## 2024–2025 Bulletin

Berrien Springs, Michigan 49104  
[www.andrews.edu](http://www.andrews.edu) 800–253–2874

Admission to Andrews University is available to any student who meets the academic and character requirements of the university and who expresses willingness to cooperate with its policies. Because Andrews University is operated by the Seventh-day Adventist Church, the majority of its students are Seventh-day Adventists. However, no particular religious commitment is required for admission; any qualified student who will be comfortable within its religious, social, and cultural atmosphere may be admitted. The university does not discriminate on the grounds of race, color, creed, disability, national or ethnic origin, sex, marital status, or handicap. On request it makes available to the public its annual financial report. To obtain a copy, contact the Office of the Vice President for Financial Administration at the address below.

Every effort has been made to assure the accuracy of information in this bulletin. Students are advised, however, that bulletin provisions do not constitute a contract between a student and Andrews University and that attendance at Andrews University is a privilege and not a right. The university faculty and administration reserve the right to make and give public notice of such changes as deemed necessary during the period for which this bulletin is in effect.

Please contact the appropriate personnel for information pertaining to schools, departments, programs, and courses. For all other bulletin inquiries you may contact the Assistant Registrar for Publications & Communication in the Office of Academic Records by email at [bulletin@andrews.edu](mailto:bulletin@andrews.edu) or by phone at (269) 471–3233.

### Frequently Asked Questions About Institutional Outcomes

**What are institutional outcomes?** Institutional outcomes are broad statements which represent the values of an institution. They help shape and inform the academic culture of an institution and decide the type of graduate profile an institution aspires to have. They are achieved by the collective experiences offered to students which include courses, co-curricular activities, student services, and other educational experiences. There is an expectation in higher education and by our regional accreditation (The Higher Learning Commission) that Andrews

University has institutional outcomes which are used in the assessment process and are known to all programs.

**Does Andrews University currently have institutional outcomes?** Yes, Andrews University currently has 14 institutional outcomes (sometimes referred to as "goal statements" which can be found through this link [andrews.edu/about/mission](http://andrews.edu/about/mission)). These outcomes guided the assessment and program review processes since they were created. In order to have a more engaged culture of assessment, known and implemented common goals across programs, the Faculty Senate in collaboration with the Office of Institutional Effectiveness updated, modified, and articulated a set of reduced and improved learning outcomes. These outcomes have been referred to as the AU Unified Framework of Outcomes (AU UFO) since the process began. Moving forward, we will refer to these outcomes as *Institutional Outcomes*.

**What is the relationship between the course, program, and institutional outcomes?** Institutional outcomes are grounded on the university's mission. They focus on the abilities, knowledge, and skills that students develop from their engagement in the university experiences including courses, co-curricular activities, institutional activities (for example Change Day), student services, and other experiences. Institutional outcomes provide guidance to program directors and departments for the development of program outcomes. **Program outcomes** are mapped to the institutional outcomes and show how students achieve institutional outcomes in that academic program. Program outcomes emphasize the specific knowledge, skills, and dispositions students can expect to achieve upon completion of a particular course of study. **Course outcomes** articulate what students will know and be able to do as a result of taking the course. Course outcomes are more specific than program outcomes. They are mapped to the program outcomes, and can be thought of as building blocks to help students achieve program outcomes.

**Why do we do assessment?** Andrews University believes that assessment of student learning is an integral part of good educational practice. The ultimate goal of assessment at Andrews University is the improvement of student learning. ([andrews.edu/services/effectiveness/assessment](http://andrews.edu/services/effectiveness/assessment))

**What are the hallmarks of a good assessment plan?** Good assessment shows students' strengths and weaknesses so that support can be provided in the areas that will help students achieve the learning outcomes. Thus, a good assessment plan includes both formative and summative assessment. Typically, formative assessment is done in courses; however, it is helpful to include one or two program assessments at key checkpoints in the students' educational journey. A good assessment plan involves all program faculty in discussions about student achievement of program outcomes, and decisions on how to improve student learning.

**Are institutional outcomes, program outcomes, and course outcomes measured separately?** Not necessarily. Assessments of program outcomes are often integrated in signature (or key) assignments near the end of students' coursework, or at major checkpoints. Examples of how program outcomes are measured include capstone courses, final projects, presentations, portfolios, research, and practicums. In some cases, program assessments include discipline-specific standardized or license exams. When program outcomes are clearly mapped to institutional outcomes, the results of program assessments provide evidence that institutional outcomes are achieved. These results can provide particularly compelling evidence when the same measurement criteria are applied in different programs, such as a common rubric for master's theses. Institutions may also use nationally normed tests or surveys (e.g., senior survey, alumni survey) to verify that institutional outcomes have been met.

## The University

Andrews University dates back to 1874, when the Seventh-day Adventist denomination founded Battle Creek College in Michigan. In 1901, the institution was moved to Berrien Springs, Michigan, including the K-12 program, and given the name of Emmanuel Missionary College. The Seventh-day Adventist Theological Seminary was organized in 1934 as the advanced Bible school on the campus of Pacific Union College in Angwin, California. Two years later the General Conference of Seventh-day Adventists voted to locate the advanced Bible school on a more permanent basis in Washington, D.C., and named it the Seventh-day Adventist Theological Seminary. In 1957, the Board of Trustees enlarged the scope of the seminary by establishing a school of graduate studies for graduate programs other than theology, and named the merged institution Potomac University. A new and larger site was sought to accommodate the expanded university.

In 1959 the university moved to the campus of Emmanuel Missionary College at Berrien Springs, Michigan. In 1960, Emmanuel Missionary College, the Theological Seminary and the School of Graduate Studies were united under one charter bearing the name of Andrews University. In 1974, the college section was reorganized into the College of Arts and Sciences and the College of Technology. The College of Technology was dissolved in 2011 and its academic programs were redistributed into other existing schools. The School of Business Administration

was organized in 1980, the School of Education was established in 1983, and the School of Architecture was organized as such in 1994. The role and function of the School of Graduate Studies was substantially altered in 1987. In 2010, Andrews University assumed ownership of Griggs University, which was reorganized as the School of Distance Education, to support distance education and educational programs offered at locations across North America and the world. Because of the many international partnerships, the school was renamed as the School of Distance Education & International Partnerships. In 2012, five departments housed within the College of Arts and Sciences together became the School of Health Professions.

In 2019 the university made several changes to consolidate operations, maximize resources, and align academic programs and units for synergy and growth. The School of Education and the School of Distance Education & International Partnerships merged to become the College of Education and International Services. The School of Architecture joined the School of Health Professions in the College of Health and Human Services. The new College of Professions includes the School of Business Administration and the departments of Aviation and Computing. The School of Architecture moved to the College of Professions in 2024.

### **Accreditation**

Recognizing that students benefit from studying at an accredited institution, Andrews University is accredited by the Higher Learning Commission<sup>1</sup> for programs through the doctoral level, as well as by the Adventist Accrediting Association of the General Conference of Seventh-day Adventists. Professional organizations have accredited specific degree programs of the University and other programs are moving toward accreditation. (Please see the complete listing of university accreditations, approvals, and memberships.)

### **Quality Academic Programs**

The high quality of the global educational experience at Andrews University is evidenced by its national university rankings, including a number of Top Ten rankings in ethnic and international diversity, and by the university's inclusion in Forbes' Top Colleges, Wall Street Journal/Times Higher Education College Ranking and US News Best Colleges. Its strong undergraduate honors program attracts such outstanding students as National Merit Finalists, secondary-school valedictorians and others with outstanding secondary-school achievement.

Andrews provides a carefully designed advising program to help students make sound career choices. Undecided students can fulfill General Education requirements and learn practical skills through a variety of courses while they explore career options.

Students also develop skills for post-graduation employment. They develop those skills through practice teaching, career practica, cooperative work-study programs with businesses and corporations, or clinical rotations in health-care settings.

Students wishing to increase their academic success will benefit from comprehensive assessment of academic learning styles and skills, courses in reading, writing, and math and tutoring services (see Student Success and UCRLA).

### **International Opportunities**

Each year, students from 80–100 different countries enroll at Andrews University. More than 20% of the students come from other countries. This places the university among the national universities in U.S. News and World Report's annual report with most international students. One experiences the reality of a global village while attending college.

International students who wish to immerse themselves fully in American culture may enroll in the Action America program on the Andrews campus.

International education opportunities include study abroad, study tours and short-term service learning opportunities abroad.

## Academic Resources

**Adventist Digital Library**  
**James White Library, Lower Level**  
content@adventistdigitallibrary.org  
269-471-6204

Andrews University is a founding consortium partner that established the Adventist Digital Library in 2015. The University serves as the home for ADL, located in the Center for Adventist Research. ADL is an online repository of thousands of historic Adventist publications, including books, pamphlets, and periodicals, and a resource for many newer publications. Containing millions of pages of data, with more added annually, it strives to be the go-to source for most Adventist digital publications. It produces the Seventh-day Adventist Periodical Index, which provides citation and some full-text access to over 50 Adventist periodical titles, mainly in English.

**Agriculture Education Center**  
agriculture@andrews.edu  
269-471-6006

Andrews University has a more than a century of leadership in the field of agriculture in the Seventh-day Adventist church as well as in the local southwestern Michigan region. The Agriculture Education Center is re-purposing the buildings and lands of the former Dairy into a facility that is wholly dedicated to student learning through hands-on animal and plant management skills development and research projects which test hypotheses, inform actions, and contribute to developing knowledge in a field of study. Students and faculty from academic departments across campus collaborate with their counterparts in the Department of Sustainable Agriculture to advance their scholarship while utilizing this resource which is unique in Adventist higher education in North America.

**Andrews International Center for Educational Research**  
Bell Hall, Room  
269-471-6080

Andrews International Center for Educational Research (AICER) is the research and international service center for the School of Education (College of Education & International Services). Its mission is to promote and disseminate faculty research on regional and global education, with a special focus on Adventist education. AICER seeks to promote research which develops the empirical knowledge-base and best-practices related to education through the development of a network of international researchers that provide technical research and evaluation services to international educational organizations. AICER's researchers focus their agendas on learning, teaching, spiritual and ethical development, educational leadership, and evaluations of programs. AICER promotes research in elementary, secondary and tertiary educational organizations as well as community groups engaged in educational services.

**Architecture Resource Center**  
Architecture Building  
269-471-2417

The Architecture Resource Center (ARC), a branch of the James White Library, provides the School of Architecture with a premier collection of resources for the study and research of architecture. The collection is of a broad scope with an academic focus in architecture and design. The ARC currently holds a collection of over 28,500 books and 106 periodical titles. The ARC stays current through its acquisitions by continually updating the collection with new titles in: books, monographs, periodicals, reference books, CDs and videos. It also supports other campus disciplines such as facility planning, educational and church architecture, environmental psychology, and behavioral science.

The ARC is the official repository of a special and growing collection of materials on environmental design research. This collection is made available as a result of our affiliation with the international group known as the Environmental Design Research Association (EDRA). The purpose of this collection is to advance the art and science of environmental design, to improve understanding of the interrelationships between people and the built environment and to create environments responsive to human needs. The interdisciplinary collection holds books, trade journals, EDRA proceedings, documents, technical papers, and multimedia materials supporting research in the discipline of environment and behavior. The collection has been developed over the past 30 years and continues to expand, existing as the most comprehensive collection in the world.

The ARC is fortunate to have two rare book collections. One was donated by Ronald Senseman, FAIA, an architect who practiced in his own firm for over 30 years in the Washington, D.C. area. This exceptional collection includes classic rare books and photographs of architecture dating from the 19th century to the present. Vernon Watson, a Chicago Prairie Style Architect, donated his valuable and rare book collection to the ARC. Mr. Watson designed Griggs Hall, which was

the original campus library, as well as several Prairie Style homes in Berrien County. In addition the ARC is now the official repository for the EDRA archive collection. This means professors, scholars and researchers, if they choose, will donate their private and personal collections to the collected works in the ARC.

**Center for Adventist Research**  
**James White Library, Lower Level**  
car@andrews.edu  
269-471-3209

The Center for Adventist Research (CAR) contains historical materials and resources on Seventh-day Adventism and Ellen G. White, a key founder of the Seventh-day Adventist denomination. The Center, formed in 2003 by combining the Adventist Heritage Center, the Ellen G. White Estate Branch Office, and the University Archives, holds the world's largest collection of published research materials on Seventh-day Adventism. The Center serves the campus community and the world community of Seventh-day Adventists by providing research support services and a significant outreach component. The Center and the Seminary Library cooperate to support theological education.

- Holdings contain material on the history and development of the Millerite Movement and the Seventh-day Adventist Church from the 1830s to the present. Among the materials preserved at the Center are over 100,000 books and small paper publications, nearly 6,000 different periodical titles, and over 21,000 analog and digital audio-visually. A sizeable number of the periodicals are non-English and represent the finest collection of its kind in the world, including many one-of-a-kind titles. The Center holds nearly 400 collections (3,600 linear feet) of personal papers of notable church figures such as pioneers, administrators, teachers, ministers, and missionaries. These collections provide a wide range of primary source documents. The Center's archives contain over 30,000 photographs and other graphic records of denominational and campus interest, an obituary file of nearly 200,000 names, and the records of early Adventist congregations. The SDA Periodical Index is edited at the Center.
- Special collections of the Heritage Center include the Advent Source and the Conditional Immortality Source Collections, which document the origins of Seventh-day Adventists, the development of prophetic interpretation, and the history of the doctrine of conditional immortality. The George B. Suhrie Bible Collection features a collection of 182 Bibles. Other rare materials include books dating from the 15th century and several original editions of Martin Luther and other Reformers' pamphlets. In 2005, the Review and Herald Publishing Association donated its rare book library (approximately 2,500 volumes) to the Center. The Voice of Prophecy and Faith for Today historical archives also are located at the Center. In 2020, the Atlantic Union College Heritage Room Collection came to the Center.
- Located within the Center for Adventist Research, the Ellen G. White Estate Branch Office contains a complete set of the letters and manuscripts of Ellen G. White (1827–1915). It also has copies of her books, articles, and thousands of documents related to Ellen White and the history and development of the Adventist Church.

**Center for Statistical Services**  
Bell Hall (Education), Room 212  
269-471-6214  
269-471-6374(fax)

The Center for Statistical Services provides help with all aspects of empirical research. Services include: 1) research design, 2) development of questionnaires and measurement instruments, 3) data entry, 4) statistical analysis and 5) interpretation and reporting of results.

**Center for Digital Learning & Instructional Technology**  
Griggs Hall, Room 123  
dlit@andrews.edu  
269-471-3960

The Center for Digital Learning and Instructional Technology (DLIT) provides instructional technology leadership, support and resources to the faculty, staff, and students of Andrews University. DLIT serves main campus, online campus, and off campus programs. DLIT also oversees the operations of the Consortium of Adventist Colleges and Universities. DLIT provides technology support for enterprise level instructional technology tools such as LearningHub, the campus Moodle learning management system; student response systems (clickers); Panopto, our video streaming and recording service; and Zoom, our webinar and videoconferencing software. The Center for Digital Learning and Instructional Technology provides coordination and review for online program and course development, as well as technical support, instructional design advice and training, and materials design and conversion for course development for main campus, online campus, and off campus courses. For more information, visit Global Campus.

**Center for Professional Development Courses**

Bell Hall, Suite 205  
1-800-471-6210 option #1  
odl@andrews.edu

Andrews University partners with select organizations to offer courses to K-12 teachers. These courses have been designed especially for K-12 practicing teachers who are not on campus but who want to take a course for professional development, personal enrichment or continuing education credit. Students must have **prior approval** from their school district, a state regional teacher certification board or from the university which is providing their advanced degree or planned program to include these courses in their planned program. New courses are added during the year. Please refer to our website for a complete list and partner contact information.

**Department of Intensive English Programs (DIEP)**

Nethery Hall, Room 203  
269-471-2260  
diep@andrews.edu

The Department of Intensive English Language Programs (DIEP) supports academic communication and the cultural and professional development of international students. It facilitates the English language assessment and placement for incoming students and offers programs centered on assessment of needs, advising, and instruction as it draws on the expertise of its language instructors. The DIEP offers classes in person and online in fall, spring, and summer semesters and participates in the Language Pathway Program, providing the ESL classes that students take to meet the university English language requirements.

**Greek Manuscript Research Center**

Seminary Hall, Room N124  
269-471-3313

The Greek Manuscript Research Center (GMRC) is part of the Department of New Testament of the Seventh-day Adventist Theological Seminary. Its primary goal is to help develop a more complete understanding and appreciation of Christianity's primary documents—the original, handwritten Greek manuscripts of the New Testament copied over a 1,200-year period. The GMRC is a participant in the International Greek New Testament Project, an ongoing venture of American and European scholars seeking to create an exhaustive multi-volume reference tool that documents every variant in all known, surviving Greek manuscripts of the New Testament. The GMRC holds one of the largest collections of microfilmed Greek manuscripts in North America.

**Horn Archaeological Museum**

9047 Old US 31  
(Open Saturdays 3–5 pm)  
hornmuseum@andrews.edu  
269-471-3273

An archaeological museum named for its founder and first curator, Siegfried H. Horn (1908-1993), the Horn Archaeological Museum houses over 8,500 ancient Near-Eastern artifacts including coins, pottery, sculptures, tools, weapons, figurines, jewelry, seals and glass vessels. Nearly half of these objects came from university-sponsored archaeological excavations at Tel Gezer, Israel; and Tall Hisban, Tall al-Umayri and Tall Jalul, Jordan.

The museum building, which is shared with the Institute of Archaeology (see Institute of Archaeology), contains offices, work rooms, the Siegfried Horn Archaeological Library, and the collection display area. Eleven oil-painted murals by Nathan Greene help visitors understand the cultures of Bible times. A special viewing room contains the Andrews University Cuneiform Texts (formerly the Hartford Cuneiform Tablet Collection). This collection has 3,000 ancient clay tablets dating from the Sumerian period to Neo-Babylonian times. The museum sponsors a regular lecture series, occasional field trips and a quarterly subscription newsletter.

**InMinistry Center**

Seminary Hall, Room N206  
inministry@andrews.edu  
269-471-3514

A ministry of the North American Division, the InMinistry Center specializes in providing off-campus seminary education. The Center facilitates masters-level learning events at most NAD unions for the MA in Pastoral Ministry degree, and the first part of the Master of Divinity. It also houses the Center of Continuing Education for Ministry. For more info: <https://www.andrews.edu/sem/inministry/> or [inministry@andrews.edu](mailto:inministry@andrews.edu).

**Institute for Prevention of Addictions**

Adjacent to the Sutherland House  
8338 W Campus Circle Drive  
ipa@andrews.edu  
269-471-3558

The Institute for Prevention of Addictions (IPA) conducts research focused on the extent and causes of the use and abuse of alcohol and drugs as well as other addictions and risk behaviors. Based on this research it fosters prevention education programs and policies designed to reduce youth risk behaviors. The IPA provides specialized resource services and consultation to Church, government and private agencies on policy and program initiatives designed to prevent youth risk behavior. The IPA is supported by Andrews University and General Conference Presidential, as well as projects sponsored by assorted foundations, governmental and private agencies. The IPA is affiliated with the Department of Health Ministries of the General Conference of the Seventh-day Adventist Church and the International Commission for the Prevention of Alcoholism & Drug Dependency (ICPA). It works through program centers for prevention, policy, education, and research and evaluation. The Institute associates with organizations whose goals harmonize with its philosophy and objectives.

**Institute of Archaeology**

9047 Old US 31  
hornmuseum@andrews.edu  
269-471-3273

The Andrews University Institute of Archaeology coordinates the archaeological programs and activities of the university. It fosters archaeological research, publication, and education at Andrews University, the communities of Michiana, and all entities of the Seventh-day Adventist Church.

The institute 1) offers courses through the seminary which directly or significantly relate to the study of archaeology, 2) sponsors regular visits by distinguished archaeologists for the purpose of lecturing and consulting, 3) organizes public tours, 4) presents archaeological programs for churches and schools, 5) provides opportunity for field and laboratory training through its excavations and surveys in the Middle East and Michiana and the subsequent analysis of these activities, 6) supports the work of the Horn Archaeological Museum in collecting and interpreting artifacts and 7) publishes results of excavations and research in annuals, monographs and occasional papers.

**Institute of Church Ministry**

Seminary Hall, S136  
269-471-3407

The Institute of Church Ministry (ICM), an entity of the Seventh-day Adventist Theological Seminary, shares the expertise and resources of Andrews University with the Seventh-day Adventist Church in North America, thus aiding denominational leaders in the accomplishment of its goals. The ICM serves as a North American Division Strategic Resource Center but also works for the General Conference, local conferences, local churches and Adventist journals. ICM also represents the North American Division in the Cooperative Congregational Studies Partnership (CCSP) of various faith groups under the direction of the Hartford Institute for Religion Studies.

The work of ICM springs from the belief that the tools of social science can join with biblical and theological insights to advance the objectives of the Church. Its mission is conducted through field-based research concerning Adventist youth, lay-member involvement, congregational studies, training for ministry, church growth, church-giving patterns, Adventist women in leadership, Adventist Hispanics. and the attitudes of Adventist members on various issues.

**Institute of Hispanic Ministry**

Seminary Hall, Room N210  
hispanicministry@andrews.edu  
269-471-6170

The Institute of Hispanic Ministry (IHM) of the Seventh-day Adventist Theological Seminary responds to the growing needs of Hispanic congregations in North America and beyond.

The tasks of the IHM include providing graduate-level study for Hispanic pastors both on and off campus and assisting in various ways a continuing education for Hispanic ministers. It coordinates the Hispanic MA in Pastoral Ministry and supports Hispanic courses in the MDiv and DMin programs. The IHM also provides support systems for Hispanic ministry and churches that are in transition culturally and linguistically. It encourages research and the dissemination of its findings for the Seventh-day Adventist Church at large.

**Institute of Jewish-Christian Studies**  
Seminary Hall, Room N107  
269-471-3349

Jews and Seventh-day Adventists share much of the same spiritual heritage and the same ideals of hope and lifestyle. Moreover, since the events of Auschwitz during World War II, Jewish-Christian issues have become a relevant part of theological concern. Therefore, the Institute of Jewish-Christian Studies organizes meetings with world renowned experts, provides a wide range of educational material and supplements the graduate programs of the Seminary with concentrations in Jewish-Christian studies. These include courses in Jewish History, rabbinics and languages. In all its work, the Institute seeks to train lay persons and ministers to foster constructive relations with Jews in their communities and to develop a global consciousness in all outreach and service.

**Institutional Effectiveness**  
Bell Hall, Room 206  
assessment@andrews.edu  
269-471-3308

The Office of Institutional Effectiveness coordinates three major aspects of University support: assessment, accreditation, and institutional research. The office assists faculty in the development and measurement of student learning outcomes, and oversees assessment of outcomes related to the University's mission as well as general education. Assessment and institutional research data are used to enhance the quality of Andrews University's programs and services, and to inform institutional planning.

**International Religious Liberty Institute**  
Seminary Hall, Room N331  
269-471-3500

The purpose of the International Religious Liberty Institute is to foster the study of the principles of religious liberty and church-state relations upon sound methods of biblical, historical, legal and philosophical scholarship and to spread these principles through publications, lectureships, conferences, symposiums and the support of public advocacy.

**International Center for Trauma Education & Care**  
traumacare@andrews.edu

Housed in Andrews University's School of Social Work, the Center provides trauma-informed awareness, education and tools to support healing in organizations, churches, and communities across the world. Through the Center, students, faculty, alumni, and other departments work locally and abroad to equip people to face trauma with the powerful message of restoration.

**James White Library**  
269-471-3267 (Information Desk)

The James White Library connects students and faculty with relevant up-to-date information, resources, and services on-campus and remotely, including the following:

- **Scholarly Resources:** Accessible print and digital books, journals, research databases, audio-visual materials, Adventist collections, and Digital Commons @ Andrews University.
- **Technology:** Available research tools like Grammarly and Endnote, poster and 3-D printing, regular printing and scanning, laptops for loan, videoconference meeting room.
- **Interlibrary Loans & Document Delivery:** Books not found at JWL can be borrowed from Michigan libraries through MelCat. Request additional books and articles via interlibrary loans from libraries worldwide.
- **Library Hours:** Sunday 9:00 am to midnight; Monday through Thursday, 8:00 am to midnight. Friday 8:00 am to 3:00 pm. The MAIN library maintains these hours on national holidays during the regular semester. For changes in hours, please visit the library's website.
- **Study Spaces:** Several group study rooms, open study carrels, closed study carrels, and meeting rooms can be reserved for use. More collaborative and quiet study spaces are available for use.
- **Instruction:** Book a consultation with your department's liaison librarian who will provide individual and group instruction about using the library or a specific research topic. Chat with a librarian or staff online. View library tutorials and research guides or attend a library workshop. Call the Circulation/Information desk at 269-471-3267 for more information.
- **Research & Publication:** Librarians provide research and publication support for theses, dissertations, and faculty publications. Book a consultation with your liaison librarian.

**Marine Biological Field Station**  
Anacortes, Washington  
Department of Biology  
biology@andrews.edu  
360-293-2326  
269-471-3243

Andrews University is affiliated with Walla Walla University (College Place, Wash.) in the operation of a marine biological field station located at Rosario Beach in Washington State's Puget Sound. The station provides facilities for undergraduate and graduate study and research. The site is near a biological spectrum from sea bottom to Alpine tundra that provides unique opportunities for instruction and investigation.

**Mary Jane Mitchell Multimedia Center**  
James White Library, Top Level  
269-471-3272

The Multimedia Center houses the library's 3-D printers, a small computer lab for general use, audiovisual materials (VHS, DVDs, etc.) and equipment, study spaces, and collections of children's and young adult literature. A computer workstation dedicated to serving students with disabilities is also available here.

**Mathematics Center**  
Haughey Hall (Science Complex), Room 112  
269-471-6662

The Mathematics Tutoring Center provides free assistance for students enrolled in University mathematics courses. Faculty and staff are also invited to visit the Center for help. The Center is equipped with eight computers that can be used for ALEKS and other web-based math assignments. An appointment is not necessary. For more information and the most current schedule, see the posted schedule or call the Department of Mathematics at 471-3423.

**Museum of Natural History**  
Price Hall (Science Complex) Lower Level  
269-471-3243

The Museum of Natural History is a display used by students and visited by hundreds of people annually. The most complete skeleton of a woolly mammoth ever found in Michigan is displayed in the museum.

Donors have contributed collections of over 30,000 marine shells, 1,600 birds, and 1,400 mammals as well as hundreds of butterflies and other insects. The museum also includes over 5,000 botanical specimens in the herbarium section. A collection of antique microscopes is also displayed.

**Music Materials Center**  
Hamel Hall  
269-471-6217

The Music Materials Center (MMC) is a branch library of the James White Library, located in Hamel Hall. Services and materials provided include: specialized music reference service, recordings and listening facilities, scores, reference materials to support the study of music, and assistance in the use of electronic materials. Primary areas of study supported include performance, music history and literature, music theory and composition, church music, music education and music studied as part of the general education curriculum.

The MMC contains over 8,000 sound recordings, 12,000 musical scores, 2,000 reference books, and current issues of 30 print periodicals. The major portion of the James White Library's collection of books, bound print periodicals and visual materials are housed in the main library.

Additional materials for the study of music are found in the main library's Information Services Department and in JWL's electronic collection.

**North American Division Evangelism Institute**  
Seminary Hall, Room S303  
resources@nadei.org  
269-471-8303

The North American Division Evangelism Institute (NADEI) provides field-related training to seminarians that includes public evangelism, church growth, small groups, evangelistic preaching, lay ministry empowerment, Bible studies, and other outreach ministries. In addition, NADEI sponsors SEEDS (church planting), ChurchWorks, Ministry Coaching, Equipping University, and H.O.P.E. University seminars and conferences on behalf of church entities throughout the NAD for the continuing development of lay and full-time ministry. NADEI is operated by the North American Division as a separate entity, but it works with the seminary in administering and developing its program.

**Seminary Chaplaincy Study Center**  
chaplaincy@andrews.edu  
269-471-3244

The Seminary Chaplaincy Study Center (SCSC) provides a variety of methods and resources for the orientation and training of the Seventh-day Adventist Theological Seminary (SDATS) students, church members, schools, communities, and Seventh-day Adventist (Adventist) professional chaplains throughout the world.

Specifically, the SCSC shall have the following Terms of Reference:

- To sensitize students, church, and community members to the need and importance of professional Adventist chaplains and their involvement in diverse chaplaincy services
- To provide continuing education on various chaplaincy ministries to churches, schools, and communities throughout the world in the form of lectures, workshops, courses, seminars, etc
- To become involved in the programs, presentations, and publications of the Adventist Chaplaincy Ministries, Adventist Chaplaincy Institute, Association of Professional Chaplains, and other chaplaincy organizations
- To promote a research culture among the SDATS students and Adventist professional chaplains
- To organize Chaplaincy symposia on various chaplaincy topics

**Seminary Library**  
James White Library, Main Level  
269-471-3269

The Seminary Library is an integral part of the James White Library and the Theological Seminary. It provides collections and services that support the Seminary students and faculty. Seminary Library resources include approximately 150,000 books, 500 periodical subscriptions and 18,000 volumes of bound periodicals.

Biblical studies and practical theology are the major strengths of its holdings. Subject areas of special interest to Seventh-day Adventists are especially strong, including the biblical books of Daniel and Revelation, creationism, the Sabbath, and the second advent. Together with the Center for Adventist Research, the Seminary Library provides the most complete research collection for Adventist studies anywhere. Graduate level collections on systematic theology, missions, church history and biblical archaeology are also featured.

#### **Seminary Online Learning Center**

The Seminary Online Learning Center provides quality video for online courses, continuing education courses, and streaming for various events of the Seventh-day Adventist Theological Seminary. The Seminary Online Learning Center partners with the Center for Digital Learning and Instructional Technology (DLIT) which helps in the development, technical support and design of the online courses.

**Student Success Center**  
Nethery Hall, Room 210  
success@andrews.edu  
269-471-6096

The Student Success Center (SSC) exists for the sole purpose of helping students succeed. This center supplements the educational process by providing academic guidance, support and developmental instruction. The SSC collaborates to identify students' needs; to facilitate their physical, emotional, social, intellectual and spiritual development through support and leadership; and to provide resources for faculty, staff, and parents who share their concerns for student success. The SSC networks with all other campus support centers and functions as a referral base for students and advisors.

The Student Success Center:

- maintains on-campus referral and academic support information for all students
- manages group tutoring classes for undergraduate students
- facilitates accommodations for any student with documented disabilities
- provides guidance for students who need to have a disability documented
- coordinates student interventions, providing follow-up as needed

**University Center for Reading, Learning & Assessment**  
Bell Hall, Suite 200  
269-471-3480

The University Center for Reading, Learning and Assessment addresses learning and reading-skill needs through classes and tutoring. It helps students to strengthen their God-given abilities and natural gifts. Academic assessment and tutoring services of the center are available to Andrews students, faculty, staff and community for a fee. Students with learning problems are nurtured towards the goal of successful course work. The Center also offers Orton-Gillingham based, multisensory intervention for those who have dyslexia.

Reading skills developed in the center include speed-reading, study reading, vocabulary, word recognition or decoding skills, spelling and handwriting. Students, faculty and staff may use equipment and materials for personal reading improvement on a self-help basis for a fee. Average to excellent readers as well as those having difficulty with reading are served.

The center offers a class that covers memory, learning styles, time management, temperament, mind style and emotional condition. A follow-up class includes coordination with advisors, teachers and staff to help the student and provide individualized and small-group support.

**Writing Center**  
Nethery Hall, Room 101  
writery@andrews.edu  
269-471-3358

The Writing Center provides students with individualized instruction by fellow students on basic writing skills and strategies. Services of the center include computer-assisted tutorial sessions, drop-in help and a library of rhetoric and usage texts. The Writing Center also offers occasional review sessions on general writing problems.

## Campus Resources

### ADA Services for Students with Disabilities

Nethery Hall, Room 210  
269-471-6096

Andrews University accepts and appreciates diversity in its students, including students with disabilities. Accordingly, students are encouraged to inform the University of any disability by contacting the Student Success Center. Students who are otherwise qualified for college may receive reasonable accommodations for disabilities if they have provided documentation by a qualified, licensed professional. Arrangements for accommodations should be made as early as possible after acceptance, and each semester. Students who suspect that they may have disabilities may also contact the Student Success Center to inquire about the documentation process. More information about disabilities accommodations in college can be found at the government website: [www.ed.gov/about/offices/list/ocr/transition.html](http://www.ed.gov/about/offices/list/ocr/transition.html).

### Andrews Community Counseling Center

Bell Hall, Room 159  
269-471-6238

The Andrews Community Counseling Center (ACCC) consists of five counseling rooms, a waiting room and receptionist area. The ACCC provides professional counseling and psychological services to children, adolescents, adults, couples and families in the University community and the residents of Michiana at no cost. The center was established as a training facility for master's and doctoral level students working toward graduate degrees in counseling and counseling psychology at Andrews University. These graduate-student counselors are supervised by faculty who are professional counselors and/or licensed psychologists. Services are provided to individuals regardless of race, gender, age, religious affiliation or culture. To make an appointment to receive these services, call 269-471-6238.

### Andrews University Airpark

Airpark  
airinfo@andrews.edu  
269-471-3120

Andrews University Airpark is licensed by the State of Michigan as a general utility airport (C-20). Services include flight instruction, maintenance instruction, aviation fuel (100LL), and a full-service aircraft repair center along with hanger and tie-down facilities. Andrews' air traffic unicom frequency is 122.7.

### Andrews University Archives

James White Library, Lower Level  
archives@andrews.edu  
269-471-3373

The Andrews University Archives is an independent university-wide entity under the leadership of the Office of the Provost. It functions as one of the entities of the Center for Adventist Research. The Andrews University Archives, formally established in 1999, is the official repository for secure storage and management of non-current University administrative records of historical, fiscal, legal, or administrative value. Records held in the Andrews University Archives date from the beginning of the University as Battle Creek College to the present, and comprises over 1,600 cubic feet of paper records, and over 80,000 digital records. The Archives include the correspondence of the presidents, vice presidents, and deans; minutes of the Board of Trustees, administrative and faculty committees; and other records of the central administrative offices, student services, the various schools, departments, institutes, and other entities of the University.

The Archives program, which encompasses the entire University campus, includes policies, a manual, retention schedules for records, guidelines, and forms for identifying those records/items which can be destroyed and those which must be kept and properly transferred to the Archives. The goal of the Archives is to standardize procedures for proper record management across campus.

### Andrews University Bookstore

Campus Plaza  
269-471-3287

The bookstore supplies all textbooks required for classes along with a wide selection of reading material in the general trade book section. School, office, art and drafting supplies are available as well as AU imprinted gifts and clothing. It also features a selection of greeting cards, balloons, gift items and snacks.

### Andrews University Press

Sutherland House  
aupress@andrews.edu  
269-471-6134

Andrews University Press is the primary academic publishing house for the Seventh-day Adventist Church. It publishes academic books that make a scholarly and/or professional contribution to their respective fields and are in harmony with the mission of Andrews University. Publication emphases include archaeology, biblical studies, religion and theology, faith and learning, education and selected areas of science.

### Center for Youth Evangelism

Seminary Hall, Room S103  
cye@andrews.edu  
269-471-8380

The Center for Youth Evangelism (CYE ) was established in 1979 and is incorporated within Andrews University to support the Seventh-day Adventist Theological Seminary to provide training, research, resources and programing for youth ministry within the North American Division (NAD) and the General Conference (GC) world church.

CYE offers "active learning" opportunities for seminarians, interns, youth professionals and local church leaders.

A few CYE sample offerings: 180 Symposium, 411 Youth Ministry Newsletter, Church of Refuge, Cruise with a Mission, International Camporees, WeCare Mission Trips, Union Youth Evangelism Congress, Music & Worship Conference, Easter Passion Plays, and other children, youth and young adult support. ### Christian Leadership Center

Seminary Hall  
269-471-8332

The Christian Leadership Center is an interdisciplinary organization of Andrews University providing inspiration, ongoing leadership development, coaching, consultation and research for a network of church and community leadership throughout the world. The Center's office is located in the Theological Seminary. The Center's vision is a network of Christian leaders who provide outstanding leadership for church, business and educational organizations throughout the local community and the world.

The Center provides a place for academicians and field practitioners to link in a process of theological reflection that shapes the Seventh-day Adventist Church's understanding of leadership and clarifies transformational leadership development across cultures. The biblically-based model of servant leadership promoted by the Christian Leadership Center grows from that reflection. The Center focuses on transformation of the person, development of essential leadership patterns and formation of administrative skills through various programs offered to community and church organizations. Visit the Center online at [www.andrews.edu/clc/](http://www.andrews.edu/clc/).

### Employment

Administration Building, Main Floor  
employment@andrews.edu  
269-471-3570

The Office of Employment assists students with their on-campus employment needs. The office provides information regarding employment opportunities, assistance with necessary paperwork, administers employment tests and is responsible for updating employment files.

### Howard Performing Arts Center

hpac@andrews.edu  
Box Office 471-3560  
Fax 471-3565

The Howard Center is the performance home for the Andrews University music ensembles: the Symphony Orchestra, Wind Symphony, University Singers, University Chorale, Men's Chorus and Canta Bella. The Howard Center also hosts *Howard Center Presents...*, a concert series with a blend of musical genres. It has hosted classical artists such as Canadian Brass, Vienna Boys Choir and King's Singers, as well as Christian artists such as Sandi Patty, Point of Grace, SELAH and Take 6. The on-campus radio station, WAUS FM 90.7, which is also located in the Howard Center, sponsors a chamber music series, Second Sunday Concert Series.

In addition, during the school year the Howard Center is home to the monthly Friday evening vesper service Fusion, which merges together all Friday night worship services, creating a dynamic and diverse worship experience. Students

studying music at Andrews University also present their junior and senior recitals as a part of their requirements for graduation in the Howard Center.

The Howard Center was funded in part by a significant gift from John and Dede Howard, longtime members of the St. Joseph community, who now reside in Holland, Michigan.

The Howard Center is an important center of activity on campus. The concert hall offers a variety of concerts and other performances throughout the school year. Visit [www.howard.andrews.edu/events](http://www.howard.andrews.edu/events) for a complete listing of events.

**Information Technology Services**  
**Information Services Building**  
helpdesk@andrews.edu  
269-471-6016

Information Technology Services (ITS) provides a variety of services for students, faculty and staff. These services include support of administrative records systems, networking infrastructure, telecommunications and support for students, faculty and staff computer use.

Internet access is available on campus for all students, faculty and staff. A wireless network is available in many locations on campus, allowing students, faculty and staff to connect to the Internet with an 802.11 abgn wireless enabled device. Campus residence halls have Ethernet network connections in each room allowing students to connect to the Internet. High speed Internet access is available in the Beechwood, Garland and Maplewood apartments.

The ITS Computer Store provides certain hardware and software resources at educational pricing. The Microsoft Office Suite and latest Microsoft operating system are available through a Microsoft Campus License Agreement for the cost of the media. Anti-virus software for Windows-based computers is also available for students, faculty and staff personal use for the cost of the media. ITS also maintains a limited phone assistance service for hardware or software questions.

Telecommunications services provided by ITS in residence hall or apartment packages include local phone service with unlimited local calling, caller ID, call waiting and basic CATV service. Premium CATV service is provided for an additional fee. (For more information call 471-3455).

A general purpose computer lab is available for use by any student, faculty or staff member. The computing lab, located in Bell Hall, Room 182, may also be reserved for instructional use. The lab contains Microsoft Windows-based systems with a variety of software. Laser printing is available for a fee. Additional computer labs exist in various schools and departments.

**LithoTech**  
**Harrigan Hall (main floor, front entrance)**  
litho@andrews.edu  
269-471-6027

LithoTech provides full service in digital color and black and white printing. In addition, LithoTech offers offset printing and bindery services. Brochures, black and white copies, color copies, color posters, church bulletins, resumes, paperback books, newsletters, letterhead and envelopes, business cards and a wide variety of paper are a few of the items that can be provided.

**Office for Diversity & Inclusion**  
**Administration Bldg., AD322**  
269-471-3388

The Office for Diversity & Inclusion fosters understanding and inclusiveness in matters of race, ethnicity, culture, mental and physical abilities, age, gender, and religion in several ways. The office provides spiritual, administrative and academic leadership for the equity and diversity vision, resources, and programs across the University. The office also engages the campus with inclusive hiring practices, LGBTQIA+ matters, and relevant diversity training.

- Support and cultivate awareness, appreciation and engagement with both national and international diversity and its relevance in a University environment.
- Support University-wide diversity related committees, commissions, programs, and task forces through active leadership and advocacy.
- Work with the University and external community to elevate the visibility and maximize the impact of campus diversity efforts, activities, and programs including student international and ethnic clubs and organizations. Collaborate with the Office of Human Resources and relevant administrators regarding University diversity issues, including search and selection processes.

- Encourage and assist with infusion of diversity into the instruction and content of new and existing courses, and with diversity in the co-curriculum.
- Work with the University to create and maintain an Andrews University philosophy of diversity and inclusion that is fully reflective of the gospel.
- Support and cultivate awareness, appreciation and engagement with both national and international diversity and its relevance in a University environment.
- Lead strategic diversity planning efforts, including assessment, evaluation and accountability.
- Encourage a campus environment that seeks to resolve conflict through reconciliation and healing as understood in the gospel.
- Identify barriers to recruitment and retention of underrepresented populations and support strategies to overcome these barriers for students, faculty and staff.

**Office of the Ombudspersons**  
269-471-3244, 269-471-3214

The Office of the Ombudspersons is a confidential, independent and neutral dispute resolution service for the University community. As such, it facilitates understanding, communication and resolution of conflict among students, faculty and staff. The office serves as an impartial and confidential means of facilitating dialogue between parties on campus and as a means, apart from formal grievance procedures, of resolving differences. The office was established as part of the University's Christian commitment to foster a courteous and considerate climate conducive to productivity and well-being for the University community.

The Ombudsperson works independently from University administrative offices. Discussing a matter with an ombudsperson is confidential to the extent allowed by law and does not constitute notice to the university.

**Radio Station WAUS 90.7 FM**  
**Howard Performing Arts Center**  
waus@andrews.edu  
269-471-3400

WAUS began broadcasting in January 1971 and now broadcasts 24 hours a day to listeners in southwestern Michigan and northern Indiana. The day-by-day programming, production and student-broadcast training take place in a facility featuring a broadcast studio, a production studio, a music library and staff offices. Station programming includes classical music, news updates and religious programs. WAUS contributes to the local community by being the only 24-hour provider of classical music and arts information, providing student training and employment, and public relations exposure for Andrews University.

**Student Insurance**  
**Administration Building, Main Floor**  
stuins@andrews.edu  
269-471-3097

The Office of Student Insurance provides information regarding student accident and sickness insurance as well as providing a student advocate to help mediate for the student, if necessary.

**The University School**

**Ruth Murdoch Elementary, 8885 Garland Ave**  
rmes@andrews.edu  
269-471-3225

**Andrews Academy, 8833 Garland Ave**  
academy@andrews.edu  
269-471-3138

The University School is a coeducational day school located on the Andrews University campus. It consists of two divisions: Ruth Murdoch Elementary School (K–grade 8) and Andrews Academy (grades 9–12). In addition to providing education for young people enrolled in the school, the University School serves as a demonstration school and a laboratory for educational innovation and research. The faculty and administration work with the School of Education (College of Education & International Services) in coordinating a teacher-training program.

Application for admission to either division of the University School should be made at least four weeks before the student plans to enter. The first semester begins approximately the last week of August. Information on admission may be obtained from the Office of Admissions, Ruth Murdoch Elementary School, 8923 Garland Ave, Berrien Springs MI 49104-0570; or from the Office of Admissions, Andrews Academy, 8833 Garland Ave, Berrien Springs MI 49104-0560.

## Our Values, Your Choice

Andrews University is a Christian community where Christ is celebrated and reflected in the academic, social, physical and spiritual experiences of its members. As a Seventh-day Adventist institution, we seek to integrate faith, learning and living, while each of us matures in our relationships with God and each other.

By deciding to attend Andrews University, students choose to be part of this uniquely Christian atmosphere. Every enrolled undergraduate student pursuing an on-campus degree signs a "Community Values Agreement" in which they affirm their decision:

- **To attend a faith-based university** by respecting Andrews University's Seventh-day Adventist Christian perspective and values. See the section "A Faith-Based University."
- **To adopt a healthy lifestyle** guided on and off campus by the core values of the Andrews University community. See the section "A Healthy Lifestyle."
- **To live on a residential campus** in a University residence hall while a single undergraduate student under the age of 22 (unless living with an approved family member or Andrews faculty or staff member) and, while an undergraduate resident, to participate in a meal plan at the University's vegetarian cafeteria. See the section "A Residential Campus."
- **To engage a whole-person approach** to education and, while an undergraduate or Seminary student, to attend required co-curricular programs. See the section "A Whole Person Approach."

Distance degree and PTC (Permission to Take Classes for non-degree purposes) students complete a "Community Values Agreement" in which they note their understanding and respect of the Andrews University commitment to embrace core Seventh-day Adventist Christian values. Distance degree and PTC students are invited to consider these values as they strive to remain in good standing with their local communities and to optimize the benefits of the University's whole-person educational philosophy.

## A Faith-Based University

### Seventh-day Adventist Faith and Values

The Center for Faith Engagement promotes faith development through pastoral care, resources and services to the University campus. The University chaplain and associate chaplains function to enrich the faith and intellectual life of the campus through incarnational ministry and the provision of a variety of opportunities appropriate to a spiritual, cultural and socially diverse student and professional population. The chaplains operate at a level that ignites the passion of those who have been transformed by or are considering a relationship with Jesus Christ.

The essential question for the existence for the Center for Faith Engagement is embraced in the transformative prayer of Jesus in the Gospel of John chapter 17. Here Jesus' heart for a close and life-changing relationship with mankind is revealed. The CFE exists to promote close proximity with God. In this PROXIMITY our goals are to:

- Be Clear on who God is: "And this is eternal life that they may know you, the only true God and Jesus Christ whom you have sent." John 17:3
- Be Close to God and mankind: "The glory which you gave me I have given them, that they may be one just as we are one...Father I desire that they whom You gave me be with me where I am." John 17:23-24
- Be Clean by God through the transforming power of His Spirit in our lives: "Sanctify them by your truth. Your word is truth." John 17:17  
"I give myself as a holy sacrifice for them so they can be made holy by your truth." John 17:19
- Be Confident in God's Calling: "As you sent me into the world, I have sent them into the world." John 17:18

## A Whole Person Approach

As part of earning an Andrews University degree, graduate and undergraduate students have many opportunities to engage in faith and learning opportunities outside the classroom. These complement academic courses and allow students to document valuable skills and dispositions desired by employers. Undergraduate students and Seminary students agree to participate in a minimum number of cocurricular opportunities each semester as part of their educational experience. However, we encourage all students to be involved in out-of-class learning experiences offered by the University—on campus, in the community and around the world. Students engage in faith and learning outside the classroom as part of a comprehensive educational experience, developing skills and dispositions that complement their academic degrees. Undergraduate students and Seminary students agree to participate in a minimum number of co-curricular experiences each semester.

To learn more about the undergraduate co-curricular requirement, please refer to [bulletin.andrews.edu](http://bulletin.andrews.edu) > Student Handbook > To Hold Accountable: Student Responsibilities.

## A Residential Campus

### Residential Living Policy

Andrews University is operated as a residential college on the undergraduate level. The University also offers residential options for graduate students. This means that the residential environment plays a significant role in the mission of the University and its efforts to foster the holistic development of each student.

Therefore, in accordance with the University's Residential Living Policy, all single undergraduate students under 22 years of age who are (1) pursuing an on-campus degree and taking seven or more credits (including distance learning courses) or (2) enrolled in full-time language study must live in one of the University residence halls and participate in a meal plan at the University's cafeteria. Single undergraduate students must be 22 years of age by the first day of a semester in order to be approved to live in the community for that semester.

Costs associated with residence hall living are part of the investment in an Andrews University education, thus the Student Life office does not make exceptions to the Residential Living Policy on the basis of financial need.

To review the complete Residential Living Policy, click here.

### Residence Halls

The University maintains three residence halls: Lamson Hall (for women), Meier Hall (for men), and University Towers (for graduates or undergraduates age 22+). Double-occupancy rooms are standard. Single occupancy is permitted by special request, if space allows, for an additional fee.

### Apartments and Houses for Rent

The University owns 304 apartments and 36 houses. The apartments are available to married students, students with children, and single undergraduate age 22+ and graduate students. Accommodations are available only to those who have been officially accepted as university students. Since apartments are limited, applicants are advised to apply six to nine months before their first semester of studies.

Most apartments are furnished. Tenants must supply their own linen and kitchen utensils. Unfurnished apartments have a stove and refrigerator. Pianos may be placed in the apartments only by prior arrangement with the University Apartments director. Pets are not allowed in University apartments or houses.

Further information on University housing may be obtained through the "University Apartments Handbook" online. Please visit [andrews.edu/apartments](http://andrews.edu/apartments) for applications and further information.

If internet access is desired in the apartments, a modem must be obtained from the Office of University Apartments. There is a \$100 refundable deposit required for this.

### Non-Residence Hall Housing

Students living in non-residence hall housing must abide by the expectations outlined in the "Student Handbook" and the non-residence hall housing policy. All students living off-campus must maintain high moral standards in their choice of guests and entertainment; otherwise, they could be subject to discipline. Unmarried, unrelated students must not live in the same shared dwelling with members of the opposite sex.

## A Healthy Lifestyle

### Core Christian Values

Students who choose to attend Andrews University agree to adopt a healthy lifestyle and to maintain high standards of conduct. These standards are part of the spiritual mission and heritage of the University. They reflect biblically grounded values such as honesty, modesty, sexual purity, respect for others and their safety, and healthful living.

### Code of Student Conduct

The Code of Student Conduct is detailed in the "Student Handbook" and provides examples of violations that may result in serious consequences. Students may obtain a copy of the "Student Handbook" at the Student Life office (or online here). Any regulation adopted and published by the administration in more informal written communication or online has the same force as regulations printed in official publications.

Code violations include, but are not limited to, the use or possession of tobacco, alcoholic beverages, illegal drugs or dishonestly acquired or misused prescription drugs; dishonesty; sexual immorality; physical abuse or assault as well as domestic/relationship violence; sexual misconduct including but not limited to nonconsensual sexual contact, nonconsensual penetration, sexual exploitation and sexual harassment; theft; vandalism; lingering in proximity to alcohol, illegal drugs or drug paraphernalia, such as in events or parties where alcohol or illegal drugs, etc., are present and served by another host; hosting/planning events in one's own residence or elsewhere where alcohol is served or consumed and/or illegal drugs or drug paraphernalia are present; patronizing places of questionable entertainment or activities such as sexually suggestive or explicit dancing; profanity or vulgarity; possessing lewd or obscene materials; on-campus possession of weapons, firearms or look-alike firearms; engaging in improper associations—participating in organizations that have not been registered with and approved by the Student Life office; insubordination of a University official; disrespect or slander; and threatening and harassing behavior.

### Accountability

Admission to the University is not a right. It is a privilege that entails acceptance of individual responsibility for honor, integrity and self-discipline. The University understands that all human beings are flawed and seeks to work with each student in a redemptive manner. However, students should expect to receive consequences up to and including dismissal from the University if they engage in activities or behaviors that violate the University's core values or if their presence damages the mission and function of the institution. This includes activities and

behaviors outlined in the Code of Student Conduct, whether these activities and behaviors take place on-campus, off-campus or in cyber communities.

### Community Values Agreement

Undergraduates are required to sign a "Community Values Agreement" as part of their registration each academic year. By signing this document, students agree to support a healthy lifestyle and to respect the faith-based values of the University. They also agree to abide by the University's residential policy and to participate in required co-curricular programs.

### Student Activities and Organizations

The University encourages students to participate in as many co-curricular activities and organizations as their study-work loads permit. Experience gained in working with others to achieve common goals provides invaluable training. Some of the more prominent campus organizations and activities are described below. A complete list of campus organizations is available from the Office of Student Involvement, Leadership & Activities.

### Andrews University Student Association (AUSA)

The Student Association serves all undergraduate students enrolled at Andrews University for 6 or more credits. AUSA sponsors recreational and educational activities for the undergraduate student body. It responds to student needs and serves as a collective voice for student concerns. The Senate, composed of about 30 student leaders, exercises legislative and management powers given to it by the constitution of the Association.

Details about AUSA and its sub-organizations appear in the "Andrews University Student Association Constitution and Bylaws."

### Andrews University Graduate Student Association (AUGSA)

All graduate students enrolled with regular or provisional status in a degree program in all schools and colleges at the Berrien Springs campus of Andrews University are automatically members of the Andrews University Graduate Student Association (AUGSA). The AUGSA assembly includes all AUGSA members and is governed by representative officers who meet regularly and report to the assembly.

The AUGSA sponsors social, spiritual and scholarly activities during the school year. It may also be involved in University policy development that affects graduate students. Details about AUGSA are found in the Constitution of the Andrews University Graduate Student Association.

### Student Clubs and Organizations

Numerous campus organizations serve the social, spiritual, academic and leisure interests of students. Clubs for international and cultural groups, as well as those for commonly held pursuits and causes, provide for the diverse interests of students. Student organizations must be overseen by a full-time staff or faculty sponsor, led by at least three student officers, and guided by an official constitution. Organizations must register through the Office of Student Involvement, Leadership & Activities each year in order to function on campus. Students are not allowed to participate in unregistered organizations, and those who do jeopardize their student status. A list of registered organizations can be found in the Office of Student Involvement, Leadership & Activities.

### Student Records

The Family Educational Rights and Privacy Act (FERPA), gives students certain rights relating to educational records that are created and maintained by the University. The University is not obligated to maintain educational records and thus some educational records are destroyed. Students may inspect and review their educational records and may, if they believe the records are incorrect, seek to have records corrected through appropriate review procedures. The full policy that governs student records and access to them is available in the "Student Handbook." Students who wish to review their academic records should make a request through the Office of Academic Records; students who wish to review their Student Life records should make a request through the Student Life office. The student may be asked to care for the reproduction costs of copies of records requested by the student.

### Information Released to Third Parties

In accordance with FERPA, Andrews University does not disclose personally identifiable information from educational records without a student's consent except in limited circumstances. FERPA does permit institutions to define classes of information as "directory information." FERPA permits the disclosure of directory information without the consent of the student, unless the student has informed the University Registrar, in writing, of her/his refusal to permit the dissemination of directory information. A form for opting out of the disclosure of directory information, which must be filled out and submitted each semester, is available in the Office of Registrar. The University has designated the following information as "directory information": name, local address, local telephone number, email

address, gender, marital status, hometown, date and place of birth, school, academic program (degree, major and minor), enrollment status, class standing/classification (i.e., freshman, sophomore, junior, senior or graduate), participation in officially recognized activities, dates of attendance, degree(s) received, honors and awards, and photographs. Even where directory information may be released, Andrews University reserves the right to withhold such information from third parties.

## Safety Regulations

Andrews University expects students to develop safe working habits. Students who participate in classes, laboratories or activities involving situations considered hazardous, as specified by the state or national standards, must provide and wear any such required personal safety equipment. If you are unsure of the required safety procedures, please contact Campus Safety at 269-471-3321.

## Motor Vehicles

Andrews requires all vehicles on campus to register with the Office of Campus Safety. Drivers must follow posted speed limits and parking designations.

## Vehicle Registration

You must show a valid state registration, current proof of insurance and driver's license. Upon registering you will receive a decal which must be affixed to your vehicle's window as intended. Failure to register your vehicle may result in a fine.

## Auto Licensing

All vehicles on campus must maintain current home state license plates.

## Auto Insurance

All vehicles must be covered with liability insurance while driven on campus. Expiration or cancellation of insurance automatically revokes motor-vehicle registration and driving privileges. All vehicles must be maintained in legal operating condition while on property.

## AU Alert

To ensure multiple means of emergency communication for our campus, Andrews University uses a third-party company, Rave Mobile Safety, to send emergency notification alerts to the campus.

During emergencies this system will send text messages, emails and voice calls to registered recipients. The system will also post alerts to the Andrews University Facebook account and/or the Andrews University Twitter account with the emergency information to the Andrews University Facebook account and/or the Andrews University Twitter accounts. AU Alert notices are intended only for situations involving imminent danger to health or human safety. These may include severe weather alerts, winter weather class cancellations, hostile threats, utility failure, major road closings or fire, among others.

To receive emergency alert text messages, emails or voice calls, log in with your Andrews username and password at <https://www.getrave.com/login/andrews>. Parents or family members can be registered by the student to receive alerts (as a secondary phone number) or can self-register under the public option.

## Dining Services

Dedicated to providing our guests the finest in Vegetarian and Vegan dining options, Bon Appetit at Andrews University Dining Services is committed to creating food that is alive with flavor and nutrition and prepared from scratch using authentic ingredients. We do this in a socially responsible manner for the wellbeing of our guests, communities and the environment.

Our main office is located on the first floor of the Campus Center with convenient weekday hours to assist students with their residence hall meal plans or Cafe Accounts. Guests with questions or concerns are welcome to stop in anytime during office hours. Guests with special dietary needs are invited to meet with the General Manager and the Executive Chef to discuss how those needs can be met--please contact [jonathan.daniels@cafebonappetit.com](mailto:jonathan.daniels@cafebonappetit.com) for more information. For guests choosing to dine with us on Sabbath, please come in during the week to set up a Cafe Account that can be used to purchase your Sabbath meal.

We have several dining options from which to choose--all accept your residence hall meal plan, cafe account, cash and credit/debit cards.

The Terrace Cafe is located on the second floor and features an all-you-care-to-eat format with several dining options from which to choose. Andrews Classics features favorite dishes from around the world and Classics Too offers healthy dining alternatives with a focus on special dietary needs. Our Grill features a variety of Latin foods that are self-serve for your convenience. The Salad Bar and Deli area has a wide variety of fresh ingredients and delicious breads to make your

own salad, sandwich or panini. The World Market features scratch-made pizzas and a variety of delicious stir-fry options with scratch-made sauces. Our Breakfast Zone offers waffles, cereal, an assortment of beverages and yogurt. Be sure to visit the Bakery for a delicious selection of sweet treats.

The beautiful Dining Room is equipped with booth seating as well as table seating next to the large stone fireplace. Several smaller conference rooms can accommodate your private group needs. Our Front of House team will be happy to assist you with seasonal and creative fresh food ideas and personal service. Guests wishing to dine in our event rooms utilizing the Terrace Cafe meal option should contact [ds@andrews.edu](mailto:ds@andrews.edu) to book that event.

The Gazebo is located downstairs across from the Office of Dining Services. The Gazebo features a large selection of scratch-made smoothies, salads, burrito wraps, sub sandwiches and hot grilled dishes. You can also choose from a wide variety of locally baked pastries, grab-and-go sandwiches, salads and parfait cups. There is a retail area that sells convenience items and snacks.

Vending Services are available in various buildings across campus and provide quick snacks and drinks for our guests.

Catering Services are available for guests wishing to customize a meal and create a special event. Guests wishing to book a catering event should contact [catering@andrews.edu](mailto:catering@andrews.edu) for assistance. We offer catering services to any on-campus venue and a variety of off-campus locations.

Additional information and menus are available on the Dining Services website at <http://andrews-university.cafebonappetit.com/>. For daily menu alerts, upcoming special events and more information about Dining Services, be sure to follow us on Facebook at Andrews University Dining Services.

## Medical Services

### Required Medical Records

Michigan State Law requires all first-time students to supply certain medical records to the school of their choice before registration can be completed. The required records are those for (1) Tuberculosis Screening and (2) Measles, Mumps, and Rubella (German Measles) Immunization (MMR). See the admission section of this "Bulletin" for detailed requirements.

### Available Medical Care

For health needs, students may contact University Medical Specialties, located next to the Apple Valley Plaza. Phone 269-473-2222 during office hours (8 a.m.–5 p.m., Monday–Thursday, and 8 a.m.–12 noon, Friday) to schedule appointments.

Physician appointments and nurse visits, as well as most short-term medications, are available to residence hall students. These basic services are included in the rent/health plan and are not charged separately to the residence hall student. However, charges are made for lab work, X-rays and accident cases involving third-party liability. University Medical Specialties (UMS) charges the insurance company for any coverage applicable to the services provided to residence hall students, thus students should take their insurance information with them when utilizing UMS services. UMS waives any copay or deductible (for the student/family) for the limited health care provided.

Non-residence-hall students living in the apartments or off-campus housing may use University Medical Specialties according to established fees.

For emergencies outside of regularly scheduled office hours, students may reach a physician at 269-473-2222.

## Health-related Concerns

### Insurance—Injury/Sickness

Every international student with an F1 (with an I-20) or J1 (with a DS2019) visa is required to purchase the student health plan. The only exceptions that will be made to this policy are for Canadian students and students who are fully sponsored by a conference or country, and those who may have a group health plan through an American employer. Domestic students who are enrolled for at least ½ time credit hours are able to either purchase the student health plan, or provide a waiver showing proof of other insurance that meets waiver requirements.

The student will be able to select coverage by completing the student insurance section in Registration Central. If a student health plan is selected, the appropriate payment for this coverage is charged to the student's account and it is non-refundable.

Please visit the website [andrews.edu/services/hr/students/insurance/](http://andrews.edu/services/hr/students/insurance/) for additional policy information or visit [ANDREWS | Home \(myahpcare.com\)](http://ANDREWS | Home (myahpcare.com)) to learn more about the student health plan.

Beginning Fall 2022, coverage of dependents is no longer an option with the student health plan. Only registered students are permitted to enroll in the student insurance. Short-term policies for dependents may be found by searching on the Internet.

A brochure describing the insurance coverage is available at the Student Insurance Office in the Administration Building or online at [andrews.edu/services/hr/students/insurance/](http://andrews.edu/services/hr/students/insurance/).

### Counseling & Testing Center

The Counseling & Testing Center (CTC) is the primary mental health care facility for the University and serves as a supportive medium aimed at enhancing the positive and learning University environment as it provides timely and comprehensive short-term counseling to University students and their spouses. The Center is staffed by licensed psychologists, counselors, and intern clinicians committed to utilizing all available resources in the delivery of services. These include personal, group, premarital and marital counseling; career development; outreach and consultation; academic and psychological assessments; teaching and research; and training and supervision. Workshops, wellness screenings, and other prevention programming are also coordinated by the CTC throughout the academic year. The CTC also offers self-help educational information through the CTC webpage and virtual pamphlets. The CTC uses a brief model of treatment and offers up to eight (8) counseling sessions per semester at no charge. Additional counseling sessions are considered on an individualized basis. The Center also provides referrals to community psychiatrists and other mental health professionals.

The Counseling & Testing Center endorses a whole-person approach in working with students by facilitating the integration of the emotional, spiritual, physical and social dimensions of the individual. The Center is fully accredited by the International Association of Counseling Services (IACS) and serves as a training facility for graduate counseling and social work interns. Psychological testing, career assessment and other testing services are offered for a nominal fee.

National standardized testing—including the ACT, SAT, GRE subject, LSAT, MPRE, TOEFL, CLEP and other academic tests needed at both the undergraduate and graduate levels—is offered at the Counseling & Testing Center. To contact the Center call 269-471-3470 or email the staff at [ctcenter@andrews.edu](mailto:ctcenter@andrews.edu). You may also find us on Facebook at [facebook.com/AUCTC](https://facebook.com/AUCTC).

## Student Employment

### Eligibility Pre-Employment I-9 Form

Before working on campus, all students (both U.S. citizens and others) must personally have a validation interview with an Employment Officer (Administration Building) at which time the officer and the student will make a joint sworn statement on the appropriate I-9 legal declaration form.

### Employment Eligibility Certification

The Immigration Reform and Control Act charges all employers to examine and verify certain documents that establish the employment eligibility of all new employees. New and returning students who have not completed an I-9 for Andrews University work in the past and who plan to seek any employment on the Andrews University campus must supply documents of identity and employability. Some documents serve for both purposes (List A), but if not available, two documents may be presented (one each from List B and List C). The acceptable documents are listed below; however, as the list may be subject to change, please refer to the U.S. Citizenship and Immigration Services (USCIS) website for the most updated information.

#### List A

##### Documents That Establish Both Identity and Employment Eligibility:

- U.S. Passport or U.S. Passport Card
- Permanent Resident Card or Alien Registration Receipt Card (Form I-551)
- Foreign passport that contains a temporary I-551 stamp or temporary I-551 printed notation on a machine-readable immigrant visa
- Employment Authorization Document that contains a photograph (Form I-766)
- In the case of a nonimmigrant alien authorized to work for a specific employer incident to status, a foreign passport with Form I-94 or Form I94A bearing the same name as the passport and containing an endorsement of the alien's nonimmigrant status, as long as the period of endorsement has

not yet expired and the proposed employment is not in conflict with any restrictions or limitations identified on the form

- Passport from the Federated States of Micronesia (FSM) or the Republic of the Marshall Islands (RMI) with Form I-94 or Form I-94A indicating nonimmigrant admission under the Compact of Free Association Between the United States and the FSM or RMI

#### List B

##### Documents That Establish Identity:

- Driver's license or ID card issued by a state or outlying possession of the United States if it contains a photograph or information such as name, date of birth, gender, height, eye color and address
- ID card issued by federal, state or local government agencies or entities provided it contains a photograph or information such as name, date of birth, gender, height, eye color and address
- School ID card with a photograph
- Voter's registration card
- U.S. Military card or draft record
- Military dependent's ID card
- U.S. Coast Guard Merchant Mariner Card
- Native American tribal document
- Driver's license issued by a Canadian government authority

For persons under age 18 who are unable to present an identity document listed above (for List B):

- School report or report card
- Clinic, doctor or hospital record
- Day-care or nursery school record

#### List C

##### Documents That Establish Employment Eligibility:

- A Social Security Account Number card, unless the card includes one of the following restrictions: (1) NOT VALID FOR EMPLOYMENT, (2) VALID FOR WORK ONLY WITH INS AUTHORIZATION, (3) VALID FOR WORK ONLY WITH DHS AUTHORIZATION
- Certification of Birth Abroad issued by the Department of State (Form FS-545 or Form DS-1350)
- Original or certified copy of a birth certificate issued by a state, county, municipal authority or territory of the United States bearing an official seal
- Native American tribal document
- Identification Card for Use of Resident Citizen of the United States (Form I-179)
- Unexpired employment authorization document issued by the Department of Homeland Security

All documents presented must be original.

A parent or legal guardian may sign the I-9 form, attesting that the applicant is under age 18. However, such an applicant must present an employment eligibility item from the above list if a document proving both identity and employment eligibility is not available.

## The Office of Employment

The Office of Employment, which is part of Human Resources, assists students in their on-campus employment needs. The Office provides information regarding employment opportunities and assistance with necessary paperwork, administers employment tests and is responsible for updating employment files. The Office is located in the Administration Building, Second Floor.

### Office of Employment

Telephone: 269-471-3570

Fax: 269-471-6293

Email: [employment@andrews.edu](mailto:employment@andrews.edu)

Website: [www.andrews.edu/hr](http://www.andrews.edu/hr)

Students desiring part-time employment must be enrolled full-time (12 undergraduate credits, eight graduate credits or nine Master of Divinity credits) and they must complete the necessary paperwork at the Office of Employment.

The University allows students to work, as work is available, up to 20 hours per week during the academic year. To maximize work opportunities, the student should schedule their classes so that large portions of the mornings or afternoons are free. Professional performance and conduct is expected in all on-campus employment.

### Employment (International Students)

An international student on a nonimmigrant F-1 visa is permitted to work on-campus a maximum of 20 hours per week during the school year and full-time during school breaks and vacations. Dependents with F-2 visa status cannot work on- or off-campus under any circumstances.

Exchange Visitor students on a nonimmigrant J-1 visa are allowed to work on-campus a maximum of 20 hours per week during the school year and full-time during school breaks and vacations. Dependents with J-2 visa status are allowed to study full-time and to work after they receive a work permit called the Employment Authorization Document (EAD) from the USCIS. J-1 students are allowed to work off-campus on a severe economic hardship basis.

### Other Campus Services

Other campus services include a barber shop, a beauty shop and the University-branch post office.

### Immigration Information for International Students

International students on F-1 or J-1 visas who come to study at Andrews University (AU) should be informed about the immigration laws and regulations in matters related to their visa status. It is the responsibility of the international student to maintain his/her student I-20 (for F-1) and DS-2019 (for J-1) status at all times. Failure to follow immigration regulations, whether intentional or unintentional, is a violation of the student visa status. Consequently, the status of the international student would be terminated and he/she must apply to the USCIS to be reinstated back into the legal student visa status or depart the US and re-enter with F1 or J1 status again to be legally admitted to study.

The personnel at the Office of International Student Services and programs (OISSP) consists of the director, called the Principle Designated School Official (PDSO), and the Designated School Official (DSO). They are appointed by Andrews University and authorized by United States Department of Homeland Security to issue I-20s and sign legal students' documents. The Office of International Student services' director is also the RO (Responsible Officer), and therefore, is now authorized to issue its own DS 2019 documents for it J1 (student/researcher/exchange visitor) and J2 (dependent of J1) applicants. This office also has an ARO (Alternate Responsible Office) for assisting in the preparation of the DS2019 document. The PDSO, RO, ARO and DSO are also required to advise international students in areas related to student life on campus such as study, work and travel, etc.

The Office of International Student Services communicates information to the international students in matters related to the government laws and immigration by several methods. First, the orientation for new international students is required upon arrival at Andrews University at the start of each of the 3 semesters (fall, spring and summer). Failure to attend the orientation program may result in student not having relevant information to live in accordance to the requirements to live by the student visa status they arrived upon and to failure to maintain legal status during the duration of the time spent on campus. Please visit the Office of International student services as soon as possible to receive the non-immigrant guidelines. Other means of communication include the Andrews "Bulletin," the International Student Services website, the Andrews Agenda and email. All international students are required to immediately update the Office of International Student Services of any changes in their student visa status, address, change of major or change of academic level.

*\*\*F2 visa status holders are dependents of F1. F2 visa holder who is a spouse, is not permitted to work during the entire duration of their stay in the US but are allowed to be a student on a part time basis. F2 dependent children are permitted to go to school but not work. However, when the F2 dependent completed high school, F2 dependent should change his/her visa status to F1 is s/he would like to continue with their education at a college/university.*

#### General requirements for maintaining status as international students:

- Have a valid passport at all times.
- Continue to carry a full course of study.
- Leave the United States once the courses for the academic program are completed, unless the student applies for a work permit (for F-1: OPT, for J-1: Academic Training).
- Apply through the Office of International Student Services for a new I-20 if it is desired to change programs, to continue for another academic level within

the same school or to transfer out to another institution of higher learning within the US.

- Extend the current I-20 if additional time is required to complete student's program of study. Extend request process begins with the Office of International Student services.
- Keep the I-20 (F-1) or DS-2019 (J-1) updated at all times. The most recent signature by the PDSO or DSO on one of these documents should be within 12 months from the time of signature. If it has exceeded, another signature must be obtained prior to travel outside of the U.S.
- Maintain a legal work permit (on- or off-campus according to USCIS regulations).

**Tuberculosis Testing:** All international students must submit a negative (clear) TB test prior to admission.

### Attendance at Another School

International students that come to study with an Andrews University I-20 or the DS-2019 should always maintain a full course of study at Andrews University. With an Andrews University I-20, international students may take additional classes from other schools if approved by the academic advisor and the Office of International Student Services.

The Department of Homeland Security system to track all international students who are admitted to study in the United States is called the Student and Exchange Visitor Information System (SEVIS). It is administered by the Student and Exchange Visitor Program (SEVP), a division of U.S. Immigration and Customs Enforcement (ICE). This is a web-based system for maintaining information on international students and exchange visitors in the United States.

### Transfer to Another School in the U.S.

J-1 students who want to change schools or their academic program must first check with their sponsoring organizations. If an F-1 student intends to change schools for any reason during the program, or after receiving a degree, he/she must initiate a transfer and obtain a new I-20 from the new school. Also, the Office of International Student Services at Andrews University will require you to submit a letter of admission from the school you will be transferring to. The transfer instructions that need to be followed are normally given by the new school. Once the receiving school is ready to issue the new I-20, the student should inform the ISS office so that the student's current legal file can be transferred electronically to the new school.

### Full Course of Study

USCIS requires every student on an F-1 or DS-2019 student visa to enroll full-time every semester at the school they are authorized to attend beginning immediately after the report date on the I-20 or DS-2019. Full-time class enrollment is as follows:

Undergraduate	12 credits (minimum)
Graduate	9 credits (minimum)
MDiv	9 credits (minimum)
Department of Intensive English Programs (DIEP)	12 clock hours (minimum)
Academy Fall Qtr	2.0 units (minimum)
Winter/Spring Qtr	1.5 units (minimum)

*International Students cannot AUDIT courses at anytime or Withdraw ("W") if it would put the student below the minimum credits required*

Summer semester is the vacation semester for those who start a regular school year (fall semester). International students do not have to enroll for a lesser course load during summer except if the initial attendance reporting date on the I-20 or DS-2019 is dated for the spring or summer semesters. If so, the student must enroll for a full study load during the summer. Additional information is available in the Office of International Student Services.

- International students with medical problems must provide a document from a physician recommending an interruption to take the semester off or reduction in study load.
- Graduate international students who have completed formal course work and are engaged in comprehensive exam preparation, project, thesis or dissertation are required to register for such. Thereupon they are considered to be pursuing a full course of study provided the "Bulletin" states the course registered for is considered to be full-time.

- An international student who registers in his/her last semester for less than the minimum credits required must present a RCL (Reduced course load) from his/her academic advisor verifying that these are the only credits that the student needs to fulfill all course requirements.
- An F-1 student engaged in post-completion Optional Practical Training maintains his/her full visa status. A student in F-1 status doing full-time Curricular Practical Training is also considered to be pursuing a full course of study. But if an international student is engaged in part-time Curricular Practical Training or part-time Optional Practical Training, he/she is required to enroll in classes concurrently.
- International students on an F-1 visa are not permitted to be in a program of study that is offered solely or entirely online. There may be exceptions for students on an F-1 visa—please contact the International Student Services office for clarification.

### **Students On Exchange Visitor Visas (J1/J2) and the Two-year Home Country Physical Presence Requirement**

The two-year home country physical presence requirement is one of the most important characteristics of the Exchange Visitor J-1 status. If the international student is bound by this regulation, it will be stated on the J-1 visa and on the bottom left corner of the DS-2019. Exchange Visitors, including their dependents, can apply for a waiver of the requirement to return home for two years upon completion of their studies. Without the waiver, such students are not eligible to change their status in the U.S. to another category. Neither can such students become eligible for any change of status until they have been physically present in their country of nationality or the country of last legal permanent residence for a minimum of two years following departure from the U.S.A.

### **Employment For J-1 and F-1 Students**

Immigration laws are very strict about employment. International students desiring to work must be sure to comply with these laws. **UNAUTHORIZED OFF-CAMPUS EMPLOYMENT CAN LEAD TO TERMINATION OF STUDENT VISA STATUS AND DEPORTATION.**

J-1 students may engage in two kinds of employment:

- Academic training related to the course of study or
- Work *on-campus* or *off-campus* (on severe economic hardship basis) for a maximum of 20 hours per week while school is in session and full-time during vacation.

J-1 students must obtain a letter from the RO or AROs authorizing employment before beginning work.

F-1 students may only work **on-campus** up to 20 hours per week while school is in session and full-time during vacations (upto 29 hours during their first 12 months of stay in the US and then upto 40 during the following year for the semester of break and holidays).

#### *Academic Training*

Employment which is directly related to the course of study is permitted by the Department of State (DOS) while the J-1 student is enrolled in school or approved for Academic Training no later than 30 days after completion of the program. The General Conference is the organization that authorizes the Academic Training once the student provides the required documents.

#### *Curricular Practical Training (CPT)*

Employment authorization for Curricular Practical Training is given to students whose degree programs require off-campus work experience. International students may NOT begin working until the I-20 has been issued for employment authorization by the DSO. CPT is limited to twenty hours per week if the student is required to take classes during the practicum. If the CPT work is full-time, then the I-20 must be issued for full-time. For more information, contact the Office of International Student Services.

#### *Clinicals, Practicums or Internships*

International students who are paid for clinicals, practicums or internships as part of a degree program **MUST** apply for Curricular Practical Training (CPT) and be issued a new I-20 accordingly with the CPT notation. The CPT notation has to be made prior to start of employment. Failure to do so will consider their work illegal.

#### *Optional Practical Training (OPT)*

Optional Practical Training is an optional work benefit for F-1 students, intended for practical work experience in their major field of study. Upon USCIS approval, a student receives work authorization to do OPT anywhere in the United States for a total of 12 months. International students may apply for the post-completion OPT

during a five-month window, three months prior to the completion of the degree or 60 days after the completion of the degree.

#### *Accepting Public Benefits is Illegal*

*Often hospital or medical clinic personnel encourage international students to accept Medicaid or other government benefits. DO NOT ACCEPT PUBLIC BENEFITS. Doing so is considered by USCIS to be a violation of your nonimmigrant status. Such students may be required to pay back the money received and may risk deportation.*

### **The \$200 SEVIS I-901 Fee**

International students are required to pay \$200 for the SEVIS I-901 fee. The Office of International Student Services will send along with the I-20 the instructions concerning the different ways of paying this fee. Upon paying the SEVIS fee, the system will automatically generate a receipt which is essential for the students to present at the American Consulate in order for them to obtain the student visa. Canadians must present the SEVIS receipt at the port of entry. For additional and complete information, please visit [fmjfee.com/](http://fmjfee.com/).

### **Additional Information**

Should you need additional information, please visit <https://www.andrews.edu/services/international/>, call us at 269-471-6395/269-471-3310, or email us at [iss@andrews.edu](mailto:iss@andrews.edu). We look forward to working with you and serving your needs as an international student here at Andrews University.

# General Academic Policies

## General Academic Information

This bulletin presents answers to general questions regarding academic policies. Please note that students are expected to know the rules that govern academic matters and that responsibility for meeting degree requirements rests upon the student. It is crucial for each student to be aware of all relevant requirements published in the bulletin under which he/she plans to graduate. Students with questions or special problems and circumstances should consult the dean, department chair or program coordinator.

The bulletin in force when the student first registers is the binding document that governs academic policy and requirements during the student's period of study. However, students may upon occasion and after consultation with their advisor and with the approval of the dean of their college, request permission to change bulletins. The student's freedom to choose the bulletin under which he/she will graduate is limited. Undergraduates should see the section "Student's Governing Bulletin". Graduate students should see "Residency Requirements and Time Limits".

### Attendance at the University

The admission of candidates, their remaining as students, their status, the awarding of academic credits, and the granting of degrees are all subject to the ordinary regulatory powers of the university. It reserves the right to cancel, at its discretion, any of these privileges for reasons considered sufficient by the administration.

School deans reserve the right to review their students' grades periodically. Together with the faculty, they may also recommend that students performing unsatisfactorily should discontinue their degree programs.

The disciplinary authority of the university president is absolute. The vice presidents, deans, and other officers are responsible for specific cases and in restricted areas.

### Changes in Bulletin Requirements

The provisions of this bulletin are not to be regarded as an irrevocable contract between the student and the university. The university reserves the right to change any provision or requirement at any time within the student's term of residence. All regulations adopted and published by the Board of Trustees or the faculty after publication of this bulletin have the same force as those published here.

### Registration

Students should plan to register during the days assigned to registration on the official academic calendar. Registration is not official until all parts of the registration process have been completed, including financial arrangements.

**Matriculation of First-year Students.** Documentation of readiness to matriculate is required before admitted students will be allowed to register: official high school transcript or GED certificate, ACT or SAT scores, and for international students, minimum TOEFL scores.

**Late Registration.** Students who fail to register during the regular registration period must pay a late-registration fee. Students may not register after the last official day to enter classes.

**Changes in Registration.** A course may be dropped or added by means of a Change of Registration form or via the web during the drop/add period. This Drop/Add form is obtained from the Office of Academic Records. After completing the form, the student must get all needed signatures and return the form to the Office of Academic Records. The official academic calendar lists the deadline each semester for dropping or adding classes without an entry on the permanent academic record. It also notes the deadline to withdraw from a class with a "W" (Withdrawal) on the permanent record.

### Credit Hour Definition

One semester credit hour at Andrews University is earned through academic work during a period of fifteen weeks; averaging three hours per week in undergraduate courses and four hours per week in graduate courses. Academic work contributes to established intentional learning outcomes and is verified by evidence of student achievement. Academic work includes:

A minimum of 50 minutes per week of direct faculty-student contact; and  
Out-of-class student work during the remaining time.

For intensives or other classes that do not meet for fifteen weeks, an equivalent amount of direct faculty-student contact and out-of-class student work is required.

An equivalent total amount of academic work is also required in activities such as laboratory, independent study, practicum, studio, distance, distributed, tours and other learning modalities. More time may be expected for co-op work, internships and similar applied learning experiences where learning may take longer to be achieved.

### Grading System and Grade-point Averages

**Grades and Quality Points.** The right to assign grades rests with the teacher of the course. Quality points (on a 4.00 scale) are given to each letter grade (A-F) for use in figuring a student's grade-point average (GPA). The GPA is the average number of quality points earned per credit hour in all courses which are assigned grades A-F.

A	4.00	C+	2.33
A-	3.67	C	2.00
B+	3.33	C-	1.67
B	3.00	D	1.00
B-	2.67	F	0.00

**How to Compute Your GPA.** You may calculate your semester GPA by following these steps:

- Multiply the number of credit hours by the number of quality points given to the letter grade earned in each class. (Do the same for each class graded A-F.)
- Add the number of quality points earned in all classes for the semester.
- Divide the total number of quality points by the total number of credit hours attempted.

### Other Grade Report Entries

Additional grades that may appear on a student's academic record are defined below.

**AU—Audited Classes (including HN, UA and UH).** A student may choose to audit a course for a variety of reasons, including general interest or personal or professional growth. The term audit refers to registration for attendance only; no academic credit will be earned. A class may be audited provided (1) there is room in the class, (2) the student has an appropriate background, and (3) the instructor gives permission to attend. A grade of AU is given for an audited course if the student has met the obligations of the audit agreement. Courses that do not have a face-to-face component cannot be audited. Other exclusions include, but are not limited to private music lessons and independent study courses. All auditors, including honors auditors (HN), are expected to attend all class appointments as agreed upon when the instructor granted auditing privileges.

Auditors must attend at least 80% of the class periods. Those who fail to do so are given a grade of UA (Unsatisfactory Audit); honors auditors a UH.

Audited courses cannot be used to fulfill prerequisites or graduation requirements. Audited courses do not count towards Satisfactory Academic Progress for financial aid or immigration purposes.

A student may change from "credit" to "audit" registration and vice versa during the drop/add period at the beginning of each term. To make this change the student must present the Office of Academic Records with a Change of Registration form with the required signatures. Students may not switch a course registration status to audit after the drop/add period has ended.

The tuition charge for an audited course is the same as a course taken for credit. Full-time honors students may audit one course per semester free of charge.

**DG—Deferred Grade.** A DG may be given in certain courses recognized to be of such a nature that all the requirements are not likely to be completed within one semester. It may be given for practicums (clinical/fieldwork experiences, internships) and courses requiring research such as theses and dissertations.

All DGs are required to be cleared before a student can graduate, unless they are DGs earned in another currently enrolled degree. An instructor may change the DG to a letter grade (A-F), S/U or DN (**Deferred and Not Completable**) as appropriate.

**DN—Deferred and Not completable.** A DN indicates the course has not been completed and no longer can be completed because time has run out.

**I—Incomplete.** An Incomplete (I) can be assigned only if the following stipulations are met (*Note: Students will be charged an incomplete fee for each incomplete grade issued*):

- student has completed a major portion of the work for the course (approximately 70 percent).
- student's work is incomplete because of illness or unavoidable circumstances; incompletes cannot be assigned because of negligence or inferior performance.
- student will earn a passing grade if no additional work is submitted (see minimum grade requirements for ACE, major/minor/cognates, graduate courses).

Faculty must submit an incomplete contract which states:

- the remaining work to be completed
- a plan with timelines for completion of the work
- the time limit
- the grade the student will receive if the work is not completed by the agreed-upon time.

Ordinarily, Incompletes should be resolved prior to the beginning of the next term. However, an I contracted in the spring semester may be extended to the autumn semester. Any request for an extension of time beyond the contracted time shall be made in writing before the end of the contracted date and approved by the dean of the college in which the course is offered. The number of I's on a student's record affects the student's class and workload.

Students with two incomplete courses may not register for more than 12 credits of new courses. Students with 12 or more credits of incompletes may not register for additional courses. Incompletes must be removed before graduation. Some academic programs may have additional restrictions; see program-specific information in the current Bulletin and respective handbooks.

**NC — No Credit.**

**R—Reregistered.** Assigned only for designated remedial courses. Students who obtain this grade are required to reregister for the course in question.

**S/U—Satisfactory/Unsatisfactory.** The grading pattern for lecture and lecture/laboratory courses is A–F. Certain designated courses, such as independent/individual study/readings, independent research, research projects, workshops, seminars, field/clinical experiences and practica may be graded with either an S/U or A–F pattern as the college/school decides. When more than one grading pattern is possible, the determination of which pattern shall be used for a given class shall be made at the beginning of the class. Completed theses/dissertations (except for undergraduate theses) are always graded on an S/U basis. Grading patterns may not be mixed within a given course for any grading period except for independent study courses, as in next paragraph. An S means, for an undergraduate, that a C (2.00) or higher has been earned; for a graduate, a B (3.00) or higher. The letter grade U signifies unsatisfactory performance. Credit is earned only if an S is received. No quality points are assigned S/U courses and an S/U notation does not affect the GPA.

By definition, independent/individual study/reading/research courses imply a different set of purposes, goals, objectives, activities and outcomes for each student. They are not intended to serve as a substitute for a required class or for canceled classes, and they must have an evaluation plan. All students taking one of these courses with the same acronym, course number and section number under the same instructor are typically listed on the same grade sheet, and therefore mixing grading patterns for these courses in a given term is permitted.

**W—Withdrawal.** Withdrawal is recorded on the transcript when a student drops a course after the drop/add deadline and before the final withdrawal deadline (approximately 65% of the academic term) indicated by the academic calendar. Under certain circumstances the institution may initiate the withdrawal.

**Repeating Classes.** Students may repeat a course in which they receive an unsatisfactory grade. In such a case, the record of the first attempt is not erased. However, in the case of undergraduate students only, the credits and quality points earned in the course with the higher grade are used to calculate the GPA. In the case of graduate students the course may be repeated once. The credits and quality points earned in the most recent course will be used to calculate the GPA. Course grades may be replaced only by grades for course work repeated on

campus. When a course with a laboratory is repeated, the laboratory part also must be repeated.

In sequence-type courses (course numbers ending in 1, 2, or 3) a student who earns an F for one semester automatically must repeat that course before being permitted to enroll or remain enrolled in courses that follow in that sequence. A student who earns a D in such a course should counsel with the teacher as to the wisdom of continuing the course.

### Factors Influencing Grades

Several factors are used to compute the final grade in a particular course. These include such items as scores in oral or written examinations, quizzes, practical and written projects, papers, reports, laboratory experience, skill demonstration, clinical performance and class attendance/ participation. The teacher selects the grading components for a given course according to the nature of that course. The course outline (syllabus) clearly outlines how the students' final grades shall be figured.

### Grade Reports

No hard copies of grades are mailed to students because they can view and print their grades via the web. Students who want a parent or organization to receive a printed grade report may request this via the web or at the Office of Academic Records.

### Resolution of Grade Disputes

Students who dispute the grade received for a course are encouraged to seek a resolution through the steps delineated below. Succeeding steps should be taken only if the previous step fails.

**Step 1: Informal resolution in person.** The student must first seek a resolution in person with the instructor. Should such attempt fail, the student may seek a resolution through the instructor's immediate supervisor, the department chair or, in the absence of the chair, the dean of the school. The chair or dean may arrange a joint discussion between the student and the instructor.

**Step 2: Written grade complaint.** The student may file a written grade complaint with the instructor's immediate supervisor, requesting an investigation of the grade. The request must include the reasons for the student's belief that the grade was assigned as a result of carelessness, arbitrariness, or capriciousness. If the chair is also the instructor in question, the chair should direct the grade complaint to the next highest officer for processing. The written grade complaint must be filed within the semester (not counting the summer terms) after the grade was given. Complaints filed after a full semester has elapsed since a grade was given, or a written grade complaint that does not detail the evidence called for above, shall not be investigated. A department chair or the instructor's immediate supervisor can recommend or make a grade adjustment only if his/her findings reveal clear evidence of carelessness, arbitrariness, or capriciousness on the part of the instructor. The department chair or the instructor's immediate supervisor is to render a written report on his/her findings within a week (if school is in session; if not, within the first week after school reconvenes). If the student does not receive a report or remains dissatisfied, he/she may proceed with Step 3.

**Step 3: Grade Grievance.** A student may file a written grade grievance with a dean of a relevant school to resolve a grade problem. The grade grievance must be filed within three weeks of receiving a response to the original filing of the written grade complaint. The written grade grievance shall provide evidence for the claim that the grade was assigned as a result of arbitrariness, capriciousness, or carelessness. Should the dean be the instructor in question, the dean shall direct the grade grievance to the provost. A written grade grievance that does not detail the evidence called for above, or that is filed more than three weeks after the response to the original filing of the complaint, will not be investigated.

Providing the student has met the conditions for filing a grade grievance, the relevant dean or the provost shall appoint a Grade Review Committee of three (3) faculty members with authority to investigate the matter further and to recommend a resolution.

The dean or provost shall issue a written verdict in response to a specific Grade Review Committee within one week after having received the written recommendations of the Committee. This shall be final and binding on both student and faculty member. The verdict may necessitate a grade change.

### Transcripts

The Office of Academic Records issues transcripts of the student's academic record upon written request by the student. Requests should reach the Office of Academic Records at least ten days before the transcripts are needed. (For restrictions, costs and exceptions, see the Financial section of this bulletin.)

**Student Responsibilities**

**Examinations.** Credit is not granted in courses unless the required examinations are completed by the student. Students are expected to follow the published examination schedule. In cases where the schedule requires a student to complete four exams in one day, arrangements may be made with the dean to complete one of the examinations at another time.

**Class Attendance.** Regular attendance at all classes, laboratories, and other academic appointments is required of each student. Faculty members are expected to keep regular attendance records and use attendance as a basis for determining the final course grade. Additionally, attendance records are used to determine satisfactory academic progress as it relates to federal financial aid and international student visa status.

Online students are expected to meet the same policies and procedures as those attending face-to-face courses. Participation, however, is defined differently for asynchronous interactive online courses than face-to-face and synchronous courses. Attendance in asynchronous interactive online courses is defined by the instructor as outlined in the syllabus, and may include academic engagement such as online discussion, quizzes, assignments, tutorials, etc. Logging in does not count as attendance [cf: 34 CFR 668.22(c)(3), 34 CFR 668.22(l) and 34 CFR § 600.2]. Failure to engage as assigned may be deemed an absence for that week.

The instructor's course syllabus alerts students to the attendance requirement as noted below in class absences.

**Teacher Tardiness.** Teachers have the responsibility of getting to class on time. If a teacher is detained and will be late, the teacher must send a message to the class with directions. If after 10 minutes no message has been received, students may leave without penalty. If teacher tardiness persists, students have the right to notify the department chair, or if the teacher is the department chair, to notify the dean.

**Class Absences.** Regular attendance at classes and laboratories is required. In the case of an absence (illness or accident), students are expected to notify the instructor promptly. For absences due to university-sponsored activities the program director will provide verification of the event and roster of student names to the college dean which should be submitted on the first week of the semester or immediately after the roster is finalized. Students are responsible for notifying their instructors of the anticipated absences.

After absences due to illness for the equivalent of more than one week, students should provide verification of illness from a non-immediate family licensed health care provider to their college dean's office. See the Student Handbook for policy and procedure for longer medical leaves (including those related to mental health).

Course requirements must be fulfilled regardless of attendance. Whenever the number of absences exceeds 20 percent (10% for graduate courses) of the total course appointments, the grade of "F" may be recorded. Students who have not attended a course prior to the close of registration, will not be allowed to add the course.

Instructors are not obligated to accept work missed under circumstances such as late registration, suspension, early departures, or late returns from holidays or vacations.

Non-attendance does not suffice to indicate that the student has dropped the course. The student is counted as a member of the class and is charged tuition until the appropriate form is filed in the Office of Academic Records.

**Performance in Related Non-academic Areas.** Professional programs sometimes require certain personality traits, lifestyles, clinical aptitudes, or other special competencies. For programs in which such items are specified, students are evaluated in terms of these requirements. These requirements are described in departmental handbooks or in course syllabi.

**Academic Integrity.** In harmony with the mission statement, Andrews University expects that students will demonstrate the ability to think clearly for themselves and exhibit personal and moral integrity in every sphere of life. Thus, students are expected to display honesty in all academic matters.

Academic dishonesty includes (but is not limited to) the following acts:

- Falsifying official documents;
- Plagiarizing, which includes copying others' published work, and/or failing to give credit properly to other authors and creators;
- Misusing copyrighted material and/or violating licensing agreements (actions that may result in legal action in addition to disciplinary action taken by the University);

- Using media from any source or medium, including the Internet (e.g., print, visual images, music) with the intent to mislead, deceive or defraud;
- Presenting another's work as one's own (e.g., placement exams, homework assignments);
- Using materials during a quiz or examination other than those specifically allowed by the teacher or program;
- Stealing, accepting, or studying from stolen quizzes or examination materials;
- Copying from another student during a regular or take-home test or quiz;
- Assisting another in acts of academic dishonesty (e.g., falsifying attendance records, providing unauthorized course materials).

Andrews University takes seriously all acts of academic dishonesty. Such acts as described above are subject to incremental discipline for multiple offenses and severe penalties for some offenses. A record of academic integrity violations is maintained by the Faculty Academic Integrity Council. Repeated and/or flagrant offenses will be referred to an Academic Integrity Panel for recommendations on further penalties. Consequences may include denial of admission, revocation of admission, warning from a teacher with or without formal documentation, warning from a chair or academic dean with formal documentation, receipt of a reduced or failing grade, suspension or dismissal from the course, suspension or dismissal from the program, expulsion from the university, or degree cancellation. Disciplinary action may be retroactive if academic dishonesty becomes apparent after the student leaves the course, program or university.

Departments and faculty members may publish additional, perhaps more stringent, penalties for academic dishonesty in specific programs or courses.

For a synopsis of the current policy on academic integrity, please see the Student Handbook.

**Peer-to-Peer File Sharing.** Please see university policy.

**Human Subjects Research.** All students, faculty and staff conducting any research involving human subjects must apply for approval from the Institutional Review Board (IRB). A full description of the planned research along with the required supporting documents must be submitted by completing and emailing an IRB Review form directly to irb@andrews.edu. Additional information is available from IRB at the Office of Research and Creative Scholarship, Administration Bldg. Room 322. Tel. (269) 471-6361.

**Graduation Procedures and Degree Conferral**

Degrees are awarded three times a year at Andrews University—May, August, and December—to candidates who have successfully completed all degree requirements. The responsibility for meeting all program requirements rests with the student. Participation in graduation ceremonies is for students who have completed all degree requirements.

Candidates from off-campus sites must complete all degree requirements and obtain clearance through the Office of Off-Campus Programs to participate in main campus graduation ceremonies. Candidates must meet the following Applications and Final Clearances guidelines for graduation or participation:

**Applications and Final Clearances**

- Students must file an Application for Graduation form. Undergraduate graduation forms are available at and must be returned to the Office of Undergraduate Records. The Graduate Graduation Application is available online. The following are the Graduation Application deadlines:

	December Conferral	May Graduation	August Graduation
Undergraduate Students	3 <sup>rd</sup> Thursday of September	3 <sup>rd</sup> Thursday of September	3 <sup>rd</sup> Thursday of May
Graduate Students	3 <sup>rd</sup> Thursday of September	3 <sup>rd</sup> Thursday of January	3 <sup>rd</sup> Thursday of May

- Transcripts for transfer credit must reach the Office of Academic Records a minimum of 15 days before graduation/ degree conferral.
- All Incompletes and Deferred Grades in classes needed to complete degree requirements must be changed to a satisfactory grade in the Office of Academic Records a minimum of 15 days before graduation/degree conferral.

- Students must receive financial clearance from the Student Financial Services Office to participate in graduation ceremonies or to receive a diploma.
- Diplomas will be ready for distribution beginning two weeks after commencement/degree conferral.

**Commencement Services.** On-campus commencement services occur in May and August. Students who receive December conferral of their degrees have the option of participating in the May commencement services only.

**Graduation in Absentia.** At the time of application for graduation, students must indicate whether or not they plan to participate in the ceremony. Those who complete all degree requirements and choose to graduate in absentia forfeit their right to participate in a later graduation ceremony.

# Undergraduate Academic Policies

## Admission

Admission to Andrews University is available to any student who meets the academic and character requirements of the university and who expresses willingness to cooperate with its policies. Because Andrews University is operated by the Seventh-day Adventist Church, the majority of its students are Seventh-day Adventists. However, no particular religious commitment is required for admission. Any qualified student who would be comfortable within its religious, social, and cultural atmosphere may be admitted. The university does not discriminate on the grounds of race, color, creed, disability, national or ethnic origin, sex, marital status or handicap.

Admissions to Andrews University does not guarantee admissions to a specific department or program within a given school. Transfers from one school to another may be made when the student meets the admission requirements for that school and has the consent of the deans involved.

### Application Process for All Undergraduate Students

Applicants to the Berrien Springs main campus and online programs are strongly encouraged to apply online at [andrews.edu/apply](http://andrews.edu/apply). Applicants to Andrews University programs on affiliated campuses follow the application process communicated by their campus. (See Off-Campus Programs for site and contact information.)

Applications must be submitted by:

- First time applicants to any undergraduate certificate, associate or baccalaureate program
- Continuing AU student who has not been enrolled during the previous two academic terms (excluding summer)
- Applicants to a second baccalaureate program

### Apply Early

Applications for admissions, the non-refundable \$30 fee, and all required documents should be submitted by the following priority deadlines. Deadlines are for the Berrien Springs main campus only:

Fall Semester	Spring Semester	Summer Session 1	Summer Session 2	Summer Session 3
July 15	November 15	March 15	April 15	May 15

Applicants may request changes to the entry term of a submitted application for up to one semester. If changes to the entry term is for two or more semesters, a new application and fee will need to be submitted.

## Freshman Admission Requirements

Students who will attend college after high school graduation are encouraged to apply before their final high school transcript is available. A preliminary 6-semester transcript (through the 11<sup>th</sup> grade) with a cumulative GPA and ACT or SAT test scores are reviewed by the Undergraduate Admissions Committee for a decision. All students are required to submit a final official high school transcript and ACT or SAT scores before they can attend classes.

### Freshman Admission Required Documents

#### Academic Records

- Official transcript from an accredited high school, or
- Home School transcript showing courses taken and grades earned. Transcript must be signed by the learning coach, or
- GED College-ready certificate with minimum scores of 145 on each section of the test, or
- Official academic credential from an equivalent overseas secondary school (if high school completed outside of the United States)

#### College Readiness Test Scores

- PSAT
- ACT

- SAT

### Freshman Admissions Standards

- **PSAT-Based Admissions**
- A minimum overall high school GPA of 3.25
- PSAT scores at the 75<sup>th</sup> percentile or above. Currently, this is a composite score of 1100 or above.

### Regular Admissions

- A minimum high school cumulative GPA of 2.75
- ACT or SAT Test Scores at the 50<sup>th</sup> percentile. Currently, these scores are ACT composite score of 20 and SAT composite score of 1030

Students who do not fully meet minimum requirements, but have unique circumstances may be considered for admissions after review of other appropriate evidence of ability to successfully complete academic work at AU. The Undergraduate Admissions Committee reviews and makes a final decision on students who do not fully meet minimum requirements no later than July 15 for fall semester enrollment and November 15 for spring semester enrollment.

Students who have earned college credit while still in high school are required to have transcripts sent directly to Andrews University Undergraduate Admissions.

Although Andrews University has minimum freshman admission requirements, meeting these minimum standards does not guarantee admissions. The individual admissions status of each applicant is subject to the review and final decision of the Undergraduate Admissions Committee.

**Note to Home Schooled Students.** Andrews University School of Distance Education operates Griggs International Academy (GIA), an accredited online secondary education program. GIA will work with home school students who take a minimum of their last six high school courses through Griggs International Academy to obtain a fully accredited high school diploma. Contact GIA at 800-782-4769 or [enrollgia@andrews.edu](mailto:enrollgia@andrews.edu).

## Transfer Student Admission Requirements

Applicants who have attended any type of institution of higher learning after high school graduation are considered Transfer Students. All transfer students are required to submit a final official high school transcript and official college transcripts before they can attend classes.

### Transfer Student Admission Required Documents

#### Academic Records

- Official and complete academic transcripts from all colleges attended

### Transfer Student Admission Standards

- Transfer students must have a minimum college cumulative GPA of 2.50. Transfer students who have earned 25 or more semester credits before applying to Andrews are evaluated on the basis of their cumulative college GPA. ACT/SAT scores are recommended, but not required.
- Applicants who have attended a post-secondary institution since earning a high school diploma, or passing the GED or equivalent US high school completion test, but have completed fewer than 25 post-secondary level credits are admitted based on Freshman Admission Standards.
- Applicants who have completed an AA/AS degree at a regionally accredited institution or completed a state core curriculum (e.g. MTA) will be considered to have met all general education (Andrews Core Curriculum) requirements with the exception of Religion.

Applicants who do not fully meet minimum requirements, but have unique circumstances may be considered for admissions after review of other appropriate evidence of ability to successfully complete academic work at AU. The Undergraduate Admissions Committee reviews and makes a final decision on students who do not fully meet minimum requirements no later than July 15 for fall semester enrollment and November 15 for spring semester enrollment.

**Transfer of Credits**

Students who have attended any college or university classes are required to have transcripts sent directly to Andrews University Undergraduate Admissions. Official transcripts must be requested at the time of admissions in order to ensure a timely evaluation of the credits.

In order for college-level courses to be accepted at Andrews University, they must have been taken at an accredited institution and have received a grade of C- or higher.

Transfer credits will not appear on an official Andrews University transcript.

**Documents Needed for Transcript Evaluation**

- Official and complete college transcripts from each institution attended.
- Students who have completed a state core curriculum should verify that the completion is indicated on the official transcript.
- The University reserves the right to request a student to provide an external evaluation of international transcripts from a credential/transcript evaluation agency (e.g. WES).
- Additional student documents may be needed for international transfer.

**Limit on Number of Transfer Credits**

- The university allows up to 70 semester hours to be transferred from two-year institutions and applied to a baccalaureate degree. More may be approved by the dean as part of a major course of study.
- Remedial/precollege courses are not acceptable for transfer.
- ESL/EFL/ELL courses are not acceptable for transfer.

**Transfer of Credits from an Unaccredited School.** Students who have attended an unaccredited post-secondary institution are admitted based on regular admission criteria for Freshman students. Transfer credits may be accepted as elective credits based on an evaluation of the institution issuing the credits. The credits may then be applied to a program of study when approved by the department chair/program director and/or ACE committee as appropriate. On occasion, Andrews University may create an articulation agreement with an unaccredited institution based on prior history with the success of students from the institution.

**Review of Credit for Prior Learning Granted by Other Institutions.** Credit for Prior Learning (CPL) credits on transcripts are not transferable. Students may present the original documentation (transcripts, certifications, portfolios) to the Prior Learning Coordinator for evaluation in accordance with Andrews University CPL policies and procedures.

**International Student Admission Requirements**

International Student Admission Required Documents	
<b>Academic Records</b>	
<b>First Time In Any College (Freshman)</b>	
<ul style="list-style-type: none"> <li>• International Students applying as First-time In Any College or University (freshman) must submit official documentation of completion of upper secondary high school. To know which document is required for the country in which high school studies was completed, see the <i>International High School US Equivalency Document</i>. (International students studying outside the U.S. will be required to take the ACT/SAT if offered at their secondary schools.)</li> </ul>	
<b>Transfer Student</b>

<b>English Proficiency</b>	

Students who did not complete all years of upper secondary high school or two years of college or university level courses at an English-medium institution must demonstrate adequate English proficiency to be admitted into a degree program.

**International Students Admission Standards**

- International freshman students must meet the minimum required cumulative GPA of 2.5 on a complete high school transcript or meet the minimum passing marks with a 2.5 or higher GPA based on AACRAO on the *secondary school certificate* required for the country in which high school studies was completed.
- Transfer students must have a minimum cumulative GPA of 2.50. Transfer students who have earned 25 or more semester credits before applying to Andrews are evaluated on the basis of their cumulative GPA.
- Students who have attended a post-secondary institution since graduating from high school, but have completed less than 25 college or university level credits are admitted based on the same admission standards required of freshman students. ACT/SAT scores are recommended, but not required.

Students who do not fully meet minimum requirements, but have unique circumstances may be considered for admissions after review of other appropriate evidence of ability to successfully complete academic work at AU. The Undergraduate Admissions Committee reviews and makes a final decision on students who do not fully meet minimum requirements no later than July 15 for fall semester enrollment and November 15 for spring semester enrollment.

**Language of Instruction.** Students admitted to a university program must be able to fully participate in the program in the designated language of instruction. The language of instruction is defined as the language of primary content delivery, assessment and evaluation. English is the main language of instruction on the main campus of Andrews University and for online courses. At times, individual programs may be offered in languages other than English. In these cases, the language of instruction will be identified in the program description both in the bulletin and on the program's website. Students seeking admission to programs offered in languages other than English must demonstrate adequate language of instruction proficiency prior to being admitted. Once a student begins a program, they may not change to the same program offered in another language of instruction.

**English Proficiency Requirement.** The table below shows the minimum requirements for the different English Proficiency Exams accepted, including the requirements for the minimum components. Exams must be taken within two years prior to enrollment on any campus.

\* Paper-based TOEFL is only accepted when administered by our Department of Intensive English Programs (DIEP) or through a partner institution that holds an official agreement with Andrews University.

AU Admissions	Duolingo	TOEFL iBT	TOEFL ITP*	IELTS [Academic]	PTE [Academic]	C1 Advanced C2 Proficiency
	110	80	550	6.5	54	176

TOEFL iBT	TOEFL ITP*	IELTS	PTE		
Reading	15	all components (except Writing and Speaking)	Reading	6	
Listening	15		Listening	6	
Writing	17	Writing	80	Writing	5
Speaking	18	Speaking	3	Speaking	6

48

Two applicants with the same total score may have very different abilities. Minimum component scores help to ensure that admitted students have the profile of language abilities necessary to be successful in their department. For more information, contact the DIEP at 269.471.2260.

Language proficiency must be met before enrolling full time in regular course work. Students who score below these levels may complete language requirements by enrolling in Intensive English Program courses (ENSL) on campus and passing the Exit Exam for English as a Second/Foreign Language. Degree programs with higher admissions requirements may also have higher English proficiency requirements.

Students with a score lower than the required minimum may be eligible for the Pathway Program which allows students to take a limited number of degree program courses while completing language proficiency requirements in the DIEP courses. Students in the Pathway Program must demonstrate language proficiency by successfully completing the DIEP courses in order to continue in the degree program. Not all degree programs allow students to participate in the Pathway Program. Please contact the DIEP for additional information at 269.471.2260 or diep@andrews.edu.

Concordance Table: Minimum Composite Score

	Duolingo	TOEFL iBT	TOEFL ITP*	IELTS [Academic]	PTE [Academic]	C1 Advanced C2 Proficiency
Pathway	90-105	61-79	500-549	5.5-6.0	43-53	162-175
ESL Only	below 90	below 61	below 500	below 5.5	below 43	below 162

The ENSL course work for a student is formulated on the basis of the results of Duolingo English Test, TOEFL (Test of English as a Foreign Language), IELTS (International English Language Testing System), PTE Academic (Pearson Test of English), or DIEP English Placement Test, and the student's course load is adjusted accordingly. Students are required to take English language studies until English language skills are at an acceptable level. Students who need to take ENSL courses will need to budget for additional costs.

The Counseling & Testing Center in Bell Hall offers the Internet-based TOEFL by appointment. The Department of Intensive English Programs (DIEP) in the College of Education and International Services offers the Institutional paper-based TOEFL (ITP).

**Certificate of Eligibility for Nonimmigrant Student Status (I-20).** International students who will be living in the US while studying online or on the main campus must provide all required admissions documents and receive admissions to Andrews University in order to begin the process of obtaining an I-20. The following information is required in order to have an I-20 processed:

- Academic acceptance into a degree program
- Balanced estimated budget sheet
- Support for all personal funds and/or sponsorship (bank statement or letter of sponsorship)
- Current bank documentation (last three months)
- One-time, non-refundable International Student Fee of \$100.
- Advance deposit of \$3,000 (Citizens of Bahamas, Bermuda, Canada & Mexico are exempt from paying the international deposit)
- Copy of Passport
- Mailing Address (No P.O. Box Addresses) and telephone number

International students who reside in the US and have a current I-20 and wish to enroll in online or main campus classes for more than one semester must provide Andrews University with copy of the F1 or J1 visa, copy of valid passport and copy of current I-20 or DS-2019.

### Adult Student Admission Requirements

Applicants who are (1) at least 25 at the time of application or (2) currently serving in the military or who are veterans, and (3) have not enrolled in a degree program in the last 2 years may apply for admission as an Adult Student.

### Adult Student Admission Required Documents

#### Academic Records

- Official transcript from an accredited high school, or
  - Home School transcript showing courses taken and grades earned. Transcript must be signed by the learning coach, or
  - GED College-ready certificate with minimum scores of 145 on each section of the test, or
  - Official academic credential from an equivalent overseas secondary school (if high school completed outside of the United States)
- Official and complete academic transcripts from all colleges attended

#### Adult Student Admissions Standards

Adult students must have a minimum college cumulative GPA of 2.50. Adult students who have earned 25 or more semester credits before applying to Andrews are evaluated on the basis of their cumulative college GPA. Applicants who have attended a post-secondary institution since earning a high school diploma or passing the GED or equivalent US high school completion test, but have completed fewer than 25 post-secondary level credits are evaluated based on their cumulative high school GPA with a minimum 2.50 required.

Applicants who do not fully meet minimum requirements, but have unique circumstances may be considered for admissions after review of other appropriate evidence of ability to successfully complete academic work at AU, such as work experience, employment credentialing/certifications, ministry involvement, and/or ACT/SAT scores. The Undergraduate Admissions Committee reviews and makes a final decision on students who do not fully meet minimum requirements.

#### Readmission as an Adult Student

Individuals previously enrolled at the university may be considered for readmission as adult students if they meet the following criteria:

- Are at least 25 years old
- Have an institutional GPA of 2.0 or better
- Have broken residency by being inactive for at least 2 semesters

Program admission requirements vary by department.

#### Second Baccalaureate Admission Requirements

Second-baccalaureate applicants must have earned a baccalaureate or higher degree through an accredited postsecondary institution. See also: Baccalaureate Degree Requirements.

### Required Medical Records

In accordance with recommendations from the Centers for Disease Control, the Michigan Health Department and the American College Health Association, all first-time students attending the Main Campus must supply certain medical records to the school they plan to enter before registration can be completed.

**Tuberculosis Screening.** All students must submit proof of a negative TB skin test taken any time within six months prior to registration. Students with a previous positive TB skin test must submit a report of a chest X-ray taken anytime within 12 months before registration.

**Measles, Mumps, and Rubella (German Measles) (MMR) Immunization.** Any student born after December 31, 1956, must show proof of immunity to the diseases by one of the following means:

- Two MMR vaccines received after 12 months of age
- One MMR vaccine received within the two years before registration
- A blood test proving immunity to the diseases.

### Dual Enrollment Status

Dual enrollment status is available to advanced undergraduate students who wish to begin work on a graduate program. However, taking graduate courses does not guarantee or imply future admission to a degree program. Dual enrollment will

affect your financial aid package. Be sure to speak to a financial aid advisor prior to a dual enrollment semester.

**Requirements for Undergraduate Students Dual Enrollment.** To be eligible for dual enrollment status the student must satisfy all of these requirements:

- Be an undergraduate student at Andrews University
- Be within 12 credits of finishing an undergraduate degree
- Be in the process for admission to a graduate program and meet all other regular admission standards for a graduate program
- Be enrolled in no more than 12 credits (combined graduate and undergraduate) each semester.
- Be sure to see your Financial Aid advisor, this may affect your award eligibility.

**Limitation on Graduate Credits.** The limitations on graduate credits taken while a student has dual enrollment status are the following:

- Credits may not be used to satisfy undergraduate requirements.
- A maximum of 16 credits of graduate courses may be reserved and applied to a subsequent graduate degree at Andrews University.

#### **Non-degree Seeking Students**

Non-degree students are individuals seeking temporary enrollment status for the purpose of participating in courses at Andrews University. Enrollment as a non-degree seeking student is no guarantee of admission as a graduate or undergraduate degree seeking student. Non-degree seeking student enrollment in some courses is available only by permission of the instructor.

Guest Student enrollment status is valid for one academic year, unless the student is part of a formal program or consortium. Non-degree seeking students who are not part of a formal program or consortium must submit an enrollment form each academic year they wish to attend.

**Types of Non-Degree Seeking Students** include

- Non-degree seeking students who are part of a formal program (including DIEP and certification students).
- Consortium students attending as part of an agreement or defined program (including ACA, student exchange and MLS).
- High school students
- Students who are degree-seeking elsewhere
- Guest students

International students who reside in the US and have a current I-20 and wish to enroll in online or main campus classes for more than one semester must provide Andrews University with a copy of the F1 or J1 visa, copy of valid passport and copy of current I-20 or DS-2019.

#### **Limitation of Credits Taken as a Non-Degree Seeking Student**

Non-degree seeking students who are not part of a formal program or consortium may enroll in up to two courses per semester. Students who eventually apply and receive regular admission, may ask that up to 30 of the Andrews undergraduate credits taken as a non-degree seeking student be applied towards the proposed undergraduate degree. A minimum grade of C must be received in each course to be accepted for degree credit.

#### **High School Students Taking College Classes**

High School students are eligible to take up to two courses per semester of Courses Approved for High School Registrations if they meet the following criteria:

- Students are enrolled in Grade 10, 11 or 12 or equivalent education levels.
- Students have a minimum cumulative GPA of 3.00 from an accredited high school. If a transcript from an accredited high school cannot be submitted, standardized test scores are required.
- Students must also maintain a 3.0 GPA in their Andrews University courses.
- Students whose first language is not English or who have not completed the last four years in schools where English is the language of instruction must provide evidence of English proficiency.
- Signed approval is required from a parent and the school registrar (unless home schooled).

Financial limitations apply:

- To qualify for the high school tuition rate, a student must register for and start the course(s) prior to graduating from high school or taking the GED or equivalent high school completion test.
- A maximum of two courses per semester will be approved at the high school tuition rate. Students must meet any prerequisites.

Students will be responsible:

- As each school makes its own decision about whether university courses fulfill high school diploma requirements, the student is responsible for clarifying credit status with their school counselor before registering.
- High school students taking Andrews University courses are held to the same academic policies, procedures and deadlines as university students. These students will be personally motivated and responsible for their college level studies, requesting support as needed.

Delivery of courses. Andrews University college courses are available to eligible high school students in the following formats:

- *On-campus courses* taken by an individual student or by groups of students through the Berrien RESA or area high schools, taught by Andrews University faculty or adjunct faculty.
- *Interactive online courses* taken by individual students or by groups of students through Adventist Academies or Griggs International Academy affiliate schools, taught by Andrews University faculty or adjunct faculty.
- *Concurrent enrollment courses* taken by groups of students attending an Adventist Academy, taught by approved academy teachers who serve as Andrews University adjunct faculty.

More information for high school students, parents and advisors, as well as schools interested in concurrent enrollment, is available through [www.andrews.edu/precollege](http://www.andrews.edu/precollege).

#### **Students Accepted with Prescribed Intervention**

Some freshmen who do not meet regular admissions standards but whose high school performance or test scores indicate a possibility of success may be accepted. They are advised through the Student Success Center. They will receive skills assessments and will be placed in classes selectively to enhance their academic success. Many will be required to take skills building classes. Our goal for students accepted with intervention is to have them improve skills deficits and achieve satisfactory academic performance to progress in their academic program.

#### **Refusal or Annulment of Admission**

Applicants may be refused admission

- when they do not meet the admission standards
- when they submit transcripts or records found to be fraudulent. Admission status may be canceled or annulled
- when students do not meet the conditions specified for continuing enrollment
- when the admission status was based on documents later found to be fraudulent.
- when information that differs from the expectation of integrity agreed to in the Andrews University application is disclosed.

#### **Undergraduate Academic Information**

##### **Planning Programs**

**Advisors.** Students are assigned academic advisors based on the major chosen. Advisors function as academic guidance counselors to help students to schedule their courses, to learn how to follow academic rules and regulations, and to make decisions regarding their future. Although advisors assist students, the responsibility for meeting degree requirements and knowing the rules which govern academic matters always rests with the individual student.

**Required Placement Tests.** Before registration, all new students must take two placement tests for use in academic advising:

- ACT or SAT  
The ACT or SAT is required for admission and should be taken before arriving on campus. (International students studying outside the U.S. will be required to take the ACT/SAT if offered at their secondary schools.)

- TOEFL, IELTS, or PTE International students that have not had four years of secondary school that was taught in English are required to take the TOEFL, IELTS, or PTE.
- Mathematics Placement Test  
The Mathematics Placement Test is given on campus.

Direct questions concerning advising, tutoring and student success to the Student Success Center. (phone 269-471-6096, e-mail: success@andrews.edu).

**Declaration of Major.** Students are encouraged to declare their major field of study by the start of their sophomore year. Special advisors are assigned to students yet undecided. Assistance in exploring majors/careers is given through the Student Success Center and the Counseling & Testing Center.

### How to be Well-Prepared Academically

If you want to be well prepared for your university studies at Andrews University, we recommend that you take the following courses during your high school/academy/secondary home school years (or the equivalent of grades 9 through 12 in the U.S. educational system):

- Four years of math, including algebra I and II;
- Three years of lab sciences courses, with biology, chemistry and/or physics recommended;
- Four years of English courses, including ones that emphasize writing and vocabulary;
- Two years of a language other than English;
- One year-long computer course, including development of skills in database, web page development and other advanced skills; and
- Two years of social studies courses, including world or U.S. history (or history for your country of residence) and geography.

If it's available at your school, also plan to take a Bible/religion course each year. Music/fine arts, physical education and practical arts also help build a well-rounded secondary education.

To find out more on how to take the right academic steps to succeed when you attend Andrews University (as well as other information on attending Andrews), please consult [www.andrews.edu/future/](http://www.andrews.edu/future/).

### Class Standing

At the beginning of the autumn semester, undergraduate students are classified according to the number of semester credits earned.

Freshman	0–24	Sophomore	25–56
Junior	57–86	Senior	87+

### Areas of Study

Specific requirements for majors, minors, and professional-degree programs are listed under each department section. Courses in other departments which are needed for a degree program also may be required as related cognate requirements.

All courses used to meet major requirements must be selected in consultation with the major professor or advisor.

### Honor Lists

Dean's List. Students with a minimum semester GPA of 3.50 are eligible to be on the Andrews University Dean's List. They must carry a load of at least 12 letter-graded credits, have no letter grades below a B (3.00), and have no incompletes. Receipt of a DG does not affect eligibility for the Dean's List as long as letter grades are earned in at least 12 credits, excluding those with a DG. Each semester this list may be published or posted.

### Study-Work Loads

**Course Load.** The course load is expressed in semester credits. Each semester credit represents one fifty-minute class period or equivalent per week for one semester. Preparation time of approximately two hours for each class period is assumed. Thus a 4-credit class meets four times a week. A laboratory or practicum experience of 3 hours is considered equal to one regular class period unless otherwise noted in the course syllabus.

The normal undergraduate class load is 15 to 16 credits per semester. Those wishing to register for more than 17 credits must secure permission from their dean. If good scholarship has been demonstrated by the student, the dean may permit a freshman to register for a maximum load of 17 credits; sophomores,

juniors, and seniors for 18 credits. Adding to the course load by receiving private instruction, by correspondence work, or by registering in another university or college while being currently registered at Andrews University is not allowed. Exceptions must have permission from the dean of the school in which the student is enrolled. If permission is granted, the total study load per semester must not be greater than the maximum load permitted in residence. A student is not permitted to earn more than 20 credits during one semester.

**Work Load.** The course load of students who engage in part-time employment must be adjusted to provide a reasonable balance of work and study. In determining the proper balance, the student's intellectual capacity and previous academic record are considered. Students taking 12 to 16 credit hours are recommended a maximum work load of 20 hours per week.

Students should consult with their advisors in planning a proper balance of study and work. Exceptions to the above guidelines require approval by the dean of the school in which the student is enrolled and the Employment Office before the work is undertaken. On-campus employment is limited as specified in the financial section of this bulletin.

### Satisfactory Academic Progress

Students are expected to maintain the following minimum academic performance standards:

- Successfully complete at least 66% of all courses attempted following initial enrollment.
- Maintain an overall GPA of at least 2.00 (average grade of C).

If a student fails to maintain an overall GPA of 2.00 (on a 4.00 system), his/her enrollment category is changed to probationary.

### Voluntary Leave of Absence

On occasion, a student may need to take a break from continuous enrollment at the university with the intent to return to their studies within a designated timeframe. This break in enrollment may be requested for a variety of reasons, including personal, academic or financial. Students may apply for a Voluntary Leave of Absence (VLA) for up to two consecutive terms, excluding the summer term for programs without expected summer enrollment. Students enrolled in more than one university program may not request a VLA from one program and remain enrolled in the other(s).

Approval of a Voluntary Leave of Absence (VLA) is based on the nature of the request and the feasibility of the student returning to their academic program without undue hardship on the student or department/school. If a VLA is approved, the student's status (including institutional aid and academic catalog year) is maintained upon return to the university. Any registration hold(s) must be addressed prior to applying for a VLA.

**Eligibility.** Students wishing to apply for a Voluntary Leave of Absence (VLA) from the university must meet the following requirements:

- Be a degree-seeking undergraduate or graduate student. Students enrolled in certificate programs are not eligible.
- Have completed at least one term at the university.
- Be enrolled in the term immediately prior to the start of the VLA (excluding the summer term for programs without expected summer enrollment).
- Not be on academic dismissal.
- Not have a hold that would prevent registration (e.g. financial, student life).

**Process.** Students must submit an application for a Voluntary Leave of Absence (VLA) to the college dean at least two weeks prior to the beginning of the term for which the VLA is being requested. Applications must be signed by the primary advisor and the department/school chair. Additional signatures are required as applicable. Students should consult their student financial aid advisor regarding any financial aid implications. International students should also consult the Office of International Student Services regarding any visa/immigration implications. Students are responsible for communicating the intended VLA with Student Financial Services, Residence Life and other campus offices as appropriate.

**Limitations.** While on a Voluntary Leave of Absence (VLA), students are restricted as follows:

- Students may not register for any Andrews University courses on the main campus, online or with any international partners. Students may finish coursework for an Incomplete earned prior to the VLA.

- Students will not have access to university resources and services, including student insurance, library services, etc.
- Students may not participate in university activities (athletics, clubs, etc.) or live in campus housing.
- Students may not be degree-seeking at another institution.
- Students may not enroll in courses at another institution without an approved transient student request.

**Return.** It is expected that students on a Voluntary Leave of Absence (VLA) return to active student status by the deadline specified on their VLA application. Students who wish to return in advance of the end of the VLA or extend the length should contact their college dean for consideration. Prior to reinstating enrollment, students should do the following:

- Notify the Academic Records Office of their intent to return at least three weeks prior to the start of the next term.
- Meet with their academic advisor to discuss course options and receive permission to register.
- Contact other campus departments including Student Financial Services, International Student Services, and/or Residence Life as appropriate.

Students who do not return at the conclusion of their VLA will be fully withdrawn from the university.

#### Academic Probation Procedures

**Academic Probation.** A student is classified as on Academic Probation when one or more of the following three conditions apply:

- the cumulative AU GPA falls below 2.00,
- the semester GPA is 1.75 or below,
- a combination in a semester of three or more of Withdrawals (W), Incompletes (I), or grades lower than a C.

Students on academic probation are removed from probation when their academic status changes to good academic standing.

Part-time employment should be no greater than 12 hours per week and extra-curricular activities should be limited:

- Students on academic probation status shall not be allowed to:
  - Be a member of Andrews Gymnics or Cardinals sports teams
  - Be a member of any performing group that requires frequent absences from campus
  - Hold an officer position in AUSA or any departmental club.

**UG Academic Dismissal.** Students are subject to academic dismissal from the University in one of the following ways:

- Earning during a given semester a GPA of 1.25 or less
- Two consecutive or three total semesters on academic probation
- Violations of the Academic Integrity Code as outlined in the Andrews University Academic Integrity Policy

Students may also be dismissed from a department or program if the specific requirements for a degree are not met by that individual.

#### Dismissal in December.

Students may be dismissed in December if they:

- Were admitted on academic probation as a transfer student from another institution, and were listed on academic probation at Andrews based on Fall Semester grades
- Were dismissed at the end of their most recent semester at Andrews and had their dismissal revoked on appeal, but failed to achieve Good Academic Standing based on Fall Semester grades
- Were readmitted for Fall Semester after an academic dismissal but failed to achieve Good Academic Standing based on Fall Semester grades

#### Dismissal in May.

Students may be dismissed in May if they:

- Have had two consecutive semesters, or three total semesters, on academic probation status and failed to achieve Good Academic Standing based on Spring Semester grades

- Were dismissed at the end of their most recent semester at Andrews and had their dismissal revoked on appeal, but failed to achieve Good Academic Standing based on Spring Semester grades
- Were readmitted for Spring Semester after an academic dismissal but failed to achieve Good Academic Standing based on Spring Semester grades
- Received notice in December that their academic probation status would result in dismissal at the end of Spring Semester unless their GPA improved significantly based on Spring Semester grades (Deferred Dismissal)

#### Appeal Process:

- A dismissal that follows Andrews University policy will not normally be eligible for an appeal. Students who feel there are extenuating circumstances that override policy may appeal a dismissal decision to their Academic Dean. Consultation with the Director of the Student Success Center, departments, and/or academic advisors may be necessary before appeal decisions are made.
- Academic Deans will communicate decisions on appeals to students and copy these decisions to Student Success.

#### International Collegiate Programs

The following apply to transfer credit from institutions outside of the United States.

#### Evaluation of Transfer Credit

Transfer credits from institutions outside of the United States will be evaluated to determine transferability to Andrews University degree requirements. The University reserves the right to request a student to provide an external evaluation of international transcripts from a credential/transcript evaluation agency (e.g. WES).

#### Advanced Credit

Applicants who have attended schools in systems of education extending beyond the equivalent of 12 years of elementary and secondary school in the United States may be awarded advanced credit.

**A-Level Passes.** Up to 8 credits may be awarded for each Advanced Level grade of C or higher and 4 credits for each Advanced Subsidiary Level grade of C or higher. See the Equivalency Table

**European Advanced Standing.** Up to 32 ACE or general elective credits may be awarded to students earning secondary or high school credentials in countries that are members of the European Higher Education Commission that support the Bologna Process. See By-Country Admission Criteria

#### Cambridge Pre-U

Credit may be awarded for Pre-U principal level grades of M3 or higher. See Pre-U Equivalency Table

#### International Baccalaureate Exam

A score of 4 (Higher Level) or better will be accepted for general education credits. A score of 5 (Higher Level) or better will be considered by departments for credit towards major requirements.

#### Credit For Prior Learning

Andrews University approves credit for prior college-level learning earned through recognized advanced standing, standardized and department exams, validation and portfolio assessments. For information about evaluation of transfer credits, see Transfer of Credits.

No form of credit for prior learning will be approved to replace grades earned through Andrews University.

In order for credit to be assessed and articulated:

- The student must have matriculated and be in good and regular standing at the time prior learning credit is requested.
- Prior learning credits must be evaluated prior to registration in the last 12 credits required for program completion.
- The total of all credit awarded for prior learning, excluding credits transferred from accredited institutions must not exceed 30% of the total credits required for program completion.

Before first registration, students should discuss all prior college-level learning (documented and undocumented) with their academic advisor and the Prior Learning Coordinator. Assessed prior learning is assigned a pass or fail grade. Only passing grades are recorded as prior learning credit.

**Advanced Placement Exams.** Credits for advanced high school learning may be applied toward major, concentration, minor, core experience and elective requirements. The following options are currently recognized:

**Cambridge Pre-U**

See [International Collegiate Programs](#) policy.

**College Board (AP)**

Credit awarded for Math, Science and English scores of 4 or 5; credit awarded for scores of 3 or higher for all other subject exams.

**International Baccalaureate (IB)**

See [International Collegiate Programs](#) policy.

**High School Advanced Standing**

See [International Collegiate Programs](#) policy.

**Standardized Exams.** Recognition for prior learning may be achieved through credit by exams taken through standardized examining bodies such as College Level Exam Program (CLEP), DANTES Subject Standardized Test (DSST), and Excelsior College (UEXcel).

**CLEP – College Level Exam Program**

Transfer credit awarded for scores of 62 or higher in Science and Language subject exam; and scores of 50 or higher in all other subject exams.

**DSST – DANTES Subject Standardized Test**

Transfer credit awarded for scores of 434 or higher in science and language subject exams; and scores of 400 or higher in all other subjects.

**UEXCEL – Excelsior College**

Transfer credits awarded for scores of B or higher on listed Language and Science exams; scores of C or higher will be accepted on all other approved subject exams.

Scores meeting departmentally established minima will be articulated as transfer credit with a passing grade.

Students may take standardized exams at any approved testing center, including the Andrews University Counseling and Testing Center.

**Departmentally Administered Assessments.** In some programs, challenge or performance exams can be arranged to waive requirements, place into courses (meet prerequisites), or earn credits meeting program requirements. Departmentally-constructed tests may be written, oral or skill assessments, or external exams administered by the department for internal evaluation.

**Validation of Non-Traditional Learning.** Professional certifications or performance exams may be evaluated for alignment to Andrews University course outcomes. Credit awarded does not meet residency requirement. Andrews University recognizes college-level learning validated through entities such as the American Council on Education (ACE), the National College Credit Recommendation Service (NCCRS), and Joint Services Transcripts (JST). Some transfer credits from unaccredited entities not recognized by American Council on Education may be approved by the Chair of the Department and the respective Dean.

**Portfolio Assessment.** When none of the above methods apply, prior learning may be validated and credit granted through review of a portfolio of evidence demonstrating achievement of a specific course's learning outcomes. Students begin the prescribed portfolio process by contacting the Prior Learning Coordinator and their academic advisor.

Students must complete at least 12 credits in their current program prior to applying for Andrews University portfolio assessment. Portfolios may be assessed through the Council of Adult and Experiential Learning (CAEL). Credit that may be awarded does not meet residency requirement.

**Credit for Off-Campus Study/Experience - After Admission to AU**

In keeping with the Andrews mission statement, many opportunities are available for students to engage in changing the world during their degree program. Academic credit is available for some of these experiential learning commitments.

**Adventist Colleges Abroad Studies.** Andrews University co-sponsors Adventist Colleges Abroad, a program in which qualified students study overseas while completing requirements for graduation at Andrews. This language and cultural immersion is available in eight locations: Argentina, Austria, Brazil, England, France, Italy, Singapore, and Spain.

Andrews degree-seeking students earn Andrews University credit for courses listed in the current Andrews bulletin which are available on ACA campuses. Working with both Andrews and ACA advisors, students may be able to transfer additional credits offered by the ACA college which are not listed in the Andrews bulletin. More information is available at <http://www.aca-noborders.com/> or <https://www.andrews.edu/cas/inls/programs/aca.html>

**Educational Tours.** Tours enrich required classes.

**Internships/Practicum/Externships/OPT.** Work opportunities may be offered for professional programs that require an internship for degree completion. They contribute to preparation to obtain a license. Externships may be arranged through departmental connections for new graduates. No grade is assigned.

**Student missions.** Students may volunteer to serve in another culture or state, breaking their full-time study for one or more semesters. In addition to co-curricular mission-preparation, students may arrange to complete one or more courses through distance learning or independent study at special tuition rates. Students may wish to discuss options with their academic advisor to maximize the global learning during this mission experience.

**Transient credit.** Students may take and transfer credit from another college or university after being admitted to an Andrews degree program. A transient form should be completed prior to taking courses elsewhere to ensure credits meet degree requirements.

**Transferring Correspondence Courses from Another Institution.** A maximum of 16 semester credits by correspondence, other than credits taken through Andrews School of Distance Education, is accepted toward a baccalaureate degree. However, correspondence credit may be applied on a major or a minor only with the approval of the department chair. Normally, students do not take correspondence courses while in residence. They may be allowed to do so because of a schedule conflict. Permission must be obtained in writing from the dean of the school in which the credit is to be accepted. Correspondence work is counted as part of the regular college load. Courses should be completed within six months from the time of enrollment.

Only 6 transfer credits, including correspondence credits, may be applied toward the last 36 semester credits of a baccalaureate degree. Correspondence courses cannot be used to replace failures or other low grades earned in residence. All transcripts for correspondence work must be in the Office of Academic Records at least 15 days prior to commencement weekend.

## Baccalaureate Degree Requirements

The Bachelor of Arts and the Bachelor of Science degrees promote a liberal arts education that fosters distinct methodologies and intellectual capacities. Both degrees require focused study of the human experience and scientific inquiry. Students must complete required courses including the following: General Education requirements plus the requirements for a major, a minor (if required), and specified cognates (or related courses).

- The Bachelor of Arts is a liberal arts degree that explores the human experience and its meaning across a variety of disciplines. The degree includes second language proficiency at the intermediate level and often provides opportunities for a minor.
- The Bachelor of Science is a liberal arts degree allowing for concentrated study in a particular field.

Professional baccalaureate degrees. Students must complete all required courses including the following: General Education requirements plus the specific requirements for a degree as outlined in the appropriate section of this bulletin, including core, major, emphasis, and cognate requirements.

The general requirements are the minimum required to receive a baccalaureate degree. Departments often have higher standards and additional requirements. The minimum, general standards are listed below.

### Credit Requirement

- A minimum of 120 semester credits must be earned and applied toward the degree.
- A minimum of 30 semester credits must be earned from courses numbered 300 or above.
- A minimum of one-third of the credits required for a major, and 3 credits required for a minor must be earned in courses numbered 300 or above.

### Course Requirements

- A course may be used to fulfill the requirements for more than one major or minor if at least 75% of the major/minor credits are not also counted for

another major/minor. A course may not be used to fulfill the requirements of more than one major or minor used for teacher certification. Any courses that fulfill cognate requirements for one major/minor may also be counted for another major/minor.

- A General Education course may be used to fulfill the General Education requirements for multiple degrees.
- Students who have completed an AA/AS degree at a regionally accredited institution or completed a state core curriculum will be considered to have met the general education (ACE) requirement with the exception of Religion.

#### Residence Requirements

- A minimum of 30 of the last 60 credits for baccalaureate programs must be earned through completion of Andrews University undergraduate level courses included in the academic bulletin.
- A minimum of one-third of the credits required for a major, and 3 credits required for a minor must be earned on campus.
- School of Business Administration students seeking a BBA must complete at least 50% of the core and major (33 of the total 66 credits) in residence.

#### Grade Requirements

- Overall GPA: A GPA of at least 2.00 (C) is required in all credits, and in credits earned at Andrews University. (Individual schools or departments may have higher minimum GPA requirements.)
- Major GPA: A GPA of at least 2.25 is required in all transfer credits, and in all credits earned at Andrews University that are counted for a major. (Individual schools or departments may have higher minimum GPA requirements.)
- Minor GPA: A GPA of at least 2.00 is required in all transfer credits, and in all credits earned at Andrews University that are counted for a minor. (Individual schools or departments may have higher minimum GPA requirements.)
- No course with a grade below C- may count toward a major or minor.

**One Degree with Multiple Majors.** Students may earn more than one major for a single degree. When more than one major is chosen, all the requirements for each major must be met including all respective cognates. A course may be used to fulfill the requirements for more than one major or minor if at least 75% of the major/minor credits are not also counted for another major/minor. A course may not be used to fulfill the requirements of more than one major or minor used for teacher certification. Any courses that fulfill cognate requirements for one major/minor may also be counted for another major/minor. One diploma will be issued for the single degree even if there are multiple majors.

**Multiple Degrees.** Students who earn more than one major and the majors are in different degrees will earn a degree for each major (i.e., BA, BS or Professional degree). The requirements for each major must be met including all respective cognates. A course may be used to fulfill the requirements for more than one major or minor if at least 75% of the major/minor credits are not also counted for another major/minor. A course may not be used to fulfill the requirements of more than one major or minor used for teacher certification. Any courses that fulfill cognate requirements for one major/minor may also be counted for another major/minor. One diploma will be issued for each degree earned.

**Assessment (Evaluation) Requirements.** Baccalaureate-degree candidates for some programs must complete departmental assessment examinations administered by the Counseling and Testing Center. These testing experiences include major field exams for selected departments and majors. Departments may ask students to participate in additional assessment activities.

**Request for Graduation.** Degree candidates must file an Undergraduate Graduation Application with approval of the advisor and Office of Academic Records.

## Second Baccalaureate Degree Requirements

If a student wishes to earn a second baccalaureate degree, he/she must

- complete, in residence, 30 credits beyond those required for the first baccalaureate degree.
- meet all of the published requirements of the second degree major/professional component, including prerequisites, cognates, degree core, and General Education requirements specific to the program of study for the second degree.

- complete a minimum of 3 credits in religion if the first degree did not include a comparable General Education component in religion.

## Associate Degree Requirements

**Credit Requirement.** A total of 62 semester credits must be earned and applied toward the degree.

**Course Requirements.** Students must complete the General Education requirements plus the specific requirements for the degree as specified in the appropriate section of this bulletin, including core, major, emphasis, and cognates as required.

#### Residence Requirements.

- A minimum of 15 credits for associate programs must be earned through completion of Andrews University undergraduate level courses included in the academic bulletin.
- A minimum of 9 credits of the major must be taken in residence.

**Grade Requirements.** The grade requirements for an associate degree are the same as for a baccalaureate degree.

- Overall GPA: A GPA of at least 2.00 (C) is required in all transfer credits and in credits earned at Andrews University. (Individual schools or departments may have higher minimum GPA requirements.)
- Major GPA: A GPA of at least 2.25 is required in all transfer credits and in all credits earned at Andrews University that are counted for a major. (Individual schools or departments may have higher minimum GPA requirements.)

**Request for Graduation.** A degree candidate must file a request for graduation with approval by the student's advisor and a designated records officer.

## Student's Governing Bulletin

A student's bulletin identifies the curricular requirements (major, minor, general education) that must be met to earn the degree. Students are placed on the bulletin in effect at the time of their initial enrollment as a degree-seeking student. All general education requirements, majors, minors, and certificates must be in the same bulletin.

After seeking the advice of their advisor, a student may choose to move to a subsequent bulletin year during which they are enrolled at the university, as long as the program or degree is still offered, and the bulletin was published no more than ten years prior to the planned date of graduation. If a student is inactive for two or more consecutive semesters, they are placed on the bulletin for the year in which their student status is reactivated. By changing bulletins, a student is responsible for fulfilling all the graduation requirements in their newly chosen bulletin year.

The university reserves the right to require students (1) to take another course when a course required under an earlier bulletin is no longer offered, and (2) to graduate under a more recent bulletin if they are working for certification/licensure by a governmental or professional agency.

# Andrews Core Experience (General Education) Program

Nethery Hall, Room 135  
ge@andrews.edu

## Philosophy of the Andrews Core Experience (ACE) Program

The rapid expansion of knowledge in a global community requires those who would be truly educated citizens to adopt a philosophy of lifelong learning. One must engage the mind in the study of many fields, from the fine arts and humanities to the empirical, quantitative, and social sciences. This broad encounter with the varied perspectives of the liberal arts tradition forms the domain of General Education.

Transmitting this foundational heritage—along with an appropriate level of knowledge and skills—is the essential purpose of the Andrews Core Experience at Andrews University.

The Andrews Core Experience (ACE) seeks to prepare graduates who possess the knowledge, ethical values, interests, abilities, communication competence, quantitative skills, and analytical thinking for both leadership and service, so that they may contribute effectively to their homes, work places, communities, and churches.

Anchored in key 100-level courses, the first-year ACE curriculum provides an introduction to academia and a balanced university life, further development of essential academic skills, and a sense of belonging to the Andrews University community.

## Andrews Core Experience Learning Outcomes

The Andrews Core Experience addresses the following Andrews University Undergraduate Institutional Outcomes:

1. Demonstrate competence in intellectual, affective, and practical skills to prepare for careers in the twenty-first century, lifelong learning and service.

Skills for *undergraduate* students are: information literacy, quantitative literacy, engaging diverse perspectives, ethical reasoning, analytical inquiry in the form of problem solving and creative thinking, communication, wellness and transferable life skills.

2. Pursue enduring questions through study in core fields and explore the connections between those fields.

3. Articulate a biblical worldview in order to interpret life, learning, and civic responsibility from a Seventh-day Adventist perspective.

## Honors General Education (SAGES)

The Andrews Honors Program offers a series of interdisciplinary courses which apply to the General Education requirement. See Scholars Alternative General Education Studies (SAGES).

## Andrews Core Experience (ACE) Program Requirements

## Andrews Core Experience: Bachelor's Degrees

The Andrews Core Experience requirements for all bachelor's degrees are listed below. The table can also be viewed in a printable PDF format.

Learning Categories/ACE Core Experience Courses	Credits	Learning Outcomes/Descriptors
Foundations	18	<i>Study of essential ways of living, thinking, and communicating - typically taken in the first year</i>
Wellness HLED 135 - Wellbeing 360° Credits: 3		Skill: Wellness (Outcome 1)

- Articulate a biblical worldview in order to interpret life, learning, and civic responsibility from a Seventh-day Adventist perspective.

### Multiculturalism/Diversity in the Andrews Core Experience Curriculum

The Andrews Core Experience Program at Andrews University includes an explicit emphasis on multiculturalism and diversity. This emphasis recognizes the historical development of various cultures and groups in the United States, the global nature and mission of the Seventh-day Adventist Church, and the diverse student body and faculty of the university with more than ninety countries from around the world represented on campus. The focus on multiculturalism and diversity includes specific emphasis in the following courses: COMM 104 - Communication Skills, ENGL 115 - College Writing I, RELT 100 - God and Human Life, and HIST 110 - Worldviews, Cultures and Gods.

### Andrews Core Experience Mathematics

The Andrews Core Experience mathematics requirement consists of a skill requirement, which should be met first, and a reasoning requirement, which should be fulfilled no later than the second year of college.

The skill requirement, competence in arithmetic and high school algebra, is met by an official Mathematics Placement Exam (MPE) score of at least P2, which may be obtained through testing or by completing the skills course material in MATH 091 and MATH 092.

#### The skill requirement (MPE score) by testing.

The MPE score provides information essential to planning the college career; thus, almost all students (see exceptions below) must obtain an official MPE score during the first semester of residence. Students with ACT or SAT scores will have an official MPE score assigned, based on their performance on the math portion of the test. All incoming students, new and transfer (see exceptions below), should check their record for an MPE score. If they do not have a score or believe that the placement is inaccurate, then they can obtain an official MPE score by taking a proctored assessment. For details go to the department Web site at <https://www.andrews.edu/cas/math/mathematicsplacement/>

#### The skill requirement (MPE score) by skill course.

The skill course sequence, MATH 091 and MATH 092 Arithmetic and Algebra Review is offered for students with MPE scores of E0, E1, M0, M1, P0, P1. Students with these scores should usually enroll in MATH 091 Arithmetic and Algebra Review during their first semester. Many students should plan to enroll first in MATH 091 and then MATH 092 (for two successive semesters) to bring their skills up to the required level. Completion of the MATH 091/MATH 092 sequence with a passing grade in both courses fulfills the skill requirement and awards a P2 score. An R grade in MATH 092 indicates that the student is making reasonable progress but needs to re-register for MATH 092 to complete the material. For more information on MATH 091 and 092, go to the Department of Mathematics Web site.

#### The reasoning requirement.

MATH 145 Mathematics in the (Mis)Information Age is the course which most non-science students will find appropriate for meeting the reasoning requirement. MATH 165, MATH 166, MATH 168, MATH 191, and MATH 195 also meet the reasoning requirement.

#### Transfer policy.

Courses transferred to meet the reasoning requirement must be broadly equivalent, both in content and level, to those offered at Andrews to meet the requirement. Andrews students who wish to take a course elsewhere to meet the reasoning requirement must first meet the skill requirement and must have the proposed course accepted by petition before enrolling in it. Courses titled

Intermediate Algebra, Elementary Algebra, Basic Algebra, Pre-algebra, College Arithmetic, or Business Mathematics may prepare the student for the MPE but do *not* normally meet the reasoning or the skill requirement or apply toward graduation.

**Exceptions**

- Students who at admission transfer College Algebra, College Algebra with Trigonometry, Precalculus, Precalculus Algebra, Precalculus Trigonometry, Calculus, a Cambridge "A Level" pass in Mathematics, or an AP Calculus score of 4 or 5 fulfill both the mathematics reasoning and skill requirements.
- Some courses other than those listed in 1 above may be accepted for the reasoning requirement, provided they are presented at admission and the skill requirement is separately fulfilled. Current criteria will be applied case by case. Students wishing to have a course evaluated should email the Andrews University Department of Mathematics a link to the course description found on the Web site of the institution offering that course.
- Students enrolled in the Center for Intensive English Programs are not required to obtain an official MPE score until the first semester of enrollment in regular college-level courses.

<i>Social Sciences</i> —1 course, such as: Sociology Psychology Anthropology Geography American Government Political Science Economics	MTA satisfied
<i>PE/Wellness</i> —1 course: 1 course in concepts of health/wellness	Not satisfied

**Transfer Policy**

Applicants who have completed an AA/AS degree at a regionally accredited institution or a state core curriculum (e.g. MTA) will be considered to have met all general education (Andrews Core Curriculum) requirements with the exception of Religion. Please refer to the transfer Religion table below.

Transferring with*	Accredited Seventh-day Adventist Religion Courses Required
24 credits or fewer	Four
25–56 credits	Three
57–86 credits	Two
87 or more credits	One

\* Transfer credits are determined on the basis of courses taken **prior** to attending Andrews University.

**Michigan Transfer Agreement**

The Michigan Transfer Agreement (MTA) is designed to ease the transition from a Community College to a Michigan baccalaureate institution. The MTA satisfies a portion, but not all of the Andrews Core Experience (ACE) Requirements for general education. Transfer students from sending institutions who are accepted into Andrews University and have satisfied the MTA will have their courses evaluated to determine how the transferring courses meet ACE Requirements (See Table below). The MTA does not satisfy major, minor, or cognate course requirements. Students are responsible for requesting official transcripts from the awarding institution.

# Graduate Academic Policies

The School of Graduate Studies, is an administrative unit that coordinates university-wide academic and research quality on behalf of the graduate faculty, monitors decisions regarding admission, academic progress, and eligibility for graduation of students in most programs. Departments and programs may have additional requirements for admission. Consult the appropriate portions of this bulletin for such requirements.

The Dean of the School of Graduate Studies office is located in the Administration Building, AD310, [graduateschool@andrews.edu](mailto:graduateschool@andrews.edu).

## Graduate Enrollment & Admission Policies

### The Admission Process

The graduate programs at Andrews University are characterized by academic quality, attention to research, close individual student/professor interaction, and an emphasis on the spiritual dimensions of the various content fields. The university welcomes students in harmony with these ideals to apply for admission to its graduate programs.

- Applications for graduate programs should be submitted online at [www.andrews.edu/apply](http://www.andrews.edu/apply) along with the appropriate requirements. Once the application is complete and ready for review, the appropriate Academic Program and School will make an admission decision on the application. Graduate Enrollment Management processes the Admission Decision and communicates it to the applicant.
- Applicants for the DPT Program must apply through the Physical Therapy Centralized Application Service (PTCAS). For more information, see the School of Rehabilitation Sciences section of this bulletin.
- Applicants for the SPLAD Program must apply through the CSDCAS Application Service. For more information, see the School of Communication Sciences & Disorders section of this bulletin.

### How to Apply

The graduate application is to be submitted online along with the nonrefundable application fee. Online and paper application fee is \$60. During the application process, you may pause and then reopen your online application file through a link that will be sent to the email address you provide. Your information is saved for up to 90 days.

### Application Deadlines for Domestic and International Students

Domestic and International students are required to complete and submit all the application requirements before the deadlines listed below:

- Spring ( January - April ): **November 15**
- Summer (May - July ): **June 1**
- Fall (August - December ): **July 30**

Some departments may have different deadlines. Please click [here](#) to search for your program deadlines.

### Eligibility Requirements

These are the eligibility requirements as stated by the School of Graduate Studies

### Graduate Certificate Programs

To qualify for regular admission to a Graduate Certificate program, students must meet the minimum eligibility requirements as stated in the Master's degree section below, in addition to fulfilling the general admission requirements.

### Master's Degree Programs

**MA, MArch, MAT, MBA, MMus, MS, MSA, MSMLS, MSW, MSCID, MIDA, MPH**

To qualify for regular admission to the master's-degree programs governed by the School of Graduate Studies as listed above, students must meet the following minimum academic standards in addition to the appropriate admission requirements.

- Hold a four-year baccalaureate degree from a regionally accredited American university or senior college, or its equivalent from a comparably recognized institution outside the U.S. Accreditation must be from an accrediting body

recognized by the US Department of Education or schools outside of the US must have government recognition in the country of origin or by the Adventist Accrediting Association. Degrees or work received from institutions generally considered to be diploma/degree mills are not evidence of prior academic work.

- Demonstrate adequate undergraduate preparation in the proposed field of graduate study and in general education. This will be evaluated by the respective schools and departments that designate subject-matter preparation. Consult the specific school and departmental requirements.
- Indicate ability to handle master's-level work in the language of instruction. See English Proficiency Requirement section for more information.
- Show evidence of ability to carry advanced study as listed below. Some specific programs require a higher GPA for admission—consult department/program requirements in other sections of this bulletin.
- Satisfy one of the criteria below:
  - Have an overall GPA of at least 2.60 in undergraduate courses.
  - Have a GPA of at least 2.75 on last 50% of undergraduate courses.
  - Have a graduate GPA of at least 3.00 on 8 semester credits or more earned in courses graded A–F.
  - Hold a previous master's degree.

### Doctoral and Advanced Degrees

**Educational Specialist (EdS), Doctor of Education (EdD), Doctor of Philosophy (PhD), Doctor of Theology (ThD), Doctor of Missiology (DMiss), Doctor of Nursing Practice (DNP)**

To qualify for regular admission to a specialist or doctoral program, students must meet the following minimum academic standards in addition to fulfilling the general admission requirements.

- Hold a baccalaureate degree or master's degree in an area appropriate to the major emphasis of the specialist or doctoral program from a regionally accredited American university or senior college, or its equivalent from a comparably, recognized institution outside the U.S. Accreditation must be from an accrediting body recognized by the U.S. Department of Education, or schools outside of the U.S. must have government recognition in the country of origin or by the Adventist Accrediting Association. Degrees or work received from institutions generally considered to be diploma/degree mills are not evidence of prior academic work.
- Evidence of adequate preparation for doctoral-level graduate work. Applicants who have completed at least 16 semester credits of graduate work must have a least a graduate GPA of 3.0. Applicants to the School Psychology program may see the program admission requirements.
- Provide evidence of adequate preparation in the proposed field of graduate study and in general education. This will be evaluated by the respective schools and departments that designate subject-matter preparation.
- Show evidence of the ability to handle specialist- or doctoral-level work in the language of instruction. See English Proficiency Requirement section for more information.

### Physical Therapy Degrees and Programs

**Doctor of Physical Therapy (DPT), Transitional Doctor of Physical Therapy (t-DPT), Doctor of Science in Physical Therapy (DScPT), Orthopedic Clinical Residency Program**

Professional degrees in the School of Rehabilitation Sciences operate under the supervision of the Physical Therapy Professional Degree Council. This council has delegated authority to act as the Courses and Curriculum Committee for all Physical Therapy programs. The Physical Therapy Professional Degree Council formulates and approves general education requirements after consultation with the General Education Committee and develops academic, department, financial and other policies of its programs. See the School of Rehabilitation Sciences section of this bulletin for academic standards for these degrees and programs.

### Theological Seminary Professional Ministerial Degrees

**Master of Arts in Pastoral Ministry(MAPM), Master of Arts in Youth and Young Adult Ministry(MAYYAM), Master of Divinity(MDiv), Doctoral of Ministry(DMin)**

Professional degrees in the Theological Seminary are not under the supervision of the School of Graduate Studies. See the Theological Seminary section for academic standards for these degrees.

### Admission Requirements

#### Degree Requirements for Admissions into Graduate Programs

An earned degree is one of the requirements for admissions into a graduate program. Following is the degree requirement for admissions into Andrews University graduate programs:

1. Programs may admit students into doctoral programs on the basis of a bachelor's degree. An applicant with a discipline specific bachelor's degree may be admitted into a corresponding doctoral program. Students in these programs may earn an advanced degree en route to the doctoral program. (For example, currently, applicants with a bachelor's in psychology may be admitted into the PhD in Counseling Psychology). Normally, a student admitted into a doctoral program with a bachelor's degree needs a minimum of 90 graduate credits for the doctoral degree.

2. Programs may admit students into doctoral programs on the basis of a master's degree. Applicants with a masters may be admitted into a doctoral program; however, the credits from the master's program shall not be transferred into the doctoral program. Only credits that do not apply to the master's degree are applicable to the doctoral degree requirements and normally, a student needs a minimum of 60 post-masters credits for the doctoral degree.\*

3. Programs may admit students into master's programs on the basis of a bachelor's degree or another master's degree. Normally, a student needs a minimum of 30 graduate credits for the degree.

\*professional doctorates, such as, the DMISS, DNP, DPT, DScPT, and T-DPT may require fewer post master's credits.

These are the minimum admission requirements based on each degree level; however, note that each graduate program may have unique admission requirements. Also, international students will need to submit additional requirements:

- **Graduate Certificate Requirements** (Communication, Leadership, Religious Education, Educational Leadership, Campus Spiritual Leadership)
  - Statement of Purpose - At least 500 words.
  - Professional History or Resume - Information about your employment, research, or special projects.
  - Recommendations - Two professional or academic recommendations are required.
  - Official Transcripts - From institutions where all post-secondary coursework was taken. Official transcripts must be sent directly from your school to The Office of Graduate Enrollment Management at Andrews University. These documents may also be delivered in a sealed envelope with the issuing school's seal.
- **Master Level requirements** (MA, MArch, MAT, MBA, MMus, MPH, MS, MSA, MSMLS, MSW, MSCID, MIDA)
  - Statement of Purpose - At least 500 words.
  - Professional History or Resume - Information about your employment, research, or special projects.
  - Recommendations - Two professional or academic recommendations are required.
  - Official Transcripts - From institutions where all post-secondary coursework was taken. Official transcripts must be sent directly from your school to The Office of Graduate Enrollment Management at Andrews University. These documents may also be delivered in a sealed envelope with the issuing school's seal.
  - Standardized Test - Most programs require the GRE (Graduate Records Exam) or GMAT (Graduate Management Aptitude Test) exam. This exam must be taken within five years prior to admission. Visit this link to see a full list of the programs that require these tests.
- **Professional Master level requirements** (MDiv, MAPM, MAYYAM)
  - Statement of Purpose - At least 500 words for MAPM and MAYYAM. The MDiv program requires additional questions.
  - Professional History or Resume - Information about your employment, research, or special projects only required for MAPM and MAYYAM.
  - Recommendations - Three specific recommendations are required. Visit the appropriate program for more details.
  - Official Transcripts - From institutions where all post-secondary coursework was taken. Official transcripts must be sent directly from your school to The Office of Graduate Enrollment Management at Andrews University. These documents may also be delivered in a sealed envelope with the issuing school's seal.
- **Doctoral Level requirements** (EdS, EdD, PhD, ThD, t-DPT, DScPT, DMin, DMIss, DNP, DPT)
  - Statement of Purpose - At least 500 words. Each program may require specific questions. Visit the appropriate program for more details.
  - Professional History or Resume - Information about your employment, research, or special projects.
  - Recommendations - Three professional or academic recommendations are required. Visit the appropriate program for more details.

- Official Transcripts - From institutions where all post-secondary coursework was taken. Official transcripts must be sent directly from your school to The Office of Graduate Enrollment Management at Andrews University. These documents may also be delivered in a sealed envelope with the issuing school's seal.
- Research Paper - Most programs require submission of a research paper that showcases your best writing work.
- GRE (Graduate Records Exam) exam - Most programs require this test. It must be taken within five years prior to admission. Visit this link to see a full list of the programs that require this test.
- Applicants for the DPT Program must apply through the Physical Therapy Centralized Application Service (PTCAS). For more information, see the School of Rehabilitation Sciences section of this bulletin.
- **Post-Doctoral Certificate requirements** (Leadership)
  - Statement of Purpose - At least 500 words.
  - Professional History or Resume - Information about your employment, research, or special projects.
  - Recommendations - Two professional or academic recommendations are required.
  - GRE (Graduate Records Exam) exam - This exam must be taken within five years prior to admission.

### International Students

In addition to fulfilling the regular admission requirements, international students need to submit additional documents in order to complete their graduate application.

### Additional Admission Requirements

- **Transcripts:**
  - *Domestic and International* prospective students who graduated from an educational institution *in* the U.S. must upload unofficial transcripts directly in the Graduate Application system during the application process. Official final transcripts will be required only after admission decision.
  - *Domestic and International* prospective students who graduated from an educational institution *outside* the U.S. must upload unofficial original language and literal English translation of the transcripts in the Graduate Application system during the application process. A copy of a diploma may also be required. Official final transcripts will be required only after admission decision.
  - The Enrollment office reserves the right to request a WES International Credential Advantage Package (WES ICAP) evaluations for international transcripts.
- **English Proficiency:** International students must demonstrate their proficiency in English. See English Proficiency Requirement section for more information.
- **Bachelor's degree diploma:** A copy of the literal English translation of the diploma, along with the original-language document may be sent by email. The copy of the diploma is not needed if the transcripts come through an approved credential evaluation agency (WES, AACRAO, ECE) listing the graduation date.
- **Secondary documents:** A copy of these secondary documents may be required where applicable:
  - Baccalaureate for the French System
  - Abitur Diploma for the German System
  - A-level results for the British system

### Special Requirements

International students who wish to become full time students (F1 visa) must obtain an I-20 form before applying for a visa. The requirements for obtaining an I-20 form are:

- Academic acceptance
- Payment of \$3,000 advance deposit (not required for Mexico or Canada)
- Submit the Estimated Budget Sheet form
- Notarized affidavit of support for all personal funds and/or sponsorships
- Bank documentation for the previous 12 months
- A full semester payment in advance is required for citizens of Kenya and Ethiopia
- A full semester payment in advance is required for students in the Master's of Divinity program

Please visit the Office of International Student Services for more information.

### Full-Time Status

International students must retain their status as full-time students as required by the United States Immigration and Naturalization Service (INS). They must enroll

for a minimum of 8 credits each semester (MDiv minimum is 9 semester credits) while in the U.S. They may also work on a part-time basis only on campus and if satisfactory academic performance is maintained and such work is allowed by the INS. School of Education (College of Education & International Services) students should visit Full-time Status.

### English Proficiency Requirements

English is the language of communication and instruction for all programs on the Michigan campus and at most sites across the United States or Canada. All students whose first language is not English must demonstrate proficiency in English to succeed in this academic setting.

#### Minimum scores required

Duolingo English Test	110
Internet-based TOEFL (iBT)	80
Andrews Paper-based TOEFL (ITP)	550
IELTS(Academic)	6.5
PTE(Academic)	54
C1 Advanced	
C2 Proficiency	176

The following programs require a higher English test score. Please visit the appropriate links in order to learn more:

- Communication MA
- Seminary Programs
- Physical Therapy DPT

#### Guidelines

- These tests must be taken within two years prior to enrollment.
- Applicants may not be required to fulfill the English language requirement if one of the following takes place from an educational institution where English is the language of communication and instruction:
  - Completion of education from at least the ninth through the twelfth grade and a high school diploma or equivalent.
  - Completion of a bachelor's degree (BA or BS) and diploma from an undergraduate college or university.
  - Completion of a graduate degree.
- Students who score below these levels may complete the language requirements by enrolling in Intensive English Program courses (ENSL) on the Andrews University campus and passing the Exit Exam for English as a Second/Foreign Language.
  - The ENSL course work for a student program is formulated on the basis of the results of Duolingo English Test, TOEFL (Test of English as a Foreign Language), IELTS (International English Language Testing System), PTE Academic (Pearson Test of English), or DIEP English Placement Test, and the student's course load is adjusted accordingly. Some students may be required to take English language studies until English language skills are at an acceptable level. Students who need to take ENSL courses will need to budget for additional costs.
  - Students with a score on the TOEFL iBT (Internet-based) of 61-79 (or the equivalent on any of the other exams) may be eligible for the Pathway Program which allows students to take a limited number of degree program courses while completing language proficiency requirements in Intensive English Program courses. Students in the Pathway Program must demonstrate language proficiency by successfully completing the DIEP courses in order to continue in the degree program. Not all degree programs allow students to participate in the Pathway Program. Please contact the Department of Intensive English Programs (DIEP) at 269.471.2260 or [diep@andrews.edu](mailto:diep@andrews.edu) for additional information. Degree programs with higher admissions requirements will also have higher requirements for participation in the Pathway Program.

The Counseling & Testing Center in Bell Hall offers the Internet-based TOEFL by appointment. The Department of Intensive English Programs in the College of Education and International Services offers the Institutional paper-based TOEFL (ITP).

### Language of Instruction

Students admitted to a university program must be able to fully participate in the program in the language of instruction. The language of instruction is defined as the language of primary content delivery, assessment and evaluation. English is the main language of instruction on the main campus of Andrews University and for online courses. At times, individual programs may be offered in languages other than English. In these cases, the language of instruction will be identified in the program description both in the bulletin and on the programs website.

Students seeking admission to programs offered in languages other than English must demonstrate adequate language of instruction proficiency prior to being admitted. Once a student begins a program, they may not change to the same program offered in another language of instruction.

### Required Tests

#### GRE and GMAT

Students are expected to take the GRE General Test or GMAT exam prior to admission. **To learn if your program required the GRE or GMAT, please review the admission requirements of your program of interest.**

#### Minimum GRE Scores

Applicants are expected to meet the GRE requirement before admission into the program. The Table below provides a breakdown of the proposed minimum scores – programs may establish higher minimum scores. Students who meet the minimum required scores may be admitted on regular status. Students who do not meet the minimum required scores may be admitted provisionally with explicit documentation (such as identified courses, GRE class, etc.) of how the provisions shall be met.

DEGREE	Verbal Reasoning	Quantitative Reasoning	Analytical Writing
Doctoral	142	142	3.0
Masters	140	140	3.0

The GRE is **not** required for all programs. **To learn if you program required the GRE, please review the admission requirements of your program of interest.**

#### Guidelines

- Exams are to be taken no more than five years before the date of admission.
- The Andrews University code of 1030 must be used when requesting GRE scores form Educational Testing Services [www.ets.org/gre](http://www.ets.org/gre)
- The Andrews University code of VVG-G6-19 must be used when requesting GMAT, scores from [www.mba.com](http://www.mba.com).
- The Prueba de Admision a Estudios de Postgrado (PAEP) may be substituted for the GRE as an entrance requirement for any cohort taught in Spanish.
- The GRE scores may be waived for master's applicants who have graduated with a previous United States master's degree from a regionally accredited institution, or a United States master's degree equivalency from an accredited or government recognized institution outside of the U.S.
- Most Masters, EdD, PhD, ThD programs and the EdS School Psychology require general GRE test scores prior to admission. In cases of extreme hardship students applying to the EdS School Psychology program may contact the Department of Graduate Psychology & Counseling for an exception to this policy.
- Admission GMAT requirements can be obtained by one of the following:
  1. Attain formula score of 1,000 points, calculated by taking the undergraduate cumulative GPA X 200+GMAT score $\geq$ 1,000
  - OR
  2. Five years of documented and approved work experience and earned a grade of at least B- in statistics and a grade of at least B- in pre-calculus algebra,
  - OR
  3. On-campus Andrews University undergraduate business students with a cumulative GPA = or > 3.0 and earned a grade of at least a B- in statistics and a grade of at least B- in pre-calculus algebra.
- See Andrews Graduate Scholarship to learn about the GRE or GMAT Scholarship.

### Andrews Graduate Scholarship

The Graduate Scholarship is a tuition reduction percentage, based on the GRE or GMAT scores and admission GPA. Please visit the Financial Information section and the program page for more information.

### Refusal or Annulment of Admission

Applicants may be refused admission

- When they do not meet the admission standards
- When they submit documents found to be falsified

Admission status may be cancelled or annulled

- When students do not meet the conditions specified for continuing enrollment

- When the admission status was based on documents later found to be falsified.

### Admission Enrollment Categories

Students are admitted and enrolled under one of the following categories:

**Regular Status.** Students are admitted on a regular basis when they meet the:

- General admission requirements
- Minimum academic standards for graduate programs at Andrews University
- Specific admission requirements of the departments/programs in which they plan to enroll.

**Provisional Status.** Students who fail to meet one or more of the requirements for regular admission may be admitted on provisional status. This can be done if the appropriate dean, department chair, or graduate program coordinator believes the student has the ability to be successful in the desired program.

At the time the provisional admission is granted, the student's deficiency is noted. A plan and a deadline to remove the deficiency is made clear. Deficiencies must be met and the regular status must be granted by the time the student completes 50% of the total requirements for graduate certificate and master's programs or 16 credits for EdS and doctoral programs. Students who fail to meet these requirements are dropped from the program in which they had provisional admission.

Students enrolled on provisional status may not:

- register for thesis or independent study
- request advancement to degree candidacy
- take comprehensive examinations.

### Non-Degree Seeking Students

Non-degree seeking students are individuals seeking temporary enrollment status for the purpose of participating in courses at Andrews University. Enrollment as a non-degree seeking student is no guarantee of admission as a graduate or undergraduate degree seeking student. Non-degree seeking student enrollment in some courses is available only by permission of the instructor.

Non-degree seeking student enrollment is valid for one academic year, unless the student is part of a formal program or consortium. Non-degree seeking students who are not part of a formal program or consortium must submit an enrollment form each academic year they wish to attend.

### Types of Non-Degree Seeking Graduate Students

Non-degree seeking students are those holding a US bachelor's degree from an institution accredited by a validated accreditation body or its equivalent outside the US, including:

- Nondegree-seeking students who are part of a formal program (including DIEP and certification students).
- Students who have applied for admission to a graduate program but for some reason, the application has not yet been completely processed. In such cases, non-degree seeking status is available for one semester only.

International students who reside in the US and have a current I-20 and wish to enroll in online or main campus classes for more than one semester must provide Andrews University with a copy of the F1 or J1 visa, copy of valid passport and copy of current I-20 or DS-2019.

### Limitation of Credits Taken on Non-Degree Seeking Graduate Students

Non-degree seeking students who are not part of a formal program or consortium may enroll in up to six credit hours per semester. Graduate courses taken as a non-degree seeking student generally do not count toward a graduate degree. Please refer to the Graduate Transfer Policy.

### Dual Enrollment/Dual Degree Statuses

**Dual Enrollment** is associated with a student concurrently enrolled in classes at two different levels (for example undergraduate/graduate or high school/college).

**Dual Enrollment is available to** Undergraduate students who want to earn graduate credits while finishing their undergraduate degree and/or high-school students who want to earn college credits while completing the high school diploma. See the undergraduate and graduate dual degree enrollment sections of the *Bulletin* to learn more.

### A. Undergraduate and Graduate Dual Enrollment

In order to qualify for graduate and undergraduate dual-enrollment status the student must work with their financial aid advisor because their dual enrollment status may affect their financial aid package. Undergraduate credits earned toward the baccalaureate degree may not be used towards the graduate program. The GPA on undergraduate credits does not count toward the graduate GPA.

Additionally, they must satisfy or abide by the following requirements:

- The student must be within 12 credits of completing an Andrews University undergraduate degree
- The student must complete the dual enrollment form
- The student may normally take no more than 16 credits combined graduate and undergraduate each semester

### B. Professional Undergraduate/Graduate Accelerated Degrees

Departments may establish undergraduate/graduate dual degree programs (3+2 or 4+1) in order to facilitate completion of both the bachelor's degree and the master's degree in 5 years. These dual degree programs may require sequential conferral of the bachelor's degree first, followed by the master's degree (called *sequential conferral*), or they may require concurrent conferral of the bachelor's and master's degree at the same time (called *concurrent conferral*).

- Students apply for the dual-degree program through the department.
  - Department establishes minimum standards for acceptance.
  - A minimum of 3.0 undergraduate GPA is required (department may establish higher standards).
  - Upon acceptance, students may take 500-level courses which have a "swing" course designation, upon reaching senior status.
- Students remain with undergraduate status, and receive undergraduate financial aid for all coursework, until conferral of the bachelor's degree (if *sequential conferral*), or until a minimum of 124 credits applying towards the program have been completed (if *concurrent conferral*).
  - The 500-level courses taken as an undergraduate student may apply towards both the undergraduate degree and the graduate degree.
  - A minimum of 50% of the graduate program credits must be taken after achieving graduate status.
  - Students who withdraw from a *concurrent* degree program subsequent to being advanced to graduate status will be returned to undergraduate status until the undergraduate degree requirements are met.
- In order to complete both degrees, students must complete a total of 154 semester credits, of which a minimum of 30 credits must be 500-level or above (programs may set higher credit standards).
- Upon conferral of the graduate degree, a statement will appear on the student's completed transcript to the effect that "500 level courses taken as an undergraduate have been applied to the graduate degree."

### C. Dual Degree Programs

**The Dual Degree Status** is a formal arrangement between Andrews University and another institution(s) and/or between two Andrews University departments or programs that allow credit from certain courses to be applied to both degrees. This arrangement provides a range of benefits to the institution and to participating students, including:

- Enhancing the educational and research opportunities within the university's undergraduate, graduate, and professional programs;
- Attracting to the university high-achieving and highly motivated students interested in interdisciplinary perspectives;
- Allowing students to complete two degrees in less time than it would normally take to complete each degree separately, thus saving money;
- Providing students with complementary preparation that makes them marketable for a variety of career opportunities;
- Facilitating programmatic and interdisciplinary interaction across programs, departments, schools, and other institutions.

### The limitations on the credits taken are the following:

The student must satisfy the GPA requirements and program expectations of both programs. The dual degree agreement will determine how many credits will be shared between the two degrees. Students must meet the minimum requirements for total credits taken at Andrews University for each degree. The same provisions for normal course loads at the graduate level apply, as for all graduate programs.

### Requirements:

Andrews University accelerated graduate/graduate dual degree program permits graduate students to pursue two graduate degrees based on an established Andrews University dual degree agreement. Both degrees are to be awarded at the

same graduation ceremony. In cases where a student decides not to continue with the dual degree the curriculum for the individual degree they are pursuing will apply. In order to qualify for the dual graduate degree status the student must satisfy or abide by the following:

- Be accepted on regular or provisional status into the two appropriate graduate programs
- Students who have been accepted into the M.Div. program, but who do not qualify for admission into a Master's degree program because of a non-accredited degree and/or insufficient college GPA may be able to pursue one of the M.Div./Master's dual degree programs under the following circumstances.
  - The student must satisfactorily complete the first year of the M.Div. program with a cumulative GPA of at least 3.0.
  - The student must receive a recommendation from the M.Div. advisor indicating their suitability for pursuing the dual degree program.
  - The student must apply for and receive acceptance into the master's degree program subsequent to completion of the first year in the M.Div. program.
- As part of the articulation agreement, the graduate programs shall limit the number of credits that overlap between the two degrees and establish the number of credits that are unique to each degree.
- Current examples include MSW/M.Div., M.Div./MPH, M.Div./MSCID, MSCID/MYYAM, etc. Students in Graduate Dual Degree Programs shall be admitted concurrently in each degree program. Dual degrees shall therefore be awarded at the same time.

### Special Types of Admission

**Enrollment of Guest Students.** Students who are enrolled in a graduate school of another college or university may enroll for courses in the graduate programs of Andrews University under the Non-degree Seeking Student status.

Application forms for non-degree seeking student admission are available at the Office of Graduate Enrollment Management.

**Admission to a second Graduate Degree Program.** Students who have completed one graduate degree may apply to be accepted into another graduate degree program at the same level if they meet all department requirements for admission to such a degree program. The proposed course of study may not be within the same major field and may not be similar to a degree previously completed. The usual regulations and limits with respect to transfer credit apply when taking a second graduate degree. (See Transfer Credits).

**Admission - Resident Scholars.** Scholars who have attained doctoral status or the equivalent from a recognized university, and other recognized scholars who wish to continue study and research in special fields, may use the library facilities as guests of the university. Applications must be made to the appropriate dean or graduate program coordinator. Such privileges are granted upon recommendation of the department in which the work will be done. Formal courses may be attended with permission of the instructor. No official record is made of the work done. If credit is desired, regular enrollment is required.

**Readmission of Students After Cancellation.** Students whose previous admission to a graduate degree program at Andrews University was canceled because of academic and/or conduct reasons may reapply for admission after a reasonable period of time has passed. Under no circumstances are such students readmitted into a graduate program before at least one academic year has passed.

The reasons for the cancellation of the student's admission status, a statement of intent, a report of subsequent rehabilitation, and a record of improved scholarship and/or conduct at another institution are all factors that are taken into account when the student reapplies for admission. The decision to approve such a reapplication for admission, as well as the status of such a student, is made by a special admissions committee composed of appropriate administrative and faculty representatives.

## Graduate Academic Information

### Academic Credit and Course Loads

The course load is expressed in semester credits. A semester credit represents a class with one 50-minute class period or equivalent each week for one semester. Thus, a 3-credit class ordinarily meets three periods (150 minutes) each week and requires additional appropriate time for class preparation.

**Course Loads.** The normal full-time graduate course load is 8–12 credits each semester (for MDiv students: 9–14 credits in fall and spring semesters, 9–12 credits for summer semester). Loads in excess of a full load must be approved by the advisor and the appropriate dean/graduate program coordinator before completing registration. Students may not take more than 16 credits during a

regular semester or 16 credits during any combination of sessions offered during a single summer. Students engaged in part-time employment must talk with their advisors and adjust their course loads accordingly.

**Credits for Workshops and Independent Study.** Normally, master's-degree students may accumulate up to 6 appropriate workshop/tour credits and up to 6 independent study credits toward a degree with a maximum of 9 credits combined. If workshops are taken during the semester breaks, the credits are counted as part of the class load for either the semester before the break or the semester following the break. Specialist or doctoral students in the School of Education (College of Education & International Services) or the SDA Theological Seminary should read the section in this bulletin that applies or the appropriate specialist or doctoral handbook for information about limits on workshops or independent study.

### Residency Requirements

All PhD and ThD students must establish doctoral residency by enrolling in full-time doctoral course work at Andrews University three out of any four consecutive semesters. EdD students establish residency by enrolling full-time for any three out of nine consecutive semesters.

Students enrolled in the professional ministerial or discipleship and lifespan education programs of the Theological Seminary or in the leadership programs in the College of Education & International Services should read the appropriate section of this bulletin concerning residency requirements and time limitations.

**Active Status.** Before advancement to candidacy, master's degree students are considered to be on active status in a program if they enroll, for credit, for at least one semester during each academic year (summer-spring terms).

After advancement to candidacy a master's degree student must maintain active status by being registered continuously for credit courses or non-credit continuation status.

- Non-credit continuation status includes research or program continuation.
- Non-credit research continuation includes project/thesis continuation, recital continuations, and/or comprehensive exam preparation.

When not enrolled in the above, non-credit program continuation is used to maintain access to University services, e.g.: library services (including online database), ITS resources (including e-mail), faculty advising, and research supervision for graduate students taking their programs on the main campus (Berrien Springs). Program continuation carries a fee (See Continuation Fee in Financial Information).

Specialist and doctoral students who have completed their coursework and have registered for all their dissertation credit must maintain active status. Active status may be achieved by registering for non-credit continuation courses such as Program Continuation, Comprehensive Exam Preparation, Project Preparation and Dissertation Continuation.

The special needs of graduate students in extension and affiliation programs will be addressed in the agreements and procedures established for each site and/or degree program.

### Governing Bulletin

Normally, students meet the requirements of the bulletin in force when they begin their graduate program. As long as they remain on active status, students may elect to meet the requirements of any bulletin in force during their graduate program. The graduate program begins at the beginning of the term in which the student first registers for classes after he/she has been admitted.

When active status is broken, the student must follow the bulletin in force when active status is reestablished.

### Time Limits on Graduate Degrees

**Time Limits on Graduate Certificate Programs.** Each program will specify a time limit for completion of the certificate. However, this may not exceed five (5) years from the first registration.

**Time Limits on the Master's Degree.** Normally, a student must complete the requirements for a master's degree within six calendar years from the beginning of the first semester of class work regardless of admission classification.

- No course taken earlier than six calendar years before a student's graduation year may normally be applied to the degree without appropriate updating.
- A petition for a one-year extension of time may be granted by the dean of the School of Graduate Studies upon the recommendation of the student's advisor and the dean/graduate program coordinator of the school/college.

- If the semester in which the student originally expects to graduate is delayed past the time limit and no extension is granted, the courses taken prior to the six-year limit no longer apply to the degree or qualify to be updated. The student may be required to take additional courses.
- Grades from all graduate courses taken at Andrews University, including those more than six years old, and those taken on a PTC basis, are used in computing the final GPA.
- College of Education & International Services students should visit Time Limits, in Doctoral Degrees (EdD/PhD) section for more information.

**Time Limits on the Specialist Degree.** A student must complete the requirements for a specialist degree within six calendar years from the beginning of the first semester of class work regardless of admission classification.

**Time Limits on Doctoral Degrees.** Whereas the doctoral degree is the highest academic degree possible and therefore requires stellar academic preparation and integrity; and whereas the program faculty are the gatekeepers of academic integrity, this policy on Time Limits on Doctoral Degrees provides program faculty with a framework for ensuring academic integrity.

All doctoral course work and the comprehensive examinations must be completed within six years from the initial registration after acceptance into the doctoral program. The student must complete the dissertation within a period of five years after passing the comprehensive examinations. Further, all requirements must be met within a total of ten years (seven years for the Department of Graduate Psychology & Counseling and the Department of Leadership). A petition for an extension of time may be granted by the School of Graduate Studies upon the recommendation of the dean, and after action by the appropriate school/college committee.

Ordinarily, a student may be granted a maximum of two one-year extensions. Failure to successfully complete the degree by the end of the extensions granted shall result in dismissal from the University. The following will be considered when reviewing a request for a one-year extension:

- The student's documenting the extenuating circumstances that merit a time extension,
- Continuous enrollment in dissertation credits or zero-credit dissertation continuation,
- A petition with the appropriate signatures explicitly describing the amount of work left to be done for the degree and the month and year the student plans to defend the dissertation.
- The documents in support of the petition shall include:
  - a copy of the student's updated course of study, with projected graduation date, documenting which courses will fall outside the time limit based on the projected graduation date;
  - a letter demonstrating how the student has remained current in the specified content area (i.e., publications, seminars, conferences, independent readings, professional development courses, tutorials, coursework from other institutions, college level teaching assignments, additional job responsibilities, etc.);
  - any additional documentation or support for the student's request.

**Inactive Status.** Throughout the doctoral program, the student is expected to make progress and to keep in contact with the department. If one year passes without progress and without approval from the student's advisor, the student is put on inactive status and must apply to be reactivated. Students in the Department of Graduate Psychology & Counseling and the Department of Leadership should visit Time Limits, in Doctoral Degrees (EdD/PhD) section for more information.

Students must comply with the Bulletin in effect when the reactivation is approved. Course work taken previously may apply by petition, subject to the normal time limits and GPA standards. The cumulative GPA from all courses taken, including any that may not apply to the new program, is used to compute the GPA requirements for satisfactory progress and completion of the degree.

### Updating Courses

**Updating Master's Degree Courses.** Students working towards a master's degree may update some outdated course work. However, graduate classes in the School of Business Administration and computer courses in the College of Technology may not be updated. Those courses that may be updated are subject to the following policies:

- No more than 25% of the total program credits from courses 6–10 years old may be updated. No work over 10 calendar years old, calculated from the graduation year, may be updated.

- Not all courses between 6 and 10 years old may be updated. Each course must be approved by the department.
- No course work with a grade below a B (3.00) may be updated.
- Outdated work done elsewhere cannot be updated at Andrews University.
- Independent study, workshops, and directed readings cannot be updated.
- The requirements for updating are specified by the department on a course-by-course basis.
- Written evidence of the updating must be approved by the department chair and the appropriate dean or graduate program coordinator.
- Updating a course does not change the grade in the course used in computing the GPA.
- The updating fee is 20% of regular graduate tuition.

### Academic Standards

Students enrolled in graduate programs governed by the School of Graduate Studies should note the following standards of scholarship. Students enrolled in Physical Therapy, the Theological Seminary professional ministerial programs or in the School of Education (College of Education & International Services) EdS, EdD, and PhD programs should read the requirements for their specific programs in the appropriate sections of this bulletin.

**Minimum Standards of Scholarship.** Candidates for graduate degrees must satisfactorily fulfill the course of study for the degree program they select subject to these standards:

- A minimum GPA of 3.00 (4.00 system) is required in those courses that apply to the degree.
- No course with a grade of D or F (or U) may count toward a graduate degree. Some departments may require a higher satisfactory grade in certain courses.
- If a student receives an unsatisfactory grade as defined above, the course may be repeated once. The credits and quality points earned in the most recent course will be used to calculate the GPA.
- Credit by examination is not accepted toward a graduate degree.
- Candidates for a master's degree must pass comprehensive examinations and/or formally defend a master's thesis or an acceptable alternative for a particular program as approved by the Graduate Council. Candidates for specialist and doctoral degrees must pass comprehensive examinations. Doctoral degree candidates must complete and formally defend a dissertation. Clinical doctoral degrees must complete a capstone project.

**DG—Deferred Grade.** A DG may be given in certain courses recognized to be of such a nature that all the requirements are not likely to be completed within one semester. It may be given for tours, field/clinical experiences, internships, projects, intensives, comprehensive exams, independent study courses, courses requiring research such as theses and dissertations, and undergraduate upper division courses where mastery learning is required. The Office of Academic Records records a DG for the above listed courses previously recommended by a department and approved by the dean of the appropriate school and/or graduate program committee.

An instructor may designate a time limit for a given course or a specific situation for the DG to be changed to a letter grade. All DGs are required to be cleared before a student can graduate, unless they are DGs earned in another currently enrolled degree. An instructor may change the DG to a letter grade (A-F), S/U or DN as appropriate.

**Standards for Progression.** In addition to the following standards, master's, specialist, and doctoral students should consult the appropriate section of this bulletin and their respective handbook.

- The cumulative GPA must be at least 3.00 calculated using all graduate work taken at Andrews University including courses taken for other degrees, courses taken prior to the time limits for degrees, and courses taken PTC. Exceptions to this standard must be recommended by the dean/graduate program coordinator and approved by the dean of the School of Graduate Studies.
- A student whose cumulative GPA drops below 3.00 in any given semester is placed on academic probation. Such a student must work with the advisor to develop a schedule of courses that ensures the student will raise his/her cumulative GPA above the required 3.00 in a timely manner—normally, the following semester. The dean/graduate program coordinator of the school/college must approve such a plan. A student who does not meet such a plan may not continue except by the recommendation of the dean/graduate program coordinator and approval by the dean of the School of Graduate Studies.

- Normally, students who accumulate more than 12 semester credits below B- (including U) are not allowed to continue. Petitions for exceptions must include a plan to maintain the required GPA for the degree and be approved by the appropriate dean/graduate program coordinator of the college/school and the dean of the School of Graduate Studies.
- Students who have been accepted provisionally to a degree program must meet the planned schedule for removing any deficiencies or earning a minimum GPA.
  - English-language deficiencies must be met by the time the student has completed no more than 50% of his/her course work for a master's or specialist degree or 25% of his/her course work for a doctoral degree.
  - Undergraduate deficiencies should be met by the time the master's degree student has completed no more than 50% of his/her course work. Doctoral students should take care of background deficiencies before starting on required doctoral course work.
  - A minimum GPA equal to the GPA requirements for graduation from the program must be met by the time the student has completed 9 graduate credits.
  - A student who does not meet this schedule is not allowed to continue except by the recommendation of the dean/graduate program coordinator and approval by the dean of the School of Graduate Studies.
- Students on academic probation or provisional status may not:
  - Register for thesis, dissertation, or independent study (or workshop credit for doctoral students)
  - Register for project credit except by permission from the dean/graduate program coordinator of the college/school
  - Advance to degree candidacy or take comprehensive examinations.

### Awarding Degrees for Graduate Programs

#### General Minimum Requirements for a Master's Degree

(MA, MAT, MBA, MMus, MS, MSA, MSMLS, MSW, MIDA, MSCID)

While additional specific departmental requirements are described under each degree in later sections of this bulletin, the general minimum requirements for awarding master's degrees include the following:

- A student must satisfactorily fulfill a schedule of studies approved by the student's advisor and the graduate program coordinator or dean of the appropriate school.
  - The number of credits to be completed depends on the minimum requirements for the degree.
  - The student's schedule of studies must include at least one-half of the required minimum credits in course work numbered 500 and above. Exceptions are made where a course of study specifically outlined in this bulletin makes provision for an adjustment to the required number of credits numbered 500 and above.
- The student must submit evidence of competence in conducting investigation in his/her field of study. A student may fulfill his requirement by one of the following, depending on the particular degree program:
  - A thesis
  - Written reports of one or two research projects
  - Research methods or other appropriate course work.
- Where required, and only after a student has been advanced to degree candidacy, he/she must successfully complete general written and/or oral comprehensive examination(s) as prescribed by the student's major department. Usually this is done within the last semester of a student's program.
- In general, no foreign language is required. In cases where an individual student's program requires a reading knowledge of a foreign language, the student must demonstrate competence in the language, normally by examination, before receiving advancement-to-degree candidacy. The department prescribes the appropriate method of demonstrating competence. A student's advisor or supervising committee informs the student regarding the foreign language required for his/her course of study.

#### General Minimum Requirements for the Educational Specialist Degree (EdS)

Consult "Educational Specialist Degree," of this bulletin and the *School of Education Handbook for Educational Specialist Students* for information on degree procedures.

#### General Minimum Requirements for the Clinical Doctorate Degrees (DPT, t-DPT, DSCT)

Consult School of Rehabilitation Sciences section of this bulletin and the *Physical Therapy Student Handbook* for information on degree requirements. Students must comply with all degree requirements listed in the bulletin and applicable handbook.

#### General Minimum Requirements for Doctoral Degrees (EdD, PhD, ThD)

Doctoral programs include a master's degree or equivalent as a prerequisite. The Leadership and Counseling Psychology programs in the School of Education (College of Education & International Services) allow selected students to be admitted with a bachelor's degree.

- Each program shall include post-master's doctoral course work approved by the school and the student's advisor.
  - A minimum of two years of doctoral study is required.
  - At least two-thirds of the required doctoral course work must be in courses graded with an A–F grading scheme.
  - A minimum of 32 credits of the doctoral course work must be taken in residence at Andrews University. A portion of an EdS that is completed elsewhere may apply to this minimum residence requirement as defined by the school.
  - The minimum number of dissertation credits required is 16.
- Written and/or oral comprehensive examinations are required of all doctoral students, normally after all course work has been completed.
- The doctoral student must demonstrate competence in conducting research in his/her field of study by completing an approved dissertation.

#### General Minimum Requirements for Theological Seminary Professional Ministerial Degrees.

The requirements for ministerial degrees may be found in the Theological Seminary section of this bulletin.

#### Transfer Credits

Credit for prior learning (CPL) credits on transcripts are not articulated. Students may present the original documentation (transcripts, certifications, portfolios, etc.) to their academic or program advisor and the Prior Learning Coordinator for evaluation in accordance with Andrews University CPL policies and procedures.

#### Transferring Credits from Another Institution into the Graduate Certificate Program.

Credits from other institutions will not transfer into a graduate certificate program.

#### Transferring Master's Degree Credits from Another Graduate School.

Graduate credits taken at another accredited/recognized institution less than six calendar years before the expected graduation year may be transferred and applied toward a master's degree at Andrews University subject to the following conditions:

- The grade earned in each course accepted for transfer is at least a B (3.00).
- The courses can be applied toward a comparable degree at the institution where the credit was earned.
- The courses meet similar requirements or electives within the master's program at Andrews University.
- The Andrews University credits taken toward the master's degree constitute at least 80% of the requirements for the degree.
- Grades earned in transfer courses are not included in the computation of the GPA. Courses to be taken at another university and transferred to Andrews after a student is enrolled in an Andrews' graduate program must be approved by petition before being taken.
- Such transfer courses are identified and approved by the dean/graduate program coordinator within the first semester of the student's residence.
- An official transcript listing transfer credits is on file in the Office of Academic Records. Credits received from institutions generally considered to be diploma/degree mills are not eligible to be transferred into a degree program.

Seminary professional degree programs have transfer limitations unique to each program. See the appropriate section of this bulletin for details.

#### Transferring Credit from an Andrews Graduate Certificate Program to Another Program.

All credits in an Andrews University graduate certificate program are eligible for transfer into a graduate degree program subject to approval by the program faculty and the school dean if taken within the established time limits for the degree.

#### Transferring Master's Degree Credits from Another Andrews Program.

Graduate courses taken at Andrews University as part of another graduate degree may be transferred subject to the following conditions:

- The grade earned in each course is at least a B (3.00) and the overall GPA at Andrews University is at least 3.00.
- The courses meet similar requirements or electives within the new master's program.

- A minimum of 80% of the requirements for the master's degree must be taken as Andrews University credits that are not applied towards any other Andrews University master's degree.
- The grades earned in courses transferred from another master's program at Andrews University are included in the computation of the GPA. Both the overall GPA and the GPA of the remaining courses taken for the master's degree must meet the minimum required (3.00) for graduation.
- The credits to be transferred were taken fewer than six calendar years before the expected graduation year of the master's program.

Seminary professional ministerial degree programs have special transfer limitations. See the appropriate section of this bulletin for details.

**Transferring Specialist Degree Credits.** Read the Educational Specialist section of this bulletin or the School of Education Handbook for Educational Specialist Students.

**Transferring Doctoral Degree Credits.** Post-master's transfer credit, if appropriate to the student's program, may be accepted if (1) the credits were completed within the time limitations indicated in the appropriate section of this bulletin and (2) the transfer complies with the provisions in the School of Education and the Seminary Handbooks for doctoral students. A petition for transfer of credit is considered only after an official transcript for the course is received. Credits received from institutions generally considered to be diploma/degree mills are not eligible to be transferred into a degree program.

**Exceptions.** Exceptions to course-transfer regulations must be approved by the dean of the School of Graduate Studies on a standard petition form upon the recommendation of the dean/graduate program coordinator of the college/school. Any such exceptions will be considered individually in the light of the master's requirements. Exceptions for whole programs must be voted by the Graduate Council but thereafter do not need individual approval on petitions.

### Credit for Prior Learning (CPL)

In addition to acceptance of transfer credits from accredited colleges and universities (see [Transfer Credit](#) section), some graduate programs approve credit for prior graduate-level learning earned through departmental placement and challenge exams, competency and portfolio assessments. As needed, other options may be reviewed by the Graduate Admissions and Academic Policy Committee.

In order for credit to be assessed and articulated:

- The student has matriculated and is in good and regular standing at the time CPL is requested.
- The total of credits awarded for prior learning, excluding credits transferred from accredited institutions, and practicum and ex/internships recognized by the program, will not exceed 6 graduate credits.
- The total of all credit awarded for prior learning and transfer credits will not exceed 20% of the credits required for the graduate program to which the student is admitted.
- No form of CPL will be approved to replace grades earned through Andrews University.

Students should discuss any prior graduate-level learning independent of transfer credits with their academic or program advisor and the Prior Learning Coordinator in their first semester. All forms of credit for prior learning are evaluated on a pass/fail scale, with transcript record of passing grades only.

**Advanced Placement.** Graduate credits earned through undergraduate dual enrollment opportunities will be subject to the policies outline in the Transfer and Dual Enrollment/Dual Degree Status sections of this bulletin.

**Departmental Placement and Challenge Exams.** In some programs, challenge or performance exams can be arranged to waive requirements, place into courses (meet prerequisites), or earn credits meeting program requirements. Departmentally-constructed tests may be written, oral or skill assessments, or external exams administered by the department for internal evaluation.

**Validation of Non-traditional Learning.** Professional certifications or performance exams may be evaluated for alignment to graduate course outcomes. Some transfer credits from unaccredited entities not recognized by ACE may be approved upon review by the department offering similar courses.

**Portfolio Assessment.** In some graduate programs, CPL may be validated and granted through the Andrews graduate portfolio process, with pre-approval from the student's program director and the Prior Learning Coordinator. Students must complete at least one semester in an Andrews graduate program before portfolio submission will be approved. Visit the Portfolio Assessment webpages for procedural information.

NOTE: Any competency-based graduate programs using portfolios to document both prior and current learning are subject to program-specific portfolio guidelines. See program requirements for details.

Visit the Credit for Prior Learning webpage for more information.

### Student Supervisory Committees

**Master's Degree Committees.** A student's project supervisory committee normally consists of a minimum of two members nominated by the department chair/program director/area coordinator in consultation with the student and appointed by the appropriate dean or graduate program coordinator. For a master's thesis, the committee consists of the thesis advisor and normally two other members. **Exception:** For an interdisciplinary master's degree, a committee is appointed before initial registration. All other master's-degree student committees are appointed after some course work has been completed and before registration for thesis credits. Only rarely may a student's committee be changed while study or research is still in progress. This may be done only in consultation with the appropriate dean or graduate program coordinator. The chair of the supervisory committee is the student's chief advisor. The function of the committee is to guide the student in his/her research and writing of the project/thesis.

A student's supervisory committee may be augmented with additional members for the oral defense of the thesis. These additional committee members have full voting rights.

The term of service of a student's committee is deemed to have expired when a student has graduated or when registration has been terminated.

**Doctoral Degree Committees.** The dissertation committee shall consist of a minimum of three members, including the chair. Two of the three members, including the chair, shall be selected from among the current full time Andrews graduate faculty at the appropriate category with at least one member being from the school in which the student is enrolled. The third member may be from the Andrews graduate faculty at the appropriate category or a person outside the University whose record of scholarship is equivalent to that required of a member of the Andrews graduate faculty at the appropriate category. Additional persons may be added either from the Andrews graduate faculty or from outside the University where specialized expertise is needed with the approval of the School of Graduate Studies.

### Comprehensive Examinations

Most master's- and all specialist- and doctoral-degree candidates are required to take prescribed written and/or oral comprehensive examinations as required by the department.

Master's-degree students are not permitted to sit for these examinations until they have been officially advanced to degree candidacy. EdS and doctoral students normally sit for comprehensive examinations after all course work is completed and after applying for degree candidacy. Candidacy is not granted to doctoral students until the comprehensive examinations have been passed.

See the appropriate sections of this bulletin and the *School of Education Handbook for Doctoral Students*, the *School of Education Handbook for Educational Specialist Students*; the *Doctor of Physical Therapy Student Handbook*, *t-DPT/DScPT Student Handbook*; or the *Graduate Programs Manual* for details about examinations for master's, specialist, or doctoral students.

### Advancement To Degree Candidacy

**Master's Degree.** During the semester before graduation, a student must apply for advancement to degree candidacy. Forms are available at the office of the appropriate dean or graduate program coordinator. The forms should be completed by the student, approved by the advisor and the department chair, and returned to the office of the dean or graduate program coordinator.

- At the time a student files an application for advancement to degree candidacy, he/she must have:
  - Received regular admission status
  - Applied for graduation
  - Completed all curriculum and English-language deficiencies that may have existed
  - Demonstrated foreign-language proficiency where required.
- A student who has not completed the Advancement to Degree Candidacy form during the semester before graduation is not allowed to register for further course work until the advancement to degree candidacy forms have been filed with the appropriate dean or graduate program coordinator.
- After a student has been advanced to degree candidacy, he/she may then request to take the comprehensive examinations.
- An application form for the comprehensive examinations is sent to the student at the time of notification of advancement to degree candidacy.

**Educational Specialist Degree.** For information on degree procedures, read the program page for your specific Educational Specialist program in this bulletin and the *School of Education Handbook for Educational Specialist Students*.

**Doctoral Degree.** The Application for Admission to Doctoral Candidacy form must be filed at least one month prior to the scheduled date of the comprehensive examination.

Approval for degree candidacy is granted when the student has

- Received regular admission status
- Completed all curriculum and English-language deficiencies that may have existed
- Demonstrated research tool proficiency, including foreign language when required
- Passed all comprehensive examinations
- Completed all other degree requirements except the dissertation.

### Projects, Theses and Dissertations

**Projects.** The student who elects to complete a research project or projects as part of fulfilling the research requirement for the master's degree or clinical doctorate reports it/them in conformity to the *Andrews University Standards for Written Work*. One copy of each report is submitted to the instructor under whose supervision it was prepared. It becomes the property of the department. Completed and signed approval forms for the project(s) must be filed in the Office of Academic Records no later than noon on Friday, two weeks before graduation, unless an earlier time is specified by the department. Some departments require approval of the project(s) before writing the comprehensive examinations. If students need time for project preparation beyond the semester(s) when regular project credits are accumulated, they may register for project continuation. Project continuation is a non-credit enrollment status that requires a small fee for each semester of registration.

**Master's Thesis.** To fulfill the thesis option for the master's degree, a student is required to write a thesis and successfully defend it in an oral examination at an officially designated time and place. See Required Dissertation and Thesis Deadlines here.

**Doctoral Dissertation.** For doctoral programs requiring a dissertation, the student is required to write and successfully defend a dissertation in an oral examination at an officially designated time and place. See Required Dissertation and Thesis Deadlines here.

**Registration for Thesis Credits—Committee Guidance.** When a master's student is required or elects to write a thesis, he/she should register for it initially no later than one semester before the anticipated graduation date. The student may register for 2–6 thesis credits per semester with a maximum of 9 total credits for the thesis. The student is guided from the beginning of thesis preparation by a committee, normally consisting of two to three members, appointed before registering for thesis credits. The committee chair serves as thesis advisor.

**Dissertation Credits—Committee Guidance.** Doctoral students are required to register for a minimum of 16 dissertation credits. Students in the College of Education & International Services should consult the general requirements under Doctoral Degrees and the *Handbook for Doctoral Students* for information regarding dissertation credits. Students in the Seminary should read the Academic Policies section in the Theological Seminary section of this bulletin. The doctoral committee is appointed following the guidelines of the appropriate section of this bulletin and the appropriate handbook for doctoral students.

**Standards for Writing.** The master's thesis and doctoral dissertation must demonstrate the candidate's capacity for original and independent work, include a critical evaluation of previous research, and emphasize new conclusions. The format of the thesis/dissertation also must conform to the guidelines found in the *Andrews University Standards for Written Work*.

When, in the opinion of the student and his/her full committee, the thesis/dissertation has been completed satisfactorily and a final draft has been submitted, the committee, by official action, declares it to be ready for the oral defense.

**Defense of Thesis/Dissertation.** The oral defense must be completed no later than eight weeks for doctoral level and five weeks for master's level before a candidate plans to graduate. A thesis/dissertation is approved if no more than one negative vote is given. An abstention is recorded as a negative vote. The department chair or program director is responsible for notifying the appropriate dean or graduate program coordinator of the outcome of the defense.

The decision of a student's examining committee is recorded and signed on the appropriate form and submitted to the appropriate dean or graduate program coordinator. A copy is sent to the Office of Academic Records.

A committee chair usually assists a student by way of a check sheet to ensure the prescribed deadlines are met. The thesis/dissertation may be handed in at any time during the year, but the deadlines listed here determine the date of graduation.

**After the defense.** After the defense:

- The student makes all corrections.
- As soon as possible, but no later than four weeks for a doctoral level and three weeks for a master's level before graduation, the appropriate chair or graduate program coordinator, in cooperation with the student, submits a complete, corrected, final, approved copy of the thesis/dissertation to the School of Graduate Studies via the Dissertation Office for approval. The Dissertation Office contact e-mail is: [dissertationoffice@andrews.edu](mailto:dissertationoffice@andrews.edu).
- Doctoral students must submit a digital PDF file of their dissertation to (1) ProQuest/UMI and (2) the Dissertation Office (for inclusion in the James White Library catalog). Contact the Dissertation Office for assistance and forms.
- Master's students must submit a digital PDF file of their thesis to the Dissertation Office for inclusion in the James White Library catalog. Contact the Dissertation Office for assistance and forms.
- At this point, the Dissertation Office submits the Notification of Thesis/Dissertation Completion form to the Office of Academic Records, and the thesis/dissertation process is complete.
- Strict adherence to the deadline of 14 days before graduation is essential or graduation is postponed.

**Grades for Thesis/Dissertation.** The grade for a thesis/dissertation is S or U. A deferred grade (DG) is given while a thesis/dissertation is still being written or corrected.

**Office of International Student Services.** All international students who enter the U.S. on an Andrews University I-20 Form are considered Andrews University students. They must report immediately upon arrival to the Office of International Student Services. The office is located on the third floor in the Administration Building, Room 307.

Telephone: 269-471-6395 or 800-253-2874  
 Fax: 269-471-6246  
 E-mail: [iss@andrews.edu](mailto:iss@andrews.edu)  
 Website: [www.andrews.edu/iss](http://www.andrews.edu/iss)

### Office of Employment

The **Office of Employment**, which is part of Human Resources, assists students with on-campus employment needs. The office provides information regarding employment opportunities, assistance with necessary paperwork, administers employment tests and is responsible for updating employment files. The office is located in the Administration Building, Second Floor.

Telephone: 269-471-3570  
 Fax: 269-471-6293  
 E-mail: [employment@andrews.edu](mailto:employment@andrews.edu)  
 Website: [www.andrews.edu/hr](http://www.andrews.edu/hr)

### Office of Student Insurance

The **Office of Student Insurance**, which is part of Employee Services, located in the office of Human Resources, provides information regarding student accident and sickness insurance, as well as providing a student advocate to help mediate for the student, if necessary. The office is located in the Administration Building, Second Floor.

### Insurance

Rates

Single student premium (approximately) \$1900

**There will be a \$100 deductible and a 20% co-pay due at the time of visit.**

**Accident/Sickness.** Every international student in "student status" is required to enroll in the student health plan. Exceptions are:

- If you are sponsored by a Conference, an Employer or Government.
- If you are a Canadian resident.
- If you are covered under an American group health plan through a spouse or parent. Please contact [stuins@andrews.edu](mailto:stuins@andrews.edu) to request an exemption if any of the above apply to you.

Domestic students must provide proof of a credible health insurance plan by entering information as a waiver in registration central, or enroll in the student health plan.

Insurance can be purchased for enrolled students only. Health Insurance is required for all students and their dependents. AU insurance can only be purchased for enrolled students only.

**Student health plan (only enrolled students are eligible to participate) approximately \$130 per month. (rates are subject to change yearly).**

Every other student registered for 6 or more credit hours is to be covered by at least an Accident and Sickness Plan. This may be purchased through the university by signing up online in Registration Central at registration time. International students are required to include all dependents that are here in the U.S. and there is an additional fee for adding dependents. Payment for this coverage can be charged to the student's account. **The insurance is non-refundable after the drop/add date.**

**International students and their accompanying dependents are required to have health insurance irrespective of their class load.**

**Waivers.** Students who have comparable coverage from elsewhere may waive the student health insurance plan by entering their health insurance information into Registration Central at the time of registration. Proof of health insurance must be taken to the Office of Student Insurance in the Administration building before drop/add date for verification of coverage for each semester.

**Brochures.** Information describing the health insurance coverage can be viewed at [www.andrews.edu/hr/stu\\_insurance](http://www.andrews.edu/hr/stu_insurance)

The health insurance premium is charged to the student's account via information entered in Registration Central. A waiver will prevent this charge from occurring (see Waivers above).

## Other Financial Information

### Who To Contact

The **Office of Student Financial Services (SFS)** assists applicants in making financial arrangements to attend Andrews University through **financial clearance**. Students with questions about financial assistance that they may qualify for should contact Student Financial Services. Applicants of Federal Financial Aid need to apply and complete the process well in advance of enrollment to assure consideration of all resources, particularly limited ones, and to assure a smooth registration process. Contact information:

Website: [www.andrews.edu/sf](http://www.andrews.edu/sf)  
 Office of Student Financial Services  
 Andrews University  
 Address: 4150 Administration Dr  
 Berrien Springs MI 49104-0750  
 Telephone: 269-471-3334 or 800-253-2874  
 Fax: 269-471-3228  
 E-mail: [sfs@andrews.edu](mailto:sfs@andrews.edu)

**Medicaid.** Michigan Medicaid is considered proof of insurance for U.S. Citizens and Permanent Residents and should be entered into the waiver section of Registration Central at the time of registration. The only difference is that the student will be required to bring their current Medicaid card to the Student Insurance Office in the Administration Building before drop/add for verification of current coverage. This must be done for each registration period that the student is enrolled in school. If proof of current Medicaid is not provided, the student will be charged for the insurance and the charge will be **non-refundable**.

**Note:** Medicaid from any other state will not be accepted as a **valid waiver**.

### Student Employment

Students desiring part-time employment must be enrolled fulltime (12 undergraduate credits, 8 graduate credits, or 9 Master of Divinity credits) and they must complete the necessary paperwork at the Office of Employment. To be employed, students must show the Office of Employment original documents (no photocopies) that establish their identity and employment eligibility, such as a U.S. passport, birth certificate, or social security card.

The University allows students to work, as work is available, up to 20 hours per week during the academic year. To maximize work opportunities, the student should schedule their classes so that large portions of the mornings or afternoons are free. Professional performance and conduct is expected in all on-campus employment.

**Payroll Schedule.** Andrews University follows a biweekly payroll schedule. Student employees are responsible for having their time submitted to their department supervisors each Monday morning. The university does not issue payroll advances for time turned in late.

### International Students

International Students must provide the following information:

- Balanced Estimated Budget Sheet
- Letter of financial support
- Bank documentation
- Copy of Passport
- Mailing Address for I-20
- \$9,100 advance payment includes (\$100 non-refundable New Student International Fee, \$3000 International Deposit, \$6000 toward first semesters payment). Citizens of Bahamas, Bermuda, Canada and Mexico your advanced deposit is waived.
- MDiv Students need to pay full semester in advance
- All others will need to pay 60% of total expenses for each semester for financial clearance
- Health Insurance is required for all students and their dependents. AU insurance can only be purchased for enrolled students only.
- **Note: Once you are no longer registered or it is your last semester and you owe a balance on your education, housing or any other account to Andrews University, your international deposit will be used to reduce or clear the balance.**

**Advance Payment.** Applicants attending the main campus from outside the United States (except Bahamas, Bermuda, Canada and Mexico) must make an advance payment of \$9,100 (includes \$100 non-refundable New Student International Fee, \$3,000 International Deposit, \$6000 towards first semester down payment) before an I-20 will be issued. Citizens of Bahamas, Bermuda, Canada, and Mexico your advanced deposit is waived. No university scholarships may be applied to pay the deposit. Health insurance is required for all international students and their dependents. AU insurance can only be purchased for enrolled students only.

All international students are required to participate in the student health program with the following exceptions:

- If you are sponsored by a Conference, an Employer or Government.
- If you are a Canadian resident.
- If you are covered under an American group health plan through a spouse or parent. Please contact [stuins@andrews.edu](mailto:stuins@andrews.edu) for an exemption if any of the above apply to you.
- AU Insurance can only be purchased for enrolled students only.

All international students (except Bahamas, Bermuda, Canada and Mexico) who apply for the MDiv program in the SDA Theological Seminary or DIEP program must only pay for the first semester (tuition, general fee, health insurance and \$3,100 advance payment) before an I-20 will be issued.

Returning students must pay their balance in full before an updated I-20 will be issued. Exceptions to the deposit requirement are made if a student is staying on campus for less than six weeks. Under these circumstances, no deposit is required.

**Note: Sponsored students in addition to the advance payment of \$9100 (required for I-20), would be required to pay 60% of the out-of-pocket expenses for the student to be financially cleared to attend classes. Please contact your student financial advisor to determine the out-of-pocket expenses.**

All students requiring an I-20 must be officially accepted into their chosen academic program. Students must also submit the following: an *Estimated Budget for Students Attending on a Visa* form, International deposit of \$9,100 (includes a \$100 non-refundable new student international fee, \$3,000 international deposit, and \$6000 towards down payment for first semester), financial statements showing that they can cover their first year expenses (see Resource Verification for more information), a copy of their passport, the mailing address and telephone number of the address where the I-20 is to be mailed. Please contact [isfs@andrews.edu](mailto:isfs@andrews.edu) for the budget sheet and additional information.

All students are encouraged to pay the \$200 SEVIS I-901 fee (subject to change) online at [www.fmjfee.com](http://www.fmjfee.com) or at the Western Union Quick Pay services or to contact Andrews University International Recruiter in case of unavailability of the Western Union services in their countries. This fee is required by the U.S. Immigration and Customs of all students seeking an F-1 or J-1 visa from an embassy or consulate as well as students applying for admission at a U.S. port-of-entry (such as Canadians) to begin initial attendance at U.S. schools.

**SEVIS Fee.** International students coming to the United States for the first time must pay a \$200 SEVIS fee (subject to change), as mentioned previously, and the cost of the visa at the American Consulate of his/her home country. International students and exchange visitors are subject to the \$200 SEVIS fee. To make this payment online or to find out more about the SEVIS fee please visit [www.fmjfee.com](http://www.fmjfee.com). Please be sure to bring your original SEVIS payment receipt with you to the U.S. port of entry.

**Unclaimed International Deposits Policy.** International student deposits that have not been refunded within three years after the student reaches non-current status shall be transferred from the student's international student deposit account to a quasi endowment account.

Student Financial Services will monitor the international student deposit account on an annual basis to determine the appropriate transfer of funds to the International Graduate Assistance Fund Account. At the discretion of Student Financial Services, these funds will be available as payment on account to assist graduate international students in their financial clearance process.

The initial funds shall be established as a quasi endowment from which 80% will be invested and 20% will be available annually.

Any subsequent requests will be claimable after identifying that the person is the one who paid the deposit to the account.

**International Deposit Allocation.** This deposit is not available to cover registration expenses; the deposit earns interest during the time the student is enrolled with full-time tuition. The deposit plus interest is refunded when the student's degree is completed or enrollment is terminated; alternatively, it can be used as partial payment for the final semester of registration. If the student doesn't complete the educational program during the term the deposit is used to meet expenses, the deposit must be reinstated for financial clearance.

**Note: Once you are no longer registered or it is your final semester and you owe a balance on your education, housing or any other account to Andrews University, your international deposit will be used to reduce or clear the balance.**

**Resource Verification.** Bank documentation as well as other forms of financial documentation are required to prove ability to support one's educational expenses. Returning students needing an updated I-20 will also need to supply bank documentation.

**I-20 Form.** Once the deposit and resource verification are received and accepted, the university authorizes the Office of International Student Services to issue the I-20 Form for the purpose of securing a United States student visa. There is an individual I-20 shipment charge that will be billed to your account. This shipment charge varies according to the country of destination.

**Arrival to Andrews University Campus.** All international students who enter the U.S. on an Andrews University I-20 Form are considered Andrews University students and must report immediately to the Office of International Student Services.

**Exchange Visitor General Conference Sponsorships.** The General Conference of the Seventh-day Adventist Church is the sponsoring organization of the Exchange

Visitor program and is authorized by the Department of State to issue the DS2019 document. The exchange visitor is required to present the DS2019 and a copy of the \$200 SEVIS Fee Receipt at the American Consulate in order to obtain a J-1 visa. This visa (J-1) enables the exchange visitor to pursue his/her study or to do other options as indicated on the DS2019.

### **Class Loads and Financial Aid**

Aid is awarded for an entire academic year (two semesters) and is based on full-time enrollment. The summer session usually is not part of the regular academic year. Students do not receive aid during non-enrollment periods. Most aid programs require students to be enrolled at least half-time. Students who enroll with a half-time class load may receive a maximum of 50% of the full-time award. Three fourths time enrollment permits students to receive a maximum of 75% of the full-time award. Students who change their course load during a given semester should read the Financial Aid Refund policy, see Undergraduate Financial Assistance.

### **Tuition Adjustment Policies**

Tuition adjustments are given to students who withdraw from school or drop individual courses during the academic term. These tuition adjustments are based on the date when all the appropriate drop forms with all the required signatures are completed and filed with the Office of Academic Records.

Fall and spring semester adjustments	
100%	1st–10th calendar day
70%	11th–17th calendar day
40%	18th–24th calendar day
0%	25th–last day of semester

**Summer session adjustments will differ based on the summer session you are enrolled in.**

**Courses with Special Schedules.** When courses are scheduled for irregular periods of time, adjustments are based on the ratio of the length of the course to the length of the academic period for that course. See also: Withdrawals and Refunds for Self-paced and interactive online courses

**Fees.** All fees are non-refundable.

**Financial Assistance Adjustments after withdrawal.** Federal and State regulations require the university to return a portion of program funds when a student withdraws completely from school after receiving financial assistance under any Federal Title IV program (other than Federal Work Study). Refer to Undergraduate Financial Assistance for Financial Aid Refund Policy.

### **Gifts and Bequests**

Each year the university has increased needs for scholarship funds to aid students. The Trustees of Andrews University invite alumni, friends, and members of the university family to join them in providing an increased opportunity for training youth in the traditions of a Christian university.

The following supplies contact information for making a gift, either unrestricted or designated for a specific purpose, to Andrews University:

# Charges

## Residence Hall Charges

Residence hall occupancy is based on two persons per room, for the duration of an entire term. All single undergraduates under 22 years of age should plan on living in the residence hall, unless living full-time with their parents.

Before the room assignment process is initiated, receipt of both the residence hall application and the room deposit are required. Prior to moving in, students must have been accepted for the session in question and be financially cleared.

### Residence Hall Package Plans\*

For fall and spring semesters

Double Occupancy (Lamson, Meier)	\$2,852
Double Occupancy (Burman)	\$1,440
Double Occupancy (Damazo)	\$2,852
Single Occupancy (Lamson, Meier)#	\$3,707
Single Occupancy (Burman)#	\$2,880
Single Occupancy (Damazo)#	\$4,360
(*if available space in Lamson, Meier, Burman, Damazo)	
Double Daily Rate (Lamson, Meier)	\$26
Single Daily Rate (Lamson, Meier)	\$33
Double Daily Rate (Burman)	\$13
Single Daily Rate (Burman)	\$26
Double Daily Rate (Damazo)	\$26
Single Daily Rate (Damazo)	\$40

For summer sessions

Summer room charges are calculated on a per day basis.

\* The residence hall package plan includes unlimited access to laundry facilities, utilities, health club membership (Lamson and Meier), and limited health care. It does not include health care lab work and x-rays, comprehensive psychological or substance use/abuse interventions or testing, health insurance, or miscellaneous expenses such as linens, cleaning, books, supplies, transportation or food. University Medical Specialties (UMS) charges the insurance company for any coverage applicable to the services provided to residence hall students, thus students should take their insurance information with them when utilizing UMS services. UMS waives any copay or deductible (for the student/family) for the limited health care provided. Note: Lamson and Meier Halls will close at 12 pm on Wednesday morning following the end of Fall Semester and will reopen at 12 pm on Wednesday morning before the beginning of Spring semester. Residents needed housing during the closure time should speak with a residence hall dean.

### Residence Hall Room Deposit Payment

The room deposit is \$250, payable by each resident prior to room assignment. Assignments are made on a first-come first-served basis. For priority room assignment, submit your application and deposit by July 15 for fall term, November 15 for spring term, and April 15 for summer terms. If a deposit is received after those dates, expect to be assigned to temporary housing.

### Residence Hall Room Deposit Refund

Room deposits are refunded if you do not move into the residence hall and cancel your application by August 1 for fall term, December 1 for spring term, and May 1 for summer term. Cancellation must be made through the residence hall housing office. Students will receive room assignment notification during the month of July for the upcoming fall semester. They are expected to confirm this room assignment online. Failure to confirm or cancel by August 1 will result in room cancellation as well as release of the room deposit. Rooms that have been confirmed and then canceled after August 1 will result in forfeiture of the room deposit.

### Failure to Check Out Properly

Students are charged if they leave the residence hall without following checkout procedures. Additional charges may be assessed depending on the amount of cleaning and/or repairs required.

### Residence Hall Unreturned Key Charges (subject to change)

Unreturned or lost key fee	\$75
Unreturned or lost security drawer key fee	\$10

**Personal Effects Insurance.** The University does not provide personal effects insurance coverage. The University is not responsible for the loss or damage, from any cause, of personal belongings brought to the campus. This is true even though students are required by the University to purchase certain items or to keep them in a specified place. The University strongly recommends that students secure their own personal effects insurance coverage.

## Meal Plan Charges

### Residence Hall Meal Plan

Undergraduate residence hall students under age 22 are required to participate in the Declining Balance Meal Plan. The minimum meal plan charge is \$2,511 per semester. The meal plan can be used for purchases at the Terrace Café, Gazebo and campus vending machines. In some cases, the minimum meal plan will not meet your complete food needs for the semester (for example, \$2,511 should cover approximately two average meals each day, every day, throughout the semester). Students who know they will require a larger meal plan amount may opt to add additional funds through Dining Services.

Students who run out of funds in the meal account during the semester may add to the balance in increments of \$100 by request at the Office of Dining Services in the Campus Center.

**There is no refund. The meal plan is non-refundable.**

All residence hall students of Andrews University employees receiving 60% educational allowance must select a meal plan regardless of the student's age. Women living in Damazo Hall can select the Damazo Meal Plan. please contact your Student Financial Services financial advisor.

**Gold Meal plan** cost per semester (\$2,511)

**Platinum Meal plan** cost per semester (\$2909)

### Café Account

Minimum amount to open a Café Account (\$50)

The Café Account is a plan for graduate and undergraduate students not living in a dormitory. Students may use their Café Account card to purchase food from the Terrace Café, Gazebo, or vending machines. To open a Café account with cash, check or credit card, visit the Office of Dining Services. To open a Café account with a credit balance on a student account, visit the Office of Student Financial Services.

## University Apartments Charges

### Apartments

<b>Application Fee</b>	\$320
The application fee is divided as follows:

Security Deposit	\$300
Cleaning Fee, non-refundable	\$100

### Monthly Rental Rates

#### One–three bedroom houses (\$700–\$1295)

The Office of University Apartments provides apartment descriptions and application forms upon request. Application forms can also be downloaded from [www.andrews.edu/apartments/](http://www.andrews.edu/apartments/). If notice of cancellation is received before the date of stated occupancy, the application fee is refunded minus the \$20 processing fee. Apartments or houses are assigned from the processing list in the order in which the application fee is received.

A student's immediate family only includes husband, wife, children, parents and biological siblings. Birth certificates must be provided showing the relationship to the student. Any other relatives (cousins, nieces, nephews, in-laws, etc.) who desire to live with students must first receive permission from the University Apartments director. Rent is increased by \$20 per month for each additional person that is not immediate family as described above or the student does not have legal guardianship over. No overcrowding is allowed.

Single students wanting to share an apartment with a roommate will pay an additional \$20 rent per month. The monthly rent, along with the additional extra person charge, will be divided between the roommates.

### Rent Payments

The first month's rent is prorated to the date of occupancy. Students are required to pay the first month's rent in advance. Thereafter, rent is due in advance on the 1st of each month. A late fee of \$35 is charged for any payment made after the 10th of the month. Payments can be made in person, by using the drop box, by mail or online. Address all payments and inquiries to:

Office of University Apartments  
Andrews University  
Box 10920  
Berrien Springs MI 49104

### Termination of Occupancy

All tenants are required to sign a year lease at the time of occupancy. At the end of the initial lease a new lease has to be signed if the tenant wishes to continue occupancy.

### Department of Aviation Charges

**Flight Majors:** Flight-training fees are to be paid at the beginning of each semester. This is to insure that flight training progresses without interruption due to financial limitations. Any additional flight or ground instruction, beyond each training module, will incur additional hourly training fees. Students must plan to cover their own costs of the 1st class FAA medical, and in the case of international students, the TSA application fee. FAA written flight tests, charts and other materials are additional and cannot be charged against the flight training fees.

**Please note:** Flight training fees are non-refundable. Students should plan to complete their training within the semester they have enrolled for the course. If, due to special circumstances, approved by the department; students unable to complete the training may be given a specified extension to finish their flight during the following break or semester. Beyond that exception, unused hours after the semester enrolled are forfeited and will be unusable.

#### Aviation Professional Fee

Fall \$115

Spring \$115

**International Flight Students: TSA Application Fee for Permission to Commence Flight Training** \$130

The fee is required for all non-U.S. students training as Private, Instrument and Multi-engine pilots. An approved application allots one year of training for each of the above flight ratings. If a student does not complete the rating in that time frame, they will be required to repay the TSA fee and reapply to continue training.

#### Community (Non-Flight Majors) Taking Flight Training

Flight-training fees will be on a pay-as-you-go basis. Ground School classes are available with no university credit for \$420 per course for the private, instrument and commercial courses and \$1100 for the CFI course. Credit for such courses may be obtained by registering through the registrar's office and paying regular tuition. For flight certificates without credit call the Department of Aviation for a cost estimate.

### Flight Training Fees and Rates

Rates and fees are subject to change without notice due to changes in operating costs (insurance, fuel, etc.). Every attempt will be made to maintain published rates. Check with the airport administration for current rates. Flight-training fees listed below apply to this bulletin:

### Course Fees For Flight Training Labs

The full fee amount is due at the beginning of the semester/registration for each course.

#### Transfer

Certain seminary programs are discounted to prepare students for specific ministries. If a student enrolls and takes classes in a **discounted** or reduced fee program (less than the published Doctoral or Master's rate) and then wishes to apply those credits earned to a higher priced program, the student may be assessed a fee to transfer or apply the discounted credits to the higher priced program at the time of transfer.

#### Program Specific Fees and Discounts

**MAR:** Full-time on-campus students and online students receive an automatic 50% tuition adjustment.

**MAYYAM/MA Religious Education:** Full-time on-campus students may apply for a tuition discount (based on GPA and other criteria), at the Seminary, at the Seminary Dean's office each semester by drop/add date (see below).

**MDiv:** The MDiv is already highly discounted to a flat registration fee for full time students and a discounted per credit fee for part-time students. No further discounts are available.

The registration fee is due August 15 for fall semester, December 15 for spring semester, and May 10 for summer term. Any overload credits (over 14 for fall and spring semesters or over 12 for the summer) are charged at the regular per-credit master's tuition rate.

MDiv students taking a graduate course in the College of Arts & Sciences in fulfillment of their elective course requirement may request a 50% tuition reduction (up to 9 credits), provided the class is not full and there are a sufficient number of students paying full tuition to warrant the teaching of the course. Directed study, laboratory courses, and study tours are not eligible for reduced tuition. Neither is this discount available for dual-enrollment students who have been accepted in a graduate degree program in the College of Arts & Sciences. Application form is available in the PhD office, but should be submitted to the Dean of Arts & Sciences.

A per-credit recording fee is charged for prior learning (CPL).

**PhD/ThD:** Visit the PhD program office for scholarship applications in January of each year.

**Doctoral:** Seminary Doctoral students will receive a 75% discount for Seminary MA level prerequisites taken on campus. If the prerequisite is taken on line, then the student's credit is reduced by the current SOLC per credit fee [see Seminary Online Learning Center (SOLC) charges.]

PhD students taking a graduate course in the College of Arts & Sciences in fulfillment of their elective course requirement may request a 75% tuition reduction (up to 9 credits), provided the class is not full and there are a sufficient number of students paying full tuition to warrant the teaching of the course. Directed study, laboratory courses, and study tours are not eligible for reduced tuition. Neither is this discount available for dual-enrollment students who have been accepted in a graduate degree program in the College of Arts & Sciences. Application form is available in the PhD office, but should be submitted to the Dean of Arts & Sciences

#### Seminary Scholarships and Discounts

##### Scholarships

Endowed/Named Scholarships—Application deadline will be set some time during spring semester for awards for the next year.

##### Emergency Scholarship

For true emergencies (health, accident, job loss, etc.) please visit the Seminary Dean's office for application details.

##### Seminary Spouse Discount

Available to master's-level students enrolled in Seminary programs whose paying spouses are enrolled full-time in a Seminary program. Student must submit application to Seminary Dean's office each semester by drop/add date. Details and applications are available in the Seminary Dean's office. Discount, if granted, would net Seminary master's tuition to \$182 per credit (maximum 9 credits per semester).

**Note:** The purpose of this section is to summarize the most common Seminary fees. Seminary students are still responsible for all fees and policies as set forth in this *Bulletin*.

**Other departmental charges for individual courses are listed in the *Class Schedule* or disclosed in the syllabus. These charges, which may be significant, are added to tuition.**

## Dictionary of Educational Expenses

Students have two types of expenses while attending the university—educational (tuition, books, insurance and fees) and living (housing and meals).

**The University makes every effort to maintain the costs published in this bulletin.** The University reserves the right to make changes as necessitated by unexpected increases in costs. Such changes are announced in advance of the semester in which they become effective.

**Additional Costs.** The online registration process, Financial Plan, assesses the two types of costs mentioned in the preceding section. However, students may incur additional expenses that are not estimated at the time of pre-registration. These billed expenses may include, but are not limited to, class fees, trips and tours, club fees, printing charges, and expenses related to a major such as photo store charges. Many of these expenses are described in more detail in the following pages. Fees are non-refundable.

**Alternative Loans.** Student Financial Services considers all awarded grants, scholarships and loans for a student's cost of attendance as resources when certifying an eligible amount of private educational loan funds. See Cost of Attendance Limitations for a list of these resources.

For Washington State Residents seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit [www.wsac.wa.gov/loan-advocacy](http://www.wsac.wa.gov/loan-advocacy) or contact the Student Loan Advocate at [loanadvocate@wsac.wa.gov](mailto:loanadvocate@wsac.wa.gov).

**Auditing a Class.** The cost of auditing a class is the same as the cost of enrolling for credit.

**Carrying Charge** of 1% is charged monthly on all unpaid account balances including those in a payment plan.

**Cash Withdrawal.** Andrews University is unable to serve as a bank for students. Sometimes students have a credit balance on their student account they need to withdraw. Students may request a cash withdrawal at the front desk in Student Financial Services. A maximum of three cash withdrawals not exceeding \$300 may be requested during an academic term. Cash withdrawals are not available if payment was made by credit card. Cash withdrawals may not be paid on monies anticipated in a future term. The student must present a current AU student ID or valid government photo id for release of funds.

**Change of Registration - \$35** Dropping/adding a course, changing from credit to audit, or from audit to credit after the "last day to enter any class" as published in the academic calendar, will be assessed a fee.

**Club Dues.** Clubs approved by Student Activities may recommend a maximum of three club dues to student accounts only during September and January. Appropriate forms with required information are turned in to Student Financial Services by September 25 and January 25. Student accounts cannot be used for fund-raising. Each club can only charge maximum annual dues of \$50.

**Co-Curricular Fee.** Up to \$470 per semester. The Co-Curricular Fee is not assessed until the end of the semester. It may be reduced or eliminated depending on a student's level of completion of the co-curricular requirement.

**Course/Lab Fees** listed in online class schedule

**Credit Balances** on student accounts may be withdrawn by or at the direction of the person responsible for the student's account. Credit balances left on the account for over 3 years go to the State of Michigan if not claimed.

**Credit Card Payments** will be accepted online only to pay account balances, but cannot be accepted for a student to make a cash withdrawal from his/her student account. Secure payments can be made via the Andrews web page at [www.andrews.edu/sf](http://www.andrews.edu/sf). We use a 3rd party provider, "TouchNet" to process credit card payments. This requires a login and password through TouchNet. There is a convenience fee of 2.95%. The following information is required:

Student Name:  
Student ID #:  
Type of card: (Visa/MC/Discover/American Express)

### Immunization Costs (as required)

Certain classes require immunization (i.e., biology, clinical laboratory science, nursing, physical therapy, and speech pathology). Immunization costs are charged to the student's account.

### Incomplete Grade \$35

**Lab/Course Fees** (listed in current class schedule)

**Late Registration—service fee** \$110

**Master's Program Continuation Fee** (not including Seminary) \$312

A master's student, who has advanced to candidacy, registers under program continuation when not registered for credit courses or other non-credit continuation (project, thesis, recital, and/or comprehensive exam). See Estimated Costs for Graduate.

**Non-Current Student Accounts** on which no payments are being made, may be turned over for third party collection. Students whose accounts are non-current must pay the account in full, including collection costs, before they may register for any additional coursework.

By enrollment, students agree to the following responsibility statement:

In consideration for any and all credit extended to me at any time in the past, present or future, I agree to give Andrews University a security interest in my student records. I understand that, in giving the University such an interest, I may not obtain a diploma or transcript of my record at any time for any reason unless my account is paid in full. The security interest I grant to the University is intended to cover any and all current indebtedness as well as any and all future advances of credit which the University may grant me at any time. I also understand that a 1% per month carrying charge will be added on my unpaid balance and I agree to pay this carrying charge in addition to any other debt. I recognize that the above figures displayed in Registration Central are estimates and I accept the responsibility for the payment of actual charges incurred. I explicitly agree to be responsible for those collection expenses in addition to the unpaid debt. I understand that Andrews University will be adding additional collection and

attorneys' fees (within a range of 33% to 40%) if an account goes into default. I understand that sundry charges not listed in the above estimate are due the month in which they appear on the statement.

I also acknowledge that, should I choose a monthly payment plan, my monthly amount is required in full by the 25th of each month.

I give authorization for my Title IV aid after current term institutional costs are covered to: 1) pay non-institutional charges such as my living expenses while attending Andrews University, 2) apply to prior year balances, if any. I authorize Andrews University to hold my Title IV credit balances on my account unless requested by me through University procedure.

**I have read and accepted the responsibility statement as presented.**

**Non-Sufficient Funds (NSF).** Charge for returned checks. \$40

### Payment Plans

**Cash Rebate Plans (No discounted or DIEP programs are eligible for the Rebate Plan)**

**(NO REBATES ARE GIVEN FOR A PRIOR SCHOOL YEAR, IT MUST BE REQUESTED DURING THE CURRENT SCHOOL YEAR)**

**3% Rebate Plan**—Full time regular students with at least 12 undergraduate credits or at least 8 graduate credits may choose to pay their estimated Out-of-Pocket Expenses (charges less financial aid resources) for the full year by **August 15** to receive a 3% rebate. After making payment, e-mail sfs@andrews.edu by the first day of class to request the 3% rebate. The student's minimum Out-of-Pocket Expenses as calculated online in TouchNet must be at least \$1000 to qualify for a payment plan. The rebate is unavailable for payment made after the first day of class. Cash withdrawals and refunds are unavailable until the end of spring semester. All approved rebates will be applied to the student account during the fall semester.

**1% Rebate Plan**—Full-time regular students with at least 12 undergraduate credits or at least 8 graduate credits may choose to pay their estimated Out-of-Pocket Expenses (charges less financial aid resources) in full for the semester to receive a 1% rebate per semester. The student's minimum Out-of-Pocket Expenses as calculated online in TouchNet must be at least \$500 to qualify for a payment plan. Each payment must be received by **August 15 for fall semester** and **December 15 for spring semester**. After making payment, e-mail sfs@andrews.edu by the first day of class to request the 1% rebate. The rebate is unavailable for payment made after the first day of class. Cash withdrawals and refunds are unavailable until the end of that semester. All approved rebates will be applied to the student account during that semester.

**Monthly Payment Plan**—Arrange to make monthly payments toward estimated Out-of-Pocket Expenses for the semester and any previous balance.

All previous account balances (including monthly payment plan balances) must be paid in full.

The plan is not to exceed more than 45% of the estimated Out-of-Pocket Expenses for the semester.

Payments are to zero the account by the end of the semester to which the plan applies.

Late payments will incur a late payment fee of \$25.

A 1% carrying charge will be posted to an unpaid balance at the end of the month.

Minimum balance for monthly payment plan is \$100 or above.

**Permission to Take Class Fee** \$30

**Post-Dated Checks** are not accepted.

**Prior Accounts.** Students may register only when accounts with other schools have been paid or arrangements made with them.

### Portfolio Assessment and Recording Fee

Non-refundable, per portfolio aligned with one course \$430

### Account Refund Policy

Refunds resulting from credit on the student's account will not be available to the student until approximately five days after the semester drop/add date. The preferred method of delivery for refunds is direct deposit through an e-refund

profile set up by the student in TouchNet. Alternatively, students may request that account credit be refunded via a paper check to be mailed to the address given by the students on the request form or for pickup at the Office of Student Financial Services front desk.

Refunds will only be issued from credit on the account at the time the refund is requested. Students should monitor their account balances carefully since funds from a future semester are unavailable until the appropriate time.

Student Financial Services is unable to serve students as a bank. A maximum of three credit refunds may be requested during a semester.

Students receiving federal loans are encouraged to carefully read their Discosure Statements so you are familiar with the loan disbursement schedule.

Funds from future semesters are unavailable until sent funds reach the University's bank. Students should plan their budgets accordingly.

Half-time enrollment is required for student loans to disburse to the account. A class does not count toward the half-time enrollment status until within ten (10) days of its start date.

To pick up a refund check in Student Financial Services, the student must show current Andrews University ID or valid driver's license.

For anyone other than the student to pick up the refund check, the student must sign a letter giving permission for that person to pick up their check. Without the appropriate documentation, the refund check will not be released.

Federal regulations require that credit from Parent (PLUS) loans be returned to the parents. Authorization from the parents is required before these funds can be released to the student. This authorization can be given when the parents complete the Parent (PLUS) loan requests or in writing to Student Financial Services anytime thereafter.

If you have received or are planning to receive Federal student loans, please be aware that you have the right to cancel all or a portion of your loan disbursements. However, you must act within 30 days of your loan disbursement. Contact your financial advisor if you need more information.

Credit refund checks not picked up will be mailed to your statement mailing address to avoid the 90 days expiration date.

**Registration Central.** For information on how to financially clear and register online, visit [vault.andrews.edu](http://vault.andrews.edu) and log on to "Registration Central."

Rescheduling senior exit tests and major field tests. \$110

# Undergraduate Financial Assistance

## Academic Scholarships Funded by Andrews University

The Andrews Partnership Scholarship reflects the university's desire to recognize academic achievement as well as assist students in achieving a degree in a Christian environment at Andrews University.

### Andrews Partnership Scholarship (Online degree seeking students are not eligible for Andrews Partnership Scholarship)

#### Merit-based

The Andrews Partnership Scholarship is available to accepted undergraduates including Canadian and international students. The Office of Undergraduate Admissions will determine the scholarship amounts for incoming freshmen and transfer students. To establish the scholarship amount, the Office of Undergraduate Admissions will determine a rating based on a minimum of two of the three following:

FTIACS (defined below)

- Confirmed U.S. SAT or ACT scores (Test must be taken by July 15)
- Confirmed U.S. cumulative GPA (following the conclusion of the sixth semester for academy or high school)
- High school curriculum

Transfer Students (defined below)

- Confirmed cumulative college GPA

Contact the Office of Undergraduate Admissions for further details.

#### FTIAC (First Time In Any College)

Andrews Partnership Scholarships are merit scholarships awarded to students who have taken fewer than 25 college semester credits after graduating from high school. The award amounts are based upon a combination of cumulative high school GPA, high school curriculum, and ACT or SAT. Andrews Partnership Scholarship is ten (10) semesters. The award levels are as follows:

#### Scholarship 4-Year Total

\$14,000	\$56,000
\$12,000	\$48,000
\$10,000	\$40,000
\$8,000	\$32,000

#### Additional Andrews Partnership Scholarship for FTIAC (First Time In Any College) Students

In addition to the Andrews Partnership Scholarship (based upon the combination of high school cumulative GPA and ACT/SAT scores) freshmen are eligible for an additional annual \$2,000 special APS for either (only one) of the following categories:

ACT composite of 30 to 33

SAT Evidence-based Reading and Writing (ERW) + Mathematics combination score of 1360 to 1480.

pSAT-NMSQT ERW + Math Combinations score of 1350 to 1460.

**Note:** Andrews University awards the ACT/SAT Scholarship for students scoring a composite score of 34 (ACT) or 1490 (SAT Evidence-based Reading and Writing + Math) or higher or pSAT-NMSQT of 1470 (ERW and Math) or higher. This scholarship covers 100% tuition for up to 144 undergraduate credits for incoming freshman. For details listed below under **National Merit Finalists Scholarship, National Hispanic Recognition Program Scholar, National African American Recognition Program Scholar, National Indigenous Recognition Program Scholar, and National Rural/Small Town Recognition Program Scholar and APS/SAT Scholarship.**

Continuing eligibility and time frames for this scholarship are the same as for the regular APS. Transfer students do not qualify for the additional APS for ACT or SAT scores since their APS is based upon their transfer cumulative college GPA.

Transfer students may qualify for full tuition scholarship if they were National Merit Finalists Scholarship, National Hispanic Recognition Program Scholar, National African American Recognition Program Scholar, National Indigenous Recognition Program Scholar, and National Rural/Small Town Recognition Program Scholar and APS/SAT Scholarship.

Students qualifying for the National Merit Finalists Scholarship, National Hispanic Recognition Program Scholar, National African American Recognition Program Scholar, National Indigenous Recognition Program Scholar, and National Rural/Small Town Recognition Program Scholar and APS/SAT Scholarship are **not** eligible for additional APS. All tests must be taken by July 15 to be evaluated to raise their APS.

**Accepted Undergraduate International Students outside the US and Canada will be awarded a \$14,000 APS.**

**Transfer Students (For Domestic and Canadian Transfers)**(transferring 25 or more semester credits taken after graduating from high school) to Andrews University who are full-time undergraduates and in their first degree program may be eligible for an Andrews Partnership Scholarship. Based on their incoming cumulative college GPA, the Office of Undergraduate Admissions will grant an Andrews Partnership Scholarship according to the following:

GPA	Scholarship Amount
3.90 to 4.00	\$14,000
3.67 to 3.89	\$12,000
3.50 to 3.66	\$10,000
2.50 (and below) - 3.49	\$8,000

This is based on students unarticulated cgpa of 25 college credits minimum. Below 25 credits, APS may be based on their secondary/high school transcripts.

Transfer students may qualify for full tuition scholarship if they were National Merit Finalists Scholarship, National Hispanic Recognition Program Scholar, National African American Recognition Program Scholar, National Indigenous Recognition Program Scholar, and National Rural/Small Town Recognition Program Scholar and APS/SAT Scholarship.

#### Named Scholarships

Endowments and other restricted scholarship funds from alumni and friends of the university provide specially named scholarships as part of the Andrews Partnership Scholarship. Selected students are awarded, by their school, a named scholarship based on academic performance, declared major, and career goals. Because of this special recognition a thank-you letter is required to be submitted electronically to the Office of Development through finVue (can be found under the requirements section). Receipt of a named scholarship will not increase the total amount of financial aid awarded if an Andrews Partnership Scholarship was already given.

#### Student Missionary/Taskforce Volunteer Scholarship

This scholarship is awarded to an undergraduate student who has served as an AU Student Missionary or Taskforce Volunteer through Andrews University and enrolls full-time at Andrews University the year following the year of service. The scholarship is up to \$1,600 scholarship. It is not transferable to any other school nor any other student. To apply for this scholarship fill out an application accompanied by a letter of evaluation from your mission field supervisor with the Student Missions Program in the Office of Campus Ministries. This scholarship is not part of the Andrews Partnership Scholarship.

#### Summer Ministries Scholarship Program

Summer camp scholarship will be based on \$230 per week for a maximum of 13 weeks or \$2,990 Summer camps that pay minimum wage or higher are not eligible for this scholarship. Student Financial Services will determine the amount of the scholarship based on the information received from camp directors in time for financial clearance.

Magabooks and HHES are matched 50% of the net earnings. The entire net earnings must be placed onto the student's account at Andrews University before the scholarship is given. The scholarship cap is \$3,000.

Andrews University Field Evangelism summer scholarship and church outreach program is matched at 100% of net earnings based on information given to Student Financial Services from the AU Religion Department, church, or conference. The scholarship cap is \$1900 and is available on odd years only.

Summer scholarships for Andrews University Religion Department Barnabas Connection (Undergraduates Only) and Church/Conference outreach programs are matched 100% based on the information given to Student Financial Services from each organization. The entire scholarship must be placed onto the student's account at Andrews University. The scholarship cap is \$2,800.

All summer scholarships are awarded to **full-time** undergraduate and graduate students in a **degree program** attending the Berrien Springs campus and require full-time service. The scholarship closing date for consideration is October 31 of the current academic year.

If a student attends Adventist Colleges Abroad, Student Missionary or Task Force that fall, their scholarship will be held until the following year and funds disbursed the next fall semester. If they also work in a summer ministries program that year, the scholarship would be given the following fall semester.

#### Included and Excluded Funds

Funding for Andrews Partnership Scholarships may include Andrews University grants, named scholarships, and departmental scholarships, as well as the value of spouse free tuition. Funds not included in the Andrews Partnership Scholarship are Summer Ministries, Student Missionary/Taskforce, General Conference Missionary Matching, Undergraduate Research grants, the DeHaan Work Excellence Award, employer-provided scholarship or assistance, music performance, and non-Andrews outside resources.

#### Continuing Eligibility

To retain the Andrews Partnership Scholarship each student must meet all of the following:

- The university's Satisfactory Academic Progress policy
- Complete a four-year degree in ten semesters or get permission for an APS extension from the associate vice president for Enrollment Management. Students are allowed terms of prorated APS for less-than-full-time attendance (minimum 6 full-price credits, i.e. half time; handled manually upon written request to Student Financial Services). A prorated term counts as one complete term of the ten Andrews Partnership Scholarship terms allowed. 9–11 credits=75% APS; 6–8 credits=50% APS.
- Be a full-time (minimum 12 credit hours) undergraduate completing his/her first degree on the Berrien Springs campus
- Be a full-time (minimum 12 credit hours) student on the Andrews University main campus. Twelve Andrews undergraduate correspondence credits, 12 ELI non-credits, May Express, Sahmyook Top Scholar, and other discounted credits, do not qualify as full-time eligibility for the Andrews Partnership Scholarship.

#### Summer Enrollment

An Andrews Partnership Scholarship recipient may request the Andrews Partnership Scholarship during the summer term if all of the requirements are met. The summer term will count as one of the 10 semesters for which the Andrews Partnership Scholarship may be available. Usually the only aid available for summer is a student loan.

#### Special Andrews Partnership Scholarship

**National Merit Finalists Scholarship, National Hispanic Recognition Program Scholar, National African American Recognition Program Scholar, National Indigenous Recognition Program Scholar, and National Rural/Small Town Recognition Program Scholar and APS/SAT Scholarship.**

Andrews University rewards National Merit Finalists Scholarship, National Hispanic Recognition Program Scholar, National African American Recognition Program Scholar, National Indigenous Recognition Program Scholar, and National Rural/Small Town Recognition Program Scholar and APS/SAT Scholarship (those with a composite score of 34 ACT or 1490 SAT (Math + Verbal or higher) a special Andrews Partnership Scholarship that covers 100% tuition for five years for incoming freshmen with a cap of 144 credits and limited to a declared degree(s). To confirm receipt of the scholarship, submit appropriate records (award letter, certificate and/or official test scores) to the Office of Undergraduate Admissions. Rules:

- Total aid received by the awardee, including a university scholarship or grant, cannot exceed the cost of attendance. Gift aid includes external scholarships, merit aid, and then need-based aid. Non-gift aid includes Educational Allowance, federal loans and private loans. Should the total aid exceed the cost of tuition per semester, then books, general fee, required course fees and the costs of dorm and dining services (meal plan/cafe account)(if student exceeds meal plan will increase up to an additional \$300), computers/ipads/tablets (up to \$2500), required software may be included in the calculation.
- No cash amount is paid directly to the student, nor may any funds be transferred to any other student's account if total aid includes an educational allowance plus a 100% tuition scholarship with the following exception:
  - Federal PELL grant and student loans may be withdrawn if they create a credit balance. No greater than the amount of these funds may be withdrawn.

- Excess credit from educational allowance plus 100% scholarship may not be withdrawn; **however, it may carry over from fall/spring to be used toward a summer tour if made aware of.**
- The length of this 100% tuition Andrews Partnership Scholarship is ten (10) semesters with a cap of 144 credits and limited to a degree(s). Transfer credits and dual credits taken in Academy or High School do not count in the cap for first time Freshmen.
- All 100% tuition scholarships will be renewed yearly if students maintain a 3.25 Andrews University cumulative GPA. If GPA is above 2.0 but below 3.25 after a warning term, the standard Andrews Partnership Scholarship will be awarded in lieu of the 100% scholarship.
- Transfer students may qualify for the National Merit Finalists Scholarship, National Hispanic Recognition Program Scholar, National African American Recognition Program Scholar, National Indigenous Recognition Program Scholar, and National Rural/Small Town Recognition Program Scholar and APS/SAT Scholarship under the following conditions:
  - The scholar enters the scholarship program at his/her appropriate grade level. In no case is a transfer scholar eligible for a full five-year scholarship.
  - The student must meet the GPA requirements as outlined in #4 above at his/her appropriate grade level.

#### Andrews Gift Aid

In addition to the Andrews Partnership Scholarship, Andrews University makes Andrews Gift monies available to help satisfy the student's need as determined by the financial aid information. To be eligible for Andrews Gift aid, students must file the Free Application for Federal Student Aid (FAFSA), [www.fafsa.ed.gov](http://www.fafsa.ed.gov). To complete your financial aid award, you will need to submit the AU Financial Information Sheet and any other documents required for verification by the Student Financial Services Office. If you did not or could not use the IRS Data Retrieval Tool on the FAFSA, we will need an IRS Tax Return Transcript. You can request one at [www.irs.gov/individuals/get-transcript](http://www.irs.gov/individuals/get-transcript). The priority processing date is March 1. No electronic award letter will be prepared until Student Financial Services receives and processes these forms. Andrews Gift will be recalculated if outside resources are received after initial awarding.

Many of the financial aid programs presented in this bulletin are governed by Federal and State regulations. Every attempt has been made to be accurate in the program description at the time of printing. Changes, however, may be made over which the university has no control.

#### Defining Financial Need

When figuring eligibility for financial aid, need is determined by the following Financial Aid Formula: Cost of Attendance - Expected Family Contribution = Need

**Cost of Attendance** refers to the amount it costs to attend Andrews. This cost includes tuition, estimated cost of books, general fee, room and board, personal and travel allowances.

**Expected Family Contribution** is determined by taking financial information provided by the student on the Free Application for Federal Student Aid (FAFSA) and calculating a result.

**Educational Need** is the difference between cost of attendance and expected family contribution. Need-based aid comes from Federal, State, and/or institutional funds.

#### General Information

**FERPA.** Andrews University follows the Family Educational Rights and Privacy Act guidelines.

**Financial Aid Documents.** To find required documents visit [www.andrews.edu/sf](http://www.andrews.edu/sf).

To complete your financial aid offer, you will need to submit the Financial Information Sheet and other documents if selected for verification. If you did not or could not use the IRS Data Retrieval Tool on the FAFSA, we will need an IRS Return Transcript. You can request one at [www.irs.gov/individuals/get-transcript](http://www.irs.gov/individuals/get-transcript). No financial aid offer will be prepared until Student Financial Services receives and processes these forms. Priority processing date is March 1.

The United States Department of Education selects some students for whom the school must verify the information submitted on their FAFSAs.

**When to do the FAFSA.** Students can file the FAFSA online after October 1 for the following academic year and sign electronically with the student's FSA ID. The Federal office will process aid eligibility only after receiving an electronic signature.

**School Name and Federal School Code.** The FAFSA must include the name(s) of the college(s) to which the student is applying. Andrews University's Federal School code is 002238.

**Federal, State, and Institutional Financial Aid.** The information on Federal and State-based aid is in accordance with regulations and funding information available at the time this bulletin goes to press. Actual awards depend on Federal and State regulations and funding at the time aid is disbursed.

Aid money is credited to the student account each semester. Any change required in the student's verification process (check to be sure what was entered on the FAFSA matches what was entered on the verification forms) can change the financial aid award.

For **Washington State Residents** seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit [www.wsac.wa.gov/loan-advocacy](http://www.wsac.wa.gov/loan-advocacy) or contact the Student Loan Advocate at [loanadvocate@wsac.wa.gov](mailto:loanadvocate@wsac.wa.gov).

**Master Promissory Note (MPN).** Andrews University follows Federal guidelines for Master Promissory Notes. Students sign electronically a loan note only once indicating their intent to use loans to pay their tuition expenses and their commitment to repay the loans after graduation. Once electronically signed, the loan note remains active for ten years (unless it is canceled by the student). Andrews University uses an in-house loan-request form for students to indicate which loans and how much loan eligibility they will use each year.

**Funding Limitations.** Should university aid funds become over-committed, Andrews University reserves the right to reduce all previously granted awards, to discontinue making further awards, and/or to use other appropriate methods to bring aid expenditures into agreement with budgeted aid figures.

**Financial Aid Eligibility.** To be eligible for financial aid, a student must be:

- Accepted on regular, provisional, or probationary status (guest student status is not recognized for aid purposes).
- Enrolled in a program of study leading toward a degree or an approved certificate program.
- Registered for at least one-half of a full class load each semester.

A full class load is usually required for institutional aid.

**Citizenship Requirements for Federal and State Aid.**

- A U.S. citizen or national (includes natives of American Samoa or Swains Island)
- A U.S. permanent resident.
- Citizens of the Freely Associated States: the Federated States of Micronesia and the republics of Palau and the Marshall Islands. Eligible only for Pell Grant.
- Other eligible non-citizens.
- Only students who meet the Michigan residency requirements and filing dates will be eligible for Michigan aid consideration.

**Non-citizen Eligibility.** An eligible non-citizen is a student whose status matches one of the following:

- A U.S. permanent resident who has a Permanent Resident/Resident Alien card. (I-151, I-551, I-551C).
- A person who has an Arrival-Departure Record (I-94) from the Bureau of Citizenship and Immigration Services (BCIS) showing one of the following designations: "Refugee," "Asylee," "Parole," ["Conditional Entrant" (valid only if issued before April 1, 1980)]. They may also have a Refugee Travel Document (Form I-571).
- Cuban Haitian Entrant having a stamped across the face of the I-94 indicating that they have been classified as a "Cuban-Haitian Entrant (Status Pending)." Students without I-94 documentation may have their status confirmed by a Customs and Border Patrol stamp, showing class of admission and date admitted or paroled on their passport.
- Victims of human trafficking will have a letter from Health and Human Services or a T-visa. Battered immigrants under the Violence Against Women Act (VAWA) will have an I-797 form, a court order from an immigration judge, or an I-360 form with approval or prima facie finding by USCIS.
- Persons with a passport with an Arrival/Departure Record (I-94) stamped with the following endorsement: "Processed for I-551. Temporary Evidence

of Lawful Admission for Permanent Residence. Valid until \_\_\_\_\_, Employment Authorized" with an A-number and valid date.

- Persons with an unexpired foreign passport containing a machine readable immigrant visa (MRIV) in the passport, with a Customs and Border Protection inspector admission stamp and the statement "UPON ENDORSEMENT SERVES AS TEMPORARY I-551 EVIDENCING PERMANENT RESIDENCE FOR 1 YEAR." The MRIV must be in an unexpired foreign passport, endorsed, and is valid for one year from the date on the endorsement stamp.
- Persons with a U.S. Travel Document containing a Re-entry Permit (I-327) or Refugee Travel Document (I-571) annotated with "Permit to Re-enter Form I-327."
- Persons with at least 50% Native American blood born in Canada. They may need to provide proof of both qualifications.

**Notes:** Conditional Resident Aliens have documentation that expires. This documentation is acceptable to receive Federal Financial aid as long as the expiration date has not passed.

Students who have only a Notice of Approval to Apply for Permanent Residence (I-171 or I-464A), students who are in the United States on an F1 or F2 student visa only, or students on a J1 or J2 exchange visitor visa only cannot receive Federal and State aid. Also, persons with G series visas (pertaining to international organizations) are not eligible for Federal and State aid.

Certain Native American students born in Canada with a status under the Jay Treaty of 1789 may also be eligible for federal student aid.

Undocumented students, including DACA recipients, are not eligible for federal student aid, but you may still be eligible for institutional aid, in addition to private scholarships.

**Class Loads and Financial Aid.** Aid is awarded for an entire academic year (two semesters) and is based on full-time enrollment. The summer session usually is not part of the regular academic year. Students do not receive aid during non-enrollment periods. Most aid programs require students to be enrolled at least half-time. Students who enroll with a half-time class load may receive a maximum of 50% of the full-time award. Three-fourths time enrollment permits students to receive a maximum of 75% of the full-time award. Students who change their course load during a given semester should read the Financial Aid Refund Policy.

The student's continued eligibility for financial aid is also based on his/her academic progress as described in the following chart:

Credit Hours for Class Loads			
Program/Level	Full-load	3/4 Load	Half-load
Undergraduate	12+	9-11	6-8
Physical Therapy	12+	9-11	6-8
Graduate School and Seminary	8+	6-7	4-5
MDiv	9+	6.75-8	4.5-6.74

**Cost of Attendance Limitations.** The maximum award a student can receive is regulated by Federal and State regulations. The university is required to ensure that the combined financial resources available to students from Federal and non-Federal sources do not exceed documented educational need. These sources include but are not limited to:

- William D. Ford Federal Direct Loan Program (formerly the Federal Stafford Loan Program—and hereafter referred to as the Federal Direct Loan)
- Federal Pell Grant
- Federal Supplementary Educational Opportunity Grant (FSEOG)
- Tuition and fee waivers
- Andrews Partnership Scholarship
- Andrews Gift
- Scholarships or grants from parent's employer
- State grant and scholarship
- Any grant or scholarship from any source
- Federal work-study earnings

Student Financial Services monitors all aid and is required to adjust awards to conform to Federal, State, and institutional regulations.

**Special Circumstances.** Under certain situations, the United States Department of Education permits a school's financial aid office to make adjustments to the parent's or student's analysis information (provided on the FAFSA at the time of application). The adjustments permitted take into account changes in the family's

financial situation that occurred since the FAFSA was completed. These special situations include, but are not limited to:

- Loss of employment
- Loss of untaxed income
- Separation or divorce
- Death of a parent
- Illness or excessive out-of-pocket medical expenses
- Tuition paid by parents for student siblings in elementary or secondary school

Students who have completed their financial aid process and later experience one of these special situations should ask their financial advisor to review their aid eligibility. To request this financial aid eligibility review, the independent student or the parent of a dependent student must provide a signed professional judgment request, with proof of change. Proof may include such documents as a death certificate, employer discharge letter, or last paycheck stub. When requesting a review, emphasis should be placed on information that was not available originally to the Student Financial Services Office. Anticipated changes are not grounds for a review. After reviewing the information submitted, Student Financial Services may require additional documentation.

Unfortunately, not all circumstances that are considered special by parents and students are permissible by the federal government. Appeals to the initial determination must be received in writing no later than three weeks after receiving the initial determination. Appeals are reviewed by the vice-president for Financial Administration and Enrollment Management together with the director of Student Financial Services. All information regarding financial aid in general and special conditions is treated confidentially.

**Priority Dates for Financial Aid Applicants.** Students desiring financial aid must apply each year and submit the following documents:

- October 1—The Free Application for Federal Student Aid (FAFSA) should be filed on-line at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) indicating Andrews University (school code 002238) as the first college to which the analysis report should be sent.
- After October 1—Submit the AU Financial Information Sheet (Undergraduates only) and other documents if selected for verification. If you did not or could not use the IRS Data Retrieval Tool on the FAFSA, a copy of a signed 1040 or an IRS Tax Return Transcript is required. You can request an IRS Tax Return Transcript at [www.irs.gov/individuals/get-transcript](http://www.irs.gov/individuals/get-transcript). Some campus based funds may not be available after March.

**Financial Aid Refund Policy.** This policy covers changes in the amount of financial aid due to the dropping of classes or withdrawal from school.

Students who receive financial aid from state or Federal funds must be aware that any change in the number of credits taken during each semester may affect the amount of financial aid they can receive. A smaller number of credits lessens the amount of aid. The amount of aid hereby forfeited must be returned to the aid fund. Likewise, a complete drop means that aid funds be returned, depending on the date of the complete drop. The rules controlling such refunds to the aid fund(s) are determined by the U.S. Department of Education and are used for all Title IV recipients nationwide.

#### **Return of Title IV Funds Policy**

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws from Andrews University for any reason, officially and/or unofficially, the student may no longer be eligible for the full amount of Title IV funds originally awarded. (Title IV aid refers to federal aid programs under the Higher Education Act of 1965). The return of funds to the federal government is based on the premise that a student earns financial aid in proportion to the length of time during which they remains enrolled.

**Federal Regulations require a recalculation of financial aid eligibility if a student:**

- Completely withdraws
- Stops attending before the end of the term
- Fails all classes

Financial aid that is processed for a student who never begins attendance will be canceled and all of the funds will be returned to the Department of Education.

#### **Earned Versus Unearned Financial Aid**

If a student withdraws officially, unofficially, or through Administrative withdrawal from Andrews University, federal regulations require us to calculate Federal Title IV aid earned during the term in which the student no longer attends.

Title IV aid disbursed is earned based on a ratio of calendar days attended, to total calendar days in the Semester, less any breaks of 5 or more days. Once the 60% point in the enrolled Semester is reached, a student is considered to have earned all of the financial aid originally awarded and no return of Title IV aid is required.

Earned aid based on days attended can remain disbursed.

#### **Student Notification of Repayment**

The return regulations require a calculation of amounts a school must return, and/or may return. Students are ultimately responsible for returning unearned funds, however; Andrews University does return all unearned aid to the Department of Education on the student's behalf.

As a result, the student may owe a balance to Andrews University after a return of Title IV funds. It is the student's responsibility to pay the school for the balance. A financial hold for the balance will prevent any registration of courses in the future. A balance on account will also hold a transcript and diploma from being released.

#### **Federal Formula**

The amount of Title IV aid earned is determined by multiplying the result of the ratio of days attended to total days in the Semester by the total of the Title IV aid disbursed (plus Title IV aid that could have disbursed in the case of post-withdrawal pending aid).

*Example: 5 days attended/100 total days = 5% (total Title IV aid disbursed) = earned aid.*

The regulated time frame to return funds is no later than 45 days from the determination of a withdrawal.

#### **Determination of Withdrawal Date**

Our institution is not required to take attendance. Therefore, the date we use in the return of funds calculation is the date the student officially and/or unofficially withdraws or stops attending courses. This would be either date of submission of a student exit form or the official notification date of a student that they wish to withdraw.

If a student stops attending without notification, the date used will be the verified last date of academic activity collected from instructors for all withdrawn courses in the term. This date coincides with the last date of attendance, the last date of an academic activity such as homework assignment, quiz, exam or graded paper.

#### **Not Started**

Andrews University requests that instructors report each Semester whether or not a student begins attendance in a course. If a student does not begin attendance in a course, that course must be taken out of consideration for Title IV funds. The Title IV funds will be recalculated excluding that course. Depending on the remaining hours of registration, students may have their aid partially reduced or fully reduced. Students may also be subject to Title IV return calculations resulting in a reduction or cancellation of Title IV aid.

Students who do not plan to attend and will not be participating in a course should drop the class prior to the start of the term (or, at the very least, within the 100% refund period) to avoid Title IV aid recalculation.

#### **Post-Withdrawal Disbursement**

Students that withdraw completely with pending aid that did not disburse prior to withdrawal may be eligible for a post-withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, the student must give permission before the funds can be disbursed.

Andrews University may use all or a portion of the post-withdrawal disbursement of grant funds for qualified educational expenses. Permission is required to use post-withdrawal grant funds for all other school charges. Students will be notified within 30 days of the determined withdrawal date.

#### **Unearned Non-Passing Grades**

Students who receive all non-passing grades (F grades) at the end of the Semester, and whose attendance cannot be verified with instructors in all courses enrolled, will be considered unofficially withdrawn and all aid will be returned.

#### **Federal Title IV Aid Programs Order of Return**

After calculating, the federal formula funds are returned in the following order for students who drop all their classes:

- Unsubsidized Direct Loan
- Subsidized Direct Loan
- PLUS Direct Loan (Parent)

- PLUS Direct Loan (Graduate)
- Federal PELL Grant
- Federal SEOG
- Other Title IV student assistance

### Withdrawal and Future Financial Aid Eligibility

Please refer to the Satisfactory Academic Progress section of this Bulletin to determine how financial aid is impacted.

### Additional Loan Information to Consider When Withdrawing

Students are entitled to a 6 month grace period prior to repayment of their Federal loan(s). If a student is less than half-time for 6 months their loans will go into repayment status with their federal loan servicer. The grace period begins the day a student drops below half time. A student's lack of graduation does not equate to in-school deferment.

Students must complete Exit Loan Counseling at [www.studentloans.gov](http://www.studentloans.gov) and contact their loan servicer to make payment arrangements, or ask any questions pertaining to the grace period or repayment status.

**State Grants and/or Scholarships.** Michigan refunds are calculated using the following two-step formula:

- Amount of aid for ÷ Tuition and fees = Percentage enrollment period for same period
- Percentage x Tuition and fee = Amount returned adjustment to aid fund

**Michigan Residents** are defined as dependent students whose parents have resided in Michigan since June of the year before the enrollment year or as independent students who have resided in Michigan since June of the year before the enrollment year.

**Pennsylvania, Vermont, Rhode Island, and other States.** Determine grant eligibility following each State's applicable guidelines.

For **Washington State Residents** seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit [www.wsac.wa.gov/loan-advocacy](http://www.wsac.wa.gov/loan-advocacy) or contact the Student Loan Advocate at [loanadvocate@wsac.wa.gov](mailto:loanadvocate@wsac.wa.gov).

**External Grants and/or Scholarships.** Aid is returned to donor organizations according to each organization's own guidelines. Non-Title IV funds include:

- State Grant/Scholarship
- External Scholarships/Grants
- Educational Allowance/Discounts

### Federal Perkins Loan Program

Students who are no longer enrolled, have not paid on a Federal Perkins Loan obtained at Andrews University and request their academic transcripts must contact the Perkins Loan Collection Office for more information. This office is part of Student Financial Services on campus and can be contacted by calling 269-471-6271.

### Work Study Program

Students employed under the Federal Work Study (FWS) program receive their entire paycheck. Earnings are paid both by Andrews University and the Federal government. Students must do everything necessary to reach the work earnings that are estimated in their award. Otherwise they must be prepared to pay the difference from personal or parental resources.

**Federal Work Study (FWS).** To be eligible for assistance under the Federal Work Study program, students must demonstrate financial need and have a minimum overall GPA of 2.00. This program parallels the student labor program of the university. Eligibility for this program is determined through the standard financial aid application process. Students working under the Federal Work Study Program must be U.S. citizens or eligible non-citizens.

## Satisfactory Academic Progress (SAP)

### SAP Policy for Undergraduate Students with Financial Aid

#### UNDERGRADUATE

#### Satisfactory Academic Progress (SAP)

According to the United States Department of Education, all schools are required to follow federal, state and institutional SAP policies when awarding financial aid. Students must make Satisfactory Academic Progress (SAP) toward the completion

of their associate, baccalaureate, or graduate degrees to qualify for financial aid. Second-degree seeking students are evaluated under the same policy. The Office of Student Financial Services will monitor your academic progress at the end of each semester (including summer term) for all enrolled students regardless of whether or not financial aid was received that semester.

It is the student's responsibility to read, understand, and adhere to the SAP policy in order to remain eligible for financial aid. Failure to comply with this policy can result in the student's financial aid eligibility being terminated at Andrews University.

To maintain eligibility for Federal Title IV and/or institutional financial aid assistance, students must meet the following minimum standards:

#### Qualitative Measure: Financial Aid Minimum Grade Point Average (GPA)

To make satisfactory academic progress, undergraduate students must maintain an overall GPA of 2.0 (average grade of C).

Transfer credit grades are not counted, a student progress in the qualitative measure is solely Andrews University credit grades.

Repeat credits: students may repeat a course in which they receive an unsatisfactory grade. In the case of undergraduate students only, the course with the higher grade is used to calculate the GPA.

Changes in GPA due to completion of "incomplete" or "deferred" grades or changes made for any other reason are considered when aid eligibility is reviewed at the next regular monitoring time.

A change in major from one school to another (ex. Business to Arts & Sciences) may on a case by case basis lead to an additional term of aid, or "reset" of counting SAP terms. The projected grades required and time frame needed to raise a GPA to standard will be taken into consideration.

#### Quantitative Measure: (A) Pace of Program and (B) Maximum Time Frame (C) Transfer Maximum Timeframe

**A.** Students must complete at least two-thirds of the number of credits attempted with a passing grade regardless of enrollment status (full-time or half-time), and maintain a 66.67% completion ratio. The Office of Student Financial Services confirms that the student has met this requirement prior to the beginning of the student's new enrollment period.

Credit grades of A, B, C, D and S are considered hours attempted and completed. Withdrawals (W), audit (AU), incomplete (I), failing (F or U) credits are counted as hours attempted only.

Transfer credits will not be included in calculating the two-thirds completion rate.

Repeat credits are counted only once as part of the total credits attempted.

Changes due to completion of "incomplete" or "deferred" grades or changes made for any other reason are considered when aid eligibility is reviewed at the next regular monitoring time.

**B.** Student may not exceed 150% of the required credits to graduate with their declared degree program regardless of whether or not financial aid was received during previous semesters. Students are advised to work with their academic advisor to "stay on target" to complete educational goals.

**C.** Academic progress from other institutions will be included in maximum timeframe. All attempted credit hours from Andrews University (AU) and/or any other institution of attendance will count towards attempted credit hours with regard to maximum timeframe. Students who have attempted 150 percent of the allowed number of credit hours for any degree will be ineligible to receive financial aid at AU.

**Rules for Remedial or Developmental Coursework.** An otherwise eligible student may receive financial aid for a maximum of 30 attempted credit hours in developmental/remedial course work. Once the 30 credit hours maximum are reached, additional developmental credit hours will not be used to calculate the award amount. Developmental hours are not included in the GPA calculation, but they are included in the qualitative assessment of SAP. They are not included in the quantitative calculation (completion rate), nor the calculation of maximum timeframe. They do not apply towards the degree program.

#### Categories of Continuing Financial Aid Eligibility

At the beginning of each semester, students are placed into one of the following categories on the basis of the previous year's academic performance:

**Satisfactory Progress.** Students who meet all regulations outlined in the Satisfactory Academic Progress policy and new students beginning their academic work at Andrews University qualify as making SAP.

**Financial Aid Warning.** Students who fail to meet all regulations outlined in the SAP policy receive a Financial Aid Warning for one semester. During the Financial Aid Warning semester, students are eligible to receive financial aid as awarded. The student is allowed only one Financial Aid Warning semester for each degree program, except under extenuating circumstances. Academic performance during this semester determines whether financial aid is given in future semesters. If the student again meets the minimum required standards, the student is returned to satisfactory progress status and is eligible to continue receiving aid as awarded. Students who fail to attain SAP after the Financial Aid Warning semester are no longer eligible for financial aid. Students placed on Financial Aid Warning are encouraged to contact their academic department for assistance in planning for academic success.

If students fail to meet the SAP requirements they are welcome to register for classes with the approval of their dean/academic advisor at their own expense until they meet SAP policy standards.

**Financial Aid Appeal Procedure.** Students who fail to maintain SAP and who lose current semester financial aid due to special or extenuating circumstances may appeal such an action in writing. All appeals must be completed using the SAP Appeal form available at the Office of Student Financial Services website under Forms (<https://www.andrews.edu/documents/financial/sf/aid/sap-appeal-form.pdf>), and must be submitted before the first day of class for the next term that you plan to attend. All undergraduate students who fail to maintain SAP must contact the office of Student Success to complete an Academic Plan that must be provided together with the SAP Appeal form. All appeal documents must be attached to the SAP form. Allow up to ten business days from submission of the form and all documentation to process your appeal. Students should recognize that submission of an appeal does not guarantee reinstatement of financial aid eligibility and approval is not "automatically" granted. Students will be notified regarding either a determination or next steps via their Andrews University email address or another means of communication. Decisions are final.

**Financial Aid Probation.** When failure is due to extenuating circumstances or circumstances beyond the reasonable control of the student, he/she may appeal for a semester of financial aid probation. Proof must support the stated extenuating circumstances in the event of the death of a relative, a medical emergency or illness of the student, legal dependent or spouse, military activation or deployment, employer required changes on work schedule, disaster, or any other special circumstances. Reasons such as being unprepared for college course work, the course was not what was expected, not liking the instructor and other related excuses are NOT qualifying circumstances for an appeal and will result in an appeal being denied. Students are responsible for monitoring their own progress status. Our office makes every attempt to notify students of their status. However, failure to receive notice does not affect the calculated status and is not reason to appeal. Please ensure that home and email addresses are updated with Admissions and Records Department.

If an appeal is approved, a student will be placed on Financial Aid Probation for one semester. Future financial aid is dependent on meeting SAP standards by the end of the probationary semester.

If the appeal is denied, a student is no longer eligible for financial aid. Student is welcome to register for classes with the approval of their dean/academic advisor at their own expense until they meet SAP policy standards.

**Break in Enrollment.** When a student has a break in enrollment and is readmitted, the SAP status for prior terms will apply. For example, if a student is placed on financial aid suspension at the end of the spring term, does not return in the fall term, and is readmitted the next spring term, the student will continue in a financial aid suspension status for that term.

**Please Note: The financial aid SAP standards are not the same as Andrews University's general academic requirements. Students should contact an academic counselor to determine those separate requirements for maintaining their academic enrollment.**

### Adventist Colleges Abroad (ACA)

**Eligibility Criteria.** Students planning to attend an institution affiliated with Adventist Colleges Abroad (ACA) may be eligible to obtain Federal and State financial aid under the following conditions:

- The student registers and has to be financially approved at the Andrews University Berrien Springs campus before attending Adventist Colleges Abroad (ACA).

- The student must meet Andrews University's Satisfactory Academic Progress policy.
- Aid-eligible students may receive Federal and/or State financial aid only as long as it takes to complete 25% or less of their total degree program (usually the equivalent of two academic semesters).
- However, students are not eligible for:
  - Federal campus-based aid (Federal Work Study, Federal Supplemental Educational Opportunity Grant)
  - Andrews University scholarships and grants while attending an ACA campus.

**Application Procedures.** Students should follow the procedure outlined below to apply for financial aid for enrollment at an ACA college:

- Complete the Free Application for Federal Student Aid (FAFSA) form online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) indicating Andrews University as the first college of choice. Federal School code is 002238 for Andrews University.
- Complete your financial aid award, you will need to submit the AU Financial Information Sheet and other documents if selected for verification. If you did not or could not use the IRS Data Retrieval Tool on the FAFSA, we will need an IRS Tax Return Transcript. You can request one at [www.irs.gov/individuals/get-transcript](http://www.irs.gov/individuals/get-transcript).

All students planning to attend an ACA college must meet the University's **financial aid deadlines**. Students who miss the deadline may experience difficulty in having aid posted to their account when they need it. Students are advised to complete the entire financial aid process before leaving the U.S.

**Application Process—ACA Affiliated Colleges.** A student planning to enroll at an ACA college should submit an ACA application form to Andrews University Enrollment Services.

A student is accepted only when all the necessary financial aid documents are received and Student Financial Services can process an aid application. The student is informed if he/she is eligible for aid.

When the verification process is complete, Student Financial Services credits the student's aid award(s) directly to his/her student account at Andrews University. A student applying for the Federal Direct Loan must sign a master promissory note and do loan counseling if these have not been done here at Andrews University before leaving for the ACA school. When a loan is approved, funds are credited directly to the student's account at Andrews University.

### Student Missionary and Taskforce Worker Academic Credit/Loan Deferral Program

To enable students to participate in the Student Missionary and Taskforce volunteer service programs, especially students who have borrowed funds under the William D. Ford Federal Direct Loan or Federal Perkins Loan, Andrews University has a special academic loan deferral program for U.S.-citizen and permanent resident undergraduate students. This program allows student borrowers to remain in loan-deferment status (student loan repayment is postponed) while keeping student status with either a non-credit continuation course or independent study courses arranged before leaving Andrews. The following guidelines apply:

While away, students may choose either Continuation or Independent Study.

- **Continuation Study**
  - All Andrews Student Missionary or Taskforce workers must register (before leaving for service) for IDSC296 or IDSC596 Student Missionary/Taskforce Experience for each semester they plan to be away. Students are charged a semester recording fee. Students that have not completed any Andrews credits must pay the recording fee up front. (AU students are students that have applied, been accepted and have an AU ID number.)
  - Students receive a non-credit continuation entry on their grade for each semester.
  - During this time financial aid is not available.
- **Independent Study, TESOL Certificate, and Preparation for Mission Courses**
  - Students that have completed one term at Andrews are eligible to register for 6 undergraduate credits each semester (a total of 12 credits) at the reduced tuition rate. Student missionaries are eligible to register for up to 8 credits of mission preparation courses during the summer prior to departure. These courses include: RELP326 and RELP 327 Preparation for Mission Service.
  - In consultation with the appropriate academic dean, students must develop an individualized list of courses for which they register that

will apply toward general education requirements, majors, minors, emphases, or electives as approved by the dean.

- For each course in which they are registered, students work with a teacher before leaving to identify the course requirements. They must remain in regular contact with the teacher during the time spent off-campus.
- Students will receive a deferred grade (DG) for each course. Upon their return from service, students must contact the course teacher and complete all requirements within one semester after the date of return from service. (A suggested list of alternative courses is available from the dean's office.)

Both categories of students must complete registration for both semesters before leaving the Andrews University campus for Student Missionary or Taskforce services. Financial Aid is not available for students enrolled in this program. A detailed procedure sheet for these programs may be secured from the Center for Faith Engagement.

- **Non-Andrews students** do not register for any classes and work directly with the Center for Faith Engagement when requesting deferred payment on student loans.

**Loan Deferment Regulations.** According to U.S. Department of Education rules governing the Federal Direct Loan Program, students who no longer are enrolled on at least a half-time basis must make their first student-loan payment six months from the last date of enrollment. The time limit for Federal Perkins Loan holders is nine months.

The Student Missionary/Taskforce Experience course is designed so students who are registered will not lose their grace period and will not have to begin repayment of their student loan.

**Students Ineligible for Program Benefits.** The following students would not need to enroll for Student Missionary Experience classes because they do not need the credits to ensure that their loans remain in deferment:

- Students currently choosing to make loan payments
- Students already in a loan deferment
- Students who have a Canadian Student Loan

## Gift Assistance

**Honors Audit Program.** Honor students may audit a class each semester if they are enrolled for at least 12 regular credits. Honors audit credits are not taken into account when determining a student's academic progress. Also, honors audit credits do not count for determination of enrollment status for financial aid purposes. The student must complete an Honors Audit form during regular registration. For more information, consult with the Honors office.

**Bureau of Indian Affairs.** Grants are offered to students who are enrolled members of a federally recognized American Indian tribe and demonstrate financial need. Visit [www.bia.gov](http://www.bia.gov) and click "How do I...." to select your regional contact office.

**Veterans' Education Benefits & Services.** The University is approved for certification of students eligible to receive educational assistance from the Department of Veterans Affairs (DVA). Eligibility for VA educational assistance is determined by the Department of Veterans Affairs. Our regional office is located in New Buffalo, NY. University services for students who receive educational assistance through the DVA are located in the Administration Building, first floor, in the Office of Student Financial Services. Information concerning VA educational assistance may be obtained by phone 269-471-3286, e-mail [veterans@andrews.edu](mailto:veterans@andrews.edu), or a visit to the Office of Veterans Services. VA forms used for making application for educational assistance are available at the GI Bill webpage: [www.benefits.va.gov/gibill](http://www.benefits.va.gov/gibill). A printed copy of an application submitted online to the VA will be required by the University's Office of Veterans Services.

It is the responsibility of the student to complete a Veterans Registration form every term to continue receiving G.I. Bill money. The form is available in the Office of Veterans Services. Each term the required Certification of Enrollment (VA Form 22-1999) will be electronically submitted by the University's Veterans Certifying Official to the VA Regional Processing Office after the last day to add or drop a course. An earlier date for certification may be requested if the veteran feels certain his schedule will not be changed. The Veterans Office will reverse any carrying charges or late fees associated with delay of payments from VA.

Students receiving benefits are expected to attend all classes and to progress satisfactorily toward their objective. Any change of degree program, change with class registration, or withdrawal from school must be reported immediately to the VCO in the Office of Veterans Services. Failure to comply with VA regulations may

result in loss of benefits and/or legal action on the part of the U.S. Department of Veterans Affairs. If the student does not make satisfactory academic progress and is academically dismissed from the University, the U.S. Department of Veterans Affairs is notified and all veterans' benefits are ended by the USDVA. If a veteran is academically dismissed from the University but is later readmitted, the VA benefits cannot be resumed until the veteran has met the University requirements for reinstatement.

**Veteran Readiness and Employment (VR&E).** The University is approved for enrollment certification of veterans with service-connected disabilities who are eligible to receive Chapter 31, Title 38, U.S.C.. educational assistance from the U.S. Department of Veterans Affairs. University services for veterans are coordinated through the Veterans Certifying Official in the Office of Veterans Services which is located in the Administration Building, first floor, in the Office of Student Financial Services. Information concerning educational assistance and campus procedures may be obtained by phone 269-471-3286, e-mail [veterans@andrews.edu](mailto:veterans@andrews.edu), website [www.andrews.edu/sf](http://www.andrews.edu/sf) or by visiting the Office of Veterans Services.

The veteran should make contact with the Veteran Readiness and Employment (VR&E) Office (28), Detroit Regional Office at 313-471-3800. Veterans use VA Form 28-1900 to apply for the Chapter 31 benefit. The form is available online at [www.benefits.va.gov/vocrehab](http://www.benefits.va.gov/vocrehab). Information and instructions are included on the reverse side of the application form. Following receipt of the application in the regional office, VA will make a determination of eligibility. If the veteran is eligible, VA will schedule an appointment with a Counseling Psychologist (CP) or Rehabilitation Counselor (RC) for an initial evaluation to establish the veteran's entitlement to Veteran Readiness and Employment (VR&E). Contractors may be utilized to assist in working with the veteran to gather information needed for the CP or RC to make an entitlement determination. The VR&E case manager will provide VA Form 28-1905 Authorization and Certification of Entrance or Reentrance into Rehabilitation and Certification of Status. This form is required for certification of enrollment which will be submitted to the VRE by the University Veterans Program Administrator in the Office of Veterans Services.

If the veteran requires academic accommodations due to a disability, he/she should contact the Student Success Center in Nethery Hall to coordinate the University's accommodations with those provided by the Veteran Readiness and Employment (VR&E). Student Success can be contacted at 100 Nethery Hall, [success@andrews.edu](mailto:success@andrews.edu) or 269-471-6096.

It is the responsibility of the student to visit the University's Office of Veterans Services at the beginning of each term for which the student desires to receive VR&E educational assistance. All required paperwork must be completed before the Certification of Enrollment (VA Form 28-1905) will be submitted to the Vocational Rehabilitation & Employment Regional Office. Certification will be submitted after the last day to add or drop a course each term. An earlier date for certification may be requested if the veteran feels certain his schedule will not be changed. The Veterans Office will reverse any carrying charges or late fees associated with delay of payments from VA.

A Purchase Request Form that includes VR&E purchasing guidelines is available in the campus bookstore. It is required for all purchases at the campus bookstore. Written approval must be obtained from the VRE case manager for certain purchases. Veterans should plan to make their purchases within thirty (30) days after the first day of classes each term. An invoice for tuition, academic fees, and books/supplies will be sent to the VR&E after that date. Payment will be made to the University and credited to the Veteran's student statement.

Students receiving benefits are expected to attend all classes and to progress satisfactorily toward their objective. Any change of degree program, change with class registration, or withdrawal from school must be reported immediately to the VCO in the Office of Veterans Services. Failure to comply with VA regulations may result in loss of benefits and/or legal action on the part of the U.S. Department of Veterans Affairs.

**Vocational Rehabilitation State/Federal Programs.** Students who have permanent disabilities which may limit their employment (after completion of their study program) should contact the Vocational Rehabilitation Regional Office in their state of residence for possible assistance.

If the student requires academic accommodations due to a disability, he/she should contact the Student Success Center in Nethery Hall to coordinate the University's accommodations with those provided by the Vocational Rehabilitation Regional Office. Student Success can be contacted at 100 Nethery Hall, [success@andrews.edu](mailto:success@andrews.edu) or 269-471-6096.

## Tuition Discounts

**Local Business Employee—33 Percent Tuition Discount.** Full-time employees of companies located in Berrien County and the South Bend/Mishawaka area may receive a 33% reduction of tuition for undergraduate courses. Application for the

tuition reduction can be obtained at the dean's office and must be completed no later than the first two weeks of each semester. Students eligible for the reduction are not eligible to receive APS or any other Andrews discretionary funds. This discount does not apply to courses taken in the Department of Intensive English or online classes.

**Prior Baccalaureate Degree—33 Percent Tuition Discount.** Students who have earned a baccalaureate degree may receive a 33% tuition reduction for courses taken for a second baccalaureate degree. This discount applies only to courses required to complete the 2nd degree. Courses included in the package tuition, but are not required for the 2nd degree, will be billed at full tuition. This discount does not apply to courses taken in the Department of Intensive English or online classes.

Application forms are available at the offices of the respective deans. The completed forms must be filed with the respective dean no later than two weeks after the beginning of each semester for which the 33% tuition reduction is requested. An official transcript showing all class work and the awarding of a bachelor's degree must be on file with the Office of Academic Records of the university before the 33% tuition reduction can be applied. Students eligible for the reduction must be enrolled for a second undergraduate degree and are not eligible to receive any other Andrews discretionary funds. Students enrolled in a graduate program but who must complete undergraduate prerequisites are eligible. **Note:** Forms are to be picked up at the dean's office of your appropriate school.

**Limitations to the Prior Baccalaureate Degree Tuition Discount.** The following limitations apply to this plan:

- No course taken under this plan may receive graduate credit or apply to a graduate degree.
- In the College of Health & Human Services, this discount does not apply to PTH courses. The plan only applies to students accepted and enrolled for prerequisite requirements under the preferred acceptance guidelines.
- This tuition reduction does not apply towards architecture degree.
- In the College of Education & International Services, the student must be enrolled in a second baccalaureate degree; however, this plan is not available until one calendar year after graduation and is limited to 16 credits each semester.
- In the College of Professions, the plan does not apply to independent study/readings/research or internship credits. Also, it does not apply to any course not offered as a regularly scheduled class in a given semester.
- The plan applies to tuition only, not for housing, food and similar charges.
- The discount does not apply to laboratory fees, surcharges for applicable courses, private music or flight lessons, independent study or reading courses, student teaching, courses in the Department of Intensive English, international languages taught as prerequisites for advanced degrees, courses taken off campus, study tours, May Express classes or private tutoring GNST 091.
- This plan is applicable to classes where space is available and where hiring of additional faculty or staff is not required. In the event a class is not available, notification is given as soon as possible after the end of the drop/add period.

**Local Area Educators—33 Percent Tuition Discount.** Full-time teachers employed in Michigan and Indiana area schools who are not fully credentialed may receive a 33% reduction of tuition for undergraduate courses taken toward the completion of their teacher certification requirements. Application for the tuition reduction can be obtained in the dean's office and must be completed no later than the first two weeks of each semester. The student must provide proof of area school employment. Students eligible for this reduction are not eligible to receive APS or any other Andrews discounts or any other discretionary funds applied to the program receiving the 33% reduced tuition. This discount does not apply to courses taken in the Department of Intensive English or online classes.

**Workers from Overseas Divisions—Tuition Discount.** "When any division other than the North American Division sends its workers or their dependent children to attend colleges in the North American Division and makes financial payments from denominational funds on behalf of such students directly to the college concerned, the college will match dollar for dollar with the sending division, up to 25% of undergraduate tuition. If the person also receives a Federal or State scholarship (or grant), the school may reduce this discount in direct proportion to the amount of such scholarship. Such remittance must come through the division and on approval of the division committee" (North American Division Working Policy, F 80 15).

**Retiree Tuition Discount.** A retired person who has reached age 65 may receive a 50% tuition discount for up to three undergraduate or graduate credits annually.

Former Andrews University employees who have retired may receive a 50% tuition discount. Admission to limited enrollment courses is contingent upon space

available in the class, with preference being given to students paying regular tuition rates. Any additional class fees and/or supply fees are the responsibility of the student.

This discount applies to credit, audit, or non-credit classes. This discount does not apply to independent study, directed reading, private music lessons, practicums, clinical experiences, or any instruction outside of the normal classroom setting. Application for this 50% discount should be made to the dean of the school involved. The dean then authorizes the appropriate discount.

Students eligible for this reduction are not eligible to receive APS or any other Andrews discounts or discretionary funds.

# Graduate Financial Assistance

## Qualifying Criteria

For financial aid eligibility, graduate students must meet the rules in the following two areas:

- **Enrollment Status**—Students must be accepted into a curriculum authorized by the faculty of their respective school. Students enrolled on guest student status are not eligible to receive federal or institutional financial aid.
- **Course Load**—Students are awarded financial aid based on their percentage of full-time enrollment as defined in Class Loads and Financial Aid.

Special regulations apply to students who have completed all course work and are preparing theses, projects, or dissertations.

## College of Arts & Sciences

Students who have completed all course work in an approved graduate program may not have completed all work needed to complete a degree. A student may be deemed to be enrolled fulltime provided the student meets one of the following criteria:

- Is enrolled in one of the following courses:  
COMM 589 (Internship)
- Is enrolled in a Project Continuation, Recital Continuation or Thesis Continuation course. Only students who have enrolled for the required number of project, recital or thesis credits but have not completed the work are eligible.

## College of Health & Human Services

Students who have completed all course work in an approved graduate program may not have completed all work needed to complete a degree. A student may be deemed to be enrolled fulltime provided the student meets one of the following criteria:

- Is enrolled in one of the following courses:  
PTH 885, 886, 887, 780 (Clinical Internship)  
NRSG 680 (Internship)
- Is enrolled in a Project Continuation or Thesis Continuation. Only students who have enrolled for the required number of project or thesis credits but have not completed the work are eligible.

## Theological Seminary

**Doctoral Students.** Students who have completed all course work in an approved doctoral program must register for 1-6 credits under GSEM 796 - DMin Professional Dissertation/ Dissertation or 1-12 credits under GSEM 995 PhD-ThD Dissertation, or 1-14 credits under PhD Religious Education-Doctoral Dissertation.

If the candidate does not complete the dissertation, he/she must register for GSEM 788 - DMin Professional Dissertation Continuation or GSEM 888 - PhD-ThD Dissertation Continuation until the dissertation is completed to qualify for status as a full-time student. Confirmation by the dissertation chair that full-time work is being done must be sent to Student Financial Services.

**Master's Students.** To obtain full-time status for the MA degree, the student must register for GSEM 688 Master's Degree Continuation after he/she has registered for the allowable thesis credits but has not finished the work. Confirmation by the dissertation chair that full-time work is being done must be sent to Student Financial Services.

**Washington State Residents Degree Authorization.** Andrews University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Andrews University to offer specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430 or by email at [degreeauthorization@wsac.wa.gov](mailto:degreeauthorization@wsac.wa.gov).

The transferability of credits earned at Andrews University is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Andrews University will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Andrews University to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Andrews University will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned.

The Washington Student Achievement Council (WSAC) has authority to investigate student complaints against specific schools. WSAC may not be able to investigate every student complaint. Visit <https://www.wsac.wa.gov/student-complaints> for information regarding the WSAC complaint process.

For Washington State residents seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit [www.wsac.wa.gov/loan-advocacy](http://www.wsac.wa.gov/loan-advocacy) or contact the Student Loan Advocate at [loanadvocate@wsac.wa.gov](mailto:loanadvocate@wsac.wa.gov).

## Andrews Graduate Scholarship

The Graduate Scholarship is a tuition reduction percentage, based on the GRE, GMAT scores or admission GPA.

### Availability

The Graduate Scholarship is available for students in:

- All on campus Master programs (except professional master programs [unless otherwise noted] and MSW).
- Professional Doctoral level programs: EDS, EDD, DPT.
- Doctoral programs PhD, ThD.
- The Graduate Scholarship may overlap with another scholarship from an Andrews University budget.
- The Graduate Scholarship will not be available for programs that already have a discounted tuition below the standard tuition rate. If the Graduate Scholarship is greater than the discount provided by the specific program, then the difference will be awarded as an additional scholarship.
- The Graduate Scholarship does not apply for staff members that are using the free class benefit from Andrews University. If the Graduate Scholarship is greater than the discount for which the staff member is eligible for, the difference will be awarded as an additional scholarship.
- The Graduate Scholarship will be assigned by the School of Graduate Studies and Research and applied by the Office of Student Financial Services at the time of a student's registration.

### Scores

The scholarship is awarded if the student meets the minimum admission scores for the GRE or the GMAT, achieves the higher scores as listed below and an admission GPA equal or greater than 3.0:

Tuition Reduction	Combined Verbal and Quantitative GRE scores	GMAT Scores	Written GRE Score
10%	Masters: min V+Q 140 each, to total ≥300 Doctoral: min V+Q 142 each, to total ≥300	≥500	
25%	Masters: min V+Q 140 each, to total ≥310 Doctoral: min V+Q 142 each, to total ≥310	≥550	≥3.00
50%	Masters: min V+Q 140 each, to total ≥320 Doctoral: min V+Q 142 each, to total ≥320	≥600	

See AU Bulletin, *School of Graduate Studies: Required Tests: Minimum GRE Scores* for more information.

### Scholarship Time Limits

The scholarship is available for the following number of semesters:

Master's Level programs	4 Semesters
MSSLP, EDS, EDD	6 Semesters
PHD, THD	8 Semesters
DPT	9 Semesters

**Eligibility**

- Graduate students who meet the appropriate GRE/GMAT scores and cumulative GPA are eligible for the Graduate Scholarship. Students are required to take the GRE/GMAT and submit official transcripts prior to admission. Students who take the GRE/GMAT and submit official transcripts during their first semester (for example, the test is offered only on Sabbath or once per year in their home country) and are eligible for the scholarship will receive the scholarship during their first semester.
- A new graduate student may take the GRE/GMAT test multiple times during their first semester for the purpose of increasing their scholarship for the second and following semesters. In that case, the highest score will count toward the GRE/GMAT scholarship. All three sections of the GRE (Verbal, Quantitative and Written) must be taken together at the same time as the three scores from one test date are considered for the scholarship. After the first graduate semester, retaking the GRE and earning a higher score will not change the scholarship.
- In order to retain the Graduate Scholarship, students are required to maintain the minimum GPA for their program. Students whose GPA falls below the required minimum for their program will permanently forfeit the scholarship.
- Students applying and accepted to a second graduate degree, who already had received the Graduate Scholarship, may be eligible for the scholarship for the new program.
- **SCSD GPA Scholarship Table - 6 Semesters**

% Discount	GPA Score Minimums
10%	3.50 to 3.60
25%	3.61 to 3.79
50%	3.8 to 4.0

**DPT GPA Scholarship Table**

DPT students in phase one scholarship must achieve and maintain a 3.5 DPT GPA in semesters three through five to continue the scholarship award. DPT students in phase two scholarship must maintain a DPT GPA in the awarded range to continue the scholarship award for semesters seven through nine.

**DPT PROGRAM**

**Phase One Scholarship: DPT semester one through six based on incoming Core GPA**

Tuition Reduction %Discount	Core GPA GPA Score Minimums
10%	3.7 to 3.79
25%	3.8 to 3.89
50%	3.9 to 4.0

**Phase Two Scholarship: DPT semester seven through nine based on DPT GPA (semesters 1-6 cumulative)**

Tuition Reduction %Discount	DPT GPA GPA Score Minimums
10%	3.75 to 3.84
25%	3.85 to 3.94
50%	3.95 to 4.0

<b>From 25% to 38%</b>	MAYYAM - MA Youth and Young Adult Ministry (must apply each semester). Based on GPA and other criteria (See program director for details).

Please visit Academic Program Financial Information section and the program page for more information.

**Federal Aid**

Students should read the General Information and Satisfactory Academic Progress sections to determine their eligibility for financial aid.

Federal Direct Loans are available to graduate students. To apply for this aid, refer to General Information.

**Grants and Scholarships**

Grant, scholarship, and assistantship funds are available through the offices of the various academic deans and department chairs. Grants and scholarships are gift aid; however, if a student is given an assistantship, this is considered to be employment and is processed through the Office of Employment. Application forms, if required, must be requested from and returned to the respective dean's office. The student does not need to complete any application paperwork for Student Financial Services to apply for and receive institutional aid. All aid received by the student (except assistantships), is taken into account when determining eligibility for a student loan.

**Seminary Emergency Aid Fund.** This emergency aid fund is available once every 12 months to seminary students for emergency relief only and is not a form of continuous financial aid. Students may apply for assistance through the seminary dean's office.

**Student Employment Program**

Work opportunities for graduate students are available through the university's Employment Office. Assistantships are available as arranged by the dean or department chairs of the school where the student is enrolled. For information regarding employment contact the Employment Office. The website is [www.andrews.edu/hr/](http://www.andrews.edu/hr/).

**Federal Loans and Scholarships**

Information on the following sources of financial aid may be obtained from Student Financial Services.

**Loans**

- Federal Direct Loan Program (Unsubsidized)
- Federal Graduate PLUS Loan
- For **Washington State Residents** seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit [www.wsac.wa.gov/loan-advocacy](http://www.wsac.wa.gov/loan-advocacy) or contact the Student Loan Advocate at [loanadvocate@wsac.wa.gov](mailto:loanadvocate@wsac.wa.gov).

**SAP Policy for Graduate Students with Financial Aid**

**GRADUATE**

**Satisfactory Academic Progress (SAP)**

According to the United States Department of Education, all schools are required to follow federal, state and institutional SAP policies when awarding financial aid. Students must make Satisfactory Academic Progress (SAP) toward the completion of their associate, baccalaureate, or graduate degrees to qualify for financial aid. Second-degree seeking students are evaluated under the same policy. The Office of Student Financial Services will monitor your academic progress at the end of each semester (including summer term) for all enrolled students regardless of whether or not financial aid was received that semester.

It is the student's responsibility to read, understand, and adhere to the SAP policy in order to remain eligible for financial aid. Failure to comply with this policy can result in the student's financial aid being terminated at Andrews University.

To maintain eligibility for Federal Title IV and/or institutional financial aid assistance, students must meet the following minimum standards:

## Qualitative Measure: Financial Aid Minimum Grade Point Average (GPA)

To make satisfactory academic progress, graduate students must maintain the minimum Andrews University graduate overall GPA required for the degree program in which they are enrolled. The SAP summary below indicates the minimum overall GPA required to meet the university's SAP policy for each type of degree program.

Degree	School	GPA
PhD, EdD	CEIS	3.30
PhD, ThD	SEM	3.00
DMin	SEM	3.00
DPT, DScPT	CHHS	3.00
EdS	CEIS	3.20
Master's	ALL	3.00
Professional Master's	SEM	2.50

Transfer credit grades are not counted, a student progress in the qualitative measure is solely Andrews University credit grades.

Repeat credits: students may repeat a course in which they receive an unsatisfactory grade. In the case of graduate students the course may be repeated once. The credits earned in the most recent course will be used to calculate the GPA.

Changes in GPA due to completion of "incomplete" or "deferred" grades or changes made for any other reason are considered when aid eligibility is reviewed at the next regular monitoring time.

## Quantitative Measure: (A) Pace of Program and (B) Maximum Time Frame (C) Transfer Maximum Timeframe

A. Students must complete at least two-thirds of the number of credits attempted with a passing grade regardless of their enrollment status (full-time or half-time), and maintain a 66.67% completion ratio. Exception may be made for courses whose requirements have a time-frame by design that extends beyond the limit of the semester in which it is registered. The Office of Student Financial Services confirms that the student has met this requirement prior to the beginning of the student's new enrollment period.

Credit grades of A, B, C, D and S are considered hours attempted and completed. Withdrawals (W), audit (AU), incomplete (I), failing (F or U) credits are counted as hours attempted only.

Graduate students are allowed to carry deferred grades (DG) for the Dissertation phase of their program.

Transfer credits will not be included in calculating the two-thirds completion rate.

Repeat credits are counted only once as part of the total credits attempted.

Changes due to completion of "incomplete" or "deferred" grades or changes made for any other reason are considered when aid eligibility is reviewed at the next regular monitoring time.

B. Student may not exceed 150% of the required credits to graduate with their declared degree program, over a period defined by their program, regardless of whether or not financial aid was received during previous semesters. Students are advised to work with their academic advisor to "stay on target" to complete educational goals.

C. Academic progress from other institutions will be included in maximum timeframe. All attempted credit hours from Andrews University (AU) and/or any other institution of attendance will count towards attempted credit hours with regard to maximum timeframe. Students who have attempted 150 percent of the allowed number of credit hours for any degree and/or certificate will be ineligible to receive financial aid at AU.

## Categories of Continuing Financial Aid Eligibility

At the beginning of each semester, students are placed into one of the following categories on the basis of the previous year's academic performance:

**Satisfactory Progress.** Students who meet all regulations outlined in the Satisfactory Academic Progress policy and new students beginning their academic work at Andrews University qualify as making SAP.

**Financial Aid Warning.** Students who fail to meet all regulations outlined in the SAP policy receive a Financial Aid Warning for one semester. During the Financial Aid

Warning semester, students are eligible to receive financial aid as awarded. The student is allowed only one Financial Aid Warning semester for each degree program, except under extenuating circumstances. Academic performance during this semester determines whether financial aid is given in the following semesters. If the student again meets the minimum required standards, the student is returned to satisfactory progress status and is eligible to continue receiving aid as awarded. Students who fail to attain SAP after the Financial Aid Warning semester are no longer eligible for Federal financial aid. Students placed on Financial Aid Warning are encouraged to contact their academic department for assistance in planning for academic success.

If students fail to meet the SAP requirements they are welcome to register for classes with the approval of their dean/academic advisor at their own expense until they meet SAP policy standards.

**Financial Aid Appeal Procedure.** Students who fail to maintain SAP and who lose current semester financial aid due to special or extenuating circumstances may appeal such an action in writing. All appeals must be completed using the SAP Appeal form available at the Office of Student Financial Services website under Forms (<https://www.andrews.edu/documents/financial/sf/aid/sap-appeal-form.pdf>), and must be submitted before the first day of class for the next term that you plan to attend. Allow up to ten business days from submission of the form and all documentation to process your appeal. Students should recognize that submission of an appeal does not guarantee reinstatement of financial aid eligibility and approval is not "automatically" granted. Students will be notified regarding either a determination or next steps via their Andrews University email address or another means of communication. Decisions are final.

**Financial Aid Probation.** When failure is due to extenuating circumstances or circumstances beyond the reasonable control of the student, he/she may appeal for a semester of financial aid probation. Proof must support the stated extenuating circumstances in the event of the death of a relative, a medical emergency or illness of the student, legal dependent or spouse, military activation or deployment, employer required changes on work schedule, disaster, or any other special circumstances. Reasons such as being unprepared for college course work, the course was not what was expected, not liking the instructor and other related excuses are NOT qualifying circumstances for an appeal and will result in an appeal being denied. Students are responsible for monitoring their own progress status. Our office makes every attempt to notify students of their status. However, failure to receive notice does not affect the calculated status and is not reason to appeal. Please ensure that home and email addresses are updated with Admissions and Records Department.

The appropriate academic official sends written notifications to the Office of Student Financial Services of regarding the academic evaluation of the appeal.

If an appeal is approved, all master's-level students will be placed on Financial Aid Probation for one semester. Doctoral-and specialist-level students may be allowed a maximum of a two-semester probation extension. However, the student must make the appeal for the second probation extension in the same manner as for the first appeal. Future financial aid is dependent on meeting SAP standards by the end of the probationary semester(s).

If the appeal is denied, a student is no longer eligible for financial aid. Student is welcome to register for classes with the approval of their dean/academic advisor at their own expense until they meet SAP policy standards.

**Break in Enrollment.** When a student has a break in enrollment and is readmitted, the SAP status for prior terms will apply. For example, if a student is placed on financial aid suspension at the end of the spring term, does not return in the fall term, and is readmitted the next spring term, the student will continue in a financial aid suspension status for that term.

**Please Note:** The financial aid SAP standards are not the same as Andrews University's general academic requirements. Students should contact an academic counselor to determine those separate requirements for maintaining their academic enrollment.

## Return of Title IV Funds Policy

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws from Andrews University for any reason, officially and/or unofficially, the student may no longer be eligible for the full amount of Title IV funds originally awarded. (Title IV aid refers to federal aid programs under the Higher Education Act of 1965). The return of funds to the federal government is based on the premise that a student earns financial aid in proportion to the length of time during which they remains enrolled.

Federal Regulations require a recalculation of financial aid eligibility if a student:

- Completely withdraws
- Stops attending before the end of the term
- Fails all classes

Financial aid that is processed for a student who never begins attendance will be canceled and all of the funds will be returned to the Department of Education.

### **Earned Versus Unearned Financial Aid**

If a student withdraws officially, unofficially, or through Administrative withdrawal from Andrews University, federal regulations require us to calculate Federal Title IV aid earned during the term in which the student no longer attends.

Title IV aid disbursed is earned based on a ratio of calendar days attended, to total calendar days in the Semester, less any breaks of 5 or more days. Once the 60% point in the enrolled Semester is reached, a student is considered to have earned all of the financial aid originally awarded and no return of Title IV aid is required.

Earned aid based on days attended can remain disbursed.

### **Student Notification of Repayment**

The return regulations require a calculation of amounts a school must return, and/or may return. Students are ultimately responsible for returning unearned funds, however; Andrews University does return all unearned aid to the Department of Education on the student's behalf.

As a result, the student may owe a balance to Andrews University after a return of Title IV funds. It is the student's responsibility to pay the school for the balance. A financial hold for the balance will prevent any registration of courses in the future. A balance on account will also hold a transcript and diploma from being released.

### **Federal Formula**

The amount of Title IV aid earned is determined by multiplying the result of the ratio of days attended to total days in the Semester by the total of the Title IV aid disbursed (plus Title IV aid that could have disbursed in the case of post-withdrawal pending aid).

*Example: 5 days attended / 100 total days = 5% (total Title IV aid disbursed) = earned aid.*

The regulated time frame to return funds is no later than 45 days from the determination of a withdrawal.

### **Determination of Withdrawal Date**

Our institution is not required to take attendance. Therefore, the date we use in the return of funds calculation is the date the student officially and/or unofficially withdraws or stops attending courses. This would be either date of submission of a student exit form or the official notification date of a student that they wish to withdraw.

If a student stops attending without notification, the date used will be the verified last date of academic activity collected from instructors for all withdrawn courses in the term. This date coincides with the last date of attendance, the last date of an academic activity such as homework assignment, quiz, exam or graded paper.

### **Not Started**

Andrews University requests that instructors report each Semester whether or not a student begins attendance in a course. If a student does not begin attendance in a course, that course must be taken out of consideration for Title IV funds. The Title IV funds will be recalculated excluding that course. Depending on the remaining hours of registration, students may have their aid partially reduced or fully reduced. Students may also be subject to Title IV return calculations resulting in a reduction or cancellation of Title IV aid.

Students who do not plan to attend and will not be participating in a course should drop the class prior to the start of the term (or, at the very least, within the 100% refund period) to avoid Title IV aid recalculation.

### **Post-Withdrawal Disbursement**

Students that withdraw completely with pending aid that did not disburse prior to withdrawal may be eligible for a post-withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, the student must give permission before the funds can be disbursed.

Andrews University may use all or a portion of the post-withdrawal disbursement of grant funds for qualified educational expenses. Permission is required to use post-withdrawal grant funds for all other school charges. Students will be notified within 30 days of the determined withdrawal date.

### **Unearned Non-Passing Grades**

Students who receive all non-passing grades (F grades) at the end of the Semester, and whose attendance cannot be verified with instructors in all courses enrolled, will be considered unofficially withdrawn and all aid will be returned.

### **Federal Title IV Aid Programs Order of Return**

After calculating, the federal formula funds are returned in the following order for students who drop all their classes:

- Unsubsidized Direct Loan
- PLUS Direct Loan (Graduate)
- Other Title IV student assistance

### **Withdrawal and Future Financial Aid Eligibility**

Please refer to the Satisfactory Academic Progress section of this Bulletin to determine how financial aid is impacted.

### **Additional Loan Information to Consider When Withdrawing**

Students are entitled to a 6 month grace period prior to repayment of their Federal loan(s). If a student is less than half-time for 6 months their loans will go into repayment status with their federal loan servicer. The grace period begins the day a student drops below half time. A student's lack of graduation does not equate to in-school deferment.

Students must complete Exit Loan Counseling at [www.studentloans.gov](http://www.studentloans.gov) and contact their loan servicer to make payment arrangements, or ask any questions pertaining to the grace period or repayment status.

# Explore Andrews

## Program

Nethery Hall Room 135

explore@andrews.edu  
<https://www.andrews.edu/exploreandrews/>

Aaron Moushon, Director

The Andrews Exploration Program recognizes that university provides students an invaluable opportunity to find personal and career focus through a range of academic and personal experiences. While many students start university with a determined plan, many need a structured way to clarify their future pathways.

The Andrews University Academic Exploration Program, also known as Explore Andrews, is designed to assist students in finding a desired academic plan and career through intentional and personal advising. Each student will be assigned an Explore academic advisor who will help guide the student through the first year of study at Andrews University. Students may choose an academic major at any time, but will continue to be advised by their Explore academic adviser until the end of the academic year. Students in the Explore Andrews Program may choose any major they desire, and the professional advisers in the Explore office will ensure that students are on a progressive graduation track regardless of major.

The Andrews University Academic Exploration Program will work closely with each student to better understand their abilities, talents and goals to help students understand their place in the world both before and after graduation. A review of high school curriculum, standardized test scores and institutional testing will help the student and their academic adviser explore program and career options suitable for each participant.

L. Monique Pittman, Director

In 1966 Andrews University determined to offer undergraduate students greater opportunities for intellectual, spiritual, and social development. To reach this goal, it created the honors program to foster an atmosphere that is both intellectually challenging and distinctively Christian.

Starting in 2001–02, the program offered a completely new curriculum. SAGES is a text-based alternative to the standard General Education requirements. It involves 37 semester hours of honors courses and leads to the designation "John Nevins Andrews Scholar" at graduation.

### SAGES (Scholars' Alternative General Education Studies)

Reflecting suggestions from students, faculty and alumni for a curriculum based on the study of original texts, independent research, and writing, SAGES provides a series of interdisciplinary courses that REPLACE General Education requirements for the bachelor of arts and bachelor of science degrees. Following a year-long introduction to Western civilization and culture, students pursue a series of thematically-organized seminars similar to a "Great Books" approach, though broader in sources and subjects. The track concludes with independent research resulting in a senior project.

Because SAGES replaces many lower-division courses, admission at the beginning of a college career is advisable. However, transfer and currently enrolled students with demonstrated academic achievement (GPA>3.33) may apply to SAGES and receive individual waivers for some—but not necessarily all—specific courses based on previous academic study. Those admitted as juniors and seniors must complete at least five seminars plus the Research Pro-Seminar and the senior project.

Students wishing to transfer out of SAGES should do so at the end of the first year and apply the courses taken towards a standard General Education track. In the

sophomore and junior years, SAGES involves significantly different categories of courses than the standard General Education track. These will not replace many of the freshman and sophomore courses required at most universities.

**Progress in SAGES.** Students in SAGES who fail to enroll in honors courses, or whose cumulative GPA falls below 3.33, will be asked to withdraw from the program at the end of the academic year.

### Graduation as a John Nevins Andrews Honors Scholar

At graduation, the university confers the distinction "John Nevins Andrews Scholar" on students recommended by the Honors Council who display outstanding scholarship, achieve a minimum overall college and honors GPA of 3.50, and complete SAGES. Titles of the senior thesis or project are listed in the graduation bulletin.

### Total Requirements, Bachelor of Science: 43

### Total Requirements, Bachelor of Arts: 43+4

(Intermediate Language)

### Note:

These requirements have been altered slightly for students in some of the professional degree programs.

Sages Requirements: Professional Degree Programs	
Degree	Alteration in SAGES
BSA	Reduced HONS 365H
BBA	Reduced HONS 365H
Music BS	Reduced by 1 elective (3 cr)
Engineering BSE Computer Science BS Data Science BS Informatics BS	Take one from HONS 265H or HONS 345H
<b>Education</b>	
Elementary	Reduced HONS 415H
Secondary	Reduced HONS 415H

### Honors Service Requirement

All honors students are required to complete 12 hours of voluntary service per academic year to total 48 hours by graduation.

## Replacing General Education Requirements

Because of the integrated and interdisciplinary courses, students completing SAGES will satisfy their General Education requirements for the Bachelor of Science degree with 37 credits of honors courses and 13 credits of mathematics, science, and physical education. The Bachelor of Arts degree requires the identical courses and foreign language proficiency. In each case, the normal requirements are significantly reduced, which frees students' schedules for cognate courses and electives.

## Admission to The Honors Program

Each summer the honors program admits a limited number of prospective freshmen whose interests and achievements—as portrayed in part by the application essay—suggest they will benefit from participation in SAGES.

Students accepted into honors surpass the following qualifications:

- A minimum overall GPA of 3.50 on all secondary credits
- Scores of 25 on the ACT or 1200 on the SAT mathematics and verbal sections combined.

Recognizing that for some students either high school grades or standardized test scores may not satisfactorily predict the potential for academic success in college, a small number of students who show considerable promise on one measure but not the other may be admitted to the program upon the director's discretion.

## Admission for Transfer and Currently Enrolled Students

Applications are welcomed from currently enrolled students and transfer students who wish to participate in the program. Successful applicants demonstrate an interest in Honors and possess at least a B+ average on all college courses. Application forms are available in the Honors Office and on the Honors website.

## Society of Andrews Scholars

Students in Honors form a society dedicated to spiritual, social, and intellectual activities outside the classroom. The society's logo depicts hands sheltering the flame of truth, which symbolizes the search for truth by students and faculty together. Excellence, Commitment, and Service is the society's motto. Membership fees and fees charged as part of the honors application process are used exclusively for student activities by the Society of Andrews Scholars. Annual participation in the service/citizenship/leadership program which is organized by the Society of Andrews Scholars, is required to continue in the J. N. Andrews Honors program.

## National Honors Societies

The honors program works with the university's 17 departmental national honor societies to coordinate information and enhance their activities. It also works closely with the prestigious interdisciplinary national honor society Phi Kappa Phi which inducts about 30 junior and senior Andrews students each year who meet the rigorous requirements. See Accreditations, Approvals & Memberships for more information.

## Graduation Distinctions

Designations are conferred at graduation on students who, one semester before graduation, have completed 16 semester hours at Andrews University with the following overall GPAs:

3.500–3.749	Cum Laude
3.750–3.899	Magna Cum Laude
3.900–4.000	Summa Cum Laude

Both the Andrews and Cumulative GPAs must be a minimum of 3.50 in order to be considered for the above designations.

## Honors Audits

To enhance Andrews Scholars' opportunities to learn for the sake of learning, a scholar enrolled full time (a minimum of 12 regular credits) may attend one course free each semester, registering as an Honors Audit (HN), which is indicated on the transcript. Though no credit is earned, an Honors Audit provides a significant opportunity to broaden one's knowledge at no cost even if it forms an overload. Registration for an Honors Audit (HN) should take place during regular registration, and in no case later than the regular drop/add date. Attendance and other regulations for an audit apply.

# Honors

## HONS 105H - Western Heritage

**Credits:** 5

A study of significant issues that emerged in Western civilization, approached

through the reading of major works. The first semester's topics involve the era from the ancient world to the Reformation; the second, the Enlightenment to the modern world. In both semesters, spiritual and religious themes are emphasized, and the combined semesters replace one 3-credit religion course. Small-group projects and discussions, field trips, and cultural events enrich the lectures. Required for SAGES during the first year.

**Lecture/Lab:** Weekly: 3 lectures and a 2-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**College Code:** HONS

## HONS 106H - Western Heritage

**Credits:** 5

A study of significant issues that emerged in Western civilization, approached through the reading of major works. The first semester's topics involve the era from the ancient world to the Reformation; the second, the Enlightenment to the modern world. In both semesters, spiritual and religious themes are emphasized, and the combined semesters replace one 3-credit religion course. Small-group projects and discussions, field trips, and cultural events enrich the lectures. Required for SAGES during the first year.

**Lecture/Lab:** Weekly: 3 lectures and a 2-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**College Code:** HONS

## HONS 115H - Transcribing the Self: Honors Composition

**Credits:** 3

What is the entity we call self? How is it formed, reformed, transformed? What role does the "other" play in our determination of self? To what extent is self an independent construct, and to what extent is it socially and ideologically determined? Such questions are addressed through written and oral examination of our own lives and the lives of others as presented in significant texts. Recommended during the first year.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 215H - Scripture

**Credits:** 3

The reading of Biblical passages chosen for qualities such as centrality to Christian belief, power as literature, and variety of expression. Entire books will be addressed thematically, including Genesis, Job, Romans, and Revelation. A portion of the course will involve the detailed interpretation of a selected section. Required.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 225H - Materialism & Idealism

**Credits:** 3

Philosophers and prophets often approach wealth with caution or hostility, but modern culture flaunts status symbols and values self-worth by material accumulation. Considering such differences, readings from Plato to contemporary authors will raise questions about the level of wealth we ought to desire, the thoughtful use of that wealth, and reconciling a Christian life of service with professional success today. Elective.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 245H - Meanings of America

**Credits:** 3

Examines understandings of American society, culture and physical environment by a variety of observers, including native, foreign and minority, through study of prose, poetry, music, film and the visual arts. Core readings will include works by Jefferson, Tocqueville, Martineau, Douglass, Bourne, Friedan and King. Elective.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 265H - Literature and the Arts

**Credits:** 3

Explores the ways in which visual, musical, and literary arts address the human experience. Through close analysis of primary texts, students become conversant in the distinctive and overlapping discourses of the various art forms. Drawing upon this fine arts literacy, they will examine concerns of primary importance to creative minds from the ancient world to the postmodern era. These themes will include several of the following: the sacred, the quest for knowledge, gender relations, ethnicity and identity, social order and/or violence.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** HONS 115H Required.

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 295H - Independent Study in (Topic)

**Credits:** 1–9

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable up to 9 credits

**Schedule Type:** Independent

**College Code:** HONS

## HONS 325H - Justice

**Credits:** 3

What is justice? Is it a process, an end result, or both? Using concepts of right and wrong developed by Classical writers, medieval philosophers and recent Christian theologians, this course considers the relationships between justice and religious understandings of human nature and society. It then analyzes selected policies where concepts of justice can or should play a role, and critically examines the practical results of attempts to create greater social justice.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** HONS 115H. Elective.

**Schedule Type:** Lecture

**Year Offering:** Odd years

**College Code:** HONS

## HONS 345H - What Is Other? The Non-Western World

**Credits:** 3

An introduction to the diversity and commonality of the global human experience and world views as expressed in literature, the arts, religion and other intellectual endeavors with special focus on the non-Western world. Small group activities, field trips, guest presenters, films and special projects enrich the discussion of significant texts.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** HONS 106H, HONS 115H. Required.

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 365H - Cosmos

**Credits:** 3

An interdisciplinary, readings-based course which considers the nature of science and its relationship to other approaches to truth. Selected "key ideas" in science will be examined to explore how science informs our understanding of who we are and our place in the universe. Particular attention will be given to the interplay between Christian faith and science.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** HONS 115H. Required.

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 380 - Topic in Bioethics & Christian Faith

**Credits:** 3

A capstone seminar for Honors students in biology and related majors that engages the interface of biology and ethics from a biblical and Seventh-day Adventist perspective. Focused attention on select bioethical issues and their relationship to Scripture and Christian practice, including but not limited to: biblical and environmental stewardship, the molecular revolution, genomics and genetic manipulation, human nature, communication in science, and dilemmas in the health professions.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166 , HONS 265H

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 380 - Topic in Cognitive Science and Faith

**Credits:** 3

This topics course will be a readings-based seminar considering the possibility of integrating cognitive science (especially neuroscience and psychological science) and Christian faith in the domain of understanding human nature. The course will focus particularly on Adventist theological understandings of human nature in the context of ongoing debates about human free will in the cognitive sciences.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Elective.

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 380 - Topic in Physics and Faith

**Credits:** 3

An interdisciplinary readings-based course which considers the relationship between Christian faith and science. Developments in physics and cosmology will be examined in light of Adventist Christian theological understanding.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** HONS 365H,PHYS 142 or PHYS 242 or consent of instructor.

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 380H - Topics, Independent Study, and Research

**Credits:** 1–4

Disciplinary and interdisciplinary topics selected for interest and importance. Typically the course revolves around reading, discussion, and individual projects. Elective.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 398H - Research Pro-Seminar

**Credits:** 1

Preparation for the senior project. Expectations for the senior thesis are addressed, including consideration of alternative topics, refining the thesis proposal, the role of literature review, formal public speaking, presentation software, and evaluation. The letter grade assigned reflects the presentation of the project at the Interdisciplinary Honors Seminar; a DG is assigned until then. Strongly recommended for all sophomores and must be completed prior to beginning Honors Thesis research.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Schedule Type:** Seminar

**College Code:** HONS

## HONS 415H - Thinking Theologically: Christian Life and Faith

**Credits:** 3

A capstone Honors course exploring the intersection of constructive theology and contemporary issues from a distinctly Adventist perspective. Special attention is given to the correlation of God and human flourishing as enunciated through a wide range of pressing questions raised in the postmodern context. The aim of such an exploration is to deepen the faith of the participants and to instill a new appreciation for the conceptual and spiritual richness of the Great Controversy theme central to the Adventist worldview. Students are encouraged to foster critical reasoning and integrative thinking through a seminar-style engagement with selected primary texts in theology and philosophy.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** HONS 115H,HONS 215H Required.

**Schedule Type:** Lecture

**College Code:** HONS

## HONS 495H - Independent Study (in any department)

**Credits:** 1–6

Individual study or research of an approved topic under the guidance of an appropriate professor and resulting in an essay, critical review, or other gradable demonstration of accomplishment. Implies 45 hours of work per semester credit. Elective.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Independent  
**College Code:** HONS

### **HONS 497H - Senior Honors Project**

**Credits:** 0–6

Independent research or creative work to produce the Honors Thesis, typically supervised by a professor within the student's major field. The thesis is filed in the James White Library to facilitate wider access. Required.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Independent

**College Code:** HONS

## Mission

To empower students for academic, professional, and service excellence in the liberal arts and sciences with distinctive Seventh-day Adventist perspective and purpose.

## Pre-Professional

## Pre-Professional Program in Art Therapy

"Art therapy is a mental health profession in which clients, facilitated by the art therapist, use art media, the creative process, and the resulting artwork to explore their feelings, reconcile emotional conflicts, foster self-awareness, manage behavior and addictions, develop social skills, improve reality orientation, reduce anxiety, and increase self-esteem. A goal in art therapy is to improve or restore a client's function and his or her sense of personal well-being. Art therapy practice requires knowledge of visual art (drawing, painting, sculpture, and other art forms) and the creative process, as well as of human development, psychological, and counseling theories and techniques." - American Art Therapy Association 2013

A master's degree is required for entry level practice in art therapy from institutions of higher education recognized by regional accreditation bodies approved by the Council for Higher Education Accreditation (CHEA). It is recommended however, that a student complete a PhD in art therapy in order to be fully integrated into the field. Entrance requirements to universities and colleges offering graduate programs in art therapy may vary; therefore it is imperative that students familiarize themselves with the requirements of the school of their choice. Information about the various schools in the USA, as well as Canada, offering a masters in art therapy can be found on the American Art Therapy Association (AATA) webpage: [www.arttherapy.org](http://www.arttherapy.org)

As long as the below minimum requirements are completed, any major may apply to a master's program in art therapy. The recommended majors for students are:

- Psychology, General BA
- Psychology Minor

## Pre-Professional Program in Dental Assistant and Dental Hygiene

Rob Zdor, *Coordinator*  
zdor@andrews.edu  
269-471-6696  
Price Hall (Science Complex)

Students interested in a dental assistant career should obtain information concerning the program from the school to which they wish to apply.

Students planning a career in dental hygiene should complete two years of college work before entering a professional school.

Upon completion of an additional two years of prescribed college work at a professional school, the student will earn a bachelors degree in dental hygiene. For

more information about dental hygiene, contact the American Dental Hygienists' Association: [www.adha.org](http://www.adha.org).

## Pre-Professional Programs

Although essentially a liberal arts college, the College of Arts & Sciences offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

## Pre-dental Hygiene Curriculum—64

### Loma Linda University admission requirements

- At least 64 semester units of accredited college coursework
- GPA of 3.0 or higher in science courses is recommended
- Courses must be a C or higher to meet LLUSD requirements
- Science courses must be completed within five (5) years of admission
- Proficiency in verbal and written English
- 20 hours minimum of observation/shadowing
- Dental assisting experience is strongly recommended
- Three letters of reference, including: spiritual leader, science professor, and employer
- A formal interview (by invitation only)
- Official transcripts from all schools attended

The following courses are recommended for the first two years before entering Loma Linda University. Students interested in applying to other professional schools should obtain specific entrance requirements for those schools.

*Specifically required courses are signified with an \*.*

### Cultural and Spiritual Heritage—17-20 (must include both areas)

- Religion—3 semester units per year of attendance at an SDA college
- Humanities—14 semester units from three of the content areas listed below
  - History & Civilization
  - Art History & Art Appreciation
  - Music History & Music Appreciation
  - Performing Arts (4 units max)
  - Literature
  - Foreign Language
  - Philosophy & Ethics

### Scientific Inquiry and Analysis—32

#### Physical & Natural Sciences—23

- BIOL 221\* & BIOL 222\*
- BIOL 260\*
- BCHM 120\* and CHEM 110\*—one academic year covering inorganic, organic, and biochemistry with lab
- MATH 145\*

#### Social Sciences—9

- SOCI 119\*
- PSYC 101\*
- ANTH 200\*

#### Communication Skills—9

- ENGL 115\* and ENGL 215\*
- COMM 104\*

#### Health and Wellness—5

- 1 course covering Personal Health or Nutrition
- Physical education (2 activity courses)

Preference is given to applicants who have a broad academic background with a baccalaureate degree. The minimum entrance requirement is 96 semester credits with a 2.70 GPA (C=2.00) in both science and non-science courses, although it is recommended that students should maintain an A/B average in science, as well as overall. The Dental Aptitude Test (DAT) must be taken not later than October of the year preceding admission. Minimum entrance requirements for most dental schools follow. For more information, contact the American Dental Education Association: [www.adea.org/](http://www.adea.org/) and the American Dental Association [www.ada.org](http://www.ada.org).

# Pre-Professional Program in Law

Law schools prescribe no particular college program. Therefore, a pre-law student may select his or her major(s) and minor(s) according to interest and aptitude without adversely affecting admission to law school. The prospective lawyer's education should be as broad as possible, including the development of writing and reading skills, logical and analytical thinking, and understanding of legal, political, social and economic issues and institutions. Because competition for admission to reputable law schools is intense, it is important to maintain a high level of academic achievement.

Students who want to go on to law school should consult frequently with the pre-law advisor, at least once per year and preferably more often. The Pre-Law Society, a student-led and student-run organization, provides additional opportunities and resources for the pre-law student.

The website for the Law School Admission Council: [www.lsac.org](http://www.lsac.org) provides a great deal of helpful information and is a good resource for students who are interested in preparing for, and getting into, law school.

Although allopathic (MD) and osteopathic (DO) medicine represent different philosophies of patient care, a physician in either branch of medicine is required to pass the same national board examination to practice.

Students seeking admission to medical schools are encouraged to plan a baccalaureate degree that includes courses which meet the stated entrance requirements of the medical school of their choice as listed in Medical School Admissions Requirements or the websites of the Association of American Medical Colleges: [www.aamc.org](http://www.aamc.org) and the American Association of Colleges of Osteopathic Medicine: [www.aacom.org](http://www.aacom.org). The pre-medical student may choose any major or minor and is encouraged to become acquainted with the main bodies of knowledge as represented by the various academic disciplines.

In light of adequate preparation for the Medical College Admissions Test (MCAT) and changes in medical school requirements, students should incorporate classwork in the following areas into their curriculum:

- Biochemistry
- Sociology
- Psychology
- Statistics

## Prerequisites for Loma Linda University

### Admission

To be eligible for admission, the applicant must have completed a minimum of 96 quarter units (64 semester units) at an accredited college or university. The following prerequisites are required and must be completed successfully with a grade of C or better. Upon successful completion of didactic and fieldwork requirements, students will graduate from LLU with a bachelor's degree in health science and a master's in occupational therapy. Students are then eligible to take the NBCOT's National OT board exam.

Prerequisites: Domain 1: Spiritual and Cultural Heritage

**Religious studies**, 4 quarter units per year of full-time study.

(Applies only to students attending Seventh-day Adventist colleges.)

**Minimum 20 quarter units, or 14 semester units. Choose from three subject areas:** fine arts, history, civilization, literature, modern language, or philosophy. English as a second language may not be included. A maximum of 4 quarter units will be accepted in applied or performing art/music.

Prerequisites: Domain 2: Scientific Inquiry and Analysis: Natural Sciences

**Human Anatomy with lab**

**Human Physiology with lab:** 2 semesters or quarters of A&P are required.

Select one additional science course from chemistry, physics or physical science.

**Mathematics:** Two years of HS mathematics or equivalent. Accepted courses include algebra I&II, geometry, with grades of C or better. (These credits do not transfer although they meet the math requirement.)

Completed Need Social Sciences:

**Sociology**

**General Psychology**

**Human Growth & Development.** (Other acceptable equivalents are Developmental Psychology, Life Cycle, or Child Psychology and Adolescent Psychology.)

Prerequisites: Domain 3: Communication (9–13 quarter units, or 6–9 semester units)

**Freshman English Composition**, complete sequence, as required by the college you attended or are currently attending.

Note: If you test out of any Freshman English courses, you are still required to meet the minimum number of units for this Domain.

**Speech, public speaking**

Domain 4:

**Health education** (personal health or nutrition)

**Two physical activities courses**

### Electives

**Minimum requirement for entry is 96 quarter units, or 64 semester units.**

Computer knowledge in the following areas is required: creating college level papers and assignments, Internet-based research, e-mail usage, PowerPoint presentations, online learning components.

## Observation/Volunteer Service

**40 hours of observation in occupational therapy settings.** Documentation of community service performed is permissible as partial fulfillment of this requirement. Documentation of observation and/or community service must be submitted prior to admission consideration.

**CPR—infant, child and adult.** BLS health care provider. We only accept CPR from American Heart Association. This certification is not needed for the admissions process, but will be required upon acceptance to the program.

## Note:

**A minimum grade of C is required for transfer credit. C- and D grades are not transferable.**

## Pre-Professional Program in Optometry

Price Hall (Science Complex)

As a general rule, a minimum of two years of college work is required by optometry school. However, most students entering optometry schools have completed three or four years of college. The following courses with minor variations meet the entrance requirements of most optometry schools. For more information, contact the American Optometric Association: [www.aoanet.org](http://www.aoanet.org) and the Association of Schools and Colleges of Optometry: [www.opted.org](http://www.opted.org).

## Pre-Professional Programs

Although essentially a liberal arts college, the College of Arts & Sciences offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

## Pre-optometry Suggested Courses

English Composition, Writing Seminars — 8

Foundations of Biology — 10

General Chemistry — 8

General Physics — 8

Introduction to Psychology — 3

Mathematics — 6

Microbiology or Bacteriology — 3

Organic Chemistry — 8

Physical Education — 2

Religion — 6

Social Sciences — 8

Statistics — 3

## Pre-Professional Program in Pharmacy

Entrance requirements to colleges of pharmacy vary; therefore, it is imperative that students familiarize themselves with the requirements of the school of their choice. (Ferris State University [FSU], Wayne State University, and University of Michigan operate accredited colleges of pharmacy in the state of Michigan.) Information about the various schools of pharmacy can be found on the American Associate of Colleges of Pharmacy website: [www.aacp.org](http://www.aacp.org). The doctor of pharmacy curriculum requires 2 years of pre-pharmacy and 4 years of professional pharmacy education.

The following prepharmacy courses are those required by FSU. FSU offers a calculus course in the summer that satisfies the prepharmacy requirements and require the PCAT for admission. Science courses with a grade of D are not transferable.

## Pre-pharmacy Curriculum

General Chemistry — 8

English Composition — 6

Foundations of Biology — 10

Communication (COMM 104 or COMM 220) — 2 or 3

Introduction to Psychology or Principles of Sociology — 3  
Elementary Statistics (STAT 340 or STAT 285) — 3  
General Microbiology — 4  
Organic Chemistry — 8  
Calculus (MATH 191) — 4  
Macroeconomics — 3  
Cultural Enrichment (one at 200-level) — 9

## Pre-Professional Program in Physician Assistant

**Students from departments within the College of Arts & Sciences**  
Benjamin Navia: [bnavia@andrews.edu](mailto:bnavia@andrews.edu); 269-471-6527; Price Hall (Science Complex)

Physician assistants (PAs), members of a health-care team, practice medicine with supervision of licensed physicians. PAs perform a wide range of medical duties from basic primary care to high-technology specialty procedures. Professional PA education offered at any one of more than 100 accredited schools is an intensive 2–3 year program. Most PA programs are moving toward requiring a bachelors degree, including courses in biology, chemistry, English, humanities/social science, mathematics, and psychology. The level of the science courses varies from program to program; consequently, each school should be consulted about its prerequisite requirements. Acceptance to a professional program typically requires extensive health-care experience such as nurse assistant, medical/X-ray lab technician, respiratory therapist, paramedic, hospital aide, or emergency medical technician.

The National Directory of PA Programs may be ordered from APAP at 950 N. Washington St., Alexandria, VA 22314 or via phone at 800-708-7581. PA programs and education can be accessed via the web: [www.aapa.org](http://www.aapa.org).

Public or applied history refers to careers in history-related fields other than teaching, including museum management, archival management, and historic preservation, as well as the production of historical media programs. In most cases, a master's degree in a public or applied history or certification upon completion of certain graduate courses is needed prior to employment. The Department of History & Political Science recommends as curricula a major in history with a second major or minor and electives as the most advantageous undergraduate basis for a public-history career. Curriculum recommendations are available from the department chair.

Although essentially a liberal arts college, the College of Arts & Sciences offers certain pre-professional curricula for students who plan to enter professional schools. For medical and paramedical curricula, Andrews University maintains a special relationship with Loma Linda University.

## Pre-Professional Program in Respiratory Care

Andrews University offers prerequisite course work to prepare students who wish to enter a 2-year Associate of Science degree program or a 4-year Bachelor of Science degree program in Respiratory Care. Admission requirements vary among professional respiratory care programs. Not all professional programs accept

transfer credits. Therefore, as soon as possible, interested students should contact the programs of choice for the most current prerequisite requirements. A list of accredited respiratory care programs may be obtained from the American Association for Respiratory Care, 11030 Ables Lane, Dallas, TX 75229 (phone 972-243-2272 and ask for the Education Department) or explore the web at: [www.aarc.org/patient\\_resources/schools.html](http://www.aarc.org/patient_resources/schools.html).

### Loma Linda University:

Interested students may complete the prerequisites for Loma Linda University's Respiratory Care Education Program while attending Andrews University. Check with the above listed coordinator for the required course work. The Pre-LLU/RC student may then apply and transfer to LLU through its selective admissions process as a second-year student in their program.

## IDSC 205 - Introduction to Fine Arts I

**Credits:** 3

An introduction to some of the branches of Western art and music from the Middle Ages through to the Baroque. The two disciplines are studied chronologically and in parallel, with the aim of stimulating an interest in and appreciation of the creative arts whilst placing them in their historical contexts. Guided field trips give students the opportunity to experience art masterpieces and musical performances. *Available only to Andrews University students attending Newbold College.*

**Grade Mode:** A-F,I,W

**Schedule Type:** Lecture

**College Code:** CAS

## IDSC 206 - Introduction to Fine Arts II

**Credits:** 3

An exploration of Western art and music commencing with the Classical era through to the 21st century. The two disciplines continue their chronological parallel investigations. Guided field trips give students the opportunity to experience art masterpieces and musical performances. *Available only to Andrews University students attending Newbold College.*

## Mission

The Department of Biology provides transformational education in the biological sciences for a diverse student population, set in the context of a Seventh-day Adventist Christian worldview. To achieve this mission we:

- Seek knowledge and develop skills for lifelong learning through rigorous research, teaching and learning in the biological sciences;
- Affirm faith, engender integrity and honor the Creator through personal mentoring, intentional study of life as God's creation, and the ethical practice of science; and
- Change the world by active service, promoting responsible living as stewards of creation, and preparing students for meaningful careers in church and society.

Each degree offered by the Department of Biology includes a common core curriculum and additional courses tailored to students' special needs.

## Bachelors

### Biology BS

Set in the context of a Seventh-day Adventist world view, the Department of Biology provides transformational education in the biological sciences for a diverse student population. Our graduates pursue diverse careers: as physicians, dentists, pharmacists and other health care providers; as high school and college biology teachers; and in other fields such as environmental biology, biomedical research, and as museum scientists. We offer a BS in Biology with the following three concentration options:

The Biological Science Concentration provides a strong foundation for those needing exposure to the biological sciences that is not met by the Biomedical Science or Neuroscience concentrations. This concentration allows students to customize the biology electives taken in light of specific career goals or professional school preparation.

The Biomedical Science Concentration provides a strong foundation for those interested in pursuing a career in healthcare. Students take advanced biological science coursework that is relevant to topics covered in professional school where students are prepared to work in health-related careers.

The Neuroscience Concentration provides a strong foundation for those interested in medicine or other health-science related career as well as those who wish to

enter a career in neuroscience. Students build on a shared cognate and biology core and add specialized courses in neurobiology and related fields.

**Accelerated BS/MS Track:** Students interested in earning the Bachelors and Masters degrees in an accelerated track will need to follow the admission requirements as stated below in the section entitled, "Admission Requirements for Accelerated BS/MS Track." This track allows eligible students to obtain a Biology BS and a Biology MS in 5 years rather than the usual 6 years. Students must apply for this track during their junior year at Andrews University.

## Total Credits - 120

### Major - 37-45

#### Core - 25-27

BIOL 165 - Foundations of Biology **Credits:** 4,5  
BIOL 166 - Foundations of Biology **Credits:** 4,5  
BIOL 285 - Research Seminar in Biology **Credits:** 0 (5 semesters)  
BIOL 305 - Scientific Communication **Credits:** 2 (Accelerated BS/MS Track students will replace this course with BIOL 682)  
BIOL 371 - Genetics **Credits:** 3  
BIOL 372 - Cell and Molecular Biology **Credits:** 3  
BIOL 380 - Biostatistics and Research Design **Credits:** 3  
BIOL 435 - Historical and Philosophical Biology **Credits:** 3,4 (Accelerated BS/MS Track students will replace this course with BIOL 550)

#### Choose one of the following courses:

BIOL 345 - Field Ecology **Credits:** 3-6  
BIOL 348 - General Ecology **Credits:** 3

#### Concentrations

##### Biological Science - 15

#### Choose one of the following courses:

BIOL 428 - Paleobiology **Credits:** 3  
BIOL 454 - Vertebrate Zoology **Credits:** 3  
BIOL 459 - Entomology **Credits:** 3  
BIOL 476 - Biodiversity of Vascular Plants **Credits:** 4

**Electives:** Biological Science Concentration electives (11-12 credits) selected in consultation with an advisor from BIOL courses that applies to a biology major to fulfill the remaining 15 credits required. (Note: Students seeking Secondary Certification must take specific courses reaching 17 credits in the Biological Science concentration in consultation with their Secondary Education advisor.)

**Additional Elective Options:** Up to four elective credits may come from the following courses:

BCHM 421 - Biochemistry I **Credits:** 4  
HORT 226 - Plant Systematics & ID **Credits:** 3  
MATH 426 - Mathematical Modeling **Credits:** 3  
MLSC 320 - Fundamentals of Immunology **Credits:** 3  
PHTH 417 - Human Anatomy **Credits:** 3  
PHTH 427 - Human Anatomy Laboratory **Credits:** 1

##### Biomedical - 12-14

#### Choose three of the following courses:

BIOL 460 - Medical Microbiology **Credits:** 4  
BIOL 464 - Systems Physiology **Credits:** 4  
BIOL 465 - Histology **Credits:** 3  
BIOL 475 - Biology of Bacteria **Credits:** 3  
BIOL 485 - Developmental Biology **Credits:** 3  
PHTH 417 - Human Anatomy **Credits:** 3 (must be taken with lab)  
PHTH 427 - Human Anatomy Laboratory **Credits:** 1

Any additional three credits of upper-division biology, excluding BIOL 495 and BIOL 496.

##### Neuroscience - 12-13

BIOL 450 - Neuropsychopharmacology **Credits:** 3  
BIOL 477 - Neurobiology **Credits:** 3

#### Choose one of the following courses:

BIOL 484 - Animal Behavior **Credits:** 3  
PSYC 445 - Cognitive Psychology **Credits:** 3

Any additional three credits of upper-division biology, excluding BIOL 495 and BIOL 496.

## Cognates - 31-43

BCHM 421 - Biochemistry I **Credits:** 4 (Required for the Biomedical Science and Neuroscience Concentration)

CHEM 131 - General Chemistry I **Credits:** 4

CHEM 132 - General Chemistry II **Credits:** 4

CHEM 231 - Organic Chemistry I **Credits:** 3

CHEM 232 - Organic Chemistry II **Credits:** 3

CHEM 241 - Organic Chemistry Laboratory I **Credits:** 1

CHEM 242 - Organic Chemistry Laboratory II **Credits:** 1

### Choose one of the following sets:

PHYS 141 - General Physics I **Credits:** 4

PHYS 142 - General Physics II **Credits:** 4

or

PHYS 241 - Physics for Scientists and Engineers I **Credits:** 4

PHYS 242 - Physics for Scientists and Engineers II **Credits:** 4

PHYS 271 - Physics for Scientists and Engineers Laboratory I **Credits:** 1

PHYS 272 - Physics for Scientists and Engineers Laboratory II **Credits:** 1

### Religion

Choose one of the following courses:

RELT 385 - Bioethics and Christian Faith **Credits:** 3 \*

HONS 380 - Topic in Bioethics & Christian Faith **Credits:** 3 (for SAGES students)\*

### Math

Choose one of the following courses:

MATH 168 - Precalculus **Credits:** 4 \*

MATH 191 - Calculus I **Credits:** 4 (recommended)\*

MATH 195 - Calculus I for Biology **Credits:** 4 (recommended)\*

### Social Sciences

Pre Med Students will need to take the following courses:

PSYC 101 - Introduction to Psychology **Credits:** 3 \*

SOCI 119 - Principles of Sociology **Credits:** 3 \*

\*Course fulfills ACE requirement

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Information

### Thesis (Optional)

A minimum of 3 credits of BIOL 495 or HONS 497H. Biology majors may elect to complete a minimum of 3 credits of original research in a topic of mutual interest with a Department of Biology faculty member and present this original work in the form of a senior thesis. This research experience may be supported by a research scholarship.

## Accelerated BS/MS Track

### Accelerated Track Curriculum Requirements

Upon admission to the accelerated track, the student will take 10 credits (in some cases 13 credits) of master's-level coursework in their senior year, including Research Methods and Biology Seminar I and II (BIOL 681 and BIOL 682, 2 credits each), Issues in Origins and Speciation (BIOL 550, 3 credits), and one (or in some cases two) master's-level biology electives. These credits will count toward both BS and MS requirements.

In BIOL 682 the student will develop a research proposal, which will be a continuation or expansion of research they have been previously involved in as an undergraduate. They will then complete the necessary research and writing for their thesis in the following summer through spring semesters, with the possibility of one additional summer session required for completion.

This fifth year of study will require two registrations of BIOL 699 (Master's Thesis, 4 cr each) and three to four additional biology elective courses.

Two classes required for the undergraduate degree, BIOL 435 (Historical and Philosophical Biology) and BIOL 305 (Scientific Communication) will be replaced by BIOL 550 and BIOL 682 in the accelerated track.

While this accelerated track does not reduce the total number of credits required for the BS and MS programs, it does shorten the timeline to completion of the two degrees.

### Admission Requirements for the Accelerated BS/MS Track

- Application for the accelerated BS/MS track must be submitted during the student's junior year.
- The student must have been introduced previously to biological research as an undergraduate student.
- The student must complete 102 credits by the end of the junior year with a minimum GPA of 3.0.
- The GRE is not required for admission to the accelerated BS/MS track.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Demonstrate integrated understanding of biological science
- Apply scientific methodology to create and assess scientific knowledge
- Communicate scientific understanding effectively
- Integrate faith and science in light of personal faith commitments
- Practice ethics and professionalism in science

## Undergraduate Minors

### Biology Minor

The biology minor is designed to provide a foundation in the study of biology as well as electives allowing students to emphasize areas of study relevant to their interests or career preparation. This program of study serves a wide variety of career goals and is helpful to those preparing to teach science at the secondary level. It is complimentary to other majors that require classwork in the biological sciences.

### Total Credits - 20

BIOL 165 - Foundations of Biology **Credits:** 4,5

BIOL 166 - Foundations of Biology **Credits:** 4,5

Biology minor electives (10-12 credits) selected in consultation with an advisor from BIOL courses to fulfill the remaining 20 credits required.

## Student Learning Outcomes

Students completing the biology minor will:

- Gain experience in applying scientific methodology in an ethical and professional manner.
- Develop skill in communicating science.
- Have the opportunity to integrate faith & science in light of personal faith commitments.

## Masters

### Biology MS

The graduate program in biology equips students to pursue a career in biology or to advance to additional training in science or professional programs. This research thesis-based program serves students with interests in biology ranging from field-based to laboratory-based lines of biological study. Students that abide by the recommended timeline of study can complete the program in 2 years.

**Accelerated BS/MS Track:** Students interested in earning the Bachelors and Masters degrees in an accelerated track will need to follow the admission requirements as stated below in the section entitled, "Admission Requirements for Accelerated

BS/MS Track." This track allows eligible students to obtain a Biology BS and a Biology MS in 5 years rather than the usual 6 years. Students must apply for this track during their junior year at Andrews University.

## Total Credits - 30

BIOL 550 - Issues in Origins and Speciation **Credits:** 3

BIOL 681 - Research Methods and Biology Seminar I **Credits:** 2

BIOL 682 - Research Methods and Biology Seminar II **Credits:** 2

BIOL 670 - Comprehensive Exam **Credits:** 0 (A written comprehensive examination completed before the end of the third semester in residence)

8 Credits of BIOL 699 - Master's Thesis **Credits:** 4 (Completion of the MS thesis requires two registrations for BIOL 699 and a final oral examination in defense of the thesis.)

### Electives

Biology MS electives (15 credits), selected in consultation with an academic advisor, from any 500-level BIOL course to fulfill the remaining credits required.

BIOL 690 can be taken as an elective.

Graduate courses in other programs from BCHM, EDRM, FDNT, GDPC, and PBHL may be taken, upon consultation with a student's academic advisor.

## Accelerated Track Curriculum Requirements

Upon admission to the accelerated track (as an undergraduate), the student will take 10 credits (in some cases 13 credits) of master's-level coursework in their senior year, including Research Methods and Biology Seminar I and II (BIOL 681 and BIOL 682, 2 credits each), Issues in Origins and Speciation (BIOL 550, 3 credits), and one (or in some cases two) master's-level biology electives. These credits will count toward both BS and MS requirements.

In BIOL 682 the student will develop a research proposal, which will be a continuation or expansion of research they have been previously involved in as an undergraduate. They will then complete the necessary research and writing for their thesis in the following summer through spring semesters, with the possibility of one additional summer session required for completion.

This fifth year of study will require two registrations of BIOL 699 (Master's Thesis, 4 cr each) and three to four additional biology elective courses.

Two classes required for the undergraduate degree, BIOL 435 (Historical and Philosophical Biology) and BIOL 305 (Scientific Communication) will be replaced by BIOL 550 and BIOL 682 in the accelerated track.

While this accelerated track does not reduce the total number of credits required for the BS and MS programs, it does shorten the timeline to completion of the two degrees.

## Admission Requirements

In addition to the general admission requirements under the School of Graduate Studies, students must meet the following departmental requirements.

- A bachelor's degree with major in biology or an approved, related discipline, with appropriate upper division courses. The following courses are recommended: cell/molecular biology, organismal physiology, developmental biology, genetics, and ecology.
- A minimum GPA of 3.00 (B) in the undergraduate major.
- GRE scores are required in order to review the application for admission (see School of Graduate Studies).
- Cognate sciences, including full-year courses in general chemistry, organic chemistry, and physics. Mathematics through calculus and a course in statistics are strongly recommended.

## Admission Requirements for the Accelerated BS/MS Track

- Application for the accelerated BS/MS track must be submitted during the student's junior year.
- The student must have been introduced previously to biological research as an undergraduate student.

- The student must complete 102 credits by the end of the junior year with a minimum GPA of 3.0.
- The GRE is not required for admission to the accelerated BS/MS track.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Have a broad understanding of biology across many sub-disciplines, including population, organismal, cell and molecular, and philosophical biology.
- Ask good biological questions and approach relevant answers through the use of the scientific method in rigorous biological research.
- Exhibit growing comfort and skill in the communication of science to both specialists (scientists) and non-specialists (students and the general public).
- Understand the relationship of science and faith and the critical role that each has in answering life's most important questions.

## Biology

### BIOL 100 - Human Biology

**Credits:** 4

This course is designed to provide students with a basic understanding of the structure and function of the human body. Emphasis is placed on the practical application of principles learned in the areas of nutrition, anatomy and physiology. Does not apply to major or minor.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

### BIOL 105 - Techniques of Molecular Biology

**Credits:** 3

Lab-based introduction to techniques in molecular biology and their application to forensics. Does not apply to major or minor.

**Lecture/Lab:** Weekly: 1 lecture and a 3-hour lab

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Special Approval:** Only available for RESA students.

**Term Offering:** Spring

**College Code:** CAS

### BIOL 110 - Principles of Biology

**Credits:** 4

A one-semester survey of the principles of biology as they apply to the study of biological molecules, cells, multicellular organisms, and ecosystems. The course will introduce key concepts of biological function, inheritance, adaptation, and diversity. Does not apply to major or minor.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

### BIOL 121 - Introduction to Dentistry

**Credits:** 1

This class will serve as an introduction to the many facets of the dental profession. Through both a didactic and hands-on set of experiences, students will explore a broad range of topics, spanning from pre-dental training to private practice. Topics will include tooth anatomy, dental subspecialties, DAT preparation, and dental school experience. Hands-on experiences will focus on work with common dental materials as well as activities that will help students to assess and develop their hand-eye coordination and spatial perception. Not applicable for major or minor requirements.

**Lecture/Lab:** Weekly: 1 lecture

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## BIOL 122 - Introduction to Medicine

**Credits:** 1

A seminar-type discussion-formatted exploration for the premedical student intended to expose students early in their collegiate preparation to the spectrum involved in entering and practicing medicine. Topics include the AAMC personal competencies, the application process, medical school curriculum, residence training, the patient-physician relationship, inter-professional collaboration, and "What is an Ideal Physician?" Students will be asked to develop a plan of preparation for their premedical undergraduate experience. Not applicable for Biology major or minor requirements.

**Lecture/Lab:** Weekly: 1 lecture

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## BIOL 165 - Foundations of Biology

**Credits:** 4,5

First semester of a full-year sequence addressing the foundational principles in biology. Explores the cellular and molecular basis of life, principles of heredity, biodiversity and classification of organisms excluding animals, and plant form and function. 5 credits when offered during the academic year, 4 credits when taken at the Rosario Beach Marine Laboratory during the summer.

**Lecture/Lab:** Weekly: 5 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

## BIOL 166 - Foundations of Biology

**Credits:** 4,5

Second semester of a full-year sequence addressing the foundational principles in biology. Explores biodiversity and classification of animals, animal form and function, history of life on earth, and ecology. Five credits when offered during the academic year, 4 credits when taken at the Rosario Beach Marine Laboratory during the summer.

**Lecture/Lab:** Weekly: 5 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

## BIOL 170 - Rocks, Fossils, and Life

**Credits:** 4

What can we learn from the study of rocks and fossils and the processes that form them? How does this study help us understand the past, and why is it important to our understanding of life today—especially human life and culture? How can rocks and fossils give us insight into global change and environmental degradation? How do these questions interface with Christian belief and responsibility? The course will explore these and similar questions in geology and paleontology. Meets the life science general education requirement; no previous science background required.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Odd years

**Term Offering:** Fall

**College Code:** CAS

## BIOL 206 - Topics in \_\_\_\_\_

**Credits:** 1-5

Investigates various specialties of biology. May include lab experience.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture/Lab, Interactive Online

**Special Approval:** Instructor permission required.

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## BIOL 208 - Environmental Science

**Credits:** 4

Study of basic ecological principles as applied to human activities. Discussions deal with contemporary environmental issues. Lab includes field trips, guest speakers, and experiments. Meets certain state educational certification requirements.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab, Interactive Online, Self-Paced

**Term Offering:** Fall

**College Code:** CAS

## BIOL 221 - Anatomy and Physiology I

**Credits:** 4

First semester of a full-year sequence addressing the structure and function of the human organism. Surveys introductory biological chemistry, cell biology, histology, and the structure, function, and control of the integumentary, skeletal, muscular, nervous, and sensory systems. Does not apply to a biology major or minor; applies to a human biology minor.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

## BIOL 222 - Anatomy and Physiology II

**Credits:** 4

Second semester of a full-year sequence addressing the structure and function of the human organism. Surveys the structure, function, and control of the endocrine, cardiovascular, circulatory, respiratory, urinary, digestive and reproductive systems. Does not apply to a biology major or minor; applies to the human biology minor.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 221

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

## BIOL 260 - General Microbiology

**Credits:** 4

Includes history, morphology, classification, control, growth, transmission, and pathogenicity of selected bacteria, viruses, rickettsia, fungi, and parasites. Covers the nature of host defenses against pathogens, including the acquisition of specific immunity and immune disorders. Does not apply to a biology major or minor; applies to the human biology minor.

**Lecture/Lab:** Weekly: 3 lectures and two 1.5-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab

**Term Offering:** Spring

**College Code:** CAS

## BIOL 285 - Research Seminar in Biology

**Credits:** 0

Required for at least 5 semesters for biology or biotechnology (biology emphasis) majors (or each semester for students who transfer into biology with less than 5 semesters remaining). Each registration will require students to attend and report on at least 3 departmentally approved research seminars during that semester.

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**Term Offering:** Fall, Spring

**College Code:** CAS

## BIOL 305 - Scientific Communication

**Credits:** 2

A practical introduction to scientific communication. This course will focus on developing the fundamental skills required to convey information in the form of grant proposals, oral and poster presentations and research articles.

**Lecture/Lab:** Weekly: 2 lectures  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** BIOL 280  
**Prerequisite(s):** COMM 104 and ENGL 215. Honors students: HONS 115H.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

### BIOL 316 - Human Embryology

**Credits:** 1  
Acquaints students with the process of human development and embryology.

**Lecture/Lab:** Weekly: 1 lecture  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 166  
**Schedule Type:** Lecture/Lab  
**Term Offering:** Spring  
**College Code:** CAS

### BIOL 345 - Field Ecology

**Credits:** 3–6  
The course will introduce core ecological principles as applied to individual, population, community, and ecosystem levels of organizations along with hands-on experience in field ecology. Students will develop group and individual projects in aquatic and terrestrial ecosystems and develop skills in natural history observation and journaling and field research design, data analysis, and scientific communication.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 166  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**Special Approval:** Instructor permission required.  
**College Code:** CAS

### BIOL 348 - General Ecology

**Credits:** 3  
Ecological principles as applied to individual, population, community, and ecosystem levels of organization. Labs feature the characterization of ecological systems using standard field and lab techniques.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 165, BIOL 166 or BIOL 208  
**Schedule Type:** Lecture/Lab  
**Term Offering:** Fall  
**College Code:** CAS

### BIOL 371 - Genetics

**Credits:** 3  
Mechanisms of heredity are considered in light of classical population and molecular genetics. Labs feature experience in Drosophila genetics, chromosome analysis, statistical techniques, and recombinant DNA technology.

**Lecture/Lab:** Weekly: 2 lectures, a recitation and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 166, and completion of or simultaneous enrollment in CHEM 131.  
**Schedule Type:** Lecture, Lab  
**Term Offering:** Fall  
**College Code:** CAS

### BIOL 372 - Cell and Molecular Biology

**Credits:** 3  
Information from molecular biology, biochemistry, biophysics, physical chemistry, and electron microscopy are integrated to present the cell as a functional unit. Labs provide experience in the collection and analysis of quantitative data about cells.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 166, and completion of or simultaneous enrollment in CHEM 132.  
**Schedule Type:** Lecture, Lab  
**Term Offering:** Spring  
**College Code:** CAS

### BIOL 380 - Biostatistics and Research Design

**Credits:** 3  
An introduction to research design and statistical methods in quantitative biology. Topics include probability, basic study design, descriptive statistics, sampling, contingency tables, t-tests, one- and two-way analysis of variance, correlation, and simple linear regression. Both parametric and non-parametric techniques are explored. Computational exercises will use the Excel and SPSS packages.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 165, BIOL 166, MATH 145 or higher or MPE P3  
**Schedule Type:** Lecture, Lab, Lecture/Lab  
**Term Offering:** Spring  
**College Code:** CAS

### BIOL 405 - Topics in \_\_\_\_\_

**Credits:** 1–4  
Investigates various specialties of biology.

**Lecture/Lab:** One lecture or lab for each credit  
**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CAS

### BIOL 415 - Genomics, Proteomics, and Bioinformatics

**Credits:** 3  
An examination of the wealth of information to be found in our genomes and proteomes, the techniques used to produce and analyze these data, and its implications for biomedicine and related fields. Online databases and bioinformatics tools will be used extensively.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 165 and BIOL 166. Laptop required.  
**Schedule Type:** Lecture, Lab, Lecture/Lab  
**Year Offering:** Even years  
**Term Offering:** Spring  
**College Code:** CAS

### BIOL 422 - Immunology

**Credits:** 3  
Innate and acquired immune systems of the human organism; immunoglobulin production, structure, function, and diversity; antigen characteristics, variety, and specific red cell groups; tolerance and memory; complement structure and function; cell mediated immunity function and regulation; autoimmune disorders; transplantation and tumor immunology; immunodeficiency disorders; principles and procedures of techniques used in modern immunology lab.

**Lecture/Lab:** Weekly: 3 lectures  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 165  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Summer  
**College Code:** CAS

### BIOL 428 - Paleobiology

**Credits:** 3  
Covers various specialties including general and vertebrate paleontology. Surveys the origins, history, adaptations, diversity and paleoecology of ancient organisms as documented by the fossil record.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 166.  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture, Lab, Lecture/Lab  
**Year Offering:** Even years  
**Term Offering:** Fall  
**College Code:** CAS

### BIOL 430 - Molecular Laboratory Techniques

**Credits:** 3  
Acquaints students with modern lab techniques of molecular biology. The

manipulation and study of nucleic acids and proteins using model systems.

**Lecture/Lab:** Weekly: 1 lecture and 2 labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

### BIOL 435 - Historical and Philosophical Biology

**Credits:** 3,4

Examination of biological, paleontological, and geological concepts central to the study of historical events in biological systems. Considers the interactions of data, theories, and extra scientific concepts in historical biology, within the particular context of a biblical worldview. Students taking the fourth credit will gain a broader understanding of relevant concepts in physical and historical geology.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166. or BIOL 110

**Schedule Type:** Lecture/Lab

**College Code:** CAS

### BIOL 441 - Techniques in Microscopy

**Credits:** 3

A survey of light and electron microscopy, including techniques in biological specimen preparation and image collection, with a focus on modern fluorescence microscopy approaches to cellular imaging.

**Lecture/Lab:** Weekly: 2 lectures & a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years (odd)

**Term Offering:** Spring

**College Code:** CAS

### BIOL 450 - Neuropsychopharmacology

**Credits:** 3

A study of the mechanisms of actions of psychotropic agents and how they affect human perception and behavior. Emphasis is placed on the organization and function of the nervous system and the molecular and biochemical basis of drugs used to treat behavioral and clinical disorders.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PSYC 101; BIOL 221, BIOL 222 or BIOL 165, BIOL 166.

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

### BIOL 454 - Vertebrate Zoology

**Credits:** 3

Covers the various specialties of vertebrate biology, including herpetology, ornithology, and mammalogy.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture/Lab

**Term Offering:** Mammalogy (Fall), Ornithology (Spring)

**College Code:** CAS

### BIOL 459 - Entomology

**Credits:** 3

Study of the fundamental aspects of insect biology.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Odd years

**Term Offering:** Fall

**College Code:** CAS

### BIOL 460 - Medical Microbiology

**Credits:** 4

The overall objective is that participants gain appreciation of the medically important microbial pathogens of humans in terms of the clinical, therapeutic, and epidemiological aspects of diseases caused by them, molecular mechanisms of pathogenesis and their identification & characterization in the clinical laboratory.

**Lecture/Lab:** Weekly: 2 lectures & a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166

**Schedule Type:** Lecture/Lab

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CAS

### BIOL 464 - Systems Physiology

**Credits:** 4

Functional processes used by animals in adjusting to their external environment and controlling their internal environment. Labs involve the firsthand analysis of selected aspects of the major functional systems.

**Lecture/Lab:** Weekly: 3 lectures and a 3.5-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166, CHEM 131.

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

### BIOL 465 - Histology

**Credits:** 3

Microscopic anatomy, cytology, ultrastructure of tissues and organ systems are correlated with function. Emphasis on normal tissues of vertebrates.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

### BIOL 475 - Biology of Bacteria

**Credits:** 3

Study of the properties of bacteria that illustrate their function and relationship to other living systems. Topics include structure and function, classification, and interaction with the environment.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166; Organic Chemistry recommended (CHEM 231, CHEM 232, CHEM 241, CHEM 242).

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

### BIOL 476 - Biodiversity of Vascular Plants

**Credits:** 4

A taxonomic and morphological study of vascular plants emphasizing the plants found in the Great Lakes area. Field trips.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

### BIOL 477 - Neurobiology

**Credits:** 3

The neural basis of behavior, with some emphasis on the human nervous system, including cellular and molecular approaches to neuron function, development of neurons and circuits, and neuro-endocrine mechanisms. Labs develop skills in electrophysiology and neuroanatomy.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 166  
**Schedule Type:** Lecture, Lab, Lecture/Lab  
**Term Offering:** Fall  
**College Code:** CAS

### BIOL 478 - Study Tour:

**Credits:** 0  
Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Blended Learning  
**College Code:** CAS

### BIOL 484 - Animal Behavior

**Credits:** 3  
Behavior of animals including considerations of social interactions, learning processes, instinct, motivation, experimental methods, and the analysis of behavior patterns characteristic of various species.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 166  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Even years  
**Term Offering:** Fall  
**College Code:** CAS

### BIOL 485 - Developmental Biology

**Credits:** 3  
A study of the cellular and tissue-level events that result in the development of integrated organisms. Vertebrate and invertebrate model systems will be examined and compared with plants. Lab activities include vertebrate developmental anatomy and experimental approaches to understanding basic developmental processes.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 166 Foundations of Biology  
**Schedule Type:** Lecture/Lab  
**Term Offering:** Spring  
**College Code:** CAS

### BIOL 487 - Biogeography

**Credits:** 3  
The distribution of plants and animals in relation to their environment, including consideration of major biogeographic regions of the world and the role of distribution in adaptive change and diversification of life in the past and present.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour conference period  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Lab, Lecture/Lab  
**Term Offering:** Spring  
**College Code:** CAS

### BIOL 495 - Independent Research in Biology

**Credits:** 0–4  
An independent research project in biology under the direction of a biology instructor. A minimum of 4 hours work per week is required for each credit earned (and for the 0-credit option), and a written paper is required.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Special Approval:** Instructor permission required.  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CAS

### BIOL 496 - Independent Study in Biology

**Credits:** 1–4  
Independent study of a selected field in biology under the direction of a biology instructor. A minimum of 4 hours work per week is required for each credit earned and a written paper is required.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Schedule Type:** Independent  
**Special Approval:** Instructor permission required.  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CAS

### BIOL 497 - Internship in Biotechnology

**Credits:** 1–6  
An internship where students apply course and lab preparation in an extended hands-on laboratory experience in either on- or off-campus setting. 50 hours of work per semester credit hour.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Permission of biotechnology faculty.  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Practicum  
**College Code:** CAS

### BIOL 515 - Genomics, Proteomics, and Bioinformatics

**Credits:** 3  
An examination of the wealth of information to be found in our genomes and proteomes, the techniques used to produce and analyze these data, and implications for biomedicine and related fields. Online databases and bioinformatics tools will be used extensively. Students will deeply engage selected topics through original research, or through synthesis and critical analysis of primary literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 165 and BIOL 166 . Laptop required.  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (even)  
**Term Offering:** Spring  
**College Code:** CAS

### BIOL 521 - Immunology

**Credits:** 3  
This course introduces principles of immunology, including cells and organs comprising the immune system, innate and adaptive immune responses, generation of lymphocyte receptor diversity, antibody structure and function, and cell mediated immunity, as well as clinical applications such as autoimmune disease, tumor immunology and vaccination. Integrated into the course is a laboratory offering practical experience with basic techniques used in immunology. In addition to a broad survey of immunology, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Alternate years (even)  
**Term Offering:** Fall  
**College Code:** CAS

### BIOL 522 - Immunology

**Credits:** 3  
Innate and acquired immune systems of the human organism; immunoglobulin production, structure, function, and diversity; antigen characteristics, variety, and specific red cell groups; tolerance and memory; complement structure and function; cell mediated immunity function and regulation; autoimmune disorders; transplantation and tumor immunology; immunodeficiency disorders; principles and procedures of techniques used in modern immunology lab. In addition to a broad survey of immunology, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 3 lectures  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** BIOL 165  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Summer  
**College Code:** CAS

### BIOL 526 - Mathematical Modeling

**Credits:** 3  
Theory and application of linear and nonlinear mathematical models of biological and other processes. Topics selected from discrete- and continuous-time deterministic and stochastic modeling, analytic solution techniques, linearization,

bifurcations, chaos, computer simulation, model parameterization, and model validation.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 191 or MATH 195, or permission from instructor.

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## BIOL 528 - Paleobiology

**Credits:** 3

Covers various specialties including general and vertebrate paleontology. Surveys the origins, history, adaptations, diversity and paleoecology of ancient organisms as documented by the fossil record. Students will also engage selected topics more deeply through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years (even)

**Term Offering:** Fall

**College Code:** CAS

## BIOL 530 - Molecular Laboratory Techniques

**Credits:** 3

Acquaints students with modern lab techniques of molecular biology. The manipulation and study of nucleic acids and proteins using model systems. In addition, students will deeply engage in selected topics through an additional research project and lecture topic presentation.

**Lecture/Lab:** Weekly: 1 lecture and two 3-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years (odd)

**Term Offering:** Fall

**College Code:** CAS

## BIOL 541 - Techniques in Microscopy

**Credits:** 3

A survey of light and electron microscopy, including techniques in biological specimen preparation and image collection, with a focus on modern fluorescence microscopy approaches to cellular imaging. In addition to a thorough grounding in microscopy, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures & a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years (odd)

**Term Offering:** Spring

**College Code:** CAS

## BIOL 550 - Issues in Origins and Speciation

**Credits:** 3

A comparative survey of the assumptions, attitudes, methods, and conclusions of science and religion in the handling of data. Attention is given to current scientific data and their relationship to an understanding of earth history and the present diversity of life.

**Lecture/Lab:** Weekly: 3 lectures

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## BIOL 554 - Vertebrate Zoology

**Credits:** 3

Covers the various specialties of vertebrate biology, including herpetology, ornithology, and mammalogy. In addition to a broad survey of vertebrate biology, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**College Code:** CAS

## BIOL 555 - Neuropsychopharmacology

**Credits:** 3

A study of the mechanisms of actions of psychotropic agents and how they affect human perception and behavior. Emphasis is placed on the organization and function of the nervous system and the molecular and biochemical basis of drugs used to treat behavioral and clinical disorders. In addition to a broad survey of neuropsychopharmacology, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PSYC 101; BIOL 221 , BIOL 222 or BIOL 165 , BIOL 166

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

## BIOL 559 - Entomology

**Credits:** 3

Study of the fundamental aspects of insect biology. In addition to a broad survey of entomology, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years (odd)

**Term Offering:** Fall

**College Code:** CAS

## BIOL 560 - Medical Microbiology

**Credits:** 4

The overall objective is that participants gain appreciation of the medically important microbial pathogens of humans in terms of the clinical, therapeutic, and epidemiological aspects of diseases caused by them, molecular mechanisms of pathogenesis and their identification & characterization in the clinical laboratory. **Schedule Type:** Lecture

**Term Offering:** Spring  
**College Code:** CAS

### BIOL 575 - Biology of Bacteria

**Credits:** 3

Study of the properties of bacteria that illustrate their function and relationship to other living systems. Topics include structure and function, classification and interaction with the environment. Students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** CHEM 231 CHEM 232 CHEM 241 CHEM 242 or equivalent, full year course in Organic Chemistry

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

### BIOL 576 - Biodiversity of Vascular Plants

**Credits:** 4

A taxonomic and morphological study of vascular plants emphasizing the plants found in the Great Lakes area. In addition to a broad survey of vascular plants, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature. Field trips.

**Lecture/Lab:** Weekly: 3-hour lecture and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Fall

**College Code:** CAS

### BIOL 577 - Neurobiology

**Credits:** 3

The neural basis of behavior, with some emphasis on the human nervous system, including cellular and molecular approaches to neuron function, development of neurons and circuits, and neuro-endocrine mechanisms. Labs develop skills in electrophysiology and neuroanatomy. In addition to a broad survey of neurobiology, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

### BIOL 584 - Animal Behavior

**Credits:** 3

Behavior of animals including considerations of social interactions, learning processes, instinct, motivation, experimental methods, and the analysis of behavior patterns characteristic of various species. In addition to a broad survey of animal behavior, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Even years

**Term Offering:** Fall

**College Code:** CAS

### BIOL 585 - Developmental Biology

**Credits:** 3

A study of the cellular and tissue-level events that result in the development of integrated organisms. Vertebrate and invertebrate model systems will be examined and compared with plants. Lab activities include vertebrate developmental anatomy and experimental approaches to understanding basic developmental processes. Students will also engage selected topics more deeply through original research, or through synthesis and critical analysis of relevant literature.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

### BIOL 587 - Biogeography

**Credits:** 3

The distribution of plants and animals in relation to their environment, including consideration of major biogeographic regions of the world and the role of distribution in adaptive change and diversification of life in the past and present. In addition to a broad survey of biogeography, students will deeply engage selected topics through original research, or through synthesis and critical analysis of relevant literature.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

### BIOL 590 - Topics in \_\_\_\_\_

**Credits:** 1-4

Investigates various specialties of biology.

**Lecture/Lab:** One-hour lecture or a 3-hour lab for each credit

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture, Lecture/Lab

**College Code:** CAS

### BIOL 648 - Workshop

**Credits:** 1-4

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Workshop

**College Code:** CAS

### BIOL 655 - Program Continuation

**Credits:** 0

Students may register for this non-credit continuation course to maintain active status. For additional information on active status, refer to the Graduate Academic Policies. Registration does not indicate full-time status.

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

### BIOL 660 - Thesis Continuation

**Credits:** 0

Student may register for this title while clearing deferred grade (DG) and/or incomplete (I) courses with advisor approval only. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

### BIOL 670 - Comprehensive Exam

**Credits:** 0

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

### BIOL 681 - Research Methods and Biology Seminar I

**Credits:** 2

An introduction to graduate studies in biology, the nature and methods of science, principles of research ethics, and exploration of research opportunities in the Department of Biology. Attendance to all biology department seminars is required.

**Lecture/Lab:** Weekly: 2 lectures

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Seminar

**Term Offering:** Fall  
**College Code:** CAS

### **BIOL 682 - Research Methods and Biology Seminar II**

**Credits:** 2

In this second semester of Research Methods and Biology Seminar, graduate students survey current literature and prepare a formal research proposal. Students give an oral presentation of the research proposal at the end of the semester. Attendance to all biology department seminars is required.

**Lecture/Lab:** Weekly: 2 lectures  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Schedule Type:** Seminar  
**Term Offering:** Spring  
**College Code:** CAS

### **BIOL 690 - Independent Study**

**Credits:** 1–4

Independent study in biology under the direction of the instructor. Consent of instructor required.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CAS

### **BIOL 697 - Research in Biology**

**Credits:** 1–4

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Independent  
**College Code:** CAS

### **BIOL 699 - Master's Thesis**

**Credits:** 4

This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)  
**Repeatable:** Repeatable up to 8 credits  
**Schedule Type:** Independent  
**College Code:** CAS

## Mission

The mission of the Department of Chemistry & Biochemistry within the context of a Seventh-day Adventist Christian worldview is to assist all students to excel in developing their analytical and critical reasoning skills, using fundamental chemical principles and computational methods; prepare our chemistry and biochemistry majors to enter graduate school, professional school, the chemical industry, or the teaching profession, in a diverse world; develop in our students an understanding of responsible, environmentally sensitive use of global resources; engage students and faculty in the process of discovery and creativity in the research lab and the classroom to model a life of personal and professional integrity.

Students who plan to major in chemistry or biochemistry are expected to have entrance credit in the preparatory subjects of chemistry and mathematics (including algebra and trigonometry); a background in physics is desirable. Those who do not have entrance credit or equivalent training in these subjects, particularly mathematics, may not fulfill the department graduation requirements in four years.

Students are encouraged to plan early for an on-campus or off-campus research experience required of all students in the Bachelor of Science degree programs in chemistry and biochemistry (ACS) and strongly recommended for those in the Bachelor of Science degree program in biochemistry. This experience may take the form of a cooperative educational research experience or research in an academic, industrial, or governmental laboratory setting. Interested students should consult the department chair.

## American Chemical Society Certification

Students desiring American Chemical Society certification must

- Complete the required courses for the (ACS) Bachelor of Science degree in chemistry or biochemistry as spelled out in this bulletin.
- Achieve a minimum GPA of 3.00 in all chemistry courses taken at Andrews University.
- Satisfactorily complete a research or cooperative educational experience in chemistry.

A complete statement of certification requirements is available from the department chair.

## Bachelors

### Biochemistry BS

The Biochemistry BS offers a comprehensive learning experience in the biochemical sciences with significant bench-top laboratory experiences using the latest in chemical instrumentation. Our students learn how to be biochemists with a Seventh-day Adventist worldview, solving real problems in today's world. Our graduates enter diverse careers as professional biochemists, academic researchers, commercial pharmaceutical researchers, physicians, dentists, pharmacists, lawyers, and a myriad of other careers.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Demonstrate a comprehensive knowledge and understanding of the identification and transformation of matter.
- Demonstrate involvement in the discovery of chemical and biochemical knowledge.
- Communicate chemical and biochemical information to a diversity of audiences using a variety of formats.
- Practice competency in common lab activities and instrumentation; use safe laboratory & waste management practices; understand impact of chemical activities on environment.

# Chemistry BS (Secondary Education)

Students majoring in chemistry or biochemistry in preparation for teaching in secondary schools must complete the degree requirements for Chemistry BS, Chemistry BS (ACS approved), Biochemistry BS, or Biochemistry BS (ACS Approved), and the Secondary Education requirements below. They must also consult with an advisor in the department of School of Education (Formerly Teaching, Learning & Curriculum) who can guide them through the teacher preparation program successfully. In order for Andrews University to recommend a student for certification, the Michigan Test for Teacher Certification (MTTC) subject area exams must be passed in both the major and minor chosen by the student.

Students minoring in chemistry in preparation for teaching in secondary schools must complete the degree requirements for Chemistry Minor (Secondary Education).

## Secondary Education BA/BS

Click to view the Secondary Education BA/BS requirements.

## Undergraduate Minors

### Chemistry Minor

Students minoring in chemistry in preparation for teaching in secondary schools must consult with an advisor in the department of School of Education (Formerly Teaching, Learning & Curriculum) who can guide them through the teacher preparation program successfully. In order for Andrews University to recommend a student for certification, the Michigan Test for Teacher Certification (MTTC) subject area exams must be passed in both the major and minor chosen by the student.

For more information regarding Secondary Certification with a minor see the department of School of Education (Formerly Teaching, Learning & Curriculum).

### Total Credits - 19-24

CHEM 131 - General Chemistry I **Credits:** 4

CHEM 132 - General Chemistry II **Credits:** 4

CHEM 231 - Organic Chemistry I **Credits:** 3

CHEM 241 - Organic Chemistry Laboratory I **Credits:** 1

7 or 8 credits of CHEM/BCHM courses that apply towards a major in chemistry or biochemistry. Students who take CHEM 330 (4 Cr) need to earn at least 3 additional upper division CHEM/BCHM credits. Students who do not take CHEM 330, need to earn 8 CHEM/BCHM credits beyond those listed above. CHEM 195, CHEM 295, and CHEM 495 do not meet this requirement.

The Chemistry Minor must include two semesters of hands-on laboratory experience setting beyond General Chemistry. This is normally met through courses with lab components that are offered at Andrews. Transfer students whose chemistry coursework did not include hands-on laboratory work would need to have additional coursework. A lab syllabus and lab notebook should be provided for petitions.

### Secondary Certification (Optional)

\*Students pursuing secondary certification are required to take the following courses:

CHEM 232 - Organic Chemistry II **Credits:** 3

CHEM 242 - Organic Chemistry Laboratory II **Credits:** 1

CHEM 330 - Quantitative Chemical Analysis **Credits:** 4

BCHM 421 - Biochemistry I **Credits:** 4

### Student Learning Outcomes

At the end of the program, students should be able to:

- Demonstrate a knowledge and understanding of the identification and transformation of matter.

- Practice competency in common lab activities and instrumentation; use safe laboratory and waste management practices; understand impact of chemical activities on environment.

## Biochemistry

### BCHM 120 - Introduction to Organic and Biological Chemistry

**Credits:** 4

A survey of major concepts in organic chemistry and biochemistry. Organic foundation of structures and basic reactions of organic molecules emphasizing functional groups and establishing foundation for understanding structure and function of biological molecules, regulation of biochemical pathways. For nursing, dietetics, and allied health students. Not applicable toward a major or minor in chemistry or biochemistry.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 110

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

### BCHM 421 - Biochemistry I

**Credits:** 4

Study of the fundamental principles of enzyme kinetics and mechanisms based on the structure and chemistry of biomolecules including amino acids, carbohydrates, lipids, proteins, nucleotides, nucleic acids, and biological membranes.

**Lecture/Lab:** Weekly: 4 lectures

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 232

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

### BCHM 422 - Biochemistry II

**Credits:** 3

Continuation of BCHM 421 including selected topics of hormone and regulatory biochemistry, the study of the four primary neurotransmitter systems and an overview of selected human pathologies emphasizing cancer biochemistry and biology.

**Lecture/Lab:** Weekly: 3 lectures

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BCHM 421

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

### BCHM 430 - Biochemistry Lab

**Credits:** 1

Introduction to quantitative and qualitative methods for the isolation, purification and identification of biological materials and applications of enzyme kinetics.

**Lecture/Lab:** Weekly: one 4-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BCHM 421

**Recommended:** BCHM 422

**Schedule Type:** Lab

**Term Offering:** Spring

**College Code:** CAS

### BCHM 521 - Biochemistry I

**Credits:** 3

Study of the fundamental principles of enzyme kinetics and mechanisms based on the structure and chemistry of biomolecules including amino acids, carbohydrates, lipids, proteins, nucleotides, nucleic acids and biological membranes.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 232

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

# Chemistry

## CHEM 100 - Consumer Chemistry

**Credits:** 4

A one-semester course primarily for non-science majors presenting an introduction to fundamental concepts of chemistry to convey an appreciative understanding of the nature of chemistry and how it is applied to our daily lives. Topics of consumer chemistry to be studied will be selected from fuels, energy, polymers, fertilizers, pesticides, food and food additives, household cleaners, cosmetics and personal care chemicals, pharmaceuticals, and air and water pollution. Not applicable toward a major or minor in chemistry or biochemistry.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Course Attribute:** Fulfills the General Education Natural Science requirement

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

## CHEM 105 - Chemistry Lab for Non-Science Majors

**Credits:** 1

A laboratory-only course primarily for non-science majors who need 1 credit of laboratory experience in chemistry. Enrollment is by instructor permission and is available only to students who have passed a college-level chemistry course. Not applicable toward a major or minor in chemistry or biochemistry. Meets Gen Ed/ACE lab component portion of Natural Science area.

**Lecture/Lab:** Weekly: one 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lab

**Special Approval:** Instructor permission required

**Term Offering:** Spring

**College Code:** CAS

## CHEM 110 - Introduction to Inorganic Chemistry

**Credits:** 4

An introduction to the principles and applications of inorganic chemistry; for nursing, dietetics, and allied health students. Not applicable toward a major or minor in chemistry or biochemistry.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Course Attribute:** Fulfills the General Education Natural Science requirement

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

## CHEM 131 - General Chemistry I

**Credits:** 4

This first course in chemistry is for students planning to major in science and engineering. Topics include stoichiometry, atomic and molecular structure, bonding, states of matter, solutions, chemical kinetics, and chemical equilibrium.

**Lecture/Lab:** Weekly: 5 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MPE greater than or equal to P3, or passing grade in MATH 165, MATH 166, MATH 168 or above, or MATH 191, MATH 195

**Recommended:** High school chemistry or physics strongly recommended.

**Schedule Type:** Lecture, Lab

**Term Offering:** Fall

**College Code:** CAS

## CHEM 132 - General Chemistry II

**Credits:** 4

A continuation of CHEM 131 with topics including thermodynamics, acid and base chemistry, descriptive and nuclear chemistry.

**Lecture/Lab:** Weekly: 5 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** a grade of C- or better in CHEM 131

**Schedule Type:** Lecture, Lab

**Term Offering:** Spring

**College Code:** CAS

## CHEM 175 - Topics in \_\_\_\_\_

**Credits:** 1-4

Investigates various subdisciplines of chemistry or biochemistry. This course does not contribute to a major or minor in chemistry.

**Lecture/Lab:** Weekly: 1 lecture and/or lab for each lower-division credit taken

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Prerequisite(s):** Permission of instructor and chair.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture, Lab

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## CHEM 195 - Independent Research I

**Credits:** 0-3

Students will either assist a faculty member in an ongoing research project or develop a project of their own with the help and approval of the faculty member in their areas of interest or study. This course is for students who are beginning to establish their knowledge of chemistry and biochemistry.

**Lecture/Lab:** Weekly: a minimum of 4 hours of work per credit

**Course/Lab Fee:** Yes

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Permission of faculty member required.

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## CHEM 210 - Current Chemistry Topics

**Credits:** 0

Attendance at departmental seminar series devoted to topics in current chemical research as presented by students, faculty, and guest speakers.

**Lecture/Lab:** Weekly: 1 seminar

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CAS

## CHEM 231 - Organic Chemistry I

**Credits:** 3

The chemistry of carbon-containing compounds with emphasis on nomenclature, molecular structure, spectra-structure relationships, and a mechanistic approach to organic reactions.

**Lecture/Lab:** Weekly: 4 lectures

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 132

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## CHEM 232 - Organic Chemistry II

**Credits:** 3

This course is a continuation of CHEM 231

**Lecture/Lab:** Weekly: 4 lectures

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 231

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## CHEM 241 - Organic Chemistry Laboratory I

**Credits:** 1

Experiments related to the course content of CHEM 231.

**Lecture/Lab:** Weekly: 1 lecture and one 4-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 231 or concurrent enrollment in CHEM 231

**Schedule Type:** Lab

**Term Offering:** Fall

**College Code:** CAS

## CHEM 242 - Organic Chemistry Laboratory II

**Credits:** 1

Experiments related to the course content of CHEM 232 .

**Lecture/Lab:** Weekly: 1 lecture and one 4-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 232 or concurrent enrollment in CHEM 232 .

**Schedule Type:** Lab

**Term Offering:** Spring

**College Code:** CAS

## CHEM 290 - Independent Study in Chemistry or Biochemistry

**Credits:** 1,2

Independent study or problem-solving in a selected field in chemistry or biochemistry under the direction of a chemistry or biochemistry instructor. A minimum of 4 hours of work per week is expected for each credit earned and a written paper is required. This course does not meet the requirements for a chemistry minor.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Prerequisite(s):** CHEM 100 , CHEM 110 , or CHEM 132

**Repeatable:** Repeatable with different topics

**Schedule Type:** Independent

**Special Approval:** Instructor permission required

**College Code:** CAS

## CHEM 295 - Independent Research II

**Credits:** 0-3

Students will either assist a faculty member in an ongoing research project or develop a project of their own with the help and approval of the faculty member in their areas of interest or study. This course is for students who are establishing their knowledge of chemistry and biochemistry at the college level.

**Lecture/Lab:** Weekly: a minimum of 4 hours of work per credit

**Course/Lab Fee:** Yes

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Prerequisite(s):** A passing grade in CHEM 132 required

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Permission of faculty member required.

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## CHEM 300 - Laboratory Glassblowing

**Credits:** 2

Practice of fundamental glassblowing skills common to both scientific and creative glassblowing. Two projects are required. The student may choose between scientific and creative projects. Not applicable toward a major or minor in chemistry or biochemistry. Does not meet the general education requirement in natural science.

**Lecture/Lab:** Weekly: 1 lecture demonstration and a 4-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab

**Year Offering:** Even years

**Term Offering:** Fall

**College Code:** CAS

## CHEM 330 - Quantitative Chemical Analysis

**Credits:** 4

Lecture topics include statistics, chemical equilibrium, titrimetric procedures, gravimetric procedures, numerical data analysis and electrochemistry. Laboratory experiments include gravimetric procedures and titrimetric procedures of acid and base systems and redox systems, and using instrumental methods of analysis.

**Lecture/Lab:** Weekly: 2 lectures and two 4-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 132

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

## CHEM 340 - Environmental Chemistry

**Credits:** 4

A survey of environmental and energy-related problems. Topics include air, soil, and water pollution, energy and other resources, solid wastes and recycling, and

toxic chemicals. Not applicable toward a major in chemistry or biochemistry.

**Lecture/Lab:** Weekly: 3 lectures and a 4-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 132

**Recommended:** CHEM 232 or CHEM 330 strongly recommended

**Schedule Type:** Lecture, Lab, Lecture/Lab

**College Code:** CAS

## CHEM 375 - Topics in \_\_\_\_\_

**Credits:** 1-4

Investigates various subdisciplines of chemistry or biochemistry. Each individual topics course will be evaluated to determine whether it contributes to a major or minor.

**Lecture/Lab:** Weekly: 1 lecture and/or lab for each upper-division credit taken

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Prerequisite(s):** Permission of instructor and chair, and appropriate foundational courses.

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture, Lab

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## CHEM 400 - Chemical Separations and Analysis

**Credits:** 2

Theory and practice of analytical separations by extraction and chromatographic methods including flash column, thin layer, high pressure liquid, gas and affinity chromatography. After separation, the components of mixtures are analyzed by a variety of spectroscopic techniques that may include nuclear magnetic resonance, infrared spectroscopy and/or mass spectrometry.

**Lecture/Lab:** Weekly: 1 lecture and a 4-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 232, CHEM 242, and CHEM 330

**Schedule Type:** Lecture, Lab, Lecture/Lab

**College Code:** CAS

## CHEM 405 - Medicinal Chemistry

**Credits:** 2

Medicinal Chemistry is an interdisciplinary subject incorporating basic principles of organic chemistry, biology, biochemistry, toxicology, pharmacology and molecular biology to understand how biologically active compounds (pharmaceuticals) operate in living systems. Selected topics in medicinal and pharmaceutical chemistry including the design and synthesis of new drugs as well as their pharmacodynamic and pharmacokinetic properties will be covered. We will also examine the path of pharmaceuticals from inception to clinical use by studying specific classes of drugs.

**Lecture/Lab:** Weekly: 2 lectures

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 232

**Recommended:** BCHM 421 is recommended either as a prerequisite or corequisite.

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Spring

**College Code:** CAS

## CHEM 410 - Forensic Chemistry

**Credits:** 2

Principles of chemistry as applied to the methods of analysis and identification of drugs. Rules of evidence as they apply to testimony in court. Observation of drug-related court procedures.

**Lecture/Lab:** Weekly: 1 lecture and two 3-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 232 , CHEM 330

**Schedule Type:** Lecture/Lab

**College Code:** CAS

## CHEM 415 - Advanced Inorganic Chemistry

**Credits:** 4

Atomic and molecular structure, symmetry, group theory, solid state, acids and bases; structure, bonding, spectra, and reaction mechanisms of d-metal complexes, systematic chemistry of non-metals; organometallic chemistry and catalysis.

**Lecture/Lab:** Weekly: 4 lectures  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CHEM 232, CHEM 431  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (even)  
**Term Offering:** Spring  
**College Code:** CAS

### CHEM 418 - Chemistry & Biochemistry Seminar

**Credits:** 2

In this course, each student will demonstrate and integrate chemistry- and/or biochemistry-specific knowledge, communication skills and critical thinking acquired during the student's study of chemistry and biochemistry. A comprehensive written paper explaining the student's literature-based or lab-based research and a publically presented technical seminar are required. Students are also expected to demonstrate the development of professional skills. This course is recommended for students within 1-3 semesters of graduation. Enrollment is limited.

**Lecture/Lab:** Weekly: 2 lectures  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** CHEM 210  
**Prerequisite(s):** COMM 104 or COMM 220  
ENGL 215  
SAGES Pre-reqs for students in Honors:  
HONS398 (with grade of DG)  
one of: HONS115 or HONS265  
CHEM 232 - Organic Chemistry II  
**Prerequisite/Corequisite:** BCHM 421 and CHEM 431 (or instructor permission)  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CAS

### CHEM 430 - Instrumental Analysis

**Credits:** 2

Theory and practice of chemical analysis by spectroscopic and electrochemical methods. Introduction to automated data collection and computer control of instruments. Operational theory that emphasizes hands-on student learning for a broad range of analytical instruments commonly used by industry and academia including: UV-Vis-NIR, fluorescence, atomic and laser spectrophotometers; potentiostats; and analog and digital electronics.

**Lecture/Lab:** Weekly: 1 lecture and a 4-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CHEM 330, MATH 192  
**Schedule Type:** Lecture, Lab, Lecture/Lab  
**Term Offering:** Spring  
**College Code:** CAS

### CHEM 431 - Physical Chemistry I

**Credits:** 3

Fundamental concepts in chemical thermodynamics, free energy, chemical equilibria, phase changes, solutions, molecular transport, chemical dynamics, and electrochemistry.

**Lecture/Lab:** Weekly: 3 lectures  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CHEM 330, MATH 192, PHYS 142 (or PHYS 242, PHYS 272)  
**Recommended:** CHEM 441  
**Schedule Type:** Lecture  
**College Code:** CAS

### CHEM 432 - Physical Chemistry II

**Credits:** 3

Wave mechanics, atomic and molecular structure, chemical bonding, atomic and molecular spectroscopies, and applications to chemical dynamics and statistical thermodynamics.

**Lecture/Lab:** Weekly: 3 lectures  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CHEM 431,  
and one of: MATH 286 or MATH 240  
**Recommended:** Both MATH 286 and MATH 240 are strongly recommended  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Spring  
**College Code:** CAS

### CHEM 441 - Physical Chemistry Laboratory I

**Credits:** 1

Experiments related to the course content of CHEM 431.

**Lecture/Lab:** Weekly: one 4-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** concurrent enrollment in CHEM 431  
**Schedule Type:** Lab  
**Term Offering:** Fall  
**College Code:** CAS

### CHEM 442 - Physical Chemistry Laboratory II

**Credits:** 1

Experiments related to the course content of CHEM 432.

**Lecture/Lab:** Weekly: one 4-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** concurrent enrollment in CHEM 432  
**Schedule Type:** Lab  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Spring  
**College Code:** CAS

### CHEM 470 - Modern Synthetic Techniques

**Credits:** 2

An advanced laboratory course designed to incorporate a wide variety of modern synthetic techniques of organic, organometallic, and inorganic chemistry.

**Lecture/Lab:** Weekly: two 4-hour labs  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CHEM 474, CHEM 415 or concurrent enrollment in CHEM 415  
**Schedule Type:** Lab  
**Term Offering:** Spring  
**College Code:** CAS

### CHEM 474 - Advanced Topics in Organic Chemistry

**Credits:** 2

Study of the principles of modern synthetic organic chemistry with applications from one or more of the following areas: natural product, medicinal, or polymer chemistry.

**Lecture/Lab:** Weekly: 2 lectures  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CHEM 232  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CAS

### CHEM 475 - Advanced Topics in Physical Chemistry

**Credits:** 2

Advanced study of molecular spectroscopy, statistical thermodynamics, chemical dynamics, or the application of quantum mechanics.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** CHEM 432 or CHEM 431 and permission of the instructor  
**Schedule Type:** Lecture  
**College Code:** CAS

### CHEM 490 - Advanced Independent Study in Chemistry or Biochemistry

**Credits:** 1,2

Independent study of a selected field in chemistry or biochemistry under the direction of a chemistry or biochemistry instructor. A minimum of 4 hours of work per week is expected for each credit earned and a written paper is required. This course does not meet the requirements for a chemistry minor.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Prerequisite(s):** Either (CHEM 232) or (CHEM 231 and CHEM 330) or higher course at the instructor's discretion  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Independent  
**College Code:** CAS

### CHEM 495 - Advanced Independent Research

**Credits:** 0-4

Students will either assist a faculty member in an ongoing research project or

develop a project of their own with the help and approval of the faculty member in their areas of interest or study. This course is for students who have a reasonably-established knowledge of chemistry and biochemistry at the college level.

**Lecture/Lab:** Weekly: a minimum of 4 hours of work per credit

**Course/Lab Fee:** Yes

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Prerequisite(s):** A passing grade in CHEM 232/CHEM 242 or (CHEM 330 and CHEM 231 /CHEM 241) required

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

### CHEM 497 - Internship in Biotechnology

**Credits:** 1–6

An internship where students apply course and lab preparation in an extended hands-on laboratory experience in either on- or off-campus setting. 50 hours of work per semester credit hour.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Practicum

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

### CHEM 530 - Topics in Teaching \_\_\_\_\_

**Credits:** 2–4

Each time the course is offered, it treats one of the following areas: Concepts in Chemistry; Fundamental ideas of chemistry Demonstrations; Simple experiments which illustrate chemical principles Problem-Solving Strategies; Exploration into the mental processes and logic behind problem-solving; None of the above areas are to occur twice in one student's program.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 232

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Lecture

**College Code:** CAS

### CHEM 540 - Topics in \_\_\_\_\_

**Credits:** 2–4

Independent readings to be chosen in consultation with the instructor. A written report and an oral presentation covering the materials read are required. A minimum of 60 hours of work is required for each credit.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 431

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Lecture

**College Code:** CAS

## Mission

The Andrews University Department of English constitutes a vital component of this distinctive Seventh-day Adventist institution of higher learning. It draws together a diverse community of learners committed to seeking knowledge, affirming faith, and changing the world. Within the framework of Christian faith and purpose, it develops graduates who are competent, creative and critical readers, writers and thinkers, capable of a variety of careers and scholarly pursuits.

## English Proficiency Requirements

Students whose first language is not English must provide evidence of English-language proficiency before they are accepted into any program in the Department of English. To qualify for admission, students must obtain at least a minimum composite score on one of the following exams, with component score(s) at or above those indicated:

- Paper-based TOEFL (ITP) composite score of 600 with no component score lower than 55. An additional written essay exam is required with a minimum score of 80, and an additional speaking evaluation with a score of not less than 3.
- Internet-based TOEFL (iBT) composite score of 100, with Reading and Listening component scores of at least 15, Writing component score of at least 17, and Speaking component score of at least 18.
- IELTS composite score of 7, with Reading, Listening, and Speaking component scores of at least 6, and a Writing component score of at least 5.

The exam must be taken within two years prior to enrollment. Students who score below these levels may complete language requirements by enrolling in Intensive English Program courses (ENSL) on campus. Students with a score on the TOEFL ITP of 575-599 (or the equivalent on any of the four other exams) may be eligible for the Language Bridge Program which allows students to take a limited number

of degree program courses while completing language proficiency requirements in Intensive English Program courses. Students in the Language Bridge Program must demonstrate language proficiency within two semesters in order to continue in the degree program. Exceptions to these requirements may be granted by the Department of English on an individual basis.

## Bachelors

### English BA

A major in English - the study of literature, writing, and language - invites students to focus on human experience and expression in all its complexity and diversity. As part of learning how to analyze and interpret a wide range of genres, English majors explore texts' literary history and sociocultural contexts. Students also study and practice the creation of texts, including poems, essays, stories, plays, critical reviews, and many more. Throughout their studies, English majors focus on how humans acquire, live with, and use language. Each of the three concentrations - English Education, Literature, and Writing - grounds students in all these areas while emphasizing a specific aspect of English studies.

### Total Credits - 120

### Major - 42-44

#### Core - 10-11

ENGL 125 - Approaches to English Studies **Credits:** 3  
ENGL 225 - Approaches to Theoretical Discourse **Credits:** 3  
ENGL 345 - Introduction to Rhetoric **Credits:** 3

2 credits of ENGL 496 - Research Methods **Credits:** 2 (**Honors English Majors:** This course **must** be substituted with 2 credits of HONS 497H - Senior Honors Project. **Writing Concentration:** This course may be substituted with 1 credit of ENGL 497 - Writing Internship.)

#### Concentration - 32-34

##### English Education - 33-34

A concentration for students seeking secondary teaching certification for careers as K-12 teachers in pre-collegiate denominational or public schools. Students normally spend four to five years in residence to complete the requirements.

4 credits of ENGL 300 - Modern English Grammar **Credits:** 3,4  
ENGL 403 - 20th Century English and American Literature **Credits:** 3  
ENGL 408 - Literature for Young Adults **Credits:** 2,3  
ENGL 437 - Teaching and Tutoring Writing **Credits:** 3  
ENGL 459 - Methods of Teaching English **Credits:** 3  
ENGL 460 - Linguistics **Credits:** 3

## Additional Requirements

(for English Education concentration only)

**Secondary Certification**

Click to view the Secondary Education BA/BS requirements.

**Michigan Test of Teacher Certification (MTTC)**

English majors enrolled in the English Education concentration seeking Michigan state secondary certification credentials will take the Michigan Test of Teacher Certification—subject area: English (MTTC) in their last year of study.

Arrangements for taking the MTTC should be made with the Department of Teaching, Learning, and Curriculum in the College of Education & International Services. When test score results are tabulated by the Michigan Department of Education, they are shared with the students' certification advisor and then passed on to their English Education emphasis advisor. The Department of English decides how and when to share individual results.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admission Requirements

**English Language Requirements**

Students whose first language is not English must provide evidence of English-language proficiency before they are accepted into any program in the Department of English. To qualify for admission, students must obtain at least a minimum composite score on one of the following exams:

- Paper-based TOEFL (ITP) composite score of 600
- Internet-based TOEFL (iBT) composite score of 100
- IELTS composite score of 7

The exam must be taken within two years prior to enrollment. Students who score below these levels may complete language requirements by enrolling in Intensive English Program courses (ENSL) on campus. For required scores on other standardized proficiency exams, contact the department.

## Student Learning Outcomes

All students who graduate with a BA in English will be able to:

- Demonstrate familiarity with a diversity of Anglophone literature, its historical and cultural contexts, its genres, and major critical approaches.
- Produce interpretive and analytical texts that are clear, organized, supported with evidence, and accurately documented.
- Identify and discuss elements of a Christian perspective in the analysis and creation of texts and in language use.
- Know and understand instructional application of diverse texts, a variety of writing contexts, and language development and use (English Education concentration only).
- Demonstrate cohesive knowledge of the scope and sequence of Anglophone literature, and broad knowledge and application of critical theories (Literature concentration only).
- Demonstrate an understanding of a variety of genre conventions and exhibit rhetorical adaptability in applying those conventions (Writing concentration only).

## Undergraduate Minors

### English Education Minor

This content minor prepares students for certification to teach English at the secondary level. In addition to the requirements below, students must meet all the general education, content major, and professional education requirements. Please see the information provided by the Department of Teaching, Learning & Curriculum.

### Total Credits - 24

## Mission

The Andrews University Department of History & Political Science constitutes a vital component of this distinctive Seventh-day Adventist institution of higher learning. Serving its majors and minors and general education students, the department promotes the study of history, politics and philosophies within the framework of a Christian worldview, emphasizing both individual and corporate responsibility for service to humanity.

## Bachelors

### History BA

The BA in History is designed for students who want a general background in US and European history. Our program empowers students for the next phase of their life—career and/or graduate studies. A history degree allows graduates to enter a variety of fields because their history coursework, along with the required general education courses, provides essential critical thinking and analysis skills; effective bilingual communication; and historical discovery, inquiry, and research.

## HIST 325 - History of American Women

**Credits:** 3

The social, political, and economic roles and changing status of women in America. This course will examine how social constructions of gender, race, and class have shaped women's lives in the U.S. from the 1600s to the present, and how some women have pushed at the boundaries of those constructions through, for example, changing patterns of public/private sphere, work, leisure, and education; through political activism, involvement in a variety of social movements; and popular culture. We will emphasize the diversity of women's historical experiences by region as well as by social category, and will situate those experiences in the larger contexts of social, economic, and political change on local, national, and even global levels.

## Mission

The Department of International Languages and Global Studies strives to develop students' knowledge of foreign languages and cultures in a Christian environment. It provides a broad range of educational courses and programs that build foreign language competence and enhance the understanding of foreign literatures and cultures. The department not only helps students develop a global perspective by training them to use their foreign language skills in a variety of fields, but also to develop critical understanding of world culture in its complexity and diversity, supporting and promoting Christ's appeal to this generation, "And this gospel of the kingdom will be preached in all the world as a witness to all the nations, and then the end will come."

The department provides students with communicative competence in a second language, promotes a greater understanding of and appreciation for the significance of language in human interaction, fosters interest in other cultures, and encourages intellectual development through enhanced cognitive and analytical skills.

The department offers many opportunities for language students to enhance an appreciation of other cultures and to develop fluency in the use of another language by participating in the Adventist Colleges Abroad (ACA) programs, language clubs, the National Language Honor Society, and religious activities.

## Departmental Tours

The Department of International Languages and Global Studies offers two study tours: Europe and South America. Each tour is equivalent to six credits that count towards majors and minors. The South American tour may be taken only as Portuguese and Spanish credits; the European tour can be taken as French or Spanish credits. A maximum of 6 tour credits may be applied to the major or minor for students participating in the ACA program. All courses included in the tour are taught in the target language. Andrews University policies apply to the tour.

## Bachelors

## Other Programs

# Adventist Colleges Abroad Program

Andrews University, as a member institution, participates in the Adventist Colleges Abroad (ACA) program which gives North American students an opportunity to enhance their ability to use a foreign language and to experience a foreign culture while completing the requirements for a baccalaureate degree in the regular four-year period without losing credits or extending their courses of study.

The Adventist Colleges Abroad program offers a wide variety of courses in composition, phonetics, reading, literature, folklore, culture, business, and civilization. Other courses may be taken to fulfill Andrews Core Experience requirements. In addition, students participate in on-site guided field trips of geographic, historic, or economic significance.

## Admission Requirements

- Admission as a student at Andrews University.
- Competence in the language at the intermediate level is recommended. However, applicants with two to three years of secondary or one year of elementary-level college language study may be admitted.
- GPA of 2.25 in the language and 2.00 overall.
- Good citizenship record
- Completion of ACA application with all required information and signatures (academic and financial arrangements).

### Fulfilling Major/Minor Requirements.

Adventist Colleges Abroad students with majors or minors in a language are encouraged to take the required conversation, composition, civilization, and literature courses at the upper division level while studying abroad if their level of proficiency enables them to do so (see major requirements). Upon their return to Andrews University, students must take in residence the following minimum number of credits:

- For a language major: 12 upper division credits
- For a language minor: 6 upper division credits

These requirements apply to all students who spend a full school year abroad, including transfer students. Students should take a normal load of 16 credits each quarter or 12 credits per semester. Students also are encouraged to take as many Andrews Core Experience courses as possible.

## Additional Information

**Language Honor Society.** The local Beta Kappa chapter of AlphaMu Gamma, the national collegiate honor society for foreign languages, gives recognition to outstanding students.

**Language Clubs.** The Department of International Language Studies sponsors two language clubs. The purpose is to promote cultural, academic, social and spiritual activities. "Adelante" is the Spanish club and "Oh la la" is the French club. Both clubs require membership fees.

**Language Requirements for Andrews Core Experience.** Students who wish to have the language requirement waived (with or without credit) by passing a proficiency exam should apply at the Department of International Language Studies. Exams are given in the languages taught at the department: French, German, Korean, Portuguese, and Spanish. Exceptions can be made for other languages by the chair of the Department of International Language Studies. The examination will reflect the student-performance outcomes expected at the intermediate level in the four language skills of reading, writing, listening, and speaking according to the American Council of Teaching Foreign Languages (ACTFL) guidelines. Upon written approval by the instructor, the Department of International Language Studies will grant up to 12 credits per language examined. See here for fees for Language Proficiency exams. See p. 44 for CLEP options.

**Preparation for Teaching.** Students preparing to teach French or Spanish at the elementary or secondary level must qualify for teaching credentials as outlined in

the School of Education (College of Education & International Services) section of this bulletin. The program leading to the Master of Arts in Teaching (MAT) degree in French or Spanish is described in the School of Education (College of Education & International Services) section of this bulletin.

  - Evaluate and synthesize different points of view and determine solutions to serve specific outcomes.
  - Apply a flexible and analytical approach to finding creative, practical, and actionable solutions to a variety of visual communication problems.
  - Incorporate an adaptable approach to a rapidly changing media landscape.
- 3: Cultural Literacy and Contextual Adaptability
  - Students take advantage of the unique learning environment of Andrews University by developing a curiosity, respect, and recognition of diversity in cultural, economic and social entities.
  - Gain an understanding of current social, cultural, economic, and environmental issues and how these issues can inform and shape their creative production and its reception.
  - Demonstrate knowledge of historical, current, and innovative events across disciplines.
  - Develop familiarity of discipline ideologies across a range of media and various applications.
- 4: Intentional Exploration with Interdisciplinary Connections
  - Students pursue the various creative processes with intentionality to explore interdisciplinary connections and their potential.
  - Gain knowledge and appreciation for the potential in interdisciplinary pursuits and collaborations.
  - Students use specialized knowledge to navigate between academic disciplines to create cross-disciplinary content.
  - Network across disciplines to pursue opportunities for collaborative projects and community-based initiatives.
- 5: Quality of Execution + Professional Practices
  - Students develop a discipline focused portfolio in conjunction with their chosen discipline development.
  - Students develop insight into business practices and principles that are specific to their chosen field.
  - Reflect on process to understand its usefulness in establishing individual perspective, intentionality of craft, and personal methodologies.
  - Students learn effective research and conceptualization approaches to assignments and presentations.
  - Students pursue information in support of their research, progressing to a level of evaluating, sourcing, and conducting self-directed research and assuming autonomy of their direction.
- 6: Development and Integration of Faith and Ethics
  - The integration of faith and ethics within the context of their chosen discipline focused careers is explored in terms of affecting personal, community, and environmental self-awareness and integrity.

- Placed within the diverse setting of Andrews University, students explore ways in which their faith informs their creative practices.
- Students contemplate the role of a scholar-citizen, who navigates potential ethical challenges in creative practice and cultural production with self and social awareness.
- Students learn the ethical, legal and socio-economic considerations surrounding the production and applications of content.

## Liberal Arts BA

E-mail: [generalstudies@andrews.edu](mailto:generalstudies@andrews.edu)

The Andrews University liberal arts curriculum seeks to challenge students by preparing them for an increasingly complex and interconnected world.

Liberal Arts students will be required to keep a portfolio of work done during their education in order to demonstrate progress toward meeting learning objectives.

### Why and for whom

- Person with a broader interest than a single discipline
- For those who switched majors
- Fall-back for the capable student
- More flexible than single-discipline degree
- For affiliate campuses – only approved concentrations

### Divided into two concentrations

- Humanities
- Interdisciplinary

## Total Credits - 120

### Major - 43-45

PHIL 224 - Introduction to Philosophy **Credits: 3**

### Concentration - 40-42

#### Humanities Concentration - 42

RELG 350 - World Religions **Credits: 3**

#### Choose 2 of the following courses:

ARTH 220 - Language of Art **Credits: 3**

MUHL 214 - Enjoyment of Music **Credits: 3**

ENGL 255 - Studies in Literature: \_\_\_\_\_ **Credits: 3**

Take 33 credits from three of the six areas listed below (including 15 upper-division credits from two of the six following areas):

Fine Arts  
Philosophy  
Music  
Literature  
History  
Religion

#### Interdisciplinary Concentration - 40

This concentration requires students to choose the equivalent of two 20-credit hour focus areas approved by the Andrews liberal arts advisory committee. At least 15 credits must be chosen from upper division courses.

## Additional Requirements

- Selection of courses is made in consultation with the academic advisor.
- A minimum of 30 semester credits must be earned through Andrews University.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Information

The Liberal Arts degree program will be administered from the College of Arts and Sciences Dean's Office, with the director of the Explore Andrews program assigned the responsibility to coordinate the advising of students.

Restrictions on available concentrations for affiliate sites will be impacted by the terms and conditions of the specific affiliation agreement.

## Student Learning Outcomes

Graduates of this program will demonstrate:

- Critical thinking skills.
- Effective communication.
- Commitment to lifelong learning and the preparation for lives of leadership and service.

## **General Education (Andrews Core Experience)**

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## **Additional Information**

The degree on the diploma and transcript will be listed as a Bachelor of Arts or a Bachelor of Science. The major on the transcript will be Liberal Arts, with a listing of one of four concentrations: Humanities, Sciences, Social Sciences, Interdisciplinary.

The Liberal Arts degree program will be administered from the College of Arts and Sciences Dean's Office, with the Associate Dean assigned the responsibility to coordinate the advising of students. Academic oversight of the program will be the responsibility of the Liberal Arts Advisory Committee whose membership will include representation from the departments represented by the curricular requirements.

Restrictions on available minors for affiliate sites will be impacted by the terms and conditions of the specific affiliation agreement.

## **Student Learning Outcomes**

Graduates of this program will demonstrate:

- Critical thinking skills.
- Effective communication.
- Commitment to lifelong learning and the preparation for lives of leadership and service.

## **General Studies**

### **GNST 091 - Academic Tutorial Support**

**Credits:** 1–4

A tutorial application of the principles of academic success. Includes one-on-one tutoring and/or group-learning experiences. Could also include academic or cognitive evaluations when necessary.

**Grade Mode:** Satisfactory (S,U,I,W)

**Prerequisite(s):** Consent of the instructor required.

**Schedule Type:** Independent

**College Code:** CAS

### **GNST 295 - Topics:**

**Credits:** 0–3

Topic content and format of this course is variable. May be repeated in different topic areas.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture, Blended Learning, Interactive Online

**Special Approval:** Instructor permission required

**College Code:** CAS

### **GNST 297 - Independent Study:**

**Credits:** 0–3

Individually-directed study and readings on topics in consultation with advisor and/or instructor.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Independent

**Special Approval:** Instructor permission required

**College Code:** CAS

### **GNST 298 - PLA: (Special Topic)**

**Credits:** variable

PLA (Prior Learning Assessment) is a process which validates learning experiences that have occurred outside traditional college/university academic programs. A portfolio of evidence for demonstrating experience and competency justifies and determines the amount of credit granted.

**Grade Mode:** By examination (P)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Independent

**College Code:** CAS

### **GNST 416 - GRE Standardized Test Preparation: Verbal**

**Credits:** 1

Review of topics covered on the standardized GRE exam. Includes at least one full-length practice exam.

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

### **GNST 417 - GRE Standardized Test Preparation: Quantitative**

**Credits:** 1

Review of topics covered on the standardized GRE exam. Includes at least one full-length practice exam.

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

### **GNST 495 - Topics:**

**Credits:** 0–3

Topic content and format of this course is variable. May be repeated in different topic areas.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Lecture, Blended Learning, Interactive Online

**College Code:** CAS

### **GNST 497 - Independent Study:**

**Credits:** 0–3

Individually directed study or readings on topics, under the guidance of the instructor, and in consultation with advisor and/or instructor.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Independent

**Special Approval:** Instructor permission required

**College Code:** CAS

### **GNST 498 - PLA: (Special Topic)**

PLA (Prior Learning Assessment) is a process which validates learning experiences that have occurred outside traditional college/university academic programs. A portfolio of evidence for demonstrating experience and competency justifies and determines the amount of credit granted.

**Grade Mode:** By examination (P)

**Repeatable:** Repeatable up to 32 credits

**Schedule Type:** Independent

**College Code:** CAS

## GNST 499 - PLA Portfolio Development

**Credits:** 2  
The development of a portfolio of evidence to present for Prior Learning Assessment.

**Grade Mode:** By examination (P)  
**Schedule Type:** Independent  
**College Code:** CAS

## Interdisciplinary Studies

Details of departmental course offerings and course descriptions may be obtained from the department(s) involved.

### IDSC 278 - Study Tour:

**Credits:** 0  
Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Blended Learning  
**College Code:** CAS

### IDSC 280 - Cooperative Education in \_\_\_\_\_(subject area)

**Credits:** .5,1  
Supervised work experience with a cooperating industry, agency, or institution. The student is supervised by his/her department. At least 175 hours of work required per credit.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Sophomore standing or above and permission of the department chair. Students must apply and be accepted one semester in advance of their planned cooperative education experiences.  
**Repeatable:** Repeatable up to 1 credit  
**Schedule Type:** Independent  
**College Code:** CAS

### IDSC 294 - Off-Campus Study in \_\_\_\_\_

**Credits:** 3–15  
See advisor for details.

**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable up to 12 credits  
**Schedule Type:** Independent  
**College Code:** CAS

### IDSC 296 - Student Missionary/Taskforce Experience

**Credits:** 0  
This course qualifies for full-time status, requiring a minimum of 540 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CAS

### IDSC 380 - Cooperative Education in \_\_\_\_\_(subject area)

**Credits:** .5,1  
Supervised work experience with a cooperating industry, agency, or institution. The student is supervised by his/her department. At least 175 hours of work required per credit.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Sophomore standing or above and permission of the department chair. Students must apply and be accepted one semester in advance of their planned cooperative education experiences.  
**Repeatable:** Repeatable up to 1 credit  
**Schedule Type:** Independent  
**College Code:** CAS

### IDSC 394 - Off-Campus Study in \_\_\_\_\_

**Credits:** 0–15  
See advisor for details.

**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CAS

### IDSC 425 - STEM Boost

**Credits:** 3  
Hands-on learning in the major STEM disciplines which includes agriculture, biology, chemistry, engineering, math, and physics. This is designed to be blended course, combination of online distance learning and on-campus labs. The knowledge and experiences gained in this course is designed to be executed in both small and large schools settings, inexpensive, with easy setup/cleanup. This class satisfies continuing education academic credit for teacher re-certification. It is designed specifically for middle and high school educators teaching grades 5-12. Elementary educators teaching grades K-4 science are also welcome and encouraged to attend.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Schedule Type:** Blended Learning  
**Term Offering:** Summer  
**College Code:** CAS

### IDSC 456 - Integrated Science

**Credits:** 4  
This course is designed to provide a science experience that models what science professionals do in the real world. This course will integrate content from life, physical and earth science using a project driven, problem solving approach. Laboratory and lecture experiences are integrated continuously and include a strong technology component.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**College Code:** CAS

### IDSC 525 - STEM Graduate Boost

**Credits:** 3  
A graduate level, hands-on experience in the major STEM disciplines which include agriculture, biology, chemistry, engineering, math, and physics. This is designed to be a blended course - a combination of online distance learning and an on-campus lab intensive. The knowledge and experiences gained in this course is designed to be implemented in both small and large schools settings, inexpensive, with easy setup/cleanup. This class satisfies continuing education academic credit for teacher re-certification. It is designed specifically for middle and high school educators teaching grades 5-12. Elementary educators teaching grades K-4 science are also welcome and encouraged to attend. Participants will draft feasible prospective lesson plans as well as appropriate assessment tools and equipment acquisition and management strategies in the context of their classroom(s) and institution(s).

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Blended Learning  
**Term Offering:** Summer  
**College Code:** CAS

### IDSC 596 - Student Missionary/Taskforce Experience

**Credits:** 0  
This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes  
**Course Attribute:** Full-time status  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent

## Mission

Through teaching, research, and service, the Department of Mathematics seeks to provide leadership by

- Preparing a diverse student body with the mathematical understanding, problem-solving skills, and dispositions that enable career excellence;
- Increasing mathematical and scientific knowledge through publication and presentation and engaging undergraduates in research;
- Supporting the broader mathematics education community and mentoring others for generous service through a committed Christian life.

Mathematics is foundational to physics, engineering, and computer science, and is increasingly important in many fields of study such as finance, accounting, economics, biology, medicine, and environmental science. Students majoring in these and other fields will find that acquiring an additional major in mathematics or mathematical studies greatly enhances the marketability of their degree.

## Special Requirements and Placement Test

### Non-overlapping Credit Restrictions

Because there is substantial overlap in material covered in the following groups of courses, no student is granted credit (other than general elective credit) in more than one course from each group:

MATH182, 191, 195 (Calculus with Applications, Calculus I, Calculus I for Biology)

MATH145, 165, 166 (Mathematics in the (Mis)Information Age, College Algebra, College Algebra for Business)

### Minimum Grade for Prerequisites

Except for MATH191 and 195 which require a C in the prerequisite class (MATH168), the minimum grade to satisfy prerequisites is C-.

### Mathematics Placement Examination (MPE) and General Education Mathematics Requirement

Information on the MPE and Andrews Core Experience Mathematics requirements is available in the section on Andrews Core Experience Mathematics and on the Department of Mathematics Web site.

# Bachelors

## Data Science BS

Data Scientists provide insight and predictions from data. They work in research labs, startups, corporations, universities, governments, and nonprofits. A degree in data science provides students with skills for acquiring, managing, visualizing, mining, and modeling data. Students in this program learn tools and techniques for working with Big Data and using machine learning for making predictions. They consider implications of decisions made with data for human rights and privacy from an appropriate ethical, legal, and Christian framework (covered in ACE and reinforced in program courses). The program consists of a core set of data science, computer science, mathematics, and statistics courses and the choice of one track where students learn discipline-specific techniques and issues.

The Data Science BS program is shared between the Department of Mathematics in the College of Arts and Sciences and the Department of Computing in the College of Professions.

See [Department of Computing](#) for detailed information about the Data Science BS.

## Mathematics BS

The mathematics degree exposes students to a broad range of themes in mathematics, allowing them to specialize based on their goals in one of three concentrations: theoretical mathematics, applied mathematics, or statistics. In all concentrations, the deep study of mathematics equips students with analytical problem-solving skills and abstract reasoning abilities that help them stand out to employers and graduate programs. Many students combine their study of mathematics with a minor or major in a second area. Majors desiring secondary-teaching certification can earn this certification as a master's degree or switch to a Secondary Education major to include the certification in the bachelor's degree.

The theoretical mathematics concentration gives students a rigorous exposure to the major branches of mathematics, emphasizing logical deduction and proof-writing. It is designed to prepare students for graduate school in mathematics as well as a variety of careers that value analytical thinking, including software engineering and law school. Students are especially encouraged to pursue advanced special topic courses and research experience in their study.

The statistics concentration prepares students to analyze and interpret data utilizing statistical techniques that build upon a solid mathematical foundation, preparing students for a wide range of industry careers. It may be coupled with relevant coursework in business, biology, or computing to prepare students for a career or graduate work in actuarial science, biostatistics, or data analysis.

The applied mathematics concentration trains students with the mathematical tools most relevant for solving problems in the natural and social sciences, preparing students for a range of quantitative careers or graduate school. It is often paired with a major or minor such as engineering, physics, or chemistry where students can exercise mathematical problem solving.

Mathematics majors at Andrews learn and grow within one of the nation's most internationally and ethnically diverse campuses, preparing them to serve humanity as citizens of the world and to excel in a global marketplace. As mathematics is a universal language, students learn to solve problems with peers across cultural lines and break down barriers to advance the kingdom of God.

### Alternatives:

- Mathematical Studies major (if you want two majors but have a tight schedule and don't plan to go to math graduate school)
- Add a Computing minor to the Statistics concentration (if you want to prepare for Data Science)
- Add a Business or Finance minor to the Statistics concentration (if you want to prepare for Actuarial Science)
- Add a Biology or Public Health minor to the Statistics concentration (if you want to prepare for Biostatistics)

## Total Credits - 120

## Major - 39

### Core - 21

MATH 191 - Calculus I **Credits:** 4  
MATH 192 - Calculus II **Credits:** 4  
MATH 240 - Calculus III **Credits:** 4  
MATH 215 - Introduction to Linear Algebra **Credits:** 3  
MATH 355 - Foundations of Advanced Mathematics **Credits:** 3  
MATH 431 - Real Analysis I **Credits:** 3  
or MATH 441 - Abstract Algebra I **Credits:** 3

### Choose one of the following courses each semester (4 semesters):

MATH 389 - Mathematics Colloquium **Credits:** 0,1  
PHYS 277 - Physics Colloquium **Credits:** 0

### Concentration - 12

Choose one of the following:

#### Theoretical Mathematics Concentration

MATH 286 - Differential Equations **Credits:** 3  
MATH 315 - Advanced Linear Algebra **Credits:** 3  
MATH 431 - Real Analysis I **Credits:** 3  
MATH 441 - Abstract Algebra I **Credits:** 3  
MATH 432 - Real Analysis II **Credits:** 3  
or MATH 442 - Abstract Algebra II **Credits:** 3

#### Applied Mathematics Concentration

MATH 286 - Differential Equations **Credits:** 3  
MATH 405 - Applied Mathematics **Credits:** 3  
MATH 408 - Complex Analysis **Credits:** 3  
STAT 340 - Probability Theory with Statistical Applications **Credits:** 3  
or MATH 426 - Mathematical Modeling **Credits:** 3

#### Statistics Concentration

MATH 426 - Mathematical Modeling **Credits:** 3  
STAT 285 - Introduction to Applied Statistics **Credits:** 3  
STAT 340 - Probability Theory with Statistical Applications **Credits:** 3  
STAT 440 - Mathematical Statistics **Credits:** 3

### Electives - 6

Choose 6 additional credits from the following in consultation with an advisor:

MATH 286 - Differential Equations **Credits:** 3  
MATH 315 - Advanced Linear Algebra **Credits:** 3  
MATH 405 - Applied Mathematics **Credits:** 3  
MATH 408 - Complex Analysis **Credits:** 3  
MATH 426 - Mathematical Modeling **Credits:** 3  
MATH 431 - Real Analysis I **Credits:** 3  
MATH 432 - Real Analysis II **Credits:** 3  
MATH 441 - Abstract Algebra I **Credits:** 3

MATH 475 - Geometry **Credits:** 3  
MATH 487 - Special Topics in \_\_\_\_\_ **Credits:** 1–3  
MATH 495 - Independent Study **Credits:** 1–3  
MATH 497 - Research in Mathematics **Credits:** 0–3  
STAT 340 - Probability Theory with Statistical Applications **Credits:** 3  
STAT 440 - Mathematical Statistics **Credits:** 3

### Additional Requirements

A major field test in mathematics is required during the senior year.

Students in a secondary teacher certification program are required to take the following courses:

MATH 475 - Geometry **Credits:** 3  
STAT 340 - Probability Theory with Statistical Applications **Credits:** 3  
STAT 285 - Introduction to Applied Statistics **Credits:** 3  
or STAT 440 - Mathematical Statistics **Credits:** 3

## Cognates - 3

Choose one course (3 credits) from the following:

CPTR 151 - Computer Science I **Credits:** 3

CPTR 235 - Data Analytics Fundamentals **Credits:** 3

ENGR 365 - Numerical Methods for Engineers **Credits:** 3

## Student Learning Outcomes

- Students will demonstrate breadth and depth in their grasp of undergraduate mathematics.
- Students will conduct research projects, write papers, and make presentations.
- Graduates will be successful in obtaining employment or acceptance into graduate or professional programs.
- Graduates who enter graduate programs will be successful in completing the first year and eventually a master's or doctoral degree.
- Students will demonstrate a commitment to Jesus, the Seventh-day Adventist Church, and service to others.

## Non-degree Majors

## Mathematical Studies Major

This program provides an opportunity for students earning degrees in other areas to strengthen their career preparation and portfolio by adding a second major in mathematics that takes their mathematical skill level beyond that offered by a minor. Because mathematics is foundational to physics, engineering, and computer science and is increasingly important in many fields of study such as finance, accounting, economics, biology, medicine, and environmental science, students majoring in these and other fields find that acquiring an additional major in mathematical studies greatly enhances the marketability of their degree. Mathematical Studies is a second major that must be paired with a primary major in another discipline, such as Engineering or Physics, so the required curriculum is more flexible than that of the BS Mathematics degree.

### Alternative:

- BS Mathematics (if you can fit four more courses into your curriculum, then you can probably upgrade your Mathematical Studies major to a full degree)

## Total Credits - 124

## Major – 30

MATH 191 - Calculus I **Credits:** 4 or MATH 195 - Calculus I for Biology **Credits:** 4

MATH 192 - Calculus II **Credits:** 4

MATH 215 - Introduction to Linear Algebra **Credits:** 3

MATH 240 - Calculus III **Credits:** 4

### Choose one of the following courses each semester (2 semesters):

MATH 389 - Mathematics Colloquium **Credits:** 0,1

PHYS 277 - Physics Colloquium **Credits:** 0

### Choose 15 credits from the following in consultation with advisor:

CPTR 151 - Computer Science I **Credits:** 3

ENGR 365 - Numerical Methods for Engineers **Credits:** 3

MATH 286 - Differential Equations **Credits:** 3

MATH 315 - Advanced Linear Algebra **Credits:** 3

MATH 432 - Real Analysis II **Credits:** 3

MATH 441 - Abstract Algebra I **Credits:** 3

MATH 442 - Abstract Algebra II **Credits:** 3

MATH 475 - Geometry **Credits:** 3

MATH 487 - Special Topics in \_\_\_\_\_ **Credits:** 1–3

MATH 495 - Independent Study **Credits:** 1–3

MATH 497 - Research in Mathematics **Credits:** 0–3

STAT 340 - Probability Theory with Statistical Applications **Credits:** 3

STAT 440 - Mathematical Statistics **Credits:** 3

## Student Learning Outcomes

- Students will demonstrate breadth and depth in their grasp of undergraduate mathematics.
- Students will conduct research projects, write papers, and make presentations.
- Graduates will be successful in obtaining employment or acceptance into graduate or professional programs.
- Graduates who enter graduate programs will be successful in completing the first year and eventually a master's or doctoral degree.
- Students will demonstrate a commitment to Jesus, the Seventh-day Adventist Church, and service to others.

## Undergraduate Minors

### Mathematics Minor

If you enjoy math but are not quite ready to commit to a major, a minor in mathematics will communicate to others your interest and abilities in logical thought, persistence, attention to detail, and problem-solving. If you start with a Mathematical Studies major and discover that your schedule or passion doesn't allow you to finish, then you can still have a minor showing on your transcript.

#### Total Credits - 20

MATH 191 - Calculus I **Credits:** 4 or MATH 195 - Calculus I for Biology **Credits:** 4

MATH 192 - Calculus II **Credits:** 4

MATH 215 - Introduction to Linear Algebra **Credits:** 3

**Choose 9 credits from the following in consultation with a departmental advisor:**

MATH 240 - Calculus III **Credits:** 4

MATH 286 - Differential Equations **Credits:** 3

MATH 315 - Advanced Linear Algebra **Credits:** 3

MATH 355 - Foundations of Advanced Mathematics **Credits:** 3

#### Minor Requirements for Elementary or Secondary Certification

For more information regarding teacher certification with a minor, see the Department of Teaching, Learning & Curriculum. Students in an elementary or secondary teacher certification program are required to take the following courses:

MATH 355 - Foundations of Advanced Mathematics **Credits:** 3

MATH 475 - Geometry **Credits:** 3

STAT 285 - Introduction to Applied Statistics **Credits:** 3

STAT 340 - Probability Theory with Statistical Applications **Credits:** 3

**NOTE:** A major field test in mathematics is required during the senior year.

**For Secondary Certification only:**

MATH 375 - Secondary School Mathematics Teaching **Credits:** 3 **For Elementary Certification only:**

MATH 201 - Mathematics for Teachers I **Credits:** 2

MATH 202 - Mathematics for Teachers II **Credits:** 2

MATH 211 - Mathematics Activities for Teachers I: **Credits:** 1

MATH 212 - Mathematics Activities for Teachers II: **Credits:** 1

## Student Learning Outcomes

Students in this program will:

- Achieve practical fluency in the methods and applications of calculus and introductory linear algebra.
- Use appropriate mathematical techniques and ideas to solve problems and analyze real-world systems.
- Become acquainted with formal mathematical reasoning, including proofs.

## Mathematics of Economics and Finance Minor

This minor is highly recommended for students planning to go to graduate school in areas such as accounting, finance, business insurance, and actuarial science. A graduate degree in economics will need more mathematics, so consider a Mathematical Studies major and consult with your academic advisor. The minor is available only to students obtaining a degree in the School of Business Administration.

#### Total Credits - 20

MATH 191 - Calculus I **Credits:** 4

MATH 192 - Calculus II **Credits:** 4

MATH 215 - Introduction to Linear Algebra **Credits:** 3

MATH 286 - Differential Equations **Credits:** 3

STAT 285 - Introduction to Applied Statistics **Credits:** 3

STAT 340 - Probability Theory with Statistical Applications **Credits:** 3

## Student Learning Outcomes

Students in this program will:

- Achieve fluency in the methods and applications of calculus and introductory linear algebra.
- Obtain an undergraduate level of understanding of differential equations and probability theory with applications in finance.
- Become acquainted with formal mathematical reasoning, including proofs.

## Mathematics

MATH 091 and MATH 092 are provided for students not achieving a score of at least P2 on the Mathematics Placement Examination (MPE).

Students complete the sequence MATH091/092 by passing a set of proficiency tests in arithmetic and algebra, at which time a P2 score is awarded. When this occurs, the student has completed the Math Skill part of the General Education requirement, and is considered ready to take MATH 145, MATH 165, MATH 166 or STAT 285. Depending on the diligence and previous preparation of the student, this may occur at any time in the MATH 091/MATH 092 sequence.

#### MATH 091 - Arithmetic and Algebra Review I

**Credits:** 3

Individualized review of arithmetic and algebra skills. Algebra topics include linear, quadratic and rational equations; graphs and systems of linear equations; and polynomial operations and factoring. Students completing all of the required topics and exams while enrolled in MATH091 will receive an MPE score of P2 and are not required to take MATH 092. Students earning a passing grade in MATH 091 but not completing all of the required topics and exams must enroll in MATH 092. This developmental course does not count toward college credit.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal with R (A-F,I,W,R)

**Schedule Type:** Lecture

**Term Offering:** Fall, Spring

**College Code:** CAS

#### MATH 092 - Arithmetic and Algebra Review II

**Credits:** 3

Continuation of MATH 091. Students not completing the sequence requirements but fulfilling attendance, participation, and progress requirements may receive an R grade requiring re-registration the next semester. This developmental course does not count toward college credit.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal with R (A-F,I,W,R)

**Prerequisite(s):** MATH 091  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring  
**College Code:** CAS

### MATH 145 - Mathematics for the (Mis)Information Age

**Credits:** 3  
A quantitative reasoning course that teaches how to use algebraic tools and real-world data to make informed decisions and avoid being misled in public policy, science, health, and business. Topics include logic; interpreting graphs and tables; functions such as linear, quadratic, exponential, and logarithmic with applications to population growth and personal finance; and fundamentals of probability and statistics such as false positives and statistical significance.

**Course Attribute:** Fulfills the General Education Mathematics reasoning requirement  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MPE  $\geq$  P2.  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring  
**College Code:** CAS

### MATH 165 - College Algebra

**Credits:** 3  
Introduction to precalculus. Linear, quadratic, radical, and absolute value equations and inequalities; graphs of lines, parabolas, circles, ellipses and hyperbolas; composition and inverses of functions; transformations of graphs, symmetry; linear, quadratic, exponential, logarithmic, polynomial, and rational functions. Introduction to derivatives of polynomials. Applications to business and science, including interpretation of graphs and charts.

**Course Attribute:** Fulfills the General Education Mathematics reasoning requirement  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MPE  $\geq$  P2.  
**Schedule Type:** Lecture, Interactive Online, Self-Paced  
**Term Offering:** Fall, Spring  
**College Code:** CAS

### MATH 166 - College Algebra for Business

**Credits:** 3  
Introduction to precalculus. Linear, quadratic, radical, and absolute value equations and inequalities; graphs of lines, parabolas, circles, ellipses and hyperbolas; composition and inverses of functions; transformations of graphs, symmetry; linear, quadratic, exponential, logarithmic, polynomial, and rational functions. Introduction to derivatives of polynomials. Applications to business and science, including interpretation of graphs and charts.

**Course Attribute:** Fulfills the General Education Mathematics reasoning requirement  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MPE  $\geq$  P2  
**Schedule Type:** Lecture  
**Term Offering:** Fall, Spring  
**College Code:** CAS

### MATH 167 - Precalculus Trigonometry

**Credits:** 1  
Trigonometric functions and their inverses, identities, trigonometric equations; laws of sines and cosines, vectors, applications, and selected topics.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MPE  $\geq$  P3 or MATH 165 or MATH 166  
**Schedule Type:** Lecture  
**College Code:** CAS

### MATH 168 - Precalculus

**Credits:** 4  
Linear, quadratic, and absolute value equations and inequalities with applications; radical equations; polynomial, rational, exponential, logarithmic, inverse, trigonometric functions; higher order equations; exponential and logarithmic equations; the unit circle, trigonometric identities and equations; Law of Sines and Cosines; vectors in the plane, polar coordinates and graphs; complex numbers and De Moivre's Theorem; conic sections.

**Course Attribute:** Fulfills the General Education Mathematics reasoning requirement  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MPE  $\geq$  P3 or MATH 165 or MATH 166  
**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring  
**College Code:** CAS

### MATH 182 - Calculus with Applications

**Credits:** 3  
Introduction to single-variable calculus, including limits, differentiation, optimization, and integration with applications to problems in business and the social sciences. Some topics from multivariable calculus, including partial derivatives and extrema of functions of two variables.

**Course Attribute:** Fulfills the General Education Mathematics reasoning requirement  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MPE  $\geq$  P4 or MATH 167 or MATH 168  
**Schedule Type:** Lecture  
**College Code:** CAS

### MATH 191 - Calculus I

**Credits:** 4  
MATH191, 192 is a standard introduction to single-variable calculus. MATH 191 includes limits, continuity, derivatives, applications and integration up through substitution and integration by parts. Formal definitions of limit, derivative, and Riemann integral. Proofs of standard theorems, including the Fundamental Theorem of Calculus.

**Course Attribute:** Fulfills the General Education Mathematics reasoning requirement  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MPE=P5 or MATH 167 or MATH 168 with grade no lower than C.  
**Schedule Type:** Lecture, Interactive Online, Self-Paced, Blended Learning  
**Term Offering:** Fall, Spring  
**College Code:** CAS

### MATH 192 - Calculus II

**Credits:** 4  
Continuation of MATH191. Techniques of integration, improper integrals, applications of integrals, sequences, power series, Taylor and Maclaurin series, tests of convergence, error estimates, polar coordinates, parameterized curves, vectors, dot and cross products.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 191 or MATH 195.  
**Schedule Type:** Lecture  
**Term Offering:** Spring, Summer  
**College Code:** CAS

### MATH 195 - Calculus I for Biology

**Credits:** 4  
Introduction to single-variable calculus in the context of the life sciences from the dynamical systems point of view. Limits, continuity, derivatives, integration by substitution and by parts. Formal definitions of limit, derivative, and Riemann integral. Proofs of standard theorems, including the Fundamental Theorem of Calculus. In addition to standard topics, includes research applications to biology and medicine, an introduction to mathematical models and differential equations, equilibria, stability, and eigenvalues. Equivalent to MATH 191 .

**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** BIOL 165 or BIOL 166 or consent of the instructor  
**Prerequisite(s):** MPE=P5 or MATH 167 or MATH 168 with grade no lower than C  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

### MATH 201 - Mathematics for Teachers I

**Credits:** 2  
This course equips prospective teachers with the deep conceptual knowledge, reasoning skills, and teaching methods for becoming effective mathematics teachers. This course emphasizes active engagement, conceptual understanding, mathematical reasoning, and hands-on teaching methods. Topics include numeration systems, sets of numbers (whole numbers, integers, rational numbers, and real numbers) and their properties, computational algorithms, and proportional reasoning.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** MATH 211  
**Prerequisite(s):** MPE  $\geq$  P2  
**Schedule Type:** Lecture  
**Year Offering:** Annually

**Term Offering:** Fall  
**College Code:** CAS

## MATH 202 - Mathematics for Teachers II

**Credits:** 2

This course equips prospective teachers with the deep conceptual knowledge, reasoning skills, and teaching methods for becoming effective mathematics teachers. This course emphasizes active engagement, conceptual understanding, mathematical reasoning, and hands-on teaching methods. Topics include basic concepts of algebra and functions, geometric figures and their properties, proofs in algebra and geometry, geometric transformation, measurement, data analysis, and probability.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** MATH 212  
**Prerequisite(s):** MPE  $\geq$  P3  
**Schedule Type:** Lecture  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CAS

## MATH 211 - Mathematics Activities for Teachers I:

**Credits:** 1

Content activities for grade levels.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** MATH 201  
**Prerequisite(s):** MPE  $\geq$  P2  
**Schedule Type:** Lab  
**Year Offering:** Annually  
**Term Offering:** Fall  
**College Code:** CAS

## MATH 212 - Mathematics Activities for Teachers II:

**Credits:** 1

Content activities for grade levels.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** MATH 202  
**Prerequisite(s):** MPE  $\geq$  P3  
**Schedule Type:** Lab  
**Year Offering:** Annually  
**Term Offering:** Spring  
**College Code:** CAS

## MATH 215 - Introduction to Linear Algebra

**Credits:** 3

Vectors, Euclidean  $n$ -space, matrices, systems of linear equations, determinants, eigenvalues, eigenvectors, vector spaces, and linear transformations with emphasis on applications and computation.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 182, MATH 191, or MATH 195.  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CAS

## MATH 240 - Calculus III

**Credits:** 4

Standard introduction to multivariable calculus. Vectors and vector functions, curves and surfaces, partial derivatives, multiple integrals, line and surface integrals. Stokes', Green's, and divergence theorems.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 192.  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CAS

## MATH 286 - Differential Equations

**Credits:** 3

Ordinary differential equations as dynamical systems. Linear and nonlinear first order equations and systems, higher order linear equations, modeling, standard analytic and qualitative methods of solution, equilibria and stability, phase plane analysis. Computer graphing tools will be used.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 192.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## MATH 295 - Independent Study

**Credits:** 1-3

Independent study of selected topics in mathematics under the supervision of a mathematics professor. Ordinarily a minimum of three hours of study per week is expected for each credit. The instructor may require written reports or oral presentations.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**Special Approval:** Instructor permission required  
**College Code:** CAS

## MATH 315 - Advanced Linear Algebra

**Credits:** 3

A rigorous proof course on vector spaces, linear systems, linear transformations, matrix representations, eigenspaces, and diagonalization.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 215, MATH 355.  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Spring  
**College Code:** CAS

## MATH 355 - Foundations of Advanced Mathematics

**Credits:** 3

An introduction to concepts and methods that are fundamental to the study of advanced mathematics. Topics include logic, proof methods, set theory, relations, functions, number theory, and other selected topics from discrete mathematics. Mathematical reasoning and the reading and writing of proofs are emphasized.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 182, MATH 191, or MATH 195.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

## MATH 375 - Secondary School Mathematics Teaching

**Credits:** 3

Content, methods, and materials for secondary school mathematics teaching, including secondary mathematics content, mathematical problem solving, lesson preparation, teaching of skills and concepts, use of technology, assessment of learning, issues in teaching and learning, and other selected topics.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 355.  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Spring  
**College Code:** CAS

## MATH 389 - Mathematics Colloquium

**Credits:** 0,1

Current topics and issues of interest to the mathematics community.

Interchangeable with PHYS

277. When taking it for credit there will be additional requirements beyond attendance.

**Course/Lab Fee:** Yes  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable up to 2 credits  
**Schedule Type:** Lecture  
**College Code:** CAS

## MATH 405 - Applied Mathematics

**Credits:** 3

Solutions of first- and second-order partial differential equations and applications.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 240, MATH 286.  
**Schedule Type:** Lecture  
**Year Offering:** Even years

**Term Offering:** Fall  
**College Code:** CAS

## MATH 408 - Complex Analysis

**Credits:** 3  
Elementary complex analysis, contour integrals, complex series.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 240, MATH 355.  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Spring  
**College Code:** CAS

## MATH 426 - Mathematical Modeling

**Credits:** 3  
Theory and application of linear and nonlinear mathematical models of biological and other processes. Topics selected from discrete- and continuous-time deterministic and stochastic modeling, analytic solution techniques, linearization, bifurcations, chaos, computer simulation, model parameterization, and model validation.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 191 or MATH 195.  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Fall  
**College Code:** CAS

## MATH 431 - Real Analysis I

**Credits:** 3  
The completeness property of real numbers, cluster points, open and closed sets in  $\mathbb{R}$ , convergence and divergence of sequences of real numbers, Bolzano-Weierstrass theorem, Cauchy sequences, limits of functions, continuity and uniform continuity of functions, compact sets in  $\mathbb{R}$ , differentiation, Mean Value Theorem, and Taylor's Theorem.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 240, MATH 355.  
**Schedule Type:** Lecture  
**College Code:** CAS

## MATH 432 - Real Analysis II

**Credits:** 3  
Riemann integral, Fundamental Theorem of Calculus, pointwise and uniform convergence of sequences of functions, interchange of limits, convergence and divergence of infinite series, tests for convergence for infinite series, and series of functions. Additional topics as time permits.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 240, MATH 355, MATH 431.  
**Schedule Type:** Lecture  
**College Code:** CAS

## MATH 441 - Abstract Algebra I

**Credits:** 3  
A rigorous proof course on groups, rings, fields, and homomorphisms. Topics include cyclic groups, Cayley's Theorem, Lagrange's Theorem, factor groups, integral domains, and factor rings.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 240, MATH 355.  
**Schedule Type:** Lecture  
**Year Offering:** Even years  
**Term Offering:** Fall  
**College Code:** CAS

## MATH 442 - Abstract Algebra II

**Credits:** 3  
A continuation of MATH 441. Topics include polynomial rings, divisibility in integral domains, and extension fields. Additional topics may include geometric constructions, Sylow Theorems, and Galois Theory.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 240, MATH 355, MATH 441  
**Schedule Type:** Lecture  
**College Code:** CAS

## MATH 475 - Geometry

**Credits:** 3  
Axiomatic development and history of Euclidean and non-Euclidean geometries, constructions, geometric transformations, and selected topics from finite, fractal, affine, and projective geometries. Relation of these topics to secondary teaching.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 355.  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years (odd)  
**Term Offering:** Fall  
**College Code:** CAS

## MATH 487 - Special Topics in \_\_\_\_\_

**Credits:** 1–3  
Consult the instructor in regard to the topic to be covered.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Consent of the instructor.  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CAS

## MATH 495 - Independent Study

**Credits:** 1–3  
Independent study of selected topics in mathematics to enable advanced students to pursue topics not offered in other scheduled courses. The student will study under the supervision of a mathematics professor whose prior approval is required. Ordinarily a minimum of three hours of study per week is expected for each credit. Grades are assigned on the basis of an instructor-selected procedure such as oral or written exams or reports.

**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Prerequisite(s):** Consent of the instructor.  
**Repeatable:** Repeatable  
**Schedule Type:** Independent  
**College Code:** CAS

## MATH 497 - Research in Mathematics

**Credits:** 0–3  
A research project in mathematics supervised by a faculty mentor. A minimum of 4 work hours per week is required for each credit earned and a minimum of 4 work hours per week is required for the zero-credit option. A written paper is required for both the zero-credit option and all other credit options. Students register for each semester of ongoing research.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Prerequisite(s):** Approval of the instructor.  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Independent  
**College Code:** CAS

## MATH 530 - Topics in Teaching \_\_\_\_\_

**Credits:** 2,3  
A. Algebra; B. Geometry; C. Analysis; D. Applications; Consult with department chair regarding availability in any given year.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Lecture  
**College Code:** CAS

## MATH 540 - Topics in \_\_\_\_\_

**Credits:** 2,3  
Consult with the instructor in regard to the topic to be covered.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Consent of the instructor.  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Lecture  
**College Code:** CAS

# Statistics

## STAT 285 - Introduction to Applied Statistics

**Credits:** 3

A data-driven study of basic descriptive and inferential statistics. Concepts such as null distributions, hypotheses, test statistics, and p-values are emphasized while applying standard statistical tests including logistic regression.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MPE  $\geq$  P2.

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring

**College Code:** CAS

## STAT 340 - Probability Theory with Statistical Applications

**Credits:** 3

Probability theory and statistics for students having preparation in calculus. Topics include probability models, combinatoric problems, random variables, discrete and continuous distributions, expectation, moment generating functions, central limit theorem.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 191 or MATH 195.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## STAT 440 - Mathematical Statistics

**Credits:** 3

A continuation of STAT 340. Calculus-based inferential statistics and data analysis. Topics include hypothesis testing, theory of estimation, non-parametric methods, and regression analysis.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** STAT 340

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Fall

**College Code:** CAS

## Mission

To mentor students in artistic, intellectual, and character development. Faculty of the Department of Music are committed to providing a vibrant musical and learning environment to nurture artistic and creative growth in all students of music, to encourage and guide students through dynamic interaction in classroom and practical experiences as they mature into tomorrow's music professionals, and to mentor students in responsible use of their talents for service to Christ and to humanity.

## Undergraduate Information

Bachelor curricula in music provide a comprehensive exposure to and experience with the performance, history, and theory of music. Students receive hands-on supervised teaching experience in studio or classroom teaching.

Non-music majors may take courses in music or participate in music lessons or ensembles for credit or non-credit. See the Andrews Core Experience for more information.

The Andrews University Department of Music has been a member of the National Association of Schools of Music since 1964. Music majors may choose to join the student chapter of Music Educators National Conference.

## Enrollment

Students who have declared a music major or minor meet with the Music Department freshman advisor who facilitates the admission and enrollment process. Status as an undergraduate music major is provisional until the student demonstrates academic and performance skills on an acceptable level. See the *Department of Music Student Handbook* for further information.

**Student Handbook.** The *Department of Music Student Handbook*, available on the Department of Music website, provides clarification of general guidelines, requirements, and standards as well as information concerning recital attendance, recital requirements, and financial aid and departmental scholarships.

**Applied Music General Requirements.** All music majors register in applied music for every semester in residence and until they complete their senior recital.

**Applied Music Examination Requirements.** All music majors participate in an applied music examination at least twice during the school year. See the *Department of Music Student Handbook* for full details.

**Ensemble Requirements.** All music majors must enroll in a large ensemble corresponding to their area of emphasis each semester of residence for a minimum of 8 credits. Students who require more than eight semesters to complete their degree must continue to participate in an ensemble during each semester of residence.

**Minimum Passing Grades.** For music majors pursuing the BMus in music education, no grade lower than a C in an applied lesson, ensemble, or music class will count towards fulfillment of degree or program requirements. This includes transfer music credits. All other undergraduate music degrees follow the university standard for minimum passing grades in the major or minor.

**Piano Proficiency.** All music majors and minors are required to achieve an acceptable level of piano proficiency. This requirement may be met in one of the following two ways: 1) by passing the piano proficiency requirement as stated in the document **Andrews University Department of Music Information Sheet: Piano Proficiency Examination** available at the Music Office as well as at the Department of Music website, or 2) by taking four semesters of piano proficiency instruction for credit (majors) or two semesters (minors) at the Andrews University Department of Music with a satisfactory grade in each semester. Students choosing the first of these two options are expected to take the Piano Proficiency Examination before the end of the second semester of their freshman year; students choosing the second option are expected to enroll in the course sequence MUPF117-120 Piano Proficiency during their first year in residence. If one of these two options is not met, students will not be allowed to register for upper-division classes (with the exception of ensembles) or upper-division applied lessons until the Piano Proficiency requirement has been met.

**Recital Attendance.** All music majors are required to enroll in the course MUPF 489 Recital Attendance each semester in residence. Music minors are required to enroll in this course for four (4) semesters.

**Upper-division Status.** Request for advancement to upper-division status is submitted by the end of the sophomore year. See the Department of Music Student Handbook for full information.

**State Certification.** Students planning to teach music in K–12 must take the Bachelor of Music in Music Education degree and also complete required education courses specified by the School of Education (College of Education & International Services).

**Denominational Certification** is not automatic with state certification and is not required for graduation. Contact the certification clerk in the School of Education (College of Education & International Services) for full information.

## Music Performance Credits

The Department of Music offers individual instruction in all major instruments and voice which may fulfill music major or non-music major elective requirements. Course outlines detailing specific course content are available from the instructor. The requirements correlate with guidelines suggested by the National Association of Schools of Music as outlined in the *Department of Music Student Handbook*.

## Graduate Information

Master curricula in Music provide a comprehensive exposure to and experience with the performance, history, and theory of music. Students receive hands-on supervised teaching experience in studio or classroom teaching.

Non-music graduate students may take courses in music or participate in music lessons or ensembles for credit or non-credit. The Andrews University Department of Music has been a member of the National Association of Schools of Music (NASM) since 1964. Music Education students may choose to join the student chapter of Music Educators National Conference.

## Graduate Programs Admission Requirements

- General requirements for admission to graduate study as stated in the Admissions section of this bulletin.
- Musicians with various backgrounds often qualify to study music at the graduate level. Normally, a baccalaureate degree with a major in music is required; however, the following categories may also qualify:
  - Students with an earned baccalaureate degree within any major, assuming adequate undergraduate preparation in music. Adequate preparation includes mastery of music theory equivalent to content

of MUCT242 Music Theory IV and MUCT153 Ear Training Laboratory III; mastery of music history equivalent to content of MUHL446-448 Music Literature and Style (Antiquity to Present); and mastery of level of performance appropriate to the specific chosen master's program.

- Students who have completed programs comparable to the baccalaureate degree from non-United States institutions, with the level of mastery described in segment 1.
- **Entrance Examinations.** The Department of Music requires entrance examinations in music history and literature, music theory, and an audition in the major area of performance for all entering students prior to admission. Students scoring above 70% on both exams may start their program without review courses. Students scoring from 40-70% on either or both exams must take review courses in those area(s) and earn a minimum of a B grade. Students scoring below 40% will not be admitted to the graduate program, although they may re-take the exams once after a waiting period of 3 months. Another option is to take remedial undergraduate courses in the deficient area.
- A Graduate Scholarship Tuition Reduction is available to students with a minimum GRE Exam score of 297 (quantitative + verbal) or Music Placement Exam average score of 70% or higher.
- **Student Handbook.** The *Department of Music Student Handbook*, available on the Department of Music website, provides clarification of general guidelines, requirements, and standards as well as information concerning recital attendance, recital requirements, and financial aid and departmental scholarships.
- **Piano Proficiency.** Graduate students are required to achieve an acceptable level of piano proficiency. Those who have not demonstrated their proficiency on the undergraduate level may meet this requirement in one of the following two ways: 1) by passing the piano proficiency test as stated in the document **Andrews University Department of Music Information Sheet: Piano Proficiency Examination** available on the Department of Music website, prior to the first registration, or 2) by taking four semesters of MUPF117-120 Piano Proficiency with a satisfactory grade in each semester.
- **Language Proficiency.** For admission to the Master of Music in Performance (voice specialization), proficiency in at least one other language besides English is required as preparation for applying principles of phonetics, diction, and comprehension in the languages of English, German, French, and Italian.

Students must possess adequate language skills to apply principles of diction to other languages also. This includes proficiency with the International Phonetic Alphabet (IPA) prior to entering the master's program. Prospective students who are not yet familiar with IPA at the time of application to the Graduate School must communicate with the Coordinator for Voice Studies to prepare an IPA study plan prior to matriculation in the program.

Students whose native language is English and who have not formally studied any other language in addition to English must achieve at least an elementary skill level in one other language, as documented on an official transcript or through a placement test administered by the modern languages faculty. Remedial coursework does not count toward completion of the graduate degree.

Verification of language proficiency for students who do not have documentation on an academic transcript but who possess fluency in at least one other language beyond English may request fulfillment of the language proficiency requirement by a formal letter to the music department chair and the graduate music program director. The request must be submitted in the first semester of full-time graduate studies and must be approved by the student's applied voice teacher.

- **Non-degree (Guest) Students.** A student who plans to study music under this classification may be admitted to courses as approved by the department chair.
- **English Proficiency Tests.** English is the language of instruction at Andrews University. International and domestic prospective students whose first language is not English must submit English proficiency test scores. English proficiency tests must be taken within two years prior to admission.

Minimum English proficiency tests scores:

English Proficiency Test	Minimum Scores Required
Internet-based TOEFL (iBT)*	80
IELTS (Academic)	6.5
PTE (Academic)	54

\*Paper-based TOEFL is only accepted when administered by our Department of Intensive English Programs.

## Ensemble Requirements

- Participation on a no-credit basis is required for four semesters in one of the following Andrews University ensembles according to a student's area of emphasis: Wind Symphony, University Singers or AU Symphony Orchestra. Keyboard students: see note below. Students who require more than four semesters to complete their degree must participate in an ensemble during each semester of residence.
- Keyboard students in the MA and MMus (music education) programs on the Andrews University campus are required to enroll for one semester of MUPF505 Keyboard Accompaniment or one semester of MUPF510 Collaborative Piano. This may apply as one of the minimum four semesters of ensemble.
- Students pursuing piano or organ performance are required to enroll for one semester of MUPF510 Collaborative Piano and one semester of MUPF515 Recital Accompaniment and may apply these towards the minimum four semesters of ensemble.

## Practical Training Requirement

All students pursuing master's programs (MA: Music, MMus: Conducting, MMus: Music Education, MMus: Music Ministry; MMus: Performance) are required to take the 0-credit course MUED655 Practical Training to develop professional experience in music. To fulfill this requirement, students are required to meet a minimum of 50 hours of work/service while enrolled in the master's program. This could be done over the summer. Some recommended areas of work/service that may count toward this practical training experience are as follows:

- Music ministers in church settings
- Music teachers or instructors for a public or private school
- Instrumentalists performing in professional or community ensembles
- Research assistants in approved music research projects
- Other alternative activities must be approved by the student's major professor

After completing this requirement students will fill out and submit the form Completion of Practical Training Requirements to the Graduate Program Director for evaluation and signature. Students who have developed experiences equivalent to this practical training before entering the master's program may fulfill this requirement by submitting appropriate evidence showing sufficient work/ service experience.

## Thesis/Project/Recital Requirement

- This requirement for an MA in music, MMus in music ministry or MMus in music education may be met by one of the following:
  - A thesis—6 credits of MUHL699 and/or EDRM505.
  - Two projects—2 credits of MUHL698 for each project.
  - A credit recital—2 credits plus a minimum of 6 credits of applied music.
  - One project plus a one-credit recital—2 credits of MUHL698 for the project plus a minimum of 4 credits of applied music.
- The MMus: Performance degree requires a 2-credit recital. Recitalists must have taken in residence at least one-half of their applied music credit in their major performance area. They must enroll in applied lessons for at least two consecutive semesters prior to the recital date and must audition before a committee of music faculty one month prior to the recital. Students majoring in performance without an undergraduate major in the same performance area (or the equivalent) must offer two recitals, only the second of which is for credit.

**Comprehensive Examinations.** All graduate students in music take the 0-credit course MUHL670 Comprehensive Exam toward the end of their studies. Students should consult with their advisor concerning the appropriate time to apply for these examinations and for guidance in preparing for them.

**Active Status.** After completing all course requirements, all graduate music students must maintain an active status continuous enrollment for both Fall and Spring semesters until the degree is granted. This is accomplished by enrolling in MUHL665 Comprehensive Exam Preparation (non-repeatable with fee attached), MUHL670 Comprehensive Exam (non-repeatable), or MUHL655 Program Continuation (repeatable with fee attached) until the degree is earned. Students who fail to maintain continuous enrollment as defined here, will not be allowed to finish their degree requirements until they apply to the Department of Music for degree reactivation and pay the established fees for each semester of absence in the program. The reactivation fee used will be the latest AU Bulletin fee listed for MUHL655 Program Continuation.

# Bachelors

## Music BA

The Bachelor of Arts in Music is a liberal arts program with a strong emphasis in music. It is a viable option for a double major. The orientation of the Music BA is toward a broad coverage of music rather than intensive concentration on a single specialization. However, an emphasis can be chosen. The Music BA may fulfill the requirements for entrance into a Master of Music program. Students ordinarily complete the program in 4 years.

## Additional Requirements

### Practical Training:

- All students pursuing master's programs (MA: Music, MMus: Conducting; MMus: Music Education; MMus: Music Ministry; MMus: Performance) are required to take the course MUED655 Practical Training to develop professional experience in music. To fulfill this requirement, students are required to meet a minimum of 50 hours of work/service while enrolled in the master's program. This could be done over the summer. Some recommended areas of work/service that may count toward this practical training experience are as follows:
  - Music ministers in church settings
  - Music teachers or instructors for a public or private school
  - Instrumentalists performing in professional or community ensembles
  - Research assistants in approved music research projects
  - Other alternative activities must be approved by the student's major professor
- After completing this requirement students will fill out and submit the form Completion of Practical Training Requirements to their major professor for evaluation and signature. Students who have developed experiences equivalent to this practical training before entering the master's program may fulfill this requirement by submitting appropriate evidence showing sufficient work/ service experience.

### Ensemble:

- Registration is required in one of the following, each semester in residence, for a minimum of 4 semesters: an Andrews University Department of Music large ensemble (band, choir or orchestra) that corresponds to the student's area of specialty.
- Keyboard students are required to enroll in the following courses which may apply to the minimum four-semester ensemble requirement: Non-performance keyboard students are required to enroll for one semester of MUPF 505 Keyboard Accompaniment or one semester of MUPF 510 Collaborative Piano. Students pursuing a performance concentration with specialization in piano or organ are required to enroll for one semester of MUPF 510 Collaborative Piano and one semester of MUPF 515 Recital Accompaniment.

### Piano Proficiency:

- Graduate students who have not passed this examination on the undergraduate level must take the examination prior to the first registration. Students who do not pass this examination must enroll in the undergraduate piano proficiency sequence.

### Comprehensive Exam:

- Students should consult with their advisor concerning the appropriate time to apply for these examinations and for guidance in preparing for them.

## Maintaining Active Status

After completing all course requirements, all graduate music students must maintain an active status continuous enrollment for both Fall and Spring semesters until the degree is granted. This is accomplished by enrolling in MUHL665 Comprehensive Exam Preparation (non-repeatable with fee attached), MUHL670 Comprehensive Exam (non-repeatable), or MUHL655 Program Continuation (repeatable with fee attached) until the degree is earned. A student who fails to maintain continuous enrollment as defined here, will not be allowed to finish their degree requirements until he/she applies to the Department of Music for degree reactivation and pays the established fees for each semester of absence in the program. The reactivation fee used will be the latest AU Bulletin fee listed for MUHL655 Program Continuation.

## Admission Requirements

- General requirements for admission to graduate study as stated in the Admissions section of this bulletin.
- Musicians with various backgrounds often qualify to study music at the graduate level. Normally, a baccalaureate degree with a major in music is required; however, the following categories may also qualify:
  - Students with an earned baccalaureate degree within any major, assuming adequate undergraduate preparation in music. Adequate preparation includes mastery of music theory equivalent to content of MUCT242 Music Theory IV and MUCT153 Ear Training Laboratory III; mastery of music history equivalent to content of MUHL446-448 Music Literature and Style (Antiquity to 20th Century); and mastery of level of performance appropriate to the specific chosen master's program.
  - Students who have completed programs comparable to the baccalaureate degree from non-United States institutions.
  - The Department of Music requires placement examinations in music history and literature, music theory, piano proficiency, and an audition in the major area of performance for all entering students prior to registration. Admission status is provisional until these examinations are completed and any deficiencies removed. Courses used to make up for a deficiency may be taken for graduate credit but may not count for graduate requirements; a minimum grade of B must be earned.
  - A Graduate Scholarship Tuition Reduction is available to students with a minimum GRE Exam score of 297 (quantitative + verbal) or Music Placement Exam average score of 70.

**Non-degree (Guest) Students.** A student who plans to study music under this classification may be admitted to courses as approved by the department chair.

**English Proficiency Tests.** English is the language of instruction at Andrews University. International and domestic prospective students whose first language is not English must submit English proficiency test scores. English proficiency tests must be taken within two years prior to admission.

### Minimum English proficiency tests scores:

English Proficiency Test	Minimum Scores Required
Internet-based TOEFL (iBT)*	80
IELTS (Academic)	6.5
PTE (Academic)	54

\* Paper-based TOEFL is only accepted when administered by our Department of Intensive English Programs.

## Student Learning Outcomes

Graduates of this program will:

- Exhibit advanced technical and artistic skills in their area of expertise.
- Learn and apply pedagogical methods, techniques, and tools related to their area of expertise, as appropriate to their degree track.
- Demonstrate their understanding of music history – including the development of musical styles and the contextual forces that have influenced and shaped their development, primarily in the Western art music tradition.
- Demonstrate advanced proficiency in the theoretical foundations of Western music through aural skills, analysis, and understanding of historical context.
- Demonstrate astute skills in music research and writing.
- Hone critical thinking skills by:
  - Responding to scholarly research both orally and in written form.

- Preparing informed musical performances (or compositions) based on their theoretical and historical understanding of the repertoire.
- Preparing and bringing to completion their capstone.

## Music Education MMus

This degree provides students with further preparation and qualification to teach music in the elementary and secondary levels. Because state certification is required for all K-12 teaching positions in the United States, students planning to teach in the United States must be prepared to fulfill certification requirements. This may be accomplished either as a result of holding a bachelor's degree in music education prior to starting the master's degree or taking specific undergraduate courses in music education as remedial requirements. The curriculum leads to a capstone that may be in the form of a recital, a thesis, or a project. Students ordinarily complete the program in two years of full-time study, except when the student does not have prior certification to teach. The program length in that case will depend on the number of remedial courses required to attain certification.

## Music MA

This degree program provides graduate-level training in music, with variables and choices allowing students to pursue an emphasis based on their interests and aptitude. Possible emphases include composition, piano pedagogy, collaborative piano, or other areas of music study provided the courses are offered in the curriculum. This degree gives students graduate-level qualification for positions that require a master's degree of any kind, or it can serve to prepare students wishing to continue with a doctoral degree in music. Students ordinarily complete the program in two years of full-time study.

- Learn and apply pedagogical methods, techniques, and tools related to their area of expertise, as appropriate to their degree track.
- Demonstrate their understanding of music history – including the development of musical styles and the contextual forces that have influenced and shaped their development, primarily in the Western art music tradition.
- Demonstrate advanced proficiency in the theoretical foundations of Western music through aural skills, analysis, and understanding of historical context.
- Demonstrate astute skills in music research and writing.
- Hone critical thinking skills by:
  - Responding to scholarly research both orally and in written form.
  - Preparing informed musical performances (or compositions) based on their theoretical and historical understanding of the repertoire.
  - Preparing and bringing to completion their capstone.

## Performance MMus

A prior advanced level of performance in one area is required in order to pursue a master's degree in performance. Students focus on one area of performance, giving them further advanced training and graduate-level qualification in music. It prepares them for a performance profession or pursuit of doctoral studies in music. Students ordinarily complete the program in two years of full-time study.

## Total Credits - 32+

### MMus Core - 13

- MUCT 535 - Analytical Techniques I **Credits:** 2
- MUCT 536 - Analytical Techniques II **Credits:** 2
- MUED 648 - Workshop **Credits:** 1
- MUED 655 - Practical Training **Credits:** 0
- MUHL 519 - Studies in 20th Century Music **Credits:** 2
- 4 credits of MUHL 524 - Music Literature Seminar **Credits:** 2 (two times with different content)
- MUHL 670 - Comprehensive Exam **Credits:** 0
- MUHL 695 - Bibliography and Research in Music **Credits:** 2

### Recital - 2

- 2 credits of MUPF 575 - Recital **Credits:** 1,2
- Recitalists must have taken in residence at least one-half of their applied music credit in their major performance area. They must enroll in applied lessons for at least two consecutive semesters prior to the recital date and must audition before a committee of music faculty one month prior to the recital. Students majoring in performance without an undergraduate major in the same performance area (or the equivalent) must offer two recitals, only the second of which is for credit.

### Concentration - 12+

#### Instrumental - 12

- 8 credits in focus instrument of MUPF 560 - Applied Music (performance track) **Credits:** 1,2
- 4 credits of 500-level courses in Literature and/or Pedagogy\*

#### Strings - 13+

- 1 credit of MUPF 538 - Chamber Music Ensemble **Credits:** 0,1
- 8 credits in focus strings of MUPF 560 - Applied Music (performance track) **Credits:** 1,2
- 4 credits of 500-level courses in Literature and/or Pedagogy\*

#### Voice -14

- MUPF 520 - Diction for Singers **Credits:** 2 \*
- 8 credits in voice of MUPF 560 - Applied Music (performance track) **Credits:** 1,2
- 4 credits of 500-level courses in Literature and/or Pedagogy\*

\* Students who took area literature and/or pedagogy courses during their undergraduate program at Andrews University will substitute with electives.

## Electives

Music electives selected in consultation with an advisor from MUCT, MUED, MUHL, MUPF, MURE courses to fulfill the minimum of 32 credits.

## Additional Requirements

### Practical Training:

- All students pursuing master's programs (MA: Music, MMus: Conducting; MMus: Music Education; MMus: Music Ministry; MMus: Performance) are required to take the course MUED655 Practical Training to develop professional experience in music. To fulfill this requirement, students are required to meet a minimum of 50 hours of work/service while enrolled in the master's program. This could be done over the summer. Some recommended areas of work/service that may count toward this practical training experience are as follows:
  - Music ministers in church settings
  - Music teachers or instructors for a public or private school
  - Instrumentalist performing in professional or community ensembles
  - Research assistants in approved music research projects
  - Other alternative activities must be approved by the student's major professor
- After completing this requirement students will fill out and submit the form Completion of Practical Training Requirements to their major professor for evaluation and signature. Students who have developed experiences equivalent to this practical training before entering the master's program may fulfill this requirement by submitting appropriate evidence showing sufficient work/ service experience.
- Ensemble:**
- Registration is required in one of the following, each semester in residence, for a minimum of 4 semesters: an Andrews University Department of Music large ensemble (band, choir or orchestra) that corresponds to the student's area of specialty.
- Keyboard students are required to enroll in the following courses which may apply to the minimum four-semester ensemble requirement: Non-performance keyboard students are required to enroll for one semester of MUPF 505 Keyboard Accompaniment or one semester of MUPF 510 Collaborative Piano. Students pursuing a performance concentration with specialization in piano or organ are required to enroll for one semester of MUPF 510 Collaborative Piano and one semester of MUPF 515 Recital Accompaniment.

### Piano Proficiency:

- Graduate students who have not passed this examination on the undergraduate level must take the examination prior to the first registration. Students who do not pass this examination must enroll in the undergraduate piano proficiency sequence.

### Comprehensive Exam:

- Students should consult with their advisor concerning the appropriate time to apply for these examinations and for guidance in preparing for them.

## Maintaining Active Status

After completing all course requirements, all graduate music students must maintain an active status continuous enrollment for both Fall and Spring semesters until the degree is granted. This is accomplished by enrolling in MUHL665 Comprehensive Exam Preparation (non-repeatable with fee attached), MUHL670 Comprehensive Exam (non-repeatable), or MUHL655 Program Continuation (repeatable with fee attached) until the degree is earned. A student who fails to maintain continuous enrollment as defined here, will not be allowed to finish their degree requirements until he/she applies to the Department of Music for degree reactivation and pays the established fees for each semester of absence in the program. The reactivation fee used will be the latest AU Bulletin fee listed for MUHL655 Program Continuation.

## Admission Requirements

- General requirements for admission to graduate study as stated in the Admissions section of this bulletin.
- Musicians with various backgrounds often qualify to study music at the graduate level. Normally, a baccalaureate degree with a major in music is required; however, the following categories may also qualify:
- Students with an earned baccalaureate degree within any major, assuming adequate undergraduate preparation in music. Adequate preparation includes mastery of music theory equivalent to content of MUCT242 Music Theory IV and MUCT153 Ear Training Laboratory III; mastery of music history

equivalent to content of MUHL446-448 Music Literature and Style (Antiquity to 20th Century); and mastery of level of performance appropriate to the specific chosen master's program.

- Students who have completed programs comparable to the baccalaureate degree from non-United States institutions.
- The Department of Music requires placement examinations in music history and literature, music theory, piano proficiency, and an audition in the major area of performance for all entering students prior to registration. Admission status is provisional until these examinations are completed and any deficiencies removed. Courses used to make up for a deficiency may be taken for graduate credit but may not count for graduate requirements; a minimum grade of B must be earned.
- A Graduate Scholarship Tuition Reduction is available to students with a minimum GRE Exam score of 297 (quantitative + verbal) or Music Placement Exam average score of 70.

**Language Proficiency.** For admission to the Master of Music in Performance (voice specialization), proficiency in at least one other language besides English is required as preparation for applying principles of phonetics, diction, and comprehension in the languages of English, German, French, and Italian.

Students must possess adequate language skills to apply principles of diction to other languages also. This includes proficiency with the International Phonetic Alphabet (IPA) prior to entering the master's program. Prospective students who are not yet familiar with IPA at the time of application to the Graduate School must communicate with the Coordinator for Voice Studies to prepare an IPA study plan prior to matriculation in the program.

Students whose native language is English and who have not formally studied any other language in addition to English must achieve at least an elementary skill level in one other language, as documented on an official transcript or through a placement test administered by the modern languages faculty. Remedial coursework does not count toward completion of the graduate degree.

Verification of language proficiency for students who do not have documentation on an academic transcript but who possess fluency in at least one other language beyond English may request fulfillment of the language proficiency requirement by a formal letter to the music department chair and the graduate music program director. The request must be submitted in the first semester of full-time graduate studies and must be approved by the student's applied voice teacher.

**Non-degree (Guest) Students.** A student who plans to study music under this classification may be admitted to courses as approved by the department chair.

**English Proficiency Tests.** English is the language of instruction at Andrews University. International and domestic prospective students whose first language is not English must submit English proficiency test scores. English proficiency tests must be taken within two years prior to admission.

Minimum English proficiency tests scores:

English Proficiency Test	Minimum Scores Required
Internet-based TOEFL (iBT)*	80
IELTS (Academic)	6.5
PTE (Academic)	54

\*Paper-based TOEFL is only accepted when administered by our Center for Intensive English Programs.

## Student Learning Outcomes

- Hone critical thinking skills by:
  - Responding to scholarly research both orally and in written form.
  - Preparing informed musical performances (or compositions) based on their theoretical and historical understanding of the repertoire.

- Preparing and bringing to completion their capstone.

# Music Composition & Theory

## MUCT 141 - Music Theory I: Introduction to Harmony

**Credits:** 3

Review of music fundamentals, including the music vocabulary, keys and rhythm, as well as the basic elements of melody and harmony (scales, intervals, and triads) and a basic study of the principles of chord progression utilizing triads in root position. Requires concurrent enrollment in MUCT 151.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## MUCT 142 - Music Theory II: Diatonic Harmony

**Credits:** 3

Study of the principles of voice leading and chord progression in applied four-part harmonization. Emphasis will be placed on interpretation and realization of Figured Basses, four-part harmonization using triads and seventh chords in root position as well as in inversions, the study and use of non-harmonic tones, and the dominant seventh chord as well as the other nondominant seventh chords. Requires concurrent enrollment in MUCT 152.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MUCT 141.

**Schedule Type:** Lecture

**College Code:** CAS

## MUCT 151 - Ear Training Laboratory I

**Credits:** 1

Aural skill with melodies, rhythms, intervals, chords and harmonic progressions. Activities include sight reading, error correction, transcription and improvisation of tonal music. Requires concurrent enrollment in MUCT 141, MUCT 142, MUCT 241 and MUCT 242.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lab

**College Code:** CAS

## MUCT 152 - Ear Training Laboratory II

**Credits:** 1

Aural skill with melodies, rhythms, intervals, chords and harmonic progressions. Activities include sight reading, error correction, transcription and improvisation of tonal music. Requires concurrent enrollment in MUCT 141, MUCT 142, MUCT 241 and MUCT 242.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lab

**College Code:** CAS

## MUCT 153 - Ear Training Laboratory III

**Credits:** 1

Aural skill with melodies, rhythms, intervals, chords and harmonic progressions. Activities include sight reading, error correction, transcription and improvisation of tonal music. Requires concurrent enrollment in MUCT 141, MUCT 142, MUCT 241 and MUCT 242.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lab

**College Code:** CAS

## MUCT 154 - Ear Training Laboratory IV

**Credits:** 1

Aural skill with melodies, rhythms, intervals, chords and harmonic progressions. Activities include sight reading, error correction, transcription and improvisation of tonal music. Requires concurrent enrollment in MUCT 141, MUCT 142, MUCT 241 and MUCT 242.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lab

**College Code:** CAS

## MUCT 241 - Music Theory III: Chromatic Harmony

**Credits:** 3

Theoretical and practical study of the entire spectrum of chromatic harmony vocabulary with emphasis in composition and analysis. Requires concurrent

enrollment in MUCT 153.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MUCT 142.

**Schedule Type:** Lecture

**College Code:** CAS

## MUCT 242 - Music Theory IV: Chromatic to Post-Tonal Harmony

**Credits:** 3

Continuation of Music Theory III with an introduction to the compositional practices and techniques employed by composers of the Impressionistic Period and the Twentieth Century.

**Grade Mode:** Normal (A-F,I,W)

**Corequisite(s):** Requires concurrent enrollment in MUCT 154.

**Prerequisite(s):** MUCT 241.

**Schedule Type:** Lecture

**College Code:** CAS

## MUCT 251 - Music Technology Laboratory

**Credits:** 1

Acquaintance with current technological resources in music. Emphasis in computer notation systems, sequencing and MIDI systems.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## MUCT 252 - Music Technology Laboratory II

**Credits:** 1

Introduction to digital audio workstations and other audio software with an emphasis on recording, audio editing, sampling, mixing, and music production.

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** MUCT 251 - Music Technology Laboratory

**Schedule Type:** Lab

**College Code:** CAS

## MUCT 330 - Synthesis and Virtual Instruments

**Credits:** 2

An introduction to the creation of music and sounds utilizing to a variety of software audio synthesizers as well as sample libraries in a DAW.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MUCT 252 - Music Technology Laboratory II

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Spring

**College Code:** CAS

## MUCT 334 - Song Writing

**Credits:** 2

Explore principles and practices of effective songwriting in varied musical styles. Emphasis will be placed on lyrics, melody, chord progression, rhythm, and structure. Students will learn to write songs for both concert performance and congregational worship.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):**

MUCT 141 - Music Theory I: Introduction to Harmony

MUCT 142 - Music Theory II: Diatonic Harmony

MUCT 151 - Ear Training Laboratory I

MUCT 152 - Ear Training Laboratory II

**Schedule Type:** Lecture, Blended Learning

**Year Offering:** Alternate years (odd)

**Term Offering:** Fall

**College Code:** CAS

## MUCT 335 - Writing Music for Worship

**Credits:** 2

Learn to compose and arrange a variety of music forms, including hymns, for use in congregational worship. Emphasis will be placed on melody, voice leading, text setting, and chord progression in a cappella and accompanied sacred works.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):**

MUCT 141 - Music Theory I: Introduction to Harmony

MUCT 142 - Music Theory II: Diatonic Harmony

MUCT 151 - Ear Training Laboratory I

MUCT 152 - Ear Training Laboratory II

**Schedule Type:** Lecture, Blended Learning

**Year Offering:** Alternate years (even)

**Term Offering:** Spring

**College Code:** CAS

### MUCT 350 - Music Technology Internship

**Credits:** 1

Students enrolled will work as an intern for an entity that is active in utilizing audio and/or other music related technology with the goal of gaining experience outside the classroom in fields directly related to music composition and/or production. All internships, both on and off campus, must be approved by the major advisor for credit enrollment.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Practicum

**Year Offering:** Annually

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

### MUCT 425 - Counterpoint

**Credits:** 3

Historical overview of counterpoint with emphasis on the practice and analysis of 18th-century contrapuntal techniques.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Odd years

**Term Offering:** Spring

**College Code:** CAS

### MUCT 454 - Orchestration

## MUPF 538 - Chamber Music Ensemble

**Credits:** 0,1

Department of Music ensembles are open to all students upon permission of the instructor. Ensembles seek to expand the intellectual, psychological and spiritual horizons of the student. Ensemble credit may fulfill part of the General Education arts/ humanities breadth requirement. Permission to add or drop an ensemble must be approved by the respective instructor.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Music Organization

**College Code:** CAS

## MUPF 560 - Applied Music (performance track)

**Credits:** 1,2

The private study of the performance repertoire and technique of the given

instrument or voice and the study of performance-related skills. Repertoire study includes solo and concerted works in preparation for public performance.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

## MUPF 570 - Applied Music (non degree)

**Credits:** 1,2

The private study of the performance repertoire and technique of the given instrument or voice and the study of performance-related skills. This course does not apply toward fulfilling music degree requirements without specific music faculty action.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

## MUPF 575 - Recital

**Credits:** 1,2

**Course/Lab Fee:** Yes

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

## MUPF 578 - Study Tour

**Credits:** 0

Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning

**College Code:** CAS

# Music - Religious

## MURE 423 - Christian Worship and Music

**Credits:** 3

The class explores biblical principles of Christian worship and the musical experience as they relate to practices in the church. Emphasis will be placed upon Biblical principles shaping music ministry. The study of psychological and physiological foundations for perceiving music are a basis for examining principles of worship music, followed by discussion of applications to relevant situations.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Spring

**College Code:** CAS

## MURE 485 - The Church Organ and Service Playing

**Credits:** 2

The development of the organ and organ literature; a practical study of church services, including organ registrations for choral music, vocal solos, and hymn playing; discussion of the organ interlude and improvisation. Concurrent enrollment in applied music—organ is recommended.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## **MURE 590 - Ministry of Music Practicum**

**Credits:** 1

A two-semester internship as minister of music or minister of music assistant in a selected church in the local area.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 2 credits

**Schedule Type:** Practicum

**College Code:** CAS

## Mission

Advance the appreciation, understanding and application of physics in the context of personal integrity and service, scientific rigor, and Seventh-day Adventist faith.

## Strategies

- Create an environment of scholarly inquiry, learning, and creativity
- Develop technical, analytical, and critical thinking skills
- Provide opportunities for intellectual independence, collaboration, and outreach
- Promote personal wholeness, integrity, balance, and spiritual well-being

## Student and Faculty Goals

- Understand physics ideas, principles and interpretation, supporting and participating in research and education
- Measure, analyze and model physical phenomena, lending insight to other disciplines and professions
- Communicate scholarship in written and oral form, networking with scholarly, faith, and civic communities
- Connect scientific and religious world views, serving the Seventh-day Adventist Church and society

Physics describes the world in terms of matter and energy and relates phenomena to fundamental law using mathematical representations. Its scope includes systems that range in size from the sub-nuclear to the entire cosmos.

The BS: Physics program supports and enhances professional careers in all the physical sciences, engineering, and the life sciences. Its emphasis on problem-solving also provides a foundation for careers in medicine, business, law, and government.

The BS: Biophysics program prepares the graduate for direct entry into the workforce or advanced studies in medical and bioengineering fields as well as biophysics.

The BS: Physics Education program prepares the graduate for a career in secondary teaching.

The Major in Physics Studies is an add-on degree program that complements any baccalaureate degree. It strengthens and expands marketability and interdisciplinary opportunities.

A Minor in Physics complements any baccalaureate degree. It is the minimum requirement for secondary teaching certification in physics. All physics majors and minors desiring certification should consult with the School of Education (College of Education & International Services) throughout their program.

# Bachelors

## Biophysics BS

This degree seeks to build comprehensive, fundamental knowledge and research training in biophysics – an interdisciplinary approach to the study of physics, biology, chemistry, and mathematics. Students with interest and aptitude in physics, as well as goals involving interdisciplinary science, business, law, or medicine, will find this degree beneficial for direct entry into medical, bioengineering, and related basic scientific research or subsequent professional practice, research, associated support services, and consulting. Those completing this degree would have enhanced prospects of admission into advanced professional graduate schools of medicine, veterinary medicine, dentistry, and related fields (completion of pre-professional admission course requirements and preparation for admission examinations such as the MCAT are recommended). This degree could also lead to admission into a master's degree program in physics, medical physics, or biophysics. Students typically complete the degree in 4 years.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

At the end of the program, students should possess:

- Successful problem-solving skills based on demonstrated critical and analytical thinking.
- Mastery of essential natural science concepts and principles.
- Familiarity with topics in general and modern physics, electricity and magnetism, thermodynamics, calculus, introductory and cell biology, general and organic chemistry to be applied theoretically and in laboratory experimentation.
- Practical application of biophysics interdisciplinary theories and principles. Scientific communication skills

## Physics BS

This degree seeks to build comprehensive, fundamental knowledge and research training in physics for students with a broad spectrum of interests or aptitudes in mathematics, computing, and natural science who desire to deeply understand the world at the most fundamental levels. The Physics BS is recommended for entry into scientific, technical, or administrative jobs in engineering, industry, law, government, education, medicine, or business that are enhanced by physics problem-solving and analytic skills. This degree is suitable for preparing students for doctoral programs in physics as well as other graduate programs in physics, engineering, chemistry and the life sciences, or professional programs in medicine, law, or business. Students typically complete the degree in 4 years.

**Secondary Teaching Certification:** Physics majors desiring secondary-teaching certification should also consult with the School of Education (College of Education & International Services). BIOL 165 is required in addition to all other cognates. Program is certified by the Michigan Department of Education.

## Student Learning Outcomes

At the end of the program, students should possess:

- Demonstrated creativity and higher-order reasoning.
- Evidence of advanced problem-solving skills using technical and analytical tools and modeling.
- Scientific writing and communication skills.
- Interpersonal and team skills.
- Facility in experimental and theoretical physics methods, results, and applications.
- Knowledge in classical and modern physics including statistical and quantum mechanics, and electromagnetism.

## Physics Education BS

This degree seeks to develop students for teaching physics at the secondary school level with optimal content, methods, and results consistent with evidence-based active learning and the needs of modern students. Students with interest and aptitude in physics and the desire to empower future generations with its exciting concepts, applied successes, and practical skills will find the Physics Education BS to be a strong preparation for teaching physics in SDA and other private or public secondary institutions. This baccalaureate degree is sufficient to enter into high school teaching; however, a master's degree is preferred by many school systems and, without it, teachers are often required to make annual progress towards completing it. Students typically complete this program in 4.5 years, including Michigan Teaching Certification (in collaboration with the School of Education [College of Education & International Services]).

NOTE: This major is designed to connect with multiple pathways to licensure:

- North American Division SDA Teaching Certification.
- State Alternative Licensure Paths.
- In-state Preparatory Programs for Secondary Teacher Certification by the Michigan Department of Education and recognized by the National Science Teachers Association (coordinated by the School of Education [College of Education & International Services]).

## Student Learning Outcomes

Upon completion of the Physics Education BS, students will demonstrate:

- Evidence-based knowledge of pedagogical principles, methods, and content effective in transmitting physics concepts, problem-solving, critical thinking and analysis, and applied results (instructing students with learning plans designed for 12 or more students).
- Curriculum development and engaging instructional skills in various in-classroom and in-lab physics practica (applying physics knowledge for learners to access information in real world settings and assure learner mastery).
- Assessment of student learning in physics, reflection on practice, and modifications that support student diversity (integrating assessment, planning, and instructional strategies).
- Awareness of whole-student development in physics curricula as they pertain to practical, social, and civic contexts (participating in creating safe and supportive learning environments in diverse cultures, with discernable commitment to the ethical and professional dimensions of teaching).

## Non-degree Majors

## Physics Studies Major

The Physics Studies major seeks to develop students who can add value to problem solving in any field by using the approaches, techniques, skills, and equipment unique to the physics discipline. Students with broad interests and skills who show an aptitude in STEM will find this major helpful in seeking jobs in engineering, computing, mathematics, chemistry, and other careers serving the industrial, research, academic, or public service sectors. Physics Studies is a second major that, when paired with a primary major in another discipline such as Engineering or Mathematics, prepares students for entry into masters and doctoral programs in engineering, computing, mathematics, and chemistry as well as business, architecture, or any of the liberal arts, business, architecture, and other professional programs.

## Undergraduate Minors

### Physics Minor

The Physics minor seeks to develop students who can add value to problem solving in any field by using the approaches, techniques, skills, and equipment unique to the physics discipline. Students with broad interests and skills who show an aptitude in STEM will find this minor helpful in seeking jobs in engineering, computing, mathematics, chemistry, and other careers serving the industrial, research, academic, or public service sectors. This minor, which also serves students who are interested in become physics teachers in secondary schools, meets minimum requirements necessary for State of Michigan Teacher Certification and is recognized by the National Science Teacher Association. The Physics minor prepares students for entry into masters and doctoral programs in engineering, computing, mathematics, chemistry, as well as business, architecture, or any of the liberal arts, business, architecture, and other professional programs, including the Master of Arts in Teaching (MAT).

## Requirements for Secondary Certification

Program is certified by the State of Michigan Department of Education and is recognized by the National Science Teachers Association. For more information regarding Secondary Certification with a minor, see the department of Teaching, Learning & Curriculum. Students in a teacher certification program are required to take the following courses:

PHYS 330 - Thermodynamics and Statistical Mechanics

PHYS 377 - Advanced Physics Laboratory I

1 credit of PHYS 495 - Physics Research

## Cognates

MATH 191 - Calculus I  
CHEM 131 - General Chemistry I  
BIOL 165 - Foundations of Biology

## Student Learning Outcomes

Graduates of this program will possess:

- Demonstrated creativity and higher-order reasoning.
- Evidence of advanced problem-solving skills using technical and analytical tools and modeling.
- Writing and communication skills.
- Interpersonal and team skills.
- Facility in experimental and theoretical physics methods, results, and applications.
- Knowledge in classical and modern physics including statistical and quantum mechanics, and electromagnetism.

## Physics

### PHYS 107 - Concepts and Applications in Physics I

**Credits:** 3

Identifying and quantifying physics concepts that organize daily experience, selected from mechanics, waves, thermodynamics, electromagnetism, optics, and modern physics. Includes individual and collaborative development of abstract and practical problem solving skills and applications in the classroom and integrated laboratory experience. Intended to lay a foundation for pre-professional and calculus-based introductory physics courses. In combination with PHYS 108, meets the physical science requirement for Andrews University General Education. Does not apply to a physics major or minor.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

### PHYS 108 - Concepts and Applications in Physics II

**Credits:** 3

A sequel to PHYS 107, identifying and quantifying the remaining physics concepts from mechanics, waves, thermodynamics, electromagnetism, optics, and modern physics. Includes individual and collaborative development of abstract and practical problem solving skills and applications in the classroom and integrated laboratory experience. Intended to lay a foundation for pre-professional and calculus-based introductory physics courses. In combination with PHYS 107, meets the physical science requirement for Andrews University General Education. Does not apply to a physics major or minor.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 107

**Schedule Type:** Lecture/Lab

**College Code:** CAS

### PHYS 110 - Astronomy

**Credits:** 4

Exploring the cosmic environment— the solar system, stars and their development, star clusters, the interstellar medium, galaxies, and large-scale features of the Universe. Meets the Andrews General Education Physical Science requirement. Does not apply to a major or minor.

**Lecture/Lab:** Weekly: 3 lectures and a 2-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MPE P2 or MATH 145 or MATH 165 or STAT 285 or equivalent.

**Schedule Type:** Lecture/Lab, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring

**College Code:** CAS

### PHYS 115 - Mythbusting

**Credits:** 4

Examining what is commonly believed about the physical world and how to realign it with measureable reality. A conceptual and relevant understanding of physics— forces, matter and energy with 21st century applications. Meets the General Education Physical Science requirement. Does not apply to a major or minor.

**Lecture/Lab:** Weekly: 3 lectures and a 2-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MPE P2 or any GE-level math course.

**Schedule Type:** Lecture/Lab

**College Code:** CAS

### PHYS 117 - Observational Astronomy Lab

**Credits:** 0,1

Practical experience and background in observational astronomy with modern optical instruments in laboratory, field or remote facilities. As weather permits, lab will include sessions at the Kingman Observatory with departmental or personal telescopes. This is a standalone laboratory course suitable for students in any major and for the general public. General Education Physical Science credit is limited to transfer students who are articulating a lecture course in astronomy or a Physical Science with 3 or more credits. Does not apply to a major or minor.

**Lecture/Lab:** Weekly: one 3-hour activity

**Course/Lab Fee:** Yes

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Schedule Type:** Lab

**College Code:** CAS

### PHYS 141 - General Physics I

**Credits:** 4

Algebra based introduction to mechanics, wave motion, sound and thermodynamics.

**Lecture/Lab:** Weekly: 3 lectures, 1 recitation, 1-hour of small-group learning and one 2.5-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MPE P4 or MATH 167 or MATH 168

**Schedule Type:** Lecture, Lab, Workshop

**College Code:** CAS

### PHYS 142 - General Physics II

**Credits:** 4

Algebra based introduction to electricity, magnetism, physical and geometric optics, relativity, and modern physics

**Lecture/Lab:** Weekly: 3 lectures, 1 recitation, 1-hour of small-group learning and one 2.5-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 141

**Schedule Type:** Lecture, Lab

**College Code:** CAS

### PHYS 188 - Active Teaching I

**Credits:** .5,1

Supervised participation as a first year Learning Assistant (LA), Teaching Lab Assistant (TA), Classroom Assistant (CA), Support Assistant (SA), and Tutor Assistant (TU) in middle and secondary school settings. Particular emphasis will be given to show-and-tell demonstrations, hands-on active learning projects, collaborative work, writing learning objectives/outcomes/standards, evaluation, and assessment. Includes a weekly collaborative colloquium dedicated to current topics in physics teaching. A minimum of 60 hours are required for one credit, and 38 hours for a half credit.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** MATH 168

PHYS 115

**Repeatable:** Repeatable to 1 credit in an academic year

**Schedule Type:** Practicum

**Special Approval:** Instructor permission required.

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

### PHYS 225 - Sound and Waves

**Credits:** 4

The production, transmission, synthesis, and perception of sound as understood through the physical principles, properties, and nature of waves. Includes a survey of applications—music, speech, locomotion, and imaging—and comparisons with light and other kinds of waves. Meets the General Education Physical Science requirement. Does not apply to a major or minor.

**Lecture/Lab:** Weekly: 3 lectures and a 2-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MPE P2 or MATH 145 or MATH 165 or STAT 285  
**Schedule Type:** Lecture/Lab  
**College Code:** CAS

### PHYS 235 - MATLAB

**Credits:** 2,3  
An introduction to MATLAB programming with a focus on its application to physics problems. The capabilities of MATLAB are explored in the areas of graphing, data analysis, numerical methods, Fourier analysis, and signal processing.

**Lecture/Lab:** Weekly: 1 lecture and a 4-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lab  
**College Code:** CAS

### PHYS 241 - Physics for Scientists and Engineers I

**Credits:** 4  
A calculus-based introduction to mechanics, wave motion and thermodynamics emphasizing the mathematical formulation and the physical significance of fundamental principles.

**Lecture/Lab:** Weekly: 4 lectures and 1 recitation  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PHYS 271  
**Prerequisite(s):** MATH 192  
**Schedule Type:** Lecture  
**College Code:** CAS

### PHYS 242 - Physics for Scientists and Engineers II

**Credits:** 4  
A calculus-based introduction to electricity, magnetism, geometric and physical optics, relativity, and modern physics emphasizing the mathematical formulation and the physical significance of fundamental principles.

**Lecture/Lab:** Weekly: 4 lectures and 1 recitation  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PHYS 272  
**Prerequisite(s):** MATH 192 and PHYS 241  
**Schedule Type:** Lecture  
**College Code:** CAS

### PHYS 271 - Physics for Scientists and Engineers Laboratory I

**Credits:** 1  
Laboratory experiments in mechanics, wave motion and thermodynamics, associated with the PHYS241 course.

**Lecture/Lab:** Weekly: one 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PHYS 241  
**Schedule Type:** Lab  
**College Code:** CAS

### PHYS 272 - Physics for Scientists and Engineers Laboratory II

**Credits:** 1  
Laboratory experiments in electricity, magnetism, geometric and physical optics, and modern physics associated with the PHYS242 course.

**Lecture/Lab:** Weekly: one 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Corequisite(s):** PHYS 242  
**Schedule Type:** Lab  
**College Code:** CAS

### PHYS 277 - Physics Colloquium

**Credits:** 0  
Current topics and issues of interest to the physics community. Required each semester of all students with a physics major or minor. Interchangeable with MATH 389.

**Lecture/Lab:** Weekly: 1 lecture or activity  
**Course/Lab Fee:** Yes  
**Grade Mode:** Satisfactory (S,U,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** CAS

### PHYS 280 - Topics in \_\_\_\_\_

**Credits:** 0-3  
Introductory-level topics in astrophysics, other current physics area or associated scientific programming.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Approval of the instructor.  
**Repeatable:** Repeatable up to 4 credits. Minimum of 4 hours per week is required for each credit earned.  
**Schedule Type:** Seminar  
**College Code:** CAS

### PHYS 282 - Physics Learning and Pedagogy Seminar

**Credits:** 0,1  
Learning Assistant (LA), Teaching Lab Assistant (TA), Classroom Assistant (CA), Support Assistant (SA), and Tutor Assistant (TU) training and coordination in support of Active Teaching and Small Group Learning activities.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal w S (A-F,I,S,U,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Seminar  
**College Code:** CAS

### PHYS 288 - Active Teaching II

**Credits:** .5,1  
Supervised participation as a second year Learning Assistant (LA), Teaching Lab Assistant (TA), Classroom Assistant (CA), Support Assistant (SA), and Tutor Assistant (TU) in middle and secondary school settings. Particular emphasis on small group active learning. Includes participation in a weekly collaborative colloquium dedicated to current topics in physics teaching. A minimum of 60 hours are required for one credit, and 38 hours for a half credit.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PHYS 188  
**Repeatable:** Repeatable to 1 credit in an academic year  
**Schedule Type:** Practicum  
**Special Approval:** Instructor permission required.  
**Term Offering:** Fall, Spring, Summer  
**College Code:** CAS

### PHYS 295 - Independent Study/Research

**Credits:** 1,2  
Individually directed reading and lab projects in physics (e.g., holography and astrophotography). A minimum of 4 hours per week is required for each credit earned.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Prerequisite(s):** Approval of the instructor.  
**Repeatable:** Repeatable up to 4 credits  
**Schedule Type:** Independent  
**College Code:** CAS

### PHYS 311 - Classical Mechanics I

**Credits:** 3  
Statics, kinematics, and dynamics for single particles, including Lagrangian and Hamiltonian formalisms.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 192  
**Prerequisite/Corequisite:** PHYS 241 or PHYS 142  
**Recommended:** PHYS 242  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

### PHYS 316 - Biophysics

**Credits:** 3  
Modeling and describing physical phenomena of living systems, including transport and diffusion across membranes and electrical processes in muscle and nerve tissue.

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** PHYS 242 (recommended) or PHYS 142; MATH 192  
**Schedule Type:** Lecture  
**College Code:** CAS

## PHYS 325 - Astrophysics

**Credits:** 3

The application of physics to astronomical objects and systems. Includes orbital mechanics, observing with light, planetary systems, stellar mechanics, galaxies, and cosmology.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 242 (recommended) or PHYS 142 ; MATH 192

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 326 - Biomedical Mathematics

**Credits:** 4

Essential applied mathematics for biomedical physics including ordinary differential equations, Fourier techniques, numerical analysis, linear algebra, and statistics.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH191 and Math 192

CPTR151

**Schedule Type:** Lecture

**Term Offering:** Summer

**College Code:** CAS

## PHYS 330 - Thermodynamics and Statistical Mechanics

**Credits:** 3

Systematic introduction to thermodynamics, kinetic theory, and statistical mechanics (classical and quantum).

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 242 (recommended) or PHYS 142 ; MATH 192

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 350 - Optics

**Credits:** 3

Geometric and physical optics; interference and diffraction, polarization, Fourier optics, lasers, and holography.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 242 (recommended) or PHYS 142; MATH 192.

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 377 - Advanced Physics Laboratory I

**Credits:** 1

Development of advanced lab skills in the study of basic physical phenomena. Emphasis includes scientific instrumentation, scientific computing, lab procedure, data reduction, interpretation, and technical communication. A public presentation is required.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS272

**Schedule Type:** Lab

**Term Offering:** Spring

**College Code:** CAS

## PHYS 388 - Active Teaching III

**Credits:** .5,1

Supervised participation as a third year Learning Assistant (LA), Teaching Lab Assistant (TA), Classroom Assistant (CA), Support Assistant (SA), and Tutor Assistant (TU) in middle and secondary school settings. Particular emphasis on innovative and effective technology. Includes participation in a weekly collaborative colloquium dedicated to current topics in physics teaching. A minimum of 60 hours are required for one credit, and 38 hours for a half credit.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 288

**Repeatable:** Repeatable to 1 credit in an academic year

**Schedule Type:** Practicum

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## PHYS 400 - Demonstrations in Physics

**Credits:** 1,2

Identifying topics suitable for demonstration, surveying the literature, preparing

demonstrations, finding suppliers of materials and equipment. Critically evaluating demonstrations—their design, preparation, and execution.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Approval of the department chair.

**Schedule Type:** Lab

**College Code:** CAS

## PHYS 412 - Classical Mechanics II

**Credits:** 3

Statics, kinematics, and dynamics of multi-particle systems, including Lagrangian and Hamiltonian formalisms.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 311 or ENGR 285 ; MATH 192

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 420 - Advanced Topics in \_\_\_\_\_

**Credits:** 2,3

Atomic physics, nuclear physics, or other current physics area.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 242 or PHYS 311

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 431 - Electricity and Magnetism I

**Credits:** 3

A treatment of electromagnetic phenomena in terms of potentials and vector fields. Develops Maxwell's equations with descriptions of electrostatics and magnetostatics as solutions to Laplace's and Poisson's equations.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 311

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 432 - Electricity and Magnetism II

**Credits:** 3

A treatment of electromagnetic phenomena in terms of potentials and vector fields. Addresses electromagnetic radiation in media, reflection and refraction, and the fields of waveguides and antennae.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 431

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 440 - Relativity

**Credits:** 3

Einstein's theories of Special and General Relativity. Includes introductions to black holes, relativistic cosmology and gravitational waves.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 242 (recommended) or PHYS 142 ; MATH 192

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 445 - Particle Physics

**Credits:** 3

A study of particle properties, forces, structure, decay and reaction mechanism in the context of the Standard Model.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 481

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 460 - Solid State Physics

**Credits:** 3

A study of crystallography, x-ray diffraction, properties of crystalline and amorphous solids, band theory of solids, and lattice dynamics.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 311

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 475 - Physics Review

**Credits:** 3

A review and synthesis of physics concepts and analytical and experimental techniques in preparation for entry into a graduate program. Topics include classical, statistical and quantum mechanics, waves and classical fields.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 311

**Schedule Type:** Workshop

**College Code:** CAS

## PHYS 477 - Advanced Physics Laboratory II

**Credits:** 1

Development of advanced lab skills in the study of basic physical phenomena. Emphasis includes scientific instrumentation, scientific computing, lab procedure, data reduction, interpretation, and technical communication. A public presentation is required.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS377

**Repeatable:** Repeatable up to 2 credits

**Schedule Type:** Lab

**Term Offering:** Spring

**College Code:** CAS

## PHYS 478 - Study Tour:

**Credits:** 0

Travel to destinations relevant to individual programs of study. Classes will be selected from department(s) offerings. Fee may be required.

**Course/Lab Fee:** Yes

**Grade Mode:** Noncredit (NC,W)

**Schedule Type:** Blended Learning

**College Code:** CAS

## PHYS 481 - Quantum Mechanics I

**Credits:** 3

The mechanics of physical phenomena at small scales in formalisms developed by Schrödinger, Heisenberg, and Dirac. Treatments of infinite and square well, barrier, step, and harmonic oscillator potentials; uncertainty relations and angular momenta.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 311

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 482 - Quantum Mechanics II

**Credits:** 3

Matrix mechanics and spin, quantum mechanics applied to the hydrogen atom, many-electron atoms and solid state physics. Also an introduction to time-independent and time-dependent perturbation theory.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 481

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 488 - Active Teaching IV

**Credits:** .5,1

Supervised participation as a fourth year Learning Assistant (LA), Teaching Lab Assistant (TA), Classroom Assistant (CA), Support Assistant (SA), and Tutor Assistant (TU) in middle and secondary school settings. Particular emphasis on classroom & lab management: basic techniques of lab inventory, management of equipment, and classroom management. Includes participation in a weekly collaborative colloquium dedicated to current topics in physics teaching. A minimum of 60 hours are required for one credit, and 38 hours for a half credit.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 388

**Repeatable:** Repeatable to 1 credit in an academic year

**Schedule Type:** Practicum

**Special Approval:** Instructor permission required.

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## PHYS 490 - Independent Study in Physics

**Credits:** 1–3

Individually directed study or problem-solving in selected fields of physics. A minimum of 4 hours work per week is required for each credit earned and a written paper is required.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Independent

**Special Approval:** Instructor permission required.

**College Code:** CAS

## PHYS 495 - Physics Research

**Credits:** 0–3

An independent research project in physics supervised by a faculty member. A minimum of 4 hours work per week is required for each credit earned. A written paper and an oral presentation are required. Students should register for credit, or for the zero credit option, for each semester during which research is being done.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Independent

**Special Approval:** Instructor permission required.

**College Code:** CAS

## PHYS 530 - Topics in Teaching \_\_\_\_\_

**Credits:** 1–3

Discussions on 1) the principles of physics and effective approaches for teaching them, or 2) the physics lab, its purposes, administrative and safety procedures, essential equipment, seminal experiments, data analysis, lab journal, and reports.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable up to 9 credits

**Schedule Type:** Seminar

**College Code:** CAS

## PHYS 540 - Topics in \_\_\_\_\_

**Credits:** 2,3

Study in one of the traditional areas of graduate physics such as electromagnetic theory, analytical or quantum mechanics, solid state, atomic, nuclear or high energy physics, astrophysics, relativity, or mathematical physics. Students complete readings and problems.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 9 credits

**Schedule Type:** Lecture

**College Code:** CAS

## PHYS 577 - Physics Colloquium

**Credits:** 0–1

Current topics and issues of interest in the physics community. For non-zero credit options, includes specialized study and the preparation and delivery of a public presentation.

**Lecture/Lab:** Weekly: 1 lecture or activity

**Course/Lab Fee:** Yes

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable up to 1 credit

**Schedule Type:** Seminar

**College Code:** CAS

## PHYS 648 - Workshop

**Credits:** 1–3

An intensive program for middle school and secondary teachers and teachers-in-training who seek certification or endorsement in physics and who wish to update and expand their skills in the physics laboratory.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Workshop

**College Code:** CAS

## PHYS 690 - Independent Study/Research

**Credits:** 1–3

Individually directed study, problem-solving, or research in selected fields of physics. Open to qualified students who show ability and initiative. A minimum of 4 hours work per week expected for each credit earned.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Prerequisite(s):** Consent of department chair.

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Independent

**College Code:** CAS

## Mission

The Department of Religion & Biblical Languages seeks to engage majors and general education students through a biblically grounded, theologically astute, and relevant process of spiritual formation, equipping and inspiring them to passionately serve the Seventh-day Adventist Church and the wider world beyond as dedicated lay persons and committed denominational employees in the expectation of the soon coming of Jesus Christ.

Religion and theology majors must be in good and regular standing regarding student life citizenship. As future ministers of the church, they are expected to live in harmony with Seventh-day Adventist beliefs and practices. Failure in any of these areas may lead to a student being placed on probation or dismissed from the program. Academic requirements and other program standards are stated in detail in the departmental handbook.

## Associates

### Christian Discipleship AA

This degree prepares students for personal outreach ministries, including Bible instruction, and offers an opportunity to study a broad spectrum of courses covering both Old and New Testament.

**Online Delivery:** All course requirements can be completed online, with no time required on the main campus. Online courses are offered in a primarily interactive online asynchronous format (see Global Campus Online Delivery Definitions).

**Total Credits - 60**

## Major - 33

RELB 111 - Introduction to the Old Testament **Credits:** 3  
RELB 112 - Introduction to the New Testament **Credits:** 3  
RELB 210 - Jesus in His Time and Ours **Credits:** 3  
RELB 245 - Hermeneutics **Credits:** 3  
RELB 335 - Acts and Epistles **Credits:** 3  
3 credits of RELH 400 - SDA History and Prophetic Heritage **Credits:** 3,4  
RELT 115 - Introduction to Christian Discipleship **Credits:** 3  
RELT 225 - Doctrines of the Adventist Faith **Credits:** 3  
RELT 315 - Christian Discipleship **Credits:** 3

### Choose one of the following courses:

RELB 235 - Studies in Daniel and Revelation **Credits:** 3  
RELB 406 - Advanced Studies in Daniel and Revelation **Credits:** 3

### Choose one of the following courses:

RELG 225 - Foundations of Missions **Credits:** 3  
3 credits of RELP 240 - Personal Witnessing **Credits:** 2,3  
RELP 335 - Foundations of Youth Ministry **Credits:** 3  
RELT 250 - Personal Spirituality and Faith **Credits:** 3

## Student Learning Outcomes

### PO 1: Foundational Knowledge

- Document foundational knowledge in the areas of Bible, history, and theology from an SDA perspective.

### PO 3: Effectively Communicate Mission

- Effectively communicate the global mission, beliefs, and heritage of the Seventh-day Adventist Church.

### PO 4: Exhibit Growth

- Exhibit growth in awareness of Christian values and life skills.

### PO 5: Document Service Experiences & Skills

- Document service experiences & skills in community and cross-cultural contexts.

## Bachelors

### Religion BA

The BA in Religion is designed for students seeking a mastery of basic principles of biblical interpretation, theological reasoning, and practical ministry. This degree does not aim for intentional integration with a student's primary major and related vocational goals, but instead provides a broad-based immersion into Adventist theology and practice. It is suited as a degree for non-traditional students who for various reasons are not in the position to complete a BA in Theology. The degree does not meet pre-Seminary requirements and students are encouraged to add another major.

## Total Credits - 120

## Major - 41

### Biblical Studies - 15

RELB 111 - Introduction to the Old Testament **Credits:** 3  
RELB 112 - Introduction to the New Testament **Credits:** 3  
RELB 210 - Jesus in His Time and Ours **Credits:** 3  
RELB 406 - Advanced Studies in Daniel and Revelation **Credits:** 3

### Choose one of the following courses:

RELB 216 - Law and Writings of the Old Testament **Credits:** 3  
(RELB 216 is a seminary prerequisite.)  
RELB 274 - Prophetic Writings of the Old Testament **Credits:** 3  
RELB 335 - Acts and Epistles **Credits:** 3

### Theological Studies - 15-16

RELT 315 - Christian Discipleship **Credits:** 3

**Practical Studies - 5-6**

REL P 200 - Religion Forum **Credits:** 0 (required every semester registered)

Choose 5-6 credits from the following courses:

REL P 240 - Personal Witnessing **Credits:** 2,3

Any RELP/RELG course.

**Electives - 6**

Choose 6 credits from RELB, RELG, RELH, RELP, or RELT.

**NOTE:** Students, please consult your academic advisor to plan your electives and practical studies electives if you are planning on entering the Seventh-day Adventist Theological Seminary after graduation to plan prerequisites accordingly!

## Additional Requirements

- A minimum grade of "C-" for all major classes and cognates.
- Minimum overall GPA of 2.25.
- Major GPA of 2.50.
- Practical service in accordance with the requirements of the department.

### God and Human Life Challenge Exam

Students must take the God and Human Life test. If they fail this test, they are required to take RELT 100, God and Human Life.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Information

For students wishing to directly enter the seminary, it is recommended that you choose the following prerequisite courses in addition to the prerequisites built into the degree: RELP 485 (Pastoral Ministry), RELH 316 (History of the Christian Church I), RELH 317 (History of the Christian Church II), and RELP 330 (Homiletics). One of the RELP courses can count towards your practical studies elective component of the degree, and two of the three remaining courses can fit into your general departmental electives, leaving you with only one additional course.

For students desiring to directly enter the ministry upon graduation, the Theology BA is the standard, in-depth degree that has greater employment options. The religion degree should be done in conjunction with another major for employment purposes except for transfer/major change students attempting to finish up and go directly to the seminary. Not all prerequisites are necessarily met.

## Off-Campus Locations

This program is also offered at approved off-campus locations.

## Student Learning Outcomes

Graduates of this program will be able to:

- Document foundational knowledge in the areas of Bible, history, and theology from a Seventh-day Adventist perspective. (Seek Knowledge)
- Effectively communicate the global mission, beliefs, and heritage of the Seventh-day Adventist Church. (Affirm Faith)
- Exhibit growth in awareness of Christian values and life skills. (Affirm Faith)
- Document service experiences & skills in community and cross cultural contexts. (Change the World)

# Religion BA (Distance Ed)

The BA in Religion is designed for students seeking a mastery of basic principles of biblical interpretation, theological reasoning, and practical ministry. This degree does not aim for intentional integration with a student's primary major and related vocational goals but instead provides a broad-based immersion into Adventist theology and practice. As this degree fulfills part but not all of the seminary prerequisites, it is a good fit for non-traditional students as they can finish their remaining prerequisites in the seminary.

Students planning to enter the Seventh-day Adventist Theological Seminary should select a major in theology. A religion major may be selected but must be supplemented with Seminary prerequisite courses. For entrance requirements, see the Seventh-day Adventist Theological Seminary section of this bulletin.

**Online Delivery:** This degree is offered in a primarily interactive online asynchronous format (see Global Campus definitions). This program does not require any time on campus.

# Religion, Secondary Education

## Concentration BA

The BA in Religion for Secondary Education includes all requirements in Religion for Seventh-day Adventist church certification and is designed for those seeking to teach religion on the secondary level. In order to meet Michigan State Teacher Certification requirements, an additional major and minor must be earned. Students must obtain a second advisor in the School of Education (College of Education & International Services) and consult regularly with that advisor as well as their Religion advisor.

Students planning to enter the seminary should select a major in theology. A religion major must be supplemented with seminary prerequisite courses. For entrance requirements, please consult the seminary portion of this bulletin.

- RELT 250 - Personal Spirituality and Faith **Credits: 3**
- RELT 340 - Religion and Ethics in Modern Society **Credits: 3**
- RELT 440 - Fundamentals of Spirituality & Ethics in Healthcare **Credits: 3**

### General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

### Additional Requirements

- A minimum grade of "C" for all major classes.
- Minimum overall GPA of 2.5.
- Major GPA of 2.50.
- Practical service in accordance with the requirements of the department.
- See Department of School of Education (Formerly Teaching, Learning & Curriculum) for Additional Secondary Education graduation requirements.

#### Denominational Certification

Religion for Secondary Education includes all requirements in Religion for Seventh-day Adventist church certification and designated for those seeking to teach religion on the secondary level. In order to meet Michigan State Teacher Certification requirements an additional major and minor must be earned. Students must obtain a second advisor in the School of Education (College of Education & International Services) and consult regularly with that advisor as well as their Religion advisor.

### Student Learning Outcomes

Graduates of this program will:

- Document foundational knowledge in the areas of Bible, history, and theology from a Seventh-day Adventist perspective. (PO 1: Foundational Knowledge)
- Effectively communicate the global mission, beliefs, and heritage of the Seventh-day Adventist Church. (PO 3: Effectively Communicate Mission)

- Document service experiences & skills in community and cross-cultural contexts. (PO 5: Document Service Experiences & Skills)

## Theology BA

The BA in Theology is a pre-professional degree which prepares students for the Theological Seminary and further training towards full-time gospel ministry. It lays a solid foundation in the areas of biblical languages, exegesis, and theology, practical theology and ministry, history of the Christian Church with an emphasis on the Seventh-day Adventist movement, and doctrine and systematic theology, including ethics. It requires the development of an individual portfolio of ministerial service.

#### Andrews University BA Theology & MDiv Accelerated Program Collaboration

Students in the BA Theology degree at Andrews University are encouraged to enter the MDiv program following the completion of their undergraduate studies. A collaboration has been established that shares a total of 15 credits that will be counted towards both degrees and may reduce the student's time in the MDiv by approximately one semester. Five credits will be completed at the Seminary level and ten credits at the undergraduate level.

An introduction to the status and role of Christianity and mission worldwide. Includes a brief history of Christian mission, current facts about mission needs, Christian and mission relationships to world religions, political ideologies, national development, and non-Western cultures.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## REL P 240 - Personal Witnessing

**Credits:** 2,3

Acquaintance with the dynamics of Christian witnessing in the neighborhood, at work, and in the friend-to-friend approach of personal Bible study. Christ's example of witnessing is highlighted.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Blended Learning, Seminar, Interactive Online, Self-Paced

**Term Offering:** Fall

**College Code:** CAS

## REL P 301 - Marriage and Family Ministry

**Credits:** 3

This course will teach students the ministry dynamics of marriage, family, and interpersonal relationships from a Scripture-based perspective.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## REL P 326 - Preparation for Mission Service Practicum

**Credits:** 1

Establishes a theological foundation for mission and provides student missionaries with an orientation to culture and missions. The course focussing on the knowledge, skills, and attitudes necessary to begin successful student mission service. This class is required for all student missionaries (SMs) and includes the student missionary intensive usually conducted in the spring semester. The course also facilitates the application process for serving as a student missionary. This class fulfills 1 credits of the General Education religion requirement and is offered at the special reduced student missionary tuition rate. Students must enroll in the course before leaving as a student missionary. RELP327 Student Missions Practicum is designed to be taken after this course. Instructor permission required.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Blended Learning

**College Code:** CAS

## RELP 327 - Student Missions Practicum

### Credits: 1

Provides essential relational and functional resources for student missionaries in the field and informs and supports the re-entry experience after the completion of their mission service. The course provides resources and assignments to assist students as they learn how to understand cultural differences and how to live cross-culturally while serving God and humanity. This practicum course may extend over 1 or more semesters depending on the term of service for the student missionary. RELP 326 should be completed before this course. RELP327 is a required 1-2 credit course for all student missionaries and is offered at the discounted student missionary tuition rate.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** RELP 326

**Schedule Type:** Practicum

**College Code:** CAS

## RELP 330 - Homiletics—Introduction to Preaching

### Credits: 2

Lays the foundation for biblical sermon construction and delivery. This class is the prerequisite for all other homiletics courses and is a requirement for all religion/theology majors.

**Lecture/Lab:** Weekly: lab required

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** RELB 245

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Spring

**College Code:** CAS

## RELP 335 - Foundations of Youth Ministry

### Credits: 3

Designed for the youth specialist who wishes to work as a youth pastor, youth director, academy Bible teacher, or in any other youth-training capacity.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**College Code:** CAS

## RELP 339 - Contextualized Preaching

### Credits: 2

This course will equip students with the requisite skillset for effective sermon construction and delivery suited for different ethnically and culturally diverse congregations. The course will also assist students in assessing their own particular cultural situation and examine its impact on their preaching to their local community.

**Lecture/Lab:** Weekly: 2 lectures

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** RELP 330

**Schedule Type:** Lecture

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CAS

## RELP 340 - Strategies for Service

### Credits: 2

Creates the vision that all Christians can serve in mission. Shows how to witness in cross-cultural situations and introduces students to ways they can do mission in any occupation. Alternate forms of mission like tent-maker ministries, nonresident missionaries, urban ministry, and work with refugees and foreign students are addressed.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## RELP 341 - Ministry Praxis

### Credits: 1

The course will provide students with practical ministry experience in the local church setting, under the guidance of local church pastors. Students will serve in two different ethnically and culturally diverse ministry contexts, which are different from the one with which they identify.

**Lecture/Lab:** Weekly: 1 lecture & 1-hour lab

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Annually

**Term Offering:** Fall

**College Code:** CAS

## RELP 350 - Evangelism

### Credits: 3

Students will prepare and conduct public evangelistic meetings. Different contexts will be chosen in different years. Students will study and reflect on the role of public evangelism in the mission of the church in various cultural settings.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** RELP 330

**Schedule Type:** Lecture, Blended Learning

**College Code:** CAS

## RELP 441 - Introduction to Pastoral Ministry

### Credits: 2,3

A study of the principles of leadership as applied to pastoral ministry, in particular with regard to the minister as leader of worship, as nurturing pastor, as administrator of the church and as evangelist. Theology majors enroll for 3 credits and Religion majors for 2 credits.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall

**College Code:** CAS

## RELP 480 - Practicum Capstone

### Credits: 1

The Department of Religion and Biblical Languages seeks to engage theology majors in church based ministry which will equip and inspire them for pastoral ministry. This course is the culmination of that training experience and includes the fulfillment of all practicum requirements and successful completion of the theology portfolio.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Practicum

**College Code:** CAS

## RELP 485 - Pastoral Ministry

### Credits: 3

A study of the principles of leadership as applied to pastoral ministry, in particular with regard to the minister as leader of worship, as nurturing pastor, as administrator of the church and as evangelist. This class summarizes and assesses the practical ministry portfolio developed by the student during the course of study.

**Course Attribute:** Service course

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** RELP 240, RELP 330, RELP 350

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

# Religion - Theology

## RELT 100 - God and Human Life

### Credits: 3

How God confronts human beings—includes the process of revelation, principles of interpreting Scripture and similarly inspired material, the nature of God and His expectations for humans, and the evaluation of these concepts as presented in Scripture and the classic literature of various religions.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## RELT 115 - Introduction to Christian Discipleship

### Credits: 3

This course covers fundamental theories of human psychosocial, moral, and faith development, transformational theology and theory, and foundational principles of discipleship as found in both the Old and New Testaments of Scripture.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**College Code:** CAS

## RELT 207 - Issues in the Great Controversy

**Credits:** 3

Study of the controversy between Christ and Satan with particular emphasis on their characters and kingdoms, the attack against law, the implications of the sacrifice of Christ, the relationship of these issues to human lives today, and the completion of God's mission for sinners. Credit not applicable toward the theology concentration.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## RELT 216 - Workshop in Prayer

**Credits:** 2

Study of faith, private prayer, family worship, conducting prayer groups, public prayer, and prayer as a ministry. Not applicable toward the theology concentration or major in religion.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Workshop

**Term Offering:** Fall, Spring

**College Code:** CAS

## RELT 225 - Doctrines of the Adventist Faith

**Credits:** 3

Defines and clarifies the Biblical doctrines of the Seventh-day Adventist faith, distinguishing them within the background of the Judeo-Christian tradition.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring, Summer

**College Code:** CAS

## RELT 250 - Personal Spirituality and Faith

**Credits:** 3

A study of the Biblical perspective on the act of faith and the life of faith. How does a person begin and nurture one's own personal spiritual and devotional life? Also studies the meaning of spiritual nurture in various lifestyle and work settings. Personal spiritual growth is fostered through involvement in organized church activities and/or witnessing outreach.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring

**College Code:** CAS

## RELT 295 - Introduction to Theological Research

**Credits:** 1

Introduces students to basic research concepts, tools, and methodology in the discipline.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## RELT 308 - Gift of Prophecy

**Credits:** 2,3

Study of the prophetic manifestation in Bible and church to include the ministry and writings of Ellen G. White. Research paper may be required. Theology and Religion majors enroll for 2 credits.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall

**College Code:** CAS

## RELT 315 - Christian Discipleship

**Credits:** 3

Christians are called to be followers or disciples of Jesus. This class presents the personal and spiritual implications of the biblical concept of discipleship. Discipleship is discussed in light of personal life, biblical teachings, and historical-theological developments.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## RELT 325 - Theology I

**Credits:** 3

A continuation of RELT 100. Study of nature, sources, and methods of theology; the doctrines of God and his works (the Trinity, creation, providence, law, and Sabbath), Christ, the Holy Spirit, and human beings. Research paper may be required. Student can earn general education credit in either RELT 225 or RELT 325, but not in both.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** RELH 400

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall

**College Code:** CAS

## RELT 326 - Theology II

**Credits:** 3

Study of the doctrines of Christ and salvation (nature and works of atonement), the church (characteristics, ministry, and mission), sanctuary and Christ's heavenly ministry, and eschatology from a distinct Seventh-day Adventist perspective. Research paper may be required.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** RELT 325

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Spring

**College Code:** CAS

## RELT 340 - Religion and Ethics in Modern Society

**Credits:** 3

Considers how the Judeo-Christian tradition confronts the moral complexities of a highly technical society. Are there universal absolutes that cross all cultural boundaries, or are all values relative? Designed to help students articulate what molded their value system and what should help to shape it. Students are expected to participate in some organized church/civic/social service activities. Student can earn general education credit in either RELT340 or RELT 390, but not in both.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**Term Offering:** Fall, Spring

**College Code:** CAS

## RELT 348 - Christians and the Environment

**Credits:** 3

A religious, philosophical, and activist approach to environmental issues, analyzing ideological causes of environmental degradation, and offering philosophical and theological perspectives which inform and sensitize the student to the Christian's environmental responsibility. Qualifies as an "S" course for General Education Service Learning. Contains a service component.

**Course Attribute:** Service course

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## RELT 385 - Bioethics and Christian Faith

**Credits:** 3

A capstone seminar for biology and related majors that engages the interface of biology and ethics from a biblical and Seventh-day Adventist perspective. Focused attention on select bioethical issues and their relationship to Scripture and Christian practice, including but not limited to: biblical and environmental stewardship, the molecular revolution, genomics and genetic manipulation, human nature, communication in science, and dilemmas in the health professions.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** BIOL 166, COMM 104 or higher, ENGL 215

**Schedule Type:** Lecture

**College Code:** CAS

## RELT 390 - Christian Business Ethics

**Credits:** 3

Designed for the student to examine differing ethical models and to develop a personal model that will serve as the basis on which a Seventh-day Adventist Christian will make personal value decisions. The developed model is used in examining actual ethical issues which confront people in daily affairs of business life. Student can earn general education credit in either RELT 340 or 390, but not in

both. (Open only to upper division School of Business Administration students).

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

### RELT 415 - Topics in Theology

**Credits:** 3

Focused attention on select theological issues and their relationship to Christian practice. The selection of topics varies with any given course offering and might include some of the following: Trinity, theodicy, sanctuary, apocalypticism, justification by faith, revelation and inspiration, and doctrine of creation. Research paper required.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** RELT 325, RELT 326

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** CAS

### RELT 420 - Formative Thinkers in Religion

**Credits:** 3

An in-depth, seminar-style exploration of selected thinkers who have significantly impacted both Christian thought and the culture at large. Through a sustained attention of mostly primary texts, student explore the rich intersection of theology, philosophy, spirituality and ethics with the aim of probing the richness and complexity of human existence in relationship to God.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

### RELT 425 - Seminar in Contemporary Theology

**Credits:** 3

A study of ideas of major theologians in modern times. Underlying philosophical presuppositions are analyzed. The relationship between theology and secularism is studied. The course critically examines some primary texts and evaluates their contribution and significance.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-Paced

**College Code:** CAS

### RELT 440 - Fundamentals of Spirituality & Ethics in Healthcare

**Credits:** 3

Addresses religious and spiritual issues of significance for healthcare. Includes a discussion of views of the relationship between health and spirituality from different religious perspectives. Provides an overview of the philosophical and historical background for ethical systems and their significance for current ethical challenges in healthcare.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online, Self-paced

**College Code:** CAS

### RELT 445 - Modern Trends in Religion & Society

**Credits:** 1-3

Examines a wide range of issues arising from the postmodern cultural context and their impact on Christian self-understanding, missions, and ministry in general. Special attention given to the rise of secularism, pluralism and "new atheism" and the challenges such trends present for Christian apologetics.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

### RELT 475 - Theological and Biblical Research

**Credits:** 0

Independent student research under the supervision of a Department of Religion & Biblical Languages Faculty member.

**Grade Mode:** Satisfactory (S,U,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## Mission

The School of Engineering aspires to be a place of choice for engineering education where dedicated students and faculty grow together to reach their God-given potential for service to society and the church.

Faculty and students in the School of Engineering will:

### Seek Knowledge by:

- Exploring current knowledge in engineering and computing from a Christian viewpoint, within the broader context of the liberal arts.
- Creating a nurturing environment for a committed lifetime of intellectual discovery, problem-solving, and innovation.
- Enhancing learning through research and scholarship.
- Preparing students to join their chosen profession or attend graduate school.
- Engaging industry and professional stakeholders in the planning and assessing of our curriculum.

### Affirm Faith by:

- Acknowledging the leadership of God in their lives.
- Acting with personal and moral integrity.
- Serving humanity in a complex, technological, global society.

### Change the World by:

- Applying knowledge and skills to the care of their God-given home.
- Solving contemporary societal problems.
- Providing selfless service to others.

## Bachelors

## Engineering, Chemical Engineering Concentration BSE

Engineering builds on a strong traditional mathematics, science, and engineering core. The Chemical Engineering emphasis focuses on design and operation of chemical processes and optimization of production.

**Total Credits - 131**

**Major - 57**

### Core Requirements - 32

ENGR 120 - Introduction to Engineering & Design **Credits: 2**  
ENGR 125 - Engineering Graphics **Credits: 3**  
ENGR 181 - Material Properties and Processes **Credits: 3**  
ENGR 185 - Engineering Statics **Credits: 3**  
ENGR 225 - Circuit Analysis **Credits: 3**  
ENGR 275 - Electronics I **Credits: 3**  
ENGR 285 - Engineering Dynamics **Credits: 3**

ENGR 310 - Linear Systems Analysis **Credits: 3**  
ENGR 365 - Numerical Methods for Engineers **Credits: 3**  
ENGR 450 - Engineering Economy **Credits: 2**  
ENGR 491 - Review of Engineering Design **Credits: 1**  
ENGR 492 - Senior Design Project **Credits: 3**

### Concentration Requirements - 25

ENGR 323 - Chemical Reaction Engineering **Credits: 3** (no lab needed)  
ENGR 355 - Chemical Engineering Lab **Credits: 3,4**  
ENGR 360 - Fluid Dynamics **Credits: 3**  
ENGR 382 - Separation Processes **Credits: 3**  
ENGR 410 - Feedback Control Systems **Credits: 4**  
ENGR 440 - Heat and Mass Transfer **Credits: 3**  
ENGR 480 - Process Design **Credits: 3**  
ENGR 330 - Thermodynamics **Credits: 3**

## Additional Requirements

No grade lower than C- may be counted toward any degree requirement. All prerequisites for ENGR courses must be passed with a minimum grade of C- before entry into the class it is required for.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Maintaining Academic Standing

An Engineering or Computing course may be repeated only once. Students may repeat only two Engineering or Computing courses. Students will be asked to withdraw from the program if they fail two Engineering or Computing courses in the same semester. Readmission will be considered on an individual basis. Transfer credits need to be submitted a minimum of six weeks prior to beginning of classes. Transfer students will be considered on an individual basis.

## Student Learning Outcomes

Graduates of the program will demonstrate the ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgements, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgement to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

# Engineering, Computer Engineering Concentration BSE

Engineering builds on a strong traditional mathematics, science, and engineering core. The Computer Engineering Concentration focuses on the areas of digital systems, communication systems, and computer controlled instrumentation and computer simulation.

The mathematics courses listed as cognates for the Engineering degree satisfy the requirements for a minor in mathematics. A second major in mathematics requires 6 additional credits in mathematics, and a second major in physics requires 14–17 additional credits in physics. See the Mathematics and Physics department listings for details.

- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgements, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgement to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

# Engineering, Mechanical Engineering Concentration BSE

Engineering builds on a strong traditional mathematics, science, and engineering core. The Mechanical Engineering emphasis focuses on mechanical design and the electromechanical elements of smart machines.

The mathematics courses listed as cognates for the Engineering degree satisfy the requirements for a minor in mathematics. A second major in mathematics requires 6 additional credits in mathematics, and a second major in physics requires 14–17 additional credits in physics. See the Mathematics and Physics department listings for details.

PHYS 272 - Physics for Scientists and Engineers Laboratory II **Credits:** 1  
STAT 340 - Probability Theory with Statistical Applications **Credits:** 3

### Additional Requirements

No grade lower than C- may be counted toward any degree requirement. All prerequisites for ENGR courses must be passed with a minimum grade of C- before entry into the class it is required for.

### General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Maintaining Academic Standing

An Engineering or Computing course may be repeated only once. Students may repeat only two Engineering or Computing courses. Students will be asked to withdraw from the program if they fail two Engineering or Computing courses in the same semester. Readmission will be considered on an individual basis. Transfer credits need to be submitted a minimum of six weeks prior to beginning of classes. Transfer students will be considered on an individual basis.

## Student Learning Outcomes

Graduates of the program will demonstrate the ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

## Engineering

### ENGR 120 - Introduction to Engineering & Design

**Credits:** 2

An introductory course in engineering and design. It teaches the basic principles of design and related design tools from a basic level. Students will be taught to use computer tools for engineering analysis.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

### ENGR 125 - Engineering Graphics

**Credits:** 3

Fundamentals of drawing as applied to mechanical engineering problems. Orthographic projections, auxiliary and sectional views, dimensioning and tolerancing, oblique and isometric views, detail and assembly drawing. Sketching and computer aided drafting.

**Lecture/Lab:** Weekly: two 1-hour lectures and two 1.5-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

### ENGR 181 - Material Properties and Processes

**Credits:** 3

An introduction to materials, their properties and common processes used to make useful components from these materials. This course includes a hands-on experience in the materials testing, heat treatment as well as machining practices.

**Lecture/Lab:** Weekly: 2 lectures and a 1-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**College Code:** CAS

### ENGR 185 - Engineering Statics

**Credits:** 3

Principles of statics and their application to engineering problems; forces, moments, couples, friction, centroids and moments of inertia.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** MATH 191

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

### ENGR 215 - Robotics Programing

**Credits:** 2,3

This course covers the basic operations of a robotic arm using the teach pendant as the main interface. A Robotics Handling Tool Software Package is used in this course. Students successfully completing this course will be able to: Safely power up and jog the robot; recover from common errors and robot faults; execute production operation; create, modify and execute a teach pendant program; and abort and access teach pendant programs. This course consists of lectures, demonstrations and a series of lab exercises.

**Lecture/Lab:** Weekly: 2 lectures and a lab

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Even years

**Term Offering:** Spring

**College Code:** CAS

### ENGR 225 - Circuit Analysis

**Credits:** 3

Resistive circuit analysis, network theorems, dependent sources, energy storage elements, 1st and 2nd order circuit transient responses, ac circuit analysis using

phasors and impedances, and ac complex power.

**Lecture/Lab:** Weekly: 2-hour lecture and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 191

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

## ENGR 248 - Workshop

**Credits:** 1-4

Provides flexibility for the occasional workshop where it is appropriate to offer engineering credit. Workshop requirements must be approved by the department.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Workshop

**Special Approval:** Advisor permission required.

**College Code:** CAS

## ENGR 275 - Electronics I

**Credits:** 3

Introduction to diodes and transistors and their applications in switching and amplification circuits. Introduction to the basic op-amp circuits and their characteristics. Binary numbers and codes, Boolean algebra, logic circuits, flip-flops and registers. Digital circuit applications.

**Lecture/Lab:** Weekly: 2-hour lecture and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 225

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

## ENGR 285 - Engineering Dynamics

**Credits:** 3

This course is an introduction to the dynamics and vibrations of lumped-parameter models of mechanical systems. Topics covered include kinematics, force-momentum formulation for systems of particles and rigid bodies in planar motion, work-energy concepts, Keplerian motion, and elementary vibrations.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 185, PHYS 241, and MATH 192

**Prerequisite/Corequisite:** MATH 286

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## ENGR 310 - Linear Systems Analysis

**Credits:** 3

Convolution, analysis and spectra of continuous time domain signals, Fourier and Laplace transforms, discrete time domain signals, and the z-transform.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 215, MATH 286, CPTR 151

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## ENGR 315 - Critical Thinking for Engineers & Scientists

**Credits:** 3

This course focuses on patterns of thinking in an engineering and scientific context. Topics include decision making, systematic decomposition of problems, troubleshooting, and situational analysis. Emphasis on communication (written, verbal, visual, etc).

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 242 Physics for Scientist and Engineers or approval of instructor

**Recommended:** PHIL 320 Critical Thinking

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## ENGR 323 - Chemical Reaction Engineering

**Credits:** 3

Basic concepts of chemical rate processes as applied to the theory of the design and operation of various types of commercial reactors for both non-catalytic and catalytic reactions; including mole balances, rate laws and stoichiometry, collection and analysis of rate data, multiple reactions, isothermal and non-isothermal reactor design, catalysis and catalytic reactors.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** CHEM 132 and MATH 286

**Schedule Type:** Lecture

**College Code:** CAS

## ENGR 325 - Electronics II

**Credits:** 4

Modeling of transistors, biasing of transistors in amplifier circuits, and amplitude and frequency limitations of transistors. Linear and switching electronic circuits with an emphasis on op-amps.

**Lecture/Lab:** Weekly: 3-hour lecture and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 275

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

## ENGR 330 - Thermodynamics

**Credits:** 3

Introduction to the nature of energy and study of energy transport conservation in closed and flowing systems; properties and states of solids, liquids, vapors, and gases; enthalpy; meaning and production of entropy and introduction to cyclic systems.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** PHYS 241

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## ENGR 331 - Thermodynamics II

**Credits:** 3

Principles of phase and chemical equilibria in the solution of chemical engineering problems in the traditional process industries, biological systems, materials processing, pharmaceutical manufacturing and other industries.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 330

**Schedule Type:** Lecture

**College Code:** CAS

## ENGR 335 - Logic Circuit Design

**Credits:** 3

Modern digital logic families, state machines, design of digital logic circuits in FPGAs, and VHDL specification of logic circuits.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 275

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## ENGR 340 - Mechanics of Materials

**Credits:** 3

Mechanics courses geared towards developing the ability to analyze a given problem in a simple and logical manner using fundamental and well-understood principles of mechanics. free-body diagrams will be used extensively to determine external and internal forces.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 185

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## ENGR 355 - Chemical Engineering Lab

**Credits:** 3,4

Introduction to various measurement techniques available for chemical and general engineering application. National Instrument LabVIEW Data Acquisition system is used to collect data for analysis.

**Lecture/Lab:** Weekly: 1 lecture and two 2-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 275 or ENGR 330

**Schedule Type:** Lecture/Lab

**College Code:** CAS

## ENGR 360 - Fluid Dynamics

**Credits:** 3

Fluid statics and dynamics of fluid motion. Conservation of mass, momentum, and energy in laminar and turbulent flow. Boundary layer flow, lift and drag forces, viscous flow in conduits, open channel flow, flow measurements.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 285, ENGR 330, MATH 286

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## ENGR 365 - Numerical Methods for Engineers

**Credits:** 3

This course provides a basic introduction to numerical methods to solve engineering problems. Fundamental concepts from linear algebra are introduced and utilized in this course. Numerical methods covered will include root solving, solving systems of linear equations, optimization, numerical integration, and basic methods to solve systems of first order differential equations. MATLAB is used in this course to demonstrate how to successfully code each of the methods presented.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** MATH 192

**Schedule Type:** Lecture

**Year Offering:** Annually

**College Code:** CAS

## ENGR 382 - Separation Processes

**Credits:** 3

Fundamentals of thermodynamics of separation processes; Introduction to Separation Processes of gas absorption, distillations, leaching/extraction, membrane separation, etc.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 323 , ENGR 330 or , CHEM 131 - General Chemistry I

**Schedule Type:** Lecture

**College Code:** CAS

## ENGR 385 - Microprocessor Systems

**Credits:** 4

Introduction to computer organization, microprocessors, assembly language programming, memory devices, I/O devices, interfacing with emphasis on control applications.

**Lecture/Lab:** Weekly: 3 lectures & a 3-hour lab

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 275 or CPTR 276

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

## ENGR 390 - Engineering Measurements

**Credits:** 3,4

Introduction to measurement theory with statistics and uncertainty analysis. Principles of Instrumentation including temperature, pressure, velocity, strains and flow measurements. Use of National Instrument LabView Data Acquisition System to collect data for analysis.

**Lecture/Lab:** Weekly: 1 lecture and two 2-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 275 or ENGR 330

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## ENGR 391 - Electric Motors

**Credits:** 1

Study of transformers, ac, dc, and stepping motors; and motor control requirements.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 275

**Recommended:** ENGR 390

**Schedule Type:** Lecture/Lab

**College Code:** CAS

## ENGR 405 - Digital Interfacing

**Credits:** 3

Parallel and serial busses, basics of computer networking, wireless protocols, and peripheral interfaces. Emphasis on communication between microprocessor systems.

**Lecture/Lab:** Weekly: 2 lectures and a 1.5-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 385, CPTR 151

**Schedule Type:** Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

## ENGR 410 - Feedback Control Systems

**Credits:** 4

Fundamentals of control design and analysis of linear feedback systems, their characteristics, performance and stability. The Routh-Hurwitz stability, root-locus, Bode plots, and Nyquist techniques. Performance criteria, design, and compensation of feedback control systems.

**Lecture/Lab:** Weekly: 3-hour lecture and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 275 ENGR 285 ENGR 310

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Term Offering:** Fall

**College Code:** CAS

## ENGR 415 - Virtual Instrumentation

**Credits:** 3

For engineering majors. Introduction to virtual instrumentation with emphasis on the sampling requirements and the signal conditioning requirements. Data logging and control applications.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 275, CPTR 151

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## ENGR 420 - Machine Design

**Credits:** 3

This course emphasizes both failure theory and analysis as well as the synthesis and design aspect of machine elements. It touches on the commonality of the analytical approaches needed to design a wide variety of elements and the need to use computer aided engineering as an approach to the design and analysis of these classes of problems.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 320 ENGR 390

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## ENGR 425 - Project Management

**Credits:** 3

Methodology used successfully to carry out a technical project including proposals, planning, work breakdown, scheduling, creativity, monitoring progress, and documentation.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** STAT 285 or STAT 340  
**Schedule Type:** Lecture  
**Year Offering:** Odd years  
**Term Offering:** Fall  
**College Code:** CAS

### ENGR 430 - Quality Control

**Credits:** 3  
Analysis of the factors affecting product quality during manufacturing. Topics include use of basic statistics and probability for measurements, observations, sampling, control charts and reliability.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** STAT 285 or STAT 340  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

### ENGR 435 - Electromagnetic Fields

**Credits:** 4  
Study of static and dynamic electric and magnetic fields. Unbounded and bounded fields, fields in materials, force and torque, energy and potential functions, and Faraday induction. Propagation of electromagnetic energy; plane waves, transmission lines, and waveguides; radiation from dipole antennas; introduction to arrays.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 240, MATH 286, PHYS 242  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CAS

### ENGR 440 - Heat and Mass Transfer

**Credits:** 3  
Study of steady-state and transient heat conduction, forced and non-forced convection through ducts and over surfaces, blackbody thermal radiation, solar radiation, heat exchangers, and mass transfer.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ENGR 360, MATH 286  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

### ENGR 450 - Engineering Economy

**Credits:** 2  
Study of engineering decision methodology and criteria used to evaluate the economic aspects of selection of equipment, structures, methods, and processes.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 145 or MATH 191  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CAS

### ENGR 455 - Communication Systems

**Credits:** 4  
Introduction to the fundamentals of communication systems including signals and spectra, information theory, sampling and quantization, coding, modulation, signal detection and system performance in the presence of noise.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ENGR 310, ENGR 325, STAT 340  
**Schedule Type:** Lecture/Lab  
**Term Offering:** Spring  
**College Code:** CAS

### ENGR 464 - Kinetics and Reactor Design

**Credits:** 3  
Basic concepts of chemical rate processes as applied to the theory of the design and operation of various types of commercial reactors for both non-catalytic and catalytic reactions; including mole balances, rate laws and stoichiometry, collection and analysis of rate data, multiple reactions, isothermal and non-isothermal reactor design, catalysis and catalytic reactors.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ENGR 345  
**Schedule Type:** Lecture  
**College Code:** CAS

### ENGR 465 - Operations Analysis and Modeling

**Credits:** 3  
The methodology of mathematical modeling and its relation to solving problems in industrial and public systems. Linear programming, scheduling, queuing, simulation, optimization, and decision analysis.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** MATH 192, STAT 340.  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

### ENGR 470 - Finite Element Methods

**Credits:** 3  
Introduction of finite element methods for the solution of problems in solid mechanics and heat transfer. Techniques for obtaining approximate numerical solutions to governing differential equations in the problem areas are covered. Industrial software is applied to the analysis and design of a broad range of engineering problems.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ENGR 330, ENGR 340, MATH 286  
**Schedule Type:** Lecture  
**Year Offering:** Even years  
**Term Offering:** Fall  
**College Code:** CAS

### ENGR 475 - Topics in

**Credits:** 1-4  
Selected topics of current interest in engineering.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** Dependent on topic  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CAS

### ENGR 478 - Study Tour

**Credits:** 0  
Travel to destinations relevant to individual programs of study. Classes will be selected from department offerings.

**Course/Lab Fee:** Yes  
**Grade Mode:** Noncredit (NC,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Blended Learning  
**Year Offering:** Odd years  
**Term Offering:** Summer  
**College Code:** CAS

### ENGR 480 - Process Design

**Credits:** 3  
Application of the basic concepts learned in previous courses to the design and analysis of a chemical processing system, primarily through a design project; Computer-Aided Design (process simulation), economic analysis, process safety, flow-sheet synthesis (conceptual design), and decision-making analysis (optimization) are covered.

**Course/Lab Fee:** No  
**Grade Mode:** Normal (A-F,I,W)  
**Prerequisite(s):** ENGR 323  
**Schedule Type:** Lecture  
**College Code:** CAS

### ENGR 485 - Community Project in Engineering

**Credits:** 2-6  
"Hands-on" involvement in humanitarian and/or service-oriented projects. Work initiated by students requires prior approval of faculty.

**Course/Lab Fee:** No  
**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Lecture

**College Code:** CAS

## ENGR 490 - Research

**Credits:** 0-3

Students will either assist a faculty member in an ongoing research project or develop a project of their own with the help and approval of the faculty member in their areas of interest or study. This course is for students who have a reasonably established knowledge of engineering at the college level. A minimum of 45 hours for each credit earned and a written paper is required.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Independent

**Special Approval:** Instructor permission required.

**College Code:** CAS

## ENGR 491 - Review of Engineering Design

**Credits:** 1

Selection, proposal and planning of capstone project.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 355 or ENGR 385 or ENGR 390

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## ENGR 492 - Senior Design Project

**Credits:** 3

A significant design project which culminates in a working system, component, process or a complete description of a proposed design. Both an oral and written presentation of the results of the project are required.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** ENGR 491

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

## ENGR 495 - Independent Study

**Credits:** 1-3

Individual study, research, or project in some field of engineering under the direction of a member of the engineering faculty.

**Course/Lab Fee:** No

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**Special Approval:** Instructor permission required.

**College Code:** CAS

## ENGR 496 - Cooperative Work Experience

**Credits:** 1-4

Work experience in industry directed by an engineering faculty member. 120 hours of work is required per credit. A report must be submitted that summarizes the work experience and indicates the value of the experience to the student.

**Course/Lab Fee:** No

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable up to 4 credits

**Schedule Type:** Practicum

**Special Approval:** Instructor permission required.

**College Code:** CAS

## Mission

The School of Social & Behavioral Sciences is concerned with the study of how human beings think and behave, both as individuals, and in social, spiritual, and cultural settings. The School is organized as a consortium where faculty share expertise and research endeavors in related disciplines with each other and students. By providing students with the discoveries and procedures accumulated from these versatile fields of study, our goal is to equip and empower students to utilize their knowledge abilities and skills to engage professionally within a diverse, inclusive, and global society; to further the mission of the worldwide Seventh-day Adventist Church; and to restore men and women to the image of our Maker.

## Undergraduate Program Policies and Administration

### School Aims

This school aims to introduce students to the salient discoveries and procedures accumulated from research in the social and behavioral sciences disciplines and to equip and empower them to use knowledge, abilities, and skills professionally. Students will be prepared to engage within diverse, inclusive, and global societies; to further the mission of the worldwide Seventh-day Adventist Church; and to restore men and women to the image of their Maker. The school fulfills these aims by three principal means: instruction by Christian professors; course work which develops a strong liberal-arts foundation and interdisciplinary preparation leading to many different fields of Christian service; and extracurricular participation by students in voluntary religious activities, community and civic engagement, and research activities that advance our academic fields and the mission of the Church.

## Minors, Cognates, and Electives

Students should take advantage of the variety of undergraduate courses available at Andrews to acquire a broad education. Combining social and behavioral science courses as a minor with other areas such as business, health, or language provides avenues for reaching individual professional goals. Students should seek counsel from their advisors in selecting cognates and electives. Community and civic engagement is an important pathway to professional opportunities and students are urged to seek opportunities to serve.

## Registering as an Undergraduate Researcher

Undergraduate research is another important pathway to graduate education and professional opportunities. Any undergraduate student wishing to do research with a faculty mentor must register for the research project course listed under that faculty member's supervision for a minimum of 0 credits in each semester for which a student is enrolled and engaged in a project. Students must confirm a topic with their faculty mentor prior to registration for a research project (BHSC498, PSYC498, SOCI498).

## Program Description

The School of Social & Behavioral Sciences offers a Master of Science in Community & International Development (MSCID). The competencies graduates are expected to acquire include social-science foundations of community and international development, especially with regard to understanding the causes of poverty and the meaning of people-centered development; skills related to planning, implementing, and evaluating development projects including grantsmanship; knowledge of basic principles of organizational behavior; leadership and management as they relate to not-for-profit organizations; understanding of ethical principles and financial analysis for assuring individual and organizational accountability; mastery of social research methods appropriate to the chosen field of concentration; and the ability to communicate effectively to stakeholders about community development programs and plans.

Depending in part on previous work experience, graduates who pursue the Master of Science in Community and International Development may find employment working for inner-city development agencies, education based service-learning organizations, faith-based community service organizations, grass-roots community advocacy groups, national and international faith-based NGOs, United Nations organizations, government organizations, and other development and relief agencies. Graduates are not limited to opportunities in the humanitarian industry as the MSCID makes students viable candidates for a host of consultancy positions requiring persons with skills in grant writing, not-for-profit administration, education, and philanthropy.

## Bachelors

## Behavioral Sciences BS

Behavioral Sciences studies the ways in which people respond to the world around them. As a broad field, it encompasses several more specific fields including Psychology, Sociology, Anthropology, and Development. At Andrews University, Behavioral Sciences provides students with a broad understanding of human behavior by taking classes across these fields. Students will choose a concentration prior to graduation.

- Select credible sources of evidence from the behavioral sciences, and specifically in the areas of anthropology, sociology and psychology science
- Conduct effective research projects from design through data interpretation
- Apply ethical standards to scholarship and practice in the Behavioral Sciences
- Apply principles and skills from Behavioral Sciences to serve their communities
- Write effectively about theories, data, and practice in the Behavioral Sciences
- Speak effectively about theories, data, and practice in the Behavioral Sciences
- Prepare a professional plan for life after graduation
- Apply principles from the Behavioral Sciences to understand and influence the development of faith across the life span
- Know the key themes in relevant disciplines in the Behavioral Sciences

## Psychology BA

Psychology is the study of mind and behavior, including conscious and unconscious phenomena, feelings, and thoughts. An undergraduate degree in Psychology is applicable to a wide range of occupations. Within the Psychology BA at Andrews University there are two concentrations available: General and Pre-Professional. Students enrolled in the Psychology BA will need to select a concentration prior to graduation. Whichever concentration students choose, they should consult their advisors and classes should be chosen with educational and occupational goals in mind.

Upper Division Psychology elective

## Pre-Occupational Therapy Concentration - 47

Occupational Therapists assist individuals in learning or re-learning skills to improve their lives. It requires getting to know individuals personally, understanding their goals, and identifying creative ways to allow them to reach their desired levels of independence and productivity. As such, Psychology forms a strong base upon which to build the skills required to become an Occupational Therapist.

The BS Psychology: Pre-Occupational Therapy concentration (pre-OT) is designed as a pre-professional interim degree for students pursuing a Doctor of Occupational Therapy (OTD) degree at Andrews University through the "3+3" track. This degree with concentration prepares the pre-OT student with the prerequisite knowledge required for the OTD degree. Once accepted into the OTD program, the 3+3 track allows students to enter the professional OTD program before completion of the Psychology: Pre-Occupational Therapy bachelors degree. The 3+3 students' senior (fourth) year is the first two semesters of the OTD program. Students successfully completing these requirements qualify for the Bachelor of Psychology degree.

Majors are required to take the Major Field Test in Psychology. The exam assesses the following areas: memory and thinking, sensory and physiology, developmental, clinical and abnormal, social, and measurement and methodology.

Students graduating with a Bachelor of Science in Psychology from Andrews University must complete 27 credits from courses numbered 300 or above.

Transfer courses taken at the lower division level will not count towards the upper division requirement.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Additional Information

Field Experience and a reading knowledge of a foreign language are strongly recommended, particularly for students who plan to take graduate studies in Psychology.

### Teaching Sites

This Psychology BS program (General Concentration only) is also offered at Hong Kong Adventist College.

## Student Learning Outcomes

At the end of the program a student will be able to:

- Think critically about human thought and behavior in individuals, sociocultural and ecological systems
- Select credible sources of evidence from the behavioral sciences, and specifically in the area of psychology science
- Conduct effective research projects from design through data interpretation
- Apply ethical standards to scholarship and practice in Psychology
- Apply principles and skills from Psychology to serve their communities
- Write effectively about theories, data, and practice in Psychology
- Speak effectively about theories, data, and practice in Psychology
- Prepare a professional plan for life after graduation
- Apply principles from Psychology to understand and influence the development of faith across the life span
- Know the key themes in relevant disciplines in Psychology

## Sociology BA

Sociologists study the formation and interaction of human groups and the individual's relationship to social groups. There is a focus on the role of various groups in socialization of the individual into norms, values and behaviors. There is also a focus on the development of major social institutions and how they interact with each other and impact socialization across time and cultures. Sociologists use a theoretical framework that examines how institutions and groups function for the success of a society, the conflicts that may be inherent in group interaction, and how human beings can change institutions and their relationship.

## Emergency Preparedness Minor

The Emergency Preparedness minor provides students with an "all hazards" approach to the emergency preparedness process which includes understanding the core tenets of emergency management: preparedness, prevention, response, recovery and mitigation. Students will develop skills in planning and preparing for emergencies, the management of operations during an emergency, the implementation of recovery efforts after an emergency, and the after action assessment process. Students will also have opportunities to develop essential skills such as ethical decision making, critical thinking, analytical inquiry, strategic planning, and risk and vulnerability assessments associated with natural and man-made disasters and terrorism. Key principles and methods of incident management of various types of disasters, including the collaboration with all stakeholders, will be examined. Students will have the opportunity to understand the emergency preparedness process in the context of a Christian worldview.

## Masters

### Community and International Development MSCID

The Community and International Development program offers interdisciplinary study in the humanitarian and development field at the graduate level. This unique approach equips students with the skills needed to identify and respond to social and economic challenges across the globe. Program concentration options offer in depth training - preparing students for professional service in academia, policy, advocacy, project management, and administration.

In order to receive a Masters in Community and International Development, students will complete 30 credits of required coursework. Up to 6 credits may be

transferred from another accredited/recognized institution and applied towards the 30 required credits according to the criteria listed in the official Andrews University Graduate Transfer Policy.

**Delivery:** This degree is offered in both an on-campus and as an interactive online synchronous program. Most courses are taught in-person and online simultaneously (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

**MSCID Dual Degree Options:**

The MSCID is also available with the following dual degree options:

- Community and International Development/Divinity Dual Degree MSCID/MDiv
- Community and International Development/Social Work Dual Degree MSCID/MSW

## Assistantships

Students may have the opportunity to apply for graduate assistantships within the Community and International Development Program. Please apply in the CIDP Office.

## Additional Information

The schools and departments regulate policies that govern the elective courses offered as part of the concentration package and some may not be available. Some elective courses may require prerequisites and should be discussed in advance with the program director/advisor for guidance in completing the concentration.

The Field Practicum and Research Project/Thesis will necessarily be related to the area of concentration in order to provide students with an in-depth understanding of the chosen area, and with the possibility of applying course work in practice. Students are required to undertake a 720-hour internship (approximately 6 months at 30 hours per week) through a field placement with a domestic, national, or international organization/project. Internships are based on prior approval and advice from the program director. Arrangements for the internship will be made by the program director/advisor pending availability and feasibility of the placement proposed by the student.

## Admission Requirements

All applicants must meet the following criteria, in addition to general admission requirements of the Andrews University School of Graduate Studies & Research:

- A Bachelor's Degree from an accredited college or university.
- An overall undergraduate GPA of 3.0 in 8 or more credits of previously taken graduate courses graded A-F. Students may be admitted provisionally with a GPA of 2.6 or higher. Such students must maintain a GPA of 3.0 or higher during their first 12 graduate credits to continue in the program.
- Completed Graduate Application packet.
- Completed coursework in Statistics and Research. Provisional acceptance may be granted without these courses with the expectation that the student will take them during the first year of enrollment. Credits for these prerequisites will not apply toward the MSCID.

The director of the program may request a personal interview or a third reference and/or other information.

Students who apply for admission to the MSCID program have two options related to the Graduate Record Exam (GRE). For those students who are seeking a graduate scholarship, the GRE must be taken. Scholarship amounts are based on the score achieved on the exam. For students who do not seek a graduate scholarship based on the GRE score, the exam is not required.

A reading knowledge of a foreign language is strongly recommended for those planning on graduate work.

## Masters Dual Degrees

**Note:** Because each dual degree is listed in two schools you will find duplicates. The content is identical except for order of information.

## Mission

The Andrews University School of Social Work, through excellence in teaching, research, and service, prepares students to be effective, knowledgeable, and qualified for practice in the twenty-first century. Using a person and environment perspective, graduates will enhance individual, family, group, organizational, and community well-being, celebrate differences, and promote social and economic justice for vulnerable populations. As a Seventh-day Adventist Christian institution, we build and disseminate knowledge, values, and skills that positively impact local, national, and international communities; affirm faith by integrating Christian compassion in action within generalist and advanced generalist social work practice; and change the world by enhancing the quality of life for all people by upholding the traditions, values, and ethics of the social work profession.

## Bachelors

### Social Work BSW

The Bachelor of Social Work (BSW) is a professional degree which prepares graduates for generalist professional practice and/or the opportunity to be admitted to a Master of Social Work (MSW) program with advanced standing within appropriate advanced standing GPA guidelines. The baccalaureate program is accredited by the Council on Social Work Education through the year 2027.

Although students may declare themselves as social work majors in their freshman or sophomore year, they must apply for acceptance into the social work program. Application is made in January of the sophomore year for formal acceptance into the program by the end of March. Applications are available from social work academic advisors of both the on-campus and off-campus sites.

## Additional Requirements

### Field Practicum

Students are required to complete a 400-hour field placement in a local human-service agency. Students are not eligible to take SOWK 401, SOWK 402, or SOWK 435 before being admitted into the BSW program. The practicum is normally completed during the student's senior year. Prerequisites include the following courses (which must be completed with a grade of C- or above): SOWK 331, SOWK 332, SOWK 350 and SOWK 402, and a human biology course. Students may be dropped from the program or be required to complete additional practicum hours for the following reasons:

- Inability to demonstrate the skills, knowledge, and professional responsibilities required of a baccalaureate-level social work intern
- Clear violation of the NASW Code of Ethics

*Past experience strengthens all BSW student applications. However, following Council on Social Work Education requirements, no social work course credit can be given for life experience or previous work experience.*

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Maintaining Active Status

Continued enrollment is conditional upon the following:

- Acceptable academic performance
- Ethical conduct in compliance with the National Association of Social Workers (NASW) Code of Ethics
- Adequate knowledge and practice performance in the practicum setting
- Appropriate demonstration of Professional Expectations

Students in the BSW and MSW Social Work programs are expected to read, know, and integrate the professional expectations listed in the Andrews University School of Social Work Handbook. Consequences for violations of these expectations could include but are not limited to verbal or written warnings, denial of admission, suspension, dismissal, or expulsion from a course or the program.

## Admission Requirements

Students qualify for entry into the BSW program when they:

- Earn a minimum GPA of 2.5 overall.
- Receive grades of C- or better in all required program prerequisite and cognate courses.
- Complete SOWK 100, SOWK 315, SOWK 320, SOWK 325. Maintain a GPA of at least 2.50 in these courses.
- Complete and submit BSW Program Application Packet.
- Receive an acceptance letter from the Undergraduate Program Director.

### English Language Requirement

For those applicants whose native language is not English, the following is required:

- Demonstration of English proficiency by obtaining at least a minimum score on any one of the following exams. Exam must be taken within two years prior to enrollment.
  - TOEFL ITP (paper-based) - A minimum score of 550
  - TOEFL iBT (internet-based) - 80 with a minimum of 20 on each section
  - IELTS (Academic version) - 6.5
  - PTE (Academic version ) - 54
- Nelson Denny - score of 13.
- Personal interview with BSW program director or designee.

Applicants who fail to meet any of the above may be admitted only after committee consideration of the specific circumstances. Additional course work in English may be required.

A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

## Resources

### BSW Student Handbook

The BSW Student Handbook has been designed as the social work student's aid in understanding the program requirements, the School of Social Work, and relevant policies of Andrews University. Inside the handbook you will find information such as expectations of students, the BSW curriculum, departmental policies, and other relevant information.

You are responsible for the information found in this handbook, so please take the time to familiarize yourself with the handbook and know where to find questions and answers if the need arises.

### Field Manual

The Field Manual has been designed as your aid in understanding field education requirements, your role as a student in a field agency, and relevant policies of Andrews University.

You are responsible for the information found in this handbook, so please take the time to familiarize yourself with the handbook and know where to find questions and answers if the need arises.

## Student Learning Outcomes

Students who complete this program will:

- Demonstrate ethical and professional behavior.
- Engage diversity and difference in practice.
- Advance human rights and social, economic, and environmental justice.
- Engage in practice-informed research and research-informed practice.
- Engage in policy practice.
- Engage with individuals, families, groups, organizations, and communities.
- Assess and Plan with individuals, families, groups, and communities.
- Intervene with individuals, families, groups, organizations, and communities.
- Evaluate Practice with individuals, families, groups, organizations, and communities.
- Demonstrate a Christian social work perspective.

## Undergraduate Minors

### Human Services Minor

The Human Services minor allows students to choose from a variety of core and elective social work courses. This track cannot be used for reduced credit entry into the MSW program. Although students could still be admitted into the Andrews University MSW program, they would be required to complete the full 56-credit requirement for the degree. Although core social work classes taken at the undergraduate level would not need to be repeated, other elective graduate courses must be used to replace those courses in the total credit load. Students will be more prepared for jobs in human service fields.

## Total Credits - 18

## Additional Information

### Accreditation

Minors in social work and human services are NOT accredited by the Council on Social Work Education. In addition, a minor in Social Work does NOT qualify the student as:

- a professional social worker;
- a member of the professional social work organization;
- eligible for licensure by the State of Michigan or other state license;
- eligible for full Advanced Standing in a graduate school of social work; or
- Social Work practice in an employment situation.

### Prerequisites

SOWK 100 must be completed before taking SOWK 320 and SOWK 350.  
 SOWK 331 must be completed before proceeding to SOWK 332.  
 SOWK 461 must be completed before proceeding to SOWK 462.

Social Work practice courses (SOWK 401, SOWK 402), Field Placement courses (SOWK 420, SOWK 435), and Professional Seminar classes (SOWK 489) are not available to minors.

## Social Work Minor

The Social Work minor consists of eight courses (20 credit hours) and creates eligibility for reduced credit entry into the Andrews University MSW program. However, acceptance into the MSW program is NOT guaranteed by completing the minor. Students MUST complete all 20 credit hours to become eligible for this reduced credit entry. This "fast track" helps students to graduate more quickly from the MSW program, saving them over \$11,000 (18%) in MSW costs.

## Total Credits - 20

 SOWK 461 - Social Work Research I **Credits: 2 \***  
 SOWK 462 - Social Work Research II **Credits: 2**

\*Students who take a research course(s) that are equivalent to, or more advanced than, the social work research sequence may substitute social work electives in place of these credits.

## Additional Information

### Accreditation

Minors in social work and human services are NOT accredited by the Council on Social Work Education. In addition, a minor in Social Work does NOT qualify the student as:

- a professional social worker;
- a member of the professional social work organization;
- eligible for licensure by the State of Michigan or other state license;
- eligible for full Advanced Standing in a graduate school of social work; or,
- Social Work practice in an employment situation.

Students who are accepted into the MSW degree program at Andrews University are eligible to reduce their Master's degree requirements by ten credits. All courses eligible for course load reduction must have a grade of B- or better or must be retaken at either the Bachelor's or Master's degree level.

### Pre-requisites

SOWK 100 must be completed before taking SOWK320 and SOWK350. SOWK331 must be completed before proceeding to SOWK 332. SOWK 461 must be completed before proceeding to SOWK462.

Social Work practice courses (SOWK401; SOWK402), Field Placement courses (SOWK420; SOWK435), and Professional Seminar classes (SOWK489) are not available to minors.

## Trauma and Disaster Response Minor

This minor will equip students with knowledge and skills to respond to immediate disasters and other crisis events as well as provide training in long-term recovery and healing from the effects of trauma in areas such as domestic violence, traumatic childhood experience, war, and natural disasters. Students will learn the biological, psychosocial, and spiritual mechanisms of trauma. Students will receive emergency preparedness certifications from FEMA in areas of Professional Development, Incident Command Systems, and National Incident Management Systems. Students will also have the opportunity to be trained in Critical Incident Stress Management and become certified to serve on Community Emergency Response Teams (CERT). Students who complete this minor will also be equipped to provide trauma-informed awareness, education, and tools to support longer-term healing for those who have suffered from the effects of child abuse, domestic violence, post-traumatic stress, or other overwhelming experiences.

## Masters

## Social Work MSW

The Master of Social Work (MSW) degree is a professional degree enabling the graduate to enter practice as an advanced-level practitioner. Graduates are prepared to work in a variety of clinical, administration, and development focus areas. The foundation curriculum for the MSW consists of 9 core competencies that are required for every accredited MSW program: 1) Demonstrate ethical and professional behavior; 2) Engage diversity and difference in practice; 3) Advance human rights and social, economic, and environmental justice; 4) Engage in practice-informed research and research-informed practice; 5) Engage in policy practice; 6) Engage with individuals, families, groups, organizations and communities; 7) Assess and plan with individuals, families, groups, organizations and communities; 8) Intervene with individuals, families, groups, organizations and communities; and 9) Evaluate practice with individuals, families, groups, organizations and communities. In addition, our program has added an additional competency: 10) Demonstrate a Christian social work perspective. The curriculum is designed to teach students the knowledge, values and skills, along with understanding of the cognitive and affective reactions and judgement that accompany these dimensions. Measurement outcomes for these competencies can be found on the first page of the Andrews University School of Social Work website. The Andrews University MSW program is accredited by the Council of Social Work Education through the year 2027.

### Delivery

All tracks of the MSW program are available in the face-to-face format. The Regular Standing and Accelerated Regular Standing tracks are also available in the interactive online synchronous format (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

### Dual Degrees Options

The MSW Dual Degree Programs allow the student to complete two degrees in one additional year, with a tuition reduction of 33% for the MSW credits. To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of elective courses. Specifically, the School of Social Work will reduce the required number of credits by 9-10 credits by allowing students to take their required social work electives in the other graduate program. In addition, approximately 16 credits will be shared between the two programs. The following Dual Degree options are available:

- Business Administration/Social Work Dual Degree MBA/MSW
- Community & International Development/Social Work Dual Degree MSCID/MSW
- Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW
- Divinity/Social Work Dual Degree MDiv/MSW
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

## Curriculum

Core advanced interpersonal practice courses supplemented by optional areas of focus are offered. Students wishing to enroll in core graduate social work courses must be enrolled in the MSW program and/or have the instructor's permission. Students may transfer up to 20% of the credits from one degree into the MSW program. All courses are subject to change based on accreditation needs.

### MSW Social Work Tracks

- Regular Standing (Two Year) Program
- Accelerated Regular Standing (Two Year) Program
- Advanced Standing (One Year) Program
- Advanced Standing Plus (18 Months) Program

### Areas of Focus

Students may choose to specialize in the following focus areas: Human Resources, Mental Health, School Social Work, Marriage & Family, Christian Ministry, International Social Work, and Medical Social Work. Please refer to the School of Social Work website for further information: [www.andrews.edu/cas/socialwork/](http://www.andrews.edu/cas/socialwork/). Students are not required to choose a focus area.

## Additional Requirements

- A minimum cumulative GPA of 3.00 in Social Work Program.
- No grade of D or F (or U) may count toward a graduate degree.
- The maintenance at all times of professional conduct and behaviors appropriate for a social worker according to the National Association of Social Workers' Code of Ethics.
- Defense of the professional degree portfolio as part of SOWK689 Advanced Professional Seminar. This portfolio is a demonstrative collection of professional competencies.
- Other Andrews University degree requirements as presented in the Graduate Academic Information section of this bulletin.

Past experience strengthens all MSW student applications. However, following Council on Social Work Education requirements, no social work course credit can be given for life experience or previous work experience.

## Admission Requirements

### English Language Requirements

For those applicants whose native language is not English, the following is required:

\*with permission of the department
- Nelson Denny: score of 13
- Personal interview with MSW program director or designee

Applicants who fail to meet any of the above may be admitted only after committee consideration of the specific circumstances. Additional course work in English may be required.

A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

### Graduate Record Examination (GRE)

Students who are applying for admission to the MSW program are not required to take the GRE.

## Additional Information

### Assistantships

Students have the opportunity to apply for graduate assistantships—teaching or research. These assistantships give students the opportunity to develop their expertise. Students interested in becoming social-work educators—especially those with years of clinical experience—may teach undergraduate courses. Research assistantships offer experiences in community consulting, grant writing, and/or conducting research.

## Admission Requirements

Credit requirements are reduced by 23 based on previous BSW foundation courses taken. In addition to the requirements for the regular two-year program, the following are required for admission into the advanced one-year program.

- Bachelors degree in Social Work no more than five years old from a program accredited by the Council on Social Work Education or international equivalent approved by CSWE. If an applicant has a degree older than five years, he/she must have one year of post-bachelor's human-service work experience for every year beyond the five-year limit.
- An overall undergraduate GPA of 3.0 and on graduate credits previously earned, and 3.2 on undergraduate Social Work classes.
- Satisfactory completion of 33 credits.

## Advanced Standing Plus (18 Months) Program

Students who have done generally very well in their BSW program, but do not meet the 3.0 GPA admission requirement for the one-year advanced standing program, may be eligible for the 18 month advanced standing program designed to remediate any areas of academic weakness. Credit requirements are increased by

six credits in addition to the one-year advanced program requirements, designated by the advisor in consultation with the student to strengthen identified areas for growth. Students must receive at least a 3.25 GPA the first semester in order to take a full load of 12 credits the second semester.

## Social Work/Community & International Development Dual Degree MSW/MSCID

Andrews University has chosen to explore a collaborative between the Community & International Development Program (CIDP) and the School of Social Work in the College of Arts & Sciences to prepare students for service in occupations where social work and international development intersect. Social workers, particularly those in the areas of Administration and Development and International Social Work, may have an interest in international work. In such situations, the MSCID could equip them with a complementary skill set. Likewise, development and relief workers often find themselves in situations where social work skills in counseling and therapy would be useful. In addition, the MSCID/MSW collaborative allows for a greater breadth of employment opportunities for students.

Since both the MSW and MSCID programs reduce the total credits in order to reduce costs and achieve a more streamlined and efficient program, both degrees must be received simultaneously in order to fulfill the requirements of either degree. In the event that one degree was completed prior to enrollment for the dual degree program, the requirements for the second degree would be met through completion of the requirements shown below.

### Collaborative Program Objectives

- To prepare students for various forms of work in which clinical and administrative skills in development and social work are needed;
- To enable students to integrate development and social work knowledge, values, and skills into a multifaceted approach to service, thereby enhancing their value in the world.

### Distinctive Features of the Program

The program is designed to give students an integrated approach to both international development and social work. MSW students who take a social work focus area in International Social Work can choose a dual degree with CIDP.

## Total Credits - 75

MSCID students are required to complete 33 credit hours (if they don't add a concentration. The two-year regular MSW degree requires 56 core credit hours. Due to the strict requirements of the Council on Social Work Education's accrediting mandates, these core courses must all be taught or co-taught within the department by faculty holding an MSW degree.

This program model creates a curriculum that allows for the integration of 21–24 Social Work and CIDP credits, giving students the advantage of being able to reduce their total credit load. Since both MSCID and MSW programs already share courses in order to reduce costs and achieve a more streamlined and efficient program, the course work for both degrees must be taken either simultaneously or within one academic year of completion of one of the degrees in order to fulfill the requirements of either degree.

Because of CSWE requirements, students in the MSW/MSCID dual degree program will register for social work core classes in lieu of certain CIDP courses and will take a social work focus area in International Social Work. Students will take shared courses as outlined below.

## Program Information

Information for the two programs (Social Work MSW and Community & International Development MSCID) follows:

## Social Work MSW

The Master of Social Work (MSW) degree is a professional degree enabling the graduate to enter practice as an advanced-level practitioner. Graduates are prepared to work in a variety of clinical, administration, and development focus areas. The foundation curriculum for the MSW consists of 9 core competencies that are required for every accredited MSW program: 1) Demonstrate ethical and professional behavior; 2) Engage diversity and difference in practice; 3) Advance human rights and social, economic, and environmental justice; 4) Engage in practice-informed research and research-informed practice; 5) Engage in policy practice; 6) Engage with individuals, families, groups, organizations and communities; 7) Assess and plan with individuals, families, groups, organizations and communities; 8) Intervene with individuals, families, groups, organizations and communities; and 9) Evaluate practice with individuals, families, groups, organizations and communities. In addition, our program has added an additional competency: 10) Demonstrate a Christian social work perspective. The curriculum is designed to teach students the knowledge, values and skills, along with understanding of the cognitive and affective reactions and judgement that accompany these dimensions. Measurement outcomes for these competencies can be found on the first page of the Andrews University School of Social Work website. The Andrews University MSW program is accredited by the Council of Social Work Education through the year 2027.

### Delivery

All tracks of the MSW program are available in the face-to-face format. The Regular Standing and Accelerated Regular Standing tracks are also available in the interactive online synchronous format (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

### Dual Degrees Options

The MSW Dual Degree Programs allow the student to complete two degrees in one additional year, with a tuition reduction of 33% for the MSW credits. To facilitate this objective, the two programs will reduce the total number of required credits and will share a practicum and a limited number of elective courses. Specifically, the School of Social Work will reduce the required number of credits by 9-10 credits by allowing students to take their required social work electives in the other graduate program. In addition, approximately 16 credits will be shared between the two programs. The following Dual Degree options are available:

- Business Administration/Social Work Dual Degree MBA/MSW
- Community & International Development/Social Work Dual Degree MSCID/MSW
- Discipleship and Lifespan Education, Family Life Education Concentration/Social Work Dual Degree MA/MSW
- Divinity/Social Work Dual Degree MDiv/MSW
- Public Health, Nutrition and Wellness Concentration/Social Work Dual Degree MPH/MSW

## Curriculum

Core advanced interpersonal practice courses supplemented by optional areas of focus are offered. Students wishing to enroll in core graduate social work courses must be enrolled in the MSW program and/or have the instructor's permission. Students may transfer up to 20% of the credits from one degree into the MSW program. All courses are subject to change based on accreditation needs.

## MSW Social Work Tracks

- Regular Standing (Two Year) Program
- Accelerated Regular Standing (Two Year) Program
- Advanced Standing (One Year) Program
- Advanced Standing Plus (18 Months) Program

## Areas of Focus

Students may choose to specialize in the following focus areas: Human Resources, Mental Health, School Social Work, Marriage & Family, Christian Ministry, International Social Work, and Medical Social Work. Please refer to the School of Social Work website for further information: [www.andrews.edu/cas/socialwork/](http://www.andrews.edu/cas/socialwork/). Students are not required to choose a focus area.

## Additional Requirements

- A minimum cumulative GPA of 3.00 in Social Work Program.
- No grade of D or F (or U) may count toward a graduate degree.
- The maintenance at all times of professional conduct and behaviors appropriate for a social worker according to the National Association of Social Workers' Code of Ethics.
- Defense of the professional degree portfolio as part of SOWK689 Advanced Professional Seminar. This portfolio is a demonstrative collection of professional competencies.
- Other Andrews University degree requirements as presented in the Graduate Academic Information section of this bulletin.

Past experience strengthens all MSW student applications. However, following Council on Social Work Education requirements, no social work course credit can be given for life experience or previous work experience.

## Admission Requirements

### English Language Requirements

For those applicants whose native language is not English, the following is required:

- Demonstration of English proficiency by obtaining at least a minimum score on any one of the following exams. Exam must be taken within two years prior to enrollment.
  - TOEFL ITP (paper-based): A minimum score of 550
  - TOEFL iBT (internet-based): 80 with a minimum of 20 on each section
  - IELTS (Academic version): 6.5
  - PTE (Academic version): 54
- MSW program participates in the Bridge program which allows students who are close to the minimum scores to take 3-6 credits of MSW courses along with ESL courses. Requirements to participate in the Bridge program are below.
  - TOEFL ITP (paper-based): A score of 500-549 (2-3 ESL courses and up to 3-6 credits of regular MSW course work)\* OR  
\*with permission of the department
- Nelson Denny: score of 13
- Personal interview with MSW program director or designee

Applicants who fail to meet any of the above may be admitted only after committee consideration of the specific circumstances. Additional course work in English may be required.

A student who graduated from a four-year English-speaking high school, college or university may be exempted from all or parts of the above requirements.

### Graduate Record Examination (GRE)

Students who are applying for admission to the MSW program are not required to take the GRE.

## Additional Information

### Assistantships

Students have the opportunity to apply for graduate assistantships—teaching or research. These assistantships give students the opportunity to develop their expertise. Students interested in becoming social-work educators—especially those with years of clinical experience—may teach undergraduate courses. Research assistantships offer experiences in community consulting, grant writing, and/or conducting research.

### Resources

#### MSW Student Handbook

The MSW Student Handbook has been designed as the social work student's aid in understanding the program requirements of the School of Social Work as well as relevant policies of Andrews University. Inside the handbook you will find information such as expectations of students, the MSW curriculum, departmental policies, and other relevant information.

#### Field Manual

The Field Manual has been designed as your aid in understanding field education requirements, your role as a student in a field agency, and relevant policies of Andrews University.

You are responsible for the information found in this handbook, so please take the time to familiarize yourself with the handbook and know where to find questions and answers if the need arises.

### Student Learning Outcomes

Students who complete this program will:

- Demonstrate ethical and professional behavior
- Engage diversity and difference in practice
- Advance human rights and social, economic, and environmental justice
- Engage in practice-informed research and research-informed practice
- Engage in policy practice
- Engage with Individuals, Families, Groups, Organizations, and Communities
- Assess and Plan with Individuals, Families, Groups, and Communities

## Community and International Development MSCID

The Community and International Development program offers interdisciplinary study in the humanitarian and development field at the graduate level. This unique approach equips students with the skills needed to identify and respond to social and economic challenges across the globe. Program concentration options offer in depth training - preparing students for professional service in academia, policy, advocacy, project management, and administration.

In order to receive a Masters in Community and International Development, students will complete 30 credits of required coursework. Up to 6 credits may be transferred from another accredited/recognized institution and applied towards the 30 required credits according to the criteria listed in the official Andrews University Graduate Transfer Policy.

**Delivery:** This degree is offered in both an on-campus and as an interactive online synchronous program. Most courses are taught in-person and online simultaneously (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

#### MSCID Dual Degree Options:

The MSCID is also available with the following dual degree options:

- Community and International Development/Divinity Dual Degree MSCID/MDiv

### Additional Information

The schools and departments regulate policies that govern the elective courses offered as part of the concentration package and some may not be available. Some elective courses may require prerequisites and should be discussed in advance with the program director/advisor for guidance in completing the concentration.

The Field Practicum and Research Project/Thesis will necessarily be related to the area of concentration in order to provide students with an in-depth understanding of the chosen area, and with the possibility of applying course work in practice.

Students are required to undertake a 720-hour internship (approximately 6 months at 30 hours per week) through a field placement with a domestic, national, or international organization/project. Internships are based on prior approval and advice from the program director. Arrangements for the internship will be made by the program director/advisor pending availability and feasibility of the placement proposed by the student.

### Admission Requirements

All applicants must meet the following criteria, in addition to general admission requirements of the Andrews University School of Graduate Studies & Research:

- A Bachelor's Degree from an accredited college or university.
- An overall undergraduate GPA of 3.0 in 8 or more credits of previously taken graduate courses graded A-F. Students may be admitted provisionally with a GPA of 2.6 or higher. Such students must maintain a GPA of 3.0 or higher during their first 12 graduate credits to continue in the program.
- Completed Graduate Application packet.
- Completed coursework in Statistics and Research. Provisional acceptance may be granted without these courses with the expectation that the student will take them during the first year of enrollment. Credits for these prerequisites will not apply toward the MSCID.

The director of the program may request a personal interview or a third reference and/or other information.

Students who apply for admission to the MSCID program have two options related to the Graduate Record Exam (GRE). For those students who are seeking a graduate scholarship, the GRE must be taken. Scholarship amounts are based on the score achieved on the exam. For students who do not seek a graduate scholarship based on the GRE score, the exam is not required.

A reading knowledge of a foreign language is strongly recommended for those planning on graduate work.

**Credits:** 2

This course will guide students in the core concepts of trauma informed care by theory, practical skills, and interventions to use within clinical practice. Strength-based, developmentally appropriate and culturally humble practice will be highlighted focusing on factors that foster resiliency, post-traumatic growth, and restorative processes. Students will receive treatment planning and training opportunities.

**Course/Lab Fee:** No

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** SOWK 501

**Schedule Type:** Lecture

**College Code:** CAS

## SOWK 648 - Workshop: \_\_\_\_\_

**Credits:** 1-4

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 4 credits

**Schedule Type:** Workshop

**College Code:** CAS

## SOWK 649 - Advanced Family Therapy

**Credits:** 2

This course prepares students to work with families. Major family therapy modalities are included, as well as an exposure to therapeutic family concerns and the importance of trauma-informed care.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Advanced-year status or permission of instructor.

**Schedule Type:** Lecture

**College Code:** CAS

## SOWK 651 - Foundations of Biblical Counseling

**Credits:** 2,3

This course equips students to apply biblical principles of counseling and psychological insights to human challenges in the emotional, spiritual, cognitive, and behavioral aspects of life.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## SOWK 655 - Organizational/Community Assessment

**Credits:** 2

The basic underpinnings of organizational dynamics. Students explore the historical influences on and current challenges faced by social-work managers. The basics of management-assessment skills and human issues that impact organization explored.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** Advanced-year placement.

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## SOWK 659 - Human Sexuality

**Credits:** 3

An understanding of the development and main tenets of interpersonal relationships, and a study of the character and quality of human social conduct. Also examines human sexuality, and studies the physiological, psychological, emotional and social aspects of sexual development and the Christian response to this God-given gift.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## SOWK 660 - Advanced Practice Evaluation

**Credits:** 3

Prepares students to examine their own practice's quality. Attention given to selecting appropriate measurement tools. The latest evaluation techniques are presented, offering students resources for 21st-century practice.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite/Corequisite:** Co/Prerequisites: SOWK 635 and advanced-year placement or permission of instructor.

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## SOWK 665 - Program Continuation

**Credits:** 0

Student may register for this title while clearing deferred grade (DG) and/or incomplete (I) classes with advisor approval only. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

## SOWK 667 - Interventions in Gerontology

**Credits:** 2

This course will utilize bio-psychosocial knowledge about older adults to assess and apply advanced interventions in a variety of practice settings. Using case examples and practice activities, evidence-based therapeutic models and interventions will be examined to address these issues.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## SOWK 670 - Project Continuation

**Credits:** 0

Students may register for this title while clearing deferred grade (DG) and/or incomplete (I) classes with advisor approval only. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course/Lab Fee:** Yes

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CAS

## SOWK 675 - Topics in:

**Credits:** 1-4

Students are able to select offerings from various contemporary social-work topics.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** CAS

## SOWK 689 - Advanced Professional Seminar

**Credits:** .5

Facilitates MSW closure prior to graduation. Students prepare and defend their portfolios. Each student reviews and documents his/ her learning and personal goal attainment. Exploration of issues related to career development and lifelong learning.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)

**Prerequisite(s):** Advanced Standing or permission of instructor.

**Repeatable:** Repeatable up to 1 credit

**Schedule Type:** Seminar

**Term Offering:** Fall, Spring

**College Code:** CAS

## **SOWK 690 - Independent Study/Research**

**Credits:** 1-3

Open to qualified students who show ability and initiative. See the department policy for specific requirements.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Prerequisite(s):** Permission of Graduate Program Director and instructor.

## Mission

The mission of the Department of Sustainable Agriculture at Andrews University is to transform our students as they are educated to:

- Seek Knowledge
  - Learn current, sustainable, practices and procedures in their chosen area of agriculture based on a strong scientific foundation and hands-on experience
- Affirm Faith
  - Realize our sacred, Christian obligation as the caretakers of this planet to preserve and improve it
- Change the World
  - Put the knowledge and experience gained into practice to improve:
    - the production and quality of life of animals and the humans who interact with them
    - the quality of the soil and water in agriculture areas
    - the beauty of outdoor living spaces with plants
    - food security for those in need now, and for all of us in the future

## Programs

**Bachelor of Science.** The BS degree prepares students for management-level employment in their chosen field. Students may select a minor to complement their intended career.

**Associate of Science.** The two-year AS degree programs provide students with adequate skills and working knowledge to apply for entry-level positions in their area of specialization.

**Certificate.** The Horticulture Certificate is designed to be a supplemental credential to equip those who desire to achieve the goals of improving the health of themselves and others through healthy food production and/or beautiful landscape development and maintenance with the knowledge they need. The classroom knowledge is put into practice in laboratories associated with classes as well as in an on-campus internship in the University's gardens, orchards, and greenhouses.

## Associates

### Agriculture AS

The Associate of Science degree in Agriculture prepares students for entry-level positions in their chosen area of specialization. It also provides a science-based foundation for students who already have significant practical experience. The credits earned in this two-year degree are fully transferrable to the four-year Sustainable Agriculture BS degree at this university.

## Total Credits - 60

### Major - 26

AGRI 118 - Soil Science **Credits:** 4  
AGRI 270 - Management of Agriculture Enterprises **Credits:** 3  
AGRI 395 - Internship in \_\_\_\_\_ **Credits:** 1-6  
HORT 205 - Plant Science **Credits:** 4  
HORT 250 - History of Landscape Architecture **Credits:** 3

### Electives

Agriculture major electives selected in consultation with academic advisor from AGRI, ANSI, and HORT courses to fulfill the remaining credits required.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Understand the practices and principles of Agricultural disciplines.
- Manage human, financial and material resources in the fields of Agriculture.
- Demonstrate professionalism: such is punctuality, dependability, respect for supervisors and peers.
- Communicate effectively in written, verbal forms.
- Demonstrate ability to work collaboratively.

## Bachelors

### Animal Science BS

The Bachelor of Science degree in Animal Science prepares students for management-level employment in an animal-related field or admission to graduate school. Students interested in pursuing a career in veterinary medicine will need to complete additional science classes to meet the prerequisites for veterinary colleges. See "Recommended for Pre-Vet" below for more details.

## Total Credits - 120

PHYS 142 - General Physics II **Credits:** 4

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

At the end of the program, students should be able to:

- Understand the practices and principles of agricultural disciplines.
- Manage human, financial and material resources in the fields of agriculture.
- Demonstrate professionalism, such is punctuality, dependability, respect for supervisors and peers.
- Communicate effectively in written and verbal forms.
- Demonstrate ability to work collaboratively.

## Sustainable Horticulture BS

The Bachelor of Science degree in Sustainable Horticulture is a professional degree for students looking for a future in management or supervision. All concentrations are based in the domesticated plant profession with uses in food systems, environmental design and systems planning. After a core of plant and natural sciences, history and development, the degree moves into three concentrations: International Agriculture Development, Agribusiness, and Landscape and Environmental Design.

**Agribusiness Concentration:** This concentration prepares professionals for a sales position or large farm/production management role. Additionally, because of the business component of this degree, it is an easy blend into Andrews University's MBA program. The elective portion is widely flexible to allow focus on a specific area of interest: crops, greenhouse production, horticulture, or another area of agricultural sciences.

**International Agriculture Development Concentration:** This concentration is designed to provide students with knowledge, skill and experience to prepare them for entry-level positions in agriculture or international development. Additionally, students who complete this concentration and suggested electives will be eligible to enter the Master of Science in Community & International Development program at Andrews University. Students are required to participate in a domestic as well as an international internship so that the experience of other cultures is embedded in the program. Job opportunities are numerous with NGO's, domestic and international governments, and the mission field.

**Landscape and Environmental Design Concentration:** This concentration is built to equip students with an extensive knowledge base in ornamental horticulture and environmental design. Ecology, botany, and art are combined in this degree to equip students to work in the ever-growing "green industry," joining creative professionals who like nature and working with it. Graduates of this degree are ready for immediate employment.

### Concentration - 34

Students must choose one of the following concentrations or complete 34 elective credits from ANSI, AGRI, or HORT in consultation with advisor.

#### Agribusiness

ACCT 205 - Accounting for Decision Making and Control **Credits:** 3

BSAD 210 - Small Business Management **Credits:** 3

BSAD 341 - Business Law **Credits:** 3

BSAD 355 - Principles of Management **Credits:** 3

FNCE 317 - Business Finance **Credits:** 3

MKTG 310 - Principles of Marketing **Credits:** 3

**Choose the remaining credits from AGRI, ANSI, BIOL, BSAD, and/or HORT in consultation with advisor.**

#### International Agriculture Development

ACCT 205 - Accounting for Decision Making and Control **Credits:** 3

2 credits of AGRI 498 - International Internship in \_\_\_\_\_ **Credits:** 1-6

ANSI 114 - Introduction to Animal Science **Credits:** 3

BHSC 225 - Global Social Issues **Credits:** 3

SOCI 421 - Development Theory & Practice **Credits:** 3

SOCI 431 - Needs Assessment and Capacity Mapping **Credits:** 3

**Choose the remaining credits from AGRI, ANSI, BHSC, BIOL, HORT, and/or SOCI in consultation with advisor.**

#### Landscape and Environmental Design

HORT 236 - Landscape Drafting and Graphics **Credits:** 4

HORT 315 - Landscape Structures and Materials **Credits:** 3

HORT 337 - Fundamentals of Landscape Design **Credits:** 4

HORT 441 - Advanced Landscape Graphics **Credits:** 4

HORT 442 - Advanced Site Design **Credits:** 4

**Choose the remaining credits from AGRI, ANSI, ARCH, ART, BIOL, HORT, and/or PHTO in consultation with advisor.**

## Cognate

Cognate required for the following concentrations: Agribusiness; International Agriculture Development

ECON 208 - Principles of Economics **Credits:** 3

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Student Learning Outcomes

Graduates of this program will:

- Understand the practices and principles of sustainable horticulture.
- Manage human, financial, and material resources in the field of horticulture.
- Demonstrate professionalism in the profession (punctuality, dependability, respect for supervisors and peers, etc.).
- Communicate effectively in written and verbal forms.
- Demonstrate ability to work collaboratively.

# Undergraduate Minors

## Agriculture Minor

The Agriculture minor is designed to provide a foundation in the study of Agriculture as well as electives allowing students to emphasize areas of study relevant to their interests or career preparation. This program of study serves a wide variety of career goals and is complimentary to the content of other majors.

### Total Credits - 20

Selected from AGRI, ANSI or HORT courses in consultation with advisor.

### Student Learning Outcomes

At the end of the program, students should be able to:

- Understand the practices and principles of Agricultural disciplines.
- Manage human, financial and material resources in the fields of Agriculture.
- Demonstrate professionalism: such is punctuality, dependability, respect for supervisors and peers.
- Communicate effectively in written, verbal forms.
- Demonstrate ability to work collaboratively.

## Pre-Professional

### Pre-Professional Program in

### Veterinary Medicine

Katherine Koudele, *Coordinator*  
269-471-6299  
Smith Hall 109

Entrance requirements vary among veterinary medical colleges. Students should check the websites of their choice for the most current requirements. Accredited veterinary schools are listed on the website of the American Veterinary Medical Association ([www.avma.org](http://www.avma.org)). Students, in consultation with their departmental advisor, can develop individualized programs to meet the entrance requirements for their preferred veterinary schools.

## Certificates

### Horticulture Certificate

The Horticulture Certificate is a supplemental credential for currently enrolled students. It is designed to equip those who desire to improve their own health and that of others through healthy food production and/or beautiful landscape development and maintenance with the knowledge they need. The classroom knowledge is put into practice in laboratories associated with classes as well as in an on-campus internship in the University gardens, orchards, and greenhouses.

### Total Credits - 14

AGRI 270 - Management of Agriculture Enterprises **Credits:** 3

1 Credit of AGRI 395 - Internship in \_\_\_\_\_ **Credits:** 1–6 (on campus)

HORT 150 - iGrow **Credits:** 4

HORT 250 - History of Landscape Architecture **Credits:** 3

### Electives - 3

Horticulture credits selected in consultation with an advisor from AGRI, ANSI, or HORT courses to fulfill the remaining 3 credits required.

### Student Learning Outcomes

At the end of the program, students should be able to:

- Have a basic understanding of the practices and principles of Agricultural disciplines.
- Demonstrate professionalism: such is punctuality, dependability, respect for supervisors and peers.
- Communicate effectively in written, verbal forms.
- Demonstrate ability to work collaboratively.

## Agriculture

### AGRI 118 - Soil Science

**Credits:** 4

Factors affecting soil formation, soil texture, particle size, pore space and their impact on soil air/water relations, and chemical characteristics of soils, including pH, ion exchange, and maintenance of soil fertility.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Year Offering:** Alternate years

**College Code:** CAS

### AGRI 137 - Practicum in \_\_\_\_\_

**Credits:** 1–6

Fifty hours per credit of supervised practical experience in one area of concentration. May be repeated in different areas for a maximum of 6 credits. Topics to be chosen in consultation with an advisor.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Practicum

**Term Offering:** Fall, Spring

**College Code:** CAS

### AGRI 175 - First Year Seminar

**Credits:** 1

This course is an orientation to the diverse field of agriculture. It covers the departmental expectations, goal setting for senior year, internship and project possibilities, and senior portfolio development. Also covered are department/university resources designed to help students be successful in college and in preparation for their eventual career.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

### AGRI 235 - Sustainable Agriculture Techniques

**Credits:** 0–3

This course focuses on producing plants and animals without harming the environment. This includes techniques and methods that protect the environment, public health, human communities, and animal welfare while producing food fiber, plant and animal products. Two semesters are required for all students in the Department and is limited to only students that are majors in the Department. Not to be combined with capstone or research. Work to be completed at the Agriculture Education Center. Each semester's contents planned in consultation with adviser.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable up to 8 credits with different topics

**Schedule Type:** Independent

**College Code:** CAS

### AGRI 240 - Fundamentals of Irrigation

**Credits:** 3

Design, installation, drawing, interpretation and maintenance of plastic or metal irrigation systems and control devices for proper sprinkler coverage.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years

**Term Offering:** Fall

**College Code:** CAS

## AGRI 270 - Management of Agriculture Enterprises

**Credits:** 3

An introduction to acquiring and analysis of management information for decision making; an understanding of basic economic principles that impact biological production systems and implementation of the principles for total quality management for increased productivity.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**Year Offering:** Alternate years

**College Code:** CAS

## AGRI 285 - Undergraduate Research

**Credits:** 0-3

Students will either assist a faculty member in an ongoing research project or develop a project of their own with the help and approval of the faculty member in their areas of interest or study. This course is for students who are beginning to establish their knowledge of Agriculture, Horticulture or Animal Science at the college level.

**Lecture/Lab:** Weekly: a minimum of 4 hours of work per credit

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable up to 3 credits

**Schedule Type:** Independent

**Special Approval:** Instructor permission required.

**Term Offering:** fall, Spring

**College Code:** CAS

## AGRI 304 - Forage Crop Production

**Credits:** 3

Basic principles of forage crop production, emphasizing choice of crop, establishment, growth, maintenance, harvesting, storage and feeding.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate years

**College Code:** CAS

## AGRI 308 - Principles of Weed Control

**Credits:** 3

Control of weeds in horticultural and field crops, utilizing biological, cultural, mechanical, and chemical practices. Class study also involves preparation and testing for pesticide applicator's license.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**Year Offering:** Alternate years

**College Code:** CAS

## AGRI 330 - Economic Botany

**Credits:** 3

This class explores the botany of commercial crops worldwide including: importance, distribution, economic adaptation, and botany of leading farm crops, emphasizing rotation, seedbed preparation, and economic production. Production and management of commercial vegetable crops; includes planting, cultural care, harvesting and post-harvesting procedures and marketing.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CAS

## AGRI 335 - Research Methods

**Credits:** 1

A preparation for a successful project in Agriculture related fields, that has been explored and practiced: this includes learning how to ask a good research question, conduct a literature review, develop appropriate research methodology, find resources to fund research, and properly present project results

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Fall

**College Code:** CAS

## AGRI 345 - Topics in \_\_\_\_\_

**Credits:** 1-4

A class based on selected topics of current interest in agriculture.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** CAS

## AGRI 390 - Agriculture Study Tour

**Credits:** 0

Travel to destinations relevant to individual programs of study. Classes will be selected from department offerings. Fee may be required.

**Course/Lab Fee:** Yes

**Grade Mode:** Noncredit (NC,W)

**Repeatable:** Repeatable

**Schedule Type:** Blended Learning

**College Code:** CAS

## AGRI 394 - Internship & Career Preparation

**Credits:** 1

An exploration of job possibilities in each student's area of study. Includes: job searching, expectation development, opportunity evaluation and professional communication skills. To be taken in tandem with first semester of AGRI 395.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite/Corequisite:** AGRI 395 or AGRI 498

**Schedule Type:** Practicum

**Term Offering:** Spring

**College Code:** CAS

## AGRI 395 - Internship in \_\_\_\_\_

**Credits:** 1-6

Supervised internship of on-the-job work experience in some field of agriculture under the direction of the employer and evaluated by a departmental faculty member. Students submit a report of their experience and must complete a minimum of 120 hours of work experience for each credit earned.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)

**Repeatable:** Repeatable up to 6 credits

**Schedule Type:** Practicum

**College Code:** CAS

## AGRI 415 - Senior Seminar

**Credits:** 1

A synthesis course required of all bachelor degree students, in which each student assembles a portfolio, conducts career research and prepares for job or graduate school interviews.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Seminar

**Term Offering:** Fall

**College Code:** CAS

## AGRI 440 - Topics in \_\_\_\_\_

**Credits:** 1-4

A class based on selected topics of current interest in agriculture.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**College Code:** CAS

## AGRI 450 - Environmental Leadership

**Credits:** 3

The study of an individual's leadership role within environmental complexities. This class will integrate current leadership theory with disciplines steeped in our natural environment. Animal scientists, agriculturalists, landscape architects are some of our first responders to environmental issues on this earth. This class will explore many of those environmental issues while developing better leadership understanding and one's own leadership ideology.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CAS

## AGRI 467 - Concepts of International Agriculture

**Credits:** 3

A study of the relative significance of the role of external institutions and agency, financial programs for agricultural development, human resource development and agricultural education as a means of fostering worldwide agricultural development to counter-balance the threat to global food security and to

overcome food deficits.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years  
**College Code:** CAS

### AGRI 468 - International Agricultural Implementation

**Credits:** 3  
The application of scientific agricultural principles of food production, utilizing cultural practices based on appropriate agricultural technologies that support a philosophy of sustainability for future generations.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years  
**College Code:** CAS

### AGRI 497 - Capstone In:

**Credits:** 1–10  
A capstone class to combine and apply a student's learning and acquired skill-set to specific research, program development or design demands. This class will result in publishable quality artifacts used in senior portfolio development, and should consist of one sizable project in the senior's area of expertise. Planned to progress into Spring semester as AGRI 499, for a full year experience. To be taken in the Fall of the senior year.

**Grade Mode:** Normal with DG (A-F,I,W,DG,DN)  
**Repeatable:** Repeatable up to 10 credits  
**Schedule Type:** Independent  
**College Code:** CAS

### AGRI 498 - International Internship in \_\_\_\_\_

**Credits:** 1–6  
Supervised internship of on-the-job international work experience in agriculture/horticulture. Students submit a report of their experience to be evaluated by a departmental faculty member and must complete 120 hours of work experience for each credit earned.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable up to 6 credits  
**Schedule Type:** Practicum  
**College Code:** CAS

### AGRI 499 - Project in \_\_\_\_\_

**Credits:** 1-6  
Individual project in a specialized area of agriculture, animal science or horticulture under the direction of faculty.

**Grade Mode:** Normal w S/DG (A-F,I,S,U,DG,W)  
**Repeatable:** Repeatable up to 10 credits  
**Schedule Type:** Independent  
**College Code:** CAS

### AGRI 540 - Topics in:

**Credits:** 1–6  
Students are able to select offerings from various contemporary Agriculture topics.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture  
**College Code:** CAS

## Animal Science

### ANSI 114 - Introduction to Animal Science

**Credits:** 3  
Farm animal anatomy, reproductive and digestive physiology, nutrition, genetics, housing, health management and production of animal products.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Fall  
**College Code:** CAS

### ANSI 125 - Animal Handling Methods

**Credits:** 3  
Principles and practices of handling animals including proper catching, restraint, examination, injections, tagging, grooming and hoof/nail trimming.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Alternate years  
**Term Offering:** Fall  
**College Code:** CAS

### ANSI 150 - Companion Animal Care

**Credits:** 3  
Principles and practices on how to choose the right pet, keep it healthy, pet grooming, training and correcting behavioral problems. Animal species covered are dogs, cats, small caged pets, birds, fish, reptiles and amphibians.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Alternate years  
**Term Offering:** Fall  
**College Code:** CAS

### ANSI 305 - Animal Nutrition

**Credits:** 3  
Principles of feed chemistry and nutrient utilization, digestive tract anatomy and physiology including digestion, absorption, metabolism of feeds by domestic species, nutrition related diseases/deficiencies, ration formulation and feeding management.

**Lecture/Lab:** Weekly: 3 lectures  
**Grade Mode:** Normal (A-F,I,W)  
**Recommended:** CHEM 131 or higher.  
**Schedule Type:** Lecture, Lab  
**Year Offering:** Alternate years  
**Term Offering:** Fall  
**College Code:** CAS

### ANSI 325 - Domestic Animal Behavior

**Credits:** 3  
Physiological basis for each type of behavior and its development, communication methods, normal and aberrant behavior in each domestic animal species as well as treatments for problem situations.

**Lecture/Lab:** Weekly: 2 lectures and 1 lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Alternate years  
**Term Offering:** Fall  
**College Code:** CAS

### ANSI 340 - Production/Management of \_\_\_\_\_

**Credits:** 3  
Production methods and management practices of domesticated livestock species including nutrition, reproduction, housing, health and specialized care of a particular species. Course is repeatable for study of dairy cattle, equine, poultry and small livestock.

**Lecture/Lab:** Weekly: 2 lectures and 1 lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable  
**Schedule Type:** Lecture, Lab, Lecture/Lab  
**Term Offering:** Fall, Spring  
**College Code:** CAS

### ANSI 379 - Small Animal Health and Disease

**Credits:** 3  
Proper handling and care, nutritional needs, and common health problems of companion animals such as dogs, cats, birds, pocket pets, reptiles.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture

**Term Offering:** Spring  
**College Code:** CAS

### ANSI 389 - Livestock Health and Disease

**Credits:** 3

Principles and practice of physical examination of various species of livestock, the causes, preventions and treatment of infectious and metabolic diseases by system.

**Lecture/Lab:** Weekly: one 2-hour lecture and one 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

### ANSI 420 - Canine Gross Anatomy

**Credits:** 4

Study of macroscopic skeleton, muscles, internal organs, blood vessels and nerves using preserved, latex-injected specimens. Comparisons made with the live dog through palpation.

**Lecture/Lab:** Weekly: 2 lectures and two 3-hour labs

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** BIOL 166

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

### ANSI 425 - Issues in Animal Agriculture, Research and Medicine

**Credits:** 3

Study of the ethical issues that challenge animal researchers, producers, caretakers, and veterinarians to treat and raise animals humanely yet effectively.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Year Offering:** Alternate Years (odd)

**Term Offering:** Spring

**College Code:** CAS

### ANSI 430 - Lactation Physiology

**Credits:** 3

Anatomy and physiology of the udder, milk secretion, disease prevention and treatment, milking management and milking systems.

**Lecture/Lab:** Weekly: 2 lectures and 1 lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** BIOL 166

**Schedule Type:** Lecture/Lab

**Term Offering:** Spring

**College Code:** CAS

### ANSI 435 - Animal Genetics

**Credits:** 3

Basic genetics principles, cytogenetics, immunogenetics, population genetics and quantitative genetics, biotechnology, gene mapping and the use of molecular tools to research inherited disorders using examples of veterinary medicine.

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** BIOL 166

**Schedule Type:** Lecture

**Year Offering:** Alternate years (even)

**Term Offering:** Fall

**College Code:** CAS

### ANSI 440 - Animal Reproduction

**Credits:** 3

Anatomy and physiology of farm animal reproduction including the cellular and endocrine components as well as management aspects.

**Lecture/Lab:** Weekly: 2 lectures and 1 lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** BIOL 166

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years (even)

**Term Offering:** Fall

**College Code:** CAS

### ANSI 445 - Physiology of Domestic Animals

**Credits:** 4

Physiology of digestive, cardiovascular, pulmonary, excretory, nervous and skeletomuscular systems in domesticated ruminants and monogastrics.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Recommended:** BIOL 166

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years (odd)

**Term Offering:** Spring

**College Code:** CAS

### ANSI 450 - Equine Exercise Anatomy & Physiology

**Credits:** 3

The anatomy and physiology of the limbs (shoulder and pelvic girdles, legs, feet) as well as the respiratory tract, all of which are vital to a horse's usefulness.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

### ANSI 455 - Equine Health and Disease

**Credits:** 3

Topics covered in depth are: the causes of infectious (e.g. tetanus, strangles) and non-infectious (e.g. laminitis, colic, injury), diseases of horses, their prevention, diagnosis and treatment.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

### ANSI 540 - Topics in \_\_\_\_\_

**Credits:** 1-6

Students are able to select offerings from various contemporary animal science topics.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable with different topics

**Schedule Type:** Lecture

**Term Offering:** Spring

**College Code:** CAS

## Horticulture

### HORT 150 - iGrow

**Credits:** 4

An introduction to the horticultural and landscape field. This class offers basic care of the home landscape with ornamental trees and shrubs, perennials and annuals. This class covers growing fruits and vegetables for the small garden as well as some of the horticultural basics of plant science and soil science. Topics will cover pruning, training, insects, pests and disease, fertilizing techniques, plant basics, landscape design and more. Labs in the greenhouse and gardens while exercising scientific methods.

**Course/Lab Fee:** Yes

**Course Attribute:** Life Science

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab, Interactive Online

**College Code:** CAS

### HORT 205 - Plant Science

**Credits:** 4

Introduces students to the requirements of plant growth and development. Understanding of these processes is gained by studying topics such as plant cells, tissue, and organ structure; photosynthesis, cellular respiration, plant reproduction, including flowering, fruit development, seed set, the role of hormones, and plant nutrition.

**Lecture/Lab:** Weekly: 3 lectures and a 3-hour lab

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture/Lab

**Year Offering:** Alternate years

**Term Offering:** Fall  
**College Code:** CAS

## HORT 226 - Plant Systematics & ID

**Credits:** 3  
Plant systematics, keying native plants & plant morphology. The identification and recognition of local woody and herbaceous specimen. Focus on identification, environmental requirements, domestic and native value,omenclature and preservation. Class introduces botanical principles and mastering a broad range of local flora.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Fall  
**College Code:** CAS

## HORT 227 - Woody Plant Identification II

**Credits:** 3  
Introduction to the identification and recognition of the deciduous, evergreen and broad leafed evergreen shrubs and vines of the northern. Focus will be on shape, color, size, texture, environmental requirements and the landscape value of native and cultivated shrubs and vines of the northern temperate zone.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

## HORT 228 - Herbaceous Plant Identification

**Credits:** 3  
Identification and recognition of shape, size, color, texture, and environmental requirements of the nonwoody plants providing color and ground cover in the landscape.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Year Offering:** Alternate years  
**Term Offering:** Fall  
**College Code:** CAS

## HORT 236 - Landscape Drafting and Graphics

**Credits:** 4  
Introduces and develops proficiency in technical drafting for landscape design including symbols, 2-D and 3-D drawings, sections and elevations, titles blocks, legends and plan organizations. Studio puts graphics to work with a broad range of landscape projects represented. Introduces students to the residential design process and uses live projects to practice skills.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**College Code:** CAS

## HORT 250 - History of Landscape Architecture

**Credits:** 3  
A study of landscape history throughout civilization and its impact upon society and the environment. Course will look at the origin of landscape architectural styles and characteristics, and explore the influence of historical landscape design personalities upon the American landscape.

**Course Attribute:** Art History course  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Interactive Online  
**Term Offering:** Spring  
**College Code:** CAS

## HORT 315 - Landscape Structures and Materials

**Credits:** 3  
Course combines lecture, drawing and hands-on labs covering an array of hardscape materials including retaining walls, decks and arbors, patios, fencing, edging, pools and more.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Alternate Years  
**College Code:** CAS

## HORT 320 - Propagation of Horticultural Plants

**Credits:** 3  
Intended to acquaint students with the processes of sexual and asexual reproduction, especially as it applies to the horticultural industry. Asexual reproduction investigates methods of clonal reproduction utilizing non-flowering plant parts such as cutting, grafting, layering, and micro propagation (tissue culture).

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Recommended:** HORT 150 or HORT 205  
**Schedule Type:** Lecture/Lab  
**Term Offering:** Spring  
**College Code:** CAS

## HORT 337 - Fundamentals of Landscape Design

**Credits:** 4  
Introduces and develops the principles of design, design theory, site analysis, functional diagramming, circulation, spatial planes and design schematics. Course will explore both hardscape and softscape principles. Class integrates the design process in drawing plans of all sizes.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Recommended:** HORT 136  
**Schedule Type:** Studio  
**Term Offering:** Spring  
**College Code:** CAS

## HORT 340 - Land Surveying

**Credits:** 2  
Course introduces the principles of land surveying such as measurements of distance, elevation and angles, instrumentation and mapping, and GIS.

**Lecture/Lab:** Weekly: 1 lecture and a 2-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Term Offering:** Fall  
**College Code:** CAS

## HORT 360 - Arboriculture

**Credits:** 3  
Care of shade and ornamental trees living under environmental stress of urbanization, their legal protection and value. Includes tree anatomy and physiology, soils, nutrition and water relationships, transplanting, disease and insect control, mechanical injury and pruning to develop a healthy tree.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Alternate years  
**Term Offering:** Fall  
**College Code:** CAS

## HORT 365 - Urban Landscape Design

**Credits:** 3  
Designing landscapes to meet the environmental challenges and conditions of urban spaces. Circulation patterns for conducting business, aesthetic and functional aspects of design for corporate/institutional, governmental agencies and municipal areas.

**Course/Lab Fee:** Yes  
**Course Attribute:** Service course  
**Grade Mode:** Normal (A-F,I,W)  
**Recommended:** HORT 136 , HORT 137  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Alternate years  
**Term Offering:** Fall  
**College Code:** CAS

## HORT 369 - Greenhouse Environment and Production

**Credits:** 3  
Concepts and principles of commercial plant production in the greenhouse environment. Topics include structure and environment of the greenhouse, production of bedding and potting plants and cut flowers.

**Lecture/Lab:** Weekly: 2 lectures and a 3-hour lab  
**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture/Lab  
**Year Offering:** Alternate years

topics.

**Grade Mode:** Normal (A-F,I,W)  
**Repeatable:** Repeatable with different topics  
**Schedule Type:** Lecture, Blended Learning, Interactive Online  
**College Code:** CAS

### HORT 375 - Landscape Estimating

**Credits:** 3  
An introduction to the estimating process for landscape design, construction and maintenance work. Various schedules and forms are used to assign costs of equipment, plants, hardscape materials, labor and overhead. The many variables from project to project are explored and then formulas are applied to arrive at making landscape installations an efficient and profitable business.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture  
**Term Offering:** Spring  
**College Code:** CAS

### HORT 378 - Integrated Insect/Disease Management

**Credits:** 4  
Study of significant diseases and insects of agricultural and horticultural plant materials, including life cycles and influence of environmental conditions; determination of effective control methods for crop, ornamental and turfgrass production.

**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Lecture, Lecture/Lab  
**Year Offering:** Alternate years  
**Term Offering:** Spring  
**College Code:** CAS

### HORT 429 - Computer Landscape Design

**Credits:** 3  
Principles and practices of computer-aided landscape design, including creating scale perimeter plot plans, using drawing tools, plant/site relationships, and graphic imaging leading to a computer-generated landscape drawing. Studio emphasizes skill development and proficiency in integrating software and hardware to create CAD-generated landscape designs. Prior landscape drawing course work is recommended.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Schedule Type:** Studio  
**Term Offering:** Spring  
**College Code:** CAS

### HORT 441 - Advanced Landscape Graphics

**Credits:** 4  
Advanced exploration and application of graphics applying to all aspects of landscape architecture. Working in multiple environments and media. Work will include plan view, 2D and 3D hand graphics. Products will be professional quality presentations including both artistic and verbal communication skills.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Recommended:** HORT 136 and HORT 137  
**Schedule Type:** Studio  
**Term Offering:** Fall  
**College Code:** CAS

### HORT 442 - Advanced Site Design

**Credits:** 4  
Landscape Architecture concepts relating to the challenging problems of design. Field application through live projects encompassing all aspects of landscape architecture and presentation. This class is focused on synthesizing significant previous class work and applying it to a real customer setting.

**Course/Lab Fee:** Yes  
**Grade Mode:** Normal (A-F,I,W)  
**Recommended:** HORT 136 , HORT 137 , HORT 226, HORT 227, HORT 228 and HORT 441  
**Schedule Type:** Studio  
**Term Offering:** Spring

## Mission

We, the Andrews University Department of Visual Art, Communication & Design, mentor students in a nurturing, spiritual environment to be Christ-centered, socially responsible individuals by developing their creative gifts for visual and verbal communication.

## Department Goal

The goal of the department is to prepare students to become scholars, market-ready practitioners, graduate students and future professors who are able to effectively develop, shape, and deliver uplifting content through journalism, communication, art, film, photography and design. Our purpose is to mold students' minds and to increase their talents so they think critically, discern clearly, and communicate creatively and constructively, with a Christ-like mindset for service.

Communication, whether visual or verbal or nonverbal, is all about connection—shaping, sending, sharing, and receiving messages and meaning through a variety of channels—interpersonal, small group, public, or mediated. The mediums of communication may vary from producing a television show, designing a magazine, writing an editorial, photographing, or painting a portrait, but the goal is always to create human connection.

## Lambda Pi Eta

Lambda Pi Eta is the National Communication Association (NCA) affiliated honor society.

## Public Relations Student Society of America (PRSSA) Chapter

The Andrews University PRSSA chapter is affiliated with the Western Michigan Public Relations Society of America. At the national level students are eligible for PRSA's publications, scholarships, award programs, leadership training and a national conference.

## Computer Policy

The Department of Visual Art, Communication & Design regards the computer as a tool integral to the success of students in their professional development. It is required that all students purchase a laptop computer and software to meet the department guidelines. Because computer technology is continually changing, a revised policy is drafted each fall semester. A list of software is available in the department. Specific requirements change so it is important to make sure the software listed is compatible with the laptop you choose to purchase. Use of the computer in the curriculum varies by course.

## Communication Degrees

A bachelor's degree in Communication is very useful for preparing you for a wide range of career options, including being a political aide, public relations manager, talk show host, sales representative, graphic designer, photojournalist, market researcher, camera operator, corporate communication manager, copy editor, producer, magazine editor, and marketing/advertising manager. A master's degree in Communication can position you as an expert in your chosen area of concentration, further expanding your career options, and opening higher-level

opportunities for professional advancement—as well as preparing you to pursue a terminal degree.

The three undergraduate degrees in Communication have a variety of emphasis areas. In addition, we facilitate the Bachelor of Science in Communication for the Adult Degree Completion program (see Distance Education for more information).

## Practicum

Practicum refers to the out-of-class opportunities on campus and in the immediate area for developing skills valuable to the communication professional. Students are encouraged to apply to the department for such opportunities. These experiences will be documented in a Portfolio as evidence of the student's involvement in the practical application of theory.

## Visual Art, Design, and Photography Programs

The Department of Visual Art, Communication, and Design offers undergraduate degrees with majors in graphic design, photography, and fine art, which includes the disciplines of painting, drawing, and ceramics. Visual Art programs include Bachelor of Fine Art degrees with majors in Graphic Design, Photography, or Fine Art; Bachelor of Science degrees in Graphic Design or Photography; Bachelor of Art in Art; and a two-year Associate of Science in Photography. The BFA degree emphasize the development of a consistent, cohesive body of work and portfolio which includes a senior capstone project that includes the senior project class, ART496 Portfolio Development, and ART497 BFA Exhibition, which concludes in the culmination of a gallery exhibition.

## Internships

Students enrolled in certain programs must complete required internship hours to satisfy the degree, including the graphic design and photography degrees, the Communication Management emphasis, the Journalism and Communication Media degree. Students pursuing an internship must submit applications for required internships during their sophomore and/or junior years, and may apply and complete multiple internships to satisfy the requirement. Students must fulfill the required number of clock hours to meet the requirements for their degree. All VACD majors are encouraged to participate in internships throughout the course of their time at Andrews. Department approval, typically granted by the professor of the internship course (ART487), must be obtained prior to the start of an internship.

## International Academic Tours

VACD students have the opportunity to pursue international tours offering academic credit in related disciplines, including video and film courses, graphic design, art history, and photography. Previous tours include Cuba, India, Italy, Egypt, Jordan, and Iceland.

## Minors

VACD also offers several minors in communication studies, communication arts (secondary education), public relations, painting and drawing, art history, graphic design, and photography.

## Associates

## Photography AS

The Associate of Science in Photography degree offers students the opportunity to gain marketable skills for entry-level employment in the photographic industry. The AS in Photography answers the need for a professional degree where a broad photographic skill set can be learned in a short period of time, addressing time and/or financial constraints, while still preparing the student for a viable place in the photographic industry.

#### Electives

Choose 6 credits of electives in consultation with your academic advisor from ART, COMM, DSGN, FILM, PHTO, BSAD, MKTG, or FNCE.

## Student Learning Outcomes

### 1: Specialized Knowledge: Skills and Competencies

Students learn specialized skills and competencies necessary to develop a visual vocabulary across core curriculum in preparation for the student's area of emphasis.

- Develop a strong foundation in communication that spans across disciplines.
- Define a personal language that allows for how those views fit in relation to others and the world around them.
- Convey ideas with clarity and confidence in their speech and writing.
- Convey ideas with clarity and confidence in their work.

### 2: Critical Thinking and Creative Process

Students gain a vocabulary of creative strategies including research, conceptualization, and problem solving strategies which can be applied to any visual or communicative problem.

- Evaluate and synthesize different points of view and determine solutions to serve specific outcomes.
- Apply a flexible and analytical approach to finding creative, practical, and actionable solutions to a variety of visual communication problems.
- Incorporate an adaptable approach to a rapidly changing media landscape.

### 3: Cultural Literacy and Contextual Adaptability

Students take advantage of the unique learning environment of Andrews University by developing a curiosity, respect, and recognition of diversity in cultural, economic and social entities.

- Gain an understanding of current social, cultural, economic, and environmental issues and how these issues can inform and shape their creative production and its reception.
- Demonstrate knowledge of historical, current, and innovative events across disciplines.
- Develop familiarity of discipline ideologies across a range of media and various applications.

### 4: Intentional Exploration with Interdisciplinary Connections

Students pursue the various creative processes with intentionality to explore interdisciplinary connections and their potential.

- Gain knowledge and appreciation for the potential in interdisciplinary pursuits and collaborations.
- Students use specialized knowledge to navigate between academic disciplines to create cross-disciplinary content.
- Network across disciplines to pursue opportunities for collaborative projects and community-based initiatives.

### 5: Quality of Execution + Professional Practices

Students develop a highly resolved and excellent portfolio in conjunction with professional development.

- Students develop insight into business practices and principles that are specific to their chosen field.
- Reflect on process to understand its usefulness in establishing individual perspective, intentionality of craft, and personal methodologies.
- Students learn effective research and conceptualization approaches to assignments and presentations.
- Students pursue information in support of their research, progressing to a level of evaluating, sourcing, and conducting self-directed research and assuming autonomy of their direction.

### 6: Development and Integration of Faith and Ethics

The integration of faith and ethics within the context of professional creative careers is explored in terms of affecting personal, community, and environmental self-awareness and integrity. Placed within the diverse setting of Andrews University, students explore ways in which their faith informs their creative practices.

- Students contemplate the role of a scholar-citizen, who navigates potential ethical challenges in creative practice and cultural production with self and social awareness.
- Students learn the ethical, legal and socio-economic considerations surrounding the production and applications of content.

## Bachelors

## Art BA

The BA in Art is an academic liberal arts degree with a broad interdisciplinary program that is suited for those students anticipating graduate school either in their related emphasis field or another academic discipline. This degree is appropriate for students who wish to integrate other educational pursuits with their visually creative interests. It lends itself easily to the combination of multiple majors, minors, and pre-professional programs such as Pre-Art Therapy, Pre-Med, or Pre-Dent. The Bachelor of Arts degree requires a second language proficiency at the intermediate level. A minor in a secondary area is recommended but not required.

#### Major Electives

Choose 9 credits of electives in consultation with your advisor from ART, ARTH, COMM, DSGN or PHTO.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Minor (Recommended) - 21

*It is recommended that the student work with an advisor to choose an appropriate minor. Examples of suggested minors are as follows:*

- *Art History (for those wishing to pursue graduate studies in art history)*
- *Psychology (for those wishing to pursue graduate studies in art therapy ((to qualify as a pre-professional degree)) and counseling. Consult the graduate school offering the art therapy degree being sought to verify entrance requirements.*
- *French or Spanish (for those whose end goal is to work in an international setting)*
- *Anthropology (for those wishing to pursue graduate studies in archaeology or conservation)*
- *Accounting (for those wishing to start a business or run an art gallery)*
- *Leadership (for those wishing to work with youth or in the public sphere)*
- *Biology or Chemistry (for those wishing to pursue pre-med or pre-dent)*
- *Writing (for those wishing to enter the publication field)*
- *Community and International Development (for those wishing to work in non-profits or public programming)*

## Electives

Additional electives are required to reach a total of 120 credits for this degree. These electives can come from any area.

# Fine Art BFA

The Department of Visual Art, Communication, and Design offers a Bachelor of Fine Art degree with a focus in Painting and Drawing. This degree is designed for the creative student who is seeking advanced study and development as a studio artist. The BFA degree is built upon a foundation of specialized training in fine art representational painting and drawing, which informs the technical and theoretical intentions of the growing artist. This foundation is bolstered with a broad base of cross-disciplinary and fundamental coursework that incorporates all creative and communicative disciplines of the department. Current students focus on nurturing a personal aesthetic and vocabulary of mark-making, color, and composition informed by the historical language of two-dimensional creative work that informs the production of cohesive bodies of work appropriate for exhibition and galleries. Students are encouraged to embrace the role of the scholar and citizen and explore individually defined outlets for creative collaboration and community involvement that are unique to the fine artist, such as murals, curating, and team-based art projects.

As students progress through the curriculum, they produce work that is gradually more independent and resolved. The culmination of the BFA program is the completion of a Senior Project, which is embodied by an original series of advanced work by the senior student. This portfolio is presented in a professional exhibition as the capstone experience to the degree. The BFA degree also prepares students for graduate-level study in a variety of programs, including a Masters of Fine Art program, which is the required track for students seeking to become university professors.

## Additional Requirements

### Academic Standards

Students accepted as a BFA major in any program are expected to have a GPA of 3.0 or higher in all BFA major coursework. Students whose GPA falls below this minimum requirement are not allowed to graduate with the BFA.

### Internships

Students enrolled in graphic design, photography, and documentary film degree tracks are expected to complete an internship (ART487) that includes supervised work experience in the student's intended major/emphasis area. Students are encouraged to apply to any company to secure an internship, based on their interests and specific skill set. This is a unique opportunity for students to observe and acquire inside knowledge of a specific company, and gain more working experience in their chosen fields. Multiple internships are encouraged.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admission Requirements

Current students seeking a BFA degree with a major in Design, Documentary Film, Fine Art, or Photography must pass the BFA Review for official acceptance into the program as a BFA candidate. The BFA Portfolio Review is a formal interview of the student and their portfolio of selected undergraduate work after the completion of 15-21 credits (all art and design projects created during foundation-level courses should be available for the review).

Students are given two opportunities to pass the BFA Review and have the option of reapplying the semester after their first attempt. After a second attempt without passing, students must opt to choose another degree track such as a BA or BS degree with the guidance of their advisor.

In conjunction with the BFA Review, students must also submit the BFA application for their respective BFA Program which includes a brief self-assessment, resume, and grades list (minimum cumulative GPA of 2.75 in all coursework). The application packet may be obtained from the main office for the Department of Visual Art, Communication, and Design in Nethery 224. A full list of deadlines and requirements is included in the packet.

### Transfer Students

Transfer students seeking advanced placement in a chosen BFA program must have a BFA Review. Students who have no previous coursework in art are not eligible to apply for advanced standing. Transfer coursework must be evaluated for content equivalency and students may be asked to provide course descriptions and syllabi.

## Graphic Design BFA

The BFA in Graphic Design is recommended for those wishing to work as graphic design professionals. The degree program combines the study of art, communication, design, web development and technology as mediums for visual communication and/or personal artistic expression. Students join the BFA in Graphic Design because they possess the ability to think, speak, draw, write and design. Students graduate as design leaders, having learned to inform, guide, clarify, promote and empower through visual form. The Senior Project and BFA Exhibition, as well as internships, bring students face-to-face with the design community. At the same time, students acquire valuable experience in problem solving and the application of design principles, making them cultural catalysts and sought-after design professionals.

## Photography BS

The Bachelor of Science in Photography was designed for those students who are interested in intentionally building a business from the very beginning of their college experience. A solid foundation of lens-based courses with exposure to design and documentary film throughout provide the Bachelor of Science student with ample opportunity to create a refined visual style and a strong portfolio. The degree offers more emphasis on creating a style that can compete in the marketplace, and a required internship further strengthens the educational experience. Lastly, the inclusion of marketing and small business courses give an

edge to the student who chooses to work in this competitive and creatively rewarding industry.

## Photography BFA

The Bachelor of Fine Arts in Photography at Andrews University was designed for those students wishing to pursue a degree focusing on the highest level of conceptual engagement with the medium of photography. Photography is a rapidly evolving medium that encompasses a wide range of storytelling opportunities. Because of this complexity, the BFA was created to provide a broad foundation of exploration. Beginning with a core in traditional lens based courses and then building knowledge through exposure to art history and design, the BFA candidate will be challenged to find their visual voice through a variety of individual and collaborative projects.

As students move through the curriculum, mediums like documentary film and further study in digital process and historic methods of image making ensure that each student has a skillset that is both broad and deep. Seniors are guided through a year-long capstone project that culminates in a public exhibition of work. The skills obtained throughout the BFA provide a substantial toolbox from which to draw when creative challenges are encountered in graduate school or with clients post graduation.

## Additional Requirements

### Academic Standards

Students accepted as a BFA major in any program are expected to have a GPA of 3.0 or higher in all BFA major coursework. Students whose GPA falls below this minimum requirement are not allowed to graduate with the BFA.

### Internships

Students enrolled in graphic design, photography, and documentary film degree tracks are expected to complete an internship (ART487) that includes supervised work experience in the student's intended major/emphasis area. Students are encouraged to apply to any company to secure an internship, based on their interests and specific skill set. This is a unique opportunity for students to observe and acquire inside knowledge of a specific company, and gain more working experience in their chosen fields. Multiple internships are encouraged.

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Admissions Requirements

Current students seeking a BFA degree with a major in Design, Documentary Film, Fine Art, or Photography must pass the BFA Review for official acceptance into the program as a BFA candidate. The BFA Portfolio Review is a formal interview of the student and their portfolio of selected undergraduate work after the completion of 15-21 credits (all art and design projects created during foundation-level courses should be available for the review).

Students are given two opportunities to pass the BFA Review and have the option of reapplying the semester after their first attempt. After a second attempt without passing, students must opt to choose another degree track such as a BA or BS degree with the guidance of their advisor.

In conjunction with the BFA Review, students must also submit the BFA application for their respective BFA Program which includes a brief self-assessment, resume, and grades list (minimum cumulative GPA of 2.75 in all coursework). The application packet may be obtained from the main office for the Department of Visual Art, Communication, and Design in Nethery 224. A full list of deadlines and requirements is included in the packet.

### Transfer Students

Transfer students seeking advanced placement in a chosen BFA program must have a BFA Review. Students who have no previous coursework in art are not eligible to apply for advanced standing. Transfer coursework must be evaluated for content equivalency and students may be asked to provide course descriptions and syllabi.

## Visual Arts Education BS (Secondary Education)

This degree, offered in cooperation with the Department of Teaching and Learning, prepares students to teach art on both the elementary and secondary levels. The Visual Arts Education degree is a K-12 endorsement for secondary certificates. This degree should only be taken by those seeking teacher certification. Majors must complete the requirements for denominational and/or Michigan state teacher certification through the School of Education (College of Education & International Services). The Andrews Core Experience for BS degrees will be followed for this degree. They match the Andrews Core Experience requirements outlined by the SED (CEIS). Students may not take ART 457, ART 459, ART 480 courses in the Department of Visual Art & Design until they have been accepted into the SED's (CEIS's) Teacher Preparation Program and have completed the Foundation courses. The BS in Visual Arts Education requirement includes the successful completion of

a senior exhibition and a portfolio of the student's work given to the Department of Visual Art & Design.

# Pre-Professional

## Pre-Professional Program in Art Therapy

"Art therapy is a mental health profession in which clients, facilitated by the art therapist, use art media, the creative process, and the resulting artwork to explore their feelings, reconcile emotional conflicts, foster self-awareness, manage behavior and addictions, develop social skills, improve reality orientation, reduce anxiety, and increase self-esteem. A goal in art therapy is to improve or restore a client's function and his or her sense of personal well-being. Art therapy practice requires knowledge of visual art (drawing, painting, sculpture, and other art forms) and the creative process, as well as of human development, psychological, and counseling theories and techniques."

- American Art Therapy Association 2013

A master's degree is required for entry level practice in art therapy from institutions of higher education recognized by regional accreditation bodies approved by the Council for Higher Education Accreditation (CHEA). It is recommended however, that a student complete a PhD in art therapy in order to be fully integrated into the field. Entrance requirements to universities and colleges offering graduate programs in art therapy may vary; therefore it is imperative that students familiarize themselves with the requirements of the school of their choice. Information about the various schools in the USA, as well as Canada, offering a masters in art therapy can be found on the American Art Therapy Association (AATA) webpage: [www.arttherapy.org](http://www.arttherapy.org)

As long as the below minimum requirements are completed, any major may apply to a master's program in art therapy. The recommended majors for students are:

- Psychology, General BA
- Psychology Minor

### COMM 310 - Podcasting

**Credits:** 3

The goal of this course is to teach the skills of long-form audio communication and digital storytelling, and the techniques of nonfiction storytelling used in the creation of podcasts. This course will prepare students to tell complex stories using strong character-driven narrative. The goal of the course will be for students to work in groups to create a pilot season of their own podcast totaling no less than 4 episodes. The final project will be a pitch, where students create a proposal to be sent to media organizations and podcast studios detailing what their show is, what makes it different, their number of downloads, and audience demographics. We will run the class as a lab, with lecture, guest speakers, and team meetings. We'll have pitch meetings, where teams have to present their audio stories to the class and explain the strategic plan and script for each of their four episodes. More broadly, we'll stay up to date on the changing landscape of audio storytelling – the impact of podcasts on legacy media like NPR, emerging for-profit business models, and responses to shifting audience demographics – with readings and criticism.

### FILM 225 - Screenwriting

**Credits:** 3

This course provides a broad foundation to writing for the screen. Storytelling is at the heart of screenwriting, and we will explore the elements of story such as plot structure, narrative arc, and character development. Lectures will deal with these topics and more, but over the course of the semester students will work on writing a screenplay for a short film and also a proposal for a documentary. A major part of class will be devoted to analysis, discussion, and revision of student work, so students should expect to spend a considerable amount of time for creative writing outside of class hours.

**Lecture/Lab:** Lab required

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Lab, Lecture/Lab

**College Code:** CAS

### FILM 275 - Post-Production

**Credits:** 3

An introduction to film editing and motion design. This course begins with a primer on digital video codecs and the post-production workflow. Then through the first half of the semester, participants will learn the language and technique of editing

and develop a proficiency in professional non-linear editing systems. In the latter half of the semester, students will be introduced to the art and technique of motion design and gain exposure to Adobe After Effects and other professional compositing, 3D, or animation software.

**Lecture/Lab:** Lab required

## College of Education and International Services Structure

The College of Education & International Services, formed in 2019, is comprised of the following schools and centers:

- School of Education (formerly Teaching, Learning, and Curriculum)
- School of Graduate Psychology & Counseling
- School of Leadership
- Global Campus
  - Center for Digital Learning & Instructional Technology (DLiT)
  - Center for Adult Education
  - Center for Continuing Education
  - Center for Off-Campus Programs
  - Seminary Video Production Center
  - Griggs International Academy
- Intensive English Programs
- Center for Leadership
  - Global Leadership Institute
  - Institute for Women in Leadership

## College of Education and International Services

The College of Education and International Services (CEIS) has its roots in the Normal Department of Battle Creek College, the progenitor of Andrews University established in 1874 in Battle Creek, Michigan.

In 1901, Battle Creek College moved to Berrien Springs and became Emmanuel Missionary College (EMC). The Department of Education at EMC took on formal structure in the early 1900s. The preparation of church-school teachers gained importance as the church placed greater emphasis on Christian elementary and secondary schools. During those years it was not unusual for one third of the college graduates to complete programs qualifying them to teach elementary or secondary school.

In 1956, responding to the need for graduate education within the church, the Autumn Council of the Seventh-day Adventist General Conference authorized the organization of a university type educational institution. In 1958 the School of Graduate Studies and the Seventh-day Adventist Theological Seminary merged with EMC in Berrien Springs to become Andrews University.

By 1960 the Education Department offered master's degree programs. Curriculum development was rapid with frequent changes in the course offerings and programs to keep up with the demands of students, society, and the church.

During the late 1960s, Andrews University began to consider application for National Council for Accreditation of Teacher Education (NCATE) accreditation. The council considered and approved the university's request for accreditation of its elementary and secondary teacher-education programs at both the baccalaureate- and master's-degree levels beginning September 1, 1970. The North Central Association of Colleges and Schools approved the introduction of doctoral programs (1973) and granted accreditation to Andrews University as a doctoral-degree granting institution in 1979.

In 1981, the department reorganized into three areas: Educational Leadership and Management, Educational and Psychological Services, and Teacher Education. The following year the PhD degree was introduced with approval of the North Central Association. In June 1983 the various undergraduate and graduate programs merged into a School of Education.

In 2019, the College of Education and International Services was formed, merging the former School of Education with the School of Distance Education, the Department of Intensive English Programs, the Center for Off-Campus Programs, the Center for Leadership, and Griggs International Academy.

The College of Education and International Services Education Preparation Programs were reviewed at the initial and advanced levels in the Fall of 2019. They were granted accreditation by the Council for the Accreditation of Educator Preparation (CAEP), the accreditor for education programs, in the Spring of 2020. The programs are also accredited by the Michigan Department of Education (MDE).

In 2022, the three core departments of the former School of Education were promoted to schools: the School of Leadership, the School of Graduate Psychology and Counseling, and the School of Education (formerly the department of Teaching, Learning, and Curriculum). In addition, the Undergraduate Leadership program formally joined the School of Leadership.

In 2024, the School of Distance Education was reorganized into the Global Campus, with the Center for Off-Campus Programs and Griggs International Academy merging into the Global Campus.

## Accreditation

Andrews University is accredited by the Higher Learning Commission to confer degrees at the bachelor's, master's, specialist, and doctoral levels.

The teacher-preparation and school-service personnel programs, which include teacher education programs, MAT programs, the elementary and secondary principals' programs, and programs to prepare school psychologists, are accredited by the Council for the Accreditation of Educator Preparation (CAEP) and approved by the Michigan Board of Education and the North American Division Board of Education.

The Council for Accreditation of Counseling and Related Educational Programs (CACREP), a specialized accrediting body recognized by the Council on Post-secondary Accreditation (COPA), has conferred accreditation to the following program areas in the School of Graduate Psychology & Counseling at Andrews University: Clinical Mental Health Counseling (MA) and School Counseling (MA).

The American Psychological Association (APA) has approved the PhD in Counseling Psychology.

The National Association of School Psychologists (NASP) has approved the EdS program in School Psychology.

## Faculty

The College of Education and International Services has selected a faculty based on diversity of experience and professional expertise. Equipped with advanced degrees, all have extensive experience in the areas in which they teach. They have authored books and published in professional journals. They are regularly sought as researchers, lecturers and consultants.

## Conceptual Framework

Andrews University was founded as Battle Creek College in 1874.

One of the founders, Ellen G. White, presented a compelling vision for education.

"True education means more than the pursuit of a certain course of study. It means more than a preparation for the life that now is. It has to do with the whole being, and the whole period of existence possible to man. It is the harmonious development of the physical, mental, and spiritual powers. It prepares the student for the joy of service in this world and the higher joy of wider service in the world to come.

In the highest sense the work of education and the work of redemption are one." Ellen G. White (1903), *Education*, Mountain View, CA; Pacific Press 13, 30.

The Andrews University College of Education and International Services embraces this vision as the organizing theme for its conceptual framework and mission.

A *conceptual framework* is a way of looking at the world that affects our values, goals and practices. It influences our work and how we think about what we do.

The College of Education and International Services, as part of Andrews University, has developed its conceptual framework by considering the University's mission statement—*Seek Knowledge. Affirm Faith. Change the World.*—with respect to our specific task in training educational professionals.

Our conceptual framework helps us to clarify our purpose and mission—serving as a continual reminder of what we consider important and of how we approach our goals.

## Dispositions

Dispositions are the personal characteristics our graduates will display, making them exceptional educators committed to fairness and learning for all students.

## Elements

The six elements of our conceptual framework outline the principles driving our instruction and articulate particular dispositions and skills our graduates will take with them into the workplace. The elements are incorporated into all our courses and activities.

### Element One: Worldview

We appreciate the perspectives of others and value the development of a personal philosophy from which action and service arise.

Our graduates will:

- Explain worldviews and trace their historical development
- Critique worldviews from a Christian perspective
- Integrate principles of a Christian worldview into their chosen fields of study

Disposition: We value fairness, service and diversity.

### Element Two: Human Growth and Change

We want to see growth, development and learning used to effect positive change.

Our graduates will:

- Describe human development
- Apply current theories of learning

Disposition: We believe that all students can learn.

### Element Three: Groups, Leadership and Change

We want to encourage principles of group behavior that effect positive change for individuals and organizations.

Our graduates will:

- Facilitate change in groups and organizations
- Relate effectively with various cultural, racial and special interest groups
- Identify political and legal issues
- Manage human, financial and material resources
- Demonstrate servant leadership

Disposition: We recognize personal leadership responsibility.

### Element Four: Communication and Technology

We want to use technology to enhance communication, whether oral, written, intrapersonal or interpersonal.

Our graduates will:

- Communicate effectively in written, verbal, and non-verbal forms
- Use electronic tools effectively for professional communication, teaching and research

Disposition: We value respectful communication.

### Element Five: Research and Evaluation

We both conduct and value disciplined inquiry for decision making.

Our graduates will:

- Read and evaluate research
- Conduct research
- Report research findings

Disposition: We are committed to inquiry.

### Element Six: Personal and Professional Growth

We believe in holistic personal and professional growth.

Our graduates will:

- Demonstrate continuing professional development
- Demonstrate ethical behavior in all professional activities
- Demonstrate balanced physical, mental, spiritual and social development

Disposition: We value personal and professional growth.

## Mission Statement

To educate is to redeem  
Educar Es Redimir

## Philosophy

We believe that God is the ultimate reality and that He has chosen to reveal Himself through His created universe and through His Word. God created human beings in His image and for relationship with Him. When they rebelled against Him, they entered a state of brokenness that extends to every dimension of life. Through His love and mercy, God has provided in His son Jesus Christ the means to redeem human beings from their brokenness, to restore in them His image, and to reestablish their relationship with Him.

As Christian educators supporting the world mission of the Seventh-day Adventist Church, we conceptualize the task of education to be a partnership with God in His work of redemption and restoration. Our role in this partnership is to facilitate the spiritual, mental, physical, and social development of our students through modeling and exhortation.

Accordingly, we hold that:

- God calls students to recognize Jesus Christ as Savior and Lord and through His Spirit to use principles of Scripture as a guide in their relationships with others.
- God calls students to be worthy scholars in their chosen academic discipline and to contribute to that discipline as responsible practitioners and researchers.
- God calls students to live by principles of good health as stewards of His gift of life.
- God calls students to develop and maintain supportive personal and professional relationships and to use their talents in generous service to the church and society in a culturally diverse world. To these ends, we work for the glory of God.

## Undergraduate Programs

Undergraduate programs are offered by the School of Education (formerly Teaching, Learning, and Curriculum), the School of Leadership, and the Center for Adult Education.

## Graduate Programs

The College of Education and International Services offers master's, specialist, and doctoral degrees. A general description of each degree is provided below. Admission for any graduate degree offered in the The College of Education is based on the total profile of the student and includes the analysis of admission documents as well as the professional judgment of the program faculty. Requirements for specific degrees offered in the three schools of the College of Education are described under the school headings.

**MAT: Master of Arts in Teaching.** The MAT program is an interdepartmental curriculum for teachers who desire a combination of professional preparation and subject-matter specialization in their graduate study. A teaching certificate is required for graduation. Degrees are offered in the School of Education (formerly the Department of Teaching, Learning & Curriculum).

**MA: Master of Arts.** The MA program is a one- or two-year program beyond the bachelor's degree and is offered in all three schools of the College of Education and International Services.

**MS: Master of Science.** The MS program is a one- or two-year program beyond the baccalaureate degree for certified teachers who desire an endorsement in Special Education/Learning Disabilities. The degree is offered in the School of Education (formerly Department of Teaching, Learning & Curriculum).

**EdS: Educational Specialist.** The EdS program builds upon the master's degree in providing a more focused program of study, generally taking a minimum of one year beyond the master's level.

**Edd: Doctor of Education and DLead: Doctor of Leadership.** The Edd and DLead degrees consist of course work and a dissertation or project, usually taking a minimum of two years of work beyond the master's level.

**PhD: Doctor of Philosophy.** The PhD consists of course work and a dissertation, usually taking a minimum of two years of work beyond the master's level.

## Admission

**Time to Apply.** While early applications are recommended, the deadlines for application to the College of Education and International Services are as follows:

Domestic and International students are required to complete and submit all the application requirements before the deadlines listed below:

- Spring (January - April): **November 15**
- Summer (May - July): **June 1**
- Fall (August - December): **July 30**

**Application Procedure.** In addition to meeting the general requirements for graduate admission (see Graduate Academic Policies), applicants to the College of Education and International Services should note the following GRE requirements.

- Official scores from the Graduate Record Examination (GRE) General Test taken within the last five years must be submitted by EdS and PhD/EdD students (excluding programs in the School of Leadership) before they are considered for any type of admission. MA, MS and MAT students are no longer required to submit GRE scores unless they want to apply for a graduate scholarship based on their GRE scores. (See Graduate Financial Assistance.)

### Scholarships/Financial Aid

Named scholarships are allocated in the spring semester for the following school year. Students wishing to apply for scholarships should obtain an application form from the College of Education and International Services Dean's Office. The deadline for submitting applications is February 1. Application forms for regular grants are also available from the Dean's Office. Applications for graduate assistantships should be submitted to the Dean's Office. Applications for loans must be made through the Student Financial Services Office by April. See the Financial Information section for further information.

### General Academic Information

**Academic Advisement.** A student's initial contact is with the school chair/program coordinator. The acceptance letter informs the student of the assigned advisor for their program. Normally, the assigned advisor is the program coordinator. The advisor's major tasks are to counsel with the student about academic requirements and expectations, and to help develop a course plan which meets these requirements.

**Student Responsibilities.** Students are expected to know the regulations governing academic matters. This bulletin covers general questions relating to academic policies. Although the policies in this bulletin have the weight of faculty action, practice, and precedent, special circumstances may occasionally warrant an exception. In such circumstances, students may use the petition process coordinated by the Graduate Programs Office (sedprograms@andrews.edu).

Procedures to follow in meeting the degree requirements are detailed in the handbooks which have been prepared for the master's, specialist, and doctoral programs.

Responsibility for meeting degree requirements and following the specified procedures rests with the student. Each student is expected to be aware of the various requirements and procedures as published in both the bulletin under which he/she proposes to graduate and the handbook for the program in which he/she is studying. A student may choose to meet the requirements of any bulletin in force while he/she is continuously enrolled as defined for each degree program.

**Student Grievance Procedure.** Andrews University has a grievance (appeal) procedure for students who may oppose or question any practice, decision, and/or policy. The details of this procedure are found in each of the College of Education and International Services graduate handbooks and in the undergraduate *Student Handbook*.

**Continuous Registration-Active Status.** (School of Leadership students, please see the School of Leadership section regarding continuous registration). Graduate students are expected to make continuous progress in their graduate program from admission through graduation. Continuous registration (except during the summer session) is required.

Continuous registration will be required beginning the first semester of taking classes following admission to the graduate program. Continuous registration allow students to remain active in the graduate program while physically absent from the campus.

Students must be continuously registered in at least one graduate credit applicable to the graduate program for every fall and spring semester until they complete all requirements for their degree or certificate. Students must also register for the summer session if they use university facilities or consult with faculty during the summer session. Students pursuing a degree during summer sessions only must be enrolled every summer in order to maintain active status in the program.

**Leave of Absence.** While graduate students are expected to make continuous progress toward completion of their graduate programs, there are instances where continuous registration is not possible. Students who need to temporarily suspend their studies must apply for a leave of absence through their advisor and committee chair. If the leave is approved, the student is placed on inactive status. Inactive status does not negate the policy which requires that all credits counted toward the degree or certificate, including transfer credits, be earned within appropriate period for a given degree prior to graduation. Students who fail to make continuous progress (see Continuous Registration above) or to obtain an approved leave of absence may be removed from active status.

**Inactive Status.** Graduate students who do not have continuous registration or an approved leave of absence will be placed on inactive status. Students who fail to request reactivation within the allowed time for program completion will be removed from a graduate program.

Doctoral students who do not make any progress on their dissertations for a period of 12 months may be asked to revise the composition of their dissertation committees. The dissertation chair and committee may reconsider their commitment to the student's dissertation.

After being inactivated, students must make a request for reinstatement to a graduate program through the school. (See Graduate Academic Policies--inactive status )

**Reactivation Process.** Graduate students who have been removed from active status for failing to meet academic standards may apply for reactivation to a graduate program. When re-applying to the College of Education and International Services graduate program, it is the student's responsibility to demonstrate his or her ability to succeed in the graduate program.

Graduate students who have been removed from active status for not making continuous progress (see Continuous Registration above) must re-apply to the school for reactivation into the graduate program and pay a reactivation fee. Students must follow the bulletin in force upon reactivation (see Graduate Academic Policies). Students seeking reactivation must register for EDUC 560 for "0" credits.

Upon approval of school chair, registration, and payment of the reactivation fee, a graduate student is considered active for the current semester. Reactivated graduate students must reapply for candidacy and may or may not be required to meet the program requirements which are in effect at the time of reactivation. Doctoral students may be required to select a new dissertation committee and/or topic.

### Standards of Scholarship

- To remain in regular standing and to graduate, students must maintain the minimum GPA (on a 4.00 system) required below:
  - The MA/MAT/MS: a minimum GPA of 3.00 in all courses for the degree and in all courses applied to the major/emphasis.
  - The EdS: a minimum GPA of 3.20 in all post-master's courses for the degree and in all courses applied to the major/emphasis.
  - The EdD/PhD: a minimum GPA of 3.30 in all post-master's courses (or post-specialist courses if EdS was received before admission to the doctoral program) for the degree and in all courses applied to the major/emphasis.
- Students whose cumulative GPA drops below the minimum in any given semester are placed on academic probation. Such students must work with their advisors to develop a schedule of courses that ensures raising the cumulative GPA above the required minimum in a timely manner (normally the following semester). The advisor and the Dean's Office must approve the plan. Students who fail to meet the terms of such a plan are asked to withdraw.
- No grade of D or F or U may count toward a degree. Courses with a grade less than a B- do not count toward the major or emphasis.
- If a student receives an unsatisfactory grade (normally a D or F), the course may be repeated once. The credits and quality points earned in the most recent course will be used to calculate the GPA. Course grades may be replaced only by grades for course work repeated on campus.
- Any student who receives a grade below B- (including U) in more than four courses in an MA program and in more than three courses (in addition to the four from the MA) in an EdS/EdD/PhD program is asked to withdraw.
- Students may not apply credits earned by examination toward a graduate degree.
- Candidates for the MA/MS degree must pass comprehensive examinations and (if thesis option is chosen) formally defend a master's thesis. Candidates for EdS degrees must pass comprehensive examinations. Candidates for

PhD/EdD degrees must pass comprehensive examinations and formally defend a dissertation.

**Satisfactory Academic Progress (SAP).** See the section on SAP Policy for Graduate Students with Financial Aid, in the Financial Information section of the bulletin.

**Transfer Credits.** General requirements for transfer credits are found in the Graduate Academic Policies section of the bulletin. In addition, graduate course work taken at any accredited Seventh-day Adventist college in the United States offering an MA degree may transfer up to 50% of the minimum credits required. Graduate credits taken in the MDiv program may be transferred into MA and EdS programs in the College of Education and International Services. However, 1 Master of Divinity credit will be marked down to .75 College of Education and International Services credits. Transfer credits from other Seminary programs need to be evaluated on a case-by-case basis.

**Time Limits.** A student must complete the requirements for a master's degree normally within six years, but no more than ten years from the beginning of the first semester of class work irrespective of admission classification. Leadership students please see Leadership program sections regarding program time limits. Course work taken more than six years but less than ten years prior to the graduation year must be updated in order to apply to the degree, if taken at Andrews University. Transfer courses for which advanced credit is requested must be taken within six years of the graduation year.

### Master's Degrees (MA /MAT/MS)

The master's degrees (MA/MAT/MS) prepare personnel for leadership and specialized positions in education beyond the bachelor's degree. While additional specific departmental requirements are described under the different departments, some general requirements are indicated below. Students are responsible for reading the Graduate Academic Policies section of this bulletin. Also, students should consult the *Handbook for Master's Students*.

**Admission to MA/MAT/MS Programs.** See the General Admission Requirements and the Minimum Academic Standards for Admission to Graduate Programs found in the Graduate Academic Policies section of this bulletin.

### General Requirements (MA/MAT/MS)

- Students are responsible to note the requirements in the Graduate Academic Policies section of this bulletin.
- The candidate's undergraduate background for advanced study must be approved by the school in which enrollment is sought. An applicant who receives provisional admission while having undergraduate deficiencies must remove these deficiencies with approved undergraduate or graduate credits before completing 50% of his/her course work. These credits do not apply to the degree program.
- Students must satisfactorily complete a minimum of 30-60 credits (as determined by the program chosen).

**General Requirements (MAT).** See the program section for more information.

### General Requirements (MA/MS ONLY)

- The program may require EDFN 500 and EDRM 505/506.
- All MA students must pass a comprehensive examination after they are advanced to degree candidacy. The examination is scheduled on specific dates each semester (see the College of Education and International Services academic calendar). The exam schedule varies according to the student's program. An *Application for Advancement to Candidacy* form is filed upon completion of 50% of the student's course work.
- All MA/MS students planning on taking comprehensive exams must register for the EDUC 670 - Master's Comprehensive Exam course for 0 credits. (Registration for the comprehensive exam must be done with the approval of the student's advisor.) Students who fail the master's comprehensive exam will have only one more opportunity to retake the exam. Students who fail the exam on their second attempt may be removed from the program.
- All MS students—If you want to add this endorsement to your Michigan Teaching Credential, you must successfully complete the Michigan Test for Teacher Certification (MTTC) subject area exam. In addition, you are required to pass a comprehensive examination after advancement to degree candidacy in order to obtain the Master of Science degree. The examination, which is scheduled on specific dates each semester (see the College of Education and International Services academic calendar), consists of one 3-hour session and one 2-hour session.

**Preparation and Presentation of a Thesis.** To fulfill the thesis option for a master's degree, the student must write a thesis and successfully defend it in an oral

examination at an officially designated time and place. See *Handbook for Master's Students*.

The format of the thesis must conform to the guidelines found in the *Andrews University Standards for Written Work*.

Students elect to take either a thesis or non-thesis option. Those who plan to take additional graduate study should elect to write a thesis. Students who do not plan to pursue a specialist degree or a doctoral degree may substitute 3 semester credits of course work in the major area of emphasis in place of the thesis.

**Guidelines for Practicums.** Students in the MAT program which requires certification endorsements must take a practicum in accordance with these guidelines:

- Students should take the practicum experience toward the end of their program after completing all required prerequisites.
- Students must submit an application to the Certification, Screening, and Petitions Committee before January 31 to be eligible to take the practicum experience the next academic year.
- The director of student teaching makes all arrangements for placement in schools.
- Students must make a pre-practicum visit to the school before placement is finalized.

**Transfer From One Program to Another.** Acceptance into an MA/MAT/MS program in the College of Education and International Services does not include the option of automatic transfer to another program at a subsequent time. A student in one of the programs may be permitted to reapply for the other degree program until the last day of the second semester. Upon application for transfer, advisors re-evaluate the student's current program and make adjustments for the new degree requirements. Following that re-evaluation, those courses which are relevant to the second degree may be transferred.

### Progression Through the MA/MAT/MS Degree Programs

**Academic Advisement.** The school assigns an advisor to the student at the time of acceptance. Student is informed about the name of the assigned advisor in the acceptance letter. The assigned advisor most of the time is the program coordinator. The advisor's major tasks are to counsel with the student about academic requirements and expectations, and to help develop a course plan which meets these requirements.

**Advancement to Degree Candidacy.** For information regarding advancement to degree candidacy for master's degree students, see the Graduate Academic Policies section of this bulletin.

### Educational Specialist Degree (EdS)

The specialist degree prepares personnel for leadership and specialized positions in education. It builds upon the master's degree in providing a more focused program of study. In some cases the specialist program accommodates persons desiring career shifts and advancement in certification. Because the educational specialist program emphasizes practice rather than research, a dissertation and advanced research course work are not required.

The specialist degree should be considered a terminal program. However, doctoral students may elect to complete the specialist degree as a component of the doctoral program. Such an arrangement should be made in consultation with the student's advisor and approved by the Graduate Programs Office no later than the first semester of course work.

Students are responsible for reading the Graduate Academic Policies section of this bulletin. Also, students should consult the *Handbook for Educational Specialist Students*.

**Admission to the EdS Program.** Admission to a specialist program is based on the total profile of the student. To qualify for regular admission, the student must

- Have a master's degree or its equivalent from an accredited university (see School of Graduate Psychology & Counseling for possible exceptions).
- Give evidence of ability to pursue advanced study in graduate-level work with a cumulative graduate GPA of 3.20 (4.00 system).
- Meet all other admission standards listed in the Graduate Academic Policies Admissions and Academic Information section of this bulletin.

**Transferring Specialist Degree Credits.** Graduate credits received from institutions generally considered to be diploma/degree mills are not eligible to be transferred into a degree program.

**General Requirements.** General program requirements are indicated below. Additional program-specific requirements are described in the school sections which follow.

- The program requires a minimum of 64 semester credits of post-baccalaureate study.
- At least 24 semester credits must be completed within the EdS program at Andrews University. This course plan must include at least two-thirds of the required minimum of credits in course work numbered 500 and above.
- Students entering the EdS School Psychology program are required to complete at least 80% of required credits at Andrews University. Fieldwork experiences are not transferable.
- Major requirements for the completion of the program are determined by the individual school offering the degree.
- A cognate in an appropriate supportive area may be required.
- Two educational foundations courses as required by their program.
- The student must submit evidence of competence in understanding and conducting investigations in his/her field of study. Depending on the particular program, a student may fulfill this requirement by doing one or more of the following:
  - Course work in research and/or statistics.
  - An advanced project featuring the systematic development of a significant educational product.
  - A research study.
- The minimum GPA required for completion of the program is 3.20 figured on all course work included as a part of the EdS program.
- A minimum of two years of work experience in the field of education or appropriate clinical experience is required before the degree is granted. The individual school determines the appropriateness of the experience.

**Time Limits.** A student must complete the requirements for a specialist degree within six calendar years from the beginning of the first semester of class work irrespective of admission classification.

**Bulletin Requirements.** A student may choose to meet the requirements of any bulletin in force after acceptance into the specialist program, as long as he/she maintains active status. If a break of enrollment occurs, the student must meet the requirements of a bulletin in effect after enrollment resumes.

### Transfer of Degree Program

**From One Specialist Program to Another.** Acceptance into a specialist program in the College of Education and International Services does not include the option of automatic transfer to another specialist program at a subsequent time. A student in one of the specialist programs may be permitted to reapply for the other program up to the last day of the second semester. On such application for transfer, advisors reevaluate the current program of the student and make adjustments for the new requirements. Following that reevaluation, those courses which are relevant to the second degree may be transferred.

**From Doctoral to Specialist Program.** Students already accepted into a doctoral program who wish to transfer to the specialist degree program in the same school are transferred by a Change of Program Application which is approved by the school chair, the college dean and Graduate Enrollment Management. The student must follow the current bulletin and submit a new Statement of Purpose and may be required to submit new recommendations. After receiving the specialist degree, the student may return to the doctoral program by either of the following two options:

- By Change of Program Application with all previous doctoral requirements (course plan, time limits, etc.) in effect
- By online application to the Graduate Educational Programs Committee with all new requirements

### Progression Through the EdS Degree Program

**Course Plan.** Normally, during the first semester the student and advisor work out a proposed course plan to complete degree requirements. This is submitted to the Graduate Programs office.

**Advancement to Candidacy.** Students must file an *Application for Advancement to Degree Candidacy* form which can be obtained from the Dean's office or the Graduate Programs office.

- Students must make application for advancement to degree candidacy before registering for the last 16 credits of course work.

- Before filing an *Application for Advancement to Degree Candidacy* form, the student must
  - Remove all deficiencies
  - Demonstrate English Language proficiency (where required)
  - Achieve regular admission status
  - Have a cumulative GPA of 3.20 or higher.

After being advanced to degree candidacy, students may request to take the comprehensive examinations.

**Comprehensive Examination.** A written comprehensive examination is scheduled for specific dates each semester as noted in the academic calendar. Normally the *Application for the Comprehensive Examination* form and the *Application for Advancement to Degree Candidacy* form are filed together during the semester prior to the comprehensive examination. Students are not permitted to sit for the examination until they have been advanced officially to degree candidacy. All course work and the comprehensive examination must be completed within six years of initial registration for Andrews University specialist course work. Students applying for comprehensive examination must register for EDUC 770 - Specialist Comprehensive Exam. Students who fail the specialist comprehensive exam will have only one more opportunity to retake the exam. Students who fail the exam on their second attempt may be removed from the program.

**Preparation and Presentation of a Project.** A school may require a project. Students should consult the *Handbook for Educational Specialist Students* for further information regarding the preparation, scheduling, and presentation of a project.

### Doctoral Degrees (DLead/EdD/PhD)

The doctoral degree prepares personnel for leadership and specialized positions in education beyond the master's or specialist degree. This program requires advanced research course work and the writing of a dissertation. While additional specific school requirements are described under the individual schools, some general requirements are indicated below. Students are responsible for reading the Graduate Programs and the Admissions and Academic Information sections of this bulletin. Also, students should consult the *Handbook for Doctoral Students*.

**Admission to a Doctoral Program.** Admission is based on the total profile of the student. To qualify for admission, the student must meet all the admissions standards listed in the Graduate Academic Policies Admissions and Academic Information section of this bulletin, including:

- Earned master's degree or its equivalent from an accredited university with adequate preparation for the proposed doctoral specialization (see the School of School of Graduate Psychology & Counseling for possible exceptions).
- Evidence of ability for doctoral-level work as demonstrated by superior undergraduate- and graduate-level work and, for those programs that require it, an adequate score on a Graduate Record Examination (GRE) General Test taken within five years of admission.
- Presenting a report that demonstrates adequate ability to undertake research. Students seeking admission to a doctoral program who cannot present evidence of research ability must register for appropriate course work which provides research experience as prescribed by the schools the students are entering.

**Transferring Doctoral Degree Credits.** Post-master's transfer credit, if appropriate to the student's program, may be accepted if (1) the credits were completed within the time limitations indicated in the appropriate section of this bulletin and (2) the transfer complies with the provisions in the College of Education and International Services. A petition for transfer of credit is considered only after an official transcript for the course is received. Credits received from institutions generally considered to be diploma/degree mills are not eligible to be transferred into a degree program.

**Exceptions.** Exceptions to course-transfer regulations must be approved by the dean of the School of Graduate Studies on a standard petition form upon the recommendation of the dean/graduate program coordinator of the college/school. Any such exceptions will be considered individually in the light of the master's requirements. Exceptions for whole programs must be voted by the Graduate Council but thereafter do not need individual approval on petitions.

### GENERAL REQUIREMENTS:

*Students pursuing doctoral programs in Leadership, Higher Education, Educational Leadership see the School of Leadership Section. Students in Counseling Psychology and Educational Psychology see doctoral program requirements in the School of Graduate Psychology and Counseling section. Students in Curriculum and Instruction see doctoral program requirements in the School of Education section.*

#### ADDITIONAL GENERAL REQUIREMENTS:

The student must complete a minimum of 60+ post-master semester credits of which 32 credits in approved on-campus doctoral course work (not including the dissertation proposal (2) and dissertation credits (14) must be completed after acceptance into the doctoral program at Andrews University. (A minimum of 24 credits of coursework is required for candidates with an EdS degree from another institution and a minimum of 16 credits for candidates with an AU EdS degree). The courses (excluding dissertation) must include a minimum of 6 credits numbered 700 and above.

The student may be required to complete a cognate or equivalent which includes a planned sequence of courses outside the major (see individual school requirements).

- Students must have a 3.30 cumulative GPA for all course work included in the degree program; a 3.30 GPA must be maintained in all post-master's course work (or post-specialist if a specialist degree was received before admission to the doctoral program) included in the degree program.
- Students must take certain educational foundations courses as required by their program.
- The area of research (see *Research Requirements* below) as required by their program.
- Students must establish according to their program requirements.
- Some programs may use the following requirements:
  1. **PhD Residency.** A sequence of two out of three consecutive semester at a full-time load, or as required by the program. The PhD Counseling Psychology program has other residency requirements which are noted within the program description section.
  2. **EdD Residency.** A sequence of any three out of seven consecutive terms (semester or summer) at a full-time load, or as required by the program. This requirement may be met by enrolling for three consecutive summers.
  3. **DLead Residency.** See program description.
- Students must successfully pass the comprehensive examination.
- Students are required to take a minimum of 16 dissertation credits and write and defend a dissertation.
- Students who have registered for the minimum of 16 dissertation credits and have not graduated and are still within the program time limit will register for dissertation continuation until graduation.
- Students who registered for the total required minimum of 16 dissertation credits but have not graduated within the program time limit must register for one (1) dissertation credit each semester until graduation.

#### Time Limits

- Time limits are determined by the specific program and the time length is counted from the first registration for AU doctoral course work. Students in the School of Education (formerly Teaching, Learning, and Curriculum) must complete all requirements, including dissertation, within 10 years. Students in the School of Graduate Psychology & Counseling must complete all requirements, including dissertation, within seven years. Students from the School of Leadership must complete all requirements, including dissertation, within seven years.
- All course work and the comprehensive examination must be completed within 5 years of first registration for AU doctoral course work.
- The dissertation must be completed within 7 years of first registration for AU doctoral course work.

**Full-time Status.** For students who have completed all classes for the degree except dissertation and/or internship, full-time status requires the following:

- Registering for one or more credits of dissertation, dissertation continuation, or internship every semester until graduation
- Doing "full-time" work on the dissertation or internship as defined by at least 24 hours a week or 720 hours per year
- Receiving confirmation by the dissertation chair or internship supervisor that full-time work is being done

For students who have not completed all classes for the degree, full-time status requires one of the following options:

- Registering for 8 or more credits of course work and/or dissertation and/or internship
- Registering for one or more credits of dissertation or internship; doing "full-time" work on the dissertation or internship as defined by at least 24 hours a week or 720 hours per year; and having approval by the dissertation chair or internship supervisor that full-time work is being done. Students may not take more than 16 credits during a semester.

- Registering for a program continuation course (as determined by their program) allows a student to be considered a full-time student

**Bulletin Requirements.** A student may choose to meet the requirements of any bulletin in force after acceptance into the doctoral program, as long as he/she maintains active status. If a break of enrollment occurs and the student is placed on inactive status, he/she must meet the requirements of a bulletin in effect after enrollment resumes.

**Transferring from one doctoral program to another within a school.** Transfers between EdD and PhD degrees within the same school shall done by a Change of Program petition and can be made at any time during the student's program. Original time limits are maintained.

#### Transfer of Degree Program

Students who wish to transfer between degree programs must submit a new application to the Graduate Enrollment Office.

Students can complete a Specialist degree enroute to a doctoral degree by enrolling in a dual degree program. Also, Specialist students who want to continue their program into a PhD degree must submit a Dual Enrollment Application.

#### Progression Through the EdD/PhD Degree Program

*Leadership students should see the Leadership Program section.*

**Course Plan.** Normally within the first 16 credits, the student and advisor work out a proposed course plan to complete degree requirements. This must be approved by the school chair and the Graduate Programs office.

**Research Requirements.** Research requirements for the doctoral degrees include breadth, depth, and flexibility. Requirements are designed to enable doctoral students to critique journal articles that use common methodologies, statistics, and techniques; conduct research using appropriate methodologies; write research reports, including the dissertation; and continue scholarly research activity beyond the dissertation.

**Comprehensive Examination.** A written comprehensive examination is scheduled for specific dates each semester as noted in the academic calendar. Normally the *Application for the Comprehensive Examination* form and the *Application for Advancement to Degree Candidacy* form are filed together during the semester prior to the comprehensive examination. All course work and the comprehensive examination must be completed within six years of initial registration for Andrews University doctoral course work. Students applying for comprehensive examination must register for EDUC 870 - Doctoral Comprehensive Exam. Students who fail the doctoral comprehensive exam will have only one more opportunity to retake the exam. Students who fail the exam on their second attempt may be removed from the program.

**Advancement to Degree Candidacy.** An *Application for Advancement to Degree Candidacy* form is filed after the student

- Applies for the comprehensive examination
- Completes all course requirements or registers for them
- Removes all curriculum deficiencies
- Removes any language deficiency

The student is advanced to degree candidacy when the comprehensive examination is passed, coursework is completed and a dissertation proposal approved.

**Preparation and Presentation of a Dissertation.** Students should consult the Graduate Academic Policies section of this bulletin and the *Handbook for Doctoral Students* for information regarding the preparation, scheduling, and presentation of dissertations.

The College of Education and International Services operates Griggs International Academy (GIA), which offers an accredited K–12 Adventist distance education program that serves students in North America and internationally. There are a variety of delivery styles offered through GIA: online courses, paper-based courses, school sites—adapting to the needs of individuals or supplementing a school program. The mission of GIA is to provide educationally sound, values-based, guided independent study and distance education programs that build a foundation for service to God, church and society. These programs and courses respond to learner needs in the context of a lifetime learning experience.

Griggs International Academy, operated by the College of Education and International Services, is accredited by:

- The Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities
- Middle States Association for Colleges and Schools Commissions on Elementary and Secondary Schools
- The Southern Association of Colleges and Schools Council on Accreditation and School Improvement/AdvancED

## Accreditation

Andrews University is accredited by The Higher Learning Commission and is a member of the North Central Association. It is also accredited by The Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities.

As a unit, the College of Education & International Services is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

Michigan Department of Education: Through reciprocal agreements, students acquiring Michigan Certification at Andrews University are eligible for teacher licensure in most other states and Canadian provinces.

## Programs of Study

The School of Education offers the following degrees and programs:

### Undergraduate Programs leading to BA or BS programs/degrees:

- BSELED - Bachelor of Science in Elementary Education
- BA - Bachelor of Arts in Secondary Education
- BS - Bachelor of Science in Secondary Education
- Programs leading to Secondary Certification

### Graduate Programs:

- Master of Arts in Teaching
  - Secondary Education MAT
  - Individualized MAT (permission of the SED required)
- Master of Arts: TESOL

- Master of Arts: Learning Technologies
- Master of Science: Special Education
- Curriculum and Instruction Ed.S.
- Curriculum and Instruction Ph.D.

### Teacher Certification

- North American Division of Seventh-day Adventists Teaching Credentials
- State of Michigan Teacher Certification

### Admission to the Teacher Preparation

An application for admission to the Teacher Preparation Program must be completed during the semester in which EDTE208/EDTE376/EDTE 508 Principles of Teaching and Learning is being taken. This must be completed at least one year before a student plans to do Student Teaching.

To be admitted to the teacher education program, students must meet the criteria listed below:

- Applications will be due prior to submission of final grades. Applications will be not be processed until successful completion of the course. Failure to submit application will result in a registration hold for the following semester. It is the student's responsibility to see that all paperwork is in for the application to be processed in a timely manner.
- Satisfactorily complete EDTE 165/630 Intro to Teaching, EDTE 228/SPED 525 Intro to Special Education, and EDTE 208/EDTE376/EDTE 508 Principles of Teaching and Learning.
- Choose appropriate teaching major and/or minor(s) - (applies to secondary program - English, science, history/social studies, international languages, music, and visual arts).
- Secondary mathematics program is under the new Michigan structure (5-9, 7-12 endorsements). Candidates will complete 5-12 endorsement.
- Have a cumulative GPA of at least 2.75.
- Obtain a recommendation from three sources: a professor from an education course, a professor from their content area, and a professor from general education.
- Complete a Conviction Clearance Statement (completed during EDTE 208/EDTE376/EDTE 508 Principles of Teaching and Learning).

Once admitted to the Teacher Preparation program, students must:

- Maintain good and regular status.
- Maintain at least a 2.50 GPA in each of the following areas:
  - Majors and minors (applies to secondary program - English, science, history/social studies, international languages, music, and visual arts).
  - Professional and core education courses\*, and
  - Overall course work.
- A course with a grade less than a C in a major, minor, professional, and core education classes must be repeated. All courses taken at or transferred to Andrews University are included in calculating the GPA.
- Continue working on their professional teaching portfolio (begun in EDTE 165) with a final completion prior to student teaching.
- Demonstrate the professional disposition of an educator.

**NOTE:** Students cannot be admitted to the Teacher Preparation program or remain in the program once admitted if they fail two classes in their major, minor, professional, and core education classes.

### Licensure in Michigan

In addition to the requirements of our program, the State of Michigan has requirements with which you must comply to receive teacher certification (students subject to current requirements based on bulletin year acceptance). These requirements apply to all of the teacher certification programs within the state. These requirements include any Michigan Test for Teacher Certification, including all relevant tests plus content-area tests. Passage of all MTTC exams is required before recommendation for certification and graduation.

### Michigan Test for Teacher Certification (MTTC)

Successful completion of all relevant tests plus content-area tests is required for certification and graduation.

Official exam results must be sent directly to Andrews University from the testing companies before a recommendation for certification and graduation.

Students must take and pass the MTTC before beginning student teaching. State fee waivers may be available for eligible individuals.

Successful completion (advanced low level) of the OPI exam through LTI (Language Testing Institute) must be completed before graduation and recommendation for certification for students completing secondary Spanish teaching certification (K-12).

### Undergraduate Programs

#### Teacher Preparation Mission

The primary aim of Andrews University teacher preparation programs (BA, BS, & MAT) is to prepare teachers who are competent, compassionate, and committed to quality education. Upon completion of the professional education program, the preservice teacher will have demonstrated a commitment to the following:

- Seek knowledge
- Affirm faith
- Change the world

#### Undergraduate Academic Programs

**Bachelor of Science in Elementary Education (BSELED)** - see program page for details.

**Individualized Major Education BS** - This degree may be planned for students with career goals and/or special interests in an area of education not requiring Michigan PK–12 teaching credentials. Permission is needed by education advisor and the chair of the education department to pursue this degree.

#### Secondary Certification with a BA or BS Degree

Students preparing for teaching in secondary schools (grades 6–12) may choose from either the Bachelor of Arts or the Bachelor of Science degree programs. These degrees are granted by the College of Arts & Sciences and the College of Education & International Services. Students must have at least one area (major or minor) that has been approved with the State of Michigan for certification purposes in addition to their Professional and Core Education courses. For Andrews University to recommend a student for certification, the Michigan Test for Teacher Certification (MTTC) content area exams and all relevant exams must be passed in the areas for which the student is applying for State of Michigan certification. All other approved majors and minors are described under their respective departments in other sections of this bulletin.

### Special Requirements for College of Education & International Services Students

Applicants who do not qualify for regular or provisional admission to the College of Education & International Services due to low GPA may apply to the College of Education & International Services to take classes on a semester-by-semester basis.

### Teaching Internship Placement Process

Elementary and secondary teaching internship placements are available in private or public schools. Specific assignments are made after consultation with the Director of Student Teaching, who makes all contacts and arrangements with the schools. The placement interview with prospective teacher candidates and admission to the teaching internship program occur at least one semester before teaching internship begins, though preferably in February of the preceding year. It is the candidate's responsibility to contact the Director of Student Teaching and cooperate in the placement process during this placement semester. An official pre-internship visit to the school is required before placement is finalized and a placement contract is signed by administrator, cooperative teacher, and teacher candidate. If the school personnel do not accept the student, the Director of Student Teaching will make a maximum of two additional attempts to place the student at other schools. Teacher Candidates will be placed within a one-hour radius of Andrews University.

**The First Days of School Experience** is a concentrated, full-time laboratory program that begins before the beginning of the University's fall semester. First Days of School Experience is taken in August before Teaching Internship. The experience focuses on the critical weeks preceding and following the first day of school. It provides specific answers to the teacher candidate's question, "What do I actually do during the first days and weeks of school?" The program includes the practical application of classroom management theories. Emphasis is placed on the tasks teachers must perform in the weeks before school opens, organizing and conducting the all-important first day, and the tasks teachers encounter during the first weeks of school. These tasks include short- and long-range planning, selecting materials and supplies, organizing and managing the classroom, establishing discipline procedures, and record-keeping (including the daily register).

### Teaching Internship Seminar

The Teaching Internship Seminar consists of at least 15 weeks of full-time observation, participation, and teaching under supervision in an elementary or secondary school. If the beginning and ending dates do not coincide with the university semester calendar, the teaching internship calendar takes precedence over the university calendar. Orientation for teaching internship is conducted before the students go to their assigned schools. The time and date of orientation are announced by the Director of Student Teaching. During orientation, each student receives a packet of materials containing information about teaching internship requirements and evaluation procedures. A bi-weekly teaching internship seminar meets after school hours during the semester. The specific time is announced by the Director of Student Teaching. The student may not take other courses during the teaching internship seminar. Other work for remuneration should be suspended. Full attention to teaching responsibilities helps ensure students' success, which is vital to receiving a positive recommendation from the cooperative teacher and university supervisor.

**The exact number of credits for teaching internship is determined by the School of Education. A minimum of 9 semester credits is required for graduate students and a minimum of 12 for undergraduate students.**

### Undergraduate Graduation Requirements

In addition to meeting the general requirements for a baccalaureate degree, students who seek baccalaureate degrees with elementary or secondary certification must do the following:

- Complete requirements for approved major, minor(s), professional and core education courses as described under each specific degree. (Due to scheduling complexities, students seeking certification may take more than four years to complete a degree.)
- Have a minimum GPA of 2.50 overall and a 2.50 in the following:
  - major(s)\*,
  - minor(s)\*,
  - content area\*, and
  - professional and core education courses\*

(\*The averages include all courses taken at Andrews University and those transferred from other institutions.)

- Earn a 2.00 minimum GPA in all other credits at Andrews University.
- Complete the Senior Exit examination and major field exam, if required, which serves as the senior-level evaluation.
- Take at least 30 of the final 36 semester credits in residence (the Dean of the College of Education and International Services must give permission to take up to 10 credits anywhere other than Andrews University.)

- Qualify for either Michigan Teacher Certification or an Adventist Basic Teaching Credential (This item applies to BS Elementary Education majors and BS Secondary Integrated Science).
- Submit a formal request for graduation, approved by the candidate's education advisor, the Certification Registrar, and a designated records officer.
- Verify that the certification registrar has received a copy of transcripts from other schools.
- Apply for a MEIS Account with the Michigan Department of Education.

**Certification Exemption Petition.** Students planning to qualify for a teaching certificate at Andrews University must meet both Seventh-day Adventist and State of Michigan certification requirements. Exceptions to this requirement are considered only after a student submits a formal petition to the SED Certification, Screening, and Petitions Committee.

**Application for a Teaching Certification.** In their final year, while applying for graduation, candidates must also apply to the SED for a teaching certification and to create an account with the Michigan Education Information System (MEIS) and an account with the Michigan Online Educator Certification System (MOECS) in order to initiated application for their MI Teaching Certification. The certification is approved after graduation. The certification application is filed on forms available at the Teacher Certification Office located in the SED. Candidates are responsible for ensuring that official transcripts are sent directly to the Certification Registrar in the SED for all schools attended other than Andrews University. Andrews University approves recommendations of applicants who apply to the Michigan Department of Education and qualify for certification. Candidates qualifying for Seventh-day Adventist certification receive a Verification of Eligibility Certificate that is honored by Seventh-day Adventist union conferences.

**Note:** It is the responsibility of all candidates seeking teacher certification to verify that they are meeting the current Andrews University requirements submitted to the State of Michigan and all current State of Michigan requirements. This includes General Education requirements, content major, planned program minor, and Professional Education. These requirements may differ from what is listed in the content department.

### Graduate Programs

#### Graduate Academic Programs in the School of Education

- Master of Arts in Teaching - 32+ credits
  - Secondary Education MAT
  - Individualized MAT - (permission of the SED required)
- Master of Science: Special Education - 36 credits
- Curriculum and Instruction MA - 32 credits (not accepting new applications)
- Curriculum and Instruction EdS - 64 credits
- Curriculum and Instruction PhD - 92 credits
- Non-Degree Graduate-Level Teacher Certification and Endorsements (Seventh-day Adventist Union Partnerships):
  - (Elem) Adventist Certification
  - (Sec) Adventist Certification

#### Mission

As companions in learning, faculty, and candidates are committed to global Christian service through excellence in teaching, learning, and research.

#### Program Description

The Curriculum & Instruction program is concerned with creating superior learning environments within learning organizations such as corporations, schools, colleges and universities. Curriculum & Instruction (C&I) degrees at Andrews University are interdisciplinary, involving a broad spectrum of content areas and educational levels. The Andrews University Curriculum & Instruction program graduates serve as classroom teachers, department heads, principals, superintendents, curriculum specialists, teacher educators, department chairs, researchers, academic vice presidents, and college presidents. Persons seeking initial teacher certification for K-12 schools at the master's level should pursue the MAT degree. The Curriculum & Instruction program is designed to meet the needs of our candidates. The majority of candidates maintain their current employment while completing their degrees online. The majority of C&I courses are delivered in in-person and synchronous online formats. Candidates must be aware that courses are offered in the Eastern Standard time zone and must be available to attend courses during the time offered. We also have candidates who choose a traditional residential program and move to Berrien Springs for full-time study.

Specialized study is offered within Curriculum & Instruction for school-based personnel at elementary, secondary, and tertiary levels. Curriculum & Instruction cooperates with selected departments in offering advanced cognates for persons preparing to teach at the university level.

While degrees in Curriculum & Instruction are designed for experienced educators, provision is made for individuals desiring a career change. Such persons may be required to earn more than the minimum number of credits.

#### Interactive Online Delivery of Graduate Programs

The interactive online master's, specialist, and doctoral programs allow participants to meet program competencies within their current career positions. This immediate application of learning strengthens authenticity, provides relevancy, and benefits the place of employment. Interactive online programs are offered through a combination of summer intensives and fall and spring semesters.

#### Admission Requirements

Admission decisions are based on the overall profile of each applicant. The applicant profile contains information indicating personal "fit" with the Curriculum and Instruction program and potential for success. Completed applications must be on file at the Andrews University Office of Graduate Admissions by March 1 to ensure consideration for acceptance into the current year's summer cohort.

- In addition to application materials required of all graduate school applicants, the following items are of particular importance:
  - A 500-word statement of purpose explaining how your professional goals fit with the mission of the Curriculum and Instruction program.
  - Recommendation forms and letters from professionals. Do not submit recommendations from relatives or current students.
  - A completed Professional Experience form.
  - A current resume or vita.
  - Official transcripts from all schools where undergraduate or graduate courses were taken.
  - Graduate Record Examination (GRE) general exam scores.
    - Ed.S. and Ph.D. students are required to take the GRE for acceptance into a doctoral program.
  - Documentation of English proficiency. See University Graduate Programs General Admission Requirements for details.

Please consult the Graduate Programs Admission section of this bulletin for complete information regarding admissions requirements.

#### Graduation Requirements

Graduation requirements for each degree can be found at the College of Education and International Services.

## Bachelor of Arts/Bachelor of Science

## Secondary Education BA/BS

The current Secondary Education Program is still in place this year for English, Science and Social Studies (History). However, beginning in the Fall of 2024, students will be advised to meet the new program requirements within the grade bands developed by the State of Michigan Department of Education within the content area of Mathematics. The Mathematics program has been submitted for approval to the State of Michigan; the other content areas are expected to be submitted for approval with the next calendar year. Teacher candidates will choose a grade band of either 5–9 or 7–12 as their major with an additional endorsement. At the completion of the program, students will acquire certification in 5–12 when meeting all the state requirements. Currently, the NAD requirements have not changed at the secondary education level within the Teacher Education Program.

The secondary programs of English, Science, and Social Studies (History) are available only as second majors. They are designed to be taken in conjunction with a content major and a minor, or with two content minors. The current Secondary Education programs in K-12 foreign languages, Music Education, and Visual Arts Education are still in place while the State of Michigan updates the standards in each of these content areas.

## Admission Requirements

An application for admission to the Teacher Preparation Program must be completed during the semester in which EDTE 208/EDTE 376/EDTE 508 Principles of Teaching and Learning is being taken. This must be completed at least one year before a student plans to do Student Teaching.

To be admitted to the teacher education program, students must meet the criteria listed below:

- Applications will be due prior to submission of final grades. Applications will not be processed until successful completion of the course. Failure to submit application will result in a registration hold for the following semester. It is the student's responsibility to see that all paperwork is in for the application to be processed in a timely manner.
- Satisfactorily complete EDTE 165/630 Intro to Teaching, and EDTE 228/SPED 525 Intro to Special Education, and EDTE 208/376/508 Principles of Teaching and Learning.
- Choose appropriate teaching major and/or minor(s) (This applies to secondary programs in English, science, history/social studies, international languages, music, and visual arts.)
- Secondary mathematics program is under the new Michigan structure (5-9, 7-12 endorsements). Candidates will complete 5-12 endorsement.
- Have a cumulative GPA of at least 2.75.
- Obtain a recommendation from three sources: a professor from an education course, a professor from their content area, and a professor from general education.
- Complete a Conviction Clearance Statement (completed during EDTE 208/EDTE376/EDTE 508 Principles of Teaching and Learning).

Once admitted to the Teacher Preparation program, students must:

- Maintain good and regular status.
- Maintain at least a 2.50 GPA in each of the following areas:
  - Majors and minors (applies to secondary programs in English, science, history/social studies, international languages, music, and visual arts),
  - Professional and core education courses\*, and
  - Overall course work.
- A course with a grade less than a C in a major, minor, professional, and core education classes must be repeated. All courses taken at or transferred to Andrews University are included in calculating the GPA.
- Continue working on their professional teaching portfolio (begun in EDTE 165) with a final completion prior to student teaching.
- Demonstrate the professional disposition of an educator.

**NOTE:** Students cannot be admitted to the Teacher Preparation program or remain in the program once admitted if they fail two classes in their major, minor, professional and core education classes.

## Graduation & Certification Requirements

In addition to meeting the general requirements for a baccalaureate degree, students who seek baccalaureate degrees with elementary or secondary certification must do the following:

- Complete requirements for approved major, minor(s), professional and core education courses as described under each specific degree. (Due to scheduling complexities, students seeking certification may take more than four years to complete a degree.)

- Have a minimum GPA of 2.50 overall and a 2.50 in the following:
  - major(s)\*,
  - minor(s)\*,
  - content area\*, and
  - professional and core education courses\*

(\*The averages include all courses taken at Andrews University and those transferred from other institutions.)

- Earn a 2.00 minimum GPA in all other credits at Andrews University.
- Complete the Senior Exit examination and major field exam, if required, which serves as the senior-level evaluation.
- Take at least 30 of the final 36 semester credits in residence (the Dean of the College of Education and International Services must give permission to take up to 10 credits anywhere other than Andrews University.)
- Qualify for either Michigan Teacher Certification or an Adventist Basic Teaching Credential (This item applies to BS Elementary Education majors and BS Secondary Integrated Science).
- Submit a formal request for graduation, approved by the candidate's education advisor, the Certification Registrar, and a designated records officer.
- Verify that the certification registrar has received a copy of transcripts from other schools.
- Apply for a MEIS Account with the Michigan Department of Education.

#### Michigan Test for Teacher Certification (MTTC) Subject Area Tests

Successful completion of all relevant tests plus content-area tests is required for certification and graduation.

Official exam results must be sent directly to Andrews University from the testing companies before a recommendation for certification and graduation.

Students must take and pass the MTTC before beginning student teaching. State fee waivers may be available for eligible individuals.

Successful completion (advanced low level) of the OPI exam through LTI (Language Testing Institute) must be completed before graduation and recommendation for certification for students completing secondary Spanish teaching certification (K-12).

## Student Learning Outcomes

Learning Outcomes are drawn from the standards of the North American Division, the State of Michigan, and Interstate Teacher Assessment and Support Consortium.

At completion of the program, the candidate:

- Possesses knowledge of learner development.
- Possesses an appropriate understanding of content knowledge.
- Understands use of instructional strategies.
- Engages in reflective practices including collaboration with learners, families, and professional colleagues.

## Bachelors

### Elementary Education BSELED

The Bachelor of Science in Elementary Education Degree (combined program of PK-3 and 3-6 preparing candidates to teach in grades PK-6) is a professional degree with emphasis in the curriculum and methodology of teaching in the elementary school.

The candidate will have Pre-Teacher Preparation Status until formally admitted into the Teacher Preparation Program by formally applying to the Department of Teaching, Learning & Curriculum. This typically occurs during the sophomore year.

## Admission Requirements

An application for admission to the Teacher Preparation Program and Student Teaching must be completed during the semester EDTE 208 Principles of Teaching and Learning is being taken. This must be completed at least a year before a student plans to do Student Teaching. Applications will be considered at the end of each semester once all requirements have been completed.

To be admitted to the teacher education program, students must meet the criteria listed below:

- Satisfactorily complete EDTE 165/630 and EDTE 208/508.
- Choose appropriate teaching major and/or minor(s). This applies to Secondary Education majors only)
- Have a cumulative GPA of at least 2.75.
- Obtain a recommendation from three sources: a professor from an education course, and professors from your major and your minor.
- Complete a conviction clearance statement.
- Submit an acceptable plan for completing all required course work. All prerequisites for student teaching, as stated in the University Bulletin, must be met prior to the student-teaching semester.
- Submit a plan for completing the required MTTC Michigan Subject Area Exam(s).
- Applications will be processed as they are received and completed. It is the student's responsibility to see that all paperwork is in for the application to be processed in a timely manner.

## Maintaining Academic Standing

Once admitted to the Teacher Education/Student Teaching Program students must:

- Maintain good and regular status.
- Maintain at least a 2.50 GPA in each of the following areas: major, minor, professional education courses and overall course work.
- A course with a grade less than a C in a major, minor, or professional education class must be repeated.
- Continue working on their professional teaching portfolio (begun in EDTE 165).
- Demonstrate the professional disposition of an educator.

NOTE: Students cannot be admitted to the Teacher Preparation/Student Teaching Program, or remain in the program once admitted, if they fail two classes in their major, minor, courses for Professional Education, or Planned Program minor.

## Graduation & Certification Requirements

### CPR & First Aid Training

Michigan Public Act 18 of 2003 requires all teaching interns to be certified in CPR (child and adult) and first aid prior to being recommended for teacher certification. The legislation stipulates that this training must be completed through the American Red Cross or American Heart Association.

### Michigan Test for Teacher Certification (MTTC) Subject Area Tests

A passing score on the Michigan Test for Teacher Certification subject area test in major and minor is also required to earn teacher certification through Andrews University and in the state of Michigan.

Official exam results must be sent directly to Andrews University from the testing companies prior to a recommendation for certification.

The subject area tests should not be taken before your final year in the program. We recommend that you wait until you have completed most or all of your major and minor university-based coursework before attempting the subject area tests.

## Student Learning Outcomes

In order to serve all children in both public and faith-based schools:

- Graduates will develop knowledge, skills, and dispositions in academic content, school curriculum, and teaching methods.
- Graduates will have the knowledge, skills, and dispositions in trauma-informed, social-emotional learning, as well as learners with exceptionalities.
- Graduates will cultivate a personal and professional profile for long-term commitment to and leadership in their field.

## Individualized Major Education BS

This degree may be planned for students who have career goals and/or special interests in an area of education not requiring K–12 teaching credentials. Permission is needed by education advisor and chair of the education department to pursue this degree.

### Total Credits - 120

## Major - 66

The major consists of elementary education, secondary education, and/or content area courses.

- 20 credits must come from EDTE courses

## Interdisciplinary

The remaining credits come from the following:

- Required general education courses (see below)
- General elective courses

## General Education (Andrews Core Experience)

Students must fulfill all Bachelor's Degree requirements listed in the Andrews Core Experience.

## Integrated Science for Secondary Education BS

The current Secondary Education Program is still in place this year. However, beginning in the Fall of 2023, students will be advised to meet the new program requirements within the grade bands developed by the State of Michigan Department of Education. Teacher candidates will choose a grade band of either 5–9 or 7–12 as their major with an additional endorsement. At the completion of the program, students will acquire certification in 5–12 when meeting all the state requirements. Currently, the NAD requirements have not changed within the Teacher Education Program.

Students preparing for teaching secondary schools (grades 6-12) may choose from either the Bachelor of Arts or the Bachelor of Science degree programs. These degrees are granted by the College of Arts & Sciences and the College of Education & International Services. Students must have a subject major and a subject minor which Andrews University has approved with State of Michigan for certification purposes, in addition to their Professional Education courses. In order for Andrews University to recommend a student for certification, the Michigan Test for Teacher Certification (MTTC) subject area exams must be passed in both the major and minor. The BS in Integrated Science for Secondary Education can only be completed in conjunction with a major in Secondary Education.

## Admission Requirements

### English Language Requirements

Students whose first language is not English must provide evidence of English-language proficiency before they are accepted into this program. To qualify for admission, students must obtain at least a minimum composite score on one of the following exams:

- Paper-based TOEFL (ITP) composite score of 600
- Internet-based TOEFL (iBT) composite score of 100
- IELTS composite score of 7

The exam must be taken within two years prior to enrollment. Students who score below these levels may complete language requirements by enrolling in Intensive English Program courses (ENSL) on campus. For required scores on other standardized proficiency exams, contact the School of Education.

## Masters

## Curriculum and Instruction MA

The Master of Arts (MA) degree is designed for individuals seeking to further develop and deepen their skills as educators, as well as for those future leaders in education who plan to go on to do further work and research in education. The MA is the starting point for those who may wish to later pursue an Educational Specialist (EdS) degree or a Doctor of Philosophy (PhD) degree. This program requires 32 semester hours of post-Bachelor's work, preparation of a Master's Portfolio, a project or thesis, and a written comprehensive examination. Students who are choosing one of the special Master's concentrations must focus their project or thesis on a topic in the concentration area.

Specialized study in the form of concentrations is offered in several areas. Students in this program may choose to include a concentration to help reach their personal goals for advanced study. While graduate degrees in Curriculum and Instruction are designed for experienced educators, provision is made for individuals desiring a career change. Such persons may be required to earn more than the minimum number of credits.

**Delivery:** This program is offered on campus and online. Most interactive online synchronous courses are taught to in-person students simultaneously (see Global Campus Definitions). Online students are encouraged to come to campus for graduation.

## Admission Requirements

Admission decisions are based on the overall profile of each applicant. The applicant profile consists of information that indicates personal "fit" with the Curriculum and Instruction program and potential for success in the program. The C&I Program accepts applications on a rolling basis, with students being able to begin their course of study during any semester. In addition to application materials required of all graduate school applicants, the following items are of particular importance:

- Indicate whether you are applying for the on-campus or the online interactive program.
- A 500-word statement of purpose explaining how your professional goals fit with the mission of the Curriculum and Instruction program. Identify the concentration you plan to complete.
- Recommendation forms and letters from professionals. Do not submit recommendations from relatives or current students.
- A completed Professional Experience form.
- A current resumé or curriculum vita (CV).
- Official transcripts from all schools where undergraduate or graduate courses were taken.
- Documentation of English proficiency (see University Graduate Programs General Admission Requirements for details).

Please consult the Graduate Programs Admission section of this bulletin for complete information regarding admissions requirements.

**Prerequisites**

Nine (9) semester credits of education courses, including an undergraduate (or graduate equivalent) in educational psychology. GDPC 514 - Psychology of Learning (3 credits) will be required for those who do not meet the above prerequisite. Persons who seek admission to the MA without the prerequisites may be required to include additional courses, such as EDTE 408 - Principles of Teaching and Learning, in their course plan. These prerequisites add to the total number of credits needed to complete the degree.

## Student Learning Outcomes

Graduates of this program will:

- Demonstrate competence at an advance level in a range of transferable skills with special attention to written and oral communication, ethical reasoning, and research.
- Achieve a comprehensive and critically-aware knowledge of curriculum and instruction [including a concentration area, as appropriate] and appreciation of how it relates to other fields of study; and, at the doctoral level, contribute to the applied and/or theoretical knowledge in that field.
- Critique or enrich from a Seventh-day Adventist faith perspective key ideas, techniques, or methods at the forefront of the field of curriculum and instruction.
- Examine and practice moral, intellectual and theological virtues within the field of curriculum and instruction from a Biblical worldview.
- Operate autonomously in complex and unpredictable contexts to address needs of diverse communities using advanced skills and knowledge from the curriculum and instruction field in a manner consistent with Christian thought and practice.

## Individualized MAT

This flexible, professional degree program is designed to meet the needs of a wide range of individuals. Typical MAT students belong to one of the following categories:

- Persons who have earned a bachelor's degree and are now seeking teacher certification at the elementary or secondary level.
- Persons who hold teacher certification at either the elementary or secondary level and seek certification at the other level.
- Persons who hold a teaching certificate and want to strengthen or add a specific subject area endorsement.

Candidates for the MAT degree must hold or qualify for a Seventh-day Adventist or State of Michigan teaching certificate or its equivalent before the degree can be granted. The 32 credits listed for the completion of this degree represent the minimum number of hours required for the MAT. Persons who enter the MAT program without a teaching certificate should expect to complete more than 32 credits. The Certification Registrar evaluates transcripts and identifies specific certification requirements for each student needing certification.

**Program Delivery:** This program is offered on campus and as a synchronous, interactive online program. Most courses are offered to students in-person and online simultaneously (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

## Total Credits - 32

NOTE: A minimum of 12 credits must be 500-level or higher. Students who enter the MAT program without a teaching certificate typically must complete more than 32 credits to qualify for a teaching certificate. Course requirements for persons seeking their first teaching certificate vary slightly from those who already have a teaching certificate.

- 1-3 credits of EDCI 696 - Project Implementation Credits: 1-3
- 3 credits of EDFN 500 - Philosophical Foundations for Professionals Credits: 2,3
- 2-3 credits of EDTE 576 - Methods for Integrating Instructional Technology Credits: 2,3
- SPED 525 - Psychology and Education of Exceptional Children Credits: 3
- 3 credits of instructional methods in consultation with academic advisor

**Content Area Specialization - 17-20**

Students select courses in consultation with a content area advisor. Students should note the specific subject area requirements in the appropriate section of this bulletin. Requirements vary. Students seeking a subject endorsement must complete the equivalent of a minor in that area.

## Admission Requirements

**Prerequisites**

- An undergraduate degree with a major and/or a minor(s) in teaching area(s).

- MAT students are required to meet the same requirements for a content major/minor as undergraduate students. If these requirements have not been met, they will need to be completed as soon as possible. Graduate level education courses may be taken concurrently; however any undergraduate requirements will need to be met before student teaching can be done.

#### Program Procedures

- Graduate Record Examination (GRE) optional.
- Apply for admission to the Andrews University College of Education & International Services.
- Request evaluation of transcripts by the Certification Registrar.
- Develop a course plan in collaboration with advisor.
- Take initial classes during the first semester.
- Maintain a 3.0 GPA.
- Students transferring in a major and/or minor must pass the relevant MTTC Subject Exams during their first semester of enrollment.
- Apply for admission to the teacher preparation program and student teaching candidacy during EDTE 508 (see here).
- Continue course work.
- Take the Subject Area section(s) of the MTTC.
- Complete course work, including EDTE 588 & EDCI 696.
- Apply for teaching certificate.
- Students should apply for Advancement to Candidacy at the time they begin First Days of School Experience or the summer prior to Student Teaching.

**Field Work and Comprehensive Examinations.** Field work and comprehensive examinations may be required at the discretion of the subject specialization advisor and/or the professional education advisor.

## Student Learning Outcomes

Graduates of this program will:

- Explain worldviews and trace their historical development.
- Critique worldviews from a Christian perspective.
- Integrate principles of a Christian worldview into their chosen fields of study.
- Describe human development.
- Apply current theories of learning.
- Facilitate change in groups and organizations.
- Relate effectively with various cultural, racial and special interest groups.
- Identify political and legal issues.
- Manage human, financial and material resources.
- Demonstrate servant leadership.
- Communicate effectively in written, verbal, and non-verbal forms.
- Use electronic tools effectively for professional communication, teaching and research.
- Read and evaluate research.
- Conduct research.
- Report research findings.
- Demonstrate continuing professional development.
- Demonstrate ethical behavior in all professional activities.
- Demonstrate balanced physical, mental, spiritual and social development.

## Learning Technologies MA

This Masters in Learning Technologies professional degree prepares digital educators to design and facilitate inclusive online and blended learning environments for K-12 students, adult learners, and life-long learning in a variety of contexts. Students of all varieties need to be able to thrive, advance, and contribute in an interconnected and constantly changing society. Educators interested in meeting these needs will gain the digital age skills and pedagogical strategies in order to be successful in the many roles they play as teachers and learners. In addition, digital educators prepared in this program will be able to leverage the technologies available to them in order to succeed in the rapidly changing 21<sup>st</sup>-century classroom. Program participants intending to support educational technology in higher education, non-profit, or corporate learning environments will be prepared to provide personalized digital learning for a variety of learners and contexts. Program participants with K-12 teaching certification may

add the North American Division of Seventh-day Adventist Teacher Certification Endorsement for Educational Technology.

Graduates of this program may serve as classroom teachers, curriculum specialists, teacher educators, educational/instructional technology specialists, directors of digital learning, instructional technology consultants, and researchers. The program consists of 33 credits, with an expected time to completion of 2 years.

See the Graduate Academic Policies for transferring credits earned at Andrews prior to acceptance to the program or credits earned at other institutions.

**Delivery:** This program is offered in an interactive online format with a mix of synchronous and asynchronous courses. The interactive online synchronous courses are usually offered to students in-person and online simultaneously. The technology courses are typically offered in the interactive online asynchronous format with occasional Zoom meetings (see Global Campus Definitions). This online degree does not require any on-campus time. Online students are encouraged to come to campus for graduation.

- EDTE 640 - Digital Learning in Faith Contexts **Credits: 2,3**

## Additional Requirements

Each student is required to demonstrate educational technology competency via a professional portfolio in the areas of Learner, Leader, Digital Citizen, Collaborator, Designer, Facilitator and Analyst. Artifacts for the portfolio will be created in many of the courses throughout the program.

## Admission Requirements

Admission decisions are based on the overall profile of each applicant. The applicant profile consists of information that indicates personal "fit" with the Learning Technologies program and potential for success in the program. The program accepts applications on a rolling basis, with students being able to begin their course of study during any semester. In addition to application materials required of all graduate school applicants, the following items are of particular importance:

- A 600-word statement of purpose explaining how your professional goals fit with the mission of the Learning Technologies program. Identify whether you will focus on K-12 students or other educational technology contexts (e.g., corporate training, digital outreach, higher education). Describe your skill level with technology and include links to your digital footprint.
- Recommendation forms and letters from professionals. Do not submit recommendations from relatives or current students.
- A completed Professional Experience form.
- A current resumé or curriculum vita (CV).
- Official transcripts from all schools where undergraduate or graduate courses were taken.
- Documentation of English proficiency (see University Graduate Programs General Admission Requirements for details).

Please consult the School of Graduate Studies section of the bulletin for complete information regarding admissions requirements.

#### Prerequisites

- Nine (9) semester credits of education courses, including an undergraduate (or graduate equivalent) course in educational psychology. GDPC 514 - Psychology of Learning (3 credits) will be required for those who do not meet the above prerequisite.
- Persons who seek admission to the MA without the prerequisites may be required to include additional courses, such as EDTE 508 - Principles of Teaching and Learning, in their course plan.
- Six (6) semester credits of educational technology courses must be taken prior to the start of the program.
- These prerequisites add to the total number of credits needed to complete the degree.

## Student Learning Outcomes

Graduates of this program will:

- Continually improve their practice in their content area by learning from and with others, using evidence and research to reflect on and evaluate their practice.
- Seek appropriate leadership roles and opportunities to support student empowerment and success and to improve teaching and learning.
- Use understanding of difference and diversity to ensure inclusive learning environments that inspire students to positively participate in the digital world.
- Collaborate with colleagues, students, families, and agencies to improve practice, discover and share resources and ideas, and solve problems.
- Design authentic, learner-driven activities and inclusive environments that recognize and accommodate learner variability and maximize active, deep learning.
- Facilitate learning adapted to diverse students in digital platforms, hands-on makerspaces, in the field, and in the classroom.
- Use methods of assessment, data collection, and research to drive their instruction, engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.

## Secondary Education MAT

E-mail: wolferj@andrews.edu

This flexible, professional degree program is designed to meet the needs of a wide range of individuals.

Typical MAT students who have earned a bachelor's degree and are now seeking teacher certification at the secondary level belong to one of the following categories:

- Persons who hold teacher certification at the elementary level and seek certification at the secondary level.
- Persons who hold a teaching certificate and want to strengthen or add a specific subject area endorsement.

Candidates for the MAT degree must hold or qualify for a Seventh-day Adventist or State of Michigan teaching certificate or its equivalent before the degree can be granted. #### Secondary Certification Requirements

Students must take sufficient course work in three areas to be eligible for Michigan secondary certification:

- Professional education courses
- A content major
- A minor in a qualifying area of instruction

Seventh-day Adventist and State of Michigan secondary certification require a major and minor teaching area. Seventh-day Adventist certification also recognizes additional majors and minors. See the list of approved majors and minors for secondary certification.

#### Professional Education Courses

Listed below are the required graduate professional education courses for Michigan secondary-teaching credentials. If students have taken the undergraduate course, they do not need to repeat the graduate-level course. Graduate students who are qualifying for certification and wish to apply credit to a graduate degree must select courses at the graduate level.

EDTE 508 - Principles of Teaching and Learning **Credits:** 3  
EDTE 517 - Teaching Reading in the Secondary Content Areas **Credits:** 3  
EDTE 524 - Classroom Testing and Evaluation **Credits:** 2

GDPC 514 - Psychology of Learning **Credits:** 3  
SPED 525 - Psychology and Education of Exceptional Children **Credits:** 3

\*For students with appropriate and verified teaching experience, some student-teaching credit by examination for student-teaching may be granted. Requests for such credit should be made after consultation with the Department of Teaching, Learning & Curriculum on forms available at that office. This should be done before applying for student teaching. All candidates qualifying for Adventist certification must have had significant structured experience in a multigrade Adventist school.

## Admission Requirements

#### Prerequisites

- An undergraduate degree with a major and/or a minor(s) in teaching area(s).
- MAT students are required to meet the same requirements for a content major/minor as undergraduate students. ## Special Education MS

### Learning Disabilities K-12 Endorsement

For Michigan teachers, completion of required coursework leads to a Michigan State Teaching Endorsement in Special Education in the area of Learning Disabilities and a Master of Science in Special Education.

### MAT Candidates

Candidates who have been accepted into the MAT program, or those without current certification, can petition to be concurrently accepted into the MS program. Completion of the portfolio requirements and a "pass" grade on the MTTC Subject Area (Learning Disabilities) Exam are required. All candidates seeking certification will be expected to meet the requirements in effect as set forth by the State of Michigan at the time of graduation.

### Note for Michigan Teachers

The State of Michigan requires candidates to possess a valid State of Michigan Elementary or Secondary Education Teaching Certification prior to the submission of an application for a Special Education/Learning Disabilities Endorsement. Successful completion of the portfolio requirements, comprehensive exams, and a "pass" grade on the MTTC Subject Area (Learning Disabilities) Exam are required. All candidates seeking this degree will be expected to meet the requirements in effect as set forth by the State of Michigan at the time of graduation.

### Thesis Option

This degree allows for a thesis option. It can be done with or without Michigan certification. A thesis is commonly required for international candidates, out of state students or those who want to pursue a doctoral degree. Completion of required coursework leads to a Master of Science in Special Education with an emphasis on research within the special education field. Successful completion of the portfolio requirements, comprehensive exam and a "pass" grade on the thesis

are required. All candidates seeking this degree will be expected to meet the requirements at the time of graduation.

### Program Delivery

This program is offered on campus and as a synchronous interactive online program. Most courses are offered to students in-person and online simultaneously (see Global Campus definitions). Online students are encouraged to come to campus for graduation.

## Student Learning Outcomes

### Special Education - Council for Exceptional Children

#### SLO 1: Learner Development and Individual Learning Differences

Beginning special education professionals understand how exceptionalities may interact with development and learning and use this knowledge to provide meaningful and challenging learning experiences for individuals.

#### SLO 2: Learning Environments

Beginning special education professionals create safe, culturally responsive learning environments so that individuals with exceptionalities become active and effective learners and develop emotional wellbeing, positive social interactions, and self-determination.

#### SLO 3: Curricular Content Knowledge

Beginning special education professionals use their knowledge of the general and specialized curricula to personalize learning for individuals with exceptionalities.

#### SLO 4: Assessment

Beginning special education professionals use multiple methods of assessment and data-sources in making educational decisions.

#### SLO 5: Instructional Planning and Strategies

Beginning special education professionals select, adapt, and use a repertoire of instructional strategies to advance learning of individuals with exceptionalities in general and specialized curricula.

#### SLO 6: Professional Learning and Ethical Practice

Beginning special education professionals use foundational knowledge of the field and the profession's ethical principles and practice standards to inform their special education practice, engage in lifelong learning, and advance the profession.

#### SLO 7: Collaboration

Beginning special education professionals collaborate with families, other educators, related service providers, individuals with exceptionalities, and personnel from community agencies in culturally responsive ways to assure that the needs of individuals with exceptionalities are addressed across a range of learning experiences.

# Teaching English to Speakers of Other Languages (TESOL) MA

The Teaching English to Speakers of Other Languages (TESOL) MA includes the extensive study of the English language and is particularly appropriate for those who plan to teach English to speakers of other languages or do further work in linguistics. This program will not lead to the TESOL endorsement for the state of Michigan without adding additional coursework included in the course program plan.

**Delivery:** This program is offered both on the main campus and in a synchronous interactive online format (See Global Campus definitions).

## Admission Requirements

Admission decisions are based on the overall profile of each applicant. The applicant profile consists of information that indicates personal "fit" with the Curriculum and Instruction program and potential for success in the program. The C&I Program accepts applications on a rolling basis, with students being able to begin their course of study during any semester. In addition to application materials required of all graduate school applicants, the following items are of particular importance:

- Indicate whether you are applying for the on-campus or the online interactive program

## Curriculum and Instruction PhD

As a research-oriented degree, the PhD in Curriculum and Instruction is designed for individuals who wish to be educational leaders. Our learners are transformed through in-depth exploration of the field and original, theoretical, and conceptual research. Individuals taking this degree typically enter higher education, government, and/or advanced positions in K-12 education. The program requires 60+ post-MA semester credits.

**Delivery:** This program is offered on campus and online. Most interactive online synchronous courses are taught to in-person students simultaneously (see Global Campus Definitions). Online students are encouraged to come to campus for graduation.

### Total Credits - 60+

\*After registering for EDRM 880/LEAD 880, candidates must register for at least one (1) dissertation credit each semester until they successfully defend their dissertation.

## Certificates

### College and University Teaching Certificate

The certificate will provide professional development for college teachers who have no specific training in the craft of teaching. It will also provide students in graduate programs the opportunity to be trained in teaching at the university level if they desire to seek a position as a faculty member in institutions of higher education.

A student taking one course per semester will take two years to complete the program.

#### Program Delivery

This certificate is offered on campus and as an interactive online synchronous program. Most online courses are taught to in-person students simultaneously (see Global Campus Definitions).

## Seventh-day Adventist Teaching Credential Levels and Requirements

Seventh-day Adventist K-12 teacher credentialing is organized into three levels of certificates: Basic, Standard and Professional. The following section describes each level, points out specific requirements, and tells how they are met at Andrews University.

### Adventist Basic Certificate

The Basic Teaching Certificate may be issued to the candidates presenting a "Verification of Eligibility" form from Andrews University. The certificate is issued by the union conference where the candidate takes his/her first teaching position.

### Religion Requirements

A minimum of 12 semester hours in religion, taken at a Seventh-day Adventist college/university or through Consortium of Adventist Colleges and Universities, to include the following areas:

#### Doctrines of the Seventh-day Adventist Church

RELT225 - Doctrines of Adventist Faith

#### Biblical Studies

Courses such as Jesus in His Time and Ours, Law & Writings of the New & Old Testament, Acts & Epistles, Prophets of Israel

**Spirit of Prophecy.** A study of the gift of prophecy revealed in the Bible and the writings of Ellen G. White.

RELH 400 - SDA History and Prophetic Heritage/Seventh day Adventist Church History. (This course covers both Gift of Prophecy and Seventh-day Adventist Church History.)

#### Seventh-day Adventist Church History

RELH 400 - SDA History and Prophetic Heritage

**Health Principles.** A course in health based on the Bible and the writings of Ellen G. White.

HLED 120 - Fit for Life

### Adventist School Experience

All candidates for Adventist certification must have significant structured experiences in a Seventh-day Adventist school. To fulfill this certification requirement at Andrews University, any one of the following experiences are considered appropriate:

- Full-semester student teaching in an approved Seventh-day Adventist school.
- A lab experience for EDTE 165 in a recognized Seventh-day Adventist school.
- Three weeks of pre- or post-student teaching experience in a recognized Seventh-day Adventist school.
- Other verified experiences may fulfill this requirement. Requests to have these considered must be made on a petition form available at the Department of Teaching, Learning & Curriculum office. Such petitions should be submitted at least one semester before student teaching begins.

### Multi-grade/Multi-age Teaching Experience (Elementary only)

For the Elementary Teaching endorsement, multi-grade teaching experience is required. The unique curriculum, instructional strategies, and scheduling which characterize the multi-grade classroom are the focus of the course program and its 50-hour fieldwork experience. Arrangements to take EDTE 425 - Multi-grade/Multi-age Education should be made with the Director of Student Teaching immediately following admission to the teacher preparation program.

### Renewal of Adventist Basic Certificate

The Basic Teaching Certificate is valid for any three-year period (commencing when it is activated) during the first five years after it is issued. It can be re-validated by completing additional approved professional education/activities. See Manual for SDA Certification Requirements K-12 for specifics.

### Adventist Standard Certificate

- The Standard Teaching Certificate may be issued to an applicant who meets initial General Eligibility Requirements.
- Meets the requirements for a Basic Teaching Certificate.
- Completes a minimum of three years of full-time teaching or equivalent. Completes 6 credits of professional education or courses in area(s) of endorsements beyond the requirement of the Basic Teaching Credential.

## Renewal of Adventist Standard Certificate

The Standard Teaching Certificate is valid for five years. It can be renewed by completing 9 semester credits of advanced/graduate professional education or approved subject-area courses. See Manual for SDA Certification Requirements K-12 for specifics.

## Adventist Professional Certificate

Seventh-day Adventist teachers desiring Professional Certification must meet the following criteria:

- Meet initial general eligibility requirements.
- Qualify for the Standard Teaching Certificate.
- Meet one of the following:
  - Hold a master's degree.
  - Complete a prescribed fifth-year program for teachers.
  - Earn 40 semester hours of graduate/post-baccalaureate upper-division credit.
  - Have 30 semester credits in professional education courses and/or in no more than two areas of certification endorsement.
  - Earn graduate/post-baccalaureate upper-division credit in at least two of the areas listed below:
    - Curriculum
    - Improvement of instruction
    - Learning theory/style
    - Education of the exceptional child
    - Trends and issues in education
    - Multi-cultural education

## Renewal of Adventist Professional Certificate

The Professional Teaching Certificate is valid for five years. Renewal of the certificate requires 6 additional semester credits. See Manual for SDA Certification Requirements for specific details.

## Masters

## Clinical Mental Health Counseling MA

E-mail: gpc@andrews.edu

The Clinical Mental Health Counseling program is accredited by CACREP. The program is designed to prepare students to function as professional clinical mental health counselors in community agency and mental health settings, such as: (a) mental health centers; (b) family counseling centers, and (c) solo or group private practice.

Due to the sequential nature of the Clinical Mental Health Counseling program, students must begin full-time study in the fall semester if they are to complete in two academic years.

**Licensure:** This program leads to Michigan licensure.

Upon entering this program, students may receive training in settings where vulnerable populations are served. Instances where this may occur are course assignments and practicum/internship experiences either within schools or in a counseling setting. It is the department's responsibility to help protect the safety of children and clients. Certain convictions may prevent future licensure/certification eligibility. The department utilizes two methods to validate and track applicant and student criminal backgrounds: a Conviction Clearance Form and a formal Background Check conducted by an outside agency.

## Counseling Psychology MS

E-mail: [gpc@andrews.edu](mailto:gpc@andrews.edu)

The Master's in Counseling Psychology is available only to students already accepted into the PhD Counseling Psychology program. This embedded degree trains students to work as counselors and therapists at the master's level. It also provides the foundation for pursuit of state licensure for persons interested in working as master's level psychologists in a variety of settings. Graduation requirements at the MS level require students to complete all required coursework, comprehensive exams, and 100 supervised hours of practicum. Once 500 hours of clinical experience have been accumulated (100 from program plus

400 additional), graduates of the MS may choose to apply for licensure through the State of Michigan.

## Educational Psychology MA

Educational psychologists are involved in the following settings: classroom teaching at the elementary, secondary, and higher education levels; research related to schools, learning and human growth and development; the construction, administration, and evaluation of tests; early childhood education programs; training programs in business and industry; and residence-hall directors.

Each student in the Educational Psychology program must select one of the following concentrations: General, Instructional, Developmental, or Research.

The student and advisor plan a provisional sequence of experiences in accordance with the student's professional objectives, the general requirements of the MA degree and the chosen concentration.

Continuation in the Educational Psychology program is based upon a periodic review, by the department, of the student's academic performance and personal qualifications as they pertain to an educational psychologist.

**Delivery:** The Educational Psychology MA program is offered in a face-to-face format on the main campus. The Developmental concentration is also offered in an online format, which includes interactive online courses that are offered synchronously (via Zoom) (see Global Campus definitions). The interactive online degree does not require any on-campus time. Students are encouraged to come to campus for graduation.

Prior to graduation, all students are required to take the Michigan Test for Teacher Certification (MTTC) and apply for licensure through the State of Michigan. Additionally, students working toward certification as K-12 school counselors should contact the states where they wish to be endorsed to ensure that all requirements are being met. Some states require teacher certification in order to obtain school counselor endorsement, and many require licensure in the state in which you graduated.

## Maintaining Academic Standing

Continuation in the School Counseling program is based upon a periodic review, by the department, of the student's academic performance and personal qualifications as a school counselor.

## Student Learning Outcomes

The School Counseling program is designed to meet the criteria established by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). This program requires instruction in nine common-core areas as well as clinical instruction. The CACREP Core Program Objectives are met in various courses throughout the program. These Core Program Objectives include the following:

- **Professional Counseling Identity.** Our graduates will develop understanding of the history of professional counseling, knowledge of the philosophical foundations of the profession, knowledge of the roles and functions of counselors, professional pride/professional engagement and knowledge and understanding of professional ethics.
  - **Ethical Practice.** Our graduates will commit to and follow professional ethics consistent with the American Counseling Association ethical guidelines. They seek supervision/consultation to resolve ethical dilemmas and take personal responsibility in the event an ethical error is committed. Students also develop a strong awareness of their own values and worldviews, recognize their own competencies and limitations, maintain openness to supervision and recognize/acknowledge/remediate personal issues that may impact client care. They express a clear understanding of personal needs, values, strengths, weaknesses, feelings and motivations that may impinge upon effectiveness as a counselor. They understand the need for themselves to maintain good mental and physical health.
  - **Social and Cultural Diversity.** Our graduates will develop awareness of power, privilege and difference and their own cultural attitudes, beliefs and effects of social location and learn strategies for working with diverse populations, gender, sexual orientation, ethnic and other non-dominant groups. Students develop an ability to recognize the injustices that affect physical, academic, career, economic and mental wellbeing of individuals and learn skill sets to act to alleviate such injustices in the society. Students develop the ability to be empowering agents and advocates in service as change agents on the systemic level to better serve under-represented, marginalized and oppressed individuals and groups. Our students will also model the desire to give back to one's community, church or society either by advocating for an identified issue of social justice or by engaging in service to their church and/or community.
  - **Human Growth and Development.** Our graduates will learn to interpret and apply core theory and research of the nature and needs of individuals at all developmental levels and in multicultural contexts.
  - **Career Development.** Our graduates will develop understanding on how to apply core theory and research of career development, the psychology of work and related factors. Students learn which assessment instruments and techniques are relevant to career planning and decision making.
  - **Helping Relationships.** Our graduates will develop therapeutic communications skills, emphasize the client-counselor relationship and facilitate and manage the counseling process with individuals and groups. Students develop an understanding of a range of counseling theories consistent with their own theoretical orientation, a critical evaluation of the literature, client mental health needs and goals in counseling, diagnosis and best practices in the profession.
  - **Group Work.** Our graduates will develop an understanding of the theoretical and experiential foundations of group purpose, development and dynamics and understand how to apply group counseling methods and skills in group settings.
  - **Assessment.** Our graduates will understand principles of testing and measurement and learn how to apply both individual and group methods of assessment and evaluation.
  - **Research and Program Evaluation.** Our graduates will understand methods and roles of research, statistical analysis, needs assessment and program evaluation.
- After completion of the MA in School Counseling, the students will be able to:
- Understand, respond to and advocate for the guidance needs of diverse student populations in a multicultural and pluralistic society, including issues regarding race, culture, religion, spirituality, sexual orientation, age, ability, gender, socioeconomic status, educational levels and multi-racial identities.
  - Communicate and collaborate with school age students, their families, school staff and community agency representatives to promote a safe, healthy and effective learning environment.
  - Demonstrate knowledge and understanding of systems theories, models and processes of consultation in school system settings and develop a personal theory of counseling.
  - Apply knowledge of career development theory and practice to facilitate development student career and transition skills.

- Demonstrate understanding of the psychosocial foundations of human development across the life span.
- Applies relevant research findings to inform the practice of school counseling. Utilize student and institutional data to improve programs and recommend change.
- Develop, organize administer and conduct programs to enhance student academic development.
- Apply basic counseling and facilitative communication skills in individual and small group settings.
- Apply the knowledge of current technology for purposes of presentations, supervision, assessment, and professional record keeping.
- Apply psycho-educational theory and concepts in relation to individual assessment of aptitude, interest and achievement.
- Model legal and ethical standards of school counseling in accordance with state and federal law and the standards of the American School Counselor Association and the American Counseling Association.
- Demonstrate a commitment to professional development by joining and becoming active members in the American Counseling Association (ACA) or the American School Counselor Association.
- Model the desire to give back to one's community, church or society either by advocating for an identified issue of social justice or by engaging in service to their church and/or community.

# Counseling Psychology PhD

E-mail: gpc@andrews.edu

The PhD in Counseling Psychology is accredited by APA. It prepares students for the multi-faceted role of the professional psychologist, which allows them to work in a variety of settings including: academia, clinical settings, consultation, churches, businesses, and private settings. It is also the intent of the program to prepare graduates for licensure as professional psychologists in the U.S. and with eligibility to practice internationally. Students should consult with the appropriate authorities regarding requirements in the other countries in which they wish to engage in clinical practice.

Counseling psychology students must specialize in one of the listed focus areas: Adult, Child/Family, Cultural Diversity, and Health Psychology. Additionally, each focus area requires students to complete specified coursework, Advanced Emphasis practicum, and a dissertation topic related to the chosen focus area.

- Doctoral Comprehensive Examination (EDUC 870 - Doctoral Comprehensive Exam - 0 credits).

### Residency Requirements

The Counseling Psychology program requires students to complete a minimum of 3 full-time academic years of graduate study, with at least 2 of those years at Andrews University. At least 1 year must be in full-time residence (3-consecutive full-time semesters) at Andrews University.

### Internship

A 2,000-hour supervised internship is required. Students apply through the Association of Psychology Postdoctoral and Internship Centers for an approved internship. Preference is given to American Psychological Association (APA)-approved internships. The internship is usually completed on a full-time basis (40 hours per week) for one year.

### Annual Review

Continuation in the Counseling Psychology program is based upon an annual review by the department faculty of the student's academic performance, professional development and personal qualifications as a counseling psychologist.

## Dissertation

Beginning the semester after registering for EDM 880, candidates must register for at least 1 dissertation credit during each semester until their dissertation is successfully defended.

## Maintaining Academic Standing

Continuation in the Counseling Psychology program is based upon a periodic review, by the department, of the student's academic performance and personal qualifications as a developing psychologist.

## Admission Requirements

Students entering the PhD program in Counseling Psychology should have a master's degree in counseling or a related field.

In order for an applicant without a master's degree to be eligible for consideration of admissions, they must have the following: undergraduate major in psychology or related field; outstanding academic record with satisfactory GPA; and satisfactory scores on both the GRE General Test and Advanced Test in Psychology. A master's degree may be received en route to the doctoral degree, however, all master's degree requirements must be met. The GRE subject test requirement will be waived for all PhD Counseling Psychology students transferring from, or doing dual enrollment with, a master's program in the GPC department.

The PhD course requirements assume a prior master's degree that includes graduate courses in the following areas. If courses in these areas have not been taken prior to admission, the indicated Andrews University course must be taken as part of the degree, in addition to PhD courses:

EDFN 500 - Philosophical Foundations for Professionals  
GDPC 514 - Psychology of Learning  
GDPC 635 - Theories and Techniques of Counseling  
GDPC 638 - Group Processes  
GDPC 640 - Multicultural Issues for Counselors and Psychologists  
GDPC 650 - Practicum in Counseling  
GDPC 676 - Theories of Personality  
EDRM 505 - Research Methods  
EDRM 611 - Applied Statistical Methods I

Students accepted into the PhD in Counseling Psychology, without a prior master's degree in that field, are eligible to apply for the MS in Counseling Psychology and complete it en route to their PhD. Completion of this degree along with additional supervised practicum hours allow students to apply for State of Michigan psychology licensure at the master's level.

## Student Learning Outcomes

Consistent with the scientist-practitioner model and our training philosophy, the Counseling Psychology doctoral program integrates theory, research and practice by training counseling psychologists who (1) have the requisite knowledge base and therapeutic skills for entry into the practice of professional psychology, (2) have the necessary knowledge and skills for competent practice and research within a multicultural and spiritually diverse society, and (3) will contribute to and apply the scientific knowledge base of psychology using skills in qualitative and quantitative research methods. Each of these goals, objectives, and competencies are detailed below.

Goal #1: To train counseling psychologists who have the requisite knowledge base and therapeutic skills for entry into the practice of professional psychology

**Objective 1.1:** Students acquire a knowledge base of psychology as a scientific discipline, and of counseling psychology as an area of professional specialization

- Understand the current body of knowledge of scientific psychology in biological, cognitive, affective, and social aspects of behavior, the history /systems of psychology, learning theory, multi-cultural issues, psychopathology, personality, spiritual/religious psychology, psychological measurement, research methods, and techniques of data analysis.
- Understand the scientific, methodological, and theoretical foundations of practice in counseling psychology including individual differences in behavior, human development, psychopathology, and professional standards and ethical responsibilities, including applications to a multicultural and religiously diverse society.

**Objective 1.2:** Students acquire a knowledge base and skills necessary to diagnose or define problems through psychological assessment and measurement, and

formulate and implement intervention strategies (including empirically supported procedures).

- Understand the theories and methods of assessment and diagnosis, effective intervention, consultation and supervision, and evaluating the efficacy of interventions, including applications to a multicultural diverse and religiously diverse society.
- Demonstrate knowledge and skills in empirically supported procedures.

**Objective 1.3:** Students acquire an awareness and understanding of professional issues to practice psychology in an ethical and professional manner

- Understand ethical/legal standards in professional practice and research.
- Demonstrate the capacity to make reasoned judgments about ethical practice related to emerging issues using codes, literature in professional ethics, and consultation with colleagues.

Goal #2: To train counseling psychologists who have the necessary knowledge and skills for competent practice and research within a multicultural and religiously diverse society

**Objective 2.1:** Students acquire self-awareness and comprehensive knowledge and skills to be a multiculturally competent psychologist

- Demonstrate the self-awareness necessary to be a multiculturally competent psychologist.
- Understand the concepts, theory, and research related to culturally competent practice and research as a professional psychologist in diverse settings.
- Understand the concepts, theory, and research related to spiritual and religious aspects of psychology.
- Demonstrate the ability to integrate a spiritual perspective into counseling and psychotherapy practice.

**Objective 2.2:** Students acquire a comprehensive understanding of the theories and applications of theories related to psychology, career development/vocational psychology, and education in multicultural and religiously diverse settings.

- Understand multicultural and issues as they impact psychological and educational practice and research.
- Demonstrate diagnostic and assessment work, and plan and implement interventions that are culturally responsive to diverse populations.
- Understand spiritual and religious issues as they impact psychological and educational practice and research.
- Demonstrate diagnostic and assessment work, and plan and implement interventions that are spiritually and religiously responsive to diverse populations.

**Objective 2.3:** Students acquire the knowledge and skills necessary for life-long learning, professional problem-solving and scholarly inquiry as a professional psychologist in the context of an evolving body of scientific and professional knowledge.

- Engage in professional development to maintain effective clinical practice and research.
- Demonstrate knowledge and skills in program development and evaluation.
- Demonstrate professional service and leadership.

Goal #3: To train counseling psychologists who will contribute to and apply the scientific knowledge base of psychology using skills in qualitative and quantitative research methods

**Objective 3.1:** Students acquire the knowledge and skills necessary to engage in qualitative and quantitative scholarly research

- Demonstrate methodological and quantitative/qualitative analytic skills necessary to read and understand psychological research.
- Demonstrate the ability to initiate, plan, and execute original research and/or theoretical inquiry in counseling psychology.

**Objective 3.2:** Students acquire the knowledge and skills to integrate psychological research and practice consistent with a scientist practitioner model

- Understand research in counseling process and outcome and its application to practice.

- Demonstrate the skills to apply theoretical and empirical literature to professional practice.
- Demonstrate the skills to design original research to address clinical and/or theoretical questions.

## Educational Psychology PhD

This doctoral program prepares individuals for educational psychology positions. It prepares college and university instructors, generally in the areas of human development, personality, learning and instruction, measurement, statistics and research design. Educational psychologists also work in schools, businesses, industries and various human-development settings.

- Ethical behaviors.

## School Psychology EdS

E-mail: [gpc@andrews.edu](mailto:gpc@andrews.edu)

The School Psychology EdS provides training for a professional career as a certified or licensed school psychologist. EdS-level school psychologists work primarily in public and private school systems, preschool settings, and child-development centers. Typical responsibilities are assessment, diagnosis, consultation, program planning, and intervention services to preschool and school-age children with educational, emotional and behavioral problems. The School Psychology EdS is fully approved by the National Association of School Psychologists (NASP).

## Additional Requirements

- Prior to graduation, students are required to pass the ETS School Psychology (Praxis II) exam and submit a satisfactory portfolio.
- Fieldwork experiences are not transferable.

See the School Psychology Program Manual for more information on other specific program requirements.

## Maintaining Academic Standing

Continuation in the School Psychology program is based upon a periodic review by the department faculty of the student's academic performance and personal qualifications necessary to be a successful school psychologist.

## Admission Requirements

**Prerequisite Course:** GDPC 514 - Psychology of Learning, or an undergraduate or graduate-level learning course.

Students may apply for the School Psychology EdS program if they have an undergraduate degree in psychology, or a related field with at least 20 psychology credits. Also required is an undergraduate GPA of at least 3.00; introductory courses in the following areas: statistics, learning theories or educational psychology, and human development; and current satisfactory scores on the GRE General Test. Applicants must also meet the general requirements listed in the Graduate Programs and Academic Information portions of the Admissions and Academics section of this bulletin.

All students entering the EdS program with or without a prior master's degree in psychology, education, or a related field, must complete all courses for the MA Educational Psychology - Instructional Concentration, or transfer in equivalent courses that meet the EdS requirements. All coursework for the MA Educational Psychology, including comprehensive exams, must be completed prior to the beginning of a student's school psychology internship.

**Transfer Credits.** Students entering the School Psychology EdS program are required to complete at least 80% of required credits at Andrews University. Fieldwork experiences are not transferable.

## Background Checks

Upon entering this program, students may receive training in settings where vulnerable populations are served. Instances where this may occur are course assignments and practicum/internship experiences either within schools or in a

counseling setting. It is the department's responsibility to help protect the safety of children and clients. Certain convictions may prevent future licensure/certification eligibility. The department utilizes two methods to validate and track applicant and student criminal backgrounds: a Conviction Clearance Form and a formal Background Check conducted by an outside agency.

## Student Learning Outcomes

The following outcomes guide the training and preparation of our School Psychology candidates:

### Practices That Permeate All Aspects of Service Delivery

#### Domain 1: Data Based Decision Making

School psychologists understand and utilize assessment methods for identifying strengths and needs; developing effective interventions, services, and programs; and measuring progress and outcomes within a multitiered system of supports. School psychologists use a problem-solving framework as the basis for all professional activities. School psychologists systematically collect data from multiple sources as a foundation for decision-making at the individual, group, and systems levels, and they consider ecological factors (e.g., classroom, family, and community characteristics) as a context for assessment and intervention.

#### Domain 2: Consultation and Collaboration

School psychologists understand varied models and strategies of consultation and collaboration applicable to individuals, families, groups, and systems, as well as methods to promote effective implementation of services. As part of a systematic and comprehensive process of effective decision making and problem solving that permeates all aspects of service delivery, school psychologists demonstrate skills to consult, collaborate, and communicate effectively with others.

### Direct Services: Studnets, Families, and Schools

#### Domain 3: Academic Interventions and Instructional Supports

School psychologists understand the biological, cultural, and social influences on academic skills; human learning, cognitive, and developmental processes; and evidence-based curricula and instructional strategies. School psychologists, in collaboration with others, use assessment and data collection methods to implement and evaluate services that support academic skill development in children.

#### Domain 4: Mental and Behavioral Health Services and Interventions

School psychologists understand the biological, cultural, developmental, and social influences on mental and behavioral health, behavioral and emotional impacts on learning, and evidence-based strategies to promote social-emotional functioning. School psychologists, in collaboration with others, design, implement, and evaluate services that promote resilience and positive behavior, support socialization and adaptive skills, and enhance mental and behavioral health.

### Indirect Services: Systems-Level

#### Domain 5: School-wide Practices to Promote Learning

School psychologists understand systems structures, organization, and theory; general and special education programming; implementation science; and evidence-based, school-wide practices that promote learning, positive behavior, and mental health. School psychologists, in collaboration with others, develop and implement practices and strategies to create and maintain safe, effective, and supportive learning environments for students and school staff.

#### Domain 6: Services to Promote Safe and Supportive Schools

School psychologists understand principles and research related to social-emotional well-being, resilience and risk factors in learning, mental and behavioral health, services in schools and communities to support multitiered prevention and health promotion, and evidence-based strategies for creating safe and supportive schools. School psychologists, in collaboration with others, promote preventive and responsive services that enhance learning, mental and behavioral health, and psychological and physical safety and implement effective crisis prevention, protection, mitigation, response, and recovery.

#### Domain 7: Family, School and Community Collaboration

School psychologists understand principles and research related to family systems, strengths, needs, and cultures; evidence-based strategies to support positive family influences on children's learning and mental health; and strategies to develop collaboration between families and schools. School psychologists, in collaboration with others, design, implement, and evaluate services that respond to culture and context. They facilitate family and school partnerships and interactions with community agencies to enhance academic and social-behavioral outcomes for children.

### Foundations of School Psychological Service Delivery

#### Domain 8: Equitable Practices for Diverse Student Populations

School psychologists have knowledge of individual differences, abilities, disabilities,

and other diverse characteristics and the impact they have on development and learning. They also understand principles and research related to diversity in children, families, schools, and communities, including factors related to child development, religion, culture and cultural identity, race, sexual orientation, gender identity and expression, socioeconomic status, and other variables. School psychologists implement evidence-based strategies to enhance services in both general and special education and address potential influences related to diversity. School psychologists demonstrate skills to provide professional services that promote effective functioning for individuals, families, and schools with diverse characteristics, cultures, and backgrounds through an ecological lens across multiple contexts. School psychologists recognize that equitable practices for diverse student populations, respect for diversity in development and learning, and advocacy for social justice are foundational to effective service delivery. While equality ensures that all children have the same access to general and special educational opportunities, equity ensures that each student receives what they need to benefit from these opportunities.

#### *Domain 9: Research and Evidence-Based Practice*

School psychologists have knowledge of research design, statistics, measurement, and varied data collection and analysis techniques sufficient for understanding research, interpreting data, and evaluating programs in applied settings. As scientist practitioners, school psychologists evaluate and apply research as a foundation for service delivery and, in collaboration with others, use various techniques and technology resources for data collection, measurement, and analysis to support effective practices at the individual, group, and/or systems levels.

#### *Domain 10: Legal, Ethical, and Professional Practice*

School psychologists have knowledge of the history and foundations of school psychology; multiple service models and methods; ethical, legal, and professional standards; and other factors related to professional identity and effective practice as school psychologists. School psychologists provide services consistent with ethical, legal, and professional standards; engage in responsive ethical and professional decision-making; collaborate with other professionals; and apply professional work characteristics needed for effective practice as school psychologists, including effective interpersonal skills, responsibility, adaptability, initiative, dependability, technological competence, advocacy skills, respect for human diversity, and a commitment to social justice and equity.

## Educational Research Methods

### EDRM 499 – Independent Study

**Credits:** 1-3

Topic to be selected by advisement. Permission of advisor and instructor required. A contract must be developed between the student and the instructor.

**Grade Mode:** Normal w S (A-F,I,S,U,W)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

### EDRM 505 - Research Methods

**Credits:** 3

A survey of quantitative and qualitative research designs for conducting basic and applied research in education and psychology. The primary focus will be on the research process including defining variables, formulating and stating the problem, planning and designing the research, conducting the literature review, instrumentation, data collection procedures, basic data analysis, and researcher ethical and legal responsibilities. Students are expected to develop a research proposal.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### EDRM 506 - Research and Evaluation for Counselors

**Credits:** 3

This course seeks to prepare mental health and school counselors to be informed consumers of research and evaluation. It focuses primarily on research designs (quantitative, qualitative, mixed methods), program evaluation models and procedures and data analysis within the counseling field. Ethical and multicultural issues relevant to research in counseling will also be addressed. Critical analyses of the literature and development of a research proposal relevant to counseling will be required. This course is for clinical mental health and school counseling students only.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CEIS

### EDRM 604 - Design and Analysis of Educational and Psychological Surveys

**Credits:** 3

Development of questionnaires, scale construction, and administration of survey instruments. Topics include item generation, survey development, establishment of reliability and validity. Analysis of survey data using SPSS will be a major part of this course. Students are expected to submit and present a research paper at the end of the course. (Master's-level only)

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** EDRM 611 or equivalent

**Schedule Type:** Lecture

**College Code:** CEIS

### EDRM 605 - Qualitative Research Methods in Education and Psychology

**Credits:** 3

The theory, methods, and application of qualitative research in education and psychology with particular emphasis on participant observation and the ethnographic interview.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### EDRM 611 - Applied Statistical Methods I

**Credits:** 3

Analysis of educational, counseling and psychological data using descriptive and basic inferential statistics; frequency distribution, measures of central tendency, dispersion, correlation, t-tests, one way Analysis of Variance, simple linear regression, introduction to multiple regression analysis, and Chi-Square. SPSS will be used for all data analysis. Students are expected to submit and present a research paper at the end of the course.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### EDRM 612 - Applied Statistical Methods II

**Credits:** 3

Analysis of educational, counseling and psychological data using multiple regression analysis, logistic regression analysis, exploratory factor analysis, factorial analysis of variance, repeated measures analysis of variance, and analysis of covariance. SPSS will be used for all data analysis. Students are expected to submit and present a research paper at the end of the course. (Master's-level only)

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** EDRM 611 or equivalent.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

### EDRM 613 - Applied Statistical Methods III

**Credits:** 3

Analysis of educational, counseling & psychological data using multivariate analysis of variance, discriminant analysis, multinomial logistic regression analysis, canonical correlation analysis, cluster analysis, structural equation modeling, and hierarchical linear modeling. SPSS will be primarily used for data analysis. Additional software (e.g. AMOS, HLM) may be required. Students are expected to submit and present a research paper at the end of the course. (Master's-level only)

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** EDRM 612 or equivalent.

**Schedule Type:** Lecture

**College Code:** CEIS

### EDRM 636 - Program Evaluation

**Credits:** 3

The application of various evaluation models and techniques for the specific purpose of judging the processes and results of projects and programs.

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** EDRM 505 and EDRM 611 or their equivalents.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## EDRM 648 - Workshop

**Credits:** 1-4

Please see department for details

**Grade Mode:** Satisfactory (S,U,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Workshop

**College Code:** CEIS

## EDRM 689 - Seminar in Foundations

**Credits:** 2,3

Examination of leadership, education and psychology. Topics may include historical, philosophical, psychological, sociological, and curricular foundations of education, as well as fundamental issues of leadership, finance, law, diversity and international understanding. The course is comprised of presentations by experts on the topics selected, and discussion based on assigned readings. Each student chooses two areas for in-depth study and makes presentations to the class.

**Grade Mode:** Normal (A-F,I,W)

**Repeatable:** Repeatable

**Schedule Type:** Seminar

**College Code:** CEIS

## EDRM 690 - Independent Study: Topic

**Credits:** 1-3

Please see department for details

**Grade Mode:** Satisfactory (S,U,I,W)

**Prerequisite(s):** Permission of curriculum advisor and independent study supervisor required. A contract between the student and supervisor must be developed.

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

## EDRM 698 - Research Project

**Credits:** 0

Group research project to provide students with research experience.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Repeatable:** Repeatable

**Schedule Type:** Independent

**College Code:** CEIS

## EDRM 704 - Design and Analysis of Educational and Psychological Surveys

**Credits:** 3

Development of questionnaires, scale construction, and administration of survey instruments. Topics include item generation, survey development, establishment of reliability and validity. Analysis of survey data using SPSS will be a major part of this course. Students are expected to submit and present a research paper at the end of the course. (Doctoral-level only)

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** EDRM 611 or equivalent.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## EDRM 705 - Analysis of Qualitative Data

**Credits:** 3

Designed for graduate students who expect to use qualitative methods in completing their theses and/or dissertations. The class focuses on the basic principles of the dynamic, intuitive, and creative process of the analysis of qualitative data. Content analysis, narrative analysis, discourse analysis, framework analysis, and grounded theory procedures introduce the student to the complex process of analyzing concepts, opinions, values, and behaviors contained in structured text, unstructured text, audio-recordings, art, pictures, and other qualitative data. Class meetings will involve short lectures by the instructor, qualitative data analysis exercises, and collaborative studios. Q- sort methodology and how to use InVivo software will also be included.

**Course/Lab Fee:** Yes

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** EDRM 605 Qualitative research methods (3 credits) or its equivalent.

**Schedule Type:** Lecture/Lab

**College Code:** CEIS

## EDRM 710 - Seminar in Research Methodology

**Credits:** 1

This course is designed to help the student in developing a Literature Review on his/her Dissertation topic. Topics to be discussed will include: research articles evaluation, literature review outline, and how to write a literature review. Prerequisites for the course are: to have an approved Dissertation Committee, and approved Dissertation Topic.

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** An approved dissertation topic and committee.

**Schedule Type:** Independent

**College Code:** CEIS

## EDRM 712 - Applied Statistical Methods II

**Credits:** 3

Analysis of educational, counseling and psychological data using multiple regression analysis, logistic regression analysis, exploratory factor analysis, factorial analysis of variance, repeated measures analysis of variance, and analysis of covariance. SPSS will be used for all data analysis. Students are expected to submit and present a research paper at the end of the course. (Doctoral-level only)

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** EDRM 611 or equivalent.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## EDRM 713 - Applied Statistical Methods III

**Credits:** 3

Analysis of educational, counseling and psychological data using multivariate analysis of variance, discriminant analysis, multinomial logistic regression analysis, canonical correlation analysis, cluster analysis, structural equation modeling, and hierarchical linear modeling. SPSS will be primarily used for data analysis. Additional software (e.g. AMOS, HLM) may be required. Students are expected to submit and present a research paper at the end of the course. (Doctoral-level only)

**Grade Mode:** Normal (A-F,I,W)

**Prerequisite(s):** EDRM 712 or equivalent.

**Schedule Type:** Lecture, Interactive Online

**College Code:** CEIS

## EDRM 880 - Dissertation Proposal Development

**Credits:** 2

Designing and writing the doctoral dissertation proposal. This course qualifies for full-time status, requiring a minimum of 480 hours of work per semester of registration.

**Course Attribute:** Full-time status

**Grade Mode:** Satisfactory w/DG (S,U,I,W,DG)

**Prerequisite(s):** EDRM 505, EDRM 611 and EDRM 710 or their equivalents, and permission of instructor.

**Schedule Type:** Seminar

**College Code:** CEIS

# Graduate Psychology & Counseling

## GDPG 115 - Academic Learning Assessment

**Credits:** 2

A guided experience of self-discovery into the learning factors that yield academic success. Comprehensive assessment and application of individual learning characteristics.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Independent

**College Code:** CEIS

## GDPG 301 - Human Development

**Credits:** 3

An introductory study of the nature, conditions, and outcomes of human learning, with emphasis on the psychological development from birth through old age.

**Grade Mode:** Normal (A-F,I,W)

**Schedule Type:** Lecture

**College Code:** CEIS

## GDPG 302 - Educational Psychology

**Credits:** 3

Introductory study of nature, conditions, and outcomes of human learning, with

emphasis on the psychological factors.

**Grade Mode:** Normal (A-F,I,W)
