeology and History of Antiquity

**Credits:** 2,3

The archaeology and historical discoveries and problems related to the Old Testament.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ANEA 510 or ANEA 514 or equivalent and ANEA 614 or equivalent, or permission of instructor.

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

### ANEA 624 - Bible Lands and Their Exploration

**Credits:** 2,3

Countries of the Bible and archaeological explorations carried out in them during the past 150 years; the geographical setting of Bible history; the background, rise, and progress of biblical archaeology; methods employed by archaeologists in using material excavated and found in the Near East. A review of critical approaches to the historical geography of the Bible. (MA students in archaeology must take for 3 units.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### ANEA 625 - New Testament Archaeology

**Credits:** 2,3

A study of the archaeological evidence that contributes to a better understanding of the political, religious, and cultural context in which the New Testament was written. (MA students in archaeology must take for 3 units.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### ANEA 630 - Archaeological Field Work

**Credits:** 1-8

In connection with the Andrews-sponsored archaeological expeditions, qualified students obtain practical training in archaeological field work by assisting in the supervising of excavations, drawing, registering, reading of pottery, and kindred work.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 12 credits

**Schedule Type:** Lecture

**College Code:** SEM

### ANEA 635 - History of Israel

**Credits:** 2,3

An introduction to the history of Israel in the pre-monarchial, monarchial, and post-monarchial periods.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 636 - Jerusalem in the Time of Jesus**

**Credits:** 2,3

A study of the geography, history, culture and archaeology of the city of Jerusalem focused particularly on the time of Jesus and the events surrounding his crucifixion. (MA students in archaeology must take for 3 units.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 638 - Archaeology in Evangelism**

**Credits:** 2,3

An introduction to the use of archaeology in evangelistic settings. Field projects are observed and presented by students.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ANEA 510 or equivalent.

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 640 - Research, Method and Theory in Archaeology**

**Credits:** 2,3

An introduction to research techniques and tools in the discipline of archaeology. Distinctive concepts and selected topics in archaeological methodology and theory.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 654 - Second Century Christianity**

**Credits:** 2,3

A study of the line of development from the writings and communities of the New Testament to the literature and movements of the post-apostolic period. (MA students in archaeology must take for 3 units.)

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 690 - Independent Study**

**Credits:** 1-3

Individual research work on specific problems for students who have completed basic courses in Archaeology. See general guidelines under Academic information.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **ANEA 695 - Directed Studies**

**Credits:** 3

Course deals with selected themes. Can be used only by preapproval from the student's program director and the teacher.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Independent

**College Code:** SEM

### **ANEA 805 - Historical Geography of the Ancient Near East**

**Credits:** 3

Advanced Study of the countries of the Bible and archaeological explorations carried out in them during the past 150 years; the geographical setting of Bible history; the background, rise, and progress of biblical archaeology; methods employed by archaeologists in using material excavated and found in the Near East. A review of critical approaches to the historical geography of the Bible.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 810 - Near Eastern Archaeology**

**Credits:** 3

Covers such periods of antiquity as the Bronze Age, Iron Age, Early Christian period, and Byzantine times. A study of ancient artifacts, architecture, and other mainly non-written materials.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ANEA 614 or equivalent.

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 814 - Advanced Archaeology of Palestine**

**Credits:** 3

An advanced study of the principles, methods, and results of the archaeological research in Palestine, with an emphasis on how they impact biblical studies.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 815 - Advanced Archaeology of the New Testament Period**

**Credits:** 3

An advanced study of the archaeological evidence that contributes to a better understanding of the political, religious, and cultural context in which the New Testament was written.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 830 - Advanced Archaeological Field Work**

**Credits:** 1-9

This course is an advanced field work course for doctoral students. It provides guidance and experience in supervising and directing archaeological field research.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** ANEA 630 - Archaeological Field Work

**Prerequisite(s):** ANEA 630 or the permission of the instructor.

**Schedule Type:** Practicum

**College Code:** SEM

### **ANEA 840 - Advanced Research, Method and Theory in Archaeology**

**Credits:** 3

An advanced course in research techniques and tools in the discipline of archaeology, distinctive concepts and selected topics in archaeological methodology and theory.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 880 - Topics in Church History:**

**Credits:** 1-3

Classroom setting research dealing with selected problems in the field of Church History.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 885 - Topics in:**

**Credits:** 1-3

Classroom setting research dealing with selected topics in the field of Archaeology.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

### **ANEA 890 - Directed Reading in History and Archaeology Studies**

**Credits:** 1-6

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### **ANEA 895 - Independent Study in:**

**Credits:** 1-3

Research on an individual basis dealing with selected topics in the field of Archaeology and the History of Antiquity.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

## ANEA 940 - Seminar in Advanced Archaeology and History of Antiquity

**Credits:** 3  
Advanced study in the archaeology and historical discoveries and problems related to the Old Testament.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

## OTST 500 - Survey of the Old Testament

**Credits:** 2,3  
An introductory survey of the history, literature, and backgrounds of the Old Testament for students who have not had such a course on the college level.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## OTST 510 - Archaeology and the Bible

**Credits:** 2,3  
The assembling of archaeological and ancient textual material which, interpreted from the philosophical viewpoint of the Bible, emphasizes the accuracy and authenticity of the Scriptures. A study of cultures, customs, languages, and rituals that throw light on the statements of God's Word.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

## OTST 515 - Introduction to Middle Eastern Languages, Culture and History

**Credits:** 2,3  
An introduction to the languages and/or culture and history of the Middle East, this course is designed to provide a practical general background for students who plan to conduct work or research on or in selected Middle Eastern countries.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## OTST 520 - Introduction to Old Testament Theology

**Credits:** 2,3  
Introduction of Old Testament theology. Distinctive theological concepts of selected books and major theological themes of the whole Old Testament from the perspective of Christian faith. Normally offered off-campus for the MA Ministry students and others who have not taken Hebrew. Not applicable for MDiv credit.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## OTST 545 - Daniel

**Credits:** 2,3  
Exegetical study in selected portions of Daniel.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

## OTST 546 - Studies in Daniel (English)

**Credits:** 2,3  
This course covers selected chapters of Daniel based primarily on the English text with reference to the Hebrew/Aramaic original. Typically offered to students who have not yet taken OTST551 or OTST552. Not applicable for MDiv credit.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

## OTST 551 - Biblical Hebrew I

**Credits:** 0,3  
The fundamentals of biblical Hebrew: a small but practical vocabulary, an understanding of the grammatical structure of the language, and practice in the use of lexicons and commentaries. Aims to provide the minister with a practical study tool.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning, Lecture, Interactive Online  
**College Code:** SEM

## OTST 552 - Biblical Hebrew II

**Credits:** 0,2,3  
Development of reading ability in narrative portions of the Hebrew Bible for the student who has OTST 551 or its equivalent.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning, Lecture, Interactive Online  
**College Code:** SEM

## OTST 556 - Studies in Prophets (English)

**Credits:** 2,3  
This course covers selected books of Prophets based primarily on the English text with reference to the Hebrew/Aramaic original. Typically offered to students who have not yet taken OTST551 or OTST552. Not applicable for MDiv credit.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

## OTST 565 - Survey of the Pentateuch

**Credits:** 2,3  
Interpretation of the Torah (Pentateuch) and exegetical study in selected portions of its books (Genesis, Exodus, Leviticus, Numbers, or Deuteronomy).

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Must have met the beginning Hebrew requirement or be enrolled in OTST 551.  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

## OTST 566 - Studies in the Pentateuch (English)

**Credits:** 2,3  
This course covers selected books of the Pentateuch based primarily on the English text with reference to the Hebrew/Aramaic original. Typically offered to students who have not yet taken OTST551 or OTST552. Not applicable for MDiv credit.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

## OTST 570 - Readings in the Old Testament (English)

**Credits:** 2,3  
Covers selected books/passages of the Old Testament, based primarily on the English text with reference to the Hebrew/Aramaic original, normally offered off campus for the MA Min students and others who have not taken Hebrew. Not applicable for MDiv credit.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** SEM

## OTST 604 - History of the Ancient Near East

**Credits:** 2,3  
An introduction to the history of the Ancient Near East up to the time of Alexander the Great. Topics alternate between the history of Egypt and the history of Mesopotamia. Emphasis on the intersection with biblical history. Students may take each topic once.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## OTST 605 - Seminar in Old Testament History

**Credits:** 2,3  
Individual research on specific problems for advanced students in Old Testament

history.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 635 or OTST 604  
**Schedule Type:** Seminar  
**College Code:** SEM

### OTST 607 - Preaching from the Old Testament

**Credits:** 2,3  
An advanced preaching course focusing on the analysis of the types of Old Testament literature and special themes found in selected passages. Identical to CHMN 607.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 610 - The Great Controversy, Covenant, Law, Sabbath

**Credits:** 2,3  
An exegetical, historical, and theological survey of the themes of covenant, law, and the Sabbath in the Old Testament within the Great Controversy worldview.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 612 - Ancient Near Eastern Languages

**Credits:** 3  
Basic elements of grammar and syntax, with a practical vocabulary, for one of the following languages: Sumerian, Akkadian, Egyptian, Ugaritic, Hittite, Syriac, and Coptic. Language announced in advance.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 and NTST 552 or their equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 614 - Archaeology of Palestine

**Credits:** 2,3  
An introduction to the principles, methods, and results of archaeological research in Palestine, especially in how they impact biblical studies.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 615 - Seminar in Archaeology and History of Antiquity

**Credits:** 2,3  
The archaeology and historical discoveries and problems related to the Old Testament.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 510 or OTST 514 or equivalent and OTST 614 or equivalent, or permission of instructor  
**Schedule Type:** Seminar  
**College Code:** SEM

### OTST 619 - Theology of the Old Testament

**Credits:** 2,3  
Distinctive theological concepts of selected books and major theological themes of the whole Old Testament from the perspective of Christian faith.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### OTST 620 - Seminar in Old Testament Theology

**Credits:** 2,3  
Selected aspects of Old Testament theology, such as the nature and function of Old Testament theology, the method of Old Testament theology, and the development of major theological themes.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### OTST 625 - Biblical Hebrew III

**Credits:** 3  
The reading of substantial portions of various types of prose and poetry in the Hebrew Bible, with attention to matters of syntax.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** - Divinity MDiv: Grade of B+ or higher in OTST 552 or a Hebrew Placement Exam score of 75% or higher. Religion (MA) Specialized Track and Religion (PhD): Grade of A- or higher in OTST 552 or a Hebrew Placement Exam score of 85% or higher.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 626 - Seminar in Classical Jewish Literature

**Credits:** 2,3  
Readings in classical religious texts of Judaism. Sources include liturgical, Hellenistic, Rabbinic, and Medieval texts. Identical to NTST 626.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Required languages vary according to the subject matter.  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### OTST 627 - Jewish Life and Thought

**Credits:** 2,3  
An introduction to Jewish beliefs and theology, liturgy and festivals, and thinking and philosophy as they illuminate approaches to the Bible and Hebrew customs.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### OTST 628 - Methods of OT Exegesis

**Credits:** 2,3  
Introduction to the Masoretic text (Masora, accents, apparatus) and to the various methods and tools of exegesis; provides basic training in applying the exegetical work to selected passages of the Hebrew Bible.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 630 - Archaeological Field Work

**Credits:** 1-8  
In connection with the Andrews-sponsored archaeological expeditions, qualified students obtain practical training in archaeological field work by assisting in the supervising of excavations, drawing, registering, reading of pottery, and kindred work.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable up to 12 credits  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 633 - Social Issues in the Old Testament (Exegesis)

**Credits:** 2,3  
Interpretation and theology of the Old Testament regarding the involvement of individual believers and the covenant community of faith in addressing human need.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 634 - Intertestamental Literature

**Credits:** 2,3  
Selected studies in the Old Testament, Apocrypha, Pseudepigrapha, and the Dead Sea Scrolls in the context of the history and culture of Judaism of the Intertestamental Period and their relationships to the Old and New Testaments. Particular topics announced in advance.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent  
**Repeatable:** Repeatable

**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 635 - History of Israel

**Credits:** 2,3  
An introduction to the history of Israel in the pre-monarchical, monarchical, and post-monarchical periods.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 639 - Studies in Old Testament Exegesis

**Credits:** 2,3  
Exegetical studies in selected sections or themes of the Old Testament.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 640 - The Old Testament and Its Translations

**Credits:** 2,3  
A non-technical survey of the text transmission from antiquity to the present. The terminology and particularities of recent Hebrew Bible editions. Examination in various modern translations of Old Testament passages of textual and theological interest.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 654 - Biblical Aramaic

**Credits:** 2,3  
Study of the essentials of grammar and syntax (with some reference to biblical Hebrew) coordinated with reading and analysis of a substantial part of the Aramaic portions of the Bible.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 658 - Seminar in Ancient Near Eastern Languages

**Credits:** 3  
A study of Ancient Near Eastern languages and/or texts not offered in other courses.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### OTST 659 - Studies in Old Testament Issues

**Credits:** 2,3  
A study of selected issues such as the formation of the Old Testament canon, questions of introduction, historicity of Genesis 1-11, Messianism, and Old Testament eschatology.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 660 - Readings in the Septuagint

**Credits:** 2,3  
Reading of selected texts in the Septuagint and learning how to use the apparatus in the standard editions of the Septuagint.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** NTST 552 and OTST 552 or their equivalent.  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 664 - Pentateuch

**Credits:** 2,3  
Exegetical study in selected portions of Genesis, Exodus, Leviticus, Numbers or Deuteronomy.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 666 - Historical Books

**Credits:** 2,3  
Exegetical study in selected portions of Joshua, Judges, Ruth, Samuel, Kings, Chronicles, Ezra, Nehemiah or Esther.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 668 - Psalms/Wisdom Literature

**Credits:** 2,3  
Exegetical study in selected portions of Job, Psalms, Proverbs, Qoheleth or Song of Songs.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 674 - Daniel

**Credits:** 2,3  
Exegetical study in selected portions of Daniel.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent. Recommended prerequisite: OTST 654.  
**Recommended:** Recommended OTST 654 .  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### OTST 675 - Minor Prophets

**Credits:** 2,3  
Exegetical study in selected portions of the Book of the Twelve ("Minor Prophets"). Content announced in advance.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 680 - Seminar in Old Testament Exegesis

**Credits:** 2,3  
Exegesis of selected passages in the Old Testament. Content announced in advance.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** At least one Hebrew exegesis course with a grade of an A.  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### OTST 685 - Principles of Hermeneutics

**Credits:** 2,3  
An examination of hermeneutical presuppositions and formulation of sound principles of biblical interpretation with application to selected texts.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 686 - Major Prophets

**Credits:** 2,3  
Exegetical study in selected portions of Isaiah, Jeremiah or Ezekiel.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 552 or its equivalent.

**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 690 - Independent Study

**Credits:** 1–3  
Individual research work on specific problems for students who have completed basic courses in Old Testament. See general guidelines under Independent Study Courses.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### OTST 695 - Directed Studies

**Credits:** 1–3  
Course deals with selected themes. Can be used only by preapproval from the student's program director and the teacher.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Independent  
**College Code:** SEM

### OTST 810 - Near Eastern Archaeology

**Credits:** 3  
Covers such periods of antiquity as the Bronze Age, Iron Age, Early Christian period, and Byzantine times. A study of ancient artifacts, architecture, and other mainly non-written materials.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 614 or equivalent.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 820 - Textual Criticism

**Credits:** 3  
Detailed comparative textual examination of challenging Old Testament passages involving the ancient versions and Qumran, using both text editions and manuscripts.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 654, OTST 660, additional languages as needed. Admission by permission of instructor.  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 835 - Theology of the Hebrew Scriptures

**Credits:** 3  
The theology of an individual book or block of books in 1 of the 3 divisions of the Hebrew canon: Torah (Pentateuch), Prophets, and Writings. Content announced in advance.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### OTST 845 - Methodology in Biblical Theology

**Credits:** 3  
The development of biblical theology from the Reformation to the present with special attention to current methodologies.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 854 - Biblical Aramaic

**Credits:** 3  
Study of the essentials of grammar and syntax (with some reference to biblical Hebrew) coordinated with reading and analysis of a substantial part of the Aramaic portions of the Bible.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 860 - Readings in the Septuagint

**Credits:** 3  
Reading of selected texts in the Septuagint and learning how to use the apparatus

in the standard editions of the Septuagint.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 885 - Topics in:

**Credits:** 1–3  
Classroom setting research dealing with selected topics in the field of Old Testament.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** SEM

### OTST 890 - Directed Reading in Old Testament Studies

**Credits:** 1–6  
**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### OTST 895 - Independent Study: \_\_\_\_\_

**Credits:** 1–3  
Research on an individual basis dealing with selected topics in the field of Old Testament.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### OTST 940 - Seminar in Advanced Old Testament Exegesis

**Credits:** 3  
Advanced work on selected passages of the Old Testament; building on the other exegesis courses in Old Testament. Content announced in advance.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** OTST 625.  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### OTST 945 - Seminar in Biblical Theology

**Credits:** 3  
Major theological themes and thought patterns of the Bible with special attention to such subjects as the unity of the Bible, the relation between the Testaments, and Biblical authority. Identical to NTST 945.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

**Mission Statement:**

In harmony with the Seminary, we prepare women and men for exceptional service as pastors, chaplains, and administrators who equip others to minister to the church and society in anticipation of the Second Coming of Jesus Christ.

**Vision Statement:**

We see pastors, chaplains, and administrators multiplying the ministry of Christ in society through all believers, according to their unique giftedness.

## Practical & Applied Theology

### PATH 505 - Biblical Preaching

**Credits:** 2

A study of the basic theological, theoretical, and procedural principles required for the construction and delivery of effective biblical/expository sermons. Opportunity for students to do supervised preaching in class and receive constructive feedback. Required for students with no previous formal training in preaching.

**Course/Lab Fee:** No

**Course Attribute:** Preaching

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### PATH 507 - Introduction to Chaplaincy Ministry

**Credits:** 2

Describes various contexts of chaplaincy and how they mold the chaplain's role as a spiritual care provider. Explores ethical and diversity issues within chaplaincy and envisions the future of chaplaincy within the Adventist Church. This is a required foundational course for students in the chaplaincy concentration who have not taken chaplaincy courses at their undergraduate level or have not finished two units of CPE prior to taking this course.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### PATH 508 - Tools for the Pastor's Spouse

**Credits:** 2,3

This course is designed to equip the pastor's spouse for life in the pastorate. Some of the areas explored are: components needed for success, devotional life, enhancing marriage, hospitality, preacher's kids, discovering mission, team ministry, challenges in the parsonage, women's/men's ministry, and available resources.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 514 - Public Evangelism (Hispanic)

**Credits:** 2,3

Evangelistic leadership. A study of basic principles underlying public evangelistic endeavor, and basic evangelistic procedures focused on the Hispanic-American population.

**Course/Lab Fee:** No

**Course Attribute:** Hispanic Ministries

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 516 - Death & Grief in Contemporary Society

**Credits:** 2

Designed to help the student understand cultural and societal perspectives on death as well as develop an increased awareness and sensitivity to the personal and interpersonal dynamics of death, dying, and loss. The student's and guest presenters' personal loss experiences provide additional topics for class discussion. The student will understand grief related to both death and loss.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### PATH 517 - Topics in Ministry

**Credits:** 2,3

This course introduces students to selected church ministry areas such as finances, church planting, teaching, Christian education, chaplaincy, urban ministry and health evangelism.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### PATH 523 - Worship: Word and Music

**Credits:** 2,3

Explores the theology of worship and the interrelatedness of preaching, music, worship environment and other elements of corporate worship. Various worship styles and practices are considered and principles are presented that guide worship within local contexts.

**Course/Lab Fee:** Yes

**Course Attribute:** Sacred Music and Worship

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Interactive Online, Workshop

**College Code:** SEM

### PATH 525 - Hispanic-American Culture and Challenges

**Credits:** 2,3

Studies into the nature of the multifaceted North American Hispanic culture and challenges.

**Course/Lab Fee:** No

**Course Attribute:** Hispanic Ministries

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 526 - Conflict Management

**Credits:** 2,3

This course offers biblical resources and contemporary research informing creative management of human conflict. Included is examination of the causes and dynamics of conflict in churches. Participants develop skills in resolution and mediation. A variety of instructional methods, including lectures, case studies, role-plays, media, and personal style instruments are employed.

**Course/Lab Fee:** No

**Course Attribute:** Church Leadership

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

### PATH 529 - Church and Personal Finance

**Credits:** 2,3

Financial structure of the Seventh-day Adventist Church. Also personal finance of the minister.

**Course/Lab Fee:** No

**Course Attribute:** Church Leadership

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 535 - Biblical Leadership in the Black Church

**Credits:** 2

This course explores the application of a biblical theology of leadership and sound leadership theory to Black and African-American pastoral settings as they relate to worship, preaching, local church administration, community engagement, and race

relations both within the Adventist denomination and in society at large.

**Course/Lab Fee:** No  
**Course Attribute:** Church Leadership  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 536 - Personal Evangelistic Ministry

**Credits:** 2,3  
Creating and conducting Bible studies that effectively facilitate conversion. Students will reflect on the discipleship process. Practical instruction will be given for doing visitation, initiating spiritual conversations, applying coaching skills, leading people to life transformation, and helping individuals remove faith barriers for sustained decision-making and assimilation.

**Course/Lab Fee:** No  
**Course Attribute:** Evangelism  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 538 - Bilingual Ministry

**Credits:** 2,3  
A study of the contextual needs of Hispanics born in the U.S., with emphasis on principles for retaining church members and reaching those not in the church.

**Course/Lab Fee:** No  
**Course Attribute:** Hispanic Ministries  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 539 - Church Growth and the Equipping Leader

**Credits:** 3  
An examination of church growth research, principles, and practices, with a special focus on the role of the pastor as an equipper.

**Course/Lab Fee:** No  
**Course Attribute:** Evangelism  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** A prerequisite for all NADEI courses. 3 credits required for the MDiv program.  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### PATH 540 - Church and Urban Community

**Credits:** 2,3  
Analysis of essential characteristics of urban life—diversity, secularity, anonymity, mobility. Study of specific urban issues such as racial conflict, inner-city poverty, middle-class alienation, and changing family patterns.

**Course/Lab Fee:** No  
**Course Attribute:** Pastoral Care  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 541 - Church Growth

**Credits:** 2  
An examination of church growth research, principles, and practices, with a special focus on the role of the pastor as an equipper. Sections of this course will include content addressing the particular needs of different concentrations.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### PATH 543 - Christian Leadership in a Changing World

**Credits:** 2,3  
Explores biblical and theological principles of Christian leadership, organizational theory, and systems thinking applicable to the church. Seeks to instill in students servant leadership qualities. Additionally, it facilitates growth in administrative areas such as strategic planning, managing change, finance, Christian education, and conflict management. Track II students first take CHMN 552.

**Course/Lab Fee:** No  
**Course Attribute:** Church Leadership  
**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### PATH 546 - Marriage and Family

**Credits:** 2,3  
Examination and development of pastoral tools for pre-marriage and marriage counseling. Includes study of theological, psychological, and sociological principles and applications for the life cycle of the family.

**Course/Lab Fee:** No  
**Course Attribute:** Pastoral Care  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 548 - Religion and the Black Experience

**Credits:** 2,3  
This course explores psychological and sociological foundations of the Black religious experience, emerging patterns of change, and a consideration of models and strategies for responding to that change.

**Course/Lab Fee:** No  
**Course Attribute:** Pastoral Care  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 549 - Philosophy & Ethics of Chaplaincy

**Credits:** 3  
This course provides an introduction to the role of the chaplain in healthcare philosophy and ethics. It aims at increasing familiarity with the concepts, theories, and distinctions of healthcare ethics as well as fostering moral decision-making and justification. The course addresses a wide variety of ethics topics in healthcare and in other institutional chaplaincy environments.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### PATH 552 - Foundations of Pastoral Ministry

**Credits:** 2  
This course leads students to explore and reflect on the high calling of ministry, their own call, and the focus of their ministry. It engenders growth in the roles, tasks and responsibilities of pastoral ministry.

**Course/Lab Fee:** No  
**Course Attribute:** Church Leadership  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Lab required.  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### PATH 553 - The Church and Social Issues

**Credits:** 2,3  
This course explores the biblical and theological foundations for the church's moral and social engagement in the local community. It combines academic theory and praxis with a biblically-informed perspective on contemporary society, and equips students with the tools required for their responsible involvement in society as prophetic change agents.

**Course/Lab Fee:** No  
**Course Attribute:** Pastoral Care  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 554 - Clinical Pastoral Education (CPE)

**Credits:** 3-8  
Theological and experiential education offers supervised training in clinical and urban settings and spiritual/theological reflections in a peer group under the guidance of a CPE educator. A CPE unit is completed at the ACPE-accredited Seminary Chaplaincy Study Center.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Practicum  
**Special Approval:** Instructor permission required.  
**College Code:** SEM

## PATH 555 - Pastoral Counseling

**Credits:** 2,3

Introduction to the processes and function of counseling as practiced by the helping professions, particularly of the pastor actively engaged in ministry to a congregation. A weekly lab experience for skills practice is required.

**Course/Lab Fee:** No

**Course Attribute:** Pastoral Care

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Lecture/Lab

**College Code:** SEM

## PATH 556 - Professional Development Practicum

**Credits:** 0-3

Provides the student an opportunity to engage in field activities that develop expertise in the NAD Pastoral Core Qualities.

**Course/Lab Fee:** No

**Course Attribute:** Evangelism

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Schedule Type:** Practicum

**College Code:** SEM

## PATH 557 - Practicum in Clinical Pastoral Education (CPE):

**Credits:** 2-8

Professional education for pastoral and chaplaincy ministries with supervised clinical practicum and spiritual/theological reflections. CPE unit (Hospital or Urban) must be completed at an accredited and approved CPE center.

**Course/Lab Fee:** No

**Course Attribute:** Pastoral Care

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** PATH 555.

**Schedule Type:** Practicum

**Special Approval:** Instructor permission required.

**College Code:** SEM

## PATH 560 - Advanced Ministerial Development

**Credits:** 2

Advanced Ministerial Development affords students a supervised ministry context in which they demonstrate their commitment to ministry, strengthen areas in which ministerial development is needed and enrich their lifelong ministry portfolio. The AMD contract is created in relationship with the student's individual learning objectives, ministry plan and context.

**Course/Lab Fee:** No

**Course Attribute:** Evangelism

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**College Code:** SEM

## PATH 562 - Field Evangelism

**Credits:** 3-6

This is a field school of evangelism under the direction of an approved evangelist, with an emphasis on evangelistic visitation, clearing of biblical teaching, and leading people to decision.

**Course/Lab Fee:** No

**Course Attribute:** Evangelism

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** 3 credits required for the MDiv program.

**Repeatable:** Repeatable

**Schedule Type:** Practicum

**College Code:** SEM

## PATH 567 - Health & Lifestyle Transformation

**Credits:** 1

A study of the Adventist health message in its contemporary expression and application in pastoral work and outreach, and in the pastor's personal life.

**Course/Lab Fee:** No

**Course Attribute:** Pastoral Care

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## PATH 575 - Principles of Stewardship

**Credits:** 2,3

Explores the foundations for stewardship as a Christian lifestyle and the principles which are needed in a stewardship ministry for the local church.

**Course/Lab Fee:** No

**Course Attribute:** Church Finance and Stewardship

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## PATH 578 - Voice and Hymn Singing

**Credits:** .5,1

Fundamental understanding of the voice as it relates to singing— includes breathing, tone quality, placement, and aspects of keeping the voice healthy. Seminary chorus participation required. Maximum 3 credits.

**Course/Lab Fee:** No

**Course Attribute:** Sacred Music and Worship

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Music Organization

**College Code:** SEM

## PATH 585 - Cross-Cultural Communication

**Credits:** 2,3

A study of the impact of culture on communication and the ways cultures influence values and perceptions. Attention given to developing sensitivity when communicating with people of other cultures.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## PATH 588 - Seminary Chorus

**Credits:** .5,1

Choral studies and participation as a demonstration of evangelistic and church music values. Membership open to the public by the consent of the instructor. Maximum 3 credits.

**Course/Lab Fee:** No

**Course Attribute:** Sacred Music and Worship

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Music Organization

**College Code:** SEM

## PATH 590 - Ministry of Music

**Credits:** 2,3

Selected topics in music ministry include church-music practicum: the administration and planning of a church music program, the creation of liturgies, working with choirs, conducting, leading congregational singing; hymnology: the study of the historical, theological, and musical background and development of the Christian hymn.

**Course/Lab Fee:** No

**Course Attribute:** Sacred Music and Worship

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## PATH 600 - Preaching from the New Testament

**Credits:** 2,3

An advanced preaching course focusing on how to work with the various types of New Testament literature, including gospel narrative, parable, and epistle.

**Course/Lab Fee:** No

**Course Attribute:** Preaching

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PATH 505 Biblical Preaching

**Schedule Type:** Lecture

**College Code:** SEM

## PATH 601 - Preaching Biblical Prophecies

**Credits:** 2,3

A specialized homiletics course taught in a lab setting, designed to inform the preaching of biblical prophecies with an emphasis on Daniel and Revelation. Focus will also be placed on examining and exegeting the passage and developing

practical strategies, methods and competencies that result in innovative, motivational and evangelistic sermons from apocalyptic and prophetic books.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 505 Biblical Preaching  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 602 - History of Christian Worship Music

**Credits:** 2  
The understanding and appreciation of the development of Christian congregational singing and worship music repertoire, in their respective liturgical and theological contexts.

**Course/Lab Fee:** No  
**Course Attribute:** Sacred Music and Worship  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 603 - Evangelistic Preaching

**Credits:** 2,3  
This course equips seminarians in the preparation of Christ-centered, Bible-based, doctrinally-sound sermons for lifestyle and event evangelism, to create Bible studies to obtain decisions for Christ, His teachings and Church and to partner with another participant for visitation of a worship service of other faiths for the experience.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**College Code:** SEM

### PATH 604 - Mobilizing for Evangelistic Ministry

**Credits:** 2,3  
Examination of how the equipping pastor mobilizes the church for evangelistic ministry. Different models of ministry approaches are reviewed within a strategic framework taking into account community needs and members' giftedness in creating a missional strategy. Builds on the foundation laid in the prerequisite course, CHMN539.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 606 - Mission-Shaped Church Planting

**Credits:** 2,3  
Develops an understanding of the significance of church planting for Adventist pastors and leaders. Through laying a mission-shaped theology, recognizing its role in Adventist history, exploring current models, and instilling passion, students will gain competency for both the planting and facilitating of new churches.

**Course/Lab Fee:** No  
**Course Attribute:** Evangelism  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 607 - Preaching from the Old Testament

**Credits:** 2,3  
An advanced preaching course focusing on the analysis of the various types of Old Testament literature and special themes found in selected passages. Identical to OTST 607.

**Course/Lab Fee:** No  
**Course Attribute:** Preaching  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 505 Biblical Preaching  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 609 - Media Ministry

**Credits:** 2,3  
A dynamic interactive class that equips learners to prepare and produce audio/visual programs. Applies biblical and homiletical principles, uses media technologies, and develops strategies for branding and outreach. Includes involvement in audio-production for radio programming and production experience in various electronic communications ministries.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 505 Biblical Preaching  
**Schedule Type:** Lecture/Lab  
**College Code:** SEM

### PATH 611 - Specialized Approaches to Evangelism

**Credits:** 2,3  
A study of emerging evangelistic strategies such as, but not limited to, small group evangelism, urban ministry, youth and university evangelism, church planting, Natural Church Development, and community engagement evangelism

**Course/Lab Fee:** No  
**Course Attribute:** Evangelism  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 612 - Urban Mission

**Credits:** 2,3  
Explores the nature of cities, noting their history, development, and relationship to the mission of God and the church. Students are exposed to various ministries dealing with the hungry, homeless, battered, addicted, and the alienated. Identical to MSSN612.

**Course/Lab Fee:** No  
**Course Attribute:** Evangelism  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 613 - Coaching for Mission

**Credits:** 1,2  
Through laying a biblical foundation, understanding the uniqueness of coaching and practicing coaching skills, this course equips students to help others fulfill their God-given mission in a non-directive, Spirit-led way.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**College Code:** SEM

### PATH 620 - Supervision in Ministry

**Credits:** 2,3  
Training in the supervision of seminary students and ministerial interns in the practice of ministry. Emphasis on formation as well as education. Action-reflection methods utilized in instruction as models for supervision in person-to-person or small group settings.

**Course/Lab Fee:** No  
**Course Attribute:** Pastoral Care  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 623 - Innovative Evangelism

**Credits:** 2,3  
Seeks to stimulate new ideas for evangelizing population groups that may be difficult to reach with more traditional methods, as well as broadening the means by which people might be attracted to the gospel. This may involve a review of unique approaches that have been tried by others as well as the development of original plans by students.

**Course/Lab Fee:** No  
**Course Attribute:** Evangelism  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 627 - Black Preaching

**Credits:** 2,3  
An advanced preaching course which seeks to refine and further develop the preaching skills of those called to preach among African Americans. Includes a survey and analysis of great Black preachers.

**Course/Lab Fee:** No  
**Course Attribute:** Preaching  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 505 Biblical Preaching

**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 629 - Sacred Music in the African-American Tradition

**Credits:** 2,3  
An examination of the historical role of music in African- American worship, and of the distinctive contributions African- American sacred music has made to Christian worship.

**Course/Lab Fee:** No  
**Course Attribute:** Sacred Music and Worship  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 630 - Leadership Development

**Credits:** 2,3  
A study of leadership emergence, selection, and training in missionary churches with particular attention paid to strategic issues of various training models and the relationship between formal, informal, and non-formal leadership development. Identical to MSSN 630.

**Course/Lab Fee:** No  
**Course Attribute:** Church Leadership  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 632 - Contextualized Preaching:\_\_\_\_\_

**Credits:** 2,3  
The history and dynamics of preaching to a particular cultural group, such as African Americans, Hispanics, Youth, and Koreans, with an emphasis on the distinctive homiletical, rhetorical, and cultural qualities required for the effective proclamation of the Gospel to each group.

**Course/Lab Fee:** No  
**Course Attribute:** Preaching  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 505 Biblical Preaching  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 633 - Preaching the OT/NT for Maximum Impact

**Credits:** 2,3  
An advanced preaching course that presents a methodology for preaching on biblical narratives and genealogy, law and typology, poetry and wisdom texts, prophetic and apocalyptic literature, parables, and epistles from a Christocentric perspective.

**Course/Lab Fee:** No  
**Course Attribute:** Preaching  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 505  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 634 - Field Evangelistic Preaching & Practicum

**Credits:** 2,3  
This course equips students to prepare Christ-centered, Bible-based, doctrinally sound sermons and Bible Studies for an evangelistic series to obtain decisions for Christ, His teachings and His church. The course will also help students with field preparation and organizational planning for evangelistic series and preaching event.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### PATH 637 - Seminar in Preaching

**Credits:** 2,3  
An advanced preaching course emphasizing such topics as homiletical theory, history of preaching, persuasion, current preaching trends and models, and experimental preaching techniques.

**Course/Lab Fee:** No  
**Course Attribute:** Preaching  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 505 Biblical Preaching or acceptance into Pastoral Ministry MAPM program  
632

**Repeatable:** Repeatable  
**Schedule Type:** Blended Learning, Seminar  
**College Code:** SEM

### PATH 638 - Seminar in Leadership

**Credits:** 2,3  
Emphases from topics such as social psychology of leadership, theological foundations of leadership and pastoral care, management and leadership, leadership styles, conflict management, and church polity and finance.

**Course/Lab Fee:** No  
**Course Attribute:** Church Leadership  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### PATH 640 - Seminar in Pastoral Counseling

**Credits:** 2,3  
Application of principles and techniques to specific problem areas in pastoral care.

**Course/Lab Fee:** No  
**Course Attribute:** Pastoral Care  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 665 or its equivalent, or permission of instructor.  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### PATH 641 - Practicum in Military Chaplaincy

**Credits:** 2-8  
Air Force, Army or Navy Chaplain School courses, such as the Chaplain Candidate Course or Basic Chaplain Course and subsequent Seminary-approved military chaplaincy training events.

**Course/Lab Fee:** No  
**Course Attribute:** Pastoral Care  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable  
**Schedule Type:** Practicum  
**College Code:** SEM

### PATH 643 - Trauma & Advanced Crisis Intervention

**Credits:** 2  
This course is designed to enhance understanding of the nature and impact of a trauma. This course considers how traumatic experiences may influence the person's life. Focus on the impact of trauma provides a foundation for assessment, crisis intervention, and ministry. Such ministry provides effective services reflecting the unique needs of the individual.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### PATH 648 - The Chaplain as Institutional Leader

**Credits:** 3  
This course explores the role of the chaplain as an institutional leader. It covers current theory and practice of Christian leadership, knowledge of skill sets regarding religion, spiritual concerns, and moral and ethical issues. Students develop, understand, and implement basic diplomatic skill sets that allow them to function as a Christian leader and advisor to superiors in their institutional setting.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 543  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 654 - History and Theology in Adventist Worship

**Credits:** 2,3  
A study of Adventist corporate worship in terms of the theological and historical issues that inform it. Principles for designing and leading Adventist worship are emphasized.

**Course/Lab Fee:** No  
**Course Attribute:** Sacred Music and Worship  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 656 - Evangelistic Small Groups

**Credits:** 2,3

Examination of outward-focused small group models as a context for sharing the Adventist message. Students will develop competencies for creating Bible lessons that facilitate conversion, receiving practical instruction for initiating spiritual conversations, applying coaching skills, doing visitation and leading people to life transformation.

**Course/Lab Fee:** No

**Course Attribute:** Evangelism

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 660 - Field Practicum: \_\_\_\_\_

**Credits:** 1-6

Practical training in a variety of field activities. An individual contract is developed between the student and a seminary faculty member that includes field supervision of that work, and the writing of a final product or report. Guidelines are available. This course cannot replace any required course.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Practicum

**College Code:** SEM

### PATH 661 - Mental Health & Ministry: \_\_\_\_\_

**Credits:** 2

The course explores a landscape of mental and neurological disorders and emotional distress from biblical and scientific perspectives. It deals with shame and confusion that may accompany mental health and faith-based approaches that are often assumed to be strong enough to overcome mental disorders. The course enhances an understanding of mental health issues for the providers of pastoral and spiritual care as they offer hope and grace to those who bear the burden of mental illnesses.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PATH 555

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 665 - Advanced Pastoral Counseling

**Credits:** 2,3

An intensive study of potential contributions of counseling to some of the more disturbing problems brought by members of a congregation to their pastors. Designed to enlarge the pastor's acquaintance with the therapeutic approaches of various referral agencies.

**Course/Lab Fee:** No

**Course Attribute:** Pastoral Care

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PATH 555 or its equivalent, or permission of instructor.

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 669 - Advanced Holistic Small Groups

**Credits:** 2,3

Examines church planting with small groups and how a church transitions into becoming a church of small groups by using time-line management/story-boarding techniques. Explores the establishment of youth and college groups as well as the development of group coaches.

**Course/Lab Fee:** No

**Course Attribute:** Evangelism

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 683 - The Pastor, Church, and Civil Law

**Credits:** 3

An introduction to legal issues affecting the pastor and the church, including an overview of the history of religious liberty in America, as well as matters relating to church operations, employment, and minimizing exposure to legal liability.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### PATH 690 - Independent Study:

**Credits:** 1-3

See general guidelines under Academic Information.

**Course/Lab Fee:** No

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### PATH 704 - Missional Church in Western Culture

**Credits:** 4

Investigates 21st century western culture and corresponding mission praxis. Includes theology of the church, theory, and practices in ministry. Prepared for church leaders who desire to gain an understanding of the implications of missional church in western culture. Includes an emphasis in contemporary worldviews.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**Term Offering:** Spring

**College Code:** SEM

### PATH 707 - The Church in Intergenerational Contexts

**Credits:** 4

Articulate a wholistic model that includes similarities and differences of individuals and groups in different age categories. Develop clarity in theological foundations for ecclesiology and missiology for those who join, are born into, and/or those who leave church involvement.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**Term Offering:** Fall

**College Code:** SEM

### PATH 709 - The Changing Church

**Credits:** 4

Includes biblical theology of the church and ecclesiology. Why churches change, or resist change, theory and practices in managing change. Defining discipleship. Preparing church leaders who desire to gain an understanding of the implications of intergenerational congregations in secular cultures. Includes characteristics and worldviews of millennials.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**Term Offering:** Spring

**College Code:** SEM

### PATH 710 - Issues in Discipleship

**Credits:** 4

This class will deal with issues in discipleship that pastors commonly face in ministry. These include issues such as worldview and its effect on spirituality, discipleship and spiritual gifts, discipling children, discipleship through family worship, and creating a culture of discipleship in the local church.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

### PATH 711 - Mission & Ministry to Generational Cultures

**Credits:** 4

This module will explore how each generation develops its own distinct generational culture and analyze the reasons that generational changes are accelerating. Emphasis will be given to intergenerational competencies and skills needed for intergenerational mission and ministry.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

### PATH 712 - Transformational Leadership

**Credits:** 4,5

Personal and theological reflection will be integrated with principles for leading change. Systems thinking, transformation of organizational culture and human-development theory are also investigated.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 713 - Transformational Leadership and Organic Systems Thinking**

**Credits:** 5  
Personal and theological reflection will be integrated with principles for leading change. Systems thinking, transformation of organizational culture, and human development theory are investigated in the context of missional leadership. The module also pursues further development and application of missional lifestyle modeling. Practical focus on incarnational mission skills is initiated.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### **PATH 714 - Discipling Leaders for Mission**

**Credits:** 5  
Leaders transact vision through developing disciples according to the biblical model for an apostolic movement. Those whom missional servants lead become mature in Christ and thus a missional movement is multiplied. Coaching and mentoring skills are taught so that the leader can develop people toward maturity in Christ.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 715 - Topics in Urban Ministry**

**Credits:** 4  
this course explores topics in urban ministry including culture and worldview and their impact on ministry in the city, and are customized to the context of each DMin cohort.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**Year Offering:** Alternate years (odd)  
**College Code:** SEM

### **PATH 721 - Mass Media Effectiveness and Distribution for Local Church**

**Credits:** 5  
This advanced course applies cutting-edge practices with training and equipping local leaders to effectively generate sustainability and church growth through specific mass media appropriation.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 722 - Communication and Media Ministries Foundations**

**Credits:** 4  
This intensive intends to study the biblical foundations of communication for mission and ministry, and the historical development of Christian media organizational practices.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 723 - Sociological Foundations for Intercultural Mission & Ministry**

**Credits:** 4  
This module will focus on a systematic study of Old Testament and New Testament principles for intercultural mission and ministry. It will explore the history of immigration and changing demographic trends around the world, and address issues of cross-cultural communication. A sociological foundation for understanding the various ethnic and cultural groups that make up the rich American tapestry will be explored along with issues of racism, prejudice, and racial reconciliation.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 724 - Recovering the Life and Growth of the New Testament Church**

**Credits:** 4  
Examines the conditions behind the growth of the church in the New Testament, including leadership transformation, church unity, and the role of the Holy Spirit. Engages Scripture to draw principles and practices that lead to a similar experience in the contemporary church.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### **PATH 725 - Competencies of a Christian Coach**

**Credits:** 4  
The core competencies of Christian Coaching will be explored and practiced including: active listening, managing the fixer, asking powerful questions, acknowledgment, overcoming blocks and obstacles, setting SMART goals, and accountability. Theological foundations for coaching will be explored, along with applications in the ministry context. Students will become familiar with and begin practicing the International Coach Federation Professional Certified Coach Markers which include demonstrating ethical practice, embodying a coaching mindset, establishing and maintaining agreements, cultivating trust and safety, maintaining presence, listening actively, evoking awareness, and facilitating client growth. The participants will learn to distinguish coaching from mentoring and therapy, as well as the importance of making referrals when needed. Students will master best practices of coaching by utilizing the recommended framework for a standard coaching session. Instructor(s) will model coaching sessions in class, providing students with an opportunity for observation and feedback, including utilizing a professional evaluation assessment.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 726 - Identifying and Developing Your Coaching Niche**

**Credits:** 5  
Coaching is a powerful tool to connect with the broader community. This course empowers participants to tap into their natural and experiential skills to identify a specialty in the coaching field utilizing assessment tools. This course will equip participants to build relational bridges to individuals in the community and congregation who desire to experience growth in a specific area. Course participants will develop an engaging seminar or signature speech that highlights their selected emphasis area. Instructor and peer feedback will provide opportunity to fine-tune content. Aligning coaching opportunities with current professional responsibilities will be explored.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 727 - Strategic Leadership Coaching**

**Credits:** 4  
As a leader, there are many opportunities to engage coaching skills. The area of strategic planning will be a specific focus of this course. Skills to lead a church forward in growth or revitalization utilizing a collaborative approach and powerful questions will be modeled and practiced. Tools and best practices, including Natural Church Development will be explored and demonstrated in a real-life context. Coaching will be highlighted as an invaluable skill in preaching, chairing meetings, in-home visitation, Bible studies, and more. On-site visits with highly effective churches will provide opportunities to practice coaching skills to discover keys to success. Students will become familiar with and practice group coaching techniques following the International Coach Federation's team core competencies and markers.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 728 - Coaching for Intentional Living**

**Credits:** 4  
The eight domains of intentional living will provide the framework for coaching: health, vocation, family, intellectual, financial, emotional, relational, and spiritual. Students will learn how to utilize a discovery session to identify growth areas and establish a coaching strategy with a client. This course will provide experience with

self-evaluation tools that can be utilized in coaching sessions. This course will emphasize self-growth toward intentional living and how to empower leaders within the participant's sphere of influence through coaching. In-class peer coaching will be observed and evaluated as a group learning experience.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 731 - Principles and Practices in Intercultural Mission and Ministry**

**Credits:** 4,5

This module will examine best practices in intercultural mission and ministry. Special emphasis will be given to models of intercultural mission and ministry. The module will include site visits to successful intercultural churches and discussions with these top practitioners.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 732 - Media Development & Equipping Local Leaders**

**Credits:** 4

This course provides an in-depth study of media development from a leadership and management perspective, analyzing current practices to effectively produce and distribute relevant and culturally sensitive content for 21st-century mission and ministry.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 734 - Organizational Communication and Mass Media Assessment**

**Credits:** 4

This module explores mass media communication theories in an organizational religious environment and analyzes the role and trends of mass media Christian production. The strengths, weaknesses, opportunities, and threats to sharing the gospel in effective ways will be examined.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 739 - Advanced Clinical Pastoral Education**

**Credits:** 2,3

Clinical experience in pastoral care and professional development. CPE training must be completed at an approved CPE location and during the ACPE's Certification Process (previously-done CPE units will not be accepted).

**Course/Lab Fee:** No  
**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Schedule Type:** Practicum  
**College Code:** SEM

### **PATH 742 - Church Multiplication**

**Credits:** 5

The Seventh-day Adventist church has defined itself as a movement. In order to be a movement, there must be momentum. This module will primarily focus on the multiplication of small groups/grow groups, house churches, and church plants. In order for these systems to multiply, there must be an intentional and continual discipling of new leaders. The goal is to experience exponential growth of God's kingdom.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**Term Offering:** Spring  
**College Code:** SEM

### **PATH 743 - Prophetic Preaching in the Worship Context**

**Credits:** 4

Participants will develop a biblically-based Adventist theology of prophetic preaching and worship. Use of scripture, communication theory, and cognitive psychology to connect with contemporary audiences, and diverse preaching expressions will be examined. Includes advanced work in the area of hermeneutics,

exposition, contextualization, and sermon design.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 744 - A History of Preaching**

**Credits:** 4

This module explores the history of preaching, its process of personalities and trends. Participants investigate and define the beliefs, practices and identity of four preaching styles that have dominated preachers and schools of preaching. Includes a discussion of unusual and/or important contributions to preaching in the 20th–21st century.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 745 - Rhetoric, Preaching, and the Call of Persuasion**

**Credits:** 4

This module will equip participants to describe multiple techniques for persuading audiences, identify alternative rhetorical traditions that shape Christian ministry, formulate a "philosophy of rhetoric" to guide sermon preparation and ministry, and identify the rhetorical strengths and weaknesses of sermons.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 747 - Christian Leadership**

**Credits:** 4

This module investigates principles, challenges and practices of theologically-sound Christian leadership, emphasizing issues that make leadership in the context of church, education and non-profit service organizations unique. Participants examine leadership theory and literature, consider a theology of leadership and build the foundation for leadership development in the context of professional ministry.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 748 - Preaching the Literary Forms of the Bible**

**Credits:** 5

Examination of biblical literature, including historical narrative, NT epistles, and apocalyptic passages for preaching. The skill of storytelling and how stories are processed by the human mind. Reflection on the challenges and opportunities within epistolary and apocalyptic biblical texts. Includes rhetorical and oral performance techniques to bring the sermon to life.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### **PATH 751 - Relational Dynamics and the Intergenerational Church**

**Credits:** 4

This module seeks to identify, practice, and incorporate relational skills to model and instruct church members of all ages. It will explore the relational dynamics the church provides for psychological identity in an ecclesiological institution. Special attention will be given to current issues such as the tension between the spiritual and religious, the conservative and progressive, the exclusive and inclusive, among others.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### **PATH 752 - Discipling Congregational Leaders**

**Credits:** 5

Developing disciples according to the biblical model for an apostolic movement. Congregational leaders become mature in Christ and thus a mission oriented movement is multiplied. Includes cross-cultural leadership. Coaching and mentoring skills are taught so that the congregational leader can develop people who practice mature repentance and forgiveness in Christ.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**Term Offering:** Spring  
**College Code:** SEM

### PATH 753 - Building Systems and Leading Movements

**Credits:** 4  
This course compares and contrasts systems thinking and movement thinking in the context of the formation, growth, and sending of the church. Viewed through an equipping leadership lens, diverse tools and approaches including strategic formation, mentoring and coaching, and spiritually-discerned disruption, enable students to develop their own integrative approach to systems and movements.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Spring  
**College Code:** SEM

### PATH 754 - Disciple-making and Evangelization in the 21st Century

**Credits:** 4  
Starting with the biblical record, this course traces disciple-making and evangelism through the transcultural aspects of the gospel with implications for today's post-Christian, ethnically diverse, and multifaith context. Students will be challenged to contextualize their discipling and evangelization practices through exposure to a wide variety of contemporary examples and case studies.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Spring  
**College Code:** SEM

### PATH 760 - Advanced Leadership Competencies

**Credits:** 4,5  
Participants continue personal and theological reflection with integration of leadership principles. Systems thinking, organizational culture, human development theory and ecclesiology are investigated in the context of the church and leadership. The module also pursues further development and application of essential leadership practices. Practical focus on administrative skills is initiated.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PATH 747  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### PATH 761 - Wholistic Healthcare Ministry

**Credits:** 4  
Develops the whole-care person concept based on the Creation Life principles focusing on lifestyle preventive steps in order to achieve total health and wellness.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**College Code:** SEM

### PATH 762 - The Challenge of 2nd and 3rd Generations

**Credits:** 4  
Explore cultural realities that challenge stability and growth for individuals and churches across generations. Identify steps for transmitting faith and motivating young people for mission, including how immigration, language, and culture play a vital role in this process.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning  
**Term Offering:** Fall  
**College Code:** SEM

### PATH 763 - Effective Strategic Growth

**Credits:** 4  
Provides an overview of the latest and most effective methods for growing Adventist churches as a basis for developing an effective growth strategy. Engagement with a variety of best practices and practitioners will be provided to

further guide the participant in the development of their methodology.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### PATH 767 - Formation of Evangelistic Strategy

**Credits:** 5  
Provides reflection and experience in contemporary personal, public, media and social networking methodologies as a basis for developing an effective evangelistic strategy. Biblical and practical foundations for empowering and involving people in ministry as well as factors and strategies for multiplying disciples are experienced.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### PATH 773 - Health Care Leadership

**Credits:** 5  
Students pursuing a health care emphasis take this module instead of CHMN 786 in the fourth year. Prerequisite: three completed CPE units recognized and or validated by the Adventist Chaplaincy Institute. Examines chaplaincy leadership roles within an institutional setting. Conflict management, effective communication, decision-making skills, and team supervision are investigated using current leadership principles. Analyzes best practices to navigate complex medical institution governance and management operational systems. Participants will design a Pastoral Care Department with multiple pastoral care delivery systems.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** 3 completed CPE units recognized and or validated by the Adventist Chaplaincy Institute.  
**Schedule Type:** Blended Learning  
**Term Offering:** Spring  
**College Code:** SEM

### PATH 774 - The Church in the City

**Credits:** 4  
This module is an in-depth study of key biblical, theological and contemporary insights into the church in the city. A compassionate vision for the city is fostered. Issues in urban life and corresponding systems are explored. It includes an emphasis on strategic planning that leads to economic and community development.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### PATH 775 - Foundations of Chaplaincy Ministry

**Credits:** 4  
Examines theoretical and practical implications of biblical, theological and religious foundations for chaplaincy. Explores the history and development of chaplaincy as a pastoral calling, along with the role and function of chaplaincy in the church and community. Discusses ethics, professional practice, and the personal spiritual formation of the chaplain.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### PATH 776 - Urban Church Leadership and Management

**Credits:** 5  
This module investigates principles, challenges and practices of Christian leadership in the urban context. It includes a theology of leadership, leading and managing specific ministries, how to engage in community organizing, working with the systems effecting life in the city, empowering people, managing change, and managing conflict effectively.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

## PATH 777 - Organizational Leadership

### Credits: 4

This course is created to examine the theories and research regarding organizational culture, design, and theories. Attention will be devoted to understanding the structural and cultural leverage points that allow leaders to create sustainable value and build highly-ethical, reliable, high-performing organizational leadership in a Christian context.

### Lecture/Lab: No

**Grade Mode:** Normal (A-F, I, W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## PATH 778 - Church Growth and Discipleship in the Urban Church

### Credits: 4,5

An examination of principles for expanding the kingdom of God in the urban context. The course aspires to help students develop and assess church growth and disciple-making strategies for the urban church from a biblical perspective. A study of effective historical and contemporary models is included.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** SEM

## PATH 779 - Leading Growth

### Credits: 4,5

Explores the role of leadership in the evangelistic ministry of the church. Includes vision, equipping and influence issues relative to the leader as a change agent and as a catalyst for turnaround churches and strategic church planting initiatives. Emphasizes contextualized peer coaching.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** SEM

## PATH 780 - Leading and Managing the Church Organization

### Credits: 5

Local churches and denominational organizations present challenges in leadership, management, and administration. This module combines previous requirements of the Doctor of Ministry leadership concentration and an informed foundation of biblical leadership to help participants excel in skills like strategic planning, managing change, team building, resource management, communication, mentoring, and coaching.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## PATH 781 - Advanced Administrative Practices

### Credits: 5

This unique leadership module is designed to help emerging women leaders achieve their goals and develop skills to navigate organizational politics, using persuasive methods to communicate as female negotiators, aligning capabilities with strategy, building confidence and credibility in networking to become effective leaders in peer mentoring sessions.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F, I, W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## PATH 782 - Gender and Leadership

### Credits: 4

This course reviews research from a variety of social science disciplines, gender studies, anthropology, political science plus the experience of men and women leaders to provide competencies and answer questions such as "Why have women not gained more access to powerful leadership positions in the church and world?"

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F, I, W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## PATH 783 - Hearing and Responding to God Throughout Life

### Credits: 5

Address the life cycle perspective of God's call in the initial response and

continuing relationship indicative of discipleship and renewal. Evaluate individuals, groups, and Adventist history in light of piety, mission, organizational structure, lifestyle, and worship.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**Term Offering:** Fall

**College Code:** SEM

## PATH 785 - Professional Formation in Chaplaincy Ministry

### Credits: 5

Examines leadership models relevant to chaplaincy. Investigates ethical issues in chaplaincy and the place of chaplaincy within the church and society. Provides opportunities to grow spiritually through processes such as biblical spirituality, devotional reading and journaling.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## PATH 786 - Clinical Issues in Care and Counseling

### Credits: 5

Training in theory and clinical skills related to the clinical setting within the context of spiritual care. Provides education in the following specialty areas: psychological and spiritual assessment, grief recovery, trauma, conflict resolution, and specific disease processes such as HIV/AIDS, cancer, disability, and mental health issues.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## PATH 787 - Theory and Research in Chaplaincy

### Credits: 4

Examines current research on spirituality and health, as well as theological understanding of spiritual care within the clinical context. The theoretical framework is based on psychological, sociological, and theological literature. Enables participants to have a better understanding of the lived experience of the people to whom they minister.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## PATH 788 - Professional Practice in Chaplaincy

### Credits: 4,5

Explores various leadership roles and functions involved in chaplaincy. Includes professional conduct, leadership, ethics, interdisciplinary consultation and interdepartmental relations. Promotes the integration of the chaplain into institutional life. Teaches how to conduct workshops and organize support groups.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning

**College Code:** SEM

## PATH 789 - The Missional Church

### Credits: 5

This module identifies and examines the characteristics of the missional church. Biblical faithfulness in discipleship and mission priority on the congregational level are further examined. Case studies of successful contemporary models for local church evangelism are explored.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## PATH 885 - Topics in

### Credits: 1-3

Classroom setting research dealing with selected problems in the field of Christian Ministry.

### Course/Lab Fee: No

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 890 - Directed Reading

**Credits:** 1-6

**Course/Lab Fee:** No  
**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### PATH 897 - Independent Study:

**Credits:** 1-3  
Research on an individual basis dealing with selected problems in the field of Christian Ministry.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### PATH 905 - Seminar in Theory and Praxis

**Credits:** 2,3  
The interfacing of theory and praxis and their informing each other from a variety of theological, philosophical, sociological, functional, and related aspects.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### PATH 940 - Seminar in:

**Credits:** 3  
Selected issues in Christian Ministry

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

# Theology & Christian Philosophy

**Faculty**  
Ante Jeroncic, *Chair*  
Denis Fortin  
Martin Hanna  
Adriani Milli Rodrigues  
Jo Ann Davidson, *Senior Research Professor*  
John Peckham, *Research Professor*  
John Baldwin, *Emeritus*  
Fernando Canale, *Emeritus*  
Peter van Bemmelen, *Emeritus*

**Mission Statement**  
To affirm the Seventh-day Adventist faith through excellence in teaching ministry, scholarship, and service to the world church in faithfulness to the Word of God

# Theology & Christian Philosophy

### THST 521 - Christian Theology I

**Credits:** 2,3  
Study of the interdisciplinary nature, sources, and methods of theology; the doctrines of God (the Trinity, foreknowledge, predestination), His works (creation, providence, the covenant, law and Sabbath), the Holy Spirit, and human beings (nature, image of God, and sin). For students without a prior degree in Theology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 522 - Christian Theology II

**Credits:** 2,3  
Study of the doctrines of Christ (nature and works of atonement), salvation, the church (marks, ministry, and mission) and eschatology (Adventist, Christ-centered exploration of end-time prophecies and events). For students without a prior degree in Theology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 540 - Doctrine of Salvation

**Credits:** 2,3  
A broad study of the Christian doctrine of Salvation: The author, object, need, agent, process, and result of salvation. Biblical, historical and systematic considerations are intrinsic to this course. While the Seventh-day Adventist understanding of this doctrine constitutes the central focus of the study, other views are also acknowledged.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### THST 605 - Principles of Christian Ethics

**Credits:** 2,3  
Study of the basic moral guidelines and ethical principles contained in the Bible. Application of these guidelines and principles to contemporary moral issues of special interest for Seventh-day Adventists.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 608 - The Great Controversy, Covenant, Law, Sabbath

**Credits:** 2,3  
Significance of the Seventh-day rest in the Old Testament, in the teachings of Christ and the apostles, and in Christian theology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 611 - Revelation, Inspiration and Hermeneutics

**Credits:** 2,3  
An interdisciplinary study of the process by which God communicates with human beings and of sound methods for interpreting and understanding the Scripture and applying its message.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Blended Learning, Lecture, Interactive Online  
**College Code:** SEM

### THST 615 - Doctrine of the Church

**Credits:** 2,3  
The nature, attributes, marks, and government of the Christian Church. Its relation to Christ, to the Scriptures, and to the Holy Spirit. The ordinances and the ministry.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 616 - Doctrine of God

**Credits:** 2,3  
A study of the nature and attributes of God and His relation to the world. Consideration of divine foreknowledge, predestination, and providence; the

Trinity; God as person.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### THST 617 - The Works of God

**Credits:** 2,3  
An in-depth study of such doctrines as creation, law and covenant, and Sabbath.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 618 - The Works of Christ

**Credits:** 2,3  
An in-depth study of such doctrines as atonement, salvation, and righteousness by faith.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 619 - Principles and Methods of Theology

**Credits:** 2,3  
The nature, function, and practice of constructive theological activity. Doing theology: What? Why? How? For advanced students.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### THST 622 - Foundations of Philosophical Ethics

**Credits:** 3  
The course focuses on key philosophical approaches to ethics by examining leading theorists from a distinctly biblical perspective. Possible figures of inquiry are Plato, Aristotle, the Stoics, Kant, Kierkegaard, Levinas, and others. The aim of the course is to familiarize the students with varieties of ethical discourse, as well as enable them to discern and engage current societal trends in their moral dimension.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 623 - Contemporary Adventist Theological Issues

**Credits:** 2,3  
Study of contemporary theological issues and their impact on the message, life and mission of the Seventh-day Adventist Church. The content of the course may vary from year to year.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### THST 624 - Protestant Theological Heritage

**Credits:** 2,3  
An in-depth study of the most important positions of the great shapers of the Protestant tradition from the earliest times to the end of the Magisterial Reformation.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 625 - Early Christian Theology

**Credits:** 2,3  
Study of the doctrinal development of the Church from the close of the apostolic age to Augustine in such themes as heresy, ethics, salvation, authority, and ecclesiology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 626 - Modern Christian Theology

**Credits:** 2,3  
Study of the major doctrinal trends of the Church from the post-Reformation era to the Enlightenment. Particular attention is given to such themes as salvation, ecclesiology, and Scripture and Tradition.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 627 - Roman Catholic Life & Thought

**Credits:** 2,3  
An introduction to Roman Catholic theology. Attention given to major doctrinal formulations, dogmas, and practices from the patristic period to the present in dialogue with Scripture.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 628 - Contemporary Theology

**Credits:** 2,3  
Study of major trends in 19th- and 20th-century theology, including liberalism and neo-orthodoxy, and such shapers of religious thought as Schleiermacher, Barth, and Bultmann viewed over the rise and development of Adventist theology.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### THST 629 - History and Theology of Ecumenism

**Credits:** 2,3  
Study of the history, structures, and theological implications of the ecumenical movement; including evaluation and response from a Seventh-day Adventist perspective.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 630 - Doctrine of Christ

**Credits:** 2,3  
Systematic and historical study of the unique person of Christ: His pre-existence, divinity, and incarnation. The incarnate relation of His divinity and humanity. The meaning and implications of His death.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 633 - Ethics and the Good Life

**Credits:** 2,3  
The meaning of human flourishing. The nature of wisdom and its significance for moral existence. Comparing and contrasting accounts of the good life in Scriptures, selected wisdom traditions, and contemporary culture. Reflecting on key ethical concepts such as freedom, responsibility, authenticity, and virtue.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 634 - Christian Social Ethics

**Credits:** 2,3  
An exploration of selected issues currently confronting the church, such as ethnic relations, the role of women, nationalism and liberation theology, poverty and hunger, and relations with civil governments.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### THST 635 - Issues in Origins

**Credits:** 2,3  
A study of current creation and evolutionary models regarding the origin, age, and change of the earth and its life. Specific topics include the historical development of these models; their biblical, philosophical, and scientific foundations; and theological implications.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

## THST 637 - Biblical Eschatology

**Credits:** 2,3

Adventist approach to a Christ-centered interpretation of the end-time prophecies regarding the judgment, the second coming of Christ, the kingdom of God, and the millennium in the Old and New Testaments on the basis of biblical principles of interpretation.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## THST 639 - Doctrine of the Holy Spirit

**Credits:** 2,3

The person and work of the Holy Spirit in the plan of redemption and the divine economy.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## THST 640 - Doctrine of Salvation

**Credits:** 2,3

A broad study of the Christian doctrine of Salvation: The author, object, need, agent, process, and result of salvation. Biblical, historical and systematic considerations are intrinsic to this course. While the Seventh-day Adventist understanding of this doctrine constitutes the central focus of the study, other views are also acknowledged.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** SEM

## THST 643 - Christian Professional Ethics

**Credits:** 2,3

An inquiry into the field of professional relations, dilemmas, and decision making within the context of Christian ethics. Emphasis on the identity, activity, and influence (witness) of a Christian professional, primarily in the various aspects of pastoral ministry and other caring professions.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## THST 644 - Theological Ethics

**Credits:** 2,3

Discussion and application of biblical teachings and normative models to decision making and standards of Christian behavior in the context of praxis of ministry.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## THST 647 - Human Nature and Destiny

**Credits:** 2,3

Origin of humanity, the fall, and sin—its nature and effect. The nature of man, the doctrine of immortality. Man and woman as the image of God. Theological anthropology and contemporary issues.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## THST 649 - Seminar in Theological

**Issues:** \_\_\_\_\_

**Credits:** 2,3

Study of issues such as Christology, anthropology, ecclesiology, contemporary theology, and Christian ethics. Available for PhD/ThD, MA, and select MDiv students.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## THST 656 - Seminar in Historical

**Theology:** \_\_\_\_\_

**Credits:** 2,3

Development of theological tradition, movement, doctrine, or theme throughout the history of Judeo-Christian thought. Available for PhD/ThD, MA, and select MDiv students.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## THST 659 - Seminar in Philosophy, Theology, and

**Ethics:** \_\_\_\_\_

**Credits:** 2,3

The interrelation between philosophical, theological, and ethical thought-forms and issues considered in the light of the biblical perspective. Available for PhD/ThD, MA, and select MDiv students.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

## THST 660 - Church and Society

**Credits:** 2,3

Interdisciplinary analysis of the interrelatedness of church, its theology and task with the society as potential recipient of the Gospel; examination of structures and dynamics in church and society from biblical, theological, ethical, and sociological perspectives; formulation of a biblical world view vis-a-vis modern philosophies and ideologies.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## THST 667 - Postmodernism and the Church

**Credits:** 2,3

A critical study of the nature and ideological origins of the postmodern mind as it relates to both the theology and the mission of the Seventh-day Adventist Church.

**Course Attribute:** Historical Theology

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## THST 676 - History of Philosophy

**Credits:** 2,3

An overview of classical, medieval, modern, and contemporary philosophy: an introduction to key figures such as Plato, Aristotle, Augustine, Thomas Aquinas, Descartes, Hume, and Kant; and a survey of recent developments such as process, existentialist, and analytical philosophy. For advanced students.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## THST 678 - Science and Religion

**Credits:** 2,3

The relation of scientific information and theory to Christian doctrines; theories of origin, geologic time, uniformity, and organic evolution as developed in the fields of historical geology and biology.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## THST 690 - Independent Study: \_\_\_\_\_

**Credits:** 1–3

Restricted to advanced students. Selected problems in the field of theology. See general guidelines under Academic Information.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### THST 695 - Topics \_\_\_\_\_

**Credits:** 2,3

Course deals with selected themes. Can be used only by preapproval from the student's program director and the teacher.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

### THST 809 - The Theology of Ellen G. White

**Credits:** 3

Analytical study of major theological themes in the writings of E. G. White and their influence on Adventist theology.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### THST 814 - Seminar in Philosophy, Theology and

**Ethics:** \_\_\_\_\_

**Credits:** 3

The interrelation between philosophical, theological and ethical thought-forms and issues considered in the light of the biblical perspective. Available for PhD/ThD, MA, and select MDiv students.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** SEM

### THST 830 - Methods in Historical Theology

**Credits:** 3

An orientation of a theological tradition, movement, doctrine, or theme throughout the history of Judeo-Christian thought.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

### THST 885 - Topics in \_\_\_\_\_

**Credits:** 1-3

Classroom setting research dealing with selected problems in the field of Theology.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** SEM

### THST 890 - Directed Reading in Systematic Theology

**Credits:** 1-6

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### THST 895 - Directed Reading in Historical Theology

**Credits:** 1-6

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### THST 896 - Directed Reading in Christian Ethics

**Credits:** 1-6

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### THST 897 - Independent Study:

**Credits:** 1-3

Research on an individual basis dealing with selected problems in the field of Theology.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

### THST 914 - Seminar in Philosophy, Theology and

**Ethics:** \_\_\_\_\_

**Credits:** 3

The interrelation between philosophical, theological and ethical thought-forms and issues considered in the light of the biblical perspective. Available for PhD/ThD students.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

### THST 935 - Seminar in Philosophical

**Theology:** \_\_\_\_\_

**Credits:** 3

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

### THST 940 - Seminar in Systematic Theology: \_\_\_\_\_

**Credits:** 3

Selected issues in systematic theology.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

### THST 964 - Seminar in Historical

**Theology:** \_\_\_\_\_

**Credits:** 3

Study of selected doctrinal and historical issues and systems.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

### THST 966 - Seminar in Ethics: \_\_\_\_\_

**Credits:** 3

Selected issues in ethics from a Christian perspective.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** SEM

# World Mission

### MSSN 505 - Christian Responses to Human Needs

**Credits:** 2,3

Explores biblical models, historical examples, and development paradigms for

Christian involvement in incarnational ministries.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### **MSSN 525 - Mission to the World**

**Credits:** 2,3  
A broad introduction to Christian world missions. Includes aspects of mission history, the theological foundations of mission, intercultural perspectives of mission service, contemporary theoretical thought about missions, and basic relationships to other faiths.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### **MSSN 546 - Mission in Cultural and Religious Context**

**Credits:** 3  
Explores missiological principles with an emphasis on the cultural and religious context, and the development of cultural sensitivity and cross-cultural communication skills for Christian witness. Required of all MDiv students.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### **MSSN 561 - Christian Witness and World Religions**

**Credits:** 3  
Study of the history, writings, beliefs and practices in world religions such as Islam, Hinduism and Buddhism and the development of effective strategies for Christian witness. Required of all MDiv students.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** SEM

### **MSSN 584 - Preparation for Cross-Cultural Workers**

**Credits:** 2-4  
An orientation for cross-cultural workers that aims to (1) create an awareness of the actual context of mission today; (2) prepare missionaries to meet this situation; and (3) shape attitudes that are indispensable for fruitful cross-cultural mission service.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### **MSSN 610 - Theology of Mission**

**Credits:** 3  
The biblical foundation of mission, its essence, goals, motives, and the role of the church in mission.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MSSN 546 and MSSN 561.  
**Schedule Type:** Lecture  
**College Code:** SEM

### **MSSN 615 - Anthropology for Mission and Ministry**

**Credits:** 2,3  
The fundamentals of culture, worldview, social structure, group organization, and social change studied as a basis for intercultural understanding and communication. Attention given to issues which constitute challenges and opportunities to cross-cultural workers.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### **MSSN 618 - Mission to the Cities**

**Credits:** 3  
Examines some of the most pressing elements and topics involved in urban mission: history and issues in urbanization, reasons for urban growth, understanding and navigating the urban context, biblical and theological foundations for urban mission, incarnational ministries, investigation of urban mission models, Ellen G. White and mission to the cities.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture  
**College Code:** SEM

### **MSSN 625 - Creating Collective Impact and Project Management**

**Credits:** 2,3  
This course supports leaders in designing, developing, implementing, and assessing programs created to positively impact urban communities. The course covers topics such as program design, program development models, organizational innovation, financial, and performance indicators. Participants review past project implementations and are given the opportunity to design, develop, and assess a program focused on the needs of diverse city environments.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Seminar  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** SEM

### **MSSN 630 - Cross-Cultural Leadership Development**

**Credits:** 2,3  
A study of leadership emergence, selection, and training in missionary churches with particular attention paid to strategic issues of various training models and the relationship between formal, informal, and non-formal leadership development. Identical to CHMN630.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MSSN 546 and MSSN 561  
**Schedule Type:** Lecture  
**College Code:** SEM

### **MSSN 632 - Diversity, Cultural Intelligence, and Leadership**

**Credits:** 2,3  
Cultural intelligence is an essential skill and ministry imperative in today's global and multicultural world. This course equips those serving in multicultural ministry settings with the knowledge, skills, and motivation to empower them for inclusive leadership. In the process of developing their intercultural competence, participants are challenged to identify and address their own biases in order to enhance their ability to interact with people of diverse backgrounds effectively and appropriately.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Seminar  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** SEM

### **MSSN 635 - Contemporary Issues in Mission**

**Credits:** 2,3  
Current issues in mission and the way they affect the church's outreach in the world.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MSSN 546 and MSSN 561.  
**Schedule Type:** Lecture  
**College Code:** SEM

### **MSSN 640 - Advanced Mission Studies**

**Credits:** 3  
Study of advanced missiological principles and their application.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MSSN 546 and MSSN 561.  
**Schedule Type:** Lecture  
**College Code:** SEM

### **MSSN 644 - Ministry of Reconciliation through Social Innovation**

**Credits:** 2,3  
This course lays a foundation for understanding the appropriate goals and strategies required by social innovators and organizations to address urban challenges. It explores doing so in collaboration with churches and other forms of ministry. Participants explore what it means to live out restorative justice rooted in the gospel as they address social, cultural, political, and spiritual challenges that are unique to urban neighborhoods.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Seminar  
**Year Offering:** Annually  
**Term Offering:** Fall, Spring, Summer  
**College Code:** SEM

## MSSN 645 - Ministry among Immigrants

**Credits:** 2,3

This course is an overview of contemporary challenges immigrants face in large cities around the world. It examines the biblical background of immigration and the relationship between immigrants, the church, and the wider urban community. The course deals with how the church can aid immigrants in dealing with language barriers, loneliness, homelessness, hunger, ethnic identity crisis, and access to social and legal services.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Seminar

**Year Offering:** Annually

**College Code:** SEM

## MSSN 650 - Introduction to a World Religion

**Credits:** 2,3

An introduction to the history, beliefs, writings, personalities and current developments in religions such as Islam, Judaism, Hinduism and Buddhism.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MSSN 546 and MSSN 561.

**Schedule Type:** Lecture

**College Code:** SEM

## MSSN 652 - Biblical and Qur'anic Studies

**Credits:** 2,3

The study of the Bible and the Qur'an and other Adventist and Muslim sources of faith such as the Spirit of Prophecy, the Hadith, and Islamic tafsir, with a view to leading a Muslim to faith in Islamic contexts.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## MSSN 653 - Islamic Culture and Society

**Credits:** 3

The study of Islamic social systems and practices and their implications for mission. Topics include morals and ideals, family life, festivals, religious life and practice, shar'iah law, and female spirituality.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## MSSN 655 - ICISF Certification for Crisis Intervention

**Credits:** 1

This course provides a comprehensive model for coping with critical life incidents. Successful participation is rewarded with the following three professional certificates in comprehensive crisis intervention and disaster behavioral health from the International Critical Incidents Stress Foundation (ICISF, Inc.): (1) Assisting Individuals in Crisis, (2) Group Crisis Intervention, and (3) Critical Incidents in Places of Worship - Providing Effective Crisis Support.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Seminar

**Year Offering:** Annually

**College Code:** SEM

## MSSN 660 - Witnessing to People of Another Religion

**Credits:** 2,3

Development and evaluation of various forms of Christian witness among the peoples of other religions such as Muslims, Jews, Hindus, and Buddhists.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Prerequisite for MDiv students: MSSN 546 and MSSN 561.

**Schedule Type:** Lecture

**College Code:** SEM

## MSSN 667 - Urban Ministry Project

**Credits:** 3

This course, offering both in-class instruction and a practicum, overviews best practices in urban ministry planning in order to equip participants with skills essential for project development and management, grant writing, budgeting, and mentoring.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Schedule Type:** Independent

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** SEM

## MSSN 676 - History of Christian Mission

**Credits:** 2,3

History of the expansion of the Christian church, from the first century until the present. At the discretion of the Department of Church History, this course may fulfill a Church History elective requirement.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MSSN 546 and MSSN 561.

**Schedule Type:** Lecture

**College Code:** SEM

## MSSN 685 - Strategies for World Mission

**Credits:** 2,3

A concentrated study of mission theory and strategy, cultural perspectives of mission service, and basic principles of church growth.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** SEM

## MSSN 690 - Independent Study

**Credits:** 1-3

Individual research on a selected problem in the theory, history, or practice of mission. See general guidelines under Academic Information.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** SEM

## MSSN 695 - Topics \_\_\_\_\_

**Credits:** 1-6

On themes by preapproval from the student's program director and the teacher.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** SEM

## MSSN 730 - Mission and Discipleship in a Changing World

**Credits:** 4

This course explores biblically faithful and contextually appropriate methods of presenting the principles of the never-changing Word of God in the context of an ever-changing world. Focus will be on significant trends that are impacting Christian mission and discipleship. Participants will develop a strategy for engaging a changing world to accomplish God's unchanging mission.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**Year Offering:** Alternate years

**Term Offering:** Fall

**College Code:** SEM

## MSSN 731 - Cultural and Religious Analysis—I

**Credits:** 4

Using the tools of cultural, social, anthropological, and religious analysis, the specific context and challenges of mission will be analyzed and described in depth as a basis for ministry. The course content will be shaped to fit the local situation.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## MSSN 732 - Cultural and Religious Analysis—II

**Credits:** 4

Using the tools of cultural, social, anthropological, and religious analysis, the specific context and challenges of mission will be analyzed and described in depth as a basis for ministry. The course content will be shaped to fit the local situation.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** SEM

## MSSN 741 - Mission Strategy Development I

**Credits:** 4

Study of contemporary strategies of mission as a framework and foundation for

the development and practice of a ministry plan within specific contexts. The role of leadership in this process is highlighted.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MSSN 731, MSSN 732.  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 742 - Mission Strategy Development II

**Credits:** 4  
Study of contemporary strategies of mission as a framework and foundation for the development and practice of a ministry plan within specific contexts. The role of leadership in this process is highlighted.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MSSN 731, MSSN 732.  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 795 - Topics in \_\_\_\_\_ (Emphasis)

**Credits:** 1-4  
Topics courses that address specific areas of knowledge, skills, and research needed for an advanced professional in mission in the cohort's specific concentration. Topics will include foundational concepts needed for the cohort's concentration, such as historical and contemporary mission, cultural studies, and worldviews. Research applicable to the people group or mission concentration will be included.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** SEM

### MSSN 805 - Current Issues in Mission

**Credits:** 3,4  
A study of contemporary issues in mission and the way they affect the church's outreach in the world.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### MSSN 806 - Biblical, Theological, & Spiritual Foundations of Mission

**Credits:** 5,6  
A foundational course that seeks to deepen self-understanding of the attributes one brings to mission and strengthen the biblical spirituality essential for mission. The biblical and theological foundations of mission are explored, including the theology of culture and religions.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 810 - Seminar in \_\_\_\_\_ (Emphasis)

**Credits:** 1-6  
This seminar will address specific issues beyond the core mission courses that are appropriate to the cohort concentration, allowing students to apply biblical, theology, and missiological concepts to issues in mission from their context. Research applicable to the people group or mission emphasis will be included.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### MSSN 820 - The Church and Social Issues

**Credits:** 3  
This course not only looks at social issues but also helps students learn the skills needed to investigate, understand, and develop a Christian response to a particular social issue.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 826 - Seminar in Theology of Mission

**Credits:** 3  
**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### MSSN 827 - Seminar in History of Mission

**Credits:** 3  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### MSSN 828 - Seminar in Social Sciences and Mission

**Credits:** 3  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### MSSN 829 - Seminar in Other Religions

**Credits:** 3,4  
This Seminar will address specific issues beyond the core mission courses that are appropriate to the cohort concentration, allowing students to apply biblical theology and missiological concepts to issues in mission from their context. Research applicable to the people group or mission concentration will be included.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### MSSN 830 - Seminar in Strategies and Development in Mission

**Credits:** 3  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** SEM

### MSSN 834 - Mission Strategy and Leadership

**Credits:** 3  
This course explores biblical and theological principles of Christian leadership, organizational theory, and systems thinking with a particular focus on mission leadership. Additionally, the course emphasizes the character formation of the Christian leader and the interplay between mission, leadership, context, and strategy development. The course seeks to develop non-profit leadership competencies, an understanding of Christian mission leadership in a pluralistic and multi-cultural world, as well as some important administrative skills one needs to lead effectively.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 835 - Urban Contexts for Mission and Ministry

**Credits:** 3,4  
Explores urban dynamics tracing the development of urban anthropology in assisting students on how to exegete and relate to urban contexts. Provides the tools to develop a theological framework and mission strategy to reach particular urban cultures or subgroups.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### MSSN 837 - History of Mission

**Credits:** 3  
A missiological study of the history of the church worldwide and the application of the insights which emerge to present strategies of mission. The course focuses on the dynamics of the expansion of the Christian movement, with special attention to the means of renewal, structures of mission, and the relationship between the two.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 838 - Mission & the Social Sciences

**Credits:** 3-5  
A social science course that provides a prism through which those involved in the study and practice of mission can see and understand people and their worldviews

in a more comprehensive and integrated manner.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 840 - Research Methods in Mission and Ministry

**Credits:** 2,3  
Research methods and procedures as applied to the field of mission and ministry with an emphasis on field-based qualitative research, participant observation and ethnographic interviews.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 854 - Research Design in Mission

**Credits:** 3  
Advanced missiological research methods with preparation of a tentative proposal for a field research dissertation.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**College Code:** SEM

### MSSN 870 - Discipleship & Worldview Transformation

**Credits:** 3,4  
A course that explores the interaction of context, methodology, attitude, and approach in fostering a biblically-based Christian worldview. Discipling strategies and missionary methods responsive to cultural, religious, and socio-historical contexts will be studied and applications developed for specific groups.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 880 - Mission Education & Training

**Credits:** 3,4  
A survey of educational approaches and training methodologies for teaching mission and missionaries. Adult education and discovery learning models will be practiced and critiqued.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Blended Learning  
**College Code:** SEM

### MSSN 885 - Topics in:

**Credits:** 1-3  
Classroom setting research dealing with selected problems in the field of missiology.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring, Summer  
**College Code:** SEM

### MSSN 888 - Doctor of Intercultural Studies Dissertation

#### Continuation

**Credits:** 0  
Doctor of Intercultural Studies (DIS) Dissertation Continuation. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/o 'I' (S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### MSSN 890 - Directed Reading in Mission Studies

**Credits:** 2-12  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** SEM

### MSSN 897 - Independent Study:

**Credits:** 1-3  
Research on an individual basis dealing with selected problems in the field of missiology.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Term Offering:** Fall, Spring, Summer  
**College Code:** SEM

### MSSN 899 - Doctor of Intercultural Studies Dissertation

**Credits:** 1-6  
Doctor of Intercultural Studies (DIS) Dissertation qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status  
**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** SEM

 Jeffrey Smith, BA, Acting Manager, WAUS  
 Lynnetta Hamstra, MBA, Manager, Howard Performing Arts Center

Glenn A. Meekma, Jr., BS, CPA, Manager, Farm  
 Alfredo Ruiz, MA/MDiv, Director, University Apartments  
 Cynthia Swanson, Manager, University Bookstore  
 Allen Wellborn, Manager, Custodial Services  
 Jamie Wright, Director, Plant Services

#### **Administrators Emeriti**

Niels-Erik Andreasen, PhD, President, Emeritus  
 David A. Faehner, PhD, Vice President of University Advancement, Emeritus  
 Lyndon G. Furst, EdD, Dean, School of Graduate Studies and Professor of Educational Administration and Supervision, Emeritus  
 Merlene A. Ogden, PhD, Dean and Professor of English, Emerita  
 Lawrence W. Onsager, MLS, MA, Dean of Libraries, Emeritus  
 Gottfried Oosterwal, DLitt, Director, Center for Intercultural Relations, Emeritus  
 Allen F. Stenbridge, Dean, School of Business Administration, Emeritus  
 Charles H. Tidwell Jr., PhD, Dean, Affiliation & Extension Programs, Emeritus  
 Werner K. Vyhmeister, PhD, Dean, Seventh-day Adventist Theological Seminary and Professor of Mission, Emeritus

#### **Alumni Association Officers**

##### **Members**

Raelene Brower (att.), Executive Director  
 Kelsey Curnutt (BA '11)  
 Debbie Weithers (BBA '86)  
 Lucy Randall (BAEQUIV '98)  
 Sherrie Davis (BS '89)  
 Jan Pickett (MA '86, BSW '83)  
 Dennis Lundgren (PhD '13)  
 Chea-se-quah Tait (BSW '19).

##### **Ex-Officio Members**

John Wesley Taylor (PhD '86, MA '84), President, Andrews University  
 Donald Bedney (MDiv '90, MSA '91), Vice President, University Advancement  
 Gillian Panigot (BS '06, MA '08), FOCUS Editor  
 Jakob Kwon, 2024-2025 AUSA President  
 K. Hans Miranda Chavez, 2024-2025 AUGSA Representative  
 Desmond Murray (BS '85), BSCF Co-Representative (current sponsor)  
 Samantha Woolford-Hunt, BSCF Co-Representative (current president)

#### **Recipients of Andrews University Faculty Awards for Excellence in Teaching**

1976–77—Bill Chobotar, Patricia M. Silver  
 1977–78—Merlene A. Ogden, M. Lillian Moore  
 1978–79—Daniel A. Augsburg, Ivan L. Warden  
 1979–80—Robert R. Ludeman, F. Estella Greig  
 1980–81—Ruth R. Murdoch, Malcolm B. Russell  
 1981–82—Robert A. Wilkins, Leonard K. Gashugi  
 1982–83—Carl Coffman Jr, Neville H. Clouten  
 1983–84—Asa C. Thoresen, Des Cummings Jr.  
 1984–85—Lawrence T. Geraty, Robert U. Kalua  
 1985–86—C. Warren Becker, Øystein S. LaBianca  
 1986–87—Ivan T. Blazen, Janice Y. Watson  
 1987–88—William W. Davidson, Duane C. McBride  
 1988–89—Ralph M. Scorpio, Bruce A. Closser  
 1989–90—Dwain L. Ford, Meredith J. Jones  
 1990–91—Øystein S. LaBianca, Georgina P. Hill  
 1991–92—Stanley M. Bell, Leonard K. Gashugi, A. Josef Greig, F. Estella Greig, William E. Richardson, Russell L. Staples, John B. Youngberg  
 1992–93—Paul S. Brantley, Arthur N. Brown  
 1993–94—Dennis W. Woodland, Edwin I. Hernandez  
 1994–95—James L. Hayward, Annetta M. Gibson  
 1995–96—Kenneth E. Thomas, Carole L. Kilcher  
 1996–97—Jon L. Dybdahl, James A. Tucker  
 1997–98—Richard M. Davidson, Beverly J. Matiko  
 1998–99—Curtis J. VanderWaal, Katherine A. Koudele  
 1999–00—David A. Steen, April R. Summitt  
 2000–01—Bill Chobotar, Stephen P. Zork  
 2001–02—Shelley Bradfield, James L. Hayward

#### **Recipients of the Daniel A. Augsburg Excellence in Teaching Award**

(Teaching award name changed in 2002–03 school year)  
 2002–03—Ranko Stefanovic (CAS), Sharon Prest (COT), Phillip H. Bess (ARCH), David A. Vlosak (SBA), Candice C. Hollingsead (SED), George R. Knight (SEM)  
 2003–04—Kathleen A. Berglund (CAS), Delyse E. Steyn (CAS), Laun L. Reinholtz (COT), Thomas B. Lowing (ARCH), Mary Ann Hofmann (SBA), Hinsdale Bernard (SED), Jon K. Paulien (SEM)

**2004–05**— Mickey D. Kutzner (CAS), Delmer I. Davis (CAS), Gary A. Marsh (COT), Kristin S. von Maur (ARCH), Robert C. Schwab (SBA), Frederick A. Kosinski (SED), Roy E. Gane (SEM)

**2005–06**— L. Monique Pittman (CAS), Shandelle M. Henson (CAS), Ronald L. Johnson (COT), Andrew C. von Maur (ARCH), Betty Lou S. Gibson (SBA), Jimmy Kijaj (SED), Denis Fortin (SEM)

**2006–07**— Arlene M. Saliba (CAS), Janice F. Wrenn (CAS), Stanley H. Beikmann (COT), Rhonda G. Root (ARCH), Leonard K. Gashugi (SBA), Shirley A. Freed (SED), Jacques B. Doukhan (SEM)

**2007–08**— Margarita C. K. Mattingly (CAS), Carlos A. Flores (CAS), Stephen C. Thorman (COT), Armand G. H. Poblete (SBA), Gary D. Gifford (SED), Richard M. Davidson (SEM). School of Architecture—No nomination for 2008.

**2008–09**— Susan P. Zork (CAS), H. Thomas Goodwin (CAS), Duane E. Habenicht (COT), Annetta M. Gibson (SBA), Elvin S. Gabriel (SED), John T. Baldwin (SEM), Kristin S. von Maur (SOA)

**2009–10**— Karl Bailey (CAS), John Banks (CAS), Lilianne Doukhan (CAS), Robert Moore (CAS), David Sherwin (COT), Robin Johnson (SOA), Jacquelyn Warwick (SBA), Duane Covrig (SED), Randall Younker (SEM)

**2010–11**— Ann-Marie Jones (CAS), Darah J. Regal (CAS), Dianne L. Staples (CAS), Robert E. Zdor (CAS), James H. Doran (COT), Mark A. Moreno (SOA), Samuel Kim-Liang Chuah (SBA), Barbara A. Reid (SED), H. Peter Swanson (SEM)

**2011–12**— Rudolph Bailey (SED), Bruce Bauer (SEM), José Goris (SBA), Herbert Helm (CAS), Marcia Kilsby (CAS), Glenn Russell (CAS), Martin Smith (SAAD), Tiffany Summerscales (CAS)

**2012–13**— Gary W. Burdick (CAS), Nancy J. Carbonell (SED), Darius W. Jankiewicz (SEM), Ben A. Maguad (SBA), Thomas J. Michaud (SAAD), Pedro A. Navia (CAS), Shelly J. Perry (CAS), Richard D. Show (SHP)

**2013–14**— Ron D. Coffen (SED), Lauren R. Matacio (CAS), Jerry A. Moon (SEM), Lee E. Olson (SHP), David W. Randall (CAS), Kathryn M. Silva (CAS), Andrew von Maur (SAAD)

**2014–15**—Harvey Burnett (CAS), Henrietta H. Hanna (SHP), Ryan Hayes (CAS), Douglas A. Jones (CAS), Paul B. Kim (SAAD), Janet Ledesma (SED), Stanley E. Patterson (SEM)

**2015–16**—Larry Burton (SED), John Peckham (SEM), Karen Reiner (SHP), Quentin Sahly (SBA), Ariel Solis (SAID), Lynelle Weldon (CAS), Janice Wrenn (CAS)

**2016–17**—Rahel Schafer, Hyveth Williams

**2017–18**—Gunnar Lovhoiden

**2018–19**—Julia Kim, Boubakar Sanou

**2019–20**—Oliver Glanz, Desrene Vernon-Brebnor

**2020–21**—Vanessa Corredera, Cedric Vine

**2021–22**—Anthony Bosman, Liz Muhlenbeck

**2022–23**—Carla Trynchuk

#### **Recipients of Andrews University Faculty Awards for Excellence in Research and Creative Activity**

**1991–92**— Gregory J. Constantine, Donna Habenicht, Gerhard Hasel, Gary Land, Margarita Mattingly, Duane McBride, Raymond Paden, Abraham Terian

**1992–93**— Gordon Atkins, Roger Dudley, Edwin Hernandez, Mickey Kutzner, Jonathan Paulien, Brian Strayer

**1993–94**— Bill Chobotar, Gregory J. Constantine, Jacques Doukhan, Lyndon Furst, George Knight

**1994–95**— Roger Dudley, Shirley Freed, Scott Moncrieff, William Proulx, Jim Wolfer

**1995–96**— Gregory J. Constantine, George Knight, Margarita Mattingly, Janet Mulcare, John Stout

**1996–97**— Philip Bess, Mickey Kutzner, Jonathan Paulien, Douglas Singh, James Tucker

**1997–98**— Paul Brantley, Russell Burrill, Larry Richards

**1998–99**— Gordon J. Atkins, Lenore S. Brantley, Gregory J. Constantine, George R. Knight, P. David Merling

**1999–00**— Shirley A. Freed, Mickey D. Kutzner, Janet A. Mulcare, Jon K. Paulien, Carla L. Trynchuk

**2000–01**— Philip H. Bess, Gary W. Burdick, Roger L. Dudley, Gary G. Land, Jiri Moskala

**2001–10** — no awards given these years

#### **Recipients of the Siegfried H. Horn Excellence in Research and Creative Scholarship Award**

**2010–11**— Karen A. Allen (Professional Programs), Larry D. Burton (Arts & Humanities), Richard M. Davidson (Religion & Theology), Shandelle M. Henson (Pure & Applied Sciences)

**2011–12**— Steve Hansen (Arts & Humanities), Duane McBride (Pure & Applied Sciences) Jiří Moskala (Religion & Theology), Curtis VanderWaal (Professional Programs)

**2012–13**— Fernando L. Canale (Religion & Theology), Winston J. Craig (Professional Programs), Tevni E. Grajales Guerra (Arts, Humanities & Education), Øystein S. LaBianca (Pure & Applied Sciences)

**2013–14**— Gary W. Burdick (Pure & Applied Sciences), Gregory J. Constantine (Arts, Humanities & Education), Roy E. Gane (Religion & Theology), Marcia A. Kilsby (Professional Programs)

**2014–15**—James L. Hayward (Pure & Applied Sciences), Wagner Kuhn (Religion & Theology), Carla L. Trynchuk (Arts, Humanities & Education), Andrew C. von Maur (Professional Programs)

**2015–16**—Karl G.D. Bailey (Pure & Applied Sciences), Richard Choi (Religion & Theology), Annetta Gibson (Professional Programs), Stephen Zork (Arts, Humanities & Education)

**2016–17**—Tiffany Summerscales (Pure and Applied Sciences), Denis Fortin (Religion and Theology), Kathleen Demsky (Professional Programs), Herb Helm (Arts, Humanities and Education)

**2017–18**—Stanley E. Patterson (Religion and Theology), Charles Reid (Arts, Humanities and Education)

**2018–19**—John Peckham (Religion and Theology), Harvey Burnett (Arts, Humanities and Education)

**2019–20**—S. Joseph Kidder (Religion and Theology), Gustavo Gregorutti (Arts, Humanities and Education)

**2020–21**—Anneris Coria-Navia, Chi Yong Yun

**2021–22**—Petr Činčala, Jay Johnson

**2022–23**—Oliver Glanz, Daniel Gonzalez-Socoloske

**2023–2024**—Felix H. Cortez, Shannon Trecartin

## **Faculty**

### **FACULTY FROM AFFILIATED SCHOOLS**

#### **Undergraduate**

##### **Hong Kong Adventist College**

Ching Ho Richard Cheng, Instructor of English

Corjena Cheung, Instructor of Nursing

Barbara Kit Chun Choi, Instructor of Biology

Simon S. Chua, Instructor of Visual Art/Communication/Design

Kima Fanai, Instructor of Religion/Biblical Languages

Siu Hei Sam Lai, Instructor of Anthropology

Chuen Chuen T Lau, Instructor of Religion/Biblical Languages

Yee Ping Alison Lee, Instructor of Social & Behavioral Sciences

Wing Kwai Spencer Li, Instructor of Management

Anna C. Liu Chim, Instructor of Social & Behavioral Sciences

Hoi Ling C. Luk, Instructor of Mathematics/Chemistry

Paul E McGraw, Instructor of History & Political Science

Gad Onywere, Instructor of Biology

Jenifer Shiu, Instructor of Management & Marketing

Arlene B. Siagian, Instructor of Music/Liberal Arts/General Studies

Tsz King Nelson Tsang, Instructor of Fitness/Wellness

Wai Yan Dorothy Wong, Instructor of Sociology

Priscilla Wong, Instructor of Social & Behavioral Sciences

Henry Ya'ang, Instructor of Accounting/Economics/Finance

Jacky T. Yeung, Instructor of Religion/Biblical Languages

Chi Hong Yu, Instructor of Accounting/Management

Martin Yu, Instructor of Computing

##### **Newbold College-Bracknell, Berkshire, England**

Llewellyn R. Edwards, Lecturer in Leadership

Thomas C. Gyuroka, Lecturer in Leadership

##### **Middle East University, Beirut, Lebanon**

Amy M. McHenry, Instructor in Biology

Bassam Abdallah, Instructor in Management & Marketing

Carlos E. Biaggi, Instructor in Management & Marketing

Danny Kattan, Instructor in Chemistry, Biochemistry

Eileen M. Ghali, Instructor in English

Farid Khoury, instructor in History

John E. Issa, Instructor in Management & Marketing

Larry L. Lichtenwalter, Instructor in Religion, Bible and Philosophy

Mark Hynum, instructor in Natural Sciences

Peter R. McHenry, Instructor in Biology

Phillippe W. Zgheib, Instructor in Accounting/Economics/Finance

Raja D. Farah, Instructor in Religion/Biblical Languages

Rick E. McEdward, Instructor in Religion/Biblical Languages

Slavisa Jankovic, Instructor in Religion/Biblical Languages

##### **Adjunct Faculty**

Chadi Tawil, Instructor in Accounting/Economics/Finance

Paul Abboud, Instructor in Accounting/Economics/Finance

Nehme E. Al Khawli, Instructor in Accounting/Economics/Finance

Elisa Saab, Instructor in Accounting/Finance

Ali Makki, Instructor in Mathematics

Nelly Der Ghazarian, Instructor in Finance

Maya Abou Fadel, Instructor in Chemistry & Biochemistry

Andrew Traboulsi, Instructor in Business, General

John W. Reeve, Instructor in Church History  
Johnny F. Farah, Instructor in Management & Marketing  
Adrian Hilt, Instructor in Computer Science  
Speranta Nae, Instructor in English

## College of Arts & Sciences

### Emeriti Faculty and Research Title

Sallie J. Alger, MS - Associate Professor of Library Science, Emerita  
Luanne J. Bauer, PhD - Professor of Communication, Emerita  
Stanley Beikmann, BS - Assistant Professor of Horticulture, Emeritus  
Thomas N. Chittick, EdD - Professor of Agriculture, Emeritus  
Bruce A. Closser, PhD, - Associate Professor of English, Emeritus  
William Chobotar, PhD - Professor of Biology, Emeritus  
Gregory J. Constantine, MFA - Research Professor of Art, Emeritus  
Delmer I. Davis, PhD - Professor of English, Emeritus  
Kathleen M. Demsky, MLS - Associate Professor of Library Science, Emeritus  
Lilianne Doukhan, PhD - Professor of Music, Emerita  
Daniel J. Drazen, MLS - Assistant Professor of Library Science, Emeritus  
Carlos Flores, PhD - Professor of Music, Emeritus  
Kenneth L. Franz, MA - Associate Professor of Developmental and General Mathematics, Emeritus  
F. Estella Greig, PhD - Professor of English, Emerita  
A. Josef Greig, PhD - Professor of Philosophy, Emeritus  
Theodore R. Hatcher, PhD - Professor of Mathematics, Emeritus  
James L. Hayward, PhD - Research Professor of Biology, Emeritus  
Cynthia M. Helms, MLS - Associate Professor of Library Science, Emeritus  
Glenn E. Johnson, MEngSc - Associate Professor of Engineering Technology, Emeritus  
Douglas A. Jones, PhD, - Professor of English, Emeritus  
Robert E. Kingman, PhD - Professor of Physics, Emeritus  
Wolfgang F. P. Kunze, PhD - Professor of German, Emeritus  
Mickey D. Kutzner, PhD - Professor of Physics, Emeritus  
Linda Mack - Associate Professor of Library Science, Emerita  
Beverly J. Matiko, PhD - Associate Professor of Communication and English, Emeritus  
Lionel N. A. Matthews, PhD - Professor of Sociology, Emeritus  
Keith E. K. Mattingly, PhD - Professor of Old Testament, Emeritus  
Robert C. Moore, EdD - Professor of Mathematics, Emeritus  
Susan E. Murray - Associate Professor of Psychology, Emerita  
G. William Mutch, PhD - Professor of Chemistry, Emeritus  
Eduardo Ocampo, PhD - Professor of Spanish, Emeritus  
Merlene A. Ogden, PhD - Dean & Professor of English, Emerita  
Lawrence W. Onsager, MA - Associate Professor of Library Science, Emeritus  
Shelly Perry, MSW - Associate Professor of Social Work, Emerita  
Derrick Proctor, PhD - Professor of Psychology, Emeritus  
Donald H. Rhoads, PhD - Associate Professor of Mathematics, Emeritus  
William E. Richardson - Dean, College of Arts & Sciences, and Professor of Religion, Emeritus  
Glenn E. Russell, DMin - Professor of Missions, Emeritus  
David A. Steen, PhD - Professor of Biology, Emeritus  
Delyse Steyn, PhD - Professor of Communication, Emeritus  
John F. Stout, PhD Research - Professor of Biology, Emeritus  
Brian E. Strayer, PhD - Professor of History, Emeritus  
Woodrow Whidden, PhD - Professor of Religion, Emeritus  
Peter Wong, PhD - Professor of Chemistry, Emeritus  
Janice F. Wrenn, MSW, Professor of Social Work, Emerita

### Regular Faculty

*Figures at the right margin below indicate beginning date of employment.*

Margaret Adeogun, Professor of Library Science, 2018  
BA, University of Ife;  
MLS, University of Ibadan;  
PhD, University of South Africa

Lisa A. Ahlberg, Associate Professor of Chemistry - 2011  
BS, Andrews University;  
PhD, University of California, Davis

Sonia R. Badenas, Associate Professor of French - 2008  
BA, Université de Genève (Switzerland)  
MA, Université de Grenoble (France)  
PhD, Universitat Politècnica de València (Spain)

Karl G. D. Bailey, Professor of Psychology - 2004

BS, Andrews University;  
MA, Michigan State University;  
PhD, Michigan State University

Alina Baltazar, Professor of Social Work - 2013  
BA, Andrews University;  
MSW, University of Michigan;  
PhD, Michigan State University

Anthony Bosman, Associate Professor of Mathematics - 2017  
BS, Stanford University;  
PhD, Rice University

Gary W. Burdick, Professor of Physics - 1999  
BS, Southern Adventist University;  
PhD, The University of Texas at Austin

Harvey Burnett, Professor of Psychology - 2010  
BA, University of Michigan;  
MDiv, Andrews University;  
PhD, Andrews University

Yazmik Cantillano, Assistant Professor of Social Work - 2023  
BA, Montemorelos University;  
MA, Atlantic Union College;  
MS, Fitchburg State College;  
MSW, Andrews University

Josue Cardoso dos Santos, Assistant Professor of Physics - 2024  
BS, Sao Paulo State University;  
MA, Sao Paulo State University;  
PhD, Sao Paulo State University

Stephanie Carpenter, Professor of History and Political Science - 2014  
BA, University of Vermont;  
MA, Iowa State University;  
PhD, Iowa State University

Kylene Cave, Assistant Professor of English - 2021  
BA, Andrews University;  
MA, Andrews University;  
PhD, Michigan State University

Vanessa Corredera, Associate Professor of English - 2012  
BA, Andrews University;  
MA, Northwestern University;  
PhD, Northwestern University

Brendan Cross, Assistant Professor of Physics - 2023  
BSE, Andrews University;  
MSAE, Notre Dame;  
PhD, Georgia State University

Desiree E. Davis, Associate Professor of Social Work - 2011  
BSW, Oakwood University;  
MSW, Ohio State University;  
PhD, Andrews University

D. Ivan Davis, Associate Professor of English - 1997  
BA, Atlantic Union College;  
BS, Atlantic Union College;  
MA, Andrews University;  
PhD, Ball State University

Kristin Denslow, Associate Professor of English - 2023  
BA, Andrews University;  
MA, Western Michigan University;  
PhD, University of Florida

Stefanie P. Elkins-Bates, Associate Professor of Art History - 2005  
BA, Andrews University;  
MAEd, Georgia State University;  
PhD, Andrews University

Marc Elysee, Associate Professor of Music - 2022  
BMus, McGill University;  
MMus, Andrews University;  
DMA, James Madison University

James B. Ford, Associate Professor of Library Science - 1991

BA, Andrews University;  
MLS, University of Maryland;  
MA, University of Maryland

Erhard Gallos, Assistant Professor of New Testament - 2008  
B.Th, Schulzentrum Marienhoehe, Darmstadt, Germany;  
MA, Newbold College;  
PhD, Andrews University

Daniel Gonzalez, Professor of Biology - 2013  
BS, Andrews University;  
MS Loma Linda University;  
PhD, Duke University

H. Thomas Goodwin, Professor of Paleobiology - 1994  
BA, Southern Adventist University;  
MA, Loma Linda University;  
PhD, University of Kansas

Byron Graves, Associate Professor of Music - 2017  
BA, Andrews University;  
MMus, Central Michigan University;  
DMA, Boston University

Alyx Halsey, Assistant Professor of Fine Art, 2023  
BFA, Andrews University;  
MFA, Central Michigan University

Lloyd Hamilton, Assistant Professor of Social Work - 2020  
BA, Northern Caribbean University;  
MDiv, Andrews University;  
MSW, Andrews University;  
PhD, Andrews University (in progress)

Kaara Harris, Assistant Professor of Communication - 2023  
BA, Stanford University;  
MA, Newmark Graduate School of Journalism-CUNY

Stacie Hatfield, Assistant Professor of Anthropology - 2021  
BSN, Union College;  
BA, Fort Lewis College;  
MA, University of Kentucky;  
PhD, University of Kentucky

Ryan Hayes, Professor of Chemistry - 2009  
BS, Andrews University;  
MS, Northwestern University;  
PhD, Northwestern University

Herbert W. Helm, Jr., Professor of Psychology - 1987  
BS, Andrews University;  
BA, Andrews University;  
MA, Andrews University;  
MAT, Andrews University;  
PhD, University of Southern Mississippi

Bernard Helms, Assistant Professor of Library Science - 2006  
BS, Walla Walla University;  
MIS, Andrews University;  
MLS, Indiana University

Jay Johnson, Professor of Engineering - 2016  
BA, University of Colorado, Boulder;  
PhD, Massachusetts Institute of Technology

Paulette Johnson, Associate Professor of Library Science, 2019  
BA, McGill University;  
MLIS, McGill University;  
EdS, La Sierra University

Joon Hyuk Kang, Professor of Mathematics - 2000  
BA, Sung Kyun Kwan University;  
MS, Michigan State University;  
PhD, Michigan State University

Tamara Karr, Assistant Professor of Library Science, 2020  
BS, Andrews University;  
MAT, Plymouth State University;  
MLS, Wayne State University

Max Keller, Assistant Professor of Music - 2017  
BS, Pacific Union College;  
MA, Andrews University;  
DM, Mahidol University (Thailand)

Marianne Kordas, Instructor of Library Science - 2012  
BA, Andrews University;  
MLIS, University of Wisconsin;  
MMus, University of Wisconsin

Katherine A. Koudele, Professor of Animal Science - 1995  
BA, Andrews University;  
MS, Andrews University;  
PhD, Michigan State University

Hyun J. Kwon, Professor of Engineering - 2005  
BS, Korea Advanced Institute of Science and Technology;  
MS, Korea Advanced Institute of Science and Technology;  
PhD, University of Louisville

Øystein S. LaBianca, Senior Research Professor of Anthropology - 1980  
BA, Andrews University;  
MA, Loma Linda University;  
PhD, Brandeis University

Gunnar Lovhoiden, Professor of Engineering - 2008  
BS, Walla Walla University;  
MS, University of Tennessee;  
PhD, University of Tennessee

Andrea Luxton, Professor of English - 2010  
BA, Newbold College;  
MA, Andrews University;  
PhD, Catholic University of America

Peter J. Lyons, Professor of Biology - 2012  
BS, Atlantic Union College;  
PhD, Dalhousie University

Jill Manoukian, Assistant Professor - 2024  
BS, Andrews University  
MA, Indiana University-Purdue University Indianapolis  
PhD, Ohio University

John J. Markovic, Professor of History - 1990  
BA, Andrews University;  
MA, Bowling Green State University;  
PhD, Bowling Green State University

Margarita C. K. Mattingly, Professor of Physics - 1979  
BA, Andrews University;  
MA, University of Arkansas;  
PhD, University of Notre Dame

David N. Mbungu, Associate Professor of Biology - 2001  
BS, Andrews University (UEAB campus);  
MS, Andrews University;  
PhD, University of California, Riverside

Duane C. McBride, Senior Research Professor of Sociology - 1986  
BA, Andrews University;  
MA, University of Maryland;  
PhD, University of Kentucky

Getahun P. Merga, Professor of Chemistry - 2002  
BS, Addis Ababa University;  
MS, University of Poona, India;  
PhD, University of Poona, India

Scott E. Moncrieff, Professor of English - 1988  
BA, Pacific Union College;  
MA, Andrews University;  
PhD, University of California (Riverside)

Rubén Muñoz-Larrondo, Associate Professor of Biblical Studies - 2006  
BS, La Frontera University, Temuco, Chile;  
MA, Northern Baptist Theological Seminary;  
MDiv, Andrews University;  
PhD, Vanderbilt University

Desmond H. Murray, Associate Professor of Chemistry - 1994  
BS, Andrews University;  
PhD, Wayne State University

Marlene N. Murray, Professor of Biology - 2001  
BS, Oakwood University;  
MS, Wayne State University;  
PhD, Wayne State University

Diane J. Myers, Associate Professor of Graphic Design - 2009  
BT, Andrews University;  
MFA, Vermont College of Fine Arts

Benjamin A. Navia, Professor of Biology - 2013  
BS, Pontifical Catholic University of Puerto Rico;  
MS, Andrews University;  
PhD, Loma Linda University

Pedro A. Navia, Professor of Spanish - 1996  
BA, Antillian College;  
MA, Andrews University;  
MA, University of Notre Dame;  
PhD, University of Puerto Rico

Boon-Chai Ng, Professor of Engineering - 2002  
BS, Western Michigan University;  
MS, Michigan State University;  
PhD, Michigan State University

Yun Myung Oh, Professor of Mathematics - 2006  
BS, Ewha Women's University;  
MS, Ewha Women's University;  
PhD, Michigan State University

Paulo Oliveira, Assistant Professor of Religion - 2022  
B.Th, Adventist University of São Paulo;  
DMin, Andrews University;  
PhD, Fuller Theological Seminary

Silas Oliveira, Professor of Library Science - 2010  
BA, Instituto Adventista de Ensino;  
BA, Fundação Escola de Sociologia e Política de São Paulo;  
MS, Universidade Federal de Minas Gerais;  
PhD, University of Illinois

Rodney Palmer, Associate Professor of Praxis - 2017  
BA, Northern Caribbean University;  
MA, Liberty University;  
MDiv, Liberty University;  
DMin, United Theological Seminary

L. Monique Pittman, Professor of English - 1999  
BA, Andrews University;  
MA, College of William and Mary;  
PhD, Purdue University

Zorislav Plantak, Assistant Professor of Library Science, 2018  
BA, Adriatic Union College;  
MA, Andrews University;  
MLIS, Wayne State University;  
PhD, Andrews University

Emely Poloche, Assistant Professor of Spanish – 2021  
BA, Andrews University;  
MA, Western Michigan University

Melissa Ponce-Rodas, Assistant Professor of Psychology - 2010  
BA, Yale University;  
MA, University of Illinois—Chicago;  
PhD, University of Illinois—Chicago

David W. Randall, Professor of Chemistry - 2009  
BS, Andrews University;  
PhD, University of California, Davis

Joel L. Raveloharimisy, Associate Professor of Behavioral Sciences - 2011  
BA, Eastern Washington University;  
MBA, Eastern Washington University;  
PhD, Western Michigan University

Charles Reid, Associate Professor of Music - 2012  
BM, Houston Baptist University;  
MM, University of Maryland at College Park

Terry D. Robertson, Professor of Library Science; Seminary Librarian - 1999  
BA, Andrews University;  
MA, Andrews University;  
MLS, Indiana University  
*(Holds joint appointment in the SDA Theological Seminary)*

Rhonda G. Root, Professor of Art - 1995  
BA, Andrews University;  
MAT, Andrews University;  
MFA, University of Notre Dame  
*(Holds joint appointment in School of Architecture & Interior Design)*

Davide Sciarabba, Assistant Professor of Practical Theology - 2016  
BA, Istituto Adventista Villa Aurora College, Florence, Italy;  
BA, University of Italy, Florence, Italy;  
M.Th., Adventist University of France, Collonges-sous-Saleve, France;  
M.Ed., Universidad Adventista del Plata, Entre Rios, Argentina;  
PhD, Andrews University (in progress)

David B. Sherwin, Assistant Professor of Photography - 1987–1991, 2000  
BFA, Andrews University

Ingrid Slikkers, Assistant Professor of Social Work - 2016  
BA, Andrews University;  
MSW, Western Michigan University

Twyla Smith, Assistant Professor of Social Work - 2013  
BA, Andrews University;  
MSW, Andrews University

Felipe E. Tan, Assistant Professor of Library Science - 2006  
AB, Adventist University of the Philippines;  
MDiv, SDA Theological Seminary, Far East;  
MA, SDA Theological Seminary, Far East;  
MLS, University of the Philippines

Douglas A. Taylor, Assistant Professor of Graphic Design - 2010  
BFA, Andrews University;  
MFA, Vermont College of Fine Arts

Karin Thompson, Associate Professor of Music - 2016  
BMus, Walla Walla University;  
MMus, Peabody Conservatory of Johns Hopkins University;  
PhD, University of Maryland

Heather Thompson Day, Associate Professor of Communication - 2017-2019, 2021  
BA, Andrews University;  
MA, Andrews University;  
PhD, Andrews University

Alayne Thorpe, Professor of English - 2011  
BA, University of Maryland;  
MA, University of Maryland;  
PhD, University of Maryland

Shannon Trecartin, Associate Professor of Social Work - 2014  
BSW, Southern Adventist University;  
MSW, Andrews University;  
PhD, University of Tennessee (Knoxville)

Carla L. Trynchuk, Professor of Music - 1991  
BMus, The Juilliard School of Music;  
MMus, The Juilliard School of Music

Katharine Van Arsdale, Professor of Library Science, 2021  
BA, Andrews University;  
MA, Catholic University of America;  
MSLS, Catholic University of America

Curtis J. VanderWaal, Professor of Social Work - 1990  
BS, Andrews University;  
MSW, University of Michigan;  
PhD, Case Western Reserve University

Tamara Watson, Assistant Professor of Communications - 2023  
BA, Southern Adventist University;  
MA, Andrews University

Daniel Weber, Assistant Professor of Photography - 2021  
BS, Andrews University

Lynelle M. Weldon, Associate Professor of Mathematics - 1997  
BS, Pacific Union College;  
MA, University of California, Davis;  
PhD, University of California, Davis

A. Rahel Wells, Associate Professor of Old Testament - 2012  
BS, Andrews University;  
MA, Andrews University;  
MS, Andrews University;  
PhD, Wheaton College

Kristen Witzel, Assistant Professor of Behavior Science – 2017  
BS, Andrews University;  
MA, Brandeis University;  
PhD, Western Michigan University (in progress)

Brian Wong, Professor of Biology – 2016  
BA, Loma Linda University;  
MA(s), Loma Linda University;  
PhD, Loma Linda University

Gary V. Wood, Associate Professor of Political Science - 2006  
BA, Newbold College;  
MA, California State University, San Bernardino;  
PhD, Claremont Graduate University

Garth B. Woodruff, Assistant Professor of Horticulture and Landscape Design - 2011  
BT, Andrews University;  
MA, Andrews University

BSW, Southern Adventist University;  
MSW, Walla Walla University;  
DSW, Walla Walla University

Chi Yong Yun, Professor of Music - 2008  
BM, Indiana University, Bloomington;  
MM, Indiana University, Bloomington;  
DMA, University of Illinois at Urbana-Champaign

Robert E. Zdor, Professor of Biology - 1991  
BS, Pacific Union College;  
MS, Walla Walla University;  
PhD, University of Missouri—Columbia

Stephen P. Zork, Professor of Music - 1991  
BM, Atlantic Union College;  
MM, Pacific Lutheran University

#### **Adjunct Professors**

Justina Adalikwu-Obisike, PhD - Sociology  
Gavin Anthony, MA - Religion  
Enrique Baez Garcia, PhD - Religion  
Delia Barone, PsyD - Psychology  
Robert Bates, PhD - Behavioral Sciences, History/Political Science  
Sarah Baze, MA - Behavioral Sciences  
Marsha Beal, M.S.E. - Communication  
Jolene Birney, DVM - Animal Science  
Shannon Burton, PhD - Mathematics  
Marc Churchill, MMus - Music  
Saulo de Oliveira Cantanhede, MS - Physics  
Rose Eide-Altman, MMus - Music  
Adilson De Pina, PhD - Religion  
Adam Fenner, PhD - History  
Michael Flewelling, DDS - Pre-Dentistry  
Eriks Galeniēks, PhD - Religion  
John Gavin, MSW - Social Work  
Jason Gresl, MMus - Music  
Abner Hernandez, PhD - Religion  
Cooper Hodges, PhD - Psychology

Jeffrey Hudon, PhD - Behavioral Sciences  
Debra Inglefield, MMus - Music  
Glenn Johnson, PhD - Engineering  
Robert S. Jones, PhD - History  
Aleksandra Kemble, DMA - Music  
Mickey Kutzner, PhD - Physics  
Timothy Kwon, MDiv - Religion  
Kenneth Logan, AMusD - Music  
Elizabeth McCree, JD - Legal Studies  
Bonnie McLean, PhD - English  
Natasha McVay, MDiv - Religion  
Alan Mitchell, MA - Music  
Douglas Morgan, PhD - History  
Robert Moore, EdD - Mathematics  
Alexej Muran, MA, MMus - Music, Religion  
Marcella Myers, PhD - Political Science  
John Nay, MA, MS - History/Political Science  
Allen Jay O'Carey, MSW - Social Work  
Rachelle Pichot, MA - Psychology  
Marian Prince, PhD - Mathematics  
Ed Randles, MA - Music  
Zechariah Ray, BFA - Art  
Andrew Rice, MS – Biology  
Abelardo Rivas Santini, MDiv - Religion  
Ronald Rojas, DMin – Religion  
Beverly Romero, MA - English  
John A. Rorabeck, MS - Chemistry  
Olena Rybachok, MMus - Music  
Denisse Santos, PhD - Music  
David Sedlacek, PhD - Social Work

### Professional Lecturers

Physical Therapy, Andrews University  
Dixon Anjejo, DrPH  
Alina Baltazar, PhD, MSW, LMSW,ACSW, CFLE  
Lori Bliven, MSPT  
John Carlos, Jr., PT, PhD  
Bonny Dent, MSPT  
John Dronen,MSPT  
Aristede Dukes, DPT  
Cyndi Forrester, PT  
Dana Gardiner, PT  
Dena Garnett, DPT  
Adrienne Greene, DPT  
Melinda Grimm, DPT  
Christie Hamstra, PT  
Thais Emi Ikari, MSPT  
Ante Jeronoic  
Leann Jewell, PT  
Kristin Kabele, PT  
Randy Karim, DPT  
Cynthia Krafft, PT  
Brian Malas, MHPed  
Lauren Laird, DPT  
Anna Linstromberg, DPT  
Katie Mahaffie  
Sherry McLaughlin, MSPT  
Michael O'Hearn, PT,MSPT  
Becky Rommel, OT, MMA  
Todd Rose, MSPT  
Preeti Samraj, PT  
Donald Shelbourne, MD  
Susan Talley, PT, PhD  
Kristin Zakutansky, MBA

### Adjunct Professors of Physical Therapy

Frank Aerts, DScPT  
Alina Baltazar, PhD  
Kensie Bermingham, DPT  
Sara Centeno  
Valerie Coolman, DScPT  
Bonny Dent, PT, MSPT  
Pat Fonstad, DScPT  
Adrienne Greene, DPT  
David Musnik, MD  
Keri Pawielski, DPT  
Erl Pettman, MCSP, MCPA, COMP DSc(hon)  
Geoff Schneider, DScPT  
Eric Schopmeyer, CO/LO  
Stacy Soappman, DScPT  
Kathleen Stupansky, DScPT  
David Village, DHSc  
Andrews Thompkins

### Adjunct Clinical Instructors of Physical Therapy

Leo Adorado, SCCE  
Lisa Allen, PT, CCCE  
Stephanie Althoff, SCCE  
Kamber Arbini, SCCE  
Sean Armentrout, SCCE  
Victor Attoh, SCCE

Anne Augustyn, SCCE  
Lisa Babcock, PT, SCCE  
Ben Barnes, SCCE  
Eddie Barreara, SCCE  
Chelc Bartlebaugh, SCCE  
Ahmad Behrouzi, SCCE  
Mindy Brower, SCCE  
Levi Brown, SCCE  
Anita Burkhalter, SCCE  
Winnie Calvario, SCCE  
Kellie Cash, SCCE  
Christie Chiesa, SCCE  
Kim Ciprian, SCCE  
Brenda Clifford, SCCE  
Janet Cloke, SCCE  
Jennifer Conway, SCCE  
Lindsey Creely, SCCE  
Paul Davis, SCCE  
Armando Demelo, SCCE  
Bajori(Joy) Denard, SCCE  
Shane Devoti, SCCE  
Carissia Dill, SCCE  
LeAnn Distelberg, PT, SCCE  
Katrina Earley, SCCE  
Nichloe Edwards, SCCE  
Erica Feilter, SCCE  
Natalie Ford, SCCE  
Tasha Franks SCCE  
Jessica Funchion, SCCE  
Amber Gadow, SCCE  
Katharine Gaj, SCCE  
Dena Garnett, SCCE  
David George, SCCE  
Wayne Goffin, SCCE  
Jody Goodson, SCCE  
Jenna Guzman, SCCE  
Melaney Hamby, SCCE  
Kathleen Harrison, SCCE  
Brock Haut, SCCE  
Rufus Hay, SCCE  
Chris Hebel, SCCE  
Angela Hecksel, SCCE  
Jennifer Hibler, SCCE  
Antoinette Hilton, SCCE  
Jason Houser, SCCE  
Phil Jasheway, SCCE  
Ashley Johnson, SCCE  
Ashlee Jones, SCCE  
Ryan Karrow, SCCE  
Nichole Kidd, SCCE  
Erin King, SCCE  
Erica Kissinger, SCCE  
Caitlan Klein, SCCE  
Elizabeth Klein, SCCE  
Carley Klocko, SCCE  
Erin Koenig, SCCE  
Taiwo Kola-Korolo, SCCE  
Marie Koss-Ryan, SCCE  
Katie Kuebel, SCCE  
Sukhi Kulkarni, SCCE  
Lindsay Lajola, SCCE  
Kristi Lee, SCCE  
Aaron Legall, SCCE  
Amanda Lewandowski, SCCE  
Peter Lingas, SCCE  
Anna Linstromberg, SCCE  
Nicholle Lloyd, SCCE  
Jill Lovely, SCCE  
Julia MacLeod, SCCE  
Alex Markovich, SCCE  
Danielle McCabe, SCCE  
Matt McFadden, SCCE  
Abageal McGee, SCCE  
Jsaah McClrath, SCCE  
Kurtis McIntire, SCCE  
Lora Moore, SCCE  
Chris Moore, SCCE  
Blair Morris, SCCE  
Gwen Murphy, SCCE  
George Myers, SCCE  
Tsahi Niv, SCCE

Jean O'Mara, SCCE  
Michael O'Hearn, SCCE  
Rod Olson, SCCE  
Mary Oman, SCCE  
Sarah Patterson, SCCE  
Jenn Pidkowicz, SCCE  
Joe Piselli, SCCE  
Aubrie Purtell, SCCE  
Kevin Pust, SCCE  
Hayes Rainer, SCCE  
Anja Rassmussen, SCCE  
Kate Reinecke, SCCE  
Jennifer Rogers, SCCE  
Jennifer Root, SCCE  
Manya Saxena, SCCE  
Pat Scavuzzo, SCCE  
Ryan Scheller, SCCE  
Jamie Schindler, SCCE  
Erin Schultze, SCCE  
Robb Seahorn, SCCE  
Jessica Sharp, SCCE  
Amber Shook, SCCE  
Kristy Simpson, SCCE  
Murray Thiessen, SCCE  
Joanna Tomol, SCCE  
Rebekah Trimbach, SCCE  
Paul Turner, SCCE  
Gloria Vela, SCCE
